

## PLACES IDOLS ABOVE THE BIBLE

educational provisions. If the Government contemplated any such course they would not consult the Opposition in regard to it. But as a matter of fact they have no such proposition in mind, and any inquiry in an official report tonight brought out an emphatic disclaimer of any such intention. They will be given a second reading on Wednesday, and within the next two or three weeks will be put through a committee and read a third time by a majority. The Conservative opposition to the educational clauses has considerably weakened of late, and the Opposition on that side are only waiting for a hearted fight."

the 'hearted fight."

## Wood's Fair

**Garden Seeds.** Now is the time to get busy putting in your garden, and as this is our 23rd year in the seed business, we must have the right class of seed to be able to sell more than the others.

**Flower Seeds.** We have hundreds of the same customers in this year that bought last year, and also the 1st year, and they claim our seed is superior to any they have ever tried. We sell 3 packages for 5c; and they are as large as the regular 5c package.

## NO PEACE YET IN RUSSIAN LION'S WAY OF TRAINING

### Employers Refuse to Arbitrate Strike Trouble—Rioting and Shooting Sunday.

Chicago, April 30.—Chicago had on working clothes today, as a result of the tramway strike, which today failed to spread or bring a settlement. From daylight until dark downtown streets were crowded with heavily-laden wagons, giving the city a week-day appearance. Believing that the fight is now going on for supremacy between the Employers' Association and the Union, business men sought to procure an extra stock of material and supplies. While all these preparations were going on for an emergency effort were being made at the mayor's office to bring about a peaceful adjustment of the strike.

Early in the afternoon a committee representing the Employers' Association met Mayor Dunne's peace committee, consisting of Bishop C. P. Anderson, of the Episcopal Church; J. C. Jones, of All Saints' Church; Dr. Emil G. Hirsch, of Hull House; Miss Jane Adams, of Hull House; and Dr. Cora De Boy, of the Neighborhood House. The Chicago Federation of Labor also was busy considering the strike situation, but no action was taken to spread the strike to the affiliated unions. Believing that the tramway men are justified in the fight they are making, the Federation is making a request to President Roosevelt, Governor Deneen and Mayor Dunne to investigate the existing conditions in Chicago before any further action is requested made for the use of the militia in the city during the present difficulty.

The peace committee appointed by the mayor yesterday failed utterly in its efforts to bring about a settlement of the strike. The peace committee issued this statement: "The representatives of the employers refused to accept any commission or means of arbitration which was suggested, while the laboring men declared their readiness to accept the plan of submitting the controversy to persons commanding the respect and confidence of the committee and the community."

Early today 500 men and boys, headed by a number of striking teamsters, attacked the main station of the Employers' Teaming Company, a violation of the federal injunction, Wm. and Harry Grady, picture frame manufacturers, were shot early today, and severely wounded, through a misunderstanding. Some time ago these men supplied Montgomery, Ward & Co. with picture frames, but the company expired several months ago. It is said by the police that strike sympathizers, who were of the belief that the Grads were still connected with the Ward company, made the attack on the two men.

**A GOOD MEDICINE REQUIRES LITTLE ADVERTISING.**—Dr. Thomas' Electric Oil gained the good name it now enjoys, not through elaborate advertising, but on its great merits as a remedy for bodily pains and ailments of the respiratory organs. It has carried its fame with it wherever it has gone, and it is prized at the apothecaries as well as at home. Dose small, effect sure.

Under the Austrian poor law every man 60 years old is entitled to a pension equal to the amount of the amount which he earned each day during his working days.

## Nine Nations

Now Use Liquezone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquezone. Some are using it to get well, some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere, your neighbors and friends are among them. And half the people you meet—wherever you are—know the amount whom Liquezone has cured.

If you need help, please ask some of these users what Liquezone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquezone; then let us buy you a full-sized bottle to try.

**We Paid \$100,000** For the American rights to Liquezone. We did this after testing the product for two years, through physicians and hospitals, after proving in thousands of different cases that Liquezone destroys the cause of any germ disease.

Liquezone has for more than 20 years been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease

germ that it cannot kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter. There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma—Anemia

## GREAT TORNADO SWEEPS TEXAS

### Twenty-One Persons Killed and Scores Were Injured at Laredo.

Laredo, Texas, April 30, via Bermuda, Texas. Twenty-one persons were killed and scores injured in Laredo and in New Laredo by a tornado which tore through the territories last night, crossing the Rio Grande. Rumors of others killed in places outside Laredo lack confirmation. The property damage is large. Four of the dead persons, all members of the same family, were all crushed to death by the falling of heavy walls of the house which they occupied. Many others met their fate in a similar manner.

### LOUBET DINES EDWARD

#### Brilliant Function at French Capital in President's Palace.

Paris, May 1.—The exchange of official visits between King Edward and President Loubet was marked with the utmost cordiality. The receptions on each occasion lasting thirty minutes. President Loubet previously had received Foreign Minister Delcasse, whom King Edward afterwards accorded an audience.

President Loubet's dinner in honor of King Edward at the Palace of the Elysee last evening was a brilliant function, entirely non-political in character. There were 120 guests, and nearly the entire diplomatic corps was present.

### NOT TEACHING FOR MONEY

#### Professor Thinks Carnegie's Gift Lowers Standard.

Philadelphia, May 1.—Much diversity of opinion was expressed today by officials of the University of Pennsylvania concerning Andrew Carnegie's gift of \$100,000 as a pension fund for college professors who are unable to continue in active service. Members of the administrative committee of the gift in terms of praise. Members of the teaching force viewed the matter with disfavor.

Dr. John Bach McMaster, who holds the chair of history, expressed himself as directly opposed to the principle of the gift. "In the first place," said he, "I do not believe in pension systems in general, and I am especially opposed to them in the teaching profession. When one of us enters the teaching profession we do not do it with the expectation of making money; we have an entirely different end in view. The pension would certainly lower our standard."

### THE ONLY WAY OUT

#### Russia May Build Canal From Black Sea to Baltic.

St. Petersburg, May 1.—The much-discussed project of constructing a canal from the Baltic to the Black Sea, utilizing rivers for this purpose, is taking practical shape. The czar has authorized M. Kokovtsov, Minister of Finance, to appoint a commission to examine the schemes submitted, especially the plans of M. de Fosse, a Belgian engineer, in which M. Baillie, an American, is interested.

The construction of the canal under these plans would occupy six years. The most interesting feature of the proposed work is that the depth and width of the canal would enable battleships except those of the very largest size, to pass from Kherson to Riga in a week. The Black Sea fleet would thus be able to get to the ocean without passing through the Dardanelles.

### THE CASE OF CRETE

#### Prince George of Greece Unable to Properly Rule Island.

Paris, May 1.—The island of Crete continues to be the storm center of Europe, and any day it may be necessary for the powers to intervene. The rule of Prince George has been a total failure. The prince has been the very first day he put his foot on the island.

The men who had guided the insurrection against Turkey he very soon dismissed, and the prince, acting, it is said, on the advice of his intriguing Athenian secretary, has established a petty and exceedingly inefficient bureaucracy, grinding the people through a bureaucracy of imported Greeks.

On the one hand, Prince George has caused the imprisonment of prominent Crete leaders. On the other hand, he has caused the arrest of Dr. Janaki, who was at one time professor at St. Andrew's University, who have made the slightest protest against his administration.

### CHILD PRAYS, DOG RETURNS

#### Reward Offered, But Girl Believes Prayer Brought Him Back.

New York, April 29.—Bob, a big bunch of affection and trimmed shaggy hair, decorated with a fine bushy tail, much frayed and frizzled, and vaguely, pointed from the land of boys, kennels and lost dogs to his little mistress and playmate, Miss Doris Parmelee, who lives in Bensonhurst, today.

Doris wasn't a bit surprised when Bob came back. Ever since April 8, when he ran away from home, she has prayed twice a day that he would be sent back, once when she went to bed, once when she arose in the morning. It was a little prayer which Doris composed all by herself.

### CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to the Liquezone Company, 435-464 Wabash Avenue, Chicago.

My disease is.....

I have never tried Liquezone, but if you will supply me a 50c bottle free I will take it.

32. Give full address. Write plainly.

Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

## Rheumatism

Is one of the constitutional diseases. It manifests itself in local aches and pains, inflamed joints and stiff muscles, but it cannot be cured by local applications. It requires constitutional treatment acting through the blood, and the best is a course of the great medicine

## Hood's Sarsaparilla

which has permanently cured thousands of cases.

For testimonials of remarkable cures send for Book on Rheumatism, No. 7. C. I. Hood Co., Lowell, Mass.

ministration. On the other hand, he has left the public finances unreformed. Agriculture languishes, roads and harbors remain as they were ten years ago, and the prosperity of the island is ruined.

The present insurgents are again demanding union with Greece. This will almost certainly not be allowed by the powers, who will find an easier method of restoring order and prosperity than the removal of Prince George, and the appointment of a more capable and less personally ambitious governor.

It may be said without hesitation that all that is required to make the Cretans peaceful and prosperous, is for the constitution which they already have to be fairly and honestly administered.

### PADEWSKI JARRED

#### Train Stopped Too Quickly and Put Pianist Out of Business.

Boston, April 30.—Paderewski arrived here today from Buffalo. By advice of his physician, the pianist has decided to cancel all engagements and return to Switzerland. He hopes to sail from New York about May 10.

Dr. Francis E. Ponczak, of Buffalo, who accompanied Paderewski from Buffalo, after arrival here, issued the following bulletin concerning the patient: "Mr. Paderewski is suffering from nervous prostration and myositis of the muscles of the neck and right scapular region, brought on by a severe shock of some kind."

The secretary was asked about the Paderewski condition, and it was explained that on last Wednesday evening he accompanied Paderewski to the train, which was stopped too quickly, and Paderewski's private car was attached and detached near Auburn, N. Y., and the train stopped very quickly.

### HAD NO UNDERSTANDING

#### Sbarretti Said to Have Reported On School Question to Vatican.

Rome, May 1.—The Vatican has received from Monsignor Sbarretti, the apostolic delegate at Ottawa, a full report concerning all his affairs since the afternoon of the 26th inst., when he left the Manitoba boundary extension.

Monsignor Sbarretti gives the most detailed particulars of his work, and, denying emphatically that he had any understanding with Premier Laurier or any other member of the cabinet, he explained the extension of the boundaries of Manitoba.

### CONNELL'S BODY FOUND

#### Was One of the Victims of Port Huron Boating Accident.

Sarnia, April 30.—Word was received here today from the body of a man had been found at the head of Stag Island, opposite Cornwall, Ont., in a rowing boat, and that the clothing it is supposed to be that of James Connell, one of the four St. Thomas men who were drowned in the boating accident on the river from Port Huron to Sarnia in the "St. Thomas" rowing boat.

It will be remembered that on Nov. 24 last seven men started out from Port Huron in a rowing boat, and that on the morning, bound for Sarnia, when nearing the wharf on this side of the river, the boat capsized, and the seven men were drowned. Two of the bodies were recovered shortly after the accident, namely, Schreiner and Dick. No trace of the bodies of Connell and Green was forthcoming until the finding of the body of Connell this morning.

### CHILD PRAYS, DOG RETURNS

#### Reward Offered, But Girl Believes Prayer Brought Him Back.

New York, April 29.—Bob, a big bunch of affection and trimmed shaggy hair, decorated with a fine bushy tail, much frayed and frizzled, and vaguely, pointed from the land of boys, kennels and lost dogs to his little mistress and playmate, Miss Doris Parmelee, who lives in Bensonhurst, today.

Doris wasn't a bit surprised when Bob came back. Ever since April 8, when he ran away from home, she has prayed twice a day that he would be sent back, once when she went to bed, once when she arose in the morning. It was a little prayer which Doris composed all by herself.

## Rupture

Paramelee inserted an advertisement in the newspapers, hoping it would produce Bob. Perhaps it did, but one couldn't make Doris think so. Twenty-five dollars she believes was a small sum when Bob was concerned.

It was a doleful little girl that sat on Paramelee's front porch the afternoon before the lost collie appeared. She was getting little fun out of everything.

Just then, from around the corner, came a joyous bark and long gurgles of dog excitement and love. The lost collie bounded around the corner, wagging his tail, barking and jumping.

Never was there such a glad change to a little girl. She ran for the gate, a golden hair flying in the breeze and all the tears and sadness gone. For a few minutes, then, there was just a tangle of dog and little girl rolling on the new grass.

The boy who held the other end of the string grinned and pointed his finger, making signs that in childhood meant "Fie, fie," and "shame, shame." Doris took the string from him and stamped her foot.

"You're a bad boy," she said. "You go away from here this minute, or I'll tell my papa."

"Oh, my," said the boy. "Don't worry, I'll get de twenty-five. I found him."

Mr. Paramelee came out and prevented actual hostilities. There were reasons why there is no use to ask questions as to how Bob had been found, and he was about to hand over the reward.

### When You Buy—Buy Right.

When you buy Ozone buy Solution of Ozone (the coupon kind). It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates, so that you get about twice as much as of other brands. Also each bottle contains a coupon, which entitles you to a package of Celestine King, the well-known remedy which must always be taken with Ozone.

## At Their Old Tricks.

Senator Landry, of Quebec, who is a rival with Sir Mackenzie Bowell for the Conservative leadership of the Senate, and is ever one of the most ardent of the opponents of the Laurier Government, is out with a challenge to Hon. Mr. Tarte to meet him on the platform at four or five pivotal points in Quebec Province. There this Conservative leader promises to show that in his action with regard to the school question, Sir Wilfrid Laurier has betrayed his Province, betrayed his race and betrayed his religion.

Mr. Tarte, being now out of public life, and contented to make a living by running a live newspaper in the city of Montreal, declines this challenge to a warfare of words, and incidentally makes the appropriate suggestion that if the fiery little senator has anything to say that he believes the public will listen to, he should lose no time in getting on the highest pinnacle available and say it.

The people in Ontario who are asked to believe that in adopting the school laws passed by the settlers in the Northwest Territories and providing for their maintenance when provinces are established, the Laurier Government is doing a great wrong to please Quebec, the attitude of Senator Landry must be amusing as well as instructive. But it is the old game that the Conservative leaders are attempting to play.

In Ontario, Messrs. Sproule, Maclean, Hughes & Co., lead an agitation strongly pro-Protestant, representing that the legislation now before Parliament is not what the language of the bill shows it to be.

Down in Quebec, Senator Landry, Mr. Bergeron, and other Conservative leaders are working overtime in the endeavor to make their friends and neighbors believe that Sir Wilfrid Laurier is sacrificing the interests of the minority in the Northwest—is yielding unadvisedly to the views entertained by the people of the Province of Ontario—and, indeed, is "a traitor to his race and religion."

It is a two-faced game which we believe moderate men in every part of Canada will be inclined to frown down, as inimical to the peace and future well-being of the country. They must be convinced that the policy of the Government of Sir Wilfrid Laurier is neither pro-Protestant nor pro-Catholic. It is a policy which has already met with the approval of the vast majority of the people most vitally affected—the Northwest settlers. And no agitation that either politicians of the Sproule and Maclean stamp in Ontario, or of the Landry and Bergeron stamp in Quebec, can fan into temporary life will long prevail when the facts are fairly and honestly presented to the electors, as they were in Edmonton by the new Minister of the Interior.

## Canada Does Her Duty.

Will the gentlemen grumblers who have been telling us recently that Canadians are doing nothing for imperial defense note that the Government of Sir Wilfrid Laurier is about to ask Parliament for the first annual vote of two millions of dollars wherewith to pay for the maintenance of garrisons at Halifax, N. S., and Esquimaux, B. C.?

Hitherto both these points have been garrisoned by imperial troops, and no Government of Canada up till now has ever suggested that one penny of Canadian money should be devoted to the maintenance of these pivotal points in the imperial system of protection, is not that something? And is not the new national transcontinental railway, the construction of which will be begun this summer, of enormous value, apart from its commercial importance, as a link in the defense of the Empire?

Canadians are not unmindful of the Empire, but their first duty must be to the ever-expanding nation which they have founded and are building up in this great land of the vigorous north.

## The Verdict of the Northwest and the Coming Vote.

All the members of Parliament for the Northwest have now been heard in the House of Commons on the bills for the establishing of two new provinces. It is noteworthy that of the ten M. P.s seven have unreservedly given their adhesion to the educational clauses in the measure, and the remaining three, while voting with the Conservative leader, agree that the educational system now in existence, and which the new measures simply continue, is such that they would not change it even if they had the power. This, also, is the attitude of Premier Haultain, of the Northwest Territories, and of every member of his Government. The only difference between parties, indeed, is that one set of public men would settle the question now, as the Government bill does by legislating to continue the system which the people have already indorsed, while the Opposition would leave the question open, to be a source of discord and of division, in all probability, in the new provinces in years to come.

Who shall say what is best if not the people affected, speaking through their parliamentary representatives, or—as was the case in Edmonton the other day—by direct mandate? There was no opposition to the re-election of Hon. Frank Oliver, the new Minister of the Interior. Not a voice was raised against the school clauses in the bills now before Parliament at any of the public meetings held by Mr. Oliver in furtherance of his candidature. These people who know what the school laws that are to be continued are, unan-

mously indorsed them. Was not that convincing proof?

But if further evidence of the satisfaction of the Northwest people with their school laws is required, let Premier Haultain adopt the advice tendered him by Mr. Adamson, one of the M. P.s for the Northwest. Mr. Adamson, in his speech on the autonomy bills, on Friday night, pointed out that there are at present seven vacancies in the Legislature of the Northwest, and he urged that it would be a consistent and proper course for Mr. Haultain to submit the questions to them. Mr. Adamson, with a local knowledge that we in Ontario cannot be expected to possess, asserted that the answer would be the indorsement of the measure now before Parliament. Then, if Mr. Haultain would call the Legislature together, and ask for the verdict of its members, he would find himself voted out of his job. In other words, the people of the Northwest are on this question with Hon. Frank Oliver and his associates, and not with Mr. Haultain, who has cast in his lot with the men who did not have the courage to test the question when the opportunity came to them.

As to the Dominion Parliament, while the supporters of Sir Wilfrid Laurier from every province in the Dominion are practically united, there is mutiny in the ranks of the Opposition. There is no cohesion, and the leader has been compelled to leave the question an "open" one, so that a number of his associates may be able to vote against his amendment. The result will be a very large majority for the Government bill when the vote is taken on the second reading on Wednesday next.

## Justice to Accused Persons.

As a result of the miscarriage of justice in the Beck case, the British Government is promoting a measure in the present session of Parliament, under the direct care of the Lord Chancellor, having in view the carrying out of the recommendations made by the commission of inquiry into that scandal. It provides that when a judge refuses to reserve any question of law, an appeal may be made to the king's bench, whose decision shall be final. The king's bench may order the retrial of the case, and may also, if it is of opinion that the question of a point of law has not resulted in a miscarriage of justice, declare that the judgment shall stand. In the event of a retrial of a quarter sessions case being ordered, the court may direct the case to be tried again at the next assizes. A good many years since, a similar measure was introduced into the Imperial Parliament, but the legislation was crowded out. It was noted in Canada, however, and being regarded as a good thing, the Canadian Parliament enacted it in our criminal code (section 742-74). If the old world legislatures had been less crowded for time, and had followed the example of Canada, they would have passed the measure long before now, and the scandalous miscarriage of justice which took place in the Beck case might have been avoided.

The convention of teachers at Toronto discussed the question of pensions. Better give the teachers fair pay and let them make their own provisions for a rainy day.

This is how the first act in the London license manipulations is looked upon by outsiders. It is from the Brockville Recorder:

"Hon. Adam Beck, one of Mr. Whitney's new ministers without portfolio, does not believe in having anyone that looks like a Grit in the Government employ. He demanded the dismissal of the license inspector in London against the strong protests of temperance people. In fact, so good a man was he that the new board passed a resolution recognizing his past services and regretting his dismissal. That's the new non-partisan policy."

Mr. George Taylor, M. P. the Conservative whip admits that the school clauses are all right if they mean what they mean—Toronto Star.

They do mean what they mean; but if they did not what do we pay our representatives for both sides of politics for, if not to at once have all ambiguities removed, the measures passed, the Parliament adjourned, and the great work of building up the country continued? There has been too much vain repetition!

Bank clerks ought to be better paid than they generally are. If they have to sleep on bank premises, in order to protect the property of their employers, and are compelled to submit to the risks, so happily taken by the Merchants' Bank teller in that murderous encounter at Lancaster. With the dividends they make under the prosperous condition of affairs that now seems to be established in Canada, these banking corporations can afford to be just to their employees—aye, generous.

At the dawn of summer, might we suggest the propriety of a movement throughout Western Ontario to put the country graveyards in order? In how many townships is "God's acre" utterly neglected? A little care on the part of every family having the remains of near and dear ones laid away in these rural cemeteries would wonder in rendering them beautiful. Just now, in many places, the most utterly neglected, weed-covered, unattractive spot is the burying ground. Who will organize to set the needed good example?

Isn't there just a little bit of bad form in the persistent inquiries made in Parliament as to whether Hon. James Sutherland has resigned his portfolio? Mr. Sutherland has been a hard-working public man for many years; he is very ill; he has been absent for half a session; but there should be no indecent haste in suggesting his retirement, — Toronto World.

The criticism of our contemporary is most timely. There does not seem to

## Sunlight Soap

Is the best for washing clothes. It also does more thoroughly and easily every other kind of washing required in the household. Sunlight is a pure, powerful soap that you should always have at hand. Equally good with hard or soft water. No scrubbing, no boiling.

Try Sunlight.  
Your money back for any cause of complaint.

## HENSALL.

Hensall, April 28.—A friendly game of football was advertised to be played here with Bayfield on Good Friday afternoon at 2 o'clock, but as it had rained the night before and that morning, the game was considered off. About 3 o'clock word came that the team were on their way and would be able to play at 5 o'clock. The public turned out very well. The grounds were in bad condition, pools of water being scattered around generously, but the players went at it and the visitors scored the only goal.

On Good Friday, Albert Whitesides represented the football team at Berlin and entered the intermediate league. Bayfield and Hensall are to play two more games on their way and the first will be in Bayfield on Saturday, the last here on May 24.

A lacrosse team has been organized here, so that the young men will have a good time this season.

On Sunday afternoon Rev. Dr. Medd preached educational sermons at Kippure.

On Sunday evening there was a song service in the Methodist Church, and the church was crowded.

Our druggist and stationer, S. T. Hopper, has issued souvenir postcards, showing King street looking east, the Methodist Church and the Presbyterian Church and manse. They are very much admired.

On Friday evening a supper was given at the Queen's Hotel to Mr. R. McMorris, who will move to London in a few days. About 50 persons were present and a very pleasant evening was spent.

The village was full of visitors during the holidays. Those who did not have any, as a rule, made use of the opportunity to visit their friends.

Mr. T. Berry, who makes a business of importing horses, had two sent him about a month ago and shortly after their arrival they took sick and were for days given up, but are better now. One must have lost 200 pounds.

DELHI. April 28.—Mr. and Mrs. Calton spent Sunday in Tilsonburg. Miss Louise Cryster attended the wedding of Miss Edith Howitt at Victoria on Wednesday.

Mrs. Queen, of Washington Center, is the guest of her mother, Mrs. Calton. A few persons from here attended the dance given in Simcoe on Monday evening.

Miss Nellie Morgan and Miss Mabel Cryderman held a Monday evening social at the home of Mrs. H. S. Pettit. A large number attended the baseball meeting held on Monday evening. So much interest seems to prevail among the lovers of sport in our town that this may prove a regular season for the baseball boys. Arrangements are being made to secure suits, balls, bats, and all other requisites. The buying of grounds was also discussed, three different places being in view. Messrs. S. Brown, J. Wilbur, and J. Irwin were appointed to see the grounds and get prices. Monday evening Monday evening.

Mr. N. Longstreet, of Woodstock, spent Easter with his parents.

Mr. Percy Griffin, of Detroit, is the guest of his brother, J. W. Griffin. Miss Addie House spent Easter at her home in Chesapeake.

Messrs. W. and A. Lees, of Norwich, are the guests of their grandmother, Mrs. Delia.

Miss Gertrude Huntley, of St. Thomas, is the guest of Miss Annie Kent, of Delhi.

Mr. H. S. Pettit spent a few days in Branford.

Feel Used-Up, Run Down, Draggy  
Tired All the Time—Nerves on Edge—You Lack the Vigor and Courage That Ferrozone Can Supply.

Night comes and it's hard to sleep. Morning dawns and the anxious, tired feeling is still there. Don't neglect this gradual decline; it can't cure itself, but by forming rich, pure blood, Ferrozone will quickly supply the nutrient and building material your system craves.

Instantly you are aware that some powerful force is building up your depleted energies. At once you feel braced, toned, strengthened. Search the world over and you won't find anything to tone up a weak system like my low condition. Little things that Ferrozone, Physicians claim it is the most strengthening, uplifting medicine ever discovered.

No more spells of tiredness, but bounding, joyful health when you take Ferrozone, with Mrs. H. S. Gold, of Bowman, Man., speaks in the following words of praise:

"I state my case because I think it may assist other women to health. I was pale and emaciated, suffering from nervousness and hysteria. Little things were going wrong in the house bothered me. The doctor advised different treatments, but they didn't help. He said my low condition of health was due to weakness that might never be cured. Ferrozone had a peculiar, grateful effect, and built me up quickly. The little things were cured. I am now strong and vigorous and was made so by Ferrozone.

Why not cast aside the chains of sickness and enter the bright, happy life of robust good health? Let Ferrozone help you, let it cure you once and forever. Price, 50c per box, or six boxes for \$2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

## Dainty New Whitewear.
