HIGH SCHOOL BOARD

A meeting of the board of trustees of the Athens high school was held in the secretary's office on Wednesday evening last. Present, Messrs. A. W. Johnston, W. G. Parish, W. H. Jacob, W. J. Taber, T. R. Beale, W. C. Smith.

Reorganization for the year was the first order of business. Mr. A. W. Johnston was re-elected chairman and Mr. H. H. Arnold was reappointed secretary-treasurer. The following committees were appointed:—

- Finance—Messrs. Parish, Soovil, Smith.
- Property—Messrs. Johnston, Beale, Jacob.
- Supply—Messrs. Beale, Taber, Brown.

After reading and confirming the minutes, the following accounts were read and ordered paid:—

- J. P. Lamb & Son.....15.78
- G. E. Judson.....18.44
- H. H. Arnold.....7.80
- G. A. McClary......20
- N.A. Tel. Co.....1.99

Principal Massey was present and stated that the attendance was the largest in the history of the school—between 150 and 160 being enrolled.

A discussion took place as to where the meetings of the board should be held for the ensuing year, and on motion of Mr. Parish, seconded by Mr. Taber, it was unanimously resolved that meetings be held in the secretary's office on the first Monday in each month at 8 p.m.

The secretary read the annual report, as prepared for the Education Department, from which we glean the following:—

Of 49 leaving the school last year, 4 entered mercantile life, 2 agriculture, 11 the professions, 22 teaching, 10 other occupations.

Tuition—Pupils residing in the H.S. district, free; county pupils pay \$5 and pupils from other counties \$10. Occupation of parents—Commerce 84, agriculture 130, professions 12, mechanics 18, laboring 15, without occupation 4.

Total number of pupils on the roll for last year was 213. Of these, 81 were boys and 132 were girls.

This H.S. district sent 85 pupils, 124 came from other municipalities in the county and 4 from outside the county.

SIMPLE HOME RECIPE

Get from any prescription pharmacist the following:—

- Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take in a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper as the finest prescription ever written to relieve Back ache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Vaccination Fatal

Under above heading, the Toronto World publishes the following despatch from Brockville, dated Feb. 6:—

Lorimer Hay, 10 years old, son of C. J. Hay, florist, died early this morning, a victim of lockjaw. At the time of the recent vaccination of school children on account of the smallpox epidemic, the little fellow was one of the number. The vaccination was healing nicely until last Sunday evening, when symptoms of the disease developed and grew worse. He had been playing in his father's greenhouse and it is supposed a scratch on the hand or arm, became inflamed with plant earth.

NORTH LEEDS COUNTY LODGE

The annual meeting of Loyal Orange County Lodge of North Leeds was held in Lyndhurst Orange Hall on Tuesday, Feb. 4th. Delegates from the various Primary Lodges to the number of about one hundred and ten were in attendance.

The chair was taken by the W. County Master James N. Somerville, at 2 o'clock p.m. Reports from the different lodges showed a decided increase in membership and in lodge property.

After the usual routine of business had been transacted the following officers were elected for the ensuing year:—

- W. Co Master—Geo. E. Godkin
- Co Dept Master—Metcalf Sheffield
- Co Chaplain—Rev Croley
- Co Assistant Chap.—Rev Kidd
- Co Rec. Sec'y—Chas R. Taylor
- Co Fin. Sec'y—A. E. Denby
- Co Treasurer—Wm E. Gray
- Co Dir of Cer.—Wm Jacques
- Co Lecturer—F. F. Boothe
- Co Ist Dept Lect.—Homer Single-ton.

The officers were then duly installed by Past Co Master A. W. Gray, after which Athens was chosen as the next place of meeting.

Speeches were given by the various officers and brethren for the good of the order, after which the singing of the National Anthem and O. d. Lang Synne brought to a close one of the successful meetings of the County Lodge of North Leeds.

F. E. B.

We heard a man say the other morning that the abbreviation for February—Feb.—means Freeze everybody, and that man looked frozen in his ulster. It was apparent that he needed the kind of warmth that stays, the warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, it invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens at the same time, and all its benefits are lasting. There may be a suggestion in this for you.

IF ONLY I WERE CRAWF

Written for the Reporter
If I were Crawl, I think, to night,
I'd write an ode on Spring—
I'd write about the bany air
And how the black-birds sing;
I'd write the joys of springtime days
On blust'ring nights like this,
And while a dreary hour away
With thoughts of coming bliss.

For sure the wild winds piping loud,
Down from the dreary North,
Would yield a poet vantage ground
Of a superior worth
To write of hens about the yard,
Or cackling in the lot—
I'd write an ode, I'm sure I would,
If only I were Crawl.

Poetry and Politics

An animated and interesting debate took place in the high school on Wednesday afternoon last on the subject—
Resolved—"That the Post is a greater benefactor of humanity than a Legislator."

Affirmative—Beaumont S. Cornell (leader), Ola Derbyshire, Sara Pierce, Violet Robeson, Iva Dunham.
Negative—Helen Donovan (leader), Wilbert Page, Kenneth Blancher, Clare Saunderson, Morley Smith.
Miss Duncan presided, and the judges were Mrs W. G. Towriss, Rev R. B. Patterson, M.A., Rev. I. N. Beckstedt, M.A.

The subject was ably discussed by both sides. Decision on the merits of the arguments advanced was given in favor of the affirmative.

LESSON VII.—FEB. 16, 1908.

Jesus Heals the Nobleman's Son.—John 4: 43-54.

Commentary.—1. Jesus received as a prophet (vs. 43-45). 2. After two days.—The two days mentioned in verse 40, which he had spent in Samaria. He then again set out on his original plan (v. 3). Galilee.—The centre of life and activity in Palestine at that time. It contained three millions of people. There was a large foreign population and the Jews were more ready to receive the gospel than in the south. 44. His own country.—This proverb was repeated later when he was at Nazareth (Matt. 13: 57; Luke 4: 24). To what country does he now refer when he speaks of "his own country"? Various explanations have been suggested: 1. That having first gained recognition in Judea, he now returns to his own country, which is not over popular, and endeavor to reach them. 2. Whedon says, "From foreign Samaria, where he was honored, Jesus departs to his own country, where he was without honor." 3. That Jesus regarded Jerusalem and Judea as his country, it being the place of his birth, the place of his father's house and kingdom, and the centre of the Jewish world. Jesus had not been enthusiastically received in Judea (John 8: 22; 10: 41) and now desires to labor in Galilee until later, when he would make a last and strong appeal to them. This may be the correct explanation.

45. Into Galilee.—The country of Galilee. He had accomplished his journey from Judea. Received him.—This does not mean that none rejected him, but there he was welcomed. His first miracle there, nearly a year before, was still in their memory, and it was only a few weeks after that when those same countrymen met him at the Passover, and there witnessed other miracles and a display of his authority in cleansing the temple.

II. The nobleman's request (vs. 46, 47). Again into Cana.—Where his disciples witnessed the first display of his power (John 2: 1-11), and where their faith in him as the Messiah was confirmed. Very likely he was again entertained in the home of Nathaniel, a certain nobleman.—Literally, "one belonging to the king." Herod Antipas was king at this time and this man was probably some high officer of Herod's court. Some think he was Chuza, Herod's steward or chamberlain, whose wife, Joanna, ministered to Jesus (Luke 8: 3). The miraculous healing of the centurion's servant (Matt. 8: 5, 6 and Luke 7: 1), but must not be confounded with it. Son was sick.—Very sick with a fever (v. 52). Disease and death come alike to high and low. There is misery in places as well as in souls. Capernaum.—A city on the northwest coast of the Sea of Galilee. Soon after this Jesus made Capernaum his home. 47. When he heard.—Probably through the reports of those who had been at the Passover, if he had not himself witnessed the miracles there. Capernaum was not more than twenty miles from Cana, and the news would quickly spread to Cana. Jesus was again going to Galilee. Went unto.—He sought—Here we see his tender affection for his son; he spared no pains to get help for him. We also see his great respect to our Lord; he came himself, and he brought his son, and he besought him, when, as a man of authority, some would think he might have ordered his attendance. The greatest men, when they come to God, must become beggars. Point of death.—This point of death is the point in the case, the difficulty in affecting a cure, and the reason why Jesus should go in person. Times of sorrow and deepest need lead us to Christ. When no earthly power can aid us, we turn to the One who has all power and life. Many times have we gone to Christ from a sense of want and conscious helplessness. It would seem that a certain shock is needed to bring us in contact with reality.

III. The nobleman's faith (vs. 48-50). Except ye see.—Not only did they demand miracles, but miracles performed in a striking manner.—Bib. Mus. How totally unlike the Samaritans, from whom our Lord had so lately come who embraced the deity of His teachings without demanding wonders. This nobleman came purely absorbed in his dying son, anxious for the bodily miracle, but thoughtless of the divine claims of the Saviour of sinners. It is this selfishness of spirit that Jesus now rebukes. The words of this verse are, as it were, an ejaculation, a thinking aloud of Jesus. He sees that to awaken this man he must more than heal his son; He must so heal him as to arouse in him a reflection, and then may come the faith.—Whedon, 49. Come down, etc.—This discussion of faith was as late as time to him. He cannot stop to answer the rebuke, to argue the case or to defend his character. It is his sons' case that fills his thoughts. But his earnestness shows a belief in Christ's power which will soon cause him to acknowledge his child's Saviour as divine. 50.—Go thy way.—This would be a great test to the man's faith, but he was ready for it. Thy son liveth.—The healing is granted, but without it being necessary for Jesus to leave Cana. Until now the father had believed on the testimony of others. Now His faith is to rest on a better support—on the personal contact which he has just had with the Lord himself. God! The man believed.—This is an instance of the power of Jesus to convince the mind; to soothe doubts; to confirm faith; to meet our desires.—Barnes, Had our Lord gone with him, as he wished, his unbelief could not have been fully removed. God always bestows His gifts in that way in which His glory is best promoted and our eternal interest is secured.—Clarke. The word, spoken—Before this he believed in Christ's power to heal, now he believes in His word and acts accordingly.

IV. The nobleman's faith rewarded (vs. 51-54). 51. Going down.—From Cana to Capernaum. Met him.—While the father was descending the hillside with first and peace, they were ascending them with glad news. Thy son liveth.—Meaning the same, that Jesus meant when He used the same words.

52.—Then enquired he.—His faith was rewarded. He had believed the word, and received its fulfillment. It was his desire to consider the works of God, and to note the beauty and harmony between His word and His work. At the seventh hour.—Definite time, definite work. This was either one o'clock p. m., according to the Jewish reckoning, or seven o'clock p. m., according to the Roman reckoning. 53. The father knew.—Everything was clear to his understanding. It was while he was beseeching the Saviour that his prayer was answered, though at the time he knew it not. Men can tell more of what they have experienced than they can claim by faith. Himself.—Whole house.—Believed in the divine claims of Jesus. This is the earliest mention of "household faith." The mother, the sisters, brothers, servants—the entire family—had shared in the anxiety, and now accepted the claims of the Messiah. Faith is contagious.—Pulpit Com. 54. Second miracle.—Not the second miracle Jesus had wrought (chap. 3: 2; v. 45), but the second in Galilee.

Practical Applications. Faith is the link which unites the human with the divine. God always honors the faith of every man. The nobleman from Capernaum whose son was sick is an illustration of the power of faith which lead to perfect victory. He, I believed Christ could. "When he heard . . . he went unto him and he sought him" (v. 47). He who could turn water into wine (John 2: 9), and drive the buyers and sellers out of the temple (John 2: 15), and work other "miracles" (John 3: 2), could surely heal his boy. Faith cometh by hearing (Rom. 10: 17). To know what Jesus has done for others is an encouragement to believe he will do the same for us.

II. Believed Christ's word. "The man believed the word that Jesus had spoken" (v. 50). Notice, I. The noble man did not trust his son in what he had done. He had done much; given his son all attention; used all skill, taken the long journey; found Jesus out; flung himself before him; but not in these did he believe. In the matter of salvation men are apt to grasp at what they do. Consciousness of having complied with every condition, of having obeyed every direction, will encourage faith in God, but faith in our prayer, our honesty, our effort, is not the faith that brings blessing. 2. He did not trust to his own feeling. How he felt had nothing to do with it. George Muller says: "Faith is confidence that God will do what he has declared in his holy word. It is reliance on God's word, through the assurance that he will act truthfully. It is based altogether on his character. Faith is not an impression, feeling or emotion. It has nothing to do with probabilities. Faith begins where probability ends. Many are under a cloud who might be in clear light, because they weigh probabilities or look at their own impressions or feelings. We believe because God has spoken, and not because we have impressions, feelings or emotions."

III. Believed Christ did. "He went his way" (v. 50). A beautiful illustration of walking by faith (2 Cor. 5: 7). "Our actions demonstrate our faith surely and strikingly. Hanging uneasily around a person who has made us his confessor, or who has come proof to him that we doubt his word. Importunity is an offence, when a synonym for doubt. Perhaps you have done everything else but go your way believing in God. Do that and your faith will be honored. Too often do we fall under Christ's sad reprehensions. 'Except ye see signs and wonders yet will not believe'" (v. 48). IV. Believed and obeyed. "Jesus saith unto him, Go thy way. . . he went his way" (v. 50). Obedience is the condition of confidence (I. John 3: 22. Arthur T. Pierson says: "In thirty years of ministry I never met a case of spiritual darkness not associated with a spirit of disobedience and doubt, if only the spirit of complaining." "Faith cometh . . . by the word of God" (Rom. 10: 17). Carrie Judd Montgomery says: "Faith is the eye that gazes on Jesus, the hand that leans on Him. The secret is in knowing God speaks, and in doing as he says because you believe His word. God says, 'What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them' (Mark 11: 24). This faith is exercised by a soul abiding in Christ. In Him, yielded to His will, He reveals His will, and we are able to claim His will, and stand with unwavering confidence upon His word of promise. We receive what we desire because we desire only His will. We make sure of His will, and then, by a violence of faith which pleases God, we take the kingdom by force (Matt. 11: 12). This is no earthly force, but entirely heavenly. We do not force heaven upon reflection, and then may come the faith.—Whedon, 49. Come down, etc.—This discussion of faith was as late as time to him. He cannot stop to answer the rebuke, to argue the case or to defend his character. It is his sons' case that fills his thoughts. But his earnestness shows a belief in Christ's power which will soon cause him to acknowledge his child's Saviour as divine. 50.—Go thy way.—This would be a great test to the man's faith, but he was ready for it. Thy son liveth.—The healing is granted, but without it being necessary for Jesus to leave Cana. Until now the father had believed on the testimony of others. Now His faith is to rest on a better support—on the personal contact which he has just had with the Lord himself. God! The man believed.—This is an instance of the power of Jesus to convince the mind; to soothe doubts; to confirm faith; to meet our desires.—Barnes, Had our Lord gone with him, as he wished, his unbelief could not have been fully removed. God always bestows His gifts in that way in which His glory is best promoted and our eternal interest is secured.—Clarke. The word, spoken—Before this he believed in Christ's power to heal, now he believes in His word and acts accordingly.

ENCOURAGING THE EMPEROR.

Dowager Empress Urging China's Sovereign to Rule.

Pekin, Feb. 10.—The Emperor and the Dowager Empress of China to-day held their annual reception to the members of the diplomatic corps in Peking.

It is reported here that the Dowager Empress recently has been encouraging the Emperor to become interested and participate in affairs of state.

A customs agreement with regard to Manchuria has been concluded between China and Russia, and China has notified Japan that she to-day opened stations for the collection of customs on that western Manchurian frontier, and that similar stations on the eastern frontier will be opened on Feb. 7.

EMPTY CARS

Instead of a Shortage There Is Now a Surplus.

Chicago, Feb. 10.—A special meeting of the American Railway Association to consider the decrease in traffic which had resulted on Jan. 22 in a surplus of 339,053 cars, began in Chicago yesterday, and will continue to-day and to-morrow. A decrease is shown to be starting from the report of the Deficiency Committee on Feb. 6, 1907, when a shortage of 104,226 cars was reported, and appeals were made by shippers to Congress to pass laws requiring the railroads to increase their equipments to meet the traffic demands.

The chief work of the Association probably will be consideration of the per diem charges for cars, in the service of railroads, other than the owners. With the present great surplus of cars the charge has caused the immediate return of foreign cars to their owners at a great expense and consequent storage. The railroads would prefer to let other roads use their cars free of charge rather than be forced to haul and store them over their systems, and it is likely that this fact will lead the Association to suspend the per diem charge upon foreign cars until the situation clears up.

POSTOFFICE AFTER HIM.

Toronto Man Charged With Sending Fraudulent Mail Matter.

Toronto despatch: Under the charge of using the mails for fraudulent purposes William J. Francis, 145 Richmond street west, was arrested yesterday morning. He has for some time past been advertising indiscriminately for stenographers, bookkeepers and other clerical female workers, not only in Toronto, but in the neighborhood of the Soo. The matter was brought before the notice of Inspector Henderson, of the post office staff, recently by a young girl who had answered one of the advertisements of Francis, only to find that he had no position at his disposal.

When Detective Twigg searched the prisoner's room after he had been arrested he found over a hundred letters from different people, most of them replies to advertisements of non-existent positions.

Among his effects were found letters of recommendation from Hon. W. J. Hanna, Hon. Geo. P. Graham and Premier Whitney, and a letter from Hon. W. S. Fielding, showing that Francis had tried to get transportation free.

TOOK CHILD AND GUN TO BUSH

New Brunswick Farmer Disappears After Quarrel With Wife.

Hartland, N. B., Feb. 10.—According to accounts from Upper Knoxford, near Centreville, a most distressing affair occurred there a few days ago. Mr. Richard Gray, a farmer, aged about 50, had a dispute with his wife, who exclaimed, "I never want to see your face again!" whereupon Gray seized the newly-born child of his daughter, and taking a gun started to leave the house. His wife succeeded in getting the gun from him, but he again got possession of the weapon, and, with the child, started for the woods. He has not been seen since. Deputy Sheriff Foster has been searching for him, but so far without success.

The Opening of the Legislature

Mr. A. E. Donovan, M. P. P., Brockville, Seconds the Address in Reply to the Speech From the Throne

The opening of the Ontario Legislature on Wednesday last was attended with all the formalities and flummery that usually characterizes this event. A blinding snowstorm driven by an easterly gale made life out of doors anything but pleasant, but within was an atmosphere of warmth and color. It was a brilliant social function, and the galleries were filled principally with ladies, each dressed in a way to support her idea that she was the equal if not the superior of every other lady in the building.

Following the formal opening came the speech from the throne, read by the lieutenant-governor, and the reply thereto. The duty of seconding this reply had been entrusted to Brockville's member, Mr. A. E. Donovan, and judging from the press comments, the duty was very creditably discharged. From reports and comments appearing in Toronto dailies we make the following extracts:—

Mail and Empire: In moving and seconding the address in reply to the speech from the throne, and thus opening the debate on the speech, Mr. C. R. McKeown, M.P.P. (Dufferin) and Mr. A. E. Donovan, M.P.P. (Brockville), made their initial bows as members of the Provincial Legislature. Both made stirring speeches, which showed that their oratorical abilities will be well applied during the session now in full swing. Mr. McKeown dwelt principally on the fact that there would be a substantial surplus, of probably \$500,000; on the subject of immigration from the Old Country, and rural school grants, while Mr. Donovan referred to the statements made prior to the last election, that the Conservative party had no material from which to choose a Cabinet. He dwelt on the fact that the work done in every department could not be surpassed, and that the people would certainly not oppose the Government when it again appealed to them. Mr. Donovan (Brockville) was greeted with rousing applause upon rising to make his maiden speech by seconding the address. He first referred to the Conservative victory in his own constituency, and said he had not the slightest doubt of the result when the bye-election was held. He knew that the people of Ontario were convinced that the Whitney Government was an honest Government and would be sustained when it made an appeal to the people during the course of a year or so. The people also knew that the Whitney Government was a business Government. As far as possible the Government had carried out its promises.

The Globe: Mr. McKeown is member for Dufferin, while Mr. Donovan has the distinction of representing the constituency which last session had the then leader of the Opposition, Hon. Geo. P. Graham, for its sponsor. Both gentlemen have reputations as practised speakers. Mr. Donovan perhaps enjoying the greater fame in this respect. The judgment of the House was probably that they had justified the fame that had preceded them. Mr. Donovan departed from the habitual manner of maiden speakers by being quite aggressive and critical. He praised the Government in mass and then in detail and the efforts of the serried wisdom of the Government benches to look detached and unconscious was a study in expression. Each

Minister seemed to be saying, as Mr. Donovan's praises unfolded them selves, "Well, it's all true, but please spare our blushes." Mr. Donovan's calm judgment was that the Whitney Administration was the greatest ever.

The Toronto Star heads its report of the opening thus: "Ladies Acclaim Donovan Adonis—Member From Brockville Makes a Hit at Opening of Legislature." A paragraph in its report says: "The ladies be it said, declared that Mr. Donovan was 'just too lovely,' besides being named Albert Edward after the King."

Toronto Telegram: One continued round of applause served to reward Mr. McKeown and welcome Mr. Donovan. The speech of the Brockville member showed that the Government had gained not one but two able debaters as a result of the bye-elections. Of the two addresses probably that of the Brockville man was the more effective. While not so dazzling as the Dufferin orator, he speaks with easy grace and fluency, and people would remember more of what he said. His language is good and his reasoning clear. Both speakers were brief.

The Reason Why Zutoo Is Used by Thousands.

It would probably surprise you to know how many thousands of people are using Zutoo Tablets who had never before used a headache cure.

This is due to three facts. They tried the tablets. The tablets cured their headache. The tablets did not hurt them.

Like sensible people, they do not suffer from headache any more. They either let Zutoo ward off the headache—nip it in the bud—or assist nature in stopping it. Which do you do? Do you suffer from headache or do you take Zutoo?

TEMPERANCE LAKE

Temperance Lake is enveloped in a fluffy white counterpane, three feet thick, trimmed with green pine and cedars. Its dazzling purity excels anything ever exhibited at Brockville Fair. The great fall of snow rendered the roads impassable. Mr Yates Avery made a V shaped snow plow and by putting 2 span of horses on it did more work than 12 men in the same time. Mrs George Burnham is totally blind besides other severe ailments. Mrs Millie May, who has been visiting her sister, Mrs Delbert Avery, has returned to her home in Enterprise.

GREENBUSH

A Warning

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla. It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle to day.

The Golden Calf

The Egyptian women wore bangle hoops of gold in their ears, which were regarded as the wearer's chiefest possessions and were parted with only under direct stress. The golden calf was supposed to have been made entirely from the earrings of the people. Only English Pope. The only Englishman who ever ruled as pope was Nicholas Breakspear, who was born about the year 1100 at Langley, near St. Albans. He was unanimously elected for the papal chair in 1154 and bore the title of Adrian IV.

Air Your Clothing

Air your dresses well and they never will seem stuffy. Clothes never should be shut up in a wardrobe immediately after they have been worn. Let the bodice of a dress hang over the back of a chair for at least half an hour before putting it away. The oldest clothes can be kept fresh and odorless if they are treated in this way.

French Posters

France has had a law ever since 1791 prescribing that only government posters may be printed on white paper. All others must be on colored paper and are subject to a tax. The Longest Love Letter. Perhaps the longest love letter in the world is one written by a certain courtier in the time of Queen Elizabeth to his ladylove on the return from the armada campaign. It occupied 400 sheets of crumpled writing, the number of words being something like 40,000. Scissors and Lightning. Small articles of steel, such as scissors, cannot attract lightning out of its course, as commonly supposed. Colors and the Eyes. Green is the color most beneficial to the eye in diffused light and reds and pinks the most harmful. In a strong direct light, however, blue and neutral tints are the best for the eyes and purple is the most harmful, as is proved by the phenomenon of snow blindness. Lest Through Ignorance. A Roman man was unearched during excavations at Scully, near Scarborough. A workman, under the impression that there might be money in it, dug a hole with his pick with the result that it was broken. Salvation Army Praise. "I feel it my duty to testify to the benefit I have received from the use of Psychine. While travelling in New Ontario conducting special meetings I contracted a very bad cold, which gradually developed into Bronchitis of the worst form. I was advised to try Psychine, which I did, and after using but a few bottles I was completely restored to health. I recommend this wonderful remedy to sufferers from Bronchitis and other troubles." Later: "I wish to add that my voice, since using Psychine, is stronger and has much more carrying power than it had before I had bronchitis, and the vocal chords do not tire with speaking." P. TILLER, Capt. Salv'n Army, Ann St., Toronto, Aug. 13, 1907. Throat, lung and stomach troubles cured by Psychine; also insipient consumption. All druggists, 50c and \$1.00, or Dr. T. A. Selections THE DIET DRILL. Ancient Method of Making Brave Soldiers in China. In robes of pale silk, delicate and cool, a fat young Chinese diplomat amused a half dozen pretty girls at a Bar Harbor tea. "And," he was saying, "we find it hard to abolish the ancient diet drills on the soldiers. They still believe, you know, that it is food rather than work and study which makes the successful warrior. "Our old laws bid the soldier on the thirteenth day before going into battle to eat tiger jelly, so as to possess the tiger's ferocity. On the twelfth day they tell him to eat lion liver in order to acquire the lion's bravery. For the eleventh day the ancient writings advise serpent soup, which will give the man the serpent's cunning; on the tenth day, chameleon custard, so that he may dazzle and confound the enemy by changing color like the chameleon; on the ninth day, a broth of crocodile that he may pursue the enemy in the water no less cleverly than on land. "Next, jaguar spleen, which will give him the jaguar's fierce and rapid onslaught; next, kites' heads, for the eyesight; then hippopotamus brains, to toughen the skin against wounds; then roast monkey, for nimbleness in scaling the enemy's walls; then stewed scorpions, a dish that makes the eater capable of inflicting venomous wounds; then underdone venomous breast, so that the soldier may be cruel and pitiless. And finally on the day of battle the man is ordered to eat a red powder made of the desiccated blood of the leopard, so that he may tear the foe to pieces as the leopard tears his prey." The young diplomat laughed. "We have still," he said, "hundreds of mandarins and thousands of soldiers who think that this diet system makes better warriors than all the modern drilling and gunnery and science in the world."—Exchange.

KING MANUEL WANTS NO MONEY NOT AUTHORIZED BY CORTEZ

Ex-Premier Franco Goes to Paris--King Carlos Died a Poor Man.

Lisbon, Feb. 10.—The first work of the new Cabinet has produced a good impression here, as has also the text of a letter addressed by King Manuel to Premier Ferreira, as follows: "My Dear Premier,—According to article 80, of the Constitutional charter, the Cortez must at the beginning of each reign fix the amount of the King's civil list. As I desire to leave the parliament entirely at liberty in this matter, I have resolved that the royal treasury shall not make use of any resources whatsoever before they have been sanctioned by parliament."

Franco Leaves Madrid.

Madrid, Feb. 10.—Ex-Premier Franco and the members of his party, who left here last evening at 8 o'clock on the southerly express, bought tickets only to the frontier. Where they are bound for is not known. Some say Paris, where this train is due to-night, but others declare that the eventual destination of the King is Germany, where he intends placing his son in a university. Franco is accompanied by his wife, son and Senator Novas, an intimate friend. The former Premier displayed great nervousness at the railroad station. He arrived there, accompanied by several policemen, and entered by a side door. While paying for the tickets for his party, his hands trembled, so that the money he held fell to the floor. These arrangements finally completed, the travellers quickly entered a sleeping car, which had been switched to a side track and which later was attached to the regular Paris train. Police men surrounded the car to keep back the curious crowd. There was no hostile demonstration. The Spanish Government detailed a detective to accompany Franco to the frontier.

On the contrary, he was firmly convinced that the policy he had nursed was the wisest one possible. "Portugal was in a state of demoralization," said the spokesman for Senator Franco, "and every excess of liberty, to-day, while bringing an apparent end of tranquillity, will in reality only add to the violent passions of the people, which latter will explode with greater violence."

Senator Franco does not believe that the murders of the King and Crown Prince resulted from an elaborate political plot; they were the acts of mad men instigated by a money bribe. The best proof is found in the fact that after the assassinations when the monarchy was passing through its critical hours and the nation was without a government, no serious attempt was made to proclaim a republic.

"Senator Franco is now leaving Portugal, but he does not take this step because he is trying to forget his acts and policies, but because he desires to avoid the occasion for further political discussion which would only inflame the passions of the people."

In conclusion the spokesman for the ex-Premier said he thought it probable that Senator Franco eventually would go to Switzerland.

Carlos Was a Poor Man.

Lisbon, Feb. 10.—King Carlos died a poor man. His entire fortune consisted of insurance policies held by the King of Portugal as securities for advances made. After these repayments have been made it is declared there will not remain more than \$30,000 to be distributed to the heirs of the king.

Senhor Machado, leader of the Republican party, in an interview to-day, denied indignantly that there was any connection between his party and the assassinations, which the party deeply regretted. Machado explained that the republicans were an oppositional group, that their course had been perfectly legal, and that nothing was further from their minds than a propaganda of force. He said he was certain the monarchial regime in Portugal was doomed and that it would die out peacefully within a few years. There would, however, be no violence. The days of the barricade are gone forever, Machado said, and in this age ballots are mightier than bullets.

It is announced to-day that Capt. Azevedo Coutinho has been appointed Civil Governor of Lisbon. This is the first time in eighteen years that a military officer has been named to fill the post.

Announced a Revolution.

Paris, Feb. 10.—The Gaulois to-day declares that immediately after the assassinations of the King and the Crown Prince of Portugal on Saturday, Premier Franco rushed to the Ministry and sent a cipher telegram to the Premier of Spain. He announced a revolution in Portugal as imminent and unavoidable, and said it was bound to have a direct reaction in Spain.

He asked the Spanish Premier if he would consent to intervene in Portugal in case the lives of the King and Queen were threatened. On receipt of this message Premier Maura immediately communicated with King Alfonso and summoned a Cabinet meeting for 8 o'clock the next morning. The next day there was much activity in the military centres of Spain.

New York, Feb. 10.—On indictments charging the United States Government Ernest W. POST OFFICE BUSY.

Another Fake Circular Promoter Arrested Yesterday.

Toronto despatch: Acting under instructions from the Post Office authorities, Detective Wilton yesterday arrested Daniel Murray, 129 Queen street east, a Scotchman, aged 59 years, on a charge of fraudulent use of the mails. Instructions from Ottawa have been received to rigidly enforce the law against the passage of fake circulars, etc., through the mail, and Murray is the second man in two days that Inspector Henderson of the Post Office staff has caused to be arrested.

Murray has been flooding the Province with circulars, particularly the neighborhood of Whitchy, describing himself as Murray & Co. manufacturing jewellers, 129 Queen street east, offering \$25 worth of jewelry for \$6-50 cents

POSTAGE ON DAILIES

REDUCED FROM FOUR CENTS TO ONE CENT A POUND.

Objections to United States Publications Does Not Apply to the Daily Press—Convenience of Settlers Along the Boundary Considered.

Ottawa, Feb. 10.—The following was given out by the Post Office Department to-day: "An amendment has been made to the convention negotiated between Canada and the United States, as regards the postage on daily papers. Daily newspapers now charged four cents a pound will in future be one cent a pound. Weekly newspapers and periodicals remain the same, four cents a pound, under the treaty negotiated in May last, and which has now been in existence for some months. It has been found that all the objectionable class of matter, which owing to the difference in classification of the two countries was being sent into Canada from the United States, has entirely disappeared from the mails. It has also been ascertained that this class of matter is entirely confined to the so-called monthly or weekly periodicals, and newspapers, and that these objections do not exist, so far as the daily newspaper is concerned. It has also been found, owing to the close connection necessarily existing along the borders of the two countries, and the remoteness of many of the people from the daily press of either side, that considerable objection existed to their having to wait for the daily press of their respective countries, when owing to the contiguity of the cities of either side they were able to obtain the daily papers of the other country early in the day. It was also found that a great number of daily papers were taken for the purposes of sale on either side of the line.

James Hargis, a prominent figure in Breathitt County Feuds, Quarrelled With His Son Beach—Latter Murdered the Old Man.

Jackson, Ky., Feb. 10.—Former County Judge James Hargis, for many years a member of the State Democratic Executive Committee, accused of complicity in many killings and a prominent figure in the feuds which have disrupted Breathitt county for several years, was shot and instantly killed in his general store here this afternoon by his son, Beach Hargis. The son fired five shots in rapid succession at his father, who fell dead while his clerks were waiting on customers. The exact cause of the murder has not been learned, but it is supposed to have been the result of differences which had existed between father and son for some time.

CHILD TERRIBLY BURNED.

Eight-Year-Old Katie Riley Falls on Red Hot Stove.

A Toronto despatch: While 8-year-old Katie Riley was alone in the kitchen at her home at 75 Teraville street at 3:30 o'clock yesterday afternoon she fell upon the stove, which was red-hot. Her clothing caught fire and she rushed screaming from the room. She was seen by a boarder in the house, her mother and father being absent. The man tore off his coat and wrapped it about the child.

AS RADICAL AS PARNELL.

McMurrough Kavanagh is Out for Home Rule.

Dublin, Feb. 10.—The recent selection of McMurrough Kavanagh as candidate for the Parliamentary vacancy by the Nationalist convention at Carlow is important and significant. Mr. Kavanagh was an extensive landowner in Leinster, but has sold his estates. He is the son and heir of Kavanagh of Borish, who during the Diavall period was leader of the Irish Unionist and Landlord party. He himself was Unionist candidate for East Galway in 1886, but joined the Dunraven movement. Becoming convinced that devolution would not come, he has now declared for home rule, and signed the pledge of the Irish party.

Ashamed of Position, Asks Relatives to Keep Away.

Fishkill, N.Y., Feb. 10.—Harry K. Thaw has requested that neither his wife nor his mother visit him while he is in the State Hospital for the Insane at Matteawan. A Russell Peabody, of Thaw's counsel, and Dr. Britton Evans, the alienist who visited Thaw to-day, Mr. Peabody said that Thaw does not want either his wife or mother to see him in the hospital, and that he has changed his views on that point since reaching the hospital. Mr. Peabody said no action would be taken to-day to secure Thaw's release.

GRAIN MEN ALARMED.

Growers Have Fixed Up Regulations for Buyers.

Winnipeg, Feb. 10.—The draft of the bill to amend the Grain Exchange charter, as prepared by the Grain Growers' Association, to meet their views upon the requirements of the grain trade, has practically passed the Committee of Agriculture, and will be reported to the House without alteration. It is radical in its provisions, and is termed confiscatory by the members of the exchange, but Premier Roblin has promised it his unqualified support and given assurance that it will pass the House without a sentence being altered.

FRANCIS REMANDED.

Doctors Will Examine and Report on Toronto Fakir's Story.

A Toronto despatch: Will J. Francis, who was arrested on a charge of making fraudulent use of the mails, came up in the Police Court yesterday morning, and Col. Denison remanded him for a week. The detectives want to make further enquiries regarding the prisoner's methods of doing business, and the advertisements inserted by him in the evening papers. In the meantime the doctors at the jail will examine Francis to ascertain if he is quite sane.

LANDING ARMS IN CHINA.

Japanese Steamer Seized by Customs Officers Near Yacoo.

Hong Kong, Feb. 10.—Chinese Imperial customs officers this afternoon seized a Japanese steamer near Yacoo, which was landing arms on Chinese territory. It is alleged that the arms were intended for revolutionists under Dr. Sun Yet Sen, the leader of the revolutionary party in China.

MULE AND BUGGY.

Mother Offers 12-year-old Boy This Bribe to Kill Father.

Mobile, Ala., Feb. 10.—News received here from Bonifay, Fla., says considerable excitement prevailed in that town when the report that J. A. Strickland, residing three miles north of here, had been shot in his room while sitting by a window, by an unknown assailant. The report reached town immediately after the shooting by a son of Mr. Strickland, who came post haste for the doctor and sheriff, the latter wiring to Dufuria for bloodhounds, which arrived on the late train.

FELL TO HER DEATH.

Fatal Fire in a New York Apartment Building.

New York, Feb. 10.—One woman is dead and several persons are in the hospital suffering from injuries as the result of a fire which destroyed the five-story brick apartment building at the north-west corner of Columbus avenue and Seventieth street early to-day. The blaze is supposed to have started in the drying room of a laundry in the basement, and owing to lack of water pressure spread with such rapidity that the occupants had little opportunity to reach the street. Margaret London, 21 years old, fell from the fifth floor and was fatally injured. She had been standing on the icy grating waiting for the arrival of the firemen, when she slipped on the icy grating and fell to the pavement. She died a few moments later.

LOST BARONET.

Had Been Cow-Punching in Western States—A Rover—Known in India and on the China Coast—Served in the Boer War.

New York, Feb. 10.—Sir Genille Cave-Browne-Cave, the Englishman for whom British lawyers have been searching for over a year, turned up this morning on board the White Star line steamship Celtic, sailing for Southampton. Although he would not divulge his intentions, it is understood the traveller returns to take up the estates to which he is heir with his father, Sir Mylles Cave-Browne-Cave, died on January 22, 1907.

WRONG-HEADED OFFICIAL.

A Southern Tail-Twister in Court at Emerson, Man.

Emerson, Man., Feb. 10.—George Folk of the United States secret service, and nephew of Governor Folk of Missouri, who was arrested here yesterday on a charge of kidnapping two Canadians, whom he accused of smuggling last December, appeared in court to-day, and with a show of bravado and contempt for Canadian officials, declared that he would report to the United States authorities for him. He refused to ask bail, preferring to act the martyr by lying in jail. The case was remanded until Monday.

WHO WAS PHARAOH?

Jewels Found at Thebes May Decide the Question.

London, Feb. 10.—There is great interest here in the announcement cabled yesterday of the finding of jewels of the wife of Seti II. Dr. Wallis Budge of the British Museum and other Egyptologists in London have received news confirming the report of the find. The discovery, said an expert, is a further triumph for Theodore M. Davis, who is backing the excavations in the Valley of the Kings.

NO CHANGE IN BRITISH FLEETS.

Halifax Story Denied as Absolutely Without Foundation.

London, Feb. 10.—The Associated Press officially authorized to declare that there is absolutely no truth in the report that the British Squadron in the Pacific is to be materially increased. No changes whatever are being made or are contemplated in the China squadron, and the British Government has not the slightest intention of replacing the old Pacific fleet, which formerly had its base at Esquimaux, B. C., and which is now represented by a solitary sloop of war.

KAID MACLEAN

Arrives at Tangier After a Bondage of Seven Months.

Tangier, Feb. 10.—Kaid Sir Harry MacLean, commander of the Sultan's body guard, and next to the Sultan the most influential man in Morocco, has arrived here under an escort from the Sultan, Kasauli, who has held him under bondage for the past seven months. The capture of Kaid MacLean was carefully planned. He was sent out to meet Kasauli alone and against the advice of his companion, in order to persuade the Sultan's chief to resume peaceful mode of life and obey the laws of the country. Later, Kasauli sent a message to the Sultan announcing the death of the commander of his body guard, and informing his Majesty that he would hold the General a prisoner until terms that he submitted to the Sultan were granted. These terms included the payment of a large indemnity and his reappointment to the Governorship of Tangier and other high offices.

Had Been Working Under Name of Canadian Art Union—Evidence of Secret Service Men Said to be Complete to Last Detail.

Cincinnati, Ohio, Feb. 10.—Eleven officials of a Fort Erie, Ont., lottery known as the Canadian Art Union were indicted by a United States Grand Jury to-day at Richmond, Ky., after secret service men had been working on the case for weeks. The men indicted are: H. W. Armstrong, Lewis Gatto, John Kromp, James Doll, John Ellis, Loney Long, J. F. Johnson, Maurice Richmond, Charles E. Wells, Thomas Dawson and John Weidner, the latter of New York city. Richmond is said to be the head of the policy game that is run in all parts of the United States in conjunction with the lottery. FRANCO-CANADIAN TREATY.

Has Been Adopted by Chamber of Deputies at Paris.

Paris, Feb. 10.—The bill approving the convention between France and Canada was adopted in the Chamber of Deputies to-day by a very large majority. M. Lefas showed that Canada, by concluding with France a convention for ten years had followed a far-sighted policy which would protect her industry, but he considered that the French boot and shoe industry, which was of great importance, would be seriously affected by the new convention.

HARD TO PLEASE EVERYBODY.

Secretary of German Treasury Resigns—Failed to Solve Problem.

Berlin, Feb. 10.—It was announced to-day that Freiherr von Stengel, secretary of the Imperial Treasury, has resigned office. His successor has not yet been named. The retirement of Von Stengel is undoubtedly connected with the financial embarrassment of the German Empire and the difficulty in finding a solution satisfactory to the various States and political parties.

OUT OF BUSINESS.

London Tribune, Liberal Newspaper, Gives Up Struggle.

London, Feb. 10.—The Tribune, a Liberal daily newspaper, which was founded two years ago, announces that its issue to-morrow will be its last, owing to lack of capital to carry it on. It has been one of the largest, best printed, and best conducted of the London dailies, but it is understood that it has never been a paying property.

Albany, N. Y., Feb. 10.—Three more bills aimed at gambling were introduced in the Assembly to-day. One of the economic utilities that characterized the days of Athens' primitive simplicity was a buzz saw elevated on a pole and used as a fire-alarm gong. It was superseded by a bell, but last week the bell found itself, temporarily, without a home, and the buzz saw was again placed in commission. It is now ready for business at the corner of Main and Henry streets, and when our citizens hear a noise like a car of tinware rattling over the stony street they will know that the buzz-saw fire alarm has been touched off.

I wish that I might talk with all sick ones about the actual cause of Stomach, Heart and Kidney ailments. To explain in person how weak Stomach nerves lead to Stomach weakness. I am sure would interest all. And it is the same with weak Hearts or weak Kidneys. This is why my prescription—Dr Shoop's Restorative—so promptly reaches ailments of the Stomach, Heart and Kidneys. It is wrong to drug the Stomach or stimulate the Heart or Kidneys. These weak inside nerves simply need more strength. My Restorative is the only prescription made expressly for these nerves. The Canadian daily papers have been granted a concession in the matter of postage and now pay only one cent per pound on papers sent to the United States. The tax imposed on weekly papers is continued. This tax is contrary to the wishes of the vast majority of Canadians and is favored only by the head of the Post Office department who is anxious to increase the surplus, by the publishers of a few third-rate magazines who wish to kill the competition of the superior magazines from the U.S., by corporate interests that have some thing to conceal, by a few tin soldiers whose cheap loyalty can be counted upon to support any act tending to raise a barrier between the people of this country and the United States.

HARD ISLAND

We are pleased to learn that Mr Wm. Wood and family are to remain on the Island for another year.

We think the oft-repeated acts of kindness shown by Mr G. W. Robin son in shoveling snow for our worthy and esteemed neighbor, who has now passed the four score limit of his years, well worthy of commendation and imitation.

A good type of pluck and perseverance was manifested on Saturday by a merry sleigh load of young people who broke their way through the drifts of snow and spent the evening at the home of Mr and Mrs H. Stephenson here. The party consisted of Messrs S. and C. Grey, C. and M. Henderson, K. Blancher, and Misses N. Redmond, E. Blancher and M. Kelly. Though justly detained from being present, we are glad to learn that the evening was most enjoyably spent in a manner characteristic of the Church of the Holiness Movement, to which they belong, and cheering to the drooping spirits of older ones.

How often, forgetting the crown,
And the palm and the victor's array,
In sackcloth we choose to sit down,
Discouraged because of the way!

Disheartened because of the foe,
And weary of bearing the cross,
Cast down when the brooks cease to flow,
And the gold is obscured by the dross.

Then the cross is a burden and grief
And the yoke is a toil and a care,
Though 'tis only our blind unbelief
Which makes them so heavy to bear.

How often to Marah we flee,
And there pitch our tent in the waste,
Forgetting the marvellous Tree
Which maketh it sweet to our taste.

We pine for the blessings forgone,
While still beside Marah we dwell,
Though to Elim we ought to press on
And be counting each palm tree and well.

Soon the shoes shall be loosed from our feet
And the staff shall be dropped from the hand,
And the wilderness manna, so sweet,
Shall be changed for the corn of the land.

Then grace shall with glory be crowned
And night shall dissolve into day—
Oh, the country for which we are bound
Is worth all the griefs of the way.
