ANNUAL MEETING CURLING CLUB

The annual dinner of the Curling Club was held last Friday evening, the unmarried men being the guests and the Beneficiaries acting as hosts.

Mr. A. A. Andrew presided and in his opening remarks thanked the members of the club for the honor conferred on him by electing him president of the club, and in the name of the club thanked all those who had carried the affairs of the club through, the executive committee and the men "who made the ice."

The chairman gave the toast of "The King" and thereafter the toast "The Single men." Messrs. J. A. O'Keefe, H. G. Millican and Victor Scott supplied the oratory for the bachelors. Mr. N. H. Marquis proposed the toast "The Married Curriers" replied to by Messrs. A. E. G. McKenzie, John White and E. H. Anderson. Mr. Anderson excelled as usual in his conducting the currier's chorus and made a happy hit in his "M—yeow" chorus and French song.

Rev. Messrs Schurman, Morris and Drumm upheld their end as honored guests although they did feel the smoke a bit. Did any one say hand-maid?

Mr. Andrew presented the victorious single men (all but one) with the medals won in the series. Messrs. N. H. Marquis, G. F. Miles, Chas. Smith and Clyde LaPraik, who suitably and modestly replied their thanks.

Mr. Jas. P. Jardine brought to the notice of the club the necessity for having some place for a recreation ground for ball-playing, etc., and he thought Mr. White should take up the matter with some of the young men. Good old "Vinegar Hill."

The toast of the press was replied to by Mr. G. MacColl then the president thanked Mr. Thomas Wran in the name of the club for the interest and trouble he had taken in getting the medals for the competition. Mr. Wran accepted the thanks of the meeting and regretted that his vision of the medals had been a very fleeting one. Never mind there were others' lot!

The musical part of the entertainment was upheld by Messrs. Lavoie, O'Brien, Lapraik, Miles, Stanley and Ferguson, who sang a number of choruses in nice style. With the singing of "Auld Lang Syne" the evening was closed.

ANNUAL MEETING OF TOWN COUNCIL

Appointment of Officers—Important Purchase of Site for Electric Plant

The annual meeting of the Council was held on Tuesday evening, His Worship, the Mayor presiding. The councillors present at opening of proceedings were Messrs. Alexander, Pinault, McKenzie and Miller. The minutes of previous meeting read and confirmed.

Communication read from Union of Canadian Municipalities with account for the annual fee of \$15.00. Referred to Finance Committee.

Communication from Shives Lumber Co., regarding hydrants. Referred to Water and Sewerage Committee. Councillor Lunan entered the meeting.

Communication read from the Building Inspector, enclosing application of George Sanson for a planing mill on site of old laundry.

This was referred to Fire Protection Committee.

Councillor White entered the meeting.

Communication read from Robert Crawford, ex-chief of police, regarding arrears of salary claimed for the month of July, 1910.

Referred to Police and License Committee.

Petition received from the residents on Stanley Street east, for Water and Sewerage connections. Referred to Water and Sewerage Committee.

A petition for a license to conduct a barbering establishment from Alphonse C. Roy, and a petition from Eugene Tremblay for a license to conduct a store for soft drinks, were referred to Police and License Com.

Petitions for Billiard Room License from Edward Alexander and Aing LaCasse, were referred to Police and License Com.

Petitions for Livery Stable business were received from W. T. Gray, R. Ellsworth, H. P. Doyle and for Trucking Licenses from W. T. Gray, A. J. Arsenault, Geo. Dunn, Wm. G. Young, Edward Young, Adam LeBlanc, Jos. P. LaCasse, J. Arthur O'Keefe and P. McKinney, were referred to Police and License Com.

Communications from the Town Engineer regarding the building of houses on Albert Street and the matter of the width of Wellington Street. Referred to Public Property and Sit Com.

Coun. Alexander submitted the report of the Water and Sewerage Com., recommending payment of accounts amounting to \$238.02. Report received and adopted.

In a further report Coun. Alexander recommended the purchase of a transit for the Town Engineer. This report was adopted and the Town Engineer was authorized to get prices for the most suitable instrument.

Coun. Miller submitted the report of the Finance Com., recommending payment of accounts amounting to \$38.74. Report adopted.

Coun. Pinault submitted a verbal report from the Public Property and Streets Committee. In it he dealt with the matter of buildings on O'Leary St., which were said to be built on the street line. The Committee found that the buildings of Gray and Ellsworth were not on the old street lines and owing to the heavy cost to the town, would make no recommendation, so the matter dropped. Coun. Pinault further stated that an offer had been received from Wm. Dickie for a small piece of his lot on Pleasant and Ritchie Sts. for \$100, but this matter was not further gone into.

Coun. Lunan brought up the matter of putting in iron stakes when surveying and Coun. Pinault said this had been arranged and would be done from now on.

Regarding O'Leary St. it was pointed out that the town had no deed of this street and it was felt that nothing should be done with regard to street improvements, until the deed is in the hands of the town council.

The clerk was authorized to get prices for a sprinkling cart and report at next meeting.

Coun. Lunan presented a report from the Electric Light Com., recommending the purchase of the Shives property by the town, as a site for the Electric Light Station and other town interests. Two propositions had been

NEWCASTLE BOARD OF TRADE

Urges the Necessity for Better Train Service

At the monthly meeting of the Newcastle Board of Trade it was resolved to urge upon the I. R. C. management a change in the running of No. 40 mixed train, which leaves Campbellton eastbound at 19 o'clock, but travels too slowly to be of any use for passengers beyond Bathurst, so that such train might leave Campbellton at 18.30 and reach Moncton in time to connect with the express for St. John at 3.10 and the Eastern S. S. Co.'s boats for the U. S. A., and with the mixed that leaves Moncton for Halifax at 3.20; also to have No. 39 which leaves Moncton at 22.40 and takes 13 hours to Campbellton leave Moncton early in the morning and reach Campbellton about noon the same day, such change to be embodied in new summer time table. These changes are also favored by the Chatham and Campbellton Boards.

DRUGGIST PRAISES D. D.

"Your D. D. Prescription for Eczema is the best thing we have ever handled, and is giving good satisfaction with our customers."—S. J. Stevenson Drug Co., Bellefleur.

"I have had Eczema on and off for about three years, and nothing I tried has done so much good as D. D. D. It will stop the irritation in a few minutes. I can do my washing and if I have D. D. D. on hand it will ease it at once," writes Mrs. A. J. Squires, Coleman, Ont.

These are just samples of letters we are receiving every day from grateful patients all over the country.

"Worth its weight in gold." "All my pimples washed away by D. D. D. I found instant relief." "D. D. D. is the best sheet of micro-organisms." These are the words of others in describing the great skin remedy, D. D. D.

Proven by thousands of cures, for ten years, to be absolutely harmless and reliable in every case of skin trouble, no matter what it is.

Write today for free trial bottle to the D. D. D. Laboratories, Dept. C. D., 49 Colborne St., A. McG. McDonald.

HARSH MEASURES THREATENED

Many Relief Blankets and Tents Are Missing—Committee Will Be Obligated to Pay For Those Not Returned.

A large number of the military blankets issued after the fire last July, are now missing and the Relief Committee are endeavoring to locate and collect these.

Some of the blankets are distinctly marked, while others, which were rushed here to our aid in the time of need were sent without marking. As the committee will be obliged to pay for all tents and blankets not returned to the military authorities, persons having either tents or blankets should return those at once or notify Mr. C. E. Lutz, as stringent measures will be used to enforce the return of these articles and any person found with these military stores may be prosecuted.

CHURCH SERVICES

Last Sunday Rev. Mr. Schurman and Rev. Mr. Drumm exchanged pulpits, preaching in the Presbyterian church and Mr. Drumm in the Baptist church.

Mr. F. E. Denison is expected home this week from South Carolina, where he has been holidaying with Mrs. Denison for the past month.

OBITUARY.

The death of Mary Wells Doherty, beloved wife of Town Clerk John T. Reid, took place at her home on Wednesday morning, after an illness extending over three years. Deceased who was only 39 years of age was the daughter of Mr. and Mrs. Joseph Doherty of Esquimaux, and leaves one daughter, Dorothy, aged 8 years.

The funeral was held today (Friday) at 2.30 p. m., Rev. Geo. Morris conducting the services, and a large body of sympathizers and friends followed the body to Campbellton Rural Cemetery.

The sympathy of all is extended to Mr. Reid in his loss and the community at large condole with him in this his bitter hour.

Mrs. Reid before her illness was an active member of the church and no one had the good of the Methodist Church here more at heart than she had, but in these latter days she had no opportunities of going about and doing the good she fain would do.

The world's production of gold in 1908 was \$434,000,000. In 1900 it was \$450,000,000.

AWAD COMPANY,

IN THE PROBATE COURT OF RESTIGOUCHE COUNTY

To the Sheriff in the County of Restigouche, or any constable within the said county, Greeting:

WHEREAS Alexander Cook, Administrator of the estate and effects of John Cook, late of the Parish of Dalhousie, in the said county, deceased, hath filed in this Court an account of his administration of the said deceased's estate, and has prayed that the same may be passed and allowed in due form of law.

You are therefore required to cite the heirs, next of kin of the deceased, and all of the creditors and other persons interested in his said estate, to appear before me at a Court of Probate to be held in and for the County of Restigouche, at my office, in the Town of Campbellton, in said County, on Monday, the tenth day of July next, at 11 o'clock in the forenoon, then and there to attend the passing and allowing of the said account.

Given under my hand and the seal of the said Probate Court, this twenty-eighth day of March, A. D. 1911.

(Signed) William Murray,
Judge of Probate for the County of Restigouche.

(Signed) John Harbaric,
Registrar of Probates for the County of Restigouche.

PUBLIC NOTICE

Public notice is hereby given that a subscription list has been opened at the office of the Town Clerk for the convenience of all "Georges" wishing to contribute to the King George Coronation Gift Fund.

It is proposed that subscriptions be accepted from 5 cents to \$5.00. A list of all donors, but not the amount given by each, will be presented to the King.

As the monies collected must reach Ottawa by the first of June I would request that contributions be made to me not later than May 27th.

By order of the Town Council,
John T. Reid,
Town Clerk.

BREACH OF PROMISE ACTION

George English of Nelson is Defendant in Action Brought by Catherine E. Vye, Who aims \$5 000.

In North Shore circles some little stir has been created by an action for breach of promise now brought by Miss Catherine E. Vye of Nelson, who resides with her mother there, against Mr. George English, a butcher, of the same place. The parties have been keeping company for some time and the filing of a writ by the plaintiff through her attorney, Mr. R. A. Lawlor, in the Supreme Court, is the sequel to their courtship. The damages to her affections are estimated at \$5000.

The plaintiff resides at home with her brother. She is somewhat younger than the defendant who is 45 years old.

The defendant has employed Mr. Allan Davidson of Newcastle, to act in his behalf.

BE FAIR TO THE LOCAL MERCHANT

Frequently people make a big mistake in thinking that they can buy cheaper from the mail order house. They jump at entirely wrong conclusions. It is only fair to the local merchants to give them an opportunity to supply you with goods. These merchants are your neighbors; they help to pay the taxes; they help to build up the town; they are always willing to give a donation for your church or for other worthy purpose. It is only fair therefore, to see what they can do for you before you send your money to Upper Canada. You should consider, too, the advantages of being able to see and feel what you buy instead of having to "buy a pig in a poke". While the mail order house will take back goods that are not satisfactory, yet the delay, whose time is an element, is most annoying. Before you buy from mail order houses you should consider very carefully all phases of the subject.—Albert Journal.

NOKOMIS, SASKATCHEWAN.

Nokomis, Sask. the commercial and railway centre of the Last Mountain Valley district is one of the substantial new towns on the land of the Grand Trunk Pacific situated in the heart of a rich agricultural district at the junction of the Grand Trunk Pacific and Canadian Pacific's Winnipeg-Saskatoon main line, it has great advantages over other points. And now comes the Canadian Northern, according to their latest folder with a line from Quill Lake country crossing the Grand Trunk Pacific at Nokomis, their leading South West by the last Mountain Lake in the direction of Calgary. With three railways at the age of five years, Nokomis certainly has a good start in life.

LONG LIVE THE TOMBOY

Do not teach our young girls that they must not pass through a tom-boy period. There is a time in which the clean boy and girl live and enjoy in the manner and after the nature of sexless animals. During this period and in Nature's own way, there come to the fore, principles that will be utilized to advantage at a later date when more clearly understood. Forbid the girl to ride bareback and to climb a tree, and you rob her own home, of the keen enjoyment of the athletic mate when the horn calls him to the chase, or the nations signal beckons him from her side to war. One noble mother may indeed smile through her tears at the thought that God gave her seven sons who could lay down their lives for their country. For every one of her seven sons witness a hundred who to-day chafe at the thought that their husbands find pleasure in athletic or robust interests that momentarily lead to forgetfulness of them.—From Physical Culture for May.

B-H ENGLISH PAINT

Said the Architect—"I have specified B-H ENGLISH PAINT because I have found it the best, and the cheapest in the end. It costs less to apply—covers more surface—protects better—and holds the color longer. It is the 70% Pure White Lead and 30% Pure White Zinc Paint—an ideal formula. Then, too, it is guaranteed by BRANDAM-HENDERSON—and the guarantee is printed on the can. It is the kind of Paint for your home, etc."

Th

Good-Bye Hat!

BUT

if it happens to be a Buckley, he can get another without it costing him a cent.

You've seen "guarantees" before—but you never yet heard of a hat guarantee that guaranteed the owner even against accident.

Here's one that does—the sweeping Buckley guarantee—provides for such cases as that shown in the picture—provides for a new hat within 4 months from date of purchase, if, for any reason—accident or otherwise—your Buckley hat has not in every sense "stood the racket."

Read carefully the broad, all-embracing guarantee.

Why, you ask, should the guarantee be made so far-reaching?

Well, in the first place, the makers of the "Buckley" have absolute confidence in their product—they feel sure it will give satisfaction in 999 cases out of 1,000.

But there's always that thousandth

and another man—even he must be satisfied.

And, in order that he may get a new Buckley hat from any Buckley dealer, without having to answer questions or give a lengthy explanation, it has been thought well to provide that, whatever his reason, if the Buckley he's been wearing has not lasted four months, it will be cheerfully, promptly, unquestioningly exchanged.

Don't let this remarkable guarantee feature of the Buckley overshadow the style pre-eminence of these hats. The quality is English, but the styles are American and up-to-the-minute. There's a Buckley shape to suit every type of man.

Buckley hats are made by Union workers—there's high grade material and honest workmanship in every hat that bears the Buckley name. Price, \$2.50, at all the best hat shops.

BUCKLEY HATS

GUARANTEE

The Color and Style of this hat are guaranteed, and any hat which will not give satisfaction, will be replaced or give one to which the owner will be satisfied. This guarantee applies to all styles of hats, and is not subject to change. It is in full force and effect at all times. Buckleys & Sons, Manufacturers.

PEOPLE'S PASTIMES

With the mercury on the climb, and the ground drying like an old boot in an oven, local ball players should look to preparation for the practice that must come soon, providing present favorable conditions prevail. Other provincial towns are moving in this direction much faster than is imagined locally—it will not do to give them the bulge.

Al Shrub, the British crack long distance champion, and Fred Cameron the Boston Marathon champion of 1910, have been matched to run a special 12 mile race at the Boston Arena on next Saturday night. After much dickering over the distance of the race that both runners have been clamoring for, the men decided to test their mettle over the modified Marathon route.

Arthur Duffy in the Boston Post has this to say about the race: "Freddie Cameron, last year's B. A. A. Marathon winner, is taking a great chance in meeting Al Shrub in a special 12 mile race in Boston. According to Cameron's views, however Shrub cannot keep his running powers forever and is bound to get a licking sooner or later. The provincial champion claims he is in better form than ever and if he defeats the little Britisher he will claim the world's championship."

John Arthur Johnson, champion arrived home from the San Francisco jail in Chicago on Tuesday. He ate five meals a day on the diner and said he was fit. Jack drove out to his home. No, not in an automobile, but in a cab, behind a horse. It was believed best that this procedure be followed.

"I shall attend the coronation of King George V, in London," declared Johnson, and I probably shall remain on the other side for some time. After the coronation I expect to attend the horse show in Dublin, and then I shall go to Paris. My visit to Paris will combine work and pleasure. I may sign for several bouts there, Sam Langford. Well, we shall see. It has been my ambition to attend a coronation, and I am glad my affairs are in such shape as to allow me the liberty to do so.

In the fight line he wants to meet one man, and guess who it is—Philadelphia Jack O'Brien.

Before I leave the United States, I shall attempt to secure a match with Philadelphia Jack O'Brien. If we come to terms, however, it must be within three weeks, for I intend sailing soon.

LABOR MEN HELD ON GRAVE CHARGE

Chicago, April 25.—Mr. Clarence S. Darrow, who has been employed in the defence of many leaders in the past, and who recently was counsel for Haywood, Moyer, and Pettibone in connection with the Coeur D'Alene mine troubles in Idaho, has been retained as counsel for the alleged dynamite, McManis and the two McManaras, who, as a result of alleged confession of McManis implicating the McManaras, in the recent blowing up of the Times building in Los Angeles, were arrested, practically kidnapped by officials, in Indianapolis and taken to Los Angeles for trial.

Los Angeles, Cal., April 28.—John J. McManara, secretary and treasurer of the International Bridge and Structural Iron Workers Association, declares he is innocent, and asks the public to suspend judgment till the case is fairly tried.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

AN ENVIABLE BIRTHRIGHT

One of the greatest boons that ever can come to a human being is to be born on a farm and reared in the country, says Orison Swett Marden in Success Magazine. Self-reliance and grit are oftenest country-bred. The country boy is constantly thrown upon his resources, forced to think for himself, and this calls out his ingenuity and inventiveness. He develops better all-round judgment and a more level head than the city boy. His muscles are harder, his flesh firmer, and his brain-fibre partakes of the same superior quality.

The very granite hills, the mountains, the valleys, the brooks, the miracle of the growing crops are every moment registering their mighty potencies in his constitution, putting iron into his blood, and stamina into his character, all of which will help to make him a giant when he comes to compete with the city-bred youth.

That Red Rose Tea is of surpassing quality is accepted everywhere it is used as an undisputed fact, but it is in the Maritime Provinces especially that it has by unvarying goodness so well earned the term "is good tea."

Prices: 30c., 35c., 40c., 50c. and 60c.

Public Notice

Public Notice is hereby given that under the First Part of chapter 79 of the Revised Statutes of Canada, 1903, known as "The Companies Act," letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 3rd day of March, 1911, incorporating David Richards, Daniel Edwin Richards, William Sanson Richards and John Sanson, accountants, and James Stuart Evans, millwright, all of the Town of Campbellton, in the Province of New Brunswick, for the following purposes, viz: (a) To carry on a general lumber business in any or all its branches including the logging, sawing, manufacturing, shipping, buying and selling of and trading and dealing in, and with all kinds of lumber and wood and lumber and wood products and articles in the manufacture of which wood is wholly or in part used and all other products, by-products, commodities, goods and articles which may be conveniently or with advantage to the company made or produced, bought, sold, dealt in, traded in, or otherwise handled in connection therewith; (b) To carry on any other business or businesses whether manufacturing or otherwise which may seem to the company capable of being carried on in connection with any of the above, and calculated directly or indirectly to render profitable or enhance the value of the company's property or rights; (c) To purchase, acquire, hold, lease, manage, develop, control and operate water rights, water privileges and water powers; (d) To manufacture, generate, buy, sell, accumulate, store, transmit, furnish and distribute electric current for light, heat, power and other purposes. Provided, however, that any distribution of electricity beyond the lands of the company shall be subject to local and municipal regulations; (e) To manufacture, build, erect, install, buy, sell, lease, let or operate any or all machinery or appliances for the manufacture, generation, storage, accumulation, transmission, distribution and use of any or all forms of electric current and any or all manner of electric machinery apparatus or supplies of any nature or kind whatsoever; (f) To erect, buy, sell, maintain, own, operate, hire, lease, let power plants, generating stations, transmission lines, motor plants, machines, fixtures and appliances for the manufacture, generation, accumulation, storage, transmission, distribution and use of electric current for any purposes whatsoever; (g) To promote and otherwise assist other companies for or in connection with the performance of contracts and the payment of debts and of principal and interest of bonds and debentures of such company or companies; (h) To associate with any other company having like or similar objects; (i) To acquire by purchase or otherwise from any corporation, firm or person any going business which the company may be authorized to carry on and to assume all or any of the liabilities and obligations of such corporation, firm or person; (j) To purchase or otherwise acquire, build, erect, own, control and operate saw mills, pulp mills, paper mills, factories, and other works, wharves, shipping docks, steamers, vessels, scows, tugs, and other craft, plant and conveniences which the company may think necessary or desirable in connection with the business of the company; (k) To take by purchase, grant, license, lease, exchange, or to otherwise acquire, use, own, hold, control, work and operate lands, lumber lands, timber limits, water powers, saw mills and other works, buildings, plant, steamers, vessels, tugs, scows and other craft and other real and personal property and any interests therein, and any easements, franchises, rights or privileges which the company may think necessary, suitable, desirable or convenient for the purpose of its business; (l) To purchase, receive, take by original subscription or otherwise acquire and to own and hold shares of the capital stock and the bonds, debentures, or other evidences of indebtedness created by any other corporations notwithstanding the provisions of section 44 of the said Act, and while the holder thereof to exercise all the rights and privileges of ownership including the right to vote thereon; (m) To issue paid-up shares, bonds or debentures or other securities for the payment either in whole or in part for any property, real or personal, movable or immovable or any lease, business, license, franchise, undertaking, power, privilege, concession or right which the company may lawfully acquire; (n) To issue fully paid-up shares, bonds, debentures or other securities of the company in payment or part payment of or in exchange for shares, bonds, debentures or other securities of any

other company having objects altogether or in part similar to those of this company; (o) To sell, lease or otherwise dispose of the franchise or undertaking of the company or any part thereof or all or any of the real and personal property and other assets of the company for such consideration and upon such terms and in such manner as the company may deem desirable; (p) To do all and everything necessary, desirable, suitable, convenient or proper for the accomplishment of any of the purposes or the attainment of any one or more of the objects herein enumerated or incidental to the powers herein named or which shall at any time appear conducive to the attainment of any of the above objects, or of any like or similar objects or expedient for the protection or benefit of the company either as holder of or as interested in any property or otherwise; (q) No object or power stated therein shall be limited or restricted by the application or interpretation of any other object or power so granted. The operations of the company to be carried on throughout the Province of Canada and elsewhere by the name of "Richards Manufacturing Company, Limited," with a capital stock of three hundred thousand dollars, divided into three thousand shares of one hundred dollars each, and the chief place of business of the said company to be at the Town of Campbellton, in the Province of New Brunswick.

Dated at the office of the Secretary of State of Canada, this 3rd day of March, 1911.

CITATION

New Brunswick,
County of Restigouche, S. S.
In the matter of the Estate of Johnston McKenzie, deceased.
To the Sheriff of the County of Restigouche or any Constable within the said County GREETING:—

Whereas Stenning H. Lingley and Henry F. McLatchy, Executors of the last Will and Testament of Johnston McKenzie deceased, have filed in this court an account of their administration of the estate of the said Johnston McKenzie deceased, and have prayed that the same be passed and allowed in due form of law and distribution of the said estate directed according to the term of the last Will and Testament of the said Johnston McKenzie deceased.

You are therefore required to cite the Heirs of the said Johnston McKenzie and all other persons interested in the said estate to appear before me at a Court of Probate to be held within and for the said County of Restigouche at my office in the town of Campbellton in said county, on the ninth day of May next, at two o'clock in the afternoon, then and there to attend at the passing and allowing of the said accounts and at the making of the order for the distribution of the said estate as prayed for and as by law directed.

Given under my hand and the Seal of the said Court, this 19th day of April, A. D., 1911.

(Signed) William Murray
Judge of Probate,
County of Restigouche
(Signed) John Batherie
Registrar of Probate, for said County.

 J. G. McCOLL, EDITOR H. B. ANSLOW, MANAGER

CAMPBELLTON, N. B., MAY 5, 1911.

TECHNICAL EDUCATION

At the last meeting of the Board of Trade the members took part in an interesting discussion on Technical Education, and although no definite finding was arrived at, a small committee was appointed to go further into the matter and report back to the Board.

This subject is one which requires careful handling and we are afraid some of the views expressed by members would not help but rather destroy the very thing they were desirous of benefiting. The public school curriculum and technical instruction are two distinct branches of education, and while kept separate with prudent care would tend to a high standard of erudition, whereas if merged into one prescribed form would tend to hinder the benefit derived from both courses of instruction. To some people it may seem out of place to give the children of our hard-working classes Latin or Greek and the attending classics when they have to leave school early and go out into the world to earn their own living on the farm or at the drive, but does it follow that because some young people have a smattering of the Arts course they make any worse farmers or lumbermen? Surely not! Even a shoe-black with an education would make a better shoe-black than one without learning, and just think what an addition to a lumber camp it would be to have a young man who could read Horace and Virgil or declaim the rounded periods of the ancient philosophers.

Technical Education must come but don't let us have it by the destruction of the present day-school method. There is a right and a wrong way to have it established. Let us give an example of the right way: Many years ago the manufacturers and business men of the city of Glasgow in Scotland, feeling the pressing need of a technical instruction school held a meeting and, enlisting the sympathies of a few public-spirited citizens formed themselves into an executive to undertake the establishment of a technical school. Subscribers were invited and came pouring in and in a few months the old Andersonian building was rented and the classes started. Most of the lectures for the first year or two were given at the evening so that young men at work could go to classes after their business hours. From the first it made for success because the directors knew that they were not interfering with the public schools, but rather adding to the knowledge there given. Later on classes were given in the morning as well as evening and once getting a firm footing the institution was recognised by the Board of Education and is now known as the Glasgow Technical School. It is still a private institution the directors owning the buildings and having all to do with the appointment of professors and the founding of the various chairs. The school has always enjoyed the privilege of having many of the great men of learning in the ranks of its professors and the degree of the college carries with it equal weight to that of the university.

This is a sample of how it was done in one place. Could we not do it also in Campbellton?

Statistics were presented in the British House of Commons to show that 65 per cent. of the adult workers in Great Britain received less than \$5.50 a week. The average rate thus stated is probably reduced by the low wages of agricultural laborers, whose pay in money in some places is as little as 18 shillings a week. The situation accounts for the large increase in the number receiving poor law relief whenever there is a trade depression. It also shows why the old age pension system had so many friends in a country where individualism is strong. Also it creates respect for the people, who on such small incomes, have the self denial that enables them to save money to take them to other lands where their work is better paid and helps the country they choose as well as themselves.

PERSONAL

Mr. and Mrs. Jas. Craig who went to Vancouver B. C. after the fire, have returned to town.

Mr. James McKenzie spent Friday last in Sackville.

Mrs. A. E. G. McKenzie has returned to Campbellton after spending the winter in Newcastle.

Mr. Dan McAllister was in town Monday.

Mr. Charles Stewart of Dalhousie, spent Sunday in town on his way home from P. E. I.

Miss Ethel Malcolm has returned from Montreal.

Mrs. J. S. Benson has arrived home from Chatham where she spent a few days. We are glad to hear that Mrs. Benson is much recovered from her recent indisposition.

Mrs. J. B. Hamilton was the guest of Mrs. D. J. Bruce this week.

Mr. Albert La Billois of Dalhousie, visited K. V. Schurman on Wednesday.

Mr. Pierre Lebel spent Wednesday with Rev. T. P. Drummond.

Mr. O. C. Ward of Amherst, was in town Sunday, visiting old acquaintances.

Mr. and Mrs. Wm. Corbett of Newcastle spent the week end with Mr. and Mrs. H. B. Anslow. Mr. Corbett returned to Newcastle on Tuesday morning but Mrs. Corbett is still visiting here.

Dr. Cates says he will provide quarters where he can attend to his patients as formerly, as soon as time will admit.

DRUNKENNESS CAN BE CURED

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whiskey, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G., of Hull, says of it and what it did for her:

"It is four months to-day since I started to use your Remedy. I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain,

Mrs. G., Hull, Que. (Name withheld by request).

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to any one mentioning this paper. Correspondence sacredly confidential. The trial package alone has often cured. Write today. The Samaria Remedy Company, Dept. 77 49 Colborne St.

Are You Going to Build this Summer?

If so, S. W. Dimock has a very large stock of all kinds of building material, such as Lumber, Nail Glass, Paper, etc. bought in carload lots, and he is able to save any one money who intends to build. Call and get his prices.

S. W. DIMOCK.
 Warehouse Jones & Schofield's Building. Office at Opera House.

Men who always went to the custom tailors are now wearing Fit-Reform

The reason is simple and logical.

Fit-Reform Suits show the same careful tailoring—the same graceful lines—the same perfect fitting qualities—as the finest of the custom work, because they are the highest class of hand tailoring.

With these advantages—

The suit is ready, the day you select it—and the cost is anywhere from 25% to 50% less.

This may sound unreasonable to the man who does not know that the greatest designers and the most skilled tailors in Canada, are employed by Fit-Reform.

It is equally true that Fit-Reform commands the choicest fabrics that come from the looms.

All of which you can learn, to your complete satisfaction, when you come to look over our showing of Fit-Reform Suits.

Fit-Reform
 W. L. McRAE

What the Stores Say

Buy your Groceries, Crockery, Tinware, Hardware, Paints, etc. from Marquis & Co. The Big Department Store.

We have the boots for the school boys. Price right. Mrs. Jardine.

Your choice of a silk or net waist for \$2.98. Come and view the newest confections at F. E. Shepherd & Co's.

We can give you good hams and bacon at the lowest prices. Mrs. Jardine.

We have just received our new spring and summer line of ladies waists, fancy lawn, nets and silk. New line of ladies fancy combs and barrettes. Come in and see them at S. M. Moores.

It is whispered around town that J. P. Jardine keeps good fresh groceries at right prices.

We are showing some swell hats, Shirts, Ties and Hose for Spring, also a large range of men's working shirts, Underwear, Overalls, Caps etc. Marquis & Co., the big Department Store.

Dr. W. W. Doherty intends returning to Campbellton to reopen an office about the 10th of May. He has secured one of the beautiful suites of rooms in the Levensbury building. Look out for his Advt. in our next issue.

Goods are arriving daily and we are always adding to our immense stock of fancy and staple dry goods. We are by far the largest dealers in dry goods in Campbellton. Would be pleased

Local and Provincial

"I like my cement sidewalks but Oh! you Gerard Street mud." Did any one see three cars of pavement material going out with the ice?

The contractors for the new station are now here and the work of clearing the site has gone on well this week. Work on the building will be commenced soon and then we shall feel some swells up round O'Leary St.

Last Friday two alarms of fire were turned in. There was nothing doing however but Bill Noble turned out in quick time and drove—well, see the lines in the epic "The Fire at Campbellton."

Our Masonic brethren are now rushing with the plans for their new building. The basement is now being cleared and the architects Messrs. Blyth and Inray are asking for tenders.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

The shine has been taken off the Bank of New Brunswick, in fact all the shining will now be done in the palatial establishment next door with "Packard's shoe dressings."

Miller Brothers have opened up their new store at the old place in Water Street and are ready for all the business of the summer. For a temporary building they put up a very slick store, believe us.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's stomach and Liver Tablets. Try it. For sale by all dealers.

The wind played a nasty trick on Francis Woodworth the other day. While standing at W. H. Miller's store a ladder was blown right on top of him giving him a nasty knock but no serious injury.

A plumber working on Mr. Albert Andrews' house the other day fell from the roof to the ground. Plumbers are a hardy race. The man who fell was at work the next morning as usual.

Our weather prophet in our last issue made a slight mistake in stating that the ice would move from the river on Sunday or Monday. He might have had more sense. In this province we don't allow anything to move on Sundays.

Mr. R. J. Sandover Sly has taken up his duties as Town Engineer. We can assure Mr. Sly that when the summer comes this is a very nice place indeed. We give this information because he will have so much to do that he won't have much time on his hands for getting round anywhere.

A telephone has now been installed in the Fire station which supplies a much needed want. The number is 174. Could the Fire protection committee not go a step further and put in a public call box somewhere up near Vinegar Hill where connection could be got with Central or direct to the Fire Station?

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

The report in our issue of 14th April regarding the R. M. S. Canada which we received from St. John, is incorrect according to the owners. The steamer will run as in the past seasons but is now under the new management the owners being the "Campbellton and Gaspe Steamship Company."

MARRIED

At Pt. a la Garde on May the third by the Rev. C. A. Hardy, Ada Sutherland, daughter of Mr. and Mrs. William Fair was united in marriage to J. Dickinson Sowerby of Oak Bay Mills.

At Winnipeg, Manitoba, April 21st, 1911, by the Rev. F. B. DuVal, D. D., Stanley Edwards, of Lazare, Man., (formerly of Fleurant, Quebec) to Miss Katherine May McKenzie of Esplanade Flats, Que.

Lax-ets 5 C. Sweet to Eat. A Candy Food Laxative.

FOR 25 YEARS HE SUFFERED

Well Known Merchant of Sarnia Cured by "Fruit-a-tives"

SARNIA, ONT., Feb. 5th, 1910. "I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of The Stomach. I tried many remedies and many doctors but derived no benefit whatever. Finally I read an advertisement of "Fruit-a-tives". I decided to give "Fruit-a-tives" a trial and found they did exactly what was claimed for them. I have now taken "Fruit-a-tives" for some months and find that they are the only remedy that does me good. I have recommended "Fruit-a-tives" to a great many of my friends and I cannot praise these fruit tablets too highly." PAUL J. JONES

Thousands now use "Fruit-a-tives". Thousands more will try "Fruit-a-tives" after reading the above letter. It proves, beyond the shadow of a doubt, that at last there is a cure for Constipation and Stomach Troubles. "Fruit-a-tives" is Nature's cure for these diseases, being made of fruit juices and valuable tonics. See a box, 6 for \$2.50, trial size, 25c. At dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Our society reporter was slightly in error in the report that Rev. Mr. Drumm officiated at the Cameron-Wilkinson wedding last week. The young couple were married by Rev. Mr. Wilkinson, the groom's father, Rev. Mr. Drumm only assisting at the ceremony.

Mersereau, the photographer, has opened one of his up to date studios in the Dimock building, Water St., and he is prepared for all kinds of work in his line. Read his ads in another column for particulars. "Just a little this way, thank you. Now, smile."

MINARD'S LINIMENT CO., LIMITED. I was very sick with Quinsy and thought I would struggle. I used MINARD'S LINIMENT and it cured me at once. I am never without it now. Yours gratefully, MRS. C. D. PRINCE. Nauwigewauk, Oct. 21st.

A few weeks ago the Graphic contained a sketch of the growth of the business of W. R. McMillan, now the McMillan Co., Ltd., of Durham Centre. In that article we neglected to state that Mr. Irvine McNair is the outside manager, that is, looks after the mills, camps, etc., and to him also is due much of the rapid growth of the company. Mr. McNair is a young man, a hustler and is always on the job. The McMillan Co.'s sale to inaugurate the opening of their new store was a great success and this company has earned a reputation for square dealings and close prices all through out the district it serves.

SEEDS SEEDS

We have a fine assortment of Jap floor coverings. Nice designs and colorings, all sizes of mats and squares and pretty rolls by the yard at 18c, 20c, 25c.

At Square Deal KERR'S.

Spring Carpet News

Do you realize how much Carpets and Rugs have to do with the attractiveness of the home. It is not the cost that counts, there are plenty of gloomy palaces. It is the taste, the harmony, the fitness of things. The ideal home is first of all comfortable with an air of restfulness about. A shabby carpet or one not in harmony with the other furnishings will jar on the nerves. Your floor covering is even more important than other furnishings. We're showing carpets in new color treatments that would give individuality to any home and not be too expensive. We take a strong personal interest in properly supply your needs and ask you to inspect our fine showing, no matter whether you buy or not.

CURTAINS

The perfect sound-reproduction
 which established the supremacy of the Edison Phonograph lies in the point of contact between the Phonograph and the Record—the sapphire reproducing point. This is the point that conveys the sound from the Record to the audience. And right here is the secret, the perfect lifelike tone of the Edison instead of a metallic, nasal tone.

Edison Phonographs

\$16.50 to \$240

Edison Standard Records, 40¢. Edison Amber Records (play twice as long), 60¢. Edison Grand Opera Records, 80¢ to \$1.25. There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amber Records. Get complete catalogs from your dealer or from us.

PATRIOTISM AND CIGARETTES
 It is a startling story that comes from Ottawa in the form of a report on recruiting for Canada's naval service. Of the young men in Nova Scotia and British Columbia—fine lusty fellows in appearance—who wished to join the naval service seventy-five per cent. failed to pass medical inspection. In most cases rejection was due to cigarette heart or moving picture eye. The cigarette heart is something with which medical men and all interested in the athletic training of the youth of the country are familiar. Nicotine poisoning, and especially following the use of cigarettes, is steadily on the increase. In every factory, store and office one may see lads with the tell-tale yellow stains on the first two fingers of the right hand. Not for them are Marathon triumphs, the fierce joy of a Rugby championship game or a place in the Henley eight. The stains on the fingers are but the outward signs of the damage wrought by the cigarette habit, having so great that a few days ago it was suggested in the House of Commons that a bill to prohibit the use of cigarettes was almost as necessary as one to forbid the smoking of opium.
 Canada's naval force may be small at first, but it must have men of the best available quality. The cutting out of rations of grog and the weeding out of the youth with the cigarette heart and the moving picture eye afford evidence that the personnel of the service is to be maintained on the highest possible standard. But what about the seventy-five per cent. of the youth who come back to civil life? Are we to go on producing the cigarette heart indefinitely? Is the moving picture eye to take a permanent place among the diseases of the modern world? It may be all right to make war impossible by raising a race unfit for hardships and exacting tasks, but peace also has its duties and dangers. Every good Canadian should set himself against the growing use of cigarettes by the youth of the country—Toronto Globe.

MILITIA TO BE REORGANIZED

The Maritime Provinces Districts to be United Under One Command.

Ottawa, Ont., April 29.—It is announced in the militia orders today that in order to reorganize the militia on a divisional basis the four commands in Eastern Canada will be reconstituted so as to form six divisional areas, providing six infantry divisions and four cavalry brigades. The change affecting the maritime provinces is that by which the sixth divisional area replaces military districts numbers 8, 9 and 12 comprising the provinces of New Brunswick, Nova Scotia and Prince Edward Island with headquarters at Halifax. To each divisional area will be appointed an officer to command the infantry division to be organized in that area and in addition to command and administer such other units as may be quartered in the division area.

THE DUTIES OF TEACHERS AND PARENTS

(From the Lawrence Sun.)
 Teachers have too limited knowledge of the home life of the child; parents, too limited knowledge of the school life. Many parents feel that they are doing their whole duty towards their children and the school by occasionally visiting the school in which their child is a pupil. This is well, but it fails to accomplish the desired end, that of placing the teacher, the pupil and the parent in a harmonious relationship. It is much better for the parents to call upon the teacher for the express purpose of getting acquainted with her and to help the teacher to get acquainted with her child.

I. O. O. F. ANNIVERSARY

The membership of the Independent Order of Oddfellows throughout the world celebrated the nineteenth anniversary of their order last week. It was on April 23, 1821, that the order was founded in Baltimore by Thomas Wildey and five associates. The total membership now exceeds 1,500,000 besides the women's auxiliary. Last year the fraternal relief benefits amounting to more than \$5,000,000.

LOST HIS UMBRELLA

A man left his umbrella in the stand in a hotel recently, with a card attached, bearing the inscription, "This umbrella belongs to a man who can deal a blow of 250 pounds weight. I shall be back in 10 minutes." On returning he found in its place a card inscribed thus, "This card was left here by a man who can run 12 miles an hour. I shall not be back."

Salvia Hair Tonic

An Ideal Hair Dressing.
 SALVIA HAIR TONIC is compounded on the most scientific principles, and nothing on the market to day can compare with it. It accomplishes so much more than the ordinary tonics and does it so quickly that users are astonished.

NATIONAL DRUG & CHEMICAL COMPANY OF CANADA, LIMITED, MONTREAL, 22

Concrete Sidewalks are Safe, Slightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.
 Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it.
 The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost in repairs before they are replaced.
 Concrete walks are slightly everlasting and safe. They cost less to build and need no repairing nor painting.
 Write for our free book, "What the Farmer Can Do With Concrete."
 It tells in plain, simple language, how you can save money on farm construction by using cement for Bars, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal note to-day.
 Simply address it to me a copy of "What the Farmer Can Do With Concrete."

TO ORGANIZE ST. GEORGE'S SOCIETY (Union Advocate)

Rev. W. J. Bate has received word that Mr. J. C. Anderson, now of Fredericton, will arrive in New castle in a few days to take steps with Miranichi people in the formation of a St. George's Society. Rev. Mr. Bate who is enthusiastic in the matter, notified the Archdeacon and a large representation is expected from Chatham and other places, when the time comes. These desires of joining the St. George's society will kindly send their names to Rev. W. J. Bate, while Chatham persons may forward their names to Archdeacon Neale or Mr. Snowball.

The objects of the Society are:
 1—To encourage and strengthen the spirit of patriotism amongst all of English birth or descent, irrespective of creed or party, and to maintain that spirit of fraternal union and sentiment of race, which should animate all of kindred blood, helping to preserve those distinctive characteristics, traditions and customs which have contributed to make the English pre-eminence the world over.
 2—To maintain the recognition and celebration of St. George's Day—the old English Festival Day of St. George—and the anniversary of the birth and death of Shakespeare, April 23rd.
 2—To further British interests by every possible means, and to render assistance in furtherance of all English and Patriotic movements.
 4—To promote social intercourse among its members, and to extend aid to Englishmen and Welshmen or their descendants, or their widows and orphans.

THIRD OF BANGOR CITY WAS BURNED

Two Lives Lost, Forty Blocks Destroyed and Over A Thousand People Are Homeless

MARTIAL LAW PROCLAIMED

Bangor, Me., May 1—Property valued at upwards of \$6,000,000 was destroyed and thousands of people rendered homeless by a terrible fire which raged here yesterday.

At 8 a. m. today the fire was virtually extinguished and no further spread of the flames was anticipated. One-third of the city had been destroyed, including about forty city blocks, and some of the finest homes in the residential part of Bangor, all of the public buildings with the exception of the city hall and the greater part of the retail business section.

Estimates of the loss varied and were problematic, although it was generally thought at least \$6,000,000 worth of property had been destroyed. The loss of life, so far as known this morning, was confined to two persons, and only half a dozen injured ones had been admitted to the hospitals.

To aid in the protection of the little heaps of furniture and clothing saved from the fire by individuals, one company of militia men patrolled the burned district and effectually prevented all attempts at looting the ruins.

I. C. R. PICTURES ARE APPRECIATED

And Help to Advertise Attractions of Eastern Canada.

The Intercolonial Railway has just completed the distribution of an issue of very handsome framed lithos of the famous summer train "The Ocean Limited" and many appreciative letters are daily being received from shippers and other patrons of the railway in Quebec, Ontario and the West, where the distribution was in large measure confirmed.

The picture shows the Ocean Limited rounding at full speed one of the curves of the shore at Bedford Basin. It is a beautiful scene and the coloring is a very faithful representation of the true loveliness of the verdure, and the shimmering hue of this picturesque ocean inlet.

Prominent display is being given these pictures in hotels, public buildings, Telegraph and Express offices, and in many places where the travelling public is most likely to notice them and be charmed accordingly.

They should play a prominent part in calling the attention of travellers to the attractions of the Maritime Provinces, and the advantages of the route traversed by the I. C. R. and form another important link in the chain of publicity which the Intercolonial has in recent years given to Eastern Canada.

State of Ohio, CITY OF TOLEDO, Lucas County, ss.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonial free. F. J. CHENEY, & CO., Toledo, O. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.

SMALLPOX

Proprietor Moses Whitney and one other patient are quarantined in the Royal Hotel for Smallpox. Harry Murphy is also quarantined at his home. In the whole county only about a dozen cases remain of the four hundred. At Fair Isle and Legaceville and Neguac, there were seventy-five cases and the disease there has been stamped out. There are two or three cases at New Jersey and the Grand Downs still under quarantine there. Col. Maltby has placed guards on the roads leading to Kent county to prevent fresh infection from that quarter.

Electric Restorer for Men Phosphonal restores every nerve in the body and vitality. Promotes Digestion and all sexual weakness started at once. Phosphonal will make you a new man. Price \$2 a box, or two for \$4. Mailed in any envelope. See Booklet Free. Dr. Chamberlaine, N.Y.

RIFLE ASSOCIATION

Officers Elected and Plans Laid for the Coming Season.

(Union Advocate)

The Newcastle Rifle Association met on the 25th ult. and elected following officers:

T. H. Whalen—Captain.
C. P. McCabe—Secretary.
W. H. Balyea—Treasurer.
Robt. H. Armstrong and F. D. Sutherland additional members of the managing executive.

Patronage Committee—A. A. Davidson, R. Corey Clark and W. A. Park.
The first competition will be held May 24th but a practice meet will be arranged for an earlier date. It is the intention of the executive to engage a hack for the benefit of the members, to run out to the range on the days of competition.

In addition to the regular Silver Salver given by the Dominion Government to the person making the highest aggregate score, the executive are arranging for Spoon Matches. The members will be classed A, B, C and D, according to the score made. All who make 90 and upwards will be placed in Class A, those making from 75 to 90 will be placed in Class B, 60 to 75 in Class C, and from 45 to 60 in class D. A silver spoon will be given at each shoot to the person making the highest score in each class. In this way the poor shots stand an equal chance of success with their competent opponents.

The targets, firing points etc., will be remodelled and thoroughly repaired.

DR. B. C. BORDEN

PRESIDENT OF M. T. A.

Dr. B. C. Borden, for many years the very successful principal of Mount Allison Ladies' College, has been appointed president of Mount Allison University, in succession to Dr. David Allison, whose resignation takes effect at the close of the present term.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

C. B. R. E. OFFICERS

The officers elected for the year 1911, by the C. B. R. E. are: Pres.—H. H. McLean. Vice Pres.—Wm. Asson. Treas.—P. Lindon. Chaplain—P. Cleveand. Warden—John McCormick. Inner Guard—John Daughney. Outer Guard—S. Monahan. Rec. Sec.—H. B. Maltby. The regular meeting of the Canadian Brotherhood of Railway Employees will be held the third Thursday of each month.

Amatite ROOFING

Why the Buyer of Amatite Never Complains

When a man buys ordinary ready roofing he usually neglects to paint it and after three or four years he comes back to the dealer with a protest. It is human nature to neglect painting roofs.

When a man buys Amatite Roofing he lays it on his building and in three or four years it is still as good as new and does not need any paint. He forgets he has such a roof but no harm is done by that.

There is nothing to neglect in the case of Amatite. Amatite has a peculiar surface—a sort of plastic

concrete made of pitch and mineral matter.

This surface is plastic enough so that the material can be rolled up into handy rolls in the usual manner and handled just like any other ready roofing. When unrolled on the roof and nailed down it presents to the weather a continuous surface of mineral matter and pitch. On this surface wind, rain, storm, heat and cold have little effect. Year after year it looks up to the sky undisturbed and unaffected. It costs nothing to maintain and relieves the owner from all responsibility.

Dealers can improve their business by selling Amatite and buyers make a good bargain when they buy it. The price of Amatite is less than that of most painted roofings of less weight and durability.

Sample free on request. Address our nearest office.

Everjet Elastic Paint

A lustrous carbon black paint, very cheap, very durable—for protecting all kinds of metal and wood work.

Creonoid

A powerful disinfectant for farm use to make the hen house and cattle barn sanitary. Suppresses odors, kills germs.

WASHOUT ON I. N. R.

The mid weather of the past week was responsible for a small washout on the I. N. R. track a few miles up the line. The passengers on the train held up, however, suffered no inconvenience as the officials soon had the relief train at hand, got the passengers transferred and had the track fixed up with little delay and the trains running as usual.

The officials of the road are to be commended for their ability in keeping the road in such good condition for there are quite a number of stretches which tax the capabilities of the powers that be, but the spirit of good-fellowship which animates all the staff make the running of the road a pleasant matter.

To the Editor of THE CAMPBELLTON GRAPHIC, Campbellton, N. B.
Dear Sir,—The exploitation of the town and its affairs for private gain and political and civic ambition is being evidenced daily. Facts are being leaked out and discoveries made sinister and astonishing in their character. The Chappell scheme we can dismiss as an exploded piece of barefaced trickery played upon a too confiding public displaying at once a warped moral nature and a shortsightedness that is amazing. It was so soon found out.

Mayor Montgomery was a prime mover in this affair, and he stands to day before his townsmen convicted of an unblushing piece of effrontery colossal enough almost to become a classic. The spectacle of Mr. Montgomery appearing at the famous Court House meeting in his triple capacity of civic benefactor, vote catcher, and real estate vendor, with Mr. Chappell sitting by his side, and by his presence lending his aid and countenance to Montgomery in this palpable fraud will not soon be forgotten by those of us who have some regard for honesty and integrity in public life.

Herein lies an interesting question, What excuse will Montgomery have to offer to the indignant and offended community?

However we have this satisfaction. He started the fire which set the pot boiling, and we gladly leave him to stew in the "Chappell Juice" of his own creating.

But a scandal of a much graver nature has come to light. On the files of the town records there is a copy of a letter written by W. S. Montgomery the then Mayor dated August 1908 to Mr. W. C. McNeill, Stock and Share Broker, St. John, N. B. (copy here enclosed), offering \$13,000.00 worth of Bonds of the Town in which he holds out as an inducement to the prospective buyer the statement that the town council had arranged to set aside \$500.00 per annum as a sinking fund. This has been investigated closely and is now publicly branded as a deliberate lie, and I challenge Montgomery to produce a single record of the town council where this question has been discussed (either formally or informally). I have asked men who were aldermen with him at the time they admit that neither before nor since had he consulted them in the regard. It appears to me uncommonly like obtaining money under false pretenses and had he signed a statement of this import relating to affairs of his own he would have been in danger of indictment and conviction for fraud.

As a citizen I protest against our civic affairs being conducted on such dishonest lines, being a menace to our financial standing and a blow to our reputation as a community. We are all painfully aware that our civic affairs have become so bad under the Montgomery regime that clean reputable business men absolutely refuse to have anything to do with them, as instanced by the resignation of our last Council; but surely the time has arrived for our people to take hold and have a house cleaning, and by a liberal use of Honesty, Fair play, and Square dealing as disinfectants, make the town affairs clean enough to enable us to admit we are citizens of the shire town without having to hang our heads in shame for it.

Yours,
Iconoclast
W. S. Montgomery,
Exporter of Fresh & Frozen Fish,
Dalhousie, N. B.,
Aug. 15th, 1908.

A. J. LeBlanc, Esq.,
Dear Sir:—
I beg to hand you herewith copy of letter to Mr. Wm. C. McNeill, Broker, St. John, N. B. re town affairs.

Yours very truly
Sgd W. S. Montgomery,
Mayor

Certified true copy of correspondence on Town's file.

The body of Levesque, the young man drowned through the ice here last December, was found floating in the harbour. He was a native of Amqui, Quebec. The body was badly disfigured. A sum of money was found in the vest pocket.

The attempt of the Montreal Street Railway employees to form a union was met by the company discharging twenty-five conductors and motormen.

Wm. C. MacNeill, Esq.,
St. John, N. B.

Dear Sir:—
Your letter of Aug. 1st received. The Town Bonds we are now offering are \$500.00 each, Nos. 115-140, both inclusive, total \$13,000.00, bearing interest at the rate of 4 1/2 per cent, interest payable half yearly.

The town has a population of 1200. There are two mills running and a third large saw and roasting mill nearing completion. When complete the last mentioned mill will cost in the vicinity of \$150,000.00, and will give employment to a large number of men. Following is an abstract from our last year's statement of the town's affairs:—

Estimated value for taxation, \$337,400.00; estimated true value of taxable property, \$600,000.00; exemption from taxation, \$5,000.00, (this year none) Floating debt, none; total debenture debt for all purposes, \$75,000.00; (this amount includes the \$13,000.00 which we are now offering) we are laying by \$500.00 per year for the sinking fund. There are no bonds issued previous to last year, so this is the first year that the sinking fund will be laid by. Local improvement debt, none. Total value of assets owned by Municipality, \$75,000.00, including reservoir that holds one million gallons. The system is by gravitation from the brook. Present rate of taxation for all purposes except schools, 68c. school, 35c. Present population, 1206. The first issue of Bonds was \$5,000.00 dated July 1st 1906 next \$35,000.00 dated Sept. 1st 1906; \$27,000.00 dated July 2nd 1908 \$13,000.00 proceeds of which is to pay for water services in the town issued under authority of Special Act, interest and principal at Dalhousie.

Coupons attached to be taken off for interest every six months. Bonds are the first loan on the plant. There are no other debentures likely to be issued for some time as this \$13,000.00 should be able to make all connections with the Mains for some time to come.

Yours very truly,
(SGD) W. S. Montgomery,
MAYOR

DON'T BE BALD
Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claim to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user. Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall store, Thos. Wran Druggist.

GLENCOE
Glencoe, May 1st.—Rev. J. Hugh McLean B. A., of this year's graduating class of Pine Hill College, Halifax, N. S., and W. G. Firth B. A., a second year student of Pine Hill spent last Friday at Mr. Firth's home here. Mr. McLean was on his way west to take charge of a congregation in Elkmouth B. C., while Mr. Firth was going to Fielding to take charge of a Mission Field of the Presbyterian Church, for the summer months.

Mrs. Peter Gerrard of town, spent

Miss Edna Boudreau spent a few days in Glenelit.

John Cooling and James Kierstead have gone to the river.

Mr. and Mrs. Thomas Long have removed to the residence of Mr. Alex. Thompson.

Miss Edith Falhe has returned from town, where she has been visiting. Wide-Awake.

NEARLY DIED OF STONE IN THE BLADDER

GIN PILLS SAVED HIM
513 JAMES ST., HAMILTON, ONT.
"Five years ago, I was taken down with what the doctors called inflammation of the bladder—intense pains in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.

My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.

In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me."

GIN PILLS are sold at 50c a box—6 for \$2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back, if GIN PILLS do not give full satisfaction. National Drug and Chemical Co., Dept. N. B., Toronto.

The original Gin Pills made by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could take every suffering woman and girl."

—Mrs. DEBRA BERTREY, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?
