LISTOWEL STANDARD.
FRIDAY, SEPTEMBER 2, 1881.

TOWN AND COUNTRY.

SEPTEMBER Cattle fair to-day.
A shooting gallery has "opened fire" on Mill street.

Coal, Veneer and Paint makers first-class-
washed immediately. Liberal wages.

HARVEST is about over in this section,
and the farmers are busy preparing for
seedling. An unusually large breadth of
wheat will be sown this fall.

Mr. Geo. DRAPEL, of the Ontario
House, has his stock of fall goods in,
and is prepared to wait upon the public.
His announcements will be found in our
advertising columns.

Our grain market is becoming active.
As high as \$1.25 has been paid for fall
wheat during the week. The latest
quotations will be found in the market
report in another column.

For a good suit of clothes either ready
made or ordered at prices to astonish you
go to the Glasgow House.

Mr. Peter Campbell's new brick residence
on Raglan street is approaching
completion. It is a commodious
structure, and will be quite an improvement
to that part of the town.

The very latest designs in Glasgow,
(very fancy) at D. W. Palmer & Co. will
allure them. No trouble to show goods.

The new bank built on the farm of Mr.
Peter Lillo, adjoining the town, is now
finished. It is an excellent structure in
every respect, and reflects much credit
upon the contractor, Mr. Wm. Coghlin,
of Elma.

For manhood Water-melons (H. D. Mur-
ray's) is the only spot in town. Sold whole
or in slices to suit. Try them.

ANNIVERSARY.—Anniversary services
will be held in the Primitive Methodist
Church in this town on Sunday next.
There will be a tea meeting in the church
on the following evening. Services of
P. M. ministers are announced to take part.

FACTORY JARS, at D. W. Palmer & Co., at
bottom price, and see them before
buying elsewhere. See advt-26.

Ms. JOHN GABEL, jeweller, has removed
to his new premises, a couple of doors
south of his old stand. He has fitted up
his new place of business very handsomely
and now has an exceedingly attractive
and well appointed establishment.

D. W. Palmer & Co. keep stock of the
best Teas in town. We defy any to beat
it. Try it and you will.

The street sprinkler has made its
appearance, and has done excellent
service during the past week in keeping
down the dust in the hot streets. Part
of the town, which otherwise would
have been altogether "too awfully awful."

PAIDERS, OILS AND COLORS.—For the largest
stock, and lowest prices, go to
H. D. Murray's Drug Store.—21.

The new fence around the High
School grounds is finished, the work of
leveling has also been completed, and in
a most creditable manner. The trustees
are evidently determined that the
Llistowel High School shall be second
to none in the Province.

Manufacturers of reapers, mowers and
threshing machines prefer Castorine
Machine Oil to any other. It will not
corrupt or erode, and is warranted not to
burn. Grand Prize at the Agricultural
Exhibition, and is the only oil
announced to be held at the residence of
Mr. David Roy on Monday evening was
postponed in respect of the deceased
Mrs. John Barber, who will be placed
in this (Friday) evening. A cordial invi-
tation is given to all.

CASPER GOOSE.—H. D. Murray has just
received a fresh stock of Casper's
Zuit. Prices low as the lowest.

SCHOOLS.—The High and Public Schools
will re-open on Monday next, and
teachers have returned from their
holidays, and the newly appointed
teachers have arrived. We trust that
the pupils will be in the hands of
that good work will be done during
the term.

D. W. Palmer & Co. have secured a
large selection of the best
Liquors and Licenses for medicinal
purpose.

LAW SUICIDE.—We notice with pleasure
that Parker Ellis, son of Mr. E. Ellis
of Wallace, has been admitted to the Law
Society, having succeeded in passing the
Primary Examination, at Osgood Hall
recently. He is studying law at the
office of Mr. A. W. Lauder, M. P., in
Toronto.

ORDER your peaches at H. D. Murray's
where you can rely upon receiving prompt
attention and getting the best value for
your money.

O. Y. B.—At a special session of the
Grand Lodge of Orange Young Britons
held in Toronto this week, it was resolved
to sever connection with the Orange
Association. The order will hereafter
be known as "The Young Men's Pro-
testant Benevolent Association." Mr.
John Moore, of Listowel, attended the
meeting as representative of Lorne
Lodge.

Don't forget the Toronto Tea Store
when in town, for Cheap Teas, good value
for the money. D. W. Palmer & Co.

FLAX SPIRE.—A spark from a passing
engine on Tuesday morning ignited the
flax which Messrs. Livingstone have
spread for rotting in one of their fields
adjoining the railroad track. Fortunately
it was noticed in time and promptly
extinguished; otherwise it might have
been serious, owing to the great quantity
of flax.

PEACHES, pears and grapes arriving daily
at H. D. Murray's bakery. Always the freshest
and always the cheapest.

SHEEP KILLED.—Mr. Alex. Macdonald,
of this town, received the unwelcome
intelligence on Wednesday morning that
about twenty of his fine flock of sheep
on his farm adjoining Mount Forest, had
been killed by dogs. Mr. Macdonald
went to the farm to learn the
particulars, and recovery, if possible, of
the value of his animals.

PEARS, apples and plums on hand
and selling at lowest market prices, at H. D. Mur-
ray's bakery.

PROMPT.—Last week the STANDARD
drew the attention of the Grand Trunk
officials to the necessity of placing a
lantern at the depot in this town. On
Saturday evening the rays of a brilliant
reflector illuminated the surrounding
stations. We commend this promptness
to the attention of the examiners
having the lighting of the streets in
charge.

The Grand Trunk engines reached the
village of Elmwood, on the Stratford &
Huron Railway, on Saturday, amidst the
great rejoicing of the inhabitants. It is
expected that the engines will reach
Chesley this week, closely followed by
the ballasting gang. The iron bridge at
Chesley will be ready for the rails about
the 10th inst., when the road will be
pushed through to Warton without further
delay.

Ms. D. D. CAMPBELL returned to town
on Saturday last. The North-west
evidently agrees with the Colonel, as he
gained in average as well as knowl-
edge during his short stay there. The
readers of the STANDARD are already
acquainted with Mr. Campbell's im-
pressions of that great country, through
the excellent letters which he has
contributed to this journal. Like
other members of the party with whom
he made the trip, we believe he has
testified his faith in the future of the
North-west by investing in some of its
illimitable acres.

The Bear Traps Far.—Instantaneous Ink
and Bleed Extractor and Oblivator. Re-
moves grease spots, ink and stains of all
kinds from cloth and paper. Warranted
to be harmless to paper, hand, or clothing.
Can be had at the book and stationery
store. Sole agent for Listowel.

CHICKEN.—The county match, North
Perth vs. North Huron, which was
played at Henley Thursday of last
week, resulted in favor of North Perth
by one innings and three runs. The North
Perth team was composed of the
players from Listowel and four from
Palmerston. In the return match
played here on Saturday, the latter won
by 75 runs.

CIRCUS.—The train conveying Cole's
circus arrived at the G. W. R. depot at
an early hour yesterday morning. The
street parade, which took place about ten
o'clock, was attended by the numerous
in the procession indicated an extensive
manager. Conklin, the lion king, in
an open cage, was the first to appear,
and a snake charmer in the midst of a
spiral of serpents, were striking features
of the procession. The afternoon performance
is in progress, and will be continued
for some days.

FOSSILS.—At a late meeting of Court
Royal Oak, the following resolution was
adopted by the members sans expression
of their sympathy with Bro. Henry
Weidenhammer, who lost by death his
partner in life.

Resolved, that in the wise dispensation
of our Heavenly Father, we deplore the
removal by death of the beloved partner of
our brother our sincere sympathy and con-
dolence be extended to his earthly loss, we
rejoice with him and his absent one, and
be it resolved that a copy of these expressions
of sympathy be forwarded to the bereaved,
after being signed by the officers of our Court.

CHURCH COUNCIL.—We understand that
the Bishop of Huron has appointed Rev.
Geo. B. Taylor, of Wallaceburg, to the
incumbency of this parish. The appoint-
ment is made in compliance with the
wish of the congregation, the vestry
having unanimously requested his
lordship to do so. Mr. Taylor is an
earnest young man and possesses every
good ability, and the Church will no
doubt prosper under his charge. He will
probably commence his labor in this
parish on Sunday 11th inst. and the
11:00 p.m. will conduct the services on
Sunday next, here and at Shipley.

We regret to chronicle the death of
Mrs. Barber, wife of Mr. John Barber,
of this town, which took place on Saturday
evening last after a protracted illness.
The deceased had been attacked some
time ago with cancer in the stomach, a
disease which almost invariably proves
fatal. Mrs. Barber had many warm
friends in Listowel, as well as a large
number of relatives, consequently her
death is felt with more than ordinary
keenness. Her remains were interred
in the Listowel cemetery on Monday
last, the funeral services being conducted
by Rev. Mr. Bell, of Knox Church, of
whose flock she was a member.

THE DROUGHT.—The unusual heat and
absence of rain has produced a drought
which is causing not a little uneasiness
in this neighborhood. A water famine
is threatened, and much danger is
apprehended from bush fires. In the
southern part of Elma much damage is
being done to the forests and fields, and
we learn that in one or two instances
fields of grain have been swept over by
the fire. A great fire is said to be raging
in the Hillier marsh. Heavy clouds
of smoke have hung over this town for
several days past, which at times
completely obscure the sun. With the
temperature up in the nineties, and
little air stirring, life is not altogether
enjoyable. A good shower of rain under
present circumstances would prove a
great blessing. While this state of
things continues, too great care cannot be
taken to prevent fires.

G. W. R. EMPLOYEES PICNIC.—The
employees of the Wellington, Grey &
Rochester, and the Hamilton &
Niagara Rivers, including the families
of the employees and their friends, were
present. The picnic grounds were
located in a grove adjoining the
agricultural office, where all the
facilities were afforded for amusement.
The committee had prepared a level
place for the games, which were heartily
entered into, and the substantial
offerings no doubt aided the competition.
In another part of the ground the
disciples of Terpsichore, apparently
quite oblivious to the present state of
the weather, indulged their penchant for
dancing, the music being furnished by the
quintette band. Refreshments, tables
and booths were numerous, and the
ever popular and indispensable beverage
of the Palmerstonian—Clarke's Lager—
was not lacking. The Listowel
Walkerston & Palmerston bands
furnished an abundance of excellent
music. The playing of the Listowel boys
was much praised. A number of
distinguished guests were present,
including Mr. S. H. Heaton, member for
North Perth. The enjoyment was
somewhat marred by the heat, dust and
smoke, which prevailed in a very
uncomfortable degree.

A GRANGER IN TROUBLE.—Considerable
excitement was created among the
Elma grangers, when it was known that
one of their number had been caught
in the act of not watering his
milk exactly, but appropriating that
of his neighbors. The name of this
guilty party is one Joseph Rowel, a
man well advanced in years, and who
owns a good farm in the vicinity of
Trowbridge. Rowel has a contract
for drawing the milk to the Dominion
cheese factory, and in handling the cans
of his fellow grangers, appears to have
carried into practice the old handed
principle of the milk faith by taking a
portion of the milk from his neighbors
cans and putting it into his own.
Suspecting this one-sided free trade
business, the neighbors resolved to
watch him, and on Tuesday morning
succeeded in catching him in the act.
An informant has stated that Rowel
at the instance of the directors of the
factory, and he was summoned to appear
before G. S. Clime, Esq., on Wednesday
afternoon. It appears, however, that
Rowel is now in custody, and the matter
pending to the trial by admitting his
guilt and settling all claims. We
understand that the principal reason for
this prosecution was in consideration
of the age of the offender, who is
now a man of about 70 years. While
no one would wish to see an old man
punished at the same time in the
interests of justice dishonest dealings
among farmers should meet with no
more leniency than in any other class
of the community.

DRAYTON.—The blessing of the corner stone of the
new Roman Catholic Chapel to be
erected here took place on Thursday last,
the ceremony being performed by Bishop
McNicol of Hamilton. His Lordship was
met at the railway station by a posse
of priests and others in carriages, and
escorted to the scene of action.
After the usual routine of service, and
a promise to be present at the opening
of the chapel, His Lordship took the 2.40
p. m. train for home. A large crowd
witnessed the ceremony.

Special preparations have been made
by our produce dealers for a good fall
and winter's grain and stock trade. We
have the best wheat in the country,
Guelph stone accepted.

Buying lambs must pay handsomely in
this country. The Registrar of the
county of Dufferin has been in the
business in this vicinity all the season.
Wonder how the "Duffers" like to
know to this state of things. Their
best men were overlooked in the appoint-
ment, as well as the prominent reformers
in Mr. McKim's own constituency,
hence a bad feeling has arisen in the
breasts of those who "got left" as it were.

Harvest is over, and the crops prove
very good. A number of team threshers
have been at work in Peel and Maryboro'
since the grain became fit for threshing,
and the yield has been satisfactory.

The stone butternut for the new
railway bridge are being built, and the
contract for filling up the bridge to the
bed of the river has just been let to
St. Catherine's contractor. This is a

heavier job than would at first be
supposed. The filling in alone is esti-
mated to take 100 men and 30 horses a
whole year.—Com.

ELMA.—The municipal Council of the
township of Elma met at Newry on
Saturday the 20th of August; mem-

LISTOWEL HIGH SCHOOL.
The Listowel High School will be re-opened
on Monday, 5th September.
With the classes will be re-organized for
the work of the season. The Head Master,
McCallum, M. A., will give special attention
to the preparation of pupils for the Inter-
Canon of Hamilton. His Lordship was
met at the railway station by a posse
of priests and others in carriages, and
escorted to the scene of action.
After the usual routine of service, and
a promise to be present at the opening
of the chapel, His Lordship took the 2.40
p. m. train for home. A large crowd
witnessed the ceremony.

Special preparations have been made
by our produce dealers for a good fall
and winter's grain and stock trade. We
have the best wheat in the country,
Guelph stone accepted.

Buying lambs must pay handsomely in
this country. The Registrar of the
county of Dufferin has been in the
business in this vicinity all the season.
Wonder how the "Duffers" like to
know to this state of things. Their
best men were overlooked in the appoint-
ment, as well as the prominent reformers
in Mr. McKim's own constituency,
hence a bad feeling has arisen in the
breasts of those who "got left" as it were.

Harvest is over, and the crops prove
very good. A number of team threshers
have been at work in Peel and Maryboro'
since the grain became fit for threshing,
and the yield has been satisfactory.

The stone butternut for the new
railway bridge are being built, and the
contract for filling up the bridge to the
bed of the river has just been let to
St. Catherine's contractor. This is a

heavier job than would at first be
supposed. The filling in alone is esti-
mated to take 100 men and 30 horses a
whole year.—Com.
