Guelph Evening Mercury

TUESDAY EVENING, JUNE 2, 1874.

Town and County News

REMEMBER the after tea social in the
Congregational Church this evening. A
pleasant time is anticipated.

PODGIEPERS has a stone-yard, and
requires each tramp soliciting alms to
earn his food and lodging by breaking
stone. Since the yard was established
applications for charity have fallen off
fifty per cent. A hint to our authori-
ties.

MEETINGS TO-NIGHT.—The Court of
Revision will hold a meeting at the
Council Chamber at 7.30 this evening.
The Maple Leaf Base Ball Club hold
their monthly meeting this evening at 8
o'clock, at the Queen's Hotel.

STRAWBERRY FESTIVAL.—The ladies of
the Wesleyan Church intend to hold a
strawberry festival in the Drill Shed on
Friday, 26th inst., when an abundance
of the choicest strawberries, cream, &c.,
will be provided. Particulars in a future
notice.

DISORDERLY CONDUCT.—Many of the
citizens residing in the East Ward are
complaining of the conduct of roughs
who congregate on Neeve street bridge
and annoy the passers by, especially
females, with obscene and insulting
language. We hope an example will be
made of the perpetrators of this disre-
putable and very cowardly practice.

A HALE OLD MAN.—James McFarlane,
formerly of Puslinch, but now living in
Luther with his son, on Wednesday last
walked to Arthur village, 10 miles dis-
tance from his house. He is 97 years of
age, looks hale and hearty, and did not
appear fatigued by his journey. The
older settlers in Puslinch will remember
him well, for he lived in that Township
for over forty years.

BAPTIST CHURCH.—On Sabbath last the
ordinance of Christian Baptism was ad-
ministered in the River Speed by the Rev.
Dr. Davidson to seven persons—four
men and three women—at the close of
the forenoon service, in the presence of
a very large assembly. Dr. D. has bap-
tized since his settlement in Guelph last
fall 79 persons, and the membership of
the Church has risen from 54 to 188.
The work of enlarging the Baptist Chapel
is being vigorously pushed, and the
walls are already up to the window sills.

PUSLINCH LAKE.—Our correspondent
says: A large number of people from
Hesper and the surrounding vicinity
visited Puslinch Lake on the occasion
of the 25th ult. The Hesper brass band
was in attendance, and the crowd seem-
ed to realize considerable enjoyment,
notwithstanding the unpleasantness of
the weather. Our host Mr. A. Parks,
did all in his power to contribute to the
pleasure of those present. Since fair
weather has set in, parties from different
localities almost daily frequent this
noted little "pool" whose placid waters
and picturesque shores offer peculiar in-
ducements to pleasure seekers.

THE HAMPTON SINGERS.—This is what
the Toronto Mail says of the singers who
will visit us on Thursday evening:—The
entertainment was of a very pleasing
nature. Persons who admire the semi-
melancholy and yet comical melodies,
which are the favourites with the
coloured races of America, would do well
to hear the Hampton Singers. The
company were received with enthusiasm
by a large and fashionable audience, and
the applause which was freely meted
out was thoroughly deserved. Several
solos were rendered in a particularly
charming style, and had the Singers
been able to double the programme, the
audience, to all appearance, would have
been willing to stay. As it was the re-
peated encores caused a considerable ad-
dition to be made to it.

CHILD DESERTION.—On Monday night
about half-past nine, the cries of an in-
fant were heard by the hostess and ser-
vants of Hefferman's Albion Hotel, Mac-
donnell Street. On proceeding to the
door opening on Norfolk Street, the
servant found a female infant, about two
months old, sitting on the sidewalk with
its head against the door-step and a
bundle beside it. The child was taken in,
and Mr. Hefferman went for P. C.
Dooley, who obtained an order from the
Mayor to have the little one sent to St.
Joseph's Hospital. The child was ac-
cordingly given into the charge of the
Sisters of St. Joseph. No clue to the
mother has been obtained, but it is
thought the child was left by a passen-
ger on the night train, who left town
after disposing of her burden. The
dress which the infant wore, as well as
those in the bundle, give evidence that
the mother was in good circumstances,
while the little one itself has the appear-
ance of having sprung from a rather aris-
tocratic family.

POLICE COURT.
(Before the Police Magistrate.)
John Lovett, charged with drunkenness
on the Market Square, was dismissed,
this being his first offence.
George Tuck for selling fish on Wynd-
ham street before the hour of 3 o'clock p.
m. was dismissed, having proven
ignorance of the regulation.

The crop reports from all the Western
States are encouraging. The yield pro-
mises to be fully to the average.

Town Council

The regular meeting of the Council
was held on Monday evening. All the
members present except Mr. McCrea.
The Mayor read a communication
from Mr. Mark Tovell stating that if the
sidewalk on the Ermosa Road were
completed according to the present plans,
he would institute proceedings against
the Corporation, as it prevented access
to his premises.

The Clerk read the opinion of the
Town Solicitor to the effect that the
drain on the lots of A. McKenzie and
James Barclay, Surrey street, could not
be finished after it had been objected to,
and suggesting an arrangement between
the parties and the Corporation before
any more money is expended.

Mr. Hefferman read a communication
from Messrs. Robertson & Cull, offer-
ing to water Wyndham and Market streets
for \$66 per week.

A discussion took place on this peti-
tion, several members taking objection to
the additional sum of \$6 to be paid by
the town, when the report of the special
committee had been adopted recommend-
ing the sum of \$10 instead of \$16. Other
members contended that this petition
was identical with the former one, and
merely mentioned the names of the
streets to be watered. The matter was
dropped until the report of the Road
and Bridge Committee would be pre-
sented.

Mr. Petrie read a petition from Mr.
John Anderson and others asking for a
grant towards the celebration of the 1st
of July.

Mr. Petrie, seconded by Mr. Hall,
moved that the sum of \$150 be granted
for the purpose.

Mr. Robertson took objection to voting
this money until the Finance Committee
had passed the grant.

Mr. Hefferman explained that the peti-
tioners wished to charter trains from
Southampton and other places, and
therefore required immediate action.

Mr. Raymond thought this celebration
should be provided for by private sub-
scription.

Mr. Hefferman asked what was the
custom on the other side of the lines in
regard to the 4th of July.

Mr. Mills thought the Council should
not take this matter in hand.

Mr. Harvey said the town had always
made a grant for these celebrations, and
this year there was a larger number of
Canadians at the Council board than
ever before.

Mr. Elliott considered immediate ac-
tion out of order, and thought that any
member violating the rules of the Council
should be ruled out of order.

Mr. H. suggested that a special meet-
ing be called to hear the report of a
committee to be appointed in this matter.
The matter was finally referred to the
Finance Committee.

Mr. Coffee then read the eighth report
of the

of streets, and the second by possessing names of ratepayers which do not ap- pear on the first one.

The second amendment was lost by a
vote of 4 to 10.

The first amendment was carried by a
vote of 10 to 4.

The Committee rose, and
Mr. Coffee moved, seconded by Mr.
Mills, that the report be received and
adopted as amended.—Carried.

Mr. Hefferman, seconded by Mr. Crowe,
moved the adoption of the report of the
Fire, Water and Gas Committee.

Mr. Howard moved in amendment,
seconded by Mr. Raymond, that the re-
port of the Committee on Fire, Water
and Gas be referred back with instruc-
tions to amend the same, and that the
committee be requested to report at next
meeting the best means of providing
kitchen accommodation for the care-
taker of the market.

On motion of Mr. Howard, seconded
by Mr. Robertson, the name of Mr. Hall
was added to the special committee on
the regulation of the Police Force.

The Council then adjourned.

The 30th Battalion.

Annual Drill.

We learn that Lieut.-Colonel Clarke
called a meeting of the officers of the
30th Battalion at Fergus on Monday,
when the tenders for providing supplies
for the camp were opened. It was found
that the tenders from Fergus and Elora
were the lowest, and in consequence it
was decided to make Kinnelton, in the
vicinity of Fergus, the place for holding
the annual Battalion drill.

Lieut.-Colonel Clarke has issued orders
to the several Captains of companies to
call their men out on the 19th of this
month for battalion drill, and it will be
held at the above place unless the Min-
ister of Militia decide before that time to
have a brigade division camp in place of
battalion drill. In that case Guelph
would perhaps be chosen as the place for
the camp. In the meantime, however,
Col. Clarke is going on with his arrange-
ments for the battalion drill—has ordered
tents, supplies, &c.—and unless contrary
orders are received, the 30th Battalion
will muster at the time and place above
mentioned for their customary 16 days
drill.

We have seen it mentioned in some
papers that under the revised arrange-
ments of the Militia Department bat-
talions which have not already performed
their drill for 1873-74 will not be re-
quired to do that drill at all, but will go
into brigade division camps for sixteen
days' drill for the present year. Whether
or not this is the intention of the Depart-
ment will be known in a few days. Those
interested will be pleased to know that
the officers, who formerly received pay at
the rate of \$2 per day for all ranks will
now be paid according to their
rank. The men will also receive
higher pay than usual—probably seventy
or seventy-five cents per day and rations.
We believe that it is also contemplated to
reduce the force from its nominal number
of 40,000 on paper to an actual force of
25,000. Companies will be placed at a
maximum strength of forty men, instead
of fifty-five as heretofore, and a general
effort will be made to establish the
service in a form at once effective, re-
sulting in a satisfactory to the country.

We have every reason to believe that
the plans suggested and to be carried out
for the improvement of our Volunteer
Force by the Government will be fol-
lowed by the most beneficial results, and
will encourage our young men to take a
more lively interest in the service. Sure
we are that the 30th Wellington Batta-
lion will give a good account of itself. It
has long ranked as one of the largest and
best Battalions in the Force, and the
arrangements now proposed to be made
by the Government will tend to make it
still more efficient, and the continued
pride and boast of the County.

Captain Bruce's company will meet at
the Drill Shed on Thursday evening 4th
inst., at 7.30 p. m.

The ship British Admiral, bound for
Melbourne, Australia, went ashore on
King's Island, and was totally wrecked.
Forty of the passengers and 25 of the
crew were lost.

Another case of sunstroke in London
resulted fatally on Sunday. The victim
was a bricklayer named Wm. Walker,
who was working at the same place where
Webb received the fatal stroke.

Professor Goldwin Smith has been ap-
pointed to represent Quebec at the Sixth
International Congress of the Society for
the Prevention of Cruelty to Animals,
which meet in London on the 15th inst.

The Ottawa Citizen has information
that Senator Brown will shortly return
to Canada, and that he has already sent
a rough draft of the proposed Reciprocity
Treaty to Ottawa.

The establishment of a rubber factory
at Coticook, Quebec, employing three
hundred hands is projected, and applica-
tion for a local bonus has been made
by the parties interested.

Two boys named Gibson and Stephens
while bathing at Merriton on Saturday
afternoon about 4 o'clock, in the Cotton
Factory level, Welland Canal, got beyond
their depth and were drowned before as-
sistance could be had.

On Saturday night, May 30th, about
10.30 a lamp exploded in the lamp room
of the Mansion House, Seaford, threat-
ening a serious calamity, but the flames
were fortunately put out before much
damage was done.

Five hundred men appeared before
the City Hall, Detroit, on Monday,
and demanded work or bread. The ring-
leader was arrested, and the police re-
stored order. The mob was a riotous
one.

Small-pox is epidemic to a fearful ex-
tent in Hull. It has reached the flats on
the Ottawa side of the river, and will
require a rigid system of inspection and
the adoption of prompt sanitary precau-
tions to prevent its spreading.

A bill has recently passed the Ameri-
can Congress which gives to all soldiers
and sailors who have lost an arm or
above the elbow, and are so disabled
that they cannot wear an artificial arm,
a pension of twenty-four dollars per
month.

The Prince of Saxe Weimar was fired
at on Monday as he was leaving his resi-
dence in London to attend a levee. The
would-be assassin escaped. The Prince
has previously been threatened, and it
is said that the Duke of Cambridge and Mr.
Disraeli also received threatening let-
ters.

Five years ago Miss Gaylord, of Bos-
ton, and her sister, started from Denver
in their own carriage on a wonderful
journey of 18,000 miles, which having
accomplished, they have returned to that
city safe and sound. They have visited
every camp, settlement, village and city
in the Western Territories, and on the
Pacific coast. Miss Gaylord now starts
for Australia, where she will spend the
next two years in a similar exploration
journey.

Reciprocity.

The Ottawa papers have some comments on the Reciprocity negotiations. The Times, which is probably inspired, alludes to the subject in the following words: "The idea that we are to have another reciprocity treaty with the States before long, has been spreading rapidly on both sides of the line, and it is not hazardous to say that the intelligence from Washington is somewhat responsible. Therefore, it seems to have been admitted at that capital that enlarged facilities for trade are desirable in the interests of both countries, and that efforts should be made to secure them. Whether a scheme will be arranged at present, it might be premature to express a positive opinion upon, but there is at least a very great probability of gratifying progress in this direction in the early future."

The Fishery Question Settled by the Treaty of Washington.

The laws required to carry into effect the articles of the Treaty of Washington in relation to the fisheries having been passed by the Congress of the United States on the one part, and by the Imperial Parliament of Great Britain and the Legislature of Newfoundland on the other, the President has issued a proclamation declaring that such articles shall take effect, in accordance with article thirty-three of said treaty between the citizens of the United States of America and Her Majesty's subjects in the colony of Newfoundland, on the 1st day of June next.

The articles of the treaty referred to in the President's proclamation provide that for a term of ten years fish oil and fish of all kinds, except fish of the inland lakes and of the rivers falling into them, and except fish preserved in oil, being the produce of the fisheries of the United States or of the Dominion of Canada or of Prince Edward's Island, shall be admitted into each country free of duty, there being an agreement that the people of one country may fish on the coast and shores of the other without being restricted by any distance from the shore; and that it is also agreed that one country in transporting goods from one of its ports to another shall have free transit through the intermediate territory.

The St. Catharines News says that the Premier will visit that town some day this week, and that he will inspect the new Canal, as well as the Port Maitland route.

The Ontario Statutes.

We learn from the Globe that the Hon. Mr. Mowat is taking steps for the consolidation of the Provincial Statutes—a work of no small labour, but of the first importance to the legal profession as well as to the people at large. Our contemporary says that the Attorney General has engaged the services of Messrs. Langton and Kingsford, of Toronto, two young and talented lawyers, who are well qualified to perform the work. They will classify all the laws of Ontario, and adhering as strictly as possible to the language of the existing Statutes, they will consolidate in one volume all the Acts over which the Provincial Legislature has jurisdiction, and arrange for publication in another volume all the Acts over which the Provincial Legislature has not jurisdiction, but which form part of our judicial code.

In order to secure thorough accuracy in the arrangement and consolidation of the Statutes, Mr. Mowat proposes to appoint an honorary commission, composed of the highest legal functionaries, whose duty it will be to finally revise the labors of Messrs. Langton and Kingsford. This will be the best possible guarantee that the work will be carefully and correctly done, and when completed it will form a most valuable book of reference to the lawyers and to the public.

CHANGES IN THE CABINET.—The Hon. Mr. Dorion has been appointed Chief Justice of the Province of Quebec, and is to be succeeded by the Hon. Mr. Fournier as Minister of Justice. Mr. Goeffron enters the Cabinet as Minister of Internal Revenue.

It is stated that a Board of Cabinet Ministers will assemble at Ottawa next August to take into consideration the state of the Civil Service, with a view to contemplated changes arising from superannuations, etc. As the Speakers of the Senate and House of Commons will also attend, it is not unreasonably expected that this Board will also deal with the internal economy of both Houses.

WARNER'S CIRCUS.—The circus which will be in Guelph on the 10th instant is highly spoken of by the press. The Detroit Free Press says of it: "Large audiences greeted the performers at Warner's circus yesterday afternoon and evening, and athletes, acrobats, equestrians, gymnasts and horses, etc. and all seemed to be in the mood to put forth every nerve to make the performances unusually startling and interesting. Miss Jutan excelled herself in her specialties, and the loud cheers of the audience showed how her daring and dexterity were appreciated. The gymnasts "threw" themselves in a way to amaze men whose spinal columns can be made flexible without breaking, and "Little Pet" gained the admiration of all by his fearless riding and his dexterity as a tumbler. The best trick is the most astonishing feat of the age, and wherever it is performed it will make people marvel and wonder. Warner has many interesting features this year, and is certainly a good one, and wherever he goes his audiences cannot help but be satisfied."

Hesperer Items.

Two of the roughs who made themselves notorious at the Queen's Birthday celebration on Monday, have since been before C. Harch, J.P., and dropped five dollars a-piece into the public till, leaving at the same time some \$4.50 each with His Honor, to be presented without their compliments to Constable Miles, as a light acknowledgment for the trouble he took in forwarding "His Honor's" invitation to them.

J. Schofield & Co.'s machinery has been all removed to the new premises, and is being rapidly put in running order. This week will probably see all hands at work again. The knitting machinery, purchased from Randall, Farr & Co., will be running full blast in a short time.

The empty houses are gradually becoming inhabited, and it is to be hoped that ere long the faces of "Tenant House" owners will be wreathed with smiles as of yore.

Rev. W. Williams, ex-President of the Methodist New Connexion Conference, and the clerical member of the deputation appointed by the Milton Conference to wait on the ensuing English Conference, is to leave Hesperer on Thursday, en route for Liverpool. He expects to sail from Quebec on Saturday, the 6th inst., by the Polynesian. We wish him a pleasant trip and safe return. The Rev. gentleman's brother, Mr. John Williams, will fill the Hesperer pulpit during his absence.

George Hesperer, Esq., intends shutting down his grist mill and distillery about the middle of the present month, though we believe not permanently, only for repairs.

Mr. Andrew Jardine, machinist, is employed at present in the manufacture of some knitting machinery, to go to Valleyfield, Province of Quebec.

The village fathers have, we are told, decided upon ignoring the claims of the back streets to any repairs during the present year, with the exception of a few days' work to be put upon the bill on Galt Street, and a little grading to be done on Cooper Street. The bulk of the public money is to be spent on Queen Street, east and west. If the report be correct, the inhabitants of the less public streets have just cause of complaint.

From British Columbia.

Mr. Robert Dickie, son of Mr. John Dickie of Puslinch, writing from Lake Lahach Valley, on the east side of the Cascade Mountains in British Columbia, says that that locality is better adapted to the rearing of cattle than for agricultural pursuits; as the land has to be irrigated before a crop can be produced. This necessity arises from the fact that the moisture from the Pacific Ocean condenses, and falls before reaching the summit of the Cascade Mountains, and consequently never reaches the valley beyond.

Butter and beef are the chief production of this region, the former selling at 50 cts. per lb.; but the latter at only 3 cts. per lb on the farm.

Barley and oats, with a few vegetables, are the principal agricultural productions, and these are raised in no greater quantities than are required for home consumption.

In winter the cattle are not housed (except the calves) and are fed with hay, which grows in natural meadows. These meadows are flooded with water until near the end of June. They resemble our swamps, but the hay is of much better quality than that produced here on low uncultivated grounds.

In the valleys below Lake Lahach valley, the cattle receive no attendance during winter, but subsist on a plant called sage-weed, which grows from one to two feet high; but a severe winter causes many of them to die.

Stock has decreased in value fully one half within the last two years.

As to how he likes the country, Mr. Dickie says that nothing could induce him to settle permanently in it; as farming in the farming districts scarcely pays the trouble of taking the produce to market.

No doubt when travelling facilities are improved, railway and communication established, agricultural interests will not be at such a discount.—Com.
