LOCAL CELEBRATIONS

Bridgetown Will Celebrate Peace Day and Labor Day; Bear River Thursday 24th, and Port Wade Thursday, July 17th.

Peace Celebration in Bridgetown.

Next Saturday Will be a Public Holiday, and a Good Programme Has Been Arranged.

Mr. A. B. MacKenzie, Bridgetown's popular mayor, presided at a meeting in Mr. Harry Ruggles' office Monday morning, during which a suitable programme was arranged for next Saturday, July 19th.

The programme will commence at 8.30 a. m. by the ringing of church bells.

At 10 a. m. a patriotic decorated auto parade will form up on the school grounds and after accompanying a procession of returned soldiers and school cadets around town, will run to Paradise on one side of the river, returning on the other. Owners of autos are especially requested to have their cars on the school grounds and decorated before 10 a. m.

In the afternoon the Bridgetown Band will be in attendance on the school grounds, where games of all kinds including girl's baseball and basket ball will take place.

The ladies will furnish refreshments.

In the evening a base ball game will take place on the Athletic grounds (probably Bridgetown vs. Paradise) followed by a grand display of fire works.

All returned men are requested to appear in full uniform during the morning and afternoon, and all our citizens are asked to make a liberal display of flags and bunting.

In other words there will be something doing in Bridgetown next Saturday from early morning until after dark.

People from Paradise and the surrounding villages are requested to put their cars in the parade and assist in every way in the Peace Celebration.

LABOR DAY CELEBRATION

A Big Time Being Arranged for Bridgetown to be Held on Monday Sept. 1st.

Labor Day Celebration Committee held a meeting last week at which the following gentlemen were selected to carry on the work: Fred Beckwith—Cathumpian Parade; C. B. Longmire—Band and special trains; Edward A. Hicks, Chairman—Refreshment Committee; Geo. Gill—Advertising; Copy for the publishing of big posters will be placed in the printers hands within the next few days.

A PLEASANT OUTING

St. James Church Sunday School Annual Picnic Held at "The Pines"

A most hospitable host and hostess (Mr. Bothamley and Miss Bridge), that delightful rendezvous—"The Pines", many friends donating cars for transportation, well filled baskets for the refreshment of the inner man, a splendidly arranged programme of sports and games, prizes both useful and ornamental kindly contributed by various well wishers, everyone bent on doing his or her part to make everybody else happy, and an ideal day, this was the combination that made the annual Picnic of St. James Church Sunday School, for the year 1919 which took place on Wednesday last to be long remembered.

The major portion of the party got under way about 10 a. m. and the five mile drive was as enjoyable as it could be at any season of the year, the recent rain having well laid the dust and given everything a fresh appearance.

Arriving at "The Pines" the interval games and rambles; each one following pretty much his own devices. Dinner was served at 12.45 and such was the display on each of the six tables laid, they might have fairly groaned with the weight of good things to tempt and supply the appetite of the hungry and the epicurean alike.

Racing commenced at 2.30, the "Old Boys" leading off in an amusing handicap. This was followed by the graded races of various kinds for the whole school which lasted until 4 o'clock. The rest of the time was taken up with base ball, Quoits, cany and peanut scrambles.

At 5 o'clock the presentation of prizes took place the following being the successful competitors:—"Old Boys"—Mr. H. Ruzgale. The youngest young ladies—Misses Esther Salter and Francis Burns. "Tiny Dots"—Francis Goldsmith and Marguerite Cochran. Primary Class—Evangeline Dodge and Helen Burns. Small Boys—Jack Todd and Freeman Taylor. Small Girls—Monna Goldsmith and Lillian Taylor. "Special Girls"—Dorothy Gillis. Ten year old—Archie Taylor and Willie Owen. Girls under 14—Ruth Anderson and A. FitzRandolph. Boys' Three legged race—Humby Gatt and Jack Lockett. Girls' Three legged race—Miriam and Mabel Dodge. Boys' sack race—H. MacLean and H. Gatti. Girls' sack race—C. L. Gill and C. Ruffee. Boys' relay race—Team captained by John Fisher. Girls' relay race—Team captained by A. N. Other. Gentlemen and ladies' relay race—The ladies.

Following the distribution of prizes a light lunch was served (feet shod and loins girt), shortly after which a start was made for home, rousing cheers being given for Mr. Bothamley and Miss Bridge, every one agreeing "We never had a better picnic."

Where so many friends were in evidence it would be invidious to single out anyone for special mention but the superintendent and staff of the Sunday School would take this opportunity on behalf of the children to thank each and all who in anyway contributed to a day not soon to be forgotten.

ENGLAND IN 75 HOURS

Giant Airship, R-34, With One Engine Completely Disabled Landed Safely at Pulham, Norfolk, England, on Sunday Morning.

PULHAM, Norfolk, England, July 13—Great Britain's mammoth transatlantic dirigible R-34 arrived at the air station here at 6.06 o'clock Greenwich time, today, completing her round trip from the British Isles to the United States and return.

After breakfast and while enjoying the belated luxury of his little black pipe, smoking not being permitted on the airship, Major Scott told the story of the return flight.

"We estimated we would make it in from 70 to 80 hours," he said. "We made it in 75, when we left we had a strong wind behind us and we covered first 800 miles in about

eight hours. When we circled over New York we could plainly see the crowds on Broadway waving to us as we passed, but we could not hear them because of the noise of the engines. South of Newfoundland we encountered head winds and our progress from then was slower.

We travelled at an averaged height of from 3000 to 5000 feet and found much low clouds and fog. Once we saw nothing but fog for 24 hours. We struck Ireland at Clifden, and made good progress from there although our steering engine broke down Saturday morning. We started with 4,900 gallons of gasoline and had 1000 left.

Prices For Wool

There has been much speculation, not only in Canada throughout the wool breeding world, in relation to the price which will be paid for the farmers' wool this year. It was early reported during part of the winter that prices might drop as low as 40 and 50c. A little of the prices that seem likely to be received may be taken from the report just received in the headquarters of the Canadian Co-operative Wool Growers Limited, which operates the wool markets for the co-operative sheep associations in Nova Scotia and parts of Canada, who have two carloads of Maritime wool at 73c. t. o. b.

This will be very gratifying to the sheep breeders of Nova Scotia and a stimulating effect on sheep breeding in the Province and should be a premium upon the farmers taking the best possible care of their wool and highly posting themselves to prevailing market prices.

Welcome News

Gasoline may come down in price before long. Here at a St. John paper said: "It is likely that the price of gasoline, which now varies from 40 to 45 cents, depending on what is purchased, will settle down to 35 cents. The wholesale price of gasoline, as reported by the Imperial Oil Co. on June 9, one cent on a gallon, making it 32 cents. Two manufacturers stated yesterday that they would sell for 37 cents in the lower price is due to the fall of the 7-1-2 per cent. Lubricating oils will also be reduced from one to two cents a gallon according to grade."

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BIRTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

Karsdale

A very large company met at the home of William C. Shaffner, Esq., on Saturday to extend a hearty welcome to his son, Sgt. James Avard Shaffner, just home from overseas. E. H. Porter was appointed chairman and at once suggested that the company go out upon the lawn and have the program carried out there. This, in view of the extreme heat and large company, was readily endorsed, and so after O Canada was sung the chairman addressed the company referring to the many occasions of a similar character he had attended during the winter—the happiest experiences of his life, alluded to the patriotic spirit of our young men who enlisted that the old flag might be preserved, to the excellent record they made over the e and how glad we were to find them nearly all returning home again in the best of health, hoped that the peace of the world was assured for all time and that the ex-Kaiser would be handed over by Holland's government to be put in the Tower of London and there kept until a proper tribunal should decree his future destiny. He then extended to Sgt. Shaffner a most hearty welcome home in behalf of all present. Sgt. Shaffner replied in a neat speech, after which he rendered some selections on the cornet in excellent style. Then followed addresses by Rev. Messrs. Patterson, Brindly, Penny and Leggo, also speeches by W. H. Weatherspoon and Wm. C. Shaffner, Esqs., all of which were very appropriate and received by cheers. It growing dark the company adjourned to the house where a fine dialogue was rendered by Mrs. Lottie Covert, Mrs. Silas Balcom, Mrs. W. C. Shaffner, Mrs. Etta Crowell and Miss Waity Morrison and which brought down the house. Each acted their part in the most faultless style. Mrs. Read gave two recitations in her usual mimitable style, and after some songs by Messrs. Brindly and Penny, accompanied by Mrs. Patterson on the piano. "God Save the King," joined in by all, closed the program. Then a lunch was served by the ladies—and Lower Granville ladies know how to do that. So ended a most delightful occasion and all went home feeling that it was good to be there.

BANFF IN CARNIVAL TIME

playground. In one aspect the visitor will find the amusement of both combined in the hot sulphur springs, which gives one the privilege of swimming out in the open with the thermometer above, or twenty below zero, in not tepid, but warm water.

The spirit of the Carnival will again have full sway throughout the town, and those who arrive at night will feel the pages of many books have at last become a part of their lives; for they are in a veritable tiny miniature fairyland. Colored lights are to be strung across the streets, down the toboggan slide, and on the pranks in thousands, giving the gala affect so desired.

The ice palace will as usual be the centre of attraction. The style is one which will be admired by all who see it. Hundreds of lights shining through the blue green of enormous blocks of ice, produce an effect that can readily be imagined to be very lovely; and most harmonious with the dark pines around the clear blue sky and the mountains in the background.

Those only in town a few moments will suddenly be attracted by bells, shouting, singing, etc. When their eyes follow the sound, another spot of this Fairyland will be revealed. Two rows of many colored lights and flaming torches mark the route of the toboggan slide.

The list of amusements is a long one. There are the hockey and curling matches, toboggan races, snow shoe, and ski races. The ski jumping this year promises to be one of the big events, for a new jump costing five hundred dollars is being built. Some of the best skiers in

Canada taking part in the competitions. The Pony Ski races are, of course, on the programme, and will no doubt create the usual excitement. Snow shoe tramps equally as interesting as last year have been planned where lunch will be served at Game Warden's Cabin. These tramps are conducted by men who know every inch of the country. Masquerade balls bring the items on the programme to a close.

Those who imagine the world in the mountains to be a dead one in winter, will have a pleasant surprise. Rivers, brooks, cataraets and falls are all pursuing their merry course, as in summer, except in perhaps very occasional spots. The animals are not huddled up inside their burrows or seeking shelter away from the world to escape "this awful winter," but roam around as in summer (except the bears) deer, goats, Rocky Mountain sheep, and coyotes are to be seen, also winter birds of several varieties.

Banff dead in winter? No, indeed, and very soon it will be more alive than ever, for instead of hundreds there will be thousands come to see the "Top of the World" in winter. Let those who come this winter enjoy Nature in all the beauty of her winter garb—or enter into any of the competitions for the many lovely prizes the residents of Banff are giving for the true sport and joy of amusement; and those same people will again be claimed as guests at other Carnivals.—E. C. McD.

BANFF will again be en fete for its Third Winter Carnival, from February 7th to the 15th. Those who were fortunate enough to visit it during the Carnival last year, found a Banff they had never dreamed of; how could they know of the beauty of this mountain resort in winter? Ask any resident of Banff which season he prefers, and his answer will invariably be "Winter."

It will only be a case of a very few years till tourists arrange their trips to take in the Carnival at Banff; as thousands visit New Orleans in March

for the Mardi Gras, Pasadena for the Rose Tournament, or Continental cities and towns when they are en fete. Banff, the National Resort, will soon be the centre of winter sports in Canada, as Kristinia in Norway, and Stockholm, Sweden. Why? It is a perfect winter playground, apart from the wonderful scenery, and many will want to see the "Top of the World" in winter.

The preparations for the Carnival this year are on a larger scale than previous years. The aim is to make Banff a winter as well as a summer

SNOW—BOUILLIER
A pretty wedding took place in Monday when Boyd, eldest son of Capt. and Mrs. Wm. Snow, of Digby, was united in marriage to the daughter of Mr. Arthur Bouillier, President of the National Co. of Halifax. The bride was a daughter of her sister, Mrs. Alison Fisher, of Middleton, and the duties of best man. After church of England wedding ceremony had been performed and a happy trip to the New England States, are graduates of Mt. Allison University and have a host of friends in Maritime provinces who congratulate and best wishes among those present at the wedding were Mrs. Wm. Snow and Mrs. Ethel and Dorothy, who left for Digby via yesterday's train.

BROWN—BISHOP
A pretty home wedding took place at the residence of Mr. and Mrs. T. Brown, Lawrence town, on the evening of Sept 10th when Rev. P. H. Brown, minister of the Gospel, officiated in marriage their daughter, Pearl Marjorie, to Mr. A. Brown of the same place.

The bride looked charming in a gown of white silk and crepe with a full train and carried a bouquet of roses. The little bridesmaids were Margaret Hall and Mrs. Bishop. The groom's best man, Mr. Brown, of the same place, officiated in marriage their daughter, Pearl Marjorie, to Mr. A. Brown of the same place.

Lawrencetown Enterprise
credit is due Mr. T. G. of Lawrencetown, for taking matter with Graham's, and using his influence to them to establish an orchard in that town. The charge of C. H. Lowell is pushed rapidly forward and at may be in operation Oct 15th. This will be a boon for the fruit growers in and surrounding districts, as their surplus stock of fruit for ready cash. It is estimated the capacity will be 100 or more per day and (from) hands will be employed. Annapolis Valley Fruit Co., have sold one of the houses to Messrs Graham will be used in connection with the Evaporator for storing etc. We wish the new enterprise every success.

SPECIAL NOTICE

Our time for changing advs. is Monday, 12 o'clock noon. After this hour all advs. are refused for the current week's issue.

Our Returning Heroes

Our returned men are arriving via nearly every train, getting in without official notice to the reception committee, hence no celebrations like there have been in the past. It is almost impossible to get a complete list. The following are among those who have returned since our last issue: Mack Starratt, Port Lorne; Fred Farnsworth, Phinney's Cove; Reginald Lengley, Belleisle; Joseph B. Troop, Avard; E. Withers, Granville; Clarence Kinney, Wm. Watkins, Jack Ruggles and Kenneth Carpenter, Bridgetown; Phillip Donat, "The Pines"; West Paradise; Lawrence and Rex Harlow, Torbrook.

Death of Mrs. C. O. Jefferson

The death of Sadie, wife of Charles O. Jefferson took place at her home in Digby, Tuesday morning, after a long illness. Mrs. Jefferson, who was 38 years old, was a daughter of Mrs. William Andrews, of North Range. Besides her husband and mother she leaves to mourn their loss three sisters, Mrs. James Haight and Mrs. Wm. Foster, North Range, and Mrs. Annie Gray, of Collierton; also four brothers, George Andrews, of Parvate, Charles of North Range, and Henry and Edward, of Massachusetts. The funeral took place on Wednesday afternoon and was conducted by Rev. F. McAvoy, of the Baptist church.

Steamboat Fares Increasing

It has been officially announced that on and after Thursday, July 10th, the local fare on the Boston-Yarmouth steamers between ports of Boston and Yarmouth will be increased from \$7.00 to \$8.00 each way owing to the very high cost of all things in connection with the operations of the ships the managers have been compelled to make this advance.

Wedding Bells

THEIRAULT-EMERY An interesting event took place at the home of Mr. and Mrs. John S. Hayden, Port Wade, on Sunday, when their niece Daisy Hope Emery, of Victoria Beach, and Frank Herbert Therault, of Bloomfield, Digby county, were united in the holy bonds of matrimony. The officiating clergyman was Rev. I. Brindley pastor of the Baptist Church.

The New Flag

The ensign adopted for the League of Nations has three broad horizontal stripes, the top and bottom being white and the centre blue. It is really the flag representing the letter "J" in the international code—which is the universal language of the sea—with the colors reversed. The design was selected principally because it clashes in no way with any existing national flag.

Another Worthy Object

A concert was given one day last week by some of the children of the neighborhood, on the veranda of Mr. E. A. Hicks' residence. We understand that the proceeds of this concert is to be used in buying a children's book for one new town library, which we hope will be started before long.

SCHEM HAY

A MONITOR representative was shown over 5.34 acres of land owned by Mr. N. E. Chute from which he had cut and was ready to put in more than 12 tons of excellent hay which at the present time could be sold at \$20.00 per ton.

BEELER & PETERS' NEW MILL

Local Happenings

Places of business in Bridgetown will be closed Peace Day, Saturday, July 19th.

The railway station at Clementsport was struck by lightning in the storm of Sunday, but without serious damage.

Mr. Herbert F. Williams shipped a car load of beautiful cattle from Yarmouth to Halifax, passing through Bridgetown Monday.

An alarm was rung on Friday afternoon for a small fire in Mr. Lewis Brooks' barn which was soon extinguished.

Messrs Denton & Condon, Digby's well known contractors, have received word that their tender for wharf work at Devil's Island, Halifax harbor, has been accepted.

All ladies interested in the Peace Day celebration to be held in Bridgetown next Saturday are requested to meet in the Town Council Chamber at 3.30 Thursday afternoon.

An emergent communication of Rotsay Lodge, A. F. & A. M., will be held on Thursday evening, July 17th, for the purpose of conferring the 2nd degree. All brothers are requested to be present.

The adjourned meeting of all those interested in the welfare of the Bridgetown Amateur Athletic Association will be held in the Board of Trade Rooms this Wednesday evening at 9 o'clock.

All auto parties will kindly hand in their names to Mr. Harry Ruggles not later than Friday afternoon in order that conveyance may be provided for returned soldiers during Saturday's parade and thus avoid confusion.

Owing to Saturday next, July 19th, being a public holiday, all places of business will be closed. The stores in Bridgetown will be open Friday evening and all purchasers are especially requested to do their week end shopping Friday and Friday evening.

The D. A. R. freight shed at Bridgetown is about completed and work is progressing rapidly on the new railway station, both jobs being under contract by J. H. Hicks & Sons and under the personal supervision of Mr. E. A. Hicks.

We wish to call special attention to another new advertisement in the MONITOR this week. We refer to the enterprising millinery firm of Dearness & Phelan. If our local milliners would keep ads. in our columns throughout the entire year, less orders for this important line of goods would go out of town.

Some one from Bridgetown sent a letter last week without signature to the Department of Agriculture at Truro regarding a meeting to be held at Bridgetown on "Monday, July 22nd." This communication was not from the secretary of the Board of Trade, and the writer evidently was not familiar with the calendar.

DEATH OF MRS. ELIZABETH HUTCHINSON

A Highly Respected Resident of Centrelea Has Passed Away

The death occurred at Centrelea last Thursday of Mrs. Elizabeth widow of the late John Hutchinson. The deceased was a daughter of the late James Lambertson, and was born in Marshalltown, Digby County, 87 years ago. When quite young she and her husband united with the St. Mary's Bay Baptist church. They moved to Centrelea in 1877, her husband passing away 15 years ago. They were both very highly respected and had a large circle of friends in both Annapolis and Digby Counties. She leaves one son Ashby, and two grandsons Bradford and John, of Centrelea, and one grand daughter, Mrs. Curtis L. Denton, of Little River, Digby county. She is also survived by two sisters, out of a family of ten, Mrs. Christopher Wilson, of Brighton, Digby County, and Mrs. Robt. Wilson, of Lynn, Mass. The funeral took place Saturday afternoon with interment at Centrelea, the services in the absence of the pastor of the Baptist church, being conducted by Rev. W. W. Scotchman, pastor of the Providence Methodist Church. During the last six years Mrs. Hutchinson resided with her grandson, Bradford, both he and his wife giving her their kindest attention in her declining years.

The Liberal Convention

It has been decided that the National Liberal Convention which is to meet at Ottawa during the first week in August, will hold its deliberation in Horack Hall at the exhibition grounds. At least 2,000 accredited delegates are expected, and as many of them will bring their wives, it is expected that the hotel accommodations at the Capital will be insufficient.

A Serious Charge

The Quickaction Chemical Fire Extinguisher

THE GREATEST "SAFETY FIRST" INVENTION
OF THE AGE

The Quickaction Chemical Fire Extinguisher is the result of years of study, and while being the product of a master inventor's mind, is so simple to operate that a child can use it. This new scientific method fights fire in a manner that water has never been able to do. It's method is altogether different and much more effective. The Quickaction, which is charged with a powerful chemical, does its work by chemical action entirely. By air pressure applied through a single stroke of the powerful force pump a strong, swift stream aimed directly at the fire goes straight to the base of the flame. Chemical action then gets in its deadly work of extinguishing the blaze by choking off the supply of oxygen from the surrounding air. Life cannot exist without oxygen; neither can fire burn.

The Powerful Chemical used is Safe, Harmless, Positive. Having secured the agency for this wonderful invention described above, I am prepared to take orders immediately. Goods delivered from two to three weeks after order is taken. The price of the Extinguisher is \$1.50. My plan is to accept 75 cents, or half of the total price, with order, and the balance on delivery of Extinguisher. In this way we both give some security. Those ordering by mail must enclose \$1.00 with order to help pay postage, etc., and remaining 50 cents on delivery.

Hoping the public will see the wisdom of having one or more of these wonderful Chemical Fire Extinguishers in their homes, shops, offices, etc., I will be expecting a fair share of your patronage. Sample shown on request.

The Painter Abroad

Presbyterian Witness

One of the first and most pleasing evidences of the end of the workmen's strike in Halifax is the transformation in the appearance of many of the dwellings. One of the most attractive as well as progressive towns in the Maritime Provinces is Truro. Any stranger coming into this town for the first time cannot fail to be impressed with the neat appearance of the residences with their well-kept premises, and the general tidiness and brightness of the business section of the town. But Truro was not always thus; and it was pointed that first began to transform an unattractive and unprogressive provincial town into one of the prettiest and most enterprising of our Canadian towns. The story, as we have heard it, is that many years ago Truro was expecting a visit from the Prince of Wales, and to prepare for the reception of so distinguished a guest, the people set about to improve the appearance of their town. Houses were painted, fences etc., were whitewashed, and there was a general and thorough cleaning up. The transformation was a revelation to the citizens of Truro. It inspired them with a new spirit of enterprise and tastefulness. The prince came and went, but the people of Truro from that day took a pride which they had not before felt in making their homes attractive and their town wear a well-kept and progressive look. This is the story which we heard years ago, and has its lesson for every city and town and community. Besides the economy of keeping buildings well painted in order to prevent decay and prolong their life, there is the unconscious effect which attractive dwellings have upon their occupants, and the enhanced value of property in a district or on a street where paint is freely used.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Death of an Old Stage Driver

Yarmouth, July 3—The death occurred last evening of Fowler Tobin, aged 86 years, after a brief illness, of paralysis. The deceased came to Yarmouth when a young man and for many years was driver on the stage coaches between Yarmouth and Digby, and later between Yarmouth, Barrington and Shelburne. He was widely known by many people throughout this part of the Province. Of recent years he has lived a retired life. He was a very estimable resident and highly respected. Mr. Tobin is survived by his widow and two daughters, Miss Bland, in Boston, and Mrs. James Jenkins in the Canadian West.

Irrigation as a source of wealth

Few agricultural districts have grown to prosperity more quickly than the country tributary to Lethbridge in Southern Alberta. Driving through this territory towards the end of last summer, a prominent official of the Dominion Government at Ottawa, who had been making an extensive tour of Western Canada, remarked that here were the most prosperous agricultural communities he had seen during the whole of his trip. Now this remark is relative. All over Western Canada there are very prosperous districts, where modern homes, spacious barns, well filled granaries, good sized herds of live-stock and many other signs reflect the welfare of their owners, reason may be given in one word—irrigation.

Driving into one of these districts from the east, one cannot help but be immediately impressed. The more compact settlement, the deep green fields of alfalfa, in which hogs, sheep or cattle are pasturing, the substantial farm buildings, mostly surrounded by trees, the well fenced farms all these are evidence of a prosperity which is being built up on sound lines. A measure of the fast development of the whole of the territory east of Lethbridge is the village of Coaldale, for this village has grown with the district. But a very short time ago a railway siding only, Coaldale is now an active business centre, with a lumber yard, hardware business, general store, hay market, elevator facilities, bank and other businesses. The community is also served by one of the best and most up-to-date consolidated schools in the West.

Probably no other community in Canada has received more settlers who have purchased lands at the high average price which has been paid by those who have settled among the Coaldale community during the last two years. Many of these settlers have come from the irrigated districts of the States, particularly from Washington, Idaho and California. An illustration will serve to show the value placed by them on the land in this territory. A settler who purchased a farm four miles west of Coaldale at \$125 an acre, recently bought the quarter section adjoining him for \$120 an acre. This was without any improvements except a timothy meadow. But the property could not be

bought from its purchaser now for less than \$150 an acre, and he has been heard to remark he would not care to sell at that price.

The number of tenant farmers throughout the Lethbridge district who are purchasing irrigated land at similar prices is a good illustration of its productive value. Men who have farmed land here for a year or two on a rental basis are purchasing it now at ninety and a hundred dollars an acre. Instances of such purchases during the last year or two are becoming numerous and the inference is that the buyers have made sufficient money out of their crops to be able to purchase the land on which they were grown. This is probably one of the most striking facts in connection with the development of the district, for the men who have bought these lands knew what they were capable of producing.

As for renting, the demand for and by tenants is unprecedented, notwithstanding the fact that rents have doubled in many cases during the last three years. Whereas at that time irrigated land was being rented at \$5 and \$6 an acre as much as \$10 and \$12 an acre was paid in 1918; while owners who rented their land on the crop plan received much more than this in many instances.

The district has been favored by the arrival and settlement there of a large number of settlers of high average intelligence. Most of them have had experience with irrigation elsewhere and are able to make compar-

isons with other districts. The consensus of opinion of these men is that the facilities for irrigation in Southern Alberta equal or are superior to those to which they have been accustomed. A farmer who came from one of the irrigated districts in Idaho early this season was at first somewhat discouraged with conditions in Alberta. But business matters being quired his return to Idaho later in the season he had an opportunity to compare conditions and crops in the old community with those in the Lethbridge district, and he became highly elated. "Conditions in Alberta are ever so much better," he said.

These facts about the Lethbridge district are interesting because they reflect the enormous possibilities of the other irrigable areas of Southern Alberta. From like conditions results may be expected. And what is being accomplished at Lethbridge may be accomplished in other parts of Southern Alberta where similar conditions prevail. It is only during the last few years that people have begun to appreciate at their proper value the irrigable lands near Lethbridge, since they have begun to realize the worth development of the country has gone on apace. The effect of this development has been an awakening of interest in other irrigable areas of the province and a more rapid settlement of them. As these areas are considerably larger than the Lethbridge district the effect of their development on the prosperity of the province is incalculable.

St. James Church

General Thanksgiving for the Blessing of Peace.

Although the notice of the appointment by Royal Proclamation of Sunday July 6th, as a day of general thanksgiving for the blessing of peace was comparatively short, a special service was held in St. James' Church at eight p. m. A form for this service had been issued some time since by the Archbishop of the Diocese and this was used, the psalms being the 46th and the 124th, the scripture lesson taken from the 15th chapter of Exodus, and the prayers including as well as specific thanksgiving for the blessing of peace, and a remembrance of those who laid down their lives in the great struggle, petition for the sick and wounded, and for deliverance from the dangers which threaten us from foes at home within and without. The rector's sermon was based on the 8th verse of the 85 psalm: "I will hear what the Lord God will speak; for He will speak peace unto his people and to His saints; but let them not turn again to folly." After pointing out how fitting it was that a day should be officially appointed and observed for a conscious acknowledgment of God's goodness in again giving the blessing of peace, the speaker went on to say it was also fitting that on such occasions we should endeavor to get beyond and beneath what might easily resolve itself into mere sentiment. That at any rate was the suggestion of the text. Looking back and endeavoring to interpret that which has now passed into history, the way we were drawn into the war was not without significance and in accepting the call to the service of others we were true, not only to the best traditions of our race, but also to those instincts which, though seemingly becoming dormant, thank God were not dead. "I believe," he said, "That it is God, and God only, Who has raised up Great Britain to be what she is, even as I also believe He has thus raised her up for great and holy purposes. Wherever her flag has gone it has been her aim to lift the poor out of the dust, the beggar from the dunghill, and if he has sufficient capacity, to set him among the princes. Had the British Empire, then, been rent in twain by disunion, of which there was a grave danger when the crisis came, or now by a victorious Germany, there would have come an end of her beneficent work throughout the world, and the march of Christian civilization would have been retarded by centuries. But, and this is our point here and now, it is quite possible to carry out the purposes of God without knowing Him whose purposes they are. We may be servants without being sons. We may do the right thing from the wrong motive. We may make sacrifices for righteousness without being righteous. Hence there comes a call to look within, for if we get no further than this, just as surely as that night follows day there will come a nemesis. We can escape ultimate loss only by keeping in line with the declared will of God and seeking His ends in His own way. As has been said—God has one message for the ages. The "orders for the day" which have never been cancelled come to us still in God's testimony to the Lord Jesus Christ, "This is my beloved Son, hear Him." Other voices may seek to entice, but if we are to make righteousness prevail in the earth, then he who is the righteousness of God must be ours. Reconstruction is the watchword today in every department of our life, and if we are wise we shall endeavour to realize our dependence on God whose balance trieth the nations, to lift up and to cast down; for our future will surely be decided by our faithfulness (or otherwise) to His eternal laws. To this end, then, "Follow the Christ, the King; Live pure, speak true, right wrong, follow the King—Else, wherefore born?" In concluding an appeal was also made on behalf of all those who had "crossed the great divide" in the the war. "A better Canada as well as a better world should be our motto. Better, that is, not merely from a material standpoint, but in all those things which truly exalt a nation." Besides suitable hymns heartily sung by the congregation, the choir sang during the offertory a specially written anthem entitled "O Welcome Peace," the solos being taken by Mrs. H. Ruggles and Mr. Thos. Handley. Altogether the service was one which will long be remembered by those present.

NOT LESS THAN 43c. Cash or 46c. in Trade FOR FRESH EGGS

Prices Subject to Increase Without Notice

Trade price applies to an order which you may obtain here as payment for eggs at above mentioned price per doz. Orders may be used in trade at most of the leading stores in the following lines of business: Boots and Shoes, Dry Goods, Groceries (except flour and feed), Hardware and Men's Clothing. This list includes nine of the leading merchants.

This system does not tend to reduce the price of eggs, for instead it has and will increase the trade price and also gives the farmers the privilege of choosing any line they may wish to purchase.

Any merchant who is interested in to the extent of increasing their trade price to the farmer is able to join this system if they will take up the matter with me not later than Saturday next. Stores connected with this system will continue to take eggs in trade.
