# Trinity University.

TRINITY University was constituted by a Royal Charter bearing date 15th July, 1852, and was thereby endowed with all such powers of conferring degrees in the various Faculties as are enjoyed by the Universities of Great Britain.

The fundamental object of the University is to supply to the people of the Province an academic education of the highest kind, in which secular instruction shall not be dissociated from religious teaching. The University is under the control of the Church of England, but open to all who desire to avail themselves of its advantages.

## GOVERNMENT OF THE UNIVERSITY.

By the provisions of the Royal Charter, the government of the University is vested in the Corporation, which body, by an Act of the Legislature of the Province of Canada (15 Vict. ch. 32), is composed of: 1. The Bishops of the six dioceses into which the original Diocese of Toronto has been divided; 2. The Trustees (three in number); 3. The Council.

The Council is made up of the following classes of members:

### EX OFFICIO MEMBERS.

The Chancellor and Ex-Chancellors of the University, the Provost, the Dean of Residence of Trinity College, and the Registrar of the University.

### MEMBERS NOMINATED.

By the Synod of each Diocese of the Province of Ontario, two clergymen and two laymen.

By the Bishops of Toronto, Huron, Ontario, Niagara, and Ottawa, four members each, representing their respective dioceses, or, if the Synod of the Diocese elects members, then two only shall be nominated by the Bishop.

By each Medical, Musical, or Theological College affiliated with the University, one member.

## MEMBERS ELECTED.

By the College Committee, one of the Professors.

By the Graduates in Arts and Divinity who are Members of Convocation (see below), eight members, to hold office for four years, two retiring annually.

By the Graduates in Law, two members, to hold office for two years, one retiring annually.

By the Graduates in Medicine who are Members of Convocation, two members, to hold office for two years, one retiring annually.

By the Associate Members of Convocation (see below), two members, to hold office for two years, one retiring annually.

By the whole Corporation, nine members, elected for four years, of whom at least two shall be engaged in educational work in the High School system of the Province.

## CONVOCAATION.

By the provisions of the Royal Charter, and in accordance with the practice of the English Universities, the Convocation of the University consists of (in addition to the Chancellor, the Provost, and Professors of Trinity College), all Graduates in Divinity, Law, or Medicine, and all Graduates in Arts of the standing of M.A., who from the time of their admission to these degrees have paid annually the sum of five dollars towards the funds of the University.

All degrees must be passed by Convocation before they can be granted by the University, and the Supplicats for each degree must have been previously approved by a Committee of Convocation called the Caput.

Convocation has also been placed by the Corporation in the position of a Standing Committee of that body, so that its members are in this way enabled, through their representatives, to formally lay their resolutions before the governing body of the University. Convocation is represented by fourteen members on the Corporation. (See above.)

An annual meeting for the transaction of business and granting degrees is held every year in Michaelmas Term.

Other meetings for granting degrees are held : for Degrees in Medicine and Dentistry, in May ; for Degrees in all Faculties, in October.

Graduates not qualified as above to become members of Convocation, and other friends of the University, may become Associate Members of Convocation by the same annual payment of five dollars. All candidates for associate membership must be approved by the Executive Committee of Convocation.

Associates have the right of speaking, but not of voting, at meetings of Convocation. They also elect annually a member of the Council. (See above.)

Local Associations of Convocation have been formed in the chief centres of Ontario. Members and associates have equal privileges in the government of the Local Associations. Each Local Association elects one member to represent it upon the Executive Committee of Convocation.

There are at present about 250 members and associates of Convocation.

The Chancellor of the University is elected for a period of five years by the members of Convocation in good standing.

The Provost of Trinity College is *ex officio* Vice-Chancellor of the University.

The Caput consists of the Vice-Chancellor and four members of Convocation, to be elected by Convocation at the annual October meeting for conferring degrees.

The Degrees of the University are open to all persons without any religious test, except in the case of Degrees in Divinity, candidates for which are required to subscribe to a declaration of membership in the Church of England, and to the three Articles of the XXXVth Canon.

Subjects of Her Majesty are required to make a declaration of allegiance before proceeding to their degrees.

Boards of Study in the different Faculties, consisting of *ex officio* and elected members, advise the Corporation, through the Executive Committee, as to the nomination of Examiners, changes in the Curriculum, etc., in their respective departments.

### *Fees for Tuition and Board.*

Although residence within the College buildings for Students in Arts is not in all cases compulsory, it is strongly recommended. The common Collegiate life, after the pattern of the Colleges of the English Universities, is in itself a training of great importance. A new residence containing two lecture rooms, and accommodation for two Professors and twenty Students, was opened in October, 1894, the accommodation previously existing being found altogether inadequate.

Students in Arts are ordinarily required to reside in College, but those whose parents live in Toronto are exempted from such residence, and the same privilege is granted by the Executive Committee in other cases on sufficient cause being shown. See page 70, second paragraph.

The Tuition Fees are \$50 per annum.

The charge for board of Resident Students in Arts is \$120 per annum, and for Students in Divinity \$90 per annum.

These fees are payable for Arts Students in three instalments, and for Divinity Students in two instalments, terminally, in advance, and on payment being made during the first fortnight of term a discount of 10 per cent. is allowed. The rent of College rooms varies from \$5 to \$18 per term.

The Laboratory Fees are \$2.50 per term for Chemistry, \$1 per term for Physics, \$2 per term for Natural Science Pass Students, and \$3 per term for Natural Science Honour Students.

The Steward's account for fuel and extras averages \$15 per annum. Students have to provide their own bedding, carpets, etc.; the heavy furniture being supplied by the College. They will also require a cap and gown and a surplice for use in Chapel.

The rooms in College will be assigned to resident Students on the first day of Michaelmas Term, beginning at 9 a.m. Letters received by the Dean after September 20th, will be taken into consideration, but it is recommended that Students should be present on October 3rd, to look after their own interests. Each Student will be held responsible for damage done to his rooms; all damage to the College premises other than Students' rooms will be charged to an account and assessed on the Students generally. If, however, any Student who has done such damage reports it to the Bursar it will be charged to him and not to the common account.

The fees for Occasional Students are \$1 per term for each pass lecture per week, and \$2 for each honour lecture per week, the minimum to be \$5 per term, and any Occasional Student taking more than six lectures per week to pay the full tuition fee.

Students on admission to College are required to make a deposit of \$10 with the Bursar, which will be refunded when their final account is settled.
