

10 PER CENT. ENOUGH ON HOUSE RENTALS

Legislation Committee Pass Resolution to Memorialize Government.

The legislation committee of the city council favor the Dominion and provincial governments being memorialized to enact legislation to prevent profiteering in house rents in the province. A motion to this effect put by A.M. Ball was yesterday adopted by the committee. The opinion was that a fair revenue should be 10 per cent.

On the subject under discussion a report was submitted by Assessment Commissioner Forman regarding a communication from H. A. Ashmead, complaining of extortionate rentals for dwelling houses in Toronto. In the course of his report Commissioner Forman says:

Like Money Lenders.

"In the communication from Mr. H. A. Ashmead, it seems to me that he has presented a remedy, when he states as follows:

"The government, either of Ontario or the Dominion, should treat landlords on the same system as money lenders, making 10 or 15 per cent, the limit allowed. This would do much to relieve the distress at present prevailing also the overcrowding of people must divide up their houses to provide for the payment of rent."

"This seems to me the crux of the situation and the remedy can however only be applied where assistance is obtained which might provide for all complaints on the ground of overcharging in rents to be first made to the police magistrate who could thereupon order a report say from the court of revision or other special body to be appointed for that purpose who would examine into the complaint, ascertain the amount of taxes and secure all necessary information and having done so return their report to the magistrate who would then be in a position to pass judgment in accordance with the legislation to be provided. It seems to me that the criminal code must be invoked in order that some measure of justice may be achieved. My present feeling is that after one or two complaints have been dealt with by the magistrate there would be almost an immediate cessation of the more extravagant rents now being obtained.

Requires Consideration.

"The question would require serious consideration so that no injustice would result to property owners as it must not be forgotten that at present the fat years are on, that succeeding the deflation of the boom in 1930 hundreds of houses were vacant and remained vacant in this city and property owners had a very difficult time in carrying the same. Therefore a reasonable and perhaps generous percentage should be allowed to property owners. At the same time, the present object is to prevent undue advantage being taken by house owners."

Mr. Forman presented figures regarding certain housing conditions taken in different districts in the city which showed total gross rents in 1914 of \$871,225; of \$315,821 in 1916 and \$284,256 in 1919, or an increase in 1919 over 1914 of 3.5 in these particular apartment houses.

APPEAL TO GRADUATES

Toronto University Issues Personal Requests for Endowment Memorial Subscriptions.

Personal appeals for funds are to be made to all graduates and former students of the University of Toronto during the course of the campaign to raise half a million dollars to perpetuate the service record of the men and women of the big school who played their part in the world war and behind these appeals Mr. Justice C. A. Maestri is a dominating figure.

R. A. Casady, a graduate of 1901, and an expert in campaigns of this kind, has come over from New York to take the helm in the struggle and in his work he is being ably assisted by Justice Maestri, who is president of the U. of T. Alumni Association and chairman of the campaign executive. His lordship is sending a letter to all former students and in this communication he points out that it is the duty of every alumnus and alumna to carry on the work so well started by the men and women who helped to beat the Hun.

Five thousand and six hundred graduates and undergraduates enlisted for service in the titanic conflict and it is to give to future generations a reminder of this sacrifice on the part of the big school that the present campaign is being undertaken.

As the "drive" gets under way an organization will be set up in every county and on the county basis the appeal will be made, each county stipulating, providing it raises enough money, where it wants its scholarships to go. Two-thirds of the money collected will be set aside for scholarships and the remaining three will constitute the fund for the erection of the memorial tower and chapel, which is to connect Hart house with the eastern wing of the university.

DINNER TO LT.-COL. MARSHALL.

A complimentary dinner was held last night at the National Club to honor Lt.-Colonel Noel Marshall, his son, Lieut.-Colonel Kenneth R. Marshall, G.M.C., D.S.O., and Captain Francis Burns, as a recognition by the coal trade of Toronto of the services rendered by these gentlemen to the country during the late war. About fifty persons were present, including D. B. Hanna, the president of the Canadian National Railway, who pointed out that the coal dealers should, as far as possible, give their patronage to the National Railway as it is the property of the general public and therefore part of their own property. E. L. Couzens gave a short description of the work that was being done by the Harbour Commission which would tend to make Toronto one of the great distributing centres of this country. A fine musical program was provided and all present agreed that a most enjoyable evening for a very worthy object had been spent.

CONTRACT LOWER THAN LEAST COST

Property Committee Register Tie Vote For and Against Tender.

Quite unique was the high misdemeanor of which a public school contractor was yesterday afternoon alleged to have been guilty. He wanted to get a contract, according to the architects, and certain trustees, at a lower figure than the work could be done for. Dr. John Noble, chairman of the property committee of the board of education, was strong for acceptance of the lowest tender without quibble as to whether the contractor would make or lose.

The issue was raised when the tender was being dealt with for the addition to Carlton Public School. Trustees Bell, supported by Trustees Laxton and Douglas, wanted C. Beridge's tender thrown out. They quoted architectural opinion that the tender was too low, and objected to Beridge being given the contract, because of delay with his work at Perth avenue annex. He is the contractor who was arraigned at the last meeting of the board as an employer who had refused to pay union rates of wages.

The Berridge tender was \$18,000 for the masonry and plastering for the Carlton addition. The next tender was \$13,420.

The contractor, under fire, said that the gravel from the excavation could be utilized, and this would enable him to take the contract and make a profit at his tender.

Dr. Noble, Dr. Hopkins and Trustees McCrae were for the acceptance of the Berridge tender. As the vote was a tie, it will be fought out at a meeting of the board next Thursday night.

A report was presented, estimating the cost of protecting wall at Keele School at \$14,000.

PACKER PROBE TODAY

Commerce Board to Resume Inquiry—Milk Prices Still Conjectured.

Judge Robson, chairman, and W. F. O'Connor, vice-chairman, of the board of commerce, sit in Toronto today and tomorrow, when the inquiry into food prices will be continued. It is likely that further evidence will be heard from representatives of meat packing firms.

The fair price committee, which considered the price of milk again, sat in private yesterday. Major J. L. Duncan said there was nothing to give out as to the price. They were waiting word from Ottawa. It is understood the committee agreed on a price, but that it was sent to Mr. O'Connor for ratification. The price of \$2 per can of eight gallons has been mentioned.

CIVIC EMPLOY SURVEY

Finance Commissioner Suggests Formation of Permanent Board Under Council.

Finance Commissioner Bradshaw in his report on the question of making a complete survey of all civic employees with the object of adjusting salaries, etc., recommends that the heads of the various departments be constituted a permanent board or committee subject to the board of control and council. The functions of the board would be:

1. To make and report upon a complete survey of the civic services, embracing classification, plan of promotion and remuneration, etc.
2. To receive, consider and report upon all applications for employment, promotion, increase in wages, etc.
3. To consider and report upon a scheme of insurance and pension for civic employees.
4. To prepare and maintain a correct and accurate record of all civic employees.

The board of control agreed to forward the report to council.

TWO MONTHS AT FARM.

Judge Coatsworth yesterday sentenced Philip Davis, a colored newsboy, charged with obtaining \$28.50 from William Rattray with intent to defraud to two months on the jail farm.

NO MODIFICATION.

Ottawa separate school board's motion, which asked for a modification of the injunction imposed on it by Justice Lennox, was refused by Justice Rose yesterday afternoon. The board sought leave to borrow \$75,000 for the payment of debts, repairs and coal.

POSTPONE INQUIRY

Probe into Affairs of Standard Reliance Loan Corporation Adjourned.

The inquiry into the affairs of the Standard Reliance Loan Corporation has been postponed for two weeks on account of the illness of J. R. L. Starr, counsel for W. S. Dinnick. Mr. Starr is suffering from hay fever. J. A. C. Cameron, master-in-chambers at Osgoode Hall, ordered that two missing cash books for the years 1905, 1906 and 1907, should be produced.

Mr. Cameron said that questions asked Col. Dinnick might have a distinct bearing on future proceedings, and he would not like to deprive him of counsel. Therefore, while Mr. Starr was ill, he thought it reasonable to enlarge the hearing.

Mr. Kilmer raised the point that there were two cash books, which the liquidators had not been able to find. These covered the years 1905, 1906 and 1907. As Col. Dinnick was manager of the company at that time, he asked Col. Dinnick to say where they were. Mr. Spence: "Col. Dinnick does not know they were missing. He will endeavor to do anything in his power to secure them. We are not endeavoring to hide anything."

TO CONSIDER ABATTOIR.

A conference between the board of control and members of the city council will take place next week when an endeavor will be made to settle the questions whether or not to continue operation of the municipal abattoir. Commissioner Chisholm's recommendation to the board of control yesterday was against continuing the undertaking.

ABETTING ESCAPE ALLEGED.

Peter Pbyrn of Collier street, was arrested last night by Acting Detective McIntosh on a charge of assisting a man named Haggitt to escape from the jail farm. Haggitt escaped from custody three weeks ago and was captured by the police a few days later.

Returning Soldiers

It is announced that the following troops reached Quebec yesterday on the Melita, are now en route to Toronto, and should arrive this morning. Unless otherwise designated the soldiers named are for the city of Toronto:

Major Ridout, Major Rows, Capt. Rawson, C. S. M. Kiscock, S.-Sergt. A. J. Gibbs, S.-Sergt. C. Brownwell, S.-Sergt. T. C. Foot, S.-Sergt. J. Langridge, S.-Sergt. R. Lightbody, Pte. E. Allen, Dr. A. Beard, Corp. Cracknell, Pte. D. Gibson, Gnr. H. Haycock, Humber Bay; Pte. A. Lea, Pte. W. H. Peart, Pte. F. J. Shaw, Pte. J. L. Tilley, Pte. A. Urie, S.-Sergt. Osborne, Corp. A. Blunt Hamilton; Corp. J. P. Hickey, Hamilton; Pte. D. McCarthy, Hamilton; Pte. J. Oxford, Hamilton; Lieut. W. W. Hickey, Brampton; Sergt. J. Kloch, Brampton; Lieut. H. Bradford, Orillia; Pte. A. Drury, Tomorden; Pte. F. Gibson, L.-Corp. Innes; Pte. J. Thomas, St. Catharines; Dr. J. L. Lamonte, Pte. R. McCru, Chers; Pte. W. J. Newton, Pte. W. T. Wright, Lieut. H. W. Gainsbury, Weston.

Cassandra Troops.

The following officers, nursing sisters, cadets and other ranks for Toronto arrived on the S. S. Cassandra at Quebec yesterday: Pioneer Coughlin, Driver Drummond, Pte. Eldridge, Pte. James, Pte. Loback, Hamilton; Corp. Mitchell, Pte. Maxwell, Pte. Rush, Pte. Simson, Pte. Smith, R. Fleman, Took.

Should Be Assessed.

"In the case of incorporated mercantile and manufacturing businesses the same method of reaching the net income should obtain, and hence the amount to be set aside for the shareholders' benefit would be the net income devoid of all municipal taxes, and, to my mind, so long as income is to be assessed such income should not escape taxation. In the case of income from personal earnings, notwithstanding the exemptions allowed regarding such, it ceases at the death of the recipient or his inability to earn such income. My opinion is that we should continue to apply to the legislature, annually if necessary, for a change in the act, which would permit of such income being assessed."

Enormous Exemption.

"This bylaw, if submitted and assented to by the electors qualified to vote, will result in an exemption of \$48,539,058. The loss in taxes under this section would amount to \$999,904. To provide for this loss, an increase in the tax rate will be necessary equivalent to about 1.3-4 mills. As to its advisability, this is a matter for the council and the people to decide."

Enormous Exemption.

The following is a summary of the houses:

Houses assessed at \$2,000 or less, 64,098; present assessed value, \$20,285,780; amount of reduction, \$5,114,395.

Assessed \$2,001 to \$2,500, 8,764 houses; present assessed value, \$20,285,780; amount of reduction, \$5,114,395.

Assessed \$2,501 to \$3,000, 4,479 houses; present assessed value, \$12,670,295; reduction, \$2,801,088.

Assessed \$3,001 to \$3,500, 2,129 houses; present assessed value, \$7,271,075; amount of reduction, \$1,757,215.

Assessed \$3,501 to \$4,000, 1,385 houses; present assessed value, \$5,725,650; reduction, \$572,565.

Would Add Millions.

Referring to the refusal by the special committee of the legislature to assess the dividends of shareholders in incorporated mercantile manufacturing companies, the commissioner states that if what was proposed were adopted "there is no doubt whatever in my mind but that many millions of dollars would be added to the income column of the assessment rolls, particularly in all of the cities of Ontario. As I see it, there appears to me no good reason why such legislation should be refused. It is but an endeavor to place all those in receipt of income on a parity. At present, the assessment provisions that everyone in receipt of income or dividends arising from stocks in banks, insurance and loan companies, railways, gas companies, telephone, telegraph, electric light and power companies, etc., shall be assessable. These corporations are likewise assessed in respect of business assessment.

Recommendation of Assessment Committee Means \$48,539,058 Decrease.

If the city council approves the recommendation of the special assessment committee, a bylaw will be submitted to the people at next municipal election providing for the exemption of dwelling houses between \$2,000 and \$4,000 to the amount of the percentage fixed in the legislation. No fewer than 80,953 dwellings in Toronto would be affected by this. Assessment Commissioner Forman, at yesterday's meeting of the committee, submitted an important report on the recent enabling legislation. He pointed out the proposed exemptions which run from 50 per cent. on a house assessed at not more than \$2,000, down to 10 per cent. on dwellings assessed from \$5,001 to \$4,000, and added:

W. E. TURLEY ASKED FOR RESIGNATION

Attitude Concerning Gratuity Offends West Toronto Branch Members.

In view of the attitude of W. E. Turley, provincial secretary of the G. W. V. A. in regard to the question of an additional \$2,000 bonus, a resolution calling for his resignation was passed at a general meeting of the West Toronto branch of the G. W. V. A. in St. Julien Hall Wednesday night.

The resolution, when put to the meeting by President Meredith, was passed by a large majority. The majority of the members declaring that the provincial secretary had no right to state that the members were not in favor of a straight hand-out of \$2,000, when over 90 per cent of them were in favor of it.

A letter from the Ladies' Auxiliary was read to the meeting, which related to the statement made by Mrs. Spence and supported by President Flynn on the 21st night, that the books of the G.W.V.A. were muddled.

A FLYER'S TRIBUTE

That the German "ace," Baron Richtofen, was undoubtedly the victor of the whole lot of Prussians, Belgian, "aces" in opinion, is strongly, was the statement made last night by Lieut. W. A. E. Pepler, who returned yesterday after two years in the air force overseas.

FLYNN PROMISES HOUSE CLEANING

Terms Libel Action by G.W.V.A. "Bluff Suit" Will Defend Himself.

President J. Harry Flynn of the United Veterans' League addressed an enthusiastic gathering of about 1,200 returned men last night in Ryerdale Park.

President Flynn promised a "house cleaning" of the G.W.V.A. by the time the suit is settled. "I have seen the suit in the papers," he said, "and was advised to fight my own case, and I am going to."

SCARIFIED PROFITEERS

Government officials and profiteers came in for a general scolding by the forceful methods of President Flynn.

JURY ADDS RIDER

Verdict of accidental death was rendered by a coroner's jury at the morgue last night in connection with the death of Joseph B. Lancelotti, aged 16 years.

USED ACCELERATOR

At the time of the accident there was a heavy concentration of traffic on the corner, and the evidence showed that the driver of the car had become excited, and instead of applying the brakes placed his foot on the accelerator.

ed as overseas service, and said he would produce his authority.

Will Estimate New Gratuity

Mr. Cox was asked to estimate what it would cost to pay the \$2,000 gratuity to every man serving in France; \$1,500 to those serving in Canada, and \$1,000 to men with Canadian service irrespective of length of service.

Mr. Cox said the \$140,291,440 separation allowance was paid prior to discharge. None was paid under the war service gratuity regulations.

Non-Combatants Get More.

Then non-combatants get a higher rate of gratuity than combatants. "If they were receiving the same rate on discharge," said witness. He said he had not had a case of a warrant officer receiving technical pay.

Y.M.C.A. Officers.

Mr. Calder protested that this was too technical for him and asked for stated cases.

A Y.M.C.A. officer is paid according to his rank in the C.E.F., witness stated. While in Canada the Y.M.C.A. has no standing in the C.E.F., but overseas the workers were given military rank, and the "Y" was recognized as a unit.

Mr. Morphy asked if there was any way of preventing non-combatants getting higher rates than combatants. The witness thought that there were few men left on the strength now to make any preventive measure worth while.

Officers Overpaid.

Mr. MacNeil asked if there were not some officers who were overpaid, instead of being entitled to gratuity, they were in debt to the government, because of being paid on the basis of acting rank longer than they were holding that acting rank.

Starting a Business.

At the evening sitting Mr. MacNeil asked if in the case of a man who only a few days short of three years' service overseas, this man would only be given gratuity for two years, and if there had not been much dissatisfaction from this cause.

Mr. MacNeil instanced the case of a man who transferred to the British transport service and who refused to remove their Canadian badges. One man was court-martialed for this refusal, but his statement that he was still a Canadian was upheld.

Used Accelerator.

At the time of the accident there was a heavy concentration of traffic on the corner, and the evidence showed that the driver of the car had become excited, and instead of applying the brakes placed his foot on the accelerator.

The boy was jammed between the front of the car and the rear of a truck which had been held up on account of the traffic jamming. Mr. McLean's own evidence showed that he was inexperienced in the handling of a car, and he had just bought it a week before the accident happened.

Paris, Sept. 25.—Premier Clemenceau delivered his long expected speech in the debate on the ratification of the peace treaty in the chamber of deputies this afternoon. The whole trend of his arguments in favor of the treaty was that the treaty was one of solidarity between allies, who, united in war, must be united in peace.

STATION BUILT WHILE TRAFFIC MAINTAINED

It is a difficult matter to maintain traffic while reconstructing any portion of railroad; such work always calls for a great deal of ingenuity. In the case of the Union Station at Indianapolis it was necessary to raise the tracks and erect a new station while maintaining 165 passenger trains per day, 70 of which were through trains, with some 60 freight trains.

Soldier Students.

Mr. Hartley Dewar touched on the subject of the soldier-students at a recent meeting which he addressed. Many young fellows in 1914 and 1915 gave up their university courses, in some cases being granted a year's leave in recognition of their patriotism, and rushed off to the war, which was not expected to last more than a year, or two at the very outside.

With as many as 30,000 men out of work, and with practically 20,000 others not able to find employment, it is not surprising that the soldier-students are being urged to return to their studies.

Mr. Dewar will attract a good deal of sympathy from an influential section of the community for his reasonable proposals on this point. Has Dr. Cody nothing to say on the matter?

Taxing Donlands.

Causes which The Telegram espouses, and into which it fails to introduce the personal element, are few and far between. It has recently revised one of its favorite subjects, just as a playful pup, with no new bones to gnaw on, digs up one he has buried for such emergencies.

The Telegram is woefully exercised over Donlands' assessment. It is not particular about ownership or assessment records, but it fancies that it can associate Donlands with some measure of personal prejudice, and it is not very particular how it does it.

FOUR MAY CONTEST SOUTH WELLINGTON

The owners of Donlands would probably have no objection to be annexed to the city, but The Telegram apparently would not find satisfaction in that course, in spite of the heavier assessment that would ensue. Nor does The Telegram was enthusiastic over the proposal to create a metropolitan area around Toronto with the levy of an increment tax on the property included.

There is a popular prejudice against discrimination which The Telegram does not share. The school section system, for example, which is not understood by everybody, but which we dare not suggest was not familiar to The Telegram, makes one section with three large public schools pay a heavier tax rate than another section where there is only a little red school-house.

This prejudice against discrimina-

tion is shared by many property-owners. Large blocks of land lying on the western boundary of the city, much nearer the city than Donlands, could not be excluded from the provisions of any act that applied to Donlands without this flimsy objection of discrimination being raised.

We sympathize with The Telegram in a problem that ought to be, and must be, solved, but as long as The Telegram is determined on discriminatory action we fear the other property owners affected will block The Telegram projects.

IDA WANTS CITY TO ACT

BY IDA L. WEBSTER.

Many times lately we have taken up this space and your time by grouching against the foreigners who are living here, but who are steadily refusing to become naturalized. The reason for this campaign is to try and wake the city authorities up to the injustice which is being done the English-speaking citizens of our fair town.

As for the other nationalities of un-naturalized foreigners, they too collect their dues in respect to the native citizens of Toronto. As we related in a previous article, housewives purchase in foreign-kept stores are oftentimes subjected to the stinkiest sort of "cheek," and yet may we ask where else can they go?

The foreign question has now reached the stage where landlords are reaching down their hands in preference to their own people. This is undoubtedly because they are willing and able to pay a few dollars a month more. That ability is explained in the fact that they have the chains of the city which should rightly belong elsewhere.

If the city of Toronto has not the power to revoke the business licenses of foreigners without manufacturing papers, then let them apply for legislation and do it that way.

Would Canadians in most European countries be able to make good livings, and send money back to their native banks?

Are our men and boys who fought for us, as well as our men who were too old, and our boys who were too young, to be kept out of work in order to be alien may thrive?

Let the mayor and the councilmen show their patriotism by standing by our English-speaking citizens, and let them come out in the open, shoulder to shoulder, and rid the city which will shortly grow to be a more formidable enemy than Germany ever was.

Mederic Martin Now at the Prince's Court

Montreal, Sept. 24.—The flying trip of Mayor Mederic Martin to the court of the Prince of Wales in British Columbia is supposed by the brokers here to bear on the menu of the supper of the forthcoming Prince's ball. Mederic wants to select the smokes and see that home brands are not neglected. A social paper says his worship expects to be knighted and put on the board of the C. P. If Mederic is knighted and "boarded" the brokers think French Canadian investors, now quite a bond-buying community, will take a lot of C. P. shares.

Conservatives, Liberals and U.F.O. Men Certain—Labor Nominee Possible.

Special to The Toronto World. Quebec, Sept. 25.—At a representative meeting of the executive committee of the South Wellington Reform Association, held today, it was decided to call a general Liberal convention for Saturday afternoon.

The convention has been called to select a candidate for the legislature, the Independent Labor Party will hold a mass meeting on Tuesday evening in the Trades and Labor Hall and Mr. J. A. Cockburn, the candidate for the U. F. O. for South Wellington, has requested the privilege of addressing the meeting. It is understood an effort will be made to secure the support of labor for Mr. Cockburn at this meeting. It is openly stated in some labor quarters that there is a possibility of putting a straight labor candidate in the field at next Tuesday's meeting.

THE CHALLENGE

THE DAY AT OTTAWA

By TOM KING

Ottawa, Sept. 25.—Mr. Pedlow of South Renfrew figures in the role of the mouse in the cat and mouse game that has been going on over his bill to make November 11 our national Thanksgiving Day. The house probably never intended to pass the bill, but they let Mr. Pedlow think so from time to time.

Mr. Pedlow was as confident as any mouse that ever lived that he was going to get away with his bill, and go thundering down the ages as the father of a new Canadian Thanksgiving Day, but the cat in the shape of a government majority was just a little too quick for him.

But apart from all this Dr. Clarke believed that the end achieved by the victory of the Union government justified whatever means were resorted to. He considered that the greatest blessing that ever came to the members of parliament here before him would be too busy blocking the boots of some German colonel to worry about the debate upon the bill.

Mr. Dewar recalled his first oratorical effort in Ingersoll as a child when his father was a minister in the town. He referred to the general public determination that the Hearst government which has abused its power is no longer acceptable. He believed that a standard-bearer nominated by the Liberals of South Oxford will win despite divisions of opinion among the electors.

Mr. Dewar declared he would not rest silent under misrepresentations directed against the Liberal party. Premier Hearst claims credit for adopting progressive measures when he could no longer withstand public opinion. The Liberal policy was adopted in response to woman's franchise as well as temperance.

Both the governments in Toronto and Ottawa are too close to the big interests of the country, said Mr. Dewar, "and cannot handle the profiteers, except in a few paltry instances, such as happened in Stratford, where they prosecuted a man in whose house they found one hundred pounds of sugar."

THE CHALLENGE

ALEXANDER ROSE IN SOUTH OXFORD

Liberals Choose Standard-Bearer for Coming Provincial Election.

Ingersoll, Ont., Sept. 25.—Liberals of South Oxford at a large convention here today unanimously nominated Alexander Rose as their standard-bearer in the provincial campaign. Dr. J. M. Rogers, Col. T. R. Maybury and Mayor Buchanan were proposed, but all desired the convention to be used. The candidate received an ovation.

Mr. J. Comiskey was chairman of the meeting. Liberal leader delivered a rousing address, reviewing the platform of the party. Mr. Dewar recalled his first oratorical effort in Ingersoll as a child when his father was a minister in the town.

IMMENSE PROFITS ON MONTREAL FOOD

Commerce Board Told of Dear Sugar—Apple Pie Cost Over Dollar.

Canadian Press Dispatch. Montreal, Sept. 25.—Charges were made before the board of commerce this morning that restaurants were charging 15c a slice for apple pie that false teeth manufactured at 45 a set were sold at 200 per cent. profit, that sugar was "retailed at 15c a pound, but the league had summer in the poorer districts of Montreal showed that it 55 per cent. of the cases investigated, the milk being supplied was unfit for human consumption, 27 per cent. of the babies were getting cow's milk, that 33 per cent. got tea or coffee.

At the request of the board the witness left the receipt with them, but they told him he might eat the pie. They will look into the matter before leaving. Charges of Dentists. Dr. Gaston Mallett of a local dental institute produced as exhibit one a case of sets of false teeth, contending that teeth were as much a necessity of life as food and that it was very near to food anyway, and therefore the board should go into the matter.

High Price of Sugar. Joseph Ward, of J. Ward & Company, wholesale distributors, alleged he could not get sugar because there would not agree to fix his prices according to the dictates of the grocers' guild or other organizations. Mr. Ward was advised to formulate his complaint, which would be heard by the full board.

THOROBRED HORSES DEPEND ON RACES. Canadian Press Dispatch. Montreal, Sept. 25.—"If horse racing is to be entirely prohibited in Canada, it is in my opinion that the breeding of thorobreds will be killed," said Commander J. K. L. Ross, owner of many famous race horses, in the course of evidence he gave this morning before Dr. J. G. Rutherford, who is investigating racing on behalf of the Dominion government. Mr. Ross had been asked this question by H. E. Raney, K.C., appearing on behalf of the Social Reform League.

Favors Pari-Mutuel. Pressed to express his opinion as to the best form of betting, bookmaking or pari-mutuel machines, Commander Ross replied that he thought pari-mutuel machines were better.

ITALIANS RETIRE FROM DALMATIA

The republicans has just returned from Fiume and is said to be enthusiastic in support of D'Annunzio's cause. The Catholic popular party also is pro-D'Annunzio. It appears, while the nationalists are known as the strongest adherents of the poet-warrior.

At the recent meeting of the convention here a motion of censure of the government was adopted, declaring for the annexation of Fiume, but declining to approve of D'Annunzio's seizing it.

The other parties in some cases are criticizing the poet's expedition, but on the whole are said to favor the annexation of territories where Italians predominate.

Washington's Attitude. Washington, Sept. 25.—The house foreign affairs committee today tabled a resolution by Representative Husted, Republican of New York, proposing that the house go on record as disapproving of the use of American military or naval forces at Fiume.

Wilson's Suggestion. Paris, Sept. 25.—President Wilson has made some reply to the proposal of neutralizing Fiume and the nationalization of the docks and railways. The nature of the reply is not disclosed, and the American peace delegates refuse to discuss it.

JOINT COUNCILS MANAGE PLANTS

International Harvester Company Finds Employee Representation Successful. The council of joint labor-employer councils insofar as the International Harvester Company is concerned exemplifies a democracy which would be hard to surpass anywhere in the ranks of trades unionism or any field of workers' action among the workers of America.

The speaker pointed out that there were twenty plants and many thousands of employees in the whole concern, 1800 of whom employ on the Hamilton branch. Before the plan of joint representation councils was established the company took a referendum vote as to the advisability of its establishment. The vote was taken three times, each vote favoring the project.

Uncle Wiggily and Jillie's Candy

BY HOWARD R. GARIS. Copyright, 1919, by McClure Newspaper Syndicate.

"There's a letter for you, Uncle Wiggily," said Nurse Jane Fuzzy, the muskrat lady housekeeper, to the bunny rabbit gentleman one day.

"Where?" asked Mr. Longears as he stood his red, white and blue striped "rheumatism crutch" up in a corner of his hollow stump bungalow. "On the mantle," answered Nurse Jane.

"The bunny rabbit took down the little letter, which was written with ink made from poke berries, on white birch bark, and having twinkled his pink nose and polished his glasses on his tail, silk hat, Uncle Wiggily read this invitation: "Please come to my candy pull tonight."

"Yours truly, "JILLIE LONGTAIL." "Dear me!" exclaimed Uncle Wiggily. "What's the matter?" asked Nurse Jane, who was setting the table for supper.

"Why, somebody is going to pull Jillie Longtail's candy away from her and she wants me to help her hold it, I guess," said Uncle Wiggily. "I must hurry right over to the house where my little mouse girl friend lives. Dear me! Pulling her candy away from her! The idea!"

"Nonsense!" laughed Nurse Jane. "Jillie is going to pull on the stove some molasses and sugar and other sweet things. That will make candy. After it is boiled and gets cold it is pulled into long sticks. Pulling candy, as you pull a rubber string, makes the sweet stuff whiter, too. Candy pulls are lots of fun!"

"That's so!" agreed Uncle Wiggily. So he put on a suit of old clothes that he used to go fishing in, and soon after supper he was on his way toward the home of Jillie Longtail, the mouse girl.

"I'm so glad you came!" squeaked Jillie Longtail, who was Jillie's brother. He opened the door for the bunny rabbit gentleman, on the stove and toward the home of Jillie Longtail, the mouse girl.

"Jackie and Peetie Bow Wow, the puppy dog boys, helped Jollie and Jillie Longtail get ready to make the candy, which, after it had boiled, and cooled, would be pulled into light brown sticks.

Molasses, sugar, butter, vinegar, coconuts and a few other things were put on the stove to boil. The stove was in the kitchen of the mouse house, who witnessed the accident, ran to the assistance of Burkhardt and notified Dr. Murray of East Gerrard street, who, when summoned, pronounced life extinct.

GALLI-CURCI NEVER HAD A TEACHER

World-Famous Soprano Tells Story of Her Singing Career.

"Come in" called a clear soprano voice in response to our knock at a door amongst the many doors of a corridor in the King Edward, and following the invitation we turned the handle and saw a lady coming to greet us with hand extended and a cordial "I am very glad to meet you."

This was Madame Galli-Curci, the peerless bird soprano, whose golden throat can send out notes in a way that was never quite duplicated.

"Spanish grace and Italian vivacity personified," was our mental summing up of this beautiful woman, and if this would not please—que voulez vous?

Madame hospitably made room beside herself on the couch for her visitor and as they talked it was noticed that she is among those who can bear inspection at short range and come off with colors flying. Her fine brow is as smooth as a child's, the dark hair worn in the quaint Galli-Curci style, having an attraction all its own and as she talks the large eyes and flexible lips are sad, serious or speaking with laughter, according to mood.

But Galli-Curci is seldom sad, for she tells us herself, "It is the only time I am blue when I cannot sing, when I have not my plans."

This remark was called out by the fact that she was waiting at the moment for her instrument, which arrived shortly after, and he is known to all that the great artists will have spent many hours with her loved "teacher" as she calls the piano, in preparation for her program before she appears before her audience at Massey Hall tonight.

"Do you think your voice has anything to do with heredity, did your mother or your father sing?" we asked.

Propheesed Her Future.

"Not my mother or my father, but my grandmother, the mother of my father. I sang when I was six or seven and my grandmother, who was a great artist, would hear me and me I would be like her, a great prima donna some day."

It was then we learned that the lady who today entrails the American continent is of Italian and Spanish origin. She has sung a great deal in Europe, but mostly in the two countries to which she owes her ancestry. Perhaps the greatest surprise given to musical circles for some time will be to hear that Galli-Curci never had a teacher in singing. This was learned in answer to the very natural question, "Who were your teachers?" Galli-Curci also believes in leading a little before singing, which is against accepted canons.

Quite Untaught.

"I never had a teacher," was the astonishing reply. "My piano is my teacher, I have a diploma for playing, and I just play for myself and as I play I think" and Galli-Curci pressed her hand against her forehead to express the intensity with which she studied when she played.

"The formation of the throat has all to do with the voice," was another statement in reply to the query did she think there was anything in her vocal organs that resembled those of a bird and which enabled her to sing with the same naturalness.

Referring to her audience, the prima donna said that as a whole she thought people are the same the world over, only that "the more savage they are the more they like the high notes. The more you shout the more they like you." Comparing the music of today with that of the past, her opinion was that the modern is to melodrama, which is absolutely against logic. People want to talk the words, you do not hear the beautiful melody. Still people like the old operas. Sing Lucia and the people come to hear you, I like the old music said and otherwise. The "farmers read the papers and education is spread out. There is no gall nor hate." "I love to sing in Canada," expressed her attitude to this side of the line, and the big audience that is sure to listen in Massey Hall tonight will beyond doubt reciprocate in the answer, "Galli-Curci, Toronto loves to hear you sing."

WYCLIFFE ALUMNI CONFERENCE

The last day of the Wycliffe alumni conference commenced with a celebration of Holy Communion at 7:30. At the quiet hour the Rev. H. A. Haslam brought his series of addresses to a close with a consideration of the church as the body of Christ.

At the morning session "The Anglican Forward Movement" was considered. The subject was introduced in a masterly way by Canon Gougeon and further emphasized by Dr. Taylor, who outlined the method of educating the church at large. The remainder of the morning was taken up with a round table conference conducted by the Rev. Principal O'Meara, and the election of officers for the coming year.

At the luncheon the Ven. Archdeacon Armitage spoke on "The Revised Prayer Book." An "at home" for the graduates and their wives brought a successful and well-attended conference to a close.

BANQUET OF MUSICIANS.

An informal dinner was tendered last night to their friends at the King Edward by the presiding geni of the amateur solo competition, held recently at the C. N. E., which was attended by the judges, the winners and many others, more than 20 covers being laid.

Mr. J. E. D. Ford and Miss Mae E. Skilling were the hosts of the evening, and among those present were Dr. A. S. Vogt, Dr. Albert Ham, Dr. Fickler, Dalton Baker, Maestro Caraboni, Boris Hambour, David Dinsmore, Alfred Bruce, Signor Morando, the two zappy winners of the recent contest, Miss Esther Jarvis, of Toronto, and A. Plumstead, of Paris, and many others.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

The marriage of Lucy Eva, youngest daughter of the late Mr. William John Wheatley, F.C.S.S., and Mrs. Wheatley, London, to Mr. Gordon Graft Copeland, B.A.M.B., son of Mr. and Mrs. Jacob J. Copeland, 189 Spadina road, Toronto, was solemnized at the high altar in the Church of the Transfiguration (L.I.C.) Church Around the Corner, New York, at 3 o'clock on Tuesday, Sept. 16, by the rector, the Rev. Ralph H. Hayden. The bride, who was attended by the groom's sister, Miss Rachelle Copeland, wore a handsome costume of taupe duvetyl, richly embroidered in silk, with blue hat and corsage bouquet of Mrs. Aaron Ward roses. Immediately followed the marriage of Madeleine Henry-Banks, daughter of the late Mr. Martin Henry and Madame Juliette Henry, Le Troport, France, and widow of the late Mr. George Banks, to Lieut. George Rudolf Copeland, youngest son of Mr. and Mrs. Copeland, who has lately returned from overseas service. The bride wore a tailor-made costume of beige duvetyl, with a hat of Copenhagen blue, and carried a bouquet of sweetheart roses. The bride was also attended by Miss Rachelle Copeland. After the two ceremonies the bridal party, including Miss Olive Grandfield, Mount Vernon, New York, and Miss Alma Tipp, Toronto, motored to the Commodore Hotel, where a reception by the bride and groom was held. The bride's party, Dr. and Mrs. Copeland, after spending a few days in New York, left on a trip to Montreal and Quebec, returning to their home in Toronto on Sept. 29. Mr. and Mrs. George Rudolf Copeland are spending their honeymoon in New York, and will also live in Toronto.

Mrs. Philip Prideaux has left Ottawa for Victoria, B.C., to join Col. Prideaux and live there permanently. Miss Mary Servos, Niagara-on-the-Lake, is leaving soon for New York en route to Bermuda, where she will spend the winter. Mr. and Mrs. Gerhard Heintzman

and Miss Cornelia Heintzman left town yesterday for New York, and will be away for ten days. Mrs. Sidney Small has returned from South Carolina.

Mr. and Mrs. Sigmund Samuel and their family have returned from Windermere, where they have spent the summer.

In the Moor Street Presbyterian Church at three o'clock yesterday afternoon the marriage was solemnized by Rev. Dr. Wallace assisted by the Rev. Dr. Pidgeon, of Isabel, daughter of Mr. and Mrs. W. W. Cumming, to Capt. Cecil E. Siroom, M.C., Canadian permanent army service corps, and choir and during the signing of the register Miss Esther Cassel, sang "O Perfect Love." The bride, who was brought in and given away by her father, wore a gown of pale pink veiled with white, with overdress of silver lace, fastened with a silver cord and tassel. Her veil, which was of white tulle, was covered with orange blossoms, and she carried a bouquet of sweetheart roses. Miss Betty Cumming, of the hour over the groom, a platinum and diamond ring, Miss Bernice Farrance, who attended her, carried a large black velvet bouquet, and carried ophelia roses. She also wore the gift of the groom, a diamond ring. Miss Myrtle Howel, Hamilton, was best man. During the signing of the register Miss M. Gladys O'Connor sang "Love You Truly." Directly after the ceremony Mrs. and Mrs. Turnbull left for the United States and on their return will live in Hamilton.

On Tuesday, Sept. 23, at 4 o'clock p.m. at the house of the bride's mother, 248 Lansdowne avenue, a wedding was solemnized by the Rev. Dr. Wallace, assisted by (Miss) the youngest daughter of Mrs. E. Crawford and the late Mr. Wm. Crawford, was married to Mr. Alex. G. Free, formerly of the 12th Ontario Regiment, son of Mr. and Mrs. Jas. Free, Mimico. The dainty little bride, who was given away by her brother, Mr. Wm. Crawford, wore a white duchesse satin and lace, trimmed with pearls, her veil of tulle, being fastened in apricot satin, with a corsage bouquet of bride and groom roses. Mrs. Siroom, mother of the groom, was in taupe satin, a taupe hat, and ermine fur.

COMMUNITY SERVICE WORKERS MEET

Plans Discussed for Collection of Year's Current Expense Funds.

An enthusiastic meeting of the representatives of the organizations in the Federation for Community Service was held at the Ryrie building yesterday afternoon when the finances of the federation and the plans for the collection of the balance of the funds for the current year's expenses were discussed. The meeting was attended by about two hundred of the leading social and financial representatives of the forty-nine institutions which belong to the federation. The purpose of the gathering in effecting economy and increasing the efficiency of all the organizations was laid before the meeting, and fully discussed. The subscription to the federation, one of the four in the big four campaign amounted to \$245,000. Approximately four-fifths of this amount has been distributed since that time to the institutions which are members of the federation. The balance is represented chiefly by outstanding subscriptions payable to the Big Four campaign on September 30 and October 30.

To Raise \$120,000.

The plans endorsed by the meeting yesterday for the balance of the current year cover the raising of \$120,000 divided into three parts, one-third of which will be raised by a special subscription committee, one-third by a business men's canvassing committee, and the remainder by the institutions of the federation.

The members of the finances committee, representing the organizations, were nominated and plans were discussed for the collection for the balance of the funds. Some originating next week. Addresses were made to the meeting by the chairman, Mr. W. H. Alderson, Dr. Brittain, representing the federation, and Mr. J. R. S. Macdonald, representing the research, Mr. F. N. Stapleton, representing the Neighborhood Workers' Association, and Mr. W. T. Kernahan, representing Catholic charities; all testifying enthusiastically of the great benefits which the federation has already accomplished for the city of Toronto and the still greater in prospect when the organization of the federation is complete. After the meeting the secretary, Mr. Horace W. Dawson, stated that the organization outlook of the federation in Toronto was for its present stage of development the most satisfactory of any of the countries in which a federation has been formed. In no city had so large a group of philanthropic organizations banded themselves together in the beginning for co-operative efforts of this kind. Mr. Dawson spoke in most enthusiastic terms of the splendid prospects of the federation.

Doctors interested in raising of \$100,000 towards University in China.

Methods of work in propaganda, thru colleges, schools and other channels, were discussed yesterday at the morning session of the third day's proceedings of the board of managers of the Women's Missionary Society. Mrs. C. Sanford, the leader, pointed out the use to which posters might be put in this connection. Some original specimens were on hand as illustration. Mrs. Sanford stated that to her mind "W. M. S." stands for women, money and service. Social service work was spoken to by Dr. T. Albert Moore, the activities under discussion operating in Truro and Calgary having the co-operation of the missionary organization. The "quiet hour" was directed by Mrs. T. G. Williams. Addresses were given in the afternoon by Dr. Severn and Dr. N. A. Powell, who told of the interest taken by doctors, dentists and nurses in the project of raising \$100,000 towards the Union University of China. A request from the Methodist Episcopal body of Japan that the society in session would take over work in Nagoya, Japan, was answered in the negative, the society feeling that they already had as much as they could cover. The report of the supply committee was given by Mrs. Alfred Briggs, who enumerated various instances of gifts of clothes, money and other needs. During the hour with missionaries and candidates, brief addresses were made on Japan by the Misses Veeney, Strothard and Staples. Mrs. A. Hockin and the Misses Virgo and Holt spoke on China, and the Misses Howie, Chase, Jackson and Myles spoke for Canada. Candidates who took part in the exercises of the hour were the Misses Myra E. Simpson, Hamilton branch; Lulu Mabel Barr, Margis Helle Fennell, Saskatchewan; Kathleen Greenbank, B.A., Manitoba; M. Gormley, Nova Scotia.

TURNBULL-FARRANCE

The Timothy Eaton Memorial Church was the scene of a wedding on Thursday afternoon, when Mabel Turner, daughter of Mr. and Mrs. Walter C. Farrance, was married to Mr. Stuart Turnbull. The ceremony was performed by the Rev. C. A. Burns, pastor of the church. The bride, who was given away by her father, wore a tailor-made dress of beige velour richly embroidered and small veil to match, a corsage bouquet of orchids and ophelia roses. She also wore the gift of the groom, a platinum and diamond ring. Miss Bernice Farrance, who attended her, carried a large black velvet bouquet, and carried ophelia roses. She also wore the gift of the groom, a diamond ring. Miss Myrtle Howel, Hamilton, was best man. During the signing of the register Miss M. Gladys O'Connor sang "Love You Truly." The Colon Is the Home of Health—Keep It Clean!

FALL HOUSE CLEANING is at hand. It's a hard job at best. But consider what an impossible task it would be if the house hadn't been getting its regular daily cleaning all these months!

Long before this no one could have lived in it. The accumulated dust and dirt, which is fairly easy to down day by day, would have so clogged the quarters that they would be uninhabitable.

Your Colon is the house where your health lives. It has different "rooms" in which your daily physical welfare "lives". These "rooms" are long and narrow. So they are easily clogged. And when constipation clogs them, your health has to get along the best it can in a home that isn't fit to live in, any more than a house clogged up with dust and dirt is fit for you and your family to live in.

Nujol is the broom that will keep this "home of health" in perfect order all the time.

Nujol is the only helper that will do this without turning things topsy-turvy and upsetting all the "rooms"—just as house-cleaning does.

By daily use of Nujol you can free yourself from all the disease-risk, discomfort and inefficiency that come from a clogged colon.

Nujol is not a medicine. Not the least particle of it is absorbed into the system. It is a clear, tasteless, odorless, absolutely HARMLESS softener and lubricant. A baby can take it with perfect safety. It doesn't upset the stomach or anything else. It simply keeps the home of your health CLEAN and COMFORTABLE.

Get a bottle of Nujol from your druggist to-day, and send for free booklet—"Thirty Feet of Danger."

Nujol Laboratories, STANDARD OIL CO. (NEW JERSEY), 50 Broadway, New York

Warning: Nujol sold only in sealed bottles bearing the Nujol trademark. Beware of cheap imitations. Nujol is not a medicine. You may use other substitutes.

WAR SERVICE GRATUITY

THE G. W. V. A. intends to place facts before the Parliamentary Commission to deal with Soldiers' Civil Re-establishment. Below is printed the official stand of the organization on the question of a further gratuity and also a duplicate of the Questionnaire to be completed by members of the G. W. V. A.

GREAT WAR VETERANS' PLATFORM

- 1st—Increased Pensions and Gratuity for Widows and Orphans.
- 2nd—Full Care for our Disabled Comrades.
- 3rd—Aid for all Returned Soldiers--to be limited only by the country's ability to pay.

G. W. V. A. RESOLUTION

WHEREAS it is due to the Members of the Canadian Expeditionary Forces, and imperative in the national interest that effective means should be promptly found for the re-establishment of the soldier and his assimilation into the civil life of the country;

AND WHEREAS it is essential that such re-establishment should be accomplished in such manner as to place the soldier as nearly as possible on an equal footing with those whose business or professional career or other earning power has not been interrupted by Military Service; and so that he may be adequately rehabilitated in civil life and the better enabled to bear his share of the immense burden of taxation which the War has placed upon the country;

AND WHEREAS it is desirable that such re-establishment should be accomplished with a minimum of administrative cost, so that the soldier may receive the maximum of benefit from the money expended and the burden to the country may not be unduly increased;

AND WHEREAS, in view of the serious unemployment problem that faces the country in the immediate future, to accomplish these objects in a manner equitable to every individual citizen under the varying conditions of this vast Dominion, the most satisfactory system is one of gratuity payments.

BE IT THEREFORE RESOLVED that the Great War Veterans' Association of Canada in Annual Convention assembled this second day of July, 1919, urge upon the Government of Canada the necessity of the immediate adoption of a system of bonus payments as the most satisfactory and effective means of re-establishing the soldiers.

AND BE IT FURTHER RESOLVED that after careful thought and full consideration, we are of opinion that the granting of such Bonus upon an equality basis be limited only by the country's ability to pay, so as to enable the beneficiary to become efficiently re-established with security and happiness. The classification of beneficiaries, the method of distribution and administration to be agreed and decided upon by a joint Parliamentary and G.W.V.A. Commission;

AND THAT THIS BONUS should be in addition to any gratuity or pension for disability resulting from service; AND that in the case of Members of the Expeditionary Forces whose death occurred whilst in the service or after discharge therefrom, such Bonus shall be paid to their dependents.

ALL of the benefits contained in this Resolution shall apply to those resident in Canada prior to 4th August, 1914, who served in the Imperial Forces, and are now, or may be at any future date domiciled in Canada.

MINISTER UPHOLDS DOMINIONS' RIGHTS

French Premier Would Hurry American Ratification of Peace Treaty.

Paris, Sept. 25.—In the course of the discussion in the chamber of deputies on the peace treaty, Foreign Minister Pichon upheld the right of the British dominions to membership in the league of nations. He declared France had no colony comparable with the British dominions, which had raised nearly three million men during the war.

Speaking in the chamber of deputies today on the German peace treaty, Premier Clemenceau said that if he had any word to send the United States senate it would be that it hurry the ratification of the treaty.

Replying to criticisms of the treaty, M. Clemenceau said the league of nations was not as perfect as President Wilson would have desired, but that he (Clemenceau) had no criticisms to offer.

Great Britain's Help. If Germany had not declared war, the premier asserted during his remarks, she would have Germanized the whole world. The socialists in the chamber, where there was a full attendance of deputies, protested violently at this assertion.

The premier read documents showing that Great Britain came spontaneously to the help of France without being bound by any military accord.

The premier spoke a little more than two hours. He held the close attention of the chamber except for brief but violent interruption by the socialists. His principal argument in reply to the critics of the treaty was that France was only one of four great powers that had won the war, and that therefore it could not expect a distinctly French peace. These powers had to make peace together as they had made war, he said.

TAXIS AND PRUNES HIT SALOONKEEPER

Figure Prominently in Cost System of Progressive New Yorkers.

New York, Sept. 25.—Taxicab rates and the price of prunes are figuring prominently in the cost system of the progressive New York saloonkeeper who calculates his profits on a mathematical basis while he gambles with the federal law.

Taxicabs have a part in this outlawed business now a days, because they offer security and privacy to the "outlaws" who would renew their cellar stocks. It is not uncommon to see a prosperous liquor seller drive up to his place of business in a taxi with his arm affectionately around a barrel of the stuff. United States revenue agents are inclined to think that some of New York's wholesalers are cheating.

Now, about the prunes: Only a half-witted drinker could believe that he gets high-powered whiskey these days when he says to the bartender: "Gimme a shock."

It looks like whiskey, but the shock is juice with a suggestion of house paint. Juicy with a suggestion of house paint, a really imaginative saloonkeeper, by practicing intense cultivation in his cellar, can dilute one barrel of regular whiskey until it fills three barrels. Many of them are using spirits which in the old days meant nothing to a drinker, but played an important role in the lives of chemists, perfume manufacturers and patent medicine men.

ASSASSINATION OF LENINE REPORTED

Another Rumor in Circulation That Bolshevik Premier is No More.

Paris, Sept. 25.—A rumor was in circulation on the bourse here today that Nicolai Lenine, the Russian Bolshevik premier, had been assassinated.

Several attempts on the life of Premier Lenine have been reported, the most recent reports coming thru Copenhagen and Zurich on March 18, last. His chauffeur was said to have been injured when shots were fired at Lenine, but the latter was not touched.

A despatch thru German channels on October 16, 1918, reported Lenine wounded in the shoulder by a bullet fired by a member of the soviet information bureau. This report was never confirmed. In January, 1917, however, he had a narrow escape from assassination when his automobile was fired upon, and its windows shattered by bullets. Lenine on this occasion, too, escaped harm, although a member of his party was wounded.

PRESIDENT WILSON EXPLODES BUBBLE

Shows Empire Has No Advantage in Being Allowed Six Votes.

Denver, Colo., Sept. 25.—Declaring the issue in the peace treaty at last had been "clearly drawn," President Wilson said in an address here today that the question squarely facing the nation was whether the United States would keep its pledges to help guarantee the peace of the world.

"I want to call your attention to point out what is not often explained to audiences in this country," he said, "the actual constitution of the league of nations. It consists of two bodies, a council and an assembly. The assembly is the numerous body. In it every self-governing state that has a vote on the league is represented, and not only the self-governing independent states, but the self-governing colonies, and dominions, such as Canada, New Zealand, Australia and South Africa; they are all represented in the assembly, and it is in the assembly that the combined representation of the several members of the British empire are assigned six votes, and you are constantly being told that Great Britain has six votes and we have one. I want you to appreciate the full significance of that; they have six votes in the assembly and the assembly don't vote. So that bubble is exploded.

"There are several matters in which the vote of the assembly must co-operate with the vote of the council, but in every such case a unanimous vote of the council is necessary. Inasmuch as the United States is a permanent member of the council, her vote is necessary to every active policy of the league and therefore the single vote of the United States always counts six, so far as the votes of the British empire are concerned.

GIFT TO DUCHESS

Money Presented by Women of Canada Will Go for Memorial Hostel.

London, Sept. 25.—The Canadian Associated Press learns that the Duke of Connaught has decided that the money gift to the late Duchess of Connaught by the women of Canada, as a mark of affection and esteem when their royal highnesses left the Dominion, shall be devoted to establishment of a Duchess of Connaught memorial hostel for Canadian ex-service men in London.

The duke has asked R. B. Darran, an Englishman, who has done great service voluntarily for overseas men and dependents, to undertake the organization and management of the institution.

BRITISH FOOD ORDER

New Feature Will be Limitation of Profits Rather Than Fixing Prices.

London, Sept. 25.—An important food order comes into operation on Monday next, the new feature of which is the local control of trade, not by fixing prices, but by limiting profits. The order is to be applied first in the Midlands and the commodities affected are fish, fruit and vegetables, on which the maximum gross profit permitted to retailers will be 35 per cent. The margin of profits has to cover all loss from wastage.

Ticket Agents' Association Holding 33rd Convention

Beaumaris, Sept. 25.—The Canadian Ticket Agents' Association, in their thirtieth annual convention, are here entertained by the Muskoka Lake Navigation Company on a three-day trip around the lakes at Rosseau. Last night a ball was given in their honor. Quite a number of the members are accompanied by their wives and come from Winnipeg, Minneapolis, New York, Nova Scotia and all over Ontario. The association will be entertained here tonight, and tomorrow will call at Bala for an hour and return to Toronto via Muskoka Wharf.

BRANTFORD TEST CASE

Special to The Toronto World. Brantford, Sept. 25.—His Honor Judge Hardy has given a decision in the case entered against the city by Dr. Robinson and Edward Rice, who entered a suit of \$500 damages from a flood occurring in February, 1918. The evidence of damage inflicted was unsatisfactory, hence only \$100 was awarded to each plaintiff. The decision was a test case, and settlement of all outstanding cases is expected to follow.

Liners Royal George and Baltic On Way With Returned Troops

Ottawa, Sept. 25.—The liner Royal George, carrying 522 Canadian soldiers, of whom 71 are officers and 451 belong to other ranks, will reach Halifax on or about Sept. 28. She carries five officers and 139 other ranks for Halifax dispersal area, 23 officers and 153 other ranks for Toronto, and 16 officers and 67 other ranks for Winnipeg. The liner Baltic is also on her way across, and should reach Quebec about Sept. 27. She has 31 officers and 206 men on board.

Prince of Wales to Revisit Winnipeg for Four Days

Winnipeg, Sept. 25.—His Royal Highness the Prince of Wales will revisit Winnipeg on Oct. 10. It was announced last night, and will remain in the city till Oct. 14, when he will leave for his tour in the United States. The visit on this occasion will be of an informal nature.

AMEND GRAIN ACT

Ottawa, Ont., Sept. 25.—An amendment to the grain act of which notice has been given provides that if the amount of grain in an elevator on August 31 is in excess of one quarter of one per cent. of the gross amount of the grain received in the elevator during the crop year, such excess surplus shall be sold by the board of grain commissioners, and the receipts applied towards the cost of administration of the Canada Grain act.

Distinguished Men to Attend Installation at Queen's

Special to The Toronto World. Kingston, Ont., Sept. 25.—University representatives from all over the world will be present at the installation ceremonies at Queen's University Kingston, Oct. 15-17. The installation of the new chancellor, E. W. Beatty, K.C., president of the C. P. R. and of Dr. Bruce Taylor, the new principal, is to take place on the afternoon of Oct. 16. A banquet is to be held in the evening in Grant Hall.

Senate Receives Treaty Bill; Declares It Read First Time

Ottawa, Sept. 25.—In the senate this afternoon, the government bill, ratifying the Versailles treaty of peace and the league of nations, was received from the commons, read the first time, and placed on the order paper for second reading on Tuesday next. The senate adjourned until Tuesday evening.

SINN FEINER ACQUITTED.

Dublin, Sept. 25.—Patrick O'Keefe, Sinn Fein member of parliament for the northern division of Cork, was acquitted today after a trial by court-martial on the charge of unlawfully having arms in his possession. He was arrested on September 12 during the series of raids and searches for arms and documents carried out by the authorities here and elsewhere in Ireland.

GIVEN FIVE-YEAR TERM

Bellefleur, Sept. 25.—Arthur P. Kecheon, a young man who was found guilty of criminally assaulting Josephine Baker, a girl 15 years of age, was this afternoon sentenced to five years in the penitentiary by Hon. Justice Latchford.

REPORT ON S. S. CHELSTON

Sydney, N.S., Sept. 25.—In an effort to lighten her forward part, large quantities of spoil wood were yesterday thrown overboard on the steamer Chelston, stranded on St. Paul's island. The spoil wood sank as soon as it touched the water and this part of the cargo will be a total loss. Divers have found that jagged rocks have penetrated the steamer's bottom and displaced portions of the engines from their original beds.

Comradeship

Admiral Sir David Beatty

ADMIRAL Sir David Beatty, when speaking at Leicester a few days ago, said:—

"We have been through four and a half years of a great struggle. We have all learned something—the true value of comradeship. Comradeship has enabled us to win the war."

Realizing the significance and truth of this statement the Citizens' Liberty League appeals to the people of this Province to develop the spirit of comradeship, mutual forbearance, toleration and sympathy. Let us be fair-minded, less rigid, more reasonable, and more willing to give and take.

Samuel Gompers

The workmen of Ontario appeal for better beer—non-intoxicating beer—beer containing 2.51% alcohol by weight—THE BEER OF THE BALLOT.

Samuel Gompers, the world's greatest labor leader, stated the workman's position clearly when he said:—

"The normal men, the men of Labor who work eight hours a day and no more, the workmen who earn decent pay, the workmen who have comparatively comfortable homes, they do not want the artificial spirit. The man of normal spirit finds comfort in pleasant surroundings; he does not need, and, as a rule, will not partake of intoxicating drinks; he shuns the effects of intoxicants. What we now ask is that the men of Labor, the masses of our-people, shall have the opportunity to drink a glass of beer of not more than 2 3/4% by weight of alcohol in that

beer, and I am told you cannot drink enough of that character of beer to get drunk even if you tried."

Scientific tests, practical experiments and thorough research prove that beer of even greater strength than 2.51% of alcohol by weight, is absolutely non-intoxicating. (The results of these tests have been filed with the United States Circuit Court of Appeals).

As no harmful results can possibly come from drinking beer of this quality—is there any fair or logical reason why the working men should not have the more palatable beer for which they are asking—THE BEER OF THE BALLOT?

Support the working men and the Citizens' Liberty League in the endeavor to obtain a fair, just and reasonable compromise on the present too drastic prohibitory legislation.

WOOD AND RUBBER SHARES ADVANCE

Several Tobacco Stocks Rise Sharply on Reports of Consolidation Plans.

New York, Sept. 25.—The fourth day of the steel strike was without material influence on the stock market, aside from frequent pauses of the ticker and consequent price changes, which indicated a lesser interest in the outcome of the labor controversy.

Traders seemed unable to arrive at any final conclusion, from the divergent claims of the opposing factions, but the comparative steadiness of steel and related issues denoted substantial support at the close.

Specialists dominated the session, however, particularly in the steel pool, which was regarded with bullish favor. These included food and rubber shares, the latter mostly of the motor subsidiary group, in which gains ranged from two to five points.

Old and tobacco were eclipsed for a time, but American Tobacco became a foremost feature of the later dealings, at an advance of 16 points to 303, its top quotation in six years, while Liggett & Myers and Lorillard tobacco, both named with the company's proposed consolidation or merger, gained almost as much.

One of the day's surprises by their activity and strength, even American Smelting rallying from its recent weakness, in the face of a very unfavorable semi-annual statement.

Sugar was the mainstay of the food division, deriving much of its strength from reports that all trade restrictions are soon to be removed.

NEW YORK CURB STRONG

New York, Sept. 25.—Activity and strength were evident in today's market right up to the close. There was more of the public participation today and advances from fractions to five and six points in some issues were registered.

General Asphalt again led the market in activity, reaching a new high of \$119. U. S. Steamship was another strong spot, selling at 4 3/8 for the high.

American Safety Razor Corporation was introduced to traders at \$21. There was some selling and it sold at a low of 13 1/2. The close was around 20 1/4.

Allied Oil was again strong and reached 1 5/16, although it was selling ex-dividend today.

The mining shares assumed a stronger tone generally on the news that operations are about to be resumed in the Divide camp under the protection of state troops.

At the annual meeting of the Brazilian Traction, Light & Power Company, held yesterday, the following directors were re-elected without change.

STOCKS AT MONTREAL REACT AFTER ADVANCE

Trading Shows Considerable Contraction From Total of Previous Day.

Montreal, Sept. 25.—The total transactions in listed stocks on the Montreal stock exchange today fell short of the previous day's total of about 10,000 shares, and the number of trades was reduced by four to fifty-eight.

The market was characterized by continued strong and exceedingly active in the afternoon session, but business in the afternoon was practically at a standstill and prices showed marked tendency to fluctuate.

The most prominent feature was the strength and activity of Laurentide, which on trading in 1225 shares advanced 1 1/2 points to 225, and held the market.

Atlantic Sugar common and Ames-Holden common were again the day's active leaders, the former selling to the number of 2,900 shares, and the latter to the number of 3,100 shares.

At the annual meeting of the Brazilian Traction, Light & Power Company, held yesterday, the following directors were re-elected without change.

NEW CROP OF CORN IS EXPECTED TO MOVE MUCH EARLIER THAN USUAL

Chicago, Sept. 25.—Indications that this season's new crop of corn would move much earlier than usual had a pronounced bearing on the corn market.

From the outset corn showed weakness but it was some time before the downturn was to be due to anything more significant than lack of support.

Provisions were weak in the part of recent buyers, in this connection notes were taken that there had been an uptick in prices of 14 to 15c in the last nine days.

Tomson, Forwood Co. received the following Chicago wire from Thomson McKinnon Co.

The developments that have been awaited have appeared. They are a revival of importations of Argentine corn.
