## MISSION WORK IN THE SUDAN

Splendid Resume Of This Work Given  
At Bridgetown By Mrs.  
C. L. Whitman.

### MOHAMMEDON MENACE

Islam Has Spread Through This The  
Largest Uncivilized Tract In  
The World.

On Sunday, Mrs. C. L. Whitman, who, with her husband, the Rev. C. L. Whitman, in coming to Canada on Deputation Work for Sudan United Mission, gave addresses in the United Church—in the morning, and in the Baptist Church in the evening, on "The Need and Claims of the Great Sudan," that tract of country, south of the Sahara, that stretches across Africa from the Niger on the west, to the Nile on the east, the largest unevangelized area on the earth's surface, having a population estimated to be between forty and fifty millions, Pagans and Mohammedans—divided up into hundreds of tribes, each having their own language and customs.

Mrs. Whitman stated that the object of the mission is to evangelize the many Pagan tribes who are in danger of being won over to the false and anti-Christian teaching of Mohammed. The Sudan United Mission is interdenominational, and international, founded by business men in the British Isles, who realized the seriousness of the Mohammedan menace and who took upon themselves the responsibility of opening up work in the Sudan because existing Missionary Boards, though in fullest sympathy, were unable at that time to break new ground.

In 1904 the first four missionaries were sent to the Sudan, today there are sixty-three men and women laboring in that needy field.

Stations have already been established in northern Nigeria, (W. Sudan) and several in the Anglo-Egyptian Sudan.

The missionaries have reduced a number of Pagan languages to writing, translated Gospels, and compiled Christian literature, and the mission is ready to advance as soon as men and money are forthcoming. Between the Western and Eastern fields there is a gap of 1,400 miles, without a single witness for Christ. The objective of the mission is a chain of Mission stations from the Niger to the Nile.

Results already obtained have established the fact that the fields are more than ripe, only in many places it is actually being lost. There in that part of the Dark Continent today is the scene of one of the greatest spiritual conflicts the world has ever known. Here we find a struggle between two civilizations, between the ideals of the Moslem world and those of Christendom, a struggle between two great personalities, Christ and Mohammed.

Whenever the traveller may go, by road, river, or train, there he finds the Moslem, and the unmistakable trail of Islam.

The opened highways have contributed toward the rapid spread of Mohammedan influence, and to that influence the Pagan tribes are quickly succumbing, and if the church of Christ would receive even a few of these Pagan tribes in danger of being Islamized, she must act decisively, vigorously, and above all, immediately. Africa seeing the break up of their old faiths turn eagerly to whatever promises to give relief from doubts and fears which their outward religion has been powerless to allay, thus arises the unparalleled opportunity which presents itself in Africa today, constituting a challenge to Islam as well as Christianity. Africa will accept and firmly adhere to teaching first presented to them whether it be the dead precepts of the Koran or the life-giving principles of the Gospel of Jesus Christ.

Mrs. Whitman concluded her address by urgent appeals for prayer, for the dedication of young life to Missionary service, and for money to advance the Kingdom of Jesus where as yet it has not been set up.

It is temperament far more than ideas that makes a man.

Nothing is of worth but truth, before which all men are equal.

In whose heart there is no song, To him the miles are many and long.

## BELLEISLE

Misses Susie and Gladys Troop, who are attending school in Bridgetown, spent the week-end with their parents, Mr. and Mrs. Archie F. Troop.

Miss Ruth Palmer, of Upper Grandville, spent last week with her sister, Mrs. Harold W. Bent.

Mr. and Mrs. A. B. Woodworth spent Sunday with friends in Clarence.

Mr. Percy Coleman and his aunt, Miss Minnie Woodworth, accompanied the remains of his mother, the late Mrs. Alice Lyle, to Halifax on Thursday, where interment took place on Friday from All Saints Cathedral to Camp Hill cemetery, beside her late husband. We extend our sympathy to the sorrowing friends.

Mr. Harry H. Bent has purchased a nice driving horse from Mr. Ezra Bent.

Mrs. (Capt.) Alfred C. Willett met Miss Muriel Guild, of Halifax, was "At Home" to her friends for the first time since her marriage on Thursday and Friday, April 26th and 27th, from 3 to 5 p.m. The bride looked very charming in an exquisite gown of midnight blue georgette with lace over dress. She was assisted in receiving by the Capt.'s sister, Miss Josephine Willett, gowned in Chinese blue silk. Little Miss Marguerite Willett, in a dainty frock of blue organdy with pink rose buds, opened the door in the dining room. Tea was poured by Mrs. Henri H. Bent, who wore a pretty dress of taupe silk. Mrs. Le Roy C. Willett, gowned in champagne satin and Mrs. Arthur Tash, in cadet blue silk, passed tea and cake.

Mr. Harold W. Bent has started sawing staves and lumber with his saw mill which is doing splendid work. Glad to welcome the whistle again. We wish Mr. Bent every success in his enterprise.

## J. H. HICKS & SONS GET NICE CONTRACT

Local Firm Will Supply Furnishings  
For F. O. O. F. Home  
At Pictou.

### GENERAL DESCRIPTION OF FURNITURE

Magee & Charlton Supply Stoves,  
Cooking Utensils and Dishes, In-  
stative In Establishing Home  
Taken Years Ago by J. W. Peters.

Mrs. J. W. Peters returned home Saturday after spending the week in Pictou and Halifax, in the interests of the new Oddfellows' Home at Pictou.

Mrs. Peters is chairman of a committee appointed by the Rebekah Assembly, who have full responsibility for the furnishing of this Home. The full committee met at Pictou on Tuesday and after going over numerous offers and quotations, decided to place the order with J. H. Hicks & Sons, of this town.

Henry B. Hicks met the committee in Halifax, where final arrangements were made affecting complete selections of furnishings.

It is expected the opening date of the Home will be July 17th, when the present property will be ready for occupancy and will be one of the best furnished homes in the Maritime Provinces.

The furniture in hall, reception room and library will be of solid walnut. Queen Anne design rugs of superior Wilton of brown and black shades, and covering to blend. The dining room will be furnished in solid oak, fumed finish. The bedrooms are to be supplied with Simmons' steel beds, ivory white and Walnut, fitted with improved cable springs and Ostermoor mattresses. The bedroom furniture is of plain neat designs in Ivory, white enamel and Walnut to suit the various rooms.

The committee is to be complimented on the very efficient manner in which they have carried out their work, as is also the firm of J. H. Hicks & Sons to be congratulated in securing this order.

Messrs. Magee & Charlton will furnish the stoves, cooking utensils and dishes to complete the furnishings of the Home.

Mrs. Peters holds the unique and enviable distinction of raising the first money for establishing an Oddfellows' Home which she inaugurated during her office of President of the Rebekah Assembly when, we understand, some sixteen hundred dollars was raised which became the nucleus of what has enabled this order to procure their present splendid Home.

## SCHEDULE VALLEY BASEBALL LEAGUE

Eastern Section Composed Of Four  
Teams, Western Three Good  
Season Expected.

### OPENING GAMES JUNE 13th.

Wolville And Windsor Note In This  
Year—Kingston And Digby  
New Entries In The  
League.

Below we present the schedule of games to be played this season in the Valley League. To the disappointment of many of the fans neither Wolville nor Windsor entered teams, Lawrence town is not entering this year either. There are, however, two new entries, Kingston on the Eastern section and Digby on the Western, and a good season is expected. Berwick, this year, plays in the Eastern section. Most games are played on Wednesday, remainder on Fridays, and start at 3:30 sharp. Opening date June 13th. The first game in the Western section is in Bridgetown and between the local team and Digby. Jack Austin, catcher here last year will, it is understood, be with Bear River this season, and Bob Goodhue, a resident of Bridgetown for some time, will replace him here behind the plate. Forward, contrary to reports, will play with Yarmouth, and not with a Valley team this season. Kolosky, of the Auburns, last season's winner, will be with Kentville this year, we are informed.

### Western Section

June 13th—Bridgetown vs. Digby at Bridgetown.

June 15th—Digby vs. Bear River at Digby.

June 20th—Bear River vs. Bridgetown at Bear River.

June 27th—Digby vs. Bridgetown at Digby.

June 29th—Bear River vs. Digby, at Bear River.

July 4th—Bridgetown vs. Bear River at Bridgetown.

July 11th—Digby vs. Bridgetown at Digby.

July 13th—Bridgetown vs. Bear River at Bridgetown.

July 18th—Bear River vs. Digby at Bear River.

### Eastern Section

June 13th—Kentville at Berwick; Middleton at Kingston.

June 15th—Berwick at Middleton; Kingston at Kentville.

June 20th—Middleton at Kentville; Berwick at Kingston.

June 27th—Kentville at Middleton; Kingston at Berwick.

June 29th—Middleton at Berwick; Kentville at Kingston.

July 4th—Berwick at Kentville; Kingston at Middleton.

July 11th—Kingston at Middleton; Berwick at Kentville.

July 18th—Middleton at Kentville; Berwick at Kingston.

The representatives present were: Bear River, J. H. Cunningham; Bridgetown, Fred Bath; Middleton, A. Smith; Berwick, Mr. Cook; Kingston, K. Marshall; Kentville, R. T. Caldwell.

All games begin at 3:30 o'clock.

MT. HANLEY

May day has come at last. Let us hope for better weather in the future. Mr. George Whitman, from Inglisville, has for two weeks past, been having timber for B. M. Armstrong.

Miss Ethel Stephenson and Miss Mary Lombard, from Brookline, spent the week-end with Miss Edith Porter at the home of Mrs. George Ruffalo.

Mr. Archie Piroes and Miss Hope Stephens were calling on friends in this place Thursday, April 26th.

Mr. and Mrs. B. M. Armstrong have been visiting at the home of Ed. McKenzie, Port George, last week.

Roscoe Elliott is home from Truro looking fine.

Firemen were called out to save the house of B. M. Armstrong's on Saturday evening, which proved to be the chimney burning out. This chimney has only burned out once before in 23 years. When it caught it sounded like a heavy report of a gun which shook the house, and for a second you could see fog a long distance up and down the road. It was raining so the building did not catch fire. Many thanks to those who are always ready to help in time of need.

Mrs. Stanley Ybarboe is at present visiting her father at Springfield.

Mrs. B. M. Armstrong is at present on the sick list, as bad colds seem to go with this bad weather.

## TO U. S. SUBSCRIBERS

On and after May 1st the rates to Monitor subscribers in the United States will be two dollars and fifty cents per year instead of two dollars as at present. This is in keeping with usual practice followed by newspapers. It costs us just fifty-two cents more per year to deliver in the U. S. than in Canada. Newsprint has gone up a substantial amount and is probably due for another boost in July. Cheques sent in for subscriptions must be payable here at par.

## CENTRAL CLARENCE

Mrs. Emma Rumsey is quite ill at the home of her daughter, Mrs. Fred Johnston.

Harold Whitman went to Boston on Friday last. Still there are others who plan on going in the near future.

Mr. and Mrs. Joseph Hall and son Frank, spent the week-end at St. Croix. The latter remained with his grandparents for a week.

The friends of Miss Lena Sanford were very sorry to hear of her serious illness at the Sanatorium at Kentville. Saws and hay-presses have been kept busy in this locality the past week.

The annual business meeting of the Clarence and Paradise Churches is to be held at Clarence May 8th. A pageant will be given at the evening session by the members of the W. M. A. S. under the direction of Miss Cora Elliott.

A social was held at the vestry on Wednesday evening, April 25th. A short program consisting of recitations, tableaux and a dialogue was given, interspersed with several old-time songs. Worthy of mention was an excellent paper on "Clarence as it used to be," prepared and read by Mr. L. W. Elliott. Games were played, followed by refreshments. Several old curiosities were also on exhibition. This social was under the auspices of the B. Y. P. U. and we understand one is to be held monthly.

Belle Marshall, teacher at Clarence West, spent the week-end with Miss Vesta Jackson.

Nita Conrad spent the week-end with the Misses Irma and Jean Williams, Paradise.

## MIDDLETON TENNIS CLUB EXPECTS BIG SEASON

Middleton—A large and enthusiastic annual meeting of the Middleton Tennis Club was held and judging from the interest taken, the most successful season is in store for the Club this year. Officers were elected for the ensuing year as follows:

President—J. N. McDaniel.  
Vice-President—Miss B. L. Gullivan.  
Secy.—Treas.—C. E. Mumford.

An efficient managing committee was named with A. C. Hunter as chairman.

Tea and entertainment committees were also appointed with Mrs. H. W. Kirkpatrick, chairman of the former and K. H. Goudey, of the latter.

It was decided to change the schedule of fees for membership to five dollars for gentlemen and three dollars for ladies; tea members admitted at rate of two dollars and one dollar. Visitors are to be allowed playing privileges for two weeks and after that period rates to be fixed at fifty cents a week for gent's and twenty cents for ladies.

One additional court is to be completed this year on which construction was started last Summer.

## HAMPTON

We have not much news to write this week as the weather and roads do not permit of much going on.

Our fishermen are ready to start fishing as soon as the ice gets out of the bay and the weather conditions are more favorable.

Poole bros. have finished sawing the wood piles in the village. There are some fine piles and some very small ones, due to the great depth of snow. Mr. Chas. Dunn has the "king" pile.

Evidently the Capt. of the S. S. Ruby L. II does not understand that the rule of the road has been changed from left to right as we notice that when coming from St. John as she neared Hampton she kept to the left.

We understand that Mrs. Farnsworth is not going to open the Seaside Hotel this season. This is certainly bad news, both for the traveling public and for the village. The prospects for tourist travel were as good as at the present time and it is a shame for a place like Hampton to be without a hotel. Why not someone wake up and come by this property.

## BAPTIST CHURCH NOTES

The meeting at the school house at Lower Clarence has been postponed one week, and will be held Monday evening, May 7th.

The series on "Sea Scenes" will be continued next Sunday morning, the topic being "Life Boats or Light Houses?" In the evening the pastor will address the B.Y.P.U. A young people's choir will furnish the music and the young people will occupy reserved seats in the centre of the church. There were 34 present at last Friday night's meeting, and it is hoped that 100 will be present at the Sunday evening service. Any young people not related to the other churches of the town are cordially invited to come to this meeting.

The choir will meet at the parsonage on Thursday evening for practice, after which social intercourse will be enjoyed.

The Trustees will report on church repairs at the Conference meeting Wednesday night. A large attendance is anticipated.

Notwithstanding the inclemency of the weather, over 30 were present at last Sunday's service at Beaconsfield. The pastor will preach there again in the near future.

Preaching at Centrelea, on Sunday, May 6th, at 3 p.m.

### CANADIAN NATIONAL EXPRESS COMPANY

## Telephone us we do the rest!

At all cities and the principal towns, a wagon or speedy motor truck calls at once for the goods you wish to ship. Both driver and messenger are bonded for the faithful performance of their duty to you. The driver signs and hands you a receipt that is also an insurance policy for up to \$50. At very slight expense it can be increased to cover a greater value.

Your care is over, and ours begins. The charges can be prepaid, or will be collected at the destination. If a bill or invoice accompanies the package, we will collect the amount. If authorized, the contents may be examined in the presence of the Express employee before the bill is collected, under our modern C.O.D. service.

Handling millions of packages a year, in over 50 years we have never lost a dollar entrusted to our care. The law holds us responsible for delivering packages to the right party.

Traffic arrangements enable us to accept and forward packages by the quickest route to all points in the United States, and to or from Great Britain, the Continent, and all Foreign Countries, at lowest rates.

Express Service is a Personal Service. Should there happen to be an error in the number of packages, or in the charge, or damage in transit, as soon as notified we send someone to straighten it out satisfactorily. If through the negligence of an employee a mistake is made, you are protected against the consequence. Truly, a National Institution.

## FIVE YEARS' AGONY ENDED

### When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit

There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Gulderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since". See a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

## DO NOT FAVOR ABOLITION OF LEGISLATIVE COUNCIL

Joint Committee Decries Legislative Council Shall Remain.

Premier Armstrong brought down a report from the Committees of both Houses of the Legislature in connection with the proposed abolition of the Legislative Council.

The Council's report says that while convinced that abolition, particularly under existing conditions in Nova Scotia, would not be in the public interest, believe that the Council would be willing to consider any feasible suggestion having for its object the still further increasing the efficiency and usefulness of the Council.

The House of Assembly Committee's report is that they are of the opinion that in view of the declaration contained in the above statement and of the individual declarations made by members of the Committee on the Legislative Council, that there is no present possibility of the Legislative Council assenting to legislation for abolition if introduced into and passed by the House of Assembly, or that the Legislative Council itself will initiate such legislation for adoption by the House of Assembly. The committee from the Legislative Council further urge upon the Joint Committee that in their judgment public opinion in this Province was in favor of the retention of that branch of the Legislature.

The committee further report that both these suggested steps were submitted to the members of the joint committee as the most practical and the most simple way of giving effect to the resolution adopted by this House.

### CLEMENTSVALE

Mr. Albert Wandbold and Mr. Roy Trimper have gone to Boston for the Summer.

Miss Vivian Pyne, of Market Corner, spent Sunday with her parents, Mr. and Mrs. W. Pyne.

Mrs. Albert Wandbold and two children spent Sunday in Virginia East, the guest of her sister, Mrs. John Riley.

Quite a number of this place are on the sick list at time of writing. We wish them a speedy recovery.

Mr. Marvin Wright has returned to his home after being engaged in the woods at Westfild with Mr. O. H. Ford.

Mr. Arthur Pukey, of Victory, was a Sunday guest of Mr. and Mrs. Geo. Cress.

### CHILDREN OF UNMARRIED PARENTS

(Dr. J. G. Shearer.)

Some 5,000 innocent children are born out of marriage each year in Canada. There are therefore 25,000 such little ones under five years of age and, allowing for those who die at twice the rate for other children, 99,000 under sixteen at any one time in the Dominion.

This host of children has heretofore been treated socially with shameful injustice and cruelty, even where they get affectionate mothering which was not universal they have been branded on the official registers as "illegitimate" a term that may well be applied to their parents but surely not to the innocent children.

Some three years ago the Social Service Council undertook a study of their case and of the laws in Canadian Provinces, and in other countries dealing with this problem. Norway was found to have the best law in the world at that time.

The Norwegian law was materially improved upon and a model law for the care of children born out of wedlock drafted. This was submitted to the Attorney General of Ontario, put into legal form, introduced in the Legislature of that Province and edited with few changes. A year later it was in substance adopted by the Legislature of Manitoba. Within the last few months it has been adopted also by British Columbia and Alberta.

As these four Provinces contain five-ninths of the population of Canada, a similar proportion of the children concerned are thus protected and cared for. And there is every reason to expect that before many years pass this beneficent measure will be the law throughout Canada.

It aims to serve three ends. First to ensure to these children economic support, a public school education and as nearly as possible a fair chance in life—as fair a chance as they would have had if born of the same parents in wedlock. Second to secure justice to the mothers. They are not entitled to more than justice, but they are entitled to justice. Heretofore they have borne singly all the shame and all the burden resulting from the fault of both the fathers and themselves. Third, to see that the fathers get justice also. Being unprincipled usually in degree at least, they have generally proven themselves cowards or cads and gone scot free because of the serious imperfections of previously existing laws regarding illegitimacy. Justice to the fathers entails responsibility at least for the full financial support of their children, and the payment of the maternity expenses of the mothers or other costs necessarily resulting from their misconduct. Paternity of course must be given where not admitted to the satisfaction of a judge in Chambers. Needless publicity is avoided. The mother's evidence must be corroborated in some respect. The Judge with all the facts and evidence before him decides the question of paternity. That being settled he determines also what the father must pay. When this is fixed he must pay this sum weekly or monthly until his child becomes sixteen years of age and thus ceases to be a child. No paltry \$100.00 or so will set him permanently free from the consequences of his conduct. Five dollars per week means \$2,900.00 in fifteen years.

This feature of the law which has been in force in Norway for about eight years has resulted in a steady decline in the number of births out of marriage in that country. There is every reason to believe that when this new measure becomes generally known and understood and after a few years operation under wise administration there will be similar decrease in the number of cases of illegitimate parentage in Canada.

### PROVINCIAL EXHIBITION MAY BE HELD THIS AUTUMN

The Legislature has passed an estimate (\$200,000) for the erection of buildings for exhibition purposes on the site of the Old Exhibition grounds.

If the Grand Stand and Arena could be built, this Summer it is within the range of possibility that a fair could be held in Halifax this Autumn. It is now required that the city of Halifax raise \$200,000.

### GIANT McASKILL'S SHOE

Ex-Chief of Police Joseph Francis, on his return from a recent trip to Cape Breton, brought back an interesting souvenir. It is a shoe once worn by the famous Cape Breton giant, Angus McAskill. There is no mistake or fake about it, for no other man could ever possibly have worn it. It is a huge shoe, made on the old fashioned hogan style, with leather laces. Its length is 18 1/2 inches and the shoe gives evidence of being worn. All who have seen it declare it to be the largest thing in the shape of a shoe they ever saw, and can't conceive of the size of the giant who wore it. J. W. McDougall, the West Side shoe man, was completely knocked out by the size and as he turned the shoe over he pronounced the longer he looked at it the larger it seemed to be. John Preston, the hiro engineer, offered the suggestion that a sheet of McAskill's size with some Sheet Harbor kilowatts behind it, could kick over the world. It is really worth seeing to gather some idea of the size of the ill-famous Cape Breton giant.

### FOREST PROTECTION

Canadian forests will this year be visited by a large number of delegates from all parts of the British Empire, embracing in their number well-known timber men of knowledge and experience who have been associated with the administration and management of the forests of the various parts of the Mother Country and the Dominions. Mr. Frank J. D. Barnjum, the Maritime Provinces lumber man and forestry conservation philanthropist, who has for many years conducted vigorous patriotic campaigns in the interests of the preservation of Canadian forests and who has spent time and money liberally in pursuit of his schemes, is again to the fore in a project to stir up action in parliament, feeling, as he himself puts it, that forestry conservation "is one of the most vital problems facing this country today". Mr. Barnjum has offered thousands of dollars—not once, but several times—in prizes for suggestions as to how best to conserve the forests; preserve the trees from the ravages of the bark worm and other harmful insects; and also prohibit the export of unmanufactured wood. Mr. Barnjum has recently addressed a personal letter to the Federal and Provincial members of parliament, emphasizing the obvious necessity for immediate action, more particularly in the latter aspect of the problem.

Sir Lomer Gouin imposed sanitary restrictions in the Province of Quebec covering practically 85% of the timber lands of the Province which constitute the foundation of our pulp and paper industry, although there is no valid reason why the remaining 15% should not be equally well protected. Every new paper machine installed in Canada and every new issue of pulp and paper securities brought out and sold to the people of the Dominion are added arguments, it is urged, for prohibiting the export of raw wood. Close observers of the Canadian forestry protection problem are agreed that not only have we not a sufficient supply of wood for the mills at present operating, but we are also suffering positive and serious ills because we have already denuded our forest areas to too great an extent. Emergency measures, to be followed by reduction of the "cut" on all lands, both public and private, are forcibly stressed—to the amount of the annual growth. China, at one time rich in wooded lands, was overtaken by disaster through what is precisely occurring in this country today, and unless strong measures are taken—and that speedily—to conserve the timber crops of this Dominion, Canada will find herself similarly placed. In her forests Canada has a tremendous natural asset and one which, in spite of all the depredations of past years can, by taking proper steps, be yet saved. God alone can make a tree. The virgin forests of the United States once covered well towards a billion acres—822,000,000 acres—over a million square miles, a tract, if all the trees were put together, 500 miles by 2,000 miles. There remain 127,000,000 acres, just one-sixth of the original acreage. Towns and farms have filled nearly half of the cleared spaces—359,000,000 acres—and second growth, much of it of an inferior quality, covers nearly a third—245,000,000 acres. The rest—81,000,000 acres—is idle land, devastated and growing nothing worth while.

The Supreme Maker of trees can do something, but He needs man's assistance. He can give the increase provided Pauls plant and Apollones water and entomologists protect against pests, and fire wardens protect against fire, with the plant pathologists, and soil physicists. There must be systematic planting of trees, the great advantage of which was fully demonstrated in Scotland during the late war, when thousands of acres of magnificent Scots' pines were available for the construction of railways and other necessary work

TITANIC SURVIVOR WHO LANDED IN HALIFAX MARRIED THIRD TIME

Huntington, W. Va.—Mrs. Eloise Hughes Smith, a survivor of the Titanic disaster in 1912, who was granted a divorce a month ago from Robert P. Daniel of Philadelphia, another survivor of the same disaster, was married a few days ago at Trenton, Ohio, to L. C. Cort, of Huntington, former Penn State athlete. Announcement of the marriage was made by the bride's mother, Mrs. James A. Hughes.

TWO MILLION AND A HALF LOAN Nova Scotia Government Has Issued Call For Tenders.

D. 1923, for \$2,500,000, the principal and interest payable in Halifax, Montreal, and Montreal, Toronto or New York. The tenders are called to be delivered at the office of the Provincial Treasurer, Halifax, not later than three o'clock standard time Wednesday, April 25th.

TO AVOID PAINS OF RHEUMATISM

This Trouble Is Located In The Blood, And Relief Comes Through Better Blood.

Rheumatism comes with thin, impure blood, and can only be driven out of the system by enriching and purifying the blood. The chief symptom of rheumatism is pain. The most successful treatment is the one that quickly banishes this disagreeable symptom. Many rheumatic people suffer pains that could be avoided by building up the blood. The value of Dr. Williams' Pink Pills in rheumatic troubles is proven by the testimony of Mrs. A. Bryson, Arthur, Ont., who says: "I was so used up with rheumatism in my shoulders and neck that I could not turn in bed without the help of my husband, and the pain at times was almost unbearable. I took doctors' medicine which did me little or no good. Then I began taking Dr. Williams' Pink Pills and have since been free from rheumatism. I can also recommend the pills to young mothers, as in my own case I found they are unexcelled. I may also add that I recommended Dr. Williams' Pink Pills to a neighbor who took fainting spells at the change of life, and who could not walk any distance. She took the pills for nearly three months and they made her a strong and healthy woman."

FORMER HALIFAX MAN LEAVES \$25,000 TO ABERDEEN HOSPITAL

New Glasgow.—Aberdeen Hospital is to benefit to the extent of about \$25,000, as a result of the will of the late George P. Wilson, a retired coal man, who died here about ten days ago.

(Continued from Page Two) FOREST PROTECTION

in France and Belgium. This area had been denuded of trees to furnish material during the Napoleonic wars. It was replanted, and the result was the forest of Glenmore sprang up again as vigorous as ever and supplied the trees for use against the Germans. Farmers might well put all their uncultivated land into timber cultivation and conserve their bush acres by removing dead and fallen trees, and otherwise put to practical use the knowledge of forestry they have acquired. More and more should Canadians adopt all available measures for forest protection, insect and disease control, and by cutting timber in such a way as to provide for renewed growth. Until the practice becomes general and Canadians are as careful to avoid injuries to a forest crop as they would be to a wheatfield—and have the reverence for a tree the poets sing about, we shall always be up against the "forest and timber conservation problem." Members of parliament should try to recognize that this forestry problem is an agricultural problem. Timber is a crop. Mr. Barnum's letter is concise and is worthy of careful and serious perusal by our legislators, who would do well to heed his suggestions, the adoption of which might go a long way towards increasing the wealth of the timber crop. The elder wooded countries regulate the tree resources and see to it that their capital stock remains intact by cutting only the annual increment. If Canadians use up their wooded capital, the only alternative must be a foregone bankruptcy.—Editorial, "The Gazette," Montreal, April 18th, 1923.

CANDIDATES MAKE LAND IN TIME TO FILE DOCUMENTS

Ice-bound Pollsters Finally Get Into Newfoundland Election Fight—Two Nominated by Telegraph.

St. John's, Nfld.—On the eve of nomination day, government and opposition candidates for two electoral districts of Newfoundland escaped from the steamer Kyle, on which they had been ice-bound seventeen days, and made shore over the ice floe. Attorney General Warren, who is a candidate in Fortune Bay district, and his opponent, Edmund Outerbridge, walked three miles over the ice to reach Breton Harbor, where they will be nominated.

Messrs. Small and Chambers, government and opposition candidates in Burgo districts, also reached shore, but they are still far from their destination. They will be nominated by telegraph.

It was said that the election in Burgo might be deferred, as it will be impossible to distribute the ballot papers and ballot boxes, which are still on the steamer, unless an offshore wind disperses the ice fields. The four candidates left St. John's more than two weeks ago to campaign in their districts.

SNOW FIGHTING COST MAR. DIV. OF C. N. R. \$650,000

Mr. L. S. Brown, General Manager of the Maritime Division of the C. N. R., states that the past Winter has been the worst in the history of the road, so far as snow fighting is concerned and has cost over \$650,000 more than last year. When there is added to this the extra time involved by trains being delayed and the damage to equipment due to snow, the amount will run well over \$1,000,000 in excess of last year. P. E. I. has been especially hard hit, about \$9,600 per day having been paid out for snow shovelling alone.

Value of Last Year's Production Was Over Ten Million Dollars. The total value of production of the fisheries of Nova Scotia in 1922, comprising fish marketed for consumption fresh and canned, cured and otherwise prepared was \$10,207,444, an increase over the previous year of \$428,821, or four per cent. Cod, with \$3,555,727; Lobsters with \$2,813,087; Mackerel with \$934,138, together contributed eighty-three per cent of the total value of production for 1922. The total quantity of all fish caught and landed in 1922, was 2,709,076 cwt., an increase over 1921 of 312,101 cwt.

WHAT IS THE EXPLANATION THIS TIME

We always, all of us, used to growl about these east winds in the Spring. If we were only clear of them we would have the finest climate in the world. It was the rawness in them: we didn't mind the cold, no, of course not. Well, last year the winds prevailed from the west and the Spring was late and cold and all the Summer there was you could put in your hat. And this year the winds are holding mostly from the west and north-west and, believe us or not, this isn't much of a Spring to brag about, even if it is a fine day today. —Picton Advocate.

## QUEBEC WANTS HER PEOPLE BACK

Premier Taschereau Is Greatly Concerned Over The Exodus To United States.

Montreal.—Grave concern was expressed by Premier Taschereau at what he termed "the heart-rending" problem of the rural population in parts of the Province of Quebec leaving their homes to settle elsewhere, principally in the United States, when he addressed the members of the St. Denis Club.

"No matter what party be in power politically, it must concentrate on the development of our rural centres; it is not merely a political question, it is eminently an economic question," declared Mr. Taschereau.

Outlining the question, Hon. Mr. Taschereau spoke of the two millions of French-Canadians who are now in the United States and who are returning for their leaving, and offered certain remedies for stopping the exodus. The Premier took occasion to address some mild reproaches to a part of the French local press for painting too rosy pictures of conditions in the United States.

Coming to the remedy for this state of affairs the Premier said that agricultural credits had been tried before and had failed. It would be preferable to give money instead of lending. The banks, he thought, should lend money to the farmers at five per cent. interest, as they do in Australia and New Zealand. He emphatically urged the doing-away of debenture sales which had proved ruinous to farmers. "We want help from Ottawa," declared Mr. Taschereau, "to bring back our own people. We are quite prepared even to pay their moving expenses back to the Province of Quebec. It is more important for us to have our old Canadians back again than to have European immigrants."

## THE BRITISH BOOZE SHORTAGE

The great international issue, booze, grows more and more interesting. The Scotch whiskey manufacturers, according to London dispatches, are running short. They are unable to fill American bootleggers' orders for 100,000 cases, no matter what the price. This bears out the complaint recently made by the English that they were unable to get enough whiskey for their normal wants, so fast were the American rum runners taking it.

What will be the economic harvest if prohibition means all that its advocates claim for it—and there can be no question that temperance is of untold value to a nation—then in draining England of its booze America is forcing temperance on the British, and temperance among the British means increased efficiency, means a more serious foreign competitor for America. This is a new and unexpected situation growing out of the Eighteenth Amendment.—From the New York Herald.

## GRANVILLE CENTRE

Mr. and Mrs. Wm. B. Mills, of Clementsport, were recent guests of Mr. John M. Troop and other relatives.

The many friends of Mrs. Howard Young, and Mrs. W. F. Gillatt, will be glad to know both are convalescent from their recent illness.

Miss Vera Elliott, of Mt. Hanley, is the guest of Mr. and Mrs. Hallett Daniels.

Mrs. Harry Marshall, of Halifax, was a recent visitor at the home of Mrs. E. C. Mills.

After the long stormy winter when social life was out of the question, during the past week several have entertained, viz: Misses Ida and Fanny Wade, Mr. and Mrs. Aubrey Baltzer, and Mr. and Mrs. J. W. Calnek.

## Obituary

Alice R. Lyle.

The death occurred at Belleisle, Annapolis Co., at an early hour Wednesday morning, of Alice R. Lyle, widow of the late John Lyle, of Halifax. It is some twenty-seven years since Mrs. Lyle came to Belleisle to make her home with Mr. Percy E. A. Coleman, her son by a former marriage, and during this time she has been actively interested in all that pertained to the welfare of the community, but especially has she been identified with the work of St. Mary's Church, the congregation of which, by her death, will lose a much valued member. In Halifax she was a member of St. Luke's pro-Cathedral congregation.

Besides her son she leaves four sisters to mourn her loss: Miss Annie Woodworth, of Concord, New Hampshire; Mrs. Wm. Wood, of West Roxbury, Mass.; Mrs. A. H. McKee, of Buffalo, New York; and Miss Minnie Woodworth, of Waltham, Mass.; all being the children of the late James L. Woodworth, of St. John, N. B.

The body was forwarded to Halifax on Thursday and on arrival in the city was taken to All Saints Cathedral where the funeral service was held on Friday morning, at 10 o'clock, with interment at Camp Hill cemetery.

## PARKER'S COVE

The only scenery we have at present is our beach, all covered with ice, making the Spring very cold and backward.

We are very pleased to know that all that were confined to their homes with la grippe are all able to be out again.

Very sorry to report little Alice Anderson very ill at time of writing. Dr. Smith is in attendance.

Schooner Champion Baxter, arrived from St. John very recently with a cargo of general merchandise for W. H. Anderson.

Mr. R. E. Hudson made a business trip to Digby recently.

Mr. W. H. Anderson made a business trip to St. John very recently.

Frank Clayton has built a saw mill on David Milner's mill site and has got it in operation now. We wish Frank success in his business.

Mrs. Austin Halliday, of Hillsburn, is visiting her daughter, Mr. W. H. Anderson, for a few days.

## Apple Delecto

### A Sound, Wholesome Fruit Product

(Government Report)

**YOUR** cakes and pastries are now greatly improved by using "Delecto", the new fruit product made from apples grown in your own orchards.

You not only improve the flavor by combining "Delecto" with other fruits but the enhanced food value is of such vital importance that you cannot afford not to have it always on hand.

Just try it in your rich fruit cake by substituting "Delecto" for half the other fruit and note the difference. No need to add a lot of spices and flavoring essences, the concentrated apple juice has a flavor of its own.

### MANIPULATION OF SUGAR PRICES

Members of House of Commons Told That The Advance Is Not Justified.

Ottawa.—Manipulation of sugar prices by which skyrocketing took place which was not justified by sugar crop conditions, was brought to the attention of the House of Commons Agricultural Committee by Tom King, formerly member of the Canadian Parliamentary Press Gallery, but of recent years located at Washington, D. C.

Mr. King declared that Government officials in the United States had shown there was no actual shortage, and the recent rapid price advances had not been justified.

Washington believed there was a deliberate, widespread conspiracy, perhaps implicating some corrupt United States official. Cuba had been asked or warned by the United States to reduce her sugar production, Mr. King stated. This was because Cuba production was hurting the United States sugar industry.

"Is there anything we can do to help ourselves in this country?" the Chairman asked.

"I am told that the prices of sugar is decided in New York, and in Canada freights are added," said Mr. King.

The United States Government and the consumers could break the corner "if they had sand enough," witness stated. The present sugar situation had become a scandal.

**IS FINED FOR SHOOTING GEESE**

Due to the extraordinary ice conditions which prevail to the north of us, the migrating wild geese, striving to reach their breeding haunts, are forced to turn back and alight in many places where they are otherwise not often seen.

On the 9th April a small flock, weary and hungry alighted on the oat stubble in a field north of Middleton. One of the natives seeing them, seized his gun and walked up within range and killed two at one shot. It is reported that the others were so frightened that they were able to take flight.

The incident was reported to one of the Migratory Bird Officers at Wolfville and proceedings were immediately instituted against the offender who pleaded guilty to the charge and was fined.

Spring shooting of all game birds is illegal in Canada and the United States from coast to coast under the Migratory Birds Convention Act, the same being enforceable by treaty obligations between both nations.

**"BETTER ENGLISH" WEEK DRIVE**

Wolville, N. S.  
April 18th, 1923

Dear Fellow Teacher:

It has been suggested by leading educationists that it will be in the best interests of Spoken English to inaugurate a campaign to be called "Better English Week Drive", which shall begin, this year, at 8.30 a.m., May 25th; and end at 3.30 p.m., Friday, June 1st.

The text book on which the Drive is based and in which the method of procedure is fully set forth is The King's English Drill (MacClelland and Stewart, Toronto, 55c.) suggested for the use of teachers in the Journal of Education, and obtainable by mail at Toronto, or at H. E. Blakeney's, Wolville.

In order to make the Drive more attractive, parents and school officials are urged to offer prizes to the local grades in competition. Wolville intends to lead the Province in this respect, as prizes ranging from five to ten dollars each have been offered to all grades from VI—XI. Do you wish to place your school on the map? "Come along—come along! Fall in—fall in!"

All reports of the winners in the contest with aggregate marks, reaching Miss Rosamond M. Archibald, Wolville, by June 8th, will be published in the Halifax papers.

Kindly communicate with Miss Archibald immediately, stating whether or not you will participate in the Drive which will one day be Canada wide! Let Nova Scotia lead!

If reply is desired please enclose a personally directed and stamped envelope.

Honestly yours, indeed,  
Rosamond M. Archibald.

**THE RULES OF THE BETTER ENGLISH WEEK DRIVE**

- 1.—Grades VI to XI inclusive may participate.
  - 2.—The pupils memorize as many Drills in the K.E.D. as possible before May 25th.
  - 3.—Each pupil must own a special little Note Book for corrections.
  - 4.—Each pupil uses the slogan, in correcting: "Thank you for ten points" whereupon he writes down date, and initials of the person corrected opposite the correction of the mistake heard.
  - 5.—For each correction made orally and written the pupil receives ten points.
  - 6.—For each correction merely written down, five points.

**DEAD MAN FOUND AT WHEEL**

New York.—The motor boat "Traveller", steered by a dead man with a bullet in his chest, was caught by fishermen as she emerged from beneath a pier in the Hudson River, and headed for open water at full speed.

Its lone occupant lay on his back across the steering wheel, his weight steadying the rudder. A pistol and two loaded cartridges were in the bottom of the craft. The absence of empty shells led police to believe the man had been murdered.

Police hope to identify him through a license he issued last January to Juan Ignacio, of this city, for a motor boat of the name and description of the "Traveller".

**Mentor's Citizen De lares Tanlac Restored Self, Wife and Father--Gains 17 Pounds.**

"Tanlac has been of such great use in my home I can't speak too highly of it," said Jas. Desjarlais, well-known contractor, living at 235 Boyer St., Montreal, P. Q., a few days ago.

"For eight months my health was so wretched I could hardly keep on the job. I could scarcely eat anything, lost about thirteen pounds in weight, and felt exhausted all the time.

"My wife was also in a weak, run-down condition, extremely nervous, and unable to sleep well.

"A friend got her to try Tanlac and the treatment has strengthened her until her nerves are perfectly calm.

"I began taking the treatment at the same time, and for my part, I eat more than I ever did and have gained seventeen pounds. I feel better and work better.

"My father has taken several bottles of Tanlac also and is just as highly pleased with it as I am."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

**TOURIST TRAFFIC**

Good Roads And Good Hotels Will Bring It.

A Morning Chronicle representative chanced to meet F. W. Bowes who has been in Boston and New York the last two weeks, on the street, and enquired whether there was anything new in hotel or tourist matters. Mr. Bowes said that he had had interesting conversations with several transportation agents and heads of tourist bureaus and automobile associations while in Boston and with a exception they said practically the same thing: "Give us good roads and good hotels and we'll go down to the Provinces in such numbers as to tax all your accommodations."—Hfx. Nothing adds so much to the beauty of a home as floors that are properly cared for; on the other hand, floors that are not protected are unpleasant to look at, are hard to keep clean, and become injured through wear. Don't neglect your floors, beautify them and save them. Save the surface and you save all.

MARBLE-ITE Floor Finish is the perfect treatment for floors of all kinds. It is the one floor finish that has a money-back guarantee attached to every can.

In 24 hours MARBLE-ITE dries hard with a beautiful finish that will not show heel marks. It has a high gloss, yet is tough enough to stand any amount of wear without injury. It can be washed with soap and water and it will not mar nor scratch white.

We invite you to call and discuss this method of beautifying and protecting your floors. We can give you full details regarding this or any other painting or varnishing problem. We have a complete stock of MARTIN-SENOUR Paints and Varnishes. For every purpose—For every surface.

### ADDITIONS TO MARITIME ADD. FELLOWS HOME AT PICTOU

It is understood that the cost of the additions to Norway is likely to be up in the neighborhood of \$50,000. It has been decided to go ahead and open the Home as soon as it can possibly be done, as there are a number of cases that demand immediate attention. The formal opening will be held during the Hector celebration in Pictou County, July 15-21.

### THE HOUSING ACT

The N. S. Housing Act of 1919 was passed to assist returned soldiers and others to obtain money with which to build houses. The Federal Government has allotted to Nova Scotia for building purposes \$2,134,912.93. Of this amount there is available \$1,035,000. Halifax has built 184 houses, Dartmouth 28, Kentville 25, Stellarton 6, Yarmouth 3, Windsor 1, Antigonish 6—in all 253 houses have been built, and the money which has been spent has helped to make some employment as well as to relieve the housing problem. Yarmouth has too many vacant house lots, too many unemployed, and too few houses. If the Cotton Mill is, as reported, to lay off 150 hands, something should be done to make employment, and what could be better than for the Town Council to appoint a housing commission to build houses as provided for same under the Act.

There are about fifteen or twenty returned soldiers, and many others who would like to secure houses on the terms provided for by the Housing Act and the money spent would make employment for masons, carpenters, painters, plumbers, electricians, as well as laborers. It is said that prices are too high to build houses at the present time. True they are higher than before the war, but they probably are as low as they will be. Building material is only about one half of what it was two years ago, but if everyone stops business until prices come down, how are men to earn a living?

The Government has provided this money to make employment to carry over a hard time, and it is better to spend it for something necessary than to form head lines. Citizens should not worry about prices, but should wake up and do something to earn the price. The world is not suffering half so much because of high prices as it is from the want of employment—Yarmouth Times.

### ORDERS WHALE BROUGHT INTO FEDERAL COURT

Biloxi, Miss.—As a result of a legal battle over the ownership of a dead whale found several days ago off the coast of Biloxi, the federal court for the Southern district of Mississippi issued a writ of sequestration directing the United States marshal here to "seize and bring into court," the whale, weighing more than seventy-five tons and measuring more than sixty feet. It is valued at \$10,000.

Refeljo Lopez, captain of the fishing boat San Francisco and his crew found the dead whale floating a few miles off the mainland near here last week and, according to Captain Lopez, towed it to the northeast end of Deer Island, where after attaching a placard bearing his name and that of his boat, as a means of showing that the whale belonged to them, they anchored it and proceeded to New Orleans to tell of their find.

Upon their return they found another party in possession of the whale claiming its ownership. Legal proceedings immediately were taken by Lopez and his crew to regain its possession.

A suit in the name of Refeljo Lopez et al against T. J. Desport and the Desport Packing Company of Biloxi was instituted and a writ of replevin issued enjoining the company from disposing of the whale pending the court's ruling.

### A FALSE NOTE

A British Tar, home on leave and celebrating the occasion, had got himself into a dilemma. He had hired a taxi, only to discover when approaching his destination that he was penniless. He had dined and wine, not wisely, but too well. But the British navy is a training-school of resourcefulness. He caught up the speaking tube, shouted "Stop!" and jumped out. "I just want to pop into this tobacconist's and get some matches," he explained to the driver. "I've dropped a lb. note somewhere in the cab and can't find it in the dark." He entered the tobacconist's, and as he did so the cab and its driver vanished into the night, as he had anticipated.—The Argonaut.

### SUGGESTION TO HIGHWAY BOARD

During the past Winter the rural population of this Province has been up in arms over the treatment it has received at the hands of the N. S. Highway Board. In complaining of the conditions which existed on the main highways during the Winter just closed, we admit of the fact that we have passed through an extraordinary Winter as regards heavy snow falls. Without a doubt the main highways should be cleared and not allowed to acquire a depth of several feet of snow, which then makes it impossible to break through.

The Board has in its possession a number of heavy tractors. These machines can work wonders if placed under the control of competent operators. How simple then it would be to construct a number of flanged trailers and operate such machines on many of our newly constructed roads. Tractors are sometimes used to establish a driving and teaming course through the snow, and even if the Board does not wish to operate its own equipment for such a purpose it could, under contract, secure the services of privately owned machines for this work.

The Board cannot hope to muzzle the rurals another Winter. Something must be done during the present Summer to overcome the evils and dangers of a Winter such as we have experienced in 1923. The snow fall of 1924 may be slight, who knows, but few contain go to sea without making certain that their lifeboats are in A-1 condition. We have a Summer and Fall before us which provides ample time for the consideration of, as well as a decision, in this matter.

The Highway Board should not rest its mind on the fact that the highways are clear in Winter as in Summer—Hants Journal.

### HOW THE CANADIAN CONSUMER IS BLEED

Pyramiding of Profits on Imported Goods Advances Prices 250 Per Cent.

Ottawa.—How \$100 worth of goods, imported from the United States by a Canadian wholesaler under a duty of 35 per cent, because of pyramiding of profits on the goods, on profits and on sales taxes paid, cost the consumer in Canada \$247.20 by the time the goods had passed through various hands, was shown to the special agricultural committee of the house this afternoon by Isaac E. Pedlow, retail merchant of Renfrew, Ont., and a former member of the Commons.

In the case of goods imported by a wholesaler and sold by him to a manufacturer and then, in manufactured form, passing in turn through the hands of wholesaler and retailer to consumer, the pyramiding was even greater, and the \$100 worth of goods, without allowance for cost of manufacture cost by pyramiding alone \$332.55.

### INJUNCTION CASE MAY NOT COME UP UNTIL NEXT MONTH

St. John.—It is possible that the case in which the New Brunswick Power Company is attempting by injunction to prevent the city of St. John from going into competition with the company in the distribution of electrical energy will not come before the courts until some time in May, so Mayor Fisher announced. He said that information to this effect was sent to him by Dr. J. B. Baxter, city solicitor, who is now in Fredericton.

### TERRIFIC FLOODS IN MANITOBA

The 50-foot bridge over a tributary of the Red River at St. Jean, Manitoba, about 20 miles from Winnipeg, on the C. N. R. from Winnipeg to Minneapolis, was carried away by flood waters on Tuesday night. Nothing remains but the pier, it is reported. There was no train due to pass about the time the bridge collapsed, and the passenger train out of Winnipeg early in the evening went over the bridge a few hours before. A very serious flood threatens Winnipeg. Many homes in Brooklands, a municipality adjoining Winnipeg to the west, were cut off that night, including Mayor Brown's residence. The snow still shuts out the light in many front windows in the western parts of the city. All the vacant lands are like lakes and as the creeks leading to the rivers are blocked with snow, the water cannot get away.

### Is There A Baby In Your Home?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. Maise Cadotte, Makamik, Que., writes:—"Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health." The Tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Pimples Disappear  
"You don't need mercury, potash or any other strong mineral to cure pimples caused by poor blood. Take Extract of Roots—druggists call it "Mother Seigel's Curative Syrup"—and your skin will clear up as fresh as a baby's. It will sweeten your stomach and regulate your bowels." Get the genuine. 50c. and \$1.00 Bottles. At drug stores.
