This is not in the least surprising, because Vaporub is a combination of Menthol, Camphor, Eucalyptus, Oil of Juniper Tar, Oil of Thyme, Turpentine—the best remedies for colds, congestions and inflammations-

It is a vapor treatment, a penetrating liniment, an antiseptic dressing, a counter irritant and a soothing application—all in one.

The present is a time of danger for those susceptible to colds. Do not wait until a cold develops, but be prepared by having a jar of Vicks Vaporub at hand. Look for the familiar blue jar and do not accept sub-

One notes that the purple shades are stressed in millinery.

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparilling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how

Obituary

MRS. GRACE JEFFERY.

The passing of Mrs. C. E. A. Jeffery brought sadness to many. A ek ago she was engaged in her cusary activities. To-day her hands folded on her breast, and she has fallen on the sleep of transition. On her husband and child the blow falls with severity. Alterfew days, but, when on Thursday fternoon Mr. Jeffery was summoned from the Legislative Chamber, where he was performing his duties as Gentleman Usher of the Black Rod, it was generally realized that the hour of parting was drawing near. He eached the hospital in time to bid farewell. She lingered for several hours and then passed peacefully away to the larger life.

Mrs. Grace Jeffery was the only anghter of the late G. C. Fearn. She was born in Halifax, N.S., educated at Bedford High School, and at Venrae, Holland. In 1908 she came to St John's where she quickly won merited reputation in her profession as a nurse. For some time she was Matron of the Tubercular Sanitorium at

All Elements in Big Griffith Spectacle

"The Birth of a Nation," D. W Griffith's epochal film sensation, will be the offering at the Majestic Theatre next Monday under a United Artts Corporation release.

The result of Mr. Griffith's efforts is a new and stupendous art for which no adequate means has yet been found. "The Birth of a Nation" combines spectacle, romance, domestic drama, comedy, tragedy, music, and mechanical effects into a harmonious ensemble that captivates equally the eye and ear. In a presentation lasting two hours and forty-five minutes. it epitomizes the life of a nation. This is something the old art could never

do. The obsolete so-called "stage unities" are thrown to the winds, and Griffith carries the magnificent story from the introduction of African slavery right down through Civil War and Reconstruction days to the final real union of South and North in the bonds of love and peace

Among the distinguished actors in the cast are Henry B. Walthall, Lillian Gish, Mae Marsh, Miriam Cooper, Mary Alden, Josephine Crowell, Ralps Lewis, Joseph Henabery, Raoul Walsh Donald Crips, Howard Gaye, George Seigmann, Walter Long and Elmer Clifton, Eighteen thousand people, 3,000 horses and no less than 5,000 scenes went to the making of the big spectacle.

The lovers of the screen will have an opportunity to see this wonderful spectacle at popular admission price 30 cents whilst the largest theatres in Montreal, Boston, New York and Chicago are selling their scats for \$1.00 and \$2.00.

Jacobson and Evans with the special Orchestra have prepared an elaborate appropriate musical program

and quite correct for sports wear.

The Council, consequently, had to face a deficit, which, I may say, was brought about in the great shortage in coal duties which were some eighteen thousand dollars less than the estimate. In making up our estimates the year, we gave same the most careful consideration and will try and make ends meet without having to resort to increased taxation. If the improvements desired by citizens are to be undertaken it must be distinctly understood that taxes will have to be increased. At the present time the Council cannot undertake works such as the extension of water and sewer mains, etc., out of its current revenue. We estimate the present year to receive something like four hundred and twenty-five thousand, seven hundred and seventeen dollars an lifty cents, and our expenditure we estimate at four hundred and twenty-two thousand, four hun

We are asked on every hand: "Why is not this abominable system of night collection done away with?" True, if the houses I have just mentioned had water and sewerage installation there would be no need of it, but with a growing city and houses unfit for installations, and the addition to the city of such places as the Annex (to which I have previously referred) where not one house has these necessary facilities, and where in fact the connections are not available, how can we abolish the system?

The Sanitary Department has a staff of some sixty sweepers, team ters and general men; twenty-six horses, twenty-five ash carts and six night carts. This Department, I may say, would cost considerably more but for the fact that the soil when collect ed is brought to the Sanitary Stables and dumped into the Reservoir from whence it finds its way into the waters of the Harbour.

DEPARTMENT OF PUBLIC WORKS.

It has frequently occurred that Accounts have been presented for payment to this Department for goods delivered, services rendered, or work done, for which no authority whatsoever has been given by this Department. The Public, and especially those concerned in the past, are hereby notified that this Department not and will not be responsible for any expenditure unless duly and properly authorized by this Department by numbered official written order signed by duly appointed officials, or in case of Road Expenditures by letter of instructions signed by the Minister or Deputy Minister. All persons concerned must therefore govern themselves accordingly.

C. E. RUSSELL, Minister of Public Works.

We have just been instructed by Mr. Steele, to ear out our present stocks and so make room for NEW GOODS, of which he is now buying extensively in the English Potteries.

Obituary

PATRICK J. O'NEIL.

person of Patrick J. O'Neil, late of H. M. Customs, Mr. O'Neil was born at St. John's on Sept. 6th, 1855 and began life as an apprentice to the tailoring trade. In 1877 he opened business for himself which he conducted successfully till about 1898, when he was appointed Landing Waiter in H.M. Customs, which position he held till his death. As a boy he enrolled in the Juvenile T.A. & B. Society, of which he was President from 1870 to 1874 and from 1887 to 1896 he held a similar office in the senior body. Under his leadership the Society prospered and the membership greatly increased. After the fire of 1892 he rendered valuable service as chairman of the Trades Committee and at one time contested the election in St. John's East, but without success. He was prominent as an amateur actor in his younger days, and as manager of the Old Favourites did much to bring that troup into prominence locally. Possessed of unusual musical ability he was a leading member of the Terra Nova Band till it went out of existence. A companionable acquaintance, agreeable and gentlemanly, the late P. J. O'Neil had a host of friends who will learn of his passing with deep regret. He leaves a widow, one brother, William, of Theatre Hill, one sister, Mrs. W.
