

NEWSBOY'S STORY WILL BE HEARD

When John Doughty's Trial on Conspiracy Charge Is Resumed Today.

When John Doughty appears in court this morning on a charge of conspiring to kidnap his former employer, Ambrose J. Small, a newspaper stand at the corner of Adelaide and Yonge streets, and his father were brought to police headquarters recently and given immunities to appear this morning, according to the newspaper. On the night of December 2, the night on which Mr. Small is presumed to have been kidnapped, the missing millionaire appeared, the missing millionaire made an investigation into all aspects of the Small mystery, appearing to be a trifle skeptical as to the truth of the boy's evidence. "I will not investigate the statements made by the boy because I do not think it after such a long period of time elapsed from the time he saw all until the time he made his statement to the police that he could remember the exact hour exactly, or in the day."

JOHN DOUGHTY IS COMMITTED ON A KIDNAPPING CHARGE

Newsboy's Evidence Carries No Weight—Bail Is Refused.

EXTRAORDINARY CASE

John Doughty, former secretary to Ambrose J. Small, missing theatrical millionaire, was committed for trial on the second charge, that of conspiring to kidnap his former employer. Col. Denison in yesterday's police court, in sending the case to a jury, said that, although the evidence at hand was not very strong and might not serve to convict, he considered that it should be completely investigated and threshed out before a judge and jury.

It was the most extraordinary case he had ever heard of and the most confusing, he said.

Mr. Hellmuth, counsel for the accused, pleaded for bail, but it was refused. "I will not grant bail without the consent of the crown," said the colonel. "I think the attorney-general should take the responsibility."

Col. Denison—"Yes, but look how long he was away in the States."

Mr. Hellmuth—"Look how long he was away in the States."

MESSAGE BY LABOR ON UNEMPLOYMENT

Sends Call Throut Canada Urging Returning of Workers by Hour Reduction.

SOME FEDERAL CRITICISM

Ottawa, Jan. 3.—(Can. Press).—The viewpoint of the executive of Dominion Trades and Labor Council on the unemployment situation, which has been formulated since the meeting of the employment service council for Canada last week, is set forth in a report which was sent out to labor organizations throughout the country today.

WEDLAKE IS NEW BRANTFORD MAYOR

MacBride Is Defeated by Over Six Hundred Votes—He Will Protest Election.

Brantford, Ont., Jan. 3.—Rolling up a majority of about 100 over all three opponents and predicted, the fight with one poll to hear from, George Wedlake, left Hydro commissioner, scored a victory at the election today. He polled 2,385 votes, 2,885 polled by Mayor MacBride, running for his fourth term, with but 451 for Ald. J. J. Kelly and 141 for Harry J. Symonds, nominee of the Independent Labor Party and president of the Trades and Labor Council. As predicted, the fight was between Wedlake and MacBride, and there was every indication that there would be a runoff election between the two.

CANADIAN ARTISANS AGAINST FREE TRADE DECLARES TOM MOORE

Appearing at Ottawa Sitting of Federal Commission Makes Statement Giving Fiscal Views of Two Hundred Thousand Workers—No Free Trade Until Rest of World Adopts Same System, Is Their Stand.

Ottawa, Jan. 3.—(Special).—The development of Canada and the establishment of an ever-improving standard of living is the immediate concern of every citizen, and we are convinced that this would be impossible of accomplishment under a system of free trade, unless, and until, the whole world adopted free trade and an equal standard of living, which is as yet outside the realm of practical affairs," was the fiscal declaration before the tariff commission today of President Tom Moore, of the Trades and Labor Council, representing 200,000 artisans in its 2,000 local chapters. In expressing his belief in a fiscal policy of protection for Canada, he said that the memorandum presented did "truly incorporate the views of the overwhelming majority of our membership, and possibly of a very large number who are not members of our affiliated unions."

PATIENT'S DEATH AT ASYLUM DUE TO EXHAUSTION

Night Supervisor Admitted at Inquest He Struck Him in Stomach.

VICTIM WAS UNRULY

The jury investigating the death of John Jodnell, aged 32, of 483 Gerrard street, who died following a struggle in Queen Street Asylum on Dec. 27, found that death was caused by exhaustion due to the toxic condition of the blood. They were of the opinion that the attention of the crown should be drawn to the improper attention given Jodnell by John Morgan, night supervisor, who admitted he struck Jodnell twice in the stomach, and he believed that a reception hospital should be instituted for the care of such cases.

LENINE SCORES VICTORY AT SOVIET'S CONGRESS

Riga, Jan. 3.—Moscow reports a complete victory for the supporters of the Russian Bolshevik premier, Nikolai Lenin, at the all-Russian congress of Soviets. This is regarded in Moscow as significant, being taken as an indication that the policy of granting concessions to foreigners, which is favored by Leninists, will be adopted.

Believed That Only Fifth of Passengers and Crew Were Saved.

Madrid, Jan. 3.—From the wreck of the Spanish steamer Santa Isabel there are only 45 survivors so far as is known at present, and it is believed that the remainder of the passengers and crew of the vessel, which went ashore Saturday night on the coast at Villagarcia, numbering about 200, have perished.

RENEWED ACTIVITY IN TEXTILE MILLS

Expected to Be Beginning of a Gradual Upward Movement.

Providence, R. I., Jan. 3.—The textile industry in this state took on new activity today with a reopening of many mills that had been closed for a few days or for weeks. Manufacturers said the increased activity was due to no real improvement in the situation at present, but might prove to be the beginning of a gradual upward movement leading to full time operation. Wages had been reduced in most cases 25 per cent in the effort to reduce production costs, and this scale down was reflected in lower quotations for goods as a bid for business.

SENATE OVERRIDES PRESIDENT'S VETO; HOUSE WILL FOLLOW

Bill to Revive War Finance Corporation Is Certain to Become Law.

Washington, Jan. 3.—Veto by President Wilson today of the farmers' relief bill to revive the War Finance Corporation was followed almost immediately by a vote of fifty-three to five in the senate to make the bill law despite executive disapproval. The house will take the measure tomorrow and predictions were general that it would duplicate the senate's action and thus place the bill on the statute books.

WHY WILSON OBJECTS

President Wilson in a lengthy veto message declared he withheld his approval of the bill because the war finance corporation was a war credit agency, not desirable or needed in peace times. He said that "it would exert no beneficial influence on the situation, would raise false hopes among the very people who would expect most, and would be hurtful to business and orderly processes of the nation."

LOCAL MACHINISTS FORM NEW UNION

Disaffected Faction Will Compete With International Association of Machinists.

CONSIDERED WIDE BREAK

The formation of a provincial executive of an association to compete locally with the International Union of Machinists was announced yesterday to The World as a consequence of dissatisfaction which has been fostered by recent developments in the Toronto labor situation. The new organization, which is to be known as "The Amalgamated Metal Mechanics' Union," and which is sponsored largely by Thomas Millen, its temporary recording secretary, has announced for this evening in Occident Hall, a meeting for the discussion of matters of policy and the arrangement of details of administration. The new project every Saturday up until April 1st.

NO ULSTER QUESTION

New York, Jan. 3.—Sir Hamar Greenwood, chief secretary for Ireland, has made a statement on the Irish question, the full text of which has been received by cable from the British Library of Information. Referring to current rumors as to informal "explorations" of the Irish situation, Sir Hamar said: "I can make no statement except that so far as we are concerned we are out for peace, but there can be no compromise with the Ulster question."

LEARN IN KINGSTON OF ATTEMPT TO POISON DUNCAN AND DARLING—PROBING PENITENTIARY.

ROGERS IS NOT INSANE

Kingston, Ont., Jan. 3.—(Special).—It was learned today that the assault made on Detective Duncan by Convict Leo Rogers, of North Bay, last Thursday at the Portsmouth Penitentiary was the second attempt that has been made on government detectives who have been working here for several months investigating conditions at the pen. It is believed that there has been an organized plan to prevent the detectives from carrying out their investigations.

PETITION IGNORED BY FORD COMPANY

Distribution of Handbills Caused Rumors of Forceful Occupation.

Detroit, Jan. 3.—Officials of the Ford Motor Company have taken no formal notice tonight of a handbill circulated Sunday by a number of the company's employees asking that the company permit the workers to use the Ford plant, now closed for inventory, to be used by them temporarily for making cars for their own use. No official request had been made to the company for such action, it was announced.

CONTROLLER PLANT MAYOR OF OTTAWA

Won by Majority of Six, Narrowest in History of the City.

Ottawa, Jan. 3.—Controller F. H. Plac was today elected mayor of Ottawa by the narrowest majority ever given in this city in a mayoralty contest. With a total of 15,654 votes cast, only six separated the two candidates, Controller Plac having 7,830 and Controller Joseph Kent 7,824. In this narrow contest, Plac's margin of victory was only six votes.

MILITARY RAIDS CONVENT OF CARMELITE NUNS—CATHOLIC CURATE SENTENCED TO TWO YEARS' HARD LABOR FOR HAVING SEDITIONARY LITERATURE—TWO MEN SHOT TRYING TO ESCAPE—DOCUMENTS OF THE SINN FEIN PLOT WITH GERMAN TO BE PUBLISHED.

Dublin, Jan. 3.—By 22 votes to 15 the Dublin corporation at meeting today declined to discuss proposals for an Irish truce. The negative vote came in spite of a strong appeal from High Sheriff McWalter, who declared it was a "poor honor to de Valera, who is alleged to be in the country in the interests of peace, for persons professing to be his followers to object to such discussion."

The military raided the convent of Carmelite nuns at Rathfarnham, a suburb of Dublin, today. They forced the doors and made an exhaustive investigation into all the rooms in their search for letters and documents.

A search was also made of the cemetery attached to the convent. The body was removed from the top of a newly-made grave, but the coffin was not uncovered.

It is stated that troops acted courteously, asking the nuns to pray for their safety. An elderly sister shook hands (Continued on Page 2, column 4)

WAS SECOND EFFORT TO KILL DETECTIVES

Learn in Kingston of Attempt to Poison Duncan and Darling—Probing Penitentiary.

ROGERS IS NOT INSANE

Kingston, Ont., Jan. 3.—(Special).—It was learned today that the assault made on Detective Duncan by Convict Leo Rogers, of North Bay, last Thursday at the Portsmouth Penitentiary was the second attempt that has been made on government detectives who have been working here for several months investigating conditions at the pen. It is believed that there has been an organized plan to prevent the detectives from carrying out their investigations.

The attack on Detective Duncan is regarded by Staff-Sergeant Darling of the R.C.M.P. as a part of a pre-conceived plot to put an end to their operations at the penitentiary.

In a Kingston Hotel, when asked where the attempt was made, he said that it took place in what city. Upon inquiry, it is learned that it happened to these detectives. It is learned that the attempt was made at a meal at a local hotel, where they had been stopping for two months. They were eating and drinking, and their attention was called and their stomachs emptied. No analysis appears to have been made of the food or the presence of specific poison. The detectives, however, believe that they were being deliberately poisoned by some one who moved to another hotel.

Say Rogers Not Insane

It was reported today that Leo Rogers was insane, and when interviewed by a reporter he declared he was sane. When interviewed on this point, Detective Darling and Knox declared that Rogers was not mentally defective, but showed exceptional cunning in planning his escape.

MUTS IS MAKING PROGRESS IN AFRICA

Nationalists in Some Places Evince Desire to Cease Political Strife.

London, Jan. 3.—The Cape Town correspondent of The Daily Telegraph, discussing the general election campaign now going on in the Union of South Africa, says that reports from different parts of the country show that Premier Jan Smuts is making excellent electoral progress. The nationalists, the correspondent says, evincing a desire in some districts to cease political strife. According to the Telegraph's correspondent, formerly in the eastern Transvaal, declared that his work in South Africa and his work for the League of Nations were going to be successful. A policy of trust and co-operation would rule, he said. That was, the only way he stood for.

CHINAMAN ROUTS TWO HIGHWAYMEN

Montreal, Jan. 3.—Two highwaymen who attempted to rob a Chinaman at the corner Lagache and St. Lawrence boulevards, were routed by a display of revolver and the money and valuables of the intended victim, had their ill-gotten gains as Chinese dexterity rudely rebuffed. The Chinaman grappled the first bandit and threw him to the ground, possessing himself of his revolver which he had dropped in the struggle. He then grappled with the second, but the first had started to run and the second tore him away and ran, too.

CAL MACHINISTS FORM NEW UNION

(Continued From Page 1.)
As its inception, according to reports given, 104 members. The formation of this independent body is declared to be an echo of the independent movement of the International Society of Engineers (English organization), and the International Union of Machinists (American Federation of Labor unit), a dispute between these bodies centered principally the right of the one to operate in the territory of the other, was settled in October last by an agreement of the American association to withdraw from England in consideration of the English body adopting parallel course with respect to Africa. Under the terms of this pact, the American members of Amalgamated Engineers' Society to transfer into the lodges of the International Machinists' Union, and Amalgamated Metal Mechanics are to be the local members of English body with the unwilling consent of this settlement of a matter of long contention.

Campaign for Members.

Members of the new organization are not prepared, moreover, to be quiescent as a disaffected faction, but are aggressively circulating international trade unionists in an effort to secure them as converts to their cause. They extend promises of greater measure of local autonomy and also claim an organization of their own funds and the economical administration of their business. Agent John Munro of the local of the Machinists' Union that in his opinion the Amalgamated Mechanics would make but an inroad upon the individualism of the members of the latter, he would consider carefully the city which they enjoyed and the effort of effort and organization which behind their body before they lightly abandon it.

ADMITS THE MURDER OF MONK EASTMAN

Revenue Agent Says It Was Result of Argument in Cafe.

New York, Jan. 3.—Jeremiah Bohan, of Brooklyn, an internal revenue agent, was placed under arrest at police headquarters today charged with the killing of "Monk" Eastman, gangster-soldier, after, police said, he had confessed to the shooting. Bohan surrendered this morning at a Brooklyn police station near his home and was taken to headquarters in Manhattan, where Police Inspector Coughlin announced after questioning him that he had made a complete confession.

SERBIA DEALING WITH COMMUNISTS

Members of the Radical Organizations Being Arrested by Scores.

Belgrade, Jan. 3.—The Serbian government is dealing rigorously with the communists who have been active throughout the country. Members of the radical organizations are being arrested in scores; the communists' headquarters in Belgrade has been raided and the occupants sent to jail. A number of incriminating documents are said to have been discovered in the headquarters, including the outlines of a plot to assassinate Premier Vesitch and three other members of the cabinet.

DOUBT THE WISDOM OF BURNING HOUSES

London Press Says It May Have Been Warranted, But Justice Must Hold.

London, Jan. 3.—A number of the morning papers contain comment on the burning of some houses in the Irish town of Middleton on Saturday, several remarking that it had been supposed that martial law in southwestern Ireland would put an end to such reprisals. Nowhere is there an unspoken approval of the punishment meted out to the Irish village by Major-General Sir Edward Strickland, and there evidently is some reluctance to endorse this method of keeping order.

Action Horrible.

The Daily Express, granting that the action was legal and presumably necessary, adds: "But it is horrible, as it reveals an absolute state of war in Ireland, and it is impossible to withhold sympathy from Irishmen who find themselves between the hammer of Sinn Fein murderers and the anvil of the British troops."

Shortage of Rice and Wood Causes Discontent in Amoy

Amoy, China, Jan. 3.—Considerable distress has been caused here by a shortage of rice and wood, attributed to taxes imposed upon exports of these products from Chang Chow-Fu and the interior, which have been levied by Li Hou-chi, military governor of Fukien. Vigorous protests have been made by the people, shops have been closed and business has been suspended in many parts of the city.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company, of Toronto, Limited.

Sir Vincent Should Be More Definite.

Sir Vincent Meredith, president of the Bank of Montreal, says the Canadian National Railways are being run at a loss, and to save the taxpayers from more loss he would have the government divest itself of the ownership and operation of this huge railway system and turn it over to a private corporation.

But the Times is too modest in its estimate. A corporation that could operate the National Railways system so as to earn all working expenses and fixed charges without help from the government would save the government nearer \$50 million than \$25 million a year.

Whether these roads remain under public control or pass under corporation control the government would be called upon year after year to pay out millions and millions of dollars to keep them going.

The old fact is we are over built, and we have to carry a big burden of debt for superfluous mileage. Every year money must come from the public treasury to pay a crushing burden of fixed charges, no matter whether the roads be retained by the government or placed under corporation control.

That is a condition for which the railway promoters and the railway corporations are responsible. The government did not make the mess in which we now find ourselves. It is simply doing what it can to clean up that mess.

Never were the public less interested in labor troubles than today. The man on the street who hears so much about unemployment jumps to the conclusion that every man should be anxious just now to work for anything he can get.

The unemployment is mainly among the unskilled and unorganized laborers. The mechanics and artisans now idle are usually idle at this time of the year.

Anything like a tie-up of building by a big strike would be a great disaster, but such a disaster is among possible problems which the New Year brings to the United States.

The small-salaried man is an obstinate, pig-headed, unreasonable, selfish fellow. He simply refuses to go into a spasm of grief over the falling prices, says The Charleston News-Courier.

St. John, N. B., Jan. 3.—A prominent biscuit manufacturing firm here has announced a reduction of one to two and a half cents in the prices of their output.

NOW FOR THE CLEAN-UP

Park commission and do justice to the big Toronto power, light and transportation problem. The World thinks Commissioner Ellis has two many irons in the fire to make results effective in the matter of Toronto Hydro and street car problem.

The Globe prints a fine review of the financial and business doings of the past year, but it fails to give a summary of the part it played in aiding the laborer.

Advertising helped in steadying trade. Nineteen twenty has tested the flexibility of advertising and the results are of a nature to encourage the advertiser.

For Women Aldermen. Now that the civic elections over a real start must be made in the problems that confront the new council.

An All Day Job for One Man. Toronto's new transportation commission is now in harness several months but except for a statement issued by Chairman Ellis that a staggering amount of money would have to be spent to equip a complete service nothing has yet been disclosed.

Remarked in Passing. In this early spring or our esteemed acquaintance, January Thaw?

Two New York footpads when arrested wore horn-rimmed glasses. Spats were not mentioned, being, no doubt, too commonplace.

New York gentleman took one drink New Year's night and immediately called the fire department to put him out. Prohibition hath her horrors no less than plenty.

The small-salaried man is an obstinate, pig-headed, unreasonable, selfish fellow. He simply refuses to go into a spasm of grief over the falling prices, says The Charleston News-Courier.

'ABYSSINIAN PRINCE' ON TRIAL FOR LIFE

With Four Other Negroes, Is Charged With Murder in Chicago.

Chicago, Jan. 3.—Five negroes, including Grover C. Redding, self-styled "Prince of Abyssinia," were charged with murder in connection with the slaying of two men in a riot here June 20, 1920, when Redding and his followers are said to have burned a United States flag as the climax of a movement for the return of negroes to Africa.

Robert L. Rose, of Philadelphia, a member of the Great Lakes naval training station, was shot to death when he attempted to rescue the oil-soaked clerk, was killed when he went to Rose's assistance.

The state will ask the death penalty for Redding and Oscar McGavin, alleged chief lieutenant of the "Prince," according to Assistant State's Attorney Daniels. Redding, it is charged, came to Chicago to organize a movement for the emigration of United States negroes to Abyssinia, where they were to establish a colony with himself as ruler.

A parade of Redding's followers on June 20 is said to have culminated in the flag-burning incident. When the sailor, Rose, and others sought to intervene, the Abyssinians are claimed to have drawn revolvers and rifles from waiting automobiles and opened fire.

TRADESMEN REPORT BUSINESS IS GOOD

Depositors Wait in Line to Put Money in the Banks.

EARLSCOURT

Evidence of spring trade has been everywhere in EarlsCourt yesterday, especially the continuous "bonanza" along St. Clair avenue of mothers with their baby carriages strolling leisurely along in spite of the mud and melted snow. Stores were brisk with customers, but the different banks were more so, a waiting line of depositors being kept up all day long. As one prominent business man remarked, "The bulk of a slump in business must be in some other part of Toronto—we haven't any lull up here—in fact, business is fine."

A new phase of the Epworth League's activities was discussed last night at a well-attended meeting of the members of that organization of St. Clair Avenue Methodist Church. The league will be divided into various classes to be taught by experienced workers, some of the subjects being historical, literary and along missionary lines. One of the staff will be Lavell Smith, now attending Ogdén. The pastor, Dr. L. Louis F. Barber, intends that this series of studies will cultivate and educate the minds of the members and be a new interest in the league apart from its past round of pleasure.

At the home of Mrs. Chalmers, Executive, a committee meeting of the G.A.U.V. EarlsCourt branch, was held last night. Arrangements were discussed for the opening ceremony and for the transfer of the "clubroom" from Belmont to Greber's Hall, where all meetings and socials will be held throughout the year.

Examinations among the various contestants for cups and shields to mark the centenary of the 49th Troop Boy Scouts will take place on Jan. 10, and continue until the 20th. The entire rally will include the departments, and special preparations in all kinds of work have been made throughout the winter for it. The refreshments and social part will be left in the hands of the mothers of the Scouts. Bert Lindo is the scoutmaster.

MARKHAM VILLAGE MAKES CLEAN SWEEP

New Reeve and Council Were Elected After a Highly Spirited Contest.

There was a spirited contest in Markham village yesterday, and remarkable to state, a brand new body, from reeve to council, was elected. Dr. Hassall, last year's reeve, resigned and Fred Gowland and Albert Wideman were nominated, Gowland being elected by a vote of 185 to 128. For the council the vote was: G. W. Wilson, 132; R. J. Reesor, 126; A. F. Wilson, 124; Henry Meyer, 118. The reeve was elected, and the council elected. Gowland was elected as a member of the town council for years.

MARKHAM TOWNSHIP HAS LIVE ELECTION

One Member of Last Year's Council Is Defeated and Another Resigns.

Markham township had a real live municipal election fight on its hands yesterday, resulting in the defeat of one member of last year's council, Robert Smith, and the resignation of another, H. S. Clary, and the substitution of two new members, L. Stiver, of Unionville, and John R. Campbell, of Markham.

LETTER RECEIVED FROM ADAM BECK

Tells Conservative Association Big Purchase Was Justified.

NORTH TORONTO

The feature of a very interesting and delightful meeting held last night at Masonic Hall, of the North Toronto Conservative Association under the presidency of Herb Holden, was the reply of Adam Beck to letters of congratulation from the association respecting the gigantic deal for which he was mainly responsible. His reply was read out to the meeting which was well attended, and in part was as follows:

"There is much to justify the purchase, and although the price is high it will be but a small factor in fixing the cost of power in the future when the larger schemes that we have in mind materialize from time to time. I know it will be an advantage to the residents of North Toronto who have awaited better transportation facilities for a long time."

KEW BEACH ENJOYS PLEASANT SKETCH

Under the auspices of Kew Beach Presbyterian Church the People's Society, a delightful sketch, entitled "A Case of Suspension," was performed by members of St. James' Square Church, Young People's Guild in the Sunday school room last evening.

COOKSVILLE COUNCIL HAS NO OPPOSITION

J. Burton and J. Lamphier have been elected councillors of Cooksville by acclamation. The council was accorded D. Lammy and J. R. Kennedy for the offices of first and second deputy reeve respectively.

STREETSVILLE TRUSTEES RECEIVE ACCLAMATION

The following have been elected school trustees—Streetsville by acclamation: G. S. Bonham, Harrison Hisey, R. H. Greig, Arthur Stegall, J. H. Atkinson and G. G. Cornell.

NEW TORONTO CONTRACT WITH RAILWAY SIGNED

The agreement for the sale of water to the Grand Trunk Railway by New Toronto has been returned, signed by the company, and went into effect on the first day of the year. The new price is 10 cents per thousand gallons.

VAUGHAN TOWNSHIP'S THREE ACCLAMATIONS

In Vaughan township John Whitmore was returned as reeve by acclamation, and yesterday's contest resulted in the election of John T. Salgeon first deputy, W. O. McDonald second deputy, and George Kellow and J. H. Robson councillors by acclamation.

Work on the erection of the new school for Lakeview will be commenced within the next week or two. The building will cost about \$35,000.

TO GIVE VIEWS ON RELIEVING TRAFFIC

Riverdale Ratepayers' Association Will Quiz Newly Elected Aldermen.

DANFORTH

The newly-elected aldermen will make their bow to the Ward One electors and outline their program for council at the first meeting of the Riverdale Ratepayers' Association this evening at Leslie Street School. Each alderman will be asked to bring up in the city council the matter of the congestion of traffic and inconvenience to residents caused by the heavy freight traffic at the G.T.R. East Queen street crossing. According to L. W. Malen, the president, street cars have been tied up from the crossing to Greenwood avenue on several occasions, and business in the district is being seriously inconvenienced. A subway is the only logical solution of the difficulty, Mr. Malen declared.

Many congratulations were tendered to Rev. H. A. Berles, pastor of Rhodes Avenue Presbyterian Church, on his election to the board of education by the members of the church and residents of the district during the past two days.

Rev. Mr. Berles expressed his thanks to his friends for the splendid vote which placed him at the head of the poll. He also thanked The World for the support given him during the election campaign.

Danforth Poultry Association held a well-attended meeting in Franklin School, Logan avenue, last night, when show business was discussed. Many entries were received by Secretary Wm. Daubert, and from present indications the forthcoming show to be held in Community Hall, Carlaw avenue, on January 20, 21 and 22, will be the biggest in the association's history.

Active preparations are being made in connection with the meeting of the Upper Canada Bible Society which will be held in St. John's Presbyterian Church, Broadview avenue, tomorrow evening. Delegates from the churches in the eastern district between Wood avenue and the Don will be present. Rev. Dr. Chambers, president, will preside, and addresses will be delivered by Rev. J. Walton and Rev. J. M. D'Amico.

UNIONVILLE'S KEEN MUNICIPAL FIGHT

Only One Member of the Old Board Returned—Two New Faces.

One of the keener of municipal elections in the village of Unionville in the summer of 1920 was yesterday, resulting in the return of only one member of the old board, W. M. Smith, and two new aspirants, W. A. Noble and Mr. Maynard. The contest was a close one, and W. A. Noble, by four votes, defeated the other two.

DANCE AT WEST HILL

West Hill Ratepayers' Association held their New Year's dance at West Hill Hotel, when nearly 200 people were present. The event was considered the most successful in the history of the association. Guests were present from distant sections, and the dances were furnished by an augmented orchestra. Refreshments were served under the supervision of E. J. Hewlett and entertainment committee.

ETOBICOKE HOUSEBREAKING

Steve Defoe and Norman White were convicted at the county police court yesterday of breaking into a dwelling house at Etobicoke and stealing a pair of oars and other property. Defoe, previously convicted, was sent to Burwash for twelve months and White to the jail farm for six months. White was sentenced to a month at the farm for having a revolver in his possession without a permit.

POLICE ON STEAMER REPLACED SOLDIERS

Irish Dock Workers Refused to Handle Cargo Till They Were Removed.
Dublin, Jan. 3.—The strong body of armed soldiers guarding the American steamer Pontia, which arrived here Friday from New York, was replaced today by police, and the dock workers began unloading the vessel's cargo, which will be searched on shore. The dock workers had declined to unload the steamer until the soldiers remained on board. The delay in unloading the Pontia, it is said, has involved the shippers in demurrage charges of £200 daily.

MURDER IN PICTOU, N.S.

Hull, N.S., Jan. 3.—Chief Detective Kennedy will investigate the alleged murder of Daniel Barry, an aged cripple, who was found dead in his bedroom with a bullet embedded in his body following a fire at his home in Pictou, on Thursday. The police are looking for "Fred" Louder, a stranger in Pictou, who is believed to know something of the tragedy.

STOCKS CLOSE STRONG AFTER IRREGULARITY

General Asphalt Leads With Net Gain of More Than Seven Points—Atlantic Gulf, With Drop of Seven Points Is Exception to Generally Buoyant Trend.

New York, Jan. 3.—The year on the stock exchange began with a tentative optimism last week's rally, followed by irregular heaviness at midday and a vigorous recede in the last hour, with many substantial gains at the active close.

Almost the sole exception was Atlantic Gulf, which fell seven points to the new record of 63, recovering only the smallest fraction. Oil stocks, coppers, tobacco and most specialties led the rebound, together with General Asphalt, which overtook the list, at a net gain of 7 1/2 points. Sales amounted to 300,000 shares.

Forecasters at the new year were partly hopeful in the responsible quarters. There was no effort to minimize the belief that further economic readjustment must inevitably precede a clearing of the financial skies.

More Bad News.
 Adverse happenings over the holiday recess included the announcement of a bank failure and a specialization in pensions, an increase of unemployment, and a report that the government is planning to raise the price of wheat.

SOME SPECIALTIES SOLD BUT BONDS WERE FIRM

The New York stock market held strong yesterday and enabled local stocks to maintain the position of recovery made last week. Some money is available on call in this market now, but the speculative demand is heavy and the money factor is, therefore, not the all-important element of a further advance.

Several pools, mainly in oil stocks, are still wanting to distribute stocks and are present buying in the market. This is a deterrent to a buoyant market. The speculative operator will be able to do little to make gains.

Papers were sold after the opening and closed under a heavy and volatile market. Brazil was raised over a point, but a good deal of room trading in this stock is now being done. This stock is now said to be about free of short contracts. Steamships was only steady, Toronto Rails closed highest at 124, but closed at a low level. Investments were irregular outside the war bonds, which closed the day in most instances at top prices.

PAPER STOCKS WEAKER IN MONTREAL TRADING

Montreal, Jan. 3.—The trading in listed securities on the local market today showed general retrogression in the morning and had a rally in the afternoon, but the closing trading losses were shown on most issues.

Spanish common took the lead and was weak, as was also the price of the world continues to decline appears to retard the apprehension of leading European countries, with the possible single exception of Spain; that silver prices are held to repeat the high record figures of 1917. The market for the white metal has been seen for a long time to come.

HIGH PRICES FOR SILVER FORECAST BY ONE FIRM

Coleman & Beitz of New York in a review of the silver markets make the following statement with analysis: "The silver market has shown a steady decline since the beginning of the year. The price of silver has fallen from 80 cents to 72 cents. This is due to the fact that the world's supply of silver is increasing, while the demand is decreasing. It is expected that the price of silver will continue to fall for some time to come."

PAST MONTH'S RECORDS BASIS FOR FORECAST

J. S. Backe & Co. in their year end review venture on following opinions: "Anything like stock market predictions during this time of uncertainty are more or less guesswork. The market has shown a steady decline since the beginning of the year. It is expected that the price of stocks will continue to fall for some time to come."

THE MONEY MARKET

London, Jan. 3.—The money market today was quiet. The Bank of England has raised the rate of discount to 5 percent. This is due to the fact that the money market is tight and the price of money is high. It is expected that the rate of discount will continue to be high for some time to come.

C. P. R. EARNINGS

Montreal, Jan. 3.—Canadian Pacific Railway earnings for the week ending Dec. 31, 1920, were \$1,340,000. This is a decrease of \$100,000 from the same week in 1919. The decrease is due to the fact that the railway has had a heavy loss on its investments in the United States.

U. S. AFFECTS EGG MARKET

Ottawa, Jan. 3.—(Dominion Live Stock Branch.)—There are no new developments in the egg market at present. The price of eggs is steady. It is expected that the price of eggs will continue to be steady for some time to come.

WINNIPEG CATTLE RECEIPTS

Winnipeg, Jan. 3.—(Dominion Live Stock Branch.)—Receipts at the market today were 430 head. This is a decrease of 100 head from the same day in 1920.

WINNIPEG WHEAT IN PRICE ADVANCE

Trading in Futures Causes Raise of Over Seven Cents.

Winnipeg, Jan. 3.—The local wheat market, after a firm opening, held strong through the session and at the close was 7 1/2 higher than the close of Friday. Trading in both cash and futures was exceedingly light, but there was no pressure either market.

For cash wheat the demand was just fair and the offerings light. Premiums were well maintained through the early part of the session, being 10, 7 and 2 cents over for No. 1, 2 and 3 northern wheat in stores, but the strength in the futures had a tendency to narrow the spreads.

Both cash and future coarse grain markets are quiet. The demand continues poor and the offerings exceptional. Light, but strong, in the futures, reflecting strength from wheat. Oats are higher, barley 1 1/2 higher. Flax 10c higher and rye 2 1/2c higher.

FIRST NIGHT AT THEATRES

"Abraham Lincoln" Receives Good Welcome at the Princess—"Irene" Is Smart Musical Comedy at Royal Alexandra—Mayor Leary Acclaimed at Pantages—Good Vaudeville and Pictures at Other Houses.

"Irene"—Royal Alexandra. A remarkably clever cast, headed by Dale Winter in the lead role, presented the musical comedy "Irene" at the Royal Alexandra last night, and immediately scored the greatest success of the season so far. It is not the usual musical comedy with little music and no drama, but a real sparkling comedy entwined by excellent music. Some of the songs are new and catchy, the songs are pleasing, the choruses are well composed and above the average in vocal ability, while much of the dancing was wonderfully good. The plot is a familiar interest by its own merit, but the enjoyment of the evening is greatly heightened by the musical numbers that are generously interspersed.

Dale Winter can both sing and act. The role of Irene was probably created for her, or at any rate she has made it her own. Whether as a starchy shop girl or the young lady who is kept by the audience entertained throughout the evening, she was Lord Ripley, improbably, leaving the mother of the starchy, kind-hearted old Irishwoman, jealous of her daughter's good name, and sound to protect her at any cost. Marjorie Moore and Gladys Nagle well played up to Miss Winter's act, and her act to her own meteoric social success.

The man behind was Madame Lucy, the Paris modiste, lately arrived in New York. As a rule the role of a man in a woman's dress is not pleasing one, but Madame Lucy, as Madame Lucy, secured a wonderful success. He can sing and dance, and well as act, and is proved to be a favorite with the audience throughout. Rollin Grimes, Jr. gave an excellent representation of the heroine's mother, Mr. Mawhah, as Madame Lucy called him, the generous friend of Irene, who, of course, marrying her happily at the end of the play. "Irene" will prove a favorite in Toronto and big houses are anticipated for the balance of the week.

"Abraham Lincoln"—Princess. One of the most remarkable successes, if not the most remarkable, on both the English and American stages, "Abraham Lincoln" by Enbridge young dramatist and poet, John Drinkwater, opened at the Princess Theatre last night before a crowded house. It made a tremendous impression, repeated in fact its triumph in London and New York and at the same time earned for Frank McClynn a handsome personal success for his portrayal of probably the greatest personage in the history of the United States. Lincoln's dramatic personality, the great president and his colleagues at the time of the civil war as true as it would seem possible to give a glimpse to him the lofty character that history has invested him with.

The story is told in seven scenes, from the time Lincoln receives the offer of his party's nomination, to the assassination in Washington, to the funeral in a grand dramatic effect and intensity of emotion the memorable incidents of the civil war and of Lincoln's participation in it made a powerful impression. Mr. McClynn's study, in his gestures, mannerisms and methods of speaking, was exactly as one has always imagined Lincoln to be. His interpretation in short was startlingly striking and the incidents depicted, because of their great historical importance by turns, gripped, thrilled and held the audience.

The company, which has a cast of fifty, is the original organization which has been playing in New York, in splendidly cast and given Mr. McClynn capable support. The characters of Edward, General Grant and Lee, William Curtis, the negro, and other great figures of civil war days are all portrayed with remarkable fidelity to present-day conceptions of the participants of those stormy years. And this was enhanced by the striking resemblance the characters bore to the originals. The scenic effects also were splendid.

Taken altogether, "Abraham Lincoln" is as impressive as it is moving and the fact that the cast is so well as the incidents of the piece are so well known lent additional pleasure to those who saw it last night.

"Way Back East" at Grand. That melodrama, "Way Back East," presented to a large and appreciative audience at the Grand last night proved to be pleasing and wholesome and quite up to the standard of this well-known opera house. This is a well-known play of the old orthodox school, which knows only those heroisms which are due to

afternoon, when a capacity house with hundreds outside waiting a chance to enter were evidence of the favor which Toronto regards the hero of the occasion which presented "Roscoe" (Fanny Arbuckle in the side-splitting picture, "The Life of the Party"). The story portrayed dealt with an election in which Arbuckle ran for mayor. Two women, Milly Holter and Mrs. Carraway, officers of a society that is making a vigorous protest against the rise of prices waged by the Bolton-Clark-Miller association, divided the attention of the audience with the municipal candidate. In the contest Judge Davis is the opposing candidate and both are in love with Milly. The developing of the intrigue practiced by Voria in order to discredit Leary in the eyes of Milly and the situations that develop as the result of a party given by Mrs. Carraway, president of the club, afforded opportunity for a fund of laughable scenes, which were appreciated and punctuated by the laughter of the big audience.

The vaudeville features included Gaudier's Toy Shop, which opened with a pretty picture out of which ponies and dogs evolved to perform clever and attractive acts. Vania Watson, a singing comedienne, had an attractive soprano voice, and scored a success; Fred and Katherine, a well-known duo, presented a ventriloquist novelty, which was applauded to the echo; Loggins from Cherry Blossom Land cleverly presented by the Mizuma Japs; songs, style and surprises were the offering of the 524 Avenue artist; Conley and Dunne, black-faced comedians, had a breezy bit from the trenches, the whole forming a very attractive bill.

At Loew's Uptown. Not in every vaudeville and film theatre are recreation and rest combined, but here it was done yesterday afternoon at the premier performance for the week at Loew's Uptown Theatre, when the pretty house had an inviting air and the picture "To Please One Woman" together with vaudeville features composed the program. The film drama, with an all-star cast, had many attractive scenes and a happy ending, the preliminary to which it would not be fair to reveal to future patrons. Leon Stander, the actor, and Lillian Warren and Ada White, were seen in the principal vaudeville features. "Money's Marriage," by Her and turns were chattered and danced by Conn and Whiting; songs and vocal turns by McConnell and Looch; the five Avallons, impersonations and a variety of clever turns; Alfred James, in a singing and dancing, and Leroy and Stella, in songs and dances, artistically carried out. From Thursday until Saturday Elaine Hammerstein will be seen in "The Pleasure Seekers," one of the outstanding successes in the field of the screen-drama.

Good Bill at the Strand. E. W. Hornung built better than he knew when he wrote "The Tale of Two Cities" and he must have felt a great satisfaction when he saw the spirit of the book turned into a play on the Strand in London. It is a play which is drawing huge crowds to the Strand and is a play which is drawing huge crowds to the Strand. ageworn custom, listing little of those more sinister betrayals which are laid deep and whose memories linger perhaps over long years of agony. In this play the villain of the plot falls a prey to the custom which gives all to the man and takes away all from the woman, leaving her a wreck on the sand of the present. The chief character is a really funny, but also for its pleasing notes of song and mirth mingled with pathos. ...of parts, that of the country squire, taken by Edwin Dudley and that of the wronged woman, by Pearl Gray, were well taken. Perhaps the most natural characters noted were those of the squire's lady, taken by Jeanette Case, and that of the gossip sprite, by Millie Corbett. The chief characters were well sustained by a good cast.

Screaming Comedy at Shea's. Screaming, uncontrollable mirth is provoked by Homer B. Mason and Marguerite Keeler, leaders at Shea's Theatre this week. Their one-act farcical comedy, "Oh!," is without doubt the really funniest act seen at this popular vaudeville theatre. It is a play which is drawing huge crowds to the Strand and is a play which is drawing huge crowds to the Strand. The play is a play which is drawing huge crowds to the Strand and is a play which is drawing huge crowds to the Strand.

It is a play which is drawing huge crowds to the Strand and is a play which is drawing huge crowds to the Strand. The play is a play which is drawing huge crowds to the Strand and is a play which is drawing huge crowds to the Strand.

Shea's Hippodrome. Shea's Hippodrome presents an all-round good bill this week, which is headed by William Fox photoplay production entitled "The Scuttlers." The powerful actor of virile men parts, William Farrum, stars and holds up his end to perfection. There are two typical Farrum fights staged during the action, and the romance of the piece centres around Farrum's love for the pretty daughter of the captain of the boat on which the scuttlers are at work. Master Gabriel is a Lilliputian comedian, and in his one-act sketch moved the audience to tears of laughter. He is probably the funniest person who has been seen at the Hippodrome for some time. Conley and Francis are excellent in the offering of comedy talk interspersed with musical numbers. They were deservedly several times and really drew it. Payton and Ward, in a comedy and dancing act, hold up their end of the entertainment to perfection. The dancing is particularly good. Robin and Dean have an acrobatic offering which is funny and clever. Singing and dancing duets are presented by Elaine Sisters, who have a very good act. Their dancing is good but their vocal efforts fall short of the mark. Fennel and Tyson, nut comedians, are allotted to be funny, and might be considered so. However, their comedy is not very satisfying or mirth-provoking.

HELD WITHOUT BAIL

Mrs. George Adams, who appeared in the women's court yesterday to face the charge of having caused the death of her husband, who was fatally and apparently accidentally stabbed on Christmas Day, during a struggle in which he was the aggressor, Mrs. Adams, who was remanded until Wednesday, has aroused the sympathy of a large section of the public, the feeling being that her detention without bail, while her little children are in charge of the Children's Aid Society, is an injustice.

DAVY IS GRATEFUL FOR CAMPAIGN HELP

"I do not regard my election on Saturday as any personal achievement," said H. M. Davy, the new alderman for ward seven, "but I owe a big debt of gratitude to many warm personal friends who stood loyally by me through the campaign. I also desire to thank the Toronto World for its efforts in my behalf. The World put up a strong, vigorous campaign, and the fact that the three candidates it named were elected shows how successful it was."

DISCUSS PLANS FOR GREATER TORONTO

Conference Will Also Consider Housing and Municipal Finance Problems.

A meeting that should have an important bearing on municipal development was held in the city hall. Some of the executives of the Town Planning Association of southwestern Ontario, met with the officials of the Town Planning and Housing Association of Toronto to arrange for a conference on housing and town planning to be held in Toronto the middle of February. Those present from out of town included: Thomas Adams, federal town planning adviser; Gordon Philip, of London, secretary of the Town Planning Association of southwestern Ontario; and W. H. Drayton, chairman of the Kitchener town planning commission.

J. P. Hynes was appointed chairman of a general committee with W. S. B. Armstrong as secretary to arrange for the conference in February. It is proposed that the conference will be held under the joint auspices of the various housing and town planning organizations of Ontario, local branches of the architectural, engineering and surveying bodies, the National Council of Women, Provincial Women's Institute and the I. O. O. E., labor and trade organizations, the G. W. V. A., and the Federation for Community Service.

An attractive program has already been tentatively arranged. It will include an exhibition of housing and town planning material under the direction of the commission of conservation. The prominent speakers who will be invited to address the conference will explain what phases of town planning may be accomplished under existing Ontario law.

One of the main objects of the conference is to further new town planning legislation, which will probably come before the house this session, and this proposed legislation will be discussed. Housing and municipal finance are subjects also to be covered, and of local interest will be a special public evening meeting devoted to housing and town planning, which will be illustrated by moving pictures.

The co-operation of the harbor commission was promised by Mr. E. L. Cousins, Controller Gibbons and Alderman Mrs. Hamilton attended the meeting and promised their hearty support in making the conference a successful one.

It is expected that the conference will result in the formation of a permanent town planning and housing conference.

FOR CHINESE FAMINE FUND. Presbyterian churches throughout Canada will make special collections next Sunday on behalf of the North China famine fund.

BOARD TO CONSIDER T.S.R. ARBITRATION

Will Be One of First Problems Undertaken by the Controllers.

The question of the arbitration to fix the price which the city will pay for the property of the T.S.R. will be one of the first matters to be tackled by the new board of control. The city has already nominated Sir Adam Beck its representative on the board of arbitration, but the street railway company has not yet appointed its arbitrator. The company some time ago gave notice of intention to proceed under the municipal act and leave the issue to the official arbitrator, E. H. Drayton, but later notified the city that they would accept the three-man arbitration board as prescribed in the agreement between the city and the company, providing the arbitration was proceeded with immediately. The city has not yet accepted or rejected this proposal.

When asked yesterday for his opinion of the World's suggestion that the system should be taken over without any further delay, instead of waiting for the expiration of the franchise next September, Mayor Church remarked that he would have nothing to say on the question until after the holiday season. Nevertheless, the city has done, anyway, until after the inauguration of the new board and council.
