

Hockey O.H.A. Amendments

Elliot High for World Trophy

Senior Finals Arranged

NOTE AND COMMENT

To Dwight J. Turner goes the honor of being the O.H.A. president for 1907-08, his opponent, Mr. J. C. Makins, yesterday withdrawing from the field.

Mr. J. W. Chown of Stratford, a nominee for the O.H.A. executive, is a man deserving of election.

Varsity Hockey Club, which organizes Thursday night, will have a stronger team than last year, also losing one of the champions.

Such a wallowing as Montreal gave Ottawa Saturday was unexpected in the west, after Tigers' defeat in the capital the week previous.

Now comes word from the other side of the man well versed in Rugby to the effect that this fall would see absolutely the demise of the forward pass.

Montreal has now three championship teams, Wanderers in hockey, Shamrocks in lacrosse and Montreal in Rugby.

Now comes word from the other side of the man well versed in Rugby to the effect that this fall would see absolutely the demise of the forward pass.

Says Dr. Bartram of the Varsity Rugby team: "My medicine chest was never opened at Ottawa nor in the Queen's game Saturday."

Fred Doe and Hughie Duffy, owners of the Providence Baseball Club, had a lift, as the fans will remember last season, as a result do not speak to each other now.

AMERICANS LEAD NATIONALS IN BASEBALL GAMES PLAYED

Totals for Five Years Place Ban Johnson's Organization in the Lead in Interleague Series.

When the baseball campaign of 1907 ended with the playing of the world's championship games and other post-season contests between American and National League clubs, it marked the fifth consecutive season in which inter-league series have been played between clubs of the major organizations.

Who in four of these five years the American stand on equal terms in winning the world's championship, this is the first year the National League has won a game in the series.

March 11, at Houston, Texas—Washington 5, St. Louis Nationals 1.

March 22, at St. Louis—St. Louis Nationals 7, New York Nationals 1.

March 23, at Galveston, Texas—St. Louis Nationals 5, Washington 0.

March 24, at Houston, Texas—St. Louis Nationals 5, Washington 2.

March 25, at New Orleans—New York Nationals 4, Athletics 2.

March 26, at New Orleans—Athletics 9, New York Nationals 5.

March 27, at St. Louis—Athletics 5, Americans 4.

April 1, at Cincinnati—Boston Americans 2, St. Louis Nationals 5.

April 2, at Cincinnati—Boston Americans 2, St. Louis Nationals 5.

April 3, at Philadelphia—Nationals 1, Americans 2.

April 4, at Philadelphia—Nationals 4, Americans 1.

April 5, at Philadelphia—Nationals 7, Americans 4.

April 6, at Philadelphia—Nationals 5, Americans 6.

April 7, at St. Louis—Nationals 6, Americans 7.

April 8, at St. Louis—Nationals 5, Americans 4.

April 9, at Philadelphia—Nationals 7, Americans 4.

UNION MEDS WON MILLOCK CUP GAME

Score Was 6 to 5, All Being Done in the First Half—Technical.

Junior Meds and Junior Arts, played a hotly contested Millock Cup game yesterday afternoon on the athletic field.

Junior Meds, led by their captain, won the game by a score of 6 to 5.

Junior Meds, led by their captain, won the game by a score of 6 to 5.

THE UNION LABEL.

You can get Union-Label Clothing here, insuring you careful workmanship and honest value.

GOUGH BROS. Two Entrances: 186 Yonge Street, 6 and 8 Queen St. W.

TOO GREAT A HANDICAP.

Why Master Machinists Object to the 9-Hour Day.

In a letter to the mayor Secretary Merrick of the Employers' Association objects to the endorsement by the city of the nine-hour day movement of the machinists.

"What policy does the city intend to pursue with regard to contracts made with firms outside of the city limits? How do they propose to enforce the nine-hour day on firms situated at Toronto junction in the provinces, Dominion, British or foreign localities? If it is not possible to be enforced outside the city limits, will it not be a distinct discrimination against the city firms whose business alone contributes taxes and finds wages for a large proportion of the industrial population?"

"The demand of the machinists for the so-called nine-hour day in Toronto is really a demand for a 50-hour week, practically an eight-hour day, under no circumstances could the firms here operate their factories on Saturday afternoon, owing to the opposition of their employees."

"The Toronto firms are now conceding five hours in the manufacturing of goods to their provincial and foreign competitors. To have an additional five hours exacted from their working time while the same conditions do not apply to firms operating outside of the city limits would mean an obstacle in competition too great to be overcome."

THE DENOMINATIONAL PAPER.

Editor McKay of the Canadian Baptist Tells of Its Good Points.

A meeting of the Baptist Ministerial Association was held yesterday morning when Dr. W. J. McKay, the editor of The Baptist, spoke at some length upon the necessity existing for and upon the value to the church of the denominational paper. It was a necessity, (1) because, inasmuch as the obstacle newspaper press did not give sufficient space to the treatment of moral and religious questions, they absolutely required a journal either wholly or at all events, pre-eminently devoted to these important issues, and (2) because they absolutely needed a faithful exponent of the tenets and activities of their denomination, all of which should be of the most practical interest to every local church and pastor in their work."

REPUBLICS FOR PALESTINE.

WASHINGTON, Nov. 11.—An understanding has been reached between the presidents of the republics of Salvador, Honduras and Nicaragua, as a result of which all questions at issue have been adjusted and cordial relations have been established between those countries.

Palmetists in Court. Several palmetists have been summoned to appear Nov. 14 in police court on charges of fortune-telling.

ANGLICAN S.S. INSTITUTE.

Opened in Holy Trinity S. S.—Program for To-Day.

Yesterday was opened the Diocese of Toronto Sunday School Convention. In the evening an opening address was given by the Archbishop of Toronto, in the form of a review of the Sunday school work in the diocese during the past year. Archdeacon Sweeney spoke of the aims of the convention this year. The Rev. Canon Cayley gave an explanation of the program of the convention, introducing the various speakers, and the interesting subjects they would speak on. The attendance was rather small, but a much larger number of delegates is expected to-day, when the program is:

Morning Session—11 a.m.: Opening of convention 11 o'clock, chairman's address; address subject, "The Canadian Church Sunday School." Rev. Dr. Rexford, principal of M. D. T. College. Address: Rev. Canon Tucker, D. C. L., general discussion and questions.

Afternoon Session—2:30-5:30 p.m.: 2:30 p.m., hymn and prayer; address, subject, "The City Sunday School, Its Present Condition and Possibilities." Rev. discussion and questions; address, subject, "The Problem of the Country Sunday School." Rev. T. W. Powell, M.A., general discussion and questions. Evening Session—8 to 10 p.m.: "A Church S.S. Model Lesson" (teachers present as scholars), by Rev. Principal Rexford, D.D., Chairman, the Most Rev. the Archbishop of Toronto.

DAUGHTER KEEPS HOUSE.

Justice Britton Decides Against a Creditor of an Estate.

Daniel V. Payne, as a creditor of J. W. Tew, a Chatham merchant, brought an action against Tew's heirs for \$1815.80 before Justice Britton. Payne claimed that a conveyance had been made by Tew to his daughter of some property, the purpose of defrauding Tew's creditors. He wished to have this conveyance set aside.

Judge Britton said the evidence established the fact that Tew had not been a good provider for the family and had done practically nothing toward their support. He had started to purchase a piece of property, and the house in which the family lived. He had found difficulty in keeping up the payments, and had agreed to give the property over to his daughter on condition that she keep up the payments. She had done this as the evidence showed. Justice Britton dismissed the action.

BRAMPTON RIOTERS FINED.

BRAMPTON, Nov. 11.—Judgment was delivered this morning in the cases brought by the C.P.R. against McBrice, McCullum, Revely and Austin. John McBrice and Neil McCullum, who had started the disturbance in the C.P.R. station at Brampton some days ago, were each fined \$10 and costs. William and Wesley McCullum, sons of the above-named Neil McCullum, were each fined \$1 and costs. William Revely was fined \$1 and costs. The charge against Austin was dismissed.

BANK OF ENGLAND AND DEAR MONEY.

What does the Bank of England rate mean, and why and how does it affect the money market? are questions not infrequently asked, and they have again been put to The World in connection with its recent increase to 7 per cent.

ALTHOUGH not a state bank the Bank of England really occupies that position on account of its intimate relations with the government of the United Kingdom.

It became the government bank, and was for a long time the only example of limited liability in England. As a natural consequence the cash reserves of other banking institutions were deposited with the Bank of England, and it has since held practically the only reserve of gold in the kingdom.

London holds this commanding place in the money markets of the world because it is the clearing house of the nations, and this on account of the volume and magnitude of Britain's foreign trade.

London holds this commanding place in the money markets of the world because it is the clearing house of the nations, and this on account of the volume and magnitude of Britain's foreign trade.

financial circles. Yet the banking companies and the treasury itself shrink from looking up gold that is capable of employment profitably. But in this matter the interest of the banks and the interest of the manufacturer and trader are at variance, since the raising of the discount rate consequent on foreign demands decreases the profits of the latter and increases those of the former.

CARE IN CONCRETE WORK.

Workers in concrete will learn, sooner or later, that this valuable construction material must be handled with as much care as is given to any of the other building materials now used, and which have been in use for a much longer period.

The text for this criticism was given by the collapse on Saturday afternoon of a large concrete beam which was being put in place at the new Carnegie Library building on College-street.

JAPAN AND ALIEN LABOR.

Cable reports announced some little time ago that the Japanese Government had taken drastic steps to prevent further immigration of Chinese and Korean laborers.

POLITICAL INTELLIGENCE

Liberal appointments this week: Tuesday—Dominion and provincial convention for South Perth, at St. Mary's. Speakers—Hon. A. G. MacKay and Mr. McIntyre.

Wednesday—Meeting for South Perth at Port Dover. Speakers—Hon. A. G. MacKay, Col. Atkinson and Capt. Kilmasterd, the candidate.

Thursday—Meeting for North Norfolk at Delhi. Speakers—Hon. A. G. MacKay, Col. Atkinson and Hal B. Daily.

Saturday—Dominion and provincial convention for Lincoln, at St. Catharines. Speakers—Hon. A. G. MacKay and a member of the house of commons.

The St. John, N.B., Sun (Lib.) claims to have no knowledge of Hon. Wm. Pugsley's intentions regarding the challenge to Mr. Borden to face charges in court of existence of a half million dollar Conservative campaign fund.

In contending that Dr. Pugsley had gained his position by expressing the opinion that neither side dare face full investigation of its misdeeds and that it was doubtful if this matter would go any further, the Sun spoke for itself alone. It has no more information of Dr. Pugsley's plans than of Mr. Borden's. But it believes, and has freely expressed the belief, that both parties are equally responsible for existing political evils.

The Fredericton, N.B., Gleaner (Con.), however, remarks that the Pearson-Pugsley organs do not take to the notion of an investigation into all of the election methods of 1904.

We are also led to believe that the resolution which the anti-quit was prosecuted will also permit of an investigation into the scandal of the Robtessay election.

Hon. G. P. Graham, minister of railways and canals, will be tendered a banquet by his constituents of Brockville on Tuesday, the 26th inst.

A Vancouver, B.C., despatch says: George H. Cowan will probably get the Vancouver Conservative nomination for the federal house. Cowan was defeated by the late George B. Maxwell in 1896. He is now city solicitor, and has taken a very active part, not only as a civic official, but for his numerous constituents.

A despatch from Windsor says: One of the possibilities of the coming Dominion election may be the retirement of Hon. R. F. Sutherland from the political arena. There have been rumors for some time that Mr. Sutherland would not contest the riding again, but would withdraw possibly as a judicial officer.

The annual meeting of the Centre Toronto Liberal Association will be held in St. George's Hall a week from Thursday.

A despatch from Vancouver says: The Vancouver Conservative nomination for the federal house. Cowan was defeated by the late George B. Maxwell in 1896.

Hon. G. P. Graham, minister of railways and canals, will be tendered a banquet by his constituents of Brockville on Tuesday, the 26th inst.

The Independent Labor party are organizing and preparing for a stirring campaign in the municipal elections this winter. They held their first meeting at the Labor Temple on Wednesday.

The local Tailors' Union have sent a member of their organization to Colorado for the benefit of his health. The union is paying his expenses and will keep him out there till he is fully recovered.

EATON'S DAILY STORE NEWS

Cleverly Tailored Eaton Clothes For Men and Boys

The man who neglects to see what this Eaton Clothing Store has to show him is wilfully overlooking his own interests—or else is guided by blind prejudice.

Many men, you know, haven't got rid of that old fogy idea—that correct clothes can only be got by having the tape measure passed. That idea has been relegated to the background along with horse drawn street cars and the like.

It's the ready-to-wear tailoring these days that commands the highest skill and genius in the tailoring craft.

It's the ready-to-wear tailoring that largely sets the season's modes.

It's the ready-to-wear tailoring that wide-awake chaps look to secure to them the acme of dress perfection they desire.

It's in this new order of things that Eaton tailoring demonstrates its unquestioned supremacy by its style merits, splendid workmanship, beautiful finish, and in the many niceties of style distinction, hard to describe, yet quickly noticeable to the man who makes it a point to be dress particular.

And what is of equal importance, Eaton tailoring presents decided economies, in many instances as much as 50 per cent. over tailoring of equal style, elegance and distinction.

Heavy Stylish Tweed Ulsters, suitable for automobile or driving purposes. All-wool nobby brown mixture, with stripe. Double-breasted; storm collar; cut 52 inches long. Good Italian cloth linings. Sizes 36 to 44. Priced at \$13.50

BEER* BENEFITS THE WHOLE BODY (NO OTHER FOOD-BEVERAGE DOES THAT MUCH)

NOT six people in a thousand (and those six have either diabetes or gouty tendencies) can get anything but real good from the use of good beer with their meals. Because that kind of beer (and no other kind is brewed in Ontario) benefits the whole body of the normal adult—enriches the blood, vitalizes the stomach, makes kidneys and liver active, builds flesh and betters nerves.

Beer Is Not A Mere Tonic

Good beer, drunk with meals and at bedtime, is not merely a tonic—for a tonic simply gets one part of the system to work better for a while, by stimulating its activity, while beer, rightly used, does the whole system permanent good.

Beer Builds Up Thin Folks

That is why good beer is such a notable flesh-builder, and why it is so effective in changing the too-white blood of anemic people into the red, strong, healthy blood of the vigorous. It has qualities that are very valuable to women, especially. It is distinctly NOT an intoxicant, nor a hurtful stimulant. Ask your doctor if beer wouldn't be good for you as an item of daily diet.

*BEER is a term which covers lager, ale, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops, and pure water.

FINDS "GROSSEST FRAUD" IN THIS OIL SYNDICATE

Justice Riddell is Severe in His Judgment—"It was a Bare-faced Swindle."

In giving the judgment by the divisional court in the case of the Alexander Oil and Development Co. T. J. Drain and E. J. Butler, et al., against John W. Cook and Henry J. Boerth, Justice Riddell says: "This action arose out of a bare-faced swindle perpetrated by the defendants Cook, residing in the Township of Marmora, in North Hastings, and Boerth, residing in Detroit. Their victims were a number of persons in Ontario, amongst them several barristers, who seem to be the most credulous and 'easy' in matters relating to their own pecuniary interest."

"Cook became the owner of certain 'oil leases' or an option on such 'oil leases.' He did this with the intention of selling out to a company to be formed at a profit. He associated with himself Boerth, who he said to have a gift tongue, and the two laid siege to a number of friends of Cook's. 'Cook started operations and struck oil.' Then about Aug. 21, 1906, a meeting was held at the Rossin House by the members of the syndicate to take steps to form a company. At that meeting false and fraudulent statements were presented by Cook and Boerth as to the price of the oil lease. A charter was issued to the company and Cook assigned to it his interests in the lease for \$60,000, saying he acted as trustee for 19 other persons. He had originally intended to ask only \$20,000, but it was thought that land that was worth \$20,000 before oil was discovered was worth \$60,000 after oil had been found."

Cook and Boerth, says the judge, neglected their duty, and induced the company to purchase the property as having been bought for \$20,000, which really cost much less. He finds that Cook should pay the difference between the \$20,000, represented value, and the actual amount paid for the leases originally. Justice Britton, Chief Justice Falconbridge agreeing, also gives judgment dismissing the appeal, but with the proviso that the judgment is without prejudice to the claim to the right of any, who may have been defrauded, to sue the defendants.

Those who were induced to pay the \$1000 to Cook and Boerth are: J. A. Hubbell, Marmora; D. G. Kerr, Toronto; E. J. Cowan, Tweed; P. J. Anderson, Marmora; J. A. McDonnell, Marmora; J. Henley, Belleville; A. Green, Detroit; H. W. Welch, Toronto; Thos. Frank Slattery, Toronto; B. H. McCallister, Havelock; T. Bennett, Havelock; A. O'Connor, Havelock; James Frederick Edgar, Toronto; Allen B. Aylesworth, Toronto; George J. Cook, Marmora; R. A. Smith, Toronto.

TO GO BEFORE THE JUDGE ALDERMEN SO DECIDE

Ald. McBride Alone Voted Nay Altho Others Evinc'd a Friendly Attitude to Commissioner.

With only Ald. McBride opposing, the city council yesterday, acting on the report of the special committee, decided to request Judge Winchester to investigate the conduct of the civic parks department. The alderman taxed Controller Hocken with having employed an automobile owned by the city for petty "detective work," and with having mania for investigations, which past experience had shown ended in nothing.

Ald. McMurrich asserted that Mr. Chambers was being persecuted, and that the whole thing was a "pretty mean business." Ald. Geary and Ald. Bengough appeared anxious to vindicate their action in moving at the previous meeting for a committee of investigation, explaining that their intention had been to wedge the charges with a view of making out a prima facie case.

Controller Hibbard considered that the charges were not serious, as no malfeasance of office was alleged, simply a "social scandal" of years ago. Ald. J. Hales complained of the attitude of Ald. McMurrich, that Judge Winchester was not fair and impartial, and asserted his belief that the Judge's finding in the municipal election investigation of several years ago had been entirely warranted. In rebuttal, Ald. McMurrich cited the quashing of the convictions by a higher court.

The vote being taken, showed council almost unanimous, Ald. McBride alone holding out. It was moved by Ald. Hales, and carried, that the county judge investigate "a certain charge of breach of trust or misconduct on the part of John Chambers, commissioner of parks, in relation to the duties or obligations of the said commissioner to the municipality, made by Mrs. Pauline V. Meyer, before the special committee of this council, and to enquire into and pay the salary of employees of the parks department, the purchase and sale of supplies and animals in care of the parks, and particularly in relation to the animals there, and generally into the manner in which the department of parks is conducted, and any charges, relating thereto."

ARE FIRST TO WEAR OUT AND MANY SUFFER. Every Elderly Person Who Suffers With Kidney or Bladder Trouble Should Make This Up.

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble or bladder weakness. Few are entirely free from that torturous disease, rheumatism, which is not a disease in itself, but a symptom of deranged function of the kidneys which have become clogged and sluggish, falling in their duty of sifting the waste material, poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and suffering.

The bladder, however, causes the old folks the most annoyance, especially at night and early morning.

A noted authority in a recent article stated that he has wonderful success with the old-time "vegetable treatment." He states: "Of sixteen cases of bladder troubles and rheumatism which have been treated with this treatment only one very complicated case failed to fully yield to its remarkable influence. I have the most harmless treatment I have ever found to clean the system of chemical wastes, remove irritation of the bladder and relieve urinary difficulties of the old people. It is a true vitalizing tonic to the entire kidney and urinary structure, re-invigorating the entire system." What he terms "old vegetable treatment" consists of the following simple prescription, the ingredients of which can be obtained from any good pharmacy at small cost: Compound Karsagon, one ounce; Compound Dandelion, one-half ounce; Compound Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water. This prescription, though simple, is always effective in the diseases and afflictions of the kidneys and bladder.

PREMIER BOND STAYED AWAY Declined to Attend Governor's Dinner on King's Birthday.

ST. JOHN, Nfld., Nov. 11.—Premier Bond was absent from the governor's King's birthday levee and dinner, leaving the city by the morning train for his country seat. The governor at the dinner eulogized the former premier, Sir William Whiteway, the president of the council, Sir Edward Shea, and the leader of the opposition, Captain Chas. Dawe. The latter was absent thru severe illness. He also emphasized the loyalty of the Newfoundland fishermen.

Bond's absence is regarded as discourteous to the King's representative.

Travel to Liverpool Via the Grand St. Lawrence Route. The season for traveling to England via the majestic St. Lawrence is almost at a close. All travelers who have patronized this route have been delighted with the picturesque scenery, offered as they before entering the open sea, as it also shortens the trip to very little over four days on the ocean. The Canadian Pacific Lines will have two steamers before the close of navigation, viz., Empress of Britain from Quebec, Nov. 15, and Lake Umbagog from Montreal, Nov. 23. Accommodation in all classes is rapidly being taken on these two steamers, and those contemplating a trip should apply at once for reservations. Don't forget our Christmas steamer, the Empress of Britain, Dec. 13, from St. John, N. B. Positively essential to book on this vessel at once. Remember, our new office address is 71 Yonge-street. For further particulars apply to S. J. Sharp.

Dear Hunters' Luck. One of the returned deer hunters says that the deer are herding together, making the sportsman's task more difficult. Last week there was considerable rain and snow in the north country.

GROWTH OF INSURANCE IN THE BRITISH EMPIRE

Review of State System Which Was Failure Owing to Neglect of People.

A review of the conditions of state life insurance in the British empire, with special reference to England and New Zealand, is a feature of the new detailed report just issued by the provincial inspector of insurance and registrar of friendly societies, J. Howard Hunter.

The government insurance plans in England are traced from an origin in state annuities given for the purpose of raising loans, interest or usury having at one time been made illegal, and annuities taking their place. Interest had been forbidden, the extra rate being to cover the personal risk.

The era of the South Sea Co. and the Bubble companies that followed blurred the public credit, but were succeeded by Tompkins schemes during the war of American revolution. Mortality tables were first used in the Tompkins of 1789, they have been shown to be derived from the experience of government annuants in Holland and West Friesland prior to 1742, over a period of 125 years.

Subsequent developments are most interestingly sketched, and few readers can fail to be drawn to finish the story of this hitherto obscure chapter in financial enterprise.

State Insurance a Failure. "Notwithstanding the continued efforts made by British statesmen to popularize the system, state life insurance continues to be a failure," says the report.

"Perhaps the chief cause is the general propensity to neglect or put off what is not immediately urgent. Few, if any, of us have on our own impulse taken out life insurance in an ordinary company. The company's canvasser has been the moving force."

Tables are appended giving the rates of the British Postoffice insurance under eight heads. A similar sketch of state insurance in New Zealand is given, and it is shown that of 114,423 ordinary assurance policies, 45,137 are taken for the government insurance office, the other 69,286 being distributed among seven Australian, American and two English offices.

"Between government canvassers and the agents of life insurance companies it would be difficult in New Zealand for any insurable person to escape insurance. Dr. Frank Parsons compares the healthiest of countries, its death rate being the lowest, its people are among the most fully assured. The government insurances are estimated to \$66 for every European inhabitant, man, woman and child, or \$360 for every grown man. And including the company insurances, the total life insurance is \$148 per capita, or \$780 for every man."

A large number of New Zealand tables are included in the report of the select committee of the house of lords on life insurance.

The Ontario reports, as usual, are exhaustive and constitute a huge volume of figures and tables. They cover registered Dominion licensees, provincially licensed number 89 and show total expenses of management to be \$85,892 for the year 1906. The losses were \$89,961. The fire insurance mutual companies number 89 and show total assets of \$1,272,022; the total receipts, \$2,723,723; the premium notes net unassessed, \$7,272,022; the total assets, \$1,272,022; the total receipts, \$2,723,723; the premium notes net unassessed, \$7,272,022.

Weather insurance companies are another new feature of public ownership or socialist enterprise. Only three are so far reported, the Huron, Weather, the Ontario Farmers, and the Western Farmers. The net amount of risk among them was \$4,154,256; the total assets, \$1,708,000; the total receipts, \$1,910, and the expenses, \$7250, including \$1623 losses.

Friendly Societies. It is interesting to note the friendly societies that the hugeness of the interest orders most strikingly appear. Of 28 fraternal orders the Ontario membership was 273,282. Including membership elsewhere they numbered 991,424. The insurance benefits paid in Ontario in 1906 were \$2,390,452; the total assets, \$1,708,000; the total receipts, \$1,910, and the expenses, \$7250, including \$1623 losses.

BELLEVILLE LAWYER DEAD. Passing of W. P. McMahon, Prominent Member of the Bar.

BELLEVILLE, Nov. 11.—(Special.)—One of the most prominent members of the Belleville bar died this afternoon in the person of W. P. McMahon. For many years he has been known as one of the shrewdest criminal lawyers in this city. His wife survives, but no children. He was 44 years old.

Mr. McMahon had been very low with pneumonia for some time, but only this morning was thought to be on the road to recovery.

Interest Paid Four Times a Year

USUAL PERIOD OF DULNESS.

World Office, Monday Evening, Nov. 11.

The usual dulness which follows a period of activity and liquidation is now in force at the Toronto Exchange.

There are few buyers, but securities have been pretty well shaken out of the weak hands, and there is therefore no force on present quotations.

Among the speculative stocks there is a supply in the hands of insiders, who picked them up when they had to be discarded, and these are being placed out as fast as the market will absorb them.

With the selling pressure off, Twin City and some other issues presented a more buoyant appearance, but the buying attracted because of this was not important.

Small lots of the bank shares were sold again to-day at further reductions.

Herbert H. Ball.

ARE YOU GOING TO MARRY ME? NO! THEN YOU DIE

Rejected Lover Attempts to Shoot and Slashes With Razor Girl for Whose Affections He Yearned.

VANCOUVER, B.C., Nov. 11.—"Are you going to marry me?" was the question that preceded the tragedy here last night, which resulted in the self-murder of Sam Tota, an American, aged 25, while Lottie Dadds, aged 22, the girl he loved, lies at death's door in the hospital.

Tota was a cigar-store assistant, carrying on his occupation between New Westminster and Vancouver. He arrived yesterday, and armed with a revolver and razor, lay in wait for Miss Dadds, as she was going to church from St. Joseph's Hospital, where she was employed as a nurse.

As she passed he sprang from his hiding and confronted her with the fatal question. She attempted to hurry past, when he fired two shots. These proving ineffective, he pulled out the razor and commenced slashing the girl. Her screams brought assistance, when Tota turned the razor on himself and inflicted injuries from which he died at once.

The girl was carried to the hospital, where it was found that only the fur around her throat had saved her from instant death, such was the maniacal fury of her aggressor. She now lies in the hospital in a precarious condition.

The attentions of the dead man were directed towards the girl for over two hours. When here he lodged in the house where she lived.

ON TRIAL MONDAY NEXT. Judge Winchester Will Then Hear London Conspiracy Case.

Judge Winchester will, on Monday next, try Reid, O'Gorman, Wiley and Mulloy on the London election conspiracy charges.

This was arranged yesterday when accused and their counsel appeared before his honor, G. Lynch-Staunton, K.C., crown counsel, said it was not desired to limit the rights of defendants as to the manner of trial, but opposed any delay.

The indictment against Ed. Sifton has been dropped, as he is to be a crown witness.

NEW INSURANCE ACT. Bill Drafted by Commission Will Be Introduced.

OTTAWA, Nov. 11.—A new insurance act, based on the recommendations of the royal insurance commission, will be introduced by Hon. W. S. Fielding, minister of finance, at the approaching session of parliament.

The probabilities are that the bill drafted by the commission will be introduced by the minister and referred to a special committee for consideration and amendment.

Selecting your garment here you are assured that the style and the fit will be correct and beyond question—for the quality of the pelts used by us we take no second place among the world's best judges of good fur—we stand behind fifty years' experience. Never lose sight of the fact that nothing is extravagantly priced, everything is

Moderately Priced

for the very best of quality. Write for our new catalogue.

Canada is the greatest fur-producing country in the world and the greatest of Canada's furs will be found at Dineen's.

The W. & D. Dineen Co., Ltd.
Cor. Yonge and Temperance Sts.

BIG IRON DEPOSITS SOLD.

Property Located on the Nepisiquit River.

BATHURST, N.B., Nov. 11.—(Special.)—What is claimed to be one of the most valuable mining areas in Canada has been leased to the Drummond Mining Company, Montreal, who will immediately undertake the development of the property. The deal was put thru by T. M. Burns, M.L.A., of Bathurst.

Recent bits have shown a depth of 24 feet of solid iron ore close to the surface, and can be mined at small cost. The property is located on the Nepisiquit River, eleven miles from Bathurst. In order to develop the property it will be necessary to build a branch line railway to Bathurst, and Mr. Burns has arranged to have a delegation discuss the matter with the minister of railways during his stay in the province.

Under the terms of the lease, the government receive a royalty of 5 cents a ton on all ore mined. It is reported that the Drummond Company agreed to pay \$50,000 for the lease, which was hitherto held by a local syndicate.

T. G. Loggie, chief draftsman of the crown lands department, claims that Gloucester iron deposits are the most valuable in the world.

Farewell to Missionary.
A largely-attended meeting was held in Parliament-street Baptist Church last evening to bid farewell to Miss L. M. Jones, who is leaving the city to work in the mission field in India. Addresses were delivered by Dr. J. G. Brown, Dr. Wm. Stewart, Mr. John Craig and others. Miss Jones has for some years been engaged as a teacher in one of the city schools.

ELECTRIC RAILWAY UP NORTH

Franchise Granted by Towns in Mining District.

COBALT, Ont., Nov. 11.—Application was made to-day to the municipal council of this district by Hon. Frank Latchford, Judge C. M. Stone of Cleveland, M. J. O'Brien, Renfrew; J. W. Fitzpatrick, Ottawa, and Mr. Fitzpatrick, New Liskeard, promoters, for a franchise to run an electric railway between Cobalt and Halleybury. The road is to be completed by July, 1909, and the service is to be an hour's service between the two towns and a half hour's service in the towns.

The franchise was granted. The road when built may eventually run to New Liskeard.

HACKETT WAS IN A HURRY.

London Free Press: After James K. Hackett had completed his performance at the Grand on Saturday night he told his manager that he wanted a private train to go to Toronto as soon as possible.

His manager got busy on the telephone and returned in a few minutes, saying that the cost would be \$74. "I don't care if it cost \$174," the famous star said. "I want to leave London immediately."

With his company he left for Toronto shortly after 1 o'clock.

MR. BRODEUR COMING.

Hon. L. P. Brodeur, minister of marine, will address the Empire Club luncheon on Thursday on "The Imperial Conference."

York County and Suburbs

Epidemic of Horse Poisoning at Junction

Collegiate Board Meets—General News From All Over York County.

TORONTO JUNCTION, Nov. 11.—Mr. Cummings of 25 South Union-street, while at work in the Massey-Harris plant to-day, had one of his fingers badly smashed between two pieces of iron.

The wedding announced for Nov. 20 of Miss Ethel Louise Woodburn of Kings-st., Carlton West, to Geo. Moore of Pacific-avenue, secretary of the Junior Shamrock Lacrosse Club.

From present indications it would seem that someone with a mania for poisoning horses is operating in the Junction. Already four horses, belonging to Junction merchants, have died since Monday last, and another may have to be shot. Veterinary surgeons who have examined the animals believe that strychnine poisoning was the cause of death in every case.

On Monday last a horse belonging to Poyntz Bros., corner of Hoskin-avenue and Dundas-street, died in the stable on Quebec-avenue. The following day a horse which was the property of L. Collins, a driver for Poyntz, died in a stable on Hoskin-avenue, owned by George H. Skidmore, a local milk dealer.

On Wednesday last two of Mr. Skidmore's horses died in the same stable, and now another one is very ill and may have to be shot. The owners of the horses believe that poison has been thrown into the stable. The police are investigating the affair.

James Robertson of 121 Conduit-st. died yesterday.

The evangelistic service this evening at Victoria Presbyterian Church was the largest and most impressive of any of the meetings yet held. The subject of discussion was "Hell."

Ernest Wright, aged 28 years, died last night at Grace Hospital, Toronto, after a few days' illness. The funeral will take place from his late residence, 20 Uxbridge-avenue, Toronto Junction, on Wednesday, at 2 p.m., to Prospect Cemetery.

The regular meeting of the Collegiate Institute Board was held to-night, Chairman J. MacEachern presiding. The architect's plans for the proposed additions and improvements on the institute were looked over by the board.

The property committee will decide on the advisability of purchasing a piano for the Collegiate Institute.

Miss Lucy Dowling, president of the Alumnae Association, asked for the use of the auditorium of the institute for the at home, which is to be held on Dec. 6. The board granted the request.

At the meeting of the management committee of the school board to-night the usual business of the council was gone thru. Miss M. E. Wilson of St. Clair-avenue school was granted two months' leave of absence on account of ill-health.

EAST TORONTO.

Council Will Make Toronto Electric Light Co. Take Notice.

EAST TORONTO, Nov. 11.—Mayor Ross presided to-night over a full meeting of the council, when a number of matters more or less important were under discussion.

Interest centred largely in the old trouble between the town and the Toronto Electric Light Co., the latter of which continues studiously to ignore any representation made from the town solicitor re the placing of poles and stringing of wires thru the town to the D. D. Mann residence. Councillors Phelan, Nasmith and others are insistent on the removal of the wires, and a date was fixed, falling within the wires will be cut if no previous arrangement is arrived at.

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract dandelion.
One ounce compound salutarin.
Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause lumbago, large back rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

Woodville: C. A. Plank, Lorneville; George McGuire, M. W. Plank and Miss Hogg. For its sake, Uxbridge has probably more musical talent of merit than any other town in Canada, and the concert on Thursday evening will undoubtedly be a success. Quite a large number of former Uxbridgeites now residing in Toronto have expressed their intention of being present.

WYCHWOOD PARK.

Local Brass Band Are Making Fine Progress.

On Friday evening the Wychwood Brass Band held their annual concert. During the evening instrumental selections were given (conducted by Mr. F. Nunn), many of which received enthusiastic applause.

The juvenile pianists, known as the Buster Browns, were invited to the concert. The pianists, known as the Buster Browns, were invited to the concert. The pianists, known as the Buster Browns, were invited to the concert.

DONCASTER.

Popular Young Lady to Wed—Vandalism in the Don Valley.

DONCASTER, Nov. 10.—Invitations are out to the wedding of Beatrice Olive Frankland, daughter of Henry Frankland, Danforth-road, to David M. King of Winnipeg, Man., and formerly of Mount Forest, Ont. The ceremony will take place on Tuesday, the 19th inst.

A number of so-called sportsmen were in the Don Valley with their air guns, shot guns, small rifles and other firearms on Saturday. The indiscriminate shooting of birds as usual took place. Many very useful ones were willfully destroyed and much other damage done by these gentry.

MAGISTRATE RICHARDSON'S COURT.

Wife Pleads For Husband's Release, But He Goes Up For Trial.

In the old court house on Saturday morning Miss Constance Ramsden was called upon to deal with a pathetic case when Mrs. Ada Rochford of North Toronto urged the magistrate to extend clemency to her husband, whom she had previously charged with assaulting her. Rochford was released on Friday night.

OFFERS REWARD.

Mr. Ross of Scarborough Junction P. O., will suitably reward anyone giving him information of the whereabouts of the valuable black driving mare, standing 14.3 and branded on the left side.

WOMAN WORE MEN'S CLOTHES

For Sixty Years She Worked at Masculine Employment.

TRINIDAD, Colo., Nov. 11.—Miss Catherine Vosbaugh, who for nearly 60 years passed as a man, died at a hospital to-day.

Miss Vosbaugh was born in France 83 years ago. When a young woman she found it difficult to make her way on account of her sex. Adopting man's clothes she obtained employment as a bookkeeper in Joplin, Mo. This position she held for nine years, and then accepted a position in a St. Joseph, Mo. bank.

While in St. Joseph she married a woman with whom she lived for 30 years. Her husband died in 1878. The two women as man and wife came to Trinidad two years ago. After the death of the wife, Miss Vosbaugh worked in various capacities until she became so feeble that last year she was taken to a hospital. It was then that her sex was discovered.

G.P.R. Official Changes.

ST. JOHN, N.B., Nov. 11.—(Special.)—Mr. M. Kirkpatrick of Toronto, general freight agent of C.P.R. here, has been promoted and leaves next week to take charge of the new office in Toronto, and will be succeeded by the growth in business in Ontario. The successor to Kirkpatrick, whose father was former Ontario governor of Ontario, is H. E. McDonald, district freight agent at Nelson, B.C.

NOT AN OPPORTUNE TIME TO VOTE ON THE BYLAWS

Trunk Sewer and Filtration Scheme Shelved—Special Meeting to Decide on Car Routes.

Controller Harrison's pet project of a trunk sewer and water filtration plant, to cost upwards of \$5,000,000, was given a jolt at yesterday's meeting of the city council, when, by a large majority, it was decided not to submit the question to a vote of the ratepayers for the present. The chief arguments advanced against bringing forward the by-law were that it jeopardized the success of the power by-law by confusing the minds of voters, and also that the magnitude of the proposition demanded more consideration on the part of the city representatives and the public.

In the absence of the mayor, Controller Hubbard presided, and it was his motion to refer the project back which brought the issue to a head. The vote was: For referring back—Controllers Hubbard and Hocken, Ald. Geary, J. J. Graham, Vaughan, McGhie, Adams, Sanderson, R. E. Graham, Bengough, Lytle, Whytock, Church, Foster and Keeler—15. Against—Controller Harrison, Ald. McMurrich, McBride and J. Hales—4.

Controller Harrison later moved the adoption of the filtration plant portion of the scheme, which motion was defeated on a like vote.

Besides the mayor, Controller Ward and Ald. E. Hales were absentees. Controller Harrison referred to the record of 88 deaths from typhoid last year, and asserted that many of these lives would not have been lost had the water been pure.

Ald. Church thought council was being asked to act too hastily and that the city's debt would be increased by the expenditure of \$100,000. Ald. Geary considered the filtration idea an "old fall of Dr. Hodgetts," and that its details were very imperfectly known.

Controller Hubbard charged that civic officials had no opinion on the purity or otherwise of Lake Ontario water until they received a report from Dr. Amyot. He proposed that the city should institute tests of the water.

Objections to Car Lines.
Canon Welch of St. James' Cathedral, who headed a deputation in opposition to the proposed Adelaide-street line, took the ground that as there were already car lines on two sides of the church property, it would be a hardship to have a third line on the north side. Because of the disturbance from the operation of street cars, on Church-street, plans were being prepared for new parish buildings, but a car line on Adelaide-street would render such a move useless. A line on Richmond-street, connecting with Church-street, should serve the purpose.

The Guild of Civic Art, which has been active in opposition to car lines on University-avenue, was represented by Vice-President A. H. Campbell, A. J. Langton and Secretary A. E. Huestis, who renewed the contention that such lines would destroy the quietness and repose which were chief charms of the avenue, and that the city should strive to secure Teraulay-street for the parallel line desired.

We think that if the street cars run either Queen's-avenue or University-street, the most attractive feature within the city will be spoiled," said Mr. Langton. "The favorite walk in this town is the avenue is on University-street. If the cars run on this walk it will be a sidewalk in Church-street. There are trees on Church-street, too. It is not only the fact of its having rows of trees that gives the avenue its character and makes it unique. It is its freedom from even ordinary traffic. It is a bit of old Toronto in the days to which people now look back as the time when Toronto was so much pleasanter to live in than it is now."

"A town is not fit to live in if it has not got some characteristic feature which comes to your mind when you are away from it. The avenue is the central feature of Toronto." He argued in favor of the Teraulay-street route instead.

AN EATING ULCER.

Ulcers are a skin disease, and are more or less directly occasioned by a bad state of the blood, which produces acid humors and corrupts the secretions.

No one can expect to have a skin free from disease when the blood is in a disordered condition and the stomach and bowels act feelingly in consequence.

Through its wonderful cleansing, purifying powers on the blood, and its restorative action on the entire system, Burdock Blood Purifier has made thousands of cures of different skin diseases during the past thirty years it has been on the market.

Mrs. Joseph Robinson, Hallerton, Que., writes: "I had a eating ulcer on my ankle. I took two bottles of Burdock Blood Purifier and it worked like a charm, cleaning out all the impurities from my system and improving my appetite. While taking the B.B.P. internally it acted externally to cleanse the sore, and it helped a lot."

Men's and Youths' Fine American Fur Felt Soft Hats, in the popular telescope crowns, colors black, brown and fawn, regular \$2.00 hats, Wednesday \$1.00

RICHARD BLAIN VOTED FOR TWO CENTS A MILE

Tells Brampton Electors of Popular Measures Supported—Hon. G. E. Foster in Good Form.

BRAMPTON, Nov. 11.—(Special.)—Rarely has a larger or better audience assembled in the concert hall than that which greeted Hon. G. E. Foster and Richard Blain, M.P.

The meeting was called in pursuance of Mr. Blain's usual customs of addressing the electors during the parliamentary recess. The chair was occupied by B. F. Justin, president of the Peel Liberal-Conservative Association.

After a short address by Samuel Charters, mayor of Brampton, Mr. Blain referred to a bill introduced by Mr. Maclean for two cents a mile on the railroads, which he supported with full sympathy. Lancaster's bill to prevent trains going over level crossings at more than 10 miles an hour he would support until it was passed; the Vervilles bill providing for an eight-hour day on all government contracts; his own bill to prohibit the importation and sale of cigars in Canada. Canada last year, he said, consumed 27,000,000 cigars.

Mr. Sorden's platform included rural free mail delivery, nationalization of telephones and telegraphs, which he endorsed very fully. He denounced Sir Wilfrid's broken promises on prohibition, reduction of national debt and national expenditure. To-day the debt was \$266,244,000, which means \$10,630,000 every day. Every hour nearly \$1200 goes out to pay the interest on the national debt. Mr. Sorden is a pure man, he declared, and wants a pure administration.

Hon. Mr. Foster.
Mr. Foster was received with great applause, and delivered a characteristic address. He made special reference to the claim of Mr. Fielding at Halifax to the effect that while increased amounts had been collected in taxes the rate of taxation had not been increased. Mr. Foster showed clearly that the increased
