## HARDING IS ELECTED PRESIDENT OF U.S.

### "DREAM" AFFIDAVIT FLATLY REPUDED BY VERDA KIRKLAND

Says She Was Influenced by  
Girl Acquaintance to Tell  
False Story.

### FATHER'S STATEMENT

"The story I told at the trial was true. I must have been crazy or something when I signed the affidavit that the men were innocent and that I dreamed the story I told at the trial. I was influenced into making the affidavit."  
With these words to a World reporter in her home last night, Verda Kirkland repudiated absolutely the affidavit she made at the parliament buildings on Saturday last to the effect that Yoko Toshik and Yovan Yocock, the two Serbians who were sentenced to seven years each in the penitentiary on a charge of attempted rape, were innocent of the charge.  
Miss Kirkland returned to her home yesterday afternoon from a hospital where she has been confined since making the affidavit on Friday last. She said that she was not feeling at all well, which statement was borne out by the pallor of her face and her nervousness of manner. But thirteen years of age last December, Miss Kirkland appears older, and is attractive.

When the door was opened by Mr. Kirkland, father of the girl, and he had been informed that the caller was a World reporter, Mr. Kirkland was at first disinclined to admit or to have anything to say whatever about the case, but his daughter, who was standing behind him in the hallway, pleaded with him.  
"Please, daddy," she pleaded, breaking into tears, "let the man come in and tell him all about it. Everybody is so sure of me and I want them to know the truth."  
Mr. Kirkland then said that a reporter from another paper had been in the house and had been told by him that he had published that he was innocent.

### REPORT WHOLESALE FORFEIT OF LIQUOR

About One Hundred Thousand Dollars' Worth Goes to Crown in Alberta.

Edmonton, Nov. 2.—Approximately \$100,000 worth of whiskey was forfeited to the crown in the Alberta provincial police court this morning when Magistrate George B. McLeod gave his decision in the Nat Bell liquor case. The defendant intimated that he would appeal, but the magistrate ordered the liquor to be sold to the higher courts of the province.  
Charge of Illegal Sale.  
Charges of illegal sale, keeping for sale and a "show cause" summons as to why the stock should not be forfeited, followed upon the sale of a case of Canadian Club rye whiskey by an employe to a member of the Alberta provincial police. For a month or more the case has been fought bitterly, the defendant arguing that Nat Bell and William Sugarman, the two proprietors, were absolutely innocent of the illegal transaction, and therefore the stock should not be confiscated.

### LAX IN REPORTING.

At a meeting of the merchants' section of the Chamber of Commerce today, it was reported that six local merchants who take the salaries of the publishers had been fined amounts varying from \$200 to \$250 for failure to report to the Dominion Income Tax department the number of employes receiving over a thousand dollars a year.

### The Paper Market.

The profiteers in newspaper, and in no par value shares in paper companies find themselves in a grand stand waiting to take the salute from the publishers, from the public and from the investors. But all they can see and hear is the noise of the publishers offering to buy paper from Germany, Finland, Sweden, Japan; and the investors saying that they'd sooner buy Victory bonds or even U.P.R. As for the bulk of the Canadian publishers, those that didn't buy into paper stocks, they are ready to make new contracts for paper at greatly reduced prices. They are reading the American papers containing reports of the convictions being secured by Attorney-General Palmer's deputies in prosecuting combines and unfair profits in New York and elsewhere. They are going after the paper combine next.

### NOVEMBER FUR SALE AT DINEEN'S—POSITIVE BARGAINS.

It's not high prices that hit the fur business so much as the change of conditions. However, the Dineen Co., 140 Yonge street, is going to make doubly sure of a record month in November by offering their complete stock of ladies' high grade furs at hammer-down prices. The stock comprises the finest quality of Hudson seal and other fur coats, neck muffs, and muffs, in fox, mole skin, mink, opossum, sable and Persian lamb. Positive reductions on any article. Ladies should put Dineen's on their shopping list today.

### SOON TO CLEAN UP POWER SITUATION

Mackenzie Interests Understood to Be Willing to Furnish  
Surplus Power to Customers of Hydro—Premier Drury  
Looks for Early Settlement of All the Trouble.

Premier Drury and Sir William Mackenzie had a little heart-to-heart talk yesterday, and as a result of the conference, it is likely that the present unsatisfactory power situation will be cleared up within a week. Mr. Drury was pleased, he said, with the prospect of an immediate settlement, but he declined to enter into details nor outline the basis upon which the negotiations were proceeding.

It was learned, however, that whatever the persuasive methods used might be, it will not be necessary for the government to resort to drastic measures or costly litigation, with all its attendant delays. The Mackenzie interests will "come across" with their power under conditions acceptable to the government.  
The Hydro-Electric Commission, which is not appearing in the negotiations at the present stage, want the private companies to furnish it with 25,000 horsepower. The latter claim it would be impossible to develop this amount, but admit to 17,500 horsepower. Engineers will, it is understood, determine the accuracy of this.

### ARMED INSPECTORS TERRORIZE PEOPLE

O.T.A. Committee Hears of Conditions at Windsor—Rev.  
J. O. Spracklin Charged With Carrying Blank Search  
Warrants Around in Direct Violation of Law—Judicial  
Inquiry Will Be Held.

Charges that Rev. J. O. Spracklin and his assistants, armed with revolvers and in defiance of the law, went about Windsor district terrorizing people and carrying blank search warrants issued by an unnamed police magistrate, were made at yesterday's sitting of the legislative committee inquiring into the administration of the O. T. A. Statements were also made that conditions at the border were simply appalling—that convicted men were engaged as officers, that bribery was rampant and that public feeling had reached such a pitch that prompt action must be taken to clear up the situation. The upshot of the matter was the passage of a resolution calling on the attorney-general to cause a special judge to hold an investigation. Mr. Raney has promised to do so.  
It was also disclosed at the meeting that things in Toronto are in a bad way, with charges of graft and other irregularities among officials of the department being freely admitted by Chairman Flavelle of the license board.  
The committee will meet again today, when, at Hartley H. Dewar's suggestion, the permits issued for liquor by the license board will be presented.  
It came out during the meeting that two of the men it was proposed to summon before the committee, who had been in the employ of the license department, had suddenly disappeared.  
Timothy Healy, a barrister, of Windsor, and a president and director of several large industrial and financial concerns, and one of Windsor's representatives who waited on the board of license commissioners last summer to ask for better law enforcement on the border, addressed the committee. Mr. Healy insisted that the enforcement of the O. T. A. should be placed entirely in the hands of trained men, and inexperienced men should not be trusted with such responsibilities. The Windsor inspector and his staff did not go around shooting at people, yet they did much more effective work than the outside special officers. A judge should be appointed to inquire into the whole situation.

### NEED MORE SCIENCE IN GOVERNMENT, SAYS HON. ROBERT ROGERS

Looks for Majority of People to Again Embrace  
National Policy.

### WANTS MORE POLITICS

"The Conservative party stands today where it always stood, in that it has never failed Canada in any national crisis and will not fail today to fulfill its plain duty to save Canada from the danger of the position in which our country now stands trembling in the balance, at the parting of many ways. What we want in Canada today is not less politics, but more politics, for after all politics is the science of government, and if Canada is to grow and prosper what we must have is more of the science of government."  
This statement was made by Hon. Robert Rogers, who returned from Montreal yesterday, and is spending a few days in Toronto on his way home to Winnipeg.  
"That I speak the feelings of loyal and faithful Conservatives everywhere when I say that the day is at hand when the Liberal-Conservatives in all parts of Canada, will concentrate anew in the hearts and minds of the vast majority of the plain people of our common country that traditional national policy that ever governed the actions of Macdonald and Cartier; that policy that has stood the test, in the fire of common sense, for forty years and made Canada what it is today."  
Superiority of Policy.  
"The braidian," he emphasized, "can always rely upon what the fact is, that the superiority of that policy, administered with common sense and with that constructive ability which contemplates not alone our agricultural and industrial self-sufficiency, but which contemplates as well equal opportunity for labor and for all other

### PRICE OF SUGAR IN TORONTO CUT ONE MORE CENT

Dominion Refinery Now Selling Two Cents a Pound Below Rivals.  
TERMED "LAST RUNG"

Sugar prices have tumbled again, a drop of one dollar on the hundred pounds being announced last night by the Dominion Sugar Company. The firm has reduced the price for 100 pounds from \$15.50 to \$14.50, but in making public the news of the cut added the comment that the latter figure was the "last rung" in the price-cutting movement.  
Word that the price had been reduced was received officially from Montreal headquarters last night by T. W. Edwards, Toronto representative of the company.  
The message read as follows:  
"To conserve Canadian sugar for Canadian trade, we have decided to drop the price of our sugar one dollar. Our prices were \$15.50, Montreal, the drop reducing it to \$14.50 Montreal dealers, with usual discount, to wholesalers. The new price applies to both beet and cane sugar."  
Toronto Price, \$14.71.  
When asked what the new price in Toronto would be, Mr. Edwards said it would be \$14.50 plus freight, which is 21 cents per hundred pounds from Montreal. This makes the revised Toronto price \$14.71.  
Mr. Edwards said that the reduced price was in the Canadian consumer's favor when compared with prices in the United States. It was true that the papers were quoting the American figure at \$10.50 to \$12.00, but these figures would amount to more than the new Canadian price of \$14.50, when the matters of exchange, freight and duty were taken into consideration.  
Mr. Edwards said the Dominion Company had factories in Ontario at Chatham, Wallaceburg and Kitchener.

### TREMENDOUS LANDSLIDE FOR HARDING WINS BY AN OVERWHELMING PLURALITY REPUBLICANS CONTROL NEW CONGRESS

#### PRESIDENT-ELECT HARDING

Warren Gamaliel Harding was born on a farm in Morrow County, Ohio, on Nov. 2, 1875. His election as president of the United States, therefore, came on his fifth birthday.  
He earned the money which carried him thru Ohio General College of Iberia. As editor of the college magazine he first showed talent as a writer, and at odd times in his early years he learned the trade of a printer.  
In 1894 his father, Dr. Harding, bought the Marion, Ohio, Star, for his son, and he has been its proprietor ever since. He has other interests, including directorships in a bank and industrial enterprises.  
In 1911 he married Miss Florence Kling.  
He has twice represented the 33rd senatorial district of Ohio, as a Republican, and served one term as lieutenant-governor.  
In religion he is a Baptist.

### HOW HARDING RECEIVED NATION'S BIRTHDAY GIFT

Voted in Morning Then Played Golf All Afternoon, and Received Returns Quietly in His Family Circle.

Marion, Ohio, Nov. 2.—Warren Gamaliel Harding tonight had the greatest birthday party of his life. Surrounded by members of his family and a circle of neighbors and personal friends, he received quietly at his home here the tribute of the millions who had voted to present him on his fifty-fifth anniversary with the presidency of the United States.  
The smile of confidence he had worn for weeks broadened as he read the early returns and began to receive a flood of congratulatory messages hailing him as president-elect. However, until the result should have been established beyond all doubt, he remained calm.  
During the day he outwardly had concerned himself very little with the pending national decision. With Mrs. Harding he voted during the morning and then made off for a forty-mile auto ride and a game of golf at the Scioto Club near Columbus. He returned in the early evening, his face flushed by the raw fall air and his spirits heightened by the tramp over the muddy golf links.  
Returns collected by The Associated Press were delivered to the senator in his home during the evening from the special leased wire which had been installed within a hundred feet of his front porch since the campaign began.  
As throughout the whole campaign, (Continued on Page 9, Column 4).

### WILSON CHEERFUL; MADE NO COMMENT

Retired at an Early Hour and Was Asleep Half an Hour Later.

Washington, Nov. 2.—After receiving the early election returns in his study, President Wilson retired to his bedroom at nine o'clock and was asleep half an hour afterwards.  
Rear-Admiral Grayson, the president's personal physician, spent nearly half an hour with Mr. Wilson after the latter retired, discussing the results of the election.  
Dr. Grayson said the president showed no indication of nervous strain and that he seemed cheerful. He added that the president had no comment to make on the result of the contest.  
Mrs. Wilson's mother and sister were guests at the White House for dinner. After the meal the president went to his study, where the early returns were delivered to him by messenger from the executive offices as rapidly as they were received over special wires from the various Democratic headquarters. Dr. Grayson went to the executive offices early in the evening and received the returns there with Secretary Tumulty. He visited the president at nine o'clock, accompanying him to his bedroom.

### CHAMBERLAIN INDIAN VICEROY?

London, Nov. 2.—Austen Chamberlain, the British chancellor of the exchequer, has an evening paper asseris tonight, been offered the post of viceroy of India.

### Eastern States Cast a Prodigious Vote for Republican Candidate for U. S. Presidency—Democrats Early Concede His Election—New York Will Go for Harding by Over a Million, and Other States Roll Up Unparalleled Republican Majorities—Number of Western States Are in Doubt—Hot Fight for Governorship of New York.

New York, Nov. 3.—At 12:30 o'clock this morning, with actual returns far from complete, Harding was certain of 275 votes in the electoral college from the following states: Connecticut-Delaware, Idaho, Illinois, Iowa, Kansas, Maine, Massachusetts, Michigan, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Washington, Wisconsin and Wyoming.  
The states from which returns were too meagre to justify actually placing them in either the Harding or Cox column were: Arizona, 3; California, 13; Colorado, 6; Indiana, 15; Kentucky, 13; Maryland, 8; Minnesota, 12; Missouri, 18; Montana, 4; Nevada, 3; New Mexico, 3; North Dakota, 5; South Dakota, 5; Utah, 4, and West Virginia, 8, a total of 120.  
The states which were certain for Cox at that hour were: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia, a total of 136 votes in the electoral college.

New York, Nov. 2.—On the face of returns showing the growing landslide for Harding, Governor Cox's own newspaper, The Dayton News, and Chairman White of the Democratic National Committee, seen after 11 o'clock tonight conceded the election of Senator Harding. Without waiting for returns from the west, which four years ago elected Wilson in the face of pluralities for Hughes, thruout the east, the Democratic candidate and chief manager conceded that in the "solemn referendum," which President Wilson declared would decide the league of nations question, United States voters had preferred Harding who favored "staying out" to Cox who favored "going in."  
Governor Cox, who was in his newspaper office when the concession of Senator Harding was published, said he would issue no statement. Senator Harding, at his home in Marion, said he was "more given to prayer to God to make me capable of playing my part" than he was to exultation.  
When Governor Cox and Chairman White made their concession such returns as were coming in from the western states showed a strong drift toward Harding and the Republican landslide, which began to take on tremendous proportions thruout the east was continuing to roll on with seemingly never ending momentum.  
At the hour the Democratic concession of Republican victory was made, there were practically no returns in to show the trend of voting on congress. The few returns that had appeared showed net changes and these were in favor of the Republican side. The Democratic fight for control of the senate, particularly because of its potential effect on the peace treaty (the peace treaty of Wadsworth of New York, Brandegee of Connecticut and Mos. of New Hampshire, the latter two "backenders" in their opposition to the treaty of Versailles, seemed safe in re-election by substantial majorities.

Handwriting on the Wall.  
Taking the Republican landslide in the east as handwriting on the wall, metropolitan newspapers, among them those which staunchly had supported Governor Cox and the League of Nations issue, announced the election of Harding early in the evening. There were then no signs to assure it, or to give assurance that the sudden turning about of four years ago, which changed apparent victory for Hughes into a defeat for Wilson, would not be repeated. Democratic managers early in the night professed confidence that the votes from the west would overcome the sentiment of the east, while the Republican managers continued to issue predictions of victory.  
Chairman White conceded the election of a Republican congress, both houses and senate.  
As the landslide in the east continued to roll down, however, and the first indications came that it would extend westward, there evidently was some hurried communication between Governor Cox in Dayton and the Democratic managers in New York, for their announcements conceding the election of Harding came out in Dayton and in New York at virtually the same time.  
At the same moment he conceded the election of Harding, the Democratic chairman also conceded the election of a Republican congress.  
One striking feature of the situation—in fact an almost anomalous—was that while the election of Senator Harding was being conceded, there were actually not sufficient election returns on hand to complete a table of electoral votes showing the distribution of state's votes in the electoral college.  
Senator Harding's election came on his fifty-fifth birthday anniversary.  
Plurality in New York.  
It was predicted that the Republican plurality in the state of New York

### COL. GREER TO PROBE AMBROSE SMALL CASE

The Ambrose Small mystery is to have a fresh pair of legs to help in its solution and before very long some new light may be thrown on the disappearance of the senator.  
For over a month past the whole case has been in the hands of the attorney general for Ontario, who, thru the provincial police department, has caused exhaustive inquiries to be instituted. This had to be done, as an application had been made to Mr. Raney and evidence produced for the issuance of a warrant for the arrest of a certain person said to possess knowledge of the manner of Mr. Small's disappearance.  
Lawyer Needed.  
When the enquiries of the provincial police department, who were assisted, it is said, by a Pinkerton operator, were placed before the attorney-general, he concluded the case was one that required something different from the ordinary police investigation. The attorney-general decided that it required the skilled and trained mind of a lawyer conversant with criminal affairs if the authorities were not to be sent as detectives have in the past, on a road leading nowhere. There are so many angles to the case and so many interests to be considered, that only a skilled criminal lawyer could deal successfully with it.  
Col. Greer Chosen.  
In consequence of this knowledge, the attorney-general handed the whole case over to Colonel R. H. Greer, giving him a free hand in the investigation.

### BIG HYDRO RALLY FOR MAJOR LEWIS

#### Enthusiasm Runs High at Crowded Meeting in Aura Lee Rink.

A great hydro meeting was held last night in the Aura Lee rink, Avenue road, where a large mixed gathering of the electors of Northeast Toronto heard the cause of the Conservative party upheld by many well-known men on the political platform, all of whom spoke highly of Major Lewis, the Conservative candidate.

Among those on the platform were Major W. F. Nickle, Jr., D.S.O., M.C., son of W. F. Nickle of Kingston, and the youngest major in the Canadian army; Major Davis, mayor of Oakville, vice-president of the Hydro Power Association of Ontario; and the Hydro Power Association of Ontario; Major Young, M.C.; H. H. Richardson, Capt. Joe Thompson, M.A., and Major Lewis, while the chair was taken by Mr. Russell Smith.

Major Nicholas, who opened the evening, met with a tremendous reception. He stated that he knew Bill Copen well and could not understand why he was a Liberal following in the footsteps of those who were out for free trade and reciprocity.

The speaker added that, some time ago he was at a luncheon in the city, where Sir Adam Beck stated that, while he was in England, he had many offers to remain and develop the Bill Copen well of that country, all of which he refused in order to return to Ontario and continue his work for Ontario and the Hydro.

There was much applause as Major Nichol resumed his seat. McGregor Young stated that it was the first time he had appeared on a political platform in Toronto. Personally, he had no political ambition.

The farmers, he said, represented no one but themselves. They were not a class or labor government, and he assured the audience that farmers in the north were already beginning to see that their votes had been obtained by false pretences. They were getting their eyes open. The present government was just a party of men who looked after their interests, while the premier and his leaders were directed by the co-operative associations.

Major Stoddart said that the Conservative party lost the last election through being too cocksure, and urged everyone to come out and vote. He thought that paying a straight \$2,000 to conscripts or anyone else was absurd. He thought that the line to take was the support of the widows and orphans, and increased pensions for totally disabled. This election, he said, was not being fought on sounder problems.

Major Davis, of Oakville, in upholding Hydro, said that steam roads were too expensive for short distances, work and white most people could not afford. He said the only means of travel at hand were the trains which would solve the problem of transport.

Division For Lewis. Much applause greeted Major Lewis as he rose to speak. He said he was pleased to be standing for the party which had made Canada prosperous, and commenting on the insurance act, said it had been a great thing for the working man. Every progressive measure on the statute books had been placed there by the Conservatives.

INDIAN STUDENT APPEALS FOR AID. A sincere and whole-hearted appeal was made for aid in the student of India by J. S. Aiman, at the Young Canadian Club last night. He is in North America to study industrial conditions insofar as they affect his country, and has spent some time in the United States.

India, that land of great contrast and romance, was exploited by various writers totally ignorant of sections other than their own, and a gross ignorance existed in the west, of the conditions in the east.

### INTEREST GROWS IN EVANGELISTIC WORK

Emphasis upon the evangelistic policy of the Methodist Church as " sane and steady" was placed in the report which Dr. T. Albert Moore, as general secretary, made yesterday at the opening session in the Wesley building of the General Board of Evangelism and Social Service of the Methodist denomination.

Dr. Moore, in his review of the work of the past year, remarked upon the growing interest which the public was manifesting in evangelistic enterprises. Delegates to the conference are present to the number of 35 and represent every province in the Dominion. Yesterday's session was passed in the receiving of reports of field secretaries. Delegates to the conference are present to the number of 35 and represent every province in the Dominion.

### NOISY CELEBRATION IN YORK CITY

#### Cabarets and Restaurants Are Jammed in Spite of the Eighteenth Amendment.

New York, Nov. 2.—With tooting horns and the cackle of rattlers, New York city poured out into the streets late today for its time-honored election night celebration—for New York always celebrates, whoever the winner and whoever the loser.

But hardly had the streets been filled than they were emptied again, or almost emptied, as the rain deluges opened and the rain descended by far more than the proverbial bucketful.

Crowds which had gathered in front of bulletin boards and in the rain, swept along by a furious wind that whipped the raindrops under umbrellas with merciless force. The few score, however, that stood their ground on Park Row, at 4 1/2 o'clock, then an untold number of the New York World building suddenly illuminated with red light, the signal that that newspaper, a staunch supporter of Governor Cox, had conceded the election of his rival.

About the same time, The New York Sun, which has championed the Republican banner, claimed a landslide for Senator Harding.

The New York Times, however, which has supported the Democratic presidential nominee, at 9:15 o'clock had not accepted any returns as indicating his defeat.

The New York Tribune, Republican, claimed election of Senator Harding at eight o'clock.

At 10 o'clock Senator Harding was proclaimed by the New York Herald Tribune.

### HEAR PREMIER MEIGHEN IN YALE CONSTITUENCY

Greenwood, B. C., Nov. 2.—Premier Meighen delivered his first speech in the Yale constituency, where a by-election will be held on November 22 to fill the vacancy created by the resignation of Hon. Martin Burrell here this afternoon.

J. A. McKelvey of Vernon, B.C., the National Liberal-Conservative candidate also delivered a brief address, expressing his firm support of the government.

### GREAT LANDSLIDE FOR SEN. HARDING

Murphy, leader of Tammany Hall, issued the following statement: "The fact that Mr. Cox has made a vigorous and dignified campaign. However, the people have cast their votes for the candidate of their choice. The result of the campaign should not be forgotten. We must concentrate our thoughts on the welfare of the country, irrespective of parties."

"We must stand behind our new president, and him to promote our country's interests."

Record Plurality in Maine. Portland, Maine, Nov. 2.—Harding's given a presidential candidate, and as a result of the election, the record-breaking plurality of 65,116 given Parkhurst in Governor in September.

The vote from 572 out of 832 precincts was: Harding, 17,144; Cox, 14,500.

"The fate of Irish freedom has been settled. The Irish men and women of Irish blood have voted for the candidate who has declared the Irish question to be a national question."

"For the first time in eight years a Republican party in fact to face with a record plurality of 65,116 given Parkhurst in Governor in September."

### HAMILTON PLANT FOR IMPERIAL OIL

#### Portion of Old Armour Factory Taken Over by the Company.

Hamilton, Nov. 2.—Much pleasure is expressed here that the Imperial Oil Company, with head offices in Toronto, has rented part of the plant lately used by Armour & Company, for the carrying on of business. P. W. Gordon will come as general manager and be associated with C. A. Mayer, at present manager of the local branch office.

President C. O. Stillman of the Imperial Oil Company said to The World last night that it had been thought advisable to divide the Toronto office for the sake of providing more room and taking care of the company's business, but that only a few of the Toronto officers and other employees would be removed to Hamilton.

E. OLKOVIK, KANSACK, GUILTY OF MURDER. Killed Wife With Chain, and Is Sentenced to Be Hanged.

Yorkton, Sask., Nov. 2.—Egnot Olkovic, a Russian of Kansack district, was found guilty of murder and sentenced to be hanged on January 28, at the sitting of the court of king's bench here today. The Russian murdered his wife last August by striking her on the head with a chair. Counsel for accused was granted leave to appeal the case at the sitting of the court of appeal to be held November 28.

Evidence submitted by the defence claimed Olkovic had been insane at intervals since 1911, and had once been committed to an asylum at Battleford.

The Times said: "The election is of great international importance, as it will show to what extent the people of the United States approve or condemn President Wilson's policies regarding the great peace problems."

### PARIS IS STIRRED BY U. S. ELECTIONS

Regarded as Condemnation of Approval of Wilson's Peace Policies.

Paris, Nov. 2.—The presidential election in the United States overshadowed all other topics in Paris today. All the newspapers printed columns of leading articles, Excoisler devoting the entire front page to portraits of presidents from Washington to Wilson. It dwelt at length on the executive powers of the president, which, it said, were far-reaching as compared with those of the President of France and the King of Great Britain.

The Temps said: "The election is of great international importance, as it will show to what extent the people of the United States approve or condemn President Wilson's policies regarding the great peace problems."

### ZAYAS WINS FIVE MEXICAN PROVINCES

#### Coalition Candidate Leads Gomez in Contest for Presidency.

Havana, Cuba, Nov. 2.—Alfredo Zayas, Coalition candidate for president, has carried five of the six provinces over Jose Miguel Gomez, Liberal, according to the government department of communications. Zayas' lead, based on returns from about a third of the precincts, is estimated at 4,000.

The only official figures made public by the election board are the results from the provinces of Oriente and Pinar del Rio, which virtually complete, give Zayas a majority of 8,416. The board adjourned until tomorrow after refusing to indicate what the count showed in other provinces. On complete government figures Gomez carried Havana by 7,355.

Though the "AMPHION" Is the Phonograph Extraordinary From the Point of View of Pricing

It Is a Phonograph Among Phonographs, Judge It From Any Point That You Will Take the Most Vital Part---the Motor

THE motor in the "AMPHION" is the Meisbach, one of the best obtainable, which meets not only the laws of mechanics, but also the laws of music. Judge the "AMPHION" for tone—which is deep and natural because of its all-wood tone box and improved reproducer.

Then you might ask: "Is the "AMPHION" adaptable to all records?"

The answer is that the "AMPHION" has a universal tone arm, which makes possible the playing of all records.

As to appearance, it has a cabinet of valuable wood, upon which much time has been expended by cabinetmakers and polishers to render it beautiful.

"Then, the reason for such a pricing?" you say.

The answer to this is that the "deal" that brought the "AMPHION" to the Eaton Phonograph Section was one of the biggest phonograph events ever staged.

Furthermore, they were obtained at an unusual price. And the price still remains an unusual one.

Now you know the reason for the slogan: "The 'AMPHION,' the phonograph extraordinary from the point of view of pricing."

See it! hear it! in the Phonograph Section, Fifth Floor, Main Store.

When the stomach sours or becomes uneasy, with heartburn, it needs the alkaline effect to offset the acid condition.

tion. This you get from one or two Stuart's Dyspepsia Tablets. Relief is usually very prompt. The regular use of these tablets after meals gives the stomach and small intestine substantial help to digest food and you will then be bold enough to eat baked beans, fried eggs, sausage, buckwheat cakes and many other things you thought would make your stomach miserable. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store and you will then eat whatever you like and be fortified against the acid, sour stomach due to indigestion or dyspepsia.

LASH ESTATE GOES TO FOUR CHILDREN

Will of Well-Known Toronto Lawyer Is Filed in Surrogate Court.

Fifteen days before he died, the late Zebulon Alton Lash, of the firm, Blake, Lash, Cassels & Anglin, who left an estate valued at \$756,586, added a codicil to his will bequeathing to his sister, Anna G. Lash, a personal income of \$100 a month, entirely apart from the residence which she might desire to maintain, this codicil being made with a mark, the hand being paralyzed as the result of the stroke which thirteen days later caused his death.

The will was filed in the surrogate court yesterday, and the document itself was dated April 19, 1912. Three children, Miller Lash, Zebulon Grace and John Francis Lash, and a son-in-law, Kerr Duncan Macmillan, of Aurora, N.Y., were appointed testators and executors by this will. The estate comprised about \$400,000 in bank and other stocks, real estate of nearly \$67,000, book debts and promissory notes of about \$72,000, and money securities totaling about \$170,000. Among these securities were Victory bonds, with accrued interest, totaling about \$80,000. An interesting note in connection with the trusteeship of the estate is the fact that Mr. Macmillan last June renounced his right and title to the

ONTARIO GROCERS DENY ALL CHARGES PREFERRED

The statements of defence in the action brought by the attorney-general for Ontario against the Wholesale Grocers' Association and certain individual wholesalers and manufacturers was delivered by the solicitors for the defendants yesterday to A. W. Roebuck, as representing the attorney-general. The defendants plead that the complaint of the attorney-general that the wholesale grocers and others have entered into a combination for the restriction of trade has already been laid in evidence before the board of commerce and has been decided by the board of commerce in favor of the defendants. The defendants deny all allegations of conspiracy, illegal combinations or other wrongful acts as alleged in the attorney-general's statement of claim.

TENTATIVE PLANS FOR NEW JUVENILE COURT

Tentative plans of the proposed juvenile court and detention home were submitted to the juvenile court committee yesterday by City Architect Price. The plans call for a structure to cost \$250,000, including \$25,000 for a site, the building to be three storeys high and of fireproof construction. Controller Cameron expressed the view that a two-storey building would be large enough and would have a better chance of getting the support of the council. It was arranged that the architect should get out a sketch of a two-storey building which will be submitted to the next meeting.

### LIBERALS SLASH BACK AT CRITICS

#### Major Kippen and Others Use Heated Words in Meeting.

Election matters in Northeast Toronto are beginning to get lively and the candidates are commencing to tell each other just where their respective parties stand in the estimation of the public.

Major W. H. Kippen, in addressing an overcrowded audience at Columbus Hall last night, let off one or two fireworks, and said in speaking of the Conservative government and candidate, "I believe a vote given for Major Lewis by the people of Northeast Toronto will be a vote for corrupt government."

The attitude of the Conservative government on the question of Hydro was not, said the major, at all satisfactory.

In referring to the returned men, Major Kippen declared that he wanted the soldiers who had given up so much, and got so little, to get a square deal and "we do not want our soldiers in this country to be judged by Mr. Flynn's standard," he added.

A voice: "Can't we get on without mentioning Flynn?"

Major Kippen: "Flynn has attacked me and I have a right to reply," but he did not continue his argument further.

**Dewart Speaks.**—Harley Dewart, in a lengthy speech covering a lot of old ground, referred to attacks made on him some years back by "Tom McGarry, Iky Lucas and Timber-lim Ferguson," and said the Conservatives were asking who was the Liberal leader? He asked to-day what had become of the men he had named—they were in the discard, he claimed, because the honest Conservatives would not trust them any more.

Mr. Dewart contended Hydro was not the only issue before the voters, and claimed the merits of the two candidates must be considered.

Hydro, he said, was not a Tory asset, but a national asset of the people of Ontario. The Tory party were appointed by heaven to guard the Hydro, and he did not propose to let their political machine put anything over the Liberal party in connection with that matter.

In conclusion Mr. Dewart claimed that the real reason for Dr. Cuddy's resignation was the fact that he would not sit in the legislature with Howard Ferguson as his leader.

**Some Picturesque Words.**—The chairman of the meeting, James E. Day, in referring to an attack in an evening paper concerning the meeting being held in Knights of Columbus Hall, said that such an attack showed that the campaign was really over and had been won by the Liberal party.

Any man, he said, who would deliberately raise a religious cry against the Liberal candidate possessed the heart of a hyena and the morals of a rattlesnake.

Captain Jack Ramsden, Dr. J. J. Gee and Mrs. W. H. Ferguson also spoke.

### WAVE OF CRIME SWEEPS TORONTO

#### Coroner Young Makes Striking Comments at Inquest on Murder Victim.

"There has been more crime committed in Toronto lately than for years past," said Doctor W. W. Young in addressing the jury at the inquest held on the body of an unknown man found in a ditch on D'Arcy street last June, "and you wonder how a man could lie for three months in a thickly populated district without being discovered. I will answer by giving you statistics regarding the police force in Toronto.

"The force," said the doctor, "was, I believe, reduced from 750 to 650 all ranks, last August. There are 129 officers and detectives and 519 constables, 33 of which are on station duty, 11 on wharves and railroads. There are six operators, 5 on orderly rooms, four on staff, two on motors, on various other duties. The average sick numbers 10, those who have days off, 79, and those on leave including mounted and motorcycle officers.

"That," said Dr. Young, "averages 64 men for each eight hours for an area of 32 square miles with 67 miles of streets and lanes. Is it possible then to prevent a crime of this kind? Under such conditions, gentlemen of the jury, a similar crime might occur a second time. Detectives Ward and Tuft deserve a great deal of credit for their endeavors to bring some light on this mystery," said the coroner.

**Mistaken Identity.**—The man was supposed at first to be Antonio Cetera, but it was proved that he died on the Scotia, at sea. Mrs. Ada Thom testified that certain articles resembled those worn by her husband who disappeared last February, and has not been heard of since.

The inquest last night concluded the eighth session and the jury brought in a verdict of murder by a person or persons unknown.

**HOLY TRINITY HOLD AT HOME.**—Holy Trinity Church held its annual at-home last night in Holy Trinity Parish Hall, which was becomingly decorated. Short addresses were given by Rev. R. Sherman, J. C. Dodds, W. B. Howard and C. J. Agar.

**STIPULATE DOLLAR-HOUR.**—The blanket agreement as drafted by the Building Trades Council, was approved by the Structural Steel Workers Union at its regular meeting last evening in the Labor Temple. The local further decided to stipulate one dollar per hour as their wage scale for the coming year.

30 DROPS FOR COUGHS

### J. M. COX, DEFEATED CANDIDATE

James Middleton Cox, defeated Democratic nominee for the presidency of the United States, was born in Butler County, Ohio, 50 years ago. He spent ten years as a reporter with The Cincinnati Enquirer, later purchasing the Springfield (Ohio) Daily News. He also owns another paper, and is reputed to be in the millionaire class.

He was first elected to congress in 1908. He was first elected governor of Ohio in 1912 and was twice re-elected. He has been twice married and has four children.

### PRESIDENT-ELECT PRACTICAL PRINTER

#### Harding One More Example of a Farmer's Son Who Reaches White House.

Warren Gamaliel Harding, president-elect of the United States, has always been a resident of Ohio, and has represented his state as United States senator since 1914. In private life he is the publisher of the Marion, Ohio, Star.

Mr. Harding was born on a farm near the village of Blooming Grove, in Morrow County, on November 2, 1885, the eldest of eight children. His father, George T. Harding, was a country doctor whose forbears came from Scotland. Before going to Ohio the Hardings were residents of Pennsylvania, where some of his ancestors were murdered by Indians. Others fought in the Revolutionary War.

The mother of Warren was Mrs. Phoebe Distenon, and was descended from the old-time Holland stock of van Kirk.

In his youth Warren lived the life of a farmer boy, attending the village school until he was fourteen years of age, when he entered the Ohio Central College of Iberia, from which he was graduated. As editor of the college magazine he first displayed talents for journalism. He was obliged to stop school now and then in order to earn money so that he might complete his college course.

At odd times during his early years he worked as a printer, and in time he became an expert typesetter, and later a linotype operator. Mr. Harding is a practical printer and a pressman, and excels as a make-up man. The luck piece he has carried through his career as a senator is the old printer's rule he used when he was sticking type.

In 1884 Dr. Harding moved his family to Marion. A short time afterwards his father purchased The Star for his son Warren.

On this paper Warren performed every function from printer's devil to managing editor. In all the years Senator Harding has owned The Star there has never been a strike nor a threat of one.

Senator Harding is today closely identified with many other large business enterprises in Marion, and in other parts of the state. He is director of a bank and of several large manufacturing plants, and is also a trustee of the Trinity Baptist Church.

Mr. Harding has twice represented the 13th senatorial district of Ohio in the state legislature, and he has served one term as lieutenant-governor. In the 1914 elections Harding was elected United States senator by a majority of over 100,000, running 73,000 ahead of the next highest on the ticket. In the senate he was a prominent member of the foreign relations committee. Senator Harding married Miss Florence Kilgus in 1891.

**CLAIM HE STOLE GEMS FROM HIS OWN SAFE.**—Pittsfield, Mass., Nov. 2.—Diamonds valued at \$140,000 that were stolen from the safe in the jewelry store of Philip E. Schwarz here last Tuesday night were recovered today. Schwarz, who has done business under the title, "The Diamond Man," was arrested charged with larceny. He stoutly denied any knowledge of the theft.

The diamonds are said to have been entrusted to Schwarz for keeping over night by Joseph C. Newman, a salesman for Charles Marx of 170 Broadway, New York. The next morning a clerk in the store reported that the safe had been opened, evidently by some one who knew the combination, and the jewels stolen. The search today led to the cellar of the store, where the police say they found the gems still in the salesman's case, wedged behind a sewer pipe. According to the police, the diamonds were placed there last night, as they say they searched the cellar thoroughly yesterday and found nothing.

**FEWER PERSONS KILLED ON RAILWAYS OF U. S.**—Washington, Nov. 2.—Fewer persons were killed on railroads in the United States during 1919 than in any year since 1898, and fewer were injured than in any year since 1910, said a statement issued today by the Interstate Commerce Commission.

During 1919 a total of 6,978 persons were killed and 149,053 injured, compared with 6,559 killed in 1898 and 119,507 injured in 1910. Of the killed during the year 278 were passengers, and of the injured 7,456 were passengers. Employees killed during 1919 numbered 3,138 and 131,018 were injured.

Fewer trespassers on railroads were killed in 1919 than during any year of the commission's records, which go back to 1890. Last year 2,553 trespassers were killed and 658 injured. Railroad officials said there were less persons out of employment and fewer tramps than formerly, because of the war.

**SIR H. SAMUEL LOSES MOTHER.**—London, Nov. 2.—Mrs. Edwin Samuel, mother of Sir Herbert Samuel, British high commissioner for Palestine, died here today at the age of 84 years. Numerous messages of condolence have been cabled to Sir Herbert.

### SHOWS UNFAIRNESS OF CATTLE EMBARGO

#### Deputy Minister of Agriculture Says British Public Want Canadian Meats.

Ottawa, Nov. 2. (By Canadian Press).—Dr. J. H. Grisdale, deputy minister of agriculture, stated tonight that he had read with much interest and with much pleasure an article in a Montreal paper dealing with the Canadian cattle embargo. He said: "This editorial summarizes the situation exceedingly well and not only epitomizes the history of the embargo, extending as it does over the last thirty years, but it seems to me to put the present status of the affair in a nutshell, when it declares that it is a case of pure protection, not for one class merely, but for one part of one class, as against all the rest of the population of the British Isles."

Points Out Unfairness. "This, of course, is quite legitimate if the British consumer wishes to stand for it, but what does not seem fair to us is for the secretary of agriculture to again bring up the accusation of ill-health in Canadian herds, as he does when he states that it is still necessary to maintain this embargo for the protection of the British flocks and herds against infectious diseases that might possibly come from Canada. We are quite closely in touch with what is happening on the other side in connection with this embargo and feel that there is a strong sentiment spreading rapidly thru the meat-consuming class against the maintenance of this embargo on the importation of Canadian stock into the British market for fattening on the British pastures or in the British feed yards."

**NOT A FAIR CONCERN.**—Business Agent Walter Brown of the Boot and Shoe Workers' Union, stated yesterday that the C. S. Brown Shoe Co. would not be a fair concern to organized labor, owing to their decision to run a non-union shop.

**AUTO MECHANICS ORGANIZE.**—A membership drive, upon which the Auto Mechanics and Specialists' Lodge of the Automobile Union is embarking, will be inaugurated on Nov. 10 by open meeting to be held in the Labor Temple. The members of this craft are but nominally organized locally, although in the Toronto field are said to offer facilities for improvement similar to those in New York and other American centres, where wages have been raised from 75 cents to one dollar per hour, and the eight-hour day secured.

**TO AID HIGGINS.**—Lodge 428 International Association of Machinists reports the holding of an excellent meeting at which Mrs. W. Singer gave an address upon behalf of James Higgins, Soldier-Laborer, of the Northeast Toronto. Following Mrs. Singer's appeal, the lodge granted \$20 to the Labor candidate's campaign fund. Excellent musical numbers were incorporated into the program and greatly appreciated by the members.

**SAYS REPORT UNFOUNDED THAT TURGEON RESIGNS.**—Regina, Sask., Nov. 2.—"There is nothing to it." This was the answer of Premier Martin, when asked last night as to the truth of a report that Hon. W. F. A. Turgeon was contemplating retirement as attorney-general from the provincial cabinet in order to enter the federal field.

### HIGGINS ACTIVE AS CAMPAIGNER

#### Candidate Makes Vigorous Onslaught Upon Former Govt. Timber Policy.

Rupert Whalley, James Higgins, J. Fred Marsh, Hugh Macleod and John Doggett last night addressed several meetings at the Labor Temple, and in other parts of the city, on behalf of the soldier-labor candidate, William Higgins. With the exception of the rally at the corner of Yonge and Wellesley streets, the meetings were well attended.

Mr. Whalley condemned the policy of granting loans for farming purposes to returned soldiers, and nothing to the veterans for other purposes; besides, the government refused to grant any manner of bonus, aside from the six hundred dollars already given.

The candidate, Mr. Higgins, stated that the report of the commission which investigated the timber limits scandals formed one of the most appalling records of political chicanery which any government had been guilty of in the history of the nation. But it had done more; it had proven the contention of the friends of the present Ontario government that commissions served a very valuable purpose—a purpose the value of which the late Conservative government, and those intimately connected with it would have cause to remember with bowed head for many long years.

The present government was responsible for more sane and helpful legislation in its twelve months than had been accomplished by the other governments in years, he said. The Labor party, which he also represented, was pledged to bring into legislation the best means of re-establishing the ex-servicé man, and the G.A.U.V. went still further, in that it had already found the means necessary to bring about this re-establishment.

**LABOR DENOUNCES LUXURY TAXATION**—A growing prejudice against the government luxury taxes, together with a consequent agitation for their removal or restriction to at least higher priced goods, is evident in labor circles. Union officials express the opinion that the government in placing this handicap upon industry, failed to give due consideration to the high prices of raw materials and is thus forcing the manufacturer seeking means of evasion to sacrifice even adequate quality in his products. In proof of the necessity facing manufacturers of producing goods which are not subject to the tax, one union official instance one of the city's large department stores as refusing to buy for next season any quantity of goods which are liable to it.

Business Agent Walter Brown of the Boot and Shoe Workers' Union stated that the cost of leather and labor for the making of shoes, exclusive of selling costs, interest charges, or depreciation allowances, was approximately \$2.25. Provision, he stated, must be made for these various items and also for the retailer's overhead and profit and the shoes sold for under \$3 per pair. He gave as his opinion that the tax was reacting detrimentally to the industry.

Members of the Garment Workers' Union also believed the tax to be influencing their trade unfavorably, and stated their belief that manufacturers and retailers shared their opinion.

**MAKE IMPORTANT MERGER OF CONSTRUCTION FIRMS**—Vancouver, B.C., Nov. 2. (An important merger of construction enterprises and consolidation of eastern and western interests has just been completed here, according to an announcement today. The Pacific Construction Company, the Pacific Dredging Company, and White, Henry and McDonald have merged their interests with a capitalization of \$5,000,000. Headquarters will be in this city and a branch maintained in Montreal.

**TO SPY OUT EXPORT FIELD.**—Ottawa, Nov. 2. (By Canadian Press).—J. W. Wilkie, whose resignation as a member of the Canadian Trade Commission, became effective on October 31, has left Europe to make a personal investigation into the export trade field as it affects Canadian producers and manufacturers.

### GENEROUS GIFTS TO WALLINGFORD HALL

Interesting Ceremonies at the Opening of McMaster Residence for Women.

Wallingford Hall, the residence for women in connection with McMaster University, was formally opened yesterday afternoon. The handsome building at 95 St. George street was procured through the efforts of the alumnae committee, with Mrs. Scarth as convener. It is now ready for students and is in charge of Mrs. Trotter as dean.

In the absence of Mrs. Scarth, convener of the committee, the vice-convener, Mrs. E. J. Zavitz, gave a history of the activities, while credit was given to Miss Norton for sewing the seed of the new residence in her address to the class in 1917.

Mrs. Zavitz also presented to Dr. D. E. Thomson, chairman of the board of governors, the deed of the property. Mrs. J. H. Cranston read a paper, entitled "Memoirs and Reflections of the Town of Wallingford," Dr. J. H. Farmer presided, and Dr. E. M. Keirstead said the dedicatory prayer.

A gift of \$2,000 from Mr. Davies had considerably lightened the burden of the committee. A furnishing fund of alumnae members has now obtained the sum of \$10,710.

Mrs. Zavitz drew the attention of the gathering to many furnishings and appliances that are still lacking. She also referred to the good work of Mrs. Stark and Mrs. J. H. Cranston, the secretary-treasurer. Mr. Davies, the generous benefactor of the hall, after whose home town in England it was named, was among the guests.

A survey of the home, and refreshments served by the students, brought the ceremonies to a close.

### NO INTERVENTION OF ANTI-HYDRO INTERESTS

President Lyon of the Hydro-Electric Radial Association replies to Mayor Church's motion that the date about the reason for the appointment of R. S. Robertson as representative of the anti-radial municipalities before the radial enquiry commission, to the effect that he knows of no municipalities that asked for the appointment of Mr. Robertson, and intimates that interests hostile to Hydro had brought about the appointment.

### GIVE GOOD PROGRAM AT HOME CIRCLES' CONCERT

A good program was presented at Foresters' Hall last night under the auspices of the Canadian Home Circles. Such well-known artists as Dr. Donald C. MacGregor and Vera MacLean contributed delightful musical numbers. Florence Good gave the reading, "A Tale Told on the Train," and John A. Kelly supplied the humorous element. Others who contributed were the accompanist, Mrs. Allan Westlock, and Mr. Norman Sommerville, who gave a short address.

### PREPARING REPORT ON PARKS EXPENDITURE

The parks commissioner is preparing a report on the expenditure of the department in the purchase and maintenance of parks. The information is being furnished by Chairman Ald Beamish of the parks committee who represents the statement of a member of the board of education that the parks department is spending money like water.

### FAMOUS FOR SALE OPENS AT DINEEN'S

Well-Known Toronto House Offers Seasonable Goods at Tempting Prices.

Just one big knock does opportunity give in a season. Today is the time to listen for the ever-welcome signs. Every woman wants furs and she wants the best to be had for the fewest possible price. This is what is promised by the great sale which opens this morning at Dineen's, the old reliable firm whose name stands for the first and best in every department of the petty business. As Ford was the first to lower the price of his cars, so the Dineen company believe they are the first to establish definitely the new lower prices.

Weather conditions have had a good deal to do with the move, yet optimism is rampant and it is expected that the sale will go with a swing when "high quality maintained, low prices retained," is taken as the slogan.

Coats that ranged in price between \$250 and \$775 have taken an altogether different complexion. At prices quoted they seemed prohibitive, but today they range from \$135 to \$485. With this encouraging reduction, women may proceed to shop with pleasurable anticipation. Among the offerings that will attract are a Hudson Conroy coat, a tweed and svelte coat, a fur-trimmed coat, a coat of muskrat formerly priced at \$235 may now be had at \$175. A cat fur beaver offers itself today at \$250, formerly \$275. Handsome Hudson seal coats have been reduced from \$425 and \$375 to \$365 and \$485.

In smaller articles there is an attractive variety of capes, stoles, scarves, neck-pieces, reduced in price in correspondence with the decision of the November Sale. Art as well as comfort is considered in the turning-out of these products, as is evident in the many handsome linings and effective trimmings. A reputation for quality during a period of nearly three-quarters of a century is behind the sale at 140 Yonge street. Go in and see for yourself.

"EARTHBOUND" IS STRIKING PICTURE. Human Interest is Strongly Maintained in Working Out Problem—Exquisite Setting.

There is enough of the human interest quality about "Earthbound," that story from the pen of Basil King which has been filmed by the Goldwyn Company, to make it attractive as a spiritualistic subject. It is a mighty human, a tale of passions, love and hate.

### PRESBYTERY NAMES NEW PROFESSORS

Toronto Body Also Approves the Scheme for Vimy Ridge Church.

Motion pictures were discussed and a number of nominations made at the meeting of the Toronto Presbytery in St. James' Square Presbyterian Church.

Rev. H. F. Thomas, who has accepted the position of assistant minister at Knox Church, Toronto, was given permission to retire from the pastorate of Newmarket Presbyterian Church on November 15, to enter on his new duties at Knox Church.

The Presbytery heard a deputation from Runnymede Presbyterian Church in protest against the present trend of the motion picture theatres. The great educational value of motion pictures was acknowledged, but the effect upon boys and girls of some of the pictures shown was declared to be "most detrimental."

The Presbytery referred the matter to the committee on social service for a report on appropriate action.

Rev. Prof. Baller addressed the Presbytery on the subject of the Vimy Memorial Church which it is proposed to erect in France. The Presbytery cordially endorsed the movement and to send a Presbyterial letter to each pastor asking that an official collection be taken up for the Vimy Memorial Church fund on November 14.

A practical example of union work was reported in the announcement that King Street Methodist Church had offered accommodation to the Presbyterial Bulgarian Mission until the mission secures suitable quarters.

Nominations for vacant professorships in various Presbyterian colleges were made as follows: Systematic theology at Westminster, B.C., Rev. Dr. George McGougan and Rev. A. F. Orton.

Training of missionaries to work among foreigners in the Canadian Northwest, at Saskatoon, Rev. A. Berlis, of Toronto.

Religious education at Knox College, Toronto, Rev. W. A. Knox.

Momleties at Knox College, Toronto.

Receptions. Mrs. Wilbert J. Nelson (nee Mary Harris) will receive for the first time since her marriage, at her home, 130 Gladstone avenue, on Thursday, Nov. 4th, from four until six o'clock. Her aunt, Mrs. Thos. Kennedy, will receive with her.

There is enough of the human interest quality about "Earthbound," that story from the pen of Basil King which has been filmed by the Goldwyn Company, to make it attractive as a spiritualistic subject. It is a mighty human, a tale of passions, love and hate.

A man is shot and killed, but cannot leave the earth. He is earth-bound. His spirit form is suffering horribly and they say that it is because he must set things right before he can leave for the beyond.

After it all, there is the question, "Is it possible for a man to be earth-bound?" And if not, why the picture? But if that part is not clear, the truth it tells about conscience are; and that alone is a justification.

It must have been a labor, tho' of love, to film the picture, because the exquisite settings are so simple, the characters are so few, and the action so natural and unburied. At any rate the public will hear a lot about "Earthbound," as the picture is to be shown at Massey Hall, commencing tomorrow.

# RUGBY VARSITY HOLDS SECRET PRACTICE

## POSSIBLE TIES IN THE SENIOR UNIONS

Argos, Varsity and Torontos Need Victories to Cinch the Titles.

Toronto fans are vitally interested in the rugby games at the week-end. The three senior unions are likely to be decided or else a tie-up is in order in all three. Naturally the Varsity-McGill clash at Montreal is causing the most talk. The blue and white clean-cut victory of Stag's men have made them favorites for the college union title, and Saturday tells the tale.

Varsity will be at full strength. Harry Hobbs is ready again for the quarter job. Rolph will be in his usual place at outside. Coach Cassella and Captain Joe Green were at the meeting. The Varsity team will be in the line-up for the match at Montreal.

Coach Heisman, of the University of Pennsylvania football team, has issued a list of eight rules for the benefit of the candidates. At the opening practice recently every man was given a copy and he would obey the following rules:

1. Candidates may not use tobacco in any form.
2. Candidates may not partake of alcoholic beverages.
3. Betting is absolutely prohibited.
4. Candidates must be in camp at 10 p.m. weekdays, and 11 p.m. Sundays.
5. Candidates living at the training house will eat only such food as is prescribed by the head coach.
6. Candidates may not use profanity or commit unsportsmanlike acts in practice or in games.
7. All candidates are expected to obtain good averages in scholastic work to remain on the squad.
8. Expulsion from Pennsylvania football will be one of the penalties for failure to obey these rules.

In a hotly contested game of rugby at Ottawa yesterday, the Varsity team of the Institute defeated the Loyola College of Montreal, 25 to 5.

Varsity is copying Stag's methods and held a secret practice last evening at the stadium. It was a drill in line play and to stop the McGill stuff on Saturday. Westman is on the injured list with a torn ligament in his knee, which he received in practice on Monday. It is expected that he will be ready for Monday.

Jack O'Connor was missing from the Argonaut practice last night with a sore ankle received in Hamilton. He will be out tonight.

The doctors reported last night that Frank Knight is making good progress and that he is out of danger.

At the meeting of the high school league executive committee, held at the Wood's apartment building, the school's appeal against Parkdale winning the protest of their game was dismissed.

This left Parkdale and Oakwood tie for the senior championship of the western group and the teams were ordered to play it off yesterday. Owing to the witness the game was not staged, but they will get together today at Eastern field.

Technical are champions of the eastern senior section and as the finals are held for Varsity stadium on Friday, the winner of the Oakwood-Parkdale game of today will meet Technical in the finals. Parkdale and Argos will meet on Friday for the junior honors.

Hamilton Herald: Seems funny to hear of Hamilton pulling for Ottawa, but that is what will happen at Toronto next Saturday.

Tigers have an off day, and many of the members of the team, as well as Tiger supporters, will journey to Toronto to see the game between Ottawa and Argos. As a victory for the Argos would create a three-cornered tie, it is only natural that Hamilton should want to see the boys from the capital turn the trick.

**BRITISH RUGBY.**  
A special meeting of the West of England Rugby Football Club will be held this evening at 8 o'clock in the Central Y. M. C. A. room 5. All players and supporters are requested to be present, as there is some important business to transact.

**ONE OF THOSE BOUTS.**  
Milwaukee, Wis., Nov. 2.—Joe Wellins today was ordered to appear before the Wisconsin Boxing Commission on Nov. 22 and show cause why he should not be banished from the fight rings of the state for a year. The order is the result of the bout in which he and Lew Tender participated here on Oct. 26.

## T. & D. JUVENILE AND JUNIOR GAMES

And Referees Appointed for Saturday — Soccer Announcements.

The T. and D. Junior Council met in Victoria Hall last evening. The North Riverdale and Davenport zones in the first round of the Bailey Cup were ordered to be replayed this Saturday. The games for Saturday are as follows:

Second division league game: Dunlop v. Todmorden A.; referee, Murchie. The following are Bailey Cup games in the junior branch:  
Bailey Cup—First round: North Riverdale v. Davenport; referee, Pengelly. Swifts v. Baracca.  
Linfield Rovers will hold their committee meeting on Thursday evening at the house of Mr. Smith, 11 Gough avenue, as usual. All committee members please take notice.

Siberly Cup, second round—Aston Rovers v. Silverthorn. Referee, Fife.  
This week's session of the delegates of the Toronto and District Football Association was a lively one, and the council came under a great crossfire of the delegates when the minutes to the Craig and Wilby-Overland case were read. The question was discussed by the delegates for over three hours, but the sympathies of the delegates appeared to be with the Wilby club, and it was their desire to reopen the case, no one could suggest any other than that the council's decision was a just one and was based on the rules.

After the delegates' meeting the directors met to hear the case of Davidson, who is alleged to have fractured the jaw of Player Capps of Brampton during the Old Country-Brampton game. The evidence was very conflicting, and after a great deal of discussion, it was left over till next Monday's meeting.

The draw for the second round of the Bridger Cup was made as follows:  
Willys v. Baracca.  
Devonians v. Davenport.  
Ulster v. Scottish.  
Caltonians v. S. O. I.  
Imperial v. Sunlight.  
Wm. Davies v. All Scots.  
The games and referees for Saturday:

—Bridger Cup.  
Sons of England v. Willys-Overland (Mitchell).  
Davenport v. Old Country (J. Johnson).  
Telfers v. U.V.L. (J. Lamb).  
Cowan v. Dom. Express (Cochran).  
—Bridger Cup.  
British Imperial v. Sunlight (J. Cameron).  
Wm. Davies v. All Scots (S. Banks).  
Swifts v. Baracca (State).

The association football authorities of England, at a recent meeting in London, refused to sanction international matches with Germany or any other of the central empires. The Football Association Council, which is the name of the association of the members of the association of the United Kingdom, but excepted the associations of the central empires. This decision was received with no matches would be played with other associations that play matches with the central empires.

Players of the Crescent Rovers should remember the meeting at Mr. E. Tuck's residence, 17 Salem avenue, at 7.45 p.m. Friday, Nov. 4, at 7 o'clock sharp. T. Addis and P. Simpson kindly be on hand, as there is important business to be discussed.

All signed players of Dunlop Rubber and Argos are cordially invited by the Dunlop service committee to attend the first Dunlop annual picnic, to be held at the Broadview Y.M.C.A., at 7.45 p.m. Friday. During the evening refreshments, music, games and races will be on the program. Come and get in on this is your picnic.

A meeting of the Wm. Davies F. C. will be held in the gym, King Street Methodist Church, corner East King and Bright streets tonight at 8 o'clock. All players and members are requested to attend Business Important. Training will be carried on as usual.

Industrial Football League matches for Saturday, to commence promptly at 2.30 p.m.:  
Nelsons, Ltd. v. Massey-Harris Co. at Dovercourt Park; referee, R. Moriarty, 49 Gladstone avenue.  
Hutts, Parkdale v. Goodyear Tires, at Oakwood; referee, M. J. Hurley, 159 Galt avenue.  
An der Linde v. Toronto Carpet, at Wychwood; referee, J. Milisip, 30 Adams avenue.  
Canada Cycle & Motor v. Simmonds, Ltd., at Weston; referee, G. E. Mills, 121 Emerald road.  
Industrial Football League records (all section):

## McGILL PLAYERS TAKE FIRST REST

Montreal, Nov. 2.—For the first time since the opening of the local rugby season, the McGill players were given an afternoon's rest today. Coach Shaughnessy decided that the players would benefit by a let-up. In place of holding a workout at the stadium, a signal drill was held in the gymnasium at the Students Union on Sherbrooke street.

Practices will be resumed tomorrow, when a scrimmage workout will be held. In which the seniors will be played against the intermediates and juniors. The workout against the juniors will be held first, and followed by a game with the second fourteen.

It was practically decided to start Russell, Flanagan and Carroll on the half line, while Anderson will be played at flying wing. Cope will also be played at some position in the wing line. This will add strength to the team.

Shaughnessy has planned to hold scrimmage workouts tomorrow and on Thursday, with a light signal drill on Friday afternoon, after which the team will be chosen for the game on Saturday. The match will be handled by Lorne Montgomery and N. L. MacCauley.

There will be no scarcity of reserve players for the meeting with University of Toronto. Flaherty has shown improvement in each workout and may be sent in during the play. Several of the interested players have also shown themselves worth consideration, and will be held in reserve.

The great interest evinced in the game is well demonstrated by the demand for tickets. The greater portion of the reserved seats have been disposed of, and an order for a block of seats for a tournament basis in order to get away from heavy traveling expenses, involved in playing off home games between seniors of the groups.

Any club interested in basketball throughout the province, whether a member of the association or not, is urged to request to have proper representation at that meeting.

**Benny Valger Arrives and F. Burns Comes Today**  
Benny Valger, the sensational New York tenor, is expected to arrive in Toronto on the 10:30 p.m. boat from the coast, in the ten-round main bout at the Arena this evening. He boxed with his opponent will land here this morning. He is expected to be in the pink of condition and certainly will not give up in getting busy. He went to Toronto to see the University of Toronto boxing team before the delegates' meeting, when he took on Chris Newton, Scotty McEwen's newest protégé, and McEwen, of Ottawa. He boxed them both six rounds each, much to the delight of the student boxers who crowded the gym. Newton and Valger were both about the same weight, and they went at it hammer and tongs, but McEwen is a 175-pound lad with a kick in both hands. With the Ottawa lad Valger was decidedly the journey his punches had lost a lot of their sting. McEwen wants to join Scotty's stable. He may get the chance, for he looked pretty fair in his trial bout with Valger. The semi-wind up between Scotty Limer and Chris Newton is attracting almost as much attention as the main battle between Red Gallagher and Lisner year or two ago.

**LACROSSE C.A. OFFICIALS.**  
Victoria, B.C., Nov. 2.—Officials of the Victoria Lacrosse Club have concluded their business in Ottawa, and are returning to their home city. They are particularly requested to turn out for training at the West End Y. M. C. A. on Thursday evening next, Nov. 4, at 8 o'clock.

**FULTON AT PEG.**  
Winnipeg, Nov. 2.—Fred Fulton of Minneapolis has been matched to meet Harry Williams of San Francisco in a 12-round boxing bout in Winnipeg on Nov. 15.

**ONTARIO BASKETBALL ASSOCIATION MEETING**  
The annual meeting of the Ontario Basketball Association will be held at Toronto Central Y.M.C.A. Room 13, on Saturday of next week at 2.30 p.m. All those intending to play basketball in the year throughout the province should have duly-accrued delegates at that meeting. The meeting will be held at the Ontario Y.M.C.A. building, 100 Queen Street West, Toronto, or Mr. Harry Kerr, 689 East Queen Street, Toronto.

The association had a very successful season, last year, with competition in all parts of the province. It was a record to an even better season in 1920 and 1921. The executive have several matters of importance to bring before the delegates, one of them being a proposal to play all semi-finals and finals at a central point on a tournament basis in order to get away from heavy traveling expenses, involved in playing off home games between seniors of the groups.

Any club interested in basketball throughout the province, whether a member of the association or not, is urged to request to have proper representation at that meeting.

### ESTATES ESCAPING INCOME TAXATION

#### Court of Revision Reserves Decision on the Question of Assessment.

The court of revision yesterday reserved judgment on the question of the liability of trust companies to furnish the assessment department with information about incomes from estates payable to beneficiaries residing in the municipality.

George Hearst, of the assessment department, said the beneficiaries of estates had escaped taxation on income. He contended that the act obligated the trust companies to give this information, but so far they had declined. The Toronto General Trust Company had said, "If you get a letter from the beneficiaries we will give the information." The appellate court said the estates were subject to assessment in the municipality where the testator died.

"We have assessed the corporation as trustees," said Mr. Hearst. "If the beneficiary resides in the province, that is disposed of, but if he or she resides in the municipality, then we are entitled to know what income that beneficiary is getting."

Mr. Hearst also argued that where the income goes to capital instead of being distributed, it should be assessed.

"A large amount of this income is lost to our rolls," said he. E. T. Malone, appearing for the trust companies, said it was the duty of the trust companies by law to look after the interests of their clients, and the onus was not on them to supply such information to the assessment department. He thought the information could be secured by following up the wills in the surrogate court. Decision was reserved.

A decision was handed out yesterday confirming the assessment of 25 per cent. on the business of the Associated Clothing Manufacturers, Inc. who had appealed on the ground that there were no profits from the business.

The court also confirmed the assessment of 75 per cent. on certain rooms in the Union Bank building, near King and Bay streets, used as rest and lunch rooms by the staff. The ruling was that these were part of the banking business.

The assessment on the Beard building, on Church street, was also confirmed.

The Massey-Harris Company was granted a reduction of \$500 an acre on their eight acres of land on the north side of King street, used as a lumber yard, making the new rate \$19,500 an acre.

D. Bailey appealed against the assessment of \$1,250 on the house at 107 Montgomery avenue, also he had paid \$3,100 for it. He argued that Dr. Butler had previously owned it and had been assessed only \$850. The assessment was confirmed.

F. H. Rich appealed against an assessment of \$4,050 on his premises at 35 Cranbrook avenue, which had cost him \$3,000. He described the house and the chairman said the house was worth in his opinion about \$6,000. The assessment was confirmed.

### PUBLIC WORKS MEN TO PETITION COMMISSION

At a well represented meeting held last night by the members of the Dominion Public Works Association, President McCartney occupied the chair.

T. G. Mathison, president of the public works federation, and Messrs. McCartney and Hewitt gave an account of their visit to Ottawa as delegates before the board of hearing of the Civil Service Commission.

It was unanimously agreed that a petition from the low-paid members be sent to the Civil Service Commission to ask them to reconsider the salaries they are now receiving.

### MEN YOU HEAR OF Seen as Their Friends Know Them

Mr. Hugh Blain, of the wholesale grocery firm of Eby, Blain & Company, Inc. is president of the Wholesale Grocers of Ontario, and took a prominent part at Ottawa in the fight against the increase in railway rates. Mr. Blain was born in King, Ont., on the banks of the Mumber, in 1843, and attended the Toronto Normal School. He entered the grocery business in 1863 and formed a partnership with Mr. Eby on January 1, 1880. He is keenly interested in the public good.

### TO LAY CAR TRACKS ON TERAULEY EXTENSION

#### Transportation Commission Decides to Build Up to Davenport Road—Desire Extension and Widening Expediently Done—Complaints of Poor Gas Quality Reach Board of Control—Will Engage Milk Expert.

The transportation commission has already decided to lay car tracks on the Terauley street extension up to Davenport road, was indicated by a letter from General Manager Cousins, which was laid before the board of control yesterday. According to the letter, it was the wish of the commission that the work of extending and widening Terauley street should be carried thru with as little delay as possible.

This work has already been approved by council, and the expropriation by-law will be before council at the next meeting for its third reading, after which the assessment commissioner will have the necessary power to expropriate the land needed for the widening of the street.

Mayor Church said it was the intention of the city commissioners to get the gap between College and Grenville streets opened up as soon as possible, and that the whole scheme would be carried out with all possible speed.

Gas of Poor Quality. In a communication to the board, the Riverdale Business Men's Association asked that something be done to improve the quality of the gas in the Riverdale district. The secretary wrote:

"I have been asked by our executive committee to bring to your attention the fact that the gas pressure in Riverdale, especially in the northern section, is exceedingly poor, and at certain hours of the day we are told that it is almost impossible to get any pressure whatever. We are writing to the Consumers' Gas Company, but also would like your honorable board to take the matter up and see what relief can be brought to the citizens of that section of the city."

Controller Gibbons remarked that there was too much fresh air in the North Toronto district. The brick and gas company was having a whole lot of trouble with poor coal. The board, however, decided to ask the president of the gas company for an explanation.

Ladies Issue a Write. A suggestion came from the Ontario Athletic Commission that provision should be made in the new arena at Exhibition, which is to be constructed soon, for the holding of indoor sports, but no action was taken.

R. K. Shepard wrote that the housing commission should include men with technical knowledge of building, and he suggested that the Ontario Association of Architects be consulted before the next appointments are made to the commission. Two of the five commissioners nominated some weeks ago have declined to act.

Notices brought to the city solicitor that certain ladies had a writ issued against former Treasurer Bradshaw to recover the moneys collected for the new arena. The writ was made out on the 15th inst. and the money shall be turned over to the Originals' Club. The fund totals about \$18,000. Mr. Bradshaw was appointed treasurer of the fund and is merely holding it until the courts decide as to how it is to be distributed.

Engage Milk Expert. At the request of Ald. Dr. Risk, chairman of the special committee on milk investigation, the board decided to engage Dr. Charles E. North to make a survey of the milk situation covering supply, distribution, etc., and make a report to the council. It was said that Dr. North was a well known consulting sanitary expert and had had a wide experience in investigating the milk supply of cities.

Mayor Church said that if it was the wish of the board to make a survey of the milk situation, he would be glad to make a report to the council.

### RAILWAY CONDUCTOR DENIES THEFT CHARGE

The case for the crown was completed yesterday afternoon in the trial of Jacob Troyer, C.P.R. conductor, charged with theft of C.P.R. tickets in before Judge Denton and a jury before the sessions, and the accused was called to the stand by A. G. Slight, counsel for the accused.

Troyer said he had lived in Toronto 28 years, was born near Woodbridge, 65 years ago, and started his railroad career in 1875. The company he was employed with was absorbing the C.P.R. in 1880, and he was made conductor in 1879. He had a family of three sons, one having been killed in the war.

"Did you ever steal anything from the C.P.R.?" asked Mr. Slight. "I never stole anything from the C.P.R. in my life," was the reply. "Did you ever miss any punching tickets purposely?" "Never."

### Heavy Fine for Failure to Make Returns to Government

Failure of the Thompson Manufacturing Co., 108 Mutual street, to make full returns to the government, as required by the Dominion bureau of statistics, resulted in a fine of \$100 and costs being imposed by Magistrate Cohen yesterday afternoon.

The firm had made returns of a kind, but J. A. Schrybunt, prosecuting officer, maintained that they were very incomplete and inadequate. "Some firms think the government has no right to know anything about their business," remarked the magistrate.

This penalty was the largest yet imposed for the offence in Toronto. Each of the following were fined \$20 and costs: Multigraphing and Printing Co., Frank Hardy, W. T. McLean, Majestic Electric Co. (without costs), M. Caplan, Monarch Brass Co., Herbert Robertson, Wm. F. Smith, auto paint shop.

KEEPING CANADA BRITISH. "Keeping Canada British" was a topic discussed by J. O. McCarthy, who addressed the York Pioneer and Historical Society in the Normal school building yesterday afternoon. "The greatest problem facing Canadians today is that their individual and national life may be worthy of the effort and sacrifice of the men who lie in Flanders fields," he said.

TO CONFER ON REVOLUTION. Paris, Nov. 2. — A series of conferences in favor of the Russian revolution are planned by a commission formed by the general confederation of labor, the Socialist party, and the league of the rights of man. The commission will select a number of cities where these meetings will be held.

OLD OFFICIAL RETIRES. J. Lonsdale Caprol, for many years clerk of the provincial executive council, has been superannuated. No provision has been made in the estimates for the appointment of a successor.

The superannuation board met yesterday and dealt with Mr. Caprol's case. Several other cases were also considered, but the deputy prime minister said there was nothing to announce regarding them at present.

YESTERDAY WAS AMERICAN-LESS DAY IN TORONTO. The conspicuous absence of our Yankee cousins is easily accounted for in the fact that yesterday was the great election day, and they unanimously remained at home to individually aid in "saving the world." The fact that their absence from our fair city was especially noticeable yesterday, was due to the fact that the King Edward, where normally there would be anywhere from 50 to 200 Americans registered, yesterday was a favorite haunt of the Prince George, always a favorite haunt of the American tourists. The same half a dozen of these guests. The about 100 Americans who were present, commented a hotel clerk: "So we have to worry along without them somehow."

### WILL HOLD HEARING FOR TAX THEORISTS

#### Board of Control Sets Aside Day for Airing Variety of Views.

Wednesday, the 16th inst., will be a field day for all who have theories on taxation, the board of control having decided yesterday to give those who object to the present system a chance to voice their views.

Ald. Honeyford had sent a request for a special meeting of council to be called to discuss his motion that a bylaw be passed making effective in Toronto the recently-adopted legislation transferring taxation from improvements to the land. According to the act, municipalities may reduce the assessment on improvements to not more than 25 per cent., and not less than 10 per cent., each year, until in time all buildings would be free of taxation except the land on which they stand.

The purpose of the Drury legislation was to check the holding of vacant land for speculative purposes.

Assessment Commissioner Forster took a hand in the discussion and warned the controllers to have nothing to do with the act, which was a very dangerous piece of legislation.

"Our income assessment," said the commissioner, "will be \$30,000,000 higher next year than at present, and all the work of getting a proper assessment will be destroyed."

Controller Ramsden said that if the purpose was to help the small man, Ald. Flewman's motion to reduce the assessment on provincial houses would be a better move.

At the suggestion of Mayor Church, it was decided to give all parties concerned an opportunity to express their views before the board of control two weeks hence.

### ARTISTIC SUCCESS AT MASSEY HALL

#### Miss Easton and Maurice Dambois Score in a Most Delightful Numbers.

Altogether satisfying was the performance at Massey Hall last night when Miss Easton and Maurice Dambois, soprano of the Metropolitan Opera House, and Maurice Dambois, the celebrated Belgian 'cellist, appeared as joint entertainers.

In addition to his artistic appeal, he had a good deal of local interest because of the fact that Miss Easton is a product of Toronto, having begun her musical training in this city with her father, who was conductor in a local church. It did not require this feature, however, to make the program of last night a most interesting one of outstanding artistic value, both performers being excellent in their parts.

The program opened with the Concerto in D minor, Maurice Dambois, played by the composer. The composition showed the player to have varied and exceptional gifts, both as performer and producer. The concerto, which was richly contrasted in its varied phrasing, was rich in virile passages, showing clean, strong lines, and extraordinary brilliancy in the work of the left hand. An interlude was exquisitely tender, and the composition throughout was filled with color and atmosphere that suggested genius as their motive power. Enthusiastic applause showed the appreciation of the listeners. The second offering included an adagio, beautiful in its melody, and a scherzo by composers—Haendel, Martin, Kreisler, Boccherini—every part receiving expert treatment. Repeated recalls were accorded the performers.

Former, who during the evening received unbounded recognition. His last group was "Chanson Grise," his own composition, and "Capillon" by Popper, the light, dainty number by manding two extras before the audience was content to subside.

Miss Easton gave a group of English songs as her first offering. In her opening number, "The Song of the Lark," Mischa-Eliman, her fine, brilliant soprano organ, was displayed to advantage, its peculiar brightness in the head notes, giving her a place all her own. "The Grey Heron" and "The Song of the Lark" were intensely dramatic feeling, making a striking climax to the group. Two arias, "The Song of the Lark" from "Heraclitus" and "Visi d'arte," from "Tosca," were given interpretation that showed the singer perfectly at home in the operatic field.

The closing number on the program was Massenet's "Elegie," in which Miss Easton, Mr. Dambois and Marcel Hansotte at the piano, had each a share in giving the composition a finished and delightful interpretation. Enthusiastic recalls were accorded the performers, who, however, contented themselves with bowing their acknowledgments, the each had been generous with extras during the recital. Several beautiful floral offerings were presented to the singer.

### REMAIN AT HOME TO SAVE NATION

#### Toronto Was American — Less for Over Election Day.

Yesterday was American-less Day in Toronto. The conspicuous absence of our Yankee cousins is easily accounted for in the fact that yesterday was the great election day, and they unanimously remained at home to individually aid in "saving the world." The fact that their absence from our fair city was especially noticeable yesterday, was due to the fact that the King Edward, where normally there would be anywhere from 50 to 200 Americans registered, yesterday was a favorite haunt of the Prince George, always a favorite haunt of the American tourists. The same half a dozen of these guests. The about 100 Americans who were present, commented a hotel clerk: "So we have to worry along without them somehow."

### DOCTOR ADVISES MEDICAL STUDENTS

#### Don't Go to England for Post-Graduate Course, He Says.

Toronto medical students who have been seriously considering going to England to complete their post-graduate course would be wise to forego their intention and remain at home. English hospitals, where these courses are taken, are already full to overflowing and medical students are having a hard time of it. This is the advice given by Dr. F. Cameron who, with his wife, is visiting Toronto and staying at the King Edward Hotel for a few days. Dr. Cameron is a New Zealander and is now on his way home to commence practice. He served with a New Zealand regiment during the war, and has just finished his post-graduate course. "This unfortunate condition in England may be directly attributed to the Great War," he told The World. "Many medical students left their courses to serve in France and have now returned. This has inevitably led to overcrowding, with all its attendant evils; insufficient individual instruction and what is even more important, lack of an housing accommodation for them. Also there has been a steady influx of students from the colonies which has further added to the congestion. If a Toronto student wishes to do the best by himself regarding a post-graduate course, I would advise him to stay at home."

"How will this condition of overcrowding affect the future of medicine?" asked The World. "It will undoubtedly retard it considerably," was the reply. There is such a demand for instruction on post-graduate work that special research is hampered. Also during the war, the higher branches of medicine and bacteriology have been dropped to some extent in order to concentrate more fully on the necessary overseas work. It will take some time for things to regain anything approaching a state of normality in England."

### NICKEL COMPANY PAYS UP ARREARS

#### Half-Million Dollars Collected by Provincial Treasurer for Taxes.

The provincial treasurer has received a cheque for \$504,000 from the International Nickel Co. for this year's taxes and arrears for 1918 and 1919. The arrears of taxes, which amounted to over \$300,000, had been in dispute for some time. Mining Commissioner Godson had decreed that the amount was due the government. The matter was taken to the courts, and the finding of the mining commissioner was upheld.

### ONLY ON FRINGE OF TIMBER SCANDALS

#### Premier Drury Looks for More Disclosures of Fraud.

Premier Drury thinks that the curtain has only been lifted, and that it will be found that other timber scandals as important as those already revealed will be brought to light. The investigation, he said, would go on until the whole situation was cleared up.

"It has been charged," he further declared, "that no action was being taken to investigate the timber administration of the old Liberal government. If such administration may be shown, the government will be only too anxious to probe the matter to the bottom. If those who are complaining that the investigation is altogether confined to the late Conservative government's record have charged to make, the government will see that they are taken up with energy by the commission."

### BIG REVENUE FROM DEPARTMENT OF MINES

For the fiscal year ending Oct. 31, the revenue from the provincial department of mines will be \$250,000 over the estimate of \$50,000. During the year 1920 leases and patents representing about 10,000 acres of land were forfeited because of arrears of taxes.
