PROSPEROUS NEWCASTLE.

Mayor Hennessy tells New Freeman Readers of Progress on the Miramichi, and Incidentally Mentions Politics.

Newcastle, January 8, 1907. To the Editor of The New Freeman,

Dear Sir:—Find enclosed my renewal subscription to The New Freeman. I expected to see you personally while attending the great Liberal Rally held in St. John last week, the time being a season for passing the friendly greetings and the heart to heart shake hands; but in this I was disappointed as a few days previous I was laid up with a severe cold.

It must be gratifying to Mr. Emmerson and all the Liberal leaders that such a large and influential number of Liberals from all sections of the province responded to the call of their acknowledged chief. It argues well for the success of the party, and is reassuring that at the next federal general election Mr. Emmerson will have a solid phalanx of the representation of this province to support him at Ottawa. Mr. Emmerson has shown his wisdom in bringing the Liberals together at this period, as in the natural course of events it cannot be very long before a general election takes place, and although the great majority of the voters of this province, and I might add throughout the Dominion, are in hearty co-operation with the Liberal Party in power at Ottawa, which has steered the ship of state so successfully clear of the rocks and shoals that have beset its path for the last ten years, they should employ the intervening time between this and the coming election in preparation for the final struggle.

It is too often brought to our notice that no matter how well we are instructed in our duties, either in morals or to the state, man is so constituted that he requires to be reminded occasionally of the importance of these duties, otherwise he is likely to perform them in a half-hearted way when the final hour arrives.

The great convention just past must have a widespread influence in the bringing together such a large number of delegates from all parts of the province. The enthusiasm and inspiration they will take home with them from their personal contact with one another and with the Minister will echo and vibrate throughout the length and breadth of the land, with such intensity that thousands of new recruits will be added to the already well organized Liberal battalions.

Mr. Editor, I cannot conclude this letter without giving you a little information about how we are getting along in Newcastle, the shire town of the county of Northumberland. To begin I may say that we are sharing in the great wave of prosperity that is now moving over this Dominion of ours. The past year has been very prosperous with us, there has been plenty of employment at good wages for everybody that wished to work; our farmers while they cannot boast of a bountiful crop, will still admit it was up to the average. Our exports of lumber to the English markets were in good demand and brought remunerative prices, and the same may be said of our

small lumber shipped to the United States markets.

Our fishing industries have been exceptionally good for the past year (with the exception of the smelt fishing which has not been up to the average of other years) and have been the means of remunerating generously those directly engaged in the business, and the county is vastly enriched by the industry.

There is great activity in the lumber woods; the past fall has been so favorable for the gathering up of logs, that the yarding is about finished, and the next important step in the routine of a lumbering campaign is the hauling of the logs from the yards to the landings. This is the work that will engage the attention of the lumber men for the coming two or three months, and if the balance of the winter proves favorable and there is a good spring freshet for driving a big lumber cut will be forthcoming.

Our merchants have done a profitable business during the past year, the local trade being brisk and continuous for cash or short terms, while the supplies for the lumber camps were unusually large and varied owing to the improved methods of cooking. The old style of pork and beans is a thing of the past, for in the lumber camps of today you will find a well arranged cooking outfit and the delicacies of the season are liberally supplied to the men. The old log fire in the middle of the camp and smoke escaping out through a hole in the roof, after taking a few circuits of the interior and tears from the eyes of the laborer, is gone, and a comfortable dining room and sleeping apartments have taken their place and men are now supplied with meals on the latest improved hotel plan.

Another feature of the improvements to be seen about Newcastle is the reappearance of the ship-building industry. Not during the past forty years could the frame of a vessel be seen nor the familiar ringing sound of the axe, nor the cink of the caulking mallet be heard, but today if you are on the river in front of Newcastle you can see two large river boats under construction.

One of them far advanced on the road to completion and owned by M. Russell & Sons, will be ready for the spring and is intended for towing, or other work that may offer. The other is built for the Richards Company. She is in full frame and under construction by that practical builder B. H. Lamont, and will also be ready for the spring work.

Our furniture factory is in full swing, employing some sixty men and boys. In winter season when employment about town is scarce, (the saw mills at the season are closed down) the value of the industry that runs the whole year can be appreciated.

Other factories of minor importance are in operation in and around the town, such as H. H. Lamont's ship-knee and door and sash factory; G. G. Stothart's door and sash factory; H. Nevins' door and sash factory; Anderson and Sons' turning and fancy furniture factory and upholstering, all employing a number of men and boys at good wages, and such employment adds greatly to the general prosperity of the town.

Wishing The New Freeman a very prosperous New Year.

I remain, Yours very truly, P. HENNESSY.

At the call of the Canadian W. C. T. U. the local Union met in Park's Hall on the 3rd inst. A goodly audience was present and an interesting programme was carried out. The topics for special prayer were: That efforts to prevent sale of intoxicants to native races may be successful that consecrated men be speedily found for the greatly needed temperance work in heathen lands; and that a special blessing come upon the Countess Carlyle and other officers of the National Union. Mrs. S. MacLeod gave a bible reading on Christian work; and Mrs. Layard read a paper on the Secret of Success in Christian work.

Rev. A. D. McCully of Bathurst, visited Rev. H. C. Rice here on the 6th and supplied the pulpits of Rev. J. S. Greg of Derby, who has not been completely recovered from his recent illness. Next Sunday, 13th, Rev. J. B. Champion Harcourt will occupy the Derby pulpit.

TOWN COUNCIL MET THURSDAY.

Public Meeting held in Police Court Room 3rd Instant.

INTERESTING REPORTS.

Warning Received from Lawyer not to Issue Execution Against the County.

A special meeting of the Newcastle town council was held pursuant to notice in the police court, on Thursday evening, 3rd instant. There were present: The Mayor and Alds. Allison, Belyea, John Clark, T. A. Clarke, Desmond, Ritchie and Williston.

The report of the Newcastle Fire Company was read by Ald. J. Clark, and on motion received. It is as follows:—

Newcastle, N. B., Dec. 31, 1906. To the Chairman of the Fire Committee:—

Sir:—

I hereby present for your consideration my report of the Newcastle Fire Company, for the year ending Dec. 31, 1906.

All the fire apparatus is in good order, and the men are attending to their duties satisfactorily. The men are prompt in answering alarms, and work well at fires.

The meetings and practices are well attended and the men take a deep interest in their work. Since the company has been given charge of all the apparatus, it has been much easier and more convenient for the men to keep the apparatus in good working order and also the building clean.

During the winter months, I would recommend that a fire be kept burning in the building to keep the frost from getting into the hose, which makes the latter very difficult to handle and liable to freeze up when the water is turned on, especially at the couplings. Another reason why I recommend that a fire be kept burning is on account of the steam fire engine, which is a valuable asset of the town, and should always be in readiness in case of necessity. At present we have to run all the water out of the boiler and open everything up so that there will be no danger of her freezing. If she was required at a fire, she would have to be refilled with water, and all gone over again before she would be ready to be used, and this would require a considerable length of time, which is very precious indeed, especially when a building is burning.

I would also recommend the advisability of the installation of the alarm system, which we have given you, and which is now before the consideration of the Town Council, and trust that it will be favorably considered and adopted.

During the year we have been very fortunate in not having any large conflagrations. The steam fire engine has during the year been tested four times, and she is now perfectly dry and on runners for the winter season. There have been nine alarms this year, viz:—

- 1.—Mrs. Wm. Watt's residence.
- 2.—Belle School house.
- 3.—Mrs. Richard McCullam's tenement house.
- 4.—Geo. Barchill & Son's mill, (Nelson).
- 5.—Geo. Stables' store.
- 6.—Frank Masson's.
- 7.—Samuel Craig's hay field.
- 8.—Wm. L. Curtis' millinery shop (Bridgetown).

Miss Parker's residence. All these were of a minor character.

During the year the Company has been provided with new tool boxes for hose reels, two locks for doors, and one jack screw for lifting engine, these being the only expenditures, with the exception of the firemen's salaries. The present firemen are: Chief, Henry Ingram; lieutenant, Chas. Dickinson; secretary, Wm. F. Ferguson; Wm. McMaster; John Fallon; B. F. Maltby; Frank Masson; Jas. Stables; Allan Johnston; Wm. J. Dunn and Geo. Bethune. The firemen take this opportunity in thanking the members of the fire committee and Town Council. (Continued on page 4.)

HAPPY NEW YEAR.

In thanking our friends and customers generally, for the liberal share of patronage bestowed on us during the past year. We wish one and all a very Happy New Year.

Douglastown was started on the 3rd. by the sudden death of Mr. Wm. Wood, the well known stave-dore of that place. He had been in poor health some time, but was not considered seriously ill. Wednesday morning, he felt weaker than usual, and early in the afternoon summoned a physician, but died before the latter arrived. Heart disease caused death. Deceased was fifty-seven years old, and favorably known all along the river. Mrs. Wood, four sons and four daughters, who have the sympathy of the whole community, survive him.

The new Presbyterian church at Black River was formally opened on the 30th ult. It is a handsome structure with 55 pews which seat about 400. Extra seats can be placed for 100 more. The building cost about \$5000, about \$3500 of which is already paid. At the services Sunday \$250 was collected. The Completion of the Church reflects much credit on the pastor, Rev. A. J. W. Myers, and his energetic congregation. The dedicatory sermon in the morning was preached by Judge Forbes of St. John. The afternoon services were participated in by Revs. Henderson and Fraser and Judge Forbes; and the sermon in the evening was given by Prof. A. S. Morton. The music during the day was specially good.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, flatulency, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

The Boston Comedy Co., H. Price Webber manager, will produce the new realistic play, the "Gold King" here on Saturday evening twelfth instant, in the Opera House. Mr. Webber's Company, which always draws a crowded house, has been here before; and lovers of high class comedy will not fail to patronize the show next week. The play is an excellent one of four acts. There are twelve actors in the company of which the star is Miss Edwina Gray, the latter being well supported by her colleagues. Tickets for sale at Shaw's drug store. The same company will show at Millerton Temperance Hall, on the 10th and 11th instant.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other ingredients commonly found in cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure—Sold by THOS. J. DURICK.

PROF. OSLER ON DIET.

Comparing a human body and the steam engine in a lecture at Workingmen's College, Prof. Osler said one differentiating feature was that while the engine had only one furnace, and a large one, the human body consisted of myriads of little furnaces—that is, cells. Milk was the original food of man. It contained the four things that were necessary as food—fat, curd, sugar and salt—all dissolved in water. Dr. Weir Mitchell once showed him a robust looking patient, and he remarked, "He looks as though he has been living on the fat of the land." "No," replied Dr. Mitchell, "on the fat of the cow." That patient had five years milk—except on Sundays, when his wife insisted on rice pudding. If vegetarians would eat their vegetables and say less about it they would do well. Many vegetarians were not as robust men tally as physically.

Alcohol was quite unnecessary. If all the beer and spirits could be dumped into the Irish Channel, the English Channel and the North Sea for a year, people in England would be indefinitely better off. "If," he continued, "on the second day you dumped all the tobacco into the sea it would be good for you and hard on the fish.—London News.

Hewitt—"Would you hit a man under the circumstances?"
Pugilist—"What d'ye mean by under the circumstances? In de neck?"

Losing Muscular Power?

The First Sign of Mental Decay—The Warning of General Break-Down.

Changes in the nervous system manifest themselves slowly. They show first by muscular weakness—a feeling that threatens paralysis, or by a fullness in the head that indicates approaching apoplexy. It seems like stiffness but you soon discover there's a lack of power—that the endurance of this or that muscle is not what it ought to be.

Your friends may notice a slight thickness of speech or that your memory is decidedly failing. These symptoms may grow worse very quickly if they are not treated by Ferrozone. You must build up the nervous system. This can be accomplished in no other way as thoroughly and permanently as by the use of Ferrozone.

This remarkable remedy, which has cured tens of thousands of Canadian people increases enormously the digestive power, stimulates the formation of blood, the rich, red kind that puts new life in to the nerves.

The first result of these changes is increased strength. Natural circulation quickly follows, and that fullness in the head so disturbing and alarming, too, quickly passes away.

These changes are wrought in a natural way, for the reason that Ferrozone treats the causes that excite these troubles.

For the aged and weak who need strength—for those run-down and thin—for the sickly and nervous who lack staying power—nothing compares with Ferrozone.

No tonic gives such lasting good health; try it yourself. Sold by all dealers in 50c. boxes.

MEETING OF THE TENTH DISTRICT.

Baptists Hold Very Successful Quarterly Meeting at Lower Derby.

The quarterly meeting in connection with the 10th District of the United Baptists took place in the Baptist Church, at Lower Derby on the 1st and 2nd instant.

On Tuesday the proceedings commenced with a prayer meeting at 7 p. m. which like the other meeting that followed was largely attended, and great interest was manifested from the commencement. At the preaching service at 7.30, Rev. George Beaman of Harcourt, preached a well thought out sermon, earnestly delivered. At the close Rev. I. N. Thorne of Whitneyville conducted an Evangelistic service, at which great interest was manifested, many rising and desiring prayer in their behalf, and some we believe starting on the new and better way. The meeting broke up at a late hour fully assured in the language of the preacher's text that "they had seen strange things."

Next morning a prayer and social meeting was held from 10 to 12 when a large number attended and great interest was manifested.

The afternoon was devoted from 3 o'clock to 5 to business, followed by prayer and testimony, pretty nearly all of the large company assembled taking some part in the after meetings. It was decided to convene the next quarterly meeting at Whitneyville on the last Tuesday and Wednesday in March. In some respects this meeting was the best of all, the spiritual interest manifested by the young bringing the tears to the eyes of more than one of the older ones.

The prayer meeting at 7 was also largely attended, also the preaching service that followed, when the Rev. I. N. Thorne, of Whitneyville, preached a very earnest sermon from the verse, "The way of the Lord is in the Sanctuary." This was followed by an Evangelistic meeting led by the Rev. George Beaman. The whole services were brought to a close by an address by Rev. F. T. Snell, Secretary of the District, who briefly reviewed the position and prospects of the North Shore Baptists and urged consecration to God and brotherly love and unity among themselves.

Among those who attended the meetings were the following:—Mr. and Mrs. J. Fred Tozer of South Fork, Miss Curtis of Whitneyville, Miss Tozer of Littleton, Miss Bessie Snell, Miss Annie A'Haran, Miss Rena Mather, Miss Kate Brooks, Mr. Mason Betts, of Newcastle, Mr. and Mrs. J. Lyons, Miss Benlah Lyons, and many other friends from Millerton and adjacent places. Miss Kate Russell presided at the organ and was assisted by the choir of the churches.

Visiting friends were kindly entertained at the homes of Dea. Malcolm Amos, Spurgeon Amos, Mrs. Appleby, Mrs. Russell, Baron and R. Cluston. A resolution thanking those good friends was heartily passed at the close of the services. To God be the glory for a very happy and enthusiastic gathering.

ON NEW YORK'S EAST SIDE.

How New Year's Day is Celebrated in the Italian Colony.

The little boys and girls of Mulberry street, on New York's queer east side, keep their pockets, purses and savings banks ready for New Year's. This is their great day. Whether or not the American Santa Claus put anything in their stockings on Christmas, their own uncles and aunts cannot get off without strenna de capo d'anno (New Year's gift). The strenna is confined to the children and to cash. It is to be distributed by the relatives and friends of the household on New Year's day, when calls and congratulations are in order.

"Buon capo d'anno!" ("A good head of the year!")

"Lo stesso a voi per cento anni!" ("The same to you for a hundred years!")

When the greetings are over the guests will be treated to vermicelli served with a special sort of sauce and salad and "mezzuzzo" prepared with oil and lemon juice. The thought of the New Year's viands makes the black eyed children smack their red lips, and their time is taken up with discussing it as well as with making forecasts as to how much of a strenna Uncle So-and-so and Cousin Se-and-so will put in his or her little hand before leaving.

The old folks in Italy, too, are thinking gratefully of the great land beyond the seas over the wine and vermicelli which they have bought with American money. If strenna is here only given to children an exception is made for the old people at home, to whom a New Year's gift is sent three or four weeks in advance so as to reach its destination in time for the great religious and civil holiday. The Mulberry street bankers do a rushing business in capo d'anno remittances.—New York Herald.

THE NEW YEAR IN JAPAN.

The Day When the Mikado Has to Get Up at 5 o'Clock.

Quiet and curious New Year customs exist in Japan, where the 1st of January commences with a religious festival celebrated at 5 in the morning. At this time the mikado, dressed in Japanese costume, proceeds from the palace, followed by his deputies arrayed in ancient style and the foreign diplomats in regalia dress. He enters a small building or temple, prostrates himself to the east, west, north and south, and all present pray for the prosperity of the nation.

Later at a ceremonial breakfast the emperor and empress receive their family and court for three hours, the rooms being thronged. At the expiration of that time the real year begins, and a formal luncheon is served from which each guest is expected to take a cup and saucer as a souvenir.

Among the people the earth and heaven are propitiated by offerings of rice and vegetables, and strips of red paper are pasted on the doors as a sign of good luck. This color is used exclusively save in cases where a death has occurred within a year, when blue paper is used instead of red. The day ends with people still waiting each other and attending the plays at the theaters, where gorgeous robes and monotonous voices are the distinguishing features.—New York World.

New Year's on the Ganges.

To know whether one will outlive the year is almost universally regarded as a very desirable piece of knowledge, and to acquire it the men and women of different nations resort to various stratagems to compel fate to stand and deliver. The dweller by the Ganges lights a tiny fish candle and fixes it upright on a bit of board, which he launches on the waters of the sacred stream. If it remains alight until he can count 777, the perfect number, he regards his prospects as good for the year. If it goes out the omen is unfavorable. He gives himself the benefit of expedition, so, instead of counting in prosaic fashion—one, two, three, four—in the old slow style, he counts by leaps and bounds—five, ten, fifteen, twenty, twenty-five, thirty—and thus takes advantage of the flickering candle and fluctuating wave and increases his length of days by the gibbness of his tongue.—Pittsburg Press.

Watching the Old Year Out.

Watching the old year out has been a common custom in many lands. In most countries it assumes with the serious minded the phase of devotion. In many countries where Roman Catholicism is the prevalent form of faith the year is begun with midnight masses. Among the Greek Catholics the same usage prevails. It declined in the Church of England, but was revived by several of the dissenting bodies, the watch night of the Methodists being merely a modification of the once general practice. Among the convivially inclined, however, watch night is taken anything but seriously, and the new year is welcomed with such signs of rejoicing as to one who did not understand the customs would seem to indicate that all men were heartily tired of existence and glad to see their years go by as speedily as possible.

The First January New Year's Day.

Caesar selected the feast of Janus, the two faced god of war, as the year's great mile stone, because the statue of this god seemed to look back into the past and forward into the future; hence on New Year's day we are still paying tribute to a heathen god. Prior to the reform of the calendar the Romans observed the 21st day of December, the winter solstice, as the beginning of the year. This date and the summer solstice, the 21st of June, as well as the vernal and autumnal equinoctial changes in March and September, have come in for first place in the year at various times in the history of the world.

WORLD WIDE ARTICLES.

A Weekly Reprint of Articles and Cartoons from Leading Journals and Reviews, Reflecting The Current Thought of both Hemispheres.

"World Wide" is a marvel of interest and cheapness. As a high class eclectic; it will compare favorably with anything at several times its price. For the small sum of one dollar and a-half it brings every week for a year the best articles that appear during the week in the leading British, American and Foreign publications. Of course it appeals to the thinking element in each community, those who want to know what the world's thinkers are thinking; but these will find it as full of rare entertainment as of wisdom. It is absolutely world-wide in its interests and has no axe to grind. The annual subscription includes 1906 CARICATURED, a most entertaining review of the past year. Sample copy free of charge to any address. The annual subscription price is \$1.50, and the publishers are JOHN DOUGALL & SON, of Montreal.

Laudikhana, British India, Jan. 2.—The Amir of Afghanistan, Abdullah Khan, arrived here today on his way to pay an official visit to India. He was officially welcomed.

King Edward telegraphed his great satisfaction at the visit "as indicating the friendly relations between your Majesty and my Government. I hope very cordially that your tour will be a pleasant relief from your cares of State." The Amir is said to have so increased the Afghan armaments as to be able today to place nearly half a million men in the field. His dominions separate the British and Russian empires; and he is a desirable ally for Britain.

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or influenza conditions of the throat.

Fruit Cures Constipation

"Fruit-a-lives" cure Constipation because they are Fruit Juices in Tablet form.

Constipation means a disordered liver. When the liver is weak, bile is lacking. And it is the bile—which the liver excretes—that flows into the intestines and moves the bowels.

Fruit is the great liver tonic. It invigorates the liver and causes more bile to flow into the bowels.

Purgatives, powders and purging mineral waters, never reach the liver. They irritate the bowels and FORCE them to move. They generally do harm. They NEVER do any PERMANENT good.

"Fruit-a-lives" are fruit juices—in which the medicinal action is many times intensified by the wonderful change which

"Fruit-a-lives" have already proved a cure to many thousands of people in Canada.

are free from calomel, cascara, senna and other bowel irritants. They are concentrated fruit juices with valuable tonics and internal antiseptics added.

"Fruit-a-lives" move the bowels regularly and easily every day—and thus cure Constipation.

GOVERNMENT HOLDS SEAT.

The bye-election in Restigouche resulted about as expected, the county remaining, as of old, in the government ranks by a small majority. The opposition, thoroughly organized and with the best and most popular candidate they could find, received the losses of the general election of 1903, but could not shake the normal government majorities of 1895 and 1899. In 1903, the opposition, having but one candidate against the government's two, was at a disadvantage not present this year. Hence their vote at that time went down far below their usual figures.

The contest in Restigouche brought out the leaders and prominent speakers on both sides, and the result is decisively in favor of the government.

The figures on Oct. 16, 1895, were:
 LaBilios, government,852
 Mott, government,805
 Culligan, opposition,793
 Murray, opposition,776
 On Feb. 28, 1899, the vote stood
 Mott government,970
 LaBilios, government,937
 Barbail, opposition,844
 Culligan, opposition,752

BOOM OUR OWN TOWN.

We have in Newcastle many men who, having had faith in the future of the town, have settled here and have gone to work with all their might to build up the industries of the place. They have succeeded, both in the construction of works that have led to an increase of the town's population and wealth, and in making themselves comfortable and influential. What the municipality wants is still more industrial expansion. It needs many more with courage to start new enterprises and the patience to carry them through.

Newcastle has a situation inferior to few places in Canada. We have excellent railway facilities and unlimited opportunities of shipping our products to all countries of the world.

There is no reason why a rapid growth like that of Amherst and such places should not soon be ours. Let the Board of Trade and the citizens generally take hold of any new enterprise that is feasible, determined to make it a success, and it will be a success.

There is no need of any of our monied men sending their capital abroad. The returns should be as large if they invested their loose cash at home.

One drawback, which Newcastle, in common with every large centre now-a-days, possesses is the lack of houses for rental. Yet there are lots of vacant land within the town limits; and, as nothing, except Standard Oil stock, pays like real estate, why are not more new houses erected each year to shelter the prospective additions to the community?

SOCIALISM IN CANADA.

It is evident that the two-party political system has ended in this country as well as in Australia, the United States and Europe.

The Socialist Party of Canada, which had three members in last British Columbia legislature, and

at last election there polled thirteen per cent. of the total vote, and which marshalled a procession of 5000 persons in Montreal last May Day, has suddenly leaped into prominence in conservative Toronto. In the municipal elections there on New Year's, the Socialist candidate, James Lindala, a tailor of Finnish birth, showed surprising strength, receiving thirty-five per cent. of the vote cast. The poll stood: Cratsworth, 13,968; Lindala, 8,266; and Noble, 1,330. Of the candidates for the Board of Education, James Simpson won fourth place, securing 6,607 votes. Socialism has also invaded Newfoundland, organization having been effected in St. John's, last October, by Robert E. Scott, who led the Socialist demonstration in Montreal the previous May.

A recent meeting of the Liberal Executive in Winnipeg declared for complete government ownership of a provincial telephone system. As the Conservative government of that province stands committed to the same principle, such unanimity in support of a good measure should insure its speedy adoption.

Rev. Mr. and Mrs. J. G. A. Colquhoun and little daughter, spent Christmas week with Mrs. Colquhoun's mother, Mrs. McDaniel.

The Concert and Christmas Tree by Derby Union Sunday School, advertised to take place in the Temperance Hall, Millerton, on Thursday, Dec. 27th, was postponed until New Year's Eve, on account of the death of Miss Eliza Russell, aunt of the superintendent, Mr. R. Vanderbeck.

The evening was all that could be desired and when the time of opening the concert came around there were very few vacant seats in the hall.

Mr. Stubbs acted as chairman in a very creditable manner.

The Program was as follows:—
 Opening Speech—Master Warren Flett.
 Recitation—"The Song of the Angels"—Miss Marguerite and Miss Helena Flett

HENRY INGRAM, Chief.
 Wm. FERGUSON, Sec'y.
 The following was received from R. A. Lawlor, Barrister:—
 Chatham, N. B., Dec. 26, 1906
 Mayor Hennessy, Newcastle, N. B.
 Dear Mr. Mayor:—

I observe by the report of your town proceedings in the Advocate which came to hand yesterday that, at a recent meeting, instructions were given to issue an execution in the town of Newcastle versus the County of Northumberland. I may say, for your information that, in this case, I was attorney for the county, and, although Mr. Jones found a verdict for the town, that I took the matter up on review immediately after the judgment was rendered and obtained a Judge's order, which was duly served upon Mr. Aitken, and he agreed with me to appear and argue the matter at some convenient time. Mr. Aitken, no doubt, realizing that he could not maintain his judgment, never found it convenient to fix a date, and thus the matter stands.

I simply give you notice in this if an execution is issued, Mr. Jones and those moving him will be rendering themselves liable for contempt of court, which is rather a serious matter.

Yours truly,
 (signed) R. A. LAWLOR.

Edible Christmas Novelties.
A housewife whose purse is light, but who makes delicious things to eat, planned this original Christmas for her young friends: A box of animal cookies to the family with three small boys, homemade candy and stuffed dates to college youths and maidens, two individual plum puddings to the dear old lady who keeps house by herself, a loaf of salt rising bread and one of nut bread to the bride serving her first Christmas dinner and a basket of doughnuts to the eastern chap spending his first holiday season away from home. Mince pies and pound cake were among her gifts. All these went done up in the most attractive manner. —Chicago Record-Herald.

Where Christmas Trees Grow.
It is said that at least three-fifths of the 1,500,000 or more Christmas trees used in America each season grow on the bleak hillsides of eastern and northern Maine. Thousands of young farmers and timbermen make good incomes by cutting and shipping the trees. The Christmas tree business in Maine began only about thirty years ago, with four schooners to carry the cargoes of trees. Now many times that number of vessels are engaged in the trade. Most of the trees sent from Maine are firs.

SCORED ANOTHER WONDERFUL VICTORY

One More Added to the Long List of Cures Effected by Psychine.

This young lady, who lives in Brownville, near Woodstock, Ont., tells her own story in a few effective words of how she obtained deliverance from the terrible grip of weakness and disease.

I have to thank Psychine for my present health. Two years ago I was going into a decline. I could hardly drag myself across the floor. I could not sleep the night. If I went for a drive I had to lie down when I came back. If I went for a mile on two on my wheel I was too weak to lift it through the gate-way, and I sat time I came in from having a spin I dropped utterly helpless from fatigue. My father would not let me go out until I procured Psychine, knowing it was excellent for decline or weakness. I must say the results are wonderful, and people remarked my improvement. Instead of a little, pale, hollow checked, listless, melancholy girl, I am to-day full of life, ready for a long ride, a skating match, or an evening party with anyone, and a few months ago I could not struggle to church, I could not go to school. I have never had the slightest cause to fear any return of the disease.

Thousands of women are using PSYCHINE, because they know from experience that in it they have a safe friend and deliverer. Psychine is a wonderful tonic, purifying the blood, driving out disease germs, gives a ravenous appetite, aids digestion and assimilation of food, and is a positive and absolute cure for disease of throat, chest, lungs, stomach and other organs. It quickly builds up the entire system, making sick people well and weak people strong.

PRESENTATION TO TEACHERS.

Farewells Brightened by Evidences of Pupils' Appreciation.

To Miss Gerrard of Grattan.

Dear Teacher,—
It is our pleasure to address you as our teacher, and it is with the greatest regret that we who are here present address to you those last few words of farewell for the last few years you have labored amongst us and taught us. Such ties as exist between us cannot be easily severed, but while we feel deeply grieved that we are losing a teacher of marked ability, we can assure you of our sincere gratitude and best wishes for the future. We ask you to accept this gift (a cut glass tea set and a fancy box of chocolates) as a token of our greatest esteem for you, and we trust that you may have a very happy Christmas and the richest blessing in the year to come. Presented on behalf of the pupils of Grattan school by,
FRANCIS FLEIGER,
JAMES STEWART,
Alnwick, N. B., Dec. 23, 1906.

To Principal Henry Harvey Stuart of Harcourt Superior School.

"Dear Teacher:—
"Knowing that you have resigned your position as Principal of Harcourt High School, to enter upon another calling, we, your pupils, take this opportunity of placing upon record our appreciation of your efficient and faithful services, and to express our deep regret that the happy relations which have existed between us as teacher and scholars are so soon to be severed.

We assure you of our highest respect, both as a teacher and a friend. Your patient, untiring and painstaking efforts on our behalf, during the past five terms, have not been without fruit and will not soon be forgotten. And while the pathway in which we have walked together in search of knowledge now divides and you are no longer to guide us, yet we feel that the influence of your example as a Christian man and an earnest teacher will remain with us.

"We wish you every success in your new field of labor, and as a slight token of the high esteem in which you are held by your pupils, we present you with this Bible, and join in wishing you the merriest Christmas yet and the happiest New Year. Signed on behalf of the school,
MARION DUNN,

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN
Mrs. Sarah Kellogg of Denver, Color
Bearing of the Woman's Relief Corps,
Sends thanks to Mrs. Pinkham.

The following letter was written by Mrs. Kellogg, of 1623 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Mass.:
"For five years I was troubled with a tumor which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope. I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief, but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacements or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female trouble. Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, not just any old remedy. It is the only thing that will place

CHRISTMAS DAY IN AN HOSPITAL.

Description of Christmas Day in Royal Victoria Hospital, Montreal.

CHRISTMAS TREE

Menues Served to Invalids. Some Amusing Features, Too, and a Sad One.

The following is an extract from a letter received from Miss Mary Anslow, who has been a patient in the Royal Victoria Hospital, Montreal, since early last Sept. and will no doubt be of interest to our readers. Ed.

"I must tell you about one Christmas in a hospital. It was a very quiet day for us in our Ward. Our end of the ward is always jolly. We are always laughing or singing or talking, but Sunday night a very sick child was brought in and he was here till after Christmas. His cot was right in the center at the foot of my bed, so we couldn't make any noise at all. Poor little chap, he died Wednesday night.

At six o'clock Christmas morning the nurses began their carolling in the corridors. They did not come in the ward at all, but their voices were far away, then they came closer and closer until they were almost at the entrance of the ward, then they got further and further away. It was grand and I shall never forget my Christmas here.

For breakfast we had eggs and toast. Then followed the usual routine of getting washed, combed and beds made, and dressings done. Then I had some parcels to open, and finally it was dinner time. The dinner was fine. Tomato soup, turkey, dressing, cranberry sauce, mashed potatoes and corn, then plum pudding and sauce, not too bad for invalids. I had fruit and candy here but could not eat it after such a hearty dinner.

In the afternoon the visitors came. James brought the parcel from home and Ralph some things from distant friends. At supper we had apple sauce, bread and butter and an orange. I received such numbers of presents from kind friends at home and abroad.

Now about the Christmas tree, which was Thursday. None of us expected to go, except those who could walk or go in a wheel chair, but the matron sent up word that two beds could go down from our ward. There were three of us that the head nurse wanted to go, as we had been here the longest, so what did she do but ask my doctor if I could be carefully lifted into the same bed with my chum across the way. He consented, and in fact lifted me myself. It was a tight squeeze as the other girl is fat, but we had a jolly time, and everyone laughed at us.

We had a long, long ride over to the other wing of the hospital. The Christmas tree was in a large empty ward, one hundred feet long. The tree was in the centre. At either end they had chairs for the visitors and right in the centre, near the tree, were the patients, the cots from the children's ward directly in front of the tree. The children looked sweet, their little cots were all decorated, and the wore little pink or blue jackets with wreaths of paper roses or their heads to match. The ward looked very pretty. It was decorated with flags, streamers, holly and lanterns. The tree was screened off while we had a little concert. First all the nurses sang. Then we had some instrumental music, then a few songs by a lady. It was all very nice.

Then the tree was brought to light and along came Santa Claus. He was fine too and distributed the presents and tiny bags of candy to the children. The toys were really lovely, some of the dolls were almost as large as the tots who received them. I got very nice pocket book, while other got nice shawls, combs, etc. All this was given by the Hospital, and I tell you that we enjoyed it immensely. We sang "God Save the King" and then dispersed.

It was funny going to a concert in your bed.

Well this is a long letter and I am a little tired. I am feeling well these days.

A QUESTION OFTEN ASKED.

Why so many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you are scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's, 25c. at all dealers.

Let Me Sell You a Chatham Incubator—On Time

Do you know there is big money in raising poultry? Do you know there is more money in running a good incubator than in almost anything else you can do for the amount of time and trouble it takes? Do you know my incubator will pay you a bigger profit than any other thing you can have on your place?

Well, all these things are true, and I can prove it. Thousands of people all over Canada have proved it every year for the last five years. I want to quote you a price on my Chatham Incubator, sold ON TIME. I want to send you my Chatham book. This incubator book is free—I'll send it to you for just a postal card. It tells you a lot you ought to know about the poultry business—it tells you how to make money out of chickens—it tells you how my Chatham Incubator will make you more money than you can make with hens—far more, and with less trouble.

This book tells you how my incubators are made—why they are the best ever invented—and why I sell them ON TIME and on a 5-Year Guarantee.

My company has been in business in Canada for over 50 years. We are one of the largest wood-working factories in the country. We also operate a large factory at Detroit, Mich. We have the incubator and brooder business down to a science.

Chatham Incubators and Brooders will make you money, for a Chatham Incubator will hatch a live, healthy chicken out of every fertile egg put into it, in 21 days.

Will you write for my book today? Do it now while you think of it. Just say on a postal card "Please send me your Incubator Book"—that's all. Address me personally.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's safe even for the youngest child. —Sold by THOS. J. DURICK.

Winnipeg, Jan. 3.—This city for two or three days has been experiencing a terrific snowstorm which has blocked passenger traffic in all directions. The present storm is the worst for years, eclipsing that of 1879. Prince Albert, Sask., reports more snow than at any time during the last fifty years. In some districts the snow is reported to be ten feet deep, much to the hindrance of lumbering.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made ALONE for Piles—and works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see! —Sold by THOS. J. DURICK.

St. Petersburg, Jan. 4.—An unidentified Revolutionary shot and killed Major General Von Der Laumitz, prefect of the St. Petersburg police, yesterday, and then shot himself. The slayer was about 22 years old. Laumitz was killed because of his terrible ferocity in suppressing agrarian disorders in the province of Tambov some time ago. One of his subordinates was recently shot by Marie Spiridinova.

Topeka, Kansas, Jan. 3.—Two passenger trains of the Chicago, Rock Island and Pacific Railway had a head-on collision near Voland, Kan., yesterday. Thirty-four persons, thirty-two Mexican workmen and two American, were killed on the southbound train, and a tramp met the same fate on the north-bound express. Fifty-five people were injured, most of the injuries being due to the setting of the emergency air-brakes, which threw the passengers to the floor by the quick setting of the brakes. While many of the unfortunate were pinned under the seats with the doors so jammed that they could not get out, the train caught fire from the broken gas tanks. The Mexicans in the smoking car were burned before assistance could reach them.

The passengers in the rear cars escaped; and with difficulty rescued the injured in the chair cars. The southbound train, on which nearly all the casualties were, was going thirty miles an hour, and the other, ten. The foremost tourist car of the southbound train also burned, but none of the occupants were badly hurt.

London, Eng., Dec. 30.—The Baroness Burdett Coutts, the celebrated philanthropist and endower of churches, died here today, at the age of ninety-two years.

B., to be nominated, the other being Dr. J. H. King, son of Senator King, who will contest Cranbrook again in the Liberal interest.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. —Sold by THOS. J. DURICK.

Winnipeg, Jan. 3.—Peter Verigin's secretary, Mr. Ribbin, says there is no truth in the report that Verigin's mission to Russia is to obtain permission for the Doukhoborts to return to their native land. He says that they are contented here, and are planning the erection of elevators, flour mills, &c. in their community.

PROMINENT MANUFACTURER SPEAKS.

In Vanleek Hill, Ont., no one is better known than Geo. S. Watson. When he says "Catarrh is a real cure," it depends on it being so. "My wife," he writes "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried but few proved at all useful. Catarrh is a different. It seemed to get right at the sore spots and brought relief quickly. We have found Catarrh is an absolute cure for bronchitis and catarrh." EVER HAVE CRAMPS?

Kind of fierce to be tied up in a knot at midnight with cramps. Keep Nerviline handy. Ten drops quiet cramps instantly! Used occasionally, Nerviline prevents this trouble entirely. From Stratford, Ont., Wm. De writes: "Nothing I know of will give such quick relief to cramps, colic or pain in the stomach as Nerviline. If you feel squeamish or sick, just ten drops of Nerviline in water and you're well next minute." Think of the protection and comfort contained in a 25c bottle of Nerviline, and get it today.

Vancouver, B. C., Jan. 3.—Speaking of the past year's mineral output of British Columbia Provincial Mineralogist Robertso says there has been a growth of two millions as compared with 1905. This means that the value of ore produced in the past twelve months is over \$24,000,000, which constitutes a new record for the province.

One of the remarkable features of the last few weeks has been the awakening of the new central British Columbia. The establishment of Prince Rupert as the Pacific terminus of the new transcontinental and the laying out of the line from the Rockies to the coast have given a new energy to a wonderful country that has been languishing for a railway.

"Money Back"

means merit. No house would offer to refund money, unless they were sure you would not want to have it refunded. When a house with a well-earned reputation says, "your money back if you are not satisfied with our goods," you may be sure the goods are right.

We have such implicit confidence in the virtues of

GIN PILLS

that we authorize druggists to refund the money if they fail to cure.

We KNOW they WILL CURE all Kidney Troubles—strengthen weak Kidneys, and relieve pain in the back, dull headaches and all other distressing symptoms of Kidney Disease.

That is why we make this emphatic offer. It's worth 50¢ to be relieved of the agonizing pains—its worth \$1 or even \$2.50 to be completely cured. And we refund the price if they fail. You certainly get your money's worth either way. 50¢ box, 6 for \$2.50, at druggists or direct from THE SOLE DRUG CO., WINNIPEG, MAN.

Sandwich, Ont., Jan. 6.—The United States Steel Corporation has purchased a large tract of land in this town and will erect early in the summer a big iron plant that will employ 5,000 men. Large ore docks and coal storage are included in the plan.

Fort William, Ont., Jan. 6.—C. P. R. train No. 2 was wrecked today one mile west of Kamistiquia station. It is stated here that the whole train is in the ditch or possibly in the river, which is very close to the tracks at that point.

Two of the first class coaches are said to be a total wreck.

Four persons are killed and thirty seriously injured.

St. Petersburg, Jan. 2.—Russia is getting seriously alarmed about the threatened renewal of hostilities in the Far East.

The fresh trouble between Russia and Japan appears to be over the fishery rights of the Japanese under the Portsmouth Treaty, and also over Japan's claim to free importation of goods to all places in European Russia via Siberia, as well as free navigation on the River Amur as far as Stretensk.

Paris, Jan. 1.—The French Cabinet stands committed to supplement the weekly rest day law and the employers' liability act with an eight-hour labor law, old age pensions, gradual purchase of railroads by the State and the transfer of the heaviest burdens of taxation to the rich through income and inheritance taxes.

The abolition of the death penalty and of courts-martial are also parts of the Government programme.

Gnesen, Prussia, Jan. 4.—The articles of association of the Polish National League describe the latter's aim as being "to unite all the national resources for the restoration of the Independence of Poland." The Polish "Sokol," association, numbering several hundred thousands, which claims to be a gymnastic organization, is considered a revolutionary body. Several of its members, prosecuted by the government, were released today.

Rome, Jan. 1.—Legal suits are being brought against the Italian government by ecclesiastical institutions because of the government having a few months ago reduced the interest on its bonds from 5 to 3 1/2 per cent. The government some time ago, seized much of the church's property, paying the latter in bonds drawing 5 per cent. The church was also compelled to invest its money with the government. This sudden and great reduction in interest will seriously cripple the clerical finances.

Toronto, Jan. 2.—The Hon. Sir Wm. Pearce Howland one of the fathers of Confederation, died yesterday morning. Deceased was born at Pawlings, N. Y., in 1811, and removed to Toronto in 1830, engaging in milling business. From 1868 to 1873 he was governor of Ontario. He was Canada's oldest statesman.

St. John, Jan. 7.—There is a movement on foot to have the New Brunswick Southern taken over by the I. C. R. and made a part of the government system. There have been numerous complaints in the past as to the irregularity of the road's winter service. The matter will be taken up by the Board of Trade at a meeting tomorrow.

CHILDREN WELL PLEASED.

Sleigh Ride and Xmas Tree For St. Andrew's Sunday School.

The children of St. Andrew's Sunday school had a very happy time at the Parish Hall, last Thursday afternoon and evening. Through the kindness of Mr. Dennis Doyle, the children, much to their delight, were treated to a most enjoyable sleigh drive—from which they returned with sharpened appetites all ready for the good things in the way of refreshments awaiting them at the hall. After supper they were entertained with phonograph selections until the time for the withdrawal of the curtain, upon the stage—which disclosed to view a very beautiful tree, blazing with many colored lights, and heavily laden with gifts for which, it was announced, their thanks were due to Mr. John McKane whose pleasure seems always to be to make other people happy, judging from the cheers which followed, it is safe to conclude that the children were of the opinion that their friend, Mr. McKane had come all the way from Scotland to give them this particular pleasure. The carols "Sing little children sing" and "Carol sweetly, Carol" were sung, and then, to the surprise of all, Santa Claus appeared to distribute the gifts, for most people thought he had already reached his home in the far North, and could not be called back. A few remarks from the Rector and singing of the National Anthem, closed a most pleasant evening, for the older people present, as well as for the children.

The trustees of St. James' Presbyterian church met Friday night. The treasurer and financial secretary's reports showed the finances in a healthy condition. Printed reports will be issued before the annual meeting on the 23rd instant.

The town schools reopened Monday. Miss Jennie S. Crammond is removed from Grades I. and II. Adams school, to Grade V., Harkins' Academy, to take the place of Miss Adelaide Stables who lately resigned. Miss Minnie Pedolin removes from the Buie school to take place vacated by Miss Crammond. We have received neat and handsome calendars from the St. John Globe, the Provincial Chemical fertilizer Company, and J. L. Shoemaker & Co., bookbinders, Philadelphia. The Globe's is an artistic folder; and the second represents a pretty agricultural scene. A nice calendar has also been received from the J. S. Osbourne Co., Boston.

A number of the friends of Rev. Mr. Young called at the Methodist Parsonage, New Year's Eve and presented him with a purse of \$28 as a token of the great esteem in which the Reverend gentlemen is held by the members of his congregation. During the same evening the members of the choir presented Mrs. G. W. Robertson, with a live o'clock tea kettle as a sign of their appreciation of her valuable services as organist.—Richibucto Review.

Peter Archer of the Riverside Hotel sustained considerable injury on the 2nd instant. That evening his horse ran away throwing him out.

He was picked up by T. M. Gaynor and carried into a store. Mr. Archer received an injury in the head which was not thought serious at the time of the accident, but later on affected the brain. Dr. Joseph Benson rendered medical assistance. The sleigh was badly broken.

The Baptists of Albert Co. met in quarterly session at Hopewell Hill, on the 1st and 2nd. There were five ministers present from Albert Co., and one from Moncton. Eighteen churches reported but during the year 1906 there had been only five pastors. Two more are now engaged, making seven in all. A committee was appointed to ascertain the number of preaching stations without ministers so that they might be cared for by other pastors. The total church membership was 2,976; and \$8,073 had been raised.

On New Year's eve John Connell, the well-known guide of Bar-tibogue, was presented with a beautiful oak chair by Fred M. Tweedie, R. A. Lawlor, James D. Johnston, James Miller and Angus Ullock. Fred M. Tweedie made the presentation address. The chair presented to Mr. Connell was selected by Premier Tweedie in St. John and is probably the handsomest of its kind in town. During the speech making James Miller was presented with a beautiful crayon, the work of a Chatham artist now residing in Boston.
