SERG. BAXTER CONFIDENT
THAT COLLINS WAS HERE.

Man Answering the Description of the Suspected Murderer Left on the Eastern Line Boat Yesterday.

Now that a good description of John T. Collins has been given, as he is suspected to be the murderer of Miss Mary McAulay, there are several people who believe that Collins was in the city on Tuesday and left here on the Eastern Line steamer for Boston yesterday morning.

Mr. McAulay, who is employed in Alex. Fort's Waterloo street store, says that on Tuesday a man came into the shop and acted in a strange manner. He asked the date of the month and requested that Mr. McAulay write it down on paper and sign his name to it. He said he only wanted it as a matter of business. He then left the store. His actions impressed Mr. McAulay very much and when he read the account of the New Ireland murder and the description of Collins, the strange visitor on Tuesday, he says, bore a very close resemblance to the description given.

Yesterday morning before the Eastern Line steamer sailed for Boston Police Sgt. George Baxter, who has a keen eye, saw a stranger handling about the dock, but did not see him around after the steamer sailed. When the sergeant later in the day read in the Star a description of Collins it struck him that the stranger he saw this morning resembled the description of Collins very much. The sergeant this morning said that the man it may be described in the description of Collins very much. He is undoubtedly the man that was on the dock yesterday morning.

SABEANS WANTS HIS FREEDOM.
SACKVILLE, Aug. 23.—Sabean, who is held here on suspicion of being the murderer of Mary Ann Moley at New Ireland, is very anxious to obtain his liberty. He protests that he has not been in the dock for four months and has committed no offence.

Word has been sent to Sheriff Lynde asking him to send someone to identify the prisoner or give instructions at once, otherwise the man held here will be given his freedom. The general impression is that Sabean is not the man wanted.

SACKVILLE, N. B., Aug. 23.—Sheriff Lynde, of Hopewell, will arrive here at 4 o'clock today for Mr. Sabean. Sabean is the man for whom search is being made.

DR. PUGSLEY AS
G. T. P. SOLICITOR.

MONTREAL, Aug. 23.—There is a rumor here, not yet officially confirmed, that Attorney General Pugsley, of New Brunswick, may accept the solicitorship of the Grand Trunk Pacific and remove to Montreal. Dr. Pugsley has for some time past been restricting his law practice with the view of abandoning it entirely as soon as practicable. It was assumed here that it was the attorney general's intention, having lately acquired some money or considerable collateral from his private speculations, to devote his attention exclusively to politics; and with this opinion prevailing it was not surprising that he had been cleared for his entering the federal field and taking a government portfolio. It is said now, however, that the clearing of the way was very obstinate, to meet the situation, therefore, the Grand Trunk Pacific solicitorship comes up, for Sir Wilfrid will have an influence in the councils of the railway magnates just so long as the railway people look to the government for favors. Mr. Pugsley may decline to accept, hoping yet to succeed in his race for federal cabinet position, but in quarters generally well posted, it is said that he has practically abandoned the race.

BUSINESS HOUSES REOPEN
AFTER THE EARTHQUAKE

VALPARAISO, Chile, Aug. 23.—Some of the business houses here re-opened today for the first time since the earthquake. Telephone and telegraph communication with Santiago has been re-established but the lines are almost exclusively used by the government officials. The city is still under martial law. Traffic ceases at six o'clock in the evening and everybody is compelled to take some part in the work.

The department of public works at Santiago has appropriated \$100,000 for the construction of sheds to shelter the refugees from Valparaiso and elsewhere who continue to arrive at the Chilean capital in large numbers.

The railroad line between Limache and Quilque in addition to suffering severely from the earth shocks of Aug. 16th, has several enormous crevices, newly formed in its vicinity. Valparaiso is still without street lights at night but order is maintained, thanks to the severity of the authorities, who continue shooting all persons who are caught committing robberies.

Among the buildings which fell at the time of the earthquake was the Palace of Justice and the Maritime Prefecture.

INSURANCE SITUATION
UNSETTLED IN WINNIPEG

Underwriters Decline Risks Because of Inadequate Means of Fire Protection

WINNIPEG, Aug. 23.—A special meeting of the Manitoba Underwriters Union convened today to receive the report of Inspector Howe, who has been investigating the city's water supply for fire fighting purposes. While no report was given to the public, it is understood the report created a decidedly unfavorable impression, but no action will be taken until the regular meeting next week. The local situation, however, is considered serious. A telegram has been received from the head Canadian representative of two large English companies turning down most emphatically an application for additional risks. The telegram stated that in view of the recent experience in Winnipeg a company in question did not think it advisable to increase their liability in the business section of the city.

Another company with head offices in Toronto has renewed with United States companies about fifty per cent of its Winnipeg business. This is a precaution against a maximum loss in case of fire.

MURDER'S WIFE;
THEN SUICIDES

Desperate Act of Henry Anderson, of Parry Harbor, in Fit of Jealousy.

PARRY SOUND, Ont., Aug. 23.—The sad and sordid tale of a Parry harbor last night. Henry Anderson, in a fit of rage and jealousy, shot his wife dead at the door of a neighbor's house, then returning to his own home sat down and fired the pistol at his own head, killing himself instantly. Anderson's family relations have not been happy for long time past and he has been subject to fits of violent jealousy. He was in the neighborhood when the shooting was done when the man was in this state of mind.

Anderson fired twice at his wife as she stood at the doorway going into a neighbor's house, the first bullet striking her on the shoulder. She turned round as he came towards her and he then fired the second shot, the bullet striking her in the forehead and killing her instantly. A relative of Mrs. Anderson, standing near, witnessed the scene.

Mrs. Anderson was middle aged. He worked in the lumber yard of the Parry Sound Lumber Company. A family of two young children, boy and girl, are left.

THE SUDDEN DEATH OF
MICHAEL FOIGHT.

Familiar Character Found Dead—He Was a Veteran of the Mutiny

The death of Michael Foight, an aged resident of Carleton and one of the most familiar characters in the city, occurred this morning. Mr. Foight resided on Prince street with his wife and was employed as a saw filer in one of the mills, and who works during the night. When the son returned home this morning he found his father lying dead on the floor in the house. It is supposed that the old man died of heart trouble, as last evening he seemed as well as ever.

Michael Foight was about ninety years of age and was a veteran of the Crimean war. He also fought in the Indian mutiny and was at the siege of Lucknow. After the mutiny was over he spent several years in Natal, but for the past twenty-five years he has resided in this country.

MRS. LANGTRY HISSSED
BY BRITISH AUDIENCE.

LONDON, Aug. 23.—Mrs. Langtry, who had two wins at the Folkestone races yesterday also had an unpleasant experience in the evening. She had been advertised to give a dramatic performance in the Pavilion at Folkestone. The audience was incensed because the play she presented was only a trifling South African episode lasting twenty minutes and a hostile crowd followed Mrs. Langtry off the pier, vigorously hissing her. The actress was escorted to her hotel by policemen.

ANNEXATION OF
CUBA THE TALK NOW

Revolution Gives the Chance United States Wants

NEW ORLEANS, La., Aug. 23.—The Ploeyans special cable from Havana says: In spite of government denials, the revolutionary movement in Cuba has assumed formidable proportions. The whole island is in a ferment over the uprising and it is impossible to predict at this time what the final result will be. The government claims that it will be able to suppress the revolt within two or three weeks, but conservative people do not believe that the revolution will be crushed so easily. The revolutionists have been preparing for the struggle ever since the presidential election and the Palma administration has underestimated their strength.

It is known that several cargoes of arms and ammunition have been landed in Cuba from Florida coast during the past two months and the insurgents are abundantly supplied with war material. It is believed by many Havana business men that it will be necessary for the United States to intervene and annex the island before the revolution will be crushed. Annexation is openly favored by the commercial interests in all of the larger cities and towns in Cuba. The revolutionary leaders even prefer annexation to the United States to a continuance of the present conditions. The American residents on the island of Pines have taken sides with the revolutionists against the Palma government, and they are giving the insurgents all aid possible. The late of Pines will be an important base of operation for the revolutionists.

TAKE WHAT COMES, AND
HOPE FOR HOME RULE.

Dublin Paper Gives a Forecast of Coming Irish Legislation.

DUBLIN, Aug. 23.—The Irish Catholic today outlines what it believes is the government programme for Irish legislation at the next session of parliament. This programme will include the formation of a central electoral council charged with most of the duties of the social government board and other Dublin Castle boards, the abolition of an exchequer into which all moneys now allocated to Irish account shall henceforth be paid, and the creation of a tribunal to deal with private bills. Editorially, the journal says: "All this will fall short of an Irish parliament, but we reject such an effort simply because the Boers have obtained full legislative rights."

WANT AN INTER-PROVINCIAL
TENNIS MEETING.

Winners in New Brunswick Tournament May Play Nova Scotians—Theft From a Fredericton Boarding House.

FREDERICTON, N. B., Aug. 23.—The annual meeting of the New Brunswick Tennis Association was held last evening. T. A. McA. Stewart, the President, in the chair. The following officers were elected: President, William Allison, St. John; Vice President, T. J. Carter, Antigonish; Secretary, Treasurer, W. T. Wood, Sackville.

A committee composed of Messrs. Stewart, Angus and Allison, was appointed to arrange for having the winners in the present tournament play against the Nova Scotia candidates at Robbsey on Labor Day for the Maritime Province championship.

It was decided to have the 1907 tournament held at Sackville. Rain interfered with playing today. Rev. Mr. Foster, Curate of St. Ann's, who leaves here next Thursday to accept a curacy at Worcester, Mass., was present at night presented by the Sons of England of which Mr. Foster is Chaplain, with an address and fountain pen.

Mrs. Samuel Eubank, who runs a boarding house on King street, has reported to the police that a serious theft was committed at her house during yesterday afternoon. Two men, Chas. Dawson and Edward Bourne, employed on the sewerage work are suspected and have disappeared. The men did not go to work yesterday afternoon, but sat upstairs in the boarding house. When the other boarders came home to tea they missed clothing and articles valued at \$24. Bourne is of medium build with black moustache and has a number of his front teeth missing. Dawson is about 18 years, is of medium build with light complexion and has a cork leg which makes him walk very lame. The police today are endeavoring to locate the men.

HAVANA, Aug. 23.—Gen. Bandera, the famous leader of Havana province, who recently headed an insurgent band and began operating against the government was killed early this morning in an encounter with rural guards.

BRODEUR EXPLAINS HIS
SPEECH AT ST. HILAIRE.

He Merely Advised Provinces Not to Rely on Federal Subsidies as the Only Source of Revenue.

QUEBEC, Aug. 23.—Le Soleil publishes an interview with Hon. L. P. Brodeur in regard to the St. Hilaire speech, in which it is said the telegraphic reports are not accurate. The speech, says Le Soleil, must be considered in the light of the previous speech by Mr. Girard, who had dealt with the necessity of enlarging the sphere of taxation system. The minister set himself to develop the thesis that the people of Quebec would commit a grave error if they did not put a heavy front on the necessity of contributing largely out of their own pockets for the development of their own province. In this sense alone he warned them not to fall into the error of relying on federal aid as the only source of provincial revenue. He held that a too exclusive reliance on the federal subsidy for the maintenance of the province was highly dangerous, for in thirty or forty years, if in obedience to their way, a new application were made to the federal government, the government would expose itself for a return demand for sacrifices incompatible with the preservation of entire provincial independence.

DRUNKEN MAN PUNCHED
A STREET MUSICIAN.

An Italian lad, who has been going about the streets for some days playing a concertina and whistling, came to grief on Princess street last evening after finishing an up-to-date tune, he passed the hat around and was the recipient of a number of nickels.

One young man, however, who had been imbibing too freely, told the musician that he wouldn't give a cent if he was worth a million. This naturally aggravated the lad from sunny Italy, and he made a dash for the man's face, and he made a harness maker, struck the lad in the face, badly bruising one of his eyes. Tears came, and the boy disappeared, threatening to have his assailant arrested. No more music was heard in the vicinity of Princess street last night, and it is probable that the musician is today nursing a black eye.

BRIGANTINE ASHORE
NEAR TORMENTINE.

SACKVILLE, N. B., Aug. 23.—The brigantine Boston and Maine, Capt. J. Victor, ran ashore at Cape Jourdain, near Cape Tormentine in the fog Monday night. She was loaded with soft coal from Cape Breton and was bound for a port in northern New Brunswick. She carried 250 tons of coal, some of which has been thrown overboard. The vessel is now full of water.

NOTHING IN IT SAYS
ATTORNEY GENERAL FOY

(Special to the Star)

TORONTO, Aug. 23.—Hon. J. Foy, attorney general and acting premier, was spoken to with reference to the despatch from Sault Ste. Marie, Ont., to the effect that some northern Ontario men were organizing to form a new province. I think they are just blowing off steam," he said; "there's nothing in it."

WALL STREET.

New York, Aug. 23.—A sharp rise in Americans in London despite the late break here yesterday created a cheerful sentiment in the local market at the opening today. Stocks opened materially above yesterday's closing prices. The features were the buying of ten thousand shares of Union Pacific brought 15 1/2, a gain of 1/4, and Northern Pacific and Great Northern preferred were up to 4 and 5 points respectively. Colo Fuel moved up 2 points, and Amalgamated Copper, Smelting, St. Paul, Louisville & Nashville, Paines, and Reading a point or over. Anaconda touched 27, a jump of 5 points.

WHEN THE GUESTS OF hotels and boarding houses and other occupants of buildings on King Square, Charlotte and Union streets were greatly annoyed to find that there was no water to use as it had during the early morning been shut off without any notice being given.

The lack of water was a serious draw back in one boarding house in particular. The majority of boarders arose at six o'clock and had to go to work without washing or having any breakfast. Not knowing that there would be no water this morning a supply had not been saved last night, and as a result there was none to get the breakfast with.

It was amusing to see hotel people and merchants in the Charlotte and Union street districts putting to use pails and milk cans and carrying water from other buildings where the supply was still on. Some of the King square people were getting water from the King square fountain and all about there was a continuous clink.

While there were many buildings without water there were others with a fair supply, and a tap in Sparrow's alley and the King square fountain were also running.

The American laundry had to close on account of the shut-off. It is said that the brooks and streams are very dry in the surrounding country and some wells are today dry for the first time in forty years. There has been no rain for over six weeks and the country is parched.

As soon as it was discovered that the water had failed in a number of houses Superintendent Murdoch sent a gang of men to look for a break. Every inch of the ground from the city to the reservoir was covered but no break could be found. A lot of men are this afternoon searching the city for the source of trouble.

Probably not anywhere in Cape Breton is the laboring man harder to be found than in Sydney at present. It is practically impossible to get a man to work on the street, notwithstanding the fact that very few wages are offered. What few men there are are those who do unskilled labor would rather work for a corporation where they may have steady employment than to go to work for the city where a few weeks at the outside is the longest they would be kept on. Contractor Cook, who has a large amount of work on hand in Ward V., is finding it next to impossible to get men, even though he is offering wages of from \$1.50 to \$1.80 a day for ordinary labor—Sydney Post.

Drs. Berryman and McInerney were at police headquarters this afternoon making an examination of the little Baker girl who has charged W. Hanley with that offence.

The Tennis Tournament at Fredericton. Entries for Local Races.

TENNIS

NEW BRUNSWICK TOURNAMENT. FREDERICTON, Aug. 22.—The New Brunswick tennis tournament, at which the 1906 championships will be decided, opened at the local courts this morning. Owing to the large number of entries, eighty-five in all, the play will probably be continued for four days instead of three, as at first intended. The scores of the play up to 1 p. m. are as follows: Ladies' singles—Miss Barnaby v. Miss Thomson, 6-2, 2-6, 6-3; Gentlemen's singles—R. N. Winslow v. C. M. Manning, 4-6, 6-3, 6-1; M. McAvity v. T. Carter, 6-1, 6-2; W. M. Angus v. W. J. Killam, 7-5, 6-1.

THE TURF

READVILLE BOOKIES ARRESTED. READVILLE, Mass., Aug. 27.—The unlooked for victory of Ed. Custer in the American Horse Breeders' Futurity stake for three year olds and the article of the man charged with bookmaking, or being present, were the features of the second day's grand circuit meet at the Readville track today. The other stake event, the Norfolk for the 208 pacers, was won by Argo Boy, who was backed by Morning Star. El Milagro took the three heats in the 212 trotting race without difficulty. The Futurity stake was valued at \$7,000 and is the first of the large Futurities of the year. Gay Bingen was the only horse to break the track slightly lame. At the start of the first heat he remained in second position to the back stretch, when he moved up, and at the turn was half a length in the lead. Cochoato came up strong and carried the leader to a break in the stretch and won by a length. Ed. Custer was fourth.

BASEBALL

ONEIL A CHAMPION. HALIFAX, N. S., Aug. 22.—The single scull race for the championship of Halifax harbor was rowed on the Arm this evening and won by John O'Neill, of St. Mary's, in 19:12, which is a record for the Arm course of a mile and a half with tides. James Meagher, a club mate, was second, ten lengths behind O'Neill. P. Williams, the only other competitor, started, but capsize after rowing fifty yards. This is the third time O'Neill has won the harbor championship, and he will receive a handsome gold medal.

BASEBALL

THE ST. JOHN RACES. The exhibition horse races at Moosepath on Sept. 28th and 29th promise to be of great interest, as already a large number of entries have been received and more are expected to arrive in today's mail. So far there are thirteen entries in the 230 class, seven in the 215 class, and four in the free-for-all. In the free-for-all Terence Queen, 2:06, owned by Chas. De Witt, Bridgetown, N. S.; Simaslee, 2:08, from the Leamon stables, Halifax; Gloria, 2:04, owned by W. J. Furush, Boston; Castaria, 2:14, from the Springhill stables. A number of entries have been received from the owners of horses now racing at Fredericton and the complete list will be available today.

AT NEWPORT.

NEWPORT, R. I., Aug. 22.—Two championship cups were lifted and another firmly fixed for at least one more year in the tennis tournament at the Casino today. Beala S. Wright of Boston and Halcombe Ward of Orange, N. J., became the permanent owners of the doubles trophies by defeating H. H. Hackett and P. B. Alexander of New York, 2 to 1, while Karl Heir, of Yale University, put out of the all-comers' singles tournament former champion Wm. A. Larned of Summit, N. J., who needed but one more victory to obtain permanent possession of the singles championship cup.

THE DIRECTORS ARE PLEASED

Exhibition Has Cost Less Than in 1904

Report of Executive Highly Satisfactory—Industrial Exhibits and Pike to be Open First Evening

A meeting of the Exhibition Association was held last evening, at which the report of the executive committee was presented.

The report detailed the work done on the various buildings and included a comparative financial statement, showing the expenditures for 1904 to have been \$253,149, and for this year, as completely as it was possible to estimate, \$253,144.

The president explained the report fully and stated that the city of St. John in addition to the usual grant had treated the exhibition very generously, having re-roofed and painted the industrial buildings and put a new asphalt floor in machinery hall.

The provincial government had given the usual grant of \$5,000. The president further explained that the new department, the manual training department, motor boat show, dog show, musical wireless station, Boston ladies' hand concert, the Pike, and the extensive decoration and electric lighting features at the entrance and on the grounds. The machinery hall exhibits would compare favorably with those of 1904.

Hon. L. P. Farris raised the question as to the ownership of the industrial buildings, the insurance for which is paid jointly by the provincial and city governments, and Aid. Bullock understood to have the common clerk ascertain the ownership of these buildings.

Aid. Bullock expressed himself as agreeably surprised to learn that the expenditures this year would be a little less than in 1904, as the popular opinion was that the management this year had been rather conservative and it was commonly expected that the city would be called upon for its guarantee of \$2,000 in addition to the grant of \$2,000. He was delighted to find that there was no foundation for this impression.

The president explained that this impression probably got abroad on account of the extensive advertising and the very expensive arrangement features, but the expenditures had been carefully guarded. The amusement features were costing more than in former years, and the cost of erecting the "Pike" alone would be in the vicinity of five hundred dollars, but the objectionable element had been eliminated from the buildings and the grounds without any genuine loss to the exhibition. He further explained that all the contracts for the simple amusements of this individual feature was subject to his approval, and that if he decided on a contract that any of them were undesirable they would be promptly closed up. After these explanations, the report was unanimously approved, the directors present expressing themselves as satisfied that nothing remained but good weather to make the exhibition of 1906, a success from every standpoint.

In answer to Mr. Jarvis the president said that the details for the opening ceremonies had not been quite complete as the executive were determined to make this feature as attractive as possible.

Lieut-Governor Snowball has consented to open the exhibition, and addresses will be delivered by Premier Tweedie and Hon. H. R. Emmerson.

It is expected to have the industrial exhibits open for inspection on Saturday evening, September 1st, and the "Pike" will also be in full blast.

The directors expressed themselves as opposed to the idea of any organization holding a regatta on the Kennebecasis on Labor Day, as that day was set apart as St. John day and they hoped the project would be abandoned.

DROUGHT AFFECTS MONTREAL HARBOR

MONTREAL, Aug. 22.—The extreme lowness of the water in the harbor of Montreal, due to the exceedingly dry summer, has considerably upset the plans of shippers and vessels are leaving port drawing several feet less than their customary draught.

This means that vessels are not loaded down to their marks, and loss of business is the result. The depth of water in the harbor today was 27 feet 2 inches, the depth on the corresponding day last year being 28 feet 5 inches, a difference of fifteen inches.

There is a possibility that the water will get lower, in which event large vessels will find it difficult to come up the river.

MONTREAL DOCTOR GETS WEEK IN JAIL

While Drunk in Toronto Hotel He Forcibly Kissed Young Lady Tourist

TORONTO, Aug. 22.—Dr. Charles W. Wilson, of Montreal, who is prominent in medical and social circles of that city, and who is in attendance at the meetings of the British Medical Association here was this morning sentenced to a week in jail, without the option of a fine. It appears that Dr. Wilson, while intoxicated in the King Edward hotel, approached a group of American tourists and seized a young lady named Severance in his arms, a perfect stranger to him, and forcibly kissed her. The young woman's father, Wilson arrested in the police court this morning Wilson said that he was drunk at the time and did not remember anything about the affair. The sentence followed in spite of his pleading to be let off with a fine.

JOHN BURNS A FAILURE.

Labor M. P. Says He Was Displeased Even Liberals.

MONTREAL, Aug. 22.—There is a labor leader here, J. R. McDonald, M. P. of Leicestershire, who is a free trader, of course, but who has no use for John Burns. He says: "Burns has not done well. He does not belong to the Labor party, but is just an ordinary Liberal, and judging from what Liberals tell you, they themselves are not at all pleased with what he has done. His general conduct as a minister has not pleased them. There was the Poplar Poor house enquiry, you know, that was started by Burns just to put difficulties in the way of Will Crooks, not for any public benefit. As a Liberal said to me the other day in the lobby of the house of commons: 'We did not pay Burns £2500 a year in order that he might show us that he was out at elbow with your people.' That is the sort of feeling that is very widespread about John Burns."

THE LESSER EVIL.

"I don't see how she could possibly be siller—she giggles so constantly." "If she didn't giggle all the time she might talk, and, perhaps, that would be worse."

There is nothing so good that it will sell itself. Advertising is necessary, and the most successful firms make the most liberal provision for it.—Hills and Leather.

SOLD HIS CHEESE.

A Scottish farmer was one day selling some wool to a carrier. On returning from making out the invoice he noticed that a cheese which had been on the sideboard was no longer there, while, glancing at the bag of wool, he saw that it had become somewhat bulky.

"So he said to the carrier, 'Eh, mon, I have clean forgotten the weight of that bag. Let's pit it on the scales again.'"

The carrier handed over the bag with a frown. It was weighed, and the farmer found that it had gained in weight considerably.

A new invoice was made out and given to the carrier, who departed much crossfallen.

Shortly afterwards the farmer's wife rushed out into the yard and said that the carrier had stolen the cheese, and urged her husband to fetch him back again.

"Na, na, woman," replied he, "I have just set that cheese for wan an' saxe-pence a pound."

THE TELEPHONE MERGER.

There will be a general feeling of relief over the announcement that the telephone war is at an end. It is true that a certain amount of satisfaction was felt in the prospect of a reduction in rates through competition between the two companies, but this was overshadowed by the fear held by merchants and others that it would become necessary to install two instruments in this province, without an inter-working agreement confounding would be the natural result, and far more inconvenience would be caused than any reduction in rates could pay for.

ABOUT THE POLICE.

As a result of two cases heard recently in the police court, there has developed among the rougher element of the city an almost total disregard for the authority of the police. In one of the cases referred to, an officer was charged with an assault, the contention being that he was at the time of the affair in the pay of private parties, and that his authority existed only when he was acting as a police officer for the city.

DECIDE IN FAVOR OF SUMMER CAMP.

Methodist District Meeting Ended Last Evening.

Better System Needed in Mission Work—Meetings Arranged Throughout the Province

The Methodist district meeting was concluded last evening. Among the most important business was the decision to establish a summer camp meeting.

The afternoon session opened at two o'clock by devotional exercises, conducted by the chairman.

Your committee have considered the resolution of J. Hunter White re a place of meeting for summer school, and the amendment of W. R. Willett, providing for the establishment of a suitable place for holding summer schools and camp meetings and of other church gatherings.

III. That a committee be appointed to look into the question of a suitable site and make other necessary arrangements for the carrying out of the above proposal and report either to a special meeting of this district or to the May district meeting.

That the Rev. T. Marshall, chairman, and Rev. S. Howard, secretary of the district, and the Revs. James Crisp and J. T. Delnstadt and G. R. Willet, James Myles, Joseph Bullock and J. B. Tait.

The following arrangements were made for missionary, educational and sustentation fund meetings: Missionary Meetings—St. John circuit and Sussex local arrangements, Newtown local arrangements as to time, deputations, Dr. Rogers and W. H. Spargo.

Apohaqui, Sept. 11, 12 and 13 and Oct. 2, 3, 4—Deputation, H. Penna, S. Crisp, Dr. Rogers, G. A. Ross.

Springfield local arrangements, Hampton, Oct. 8, 10—Deputation, H. D. Marr, J. Hunter White.

St. Martins local arrangements as to time, deputations, G. A. Ross and James Crisp.

Jerusalem—Deputation, H. S. Young, Welsford—Deputation, J. F. Estey, T. J. Delnstadt and L. J. Leard.

Kingston, Sept. 11, 12—Deputation, L. J. Leard, J. J. Pinkerton.

Educational meetings and sustentation fund meetings—Local arrangements as to time and conference deputations.

Addresses were delivered by Rev. T. J. Delnstadt on What the Christian Life May and Ought to Be.

By Rev. Nat. McLaughlin on The Minister's Ideal.

By Rev. T. Marshall on The Revival We Need.

By Rev. J. Crisp on Unused Forces

in the Church. The addresses were followed by very interesting and helpful conversations, taken part in by most of the members of the district.

The secretary of thanks was unanimously passed to the superintendent of the Fairville circuit and the members of the congregation for the provision made for the entertainment of the district.

A conversation was held regarding the possible increase in contributions to mission work directly, in subscriptions to the mission fund, and by the increase in contributions for ministers' salary on the various missions and circuits of the district.

It was unanimously resolved that the memorial to the general conference passed at the annual district meeting be endorsed by this meeting and forwarded to the general conference. The memorial is as follows:

"Resolved, That this district is of the opinion that for the more efficient doing of our missionary work some better system of superintendency should be provided for our conference."

The secretary was requested to procure a copy of the chairman's address on The Revival We Need and send it to the Wesleyan for publication.

The district then closed by prayer by the Rev. J. A. Clark.

In the evening an outdoor service was held on Main street, when an address was given by the Rev. G. A. Ross of Hampton. The meeting in the church following the outdoor service was addressed by Rev. H. D. Marr of Carleton.

The series of meetings closed with the administration of the sacrament of the Lord's supper, conducted by the chairman of the district assisted by Revs. J. A. Clark, S. Howard and T. J. Delnstadt.

SAY ST. ANNE HAS MADE THEM WHOLE.

QUEBEC, Aug. 22.—Several reported miraculous cures, including three which are confirmed by the parties themselves, are among the incidents of the Boston pilgrimage which left here for home this afternoon. The pilgrimage was that of part of the congregation of St. Thomas church, Jamaica Plain, in charge of Fr. McCafferty. The 30 pilgrims spent Sunday and yesterday at St. Anne's and today going the city.

On Sunday Joseph Baldwin, of 14 Etna Place, West Lynn, offered special devotions for the restoration of his eyesight. He was so blind that he could not see to light a taper in honor of the saint at her shrine. A neighbor standing by testified to this fact. At the conclusion of the service Baldwin could see so well that he left his glasses behind him. Michael Kelly, of Boston, who has been a cripple for twenty years, claims that he was instantaneously cured at the same service. So does Miss Morley, of Brighton, who left her crutches behind her at the shrine.

These and other supposed miraculous cures are the talk of the whole party. Fr. McCafferty refused to discuss the alleged cures himself, simply saying that the pilgrims was a pious one and had been especially blessed, getting five at least of its members claiming to have received special privileges. He referred his questioners to the pilgrims who claimed the cures themselves.

LOCAL NEWS

The ambulance was summoned to Lower Cove yesterday afternoon to convey Walter Morse to the hospital, where an operation was performed. A very enjoyable tennis tea was held on the local club grounds yesterday. The hostesses for the afternoon were Miss Frances Stetson, Miss Winnifred Barker and Mrs. W. A. Harrison. A horse and carriage owned by Walter Saunders ran away on City Road last night, between nine and ten o'clock, and collided with electric car No. 63. The damage, however, fortunately was slight. A party of young men from the west side left last night for Montreal, to spend a couple of weeks' vacation. They were Edmund McPeck, Joseph Murphy, Walter McLeod, Fred Fullerton and Harry Lingley. Dr. W. W. White, who was operated on for abdominal trouble at the Royal Victoria Hospital, Montreal, nine days ago, is reported to be doing well, but it is uncertain how soon he will be able to leave the hospital. Wm. Downie, divisional superintendent of the C. P. R., left for Boston last evening, to attend a meeting of railway superintendents of Canada and Eastern United States. The object of the meeting is to draw up a time table for the different railways for the coming year. Mr. Downie will probably return on Friday. James Barnes, M. P. P., of Buc-touche, is in the city on a business trip. The land company recently organized by Mr. Barnes and a number of other New Brunswick capitalists, have secured about 15,000 acres of western farm lands, in addition to a large block of building lots in the immediate vicinity of the proposed terminals of the new transcontinental railway. The C. P. R. station is in the same section, as well as the Mackenzie & Mann branch recently purchased from Dr. Pugsley and his associates.

COMMERCIAL

BANK OF MONTREAL STOCK. For Peoples Bank of New Brunswick Holders Who Want it. Regarding the terms of the Bank of Montreal-People's Bank of New Brunswick deal, the St. John correspondent of the Monetary Times writes: "It is understood that those of the People's Bank shareholders who wish it will be given stock of the Bank of Montreal, which will be figured at \$200 per share, to \$200 for the People's Bank stock. It is understood that the Bank of Montreal will take over the staff of the People's, and that provision is made to continue paying fees to the People's directors. It is announced that the formal transfer will take place within three months."

LIST OF BIG WINNERS

According to the mind-reader of the New York American, the big winners on the Union Pacific "scoop" were: E. H. Harriman, \$5,000,000; King Edward VII., \$2,000,000; William Rockefeller, \$1,000,000; James R. Keene, \$1,000,000; John W. Gates, \$1,000,000; Jefferson M. Levy, \$1,000,000; H. H. Rogers, \$1,000,000; William K. Vanderbilt, \$1,000,000. This list is probably within a few thousand miles of the truth.

CONSTANT SWELLING OF CAPITALIZATION

Increased Dividends Being Given With a View of Helping New Issues. Increasing dividends would call for less adverse comment were they not coincident with constant swelling of capitalization by American and Canadian industrial companies. Railroad after railroad announces new issues—either in stock, bonds or notes—the same being true of industrial combines. Thus, the past week the St. Paul, which road William Rockefeller said lately had no need of money, puts out \$25,000,000 to build its Pacific coast line. Not to be outdone by the western, after the customary official denial, asks its shareholders to authorize \$100,000,000—doubling the capitalization. This will be available for issue when and how the directors see fit, creating a new class of securities, not preferred and the New York Central with \$100,000,000 in new securities issued Jan. 1, fully \$500,000,000 of which are still in the hands of the stock market. The object of the larger issue, it is said, is to provide for the larger interests, with bumper cars and unprecedented property they have burned their bridges behind them. Their argument is that perseverance must lure the investing public into the stock market.

MILITARY RIFLE LEAGUE SCORES.

Few Team Prizes Won by New Brunswick. But a Very Fair Showing Was Made by Several of the Local Organizations.

The return of scores, showing the standing of the Canadian Military Rifle League, has been issued. The New Brunswick teams made a very creditable showing.

The first series which was open to city corps of infantry and garrison artillery, started on the 26th of May. The following associations have won prizes—10th Royal Garrison, Toronto, 5,943. 43rd D. C. O. R., Ottawa, total, 3,885. 90th Regiment, Winnipeg, total, 3,676. 8th Regt., D. C. O. R., Vancouver, total, 3,633.

The champion of the first series of the league was Staff-Serjt. J. H. Simpson, 16th R. G., Toronto. The following teams won prizes in the 2nd series—7th Regt., Montreal, total, 3,743; 74th Regt., Montreal, 3,727; 94th Regt., Montreal, 3,633; 10th Royal Grenadiers, Toronto, total, 3,524.

BUILDING ACTIVITY IN SASKATOON.

Large Building Lots and Commodious Residences Built—Coal Found.

SASKATOON, Aug. 18.—There is great activity in every branch of building and construction work in and about Saskatoon. Some large business blocks and several commodious and tasteful residences are in progress. The material for the new tramway across the Saskatchewan river is rapidly arriving and the bridge is nearing completion. The current feeling is that such a bridge is very apparent. At almost any hour of the day, there is a general air of bustle and activity. The bridge cannot be completed until the end of the year, but the work is being pushed forward as rapidly as possible. The sewage and water works operations have been taken out of the hands of the contractors, and the council are finishing the work themselves.

Coal has been discovered handy to Saskatoon on a range of hills on the south end of Eagle Creek. The sample is good, somewhat resembling the Galt coal, and from all accounts the bed is extensive. Should expectations of a good output be realized, this discovery will be a great boon to this vast prairie country. Indications point to Saskatoon becoming one of the largest and best towns of the Northwest on account of its geographical position. It being situated in the heart of the wheat growing section of Saskatchewan.

Buyers of building lots situated in Saskatoon cannot invest their money to better advantage in the West today, and intending purchasers should call and secure lots from the Northwest Building, city.

The easy payment plan of \$10 down in five years can be taken advantage of if required, which enables anyone to become the owner of land that rapidly increases in value, in one of the most promising towns of the Northwest. Advt.

THE POPULATION OF WESTERN CANADA.

Great Increase Is Shown by the Census. A Number of Towns Have Five Times as Many People as They Had in 1901.

The corrected quinquennial census returns of Manitoba, Saskatchewan and Alberta are now issued, and the most striking increases in town populations are given below. In Manitoba, Winnipeg and St. Boniface, lead the way, each having more than doubled its population in five years. Brandon almost achieved this. Winnipeg claims more than two-thirds of the Manitoba urban population.

The most remarkable increase in Saskatchewan is at Saskatoon, where in five years the population has increased thirty-fold. Moose Jaw and Humboldt are in 1901; and the attractions of Regina have trebled that city's population since the same year.

Alberta's chief centres, Calgary and Edmonton, also show record increases, and treble the figures of 1901. The figures of many rapidly-developing places, such as North Battleford, Humboldt, Kamuskok, Lloydminster, Vermillion, etc., have yet to be announced.

Table with columns for Province, City, 1901, 1906, Increase, % Increase. Includes Alberta (Calgary, Edmonton, etc.), Saskatchewan (Saskatoon, Regina, etc.), and Manitoba (Winnipeg, Brandon, etc.).

WHY BUTTER-NUT BREAD?

Is a boon to the Baker? Because Butter-nut Bread is intended to convert home bakers to bread buyers. The experience of large cities shows that not many such go back to home baking. The public requires variety however, and consequently, sooner or later try whatever good bread there is on the market, so every good baker benefits. WARNING: The Genuine Butter-nut Bread has a Blue Label. Beware of imitations.

FIRES OUT IN VALPARAISO CENTENNIAL CELEBRATION

Tragic Scenes of San Francisco Reproduced. Most of the Houses were Destroyed— People Still Camping Out on Hills and in the Streets.

VALPARAISO, Aug. 22.—From the Plaza De La Victoria, as far as the Plaza in the section called Las Delicias, four-fifths of the houses are completely destroyed, and the remaining fifth are badly damaged. From the Plaza De La Victoria down to the custom house only about one-third of the houses are completely destroyed, and the remaining two-thirds are badly damaged. The banks of the city and the customs warehouses were not hurt. With the exception of Espositio Santo all the churches in the city were destroyed, as were the hospitals and the theatres. The number of dead is more than 2,000. The offices of the Havas agency, although seriously damaged, are still being used for the company's business. The tragic scenes of the San Francisco disaster were reproduced here. There was the fight against fire, the lack of water and robbery and pillage. The authorities are now beginning to get provisions, and water is being again supplied.

All the fires are out. The first shock lasted four minutes and a half and the second two minutes. Most of the houses were thrown down by the second shock. Estimates of the damage range from \$25,000,000 to \$50,000,000. The Alameda quarter has been absolutely destroyed. The people are still camping on the surrounding hills and in the streets and plazas, and only today are calm and courage returning. The declaration is made that 80,000 people will leave the city. The lack of food is not yet serious. Telegraphic communication with Santiago was re-established yesterday. A number of steamers are engaged in removing people of the city to points to the north and south.

A. W. Baillie, sales agent for the Inverness Coal Co. of Cape Breton, is at the Royal. Mr. Baillie says the mines on the island all seem to be flourishing, the only difficulty being the scarcity of men, quite a number having gone west on the harvest excursion. The Inverness Railway and Coal Co. is one of Mackenzie & Mann's numerous properties and they are proceeding with the development of the properties on a large scale. They recently secured a contract to supply the I. C. R. with 100,000 tons, which will be delivered at Levis.

IVES BRASS BEDS. In some brass beds the lacquer peels off and the brass work tarnishes. This never happens to Ives Brass Beds. Ives Brass Beds are not intended merely to look good—they are good. The high finish and brilliant polish with which these beds leave the factory is not put on to sell the bed—it stays there.

AN EYE FOR AN EYE.

In Which the Word "Guilty" is Written Indelibly Across a Certain Face.

By HELEN TOMPKINS.

"Yes, Gorman is a sensitive devil. As an example—" The speaker stopped short, a little plumped that he had not been allowed to finish the sentence. He found that all four of his companions, guests of the man who sat at the head of the table, were staring intently at their host, who had laid a small paste-board box on the board before them. "Now, you needn't begin asking questions, Gorman," he said to a swarthy, lean, dark-eyed man, who sat at the right, "beyond the bare fact that the trinket was turned over to me with my uncle's signature for a moment with you see it, I know as little of the thing as you do." He played for a moment with the square paste-board box beside his plate, and then leaned forward with a little flourish and turned the contents over on the snowy cloth. A single gem shined in the softened light of the shaded candles, and something in the singularity of its appearance caused a ripple of interest to run around the table. It was Reppler, the host, who spoke.

"The Sleepless Eye!" he said, with a theatrical wave of his hand. "I have seen it more than once, that the gem is practically priceless. Candidly, I would be glad if I could tell you something of its history, which by right ought to be interesting—"

"Something in the appearance of his guests started him into a dead silence. Not at him nor at the gem on the table before him, but at Gorman, the guest on his right—Gorman, the globe-trotter and author, who had been the lion of every social gathering for the four weeks that the little town of Grantville had boasted of his presence. "My little surprise seems to have fallen rather flat," said Reppler, with a slight touch of constraint in his voice. "What in the devil ails you, Gorman?"

Gorman drew his handkerchief across his swarthy face that had suddenly grown moist with moisture, and settling his shaded glasses in place ever his near-sightedness eyes, he returned Reppler's stare, and with interest. At last he spoke: "Three months ago I was in a little native village in the hills of the Himalayas, and yet with a faint touch of silliness in his voice. 'I will not trouble you with my uncle's name. You never heard it, and you could not locate it upon any map. There is a hideous idol there—'"

"You mean to insinuate—" he began, but Gorman's countenance had changed again, and there was a dim gleam in his eyes and a high cheek-bone. "My dear fellow, I am not insinuating anything. In his insolent, drawing voice, 'Your playing may be a bit of painted glass, but the value of the gem is not in its color, but in its shape. You are not a judge of such things. Your remark only reminded me which had been stolen from the forehead of the ugly idol 'The Sleepless Eye,' and the supposed value was, I presume, an exaggerated value. I never saw the stone, but if one-half of what the natives said was true, there isn't a gem in any of the royal diadems that can hold a candle to it—that is all."

"Reppler leaned forward and laid his hand upon the box. 'I had better take better care of the thing,' he said shortly. 'I have left it lying about all day carelessly enough.' He broke off shortly, and his glance went around the table. 'Where is it, by the way?' I know—"

"It was Sloan who answered him from the end of the table. His face was a little pale, but he was a nervous chap, and he cut his words a little short, as if he had been running. "None of us has touched the stone," he said coolly enough, however. "It lies there before you now on the table." Reppler shook his head. "You have heard what Gorman said about its value," he said sternly. "I beg your pardon, Reppler," said Gorman coldly, "but you must stick to facts. I only told you a scrap of a story which I picked up in the village I spoke of. 'The Sleepless Eye' may have been a bit of broken glass or a colored pebble for all I know. I never saw it. What I did say was—"

Reppler rose to his feet, then sat down again. "The gem is gone," he said stubbornly. "and some one in the room is guilty of theft. The thing could not have taken to itself wings. And I owe it to my servant—a man who has been with me for twenty years and in whom I have the utmost confidence—to demand an investigation." "And my own honor is at stake. I am financially involved, and people will say nasty things—that I am the thief myself, and have taken this course to evade the law and to defraud my cred-

A BOX COAT IN LINEN.

6711—Some very smart box coats are made in linen and taffeta to be worn with thin frocks and a suggestion for such a coat which may be made at home is shown here. The front and back hang straight from the shoulders with a bit of shirring on the underarm seams. The inner front vest may offer field for contrast in material or color if desired while the buttons and loops as shown are a pleasing trimming. The trimming straps which are adorned with three large buttons may be omitted if one wishes a less ornate coat. The centre box is laid in an inverted box pleat which is left open below the waist line to provide extra fullness. Linen, silk, covert or broadcloth may fashion the coat. For the medium size 2 yards of 24-inch goods are needed. 6711—Sizes, 32 to 42 inches bust measure.

THE MURDERED WOMAN WAS A NATIVE OF ST. JOHN.

Man Arrested at Sackville for the New Ireland Crime is Probably Not Collins—Evidence Heard at the Inquest.

The following additional particulars have been received of the New Ireland murder:— On Friday last, Rev. Father McAulay left home to attend the mission at Fredericton road, returning as far as Elgin on Monday. While in that village he was somewhat surprised to meet his man Collins, and asked the latter where he was going. Collins replied that he had had some words with Miss McAulay, and was leaving. The priest told him to let that pass and to return, which Collins later on admitted he would do. Collins, it appears, went to Garland's hotel to put up, but later on left there and spent Monday night at the home of Michael Joyce, White's Mills, while in Elgin he appeared somewhat nervous and excited more or less attention by his peculiar manner.

PRIEST FINDS BODY OF MURDERED COUSIN

As Collins did not turn up on Tuesday at Elgin to come home with the priest, Rev. Father McAulay drove home without him. When the priest reached his home, he entered the house in company with James Doyle, son of David Doyle, and was used to see nothing of his cousin. On reaching one of the rooms he discovered that the door of a closet had been partially open in with an axe, and at once his suspicions were aroused that something was wrong. He immediately told the young man Doyle to go to Mr. Duffy's place, which was near, and inquire if Miss McAulay was there. The DuFFys had not seen anything of the lady, and have returned with Miss McAulay. These two and the priest then continued their search of the premises. Leaving the front rooms of the residence, they went to the kitchen and finally the woodshed. Doyle went down a short flight of steps leading to a lower story of the out-building, and his foot came in contact with the body of the unfortunate woman, which was lying with the feet next the steps. The head was horribly bruised in the back and two terrible gashes in each side of the throat had been added to complete the terrible crime. On further examination a large pool of blood was found on the upper floor of the shed, where the victim had evidently been struck down, the body afterwards being dragged along the floor, as marks indicated, and down the steps, where the awful work had been finished.

The body was found about eight o'clock in the evening and was left until Coroner Murray was summoned from Albert, an inquest then being held. The following jurors were empanelled: James Teahan (foreman), John Duffy, Herbert Doyle, James St. Lenz, Thos. Campbell, Arthur Hucks and Michael Teahan. After viewing the body and hearing the evidence of several witnesses, the jury brought in the following verdict:—"That the said Mary Ann McAulay was found dead on the 21st day of August at New Ireland, in the county of Albert, and that the cause of her death was that she was brutally murdered with an axe and her throat cut with a knife in the hands of some person unknown, but we believe the person to be Thos. J. Collins, foreigner." It was about six o'clock Sunday evening that Miss McAulay and Collins were last seen together at the rectory. Three hours later, a light was seen in the housekeeper's room, but it is not known whether she was the murderer or tinspector if the person was the murderer in the act of ransacking the premises. That the murderer, when he finally left the rectory, did so in Father McAulay's team, is pretty well established. It is supposed that he drove in the direction of Fort Elgin via Little River and that at some point on the road turned the rig about, and after start-

ing the horse for the place from which it was taken, continued on in the opposite direction. One of the witnesses, Michael Thean, told that on last Sunday afternoon a party of people who were desirous of fishing in a lake about a mile from the rectory, called at the latter place. He (the witness) was one of the party, and another was Mrs. Sarah Williams. All were local folk. They went to a boat house by the lake, and accompanying them was Collins, and the following afternoon all returned to the rectory together. The witness said that as they were together in the house Miss McAulay accused Collins of stealing condensed milk, and that he (the witness) advised Collins to own up to the truth. The latter, according to the testimony, said: "The water was so bad I had to drink something."

SHOCKING TRAGEDY CAUSED GREAT EXCITEMENT

The shocking tragedy has caused intense excitement and deep sympathy throughout the community, and Rev. Father McAulay has been almost overcome by the terrible event. The victim of the awful deed was beloved by all, and her tragic death has created great sorrow. She was 55 years of age, a native of St. John, but for a number of years lived in Boston. She leaves three sisters in Boston, Misses Katie, Margaret and Agnes McAulay, and one brother, Thomas, also living in Massachusetts. As far as is known she was without an enemy.

ROBBERY THE MOTIVE FOR THE TERRIBLE CRIME

There was no evidence of outrage, and the motive for the terrible crime was unmistakably robbery. The house had been ransacked, and many valuable articles are missing, including a gold watch and chain and other jewelry belonging to the murdered woman and some \$30 in money, also clothing of various kinds and two valises. The panel of a door in Father McAulay's bedroom, leading to a small room in which the priest kept his valuables, had been broken through with an axe, but nothing had been disturbed, the criminal possibly not knowing the nature of the contents of the room. It is thought by many that the murder was committed on Sunday night, as that was the last time the murdered woman was seen alive. On that evening Mrs. Wm. Williams, a neighbor, visited the priest's home and left about six o'clock in the evening. Mrs. Williams saw no signs of any unpleasantness, and there was an entire absence of any circumstance to indicate that a terrible tragedy was about to take place. On Monday morning, a neighbor who was passing, noticed the priest's horse attached to a buggy, wandering about the place, but made no effort to discover the cause, thinking that no doubt things were all right. On Tuesday the horse had freed itself from the carriage, which was afterwards found caught against a tree, and appeared at the barn. As the priest had left his horse at home when he went to Fredericton road, the inference is that the murderer had driven the horse in the direction of Elgin, and afterwards turned it about in the direction of home. Collins, it is said, took the train at Petitcodiac. As soon after discovery of the crime as possible, Father McAulay telephoned Sheriff Lynds a description of the suspected man. Collins is about 20 years of age, 5 feet 5 inches in height, of stout build and dark complexion, wearing a small moustache. He came to Albert some little time ago and was stopping at the McAulay house when Father McAulay engaged him to do work on his

SUSPECT ARRESTED AT SACKVILLE YESTERDAY

SACKVILLE, N. B., Aug. 22.—A man named as John Wilkins and afterwards as Melbourn Sabann, occupied a cell in the lockup here tonight on the suspicion of having been implicated in the murder in New Ireland, Albert County, on Sunday. Police Marshal O'Brien received a telephone message this afternoon from Sheriff Lynds, Albert county, asking him to arrest the man on suspicion. The man was described as being of medium height, dark complexion, about thirty years of age. Sheriff Lynds stated that the man would have mud on his boots as he was landed from a vessel at Wood Point last night. When accosted by Marshal O'Brien, the suspect admitted that he came from Wood Point, having been put ashore there from the steamer Wilfred C. He said he stayed at the River Hotel, whence he sailed by the Wilfred C. to Wood Point. Wilkins, or Sabann, is a man about five feet five inches tall, with dark hair, heavy brown moustache, steel blue eyes. He says he has thirty-four years old and has been going to sea for eighteen years. When arrested his boots and pants were muddy tallying with the description of Sheriff Lynds. The man denies having been in Albert county for four months and states that he never visited New Ireland in the time of the crime. He would seem that he is not the man wanted by the authorities. So far he has not been identified by any of the invited guests and after this formally was gone through, the crew came ashore in the afternoon. Captain Kingsmill, Commander Boyle and officers of the ship were dressed in their full dress uniforms. The committee from Ontario, composed of J. K. Osborne, chairman, Colonel John J. Davidson, W. E. B. McMurrich, K. C. C. and W. D. Beardmore from Toronto, together with their ladies, occupied a prominent position beside the members of the Kingsmill family from Ontario, Mrs. Fisk of Montreal, and Mrs. Galt of New York. His Excellency the Governor General introduced the members of the committee and in a short speech told of the pleasure it gave him to be present at the presentation, which was not a gift from the people of Ontario, but from the people of the whole of Canada. His excellency introduced the chairman, J. K. Osborne, who said that when it became known that the committee had as a compliment to Canada named one of the newest and most powerful battleships "Dominion," he conceived the idea that it would be a graceful and fitting and desirable act to make some kind of presentation to the ship that would be acceptable to officers and men alike, and would emphasize the kindly feelings existing among all people of Canada towards the navy in general and H. M. S. Dominion in particular. He then told of the subscription movement and its popularity and enumerated the articles, a silver shield, loving cup, cigar and cigarette boxes, etc. Colonel John J. Davidson read the dedication address, and after the applause had subsided, Captain Kingsmill, on behalf of the officers and crew accepted the presents in a very happy and appropriate speech.

THE WORST KIND

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, itching, throbbing, tumors form, filled with bursting with black blood. Symptoms indicating other trouble may appear to a thoroughly Pile-cure person. This is when Dr. Leonard's Hem-Roid, the only absolute Pile cure, brings the results that has made its fame. It will cure the most stubborn case in existence, and a bonded guarantee to that effect goes with each package. Hem-Roid is to be had for \$1.00 at the drug store, or from The Wilton-Pyle Company, Limited, Niagara Falls, Ont.

WHAT COLLINS LOOKS LIKE

The description of Thos. Collins, the suspect in the New Ireland murder, is as follows: Age 20 years, complexion dark, stature short and stout, eyes black, weight 135 pounds, height about five feet six inches. He has an impediment in his speech and has a dark, yet ruddy complexion and somewhat full mouth. He wore a black, square cut coat and hat and a dark, yet ruddy cap set well back on the head. He is believed to be carrying a small lock and telescope grip.

ON BOARD THE "DOMINION"

Presentation of Shield and Silver Service Made. Many Prominent People Were Present—Guests Received by Capt. Kingsmill and His Officers. QUEBEC, Aug. 22.—H. M. S. Dominion was the scene of gaiety this afternoon. At one o'clock Captain Kingsmill entertained His Excellency the Governor General, French Sir Wilfrid Laurier, Lieutenant Governor, Sir Louis Jette, French admirals and captains of the two French cruisers, and others, to luncheon on board the battleship. At three o'clock the presentation of the shield and silver service from the people of Halifax, which was not a gift from the people of Ontario, but from the people of the whole of Canada, was made. The committee from Ontario, composed of J. K. Osborne, chairman, Colonel John J. Davidson, W. E. B. McMurrich, K. C. C. and W. D. Beardmore from Toronto, together with their ladies, occupied a prominent position beside the members of the Kingsmill family from Ontario, Mrs. Fisk of Montreal, and Mrs. Galt of New York. His Excellency the Governor General introduced the members of the committee and in a short speech told of the pleasure it gave him to be present at the presentation, which was not a gift from the people of Ontario, but from the people of the whole of Canada. His excellency introduced the chairman, J. K. Osborne, who said that when it became known that the committee had as a compliment to Canada named one of the newest and most powerful battleships "Dominion," he conceived the idea that it would be a graceful and fitting and desirable act to make some kind of presentation to the ship that would be acceptable to officers and men alike, and would emphasize the kindly feelings existing among all people of Canada towards the navy in general and H. M. S. Dominion in particular. He then told of the subscription movement and its popularity and enumerated the articles, a silver shield, loving cup, cigar and cigarette boxes, etc. Colonel John J. Davidson read the dedication address, and after the applause had subsided, Captain Kingsmill, on behalf of the officers and crew accepted the presents in a very happy and appropriate speech.

TO IMPROVE SYSTEM OF TAX COLLECTION

A sub-committee of the treasury board, consisting of Mayor Sears and Ald. Pickett, with Ald. Bullock, met yesterday at City Hall and discussed at some length the means to be used in the collection of taxes for the coming year. The general feeling is that the present mode is a failure, and that the city should never have the immense sum of over \$300,000 in arrears. Ald. Bullock, who, while in Halifax studied the system in vogue there, also familiarized himself with the plan adopted in London, and offered suggestions for changes. It was pointed out that these cities had more of a system in the gathering in the taxes and the officials were not only receivers of taxes but active collectors. The system in the gathering in the taxes and the officials were not only receivers of taxes but active collectors. The system in the gathering in the taxes and the officials were not only receivers of taxes but active collectors.

DEATH OF MISS FALES OF CHEMICAL ROAD

HOPEWELL HILL, Aug. 21.—Miss Catherine M. Fales, daughter of Mr. and Mrs. Allen Fales of Chemical road, died at the home of her sister, Mrs. George Milton, at Albert Mines, last evening, after only a few days illness, death resulting from an attack of appendicitis. She had been visiting her sister, and although suffering slight indisposition, was only taken severely ill on Saturday night. The deceased, who was sixteen years of age, leaves, besides her parents, one brother, Alfred, of this place, and three sisters—Mrs. Vinton C. Robinson of Chemical Road, Mrs. Geo. Milton of Albert Mines, and Miss Florence Fales at home. The relatives have the sincerest sympathy of all in their bereavement.

CHINESE PURCHASE A NEWSPAPER

Said to be Scheme to Advocate the Abolition of the Income Tax on Chinese. VICTORIA, B. C., Aug. 21.—A curious report with respect to the reconstruction of the Colonist is being widely circulated in business and political circles. It is that the controlling interest in the British Columbia pioneer newspaper, now held by J. S. M. Macsayer, is in reality the property of two wealthy Chinese residents, Loo Gee Wing and Lee Monong Kow. It is said that an important newspaper transfer is being about with such secrecy as that maintained as to the Colonist's new owners. The numerous Victorians who believe the report that Chinese have purchased the paper, say that the object of the purchase is to start an aggressive campaign for the reduction or abolition of the 4000 capita tax so as to enable the wealthy Chinese contractors to bring in an army of coolie labor for use in the prairie harvest fields and in railway construction work.

TEMPERS OF HONOR

GLOUCESTER, Aug. 21.—The annual session of the Supreme Council Templars of Honor and Temperance opened in this city this evening and will continue through the week. The Hon. David I. Robinson presided this evening, when reports of the officers were heard and the initiation of representatives. Tomorrow morning the Templars will listen to an address of welcome by Isaac H. Higgins, grand temple of Massachusetts. Tomorrow afternoon the visitors will be the guests of Atlantic Temple on a sail down the harbor in steam launches and a visit to Mother Ann and Eastern Point.

KINGS COUNTY COURT

HAMPTON, Kings Co., Aug. 22.—In the probate court of Kings county today, letters testamentary were granted by Judge J. M. McIntyre to Wm. Herbert Smith of the city of Saint John, on the estate of the late Susan Drummond of Uplam, spinster, the will being proved by Richard C. Sherwood and Wm. H. Smith. The value of the estate was sworn at \$75 real and \$10 personal property. H. H. Pickett, executor, was represented by C. S. Hamilton, the real value being sworn at \$5,710, all personally. The will was proved by Clarence H. Ferguson, who was also proctor in the cause. The citation to pass the accounts in the estate of the late Charlotte Whitney, of Norton, deceased, being reargued today, A. H. Hamilton, the executor, was represented by C. S. Hamilton, and Dr. F. H. Wetmore, the residuary legatees, by W. A. Ewing. The estate realized \$12,448.65, and a decree issued for \$1,904.14, payable to the residuary legatees.

DRASTIC IMMIGRATION LAWS

They Will Be Recommended by the President in His Next Message. WASHINGTON, Aug. 22.—Important recommendations looking to the enactment of more drastic immigration laws will be embodied in the next message of President Roosevelt to Congress. To obtain full and complete information on the subject an elaborate and comprehensive inquiry has been inaugurated by direct order of the President. Terence V. Powderly, former Commissioner General of Immigration, and a half dozen of the most expert in migrants to come to the United States, Robert P. Watchorn, Commissioner of Immigration at New York, went to Europe on a like mission.

WAY DOWN EAST

"Way Down East," Lottie Blair Parker's idyllic play of New England farm life comes to the Opera House on August 27, 28, 29 and 30. It appeals not to a limited class, but to everyone with a spark of sympathy, a liking for an interesting story and a relish of good wholesome fun. There are many reasons for its popularity—its pathetic theme, its genial humor, its charming pictures of country life, its quaint characters and striking realism, but its more potent element undoubtedly is the strong human interest that penetrates every scene. To this all classes and creeds must yield their sympathy. Miss Parker's work so admirably produced under the skillful direction of Mr. Joseph Grismer, will be interpreted by a cast that has been especially selected for their different characters.—Advt.

she can be made ready.—Yarmouth

John Snider last evening was on the
630 trip of the Ludlow and on reach-
ing the west side was riding up the
wharf on his wheel. When near the
toll house he swerved to avoid a team.
The wheel struck an obstruction and
the young man was pitched over the
handle bars and over the edge of the
wharf. He fell 15 or 20 feet to the
mud.

A meeting of the board of works
committee is called for eight o'clock
this evening, when the matter of Sand

tions relative to the harbor will be
taken up. Mayor Sears this morning
drove to Loch Lomond to inspect the
work there. It is understood that his
visit, however, is of no particular im-
portance.

WALKED IN FRONT OF A STREET CAB.

Last night a horse and carriage
owned by Walter Saunders was left
standing in front of a house on the
City road. As street car No. 63 came
along at a pretty good speed the
horse walked across the track in
front of the car, which could not be
stopped in time to avoid a collision.
The horse was knocked down and
shoved along in front of the car. When
assisted to its feet the animal was
found to be out about the legs, but
otherwise unharmed. The harness or
carriage were not the least dam-
aged, while the car fender was badly
twisted as a result.

FOUND A SKELETON.

The workmen engaged in excavating
at A. Isaacs' Printing store premises
were started this morning when one
of them unearthed a skeleton, which
was claimed by many who saw it, to be
that of an infant. The news of the
find quickly spread about the city and
there were rumors of a murder. A
physician who happened to be driving
by set all rumors at rest, and greatly
relieved the minds of the men by in-
forming them that their find was what
was left of a dog, no doubt a pet that
had at one time been given a burial.

BAD RUNAWAY.

A very peculiar accident occurred on
Wall street about noon, when an ice
team belonging to the St. John Ice
Company ran away and broke a tele-
phone pole. The team was standing
along the side of the street, while the
driver was delivering a piece of ice,
when the horses suddenly became
frightened at an engine which was
passing under the bridge, and started
violently up the street. They had not
gone far when the large stevedore fet-
ter against a pole, snapping it in two
pieces as if it were a pipe stem. The
shock also broke the tongue and whif-
fletree of the stevedore. The wires at
the top of the pole were all badly
twisted, but otherwise no damage was
done, as the horses were not scratched,
and the stevedore was very little dam-
aged.

CRUELTY TO A HORSE.

The attention of the police was called
to a teamster's cruelty yesterday,
and it is possible that the driver will be
asked to court to answer the charge of
ill-treating animals. He was driving a
span of horses up Brussels street. The
horses were struggling with a heavy
load of laths which had been hauled in
from the country. One of the horses
had such a sore fore foot that it could
hardly touch it on the ground, and
each time it went up weight on the
foot the horse's head would almost
reach the ground. The driver sat on
the heavy load as unmerciful as could
be and watched the agony that the
horse was undergoing. The poor animal
was not fit to haul a light wagon,
let alone a wagon loaded with laths.

She was sentenced to a term of two

Hayes as he was an old man and it
was not safe to have him running

KNIGHTS OF PYTHIAS WILL HAVE GALA DAYS

Plans Completed for Next
Week's Festivities.

Visit of Supreme Head of the Order and
the Grand Lodge Delegates—
Excursion, Banquet,
Parades, etc.

In Queen's Rink tonight Victoria and
Cygnet Companies of the Uniformed
Knights of Pythias, will hold a
joint drill in preparation for the
special tournaments next week when the
Grand Lodge of the Maritime Pro-
vinces holds its annual session in Castle
Hall, German street, and Supreme
Chancellor Chas. Shively of Indiana
visits the brethren.

It has been some years since the
Knights were as active, and there is
every prospect of a very enthusiastic
and enjoyable two days commencing
on the 29th, a generous sum will be
expended in entertaining delegates to
the Grand Lodge, and particularly the
honored head of the Order.

The programme of festivities includes
a grand ensemble of local and visiting
Uniformed Knights on Tuesday short-
ly after 2 o'clock in the afternoon.
This will take place on King street
east, where Commander-in-Chief Shive-
ley will formally inspect the fraternal
soldiers, attended by his personal
aide-camp and local officers.

A parade to Indiantown will follow,
city bands supplying music. An ex-
cursion to a popular resort on the river
is to take place, each Knight and Sir
Knight being entitled to entertain two
excursionists quite large. There will be
a march back to the city from the boat
landing.

Tuesday evening an elaborate and
formal banquet is to be tendered the
Supreme Chancellor, who is also Com-
mander-in-Chief of the U. R. in York
Theatre assembly rooms. Covers will
be laid for several hundred. As the
dinner proceeds there will be orche-
stral music, interspersed with vocal
numbers. A round of highly interesting
addresses is expected.

Pythians here are redoubling their
efforts to ensure the complete success
of their plans for entertainment and
tonight's drill in Queen's Rink will
doubtless be well attended. In con-
nection with the Grand Lodge pro-
ceedings, which commence Wednes-
day, after the excursion, banquet, etc.,
will be the annual competitive drill. It
is anticipated this season's manoeuvring
will be particularly keen.

DYKEMAN VS. GRANT.

An Interesting Case Decided by Judge
Ritchie This Forenoon.

In civil court this forenoon Judge
Ritchie delivered his decision in the ac-
tion brought by Frank Dykeman
against J. McGregor Grant. It will be
remembered that some four weeks ago
Mr. Dykeman sued Mr. Grant for
\$46.25. He claimed that Mrs. Grant and
Miss Grant had purchased goods at his
store, having them charged. The bill
had been sent to Mr. Grant who refused
payment, his contention being that
his wife and daughter had no author-
ity to pledge his credit. He however,
admitted liability to the extent of
\$27.77 for goods bought by his wife.
This amount he paid into court. There
was also a number of credit slips in-
volved which had the word "paid"
written on them.
Judge Ritchie in his judgment said
that as Mr. Grant had admitted his
liability for a part of the amount he
did not see why he should not be re-
sponsible for the balance. He accordingly
ordered a verdict for the full amount
claimed, with costs, to be entered for
the plaintiff, J. M. Baxter for Mr.
Dykeman; T. P. Regan for Mr. Grant.

Warning to Exhibition Visitors.

We are obliged each exhibition year
to turn away hundreds who come to
St. John for the sole purpose of hav-
ing their teeth attended to, but who
neglect the main object of their visit
until a few days before returning
home.
We would therefore advise all to call
early and avoid the usual rush so
that they may not be compelled to
return home disappointed at being un-
able to avail themselves of our
SUPERIOR WORKMANSHIP AND
ATTRACTIVE FEES.
Parents should remember that the vaca-
tions are drawing rapidly to a
close and that as they value the
health and welfare of their own
children and those of others they
should see to it that their children's
teeth are in proper condition. We can
put their teeth in the condition they
should be, without affording them any
pain and we can do it reasonably,
call at once.

Three Classes Of People.

have been attending our MID-
SUMMER SALE. There were
those who came as an experi-
ment; who knew nothing of
former sales, but had heard that
"good stuff" was to be had at
low prices.

There were those who had come
before and had proved the
truth of conservative statements
of value.

There were those—and these
our old customers—who came as
confidently as they would go to
a bank—sure of getting a full
equivalent for their money—and
each of these representative
types has been satisfied.

Sale will soon close and we offer
still greater inducements—

SCOTCH COALS.

The steamer "Almor" which arrived
today from Glasgow brought out 21,000
bags of Scotch Anthracite Coals for
the different dealers. The coals have
been imported from Scotland and are
of excellent quality and are giving good
satisfaction.

The new schooner launched at Lun-
enburg yesterday for J. E. Snow
Digby, will make a fine addition to the
Digby fleet. She is intended for fish-
ing and will be ready for sea about
Sept. 15. She will be the largest fishing
vessel sailing out of Digby.—Yarmouth
