First Session, Twenty-Third Parliament, 6 Elizabeth II, 1957.

THE SENATE OF CANADA

BILL B.

An Act respecting British Columbia Telephone Company.

Read a first time, Tuesday, 22nd October, 1957.

Honourable Senator FARRIS:

EDMOND CLOUTIER, C.M.G., O.A., D.S.P.
QUEEN'S PRINTER AND CONTROLLER OF STATIONERY
OTTAWA, 1957

1st Session, 23rd Parliament, 6 Elizabeth II, 1957.

THE SENATE OF CANADA

BILL B.

An Act respecting British Columbia Telephone Company.

1916, c. 66;
1940-41, c. 36;
1947, c. 86;
1951, c. 85.

WHEREAS British Columbia Telephone Company, hereinafter called "the Company", has by its petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the petition: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Repeal.

1. Subsection (1) of section 6 of chapter 66 of the statutes of 1916, as amended by section 3 of chapter 36 of the statutes of 1940-41, as further amended by section 1 of chapter 86 of the statutes of 1947 and as further amended by section 2 of chapter 85 of the statutes of 1951, is repealed and the following substituted therefor:—

Capital Stock.

“6. (1) The capital stock of the Company may be increased from time to time by such amounts as the directors consider requisite for the due carrying out of the objects of the Company, such increase to be effected by resolution of the directors by and with the consent of a majority of two-thirds in value of the ordinary shareholders present or represented by proxy at any annual general meeting or at any special general meeting of the ordinary shareholders called for that purpose: Provided that the total capital stock of the Company, including the present authorized stock, shall not exceed two hundred and fifty million dollars.”

Proviso.

EXPLANATORY NOTES.

The sole purpose of this Bill is to increase the authorized capital of the Company from 75 million to 250 million dollars.

The demand for telephone facilities brought about by the tremendous growth and expansion in British Columbia over the past recent years requires a continuing flow of new capital in substantial amounts to meet this unprecedented demand. The Company has found it necessary to embark on the greatest construction program in its history and the financial requirements can only be met by an increase in the authorized capital of the Company.

Section 6 of chapter 66 of the statutes of 1916 as amended now reads as follows:—

“6. (1) The capital stock of the Company may be increased from time to time by such amounts as the directors consider requisite for the due carrying out of the objects of the Company, such increase to be effected by resolution of the directors by and with the consent of a majority of two-thirds in value of the ordinary shareholders present or represented by proxy at any annual general meeting or at any special general meeting of the ordinary shareholders called for that purpose: Provided that the total capital stock of the Company, including the present authorized stock, shall not exceed seventy-five million dollars;

(2) Notwithstanding anything in chapter sixty-six of the statutes of 1916 or in any other Act respecting the Company such of the capital stock of the Company as may consist of ordinary shares, either heretofore or hereafter issued, is hereby subdivided into shares of a par value of twenty-five dollars each. Every person holding an ordinary share or shares of a par value of one hundred dollars each shall hereafter be deemed to be the holder of the same aggregate amount of the stock divided into ordinary shares of twenty-five dollars each, and on surrender of the share certificate or share certificates for ordinary shares of a par value of one hundred dollars each held by him, shall be entitled to receive

in exchange therefor a new certificate or certificates for the same aggregate amount of stock expressed in ordinary shares of a par value of twenty-five dollars.

(3) The Company shall not have power to make any issue, sale or other disposition of its capital stock or any part thereof, without first obtaining the approval of the Board of Transport Commissioners for Canada of the amount, terms or conditions of such issue, sale or other disposition of such capital stock.

(4) Subsection two of this section shall come into force on the first day of July, 1951, or on such earlier date as the directors of the Company may fix by resolution.

(5) Subject always to the provisions of subsection three of this section the Company may pay a commission to any person in consideration of his subscribing or agreeing to subscribe, whether absolutely or conditionally, for any shares in the Company, or procuring or agreeing to procure subscriptions, whether absolute or conditional, for any shares in the Company."

THE SENATE OF CANADA

BILL C.

An Act respecting The Bell Telephone Company of Canada.

Read a first time, Tuesday, 22nd October, 1957.

Honourable Senator BOUFFARD.

96775

EDMOND CLOUTIER, C.M.G., O.A., D.S.P.
QUEEN'S PRINTER AND CONTROLLER OF STATIONERY
OTTAWA, 1957

1st Session, 23rd Parliament, 6 Elizabeth II, 1957.

THE SENATE OF CANADA

BILL C.

An Act respecting The Bell Telephone Company of Canada.

Preamble.
1880, c. 67;
1882, c. 95;
1884, c. 88;
1892, c. 67;
1894, c. 108;
1902, c. 41;
1906, c. 61;
1920, c. 100;
1929, c. 93;
1948, c. 81.

WHEREAS The Bell Telephone Company of Canada has by its petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the petition: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Power to increase capital.

1. The capital stock of The Bell Telephone Company of Canada, hereinafter called “the Company”, may be increased from time to time by such amounts as the shareholders may deem necessary for the purposes, objects and undertaking of the Company, such increases to be effected by resolution of the directors duly confirmed by a majority of the votes cast at any annual or special general meeting of the shareholders called for considering the resolution: Provided that the total capital stock of the Company, including the present authorized capital stock, shall not exceed one thousand million dollars, and shall be divided into shares of the par value of twenty-five dollars each.

Proviso.

EXPLANATORY NOTES.

Clause 1. The purpose of this clause is to obtain authority to increase the capital stock of the Company from \$500,000,000 to \$1,000,000,000.

The Company's present authorized capital stock is \$500,000,000, created under the authority of section 1 of chapter 81 of the statutes of 1948, which would be repealed by clause 4 of this bill.

By section 3 of chapter 81 of the statutes of 1948, the capital stock of the Company was subdivided into shares of the par value of twenty-five dollars each.

As of July 31, 1957, \$445,988,175 of the authorized capital stock has been paid in full and issued, and \$19,315,950 is under subscription by employees under the provisions of the Company's "Employees' Stock Plan", leaving only \$34,695,875 of the authorized capital stock available under the Company's present capitalization. This balance of \$34,695,875 is being continually reduced by the issue of shares under the aforementioned "Employees' Stock Plan". It is estimated that in the course of the next twelve months, this balance will decline to less than \$26,000,000. This would fall far short of the amount required to enable the Company to make an issue of capital stock which would provide it with the capital which would be required when it next finances by that means.

As a utility furnishing an essential service the Company is continuously engaged in a construction program for the enlargement and extension of its system and of its services to meet the ever-growing demands for communication in the territory it serves. The growth and development in Canada has been such that between January 1, 1946, and July 31, 1957, the Company has expended the sum of \$1,011,578,000 on construction in extending, enlarging and improving its telephone plant, equipment, buildings and system. This expenditure has enabled the Company to place 1,822,992 (net) additional telephones in service and to greatly extend its long distance lines in an effort to meet the public demand for its services.

The extent of this demand, and the corresponding requirement for the construction of plant and facilities, is demonstrated by the fact that, despite the placing in service of 1,822,992 (net) additional telephones since January 1, 1946, as above stated, the Company is still faced with 25,517 unfilled applications for telephone service in addition to a current demand for new telephone service at the rate of about 10,000 applications per month, a backlog of 53,080 applications for a higher grade of service and the further necessity for increasing and extending its long distance facilities.

Issue and
sale of
stock,
subject to
approval of
Board of
Transport
Commis-
sioners
for Canada.

2. The Company shall not have power to make any issue, sale or other disposition of its capital stock, or any part thereof, without first obtaining the approval of the Board of Transport Commissioners for Canada of the amount, terms and conditions of such issue, sale or other disposition of such capital stock. The issue, sale or other disposition of capital stock by the Company in accordance with such approval shall be legal and valid for all purposes. 5

Company
may pay
commissions
on subscrip-
tions.

3. Subject to the provisions of section 2 of this Act, the Company may pay a commission to any person in considera- 10 tion of his subscribing or agreeing to subscribe, whether absolutely or conditionally, for any shares of the capital stock of the Company, or procuring or agreeing to procure subscriptions, whether absolute or conditional, for any such shares. 15

Repeal.
1948, c. 81.

4. Section 1 of chapter 81 of the statutes of 1948 is repealed, but such repeal shall not affect any increases in the Company's authorized capital stock effected thereunder.

The Company has made an estimate of its construction program for the five-year period ending in 1962. This program will involve the Company in construction expenditures estimated to amount to \$962,000,000. Further construction will be required thereafter to meet the needs indicated by the continuing growth and development of Canada.

In the last three years, the par value of the stock issued has averaged in excess of \$50,000,000 per year. It is expected that it will be necessary to maintain a high level of construction expenditures in the foreseeable future. This view appears to be strongly supported by the estimates of population and housing development submitted by various authorities to the Royal Commission on Canada's Economic Prospects.

The increase in capital to \$1,000,000,000 is therefore necessary to provide funds for capital expenditures to improve, increase and extend the Company's plant, facilities and properties and to provide the necessary spare or standby facilities to meet the present and future needs of the public and to enable the Company again to meet its statutory obligation to furnish telephone service on demand.

Clause 2. The clause re-enacts subsection (2) of section 1 of chapter 81 of the statutes of 1948, which would be repealed by clause 4 of this bill. The last sentence has been added. It is a necessary complement to clause 3 of this bill which extends the jurisdiction of the Board of Transport Commissioners for Canada to the matter of commissions which may be paid in respect of the issue of capital stock. Once the Board's approval is obtained, no question should arise as to the legal effect of anything done pursuant thereto.

Clause 3. This clause is new. It empowers the Company to pay commissions to persons agreeing to subscribe, or procuring subscriptions, for shares of its capital stock. The Company at present does not have this power. It is to be noted that the amount of any such commission is subject to the approval of the Board of Transport Commissioners for Canada under clause 2.

Clause 4. Section 1 of chapter 81 of the statutes of 1948 reads as follows:—

"1. (1) The capital stock of The Bell Telephone Company of Canada, hereinafter called "the Company", may be increased from time to time by such amounts as the shareholders may deem necessary for the proper extension of the undertaking of the Company, such increases to be effected by resolution of the Directors by and with the consent of a majority in value of the shareholders present or represented by proxy at any annual general meeting or at any special general meeting of the shareholders called for that purpose: Provided that the total capital stock of the Company, including the present authorized capital stock, shall not exceed five hundred million dollars.

(2) The Company shall not have power to make any issue, sale or other disposition of its capital stock, or any part thereof, without first obtaining the approval of The Board of Transport Commissioners for Canada of the amount, terms and conditions of such issue, sale or other disposition of such capital stock."

2. Ottawa and New York Railway Company is dissolved.

EXPLANATORY NOTE

The purpose of this Bill is to dissolve Ottawa and New York Railway Company.

The Company was incorporated by chapter 78 of the statutes of 1882 under the name of Ontario Pacific Railway Company, which name was subsequently changed to The Ottawa and New York Railway Company by chapter 57 of the statutes of 1897 and to its present form by chapter 82 of the statutes of 1898. Other amendments were granted from time to time extending the date for the completion of the undertaking and varying the powers of the Company.

There are believed to be no outstanding claims against the Company, but clause I of the Bill has been included in order to insure that any possible third party claims will be protected.

As mentioned in the preamble, the Company is a wholly owned subsidiary of The New York Central Railroad Company and for many years the latter Company operated the railway under a long term lease as part of the New York Central System.

The abandonment of the railway was made necessary by the removal of the Roosevelt Bridge at Cornwall for purposes connected with the development of the St. Lawrence River.

BILL H.

An Act respecting Brazilian Traction, Light and Power Company, Limited.

Preamble.
1912, c. 72;
1914, c. 131.

WHEREAS Brazilian Traction, Light and Power Company, Limited, has by its petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the petition: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:— 5

Repeal.

1. Section 5 of chapter 131 of the statutes of 1914 is repealed.

EXPLANATORY NOTE.

Brazilian Traction, Light and Power Company, Limited, was incorporated in 1912 under the *Companies Act, 1906*. Section 76 of that Act limited the maximum number of directors of companies incorporated under it to fifteen. In 1914 the Company obtained a Special Act of the Parliament of Canada, being chapter 131 of the statutes of 1914, entitled "An Act respecting Brazilian Traction, Light and Power Company, Limited", which reads in part as follows:—

"5. Notwithstanding the provisions of section 76 of the Companies Act, the company may, by by-law in the manner provided in the said section, increase the number of its directors to not more than twenty."

In 1918, the limitation on the maximum number of directors was removed from the *Companies Act* and since that time the *Companies Act* has not contained any limitation on the maximum number of directors. The Company continues, however, to be subject to the limitation imposed by section 5 of the Special Act above quoted. The purpose of this Bill is to remove this limitation so that the Company may, if it so desires, increase the number of its directors in the manner now provided in section 87 of the *Companies Act*.

“3. (1) Where a taxpayer owns a vessel

(a) that was constructed in Canada and is registered in Canada or is registered under conditions satisfactory to the Canadian Maritime Commission in any country or territory to which the British Commonwealth Merchant Shipping Agreement (signed at London on December 10, 1931) applies,

(b) the construction of which was commenced after the 1st day of January, 1949, and

(c) in respect of the capital cost of which no allowance has been made under this Act or the *Income Tax Act*,

in computing his income for a taxation year, for the purposes of the *Income Tax Act*, he may, notwithstanding anything in that Act or the regulations thereunder, in lieu of a deduction under paragraph (a) of subsection (1) of section 11 of that Act and the regulations under that paragraph, and so long as the title to the vessel remains vested in him, deduct such part of the capital cost to him of the vessel as he may elect, not exceeding the lesser of

(d) thirty-three and one-third per cent of the capital cost to him of the vessel, or

(e) the undepreciated capital cost to him of the vessel as of the end of the taxation year (before making any deduction under this section for the taxation year).

Deduction
in respect of
capital cost
of vessels
for purposes
of the
*Income Tax
Act.*

EXPLANATORY NOTES.

1. The purpose of clause 1 is to extend the operation of section 3 of the Act so that if a vessel of the description mentioned in the subsection is registered in another part of the Commonwealth under conditions satisfactory to the Canadian Maritime Commission, the same increased rate of capital cost allowances is available as if it were registered in Canada.

The amendments in subsection (1) deal with newly built vessels; paragraph (a) extends the registration provision to these vessels; paragraph (c) removes the prerequisite of construction by or for a taxpayer so as to extend the benefits of the Act to vessels built by a shipyard for sale to any purchaser, provided that no capital cost allowance had previously been made to anyone in respect thereof.

The present subsection (1) reads as follows:—

- "**3.** (1) Where a taxpayer owns a vessel that was constructed by or for him in Canada and is registered in Canada and the construction thereof was commenced after the 1st day of January, 1949, in computing his income for a taxation year for the purposes of the *Income Tax Act* he may, notwithstanding anything in that Act or the regulations thereunder, in lieu of a deduction under paragraph (a) of subsection (1) of section 11 of that Act and the regulations under that paragraph, and so long as the title to the vessel vests and remains in him, deduct such part of the capital cost to him of the vessel as he may elect, not exceeding the lesser of
- (a) thirty-three and one-third per cent of the capital cost to him of the vessel, or
 - (b) the undepreciated capital cost to him of the vessel as of the end of the taxation year (before making any deduction under this section for the taxation year)."

The amendment to subsection (2) extends the registration provision to a vessel that is converted or undergoes a major alteration.

Deduction in
respect of
conversion
cost.

- (2) Where a taxpayer owns a vessel that is registered in Canada or is registered under conditions satisfactory to the Canadian Maritime Commission in any country or territory to which the said British Commonwealth Merchant Shipping Agreement applies, conversion or major alteration of which was commenced after the 1st day of January, 1949, in computing his income for a taxation year for the purposes of the *Income Tax Act* he may, so long as the title to the vessel remains vested in him, notwithstanding anything in that Act or the regulations thereunder, in 10 lieu of a deduction under that Act in respect of the conversion cost but in addition to a deduction of other capital costs of the vessel under that Act, deduct such part of the conversion cost to him of the vessel as he may elect, not exceeding the lesser of 15
- (a) thirty-three and one-third per cent of the conversion cost to him, or
 - (b) the undepreciated conversion cost to him of the vessel as of the end of the taxation year (before making any deduction under this section for the 20 taxation year)."

2. Subsection (1) of section 4 of the said Act is repealed and the following substituted therefor:

- "4.** (1) Where a vessel is disposed of by a taxpayer
- (a) subsection (1) of section 20 of the *Income Tax Act* 25 does not apply to the proceeds of disposition
 - (i) to the extent that they are used by any person for replacement under conditions satisfactory to the Canadian Maritime Commission, or
 - (ii) if the Canadian Maritime Commission certifies 30 that the taxpayer has, on satisfactory terms, deposited an amount at least equal to the tax that would but for this Act be payable by the Taxpayer under the *Income Tax Act* in respect of the proceeds of disposition, or satisfactory 35 security therefor, as a guarantee that the proceeds of disposition will be used for replacement; and
 - (b) the taxpayer may, within the time prescribed by the *Income Tax Act* for the filing of a return of his income 40 for the taxation year in which the vessel was disposed of, elect to have the vessel constituted a prescribed class, and, if he so elects, the vessel shall be deemed to have been a prescribed class within the meaning of section 20 of the *Income Tax Act* immediately 45 before the disposition thereof.

S.20 of the
Income Tax
Act not
applicable
in certain
cases.

The present subsection (2) reads as follows:—

"(2) Where a taxpayer owns a vessel that is registered in Canada, conversion or major alteration of which was commenced after the 1st day of January, 1949, in computing his income for a taxation year for the purposes of the *Income Tax Act* he may, so long as the title to the vessel vests and remains in him, notwithstanding anything in that Act or the regulations thereunder, in lieu of a deduction under that Act in respect of the conversion cost but in addition to a deduction of other capital costs of the vessel under that Act, deduct such part of the conversion cost to him of the vessel as he may elect, not exceeding the lesser of

- (a) thirty-three and one-third per cent of the conversion cost to him, or
- (b) the undepreciated conversion cost to him of the vessel as of the end of the taxation year (before making any deduction under this section for the taxation year)."

2. The purposes of clause 2 are twofold; the first is to extend the operation of subsection (1) of section 4 so as to include any vessel whatsoever instead of limiting its operation to those vessels in respect of which some form of special depreciation or capital cost allowances had been granted in the past; the second is to allow the Canadian Maritime Commission, where replacement has not yet been undertaken but is foreseen, to certify that it holds on deposit or by way of guarantee, an amount at least equal to the tax otherwise payable, thus allowing the benefits of the Act to be realized during any interim period instead of compelling payment of the tax and subsequent re-imbursement thereof.

Paragraph (a) of subsection (1) exonerates the taxpayer from the obligation imposed by the *Income Tax Act*, of including as income certain of the profits that may be realized on the sale or other disposition of a vessel to the extent that the proceeds are used for replacement under conditions satisfactory to the Canadian Maritime Commission or where due security is deposited for the tax otherwise payable, if the proceeds have not yet actually been spent for this purpose.

Paragraph (b) enables the taxpayer to isolate the sold vessel from its former prescribed class; he may thereby obtain immediate exoneration from the tax incidence resulting from the sale instead of having to defer the enjoyment of this advantage until all of the vessels in the pool have been sold.

The present subsection reads as follows:—

"**4.** (1) Where a vessel in respect of which an allowance has been made under section 3, or in respect of which "special depreciation", "extra depreciation" or allowances in lieu of depreciation were allowed for the purposes of the *Income War Tax Act* or the *Income Tax Act*, is disposed of, subsection (1) of section 20 of the *Income Tax Act* does not apply in respect of the proceeds of disposition to the extent that they are used for replacement under conditions satisfactory to the Canadian Maritime Commission."

Determination of undepreciated capital cost of sold vessel.

- (1a) Where a vessel in respect of which an election was made under paragraph (b) of subsection (1), (in this subsection called the "sold vessel") was, immediately before the election, included with other property in a prescribed class within the meaning of section 20 of the *Income Tax Act*, (in this subsection called the "former prescribed class"), for the purposes of the *Income Tax Act*,
- (a) the undepreciated capital cost to the taxpayer of the sold vessel, immediately before the disposition thereof, shall be deemed to be the lesser of
- (i) the original cost to him of the sold vessel minus the aggregate of
- (A) the total amount that would have been allowed to him as a deduction in computing income under the *Income Tax Act* in respect of the vessel before the disposition thereof, if it had been a prescribed class, at the rate of allowances claimed and allowed to him under paragraph (a) of subsection (1) of section 1100 of the 20 *Income Tax Regulations* for property of the former prescribed class in computing his income for the 1949 and each subsequent taxation year,
- (B) the total amount claimed and allowed to him under paragraph (d) of subsection (1) of section 1100 of the *Income Tax Regulations* in respect of the sold vessel as a deduction in computing his income for the 1949 and each subsequent taxation year, and
- (C) the total amount deemed by paragraph (c) of subsection (1) of section 144 of the *Income Tax Act* to have been allowed to him in respect of the sold vessel, or
- (ii) the undepreciated capital cost to him of the property of the former prescribed class at the time of the disposition of the sold vessel; and
- (b) the undepreciated capital cost to the taxpayer of the property of the former prescribed class immediately after the disposition of the sold vessel shall be deemed to be the undepreciated capital cost to the taxpayer of the property of the former prescribed class immediately before the disposition of the sold vessel, minus the undepreciated capital cost to the taxpayer of the sold vessel as determined under paragraph (a).
- (1b) Notwithstanding anything in the *Income Tax Act*, where a taxpayer has made an election as prescribed in subsection (1) with respect to a vessel and the proceeds of disposition of the vessel have been used for replacement

BILL M.

An Act respecting Mexico Tramways Company.

Preamble.

WHEREAS Mexico Tramways Company, hereinafter called "the Company", was incorporated by Letters Patent dated the 19th day of March, 1906, under the name of The Yucatan Power Company (Limited);

Whereas Supplementary Letters Patent were issued to 5 the Company on the 24th day of March, 1906, changing its name to Mexican Consolidated Electric Company (Limited);

Whereas by chapter 125 of the statutes of 1906 the name of the Company was changed to Mexico Tramways Company and the Company given powers respecting railways, 10 tramways, telegraphs and telephones in the Republic of Mexico, rights to issue share warrants and rights to guarantee certain securities;

1906, c. 125.

Whereas the Company no longer owns or operates railways, tramways, telegraphs or telephones in the Republic 15 of Mexico or elsewhere and desires to function in future solely under the provisions of the *Companies Act*; and

R.S., c. 53.

Whereas the Company has by its petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the petition: Therefore Her Majesty, 20 by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Repeal.
1906, c. 125.

1. Chapter 125 of the Statutes of 1906 is repealed and the provisions of the *Companies Act* shall apply to the Company as if chapter 125 of the statutes of 1906 had not 25 been enacted.

2. The name of the Company shall continue to be Mexico Tramways Company, but its name shall be subject to change in accordance with the provisions of the *Companies Act*. 30

EXPLANATORY NOTES.

The purpose of this bill is to repeal chapter 125 of the statutes of 1906, while preserving any rights or obligations acquired thereunder, so that Mexico Tramways Company may in future operate exclusively under the *Companies Act*.

The Company was incorporated by letters patent under the *Companies Act of 1902*. By section 5 of that Act a company incorporated thereunder could not, in the absence of a special Act, engage in "the construction and working of railways or of telegraph or telephone lines". Accordingly, when the Company decided to undertake the construction and operation of railways in Mexico, chapter 125 of the statutes of 1906 was enacted to authorize the enterprise. Further, since the *Companies Act of 1902* contained no provisions concerning the issue of share warrants, sections providing for their issue were included in the special Act of 1906. (The present *Companies Act* contains sections dealing with share warrants.)

In 1945 the Government of Mexico took over the control and operation of the Company's enterprise in Mexico. In 1952, having failed to reacquire control of the enterprise by negotiation, the Company accepted compensation. Since that time the Company has become in effect an investment company. It no longer operates railways in Mexico or elsewhere, nor does it propose to do so. There is therefore no continuing need for a special Act of Parliament and the Company desires to function in future in the usual way under the *Companies Act*.

3. Nothing in this Act shall in any way affect the validity of any share warrants or the rights of any persons as holders of share warrants hitherto issued by the Company, or any right, privilege, obligation or liability acquired, accrued, accruing or incurred, pursuant to the provisions 5
1906, c. 125. of chapter 125 of the statutes of 1906.

THE SENATE OF CANADA

BILL O⁵.

An Act respecting St. Mary's River Bridge Company.

Preamble
1955, c. 64.

WHEREAS St. Mary's River Bridge Company has by its petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the petition: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Time for
commence-
ment and
completion
of bridge or
tunnel.

Proviso.

Proviso.

1. Section 18 of chapter 64 of the statutes of 1955 is repealed and the following substituted therefor:

"18. The construction of the said bridge or tunnel shall be commenced within three years after the Governor in Council has approved of such bridging or tunnelling, and shall be completed within six years after such commencement: Provided that any delay caused by any act of God or by war, invasion or insurrection shall not be included in computing such six-year period. If the construction of the said bridge or tunnel is not commenced or completed as aforesaid, the powers granted by this Act shall cease and be null and void with respect to so much of the undertaking as then remains uncompleted: Provided that if such approval is not obtained within six years after the passing of chapter 64 of the statutes of 1955, the powers granted for the construction of the said bridge or tunnel shall cease and be null and void."

EXPLANATORY NOTES.

St. Mary's River Bridge Company was incorporated by chapter 64 of the statutes of 1955.

The Act authorized the Company to construct, maintain and operate a bridge or tunnel across or under the St. Mary's River at or near the city of Sault Ste. Marie, Canada, on the terms and subject to the conditions set forth in said Act.

One hundred and forty-one shares of the capital stock of one hundred and fifty shares of the Company are owned by the Corporation of the City of Sault Ste. Marie, Canada.

Section 18 of chapter 64 of the statutes of 1955 now reads as follows:—

"18. The construction of the said bridge or tunnel shall be commenced within three years after the Governor in Council has approved of such bridging or tunnelling, and shall be completed within six years after such commencement, (any delay caused by any act of God or by war, invasion or insurrection not to be included in computing such six-year period) otherwise the powers granted by this Act shall cease and be null and void as respects so much of the undertaking as then remains uncompleted: Provided, however, that if such approval is not obtained within three years after the passing of this Act, the powers granted for the construction of the said bridge or tunnel shall cease and be null and void."

The rights and powers of the Company as authorized under said Act were assigned and transferred to the International Bridge Authority of Michigan to enable it to proceed with the financing and construction of the said project, and as a result of unavoidable delays with reference to arranging for financing of the project, and the necessity of amending legislation of the State of Michigan, it may be impossible for the Company to ask for the approval of the Governor in Council required by above quoted section 18 within the three-year limit provided therein.

Accordingly, an extension of the time for an additional three years is being applied for.
