"THE ENDS OF THE EARTH MAKE ANSWER"

Dardanelles Free Under Supervision Of League of Nations

Declaration of British Policy Made Today by Lloyd George—More British Ships to the Straits—Special Prayers in English Churches on Sunday.

(Canadian Press Cable.) London, Sept. 23.—The policy of Great Britain in the Near East is to establish the freedom of the Dardanelles under the supervision of the League of Nations, declared Prime Minister Lloyd George in a statement at a conference with newspapermen this afternoon. Premier Lloyd George said that whatever steps the government had taken to strengthen the military and naval forces in the Dardanelles and the Bosphorus had been dictated by two supreme considerations: "First:—'Our anxiety as to the freedom of the seas between the Mediterranean and the Black Sea,' and "Second:—'To prevent this exceptionally prodigal war from spreading into Europe.'"

McGraw Uses Six Pitchers Wins Final and Important Game from Pittsburg

Very Slim Chance to Oust Either New York Team—Joe Bush's 26th Victory—Ty Cobb Gets Four Hits Against Red Sox.

(Canadian Press) New York, Sept. 23.—Take it from New York's baseball fan, the major league pennant races are "all over but the shouting." Mathematically speaking, the St. Louis Browns in the American and the Pittsburg Pirates in the National have a chance to overhaul their Gotham rivals, but it is a slim chance. The Giants, with ten more games to play, were leading by four and a half games today as a result of defeating Pittsburg, 8 to 7, in a sensational hand-to-hand grapple upon which the last tangible hope of the Pirates rested. The Yankees, with six games yet to be played, followed Cleveland, 3 to 2, in their fifth straight victory, and kept a lead of three and a half games over the Browns, who defeated Philadelphia, 5 to 4, in their fifth straight win but half their games—The Giants five and the Yankees three—to retain their championship titles, even if the Pirates win all seven of their contests and the Browns are victorious in their five.

McGraw used six pitchers and an overdose of strategy to take the final contest from Pittsburg, the climax coming in the ninth when the champions succeeded in piling up a five-run lead in the fourth, but Johnny Morrison paved the way for the beginning of the end of blowing up in the next inning.

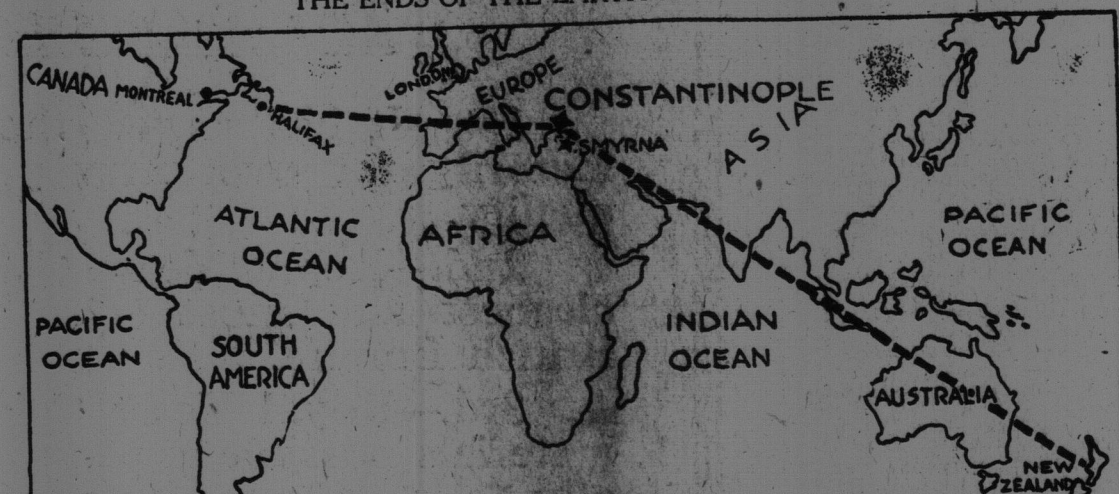

Joe Bush hung up his twenty-sixth triumph of the season at the expense of Speake's Indians as the American League champion pounded Edwards and Winn consistently.

PROMINENT FOLK AMONG THE MOUNT CLAIRE PASSENGERS

Quebec, Sept. 23.—The Canadian Pacific 17,000 ton steamer Mount Claire in command of Captain R. G. Latta, docked at 6:45 o'clock yesterday afternoon, with 877 passengers and crew members. Among the prominent passengers were Sir Thomas Fisher, K.C., general manager Canadian Pacific steamships Ltd.; Lord Egerton of Tatton Park, Knutsford, Eng., who is on his way to B.C. to visit his ranch in that province. Very Rev. A. E. Burn, D.D., Dean of Salisbury, who has come to Canada to lecture in various cities of the Dominion; J. S. Keith in charge of a large party of Americans from California, who have been touring Europe since June last.

GEMMA, HELD AS LIQUOR VESSEL, IS RELEASED

Hullfax, N. S., Sept. 23.—The British steamer Gemma, recently seized off New York, and held at port on suspicion of rum running, has been released and is proceeding to Havana, according to advice to the Halifax customs from New York. The Gemma cleared for Havana from Halifax with \$100,000 worth of liquor.

It is not pretended that this map is drawn to scale. The idea is to show the approximate positions of the overseas Dominions to the seat of possible conflict in the Near East. It is in constant communication with the British Cabinet in London, awaiting definite word as to the developments. They are in constant communication with the British Cabinet in London, and there is no doubt that if the Mother Country asks for assistance in a campaign against the Turks it will be quickly forthcoming from all of them.

PAINTER HUNG TO CORNICE HIGH IN AIR

Kingston, Ont., Sept. 23.—Ned Kelly, a local painter, had a miraculous escape from death today. He was painting a building sixty feet high, when his ladder slipped, but he grabbed the cornice of the building and held on for fifteen minutes until a passerby put the ladder in position and rescued him.

KIDNAPPING IN MURDER CASE?

Two Automobiles Were Seen Speeding Through Streets of New Brunswick, N. J.—Screams and Shots.

New Brunswick, N. J., Sept. 21.—New Jersey officials investigating the murder of the Rev. Dr. Edward Wheeler Hall and Mrs. Eleanor Mills of New Brunswick, last Thursday, have taken up a report that the couple had been kidnapped in two automobiles from a trapped place and slain near a farm, about a mile and a half from Dr. Hall's church.

NECK BROKEN MONTH AGO; HE STILL IS ALIVE

St. Louis, Sept. 23.—Physicians today said there was a chance for the recovery of Paul Bonch, twenty-six years old, whose neck was broken four weeks ago while he was diving. The fifth vertebrae in his neck is fractured, and his spinal cord is severed. Physicians say his life literary has been "hanging on a thread," and declare the case to be without parallel in medical history. He has been conscious. Physicians say the fracture is knitting.

TROUBLE IN THE JORDAN COUNTRY

British Forces Being Sent from Palestine to Prevent a General Uprising.

Cairo, Sept. 23.—Amman, a trans-Jordanian town on the Hedjaz Railway line, southeast of Es Salt, has been captured from Emir Abdullah's troops by Wahab, the irregulars commanded by Ibn Saud, according to a Jerusalem report. British infantry and planes are being dispatched from the Palestine garrison to suppress any general uprising east of the Jordan.

REORGANIZE THE FISHERIES DEPARTMENT

This is One of the Recommendations of Commission Headed by William Duff, M. P.

Ottawa, Sept. 23.—(Canadian Press)—Some sweeping recommendations are under consideration by a commission on British Columbia fisheries headed by Wm. Duff, M. P., of Lunenburg, N. S., chairman of the commission, to Hon. Jacques Bursaux, acting minister of marine and fisheries yesterday. Contents of the report have not been made public, but two of its main recommendations are said to be:

1.—Curtailment of the issue of fishing licenses to Japanese. 2.—Re-organization of the department of marine and fisheries. In the latter connection the suggestion has been that a minister of fisheries be created distinct from the department of marine. The report is understood to take up this point and to urge re-organization of the department with a view to greater attention being given to fisheries and to the pursuance of a more consistent policy.

MAN BADLY BEATEN BY YOUTHFUL THUGS

Three Boys Caught in Act of Robbery Attacked Owner of House.

Toronto, Sept. 23.—When he attempted to grapple with three juveniles who broke into his home in broad daylight, James Johnson, 2190 Dufferin street, was badly beaten with sticks carried by the youngsters. One of the boys was taken into custody by the county police, but the others are still at large. The lads are all about fifteen years of age. The scene of the robbery is a small cottage just beyond the city limits on Dufferin street. It is occupied by two families, the Johnsons and a Mrs. Oldfield and her children. At the time of the entrance the tenants happened to be out, but Johnson, returning, caught the lads helping themselves to whatever they could lay their hands on, and interfered.

NOTED GEOLOGIST HOME FROM ABROAD

Quebec, Sept. 23.—Dr. H. Ami, F. R. G. S., famous Canadian geologist, returned to Canada in the C. P. steamer Mount Claire yesterday, after being eighteen months overseas. He said that one of the principal duties he had to perform abroad was to attend to a request of the Canadian minister of mines to look into the iron, petroleum and coal mineral situation, especially petroleum, and to have him get the British viewpoint. He said that the British view of the world, as well as other parts of the world, were of tremendous importance at present. Canada, said Ami, took \$250,000,000 worth of riches from the Canadian earth during the last year, in comparison to only \$14,000,000 when he had first become connected with the department.

A LABEL ON THE HAWAIIAN WOMEN

Honolulu, Sept. 23.—The Hawaiian Civic Club, composed of prominent Hawaiians, today adopted a resolution denouncing "exhibitions given in Hawaii and the mainland, under the name of the ancient Hawaiian hula in costumes alleged to be typically Hawaiian, as being indecent parodies." The resolution continues by stating that "neither vulgar and indecent parodies nor costumes are representative of ancient Hawaii, but unjust aspersions upon the character of Hawaiians of today, especially women, of whom such exhibitions are degrading libels."

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries. R. P. Bishop, director of meteorological service.

WEATHER REPORT

Morning Paper Report. Maritime probabilities:—Moderate southwest and west winds; fair with stationary or a little higher temperature. Northern New England—Fair Saturday and Sunday; slowly rising temperature; moderate variable winds.

War or Peace May Be Known By Sunday

Decision of Angora Cabinet as to the Peace Conference

France Expected to Renew Pressure to Keep the Turks from Hostile Action—Kemalist Concentration Continues—Greek Plot to Restore Venizelos to Power.

(Canadian Press Cable.) Constantinople, Sept. 23.—Within thirty-six hours the world will probably know whether the Turkish Nationalists have chosen war or peace. The Angora cabinet, meeting at Smyrna, is expected hourly to declare whether the Kemalists will await the peace conference proposed by the powers or take matters in their own hands by invading Thrace.

France is expected to exert renewed pressure to keep the Turks from any hostile action which would jeopardize their present extremely favorable position at the forthcoming conference, but many competent observers are frankly skeptical that the Nationalist cabinet will accept at their full value promises that the conference will result in the realization of all their claims.

The Turks are fully aware of the weakness of the British land forces now precariously holding points along the Asia Minor shore and are convinced of their ability to defeat them.

PLANE CRASHES IN FORESTRY WORK IN QUEBEC

Quebec, Sept. 23.—The forestry branch of the department of lands and forests was advised last evening that for the third time this season an accident had occurred to hydroplanes operated by the Dominion air board on the north shore and utilized by the provincial forest service for surveying purposes and observation.

THEFT CHARGE

A case against Walter R. Newcombe charged with the theft of packages from the Dominion Express Company while in transit was taken up this morning in the police court. He was represented by J. A. Barry and H. H. McLean, Jr., appeared for the company. Mr. McLean asked for an adjournment for a few days to bring the Dominion Express agent from College Bridge as a witness. Mr. Barry said that he should show cause. It was finally agreed that adjournment should be made until Wednesday morning at 10:30.

WELL PLEASED WITH OBSERVATION OF THE ECLIPSE

London, Sept. 23.—(Canadian Press)—Professor C. A. Chant of the University of Toronto, one of the astronomers who went to Australia to witness the eclipse of the sun, telegraphed to the Melbourne Herald, according to a Reuter despatch from Melbourne, stating that the total phase of the eclipse exceeded five minutes. During this time one hundred photographs were taken, including a series of the sun as seen in polarized light and photographs of mysterious shadow bands.

BOYS RETURN.

The wanderers have returned. Samuel and Albert Leyden, aged seven and nine years, of Millidge avenue, were produced to the police station this morning by their father, and it was expected that some disposition of their case would be made this morning by the magistrate.

AUSTRALIAN GENERAL ELECTIONS IN DECEMBER

London, Sept. 23.—(Canadian Press Cable)—The Melbourne Age, according to a Reuter cable from Melbourne, says that the session of the federal parliament will end on October 7, and that general elections are fixed for December 9.

SO. AUSTRALIAN INVESTIGATOR ADVISES AGAINST U. S. PROHIBITION LEGISLATION.

Vancouver, B. C., Sept. 23.—The continental system of light wine and beer and dispensing is the best solution of the liquor problem—better than any system of government control, in the opinion of F. L. Flanagan, who has been inspecting on behalf of the government of South Australia. He said last night on the Niagara for Adelaide. Prohibition as practised in the U. S., he declared, is a farce. He will advise the South Australian government against trying any similar legislation.

CARPENTIER IS PICKED TO WIN

Twenty Rounds Tomorrow, With Senegalese

Paris, Sept. 23.—Georges Carpentier is looked up by the experts as a sure winner over "Batling" Siki, Senegalese pugilist, in their twenty round battle for the European heavyweight title to be held tomorrow afternoon outside Paris.

The contest has drawn the biggest seat sale ever seen in France. Few expect to see anything but a easy knockout, and the big prospective attendance is looked upon as an indication that Carpentier has regained much of his popularity.

While conceded to be the hardest headed fighter on this side of the ocean and capable of taking unlimited punishment, Siki has lost favor by his refusal to train regularly. His backers, however, hope that his naturally rugged constitution and splendid physique will carry him through. Although he will not conform to training rules he takes a hard workout daily, facing six training partners in a row.

Did Not Beat Time.

Cleveland, Sept. 23.—Peter Manning, world's fastest trotter, failed to break his mark of 1:57.3 made at the Lexington track, October 6 last year, in his attempt at the North Bend track here yesterday but he did break the track record of 1:58.3, made by Ulan in 1909, trotting the mile in 1:58.3. He also broke the track record of 29 flat, which he trotted a mile in 1:59.1 at Toledo last August, but the track record of 2:01.4 for trotting mares made by Hamburg Belle in 1907, which he broke in 1:59.1. Driven by Harry Fleming, the mare made the quarter in 50.9, the half in 1:01.4, the three quarters in 1:58.3.

PLANTED STILL TO "FRAME" FARMER

Brantford, Ont., Sept. 23.—"The meanest man I have been found—according to the local police—a man so mean that Magistrate Blake yesterday commented 'I can walk with a drunk and I can walk with a bootlegger, and even a man who has a still in his possession, but I can't walk with a man on whom I have a charge of framing a farmer.'"

Brantford Magistrate Scores Cuts, Former Ontario Temperance Act Official.

Brantford, Ont., Sept. 23.—"The meanest man I have been found—according to the local police—a man so mean that Magistrate Blake yesterday commented 'I can walk with a drunk and I can walk with a bootlegger, and even a man who has a still in his possession, but I can't walk with a man on whom I have a charge of framing a farmer.'"

MORE GOLD ON HAND FOR NOTE REDEMPTION

Ottawa, Sept. 23 — (Canadian Press) — Gold held for redemption of Dominion notes showed an improvement of nearly two per cent. at the end of August as compared with the end of July. At the end of last month there was a total of \$228,008,955 outstanding in Dominion notes against which gold was held to the amount of \$89,421,679 or 39.2 per cent. At the end of July, Dominion notes outstanding totalled \$291,409,609 and gold held \$87,063,386 or 29.8 per cent. In addition to the gold, approved securities on deposit against the note circulation totalled \$108,989,715 at the end of August and \$108,730,824 at the end of July.

SAY JAIL IS EMPTY BY PROHIBITION

Enforcement of O. T. A. So Effective That Clerk No Longer Needed.

Hamilton, Sept. 23 — Enforcement of the O. T. A. has so substantially decreased the number of persons at the city jail during the last year that there is virtually nothing for the clerk to do and his services will be dispensed with, Sheriff Middleton advised members of the Fire and Jail Committee.

"Where we used to have eighty prisoners we average only about forty now. Every winter, too, we used to have about twenty regular whiskey heads loaded on us; they have disappeared. No doubt they now are better men," stated the sheriff.

Why Is Royal Yeast Better Than Any Other Yeast?

This is a question easily answered

- 1st.—It has served the Canadian housewives satisfactorily for over fifty years, and time is the test of quality.
2nd.—Royal Yeast Cakes are manufactured in the cleanest and most scientific plant of its kind in the British Empire.
3rd.—Royal Yeast Cakes are made from the finest materials possible to be procured and prepared scientifically to a degree of perfection only possible from long experience.
4th.—The system of distribution and careful and systematic checking of all stocks by Gillett representatives guarantees to the housewife that she can always purchase fresh Royal Yeast.
5th.—To insure the consumer against being supplied with Royal Yeast other than in an ultra sanitary condition, each Royal Yeast Cake is wrapped air tight in wax paper by machinery not by hand, so that even after the package is opened the cakes are protected from dust and other harmful contamination.

Be certain that you buy good yeast by insisting upon

Gallpoll. Rigid treaty clauses ensuring the protection of the minorities in Turkey.
It is probable the British force at Chanak would remain there until a peace treaty is signed between Turkey and Greece. The British would not further limit the size of the Turkish force in Eastern Thrace in order to insure peace in that part of Europe.

The General's Command.
(Toronto Mail and Empire).
American Salvationists have been greatly disturbed by the order of General Bramwell Booth in abruptly recalling his sister, Commander Evangeline Booth, who is the ranking officer of the Salvation Army in the United States. Apparently the commander had no inkling that she would be recalled until she received her brother's message. Naturally she is greatly upset over the incident but says that as a poor soldier he behaves her to obey without question. A somewhat similar incident attracted world-wide attention in 1898 when Commander Ballington Booth, brother of Bramwell and Eva, was publicly rebuked by his father, General William Booth. Ballington was sent to the United States in 1887, and appeared to be conducting the affairs of the army with unusual success, but his father insisted that the son was trying to improve the social status of the army by accepting financial support from fashionable churches, and sternly and publicly did the general reprimand the commander. The latter instead of doing so resigned his command and devoted himself thereafter to establishing the American Volunteers, an organization similar to the Salvation Army. Ballington was a naturalist and received a good deal of sympathy from those who thought that the action of his father was needlessly harsh and unfair.

Working Toward End of the Near East Troubles
At a meeting of the Allied representatives to the Paris conference yesterday limited assurance involving the return of Constantinople, eastern Thrace and Adrianople to Turkey were tentatively agreed upon. It is hoped that approval of these conditions would mean an end to the Near East trouble.
Constantinople, Adrianople and Eastern Thrace up to the River Maritza would be handed back to Turkey, subject to acceptance of a broad demilitarized zone on the Thracian, Bulgarian and Grecian frontier. Internationalization of the straits of the Dardanelles under the League of Nations or some other international body. Maintenance of a permanent Allied military force at

DIVORCEE WAITED SEVEN YEARS
Larchmont Woman Long Separated From Husband Gets Decree.
White Plains, Sept. 23.—After being separated for seven years, Mrs. Thelma G. V. Gordon of Serpentine Trail, Larchmont, obtained a divorce decree from Supreme Court Justice Frank L. Young against Harvey M. Gordon, a wealthy salesman, of 35 Warren street, Manhattan.

SMYRNA.
(Toronto Star).
The fate of Smyrna is of supreme interest to the Christian world, for Smyrna has been from the dawn of the Christian era the great stronghold of Christianity in what is now known as Asia Minor. In the Revelation of St. John, the church established in that city is more highly commended than any other of the "seven churches of Asia," and is promised "the crown of life." It has, in fact, been the crown of Christian life in that portion of the east, and the centre from which missionary endeavor has radiated. The Turks have known it for centuries as "Glaour Ismir," infidel Smyrna.

INSTALL SLUG DETECTORS TO FOIL SUBWAY CHEATERS
New York, Sept. 23.—No longer will the Interborough find pounds of iron shrapnel, brass hat checks, penknives and hammered-out pennies in a day's turnstile receipts, as the company is installing a device known as a bull-eye slug detector on the automatic turnstiles throughout its system.

SOLD WATER FOR WHISKEY, MUST NOW FACE TRIAL
Peterboro, Ont., Sept. 19.—Reginald Peterboro, who was called by the crown, testified that he had searched Winch's home and found a hundred and fourteen bottles in the cellar and twenty-four in the shed. They were all wrapped in cartons similar to those Segal handed over to the police when he made his complaint, and their contents was water, with the exception of one bottle, which contained neither good water nor liquor.

POPULAR IN TURKEY.
(Funch).
The barrel-organ is said to be very popular just now in Turkey. The remarkable thing is that a country line that, professing to know an astrologer when it sees one, should not have adopted this weapon before.

INSPIRATION.
(Louis Whittlesey, in New York Herald).
I shall go nobly, having felt
The majesty of these
Mountains which lift their kingly heads
Above the towering trees,
Clothed with an azure purer far
Than shrouds the dreaming seas.
I shall walk patiently, who knows
How often in the past
They met, unmoved, unarmured,
Buffer of storm and blast,
Waiting the hidden sun to crown
Their brows with light at last.

Self-Government.
(Calgary Albertan).
Ireland, despite the tragedies of Collins and Griffith, is not in the hopeless condition that existed before the treaty. Whatever the situation, there is self-government, and that, eventually, effects a cure. The history of the last century proves self-government in an intelligent democracy to be a remedy—compare Canadian, South African, Australian conditions before and after being granted self-government; and the lesson is apparent.

A Real Test For Schooners.
(Ottawa Journal).
Schooner Mayflower has been excluded from the International Fishermen's Race. Any boat, the trustees hold, may fish in the summer, as the Mayflower did. But, it should be noted, the challenge of the Nova Scotians to Mayflower's owners to race in mid-winter, with a cargo of fish, from Newfoundland, across the Bay St. Lawrence to South America and return to Halifax for \$10,000 a side, winner to take all, remains unanswered.

Lights for All Vehicles.
(Ottawa Citizen).
All vehicles may be required to carry lights, lighting up an hour after sunset, if this suggestion is reported upon favorably by the legislative committee of Ontario, appointed to revise the Motor Vehicle Act. A law to this effect has been in force in the United Kingdom for many years. Motor traffic is tending to make it equally necessary in Canada.

Popular in Turkey.
(Funch).
The barrel-organ is said to be very popular just now in Turkey. The remarkable thing is that a country line that, professing to know an astrologer when it sees one, should not have adopted this weapon before.

Increasing Efficiency Welcomed.
(Brantford Expositor).
Every intimation of increased efficiency in the operation of the Canadian National Railway is welcomed by the people of Canada. If the government provides efficient and economical management of this vast system it will find that the people will give it increasing patronage and support.

SNAP
cleans your hands
removes grease, grime and stains from the hands, and keeps the skin smooth and soft.

INSPIRATION.
(Louis Whittlesey, in New York Herald).
I shall go nobly, having felt
The majesty of these
Mountains which lift their kingly heads
Above the towering trees,
Clothed with an azure purer far
Than shrouds the dreaming seas.
I shall walk patiently, who knows
How often in the past
They met, unmoved, unarmured,
Buffer of storm and blast,
Waiting the hidden sun to crown
Their brows with light at last.

Self-Government.
(Calgary Albertan).
Ireland, despite the tragedies of Collins and Griffith, is not in the hopeless condition that existed before the treaty. Whatever the situation, there is self-government, and that, eventually, effects a cure. The history of the last century proves self-government in an intelligent democracy to be a remedy—compare Canadian, South African, Australian conditions before and after being granted self-government; and the lesson is apparent.

A Real Test For Schooners.
(Ottawa Journal).
Schooner Mayflower has been excluded from the International Fishermen's Race. Any boat, the trustees hold, may fish in the summer, as the Mayflower did. But, it should be noted, the challenge of the Nova Scotians to Mayflower's owners to race in mid-winter, with a cargo of fish, from Newfoundland, across the Bay St. Lawrence to South America and return to Halifax for \$10,000 a side, winner to take all, remains unanswered.

Why worry over hard coal when you can get Acadia three dollars cheaper, and it is just as good? Phone at once. Colwell Fuel Co. Ltd. Phone West 17. 9-28.

Electrifying Railways.

(Montreal Herald)
It is announced that the Ontario government is gathering information as to the possibility of electrifying the Temiscaming and Northern Ontario railway. This may be the first move in the direction of utilizing our immense water-power resources as a motive power for the railways. In alluding to the threatened coal famine in his address at the Toronto exhibition, Premier King intimated that such a policy might well be adopted by degrees, and a prominent business man of Montreal recently stated publicly that Canada cannot afford not to electrify her railways.

The advocates of a change in system point to the Chicago, Milwaukee & St. Paul railway, which is successfully operating nearly 700 miles of road by electricity. Officials state that the crushing radius of each electric locomotive is twice that of the steam locomotive and that the runs of the crews on passenger trains are now 224 miles instead of 110. A radical change of this nature, however, is bound to be touched gingerly and will probably be applied, as in England, first to suburban roads.

BABY DISFIGURED WITH ECZEMA

In Blisters. Itched and Burned. Cuticura Heals.

"My nephew's face and hands were badly disfigured with eczema. It was only three weeks old when it broke out in blisters, and the skin was sore and red. It caused itching, burning and loss of sleep, and the child was so worrisome. He could rest neither day nor night."

"I was advised to use Cuticura Soap and Ointment and after using three cakes of Soap and three boxes of Ointment he was entirely healed." (Signed) Miss Mary Worth, Youngs Cove, New Brunswick.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations.

Sample Book Free by Mail. Address: "Cuticura, Limited, 155 St. Paul St., Montreal." See every bottle of Soap, Ointment and Talcum for full particulars. Cuticura Soap shaves without soap.

What Magee Attire Does For You

It evidences to others that you have good taste; that you take pride in your clothes; that you value your personal appearance. Magee attire saves you money, too—because it gives such excellent service.

AT LAST!—with the two specialties for which you like them—the Two Steeples Fine Australian Woolen Half Hose are here for autumn. Every single pair for spring was sold.

Seven Colors—\$1.50 a Pair.

There's something decidedly attractive about these new topshirts. It isn't the material, it isn't the patterns, it isn't the colors alone. It's all three because they altogether produce a topshirt like you've wanted. By the way, two separate collars with each shirt and—all for \$2.75.

In here there are genuine cape gloves—and they're the genuine article—that can well cover your hand and that of any other particular gentleman. It's priced \$3.00—T here are others for \$2.00 and \$2.50.

NATIONWIDE FIGHT ON FAST DRIVING

\$2 Fine For Each Mile Above Speed Limit in Louisville—Reports Show Accidents Increasing in Some United States Cities.

Chicago, Sept. 22.—Despite the passage of numerous ordinances and the adoption of traffic regulations in the larger cities of the country in an effort to curb accidents from motor cars, reports from more than a dozen of the metropolitan cities of the middle west show an increase in the number of accidents for the first six months of 1922, compared with the same period of 1921.

This increase has caused city officials to prescribe drastic rules in governing motor traffic in an endeavor to lessen danger in modern traveling. Several of the cities are shown to be waging war on the speeder, in many cases impractical being added to fines by municipalities. Adoption of rules in turning at street intersections, elimination of glaring headlights and educational campaigns are other methods used in many cities in the campaign against accidents.

In Chicago, in 1921, deaths attributed to motor accidents totalled 575 as compared with 476 in 1920. Non-fatal accidents totalled 8,857 in 1921 and 7,985 in 1920. During the first four months of 1922 non-fatal accidents totalled 2,638.

An "unwritten law" is in effect in Louisville where police court judges assess a fine of \$2 for each mile an hour above the speed limit. Penitentiary sentence under charge of manslaughter is provided for drivers found responsible for deaths resulting from accidents. Cars must be under full control at all street intersections.

In Oklahoma City, most of the main traveled streets have been designated boulevards and before crossing these motorists are required to come to a complete stop. Heavy white "stop" signs are painted on the pavement at these intersections remind the driver.

HORTON & SON, Market Square

The young men swam to the shore. Their approach was watched from the undergrowth by a liquor smuggler, who, when they stepped on the shore, thrust his rifle under their noses and threatened to kill them. He said he would whistle a bit and then shoot them full of holes.

Several times as they attempted to convince the smuggler that they were merely the unfortunate victims of an accident and had no designs whatever on his cache of Bahama Island hooch, he raised his rifle with a finger on the trigger and told them to shut up.

Newspaper accounts of a prohibition fleet of airplanes intended for use in running down smugglers operating between the Bahama Islands and the Florida coast, the young men said, were responsible for the smuggler's attitude toward them.

They finally convinced him that they were not revenue officers and, instead of shooting them, he aided them in flagging a southbound train, which they boarded with his assistance and best wishes.

Both young men said they had engine trouble almost from the start and were

POVERTY AND MISERY FACE LAND WORKERS

London, Sept. 23.—(Canadian Press Cable).—The National Farmers' Union has addressed a letter to the employers' representatives on the agricultural and conciliation committees whose agreements are due to expire shortly, stating that a conference has taken place between representatives of the Farmers' Union, the National Union of Agricultural Workers and the Workers' Union and some of the difficulties confronting agriculture were reviewed.

WARREN'S
Tel. 4508 9-25 473 Main Street

The letter states that all present appreciated that the "position of agriculture was disastrous alike to the farmer and the farm-worker and it was realized that unless some alleviation is found, poverty and misery will face many whose livelihood in the past has been drawn from the land."

It was agreed at the conference that a committee consisting of representatives of the three unions should meet to endeavor to formulate a proposal to place before the government for the relief of the industry. It was further agreed, says the letter, that the conciliation committee should be asked in the meantime to adjourn consideration of the fixing of future wage rates and recommend payment of the existing rates until September 30.

RECALLING THE MAYOR.

Upwards of 1,600 duly qualified electors have attached their signatures to the petitions for the recall of Mayor McBellan. That number is greater than the law requires, and the petitions are being filed at City Hall today.

The first step in the recall proceedings has been completed, and from now on events should move rapidly towards the election of a new Mayor who will carry out the citizens' policy for the distribution of the hydro current at cost.

The workers who have secured the signatures required in a comparatively short time are to be congratulated not only on their public spirit but also for the care with which they have carried out the task.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis

Formerly Technical Electrical Expert For U. S. Government

Lesson No. 112.

SIMPLE ELECTRICAL LAWS.

If a 110 volt electric bulb is connected across a 110 volt line it will glow at normal brilliancy and the filament will have a fairly long life.

If the filament of a vacuum tube which glows brightly on six volts is connected across the 110 volt line it is melted instantly by the excessive current which flows.

Such mistakes as these may be avoided by an understanding of one of the most elementary electrical laws known as "Ohm's Law," which may be expressed in a number of ways, all of which mean the same.

If the current in amperes is represented by "I," the resistance in ohms by "R," and the voltage by "E," the law is represented by the expression "I equals E divided by R."

Now, if the 220 ohm bulb is connected across the six volt battery, the current drawn will be again found by using the same expression, which now becomes "I equals E or 6 divided by 220 or R," which gives a current flow of .027 amperes.

In the case of the audion tube on six volts, it is found that the current consumption is usually about one ampere (as may be determined by an ammeter reading).

It is apparent from the above that many expensive experiments may be avoided by an application of Ohm's Law, which will always give the desired result without needlessly destroying any apparatus.

There are other forms or ways of expressing the law which are sometimes more convenient to use in a particular application of the formula. Any of the following may be used:

I equals E R; R equals E I, or E equals I x R.

In using the law the expression is usually used which contains the unknown quantity as the left-hand member of the equation.

All was quiet within the house, and the night was far spent. Thus fortune favored the burglar, as stealthily, he acquired the plate and valuables and deposited them in his bag.

"Oh, my poor misguided friend," murmured the intruder sorrowfully, "would you rob me of my calling? My calling is to be a burglar, and you are doing it."

"I am a burglar," he said, "and you are doing it. You have a wife and child what would they do if I sent you to prison?"

"Turn from your evil ways, my brother," continued the intruder. "I am a merciful and will forgive. Your secret is safe with me."

Then without a word our friend made hastily exit by the window.

The kind, loving, charitable old man, having quietly lifted the burglar's bag on his shoulder after examining it to its utmost capacity with useful articles, also took his departure. For he, too, was a burglar!

Jones was rather scared of his wife and knew she didn't approve of his going to the race track, he told the fishmonger to send home some fish as an all.

"When he got back Jones said to his wife, 'Well, my dear, did you get the fish I caught and sent to you?'"

"Yes, it was a most extraordinary thing," he mused, "those fish pulled. The only way we could get them into the boat at all was by pulling their heads off."

"Ma," exclaimed Teddy, "Mrs. Johnson said she would give me a nickel if I told her what you said about her."

"I never heard of such a thing," answered his mother indignantly. "You've got a good job not to have told her. I wouldn't have her think I ever mentioned her. Here's an apple for being such a good boy."

"I should think I am, ma! When she showed me the nickel I told her that what you said was something awful and worth a dime at least."

Rural Route No. 1, Masouche, Quebec. The Minard's Liniment People.

Sir—I feel that should be doing a wrong if I neglected to write you. I have had four tumors growing on my head for years.

Several days later radio operators in Cleveland heard a new station with powerful apparatus sending out messages.

Cleveland, Sept. 23.—One night in August the house of Daniel F. Murphy was burglarized and a large part of the equipment of his radio station stolen.

Several days later radio operators in Cleveland heard a new station with powerful apparatus sending out messages.

Believing it was operated by the thief who robbed him, Murphy, an electrician, set out to find him. He installed a receiving set on an automobile and night and day he roamed the city, tuning the set to the pitch of the unknown operator.

When the messages grew faint, he changed the direction of the car.

Finally repeating circling of a particular block failed to show any point where the messages could be heard more plainly than at another.

In this block. He had become the pride of the neighborhood with his new wireless set. Persons came to his home every day to see the set.

Finally, he was sentenced to an indeterminate term in the Mansfield Reformatory for burglary, larceny and receiving stolen property.

THE ANSWER TO HEARST.

Some of the New York papers do not mince words in endorsing the action of the electors in some sections of New York State who administered a stunning defeat to William Randolph Hearst in Tuesday's primaries for the selection of delegates in whose hands will be placed the choosing of a Democratic candidate for the post of governor of the state.

"Hearst poses as a radical by virtue of his irresponsible tirades against the corporations and his tendency towards extreme State Socialism; but with his jingoism, his demand for bonuses and heavy tariff burdens, his desire to wreck all progress in rapid transit adjustment, he is actually the reverse of 'radical' in both senses of the word—he is demagogically superficial, and he is reactionary. Any Hearst-stamped candidate would be as bad."

"The Times, referring to the defeat of William J. Connors, manager of the Hearst pre-election campaign, in his home constituency in Erie county, as follows:—

"The up-State Democrats are yearning and crying for Mr. Hearst. Who and what muffled their cries in Erie County and Albany County, in Saratoga and in Steuben? Mr. Connors was sure of getting thirty-four out of thirty-eight delegates for Mr. Hearst. His hope and the people were betrayed." Four, not thirty-four was his portion. So, more or less, elsewhere."

While some of Hearst's lieutenants expressed confidence in having enough delegates at the final conference to select Hearst in preference to ex-Governor Alfred E. Smith, the supporters of Smith see Hearst's downfall predicted in the primaries vote. One thing is certain. The majority of Canada's citizens will not shed many tears should Hearst fall to reach the goal of his desire.

The bones were brought to the surface by a dredger within a quarter of a mile of the famous Fenland Inn, "The Five Miles From Anywhere; No Hurry."

The whole district is one vast forest of buried skeletons which were in existence many thousands of years ago, before the Pens were formed, and it is hoped to recover the complete skeleton.

"The find is a most interesting one," said a Fellow of the Royal Society. "The leg bones are undoubtedly those of a woman, but they are of extraordinary conformation."

"Whoever she was, she had a pretty foot."

"If alive today, she would be a short, deep-chested creature, covered with hair and with long, ape-like arms and prehensile toes."

"Her home would be a fudgy build platform of sticks, with a family likeness to a glorified crow's nest. From this excursions would be made among the tree tops, she and her mate swinging themselves, monkey-fashion, from bough to bough."

"When on the ground her gait would be that of a monkey, with the arm swinging to the knees."

"The bones of a pelican have also been found. This points to the existence of a lake dwelling, as tame pelicans were kept by the inhabitants of these curious huts, and eaten when required."

MAY HAVE TO STAY ANOTHER WINTER

Toronto Man Sent to Wrangel Cannot Perhaps be Got Out.

Vancouver, B. C., Sept. 23.—According to a message received by the Vancouver Province from Nome, Alaska, there is every indication that Allan A. Crawford of Toronto, leader of the party of Crawfordians sent to Wrangel island last year by Vilhjalmur Stefansson, will have to remain there another winter.

On August 18, the power schooner Teddy Bear, Captain Joseph Bernard, left Nome for Wrangel Island to bring out the Crawford party, which had gone there to hold the island for Canada.

"Last heard from Teddy Bear she was sighted on August 14 about ten miles east of Cape Serdze on Siberian Coast. Was proceeding inside main ice field and her position was considered dangerous. Chances getting out this year very poor. Ice conditions unusually bad."

This would indicate that the Teddy Bear had not reached Wrangel within the stipulated time because of the ice and conditions and that even if Captain Bernard succeeded in joining the Crawford party it might not be possible to bring them out this year. It is expected if the Teddy Bear is frozen in, her crew will proceed over the ice to Wrangel, there to spend the winter with the Crawford party who have plenty of food to see them through.

GOOD ROADS AND PROGRESS.

Kitchener Record.—Road building is in all countries the measure of progress. The speed with which at present a network of good roads is flung through the wilderness and mountains and across the plains in this country, compared with former civilizations, is as remarkable as it is amazing. State roadbuilding in North America was started only a little more than one hundred year ago in Kentucky.

4 CENTS PROVIDED FOR FIRST PICNIC BY J. D. O'CONNELL

Fifty Years Ago When the Orphans' Friend was 12

Shared Fruits of His Labors with Neighbors' Children—St. John Orphans Guests at Treat and Show at Imperial Yesterday.

J. D. O'Connell, in pursuance of his life-long policy to see that no orphan in a city through which he passed went without some kind of a treat, yesterday treated all the city orphans to an imperial theatre party, a box of candy, a bag of peanuts, a sucker, an orange and a twenty-five cent script. There were about 600 children at the show and about as many at the home, who were unable to get to the imperial, also received the treat of money and eats. In addition to the orphans, about 1,200 children outside the theatre were given bags of candy, peanuts and oranges. In all about 2,000 treats were distributed.

Passers-by were deflected by the cheers from the happy youngsters' throats when they came out of the imperial and more than half of them insisted on accompanying Mr. O'Connell to the Royal Hotel to make sure he recognized their gratitude. This party took the place of Mr. O'Connell's usual picnic which was not given because of a clash of dates with a picnic held by Mr. Tilley.

The scramble for pennies and the ice cream were missing on this account but the children did not seem to believe that anything could be better. The orphanage children who came from St. Patrick's Industrial Home at Silver Falls were taken to and from the theatre in motor trucks provided by Mr. O'Connell and the children from the west side orphanage came across to the city on the ferry. The children from the other orphanages walked to the imperial. They came from St. Patrick's Home, St. Vincent's Orphanage, the Home of the Good Shepherd, the Children's Aid Society, the Wiggins' Orphanage, the Wright Street Home, the West John Home and the British Street Home. Each group was in charge of its own superintendent.

His First Treat

While talking to a reporter Mr. O'Connell mentioned that these picnics of today were considerably different from the first picnic he ever gave when the kiddies of his own neighborhood were the guests and when it cost him only four cents to make them happy for an afternoon. The story of this picnic is a very interesting example of what early impulses of life may grow into.

This treat was given when Mr. O'Connell was just twelve years of age and was made possible by the aid of the first money he earned. He and his brothers and sisters had a bank in the kitchen of their home near Havelock, into which they used to put half of all the money they earned and in which it stayed until there was enough to make it worth while removing it to a larger and safer savings establishment. Mr. O'Connell worked all one day picking "chunks" for a farmer in the neighborhood at the munificent rate of fifteen cents for the hundred pounds and he managed to gather about 600 or 700 pounds, enough he thought to bring in at least ten cents. His business acumen, however, was not equal to that of his employer who managed to beat him down to eight cents for the lot. The young lad rushed home, deposited his earnings in the bank. Then was conceived the brilliant idea of having a picnic for the less fortunate children of the district.

The promoter of the idea commenced work at once and appointed his brother and his sisters assistance in various capacities, the sisters to serve strawberries and cream, bread and butter and, while the brother acted as purchasing agent and spent the fund of four cents in a special treat. The patron of the feast, himself, took on his shoulders the work of inviting the neighborhood kiddies to attend and managed to round up thirty-two for his picnic. The first time his chief of exchequer had gone to the store and returned with eight "shambuses," which he had given to the first of the kiddies. The picnic was held on Monday for Bangor where he was a picnic and then will pass through the southern states, holding picnics in three or four cities which he missed on his way north. Following this trip he will return to his home in Canaguary, Cuba.

RECENT DEATHS

Miss Barbara Borthwick. On Tuesday evening, Sept. 19, there entered into rest at the residence of her niece, Mrs. George Ritchie, 117 Spring Garden road, Halifax, Barbara, daughter of the late John and Mary Borthwick. Miss Borthwick was a great sufferer for many years, but bore her recent severe illness with Christian fortitude. She was a devoted member of St. Paul's church and lived a consistent Christian life. In the early part of her illness she was a member of the Rev. Phillips Brooks church and was prepared by him for confirmation. She possessed almost every book written by Bishop Brooks. The funeral, which was private, took place on Thursday morning, the interment being at St. John's cemetery. Miss Anna M. Knight and Mrs. George F.

Smith, of 195 Paradise Row, this city, are pieces of the late Miss Borthwick.

Mrs. Ellen K. Killoran.

After an illness of some duration, Mrs. Ellen Killoran, died at her home in Belvedere on Saturday, Sept. 16, at the age of sixty-three years. She was a native of County Clare, Ireland, but had lived in Belvedere for thirty-six years. She is survived by four sons: James, Frank, William and Walter, and one daughter, May, all of Belvedere. Her four sons acted as pall-bearers—the two vacant places at the side of the coffin representing those of the two sons, John and Joseph, who died several years ago, both at the age of eighteen. The funeral took place on Tuesday morning to the Roman Catholic church where requiem high mass was celebrated by Rev. Van de Mortel. Interment was made in the Catholic cemetery in Belvedere.

Miss Sarah Ryan.

Norton, Sept. 22.—The death of Miss Sarah Ryan occurred here today at the home of her mother, Mrs. Mary Ryan. The late Miss Ryan is survived by her mother, one sister, Mrs. Joseph Digges, of Boston, and one brother, Bernard Ryan, of Montreal. She was ill about eight months, and previous to her illness was employed as a stenographer with the farm settlement board, in St. John.

DIPLOMATIC POST GOES TO WOMAN

Miss Atcherson of Columbus, Ohio, Named by Harding

Washington, Sept. 23.—In accordance with an agreement he made a few days after becoming president, that women should have recognition in a branch of federal service, therefore closed to them, President Harding sent to the nomination of Miss Lucille Atcherson of Columbus, Ohio, as the first woman to be secretary of an embassy or Legation of class four. She is the first woman selected for a diplomatic post of that importance.

"A Terrible Experience"

"I Recall My Experiences with the Burglar with Feelings of Horror!"

"How would you feel if you wakened in the middle of the night with a flashlight shining in your eyes and the gruff voice of a man threatening that, 'if you make the slightest noise, I'll shoot?' That was my experience the end of last March when my husband was away in the woods and I was alone with my three children. Everytime I think of this experience a shudder passes over me and as long as I live I shall remember it. At the time I really thought I would die. It's a wonder my heart did not stop beating. I was so weak that even if I had any desire to move, I could not. I was bathed in a cold, clammy perspiration. Even to recall the shocking details now makes me shudder. It was a result of this shock that I contracted a high fever and for hours at a time I was delirious. I got so bad that the doctor finally gave up hope of my ever recovering, but by careful nursing, I was finally pronounced out of danger. The shock had left me so weak that, for no reason whatever, I would suddenly burst into tears. All the life seemed to have been taken out of me. I kept getting weaker and weaker, so much so that my husband and children were constantly worrying about me. Doctors prescribed for me and while I willingly tried their medicines, only a very few of them did me any good, but unfortunately the good was not lasting. My family asked me if I would try Carnol and I said, 'I was willing to try anything,' but felt that it would not do me any good. Four bottles of Carnol taken regularly, has completely restored my former health and strength and, while I occasionally recall my experience with the burglar with feelings of horror, I am otherwise as well and strong as I have ever been. Carnol is the most wonderful preparation I have ever used for building and restoring health and strength. It has done wonders for several of my friends to whom I have recommended it." Mrs. McC.

CHIFFON VELVETS

Just now there is an increasing demand for chiffon velvets. They are decreed "the season's best fabric" for frocks of the dressier sort. We have lately received all these new colors: Fuchsia, Tan, Mauve, Grey, Sapphire, Copen, Navy and Brown. 40 inches wide, \$4.75. Black, 39 and 41 inches wide, \$4.10 and \$5.75 yard. (Silk Dept., Second Floor)

NEW FALL BLOUSES

No matter how smart the costume happens to be, the effect is lost unless you choose the right blouse to wear with it. Our newest collection features beautiful Overblouses and Slip-ons in crepe-de-chine, radium lace, Georgette crepe and other lovely fabrics. These are many times handsomely trimmed with rich embroideries, beads, or some contrasting material. There are some new colors to choose from.

HAND-MADE VOILE BLOUSES

are also very dainty and attractive. Exactly what you'll want to wear with your tailored street costume.

NEW UMBRELLAS

Everyone needs a nice umbrella in the fall. Here you will find a fine variety of the popular strap and ring-handled kinds. Some are tipped with white or amber and have blunt ends to match handles. Colors include green, purple, navy, grey and black.

NEW FUR GARMENTS

The beauty of the new season's fur garments is hard to describe. Skillfully matched pelts are made into Coats, Wraps and Neck Pieces of graceful lines. Never have furs more advantageously demonstrated their beauty and high quality. Skins have been combined in various artistic ways, making luxurious garments much to be admired. M. R. A. Ltd. Values Invite Comparison

THE LITTLE FURS TO DON WITH FALL COSTUMES

The new line of Fur Neck Pieces showing here emphasize the vogue for Chokers, Ties, Stoles and Animal shapes. You may choose a suitable piece from among the following furs: Male, Blank Sable, Fox, Raccoon, Lynx, Australian Opossum, Grey Squirrel, Taupe Squirrel, Ermine, Cross Fox, Stone Marten, Hudson Seal, Kit Fox, Electric Seal, Kolinsky, etc.

HYDRO MATTERS WERE DISCUSSED

At a meeting of the executive of the United Organizations held last evening in the Y. M. C. A. building with Roy Willett, the president in the chair, it was announced that the recall proceedings had been delayed by the refusal of some of the canvassers to verify some of the signatures. It was said, however, that the work had been practically completed in less than one month. There are about fifteen hundred names on the recall petition which, the president said, were ready to be presented to the common clerk today.

Change Would Be Dangerous.

It was pointed out that the removal of this clause would be very dangerous to the policy of municipal distribution, and light and power at the lowest possible cost. It was decided at the meeting to send a communication to the New Brunswick Electric Power Commission protesting against the change suggested. No Change in Policy.

NEGOTIATIONS FAIL

Chang Hun, Manchuria, Sept. 23.—An abrupt break down is imminent in the negotiations going on here among Japan, the Moscow Soviet government and the Far Eastern Republic of Siberia owing to Russian demand that Japan immediately evacuate the northern half of the island of Sakhalin. Both delegations while awaiting final instructions from their governments announced yesterday that they were prepared to depart.

HUSBAND AND WIFE NEARLY DEAD WITH CHOLERA

The chief symptoms of cholera are vomiting, and purgings occur either simultaneously or alternately, and are usually sudden and very violent, and the matter ejected from the stomach has a bilious appearance and a nasty bitter taste. On the first symptoms appearing, Dr. Fowler's Extract of Wild Strawberry for cholera. My husband and I were pretty nearly dead with it until we started to use your medicine, and thanks to it, we have found great relief, and are recommending it to all our friends. 77 years' reputation stands behind "Dr. Fowler's," therefore you are not experimenting with some new and untried remedy when you get it. Price, 50c. bottle; put up only in The T. Millburn Co., Limited, Toronto, Ont.

New Fall Blouses

No matter how smart the costume happens to be, the effect is lost unless you choose the right blouse to wear with it. Our newest collection features beautiful Overblouses and Slip-ons in crepe-de-chine, radium lace, Georgette crepe and other lovely fabrics. These are many times handsomely trimmed with rich embroideries, beads, or some contrasting material. There are some new colors to choose from.

Hand-Made Voile Blouses

are also very dainty and attractive. Exactly what you'll want to wear with your tailored street costume.

New Umbrellas

Everyone needs a nice umbrella in the fall. Here you will find a fine variety of the popular strap and ring-handled kinds. Some are tipped with white or amber and have blunt ends to match handles. Colors include green, purple, navy, grey and black.

Chiffon Velvets

Just now there is an increasing demand for chiffon velvets. They are decreed "the season's best fabric" for frocks of the dressier sort. We have lately received all these new colors: Fuchsia, Tan, Mauve, Grey, Sapphire, Copen, Navy and Brown. 40 inches wide, \$4.75. Black, 39 and 41 inches wide, \$4.10 and \$5.75 yard. (Silk Dept., Second Floor)

Polishing Outfits

That are compact and serviceable. Think of it— A Good Polishing Brush, A Velvet Polishing Pad, and a Box of Good Polish neatly packed in a metal case. Always handy and never in the way. Black or Brown. 75 cents. You Surely Need One of These. McROBBIE. Foot St. John 50 King Street

DIPLOMATIC POST GOES TO WOMAN

Miss Atcherson of Columbus, Ohio, Named by Harding

Washington, Sept. 23.—In accordance with an agreement he made a few days after becoming president, that women should have recognition in a branch of federal service, therefore closed to them, President Harding sent to the nomination of Miss Lucille Atcherson of Columbus, Ohio, as the first woman to be secretary of an embassy or Legation of class four. She is the first woman selected for a diplomatic post of that importance.

"A Terrible Experience"

"I Recall My Experiences with the Burglar with Feelings of Horror!"

"How would you feel if you wakened in the middle of the night with a flashlight shining in your eyes and the gruff voice of a man threatening that, 'if you make the slightest noise, I'll shoot?' That was my experience the end of last March when my husband was away in the woods and I was alone with my three children. Everytime I think of this experience a shudder passes over me and as long as I live I shall remember it. At the time I really thought I would die. It's a wonder my heart did not stop beating. I was so weak that even if I had any desire to move, I could not. I was bathed in a cold, clammy perspiration. Even to recall the shocking details now makes me shudder. It was a result of this shock that I contracted a high fever and for hours at a time I was delirious. I got so bad that the doctor finally gave up hope of my ever recovering, but by careful nursing, I was finally pronounced out of danger. The shock had left me so weak that, for no reason whatever, I would suddenly burst into tears. All the life seemed to have been taken out of me. I kept getting weaker and weaker, so much so that my husband and children were constantly worrying about me. Doctors prescribed for me and while I willingly tried their medicines, only a very few of them did me any good, but unfortunately the good was not lasting. My family asked me if I would try Carnol and I said, 'I was willing to try anything,' but felt that it would not do me any good. Four bottles of Carnol taken regularly, has completely restored my former health and strength and, while I occasionally recall my experience with the burglar with feelings of horror, I am otherwise as well and strong as I have ever been. Carnol is the most wonderful preparation I have ever used for building and restoring health and strength. It has done wonders for several of my friends to whom I have recommended it." Mrs. McC.

Fall Home Brightening New Designs and New Prices in Curtains and Hangings

Fall time is house decorating time, when summer things are stored away and the house placed in order for fall and winter, hangings play no little part in this respect. It is surprising how much "Homeiness" can be accomplished by cheery looking curtains.

Women who visit our drapery department find variety happily linked with low pricings that make the most needed articles easy to possess.

FOUND 13 SUICIDES' BODIES.

Japanese Police Recovered Them in One Week at Foot of Famous Fall.

Nikko, Japan, Aug. 31.—(Correspondence of The Associated Press.)—The bodies of thirteen suicides were found in the basin of the Kegon waterfall in Nikko last week. Prolific and private detectives kept watch on the platform near the point whence the waterfall drops to a deep ravine, but, in spite of this guard, every year the beautiful Kegon claims a large number of victims.

PRIVY COUNCIL TO DECIDE PRECEDENCE OF JUDGES

Edmonton, Sept. 23.—The case of the Alberta judgeship, in which is involved the determination of whether Mr. Justice Harvey or Mr. Justice Scott is to be ranked as Chief of the Appellate Division of the Supreme Court, is expected to go before the Privy Council in October. Notice has been sent to the Attorney-General to the effect that leave to hear the case having been granted by the Privy Council, it will shortly be up for argument, but a definite date has not yet been assigned. In the meantime, both the judges have indicated their willingness to accept the finding of the Privy Council, and the work of the court is proceeding peacefully pending the final hearing of the case.

A meeting of the directors of the St. John and Quebec Railway Company, was held yesterday afternoon at the government rooms. The new member of the board, Robert Bayley of Fredericton, took his place and will fill the office of secretary. Matters of routine business only were dealt with.

The residence of William Hare of Whiteville, near Newcastle, together with all outbuildings were destroyed by fire yesterday. The origin of the fire is unknown. The loss is said to be about \$10,000 with no insurance.

**TWICE DIVORCED,
NOW ASKS ALIMONY**

Court Lacks Jurisdiction in Separation Plea of Woman Wed in Three States—Husband Denies Cruelty.

New York, Sept. 23.—Supreme Court Justice Marsh had to decide whether in the case of a woman born in Missouri who married her first husband there and then divorced him, married a second in Georgia and lived with him in West Virginia and divorced him, and finally moved to Texas and met her third husband in Louisiana, married him in Pennsylvania, and then lived with him in New York, the courts of New York have jurisdiction to hear her suit for a separation from the third husband. Justice Marsh ruled that New York had nothing the woman said she heard her husband once "lived in Greenwich Village, near the Washington Arch." The court denied her application for alimony.

Justice Marsh heard the application of Mrs. Betty Pearl Schuller for \$1,500 a month alimony for the support of herself and son, Lavon Carl, the child of her first husband, pending her suit for a separation from Charles P. Schuller on the ground of cruelty. She declared that her husband was about 50 years old, twice her own age, and made from \$50,000 to \$60,000 in the cut glass business, and was worth \$250,000.

Mrs. Schuller related a story of three disappointing marriages which filled several scores of typewritten pages, and told the court she could have thought of more to tell if she had not spent all night drawing up her story. "If there was ever a case where a lady of the land was subjected to cruelty and other mistreatment at the hands of a husband, this is the case," she said. "He is a fiend incarnate."

Mrs. Schuller said she had a school-girl romance with one John E. Blaine, and had to divorce him for non-support after their child was born. "Then the World War broke out," said Mrs. Schuller, and added that she answered the call "of our country, and gave my all to do everything I could," and "administered a great deal of solace and comfort and alleviated the sufferings of America's best blood." "Many called

me an angel come from Heaven," she said.

While engaged in War Camp Community work she met a Lieutenant, Sherwood F. Smith at Camp Hancock, Ga., and married him. "This resulted in a dismal failure, for immediately upon his discharge he embarked upon a devious and criminal method of earning a living, by gambling," said Mrs. Schuller. "At Huntington, W. Va., where we lived, he committed many acts which caused me humiliation, and I divorced him."

Mrs. Schuller says she went to the home of her parents at Olden, Texas, and when on a trip to New Orleans, she met Schuller, whom she married in Pittsburgh on April 13 last.

Schuller posed his wife's application on a ground that he had never lived in New York. He declared that she never told him of marrying anyone but Smith, and that when she married him she stated to the marriage license clerk that Smith died in April 14, 1917, and that he was her first husband.

The Economy Side of Home Dyeing

This letter tells the story—

"I feel it my duty to write and tell you how much I appreciate your wonderful dyes. Last week I paid \$4.00 for having a suit dyed a chocolate brown and when I received it, it looked like a rusty black. I felt so discouraged because I did want a decent suit and I knew I could never wear that one.

"I had used SUNSET on waists but would never have thought of trying a suit only for this suit being returned in this manner.

"At last I decided to either improve my suit or spoil it and I bought some SUNSET black dye and used it.

"I can never praise SUNSET Dye enough and think you should know how people feel about your dyes."

N. B. The average cost of dyeing a suit with SUNSET is 60c. "A word to the wise is sufficient."

BEATEN VETERAN TELLS OWN STORY

Hospital 81 Hearings Re-opened to Receive Testimony of John B. Martin—Protests Term of "Nut."

New York, Sept. 23.—Appearing as a voluntary witness before the committee which had been making an official investigation into conditions at United States Veterans' Hospital 81, John B. Martin, an overseas veteran, formerly a patient there, testified that he had been beaten by four attendants at the institution and that he fainted. He said that he had been drinking some, but was not intoxicated, although he admitted it took six policemen to get him into G ward (where the violently insane are confined).

The committee, which consists of Dr. Guy D. Ireland, and C. H. Jewett for the Veterans' Bureau, and Martin W. Littleton representing the public, had announced last Monday it would hold no more hearings. Martin, however, heard that his case had been presented during the inquiry by another former patient, Jeremiah Woods, and he asked that he be allowed to tell his story. The committee agreed and Martin appeared before it yesterday in the office of Mr. Littleton at 149 Broadway.

First of all he said that he wanted to refute a statement made by Woods that "Martin is a nut if there ever was one." He had seen eighteen months' service in France, he said, six months of which he had been under fire. On one occasion, he had been hurled a score of feet through the explosion of a high explosive shell. This had left him in a highly nervous condition, he said, and although he received an excellent discharge from the army, he found it necessary to apply for compensation and treatment. He is the sole support of his mother, he said.

Martin testified that at Hospital 81 his compensation had been cut to \$22 a month, and this had made him despondent.

"I never used liquor before," he said, "but I had to take my mind off my troubles, so I began to go round to a bootlegger's joint near the hospital."

The hospital record of his case put in evidence before the committee on last Monday showed that Martin had gone out on pass on Aug. 6 and returned intoxicated. It is alleged he attempted to assault a doctor, and had to be carried over his shoulder by six policemen. There he was put in a straitjacket. An affidavit by the ward nurse affirmed that while Martin had undoubtedly been badly beaten, it had happened before he was brought into the hospital. There had been no brutality used by any attendants, she declared.

Martin said that he had come in that night "with a few drinks under my belt," but "plenty able to take care of myself."

"Jerry Woods and I," he said, "were lying out on the grass in front of the main building, when a doctor came up. I don't know the doctor's name, but I can identify him. He asked us roughly what we were doing there, and then ordered us back to our work. I got mad and was going to paste him, but Woods held my arms."

At this point, Martin said, a couple of policemen who were passing came up and tried to help the doctor get the two patients back. They were finally joined by four others. Finally he was overpowered and strapped in a straitjacket.

The nurse, he asserted, was present all the time, but she couldn't prevent the attendants from hitting and kicking him. One man would hold him up, he said, and the others would punch him. Finally they let him fall over on a bed and began to kick him. This continued until he became unconscious.

Martin said he lay in a stupor caused by the beating he got, for about four and a half hours. Next morning, he was so sore and stiff that he was unable to stand.

After Martin had finished his story, the committee went into executive session. It expected to complete its work last night and Mr. Jewett said in all probability a report would go to Colonel Forbes today.

ORIENTAL SNAKE STEW IS A LUSCIOUS DISH
Puppy Flanks and Filleted Cats In It.
Victoria, B. C., Sept. 23.—Nice flaky, luscious snake meat; tender puppy flanks; filleted cats and fat ducks.
That is what composed the tasty stew of the Chinese junk Amoy after the

crew subdued a big snake which came aboard and attacked them one night while they were anchored off the China coast. The Amoy is the little Oriental craft of 30 tons that arrived in Astoria harbor Tuesday after an 80-day sail across the Pacific Ocean.
Captain Ward, who made the trip with his Chinese wife, little son and a small Chinese crew, told of being suddenly awakened to find a huge reptile, as thick around as a man's thigh, which

had swam out from shore, slithering down into the cabin from the deck. The captain grabbed the loaded gun with which it is always necessary to go to bed on the China coast. It took four shots to kill the attacking snake.
The monster was hauled upon deck. The Chinese crew at once got busy on him with their knives, the captain said, and with the other foregoing choice meats they and their friends set out and had their feast of the year.

Preserve Grapes Now

Blue Concord and Niagara grapes make delicious jelly, jam, grape juice, etc. Your dealer can now supply you with these varieties grown in the Niagara Peninsula, famed for the flavor of its grapes. Red Rogers are also obtainable. This is a large red sweet grape excellent for table use. This year's crop is fine in quality. Prices will remain firm.

The stamp of the Niagara District Grape Growers on a basket means better grapes, carefully graded and packed. Ask your dealer for baskets with this stamp. You will then be sure of getting the real Niagara District Grapes.

What Do You Need in the Kitchen?

Late fall, with its extra culinary activities, brings with it usually the replenishment of Kitchen Utensils of almost every description. Every home has such needs just now. We mention here

By Way of Suggestion

APPLE PARERS which peel, core and cut the apples much more quickly and nicely than you could do it by hand. An ingenious little machine at moderate cost.

PARING KNIVES for vegetables and fruits which must be peeled by hand. Especially do we recommend the Stainless Steel Paring Knife which costs but 30c. Other kinds at 5c. and 10c. each.

WAFFLE IRONS—Piping hot waffles are just fine these cool days. And our Waffle Irons are the latest and best you can find. Also we offer Pancake Griddles of Solid Iron and of Aluminum.

ICING SPRINGES for decorating cakes, with end-pieces of varied designs. Your culinary department is not complete without one.

COOKING WARES of all kinds in "Wear-Ever" Aluminum; Blue, White and Grey Enamel; also "Pyrex" Transparent Glass Oven Baking Dishes.

KITCHENWARE DEPARTMENT STREET FLOOR

A SINGLE TIMES AD. BRINGS BACK PURSE

Sergeant Strachan of military headquarters staff, has reason today to be thankful for a woman's honesty and the Times' classified advertisements. One day this week he was in the Victoria Hotel and while there dropped a purse containing, among other things, fifty dollars in money. His loss was not noticed until too late to look for the property with any hope of finding it so he decided to advertise in the hope that it might have been picked up. On Friday night he inserted a classified advertisement in the Times telling where he had lost the money and describing the purse with the result that one of the hotel scrubwomen, on reading the ad, returned the money to the sergeant. His thanks were very substantially given in the form of a reward for the woman's honesty. The sergeant said last night that he thought this act was certainly deserving of some mention, the money could have been kept without his ever knowing what had become of it.

LOCAL NEWS

ENGAGEMENT.
Mrs. Winford A. Webb of Fallville announces the engagement of her sister, Jennie Louise Segge, to Andrew Martin Campbell, the marriage to take place in October.

LEAVE FOR WEST.
J. M. Queen, manager, and David Hipwell, agent of the Canada Life Assurance Co., who have been transferred to British Columbia, will leave for Vancouver this evening. Mrs. Hipwell and daughter, Miss Annie, will remain in St. John for a few weeks before proceeding west.

RETURNING TO STATES.
Mr. and Mrs. Thomas Murphy are to leave today for their home in Medford, Mass., after a very pleasant visit to Mr. Murphy's sister, Miss Eva Murphy, West St. John. Mr. Murphy left here a good many years ago and has been filling an important position with the Boston Elevated Railway Co. He has been happily renewing friendships of other days, and he and his wife have been heartily welcomed.

FOR BRIDE TO BE.
The class of which Miss Alva Bissett is teacher in German street Baptist church and some friends of the bride-to-be gathered at the home of S. H. Davis, Prince William street last evening and tendered her a novelty shower in honor of her marriage. After the presentation of the gifts by Misses Amos and De Wolfe as brides and groom, dainty refreshments were served and the evening was enjoyably spent.

MISS SARAH RYAN.
The death of Miss Sarah Ryan occurred yesterday at the home of her mother, Mrs. Mary Ryan, at Norton, following illness of about eight months. She leaves her mother, one sister, Mrs. Joseph Diggins of Boston, and one brother, Bernard Ryan of Montreal. Up to the time of her illness Miss Ryan employed by the department of agriculture at the provincial immigration office here. She was extremely popular, both with her employers and with her fellow-employees, and achieved a reputation as a conscientious and hard worker, as well as for her happy disposition. During her time in the city she made a great many friends, and her death will bring a keen sense of loss to them all.

DEMPESEY TO WOODS TODAY
Jack Dempsey, world's heavyweight champion, and party will leave on C. N. R. No. 14 this afternoon at 120 for Havelock, N. B., where they will enter the woods for a two weeks hunting trip. They have secured the services of Guide Kierstead and his aid to secure some moose and deer. This morning members of the party went on a sight seeing tour about the city. Many citizens, who do not have an opportunity of seeing the heavyweight champion on his recent visit, took advantage of his presence in town today to seek an introduction. The party expect to return here on their way back to the states.

CHESLEY-GILCHRIST.
At three o'clock this afternoon, at the home of the bride, 114 Victoria street, Rev. G. D. Hudson will unite in marriage Mrs. Sadie Gilchrist and Ambrose Purdy Chesley, 274 Main street. After the ceremony, a buffet luncheon will be served, and Mr. and Mrs. Chesley will leave on the Fredericton train on a short wedding trip. The bride's traveling suit is navy blue tricotine with mole scarf and hat to match. Many beautiful presents have been received, among them being a handsome parlor table and an electric lamp from the employees of the Maritime Mill Works, where the groom has been employed as leading engineer for some years. J. C. Chesley, agent of the marine and fisheries department, is a brother of the groom.

IS ILL IN BOSTON
Word received from Boston is to the effect that A. M. Belding hopes to be out of hospital by the end of this week and home by the end of next week. Mr. and Mrs. Belding went to Boston for a holiday, arriving there on Sunday, Sept. 10. That very night he had to go to the hospital for an emergency operation to relieve agonizing pains in his right ear, the sudden and unexpected after-effect of a previous severe attack of grippe. This minor operation had to be repeated for the fourth time and there was a for a week grave fear of one much more serious. This, however, was happily avoided by the skill of the specialists, and during this week the patient has improved very rapidly. He and Mrs. Belding therefore hope to be home about the first of the month.

BURIAL TODAY.
The funeral of Mrs. Margaret Lawrence will take place from her residence, Manawagonish road, this afternoon. Service will be conducted at the end of this week and the grave by Rev. W. M. Townshend of St. Columbia Presbyterian church. Interment will be in the family lot in Cedar Hill. Many beautiful floral tributes have been received testifying to the high esteem in which Mrs. Lawrence was held. They include—Wreath, husband; crescent, Brother Roland and family; star, Brother James and wife; spray, Mr. and Mrs. Charles Morrison; spray, Mr. and Mrs. Wm. Morrison and family; spray, Mr. and Mrs. George Morrison; spray, Mr. and Mrs. Len. Cougle; spray, Mr. and Mrs. D. O. Pirie; spray, Mr. and Mrs. Charles McEachern; spray, Mr. and Mrs. Charles Mason and family; cross, Tom and Fred Burden; wreath, Mr. Quinton; spray, Mrs. James Mason; bouquets, Mrs. W. Linton, Mrs. Richardson, Mrs. Wm. McCavour, Mrs. Garret, Mrs. Richards, Mr. and Mrs. Rose; a spray, Mr. and Mrs. S. C. Tibbitts.

FOR CHEAP LIGHT AND POWER

Campaign for Citizens' Rights Going With a Swing—Feeling Strong for a New Mayor.

(Contributed by Hardware Clerks' Association.)

Now that the papers for the recall of Mayor McLellan have been filed, the citizens generally feel that the campaign for power at cost has again come to life, after an apparent lull during which time the upholders of municipal distribution were securing the necessary signatures. One of the outstanding features during the canvass for signatures was the practically unanimous feeling of opposition to the mayor's recommendation of the acceptance of the Board offer. In fact this proposition was treated as a thing of the past, and it was also made very clear to the canvassers that the recall of the present mayor was very necessary. It is to be expected that the friends of the power company, and the opponents to light and power at cost will go back to the old arguments used in Ontario municipalities at the time when those communities were in the same position as St. John is today. One of the most surprising and astounding situations that has arisen in St. John's fight for cheap light and power is the attitude of Mayor McLellan, who has apparently gone back altogether on his pre-election campaign speeches. This attitude is difficult to understand, and brought forth many pointed comments from signers of the recall papers. The feeling of the voters was very strongly with the movement for the mayor's recall. It will not be difficult to find a successor to the present mayor who will be elected by an overwhelming majority, but this successor must be a man with the welfare of the community at heart, and a man determined that the citizens shall have power at cost, and at the lowest possible cost, without private profit. There are men in St. John who believe that what has been done hitherto can be done in St. John. We have business men in this city who feel that we Easterners are of the same calibre as the much talked of Westerners. If St. John is to look for industrial expansion, she must have cheap power. If the citizens of St. John are to enjoy the many electrical home appliances for labor saving, they must have low rates. Musquash power and civic distribution will give low rates both to power and domestic users.

PETITION FOR A PLEBISCITE

Residents of East St. John Sign Address to Municipality on Sewerage Question.

In favor of the Parish of Simonds Water and Sewerage Act one merchant of East St. John has obtained signatures to a petition for a plebiscite on the question, called for by the act.

Feeling that there was some need for organization, J. A. Sheehan, took up the matter and started around on last Saturday with a petition for a plebiscite. During the week he interviewed 121 taxpayers and with the result that 103 signed the petition, four expressed themselves as anxious to comply with the city and fourteen favored no change on the ground that an increase in taxes would probably follow.

The act would vest in a board to be appointed by the county council the power to lay any sewers that might be thought necessary in the Parish of Simonds. The only line at the present time is the main line to the Municipal Home. The reason for the petition to the council to hold the necessary plebiscite is that if it is adopted work might be started as soon as possible in order that the side streets be served.

The petition is as follows:
To the Council of the Municipality of the City and County of St. John:
We, the undersigned residents and property owners of East St. John, do hereby respectfully request a plebiscite be held in the Parish of Simonds, County of St. John, regarding the putting in of water and sewerage at East St. John as authorized by Act of Provincial Legislature, said plebiscite to be held at a date not later than twenty (20) days after meeting of Council at which this petition is read and that the work on the water and sewerage be started immediately after the plebiscite is held.

MILES OF LAND IN WEST FIRE SWEEP

Regina, Sept. 23—Starting in a wheat field on a farm nine miles west of the town of Rouleau, twenty-five miles south of here, fire swept a stretch of country twelve miles long by about three and a half miles in width, destroying many tons of hay, a granary filled with threshed wheat and about thirty acres of wheat in stock. Quickly fanned from a smoldering smudge to a roaring stubble fire that burned with the fury of old time prairie fires, it was not brought under control until late yesterday afternoon, after many hours of hard fighting.

There were no large buildings in the fire area. An estimate of the damage was not obtainable early today.

HOLDS THE FIRST PLACE IN CANADIAN INDUSTRY

Montreal, Sept. 23—Speaking at a banquet of the National Millers Association here last night, Hon. J. A. Robb, minister of trade and commerce, said that the Canadian milling industry has first place industrially in Canada with production value running into \$250,000,000 annually. It was Canadian-owned, of all its stocks, bonds and securities issued only about \$3,000,000 worth being held outside Canada.

SHOULD BE PREVENTED

The escapade of a youth coasting down King street yesterday afternoon in a miniature automobile, which was mentioned in this morning's Telegraph, is not the only one of its kind which has occurred to annoy citizens and to endanger the safety of pedestrian traffic along some of the city streets. This morning in Germain street, people had to do some swift moving to avoid a youthful speed demon who was coasting down the sidewalk from the market towards King. It is the opinion of many that this practise should be firmly discouraged and that some steps should be taken to put a stop to such promiscuous endangering of human life and limb.

LUXURIOUS FALL SILKS

Are Now on Display for Your Consideration

We cordially invite you to visit our Silk Department the next time you are out shopping. The new silks for Fall are on display and we think they are wonderful. So will you when you see them. WHERE MOMENTOUS MEETINGS ARE BEING HELD

CHURCH CONGRESS

Anglican Clergy and Laity Will Assemble in Force at Sheffield.

(By Canadian Press.) London, Sept. 7.—(By Mail)—Clergy and laity of the Anglican communion will assemble in force in Sheffield in the second week of October for the church congress. When, a few years ago, the state-established Church of England was granted a measure of self-government...

Some of the great leaders of thought in the Church of England have promised to attend next month's meeting at Sheffield. The Bishop of Sheffield, Dr. Burrows, will be the president and will be assisted at the reception meetings by the Archbishop of York, the Bishop of Coventry (Dr. Lisle Carr), who was until recently Archbishop and Vicar of Sheffield, the Bishop of Birmingham (Dr. Russell Wakefield), the Bishop of Southwell (Dr. Hoskins), and the Bishop of Wakefield (Dr. Eden).

FIRST-HAND EXPERIENCE

Danish Count and Wife Work on Western Farm. Regina, Sept. 23.—Recently the provincial Bureau of Labor and Industries supplied a Danish couple with a farm in this district. The man declared he was inexperienced, but willing to learn, while the woman stated she could cook with the best chef in Canada. Today the identity of the couple was disclosed. They are Count Eric Bergesshaug and his wife of a few months from Copenhagen.

They are now studying western Canadian farming methods at close range and Count Bergesshaug intends to write a book on his experience and also articles for a number of Copenhagen newspapers. They will return to their home shortly via the United States.

MONTEAL STOCK EXCHANGE. Montreal, Sept. 23 (10:30)—Prices were much firmer on the local market today, and some substantial advances were registered, the paper issues being particularly buoyant. Attilibit opened 1/2 higher at 61, Brompton a half at 32 and Sunshin River up two points to 94. Other leaders were steady.

DEATHS

LAWRENCE—Suddenly, at Manawagonish road, Margaret Jean Morrison, beloved wife of Gifford C. Lawrence, in her fifty-eighth year, leaving her husband and three brothers to mourn. Funeral at 2 P. M., Saturday, from her late residence, Manawagonish Road.

PATTERSON—At Vancouver, on September 19, Mildred B. Patterson, beloved wife of E. W. Patterson, leaving her husband, one daughter, mother, father, two brothers and two sisters to mourn.

WARD—Entered into rest after a lengthy illness, at her residence, 7 Golding street, on Sept. 21, 1922, Rebecca Ann Ward, leaving four sons, three daughters, one brother and sister and eleven grandchildren to mourn. Funeral on Sunday from her late residence. Service at three o'clock.

FALLIS—At Montreal, suddenly, on Sept. 16th, 1922, William Fallis, aged sixty-six years, formerly of St. John, leaving one son, of Montreal, and one sister, Mrs. Mary Currie of St. John, to mourn. Funeral took place on arrival of Montreal train. Interment in Fernhill.

CARD OF THANKS Mr. and Mrs. Albert Williams and Mrs. W. W. Williams wish to thank all kind friends and relatives and the Loyalist Temple, No. 13, Pythian Sisters for kindness and sympathy and floral tributes in their recent bereavement.

Mr. and Mrs. Simon Crowley and family wish to thank relatives and friends for kindness and sympathy shown them in their recent sad bereavement also for the many spiritual and material offerings received.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

ROSSLEY KIDDIES TODAY. Today should be an especially attractive one for Imperial Theatre patrons. Not only because there will be another new picture, a very sweet story entitled "Devotion," but because the Rossley Kiddies will be on the stage again at 4 in the afternoon and 8:30 at night. In fact the children will themselves inject considerable novelty into the bill by having some new funny material in school room scene which was not possible to use last week because of long programmes. The serial story will enter upon its fourteenth chapter and will conclude next week.

AT JOHNSTON'S

BROTHERS UNDER ONE ROOF FOR THE FIRST TIME

Notable Reunion of Former St. John Family in Boston—Four Boys Together After Fifty-six Years.

A family reunion in which four brothers gathered under the same roof for the first time in their lives, was one of the features of the visit of George Lawson, of this city, to relatives in Boston this month. The occasion was a gathering of the descendants of John Lawson and his wife, Ellen, formerly of this city, but now residing in East Boston.

All of the brothers were born in St. John, but the eldest left here before the birth of the youngest and they had never all been together at one time before. The men who figured in the unique reunion were: William, of Essex, Mass.; George, of this city; John, of North Brantree, Mass., and Walter, of East Boston.

They had a very pleasant time recalling incidents of their boyhood days, but the outstanding fact was their first meeting after fifty-six years.

WHY CANADA WAS ASKED ABOUT TROOPS FOR EAST

London, Sept. 22.—(Canadian Press)—Premier Lloyd George emphatically denied today that the dominions, in any way were being exploited for political purposes. He said the cabinet felt that the sacrifices which Australia and New Zealand had made in Gallipoli entitled them to be consulted when the question of the freedom of the Dardanelles was involved. The cabinet decided, therefore, that those dominions were entitled to participate in the defence of the freedom of the straits, and at the same time, it felt that it was impossible to ask these two dominions to take part in the defence without inviting the remainder of the dominions. Thus, Canada and South Africa were also approached.

WOULD INCREASE TRADE WITH US

Ottawa, Sept. 23.—(Canadian Press)—"There is an extraordinary desire in British Honduras to increase its trade with Canada," so G. R. Stevens, Canadian trade commissioner in Jamaica, has advised the department of trade and commerce. "Indeed," Mr. Stevens adds, "in no part of the West Indies are Canadian sentiment and the desire for Canadian participation in their markets so marked. That is very sound business upon the part of British Honduras. They feel that they have been at the mercy of American jobbers for a long time and that competition will improve prices. This is unquestionably correct. In addition, the acquisition of the Canadian government merchant marine has had a marked effect upon freight rates from the American gulf ports."

TENTH ANNIVERSARY. A surprise party was held at the home of Mr. and Mrs. H. N. Hamilton, 178 Wentworth street, on Wednesday evening in honor of the tenth anniversary of their wedding. The party took the form of a tin shower and Mr. and Mrs. Hamilton received many useful gifts from their friends, who had arranged the affair, and also many hearty wishes for many more anniversaries to come. The evening was spent in the enjoyment of music and games and the party broke up at a late hour after refreshments were served.

Metropolitan Methodist Church, Toronto, is the scene of the joint church union committee, and will be the gathering place for the general conference of the Methodist Church in Canada. Insets show Rev. Dr. Brown, head of the Methodist church of this country, on the left, and Rev. Dr. Pidgeon, who is chairman of the joint committee on church union.

HOPING FOR BETTER DAYS

Petrograd Folk Look for Return of Capital to Their City.

Petrograd, Aug. 30.—(Associated Press, by Mail)—Hope that some day the capital of Russia will be transferred back to Petrograd is buoying up the spirits of many residents of this ghost like city that Peter the Great built to serve as the center of Russia's power.

No official word, not even a semi-official hint, has been given that the Bolshevik regime will return the capital here from Moscow, but many Petrograd people base their hopes that this will occur on the fact that Petrograd was built for government purposes and is far more fitted to house government offices than residents say the government inevitably must return to the city that offers it comfortable quarters and immediate proximity by land and sea, to Western Europe. While the fear of attack exists, these same features of Petrograd's location make it a dangerous site for a capital. Finland is too close, and the Finnish Gulf and the Nova offer anchorage for foreign warships.

Shrewd citizens are now buying up Petrograd's property and holding it against the day when the now almost depopulated city shall again be the crowded capital.

The Petrograd port has shown great activity this summer, but most of the factory chimneys of the city and suburbs are still smokeless, and the streets, as compared with busy Moscow, seem like those of a country village.

A few pedestrians, an automobile or two, now and then a slow moving horse-drawn truck, and the scattering of cars in the great broad avenues laid out by Peter the Great to make Petrograd magnificent, seem lost in the city's spaciousness.

Great government buildings that border the plazas and squares are now empty, occupied only by caretakers, or transferred into museums, open but a few hours each week and even then visited only by sightseeing tours, and now and then a little group of art students.

Many shops are open, selling mostly bric-a-brac from the houses of the once great, but business is dull and money is much scarcer than in speculation-mad, seemingly prosperous Moscow.

GERMAN DYE. London, Sept. 23.—(Canadian Press Cable)—Reuter cable from Melbourne, Australia says a chemist there says he has discovered the secret of the German process for the manufacture of pure indigo dye.

Held Up For Lack of Coal. London, Sept. 23.—Canadian Press Cable)—The "go slow" tactics of the Australian coal miners are having serious consequences, says a Reuter despatch from Sydney. Many steamers are held up in Sydney for lack of coal.

LOCAL NEWS

STORY TELLING. The Saturday morning story telling hour for the kiddies at the public library was continued this morning. Mrs. Harold Lawrence entertained the children and had a goodly sized audience.

LIQUOR CASE. Thomas Short pleaded guilty in the police court this morning to a charge of having intoxicating liquor in his beer shop in Pond street. A fine of \$200 was imposed. W. M. Ryan appeared for the prosecution.

NO PROSECUTION. Annie Sweet, charged with assaulting a child was before the police court this morning, but as there was no one present to press the charge she was allowed to go.

STATISTICS FOR WEEK. There were nine deaths reported in the city this week, one from each of the following causes:—Anæmia, paralysis, diphtheria, cerebral meningitis, cerebral hemorrhage, shock and toxæmia, fracture of skull and cancer of uterus. The marriages totalled ten and the births twenty-two—eleven were boys and eleven girls.

PANTRY SALE. A very successful pantry sale was held this morning in the lobby of the Imperial theatre by the Woman's Auxiliary of the Hammond River church to aid in raising funds to replace church furnishings burned about two years ago. The committee in charge were Mrs. W. S. Harding, Miss Marion Evans, Mrs. J. Leonard and Mrs. A. Dixon.

PRESENTATION. Conferees of Thomas Phillips, in the men's furnishing department of M. H. A. Ltd., presented to him a complimentary address and a fine pipe on the occasion of his leaving the service this week to engage in business for himself. The presentation was made by W. C. Hatfield and Mr. Phillips suitable replied. He has been in the employ since 1906. Mr. Phillips served overseas in the world war, going over with the 104th and joining the 28th in France.

BOYS IN COURT. This was juvenile day in the police court. Sixteen of them, some accompanied by parents, filed into the court room for private hearing. Six of them were charged with destroying ornamental trees in Douglas avenue and four others with stealing wood from Michael Hanson.

CASE DISMISSED. James Hattlet was charged this morning with driving past a standing street car at the head of Long Wharf. He pleaded not guilty. Policeman T. Hennessy was called to the stand to prove the car and had called out to the driver. There had been passengers alighting or getting on the car at the time. Hattlet said he had stopped and when the car started he had started. After the street car had started a man had got on the step and the automobile got past. His evidence was corroborated by Fred Hartshorne. The case was dismissed.

FINE GOLD WATCH PRESENTED TODAY

TO N. R. DESBRISAY

C. P. R. Passenger Department Staff Make Gift to Popular Official Leaving for West.

N. R. Desbrisay, district passenger agent of the C. P. R., who was recently promoted to assistant general passenger agent of western lines from Winnipeg to Fort William, was this morning made the recipient of a magnificent Swiss movement gold watch by members of the passenger department. The presentation was made by Charles D. Strong, chief clerk, who congratulated Mr. Desbrisay on his promotion to a larger field, but regretted that it necessitated his removal from this city. The watch was beautifully engraved; on the outside case were Mr. Desbrisay's initials, and on the inside case the following inscription: "C. P. R. Desbrisay, from the Passenger Department staff, St. John, N. B., September 23, '22." Mr. Desbrisay leaves for Bathurst this evening to spend the week-end with his parents. At the first of the week he will proceed to Winnipeg to take over his new duties.

Mr. Desbrisay entered the service of the Canadian Pacific Railway in 1904 as a stenographer, and a short time later was promoted to the post of ticket agent on the S. S. Empress of Ireland. He remained at that position for two years and was then attached to the steamship traveling passenger agent. From Montreal he was sent to New York to occupy a similar position, and in 1910 was transferred to the New Brunswick district, with headquarters in this city. Since that time he worked faithfully to further the interests of the railway and his recent promotion was gratifying news to his many friends. While in this city he became a member of the Board of Trade, Commercial Club, Union Club and Riverside Golf and Country Club, president of the N. B. Tourist, Game and Resources Association, and always manifested an active interest in their undertakings.

He was an ardent advocate of good clean sport and took a keen interest in baseball and football. He was one of the leading spirits in the formation of the C. P. R. baseball league and himself participated in the games. For three years he coached the Rotherby Collegiate School football team and that his efforts were crowned with success was evinced by the showing of his charges, who won the championship of the interscholastic league.

While his many friends and acquaintances are pleased at his promotion, they regret that it will necessitate his removal from this city. With his departure he will take with him the hearty wishes of all for continued success and prosperity in his new field of labor.

IN WALL STREET. New York, Sept. 23.—(10:40)—Resumption yesterday's late covering movement took place at the opening of today's stock market, oils, equipments, railroads, motors and rubbers leading the advance. Speculative short interests apparently appeared to be unwilling to remain uncovered over the week-end. It turned out to be a very active market with news developments in the Near East, situation. Atchison and Union Pacific, each of which gained a point, led the moderate advance in rails, while Mexican Petroleum, Associated Oil and Standard Oil of California and New Jersey assumed leadership of the oil group on gains ranging from 3/4 to 1-1/8 points.

The inquiry for equipments was led by Pullman and Baldwin, each of which improved a point and more, with similar gains being recorded by U. S. Rubber common and preferred, Bosch Magnet and Studebaker. Market Street Railway prior preferred was pushed up to a new high. There were few exceptions to the upward trend, American Radiator dropping two points and People's Gas, Pacific Gas and Electric, Tobacco Products "A" and Rock Island yielding fractionally.

PERSONALS. Miss Bertha Johnston, of Haverhill, Mass., left today for her home after a delightful two weeks visit to her grandfather, John Johnston.

Mrs. R. C. Lewis and little daughter, Miss, left today for their home after a visit to their parents, Mr. and Mrs. C. T. Nevis, Sydney street, returned to their home in Montreal on Wednesday. Mr. and Mrs. Nevis accompanied their daughter to Montreal and will later visit Mrs. Gordon Scott in Toronto.

H. C. Creighton, general agent of the Canadian National Express Company, and daughter, Miss Jane Creighton, left yesterday morning for an extended trip to the Pacific coast. They will be away about a month.

Mr. and Mrs. W. B. Mahoney will leave tonight on the Governor Dingley on a vacation trip to Boston and New York.

Herbert Connellan will leave for Boston tonight after a short visit in this city, during which he has been the guest of Mr. and Mrs. A. Trear.

Mr. and Mrs. C. A. Brown and daughter, Beryl, of 86 Lansdowne avenue, will leave this evening for Boston to attend the Doherty celebration.

Montreal Gazette.—Mr. and Mrs. Seymour Rathbone have returned to Ottawa from St. John, N. B., where they visited relatives. Miss Edith Troop has returned home to Ottawa from England.

KING GEORGE IN THE HIGHLANDS

Enjoying Life in the Open at Balmoral—The Great Braemar Gathering.

London, Sept. 6.—(Associated Press, by Mail)—King George is enjoying himself these autumn days at Balmoral in the Highlands. More than anywhere else he is here able to get away from ceremonies and formalities and pass his days as an ordinary citizen. He is never without a few guests at Balmoral but never entertains there on a large scale. He does not have to.

He is always an early riser in the Highlands, and almost as soon as the sun has dispersed the mists from the towering hills, the royal piper is serenading below the king's bedroom window, "Siciliana" being some favorite piobach.

Every day at Balmoral a certain routine is followed, for the king makes a point of being in the open as much as possible. One day there is a grouse shoot on the royal estates or some of the neighboring moors, and the next see a deer drive in Balmoral Forest, or a deer-stalking expedition around Loch-nager.

Another day the king may prefer to go fishing on the "Silver Doe," one of the best salmon rivers in Scotland; or, again, the day may be spent in walking within the extensive royal estate or climbing some of the surrounding hills.

Days are set apart, too, for trout fishing on Loch Muik, and for picnics and lunches with the royal household and guests at one or another of the numerous picturesque bungalows which stand in some of the lonely glens within a few miles of the castle.

The great social event on Deeside during the king's holiday at Balmoral is the Braemar gathering. As this day comes from Balmoral are there in the red tartan kilts, with the king's factor to command them. They carry the great Lochaber axe, while the Duff men, who follow them, are armed with the pike, and the Farquharsons with the claymore. Highland games, the dancing of the sword dance, and the stirring of the Braemar day. Such a scene among the heather and brockton colored with all the hues of early autumn in the Highlands, draws spectators from all quarters and of all nationalities.

BOY WAS NOT ONE OF CROWD

Case of Read Blois Dismissed—Magistrate Regrets His Liberty Has Been Curtailed

A case against Read Blois, charged with being one of a disorderly crowd in Parade row several evenings ago, was dismissed this morning in the police court. E. J. Henneberry appeared for the defence. The boy said that he had come from Main street and had heard the noise and seen the crowd, but had not joined in it. He had gone to his home and had come back to the door, when he was arrested by Policeman Gibb.

Mrs. Herbert Blois, his mother, said that her boy had not caused any trouble. He had come in and had then gone out again to get some apples. When he returned he was arrested. He had been making the noise, but he said he did not know whereupon he was arrested. She said she had gone to the police station to see the chief of police.

The magistrate said he was sorry the boy had been kept in jail and that he would be reported to the chief of police. The case was dismissed.

LATE SHIPPING

PORT OF ST. JOHN. Arrived Today. S.S. Governor Dingley, 2866, Ingalls from Boston.

Coastwise—St. Madeleine A. 27, Surlette, from Wedgeport. Cleared Today. Coastwise—St. Madeleine A. 27, Surlette, for Wedgeport.

MARINE NOTES. The R. M. S. P. Chaleur was due to leave Bermuda this morning with passengers and freight for St. John.

The Manchester Port is due to sail from here on Monday for Manchester via United States ports. The Canadian Pioneer sailed from Quebec on September 20 for Montreal. The Canadian Sapper arrived in Montreal on September 21 from St. Johns Nfld.

The Commercial Scout is due in this port this afternoon from New York. She will load potatoes at No. 3 shed for Havana.

The Cassandra is reported due in Quebec Tuesday afternoon and in Montreal on Wednesday morning from Glasgow.

The Saturnia sailed yesterday from Glasgow for Montreal.

THRESHING WELL ALONG IN SASKATCHEWAN FIELDS. Regina, Sept. 23.—About sixty per cent of the wheat crop in Saskatchewan has been threshed, according to an estimate made by officials of the statistical branch of the Saskatchewan department of agriculture.

Threshing in some of the districts near Saskatoon is completed and it is expected that another couple of weeks of fine weather will see practically the entire crop in the southern part of the province in storage on the farm or on route to market.

CHICAGO GRAIN MARKET. Chicago, Sept. 23.—Opening: Wheat—Sept. 105 1/2 Dec., 105 1/4. Corn—Sept., 64 1/2; Dec., 69. Oats—Sept., 39 1/2; Dec., 37 1/2.

Use the Want Ad. Way

PUTTING IT OFF FOR SIX MONTHS

London Comment on German Reparations Settlement

Rumors of Hopes in Germany for Restoration of the Monarchy — Keen Interest is Aroused by Recent Indian Developments.

(From our own correspondent.) London, Sept. 10.—While relief is expressed at the safe passing of the immediate reparations crisis, it would be idle to pretend that the British government is satisfied with the position. What has happened is that Belgium, the first creditor, has offered to accept a post-dated check from a debtor without a balance at the bank, in the hope that when it falls due there will be something to meet it with. This is very obliging of Belgium, and she has put her Allies under a debt of honor to see that she does not suffer for her readiness to compose their differences by herself taking risks. Nevertheless, this is only another postponement of the larger issues, which sooner or later will have to be faced by all the Allies, and we have no guarantee that its solution will prove any the easier six months hence than it has been in the past. Assuming that Germany carries out faithfully the programme of financial reform imposed upon her, six months is scarcely sufficient time for its fruits to be secured. Apart from reparations altogether, she is entering upon a period of stringency inseparable from the process of deflation, and this writer, instead of her resources increasing, she is far more likely to find her industries shrink-

LAST CALL FOR PEACHES FOR. This is your last opportunity to get the finest varieties of Niagara Peninsula peaches for preserving or table use. The best plans for preserving, Darius and Green Gages, are almost finished also. If you have not preserved any of this season's unusually high quality fruit do so now. Prices are very reasonable. Look for the mark of the Niagara Peninsula Growers Limited on containers. It stands for carefully packed, evenly graded fruit. NIAGARA PENINSULA GROWERS, LIMITED GRIMESBY, ONTARIO

ing and widespread unemployment crippling the state. German Reparations. By the way the price of German marks has improved one may well judge of the feeling of relief which the decision of the Commission on Reparations in Paris has produced all round. In fact, we have never yet been so near to a break-up of the Entente with France as on this occasion. But otherwise there is not much in the decision itself which can be considered particularly satisfying. The Germans are simply permitted to replace the cash payments up to the end of the year by treasury bills drawn for six months. Therefore they are accorded a reprieve of exactly the same period. This is too much or too little, too much if France remains firm in her desire to make Germany an insolvent debtor, too little if it is desired to create conditions favorable for the floating of a loan in the U. S. The truth is

that all parties have simply shirked a dangerous issue by putting it off for a few months. This may be satisfactory for speculative holders of marks, but not from the point of view of constructive statesmanship. A Breathing Space. Granting, however, that the present decision is inconclusive, the British government still has reason for satisfaction, since it is convinced that the logic of facts will support its contentions. Time itself is on the side of moderation and economic wisdom, always provided, the cause for precipitate and violent action is removed, and the interval will be fully occupied with negotiations which cannot fall to emphasize at every turn the true situation. As Sir John Bradbury expresses it recently, the choice is between a Germany which can pay something some time, or a bankrupt which will drag others down into the abyss. That fact will have an opportunity of sinking in during these negotiations, and it is likely to be reinforced by the course of events in Germany. The reparations commission is imposing upon her a policy of deflation by the symptoms we have ourselves experienced during our efforts in the same direction. Deflation cannot possibly mean prosperity in six months, however necessary it may be to the ultimate financial solvency, and Germany is probably in for a period of depression in any case. Other Big Events. With expectation out of the way for a time at least, attention will be directed towards other questions in the international sphere which demand instant settlement. Austria and the Near East will be sufficient to occupy the energies of European statesmen. If the Austrian problem is solved by a partition, France and Italy will have to adjust their differences. In regard to the Near East the views of Great Britain, France and Italy all differ, and this writer, instead of being by the military developments. Monarchist Ambitions. A side-light on the present reparations situation is the effect it is having on the aspirations of the Monarchists, not only in Germany, but in the countries where members of the ex-Kaiser's family have taken refuge. The ex-Kaiser and his followers are watching events with great interest on the principle that the greater the misery in Germany the greater the chance of changes, which they believe would ultimately be in favor of the restoration of the old empire. Undoubtedly the proletariat in Germany is contrasting the present weak and impossible administration with that experienced during the old days of Kaiserdom, and the political advantage of the latter. There is a deal of wild talk, which does not get into the German press, much of it concerning the possibility of a military alliance with Russia directed against France. It is, however, only talk, without any responsible backing or encouragement. Nevertheless, it gives some indication of German feeling, which may or may not be widespread among the German masses. Divided Allegiances. Among the monarchists proper there is considerable confusion of aims, and the movement is likely to stultify itself from internal dissensions. The extremists go the whole hog, and imagine that the ex-Kaiser himself will some day return as the head of the reconstructed German Empire, or, if they feel any doubts at all, they think of the ex-crown prince as a second choice. The people, however, ignore realities, and by far the larger number, who believe that the restoration of the empire is the ultimate solution, are searching for candidates who would not on the face of it meet with uncompromising hostility from the Allies. But here the old jealousies of the rival states come into play. The Bavarians pin their hopes to the Wittelsbach family, as do the Prussians, but the Prussians, even the strongest monarchists, cannot stomach the idea of a Bavarian prince occupying the throne of the Hohenzollerns. Prussia looks to one or other of the young sons of the ex-Crown prince as the future monarch, in which case a regency would have to be established. Against this plan, however, there is the undoubted fact that no regency could be strong enough to weather the storm, and before the young monarch was old enough to govern in his own person the reaction would have set in and destroyed the monarchist ambitions once for all. Naturally, each of these tentative schemes presupposes a peculiar and psychological atmosphere, compounded of allied disruption and indifference which is never likely to arise. Whatever our differences over methods of payment, the Allies would immediately unite in face of a German monarchist movement. But the Germans of this school do not realize that truth. Indian Reform. Lord Reading's speech at the opening of the Indian session has been read with the greatest interest by those at home who know the circumstances of Lloyd George's utterance which has created such a storm in the Indian Empire, and which naturally had to form part of the viceroy's text. Of course Lloyd George did not speak without his book, so to speak, as it is usual when the prime minister speaks on a great occasion, this was carefully prepared for him by the department concerned, and needless to say its lines were wholly orthodox in conformity with the spirit of the reform movement. But carried away as Lloyd George is apt to be under the influence of his own oratory he forgot three-fourths of his text book, and over-emphasized the other fourth relating to the L. C. S. This is the very human explanation of a rather disturbing incident. It was then left to the viceroy to clear up the mess as best he could.

Findlay's Pipeless Furnaces. Perfect Heat for The Farm Home. It requires an exceptionally good furnace to heat every room in a farm home. There is a Findlay Pipeless Furnace designed to suit your home. Guaranteed to heat not one room but every room — not part of the time but all the time, under any weather conditions. We are not content merely to sell Furnaces but we also guarantee to thoroughly heat your home. A "Findlay" will save you 25% in fuel and flood every room in your house with June-like warmth, leaving your cellar cool for vegetables, etc. To install a Findlay Pipeless only one hole (for the register) need be cut. We would like to send you our illustrated booklet and testimonials, also guide sheet which will enable you to furnish sketch of your home from which we will supply plan and estimate suited to your need. No charge — no obligation. Merely write your name and address on this advertisement and mail to us. FINDLAY BROS. CO. LIMITED. Carleton Place, Ontario.

The Luxeberry Painter Says. "LIQUID GRANITE is the floor varnish that gives satisfaction. It gives floors a beautiful lasting lustre whether they are of wood, linoleum or oilcloth and provides a surface as hard as granite which withstands every test of endurance. Even boiling water won't hurt it." Specify Liquid Granite—Made by BERRY BROTHERS, World's Largest Makers of Varnishes and Floor Specifications. Waterloo, Ontario.

is agreed that he has done his part very skilfully, and it is hoped that the agitation may be allowed to die down. Reform is on the British statute book. It is therefore a bond which there is no reason to doubt Great Britain will honor to the last letter. Further developments will depend on India and India alone, and the use to which she puts the political instrument which has been placed in her possession. Passing of Great Ships. Naval men will see something ironical in the passing of the battle cruisers Lion and Princess Royal to the scrapheap, under the provisions of the Washington agreement. The point is that the Tiger remains in the fleet, while her comrades disappear. This is in accordance with seniority, since the Tiger is a much later vessel than the other two, and a considerable advance in battle cruiser design, but throughout her career she has been an unfortunate ship, and used to be rather looked down upon by her elder companions in the first battle cruiser squadron. If anything silly was done by the squadron, and such things did happen at times, it was always the poor old Tiger that was in trouble, and, although talked on the eve of his departure for America. His was apparently an eleven hour acceptance, as his name was not included in the list of guests. Obviously his presence was a surprise to most of the members of the club, which was demonstrated by the mild sense of shock the company experienced when the general's name was announced. But there was still another moment of speculative interest when a few minutes later was announced the name of Sir Laming Worthington-Evans, Minister for War, the only member of the cabinet whom General Townsend had deduced in regard to his visit to Turkey still in town. An embarrassing silence came over the company as the right Hon. gentleman stated, for it was obvious that he could not avoid the general. The incident passed, however, with a cool handshake between the two, and then each turned away to mingle among his own personal friends in the company. Thus an awkward moment was passed as much to the relief of the two principals as to the general assembly. Sir Charles occupied a seat at the principal table with Gordon Scridge as his partner. A Water Baby. An interesting inmate of the Zoo at that moment is the baby seal-ion. It is just three months old, and has recently taken to its native element in sober earnestness, in other words, it has found its swimming powers. The only specimen of its species, both begotten and born in a Zoo, its arrival was unexpected even by the watchful keepers; it must, topey-like have grown in the

night, for it was discovered one morning on the island in the pond. Plump and well favored, it looks like attaining maturity, and the appetite of her offspring has turned the mother into a voracious thief. She also keeps a careful eye, from a cove of vantage in the middle of the pond, on the youngster's antics. The sight of the baby endeavoring to get out of the water vastly amuses the onlookers, and for all the world it is like a puppy trying to jump on a bed. A pack of sixteen prairie martlets or dogs safely arrived at the Zoo last week. New Mail-Plane Device. Some extremely important experiments have been secretly carried out, I hear, by the air ministry at the aerodrome at South Farnborough, in Hampshire, with an aeroplane designed to pick up mails from the ground when traveling at full speed. As the spot where the mail bags are placed is approached a device is let

C. N. R. MAY STOP SHIPPING OF BEER. Will Not Take Any Out of Windsor, Agent Says. Windsor, Sept. 22.—The Canadian National Railway still stands firm on its recent order prohibiting the transportation of beer over its lines from Windsor. "I received the order, and notified the breweries, and, as far as I know they have not attempted to ship any beer on our lines," declared G. M. Thomas, local commercial agent for the railway. "There is beer coming into Windsor on our lines, but I can do nothing in that matter. It is up to headquarters to make the rulings. I believe they are working on the matter now, and it is quite likely that the C. N. R. will not transport beer from any brewery in Canada," Mr. Thomas added.

Ford TOURING Through the Clouds. THE bright sun of prosperity is breaking over the plains. The period of depression in Western Canada is definitely over. Says the foremost authority on Economics:—"We have come to the point where we can honestly say that we are on the upward side of the business cycle." ture cost \$67,000 and is due for a good five years' run. First work began May 5 and here are the first market results. In consequence the stock in the Ottawa company has jumped up 25 points, selling at 125. And now they have gone ahead with another picture, Glengarry School Days.

ST. JOHN KNIGHTS ON PILGRIMAGE TO NEW ENGLAND

Tonight's Eastern Steamship Company liner Calvin Austin will carry away one of the merriest parties of the season, when Royal Visier James S. Lord, of St. Stephen, of Adlia Temple No. 157, Dramatic Order Knights of Khurassan, will have charge of fifty members of his Arabic order and their ladies en route to Boston for a return visit to Abou Ben Adhem Temple No. 143, whose members graced St. John with their presence this last summer for several happy days.

Not only will St. John be well represented in this pilgrimage but other parts of the maritime provinces are sending small delegations, as Adlia Temple is the only branch of the D. O. K. K. order in the maritime provinces. Up to last night the following persons had enlisted with Secretary H. M. Akley for the journey: James S. Lord, A. H. Robinson, St. Stephen; W. H. Stratton, Charles L. Stevens, Moncton; E. E. Smith, Gloucester; Gilbert C. Trites, Moncton; E. E. Wetmore, Rupert Taylor, F. M. Hamm, G. R. Waring, A. P. Till, James H. Garrick, W. E. McLellan, Frank W. Hunter, G. E. Speight, William Roberts, Harry Gorbam, F. W. Dwyer, W. E. Demings, K. H. Colwell, St. John; Horace Niles, Fraser Dunbar, Fred A. Thompson, C. A. Williams, J. R. McKenzie, Fred J. Smith, Fredericton; Mr. and Mrs. C. A. Brown, Mr. S. Dunham, Mr. and Mrs. T. W. Perry, Mr. and Mrs. W. E. Campbell, Mr. and Mrs. W. B. Mahoney, Mr. and Mrs. John R. Larsen, St. John; Mr. and Mrs. Herbert Barnes, Halifax; Mr. and Mrs. Walter S. Carson, Mr. and Mrs. Gordon C. Trites, Moncton; Mr. and Mrs. A. F. Belding, Mr. and Mrs. W. W. O. Fenety, Fredericton.

What the League Has Achieved.

(Ottawa Citizen.) American readers were given an authoritative summary of the actual accomplishments of the League of Nations in the September issue of Current History, by Arthur Sweetser, a member of the league secretariat at Geneva. First and foremost among the achievements of the league in this regard was in connection with the Yugoslav-Albanian difficulty in September, 1921. Within one week of Lloyd George's request that the council consider the situation, notices had been sent out and the nations assembled around the conference table, as a result of which an impending war was averted.

The second achievement is the formation of a world court of justice and world organizations of transit, finance, economics, etc. Within twenty-seven months of its inception the world court of arbitration was in actual session—this being the quickest drafting, ratification and exception of a peace-time international proposal that has ever taken place. This court is unprecedented in being a permanent court, and a court of law, and in having the nations that will give it complete jurisdiction over all disputes arising between them.

The third achievement is in connection with actual world reconstruction. The three conferences at Brussels, dealing with Austrian finance; at Paris, dealing with passport and customs procedures, with and at Barcelona, which laid down a new international law for liberty of transit in connection with trade—are its most notable features.

The fourth achievement is essentially a promise of what the world is looking for, in hoping for a future possibility, namely, the prevention of actual hostilities. In this connection the Yugoslav-Albanian difficulty, referred to above, which had almost reached a breaking point, was settled and hostilities

prevented, and successful mediation was accomplished in the case of the Aland Islands and Upper Silesia. In the latter instance, the satisfactory solution was reached after the Allied supreme council, representing the most prominent military body in the world, had admitted its own complete failure.

The other achievements have had to do with the arranging of a new kind of international supervision in certain vexed peace conference problems of mandated minorities, the Saar Valley, and Danzig with the co-ordination of many isolated and struggling international activities, such as the opium and its associated traffic, and the co-ordination of various humanitarian tasks, such as the repatriation of almost half a million prisoners, the helping of nearly a million Russians and the freeing of thousands of Christian women held prisoner in the hands of the Turk.

Such in brief is the history of the achievements of the League of Nations up to the middle of July of this year. It does not claim to be, nor do its friends claim that it is, a super-state; rather it is what has been termed a co-operative world movement, the first of its kind in history.

"Canada Permanent Bonds"

The Bonds of this Corporation are designed to meet the needs of all classes of investors. They are issued in sums of \$500 and upwards for terms of one or more years. They are made payable on any date desired, and may be renewed at maturity.

You cannot invest your money more safely than in these bonds, which bear a specially attractive rate of interest, for which coupons, payable half-yearly, are attached.

The experience of more than sixty-seven years has been brought to bear upon the investment of all moneys and the selection of securities therefor.

CANADA PERMANENT MORTGAGE CORPORATION New Brunswick Branch, 63 Prince Wm. Street, St. John, N. B. R. F. WRIGHT, Manager. T. A. McAVITY, Inspector

point, was solved, the Polish-Lithuanian prevented, and successful mediation was accomplished in the case of the Aland Islands and Upper Silesia. In the latter instance, the satisfactory solution was reached after the Allied supreme council, representing the most prominent military body in the world, had admitted its own complete failure.

The other achievements have had to do with the arranging of a new kind of international supervision in certain vexed peace conference problems of mandated minorities, the Saar Valley, and Danzig with the co-ordination of many isolated and struggling international activities, such as the opium and its associated traffic, and the co-ordination of various humanitarian tasks, such as the repatriation of almost half a million prisoners, the helping of nearly a million Russians and the freeing of thousands of Christian women held prisoner in the hands of the Turk.

Such in brief is the history of the achievements of the League of Nations up to the middle of July of this year. It does not claim to be, nor do its friends claim that it is, a super-state; rather it is what has been termed a co-operative world movement, the first of its kind in history.

Latest Shipman Film Gets Advance of \$125,000

Ottawa picture produced under the management of the technical end of New Brunswick Films, Ltd., shows this record to date:

Begun May 5. Dealer Inspection in New York last week.

Total Cost \$67,000 First Sale \$125,000 (Paid in Cash Advance)

To sell yet—about five or six years.

Not only have initial results returned the original capital paid in, but they have provided a margin that more than secures a second picture for practically nothing. "The Man From Glengarry" is being followed by "Glengarry School Days," which, favored by the use of much of the original equipment, can be well covered by \$40,000 of the \$125,000 brought in at the start of the first production.

Business men who have realized the advantages enjoyed from the standpoint of Maritime scenery and story by "Blue Water," should address their subscriptions to The New Brunswick Films, Limited, immediately. The lists are about to be closed.

Eastern Securities Co., Ltd. J. M. Robinson & Sons, Ltd.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

Dated at Ottawa, 8th August, 1922.

Jack Dempsey In St. John on Way to Woods

Jack Dempsey, world's heavyweight boxing champion, accompanied by his brother Joseph, of Los Angeles (Cal.); his trainer, Jerry LeVardos; Robert Edgren, former sporting editor of the New York World, and now connected with the Bell Syndicate; Al Currier, Dr. H. F. Pierce and Walter D. Hinds, of Portland (Me.), arrived in the city last night and are at the Royal. The party left this morning by automobile for Havelock to enter the woods in search of big game.

Very few in the city knew that the champion was due last night and as a result when he stepped off the train and was recognized by some local sports the word spread quickly and quite a number followed the party to the Royal.

Interviewed by a representative of The Telegraph, the champion said he is confident that he will eventually be matched with Wills, and expressed a

GIN PILLS

If you find medicine does not relieve you of kidney trouble, you should benefit by the experience of Alexander LaRue, aged 72. For years, Mr. LaRue suffered with kidney afflictions, and he finally sent for two boxes of Gin Pills. He writes: "They did me more good than all the medicine I had taken." Why suffer longer? Gin Pills are sold by all druggists and dealers. 50c a box.

Remember our guarantee — Satisfaction or your money back. Write for a free sample to National Drug & Chemical Co. of Canada, Ltd., Toronto, Ont., U. S. Address: Na-Dru-Co., Inc., 86-88 Exchange St., Buffalo, N.Y.

hope that it would materialize. He is apparently in the pink of condition and tips the scales at 194 pounds. The bulls on his arms are rapidly healing. He thinks that they were caused from in-

fection while he was training in a gymnasium. He is in excellent spirits and said that for several days he has been practicing a mouse call. He is delighted to get a chance to hunt moose in this province and hopes to shoot one. He has with him a 45-70 Winchester, which he will use in his first big game hunt.

After spending two weeks in the woods, the champion and his party plan on returning to New York. From there Dempsey will start west on a thirteen weeks' tour, which has been arranged by his manager, Jack Kearns.

Two Days in Maine.

Prior to coming to St. John, the party spent a couple of days in the woods near Oxbow (Me.), where Mr. Hinds has a camp. Early yesterday morning they set a pack weighing over 150 pounds and carried it without a rest for eight miles. He set a pace which his associates were unable to keep up, and as a result he was back in the hotel and dressed before they arrived.

Several packages containing currency have been missed recently by the Dominion Express Company on the run between this city and Truro and C. P. R. Inspector William Stevens was notified. He investigated the case. The inspector's work resulted in the arrest last night of Walter R. Newcombe, a messenger employed by the Dominion Express Company, on suspicion of stealing these packages while they were in transit. The amount involved is said to be approximately \$150.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 50c a box. All dealers or Edmanson, Bates & Co., Limited, Toronto. Sample box free.

OFFICIAL AVERAGES SHOW SAINT ROSE'S AS EASY WINNERS

The St. Peter's House Baseball League enjoyed a very successful season this summer and already they are considering plans for next year. The averages for the campaign just finished were announced last night, and they show Frank Campbell, of St. Rose's, as leading batter with .381, followed closely by Edward O'Toole, of the same club, with .372. Campbell wins the cup, donated by Sydney M. Jones, for the best hitter. Clarence Moore wins the cup, donated by George V. Parker, for the most runs scored, with twenty, followed by Jack O'Toole with nineteen.

Moore, of St. Peter's, is the leading base stealer, with twelve, winning the cup donated by Charles Owens. Kelly, of St. Peter's, is the leading infielder, with an average of .942, thus winning the cup presented by Charles Dalton, president of the league. Fred Fitzgerald wins the cup for the leading pitcher, presented by St. Rose's Dramatic Club, with the average of .946. Jack O'Toole, as the leading catcher, wins a season pass to the Gaiety Theatre, presented by Thomas J. O'Rourke, with an average of .952. Murray McLaughlin, of St. Rose's, wins the cup donated by George V. Parker for the most two base hits, with nine. The averages were as follows:

Team Batting.				
	A. B.	R.	H.	P. C.

Jack Dempsey Says Newer Form of Iron Increases Strength

Every thinking person should realize if men as physically fit as Jack Dempsey, Zack Wheat, Harry Hooper and some of the other leaders in the world of sport have helped to maintain their supremacy by the use of this newer form of iron which is called Nuxated Iron, how much more important is it for the average man to see that there is no lack of iron in his blood. A surprisingly large number of people suffer from iron deficiency. Without iron in the blood, you cannot be your best, either mentally or physically, because lack of iron not only makes you nervous, irritable, and easily fatigued, but also you lose your vital force, that stamina and strength of will which are so necessary to success and power in every line of life. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as Nuxated Iron. Take a bottle of Nuxated Iron today. Take it for two weeks, and if you have not, like thousands of other, obtained surprising health, strength and energy, the manufacturers will promptly refund your money. Nuxated Iron is sold with the satisfaction or money back guarantee by Travis Drug Co., J. M. Roniston, T. J. Durick, Ross Drug Store.

Halifax Golfers Win

The Brightwood golfers, of Halifax, defeated the Riverside Club on the Riverside course yesterday by the score of 34 to 17. At the end of the morning's play, the Halifax players led by a score of 29 to 8, while the Riverside won from the visitors by three points in the four-ommes in the afternoon.

The visiting golfers were entertained by the Riverside Golf and Country Club, at luncheon and dinner, and left for their homes on the Halifax train last night.

INSANE; LEFT \$3,000,000.

Sisters of Marie Marshall, Who Died in Virginia, Inherit Estate.

New York, Sept. 22.—Miss Marie Marshall, daughter of the late John R. Marshall, died on Sunday in her seventy-third year at Virginia Beach, and through her death, it was learned, her sisters, Mrs. John J. Wyson of 1 East Seventy-sixth street and Mrs. William Pollock of 1 East Eighty-eighth street, will come into an estate that has been estimated roughly at \$3,000,000.

Miss Marshall had been an inmate of the Eastern State Hospital for the Insane at Williamsburg, Va., since she was young. She was born in New Orleans and had been taken by her mother to visit an aunt in Petersburg, Va., when she became mentally deranged. She was sent to the Williamsburg institution in 1872. Since 1897 she occupied a \$50,000 home on the hospital grounds with eight servants and four women attendants.

Mr. Marshall died in 1881, leaving a large estate in trust for his wife, who died four years later. At her death the estate was divided equally among her three daughters. Miss Marshall's share was held in trust for her by a committee composed of the New York Insurance and Trust Company and J. Frederic Kernochan of this city, a brother-in-law of Mrs. Pollock, whose first husband was John Kernochan.

Several years ago the State of Virginia and the City of Williamsburg attempted to collect taxes alleged to be due. The courts were invoked and last year the Virginia Supreme Court of Appeals decided that New York was the domicile of Miss Marshall. By that decision the State of Virginia lost \$200,490 in taxes and the City of Williamsburg \$67,887 for the years of 1897 to 1914. Subsequent assessments affected by the decision brought the total loss up to about \$500,000.

The fire department was called out at 11:25 last night to answer a call from Box 5, for a fire in a Ford touring car

which was standing in a yard at 19 Union street. The fire, which destroyed the top and the cushion in the back seat, was extinguished in a few minutes by the chemical. The car is owned by Burin Rosedale, 3 Mill street, and was placed in the yard on Thursday evening. It is not known how the fire originated.

TURF

Grand Circuit Meet.
Some good racing resulted at the grand circuit meet at Columbus yesterday. E. H. Pointer won the 2 1/2 mile, two out of three heats, best time 2:08 1/4. Chop Sney won the 2 1/2 mile, two out of three heats, best time 2:07 1/4. The free-for-all, the feature event, was won by Margaret Dillon in straight heats, best time 2:01. The 2:07 trot went to McGreggor the Great, two out of four heats, best time 2:04 1/4.

Races at Machias.

The race meet at Machias, Me., has concluded. The 2 1/8 mile mixed went to Zema Strong in straight heats, best time 2:18. The 2 1/8 mile mixed was won by Teddy Patch in straight heats, best time 2:27 1/2.

GOLF

Mrs. Hope Gibson Wins.
Mrs. Hope Gibson of Hamilton won the championship of the first annual Canadian ladies closed tournament held at Toronto yesterday when she defeated Miss Helen Page of Ottawa 5 up and 9 to play.

ATHLETIC

Dunlop Road Race at Truro.
The Dunlop road race will be held at Truro on October 13. Last year the local Y. M. C. A. team won this event. The race is won on a basis of points. Among those expected to participate will be Lapierre, Yeomans, Lamber and Monteth.

UNIQUE ANNOUNCES THE COMING OF Thursday, Sept. 28

ROBINSON PARENTS
CRUSOE

Please read this carefully
We have the extreme pleasure to announce the first episode of a great big chapter-play which will bring happy memories of youth to all grown-ups and the thrills of healthy thrills to boys and girls of all ages. Robinson Crusoe brought to life—thrills and thrills with him in his marvelous adventures on the high seas and his lonely island!
The amazing adventures of the best-loved hero of all time in a chapter play that will bring happy memories of youth to all grown-ups and the thrills of healthy thrills to boys and girls of all ages. Imagine Robinson Crusoe brought to life—thrills and thrills with him in his marvelous adventures on the high seas and his lonely island!
FATHERS especially will appreciate this character-building picture of ROBINSON CRUSOE, who by his determination and inventiveness, overcame tremendous obstacles—thrilling adventures of a boy who made himself into a real man.
UNIVERSAL has made this great story into a chapter-play full of historical events sure to educate as well as entertain. To you ROBINSON CRUSOE will bring back happy memories of your children's days of childhood and the excitement. Come and bring the children. You owe it to them—in all of the eighteen episodes, one of which will be shown at this theatre each week, there is not a single situation or scene which your children should not see. Don't miss a single episode.
The entire abolition of official referee is recommended by the Royal Commission, which states that there is only one official referee by special appointment, J. A. McAndrew, K. C., who has indicated his concurrence with the commission's recommendation. "No remuneration, except in the form of a salary, should be receivable by an officer or clerk of the court for any services performed by him," the report states, and adds: "The payment of official referees by fees is unsatisfactory, objectionable and dangerous. The practice places them under direct obligation to the party who brings the business to them."
The commission states that it sees no reason why there should be a separate department for the offices of surrogate clerk, as returns are made by the registrars of surrogate courts throughout the province to the succession duties office at the parliament buildings in Toronto.
The use of Osgoode Hall as residences for five families, three of whom pay rent totalling \$64 per month, and two families no rent, is condemned by the commission. The homes are furnished with free light, gas and water, and they have an unlimited supply of hardwood and soft coal. The building should not be used for residential purposes.
Re-organization of the second appellate division of the Supreme Court of Ontario is recommended in the report, which says that instead of five judges being appointed as justices of appeal, and fourteen as trial judges, as at present, it would be better to provide for the appointment of nine justices of appeal and ten trial justices.
Provisions for superannuation allowances for judges and clerks at Osgoode Hall is recommended by the commission, superannuation to be demandable at the age of seventy and made compulsory at the age of seventy-five.
W. D. Gregory is chairman of the Royal Commission and the other members are: Horace L. Brittain, Albert Hellyer, E. A. Penneck and Norman Sommerville, who is at present in poor health and is abroad.

WOMAN FOOTBALL PLAYERS ARRIVE FROM ENGLAND

Dick Kerr's Famous Aggregation Here for Series of Contests in U. S. and Canada.
Quebec, Sept. 23.—Dick Kerr's ladies' football team of England, seventeen strong, who were not defeated once during the last season of sport, arrived here on the C. P. R. steamship Mount Clare yesterday. They played fifty-nine matches, won fifty-eight and drew in one. They scored in all 896 against sixteen. Lilly Parr, outside left, is the most brilliant player of her sex in the world. Alice Woods, centre half, is the fastest lady player in the world; her record for one hundred yards is 11 4/5 seconds. Mabel Carmen Pomes, goalkeeper or half-back, is champion lady thrower of France. The names of the players are: Lilly Parr, Jessie Florie Haskam, Alice Woods, Florie Haskam, Lilly Lee, Annie Crozier, Daisy Clayton, Molly Walker, Alice Mills, Jenny Harris, May Graham, Lilly Stanley.
Alfred Frankland, honorary secretary, and David Brooks, joint promoter of the tour with A. Telekman, are with them.
These ladies, besides beating all the women teams in England, played and defeated numerous male teams. In one instance the male team comprised seven league players.
A Zelekman of New York, representing the United States football association, was at the landing to meet all corners and will play matches with the ladies' team and conduct them to New York, where they will play their first match.
Dick Kerr's ladies' football club are not in America to play matches with the object of making money. They have come as champions to meet all corners and will play matches, with the gate money to go to charity. They expect to play twenty-four matches in the United States, Winnipeg and probably Ottawa, Montreal and Hamilton. Mr. Zelekman said that he had been coldly thrown down by the dominion football association. He said he had not been officially notified of this fact from the dominion football association, but it had been told to him by the affiliated clubs in the association that they were forbidden to play with the visiting English lady players.

SIMPLER JUSTICE IS RECOMMENDED IN CIVIL COURTS

Gregory Commission Reports in Favor of Cutting Out Much Red Tape—Suggest Big Salaries; Discourage Legislation.
Some drastic changes in the way of the reorganization of the provincial legal offices in Osgoode Hall, Toronto, are recommended by a royal commission which has investigated all the offices of the Supreme Court of Ontario in this legal institution. The report states that the commission's views are adopted by the government, the report states. An increase of salaries is not necessary, but a larger salary will have to be paid.
With a view to a return to simpler justice and the discouragement of litigation, where "the result is uncertain until the last judge has given his last guess at law," the commission recommends the appointment of an arbitrator, or a conciliator, to whom differences between parties should be referred without recourse to actions in the courts.
Regarding this the commission says: "We spend on Ontario hundreds of thousands of dollars yearly in salaries for our judges and in maintaining our courts, but are we receiving satisfactory returns from our investment? Is not the way to justice too often a long and costly way, and is not justice itself too often lost to view in a maze of precedents which renders everything uncertain except expense? Is not procedure too often hedged around with artificial formalities which hinder the business disposal of cases? Cannot our differences, when they arise, be settled in a simpler way? We have able and high-minded judges, but under the present system can our judges give us their best and most efficient service?"
"We believe that the people would welcome a return to simpler justice and we recommend the appointment of an arbitrator, or as he might be more appropriately called, a conciliator, to whom parties between whom differences have arisen, may submit their disputes without bringing an action in the courts."
The meeting of this officer and the parties to the dispute and their counsel, if any, around a table, would result in the prompt settlement of many a case which is now carried from court to court at great expense, the result uncertain until the last judge has given his last guess at law. A tribunal such as suggested by us would present the court with a form of competition that would be likely to have a healthy influence upon them. The arbitrator or conciliator should be a man well versed in the law, and possessing exceptionally high judicial qualities. He might be authorized, in his discretion, to associate with him at times men possessing special qualifications to deal with the questions in dispute. We shall not formulate the plan in detail, but commend the subject for careful consideration by the government and the legislature."
The Salaries.
With reference to the master-in-chambers, J. A. C. Cameron, K. C., whose salary is \$4,000 a year, "a man of marked executive ability, and one who disposes of matters referred to him with despatch," the commission finds that Mr. Cameron's income "from salary and fees in one year at least nearly reached, and may have exceeded, \$20,000. He himself admits having received in five years,

"NEWSY" LALONDE

Montreal dispatches make the definite statement that "Newsy" Lalonde, veteran lacrosse and hockey player, has been sold to the Saskatoon Club of the Western Canada Hockey League. It is said the price was \$3,500.
QUITS CHEWING AT 94.
Eli Frazier Heeds Wife's Request on Seventieth Anniversary.
Des Moines, Iowa, Sept. 23.—An incident in the celebration of the seventieth wedding anniversary of Eli Frazier and his wife has silenced Frazier's boast that he never passed a day in eighty-two years without a chew of tobacco. Frazier, ninety-four years old, remarked that he took to chewing at the age of twelve, and his wife, who is ninety-two, said: "Eli, I want you to quit chewing."
"Eli, who does chores at an institution here, did not chew today," she said. "She made me quit," he said.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment: In its Sept. 21 issue, it says that in the advancing mood, as the changes in wrought iron pipe, plain wire, bars, angles, plates and sheets, as announced, which says that instead of five judges being appointed as justices of appeal, and fourteen as trial judges, as at present, it would be better to provide for the appointment of nine justices of appeal and ten trial justices.
Provisions for superannuation allowances for judges and clerks at Osgoode Hall is recommended by the commission, superannuation to be demandable at the age of seventy and made compulsory at the age of seventy-five.

only seventeen years old. Her father, Cavalieri Canessa, is part owner of a gallery of antiques and ancient coins and is an art expert. The young couple is engaged, which was announced in July met with the approval of both families. Mr. Caruso attended the Culver Military Academy at Culver, Ind., for some time. He sailed from Philadelphia for Naples last April. At the time the engagement was announced a wave of spiritualism was sweeping over Naples and a great deal of publicity was given to the fact that Caruso's spirit at a number of seances gave his approval of the match.
To Be Married in St. Catharines.
Miss Julia Margaret Cleary, only daughter of Mr. and Mrs. Hugh Cleary, Main street, leaves this evening for St. Catharines, Ont. She will be married on Wednesday, Sept. 27, in that city, to Francis Joseph Horgan. The bride-elect has been for some years an efficient member of the staff of T. B. & H. B. Robinson, Ltd., insurance, Prince William street. The groom is a civil engineer and a former resident of the Parish of Simonds, his family moving to Lansdowne avenue several years ago.
ENRICO CARUSO, TENOR'S SON, WEDS IN NAPLES
Naples, Sept. 23.—(Associated Press)—Enrico Caruso, son of the famous tenor, was married on Wednesday to Miss Eleanor Canessa. Her father was a close friend of the late singer, who is buried in the Canessa family tomb. Deputy Forasio, who was a member of the Cabinet of Signor Nitti, acted as best man for the bridegroom.
Enrico Caruso, who is still under twenty, is a typical Neapolitan. His bride is

SERIOUS LOSSES OF PROPERTY AS RESULT OF FIRES

New Brunswick Fire Prevention Board Meets to Consider Conditions in This Province

The appalling loss of property in the province, during the last three months, was one of the matters given serious consideration at a meeting of the New Brunswick Fire Prevention Board, held yesterday afternoon. It was pointed out that, during the last three months, property valued at more than \$200,000 had fallen prey to fire started by lightning. After a lengthy discussion it was decided that some steps should be taken to have an act passed in the legislature next year to enforce the installation of lightning rods, under proper conditions.

Another matter which was given careful attention was "fire prevention week," Oct. 2-9. The best method of placing instructive data before the public was considered and it was decided to petition school teachers and clergymen, and ask them to make announcements in the

schools and churches, giving details of the enormous loss by fire, the need for greater care, and the elimination of practices, which increase the hazard. In addition the fire marshal, Hugh H. McLellan, will distribute throughout the province literature depicting scenes of conflagrations and giving data as to the causes and means of prevention.

Fire Hazards.
The existing conditions in almost every town in the province were explained to the members by the fire marshal, and discussions took place pro and con regarding them. It was pointed out that in Chatham conditions have been greatly improved by the officials; one building was torn down and roof coverings were changed from shingles to patent types, thus eliminating to a great degree fire hazard. The fire fighting appliances in the different centres were also considered.

The members of the board after considering various matters, instructed Fire Marshal McLellan to proceed to St. George, St. Stephen, Milltown and St. Andrews at the earliest possible moment to look into conditions with a view to bettering them.

In the last quarterly bulletin issued, it is shown that the lumber loss in the province alone aggregated \$239,938. That \$81,996 was lost by fire to dwellings in protected areas, and \$40,292 in unprotected areas. The loss by fire in St. John county during that period was more than \$169,000. The loss by fire in the province during the first and second quarters aggregated the large sum of \$1,587,345.

POTATOES ON VINES STARTLE THE OWNER

Hohann, Wash., Sept. 23.—Potatoes are growing on vines in the garden of Harry Van Watter here. Mr. Van Watter says he planted his crop in the usual way. He was startled by the size of the plants and still more startled when tubers began to form on them. He is now picking large potatoes three feet above the ground.

Business in the Home.

A card index box is a splendid help in the home. It is useful in the kitchen to hold favorite recipes, and is a help at the change of seasons if the "packed-away" things of the household are neatly tabulated that they may be found without disturbing the entire storeroom.

STRONG PLEA FOR MOTHERS' PENSIONS

Arrangements were made for sending a delegation to Premier Foster to inquire into the matter of mothers' pensions legislation in the province, at the meeting of the local Council of Women held yesterday afternoon in the board of trade rooms. Action in regard to asking for the appointment of women on the board of the municipal home was deferred until a later meeting. The meeting was the first since the summer and members took up with renewed interest and enthusiasm. Hon. J. G. Forbes and E. L. Rising attended to prefer a plea for support of the Victorian Order next month and received a sympathetic hearing. The Kindergarten Alumnae was welcomed as a newly affiliated society and the delegates from the North End W. C. T. U. on their first attendance were cordially greeted. Reports were received of the good work done through the milk fund for babies and of furniture having been provided for the Red Cross hut at the Lancaster hospital. The Dominion fire commissioner asked the council to co-operate in the observance of fire prevention week.

Welcomed Members.
Mrs. R. J. Hooper, vice-president, was in the chair and in welcoming the members after the summer vacation, she expressed the hope that the new season would be a very successful one.

Mrs. T. H. Carter was appointed secretary for the meeting, in the absence of Mrs. G. C. Poir.

Hon. J. G. Forbes and E. L. Rising appeared on behalf of the Victorian Order of Nurses in the city, and Judge Forbes spoke feelingly of the great work done by the V. O. N. in St. John in child welfare, and besides nursing. He told of the financial needs of the order, asking support and advice from the council for a tag day in aid of the V. O. N. Mrs. George F. Smith was to convene for the day and would like to meet with representatives from the council next week. He asked also for the loan of banks. The loan of the banks was sanctioned. Mrs. Hooper spoke appreciatively of the work of the V. O. N., especially in regard to the administration of the council's free milk fund. Mrs. E. A. Young also paid a high tribute to the work of the nurses.

When Judge Forbes and Mr. Rising had withdrawn it was decided to give assistance to the V. O. N. for tag day and a committee consisting of Mrs. A. C. D. Wilson, Miss Alice E. Estey, Mrs. E. A. Young, Mrs. J. S. Flagler, Mrs. H. T. Bonnell and Mrs. H. P. Beck was appointed to meet with Mrs. George F. Smith to discuss tag day arrangements.

New Delegates.
New delegates from the North End W. C. T. U., Mrs. Wright, president, Mrs. Myles, Mrs. T. Hannah and Mrs. H. T. Bonnell, were welcomed.

Mrs. E. A. Young explained that an entertainment had been planned for the soldier patients in the Lancaster hospital, but had been deferred from August until some time in the fall or winter.

Regarding the appointment of women on the board of the municipal home, previously urged by the council, it was decided to defer action until the next meeting.

Communications read included a letter of thanks for sympathy from Mrs. Millikan, and a request for affiliation from the Kindergarten Alumnae. The Kindergarten Alumnae was welcomed and was to be written to regarding delegates.

Treasurer's Report.
Miss Alice E. Estey, treasurer, reported a balance of \$68.78, and bills to the amount of \$11.86 were ordered paid. The milk fund balance was \$1,261.62, and in addition \$20 was received. The last month's milk bill of \$132.84 was ordered paid. Attention was drawn to the fact that heretofore the milk would be half a cent a pint dearer.

The Recreation Huts.
In the absence of Miss Grace W. Leavitt, Miss Estey presented the report of the Red Cross recreation hut furnishing funds. The sum of \$131.58, realized by the concert which Mrs. A. C. D. Wilson arranged for the benefit of the hut fund, had been used to purchase furniture and \$8.42 remained.

A letter of sympathy and regret at illness was to be sent to Miss Leavitt.

Mrs. J. H. Doody reported on collections from the cans placed in the hotels for contributions to the milk fund. In one year \$120 had been realized by the can collections, sufficient to maintain four babies, and during the summer \$10.68 had been collected, and Mrs. Faith Green had given an additional \$5. The suggestion was made that the cans

prevention day, Oct. 9, asking the co-operation of the council and its affiliated societies.

The matter of Mothers' Pensions was discussed. Mrs. Hooper, as a member of a special committee, told of meeting Hon. Dr. W. E. Foster, premier of New Brunswick. Mrs. E. A. Young was appointed to get in touch with Mrs. E. Atherton Smith, as soon as she arrived in the city, and arrange for a delegation to wait upon Premier Foster to ask for information as to the present status of mothers' pensions' legislation in the province, and to urge that such legislation be put in force.

FURNISH ROOM IN NURSES' HOME

Mrs. L. Green and her daughter, Miss Alice Green, are to leave this morning for Boston and, after a short stay there, will go to Winnipeg to spend the winter. Before returning to St. John in the spring it is their intention to make a short visit with Mrs. Weiner, Mrs. Green's daughter, in New York. Their friends have united to wish them a pleasant winter. Before leaving, Mrs. Green has announced the completion of a project in which she has been greatly interested, the raising of sufficient funds among the Hebrew community to furnish one of the bedrooms in the nurses' home of the General Public Hospital. Mrs. Green has been Hebrew denominational vice-president of the Women's Hospital Aid, and has been active in collecting the funds to furnish a bedroom, in order that the room may bear a name plate saying that the Hebrew community provided the furnishings. The Hospital Aid has acknowledged, gratefully, the generous support of the Hebrew members.

Murders in North Scare White Men

Ottawa, Sept. 22.—A report of four more murders in the Coronation Gulf area, including the double murder of Corporal W. A. Doak, R. C., M. P., formerly of New Brunswick, and Otto Binder, of the Hudson Bay Company, has been received by mounted police headquarters here from Inspector Wood,

SOFT & FLAKY-WONT SCRATCH

Old Dutch is **ECONOMICAL**. Contains no lye or acid. Goes further, does better work. **MADE IN CANADA**

Old Dutch Cleanser

at McPherson, Northwest Territory. The victims of the other crimes were natives. As a result of these, Inspector Wood says there is some apprehension among the few white residents of the territory. Arrests were made in all cases and the accused are being held at Herschel Island.

APPOINTED ADMINISTRATOR IN N. S. GOVERNOR'S ABSENCE

Ottawa, Sept. 22.—The Hon. Robert Edward Harris, chief justice of the supreme court of Nova Scotia, has been appointed administrator of that province for a further period until Oct. 15, during the absence on leave of His Honor the Lieutenant-Governor.

Back to School back to the Oatmeal Breakfast

OUR children are back at school—healthy of body and alert in mind. The holidays have done them good, the change has fitted them for the strenuous days ahead,—but it rests with you to see that they KEEP FIT, that their little bodies are kept built up to withstand the rigours of fall and winter weather.

Fortify your children by giving them the right breakfast. Satisfy the appetites gained through the summer holidays with food which will nourish the brain and body and ensure vigorous health. In other words get the children back to that basic, simple food—Oatmeal.

Of all cereals the oat is the most invigorating, the most nutritious, and the easiest to digest. In fact to insure proper feeding for child and grown-up alike, one meal a day should be of oats—the supreme food. Your physician will tell you that oats do not produce fat—they produce bone and brain.

But just rolled oats will not do. To be sure of getting oats at their best, buy the packaged kind, not the bulk.

Quaker Oats is the finest and most wholesome oat dish in the world.

Quaker Oats consist of rich, plump, queen grains only—the puny or imperfect grains are discarded. These large Quaker flakes absorb more moisture than small flours or broken flakes. That is why Quaker Oats makes the most, as well as the best, porridge. The most economical breakfast food too,—it costs less than one cent per dish.

You will be ordering groceries to-day. Remember to include Quaker Oats on your list.

Quaker Oats
In Sealed Cartons Only

QUAKER MILLS
PETERBOROUGH AND SASKATOON

Also makers of Quaker Flour, Puffed Rice and Puffed Wheat, Tilton's Oats, etc., all the same high standard as Quaker Oats.

The Quaker mills at Peterborough are the largest cereal mills in the British Empire and the most modern mills in the world—striking evidence of the popularity of Quaker Products. Visitors to the mills are always welcome.
