HUERTA WILL FIGHT TO DEATH DICTATOR'S REPUBLIC RUMORS ELECTIONS TO PROCEED

**SENATE RUMORS
MAY SUCCEED HUERTA**

"When I Leave Mexico, It Will Be by Underground Route, Six Feet Under Ground," Huerta Emphatically Asserts—Army Strong Enough to Crush Opponents.

(Special to The Toronto World.)
NEW YORK, Oct. 19.—(By Robert Murray, Staff Correspondent.)—"You may depend upon it that every rumor you hear to the effect that I am going to resign or quit this country, is false. Mexico is my country, my native land. When I leave it will be to go to another country much further away than England, France or any of the other lands which my enemies have selected as my destination. That country is by the underground route, six feet under ground. When you hear that Huerta is dead, when you see my body in the coffin, when the priests come to say mass over me, then you may tell your newspaper that Huerta has resigned and fled the country.

PEDRO LASCURAIN, former foreign minister of Mexico under Madero, who is slated to succeed President Huerta in case he resigns.

BREACH WIDENED BY HUERTA'S ACT

But U. S. Government Will Not Be Moved to Hasty Action, The Wilson Remains Firm.

(Special to The Toronto World.)
WASHINGTON, Oct. 19.—The breach between the United States and the de facto heads of the Mexican nation widened when President Wilson read the statement issued by Huerta, saying he did not intend to resign. This action, virtually naming himself a candidate to succeed himself, had the effect of strengthening President Wilson's belief that Huerta is treacherous, and that his (Wilson's) course in refusing to recognize him as the provisional president of Mexico is fully justified.

MILITANT SUFFS ARE DISMAYED BY REVERSES

Refusal of U. S. to Admit Mrs. Pankhurst and Defection of Pethick Lawrence Staggering Blows—Campaign Along Strictly Non-Violent Lines Started.

LONDON, Oct. 18.—(Can. Press.)—The order for the deportation of Mrs. Emmeline Pankhurst, coming on top of the publicly announced defection of Mr. and Mrs. Pethick Lawrence from all forms of militancy, has caused consternation among the militant suffragettes here. The headquarters of the Women's Social and Political Union were kept open tonight, but only members of the rank and file reported. In the absence of officials few of them cared to talk for publication. They did not attempt to conceal their anxiety, however.

MRS. EMMELINE PANKHURST

PRESIDENT MAY COME TO RESCUE

Wilson Likely to Override Decision to Debar Mrs. Pankhurst, Who Threatens Hunger Strike.

WASHINGTON, Oct. 19.—(Can. Press.)—The President of the United States is to take a hand in deciding the question of whether Mrs. Emmeline Pankhurst, militant suffragette of England, shall be admitted to this country.

MISS PANKHURST DEFENDS MOTHER

"Inconceivable That Political Militancy is Disapproved by Country Which Originated a Rebellion."

Special Cable to The World. Copyrighted by The Toronto World and N.Y. World.
PARIS, Oct. 19.—Christy Pankhurst said to The Toronto World correspondent today that her confidence is unshaken, and that she believes her mother eventually will be allowed to enter the United States unrestricted. She has received no private information from New York, and knows only what the newspapers carry. In regard to her mother's arrest, Christy cited the cases of Canuso, who was allowed to enter the United States unchallenged, the he had been convicted of a misdemeanor in this country itself.

ACCLAIM SULZER AS A COMING PRESIDENT

Hundreds of Admirers Invade Executive Mansion on Farewell Night and Cheer "Victim of Corrupt Bossism"—Sulzer Says He'll Fight for Honest Government.

ALBANY, N.Y., Oct. 18.—(Can. Press.)—There was no fire, oratory and music by a brass band at the executive mansion tonight, when several hundred admirers of William Sulzer called to present him with a loving cup.

LAURIER PLEDGED TO REDUCTION OF TARIFF

Downward Revision Necessary to Cut Cost of Living, Says Leader in Addressing Large Gathering at Joliette—Liberal Party Unalterably Opposed to "Tribute to England."

JOLIETTE, Que., Oct. 18.—(Can. Press.)—The necessity of reducing the tariff for the purpose of cutting down the high cost of living was announced by Sir Wilfrid Laurier here today as being the first item on the Liberal program, which was, said the leader of the opposition, more important to Canadians than the building of dreadnoughts. The second item was more railways, especially the connection of Montreal with the transcontinental, and, finally, Sir Wilfrid repeated that the Liberals would oppose any tribute to England in the shape of a contribution of \$35,000,000, as proposed by the government at the last session of parliament.

An Effective Reply.

This sums up the essential part of what Huerta had to say today concerning rumors printed in the United States that he had resigned or fled to Vera Cruz to take ship to Europe, in a long interview which The Toronto World correspondent had with him this afternoon at the National Palace. "Tell me, what is this they are saying about my resigning and leaving the country?" was the way he began the interview. Huerta speaks little English and reads the language scarcely at all. The telegrams referring to the subject were translated to him. "Here I am, as you see," said he, extending his arms in a wide sweep from his body. "So you may with a clear conscience inform the people of the United States that I, the President of the Mexican Republic, am still in the National Palace attending to the business of the nation, according to the best of my poor ability."

A Willy Strategist.

Huerta chuckled quietly to himself, then launched into a story concerning Benito Juarez, one of the great Mexican presidents and patriots. It had to do with Juarez when he was

U. S. a Laughing Stock.

Miss Amy Maud Hicks, who has served several terms of imprisonment for window breaking and "obstruction," said:

"I am greatly surprised that the American immigration authorities should take such action which would tend to make the United States, equally with England, the laughing stock of the civilized world, as regards the treatment of militants, but I confidently expect that the American suffragettes will make such a protest as will lead to the rescinding of the deportation order."

RITUAL MURDER CHARGE FAILING

KIEV, Oct. 18.—(Can. Press.)—The myth concerning the presence of two Jews in the neighborhood about the time the boy, Andrew Yushinsky, was murdered was dispelled today at the trial of Mendel Bellis, charged with the murder, by the Jews in question, London and Etlinger by name, who turned out to be very ordinary individuals, but testified in a straightforward fashion, accounting for all their movements. It had been alleged that these two men were in some way connected with crime.

FAIR AND VINCENT OUT OF THE TOILS

Left for New York in Custody, But Will Get Bail.

AND THEN TO EUROPE

Or South America, or Some Other Faraway Haven of Refuge.

Robert Fair, alias Robert Gonderf, and Charles Vincent in spite of every effort of the local police to hold them here to face a charge of defrauding local real estate men, have slipped thru the hands of the local authorities.

These two men are about the smoothest pair of criminals that Toronto police ever had to deal with. One of them laughingly remarked to Sergeant Mackie Saturday night that the five weeks they had spent in jail here was the longest time they had ever been behind the bars.

Another idea is to have only five wards with three aldermen from each. These two propositions are being considered by the sub-committee appointed, and its report will be awaited with interest.

Incline Doesn't Pay. At a meeting of a sub-committee of the works committee on Friday, Geo. F. Webb proposed an incline at the foot of Wentworth street were approved.

Assaulted and Robbed. James Austin, aged 25, 100 North James street, was found unconscious at the corner of Bay and Adelaide streets at 8 o'clock Saturday night, having been assaulted and robbed of \$100.

Nurse Injured. Mrs. Smelcer, 15 Chevre street, was run over by a G.T.R. freight train at the crossing of the main line on Saturday morning.

Whoooping Cough. There is an epidemic of whooping cough in Hamilton, sixteen cases having been reported last week.

Bank Clearings. The bank clearings for the week ending today show a considerable increase over those of the corresponding week last year.

Collision. When turning from the street into the Tudhope garage, West King street, shortly after 6 o'clock on Saturday evening, automobile No. 23,470, owned and driven by H. H. Hastings of Toronto, collided with a street car.

HAMILTON MAN BADLY BEATEN

James Austin Found on Street After Having Been Robbed.

MAY BE WARD REVISION

Twelve Districts With One Alderman From Each is Proposed.

HAMILTON, Oct. 19.—(Special).—The revision of Hamilton's present ward system is causing the city officials considerable anxiety just now.

Following the request of two east end societies before the legislation committee on Friday evening to add another ward to the city, the Hamilton Board of Aldermen four representatives in the city council, some of the aldermen are seriously contemplating a redistribution of the wards.

The most favored plan is to have twelve wards in the city with one representative from each. This would reduce the council membership from 21 to 17. The aldermen point out that with such an arrangement there need only be two committees—the works committee, and a general committee incorporating the duties of the legislation, fire and police, and property committees.

Another idea is to have only five wards with three aldermen from each. These two propositions are being considered by the sub-committee appointed, and its report will be awaited with interest.

UNION OPPONENTS ISSUE PAMPHLET

Presbyterian Minority Gives Reasons Why Church Unity is Not Practicable.

Vigorous declarations against organic union are contained in a pamphlet issued by "the joint committee" representing the minority of the Presbyterian General Assembly on the union issue.

The majority vote of the general assembly in favor of the union was not feasible at the present time.

Seven reasons are elaborated for "the discontinuance of the present agitation." Summarized the seven arguments against the organic union of the Presbyterian denominations with the Methodists and Congregationalists are claimed to be:

1. The Presbyterian church is the oldest type of Christian organization in the world, that of the Church of the New Testament, and patterned after the Church of God in the Old Testament.

2. Christian unity does not demand uniformity of name and organization.

3. There is no warrant in scripture for making organic unity an obligation of the Church of Christ on earth.

4. The proposed change would mean less effective work.

5. Historically the lands where one church has existed have steadily increasing spiritual deadness.

6. The proposed basis is seriously defective and ambiguous in doctrinal teaching.

7. The vote of the three churches shows that none of them is prepared for union.

Like to Have and Should Have Beautiful Home Things

It's a pretty serious bit of business this furnishing a home and one that calls for careful consideration. A beautiful home doesn't necessarily mean an expensive home, neither does it mean that only those who have money enough laid by can possess one.

Many a young man may be putting off getting married because of the big "first cost" of furnishing a home that a cash outlay imposes. To these we say---come in and learn about the very easy and simple arrangements we make for equipping a home.

Adams' Popular "Charge Account" Plan has paved the way to the making of Thousands of Beautiful Homes in this city whose existence would have remained a matter of long-deferred uncertainty.

The furnishing of a nice, comfortable little home is not the big, costly affair that many imagine—not in the Adams Store at least. Many young folks who come to us are really amazed at how little it costs, and still more agreeably surprised to find how very easy we make the terms each week or month as suits them best. We know that many young men, who have the courage and the right convictions,

only lack the knowledge of this store's willingness to provide the furnishings of a home, allowing an extended period of time to pay for them that fits in conveniently with the average man's income. If you have hesitated about making the start because you "couldn't afford it," or "hadn't the ready money," don't hesitate any longer. Come in and let us show you how EXTREMELY EASY we can set you up in a nice home without having to wait one day longer.

TO DANCE TANGO BEFORE SAVANTS

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. PARIS, Oct. 17.—An almost incredible event is about to happen at the Institute of France, which since its foundation has been regarded as the home of unbounded and uncompromising conservatism. The academy, comprising the Institute, after hearing a discourse tomorrow by Richepen on the tango, will hold

their annual banquet, after which the tango will be danced by Mile. Eve Lavallée, an actress. The mere thought of such a thing is sufficient to make Richepen and Colbert turn in their graves.

R. M. C. Swamped Presbyterians

Royal Military College demonstrated that their win over Toronto a week ago was not a fluke when they outclassed Queens Saturday in an intercollegiate Union fixture by the score of 15 to 8. Only a small crowd of spectators, which was played on a rather sloppy field, with a misty rain and a stiff wind making things particularly unpleasant for the men. The Presbyterians held the Cadets well until the third quarter, when the spidery boys romped away and piled up a big score.

R.M.C. won the toss and Barwis soon booted the ball to the dead-line, securing a point for the Cadets. McQuay broke away and went over for a touch, which was not converted, giving Queens the lead. Brownfield booted to the dead-line. The score at the end of the first quarter stood: Queens 5, R.M.C. 2. Hazlett started to push right from the start of the second quarter, but he fumbled the return so badly that the cadets soon had him on the defensive, and soon afterwards Barwis booted, forcing Hill to rouse. Hazlett tried some trick plays which failed to catch on, after several unsuccessful attempts Hazlett finally booted the oval to the dead-line for a point. Half-time was called soon afterwards without any further score. The score stood at half-time: Queens 6, R.M.C. 2.

With a three-point lead to commence the third quarter, it looked as if Queens might pull out, although R.M.C. had been favorites from the start. Hazlett changed his tactics and started to buck on every down. The heavy Queens line began to make progress, and two R.M.C. players were injured. Barwis finally stopped them by some brilliant punting, and after reaching the 25-yard line booted to the dead-line for another point. Barwis again out-booted Hazlett in an exchange of punts, and brought the cadets up within one point of their opponents with another dead-line kick. The third quarter ended: Queens 6, R.M.C. 5. With the wind in their favor, Queens found R.M.C. playing a very aggressive game, and when Hazlett, their star punter, was injured early in the period, Barwis gained a lot of ground with his punting. He tied the score after five minutes' play with another boot to the dead-line. From then on the game became a procession, with Barwis either kicking to the dead-line or forcing Queens' halves to rouse. He dropped a field goal also, and the game ended 15 to 8 in favor of the cadets. The Presbyterians were shut out in the last half.

The teams:
Queens (6)—Flying wing, Macdonnell; right half, McCartney; centre half, Hazlett; left half, Hill; quarter, Galsley; wings, Kennedy, White, Ellis; scrummers, McLaughlan, McLeod, McCusy; wings, McQuigam, Fodden, Boyd.
R.M.C. (15)—Flying wing, Brownfield; right half, Barwis; centre half, McCusy; left half, Clark; quarter, Cochran; wings, Kiddermaster, Dobbie, Ross; scrummers, Wilkins, MacKeen, Greenwood; wings, Schoenberger, Stewart, Mathews.

Dan Dailey Puts Palzer to Sleep

PITTSBURG, Pa., Oct. 18.—Al Palzer of New York, heavyweight pugilist, was knocked out in the second round of a six round boxing contest here tonight by Dan Dailey of Newcastle, Pa., with a left and right to the jaw. Previously Palzer had been knocked down with a left hook to the jaw. Palzer had to be carried from the ring.

The fight tonight was the second surprise here within a week. Last Saturday night George Chip of Madison, Pa., a miner, a companion of Dailey, knocked out Frank Klaus, reputed to have been the middleweight champion, in the first round of Klaus in the sixth round of that bout was a sensation. Dailey's feat of knocking out Palzer tonight was viewed in a similar manner.

In the first round Dailey showed amazing footwork and was quick. He seemed to land at will. The second round was merely a repetition of the first with Dailey then administering a much heavier blow. After a minute's fighting in the second round Dailey dropped Palzer for the count of nine. Palzer arose and clinched. Dailey then drove left and right to the jaw and the fight was over.

RAIN STOPS TROTTERS.

Three races remained, but owing to the bad condition of the track, it was decided to declare them off entirely.

WILL ENJOY DEEP WATER NAVIGATION

Massena Village to Be Connected With St. Lawrence and Lake Ports.

CORNWALL, Oct. 19.—(Special.)—The St. Lawrence Power Company of Massena has been granted permission to dredge the Grasse River from the power house to its mouth, a distance of nine miles, in order that the river may be capable of carrying away the waste water from the present power house and the new one which is in course of erection. When completed the scheme will connect Massena with other ports that now enjoy deep water navigation and will allow the larger vessels that now use the St. Lawrence route to proceed by way of the new Grasse River direct to Massena and discharge any heavy shipments such as coal, etc., which now have to be taken in by rail. As a result, the people of that village expect material reductions in their shipping charges.

The Grasse River at present is in many places not more than five or six feet deep, and is very winding in its course. The company proposes to dredge the river to a depth of from 20 to 25 feet and to a width of at least 100 feet.

One great advantage to the people of Massena, in the deep water navigation from both directions, and any vessel that can navigate the St. Lawrence can get to Massena with a full load. Vessels from the east will come directly up the Grasse River without going thru the Cornwall Canal, and those going down will pass thru the Cornwall Canal, then circle and come into the Grasse River.

HEAVY DAMAGE AT PENITENTIARY FIRE

Estimated Loss Sixteen Thousand Dollars—Broke Out in Laundry.

KINGSTON, Oct. 19.—(Special.)—Fire which broke out in the drying room of the laundry at the penitentiary Saturday night did damage estimated at \$16,000.

When the fire started the guards on duty turned out to fight it, but had eventually to call upon Chief Armstrong for aid. The chief sent out seven men with equipment, including steamer, and had the fire under control in good time.

Panic Prevented.

The cause of the fire is unknown. It started at a lively rate in the drying room, made its way up the elevator shaft to what is known as the hanging room and then worked itself to the roof. The fact that it was away from the cells prevented panic among the convicts. If the fire had occurred in the day time while the men were at work there might have been serious trouble.

This is the first time a fire has occurred in the penitentiary in twenty years. Quite a large consignment of prison clothing went up in smoke. An investigation will be made as to the cause.

Colonel Irvine, warden, notified the government at Ottawa of the fire, and as soon as possible steps will be taken to restore the burned part of the building.

"Safety First" Work in Ottawa.

In view of the great interest being taken at the present time throughout Canada and especially by the railroad officials in the "Safety First Movement" it might be timely to note the results of similar work being done at the plant of the Federated People's Limited.

This matter was first broached in June and after thorough consideration a "Safety First Committee" was appointed. It has been the aim of the committee to safeguard in every possible way all machines, belts, presses, and equipment in such a way that personal injuries and accidents will be the exception instead of the rule. In addition, any place where there is a possibility of danger has an enamel metal sign displayed, with the International Safety First danger signal. A set of cautionary rules has also been devised and posted up freely so that all the employees may get the Safety First habit.

Since inaugurating this movement, the personal injuries have been reduced to a minimum, and both the firm and workmen are highly gratified.

PARIS, Oct. 19.—Minister of Commerce Masse has started experiments with a view to establishing a regular aeroplane postal service from Paris to catch the West Indian and South American steamers at Pauillac, a port near Bordeaux.

The first trial was highly successful, an aeroplane making the journey in seven hours and a quarter, gaining fifteen hours for the mails.

It is estimated that a fast monoplane can catch between seventy and one hundred and twenty-five pounds of letters. Each letter will have to pay a supplementary tax of from five to twenty-five cents, to cover the expense of the enterprise.

The mails "via aeroplane" will leave Paris by fast auto for Bayona or Villacoublay, where a monoplane will be waiting. The flying world anticipates the exclusive use of the aeroplane for transporting late rush mails from Paris to the chief capitals of Europe and also to catch the transatlantic steamers at the last moment before sailing.

MANY REASONS WHY SHE SHOULD VOTE

Equal Franchise League Pamphlet Met Hearty Welcome From Women.

Towards the close of their last season's work the Equal Franchise League issued a leaflet bearing the caption "Why Women Should Vote." Seven reasons were noted. It was pointed out that women must obey the laws as men do, and that women equally with men look to the government for the safeguarding of their interests.

The fact that home industry, has in a large measure given way to factory work, was emphasized, and the inference drawn that girls who will be mothers, and to a greater extent influenced by conditions which can only be dealt with thru legislation.

It was pointed out that the granting of the ballot to women will make it harder for immoral men to be nominated and elected.

Quietest Enlistment Seen.

A clause in the leaflet drew attention to the fact that the vote is the quietest, easiest and least conspicuous method by which public affairs can be influenced.

Slips attached for signatures, and bearing the statement, "I, an Canadian woman, do hereby declare, I am returned by several hundred men and women, and came from a widespread area. Amongst the localities represented are Toronto, Thamesville, Lakeshore, Hamilton, Bowmanville, Peterboro, Blind Bay, Foston Falls, Coburg, New Ontario, Orillia, Glenora, Hastings, Young's Point, North Bay and Fort William.

Both Men and Women.

Amongst those who signed were many clergymen, doctors, merchants, lawyers, farmers, bank managers, newspaper editors, justices, as well as a member of the provincial legislature. Amongst the women were nurses, teachers, social and church workers, presidents of women's institutes and women from many and various walks of life. A large number were married women, and mothers.

It is certain that other suffrage societies in Toronto and elsewhere could add very considerably to this list. These leaflets can be obtained on application to Mrs. L. A. Hamilton, 23 St. Joseph street, Toronto. Lists of localities and occupation of those signing will be published from time to time, as at present, but no names will be made public. The league hopes that all men and women in sympathy with the suffrage cause will use this opportunity of giving a tangible proof of their faith.

While, more than 300 people have purchased lots within a short time, there are plenty of the very best lots left. Come out TODAY and see them.

You can buy a cottage—We have built or are building sixteen cottages. The illustration and description to the right will inform you more fully about them—but here is the important point—\$200 puts you in possession of a home—the balance you pay at the rate of \$10 per month, which is much less than rent would cost you. Isn't that a whole lot easier than rent? Every cent of it is bringing closer the day when you will absolutely own your home. The cottages are \$1,200, and when you see them you will admit that they seem to be worth more.

It is Convenient to Get to Regents Park

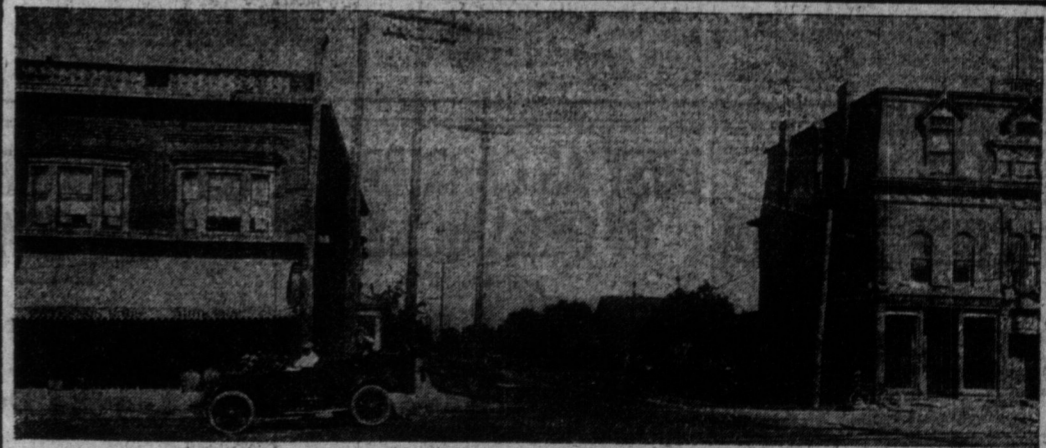

To get to Regents Park, go out to the corner of Danforth avenue and Dawes road—this corner is illustrated here—there you turn north, under the viaduct, past the Massey estate which Regents Park adjoins. There is a sidewalk all the way. In a few days cars will be running along Danforth avenue past Dawes road, and it is only eleven minutes' walk from there to Regents Park. There is a bank and stores, churches and schools, all near the Park. No other property so conveniently located is offered at this price anywhere near the city.

This illustrates one of the 16 cottages we have to sell. They are very comfortable; four rooms, nicely arranged, and well finished. Only \$10 a month for a home like this. Don't you want one?

This shows one cottage being finished and one in course of construction. These cottages are well constructed—Manitoba siding, tar paper lining, heavy side boarding, and plastered. Only \$1,200—and you will wonder how we did it for the price when you see them.

Here is the corner of Danforth Avenue and Dawes Road. You will know this corner by the bank and store. Churches, school, stores, and soon the street cars, are conveniences available to residents of Regents Park.

Let Us take you to the Park Today—We will be glad to motor you out to the Park. It will place you under no obligation. If you can come today, telephone us (Main 7281) any time between 9 a.m. and 9 p.m., and make an appointment. If you wish to go out later in the week, send in the Coupon.

Are you going to take the first step along the pathway to independence? The way will never be easier, and the opportunity is NOW.

LAST WOMAN TO LEAVE VOLTURNO JOINS FAMILY

Wild Scenes of Joy Witnessed When Mrs. Polack Joins Children Whom She Thought Drowned.

NEW YORK, Oct. 18.—(Can. Press).—The arrival today of eleven women saved from the burning Volturno by the freighter Rappahannock was the signal for the wildest scenes of joyous thanksgiving witnessed here since the rescuing fleet began to bring in their cargoes of survivors. The women were transferred at Halifax from the Rappahannock to the liner Florida, which docked in Brooklyn. Excepting one Pole they all were Russian Jews traveling in the Volturno's steerage.

Ten of them were young girls. The eleventh was Mrs. Pola Polack, and the scene at the dock as she met her three children whom she had given up for lost, brought tears to the eyes of the immigrant officers accustomed as they have grown of late to such family reunions.

Mrs. Polack was the last woman to leave the Volturno. She was lowered into one of the Rappahannock's boats believing that her children already were there. When the boat put off from the burning ship and she found that the little ones were left behind she became hysterical and the boat's crew had all they could do to keep her from jumping overboard. She remained in a hysterical, half-conscious condition during all the journey to New York. Here for the first time she learned that the children had been saved by one of the boats from the Koonland. They met her at the dock with their father, an east side merchant.

The ten girls were taken care of by the Jewish immigrant societies, and many of them learned for the first time that their fathers and other male relatives had been saved and brought here on the Koonland.

According to one of these girls, Esther Caplan, one woman was killed by a rocket on the Volturno the night the fire broke out. While the crew were sending up rockets as signals of distress one of the missiles, she said, struck the woman on the head.

Medals For Rescuers.
HAVRE, France, Oct. 18.—Many of the officers and crew of the French Atlantic liner La Touraine, who took part in the rescue of the passengers of the Volturno were decorated with medals today by the French Government before the departure of the vessel for New York. A. De Monle, under secretary of state for the Mercantile Marine, went on board the liner and in the name of the government bestowed gold medals of the first class on second Captain Rousselet and Lieutenants Isidore, Le Baron and Boyer, and on the Mate Coutra. Gold medals of the second class or silver medals were presented to 27 other petty officers, seamen and stokers.

WOMEN SAY PLUMES ARE IMITATIONS

U. S. Customs Inspectors Are Having No Trouble Over Aigrette Importation Law.

NEW YORK, Oct. 18.—(Can. Press).—Customs inspectors report that since the new regulation preventing the importation of aigrettes into this country took effect a week ago, 12 women arriving from Europe have voluntarily surrendered to the government plumets they had brought with them.

The inspectors have not yet found it necessary to ruthlessly tear feathers from hats, but in most of the cases the women who gave up their plumets said they were only imitations. In four cases the women swore the aigrettes were purchased in this country; and in these instances the feathers were returned to their owners. In eight of the cases the feathers had been kept by the government, and are still in the public stores.

RAILWAY TRACKS SINK FORTY FEET

Weight of Engine and Ten Trucks Causes Serious Land Drop.

PORT WILLIAM, Oct. 18.—(Can. Press).—The C. P. R. tracks sank to a depth of 40 feet for a distance of 500 feet under the weight of a work train consisting of an engine and ten cars, last night near Gosport siding. It is said that in the days of the construction of the C. P. R. line thru this vicinity an engine attached to a string of cars sank thru the grade and was never recovered. Some probability is that the wreck last night was at the same place is given by the finding of logs of bad spikes and rusted nails along the track at this place. A westbound passenger train had passed over the spot 20 minutes before the grade gave way.

HUERTA WILL FIGHT TO DEATH

(Continued From Page 1.)

solely beset by internal foes and demands were coming from many quarters for his resignation. It went to strike a parallel between Huerta's present case and Juarez's. "But you must not use that," cautioned Huerta. "I am telling you that as between enemies would say that I am trying to make myself to be as great a man as Juarez."

Then he uttered with fine emphasis the sentences with which this cablegram opens. Every accent and gesture bespoke sincerity. While speaking he gazed steadily into the eyes of the interviewer. Now and then he would bring his fist down upon the table with a bang, but this period of impassioned feeling was brief. Suddenly when he had finished what he wanted to say he broke into a laugh.

"Please a cigaret," he demanded, holding out his hand rapidly in succession to other members of his cabinet. Lighting it from the glowing end of one being smoked by one of his party he went on talking.

"Persons who chatted about my resigning do not flatter me by assuming that I have a proper regard for my duties and responsibilities to my country. My duty is to restore peace to Mexico, and I shall not abandon duty to Restore Peace. I am disabled by some force more powerful than I."

There are difficulties and discouragements in the situation, yes, but of

AMERICAN HOSPITAL WANTED IN LONDON

LONDON, Oct. 18.—A movement, headed by several socially prominent Anglo-Americans, has been started to provide an American ward for the East London Hospital. The American colony has awakened to the fact that while other nationalities support hospitals of their own in London, not even a bed is endowed as an American bed in any hospital in the British capital.

My army is in excellent condition, well paid, energetic and patriotic. The Huerta affair was unfortunate, yes, but it was not the disaster to the federal arms that some persons seem to think. There are eight thousand troops bound for Torreon now which will retake the city by the end of the month. You may depend upon that.

"Much of the territory in the north that was in the hands of the rebels is now tranquil. They have done their worst."

When the talk veered upon the dissolution of congress and the prospective results of the election. "That is done," emphatically said Huerta, referring to the episode of congress. "It was necessary for the country's welfare to dispense with that body of men who were treasonably utilizing the powers vested in them by the constitution to promote dissension in our country."

"So far as the elections are concerned, I will be held. Who will be chosen president I do not know. But it will be a free election. My government does not concern itself with the result. I have no candidate with my energies and resources now are occupied in pacifying the country. That is my task, one which I am pledged to the nation to accomplish if I can. That is keeping me busy."

With his forefinger uplifted in a typical Mexican gesture of negation, General Huerta dismissed an endeavor to begin discussion of his government's relations with the United States and President Wilson's latest note on the dissolution of congress.

"That is something for the foreign office to talk about," said he. "That comes within the scope of diplomacy. I am a fighting man, not a diplomat. If the slightest concern over his personal fortunes or those of his administration beset Huerta inwardly it was not indicated in his manner or speech this afternoon. Much was said by him upon which he placed his interdiction so far as quoting him went. He was smiling, humorous, almost jocose to the final sentence.

I have no candidate with my energies and resources now are occupied in pacifying the country. That is my task, one which I am pledged to the nation to accomplish if I can. That is keeping me busy."

With his forefinger uplifted in a typical Mexican gesture of negation, General Huerta dismissed an endeavor to begin discussion of his government's relations with the United States and President Wilson's latest note on the dissolution of congress.

"That is something for the foreign office to talk about," said he. "That comes within the scope of diplomacy. I am a fighting man, not a diplomat. If the slightest concern over his personal fortunes or those of his administration beset Huerta inwardly it was not indicated in his manner or speech this afternoon. Much was said by him upon which he placed his interdiction so far as quoting him went. He was smiling, humorous, almost jocose to the final sentence.

APPEAL TO RUSSIAN CONSUL

Resolution Framed by Jewish Citizens Will Be Forwarded to Montreal.

DENY 'RITUAL MURDER'

Four Thousand Hebrews Gathered to Protest Against Kiev Court Case.

As a protest against what they term a cruel and unjust treatment of their people by the Russian Government...

There were many speakers, and all denounced the Jewish people of Canada in connection with the persecution of Russian Jews.

The case outlined of the mass meeting seemed to be expressed in its utterances of Rabbi Mankin of Hamilton.

Not only was there an absolute lack of evidence to support this contention, declared Rabbi Mankin, but the charge of such a religious teaching was entirely in contradiction to the Jewish faith.

After exhorting the people to take a firm stand and do all in their power to assist their oppressed brethren in Russia, the speaker launched forth in a criticism of a Toronto Rabbi, who, he alleged, went to Ottawa to save the life of a convicted criminal.

Rabbi Jacob Gordon stirred the meeting with his interpretation of the "malicious, unjust, unfounded, and entirely untrue" charges which had been attached to the Jewish nation by the "blood ritual murder case."

The proposal to use for housing purposes the west side of the Bickford ravine was warmly condemned by Ward Five Central Ratepayers' Association.

OWNERS SOUND, Oct. 18.—(Special.)—John Healy, aged 49, a foreman of the Deser Cement Works here, was caught in one of the crushing machines this morning and killed instantly.
