R. AND O. ALLOWED TO ADD FIVE MILLIONS TO CAPITAL PARTY LINE DRAWN IN VOTE

Maclean Amendment to Give Railway Commission Supervision, Defeated by Vote of Seventy-Four to Thirty-Six—Finance Minister Says Issue Doesn't Concern Public.

OTTAWA, Feb. 17.—(Special).—By a vote of 74 to 36 the house today voted down the Maclean amendment to Mr. Levesque's bill authorizing the Rideau and Ontario Navigation Co. to increase its capital from \$10,000,000 to \$15,000,000.

The negative vote, headed by the prime minister, came entirely from the government benches. Indeed, for some reason the Conservatives made it a party matter, and those who voted at all voted against the amendment.

The feature of today's debate was the somewhat reactionary pronouncement delivered by the minister of finance. Mr. White took the position that the government had no right whatever to regulate the capital of the Rideau and Ontario Navigation Co. He was inclined to admit that some regulation might be proper in the case of railway companies, but declared as a general principle that the public had no concern with melon gittings so long as the stock was not sold below par.

Major J. E. Currie of North Simcoe gave the house much valuable information respecting the great steamship merger and the sudden rise in lake, river and ocean freight rates. He predicted that the Furness interests would seize control of the Rideau and Ontario Navigation Co. at the annual meeting, to be held next Wednesday, and would thus control rates from Fort William to Liverpool. With in the past year, he said, the rates upon wheat from Fort William to Liverpool had been increased 11 cents a hundred pounds, and the rates on flour from \$1.60 to \$1.80 a barrel. The debate in the house for some time, was also participated in by Hon. William Pugsley, Hon. H. R. Emmerson, Mr. Carvell (Carleton, N.B.), Mr. Bristol (Centre Toronto), Hon. Rodolphe Lemieux and Postmaster-General Pelletier.

Vote Not an Index. The sentiment of the house with respect to progressive legislation along the lines of the Maclean amendment is not accurately measured by the vote this afternoon. Many Conservative members voted against the

RAISE PRICE IF CEMENT DUTY IS REDUCED

General Manager Jones in Letter to Finance Minister, Declares Intention to Squeeze Consumers if Industry is forced to Meet Competition of United States.

OTTAWA, Feb. 17.—(Special).—Finance Minister White tabled today voluminous returns showing the correspondence between the government and all persons interested on the subject of the recent cut in the cement duties.

At the time of the proposed cut a strong protest was filed by the independent cement companies, which claimed that they were selling cement at \$1.25 a barrel which had cost \$1.24 to manufacture.

Mr. F. P. Jones, general manager of the company, has written to the finance minister protesting against the duties being again reduced, and in the course of his letter says: "The present policy of the Canada Cement Company was formed and adopted with the belief that the policy of the government was to give the cement industry in Canada adequate protection. If the cement industry is not to be protected, it will be placed in a dangerous position, and if it can exist, will only be able to do so by changing its policy, and on every occasion, and in every market obtaining the highest possible price for its product."

Mr. F. P. Jones, general manager of the company, has written to the finance minister protesting against the duties being again reduced, and in the course of his letter says: "The present policy of the Canada Cement Company was formed and adopted with the belief that the policy of the government was to give the cement industry in Canada adequate protection. DOCTORS WOULD FORM SOCIETY FOR PROTECTION OF PROFESSION

OTTAWA, Feb. 17.—(Special).—While in committee of the whole tonight, the house considered the bill incorporating the "Canadian Medical Protective Association," introduced by Dr. Chabot, the Conservative member for Ottawa.

Mr. Henderson (Halton) declared that he was not quite sure what the society was being incorporated for. He had received representations from his constituents about the bill, and, therefore, desired that it be held over for a week until he could make some further enquiries about it. He said he did not approve of parliament making the rules of societies laws. He also thought that there might be some religious idea behind the society.

Dr. Chabot, in explaining the bill, said that the society was being formed primarily to maintain the dignity of the medical profession. The society would protect the public against quacks, he declared. It would also protect members who were unfairly attacked.

The bill was finally laid over for a week.

POLICE UNRAVEL MANY PETTY CRIMES

Man Who Passed Bogus Cheques Taken Into Custody, as Well as Suspected Pickpocket and Money Thieves Who Have Been Operating in Toronto.

City detectives arrested six people last night on charges ranging from pocket picking and forgery. It was a general round-up of persons wanted in connection with several cases that the police have been investigating for some time. As a result of these arrests Inspector of Detectives Kennedy believes he has cleared up a few of the mysteries which have troubled the authorities of late.

The inspector received information yesterday afternoon which caused him to send out Detectives George Guthrie and William Young, to Richmond street. The officers returned with Percy Dettlor, who has been sought by the city detectives and county police for the last two weeks. Five charges of forgery face this young man, and additional charges of passing bogus cheques may be preferred.

Dettlor formerly worked for William Fox, a Humber Bay gardener. Before leaving the district he passed a cheque for \$12 on William Clayton, the Lambton butcher, one on Jack Newton for \$12 at the Humber Bay Hotel, and another cheque on a shoemaker. All of the cheques were made payable to Percy Dettlor and signed "William Wright." There was no money to "Wright's" credit at the bank.

It is also alleged that Dettlor succeeded in cashing two cheques in Toronto on unsuspecting people. Detective Tipton had been tracing the young man for some time, and may bring forward other complaints.

Picking Pockets. When John Jarvis, 41 Nelson street, pushed among the crowd at the coronation on Page 3, Column 7.

Knights of Pythias

Amicus Lodge, No. 20, Knights of Pythias will celebrate their 20th anniversary and also the 49th anniversary of the order this evening, in their castle hall, corner Berrill and Richmond streets, by entertaining Grand Chancellor Oscar Rumpel of Berlin, Ontario, and other grand lodge officers, and by conferring the page rank on a class of candidates. There are now 55 grand lodges, 10,000 subordinate lodges, and 800,000 members. There is also an insurance department, a uniform rank, and the Order of Pythian Sisters. The supreme lodge will meet in Winnipeg in August, 1914, which will be their first Canadian visit since they met in London in 1886.

EXPRESS CHARGE ATTACKED BY EMMERSON

Demand for Further Investigation Brings Out Strong Argument in Favor of More Effective Regulation—Cochrane's Suggestion to Await Railway Board's Report Approved.

OTTAWA, Feb. 17.—(Special).—At the question hour in the house today, the announcement was made by Dr. Reid, acting minister of trade and commerce, that only one government elevator in the west was yet under construction. That is the one located at Port Arthur, upon 37 acres purchased from the Canadian Northern. The elevator when completed is to cost \$1,175,500.

The house then proceeded to discuss the resolution proposed by Hon. H. R. Emmerson, declaring that in view of the alleged widespread feeling throughout Canada that rates or transportation charges exacted by the express companies in Canada, for the carriage of traffic, are said to be excessive, and in many instances abnormally extravagant to such a degree that it has, in the opinion of very many, become intolerable, it is, in the opinion of this house, desirable that a further inquiry should be had by the railway commission of Canada.

Controlled by Railways. Mr. Emmerson, in support of his resolution, declared that the express companies in this country were all part and parcel of the different railways, the Dominion Express being controlled by the Canadian Pacific Railway, and the Canadian Express, while not actually controlled by the C.N.R., was under the control of the men who controlled the C.N.R., namely Mackenzie, Mann and Co.

The express companies, Mr. Emmerson said, gave the shippers no satisfaction when they lost or destroyed their goods. This was especially true of shipments to the U.S.

Mr. Emmerson pointed out that the Inter-State Commerce Commission in the U.S. had passed some drastic rules in regard to express companies. There were in the States a finely organized express trust which had become a pillar of the worst type.

Big Dividends. He touched at some length on the organization and capitalization of the various companies. He especially called attention to the Dominion Express Company, which had been organized in 1832 with a capital stock of one million dollars. Of this only \$100,000 was ever paid into the company's treasury for stock. Yet the Dominion Express Company had declared a dividend as high as 27 per cent.

After quoting a mass of statistics to show the growth of the express companies' business in Canada, Mr. Emmerson pointed out that they had not increased their capital to meet the demands of this increased business, but still they were able to declare large dividends.

"Those dividends," Mr. Emmerson declared, "are taken out of the people of Canada."

Would Nationalize Companies. Mr. Armstrong (E. Lambton) advocated the nationalization of all express companies. The government, he submitted, should begin at once by doing its own express business on the intercolonial.

Hon. Frank Cochrane, minister of railways, said the investigation carried on by the railway commission into express charges had resulted in no reduction of rates. He assured the house, however, that Chairman Drayton was now at work on the problem and would soon have a report ready. An amendment offered by Mr. Cochrane was adopted to the effect that the house would take no action on the subject until this report had been received. The minister said that personally he would favor having the intercolonial do its own express business, but the government was tied up by contracts with the express companies.

The house adjourned shortly after midnight with the understanding that the naval debate would be resumed on Tuesday afternoon.

Giving a Man Nerve. If you were to know how the loss of a fine woman gives a man nerve when his enemies whisper, "It is his turn now, let us smash him," see John Mason in his latest success, "The Attack," at the Princess. This fine play is from the pen of that masterly playwright, Henry Bernstein, who wrote "The Thief" and other famous dramas that have won an enduring place on the stage of today.

ROBT. H. MATSON DIED AGED 71

He Was One of the Most Successful Old Time Insurance Men in Canada.

Robert Henry Matson, one of the most successful "old line" insurance men of Canada, died at an early hour yesterday morning at the home of D'Arcy Hinds, his son-in-law, 78 Indian Road crescent. Mr. Matson had retired from active business four years ago, and went to Galt to live. Six months ago, while visiting in the city, he became ill and from that time until his death he was confined to his bed.

Mr. Matson was born in the north of Ireland 71 years ago. His father was a civil engineer and emigrated to Canada with his family when Robert was still a boy. The family settled in Caledon Township, Simcoe County, but when the boy grew up he entered the insurance business. In 1899 after being in the business for 42 years, he established the National Life Insurance Company, with the late H. S. Howland. He was managing director of the National Life for six years, and then had to retire on account of ill-health.

Mr. Matson was a member of Ashlar Masonic Lodge, and a member of the Anglican Church. He leaves a widow, a son, J. S. H. Matson, proprietor of The Victoria Daily Colonist, the Vancouver News Advertiser, and The Nanaimo Herald, and three daughters, Mrs. F. J. Dixon, Mrs. D'Arcy Hinds and Miss Bertha Matson.

Mr. Matson will be buried in Mount Pleasant Cemetery tomorrow afternoon at 2 o'clock. The funeral will be private.

CALLED BEFORE BAR OF HOUSE

R. C. Miller, Montreal, Must Explain Certain Business Dealings With Dominion Government.

OTTAWA, Feb. 17.—(Special).—The house of commons today upon the motion of W. S. Middlebro (North Grey) adopted a resolution directing R. C. Miller of Montreal to appear at the bar of the house on the 18th inst. at 3 o'clock p.m. and then and there to answer certain questions which the said Miller did refuse to answer upon his examination as a witness before the public accounts committee.

It appears that Miller was president of the Diamond Light and Heating Company from 1907 to 1911, and during said period procured business for the company from the Dominion Government which amounted to \$117,000. In order to get this business, he assured the company that money had to be used and upon this account drew from the company \$41,926, for which he rendered no account. Litigation has been pending between the company and Miller, the company seeking to make him account for this sum.

Reasons For Refusing.

At the last session of parliament the public accounts committee subpoenaed Mr. Miller and asked him about his transaction with the government. He protested that he spent the \$41,926 in order to obtain the business from the government, but refused to say to whom he paid the same. He will be commanded by the house next Tuesday to give this information and may be committed for contempt if he refuses to answer. Miller has based his refusal to answer the questions put to him by the committee by pleading, first, that it will injuriously affect him in litigation now pending in the courts, and also upon the ground that none of the money so paid by him was paid to any senator, member of parliament or government official.

This is the first time any one has been summoned before the bar of the house since 1906, when Mr. Ernest E. Cinqmars was charged with contempt of the house of commons by Hon. Geo. E. Foster. In that case a newspaper article contributed to Le Presse newspaper by Mr. Cinqmars dealing somewhat severely with Mr. Foster was decided to be objectionable, and the writer was censured.

MILLER WILL ATTEND.

MONTREAL, Feb. 17.—C. H. Stephens, K.C., who is acting for Mr. Miller, of the Diamond Light, Heat and Power Company, stated tonight that his client would be in Ottawa tomorrow to comply with the order issued by the house. Mr. Stephens stated that Mr. Miller had nothing to fear from such appearance.

WELL KNOWN LAWYER PASSED AWAY MONDAY

Ira Standish Was Ill Only a Few Days and Death Was Sudden.

Ira Standish, the well-known member of the law firm of Standish & Snider, died yesterday at the family residence, 29 Warren road. He was at his office a few days ago and the news of his death, after a short illness, came as a great shock to those who knew him.

Mr. Standish was in his 49th year, and had a wide circle of friends and was highly respected among his professional associates.

The funeral will take place tomorrow afternoon at 3 o'clock, from the residence to Mount Pleasant Cemetery.

DIAZ IS STILL HOLDING GROUND U.S. CAPITALISTS OFFER BACKING

MEXICO CITY, Feb. 16.—(By Courier to Vera Cruz, Feb. 17).—Gen. Mondragon, in charge of the military operations for Gen. Diaz, on Sunday morning was confident of the success of the revolutionary movement. He was seen at the arsenal, and had no hesitancy in conducting The Associated Press correspondent about the place.

The arsenal appeared to have suffered little from the federal guns. Two shells had penetrated the southern wing of the building, causing some destruction within, but it was said—and reports from the commanders appeared to bear out the assertion—that the number of dead and injured within the fortress was small—less than 100 in all.

The commissary department was well stocked with provisions and the paymaster's department was shown to be provided with funds. The men are receiving two pesos per day, and are said to be contented and in good fighting spirit.

Gen. Mondragon gave the information that Gen. Diaz had received offers of money in substantial quantities from persons in the United States.

Forty men of Gen. Blanquet's division, it was asserted at the arsenal, joined Diaz Saturday night. Some of their officers accompanied them, and it was added that deserters from the federal lines entered the rebel positions every day.

RAILWAY WILL NOT ARBITRATE MONEY STOLEN AT THE STATION

Such is Opinion of Firemen, But Strike is Not Yet Finally Decided Upon.

NEW YORK, Feb. 17.—(Can. Press).—In a final effort to avert a strike of their 24,000 firemen, the conference committee of managers of the fifty-four eastern railroads affected tonight held a conference with Judge Martin A. Knapp and W. G. G. Hanger, the federal mediators, and, it was understood, made a new proposal which the mediators will carry to the adjustment committee of the Firemen's Union.

The firemen's committee today met the mediators, when a proposal was made, as coming from the managers, but nothing could be learned as to its provisions, or the nature of the firemen's reply. That the managers held another conference is taken as indicating that their first proposal today was rejected. The firemen were still waiting at their headquarters at a late hour tonight to hear the latest proposal of their employers for a settlement, but from the attitude taken by many of the delegates, it was evident that no hope was held out that the railroad managers would agree to their demand for arbitration by a board of three members, as provided by the Erdman Act.

Thief Took Forty Dollars From Cash Drawer in Telegraph Office in Operator's Absence.

The telegraph office on the main floor of the Toronto Union Station was again robbed last night, the amount taken being between \$30 and \$40. The sum of \$118 was stolen from the same office last month. In both cases the money was obtained by forcing open the cash drawer in the absence of the young lady in charge.

Miss Allison, who is in charge of the telegraph office, states that she left the office for a few moments at 7 o'clock last night, only to find on returning that some one had forced open the cash drawer during her absence.

The thief evidently is familiar with the way the office is arranged, and managed in both instances to force open the drawer and get away with the money in an incredibly short space of time, and without attracting suspicion among the large number of people who at that time of day would be within a few feet of where the theft occurred.

ELK LAKE TELEGRAM MYSTERY CLEARED UP BY SIR JAMES

Premier Reveals Contents of Exchange of Messages Before Election Day Regarding Construction of T. and N. O. Branch Railroad—Held it Back for a Year, Because of "Veiled Allusions" Made by Opposition.

There is now no mystery about the famous Elk Lake telegram. Sir James Whitney in the legislature yesterday divulged the facts during last session and this, J. C. Elliott, Liberal member for West Middlesex, quizzed the premier regarding a telegram which was supposed to have been sent by him to Elk Lake, prior to the last provincial election, promising the construction of a branch line of the T. and N. O. Railway. On an order of the house, showing whether the premier, or any one in his behalf, had received a telegram from the man named Rowlandson of Elk Lake with reference to the building of the branch, and if a reply had been sent, Sir James made a statement which cleared the air.

The Two Telegrams.

The premier said that on Dec. 9, 1911, he received the following telegram from John Rowlandson, Elk Lake: "In reference to the newspaper report of Chairman Englehart, that railways should be built to Elk Lake, can you confirm this on behalf of the government? A number of residents are skeptical of report and your confirmation would be accepted as final."

The situation was and is now: On the 28th day of December, 1911, about 9 o'clock, I received a telegram from this man, in my home. In the house last session a certain return was made for correspondents relating to the extension of the Elk Road road. It never occurred to me that the correspondence mentioned and intended to be included in this return, had anything to do with a telegram like this. Evidently that was the view taken by some honorable gentlemen opposite.

"After attention was drawn to it by veiled allusions, I remembered seeing this telegram and got it from the drawer in my desk at my house, and had it here for weeks waiting and expecting every day that some honorable gentleman would either move for it, or ask a question about it. When I saw that instead of doing that there was a lot of veiled allusions, when I noticed that no doubt unintentionally, allusions were made as to what was in the telegram. I thought I would just let the matter go. The honorable gentlemen took their course early this session and asked questions relative to this telegram. I suggested that a return should be asked for in order that the rules of the house should be complied with."

Was an Illustration.

"I only want to refer to one thing in The Globe this morning—the statement that I had said that no one could compel me to answer this question. My language was by way of illustration, as every honorable gentleman knows, and I am very glad Mr. Speaker that you said that there was no compulsion as to what a minister of the crown, to answer any question whatever. Therefore, when I said, suppose I am wrong, and Mr. Speaker decided that the question was a proper one, I could still refuse and could not be compelled to answer. All who read this paper shall see the manner in which truth was laid aside and a nasty attempt made to create feeling against myself. However, I would not look to gain anything in public estimation if this paper alluded to me in any other terms."

Not Compelled There.

Sir James then referred the questions being put to ministers in the British House of Commons. "Not a single day passes but a minister is asked as many as 50 questions a day. He does not need to answer. He does not have to say that he will refuse, he simply doesn't answer."

Before reading the telegram and the reply he sent, the premier said: "If the honorable gentleman had asked for it before by means of an order, they would not have avoided giving it. This telegram is from a man named Rowlandson. I don't know who he is. I know no more about him now than

KING EDWARD MEMORIAL FUND FOR CONSUMPTIVES

Official Audited Statement of the Fund Handed to His Royal Highness the Duke of Connaught.

To Field-Marshal His Royal Highness
THE DUKE OF CONNAUGHT AND OF STRATHMORE,
K.G., K.T., G.M.B., G.C.S.I., G.C.M.G., G.C.B.E., G.C.V.O., P.C.,
Governor-General of Canada.

May it please Your Royal Highness:
The Trustees of the National Sanitarium Association, and of the Toronto Free Hospital for Consumptives, have the honor to tender to you the assurance of the completion of the King Edward Memorial Fund for Consumptives, amounting to over

ONE MILLION DOLLARS

The Auditors' Statement and Certificate are furnished herewith, showing that the fund is made up as follows:

Capital Investment, less Liabilities	\$317,919.82
Contributions:	
Signed promises and cash	544,593.84
Toronto City Bylaw	200,000.00
Total	\$1,062,413.66

If the Trustees decide to open up a new Sanitarium on Lake Timiskaming and thus avail themselves of the gift of John Lumsden, Esq., of Ottawa, of property consisting of a furnished hotel, which cost \$75,000.00, the total of this King Edward Memorial Fund will reach the sum of \$1,137,413.66. Signed on behalf of the Trustees,

W. J. GAGE,
Chairman of Executive.
Toronto, February 15th, 1913.

REPORT OF AUDITORS

The Boards of Trustees,
The National Sanitarium Association
and the Toronto Free Hospital for Consumptives, Toronto.

Gentlemen:
We have examined the books of your Associations and we certify that the accompanying statement of the King Edward Memorial Fund for Consumptives is correct.

We have received letters from your solicitors certifying that the titles to your properties are in order.

The investment in the buildings and equipment at the several institutions shows their aggregate cost, and, in our opinion, the provision for depreciation is sufficient.

We have seen signed subscriptions to the fund for \$343,838.34 and a telegram from Lord Strathcona promising a final and completing subscription of \$125,000. These two sums, amounting to \$468,838.34, constitute the net amount receivable subsequent to 31st January, 1913, all payments made thereon up to that date having been first deducted.

We have not taken into account any excess of expenditure over revenue during the four months since 30th September, 1912, the close of the last fiscal year of the hospitals.

Yours faithfully, F. ROPER, Auditor.
CLARKSON, GORDON & DILWORTH,
Chartered Accountants.

KING EDWARD MEMORIAL FOR CONSUMPTIVES

Organized by the Boards of the National Sanitarium Association and the Toronto Free Hospital for Consumptives to complete ONE MILLION DOLLAR FUND.

COMBINED CAPITAL INVESTMENTS

of both Associations at close of last fiscal year, Sept. 30th, 1912:

Land	\$26,499.36
Improvements	7,422.26
Buildings and Equipment	351,475.70
Total	\$385,397.32
Less—Mortgage indebtedness	8,000.00
Reserves for depreciation	34,858.82
Total	\$342,538.50

HAMMOND MEMORIAL FUND

Held by Royal Trust Company for benefit of the Toronto Free Hospital for Consumptives under terms of a declaration of trust dated 10th August, 1910

Final amount receivable from legacy of \$20,000	4,000.00
Deduct—Surplus of Liabilities over Liquid Assets at 30th September, 1912	89,098.97

THE FACTS ABOUT HOUSE-WIRING

It takes but a few hours and will cause you no inconvenience. When the job is completed wires are all hidden, every speck of dirt is cleaned up and the house has the appearance of having been wired always. Each house, varying in its construction, requires a personal examination, which is made without charge to you. Because it costs your neighbor \$50 does not mean that is the price you will be obliged to pay. The wiring of your house may be a much simpler matter.

A short note or a phone call will bring a representative at once to talk the matter over with you.

SOUGHT TO MURDER YOUNG TURK LEADER

Enver Bey's Disastrous Failure in Expedition Stirrs Bitter Feeling.

LONDON, Feb. 17.—(Can. Press).—Turkish soldiers last night attempted to assassinate and succeeded in badly wounding Enver Bey, the Young Turk leader, who last week made a disastrous effort to place the flank of the Bulgarian army on the shores of the Sea of Marmora with a "forlorn hope" of Ottoman troops, who were beaten back with terrible losses. A news agency despatch by wireless telegraphy from Constantinople today says Enver Bey was stabbed severely several times.

FROM SAD TO WORSE.

Matters are going from bad to worse with the Turks. Enver Bey's expedition to land a large force on the northern coast of the Sea of Marmora has ended ludicrously. Enver himself narrowly escaping with his life in an open boat. His disheartened men are now crowded, wet and hungry, in the open streets of Gallipoli in the worst kind of weather. All the houses being filled with wounded. It is reported that he will slip his men again to take them across the Dardanelles, owing to the report that the Greeks have landed near Bezikli Bay, intending to take the forts on the Asiatic side of the Dardanelles in the rear.

MYSTERY ABOUT DEATH OF HARRISBURG LADY

HARRISBURG, Pa., Feb. 17.—(Can. Press).—Miss Helen Newby, 29 years of age, daughter of T. P. Newby of Heckton, a suburb a few miles north of Harrisburg, was found today on the bank of the abandoned Pennsylvania Canal with two bullets from a revolver in her heart. Miss Newby left her home yesterday for a tramp across the mountain, she being accustomed only by a pet collie and, as usual, carried a revolver. Miss Newby was a prominent figure in Harrisburg society, and was one of the most popular girls in the younger set here. The police are inclined to the suicide theory, but no motive has been assigned.

MOUNT ETNA'S SNOWY MANTLE

ROME, Feb. 17.—(Can. Press).—The exceptionally cold weather prevailing throughout Italy reached its climax tonight in a snowstorm after the temperature had fallen several degrees below zero.

Forty years in use, 20 years the standard, prescribed and recommended by physicians. For Woman's Ailments, Dr. Martell's Female Pills, at your druggist.

Eugene Ysaye

World's Greatest Violinist

who plays his farewell engagement here Wednesday night at Massey Hall

Writes:

Toronto, January 23rd, 1913.

Messrs. The Williams Piano Co.,
Oshawa, Ont.

Gentlemen:—

I take this opportunity of letting you know that my preference for the New-Seale Williams Piano is due to its rare perfection of tone and harmonious qualities, that blend perfectly with the violin. I have used this instrument throughout my Canadian tour, and find it of an even, uniform quality that is decidedly reassuring.

Very truly yours,
Eugene Ysaye

TECHNICAL SCHOOL PROJECT MAY BE HELD UP FOR YEAR

Finance Committee Refused to Sanction Expenditure Until Money is Provided and in Addition Cut \$365,000 From High and Public School Building Estimates.

Toronto's palatial technical school project was shelved yesterday afternoon by the finance committee, and a mix-up over the situation was disclosed. In addition to negotiating the big technical building, three hours' pruning of the high and public school proposals for buildings yesterday topped off \$385,000 that a cool thousand dollars for each day of the year. Chairman Brown, then and just after a trip to the Pacific Coast, was the spokesman. In addition he held up the two million dollar technical school.

The finance committee bounded up the \$300,000 new high school to be located somewhere north of Jarvis and south of the present North Toronto high school was reached.

Chairman Brown called a halt, and his advice to further improve the present North Toronto high school before starting on a new one in that direction prevailed.

The \$55,000 for a new school south-west of Annet street was also placed on the next year list. Mr. Brown was quite enthusiastic over the big million dollar item for the new high school in Edmonton, he said, the site the board bought early for \$40,000 was now worth \$100,000. Edmonton high school and Calgary had saved vast sums for the Ontario Oakwood high school. His budget for \$15,000, was now worth \$100,000, was now worth \$1,325,000 for the new

BURNHAM ATTACK DEEPLY RESENTED

Member for Peterboro in Bad Graces of Toronto Conservatives.

IT WAS UNCALLED FOR

The Centre and South Toronto Conservative Club did not convene its Monday evening open meetings last night, as was announced in some of the papers yesterday morning. The first of the open sessions will take place next Monday night, Feb. 24. The announcement was made several days ago that J. H. Birmingham would address the club on the political situation at the open meeting that was scheduled for last night. To confuse the names Birmingham and Burnham is easy, and an error was made by some of the newspapers yesterday morning when it was announced that Mr. Burnham, M.P. for West Peterboro, who drew attention to himself yesterday by his heading attack on the political myopia of Sir James Whitney, would deal with the naval question at the Centre and South Toronto Conservative Club last night.

Concerning this the president of the club, Arthur Van Koughnet, in opening the usual business meeting of the club, which was held last night, stated that a mistake had been made by some of the city newspapers in announcing that even Mr. Burnham would address the club on the political question of the day at the first of its open sessions. The present further stated that even Mr. Burnham was expected he would not have been asked to address the club, owing to his uncalled for and personal attack on the premier of Ontario, Sir James Whitney. President Van Koughnet said that the club had always advocated an open and free discussion of public matters, for only by agitation and the freest discussion could the legislation of the country be improved. He stated that the club took objection to the attack made by Mr. Burnham, who was a member of the club, and that Sir James Whitney with regard to tax reform, not because of the difference of opinion altogether, but of the manner in which the attack had been made, and his personal character.

A. H. Birmingham will deal with the naval question next Monday night, and other members will have discussions on municipal, political and patriotic subjects will follow at the Monday night open meetings, the object of the club being to discuss more fully and effectively the educational ideals of its constitution.

To Open New Hospital

The Duke of Connaught is planning to return to Canada for an indefinite period after his vacation in Britain.

ROYAL TEMPLARS HAD GOOD YEAR

The Duke of Connaught is planning to return to Canada for an indefinite period after his vacation in Britain. One of his first engagements will be to open the new general hospital on College street during the third week in May.

It is not yet decided whether the Duchess or Princess Patricia will return with him.

The Royal Templars had a very successful year. The annual meeting of the Grand Council of Ontario, which was held at the Temple Assembly Hall, Toronto, on February 12, was a most successful one. The Grand Council reported that the year had been a very successful one, and that the membership had increased by a large amount. The Grand Council also reported that the year had been a very successful one, and that the membership had increased by a large amount.

MRS. EASTON DIED FROM HEAVY FALL

Jury Found That Death Was Due to an Accident.

SON WORE OVERSHOES

The death of Mrs. Easton was of a very mysterious character, but a theory that she received the injury to her head as the result of a fall is a feasible one, said Coroner Clendinning, to the Easton inquest jury at the morgue last night. The verdict returned by the jury was as follows:

"We find that Elizabeth Easton came to her death accidentally from a fall of the steps at the house No. 184 Macdonell avenue, in the City of Toronto, on February 8, 1913."

Harold Helthrop, of 184 Macdonell avenue, told of returning home at 6:45 p.m. on Friday, February 7, and finding that the back door of the house had been left open. On going to close the door he saw Mrs. Easton lying on the walk near the foot of the steps.

He stated that his mother, who is ar. invalid, confined to an upstairs room, had remarked to him that although she heard her son, Mrs. Easton's son, come in, no one had left again by the front door, as she could distinctly hear every time it was opened and closed.

James God, of 474 Huron street, aged 44, the son of Mrs. Easton, who is a married man, stated that he had seen his mother at six o'clock on the Friday night. He had requested the opening of the door, but she had refused to do so, and he had to go to his room. On a previous occasion this winter, he had been given two dollars by her.

He left the house again at 8:45 p.m., and went out by the front door. He accounted for the fact that Mrs. Helthrop did not hear him, by stating that he wore overshoes. He stated that his mother and he had always been on excellent terms.

G. W. Gilmore, who conducted the post mortem examination, stated that the injury to Mrs. Easton's head could have been caused by a stick or sharp weapon, but would be due to striking some dull object.

Labor Men to Meet

The Independent Labor party, at a meeting of the Toronto branch last night, decided to hold a meeting on March 31.

HAMILTON WOMAN IS BEING SUED

The Independent Labor party, at a meeting of the Toronto branch last night, decided to hold a meeting on March 31. The meeting will be held at the Toronto branch hall, and will be presided over by Joseph Gibbons, J. H. Valentine, secretary, Trades and Labor Council, John Doggett and Joseph Marks. They have secured the assembly hall in the Labor Temple for the meeting.

Hamilton woman is being sued. The plaintiff is Mrs. J. H. Valentine, and the defendant is Mrs. J. H. Valentine. The case is being heard in the County Court of Hamilton.

HERIODEADE AT THE ALEXANDRA

Second Week of Grand Opera Was Wonderful Triumph

CHORUS A FEATURE

The second week of grand opera at the Alexandra was auspiciously opened last night by "Heriodade" which was most admirably given. The excellence of the chorus and orchestra, and the splendid singing of the principals, together with a sumptuous mounting, will make this opera of Massenet outstand as one of the finest productions given here by the Montreal organization.

"Heriodade" served to introduce to Toronto the splendid soprano, Salome Bernheim, who made her initial appearance, and one felt throughout the performance the increasing improvement in her rendition. At first she seemed to lack in enthusiasm, but gradually her voice gained in strength and her acting in intensity until the climax in the dungeon scene. Then she most certainly showed herself worthy of the place given her as one of the finest living dramatic sopranos.

M. Goddard had a part that gave her scope for dramatic effect, but his deep and powerful bass was one of the delights of the evening.

The accompaniment was a strong and commanding figure, and his robust tenor was particularly effective in the passages with Mme. Bernheim. His repression lent dignity to a part that was in striking contrast to the others.

The story of the opera gave wide opportunity for dramatic effect, and the principals were most effective themselves. In the temple scene, which comes in an anti-climax, the chorus and orchestra were most effective, and the scene set the Montreal Opera Company upon an even keel, and gave them their previous work had placed them.

The accompaniment was a strong and commanding figure, and his robust tenor was particularly effective in the passages with Mme. Bernheim. His repression lent dignity to a part that was in striking contrast to the others.

R. & O. ALLOWED TO ADD NEW LINE TO CAPITAL

Continued From Page 1.

ment, believing that general legislation placing the capitalization of all public service corporations under some independent commission, would soon be brought down by the government. They certainly found little upon which to base that hope in the speech delivered by Finance Minister White, but there is none the less reason to believe that the government will introduce a general act at this session, subjecting capitalization of companies to regulation by a commission or some tribunal to be specially created for the purpose of such jurisdiction.

In the debate today there was also practically unanimity in favor of the proposition that passenger and freight rates should be regulated on inland waters as well as when borne by railroads. The first speaker in support of this was Mr. Carvell, who touched upon the evils of watered stock. Such stock he said was usually sold at a high price to persons who paid value for it and expected dividends. It was the innocent holders of watered stock who were the most to be pitied. The tolls charged by public utility corporations, Bristol to the Rescue.

Mr. Bristol, who is a stockholder in the company, lamented that there was a confusion of ideas abroad. It was proper to regulate the capitalization of a street railway company or a railway company. Such companies are usually franchised in the case of the R. and O. He contended that the company received nothing from the public and should not be regulated.

Hon. H. B. Emmerson said that Mr. Bristol naturally spoke from the standpoint of the shareholder, but there was also the question of the public to be considered.

No Monopoly, Says White.

Hon. Wm. Ferguson said that Mr. Bristol had the company had no franchise or monopoly. It had to come to parliament in order to get permission to increase its capital, but it might turn around tomorrow, be re-incorporated by letters patent and acquire the right to increase its capital indefinitely. He admitted that some governmental supervision over capitalization might be justifiable in the case of industrial corporations, but in the case of companies like the R. and O. and the R. and O. he reminded the Liberals that the latter Government in 1911 had passed a bill permitting the R. and O. to double its capital stock.

Rights of Stockholders.

Mr. White then favored the house with his views on the R. and O. The reserve or accumulated profits of a corporation, he said, belonged to the shareholders and the public had no ground for complaint, unless new capital was not sold below par. He considered the whole discussion as an academic one.

There was nothing to show that the R. and O. intended to restrict competition in any way.

Replying to W. F. Maclean, South York, the minister stated that he did not know how many steamship lines had been acquired by the R. and O. He complained that this company was being singled out for severe regulations, because Sir Rodolph was the president of it.

Hon. Wm. Ferguson said that the finance minister had not elevated the debate by attributing personal and political motives to those who were opposed to watered stock. This company was not being singled out. It was a great transportation company, competing with the railway companies.

Mr. W. F. Maclean "Is the capitalization of the Canadian Pacific subject to regulation?"

Mr. Ferguson: "Yes, by the government in council, and in view of the fact, I can see no discrimination in having the capital of this steamship company, one of its principal competitors, subject to regulations.

Conservative members for Vancouver submitted that the railway commission was already overburdened and should have no further duties assigned to it.

Mr. Neashy (North Oxford) believed the R. and O. to be a "practical monopoly," and favored the Maclean amendment.

Curie's Strong Attack.

Major J. A. Currie, Conservative member for North Simcoe, said the pending bill affected every manufacturer in Ontario, every farmer in the west and 8000 factory on the great

Liberal Chiefs Mysterious

OTTAWA, Feb. 17.—(Special.)—The rumor that the Liberal party is considering the advisability of forcing a general election, is kept alive by the number of prominent Liberal statesmen who have been here during the past few days.

N. W. Rowell, K.C., leader of the opposition in the Ontario Legislature, accompanied by J. E. Atkinson of The Toronto Star, lunched with Sir Wilfrid Laurier today. They had nothing to say to the press.

lakes. The Richelieu and Ontario had absorbed a number of other steamship lines and now controlled 80 per cent of the traffic between the head of navigation and tidewater. Now, in turn, the Furness interests were getting control of the R. and O. and would probably turn the Canadian directors at the meeting to be held on the 19th inst. The Furness company was responsible for the North Atlantic shipping line, and had taken in the tramp steamers and had established such a monopoly that the cost of shipping wheat from Port William to Liverpool had been reported as \$1.60 to \$1.80 per barrel. It might be, as some said, that the Richelieu had not merged with any competitor, but with a number of smaller companies, which formerly competed among themselves.

Graham a Shareholder.

Hon. G. G. Greenham admitted that he was a stockholder in the R. and O. and therefore would not vote. He intimated, however, that he did not favor the Maclean amendment.

Hon. Rodolphe Lemieux discussed the affairs of the R. and O. and especially the service given to points below the head of navigation. He had a discussion in which postmaster-general Pelletier and other Quebec members took part.

How They Voted.

Upon division the Maclean amendment was negatived by the following vote:—Messrs. Boyce, Buchanan, Currie, Curvell, Chisholm (Antigonish), Chisholm (Inverness), Clark (Red Deer), Cruise, Douglas, Emmerson, Fortier, Gauthier (St. Hyacinthe), Gauthier (King's), Kyrle, Lapointe (Kamouraska), Sir Wilfrid Laurier, Law, Lemieux, Maclean (S. York), McCarty, McKee, Maclellan (Bonaventure), Maclellan (St. John's), Neely, Proulx, Pugsley, Reid (Restigouche), Richards, Sinclair, Turgeon, Turfitt, White (Victoria), White (Alta.), 29.

Nays—Messrs. Aikins, Ames, Armstrong (Lambton), Armstrong (York), Arthur, Atkinson, Barker, Bennett (Calgary), Bennett (Simcoe), Blain, Blonard, Borden, Bowman, Boyce, Bradbury, Broder, Burnham, Burrill, Chabot, Clark (Inverness), Clark (Victoria), Clements, Cochrane, Coderre, Crockett, Crothers, Currie, Edwards, Girouard, Foster (King's), Frapp, Girard, Hazen, Henderson, Hughes (Victoria), Jameson, Lancaster, Lewis, McKay, McLean (Queen's, P.E.I.), Melghe, Mermer, Middlebro, Morrison, Munson, Nicholson, Pugsley, Paul, Pelletier, Reid (Greenville), Rhodes, Robidoux, Schaffner, Sevigny, Sexsmith, Sharpe (Lindsay), Sheppard, Smith, Gault, Stevens, Stewart (Hamilton), Stewart (Lunenburg), Sutherland, Taylor, Thorburn, Thornton, Tremblay, Walker, Webster, Welch, White (Renfrew), Wilcox, Wilson (Wentworth)—74.

The bill was then read a third time and passed.

THREW SNOWBALLS AT SUFFRAGETTES

But Military College Gallants Routed Juvenile Foes—Rigors of March

CHESTER, Pa., Feb. 17.—(Can. Press.)—The marching pilgrims bound from New York to Washington in the cause of woman suffrage, who were met with a hostile reception since their like commenced at Lelieville, a small village to the north of this city, late this afternoon, when they were snow-balled. The students at the Military College went gallantly to the rescue, and the young suffragettes were routed and escorted "Gen." Rossie Jones and her army to this city, where they will spend the night.

From the time the pilgrims started from Wilmington, Del., joined with sympathizers in this city in giving the pilgrims a reception of nature which did much to make them forget the hardships of their march from Philadelphia.

Despite the snow-covered ground, all the army managed to walk the entire 14 miles from Philadelphia and no deaths have been reported. The 10,000 Philadelphia recruits also finished in good condition.

The trip appearance which had been made by some of the younger marchers, however, suffered severely. Miss Phoebe Hawn's shoes gave way under the strain, and the journey was half ended and the great toe of her right foot was in evidence, when Chester was reached.

Minerva's Unwisdom.

Miss Crowell, whose insistence upon marching with painfully blistered feet, caused the cause of the heavy tarpaulin shoes which she says, have been the cause of her troubles, is in a pair of light pumps, with high heels. The pumps were practically disintegrated at the end of the day's walk, and her feet were in worse condition than ever. This fact, however, Miss Crowell declares will not prevent her continuing the march.

The start today from Philadelphia was delayed by a reception at the University of Pennsylvania law school, with thousands of students gave the pilgrims a warm, although friendly reception. A stop for luncheon was made at Darby, shortly after noon, and no exciting incidents occurred, until tomorrow night the hikers expected to spend in Wilmington, Del., 13 miles from here.

HEAVY DAMAGES ASKED IN WRIT

President of National Cement Company Claims Ten Thousand for Libel.

DURHAM, Ont., Feb. 17.—N. W. Calder, president of the National Portland Cement Company, has issued a writ for \$10,000 against A. McCabe of Toronto, vice-president of the company, for libelous statements contained in a circular which he has recently sent out to the shareholders of the company.

When Mr. McCabe was called up by phone at his home, 151 Galt avenue, last night, by The World, he said that he had heard absolutely nothing about any writ being issued against him. Mr. McCabe showed far more interest in the origin of the report, how it got on the wire, than he did in the charges against him. The \$10,000 feature caused no noticeable surprise.

"Any circular sent out to the shareholders?" he was asked.

"Oh, yes, I think there was," said Mr. McCabe.

"I have no idea," was the answer. Mr. McCabe said he thought the president saw all the circulars sent out to the shareholders. There was no friction between himself and Mr. Calder whatever.

AUSTRALIA LOYAL TO MOTHERLAND

Premier Scaddan Reputates Charge That Working Class Are Without Sense of Obligation.

LONDON, Feb. 18.—(C.A.P.)—Reports as to alleged disloyalty towards England leveled against Australia, and particularly the Australian working classes, received a crushing rebuff today from Premier Scaddan of Western Australia, who was entertained by Sir Newton Moore.

At the slightest necessity, explained Premier Scaddan, for British newspapers to persistently question him on the matter of the country's loyalty, the dominion, if anything, was more patriotic today than ever before. Australia remembered the financial assistance England had given her in the work of development and settlement, and was grateful for naval and military protection thrown round Australia, which she would not have been able to obtain on her own resources in peace and safety.

"The Australian people," he said, "appreciated these favours. They hoped and trusted this assistance would be given them by the motherland. Unless they could hope to secure from England the necessary funds for development of Australia, the progress of the work must be hampered. (Hear, hear.) He knew any cooperation which the home government could afford would be given gladly. He understood there had been some misgivings in this country as to the intentions of his government to continue the migration policy. He could assure them they need not entertain the slightest idea of any abandonment of that policy. The government hoped immigrants would come in even larger numbers than heretofore. He would think the people who shared this vast possession with men and women who were working out its destinies and who had learned to look on it as "our country."

ORDER MARINES TO MOBILIZE IN CUBA

Continued From Page 1.

point of the marines, who will be established in camp in connection with the fleet under the command of Rear Admiral Badger. Whether these men will get further than Guantanamo will depend on Mexican developments.

Taft in Quandary.

President Taft is plainly worried by the fact that although he has only 17 more days to serve in the White House, the situation in Mexico shows little signs of becoming less troublesome. The president has no desire to leave over for Mr. Wilson the question of this country's relations with Mexico, but he is decidedly opposed to taking any measures himself unless extreme provocation and wholesale murder of Americans drive him to it.

The president's friends today think that he realized what a difficult thing it would be for a new administration to gather up the reins of government and understand the conditions in the southern republic in a few weeks or a few months. He is of the opinion that it would take at least six months to get a grasp of the situation, and that he and his cabinet had acquired in two years' close study of a condition that has never ceased to confront them. He has informed his advisers that he will be president up until Mr. Wilson takes the oath of office and that if intervention is demanded by congress on his last day in office, he would not hesitate to occur. But he hopes that he will not have to act in this manner, and that the background leaving new president and inexperienced administration to struggle with the real problem.

No Message to Congress.

The president has made no preparations to send any communication to congress touching Mexico, but he is expected to speak to congress on the subject, if a situation requiring his advice arises. He is ready to inform his advisers to lay before congress the vast fund of information on conditions there for truly service. It was, therefore, determined to send two of the transports at Newport News to the Texas port to await further orders.

Besides the movement of the marines, two army transports were ordered tonight to proceed at once from Newport News to Galveston, Tex., where they might be called on hand for the movement of troops from the borders should any unexpected emergency arise. Early in the day the third cavalry at Fort Sam Houston, was directed to hold itself in readiness to entrain for Galveston prepared for foreign service.

The government has no transports available in gulf waters and investigation disclosed that to engage commercial vessels in time of emergency would entail enormous expense and delay would result in preparing them for truly service. It was, therefore, determined to send two of the transports at Newport News to the Texas port to await further orders.

ner of Spedina and Queen street last night he did not suspect that he was being trailed by Detectives Guthrie and Young. Jarvis was arrested, charged with picking pockets. The officers suspected that Jarvis was altogether too attentive to people in the crowd and saw enough to justify them in apprehending the man.

Accused is thought to be connected with the case of Detective McGraw, who have been operating extensively in Toronto during the past few days.

Charged With Theft.

Something about Joseph McGraw struck Detectives Armstrong and Miller as being familiar when they met him on the street last night. After he had followed the subject for some distance the officers remembered that George Hayne, sr., of 502 Yonge street, had a parcel of information reported to them. McGraw was taken in tow by the detectives and will appear in court. He lives at 13 Oak street.

Stolen Jewelry.

Gordon Mitchell succeeded in acquiring a pearl ring and two watches. These he sold at a secondhand shop. It happened that Detective Scott, who visited the shop, spied the jewelry, recognized it as being stolen and then it did not take him long to buy himself on Mitchell's trail. Mitchell will see the magistrate this morning. He lives at 44 Brunswick avenue.

Collected For Jewelry.

Walter Adams saw one of the T. Eaton delivery wagons standing outside of a house yesterday afternoon. He happened to be passing the house. He found that it was a C.O.D. order, so he delivered it at the house and collected. The detectives were not far behind Adams and landed with the parcel in Court street station.

Josephine Miller is said to have stolen \$15 from a parcel of whom she was working. Detective Guthrie arrested her last night.

TUESDAY MORNING, FEB. 18, 1913

THE CANADIAN NAVAL QUESTION

In relation to the empire and imperial defence, Canada occupies a position differing from that of any other of the British self-governing dominions. The Commonwealth of Australia and the Dominion of New Zealand have a population with too small an admixture of peoples to destroy their British homogeneity. In the Union of South Africa again the presence of largely preponderating numbers of natives, of various races, indeed, but having a common color bond, must invariably tend to identify the main interests of Britain and Boer, while the coterminous boundary of their territory with that of German possessions will also have its effect in compelling combined action for the preservation of their country from outside aggression. The problems with which these British self-governing states have to deal in the matters of internal defence and association with imperial naval provision, is therefore not at all comparable with the similar problems as presented to Canada. They must rely on imperial protection to a much larger extent than many Canadians are willing to admit or feel to be necessary.

The varying currents of Canadian public opinion regarding the character and extent of the Dominion's participation in imperial defence, particularly on its naval side, are naturally unfamiliar to the people of the motherland, except in the occasional instances of individuals who have been resident in Canada or of Canadians who have migrated to the United Kingdom. One of the more notable of these latter, Mr. Hamar Greenwood, a member of the imperial parliament, in an article given prominent place in the current number of The Contemporary Review, undertakes the task of explaining the Canadian attitude on the question to British readers. He has done this with full knowledge and conspicuous moderation, and impartiality. With much of the substance of the article, Canadians who follow the course of public affairs are, of course, more or less conversant, and it does not require recapitulation. Mr. Greenwood's historical exposition of the movement towards co-operation in naval defence, the proposals submitted by Sir Wilfrid Laurier and the counter-policy recently laid by Mr. Borden before the Dominion Parliament is at once clear and free from partisanship.

As Mr. Greenwood views the Canadian political position, "There is apparently no conflict in principle or policy between Mr. Borden and Sir Wilfrid Laurier. Both agree that the grant of \$35,000,000 ought to be made, and at once, if an emergency exists, and both agree that contributions alone will not solve the question of a permanent Canadian naval policy. The dispute between these statesmen resolves itself into a dispute as to whether or not there is an emergency." On this point, Mr. Greenwood calls attention to the fact that the international position has fundamentally changed since 1909, when the British admiralty, rightly or wrongly, agreed to the principle of a local navy for Canada. Since that date the new German navy law has come into operation and, as the British admiralty has also pointed out, the new naval programs of the other members of the triple alliance have forced a rearrangement of the balance of power in the Mediterranean. The truth is that had the threatened emergency actually arisen, grants of money, however great, could not obviate a crisis. It is 1913, under their present policies, the United Kingdom may be confronted with a combined naval power greater than that which she can oppose, the emergency will have come and only action now can avert its arrival. Mr. Greenwood's article has all the more significance when it is remembered that he is a member of the British Liberal party and in close personal touch with the head of the admiralty.

MR. GAGE'S CAMPAIGN AGAINST CONSUMPTION

It should be well-known that the successful issue of the effort to realize the King Edward Memorial Fund for the consumptives has been largely due to the exertions and the generosity of one man, who has been indefatigable in the cause. Where many have helped, he has been foremost, and now that he is gone to Europe to a well-earned rest, the facts of his philanthropy should be made known. It was largely Mr. W. J. Gage's devotion, at the beginning, that made the

million dollar fund possible. He contributed the first \$100,000 to the fund, and increased this amount afterwards to \$150,000, which, with the amounts previously contributed by him, brings Mr. Gage's gifts to the cause up to the sum of \$350,000. This is a princely offering in a cause which needs royal handling. The toll of lives annually leveled on the province is being lightened by the efforts of those who seek to stop the ravages of tuberculosis. The sick and bereaved have a true and earnest friend and helper in Mr. Gage.

BOTH CLAIM LINCOLN.

Last week in honor of the 104th anniversary of Abraham Lincoln's birthday, two banquets were given in Philadelphia, one by the Union League and the other by the Washington party of that city. At the former President Taft was the guest of honor—at the latter, President Roosevelt. Speaking on behalf of their respective sections of the Republican party of the United States, each claimed his following to be the legitimate inheritors of Lincoln's principles and the exponents of the great president's policies. President Taft asked with evident assurance the question: "Would Lincoln be with us in this meeting and share the sympathy and spirit of this meeting, if he were alive?" and he answered this question with equal confidence. "Well, of course, he would." Contrarywise the ex-president proclaimed Lincoln and his supporters as emphatically the progressives of their day and branded the official leaders of the Republican party today as "the spiritual heirs of the men who warred against Lincoln, who rallied to him as a revolutionist, who denounced him as an innovator, an opponent of the constitution and an enemy of property."

On a commemorative occasion the temptation offered the rival leaders to claim identification with the man whose life and services were being honored and lauded was irresistible. But of the two the ex-president advanced the stronger evidence that Lincoln held opinions which today would be classed as progressive. More especially on the subject of the supremacy of judicial decisions were Lincoln's views in accord with those of Colonel Roosevelt. Thus Lincoln stated in his inaugural address that "if the policy of the government on vital questions affecting the whole people is to be irrevocably fixed by decisions of the supreme court, then the people will have ceased to be their rulers, having to that extent resigned the government into the hands of that eminent tribunal." Mr. Roosevelt later quoted the remark Mr. Asquith made in the British House of Commons, during the home rule debate, to the effect that it was not the practice of the British democracy to submit to the decision of a court the meaning of phrases such as those which have been invoked by United States courts for the denial of the right of the people to do justice. The ex-president expressed his sorrow at having to agree with British Liberal orators of the decisions of the supreme court of his country and rather than have the present practice continued he believed the people would make the legislature the sole arbiter of its own functions under the constitution exactly as is done in Britain and Canada. He, however, indicated his preference for his own proposal to make judicial decisions in the United States subject to recall by vote of the people.

"WITHOUT PRICE"

In a mercenary age, when even the reputedly spiritual see strong arguments in material inducements, great credit is due to a young man like Rev. W. A. Cameron of the Bloor Street Baptist Church, who understands that the real work of the world is not to be measured and cannot be indicated by the loud sounds that issue from piles of money. The soul has its own reasons, he has said, and he is a happy man who can hear the still voice above the loud noises. Toronto is fortunate in having men like him and others in the city who can discriminate.

COMMISSIONERS GOVERNMENT IN CANADA.

In the beginning of the current month the commissioners of St. John, New Brunswick, issued a statement giving the result of their administration of the city's affairs for the eight months prior to Dec. 31, 1912. It stated the available surplus at \$52,023, whereas \$31,738 was applied in reducing the assessment levy for the current year, thus lowering the tax rate by between eight and nine points. St. John's experience has thus corresponded with that of the United States cities that have adopted commission government. Freed from ward influence and with a commission, small in number, but individually responsible for particular departments of civic business, improved methods were at once observable. This just confirms the principle, steadily adhered to in the case of private corporations, individual power means individual responsibility, which cannot be shifted from the shoulders where it properly belongs.

Military Orders Changed.

KINGSTON, Feb. 17.—(Special.)—Military orders cancel the transfer of Lieut.-Col. H. R. Duff, assistant director of medical services, to Toronto, and also extend the retirement of Lieut.-Col. James Massie, principal veterinary officer of the third division.

ORDER A CASE FROM YOUR DEALER.

The Philosopher of Folly

By Sherwood Hart THEIR MOVE. NATURE AND ART.

"Thru each range and section, powder-puff and paint make a girl's complexion look like what it ain't." Thus in words of beauty William Shakespeare wrote, and it is our duty off this gem to quote. When we see a maiden on our village street, paint-and-powder laden, we this verse repeat. When too-rosy lasses hurry by our door, thru our mind there passes William's rhyme once more. When a damsel dances past with painted eyes, casting downward glances, oft our doubts arise, when there's cal-

soning on her nose and chin, oft we start upon just what class she's in. Maidens, we beseech you, listen to our song, and let William teach you that that's the way to dress. If your skin seems sallow, start out unafraid, like a live marshmallow pray do not parade. Little dabs of powder on a lady's cheek, or the muddy wash that her voice can speak. Pink or pearl, dablets oftentimes we find craven on the tablets of the many kind; eyebrows which are penciled, lips with carmine bright, oftentimes are attached on the inner sight. Many times when walking with a gilded saint, men, instead of talking, show a strange restraint. So in this connection like our sage advice, wear your own complexion; shun the flour of rice. If by some compulsion you are fared to paint, use a thin emulsion, make it weak and faint. Take some care in starting, use the colors well, youthful tints imparting so, can not tell.

CLERGYMEN HONOR JAS. BRUCE.

NEW YORK, Feb. 17.—(Can. Press.)—Three hundred and fifty clergymen of New York City, representing more than 40 denominations, met at a luncheon today in honor of James Bruce, who has announced his impending retirement as ambassador from Great Britain. Mr. Bruce, in a speech, congratulated the clergy upon their increasing willingness to forget religious differences when opportunity arose to co-operate for the public good. In New York he said, more than 60,000 acres at Indian Head, Qu'Appelle, Balgonia, Long Lake, and other central Saskatchewan points. He was born at Brockville, Ont., in 1845.

MAJ. BELL DEAD AT WINNIPEG.

WINNIPEG, Feb. 17.—(Can. Press.)—Major W. R. Bell, rifleman, agriculturist and transport officer, died at 3 o'clock this afternoon, aged 67. The active and apparently quite hale and hearty, he was suffering from a fatal illness for over a year. Major Bell was one of the best known characters in the west, having spent in the early eighties farming about 60,000 acres at Indian Head, Qu'Appelle, Balgonia, Long Lake, and other central Saskatchewan points. He was born at Brockville, Ont., in 1845.

WON'T HAVE CHILDREN VACCINATED.

NIAGARA FALLS, Ont., Feb. 17.—(Special.)—Great opposition is being made to the order that all children must be vaccinated before returning to school, because of the outbreak of smallpox here. Some parents have gone so far as to declare that they will resist the operation on their children at the point of a gun.

At Osgoode Hall

ANNOUNCEMENTS.

Feb. 17, 1913. Judge's Chambers will be held on Tuesday, 18th inst., at 10 a.m.

Peremptory list for appellate division for Tuesday, 18th inst., at 11 a.m.

- 1. Waller v. Town of Sarnia, (at 11 continued).
2. Re Stewart, Howe & Meek.
3. Johnston v. Johnston.
4. Galbraith v. McDougall.
5. Clark v. Booth.
6. Montreal v. Asphalt Block.

Master's Chambers.

Before J. S. Cairwright, K.C. Master. Meredith v. Sigmund. Aylesworth for defendant moved for order for security for costs. J. M. Godfrey for plaintiff enlarged until 18th inst. Time for delivery of statement of defence extended meantime.

Judge's Chambers.

Before Middleton, J. Wall v. Dominion Canners Limited. J. M. Godfrey, K.C., for defendants, appealed from order of master in chambers refusing to strike out certain paragraphs of statement of claim. D. McCarthy, K.C., for plaintiff. Judgment: Paragraph six seems to me embarrassing, it does not allege a contract, but merely an offer. The plaintiff may amend if leave is necessary, but paragraph six as it now stands must be struck out. Costs here and here may be in the cause.

Single Court.

Before Falconbridge, C.J. Continental and Commercial National Bank v. The Searchlight Gas Co.—W. Kerr, for plaintiff, moved for order appointing foreign receiver in Ontario. M. L. Gordon, for defendant consented. Order made appointing Horace E. Pearson receiver having security in the sum of \$10,000.

Before Lennox, J.

Re Champagne—J. N. Vincent (Ottawa) for petitioner, T. Lewis, K.C., for defendant. Judgment: Order for distribution of moneys deposited with the Royal Trust Company, as advertised in settlement for death of Napoleon Champagne, by accident, while in the employment of the Ottawa Improvement Commission. Judgment: Let the order be issued confirming the settlement and appointing the moneys as follows: The Royal Trust Company to pay in the balance of the proceeds of the moneys in their hands their costs and charges, and the costs of this application.

Before Lennox, J.

Blindon v. Gorman—G. Kidd (Ottawa) for plaintiff, J. J. McKeown (Ottawa) for defendant Gorman. M. J. O'Connor, K.C., for defendant Murray. Judgment: Dismissal of partnership for the taking of accounts and winding-up of business. Judgment: A verbal agreement to divide profits of transactions in land is valid at all events where no specific lands are referred to. Notwithstanding some discrepancies, I believe the evidence of Murray and plaintiff was substantially accurate. After some hesitation I have come to the conclusion that the division of profits simply does not necessitate an equal division. I am of opinion that defendant Gorman should pay to plaintiff and Murray one-third of the profits of the Brantford transaction—say \$1,700, of which \$1,200 will belong to the plaintiff, and should pay \$500 to each of these parties in respect of the Montreal Park realty stock transaction, and interest from the date of suit. Judgment: For plaintiff against defendant Gorman for \$1,700, with interest from August 13, 1911, and costs, and for the defendant Murray against defendant Gorman for \$1,000, with interest from August 12, aforesaid, and Murray's costs of defence.

Appellate Division.

Before Mulock, C.J., Clute, J., Riddell, J., Sutherland, J., Lettich, J. National Trust Company v. Brantford Railway Company—G. E. McFarland for plaintiff, S. C. Smoke, K.C., for defendant. Appeal by plaintiff. Judgment of Kelly, J., of July 13, 1912, by consent, case struck off list, pending negotiations for settlement. If settlement not consummated, may be restored to list by either party.

Before Lennox, J.

Re Champagne—J. N. Vincent (Ottawa) for petitioner, T. Lewis, K.C., for defendant. Judgment: Order for distribution of moneys deposited with the Royal Trust Company, as advertised in settlement for death of Napoleon Champagne, by accident, while in the employment of the Ottawa Improvement Commission. Judgment: Let the order be issued confirming the settlement and appointing the moneys as follows: The Royal Trust Company to pay in the balance of the proceeds of the moneys in their hands their costs and charges, and the costs of this application.

Before Lennox, J.

Blindon v. Gorman—G. Kidd (Ottawa) for plaintiff, J. J. McKeown (Ottawa) for defendant Gorman. M. J. O'Connor, K.C., for defendant Murray. Judgment: Dismissal of partnership for the taking of accounts and winding-up of business. Judgment: A verbal agreement to divide profits of transactions in land is valid at all events where no specific lands are referred to. Notwithstanding some discrepancies, I believe the evidence of Murray and plaintiff was substantially accurate. After some hesitation I have come to the conclusion that the division of profits simply does not necessitate an equal division. THE WEATHER
OBSERVATORY, TORONTO, Feb. 17, 11 a.m.—All signs of high pressure from the north has moved down over the great lakes, while important disturbances are centred tonight off the Nova Scotian Coast and in the North-western Provinces and States. Snow has fallen today in Eastern Quebec and the maritime provinces, and also in parts of the prairie provinces. Temperatures have risen from the great lakes to the Atlantic, while in the west there has not been much change in conditions.
Minimum and maximum temperatures: Vancouver, 40-48; Edmonton, 20-38; Calgary, 20-25; Battleford, 28-40; Moose, 29-39; Winnipeg, 18-24; Port Arthur, 4 below-22; Pelly Sound, 2 below-2; London, 18-26; Toronto, 2-23; Kingston, 2-14; Ottawa, 3 below-10; Montreal, 4-14; Quebec, 6-14; St. John, 16-28; Halifax, 18-28.
—Probabilities—
Lower Lakes and Georgian Bay—Easterly winds fair, with rising temperature.
Ottawa—Vine and cold.
Lower St. Lawrence and Gulf—North-easterly wind; fair and cold.
Maritime—Northerly winds; clearing and becoming colder.
Upper—easterly winds; milder, with a snowfall.
Manitoba and Saskatchewan—Moderately cold with light snowfalls.
Alberta—Fair and mild.

10.50 p.m.—Held by train, G.T.R. crossing; five minutes' delay to Bathurst cars.
DEATHS.
BELL—On Sunday, Feb. 16, 1913, at his residence, 29 East street, Toronto, Thomas Bell, in the 78th year of his age.
Funeral private, on Tuesday. Interment in Mount Pleasant Cemetery. Please do not send flowers.
CLARK—On Monday, Feb. 17, 1913, Augustus Clark, beloved wife of R. D. Clark, Locust Hill, Ont.
Funeral notice later.
MATSON—At the residence of his son-in-law, Mr. D'Arcy Elms, 78 Indian road crescent, Toronto, Robert Henry Matson, aged 71 years.
Funeral private, on Wednesday next, at 2 o'clock. Interment in Mount Pleasant Cemetery. Please omit flowers.
MYERS—On Monday, Feb. 17, 1913, at L'Arroux road, Toronto, beloved wife of Robert Myers, aged 61 years.
Funeral at 2 p.m. Wednesday, 19th, to St. Paul's Cemetery, Scarborough.
STANDISH—After a short illness, at his late residence, 20 Warren road, on Monday, Feb. 17, 1913, Mrs. Standish, in his 49th year.
Funeral on Wednesday, Feb. 19, at 2 p.m. to Mount Pleasant Cemetery.

Gourlay Efficiency
The Gourlay Piano is 100% efficient. The Gourlay Piano yields 100% in tonal resonance. Its action is the acme of responsiveness. It approaches the ideal in beauty—richness—and loveliness of tone. The methods and materials of which the Gourlay is made—the skillful and painstaking methods of manufacture—create a sum total of efficiency that admits of no criticism. When you decide to buy a piano—examine the Gourlay. You will find it has won its place among the world's greatest pianos by sheer virtue of principle, material and workmanship. It has gained the support of recognized authorities on tonal characteristics, and has unqualifiedly substantiated our claims to excellence in its daily use in thousands of Canadian homes. The purchase of a piano involves a comparatively large expenditure. Therefore its selection demands serious consideration. Any "inefficient" piano—no matter how cheap—is an ill-advised investment. Give the selection of your pianogreat thought. Be sure the piano you purchase is worth the money you pay for it—musically and intrinsically. If you do this—your final choice will be a Gourlay.
GOURLAY WINTER AND LEEMING
188 YONGE ST. TORONTO
PAINFUL MEMORIES.
We shall have to be excused if we do not celebrate with enthusiasm the tercentenary of the discovery of logarithms.—Boston Globe.
Great Scheme.
It was raining very heavily in London; so a wealthy merchant, on leaving the exchange, hailed a cab and asked to be driven to a distant part of the city. On the way the merchant discovered that he had forgotten to take his purse in his pocket. What was to be done? On reaching his destination he got out of the cab and said to the driver: "Will you please give me a match? I have dropped a sovereign on the floor of the cab."
Instantly the cabman whipped up his horse and soon disappeared around the next corner.—Weekly Telegraph

BANK BUILDING AGAIN ENDORSED
Property Committee Favors Granting Permits for Skyscrapers.
HIGH PARK ROADWAYS
More Than Five Miles Will Be Improved This Summer.
Toronto's future building skyline for the high pressure district was the subject of another lengthy debate by the property committee at its regular meeting at the city hall yesterday, when for the third time the city council was recommended to grant permits for the construction of the Royal and Danforth buildings, situated at the northeast and southwest corners of King and Yonge streets.
By a vote of eight to five this recommendation was passed upon, but this vote by no means decides that the limit for this district is to be 250 feet; this policy is to be determined, in so far as the committee is concerned, at a special meeting to be held next Thursday. Under present circumstances, if council stands by this vote, no other buildings can be erected in that vicinity without special permission from the committee, board of control and council, and it is with a view to eliminating these unnecessary debates and much holding back of business that the suggested change has been considered.
The Civic Guild sent a communication suggesting that no building should be allowed to rise higher than one and a half times the width of the street.
After a lengthy discussion the vote on the granting of the permits was as follows:
FOR—Controller O'Neill, Ald. McBride, Hubbard, Burgess, Meredith, Rydman, May, McEwen—8.
AGAINST—Ald. Wankless, Weston, Wickett, Risk, Walton—5.
Ald. Mayhew and Anderson paired, the latter being against the recommendation and in favor of the 130-foot skyline.
The committee will confer with some leading authorities on Thursday, with a view to amending the building by-law. It is understood that Prof. G. H. C. Wright of Toronto University will be asked to attend.
Must Pay Account.
The payment of an account entailed a wordy war, lasting some three-quarters of an hour, at this committee meeting, and the question at last referred to his honor the mayor, who declared the delay in the construction of the civic auditorium. Some members declared it was Architect Perrin's fault, others said it was up to last year's council, but the result of the whole discussion was the natural decision that the account would have to be paid.
Perrin, who has already prepared the plans, sent in a bill for \$4500, and payment of his account. He gets 5 per cent. commission on the total expenditure. The board of control has recommended to council that the bill be paid.
Ald. Hubbard supported the city treasurer who has passed on the debentures, covering the auditorium's construction, until final permission has been received from the provincial government. He said he has already intimated his willingness that the bills should be passed by the legislature.
High Park Roadways.
Parks Commissioner Chambers came to the regular meeting of the parks and exhibitions committee with a proposition to spend \$70,000 on High Park roadways. This would afford a continuous driveway of some 1 1/2 miles in length; \$17,000 of this sum will be included in this year's estimates.
The proposition to purchase the west end of the Willow Park will in all probability be dropped, on account of the sudden boost in the price of the land, which in some places is 30 feet below the level of the road, and is a disused and pit, is too high.
The city will take 25 per cent. of the receipts as its share of the Radial and York Radial Railway Company in regard to the connection of its various sections which enter the city.
Property Estimates.
The construction of public lavatories at Bloor and Dovercourt, and College and Spadina intersections, is responsible for the \$10,000 increase in the yearly estimates of the property department. A new sprinkler system will be sought for the roof of the city hall. The city will also have to pay for the street entrance, and extra decorations all help to swell the account, which will be submitted some time this week.
The city will go ahead with its prosecution of Mr. Cummings, Supt. Thompson and Traffic Manager Richards, and the other defendants, and padding of account in connection with the intake pipe repairs. The summonses are returnable on Wednesday, and three charges have been laid.
Radial Entrances.
In all probability an agreement will be effected between the city and the Toronto and York Radial Railway Company in regard to the connection of its various sections which enter the city.
The board of control had a private audience with General Manager Moore and Traffic Manager Wilson yesterday, but nothing definite could be decided upon. The controllers saw a rough map showing the proposition to link up these lines with common terminal at Cottenham and Yonge streets, using the right of way of the Radial Railway Company and a part of the C.N.R. route.
Another site must be sought for the temporary terminal. Home for patients suspected of insanity No. 69 Bond street had been selected, but the cost of \$7000 per year was considered prohibitive.
The Gibbons' Toothache Gum—Sold by all druggists. Price 10 Cents.
GAVE BIRTH TO QUADRUPLETS.
HALIFAX, Feb. 17.—(Can. Press.)—Mrs. E. Isenbauer, of Scarsdale, today gave birth to quadruplets, three boys and a girl. The mother and babies are doing well. Three of the infants weigh 5 1/2 each, while the fourth weighs 3 1/2. Mrs. Isenbauer is about 25 years of age, and before this latest addition had given birth to eight children.
Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

NEW TECH. SCHOOL PLANS EXPLAINED
Building Will Be One-Third Larger Than City Hall.
WOMEN'S WORK ROOM Third Floor Will Be Devoted Entirely to Female Instruction.
Toronto's new Technical School received a boost from a number of Toronto's citizens at the special public meeting of the advisory committee of the school board yesterday afternoon. The previous lowest tender for the construction of this building, which is to be one-third larger than the city hall, was \$1,482,825, but since changes in the construction have been made the lowest tender now is \$1,235,000. The substitution of a flat roof has been decided on, which will reduce the cost somewhere in the vicinity of \$70,000. A glance at the plans, as prepared by Ross & Macdonald, the architects, shows no waste space in evidence. The basement floor is about 3 feet below the level of the sidewalk, and the height to the ceiling is 15 feet. A construction room is one of the features; this room goes up two storeys and is large enough to build two medium sized dwellings. Other rooms in the basement are: Brick room, where bricklaying is taught, stone and cement plaster work, and decorating (native plastering, ceilings, etc.) mill room, treating of wood (in connection with this section is a dry kiln), cabinet making, pattern making, wood turning, steam and gas engines, plumbing, dynamo and motor, applied mechanical, electrical construction work, manual training (wood), foundry, forge room, machine shop, painting and decorating, wood finishing, printing.
Large Gymnasium.
In the centre of the basement is a large gymnasium with a gallery above, plungers and showers for both boys and girls.
In the centre of the second floor is a large assembly hall, which, with a gallery, will have a seating capacity of 1500. Dr. Mackay pointed out that at present no accommodation could be had for meetings. The floor of the assembly hall will be raised six or seven feet to let the light under the floor into the gymnasium and shower baths underneath. Also on the second floor are the administration rooms, board room, reading room, exhibition room, ten class rooms, laboratories in physics, advanced laboratory in electricity, and a lecture room which will accommodate 250 people.
Women's Work.
With the exception of two lunch rooms the third floor is devoted to women's work, where four large demonstration kitchens will be situated. Other rooms are two millinery, two dress making, two hand sewing, laundry work, paper sewing, and a lecture hall for women.
The fourth floor is devoted to chemistry, machinery, freehand and architectural drawing.
Representatives of the Canadian Manufacturers' Association, the Trades and Labor Council, and the Board of Trade were present and all agree that immediate action was necessary regarding technical education in Toronto. Among the speakers were: A. R. Clark of the Canadian Manufacturers' Association, John S. McKinnon of the Canadian Manufacturers' Technical Education Committee, J. D. Allan of the technical committee of the board of trade, and W. O. McEwen.
One of the remarks brought out in the meeting was that the present grant of \$5000 per annum from the Ontario Government would automatically increase when the new building was erected.
Arrangements are being made for the advisory committee of the school board and the mayor and controllers to meet some time this week to discuss the plans of the school.

A Famous Line of Office Furniture
The "Cutler" line of Desks and Chairs, for which we are selling agents, has a reputation for style and finish and construction second to no other made in America. Business men contemplating the refurnishing of offices, or purchasing even an odd desk or tilter should see this line before deciding. Elegant Quartered Oak and Mahogany Desks at moderate prices. But here are two examples of what you can buy at little prices:
A Solid Oak Flat Top Desk For \$24.25
Heavy 54-inch top, double sanitary base, having two and three easy-sliding, dust-proof drawers in each pedestal, and wide drawer over knee space; finish is the new shade of light golden oak—a most pleasing color for office furnishing. Splendid value this.
A Handsome Roll Top Desk For \$32.50
54-inch top, with sanitary base, two and three drawers in the pedestals, brass-capped feet, roll top contains pigeon-holes and drawers and document boxes and full equipment.
Finished as above in light golden oak. Every part of construction is sturdy and cabinet work of the best order.

Dr. Ross Gets Damages.
Dr. Andrew Ross, the dentist who
received injuries in a street car collision
at Carlton and Parliament streets
in May, 1911, was yesterday awarded
\$550 and costs, in his action against
the Toronto Railway. The judgment
was awarded on an appeal, the case
having been decided in favor of
the railway company at its first trial.

WORK TO BEGIN ON C.N.R. LINE
Road From Toronto to Hamilton Will Be Commenced at Once.
All is now in readiness to go right ahead with the construction of the Toronto-Hamilton line of the Canadian Northern Railway. "We are just waiting for the word to begin," is the way the company expressed the situation to The World yesterday.
After a route following the Electric Development Company's right of way had been decided upon it was seen that an additional line of towers which that company were about to erect would place the wires too far between two towers. The way to get over this difficulty the workmen of the power company have been removing the present towers to one side of the right of way and the work of doing this is now very near completion. In fact, there is nothing in the way of an immediate start being made with the railway.
New C.P.R. Superintendent.
Thomas Collins has been appointed the new C.P.R. superintendent of the Toronto Hamilton Company, succeeding Wm. Coulter, who has held this post here for the past five years. Mr. Coulter holds the position of superintendent of the Bruce, Teeswater and Muskoka Division.
Railway Company Sued.
A writ was issued yesterday against the Toronto Railway Company, claiming the unpaid damages for the death of Mrs. Margaret Bird, who was killed by a street car at King and Portland street last December.

Rumor That Morgan Was Ill Brought Big Slump in Wall Street

ACUTE WEAKNESS IN TORONTO MARKET

Big Drop in C. P. R. Caused Apprehension and Stocks Declined Rapidly.

BRAZILIAN IN LEAD

Many Issues at New Low Records for Year—Pessimism Was Rampant.

The almost inherent pessimism which exists in the stock markets at the present time was exhibited again yesterday in what was probably the most spectacular slump of the year to date. In Wall street stocks were generally down about 1 1/2 to 2 1/2 per cent. and the favorite securities in the Toronto and Montreal exchanges pretty much followed their example. The combination of bearish factors which have been commented on so often of late, namely, the Balkan crisis, Mexican revolution, change of administration across the border, and last, but by no means least, the money stringency, again exerted their effect, and in the resultant decline prices were slaughtered without mercy.

LONDON MARKET HAD A BAD TURN

Extremes weakness in such stocks as Winnipeg Electric, which lost 1/2 points at 200, and then closed on Toronto 1/2 below that figure, and Ontario Rail, which was down 1/2 for the year at 138, evidenced the fact that the apprehension was not confined to any one section of the list.

Big Declines Shown. Extreme weakness in such stocks as Winnipeg Electric, which lost 1/2 points at 200, and then closed on Toronto 1/2 below that figure, and Ontario Rail, which was down 1/2 for the year at 138, evidenced the fact that the apprehension was not confined to any one section of the list.

BIG LOSSES SHOWN IN TORONTO MARKET

While the Wall street securities have been careening rapidly downhill on various occasions since the first of the year, the Toronto market has not been without their exhibitions of acute weakness also. The following table shows the extensive declines which have occurred in some of the leaders in the Toronto Stock Exchange since the first of the month:

UPS AND DOWNS IN BRAZILIAN SHARES

At its low yesterday Brazilian stood at a new low record for the month, a full 2 1/2 points over 400 firms down a few weeks ago. The monthly swings in the stock on the Toronto market are shown below:

Month	High	Low
August (on curb)	95 1/2	92
September	100 1/2	98
October	94 1/2	89 1/2
November	100	85
December	94 1/2	87 1/2
January	101	93 1/2
February (to date)	99 1/2	94 1/2

BIG TRACTION MERGER APPROVED

ALBANY, N.Y., Feb. 17.—(Can. Press.)—The proposed merger of the Rochester, Syracuse and Eastern, the Syracuse, Lake Shore and Northern, and the Auburn and Northern Railroad Companies, under the title of the Empire United Railways, with a capital of \$11,000,000, was approved today by the public service commission.

An Executor Should Be Selected With Great Care

The savings of a lifetime, intended eventually for children or other heirs, are of too great importance to leave to the disposition of individual executors. The capacity necessary to handle an estate and execute a will to the best advantage of the heirs are only possessed by a reliable Trust Company. An instructive booklet on how to make a will is sent free on receipt of the name and address of anyone interested.

BANK CLEARINGS OF THE CONTINENT

Montreal Moved Up Two Points Last Week—Canadian Cities Show Well.

C.P.R. WEAKEST SPOT

Broke More Than Six Points—Steel Heavily Unloaded.

NEW YORK, Feb. 17.—Another way of selling bore down prices of stocks today. The market was nervous, and at times acute weakness developed. Pessimistic feeling has become so widespread, owing to a variety of well recognized influences, that the present tendency is to exaggerate the importance of any new development which is construed unfavorably. The reception today of reports from abroad of J. P. Morgan's illness illustrated the effect of new bearish influences, coming on top of those which previously weakened the speculative position. The reports gave traders a scare, and those on the long side hastened to unload stocks at the opening. The effect of the selling was heightened by a vigorous bear attack, and quotations broke abruptly, with wide openings in the favorite stocks. Steel sold all the way from 22 to 20 1/2, different parts of the excited crowd of traders around the Steel post in the first minute after the trading began.

RUSO-AUSTRIAN CONTROVERSY LOOMS UP AS ADVANCE FACTOR

Again—Berlin Sold C.P.R.

LONDON, Feb. 17.—The stock market experienced further heaviness and a weak closing today through the Russo-Austrian controversy inducing continental and local offerings. Russian bonds, Kafirs and Brazilian Railways were the most affected. Renewed fighting in Mexico City depressed Mexican shares. American securities opened irregular. The New York bank statement and fears of a strike on the railroads unsettled the market, which declined sharply in the afternoon on the reported illness of J. P. Morgan. The closing was a shade above the lowest. Canadian Pacific was a weak feature on Berlin selling.

THE HANDWRITING ON THE WALL

As an indication of the present condition of the London capital market, the Monetary Times instances the results of five recent Canadian notations, as follows:

Issue	Amount	Price	Public
T. T. F. 4 1/2's	£478,300	94	27
Govt. 4's	1,075,000	92 1/2	15
Edmonton Deb.	738,356	92	1 1/2
Winnipeg 4 1/2's	750,000	100	25
Terminal C. S.	679,012	97	8

NO MANIPULATION SAYS THE PRESIDENT

NEW YORK, Feb. 17.—A letter of James F. Mahoney, president of Stock Exchange, to Governor Sulzer, which latter has made public, states that recent fluctuations in American Canadian securities are under way.

WORK RESUMED AT BELMONT PROPERTY

Holding in Kerr Lake District to Be Proved Up Pending Possible Sale.

COBALT, Feb. 17.—A small force has resumed work on the Belmont property adjoining the Drummond mine. The holding is in the Kerr Lake district, and but a short distance from the Kerr Lake and Crown Reserve mines. Negotiations in regard to the property with the aim of fully examining the mine are under way.

SWASTIKA CLAIM HAS CHANGED HANDS

SWASTIKA, Feb. 17.—Alec Coburn, superintendent of the Ontario Solid Silver Mines, in Burt Township, and William Morrison of Latchford have today purchased from Finley McLaren a property in the near vicinity of the Lucky Cross Mines, just to the east. The transaction was a cash one, and although the price has not been mentioned it is understood to have involved a considerable sum of money. The formation is the same as is found on the Lucky Cross property, and good quartz leads have been uncovered.

THE P. E. FRANK COMPANY STOCK SOLD

The Assignee Accepts the Offer of a Toronto Man for the \$50,000 Stock.

The \$50,000 stock of the P. E. Frank Co., the wholesale shoe jobbers who recently made an assignment, has been sold by the assignee, Mr. Gideon Grant, to Charles C. Cummings, late owner of the Slater Shoe Stores. The stock sold for 75c on the dollar. Best of the goods carried in the Toronto warehouse, \$35,000 worth of goods was bought in bond in transit to the Frank Company here. Mr. Cummings has not made any announcement as to his disposal of the stock, but expects to

SHEEP DECLINE IN NEW YORK MARKET

Extreme Nervousness Shown With Tendency to Exaggerate Adverse Influences.

TWIN CITY'S YEAR BIGGEST ON RECORD

Earnings at New High Water Mark—Comfortable Margin Over Dividends.

MONTREAL, Feb. 17.—Influenced directly by a severe break in C.P.R. on outside markets, and indirectly by the general weakness of the New York market, Canadian stocks were under renewed pressure today and prices again declined sharply. The market showed but slight rallying power, closing at or near low prices of the day with net losses ranging up to 5 3/4 points. The underlay was somewhat steeper in the last half hour, and selling pressure had slackened somewhat, but the market still inclined on the part of traders to bid up prices. Closing quotations showed in a number of cases a wide difference between views of sellers and buyers.

N.Y. MARKET AT NEW LOW RECORD

The average of prices in the New York stock market dropped to a new level for the year yesterday, and in many instances securities fell under the low records of 1912, this was not general among the industrials.

A NEW FACE SOON IN THE COBALT LIST

Another face is to appear soon in the list of Cobalt issues traded in on the stock markets. Papers for listing Canadian stock in New York are being prepared in New York, and it is probable that the stock will be quoted in the regular way on the Standard New York curb in Toronto and on the New York curb in New York, and it is known that the old Alexander property in the Cobalt and also several claims in the Swastika gold district. The shares were put out at 15 cents recently.

SWASTIKA CLAIM HAS CHANGED HANDS

SWASTIKA, Feb. 17.—Alec Coburn, superintendent of the Ontario Solid Silver Mines, in Burt Township, and William Morrison of Latchford have today purchased from Finley McLaren a property in the near vicinity of the Lucky Cross Mines, just to the east. The transaction was a cash one, and although the price has not been mentioned it is understood to have involved a considerable sum of money. The formation is the same as is found on the Lucky Cross property, and good quartz leads have been uncovered.

NO ENTHUSIASM IN THE STOCK MARKETS

There is nothing in the market situation to excite or encourage buying. In fact, the effect of current happenings is all the other way. The Balkan war continues, the money market tightens, the large underwriting necessary to finance the Union Pacific agreement bears upon prices, the Mexican revolution adds a new problem, the railroad labor dispute approaches retraction, and legislative happenings at Albany influence adverse conclusions—S. Bache & Co.

NEW STOCK ISSUE PLANNED

NEW YORK, Feb. 17.—It is understood that Pennsylvania has about completed plans for issuing \$45,000,000 new stock at par. The rights are

SIX POINT DROP IN CANADIAN PACIFIC

Montreal Market Showed Acute Depression With Big Declines in Evidence.

BOUYANT TREND TO MINING STOCKS

Astonishing Exhibition of Strength in Face of Crisis in Other Markets.

LARGE PUBLIC DEMAND

Hollinger at a Sharp Advance—Big Gains in the Cobalt List.

The most astonishing feature of the stock exchanges yesterday was the fact that the mining issues held on an even keel, despite an exhibition of acute weakness in other securities. On general principles it would have been natural to look for a reflective downturn in the mining stocks in such periods of stock and bond market weakness, but such was entirely lacking in truth various issues at times showed an inclination to better their position, and thereby plainly evidenced the strong technical position in which the mining market had been placed. The consistent and sustained buying demand of the last few days has pretty well cleaned up the floating supply of stock and, therefore, prices respond very readily when good buying comes into play, as it does from time to time. This was what occurred yesterday, and the higher levels reached by various of the Cobalt and Porcupine issues bore witness to the paucity of offerings in the market.

RUSSIA IN MARKET AS WHEAT BUYER

Chicago Prices Stiffened on Budget of News Favorable to Bulls.

CHICAGO, Feb. 17.—Russia is importing wheat and showing a hostile front in regard to Austrian desires and a bullish effect today on prices here. Despite an early break and another at midday, the wheat market closed steady at 1-1/2 net and advanced 1-1/2 to 1-3/4 net and 1-1/2 to 1-3/4 net on Saturday night, and provisions varied 1-1/2 to 1-3/4 net to a rise of 1-1/2 to 1-3/4 net.

Export Demand for Corn. Liberal export of corn more than offset the influence of heavy receipts. This was not the case, however, until the market had been subjected to several zig-zag fluctuations with wheat.

Northwest Receipts. Receipts at northwest points, with usual comparisons, follow:

Year	Chicago	Minneapolis	Duluth	Winnipeg
Yesterday	43	50	33	33
ago	43	50	33	33
1912	43	50	33	33
1911	43	50	33	33
1910	43	50	33	33

World's Shipments. The weekly world's shipments, with usual comparisons, follow:

Year	Wheat	Corn	Shipments
Last wk.	12,244,000	14,300,000	8,220,000
Last yr.	12,244,000	14,300,000	8,220,000
1912	12,244,000	14,300,000	8,220,000
1911	12,244,000	14,300,000	8,220,000
1910	12,244,000	14,300,000	8,220,000

ST. LAWRENCE MARKET. Receipts of farm produce were 400 bushels of grain, 45 loads of hay and 1 load of straw. Hay prices were unchanged. Straw—One load sold at \$15 per ton for seed.

Wheat—No. 1 bushel, \$1.10 to \$1.15; No. 2, \$1.05 to \$1.10; No. 3, \$1.00 to \$1.05; No. 4, \$0.95 to \$1.00; No. 5, \$0.90 to \$0.95; No. 6, \$0.85 to \$0.90; No. 7, \$0.80 to \$0.85; No. 8, \$0.75 to \$0.80;
