# Learn Horseback Riding at H. R. White's Riding School

118 Bloor Street East

The School that Made Riding Popular in Toronto

**T**HIS illustration shows two of our horses doing the difficult accomplishment known as the "Spanish Walk," lifting their front right or left feet slowly as directed by the riders. It demonstrates how carefully trained are all our horses and how perfectly they are under the control of their riders. Pupils are taught riding from its rudiments to expert horsemanship, the course embracing all-round instruction such as they can get in no other Riding School in Toronto. Many of the best lady and gentlemen riders in this city are graduates of this School. If you want to learn to ride we will guarantee to teach you safely and thoroughly in a very few lessons.

In giving some hints concerning

“Start with a pure cocoa  
of undoubted quality and  
excellence of manufacture,  
and which bears the name

point is important, for there  
are many cocoas on the

## CANADIAN PUBLICATIONS—POETRY, FICTION, HISTORY.

The Convener of the Literature Section, with the assistance of a Special Committee of Ladies, has arranged for many of the publications of Canadian writers to be placed on view, Room 4, near the hall of the Literature Section, during the Congress week. The books are gathered for the special purpose of bringing our guests, who may not know the written work of Canadians, in touch with it, and through these books to say to them, Canadians, too, have happy visions in verse, and a Fiction and a History which they hope is worthy of the test of time. Ladies will always be in attendance in the book room, and will gladly answer all inquiries relative to the publications.

## EXHIBITION OF HOME INDUSTRIES AND HANDICRAFTS.

In connection with the Art Section of the Congress there will be an interesting exhibit of Home Industries and Handicrafts on view during the Congress week in the hall used by that Section in the Convocation Building.

There will also be a short musical programme given in this section by well-known artists each afternoon during the Congress week, beginning at 3.30, and afternoon tea will be served by a number of Toronto hostesses.

## HANDBOOKS, ETC.

Tables will be arranged near the entrance of each building on which will be found for sale copies of the Handbook, price 15 cts.; Official Post Card, 3 cts.; "Who's Who at the Congress," 25 cts.; and other publications.

There will also be a Literature Table in each Section of the Congress, where publications bearing on the subjects under discussion for sale and for free distribution will be found.

## “GOURLAY” PIANOS

### THEIR CHARACTER AND THEIR REPUTATION

THE reputation of the Gourlay Piano is due entirely to the character of the Gourlay Pianos as at present manufactured—not to the character of instruments made twenty-five years or more ago. ¶ Character is necessary to the upbuilding of a reputation—the Gourlay reputation is in the upbuilding, therefore the character must be beyond question. This is the buyer's safeguard and assurance of permanent satisfaction with a Gourlay. ¶ Why buy a piano relying upon a reputation due to the labor and skill of a former generation, when the character of the instrument to be purchased is wholly dependent upon the labor and ability of the present? ¶ Musicians and music lovers in every part of Canada have voiced their appreciation of the character of Gourlay pianos—hence their reputation earned in six years as

Louis XV Miniature Grand

have never been imitators or followers. It is their own inventions which have kept the MASON & RISCH piano far in advance of all others. A MASON & RISCH orchestral grand has been selected for the great Congress Musicales—listen to the beauty of tone—the very soul of musical refinement. There are reasons scientific, sound, acoustically correct for such a tone. Our booklet, inside information, tells the whole story. You can have a copy *gratis* if you wish it.

## PROTECT THE HOME

*The Family Hearthstone is the Rallying Place of the Affections*

EVERY parent, especially every mother, must look with concern upon the possibility of her little ones losing either father or mother. If the mother is taken, and the family has saved little or nothing, pitiable indeed is the plight of her children! Should the mother have been prudent and foresighted, and have had life insurance—even for a very little—how different will be the condition of that family of motherless children! Just think about yourself. Perhaps you have not been forehanded and are not protected. If you are not insured, you ought to know about—

### The Greatest Order in the World for the Protection of the Home The Ladies of the Maccabees of the World

Organized in October, 1892, the Order is established in fifty-four states, territories and provinces.

It is one of the most stable of the fraternal beneficiary societies; has no unpaid debts; has a splendid Emergency Fund of over Two and Three Quarter Millions of Dollars, carefully invested in government, state and municipal bonds, netting the Order over 4 per cent. interest annually.

It has paid into the HOMES of its deceased members more than Six Millions of Dollars. Its rates are based upon scientific principles, being justly graded among the ages, and are adequate to pay the promised benefits.

Certificates are written for amounts ranging from \$500 to \$5,000, furnishing benefits in case of death or disability. Cheaper protection may also be had to last till fifty only, if preferred. Although the great majority are benefit members, social members are admitted to the Association.

## *Cost and Quality in Fine Hair Goods*

The cost of a Pompadour Bang, Switch, Coil or Cluster of Puffs or of a Toupee depends largely upon the cost of the hair from which it is made. Cheap raw hair can be made into cheap raw hair needs, but when the wearing of hair is largely a matter of improving the appearance—mere cheapness is barred.

**HERE** we endeavor to maintain high quality in hair and manufacture, with the lowest prices possible for such high-grade productions. That means that for a shade more than the prices asked for rubbishy goods you can procure here articles that will wear well, look well, and will make you look well. . . Which will you have?
