

POLLARDS PRODUCE THE MIKADO

Another Success Scored at the Lyric Theatre Last Night

The Pollard children scored another success last night in their presentation of the "Mikado" and quite surprised their audience in some of their roles. For instance, Olive Moore's interpretation of "Katisha," ugly and old, was a revelation to those who had seen her in the sweet and dainty "Fifi" of the "Belle of New York." Her make-up was excellent, and her acting not a whit behind. When she and Teddie McNamara (Ko-Ko, the Lord High Executioner) got together it was a busy time, and frequent encores were the rule.

Eva Moore as "Nanki Poo" sang beautifully, and although Freddie and Johnnie Heintz had not so very much to do, they were determined to make the most of it, and they did, causing perfect fits of laughter. Freddie, as the noble lord, looked rather more like "Uncle Josh," but his cheerful though impressive manner quite made up for that.

The "three little maids" looked and sang their parts to perfection. Daphne Pollard as "Pitt Sling" was quite enchanting and almost outshone the beautiful "Yum Yum."

Jack Pollard in his dual role of the "Mikado" and "Pooch Bah" did some extremely clever work, meriting his frequent applause.

The "Madrigal" was encored, so sweetly was it sung, and, of course, "The Willow" No one could help enquiring that.

Perhaps the children are not quite so much at home in this as in some of their other plays, it being just lately added to their repertoire. But it was indeed well done, and came up to all expectations.

Coming to Dock in Lake Ontario

New York, Jan. 3.—The United States gunboat Sandovick, intended for the use of the naval militia on Lake Ontario, reached her dock in this city today, having travelled from Norfolk under the command of Lieut. E. N. Walbridge and manned by members of the second separate division of the militia of Rochester, N.Y. The Sandovick was captured at Guantanamo during the Spanish-American war. She will be repaired in New York and proceed to Lake Ontario in the spring.

The Baroness Couitts Was Buried

London, Jan. 3.—During the day over twelve thousand persons viewed the body of the late Baroness Burdett Couitts.

PRUSSIA HARD WITH THE POLES

Continues to Prosecute With Severity any Infraction of Polish Ordinances

Gness, Prussia, Jan. 3.—The Prussian governor, in consequence of the disturbed state of the public mind in Prussian Poland over the school strike and the renewal of the Polish nationalist agitation, continues to prosecute severely any infraction of the political ordinances.

The trial began here today of a member of the Prussian house of lords, Von Koscielski, a rich Polish land owner; Von Chvazanowski, a member of the lower house of the Prussian diet, and 21 other persons who are charged with having taken part in a public meeting in the park of Von Koscielski's castle without the consent of the government. All the accused belonged to the so-called Polish "Socol" association, numbering several hundred persons and forming, the prosecution avers, material for mobilizing a future revolutionary army. The "Socol" assumes to be a gymnastic organization.

SOCIETY AIMS AT POLISH INDEPENDENCE

To Unite All Resources for that Object is Main Feature of National League

Breslau, Silesia, Jan. 3.—The articles of association of the Polish National league describe the aim of the league as being "to unite all the national resources for the restoration of the independence of Poland." Article nine demands a union "with those foreign political parties which are able to gain certain political or commercial advantages without assuming any responsibilities, in states where the Polish people are not admitted to participate in political life." The central committee of the league is bound to "support any revolutionary action tending to change or destroy the government." Article ten reads: "In case of war between the powers that took part in the dismemberment of Poland the league's principal care must be to secure for Poland at the critical moment an important position, and therefore the central committee must prepare plans for a military and administrative organization. The committee must collect accurate information concerning the amount of money in the country available in the event of war and also must arrange a military intelligence system, to obtain information regarding the number, equipment, mobilization, quarters and transportation of the troops, plans of fortresses and magazines and all technical secrets."

CALGARY! CALGARY!

The Commercial and Industrial Centre of the Last Great West, 840 miles distant from Winnipeg and 641 miles distant from Vancouver. Without a rival, without a competitor, without a peer. The centre of a vast country, rich in grain and cattle. The distributing basis of immense coal timber and mineral districts.

Calgary has 12 banks, 85 wholesale houses and 25 manufacturing industries. With an educational system which is unequalled. It has 3 fire halls and 3 branch post offices. A street railway is about to be constructed which will serve East, West and South Calgary. This will mean a belt line of about 12 miles in length.

The G. T. P. have declared their intention of reaching Calgary at an early date. The C. N. R. is determined to become established here in the near future. Both companies are fully warranted in putting forth every effort in order to keep pace with the unparalleled development which is taking place in this part of Greater Canada.

Calgary is favorably situated at the foot of the Rockies, with a climate unsurpassed. Watch her grow! Her population in 1890 was 4,000, her population in 1900 was 7500, her population in 1910 will, at a conservative estimate, reach 50,000. Buy Calgary property while you may. It will double and treble itself in price in a short time. It has been the rule in the past and will be the rule in the future. The tremendous influx of immigration compels it. Get in on the ground floor.

The magnificent suburb known as South Calgary, which until recently was under the control of parties in England and which is part of an estate which must be closed up, will now be placed on the market and thrown open to the public. Three thousand lots are now being offered for sale.

Said lots will be sold at prices varying from \$35.00 to \$60.00 per lot, according to location and value. Terms half cash, balance in three and six months, with interest at 8 per cent. Some of these lots are worth \$200.00 each, none less than \$50.00 each. This is the greatest snap ever offered the public. You cannot lose money, you are bound to make money. You cannot help it. It is merely a question of whether you make a profit of 100 per cent. or 800 per cent.

Adjoining this property is the contemplated terminus of Jim Hill's road, which will reach Calgary from Fernie, passing through a splendid coal, timber and mineral district.

COULDN'T MAKE MONEY HERE

An enterprising Chicago man has offered what seems to be a big bargain to the postal department of the United States.

That Chicago man would have a hard proposition if he undertook anything like that with the Canadian postal service.

The service throughout in western Canada is not well paid. All of the departments are underpaid, and except in a very few of them the wages are the same as in the cheap provinces.

The Calgary council of 1906 in its dying gasp reached out and tied up the business of the city for two weeks at the very time when a tie up is not only embarrassing but positively dangerous.

Some people may say that it is a poor policy to abuse the dead, and no good result will be gained by criticizing a council which has ceased to exist.

But this one fact must be taken into consideration by the newly elected members of the council. It is the council of 1906, the lack of foresight, the ill-considered and deservingly abused council, which was born in gloom and died in disaster.

The first act of the new council, before the appointment of committees, is to insist upon passing the commission by-law. It may take a couple of weeks to put it through, but the by-law was defeated by the council of last year just for the purpose of making it inconvenient for the incoming council to re-enact it.

Let the members of the council be of administration, is the kind of organization that the people have asked for and that the people want. There can be no doubt about that.

The commission form of government is the kind that the people want.

A SENATOR'S MISTAKE

Senator Perley, a Saskatchewan person, has a penchant for making mistakes and saying things which are upside down, for which he is very sorry ever after.

It was not long ago that he spoke about the Saskatchewan province and the frost belt. The speech was delivered in Ontario, and the Senator denied that he ever made the statement, though the fact was maintained beyond any doubt.

And now the same senator boldly accused the Province of Alberta of stealing grain and grasses from Saskatchewan and exhibiting them in the east as having been grown in Alberta.

Of course the statements of the senator from Saskatchewan are absolutely untrue. As Mr. Richardson, secretary of the Calgary Board of Trade, has said in his letter to Mr. Perley, every blade of grass and every kernel of grain that was sent east as the product of Alberta belonged to Alberta, and was grown here.

THE SPANISH WORLD

Previous to the war with the United States a movement was started in Spain for the promotion of closer and more cordial relations with the republics of South and Central America.

That a mutual good understanding among all Spanish countries was necessary, in view of the aggressive attitude of the United States and Germany. In the republics it was felt that their national standing was lowered by the Monroe doctrine, while the enormous growth and expansion of the great republic of North America threatened their independence.

An application for entry or inspection made personally at any Sub-agent office may be wired to the local Agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applications for inspection must be made by the homesteader in default, and if subsequently the statement is found to be incorrect in material particulars the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the Collections made on the following plans: (1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is up to the Board of Trade or some other petitioning body to come along with a prayer that the weather man cuts loose with a chill.

KULBAS HAS LEFT CANADA

Fighting Extradition Does Not Pay—Reward for Mounted Policeman

If any person has lived a trying life during the last three years that person is Kulbas, alias Cook. Some three years ago, after a more or less hazy life, he forged a cheque on the First National Bank of North Dakota. At any rate he fled from the States and remained in the neighborhood of the Canadian Rockies for over eighteen months.

But justice, slow of foot, was equally sure and eventually Corp. Browning, N.W.M.P., arrested Kulbas and brought him to the barracks at Calgary. A sheriff from North Dakota was the next actor in the play. He recognized his man and wished to take him to North Dakota, there to await his trial.

CONVENTION OF SCHOOL BOARDS

First Meeting of this kind to be held in Edmonton So. n

R. J. Hutchings, chairman of the Calgary school board, has accepted an invitation to act as a member of the provisional executive to complete arrangements for the first convention of the school boards of Alberta.

The purpose of the meeting is to create an esprit de corps among those who are charged with the administrative duties of our schools in the same way as has been successfully done with respect to teaching and instruction. It is felt by the department that large profits will result from an interchange of ideas on school administration in both urban and rural districts, and the convention will take account of both these interests.

The step has been taken in answer to a demand for such a meeting on the part of town and city boards in the first place, but the department very properly has in view the inclusion of all school interests.

It is proposed to hold the meeting on the 23rd and 24th of January, which will be about the time of the opening of the session of the legislature. Each city district will be represented by two delegates, and each country district by one.

The first meeting will be held in Edmonton in order to bring the trustees body in close touch with the administration at a time when important legislation in school matters is pending.

FIRE IN A JEWELRY STORE

Considerable Damage Done Last night to E. S. Walker's Store

A fire broke out last evening shortly after seven o'clock in the premises of E. S. Walker's jewelry store, opposite the post office.

An alarm was rung in to the central fire hall by a passerby who noticed smoke issuing from the windows. When the brigade turned up the inside of the shop was in a blaze, but this was soon got under control. Considerable damage was done by both fire and water.

The windows were afterwards boarded up, and it will be impossible to estimate the damage until this morning.

COAL CONSUMERS ARE GETTING ANXIOUS

Our Coal Dealers are asking for Warmer Weather

During the last week the coal dealers have had a great run for coal, in fact the demand has been in excess of the supply coming into the city.

In an interview with a prominent coal merchant in the Alberta association he said that coal was not so plentiful in the city and there was a probability of another shortage, if this cold spell kept up.

"We are at present supplying all orders, though it is impossible to give any prompt delivery, as we are receiving something like 150 orders a day lately. The supply from the Lethbridge mines has not been very great yet, being received in odd lots only, and although the strike has been settled some time now, their back orders were so heavy that it will be some time yet before the average supply will come on."

Enquiries from other merchants goes to show that the supply is not any too good, and even the hard coal which has for some time been the mainstay of Calgary's supply is not very promising.

"If this kind of coal runs out, it will be serious and the public will be put to a great inconvenience over fuel, which, during the cold weather, is bound to add great suffering."

CLOSED SEASON FOR CHICKENS

Such Amendment Will Doubtless Be Made to Game Act

FOR TWO YEARS THERE WILL BE NO OPEN SEASON

Important Meeting of the Game Association Held Last Night

A meeting of the Calgary Fish and Game association was held last evening in the city hall for the purpose of electing officers and conducting general business for the coming season. Owing to the city hall being too cold the meeting adjourned to the Canada Life offices, after about an hour's business.

Rev. Mr. Hogbin took the chair and outlined the object of the association, which was to form a provincial organization taking in all towns and villages so that the whole province could be well covered. Each association could have officers and a committee of its own and appoint delegates to come to the provincial meetings. They had had in response to notices sent out, letters from all over the province concurring in the move and wishing to join in forming this provincial fish and game association.

The treasurer reported that since the last meeting 66 members had joined the local branch, which brought in a subscription list of \$60. Out of this \$15 had been paid for stationery, etc., leaving a balance of over \$50.

On the proposition of Dr. Ings and J. Short the constitution of the Ontario association with alterations as may seem fit were adopted.

The election of officers resulted as follows:

Hon. pres., Hon. W. H. Cushing.
 Pres., Rev. Mr. Hogbin.
 Vice-presidents, Messrs. Darker, Ings, and Osborne E. Brown.
 Secretary, K. C. Johnston.
 Treasurer, J. Peet.
 Executive committee, Messrs. Comer, Short, Thompson, Drew, Wolley-Dod, J. Bryan, E. T. Adams, Col. Walker and J. Wolsley.

Mr. Lawson, the provincial fish and game protection warden, came down from Edmonton especially to attend the meeting and took part in the discussion on the chicken problem.

He said in speaking for the north people, that they would welcome a two year closure on chickens or even five years if necessary.

A representative from Banff thought that some stringent methods should be adopted for the Indians. In that district they make the most of their opportunities in the snow and slaughtered game wholesale.

The amendments Mr. Lawson brought forward to be substituted for some of the present game laws were thoroughly gone into and opinions were freely expressed, which Mr. Lawson said he wished, so as to get the voices and opinions of those present so that he would know how to act.

Another important clause would be having fur and skin dealers to send in the returns of skins and furs that they purchase, whom from and with a detailed account of the kinds purchased.

A dog, if found chasing or killing big game, will be shot by any member of the association without any liability incurring. This may be done any time. As they now stand, it reads that dogs may be shot when chasing big game out of season.

It was moved by Messrs. Darker and Ings that all delegates throughout the province meet in Calgary on Jan. 23rd. It was thought that as this was the day after bonspiel, the delegates would be able to make use of the cheap railway rates.

It was decided that one member for each association and one for every ten members could be sent as delegates. This moved on the proposition of Mr. Peet and Dr. Ings. A vote of thanks was unanimously passed to Mr. Lawson for the interest he had taken in the association and for his help during the evening.

Mr. Lawson replied that he was only too glad to be present and he could safely say that the association would be backed up by the government, and he himself would be only too pleased to do all in his power to help the association to protect game.

Messrs. Darker, Ings, Drew, Riley, Hogbin, Duffus, Osborne, E. Brown were elected as delegates for the local branch.

The following were present during the meeting—Rev. G. H. Hogbin, Messrs. G. Peet, Osborne, E. Brown, W. Riley, N. Lawson, W. Thompson, J. Short, L. Dowler, S. Beveridge, N. Crofton, J. B. McDermott, S. G. Munns, Dr. Ings, K. G. Johnston, H. A. Barker, H. Lawson, provincial warden; C. Comer, J. Drew, S. Habbins and J. W. Bryan.
