THE REGATTA

The regatta, on Wednesday last, owing to the roughness of the water, was not the success its promoters intended.

But five of the scheduled races took place, the others being rained out on Thursday.

The first called was the four-oared lapstreak race in which four boats started, but two only completed the course, the others having to return, on account of rough water, when but three quarters of a mile up the course.

The New Glasgow crew came in first, and the S. E. crew three lengths behind.

The S. E. representatives were very unfortunate in this race, and also in the four-oared shell race rowed on Thursday.

In the former their boat was almost full of water when they arrived at the starting point; and in the latter, one of their number, who was slightly indisposed when starting, gave out before the turning point and was rescued, and afterwards merely kept stroke with his companions.

While the four-oared lapstreak race was being rowed the sailing races were started. In the class for boats over 20 ft. keel, five boats, the Harp, Greyhound, Glens, Mabel C and Alexandria, started. The two first only completed the course, the Harp winning by about a mile.

When Rocky Point the masts of the Glens and Mabel C went by the board, and Mr. Ledwith, who was sailing the latter boat, was struck on the head by the falling spar, and so severely injured that he is now confined to his home.

The sailing race for boats under 18 ft. keel had four starters, viz. Mary V, P. L. Hagan, Rosetta and John. The first mentioned two only, called the course, the Mary V crossing the line first, half a mile in advance of the Puritan.

The next race called was the four-oared lapstreak for boys, in which three crews, two from the H. B. C., and one from the S. E. B. C., started. It was hotly contested, the S. E. crew winning with the "Boderick Dhu" second.

The fifth and last race of the day, the double-oared lapstreak, and the most interesting of the regatta, the most interesting of the regatta, the most interesting of the regatta, was next started. Three boats, the "Rovena" and "Siena," representing the S. E. club, and the "Forty-eight" of the Hillsborough club, started.

The "Rovena" was won by about five lengths, the "Siena" second, closely followed by the "Forty-eight."

On Thursday evening the four-oared shell race was rowed, the New Glasgow crew winning by three lengths over the S. E. crew, who met with the aforementioned mishap.

But one aspirant for aquatic honors, Patrick Frumy, of the H. B. C., appeared to do battle for the boys' single scull race. He was sent over the course and awarded the prize.

REV. J. C. MACLEAN.

Rev. J. C. Maclean, who was recently appointed to the pastorate of St. Margaret's, and East Point, left on Friday morning last for the scene of his labors. Before leaving the city he was the recipient of many substantial proofs of the esteem in which he was held by the parishioners of Charlottetown. Among the many presents he received might be mentioned a valuable clock from St. Joseph's Society; a lamp from the children of St. Joseph's School, and a dinner set from the ladies of St. Vincent de Paul Sewing Circle.

On Wednesday evening he was welcomed at the Palace and presented with the following address, accompanied by a purse containing one hundred dollars:

ADDRESS.
To Reverend J. C. Maclean.

REVEREND DEAR SIR,—Below taking leave of you, on the eve of your departure for the important station of St. Margaret's, East Point, we desire, on behalf of the members of St. Dunstan's Congregation, to give expression to the high esteem in which you are held by every member of this community, and to assure you of the sincere regret your appointment to these missions has occasioned in this parish.

Three and a half years ago, you commenced your labors amongst us, and during this short period you have discharged the duties of your sacred office with such skill and energy that to-day we recognize in your departure the loss of a devoted pastor, a true friend and an earnest and impressive preacher. By your uniform kindness and courtesy, prudence and unassuming disposition you have endeavored yourself to us all, and you can rest assured that wherever your lot may be cast we shall always cherish a loving remembrance of your pastorate in Charlottetown, and our united prayer will be that you may long be spared to us in the position in which Providence has placed you.

Wishing you the most abundant success, and asking to be remembered in your prayers, we respectfully request you to accept the accompanying purse as a small token of our respect and affection.

On behalf of St. Dunstan's Congregation.

FRED MCCOY,
D. O. M. Rector, J. D. J. MACDONALD.

His Excellency, the Governor General of Canada, is expected to visit this city on or about the 28th inst.

The schooner Mary Jane, owned by Thomas Batten, of Wallace, N. S., in ballast, was wrecked and all hands lost, off Cape Tormentine on Monday night last. She was seen from the shore, and a party of rescuers tried in vain to reach her in one of the ice-boats, but failed to do so. They got out to her on Tuesday morning, and found one man on the wreck, but he was dead. In his pocket was a card with the words, "Fragrant Stinson, Wallace, N. S." The schooner was formerly owned by Capt. Thiel, of Souris, and was about fifty-five tons register. Two bodies were washed ashore on Tuesday morning.

MISCELLANEOUS.—At a meeting of the Executive Council held during last week, Hon. D. Ferguson resigned the office of Commissioner of Crown Lands and Provincial Secretary, and Hon. Mr. Bantley was transferred from the Public Works to the Land Office, vacated by Hon. Mr. Ferguson. Mr. H. L. Macdonald, M. P. for Charlottetown, was appointed Commissioner of Public Works in place of Hon. Mr. Bantley. Hon. Mr. Macdonald was sworn in on Friday afternoon and entered on his duties as Commissioner on Monday morning. We extend to him our congratulations on his advent to office and trust he may have a long and successful career as a minister of the crown.

James Macdonald, Esq., Captain of the Harp, has on the stocks, almost ready for launching, a vessel about one hundred and fifteen feet long, and about three hundred tons in measurement. She is a splendid model, and is to be launched in the harbor of Charlottetown, on the 15th inst. The vessel is the property of Mr. James Macdonald, of P. O. Box 100, Charlottetown. Besides this vessel, Mr. Macdonald and his partner have two other vessels, one a brigantine, the other a schooner, both of which are also on the stocks. They are engaged for the most part in the West India trade, during the past season. Such enterprises deserve every encouragement.

Ayer's Pills

Read all others as a family medicine. They are adapted to every constitution, old and young, and being sugar-coated, are agreeable to take. Purely vegetable, they have no ill effects, but strengthen and regulate the stomach, liver, bowels, and restore every organ to its normal function. For use either at home or abroad, on head or on face.

They are about the only pills used in our neighborhood.—Boston Co. Druggists, 100, W. Water St., Boston, Mass.
