## British Launched New Attack Today

### Troops Are Making Good Progress, Haig Reports—Advancing South of Valenciennes—Have Taken Bruay and Reached West Bank of the Scheldt

London, Oct. 23.—The British began a new attack early today on the front between Leateau and Solesmes, south of Valenciennes, Field Marshal Haig announced today. The British have captured Bruay, two and a half miles north of Valenciennes, and have reached the west bank of the Scheldt. The statement follows:

"At an early hour this morning our troops attacked on the Leateau-Solesmes front and are reported to be making good progress.

"Further north, between Valenciennes and Tournai, we have taken Bruay and reached the west bank of the Scheldt at Bieharies and Espain. Considerable resistance was encountered on this front yesterday and sharp fighting took place in which our troops, pressing the enemy vigorously, inflicted many casualties upon him and drove him from his positions, capturing a number of prisoners."

#### Americans Clean Up Wood

With the American Army Northwest of Verdun, Oct. 22.—(By the Associated Press)—In the face of stubborn resistance, American forces today cleaned up Bois de Forest, just west of Brielles, capturing seventy-five prisoners, many of them machine gunners, who fought to the last. The fighting for Bois de Forest began a week ago and has been one of the most stubborn since the beginning of the Meuse-Argonne offensive.

#### Stronger Resistance Here

Paris, Oct. 22.—On the Serre front last night the Germans met with heavy machine gun fire the efforts of the French to cross the Souche and Serre rivers, the latter machine gunners, who fought to the last. The fighting for Bois de Forest began a week ago and has been one of the most stubborn since the beginning of the Meuse-Argonne offensive.

#### French Made Progress Between Nizy-Le-Comte and Le Thour, Taking Prisoners

On the Oise front heavy artillery fighting continued during the night. The French captured the village of Nizy-le-Comte and Le Thour, taking prisoners. The fighting for Bois de Forest began a week ago and has been one of the most stubborn since the beginning of the Meuse-Argonne offensive.

#### In Valenciennes Suburbs

London, Oct. 22.—Field Marshal Haig's statement tonight regarding the British attack on the Valenciennes front, north of that town, has penetrated deep into the hearts of the British people. The fighting for Bois de Forest began a week ago and has been one of the most stubborn since the beginning of the Meuse-Argonne offensive.

#### On the Serre Front

Paris, Oct. 22.—Tonight's official statement reads: "On the Serre front we again forced the enemy retreat notwithstanding an obstinate defence by his machine guns. We took Chalandry and Grandpuy. Our line runs along the Serre as far as Maraismes, passes through the outskirts of Froimont-Cohartelle and follows farther south, the line of the Canal De Bone. This morning the German tactics renewed their attacks east of Vouziers, but were everywhere repulsed. Cavalry-Bolshevik troops, engaged in liaison with our forces, recaptured the village of Terzon (north of Vouziers) which had temporarily fallen into the enemy's hands."

"In Alsace a strong enemy detachment attempted on three different occasions to reach one of our centres of resistance north of Thann, but was driven back. On Oct. 21 along the west front and carried out important work of reconnaissance and surveillance behind the enemy front. Two enemy planes were brought down and a balloon was burned. During the early part of the night our bombing planes dropped 18,800 kilos of projectiles on important railway junctions, and in particular, on the stations at Longuyon, Stenay, Rosoy-Sur-Serre, Preville-Sur-Serre and Liart. They noted a great number of hits on their objectives, following which fires broke out in the stations at Longuyon, Hirson and Rosoy."

#### Hit Attacks Fall

Have, Oct. 22.—The official communication issued by Belgian headquarters tonight says: "The enemy sought to maintain his positions on the Lys and the canal from Deynze to the Dutch frontier. He attempted several counter-attacks for the purpose of forcing us back west of Petteghem which we had occupied Sunday. All these attacks failed with heavy losses. The Belgian army crossed at several points the Canal De Derivation De La Lys."

#### In their retreat the Germans were compelled to throw 200 vehicles into the Bruges-Canal near Mieris, west of St. Georges.

"The French troops have established a depth of four kilometers over an extent of four kilometers. Patrols have traversed the course of the Lys farther south to Vire-St. Elol. In the course of these operations 1,100 Germans were taken prisoner by the French."

"The second British army, in spite of considerable resistance from machine guns and artillery, have advanced on a

## INFLUENZA SCORE REACHES TOTAL OF 548 CASES TODAY

### PHYSICIAN AND NURSE FOR CARE OF DESTITUTE

Five hundred and forty-eight is the number of influenza cases reported by the local board of health. This does not mean that 548 is the total number of cases, for the inspectors and investigators have so much to do in verifying figures and disinfecting houses, etc., that it is impossible to assume the reported total is usually fifty to sixty cases behind the actual conditions.

A leading citizen expressed surprise today that the usual small staff of health board outside workers was burdened with all the details and traveling about town under epidemic conditions, even with automobile facilities. He said that the regular staff should be augmented and special men added to the payroll for placarding, disinfecting, etc. It is quite obvious that the work now being done by Inspector McConnell is more than he can possibly do in the course of a day. He has been working overtime right along.

Dr. Ellis and Special Nurse. The board of health has engaged the services of Dr. W. L. Ellis of West St. John to attend to all influenza cases roundabout the city unable to secure the services of a physician through financial inability.

A professional nurse has also been engaged for similar work. These officials will be under health board direction and will co-operate with the provincial hospital.

Emergency Hospital Almost Ready. So vigorously has the work of fitting up the Park Hospital for influenza cases proceeded that the building is now practically ready to receive patients.

## Allies Advance In The Balkans

### Serbians Capture Headquarters of German Division—Liberated Roumanians Join Italian Army—Jago-Slavs Reject Manifesto—Progress in the North—Famine Conditions in Russia are Appalling

Paris, Oct. 22.—The official communication dealing with operations in the eastern theatre says: "On October 21 French forces reached on the Danube Lom-Palante (Bulgaria twenty-two miles southeast of Vidin) which they occupied; they captured a convoy of enemy barges loaded with merchandise and what was left of the North of Aleksinatz. Serbian forces have progressed notwithstanding very strong resistance by the enemy."

"Serbian cavalry have reached the region east of Paradin, capturing part of the headquarters of a German division, including the archives and baggage of General Von Gallwitz, commander of the division."

"In the region of Ipek and Novipazar detachments of Serbian Comitadjis and Montenegrins, supported by French troops, captured in the course of engagements with Austro-German forces in retreat more than 1,600 prisoners and important booty."

A Roumanian Legion. Washington, Oct. 22.—Information was received today by the Roumanian legation that Transylvania Roumanians captured by the Italians while in the Austro-Battary on Partridge Island as well as the Depot Battalion have suffered quite severely and are still undergoing a sustained attack from old General "Fiu," but right cheerily they are surviving the drive. It is thought the worst of the epidemic is over among the soldiers, as it seems to be with the public in general. V. A. D. Worker on the Hop!

"I'm the busiest woman in St. John today. I'll bet a red apple" was the greeting. The Times man got on the phone today from Mrs. T. Ernest Girvan of MacKenzieburg street, when he inquired how the V. A. D. brigade was getting along in its fight with the epidemic. "I'm busy as a bee," she replied. "I'm the busiest woman in St. John today. I'll bet a red apple" was the greeting. "I'm busy as a bee," she replied.

And then Mrs. Girvan—who is assisting Mrs. C. A. Kuhring in directing the distribution of aid—told what her programme was for today alone. To bear the details of the work the V. A. D. women and girls are doing makes thrills of satisfaction do the fox trot on one's spine.

"We have just twice as much to do today as we had yesterday," said Mrs. Girvan, "and yesterday we thought we had really reached the limit of our capabilities. However we are going to meet the need for help in the way of help we have to step up all night to complete our round."

## PEACE TALK AT CRITICAL POINT, SAYS PRINCE MAX

### Peace of Justice or Peace of Violence? GERMANY READY FOR EITHER

Would Face Continuance of War as People Driven to Last Extremity—Want Clear Understanding of Wilson's Terms

Copenhagen, Oct. 23.—Peace conversations between Berlin and Washington have reached a critical point, according to Prince Maximilian, the German imperial chancellor, speaking before the Reichstag yesterday.

In the course of his address he urged that debate on the situation arising on the exchange of notes between himself and President Wilson be restricted as far as possible.

"The whole German people is anxious to hear the views of the government regarding the prospects of peace," he said "but I am able to speak only with the greatest reserve and urge that the members of the Reichstag limit the debate as is consistent with the seriousness of the hour. The whole German people have spoken to by President Wilson and this fact gives the utterances of the representatives of all parties added weight."

"Today, therefore, I am going to say only this regarding the international situation: "The president's first answer to the peace overture of the German government has in all countries brought the question of peace to the highest point. President Wilson's last note did not make clear to the German people how this public agitation will end. His next answer will, perhaps, be the last. The German government is anxious for war, in which case there is no choice for us but to put ourselves in a posture of defence with all the strength of a people driven to the last extremity."

"Should this necessarily arise I have no doubt that the German government, in the name of the German people, will issue a call for national defence in the same way that it spoke for the German people when it took action for peace. He who honestly took a stand on the right side did not make clear to the world that it was not submitting to a peace of violence without a fight. The government which would not otherwise work to the left to the mercy of the fighting and working people. It would be swept away by public opinion."

"There is also another possibility. The German people must not be blindly brought to the conference table. The German people today have the right to ask if peace is realized on the basis of President Wilson's condition what will mean for our future. Our answers to the president's questions must be framed on the basis of the German people's sense of that question. What it now wants is clearness."

## TRAIN DELAYED BY ACCIDENT ON C. G. R.

The derailment of five cars belonging to the east-bound Maritime Express on the C. G. R. at Westcock Crossing near Sackville yesterday, considerably upset the schedule of trains coming into this city. The Halifax train due late yesterday afternoon did not reach this city until 8:45 p.m. This morning the Halifax C. G. R. express due about six o'clock was delayed until one o'clock this afternoon. Naturally these delays, due to the clearing of the tracks at the scene of the run-off, interfered with the plans of many passengers.

The accident was caused by a broken rail, and although there was no loss of life, the railway stock and roadbed suffered extensive damage.

PUBLIC UTILITIES. The regular monthly meeting of the New Brunswick Public Utilities Commission was held this morning. The routine business was transacted. The commission will meet this afternoon to discuss some new business. Those present were G. O. D. Otty, chairman; A. B. Connel, K. C. Woodstock; F. E. Robinson, secretary; Felix Michaud of Buctouche was absent on account of being ill with Spanish influenza.

RICH MUSICAL OFFERINGS  
TONIGHT AND THIS WEEK

As a pleasant surprise to the music-loving public comes the announcement of a genuine treat which awaits them this evening in the brilliant array of vocal talent whose presentations of the season's most popular hits and gems from grand opera in Columbia recordings will be heard at the music rooms of Amherst Pianos, Limited, 7 Market square.

These splendid new recordings, which are being received with tremendous enthusiasm, are the November offerings which arrived in advance. They include an exquisite tenor duet by Campbell and Burr, whose rendering of the universal favorite "Smiles" is the latest sensation among those who recognize and appreciate the best in popular music.

Other numbers are "The Land of the Sky-Blue Water," beautifully rendered by Barbara Maurer, mezzo-soprano, with orchestral accompaniment.

"We Don't Want the Bacon (What We Want is a Piece of the Rhine)" by the Peerless Male Quartette, with orchestral accompaniment.

The rollicking military camp song, "How I Hate to Get Up Early in the Morning," Arthur Fields, baritone, with orchestral accompaniment.

A remarkable fine rendition of "Drink to Me Only with Thine Eyes," by Oscar Seagle, baritone.

Rage and tenderness are wonderfully expressed in the magnificent baritone solo "Parl Siam," Rigolotto (Verdi), (Act I, Scene II), by Ricardo Stracchi, with orchestral accompaniment.

These are but a few of the latest Columbia records to be heard tonight and this week at the music rooms of Amherst Pianos, Limited, 7 Market square. And they're well worth hearing.

ESCAPED OFFICERS  
HAD MANY ADVENTURES

London, Oct. 22.—(Canadian Press Despatch from Reuters' Limited)—Eight British officers captured at Kut-el-Amara reached England today after thrilling adventures. The party escaped from the Turkish prison camp in the interior of Asia Minor. They journeyed seaward across the Taurus Mountains. Food supplies were short but the party deemed it wiser mostly to travel by night.

The sea was reached after a fortnight. A Turkish patrol boat was discovered in a creek and the party took possession of it during the crew's absence. Sailing under the Turkish flag, they reached the island when on the verge of starvation, having crossed 120 miles of open sea.

INFLUENZA CAUSES  
EARLY CLOSING OF  
RAFTING SEASON

Three Million Feet to be Held in  
Douglas Boom For Winter

Fredrieton, N. B., Oct. 22.—J. Fraser Gregory, of St. John, is here today in connection with the closing of operations of the St. John River Log Rafting Company for the season. The early closing with logs still in the booms is made necessary by the outbreak of Spanish influenza, which has struck the rafting crews. Walter Jackson, boom manager, is ill.

The Douglas boom will close today. It will be necessary to hold three million feet of lumber. It is not known definitely how much lumber was rafted by the company, but Mr. Gregory said that it was slightly in excess of what was rafted in 1917.

On the Restigouche River rafting operations had to be abandoned last week on account of the epidemic. The Shives lumber mills also had to close.

NOTE WRITING IS  
HOTLY RESENTED

(J. M. Robinson & Sons, Private Wire Telegrams)

New York, Oct. 22.—What does it mean when citizens of New York, uttering words of protest, stop you on the street with manifest emotion and dramatically exclaim: "What do you think of this dangerous note writing to the public?"

The air seems to be getting surcharged with wild impulse. It is a situation that investors cannot afford to ignore. We are recording the new developments.

Those who are Republicans are taking a great deal of encouragement from the latest developments against clericalism in Germany, it being asserted that diplomatic exchanges between Washington and Berlin are making the Republican vote, many of them from Democratic ranks.

Official indication already has been given that the only question for immediate consideration is whether there shall be a discussion of "terms" of evacuation while the Allied and American armies continue their work of clearing Belgium.

Exchanges between Washington and the Allied capitals have been in progress the basis of the wireless version of the note received Monday and it is regarded as certain that any reply to the note may be made by the government by the supreme council in France.

FREDRIETON NEWS

Fredrieton, N. B., Oct. 22.—Gunner Clarence Jewett, son of H. C. Jewett of Fredrieton was wounded slightly on October 12 and returned to duty on the 20th.

Gunner William Lounsbury, son of John Lounsbury, is in Kimmel Park Military Hospital, seriously ill.

Mrs. Ellen McCormick died last night. She is survived by her husband, three sons and three daughters, five brothers and one sister. Mr. and Mrs. Henry Durost of White's Cove, her parents, also survive.

The sale of stock on breeders' consent may have been postponed on account of the influenza.

STOLE \$20,000.  
Hamilton, Ont., Oct. 22.—A bag reported to have contained \$20,000, was stolen from the express car of the Grand Trunk train which left Toronto at 8 o'clock this morning.

Burial took place this morning from O'Neill's undertaking parlors. Private.

DESMOND—At Little River, on Oct. 22, John Desmond, leaving his wife, two sons and one daughter to mourn.

Funeral Thursday afternoon at 2:30 from his late residence.

HARVEY—At Toronto, on Oct. 19, Gerald Myles Harvey of the Royal Flying Corps, aged eighteen years, only son of J. Newton and Bessie Myles Harvey of Vancouver, B. C., formerly of this city.

Interment at Vancouver.

MCKAY—In this city, on the 21st inst. Sarah, beloved wife of David McKay, of bronchial pneumonia, leaving her husband, five sons and three daughters to mourn.

MAHONEY—In New York city on the 20th inst. John, youngest son of the late John and Julia Mahoney, formerly of the North End, leaving two sisters to mourn.

Body will arrive on Boston train Thursday. Funeral will take place from depot.

IN MEMORIAM

GOLDSWORTHY—In loving memory of J. Henry Goldsworthy, who fell asleep Oct. 23, 1917.

"The Golden Gates were opened,  
A gentle voice said come,  
And with farewell unspoken,  
You calmly entered Home."  
WIFE AND FAMILY.

WHEATON—In loving remembrance of Jennie E. Wheaton, died Oct. 24, 1917.

Asleep in Jesus' blessed sleep,  
From which none ever wakes to weep.  
BROTHER AND SISTER.

CARD OF THANKS

David McKay and family, 31 Brook street, wish to thank their many friends for kindness and floral tributes sent during their recent sad bereavement.

Mr. Married Man—Do This  
Write out instructions for your wife to follow with reference to earning an income for the support of herself and your children after your death.  
After you have found out how "easy" it is to write out these instructions, figure out how "easy" it is going to be for your wife to carry them out.  
The task we think will convince you that you must maintain as much life assurance as you can possibly afford in order that your family shall not be dependent upon the charity of others, if you should die.  
Don't put it off. Don't say that you expect your wife to be abandoned last week on account of the epidemic. Think of all the men who do not own \$500 in real money today who were worth thousands of dollars two years ago.  
If you haven't all the life insurance you can afford write for our booklet entitled "The Creation of an Estate." It will interest you.

IN WALL STREET.  
New York, Oct. 22.—Peace and war stocks were higher for the most part at the active resumption of trading today, shipping and mills continuing to feature the advance at gains of one to three points. Dividend paying transportation were again favored and some of the minor rails added fractions to recent advances. Baldwin Locomotive, the industrial Alcohol and Mexican Petroleum were strong at the outset, the latter, however, immediately forming its two-point advance. Metals were irregular, although American Smelting displayed marked strength. United States Steel made a slight initial gain, but soon reacted under pressure.

PEACE TALK AT  
CRITICAL POINT  
SAYS PRINCE MAX  
(Continued from page 1)  
"The right will be of stupendous importance, it will not be our strength that will decide, but it will be what is thought to be right in free discussion, with our opponents that will give the decision. This is a great effort for a proud people accustomed to victory."  
"The legal questions involved will not stop at our national boundaries, which are the extreme apices of force in the internal questions."  
"The principles upon which we have agreed as a rule of conduct also involve internal questions. From many quarters it has been represented to me that an acceptance of President Wilson's conditions would mean submission—anti-German submission—to an anti-German court of justice which would decide legal questions from a viewpoint of its own interests. If that is the case, why then is the extreme apices of force in the Estente fear the council chamber as the guilty fear the court of justice?"

INFLUENZA SCORE REACHES  
TOTAL OF 548 CASES TODAY  
(Continued from page 1)  
Sparrow Cove Road, Lindtown, St. Andrews street, South End—in fact all over town—lying between.  
Some of the homes are in a pitiable state, the V. A. D. helpers and visitors relate. Small helpless children and aged folks are left to nurse adults and assist space from outside. It is of course most sadly received.  
Twenty Harde V. A. D. helpers.  
Without any of the picturesque of serving in the war, minus all uniforms and in the darkness and uninviting homes of St. John's less fortunate classes from fifteen to twenty girls and young women belonging to good households in the city are going back and forth these days ministering to the poor afflicted with the rampant malady. Little is being said about this splendid service and no laudation is desired by the workers. They are doing the work because it is part of their duty to humanity and in a broader sense because it is a divine admonition. They want more assistance and no renunciation for us. There would be a feeling of bitterness which would cripple for generations to come. "But if we comprehend that the significance of this fight is, above all, victory for the ideal of justice, and if we do not resist this idea but submit with all good faith, then we shall find in a cure for our present ills and a reservoir of future strength."

OPPOSITION IN GERMANY.  
Prince Maximilian said that he would deny that heavy opposition in Germany must be conquered before the ideal league of nations could be realized, but continued.  
"Whether the next few days or weeks shall call us to fight on, or open the way to peace, there is no doubt we are now equal to the task of either war or peace by carrying out the government's programme and definitely breaking away from the old system."  
The imperial chancellor then discussed electoral and parliamentary reform. He cited bills before the Reichstag, one of which enables members of the house to enter the government without resigning and another proposing a change in the laws regarding the responsibility of the chancellor.  
Announcement was made by the chancellor of a bill making the Reichstag responsible for war and peace, the measure to become effective when the proposal for a league of nations should become operative.

Austria's Complaint.  
Basel, Oct. 22.—Official comment in Vienna on President Wilson's answer to the Austrian note expresses a complaint that it does not answer the precise question put forward, and that it is now necessary to again ask the president's attitude toward an armistice and the re-establishment of peace, providing health officers received from the Austrian capital. It is added that officials say there is a condition in the reasons given by Mr. Wilson in justifying his refusal to enter into peace negotiations and his answer to Baron Burián on Sept. 15.

A telegram was received from Houlton, this morning, stating that the Emergency Board of the State could not spare nurses at this time.  
Reports from Stanley this morning show the situation greatly improved in that town. Some physicians have gone in to help out the people they have become less panicky, and the disease is clearing up. For a time business was at a standstill there, but things are now becoming normal.  
(Mail, Tuesday.)  
The number of pneumonia cases which are developing is increasing steadily. This is said to be caused by those partially convalescent not taking sufficient precautions. The eighth death from pneumonia in the city occurred yesterday when H. Percy Logan, a well known C. G. B. trainman, died suddenly after a relapse. One house in the city has five pneumonia cases.  
Victims of Influenza.  
Leo McMahon, the thirteen months old son of Mr. and Mrs. James McMahon, Moncton, died on Tuesday.  
The death of Miss Sarah Parson, aged seventy-two years, occurred on Tuesday in Moncton.  
Mrs. Jane Fountain, aged fifty-nine years, died at her residence in Moncton. Sergeant Joseph Richard, of the Moncton police force died on Tuesday. He was twenty-eight years of age, and survived by a widow and several small children.  
The death of Mrs. Mary McDonald, widow of Angus McDonald, occurred Tuesday morning in Moncton. She was eighty-seven years of age, and died of influenza. One son, Hugh McDonald, survived.  
H. Percy Logan, son of Conductor and Mrs. A. E. Logan, of Fredrieton, passed away on Tuesday. He was twenty-seven years of age and was employed as brakeman on the Canadian Government Railway. He is survived by his parents, a brother, Ernest, and two sisters, Edith and Mary, all at home.  
A telegram was received Saturday night by John Edney, of Fredrieton, from her daughter, Marjorie, announcing the death of her niece, Mrs. W. E. Gilks, at New York, from Spanish influenza. She leaves a husband and a five-year-old son. Mrs. Gilks was a widow mother, being a daughter of the late James Edney, formerly of the old Infantry School Corps.

OUTBREAK AT CHIGNICTO  
Talking to Chignictos Mines on Monday the Amherst News was informed that there were between one hundred and one hundred and fifty cases of Spanish influenza in that small village and that some of the patients were very critically ill. In some instances nearly all the family are down with the disease. The unfortunate accident to Dr. Forbes has cut all the medical attention except from Amherst and River Hebert, and the physicians of both these places are overworked, so that conditions at the Mines are rather serious.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, OCTOBER 23, 1918

**Speeding 'em up on Fry's Cocoa.**

The best way to get the most work out of the "human engine" is to give it the food that has the most energy in it. Of all foods, certainly this means FRY'S COCOA—the great food beverage that is all delicious nourishment. If you have to work harder these days, try a regular course of FRY'S. You will need less of other and more expensive foods. There is concentrated strength for muscle and brain in every single cup.

**Trust economy—use FRY'S**

probably range around twenty cents per tin, there is little chance of many offerings of two for thirty-five cents. Corn prices are also out, and range about the same as last year, with the delivery estimated at around thirty-five per cent. Quotations on plums, peaches and pears are now being worked out, and figures will run much higher than last year.

Latest regulations issued by the Food Board provide that the mastic must supply or arrange to have supplied substitutes to the percentage of one to four with all orders for wheat flour. Rye flour, corn flour, barley flour and oat flour are now mentioned as the only substitutes to consumers. This means dealers will have to take into stock the proper proportion of substitutes, and they, in turn, will pass these on to the consumer. This is probably the reason for the Food Board's action, and has been taken, it is thought, when a steady supply of substitutes seems likely to more nearly meet these requirements.

Montreal's advance of price is this week made in canned peaches and pears, and also for corn, canned and on the cob. Soap chips and caustic moved up. Declines were made for comminal, corn flour and package rolled oats, split peas, beans and feet oats. Bananas are also easier, while lemons and oranges are firm. New pack tomato prices are announced.

An advance may be looked for in mustards. The difficulty of securing supplies from overseas is great, and all materials have increased in price. The cocoa and spice markets are steady and firm, while coffee and tea are ruling with the tendencies heretofore reported.

Laploca will not be permitted through, jobbers having received intimation from the Food Board that stocks are ample in the country to meet requirements, and that they will, therefore, be unable to permit importation, freight space being short.

The influenza epidemic has somewhat handicapped trading.

Toronto—Much higher prices are the prospect for canned plums, pears and peaches, from advices now at hand. Production has been limited owing to comparatively small crop, it is estimated, and high prices paid for the fruit, along with enhanced manufacturing costs, have brought about greatly increased prices to the trade.

Quotations are out on tomatoes and corn. These are lower than last year, but it had been hoped that tomatoes would show a much lower level than they do. Delivery of tomatoes will be about eighty-five per cent, and of corn about thirty-five per cent.

Between forty and fifty per cent, delivery of orders placed for dried peaches seems now possible since government requirements have been provisioned for. The orders amounted to about twenty-five per cent, normal, so the present outlook is for about one-eighth usual shipments.

An unprecedented demand for lemons and oranges has developed all over the continent since the epidemic of Spanish influenza started. The result has been that with the light supplies available, prices have soared to record levels. So far this has been more noticeable in United States points than in Canada, but local prices have attained a pretty figure, particularly with oranges.

Quotations on barrel apples show an advance of from fifty cents to \$1 per barrel for some kinds on the No. 1 grade over opening prices given out two or three weeks ago. Sweet potatoes have declined, and onions hold unchanged at what may be termed a comparative level.

Coffee is very strong at primary points, and indications point to a further advance of from two to three cents per pound over increase of two cents made

#### WHERE SYMPATHY MUST GO.

New participants in the comity of nations have come into being as a result of the war. The Czechs-Slovaks, the Poles, the Jews, Armenians and Arabs, for example, have far stronger claims upon the sympathy of the Allies than has Germany or Austria or Turkey. The rights of these people are more worthy to be considered than the "honor" or dignity of Germany. The latter country is intent upon saving its own face, and making it possible at some future time to attempt again the virtual enslavement of the world. The Allies must finish their task. Belgium, Holland, Denmark and Scandinavia must be released from the dread of the sinister influence of the Hun. Serbia, Roumania, Italy, Greece and France must be considered. Russia must be given full opportunity for democratic development, without Prussian dictation. There must be an independent Poland and a Czech-Slovak kingdom or republic. Recognition of the Jews must emerge from this struggle. The Armenians must be freed from Turkish oppression. The Arabs must have a larger freedom.

These are the considerations which must govern the action of the Allies in their imposition of terms upon the Central Powers, whether taken singly or as a group. The map of Europe and western Asia is to be redrawn. Turkey realizes what is coming and is apparently ready to grant autonomy right and left, but there must be substantial guarantees. Whatever is granted by any one of the Central Powers will be granted under pressure, and it would be a fatal mistake to take their word for anything. The opportunity has come to make democracy the ruling principle, and nothing short of a complete triumph should satisfy the Allies, who have suffered and sacrificed so much for an ideal. Until that is accomplished there should be no parleying and no armistice.

#### OVER THE TOP NEXT WEEK.

Will the Canadian Victory Loan be as successful as the American Liberty Loan? The latter called for no less than \$6,000,000,000 and was over-subscribed. Every consideration that appealed to American people to lend money to their government appeals just as strongly in the case of Canada, and the Canadian loan pays a higher rate of interest.

The war has made Canada prosperous because there was money to carry on business, both industrial and commercial. Dry up the springs of monetary supply and industry and commerce would languish, and hard times come to the country. The man who buys Victory bonds does more than help the men at the front. He helps to make his own community and himself prosperous, and to make the country better able to carry on when the war is over and the solid return. The returned soldier who went with his wife in search of a Victory bond knows what he was doing and why he should do it. Of course the thing that most appealed to him was the opportunity he had to help his comrades at the front, since he could no longer march with them in person against the foes of Canada and of civilization. His example should be an inspiration. Let it also be remembered that it is not merely the surplus available for investment at a good rate of interest that counts most for patriotism, but the additional bond which means some saving and perhaps some sacrifice to make its purchase possible. All Canada should go over the top with a rush next week to her part in bringing the war to a speedy and satisfactory end.

#### OBSTRUCTING THE ROADS.

An appeal and a warning in respect to the care of the roads is issued in behalf of the provincial road department. It is pointed out that too many farmers throw poles into the ditch to make crossings for their teams and then forget or omit to remove the poles. The obstructed ditches do not drain the roads, and in case of heavy rains do much damage. Those who thus obstruct the ditches violate the law and are subject to penalty, which certainly should be enforced. The really good citizen is he who would take some little trouble to remove an obstruction, no matter how placed it there, but very few seem to regard their citizenship from that viewpoint. The roads would be kept in far better condition if every man using them could be brought to realize that a little community service of this sort is due from him whenever it can be rendered at little or no cost to himself. Good roads mean better service and in the end lower taxes. Every village and settlement should have a good roads association or committee, to create a healthier public sentiment in regard to the care of the roads, and to see that penalties are inflicted upon those who violate the law. After all the people suffer if the roads are bad, and it is a matter of self-interest to co-operate with the department in keeping them in good condition. When a government honestly tries to do its duty in the matter it is serving the public interest and deserves co-operation.

#### MATTHIAS ERZBERGER.

Matthias Erzberger, leader of the Centrist party in the Reichstag, was recently put forward as a spokesman of the new Germany which professes to be opposed to militarism and the settlement of international disputes by war. The Toronto Star recalls an interesting light thrown upon the character of Erzberger by the Abbe E. Wetterle, ex-deputy at the Reichstag and in the Alsace-Lorraine Chamber, in a book entitled "Behind the Scenes in the Reichstag—Sixteen Years of Parliamentary Life in Germany." We quote:

"Erzberger is described as a big fellow with a smart and vulgar face. He at first threw himself heart and soul into the anti-clerical movement, but turned his coat at a day's notice. 'He has no convictions, but only appetites.' One day he proposed to the writer of a book a plan for acquiring land near Berlin, which would be used for the construction of a canal and the establishment of a large commercial port near the capital. The Abbe declined to have anything to do with the scheme. Subsequently he found that a deal with a Parisian syndicate for the purchase of the land had fallen through because of Erzberger's demand for a commission of 150,000 marks. 'Erzberger,' he says, 'has no nobility of feeling.'

It is precisely a man of this sort the German Junkers would be expected to put forward to do their dirty work. The Toronto Star truly says:

"The description is not such as to create confidence in Erzberger as one of those who would inaugurate a new order in Germany. Character, as well as professions, are essential for any such reform. Sound morals must be the basis of right international relations. It will be an exceedingly difficult matter to restore the confidence of the world in German good-faith."

The London Times correspondent at Berne recalls the fact that this same peace-loving Matthias Erzberger wrote in 1915:

"The greatest ruthlessness is in reality the greatest humanity. If it should be possible to destroy the whole of London that would be more human than to allow one of our fellow-countrymen to bleed to death on the battlefield, because such a radical cure would lead most speedily to peace. England has taken from us more than 400 merchant ships. The answer to this should be that for every German merchantman on English town or village will be destroyed by our airmen."

This is the gentleman who now wants peace and a league of nations. He is a typical German bully.

It would be a serious and might prove a fatal mistake for any individual or community to assume a careless attitude in regard to the epidemic of influenza. St. John has been very fortunate that the number of deaths has been relatively small. In this respect it has been very much more fortunate than many smaller communities. We have not yet reached the end, however, and it would be a great mistake to relax vigilance or treat the matter lightly. The precautions taken have had an excellent effect, but should be continued.

Prince Maximilian falls the Reichstag that if President Wilson wants "peace by violence" instead of a "peace of justice" Germany must fight on. Some German Socialist newspapers are not so sure. They suggest that the Kaiser climb down, as one guarantee of good faith, and one journal recommends the gallows for the authors of the war. Germany cannot afford as confidently as the Allies to let matters go on as they are going at present. Austria and Turkey will not wait.

The British are in the outskirts of Valenciennes. The Belgians and British continue to drive the enemy out of Belgium. Everywhere the enemy is forced to give ground. French forces have reached the Danube river in Bulgaria and Serbian troops are still driving northward. While Berlin talks the Allies fight, and that is the only right way to settle the question.

Eighteen thousand Roumanians who were forced to fight for Austria but were captured by the Italians are now in the Italian army fighting against Austria. Czech-Slovaks are fighting in the French ranks on the western front. When the war is over these people will come into their own.

These German princelings need to be taught a lesson. Prince Maximilian refers to the Germans as "a proud people, accustomed to victory." Until they are a humiliated people forced to make reparation for their crimes their pride will remain a menace to the world.

The Kaiser and the Catholic and Protestant churches of Germany are asking God to help them escape the consequences of their sins. A while ago they were marching with God to victory. Their God is a defied German. Peradventure he sleeps.

The evacuation of territory held by the Germans need not be made the subject of negotiation. Foch is attending to it in a very satisfactory manner.

### Waltham Watch

A GOOD case often holds a watch movement entirely devoid of merit. But this shouldn't be, because a good movement is the prime essential of a time-piece. The Waltham 19 and 23 jewel movements, cased in gold-filled or solid gold of various weights, form the ideal combination of beauty in exterior and complete reliability of mechanism. Buy your watch on the reputation of the maker—that's the safe way. And remember, the Waltham reputation was established more than sixty years ago, since which time Waltham movements have earned the confidence of several succeeding generations of exacting watch buyers.

Ask your jeweler to show you his range of high-grade Waltham Watches.

#### News Notes About

##### Prominent Baptists

(Maritime Baptist.)

Rev. R. W. Hopkins is settling with the churches on the Upper Blackville field. The unfortunate lack of a parsonage at Forest City compelled him to close his work on the Green Mountain-North Lake field before it was fairly begun. However, the change provides a live pastor for the Blackville field, where one was greatly needed.

Rev. C. N. Barton has, we understand, accepted a call extended to him by the Victoria field. His removal will leave both Perth and Andover without pastors, a result which is to be regretted.

A recent casualty list contained the name of E. MacPhee, Tryon, P. E. I., "killed in action." We fear that this may be Earle MacPhee, who a few years ago was granted a license to preach by the Tryon church.

On Sept. 22 Dr. J. L. Campbell, pastor of the First Baptist church of Vancouver, celebrated the fiftieth anniversary of his ordination. In spite of his fifty years of service he continues to minister to one of the strongest Baptist churches in Canada with undiminished strength and zeal.

The Moncton Suburban church and its pastor are rejoicing that the parsonage at Lewisville is no longer without a mistress. On Oct. 16 a happy event occurred in St. John West whereby Rev. E. W. Stachhouse and Miss Alice Marion Stears were made one.

We have learned on good authority, though not directly from the Dartmouth church, that the Rev. W. H. Kennedy has secured a successor to Rev. F. E. Bishop in the person of Rev. W. B. Beanson. This will leave the Temple church (Yarmouth) without a pastor. Mr. Beanson's evangelistic gifts have frequently responded to such calls from neighboring fields, and during the three years spent at Yarmouth he has frequently responded to such calls and his work has been blessed in the conversion of many.

Some news notes from Windsor, N. S., in a recent issue of a local paper, mention the resignation of Rev. H. G. Kennedy and the resulting loss to the

Baptist church of that town and to the community life in general. The correspondent stated that he accepted a call to a church across the line.

The churches on the Digby field have recently enjoyed the privilege of welcoming home their pastor and his bride after the vacation period. The congregation at Digby gathered at the parsonage, and besides extending to Mr. and Mrs. Robbins in the most cordial manner of good wishes, presented to them a substantial check. A week later Hill Grove friends met at the home of Mr. and Mrs. J. A. Nichols, where again the pastor and wife were made the recipients of a tangible expression of the good will of the

people. Mr. Robbins has entered upon the fourth year of his work with these churches. He has done excellent work in the past but we shall expect to hear even better things of him in the future.

Much sympathy is felt for the clerk of the German street church, Stanley E. Fisher, who has been sadly bereft by the death of his wife, which occurred on Sunday morning after a brief illness of pneumonia. Two small children are left motherless. Mrs. Fisher was a daughter of E. M. Sippell, so well known to the Baptists of these provinces through his long connection with the denominational paper and his active interest in all denominational activities.

### THE SPIRIT OF FRANCE

The spirit of France was magnificently typified at Lyons, France, recently, when a beautiful French girl of about eighteen, presented herself at the library desk of the Y. W. C. A. and asked if she might borrow a copy of the "French Revolution."

Investigation found that she was making shells for the army at a munition factory close by.

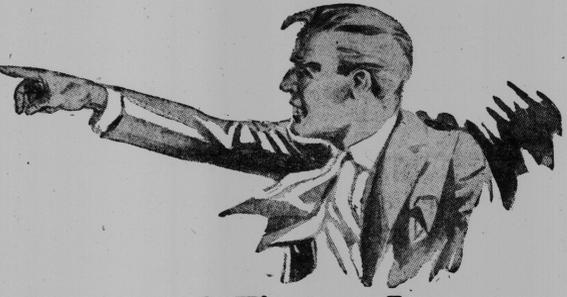

"Yes," she said, quietly, "I want to know all there is to know about my beloved country. My country is all that I have left."

Subsequent conversation showed that her home had been burned by the Germans in northern France, that two of her brothers had been killed in action and that her mother and father had both died during the war.

Edward N. Hurley, chairman of the United States Shipping Board, "If the German soldiers ever get the idea that the war is over they will keep on running until they get back to Berlin. And the American, French and English troops will keep right after them."

REMEMBER THE FISHERMAN.

Fish meals must prevail on National Fish Day, October 31, November ushers in the winter fishing season—that period of the year when the fishermen have to face the bitter cold of our northern climate and the blustery, freezing gales of the Atlantic and Pacific oceans.

As a tribute to them, no less than from patriotic reasons, let us enter into the spirit of a day that is distinctly Canadian. To enable the housekeeper to do her part the following recipe for Fish Kidgeree may prove useful:

### Simple Way To Get Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

### ST. JOHN MAN IS GOING AHEAD

J. O. Morrell Leaving Calgary for Montreal to Become Merchandise Manager for Henry Morgan, Ltd.

(Calgary Canadian.)

J. O. Morrell, for the last two years merchandise manager for the Calgary store of the Hudson Bay company, left last evening for Montreal, where he will associate himself with the large store of

Henry Morgan & Sons, Limited, in the capacity of merchandise manager.

Mr. Morrell has made a host of friends in this city who will regret seeing him leave Calgary, but who will also rejoice in the fact that he leaves for a wider field in the east, where his abilities may have a wider scope.

J. O. Morrell is a native of St. John, N. B., where for ten years he was associated with the well known firm of Manchester Robertson Allison, Limited. He also engaged in business for himself some years at the same point.

Springfield, Mass., also was favored with his services for some time.

He was later connected with the old-established firm of C. Ross company and the Murphy-Gamble company, both of Ottawa.

Following this, Mr. Morrell was for six years merchandise manager for Henry Morgan & Sons, Limited, of Montreal, to which position he returns now.

Last night Mr. Morrell was the recipient of a fitted black walrus traveling case and also a calabash pipe, presented to him by the buyers of the local store.

Mr. Morrell left last evening for Chicago, where he will be joined by Mrs. Morrell, who has been visiting in Memphis, Tenn., and from that point they will proceed to Montreal.

## ASKS \$600,000,000 FOR U. S. NAVY

Washington, Oct. 22—Congress has been asked by the navy department to authorize a second three year naval building programme to provide ten additional super-dreadnoughts, six battle cruisers and 140 smaller vessels at a cost of \$600,000,000. This was disclosed tonight by Secretary Daniels after his appearance before the house naval committee to explain the appropriation.

## REDOUBLED EFFORTS SHOULD BE THE ANSWER

Edmonton, Oct. 22—"I do not take much stock in this peace talk," said Major General Mevburn, minister of militia, tonight. "Our answer to the German government's note should be to redouble our efforts. We shall send every man and gun and every ton of supplies that we possibly can. Canada will not slacken its energy for one moment. That is the best way to obtain peace."

LOCAL OFFICERS STAY OVERSEAS

Work For All on Other Side—West End Man Wins Medal—New Buildings at Barracks Square—Casualties

Word has come to the district military headquarters that Lieutenant Louis Gifford, M.M., St. John; Captain G. A. Mowatt, Campbellton; Lieutenant Humphreys, Lieutenant G. C. L. Foster and Lieutenant G. A. Rankine, all of St. John, who either went with units from No. 1 New Brunswick Depot Battalion or the Siege Battery, as conducting officers, have now been retained in England for duty and have become identified with the Canadian overseas forces.

Killed in Action. Chatham, N. B., Oct. 22.—Mrs. Minnie Bahin has received word that her husband J. A. Bahin has been reported killed in action. The heartfelt sympathy of the whole community goes out to her in her sad bereavement. Mr. and Mrs. Jas. Vanstone today received word that their son Howard, was officially reported missing on September 30. He was a well known local athlete and his many friends hope that there will be better news of him in the near future.

A Prisoner. Mrs. Roland Heide of Moncton has received a cablegram from the Red Cross Society, London, stating that her husband, Lieutenant Roland Wallace Heide of the Royal Navy Air force is a prisoner of war at Kassel, Baden, Germany.

Wins Military Medal. Word has been received in the city that Sergeant Joseph Pittman, former West St. John boy, has been awarded the military medal for bravery in the field at the battle of Amiens. He went overseas as a member of the 2nd Division Ammunition Column. His mother is residing in Yarmouth.

Killed in Action. Bruce Noddin, of Moncton, has been advised that his son, Sergeant William A. Noddin, infantry, has been killed in action. Sergeant Noddin went overseas with the 14th Battalion. He was twenty-two years old.

Pte. C. McCutcheon. Mr. and Mrs. William McCutcheon of Oliville, Queens county, have been advised that their son, Private Charles, has been killed in action. He was twenty-six years old and went overseas with the 4th Siege Battery. A brother, Ernest, was killed in 1916 and another brother, Garfield, is at present in hospital recovering from wounds.

Sergt. McGinley Wounded. Sergt. W. A. McGinley of this city was advised yesterday that her son, Sergeant Harris A. McGinley, had been wounded in the recent fighting in the left arm. He went overseas in the 14th Battalion. Prior to enlisting he was working in Roseburg, Oregon. He was wounded before about one year ago.

For Duty Here. Captain E. A. Sturdee, son of Colonel E. T. Sturdee, of this city, arrived in the city last evening. After returning from overseas he was on duty in Military District No. 2, Toronto. He is to be attached to the staff of the Depot Battalion.

Five Victoria Crosses. Four new Victoria Crosses have been awarded Canadian soldiers. Three of the five recipients are dead. The story accompanying the award to Piper Richardson of a Manitoba regiment, is the most thrilling of the five. He had permission to play his company "wee-wee" top. As the company approached its objective it was held up by wire and immediately came under an intense fire. The formation of the company was for a moment demoralized. Piper Richardson, realizing the situation, walked up and down in front of the men playing. He so inspired them that the company rushed the wire and captured the position. Piper Richardson was killed.

With the Tanks. S. Starfield, who was for some time manager of the Perkins Electric Company in St. John, is now a driver with the McGill University Company, 1st Tank Battalion.

New Buildings. Work will commence this morning on the erection of an armorer's shop, a blacksmith shop and a carpenter shop on the Barracks square. Kane & Ring, local contractors, have the contract for the erection of the three buildings. Another large building is being erected by the same contractors for a mess room and kitchen. A guard room is also to be erected.

LUDENDORFF STARTLED KINGS

Told Council That Germany Might Be Invaded in a Few Weeks

London, Oct. 22.—(British Wireless Service.)—Interesting particulars are now available concerning the recent happenings in Germany leading up to the sending of the German reply to President Wilson's question. (On October 14.) According to the Essen Zeitung, the decision to reply affirmatively was taken at a dramatic meeting of the Crown Council in Berlin, where General Ludendorff made a gloomy report on the military situation.

In the presence of Emperor William and all the federated princes, the general, according to this newspaper, declared the situation was such that Germany might be invaded within a few weeks. In view of his great promises of last spring, he was made the subject of bitter reproaches. Prince Max of Baden, the imperial chancellor, said that the war must be stopped at once. King Ludwig of Bavaria sharply criticized Ludendorff, while King William of Wurtemberg declared that a heavy responsibility rested upon the emperor. The Grand Duke of Hesse complained of military interference in political matters.

The chancellor finally cut the recriminations short, the newspaper adds, by proposing submission to President Wilson's terms. Indications that General Ludendorff was probably correctly represented in his attitude by the Essen newspaper are contained in a message from the Berlin correspondent of the Danish newspaper Berlingske Tidende, who reports that at the end of September Ludendorff declared that he had lost the game and could hold the west front for only a fortnight. At the same time Bulgaria gave in and concurred with Ludendorff's declaration of his defeat there came an ultimatum from Austria-Hungary, the correspondent adds, stating that Germany must request peace as other-

BRITAIN FAILED TO FIGHT ILL-FEELING

London, Oct. 22.—(Canadian Press Dispatch from Reuter's Limited)—Lord Morris, speaking at a luncheon of the Entente Press Alliance here today at which he was installed as president of the alliance, said that it was largely by the false impression created in Germany and other countries about Great Britain in the press of those countries that ill-feelings had been aroused without any protest on our part.

Our ambassadors and consuls in the past had taken no trouble to sell British wares, social or trade, and the results had been of the most disastrous nature for us. The one exception to this regrettable policy was the policy of the Right Hon. James Bryce, when he was ambassador at Washington.

By systematic intelligent and persistent propaganda we must endeavor to correct the mistakes of the past and prove to other nations that we did not deserve the things that had been said about us owing to our faulty diplomacy. What we won in war might easily be lost by diplomacy and the people of the empire must demand that we get our pound of flesh but no more from the enemy, who must be made to pay the last penny of the bill presented to him.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh. Sparkling and vivacious — merry, bright, alert — a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of thousands of sickly, anemic-looking men, women and girls, with rusty or muddy complexions, instead of the multitudes of "nervy wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour fermentations and poisons, before putting more food into the stomach.

Those subject to sick headaches, biliousness, constipation, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation.

COMMISSION FOR RUSSIA

Ottawa, Oct. 22.—The commercial interests of the dominion in Russia are to be placed in the care of an economic committee which in conjunction with commissions named by other allied countries will endeavor to restore the commercial activities of Siberia and assist the people of that country to secure things necessary to equip and carry on their agricultural and other industries. The Canadian commission consists of C. F. J. J. J., chief Canadian trade commissioner in Russia; W. D. Wilgress, Canadian trade commissioner at Vladivostok; Colonel J. S. Dennis, liaison officer of the Canadian-Siberian Expedition, Ross Owen, transportation officer in Russia of the C. P. R.

TAKES PLACE OF PROFESSOR STEWART AT DALHOUSIE

Halifax, Oct. 22.—At a special meeting of the board of governors of Dalhousie University, this afternoon, Dr. Lawson P. Chambers, of Queens University, Kingston, was appointed locum tenens in the chair of philosophy in Dalhousie, in stead of Professor Herbert J. Stewart, seriously injured ten days ago.

wise the Dual Monarchy could not take any further responsibility, a Czech revolution being expected. It is held here that Baron Buriata's speech on President Wilson's last note is also in the nature of an ultimatum to Germany, peremptory in character, although similarly masked in courteous phrasing. It is considered plain from this speech that for Austria-Hungary the war is over, that she cannot go any longer, and that if Germany fails to satisfy President Wilson and the Allies then the only alternative of the Dual Monarchy is a separate peace.

It is felt that this must have its influence on the German mind, as well as the expectation in Berlin, according to the Berlin correspondent of the Danzig newspaper previously referred to, that Turkey will comply with the demands of the Allies for surrender.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

MOTHER AND FATHER VICTIMS OF EPIDEMIC; LITTLE BABE SURVIVES

The saddest case brought to light since the Spanish influenza epidemic struck St. John reached a climax last night when Alexander Chenard, aged twenty-six, living at 479 Main street, passed away by the hour after the death of his wife, Alice. Both had been ill for about two weeks. They belonged to Carleton and have no relatives in this city. The saddest feature, however, is that an infant child survives. Chenard's father, Mr. Blanchard, resides in Halifax.

BORDEN TO CALL PREMIERS OF DOMINION TOGETHER

Victoria, Oct. 22.—Sir Robert Borden has wired Premier Oliver that it is his intention to call a conference of provincial premiers before November 15 next. On September 17 last Mr. Oliver wired Sir Robert asking him to arrange for such a meeting for the purpose of allowing the heads of each government in the dominion an opportunity to discuss the problem presented by the demobilization of the Canadian army. Mr. Oliver pointed out the necessity for the action to be taken immediately so that a broad Canadian policy might be formulated with provincial machinery working harmoniously with that of the dominion.

Ask Willard to Fight. New York, Oct. 22.—Jes Willard was recruited by telegraph today to give his pugilistic services in a nationwide campaign to raise \$170,000,000 for the welfare organization endeavoring to furnish comfort to the American forces. The telegram does not mention the name of a prospective opponent. It simply asks him to volunteer his services, as many other boxing champions are doing. They will be boxing in every city of America during the campaign.

FOR WOMEN WHO WORRY

Worry and "the blues" are usually linked together, and in many cases are due to some functional derangement which if not corrected may lead to more serious ailments. More out-door life, sleep, water-drinking and a few weeks' treatment with that good old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, will revitalize and strengthen the system and work wonders for any woman. If you are prone to worry and "the blues" try it.

Must Refund \$1,000.

Cincinnati, Ohio, Oct. 22.—The national commission has ordered the New York National League Club to return to the Kansas City Club \$10,000 which the latter club had paid for the services of player Middleton. The evidence showed that Middleton had never reported to or signed with Kansas City, but had quit baseball.

MORNING NEWS OVER THE WIRES

It is rumored in Ottawa that Col. John S. Thompson will succeed D'Arcy Scott as a member of the dominion railway commission. Mr. Scott's term expired recently and it is said he will not be reappointed. Colonel Thompson is a son of the late Sir John Thompson, former premier of the dominion.

Sir John Eston and party of Toronto have been in Moncton for the last two days. They have been looking over property recently purchased and will erect a warehouse for distributing purposes this fall.

Moses Dea of Grand Falls died last evening as the result of eating poisoned salmon in tins. This makes the third victim the others being Mrs. Cote, mother of Joseph Cote, a well known Drummond merchant, and Charles Kenison.

How Will YOU Answer Germany's Peace Proposals On This Day?

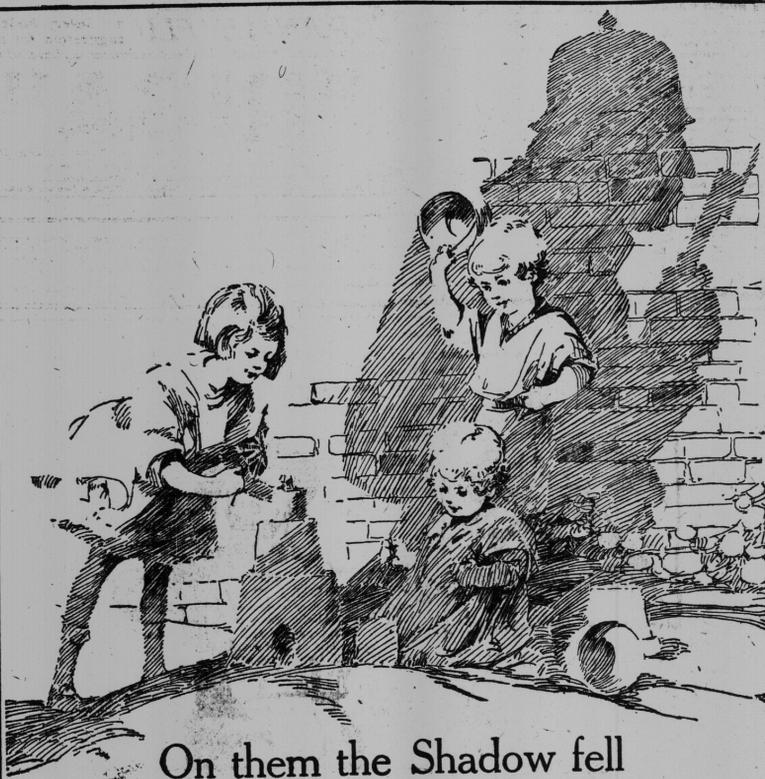

Fellow citizens of St. John! We have held the Hun hordes for four long, dreary years, and now that the gleam of dawn appears in the sky don't leave us in the lurch. On October 28 and for the three weeks following YOU have YOUR chance to answer the Hun in the language he best understands—DETERMINATION.

We at the front have offered to GIVE our LIVES. You are asked merely to LOAN your MONEY. "Can't afford" doesn't appear in our vocabulary—it shouldn't in yours.

Buy a Bond---Then Another---Then Some More

The Victory Loan Canvassers will leave their trenches and "go over the top" on Monday, October 28. Their objective is \$5,000,000. They MUST reach it. They want to exceed it so that St. John might win the Honor Flag. Help them as good comrades do win.

### On them the Shadow fell

THESE, our little Canadians, born to freedom, to a heritage of happiness, Germany's greed would enslave! For they were heirs to Canada's boundless wealth—our mines, our forests, our teeming fields—the Hun hungered for these riches of Canada.

In his plans for world power, Canada was not overlooked in the German scheme of plundering the nations. Doubtless there are to-day in Berlin plans for the apportionment of concessions of Canada's natural resources, plans for the government of Canada, for the policing of our cities, the levying of taxes, for enforced adoption of the German language as was done in Lorraine after 1871, and all the other systems of government by German methods.

And a brutal German soldiery would have enforced those systems by which the people would have been enslaved and every vestige of freedom and independence destroyed.

If Prussian plans had carried the smile

would have passed forever from the happy little faces in our homes.

Our boys and girls—heirs to Canada's riches—would have worked as slaves in their own mines, in their forests, their fields and factories.

The fruits of their toil, the wealth of Canada, theirs by right, would have been borne across the seas to fatten the German beast.

While the beast lives, his venom, his gall, his merciless, monstrous ambition threaten our homes.

Canada—young, high-spirited, independent—must stand firm.

Canada must use the wealth the Hun lusts after to crush him to earth.

Canada's strength, the united strength of each and every true Canadian, must raise the shield of protection for the generations to come.

The call will soon come for more of Canada's wealth. It is your money that is needed—every cent that you by cheerful sacrifice and loving self-denial can lend to your country.

### Be ready when the call comes to buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

Good shoes are necessary to children. A correct last and a shoe made for service are always demanded by careful thinking parents. Models made in Black or Brown leather.

### Consider the Extra Dollar

A PAIR of shoes at a dollar more may easily wear twice as long as a similar-looking pair at a dollar less. That dollar of difference buys as much as all the rest of your investment.

Watch these extra dollars carefully. Consider what they will buy before you spend or save them. Spend them wisely, for real service rather than for mere appearance, and they will buy many times their own value.

You can buy quality shoes at fair prices if you will do this. But don't spend too much. Watch the extra dollars at the other end of the scale. An extra dollar spent for "frills" is a dollar wasted.

To buy wisely in these days of high prices, do this:

Put Service First. Ask your dealer's candid opinion as to wearing value. Look for the manufacturer's trade-mark on the shoes you buy. This will give you a double guarantee of service.

A.E.M. War-Time Selections offer special Service Value for Men, Women and Children. Ask your dealer for them.

#### NATIONALIZATION OF PORT BEFORE COUNCIL

The matter of nationalization of the port of St. John came before the city council yesterday afternoon. A letter was read from the marine and fisheries department asking what value was placed on the fishing rights in the harbor. A letter was read from Dr. F. W. E. Burnham urging the city to arrange a tag day for sufferers in Serbia, Montenegro and Macedonia. No action was taken. It was decided to construct an archway near the Municipal Home in connection with the extension of the water main to East St. John, to be 110 feet in length and to cost \$10 per foot. Commissioner Hilyard advocated the installation of a new main to Spruce Lake, but no action was taken in the matter.

#### THIRTY THOUSAND SERBS DIED OF ILL-TREATMENT AT HANDS OF BULGARIANS.

London, Oct. 23.—The first party of 1,000 British prisoners taken by the Bulgarians and liberated under the peace agreement between that country and the Allies passed through Sofia yesterday en route to Saloniki, according to a dispatch to the Mail from the Bulgarian capital. They reported that because of ill-treatment at the hands of the Bulgarians, 30,000 of the 50,000 Serbians in Bulgarian prison camps have died.

#### NO GUARANTEE THAT REFORMS WILL LAST

Paris, Oct. 22.—(Havas)—The German reply to President Wilson excited much comment in the lobby of the chamber of deputies this evening. It was considered on every side as denoting that a spirit of depression and demoralization pervades Germany. Concerning the reference to the conditions of evacuation and armistice the note is regarded to be wilfully equivocal crafty and obscure. Parliamentarians are unanimous in the belief that the so-called constitutional reforms in Germany afford no guarantee that the reforms will be lasting or efficacious. The newspapers ex-

press the opinion that the note is a moral abdication of the German emperor. They say that Germany feels the need of peace and is giving way, but that the government would like to attain peace without accepting just and necessary sacrifices and declare that an armistice cannot be considered unless it gives the Allies at once exactly the same guarantee as a complete victory.

Willard Is Willing. Quannah, Texas, Oct. 22.—"I shall be very glad to do everything in my power to make the campaign a great success," Jess Willard said tonight when shown an Associated Press despatch quoting a New York telegram requesting the heavyweight champion to give his pugilistic services in a campaign to raise funds for army welfare organizations.

CAPT. GEORGE LLOYD. Captain George Lloyd's appointment as governor of Bombay will remove a fruitful cause of blunders at Westminster. On the division-list his name was "Lloyd George," and many a mistake was made in confusing him with the more eminent "Lloyd George." Captain Lloyd is a much-traveled man, under forty, who has followed Lord Curzon's plan of making himself acquainted by long tours with the out-of-way parts of the world. He is an excellent speaker.

If for the past four years you have enjoyed home comfort while others have been fighting on the battlefield, show now your keen appreciation by buying
