## TAMPECO WILL PROBABLY BE BLOCKADED

### Federal Gunboats, by Bottling Up Seaport, Can Prevent Rebels From Obtaining Needed Supplies—No Complications Over Oil Wells Are Anticipated.

Canadian Press Despatch. WASHINGTON, May 14.—Tampeco's fall, considerably enlarging the constitutional sphere of control, and giving to them a seaport through which munitions of war may be directly imported, injected into the Mexican situation today several new phases to occupy the attention of official Washington. The last conference of the South American mediators was held during the day, and later it was announced one of the envoys, Ambassador Da Gama, would start for Niagara Falls, via New York, tomorrow. The latest word to the state department from the Huerta delegates was that they would reach Key West tonight, and surely arrive in time for the opening of the conference.

The American Government has already begun representations to the constitutionalists to secure protection for the American and other foreign interests returning to the oil wells, American warships having gone up the Panuco River to their old station before the town, and a return of normal conditions is confidently expected by officials here.

### May Blockade Port.

The presence of the two Huerta gunboats in Tampico harbor after the evacuation of that city by the Americans has led to the conjecture that they are to be used to blockade the port, stopping not only importation of arms and ammunition, but all kinds of supplies for the constitutionalists. Naval experts agree that so long as the federal commanders are able to make this blockade really effective it must be respected by foreign shipping. The recognition of an effective blockade by a belligerent does not, it is held, in any way involve political recognition of either party to the strife.

Secretary Bryan was giving much attention to the status of the foreign oil operations in the country surrounding Tampico, the British ambassador, Sir Cecil Spring-Rice, and Mr. Van Happing, the Netherlands minister, after a long conference at the state department, left, expressing their satisfaction at the outcome of the meeting. It is understood that satisfactory assurances had been received as to the safety of the workmen and tanks, and moving for the present danger of foreign complications on that score.

### Penalties of Success.

Another phase of the complicated situation that attracted much attention was the embarrassment which success brings to the constitutionalists in the form of demands for compensation for losses to foreigners within their sphere of influence, which foreign governments are pressing with increasing force, the further the constitutionalists establish themselves as responsible masters of northern Mexico. Spain takes a particular interest in this question of compensation.

The Spanish ambassador called at the state department to see what could be done for 800 Spaniards ejected by the constitutionalists from Torreon. He also has a bill to present for \$20,000,000 worth of Spanish-owned cotton, alleged to have been confiscated by the constitutionalists at Torreon.

The absence of Sir James Whitney from the cabinet yesterday and the fact that council of the ministers was not called in the afternoon resulted in the postponement of a provincial election announcement which the cabinet expected to make. It will stand over for a time.

## WICKLE ERRED "WHIG" STATES

### Sir William Mackenzie Used No Intimidation—Kingston Conservatives Resent Member's Attitude.

Special to The Toronto World. KINGSTON, May 14.—The British Whig (Liberal) says: "There was no intimidation whatever on the part of Sir William Mackenzie, who is alleged to have made a remark quoted in a news item. The remark was made in a purely off-hand manner evidently, when the C. N. R. magnate was approached by a Kingston friend with reference to the C.N.R.'s intentions regarding Kingston."

"Sir William's alleged remark was a very natural one under the circumstances, but he did not utter as an ultimatum."

The stand taken by Kingston's member has caused a great deal of dissatisfaction in local Conservative circles. Some very prominent Conservatives have openly stated on the streets that Nickle will never again be their candidate for Dominion honors.

### LUMBERMAN DROWNED WHEN LOGS GAVE WAY

#### Companions Swam to Shore, But Robert Carson Was Pinned Under Mass of Timber.

Canadian Press Despatch. NORTH BAY, May 14.—Robert Carson, twenty-one years of age, of North Bay, was drowned near Eau Claire while engaged in lumbering operations in the service of J. R. Booth. With several other Carson was breaking out the runway of logs on the river bank when the log pile gave way without warning and avalanched down on the men beneath. All but Carson saved themselves by springing into the river and swimming to the shore, but Carson was caught in the swirl of the rushing logs and showed beneath the water by the huge mass of timber. His body was not recovered until next day.

C. mediation conference that opens at Clifton today. He came from Toronto, early today. He came from Toronto, early today. He came from Toronto, early today.

### MAN UNCONSCIOUS FROM FALL ON SIDEWALK

As a result of a fall on the sidewalk at the corner of Queen and Gladstone avenue at 6 o'clock yesterday afternoon, James Nell lies in St. Michael's Hospital with serious injuries to his head. No persons seem to have seen the man fall, and he was picked up unconscious by a constable who immediately sent him to the hospital in a passing motor car. Identification was made only by unopened letters, which he apparently had just received from postal station C.

## WORKING CLASS CANDIDATES; NOT LABOR

### Legislative Committee of Trades Council Decide to Apply This Characterization to Their Nominees in Provincial Elections—Prepare Platform for Campaign.

That a labor man should be chosen as one of the members on the board for the administration of workmen's compensation will be made an issue by labor candidates during the coming provincial elections. The legislative committee of the Trades and Labor Council last night decided to recommend this suggestion to the delegates next week and also to urge that one of the planks in the labor platform shall be the insertion of a fair wage clause in provincial government contracts. Dr. Reaume minister of public works, it was said, had failed to keep his promise made to a delegation of labor men some weeks ago that such a clause would be part of all specifications in future.

The committee decided to urge that the joint committee, composed of delegates from the Trades Council, Independent Labor Party and Social Democratic Party, should submit all names of candidates chosen by them to a referendum vote of organized workers throughout the city before placing them on the nomination papers. It was also stated that candidates chosen by the joint committee would not call themselves socialist or labor, but had decided to use the name "working class candidates."

Controller Simpson, F. Bamford and C. Cribben have been deputed to draw up a platform for use during the campaign. Every constituency in Toronto will be contested by labor.

### OUTLOOK DARK FOR PEACH CROP

#### Prominent Growers in Niagara District Declare They Will Not Have Enough for Own Use.

Special to The Toronto World. ST. CATHARINES, May 14.—As the season advances it is becoming more apparent that this year will be the worst in the Niagara district as far as the growth of peaches is concerned since peach growing became an industry.

Major Hiscott of Virgil, who usually ships several thousand baskets of peaches, declared that he will not have enough for his own use. Other prominent growers in the locality, including James Onslow, James Brady and Salem Muir, bear out this statement, and declare that there is not one grower in this season from the city of Niagara-on-the-Lake, and W. A. McCoolin of the Dominion Laboratory of Pathology, is authority for the statement that one grower in Louth Township had offered him the crop off his ten-acre orchard for \$1.

### WILLIAM WAINWRIGHT'S DEATH REMOVES GRAND TRUNK PIONEER

#### Vice-President of G. T. R. and G. T. P. Passed Away at Atlantic City After Month's Critical Illness—Served Railroad More Than Half a Century.

Canadian Press Despatch. MONTREAL, May 14.—Word was received here tonight of the death, earlier in the evening, at Atlantic City, N. J., of William Wainwright, ex-vice-president of the G. T. R. and G. T. P. Mr. Wainwright, who was 74 years of age, had been critically ill for a month from neuralgia in the head and complications. He had gone to the New Jersey resort to recuperate. Although not much improvement was seen in his condition, arrangements had been made to bring him home tomorrow. Several of his relatives were with him at the end.

Mr. Wainwright had been with the G. T. R. practically from its inception, and being popular with men of all parties at Ottawa, he was entrusted with the road's interests in matters that came before parliament.

### HIS CAREER.

William Wainwright was born in Manchester, England, in 1840. He embarked upon his railway career at the age of 18, when he became a junior clerk in the service of the Manchester, Sheffield and Lincolnshire Railway, subsequently becoming secretary to the solicitation of Sir E. Watkin, Bart., then chairman of the M. S. and L. Railway, and superintending commissioner of the Grand Trunk, and came to Canada in 1862, at the age of 22, as senior clerk to the chief accountant of the G. T. R. at Montreal, its route rapidly, and after filling the positions of general passenger agent, assistant manager and assistant general manager, he became, in 1896 general assistant of the entire system. His appointment as vice-president was made within recent years.

Mr. Wainwright was from time to time on the directorates of other companies including the Guarantee Co. of North America, Montreal Telegraph Co. and R. and O. Navigation Co.

## TWO MEN ARRESTED ON CHARGE OF MURDERING ROBERT HAYDE

### Andrew and Peter Morreau Are in Midland Jail to Face Trial—Body of Hayde, Merchant of Honey Harbor, Was Found Near Home Two Months Ago.

Special to The Toronto World. MIDLAND, May 14.—Andrew and Peter Morreau were arrested today and placed in Midland jail in connection with the murder of Robert Hayde the Honey Harbor merchant.

The body of Hayde, who was a wealthy storekeeper of middle age, was found buried in a heap of refuse near his home two months ago. He had been shot several times, and his pockets had been rifled of a considerable sum of money. It was believed at the time that he had fallen a victim to Indians, but no direct evidence was obtainable, and at the inquest a verdict of "murder at the hands of a person or persons unknown to the jury" was returned. However, provincial authorities have been working on the case and today an arrest was made.

### FELL FROM LADDER AND MAY NOT RECOVER

While finishing painting the upper portion of the verandah of his home at 72 Henry street about six o'clock last night, Joseph A. Richardson, for 20 years district passenger agent in Toronto for the Wabash Railroad, fell to the walk leading into the house, and being being on the ladder broke his collar-bone and serious injury to his head. He was taken into his home by neighbors, who saw the accident, and was attended by Dr. N. A. Powell and Dr. Roy H. Thomas. He may not recover.

#### Three Houses on St. David St. Partly Gutted by Incendiary Blaze This Morning.

Fire broke out this morning at about 1.30 in a row of brick houses at the corner of St. David's and Sackville streets, three dwellings being affected. It was reported to be of incendiary origin, as some old clothes soaked with coal oil were found on the premises. The police are investigating the matter.

At 2 o'clock the fire was still burning.

### HUERTA'S DELEGATES ARRIVE AT KEY WEST

#### Began Traveling Northward for Niagara Falls Within Hour After Landing.

KEY WEST, Fla., May 14.—The three peace commissioners, Emilio Elguero, appointed by President Huerta of Mexico to represent his government at the mediation conference on the Mexican situation to be held at Niagara Falls, Canada, arrived here tonight from Havana on the steamer Miami.

Immediately after the steamer docked the commissioners and other members of the party completed arrangements to proceed on their journey, and within an hour were traveling northward on a train which had been held for their arrival. They made no statement on the situation in the southern republic.

## ARRESTED WHILE DISPOSING OF STOLEN GOLD

### Roy McQuarry of Cobalt and Porcupine Had Nearly Nine Hundred Dollars' Worth of Dust Which He Admitted Having Stolen From the Hollinger Mine.

Roy McQuarry, age 25, an employee of the Hollinger Gold Mine Co. in Porcupine, was arrested in a Queen street jewelry store by Detectives Mitchell and Young yesterday afternoon, while attempting to dispose of 4 1/2 ounces of pure gold dust. A somewhat curious law, made to protect mine owners makes it a criminal offense for any person except the mine owner's agent with written authority, to have pure gold dust in his possession. Consequently McQuarry will be charged with having stolen the gold from his employers. Pure gold dust is worth \$20 an ounce, and McQuarry had about \$90 worth in his possession when arrested.

### Highgrading.

As the offence is termed in police circles, is a comparatively rare crime with which the Toronto police have had to deal. McQuarry's is the first case in two years. At the detective office yesterday afternoon he admitted being a roller in the Hollinger mine, and with having gradually accumulated his three and two-third pounds of gold by taking a pinch at a time. He said his police office in the north country is seaman.

### Four Detectives Out.

The local detective office first got word of attempts being made to dispose of gold dust about 1 o'clock in the afternoon. Sergeants Mackie immediately went on the case and missed him in one store by a few minutes. He had left a small sample of the gold, and was to return to deal for a portion of his accumulation. Four detectives were sent out to locate him, and Mitchell and Young did it at exactly 2 p.m.

McQuarry is well known to Cobalt and Porcupine. He was an officer in the Cobalt local of the Western Federation of Miners. He has a wife and two children living in Cobalt. McQuarry was walking delegate for the Cobalt miners and went to Porcupine after the strike which terminated last June.

### ARRAIGNS CHURCH FOR INACTIVITY

Presbyterian Missionary Declares Catholic Institutions Do Not Help Immigrants.

### FEARFUL CONDITIONS

Foreign Districts of Port Arthur Characterized as Disgraceful.

Vigorous criticism of the inactivity of the Roman Catholic Church in the west was made by Rev. R. A. Berlia, in an address to the Women's Home Missionary Society, which was in session at Bloor Street Presbyterian Church yesterday afternoon and evening. Mr. Berlia, who is a missionary of the Presbyterian Church for the non-English speaking foreigners, stated that in all his experience in the west, the Ruthenian, Servian, Bulgarian, Greek and Rumanian Catholic Churches had done virtually nothing for the newcomers. They remained in practically the same condition after their arrival in Canada as they were in before they came. The foreign districts of Port Arthur were described as being disgraceful. Even in the midst of that locality there were four Catholic churches, and apparently nothing was being done to elevate the condition of the foreigners. Describing law enforcement in Toronto, the speaker described it as a farce. In spite of the bylaws against overcrowding, the law was transgressed in hundreds of cases. A special meeting of the provincial delegates of the Women's Home Missionary Society was also held in Bloor Street Church last evening, and they decided that the date of their general meeting would have to be fixed in the future in May. The reports of the year will have to be made up in December of each year, in order that they may be published in the annual report.

### Presbyterian Women Reorganized

By DR. QUILL

By the new constitution of the Woman's United Missionary Society of the Presbyterian Church of Canada, their activities will move along extensive and well-defined lines. As a document it is brief, and the shorter, catchier, but has a family resemblance in its aims and purposes to the laws of the national in their scope and sufficiently effective to govern a kingdom. But like the church which it serves, they enshrine the democratic principle. To begin with, it is a general assembly of Presbyterian women, duly commissioned from the 2000 local branches, who have unanimously accepted the new constitution. It is this same democratic body who will elect the general council, the parliament of this great republic of women. Such administrative council will contain approximately one hundred members. There will be about fifty in the cabinet or executive as it is called. Eighteen additional leaders are taken from those holding office in the provincial societies, the remainder are appointed on the basis of one from every two thousand members. Thus we see demonstrated the "rule of the people" with one safe-guard, namely, efficiency and experience.

The large cabinet of fifty members, consisting of forty chosen ones and the officers, might appear at first sight to be somewhat top-heavy if not hierarchical. But their duties require the aid of such a committee of the committee, and their powers are quite safely guarded inasmuch as their work is really auxiliary to the home and foreign mission boards of the general assembly, which are directed by such men as Dr. A. S. Grant and Dr. R. P. McKay. The cabinet is chosen annually by

### MOTOR BUS SERVICE FOR WEST TORONTO

Ward Seven Deputation Wins Promise From Board of Control.

### CAR LINE ON BLOOR ST.

Track From Dundas to James Street May Be Laid This Year.

Motor buses for West Toronto immediately and later a street railway along Bloor street were practically promised by the board of control to a delegation of ward seven ratepayers who appeared before them yesterday. Further still motor bus lines were suggested for Moore Park and North Toronto, and with favorable recommendation from the commissioners these may be put in operation soon. What ward seven delegation came to ask for was street railway transportation in their district. The people in the west end were far from satisfied with the present facilities, and what was most needed now was a line along Bloor from Dundas street to Quebec avenue. Crossing the ravine to James street, they maintained, was no difficult task, but in any case it could be considered later.

The delegates were: Dr. Jas. Dow, Ed. Henderson, J. H. Weir, W. L. Fisher and R. Home Smith, and it was the last named who advocated motor buses for the present, a proposal which immediately appealed to the mayor. The route suggested was down High Park avenue and thence to Dundas. "That's very feasible, a pretty good idea and could be done in two months at most," said the mayor in concurrence. "We'll take the street railway idea up with Commissioner Harris and may be able to put down the track this year." However, he pointed out that the suburban railway's case before the railway board should first be decided. This would be within a few days, and if the suburban railway still refused to lay a railway, the city could.

For instant action. Controller Simpson moved that the board get in touch with Commissioner Harris to get buses at once. Then Controller McCarthy suggested incorporating North Toronto and Moore Park in the motor bus scheme. Controller Harris said 10 or 12 would be needed; they sold for \$5000 or thereabouts. This move, R. Home Smith said,

the council. They keep in touch with the work through the year. One very important matter will be to draw up the estimates. This is provided for in a way that will provide the possibility of friction between the two former energetic sister societies. The constitution reads: "The executive board shall confer from time to time with the home and foreign mission boards, and the work to be undertaken by the society." To facilitate such conferences with the general assembly's board, the executive has agreed "to hold its meetings in Toronto. But the general council will very probably itinerate from year to year among the various capital cities of the Dominion.

The provincial society, which is the second highest court, becomes in many ways the representative body. It will be the only "general" meeting to which the average member will be fortunate enough to be delegated. But there is gain as well as loss by the change. The great provincial meetings, devoted to the secular interests within their boundaries, and charged with the duty of perfecting the organization, will in time find a substitution in the various provinces whose standing can even now be foreseen.

The provincial cabinet must contain not less than the members, who are managed by the rather secular name of managers. But as the people of this "old kirk" have spiritual officers in every congregation bearing that name, the women have really adopted a good old Presbyterian designation. The chances are that this official board will comprise at least double the figure named, and are responsible for directing the business of their local legislature. There will be plenty of room for initiative since the constitution provides that they may pass such bylaws as are in harmony with its supreme court.

From this survey, it must appear that the great republic of Presbyterian women interested in aggressive religious work has been founded under a lucky star, and promises good results. It is a step forward in the progress of the world. Woman's day has indeed dawned.

### COMMISSIONER REES

would help annexation of the South Swansea district, and because of the promise he would get out necessary petitions at once. It was this shortage of transportation that kept an annexation back. Controller McCarthy, O'Neill and Church will be in New York today and will find out what sort of buses are most useful.

### WILL CHANGE DATE OF YEARLY MEETING

Veterans of Sixty-Six Will Hold Annual Reunion in May.

At a largely attended meeting of the veterans of 1866 at the Armouries last evening, it was decided that the annual meeting be changed from March to May, as a more agreeable time of the year; the present officers remaining in office until that date. The office of treasurer was amalgamated with that of financial secretary. A letter was read from Col. Hughes, minister of militia, regarding permanent room for place of meeting for the Canadian Militia Veterans.

At the decoration of the monuments in Queen's Park on May 25 at 11 a.m., his excellency the Governor-General has been invited to be present, and letters have already been received from Sir John A. Macdonald, W. Governor, General Otter and Hon. W. H. Hearst, accepting invitations to be present and take part in the proceedings.

Lieut.-Colonel Belcher, the 2nd vice-president, delivered a stirring address on the life and time of Brock, interspersed with some pointed selections, one of which was composed by Dr. Hughes, entitled "Push on, York Volunteers." A hearty vote of thanks was tendered the colonel.

### "BRIDGIE" WEBBER ADMITTED PERJURY

Counsel for Becker Forced Confession That Affidavits Were False.

Canadian Press Despatch. NEW YORK, May 14.—Counsel for Charles Becker, the former police lieutenant, on trial charged with the murder of Herman Rosenthal, the gambler, secured today from Bridgie Webber, described as the financial backer of the plot that resulted in the killing of Rosenthal, admissions that he had lied to Deputy Police Commissioner Douglas Eddy, had said things during his direct examination earlier in the day that he omitted the first time Becker was on the witness stand, and had sworn to affidavits that he swore today were false. Under the fire of the cross-examination Webber trembled, his mouth quivered and then curled into a smile. At times he seemed to defy Martin T. Manton of Becker's counsel, and made any contradictory statements from his lips. At other times he appeared to give way in despair. Twice he admitted that he was remorseful for the part he had taken in the crime.

Mention of the death of the four gunmen in the electric chair affected the witness almost to the point of tears. But he gripped the arms of the witness' chair, regained control of himself and went on with his testimony. In its essential points the story he told of the murder conspiracy and its result remained unchanged by cross-examination. Attorneys for the defence, however, expressed themselves as gratified they had made Webber admit he had lied.

## THREE TOWNSHIPS WOULD CO-OPERATE

Just Waiting for the City to Make Satisfactory Terms.

## REEVES INTERVIEWED CAN GO RIGHT AHEAD

All Agree Arrangement is Necessary — Are Willing to Confer.

Some time ago there was a conference held between the city and the reeve of the townships adjoining Toronto to see if any plan could be formulated by which the townships could join in a general scheme to provide for the development of the suburban districts, by laying out highways, sewerage, water supply and transportation in one big system. This conference was the outcome of Ald. Morley S. Wickett's suggestion that a metropolitan area be formed but nothing definite resulted as many considered the boundaries of the area suggested too wide to be effective.

Three Townships Only. Subsequently W. F. Maclean, M. P., suggested that the townships of Scarborough, York and Etobicoke alone unite with the city in planning for the future. The idea met with much favor generally, and the reeves of the three townships considered it much more feasible than the larger scheme. Nothing has been done yet, however. The last conference was adjourned indefinitely and the chairman has not convened another meeting.

Present developments in York, Etobicoke and Scarborough all point to the necessity for some action being taken, but the townships are waiting for the city to act in the matter.

Scarboro's Needs. Reeve Cornell of Scarborough realizes the necessity for something being done. "At the last meeting," he said, "I considered the advisability of having a general survey made but we could not arrive at any conclusion. In certain sections of the township we have water and sewerage, and while Scarborough's needs are not so great as those of York Township, the necessity increases every year."

Reeve Syme, when interviewed on the matter said: "I think the township do? We have been waiting to hear from the city. The whole question is so broad that it is impossible for us to act alone in the matter. It's the city's business. As I've said before, we are holding the township in trust for the city, and if we did go ahead and do anything ourselves, it's ten chances to one that the whole business would have to be scrapped."

Who's to Pay? "How about employing an expert?" asked the reporter. "Who's to pay the expert?" countered the reeve. "He would have to be a city expert. I would have to work in conjunction with the city officials."

"That was the trouble at the last meeting. It was suggested that a survey be made, but the question at that time was, 'Who was to pay for it?'" "Would you favor paying the fair share of the cost of any special work of that kind, if the other municipalities were willing?" he was asked.

"Yes, I would. I know that something has to be done, but we can't act without the city's approval."

Small Municipalities. Reeve Silverthorne of Etobicoke also favors the proposition, but he thinks it essential that small municipalities such as Mimico, Toronto and Weston be included in the combination. These places are developing small improved areas of their own and anything that the township agrees to do must affect them.

Funeral of the Late J. G. Somers Takes Place to Mount Pleasant Today.

The funeral will take place today at Mount Pleasant cemetery of the late J. G. Somers, who died at his home 291 King Street west on Wednesday at the ripe age of 90 years.

The late Mr. Somers was a native of England, coming from Somersetshire to Canada about 45 years ago. He became engaged in the clothing business in Brantford, where he married Prudence McLean Harley, sister of the late Archbishop Harley, ex-M.P. deceased him about eight years ago. Shortly after his marriage he moved to Elora, being one of the pioneers of that town, and for forty years he conducted one of its finest clothing stores, moving to Toronto when he retired from business.

A member of the Methodist Church, and at the time of his death he was a dist. church, being closely identified with the society as well as identified with Mr. Somers is survived by two sons, Harry B. and Charles E.; Somers of Fanny E. and six daughters, Miss Mrs. G. L. Wilson; Mrs. C. E. Land, Toronto; Mrs. G. H. Croft, Toronto; Mrs. G. A. Wallace, Toronto; Mrs. G. B. Mittleberger, St. Catharines.

## VEGETABLE GROWERS MEETING ARRANGED

## RECEIVED CHEQUE FOR GOOD ROADS

Government Paid Share of York County Program Completed.

## CAN GO RIGHT AHEAD

Financial Arrangements Made for This Season's Work.

York County receives from the Ontario government today a cheque amounting to \$35,000. This, according to the system of co-operation in the county highway system goes to the good road account of York. It is the first and last sum of money coming from the provincial treasury until the end of the year and comprises the government's share in the road program just completed. As for the new highway scheme outlined by the commissioners all work must be carried on by them independently until the season ends, when one-third of \$200,000 will be advanced.

Provincial Highway Engineer McLean explained yesterday the complicated system of York County road plans and how it was that the government cheque came at these intervals. He stated that according to custom the provincial money was advanced at the close of a season's work and that on the original York \$300,000 program the last cheque had been paid last year.

The county had then wanted approval of a similar expenditure but while this was under consideration had proceeded to do work amounting to \$100,000. Hon. Dr. Reame finally decided to approve this, and accordingly the \$35,000 cheque is forthcoming today. At the same time it was made known that \$200,000 will yet be spent. It is out of this sum that the expense of the new program will be met.

## BEACHES PARLIAMENT NOW BEING ORGANIZED

Election on June 15 — Members Will Represent Churches.

Great interest is being taken by the young people of the Beaches in the formation of the Beaches Parliament, which was organized a few weeks ago. The main idea of the parliament is to weld the young people's societies at the Beaches into a closer union and fellowship, and to aid young people in their efforts to improve their environment and to qualify themselves by practical experience to express their opinions in public. It will also enable them to become acquainted with the laws governing the civic, provincial and national assemblies. The membership of the parliament will consist of twelve representatives of the young people's societies connected with the various churches at the Beaches.

The chairman of the Ministerial Association of the Beaches will act as patron to the parliament, and it will be his duty to make the opening speech at each session. The officers will include a premier, secretary of correspondence, secretary of records, secretary of finance, and the cabinet, which will consist of the above officers and three members.

It has been decided to hold the elections on June 15, and the opening session will commence in the second week of October.

## H. B. GIBSON INJURED AT ORILLIA STATION

G.T.R. Brakeman Fell Below Box Car—Leg Had to Be Amputated.

H. B. Gibson, a brakeman on the G. T. R., while working on a shunting train at Orillia yesterday afternoon at 1:30 o'clock, fell between a box car and received such injuries to his leg that it had to be amputated below the knee at the Orillia Hospital. The injured man is about 24 years of age, and lives with his wife and five children in Allandale.

## ENGINEER SURVEYING DANFORTH EXTENSION

New Route Straight Projection of Original Street Line.

Engineer Gibson was busy yesterday surveying the extension of Danforth avenue to the Kingston road, a little further north than the last survey was made. The latest route will be a direct extension of Danforth avenue on a straight line, and it will join the Kingston road at the Sandow Park property.

A special meeting with regard to this extension will be held at Birchcliffe on the 20th inst.

## WESTON

Tennis enthusiasts of Weston held a meeting at Westminster Presbyterian church last night and a tennis club was organized. Harold Lindsay was elected president, E. Pearen vice-president and L. Hewgill treasurer. A secretary has not been appointed, but it is understood that these officers will jointly visit in the meantime to conduct the affairs of the club. Posts and nets are already provided, so that a start for the season will be made at once.

## WOULD PLEDGE ALL CANDIDATES

Members of B. I. A. Want Hours of Voting Extended One Hour.

## NEWS OF EARLS COURT

Commissioner Claims That Rounding Corners is Local Improvement.

The following resolutions were adopted at a meeting of the Central Branch, B. I. A., in Little's Hall last evening: "Resolved, that in view of the fact that the present hours of voting do not give the workingman any convenient opportunity to exercise his franchise in the municipal elections without loss of time and money, we ask the candidates at the next election to pledge themselves to do their utmost to bring about the extension of the hours of voting from 9 a.m. to 9 p.m." Moved by G. W. Hunt, second by R. J. Kirk. A motion was also passed requesting the attendance of Thomas Wilcox and Charles E. Lacey at the next meeting to explain charges made against the B. I. A. and other matters.

In the matter of rounding the corners of Dufferin street and Davenport road, a letter was received from Commissioner Harris as follows: "As the rounding of the corners which you propose is likely to be of purely local benefit, we cannot make a recommendation for same on the part of the city. If you could circulate a petition among the property owners in the vicinity which they have forwarded to the committee of works, I would then be glad to recommend in favor."

With reference to the sidewalks on Dufferin street, we may say that we have made recommendations for foot concrete walks to be laid next to curb, with a 24-inch curb at the back of same. This curb will effectively prevent earth from slipping from the embankment to the walk.

C. Pascoe read a report in the World of the meeting of the ratepayers' central body in the Labor Temple on Tuesday. He said that Mr. Wilcox emphatically denied the statement attributed to him by the Telegram, made in connection with the removal of Frank postoffice to Mr. E. Lacey's store; also statements made at the Labor Temple regarding the B.I.A. at the Labor Temple.

W. Carter said he was present at the Oakwood ratepayers' meeting and heard the remarks made by Mr. Wilcox, and claimed that the latter's statements were substantially correct. Several other members expressed their views, and much indignation was expressed.

Joint Picnic. A letter from the Sons of England regarding the appointment of delegates to organize a joint picnic was discussed. The following were appointed: Messrs. R. Kirk, W. Carter, J. Lindo, W. Downes.

Committee Meeting. A committee meeting will be held on Saturday next at the residence of Mr. Burrows, 10 Goodwood avenue, to discuss details with the delegates from the S. E. Piano Recital.

A piano recital by the pupils of the Misses Somerville, Robson and Minnie, assisted by Harold McKenney, vocalist, will be held at the Junction College of Music on Saturday next, at 3:30 p.m. The debutante party of the committee of the North Eastcourt and Fairbank Ratepayers' Association, will meet at Earls Court on Saturday next, at 2:30 p.m.

A dance and progressive euchre party was given last evening in St. Clair Elks club, in which Mackenzie and Mann were the guests of relatives, friends and brother Elks.

## DEATH SUMMONS A.Y.P.A. CHAPLAIN

Rev. J. F. Routhwaite, M.A., Curate of St. John's, Died Tuesday.

The congregation of St. John's Anglican Church, Norway, mourn the loss of their respected curate, Rev. J. F. Routhwaite, M.A., who died at his residence, 49 Howland avenue, at 7 o'clock Tuesday afternoon from heart failure. Although suffering from heart trouble for some time, Mr. Routhwaite was able to attend to his duties until about ten days ago, when he became seriously ill from an attack, which resulted in his death.

He was a graduate of Trinity College, and took his M.A. degree in 1898. Previous to assuming his duties at St. John's, Norway, four years ago, he was rector of St. John's, Brantford, and curate of St. Matthias, Bellwoods avenue. He was very popular among the young people of every parish with which he was connected, and his last church was president of a large branch of the A.Y.P.A., and also chairman of the Toronto branch of the Dominion A.Y.P.A. He was also a member of the Doris and Ionic Masonic lodges.

The late Mr. Routhwaite is survived by his mother, two brothers and four sisters.

Funeral Today. The funeral services will take place today at St. Albion's Cathedral, and the remains will be conveyed to Collingwood in the afternoon. Rev. Canon Macnab will officiate at the service, and the pall-bearers will be Rev. V. E. F. Morgan, St. Saviour's; Rev. A. A. Bryant, St. Andrew's; Mr. J. D. Harlow, St. Clement's; Rev. F. H. Bushell of St. Matthias and Rev. D. T. Owen of Holy Trinity.

## BITTER ONSLAUGHT MADE BY BENNETT

Mackenzie and Mann Asserted to Have Enriched Private Coffers.

## CALLED MENDICANTS

"Trail of Corruption" From Coast to Coast Was Alleged.

(Continued From Page 1.)

tal railway which should be paid for by the Canadian people, but should be their personal property. He did not call them "mendicants," but professional mendicants, who were ways begging money from a people in nearly every capital a brazen and persistent lobby.

"Let us take a trip of inspection from Montreal to Port Arthur. We start with the famous tunnel and the real estate exploitation in that neighborhood which has cost these two a million dollars. But their terms terminal company. Just as at Port Arthur, the terminals, the hotel and the elevators belong to some other corporation in Vancouver and Victoria. These two men are worth \$50,000,000, yet they call upon parliament to pay their debts and complete the road."

Mr. Bennett then ridiculed the so-called security taken by the government. For example, he said the Bay of Quinte Railway Company. That corporation had no assets. It had not earned since 1908, and instead of providing a security of \$1,000,000, it had a liability upon the government of \$1,000,000. Mr. Bennett then read from the last annual report of the Canadian Northern company had a surplus of \$1,000,000 in cash and \$18,000,000 on land account. Where had the surplus gone to? Solicitor-General Meighen: "On equipment account?"

Mr. Bennett disputed this statement, and a colloquy ensued between him and Mr. Meighen. Mr. Bennett, who led the latter to say, "I demand a public investigation under oath to ascertain whether what Mr. Lash has told the investigation committee is true or not. I want to know the truth, and so do the people of Canada."

This was followed by another duologue in connection with the member for Calgary, who had been speaking respecting the equipment account, and also the telegraph lines and express business. Mr. Bennett said he knew his case, but he did not know the member for Calgary. Finally Mr. Bennett insisted that the Canadian Northern had directed Port Arthur and Edmonton, between which the telegraph lines and light rails. It was not to carry human freight, he said.

Would Transfer Control. Mr. Bennett said: "I carried 3,000,000 passengers last year and no one was hurt." Mr. Bennett: "So Mr. Lash told you, and no doubt you believe it; but I want a public investigation."

Mr. Bennett then went on to say that Mackenzie and Mann should be eliminated from the Canadian Northern. If they were unwilling or unable to go on with the work, let all the management of the railway business be transferred to some competent man like Sir Thomas Tait. Mackenzie and Mann, he said, knew nothing about the operating of a railway business, whatever their ability might be on construction.

At an evening sitting, Mr. Bennett briefly resumed his remarks. He had made during the afternoon, complaining that the threat of his discourse had been interrupted by the solicitor-general, whom he referred as a "gramophone," which recited any record given to it by Mackenzie and Mann.

Delicious Method. Mr. Bennett then took up the history of the C.N.R. Prairie Lands Company, a Toronto corporation, in which Mackenzie and Mann had stock worth 35 shares, which they unloaded upon the Canadian Northern Railway at \$12 a share. It was by such devices, he said, that Mackenzie and Mann grew rich while the road went bankrupt. "Is there anybody," he asked, "who should be allowed to believe that Mackenzie and Mann, who have been working 18 years for nothing? If there were no such devices, they would be earning services as a law officer of the crown."

This filing at Mr. Meighen was not received at the time. It was later on the solicitor-general resumed his interruptions, and Mr. Bennett complained of the "persistent interruptions of this young man."

"Jokers" in Agreement. After again declaring that the Canadian Northern should be left a trail of corruption behind them from Vancouver to Halifax, Mr. Bennett insisted that the system should be overhauled and investigated in order to ascertain its physical and financial condition. He could not advise the government to take 40 per cent of the common stock, but thought it would be better to have all the stock deposited with a trust company as trustee, and in the meantime to have the road administered by some first-class railway man.

The agreement, Mr. Bennett said, was full of "jokers." For example, it was generally understood that upon default the government took possession of the road and wiped out the Mackenzie and Mann interests. It was true the government could take possession upon default, but only as a receiver, and there could be no foreclosure of the road and the government would be left with the road and wiped out the Mackenzie and Mann interests. He contrasted this with the stringent provisions in the act authorizing a loan of \$30,000,000 to the Canadian Pacific Railway Company.

Unfair to Prairie Provinces. Hon. Franke said he could not agree with Mr. Bennett that the C. N. R. should have built north and east of the route. He thought the route would have done well if it had been constructed between Montreal and the Rocky Mountains. It was, in his opinion, an awful sin to necessary expenditure to extend the line across the mountains to the Pacific coast.

Mr. Oliver had nothing derogatory to say about Mackenzie and Mann or the Canadian Northern, but he said he submitted that the resolutions before the house were unfair to the prairie provinces. In 1912 the government had

# SCHOMBERG MAN'S ENTRY WINS BLUE RIBBON AT BRADFORD SHOW

James Leonard's Mare, "Borland Queen," Awarded First Prize in Sweepstake For Best Imported or Canadian Bred Animal — Second Annual Show Exceeds Directors' Expectations.

Bradford, May 14.—The second annual horse show held here today in the local skating rink surpassed even the expectations of the promoters, the entries being over one hundred per cent more than the initial show last year. There were nearly two hundred entries all told. It is the hope of present all of the north of the province, and this year the entries covered the territory from Barrie to Woodbridge.

James Leonard's Borland Queen won the most coveted entry, when she was awarded first prize in the sweepstake for the best mare or gelding of any age, either imported or Canadian-bred. There were ten other contestants in this class, the mare which is a three-year-old, won second prize at the winter show at Toronto last November in a similar class, and took first prize at Schomberg last year. Another horse worthy of note is Betty Montrose, owned by W. G. Farley of Barrie. It is a two-year-old mare, and has been exhibited in several shows and does not know what defeat is.

The first attraction at the opening was a parade of decorated automobiles. T. E. Bell of Bradford was awarded first prize in this class, decorated in white and yellow tissue paper with a canopy over the body.

Judging Results. The results of the judging are as follows: Imported heavy draught stallion, "The Hammer," John A. Boag & Son, Queensville; Pair of horses, mares or geldings, any age in harness—P. M. Pairs, Bradford; Three-year-old mare or gelding, shown on halter—J. W. G. Farley, Bradford; Two-year-old filly or gelding, Canadian-bred, shown on halter—J. W. G. Farley, Bradford; Yearling, either sex—J. Isaac Speers, Thornton; James Banting, Bradford; J. W. Park, Edmonton, Alta., and Miss Emily and Miss Janet, both of Whitby.

The funeral takes place tomorrow at 2 p.m. to Union Cemetery, Whitby.

## DEATH OF TREASURER OF ONTARIO COUNTY

Funeral of Late Donald McKay Will Take Place Tomorrow.

Donald McKay, treasurer for Ontario County, died at his home in Whitby, after a long and serious illness, at the age of 76. He was appointed treasurer of the county about 25 years ago, and previous to that he was a general merchant in Saintfield. Mr. McKay was a member of the Presbyterian Church of the Masonic Order, but of late years had not taken an active part in lodge affairs.

The late treasurer is survived by his widow, three sons, Ambrose, Salt Lake City; Dr. James and Dr. John, Marion, Ind., and three daughters, Mrs. W. Park, Edmonton, Alta., and Miss Emily and Miss Janet, both of Whitby.

AN EXPENSIVE MAKESHIFT.

Another expensive makeshift entailed by the postponement of street railway purchase has been entered upon in the decision of the board of control to establish a temporary motor bus service in West Toronto.

Another thing that has been created is a precedent. There are several other districts in the city which have an equal right to a bus service with the west end. They have, perhaps, no Mr. Home Smith to take up their case and help it along with the energy of a personal interest, but the success of the application to the board of control may stir up other claimants.

Hon. James Duff's Report Emphasizes Soundness of Financial Conditions.

One of the most significant features in the annual report of the Hon. Jas. This is taken by the department as a most encouraging sign and follows a detailed study of the whole agricultural situation.

Sir William said he did not remember ever having such an interview as was credited to him. He said he certainly never made threats to anyone, signing or reading the question, or even of having read the letter. If he had received the letter, he would have probably gone to the Kingston works and read its nature, anyhow, to make threats to anyone, he said Sir William, and he did not believe such a thing of government assistance was not given, the company could not go on with its business, and so could not give any orders to the shop.

CITY LOSES SUIT AGAINST T. E. L. CO.

Judge Declares Company Has Right to Erect Poles on Streets. In an action brought by the Toronto Electric Light Co. against the T. E. L. Co., Judge Justice Middleton awarded in favor of the company. This decision asserts the rights of the T. E. L. Co. to erect poles on the streets and strains the city from interfering with the poles of the company.

SPECIAL TEA TRAIN COMING FROM COAST

MONTREAL, May 14.—When the steamship Empress of Japan sails into Vancouver harbor on May 21, a special tea train will be waiting to rush large and valuable shipments to the eastward. The train will be drawn world-wide attention by the fact that it will be a record tea shipment.

TO BUILD ROAD TO O. A. C.

QUELPHI, May 14.—If the provincial legislature will grant assistance, the county council will build a dam road from the city limits to the Ontario Agricultural College. Thousands of excursionists pass over the road every summer on their way to the college, and the road, if built, will be one of the best that can be constructed. It is expected that the city will build the section within the city limits next year.

sent of the city to the use by the company of the municipal highways for transmission purposes must be made. I think it must be taken to be absolutely expressed. I think the agreement is to be construed as an alternative to have the present future to construct underground conduits in addition to using the overhead system for supplying electric light to its customers. The cost of the city once given applies not only to the area of the city as it then was, but to all territory which might be added and which would come within the city jurisdiction. Again, if the town is ambiguous, the parties have shown their intention by their conduct for the new territory has been added under the long series of agreements between parties, the company has accepted liability through the entire territory, not only to individual citizens, but for street lighting, I think the injunction sought must be awarded, and that if the claim for damages is insisted upon, there should be a reference to the master to ascertain the amount of damages. Some agreement can be made. Costs should follow the event.

GODFROI LANGLOIS GOES TO BELGIUM

Advocate of Compulsory Education in Quebec is Removed From Scene. MONTREAL, May 14.—Godfroi Langlois, member of the provincial legislature for St. Louis, Montreal, has been appointed representative of Quebec in Belgium. Mr. Langlois is the owner of Le Pays, lately placed under the ban by Archbishop Bruchon because of its advocacy of compulsory education in Quebec, which is not approved by the Roman Catholic Church authorities. Mr. Langlois has been a constant critic of the provincial government on educational matters. It is understood that Langlois will now discontinue publication.

TO FIGHT BUILDING TRADES.

HALIFAX, N. S., May 14.—At a meeting of the manufacturers and master mechanics of the city, held today, it was decided to ignore the demand made by the Halifax Trades Council, that hereafter all men employed in the building trades in the city be in a position to furnish union cards when called upon. The meeting declared for an open shop, and declined to resist any attempted interference with the principle on the part of union men. The action complicates the present labor situation here to a considerable extent.

New Muskoka Train.

Commencing Saturday, May 16th, new train will leave Toronto 10.40 a.m. daily, except Sunday, via Grand Trunk Railway System, carrying parlor-luxury buffet car and first-class coaches. This train will run direct to side of Muskoka Wharf (the original gateway to the far-famed Muskoka Lakes), thus avoiding any inconvenience to passengers.

## GEORGE GOULDING WINS FROM SCRATCH

### One Hundred Men and Boys Contest at Central Twilight Handicap Meet.

Central Y.M.C.A. twilight athletic meet was a huge success at Varsity Stadium last night. Over one hundred men and boys were out, despite the chilly breeze. The first event was the one-mile walk, with Geo. Goulding on scratch and the limit men getting as much as one minute and forty-five seconds. J. Freeman started with twenty-five seconds and held the lead on Goulding for one lap and a half, when he was caught. Goulding let all after the other men, and with three hundred yards to go had caught Kelly, and won out with an excellent sprint in 6:27, exceptionally fast time for so early in the season.

The fifty-yard dash was the popular event of the evening, and had twenty-seven entries, which was decided in five heats and a final. The final brought together a good number of new men, along with Jack Tresidder, Hector Phillips and Walter Newall. The final was a good contest, the men getting a good start, gradually closing in at the finish until when they neared the tape a blanket would have covered the first four men. Walter Newall was first, with Bruce Melville second, and the other positions were so hard to decide that the judges ordered Jack Tresidder, Heck Phillips and H. Fice to run over to decide third place, and this was one of the best races of the evening long Jack Tresidder, who had a foot on Heck Phillips of West End.

The shot put had twelve entries, and was won by Jim Gardner from scratch, with a put of thirty-six feet three inches. Heck Phillips of West End was second with a put of thirty-three feet two inches. A summary of the night's events is as follows:

One-mile walk—1. Geo. Goulding (scr.); 2. C. Kelly (48 sec.); 3. Jake Freeman (53 sec.); 4. H. Phillips (4-1); 5. P. Paine (54 ft.).

Fifty-yard dash—1st heat, 1. N. Newall (24 sec.); 2. P. Brent (31 sec.); 2nd heat, 1. B. Melville (6 yds.); 2. J. Cook (scr.); 3rd heat, 1. J. Tresidder (scr.); 2. J. Hill (4 yds.); 4th heat, 1. H. Phillips (scr.); 2. F. Welsh (5 yds.); 5th heat, 1. H. Fice (5 yds.); 1st final, 1. W. Newall; 2. B. Melville; 3. J. A. Tresidder.

Bill Marshall had his first outdoor work of the season, and after a few jumps for form put in his time coaching the youngsters.

Central expect to have a good bunch of their athletes entered in West End's twilight meet next Wednesday night. The events are: 100-yard dash, 200-yard dash, and one-mile run. Get entry blanks from the physical directors.

Frank Hulsebus presented to coach the Central sprinters next Tuesday night, when a number of promising youngsters will be on hand.

Central's open twilight meet will be held on Thursday, May 28, and Geo. Goulding will try for the world's record at one mile, and judging from the way he was going last night he should just about set up a new mark. Other interesting features will be announced later in connection with this meet.

The events for next Tuesday night will be the 100-yard dash, standing broad jump and the one-mile run. The latter will be open to any amateur in the city.

## Good Luck, Bob Dibble

Robert Dibble, the Don Rowing Club's Diamond sculler candidate, left Toronto at 10:30 last night for Montreal where he sails on Saturday for England. Nat Schotes, his trainer, accompanied him. There was a great throng, including many ladies, at the Union Station to see the young sculler off, among them being Captain Wilson, Ed Mack, Joseph Wright and Lou Schotes. Harry Dibble, father of the sculler, accompanied the tourist to the Don station. Three rousing cheers resounded thru the station as the train pulled out.

## RIVAL CLUBS CLAIM LACROSSE PLAYERS

### Torontos and Tecumsehs Object to Their Men Joining Rosedale's N.L.U. Team.

The National Lacrosse Union meeting did not conclude on Wednesday night at Montreal, but it looks like Toronto will be admitted, with headquarters at Rosedale. Fred Thompson, who was once manager of the Scarborough Beach Toronto, is the man behind the team at Rosedale, which grounds he holds a lease. Sport Marston is announced as manager, and it is to play on Toronto's N. L. U. team: Harry Holmes, Norman Harshaw, Buck Yeaman, Midge Powers, Bert Green, Billy Barden, Fred Routledge, Tom Fitzgerald, Gordon (a new man), Billy Fitzgerald, Pete Barnett, George Kells, Joe Green (36 ft.).

Torontos and Tecumsehs will not line up their men without a fight, and those who know saw that several of the boys will work with the D. L. A. team of Toronto again this season. However, it seems pretty certain that this city will have three pro lacrosse teams to glory over or else in 1914, and what success is in store for Toronto, Tecumsehs and Rosedale remains to be seen.

M. A. A. Shamrocks, Cornwall, Ottawa, Rosedale and Nationals will likely get trimmed down a club or two to form the new N. L. U. circuit. Billy Turner of St. Catharines will practice on Saturday at 2:30 on the Don flats when a full turn out is requested.

The Lanadowne Junior O. A. L. A. team will practice on Trinity campus Friday night at 6:45 sharp. The following players will be on hand: Walker, Torgolsky, Shortill, H. Karm, S. Karm, Cavenrove, G. Farr, G. McLean, M. Littlefield, J. O'Rourke, H. Spearing, Corlies, and any others that would like to try for a place on a fast junior team.

## Irish Rugby Team Win From Overseas

Battling gamely and always deadly opponents until the last second, the Overseas rugby team lost to the Irish at Exhibition Park last evening by point 5 to 6. The game was one of the loochie cup matches. The Irish scored first but failed to convert, and a few minutes later Smith of the Seas carried the ball sixty-five yards for a try, which was converted. Thru an error by the Overseas full back the Irish was allowed to fall on the ball just about the colonial line, and the result was unchanged until the close.

What the Overseas lacked in team play they made up in aggressiveness, but the Irish were a better drilled team, especially in the pack.

## FIFTY TONS OF NEGATIVES

LONDON, May 15.—Over 500,000 photographic negatives were included in the sale of the stock of Messrs. Byrne & Co., of Richmond, for many years photographers to the Royal Family.

More than a thousand of the negatives are of Royal sitters. One in of King Edward in Highland costume, and accompanied by his famous dog, Caesar. Ten men were engaged for nearly a week in moving the negatives. There were twenty-six pair-horse vans, and as each vanload weighed about two tons, there must be fifty tons of negatives.

## AND THE WORST IS YET TO COME

Charged with the theft of \$750 from Alex. Paton of 610 West King street, Michele La Rose, 58 Mansfield avenue, was arrested by Detective Mitchell last night. According to the complainant, La Rose is employed by him in his shop, and last week was given \$750 too much money in his pay envelope. La Rose denied having received too much money and Paton laid the information.

A gentleman may be just as picky about his overcoat as a lady might be about the style and shade of her frock, and may have his taste satisfied to the last thread in the quality of the cloth—the style—the shade, color or pattern.

These London-tailored garments run the full gamut of what's dressy—smart and of sturdy quality.

The Chesterfield for the quieter dressing men.

The "Balmacran" and the "Connemara" for the men who appreciate a little life in the color and extra smartness in the cut.

Great values, too.

The track at Woodbine is still quite damp and heavy and the dogs were up till after nine o'clock yesterday morning. However, there was some very fast work, and a great many of the two-year-olds were schooled at the barrier, also the jumpers were schooled thru the field and over the jumps.

Hearts of Oak, the plate winner of 1913, worked the fastest 3-4 of the season after the dogs had been taken down. He was in grand shape, and as he broke from the barrier the fractional time was 1-8 in 12-2-5, 1-4 in 23-3-5, 3-8 in 33-3-5, 1-2 in 49, 5-8 in 1:02 1-5, and pulled up the 3-4 in 1:16 1-5. His owner, H. Giddings of Oakville, was there to see the performance.

Alai Bass worked 3-8 handily in 39. Bee Hive, the plater, worked a nice trial, going the full distance and well in hand all the way. He worked in the middle of the track, breaking from the barrier with a number of two-year-olds. He negotiated the distance in 2:15 1-5. This also was a very satisfactory work.

From the Dymott barn, Beau Chevalier and Beau Order worked a mile together. The former worked the 1-1-4 miles in 2:19 2-5. Amphin bred 3-8 in 38 1-5. Christiawaga and Tippecanoe worked a nice mile in 1:49 4-5. Some of the two-year-olds were schooled at the barrier and bred 1-4 in 25. Troopman, the hunter, worked a mile with heavy weight up, the 3-4 in 1:21 3-5 and full mile in 1:51.

Tony, in Trainer Brady's string, bred 3-8 from the barrier in 38 2-5; the others were bred 1-4 in 26.

Wm. Walker's Dynamite went 3-8 in 1:05 easy, Stucco 7-8 in 1:34. The balance were just galloped.

Barry Littlefield's string, Froeseart, Dark Rosaleen and Meisen worked the plate distance, the fractional time 1-4 in 27 2-5, 1-2 in 55 2-5, 2-4 in 1:24; 1-5 in 1:53 1-5 and finished 1-4 miles in 2:21, saged up. Vastato and Sea Lord 1-2 in 53 3-5, 3-4 in 1:20 3-5, mile in 1:49 3-5, mile and a quarter in 2:15, 1-4 in 26 1-2, 1-2 in 52 3-5, 3-8 in 1:16 1-4 in 26 1-2, 1-2 in 52 3-5, Golden Jug and Charon 1-5 in 1:16 1-5, 3-8 in 39, 1-2 in 52 1-5; Sir Lancelot, Ypsilon and Maid of France 1-3 in 55.

Mausolus was on the track saddled for the first time since he pulled up lame. Trainer Nixon is not certain that he will get him to the post for the plate, and he feels it would hardly be fair to the horse, but there is nothing definitely settled.

The Davies string, Amusement 5-8 in 1:06 4-5, Plate Glass 7-8 in 1:37, Southey Maid, First Sight were given good gallops. All the two-year-olds were schooled and broke from the barrier 1-2 mile in 52 3-5. Roguish while working, pulled up very lame, and it is hardly likely she will start before the last meeting. Fountain Fay and Moving Pictures 3-8 in 40.

Slipper Day, the plate candidate from the Hendrie string, worked in company with Private Petal, but the former was inclined to run out on the turn. Private Petal went the 1-1-4 distance in 2:15, and Slipper Day saged distance in 2:15. The two-year-olds were bred 3-8 from the barrier in 38. Rockspring and Tankard went 3-4 in 1:21 1-5.

Other works were Irish Heart, 1-2 in 52; Pettie Sue 1-2 in 51 4-5, Arran 5-8 in 1:09 1-5, Tom Snyvers 5-8 in 1:03, Tankard 3-4 in 1:23, Harry Lauder mile in 1:54, Floral Park 3-4 under wraps in 1:12 2-5, Miss Gay 1-2 in 55, Old Reliable 3-8 in 1:09 in easy fashion.

A notice that appeared some days ago announcing the death of Chad Burford from the string of George Ritchie of Detroit, was wrong. The horse that was the idol of Chad is a very lively colt and has been putting in some good work.

Ed Glasco has arrived from Windsor with Marion Gately, by Martimas—Miss Gately, a candidate for the plate, and James Hendricks from the same city with four nice provinces—Fred Fox also from Windsor came in, bringing Sight. They all shipped well and looked in real good shape.

Slipper Day, the plate candidate from the Hendrie string, worked in company with Private Petal, but the former was inclined to run out on the turn. Private Petal went the 1-1-4 distance in 2:15, and Slipper Day saged distance in 2:15. The two-year-olds were bred 3-8 from the barrier in 38. Rockspring and Tankard went 3-4 in 1:21 1-5.

Other works were Irish Heart, 1-2 in 52; Pettie Sue 1-2 in 51 4-5, Arran 5-8 in 1:09 1-5, Tom Snyvers 5-8 in 1:03, Tankard 3-4 in 1:23, Harry Lauder mile in 1:54, Floral Park 3-4 under wraps in 1:12 2-5, Miss Gay 1-2 in 55, Old Reliable 3-8 in 1:09 in easy fashion.

A notice that appeared some days ago announcing the death of Chad Burford from the string of George Ritchie of Detroit, was wrong. The horse that was the idol of Chad is a very lively colt and has been putting in some good work.

Ed Glasco has arrived from Windsor with Marion Gately, by Martimas—Miss Gately, a candidate for the plate, and James Hendricks from the same city with four nice provinces—Fred Fox also from Windsor came in, bringing Sight. They all shipped well and looked in real good shape.

EATONIA CLUB NOTES.

The Eatonia Club football and baseball teams were all victorious last Saturday, and it looks like a good year for athletics in club. The baseball team especially look good to season, which should be strong contenders in their league. Bernie Wier, one of the club's young runners, competed in Buffalo last Saturday and finished seventh in a field of 250. He would have finished much higher had he not mistaken the finishing point and started to sprint too soon, which left him with nothing in reserve to fight off the ultimate runner. The rest of the track and field section are working hard to get in shape for the summer sports, and a goodly number of them will compete in the semi-monthly meets at the Ontario Olympic Committee. The following players will represent Eatonia in the baseball league: Larchwood and Caledonians at the Eaton athletic field, head of Bathurst street, Saturday. Junior game starting at 2:15. The senior at 4:30. The following players are requested to be on hand at 3:30 p.m. at the club house, 100 Dundas street, west, with the following: Wilson, J. Dye, Hamby, Walker, Munn, Knox, McManis, Campbell, Campbell, Campbell.

CAPABLANCA STILL LEADS.

ST. PETERSBURG, May 14.—In the fourth round of the chess masters' tournament today Capablanca beat Marshall and Lasker. The scores: Capablanca 10 1/2, Lasker 9, Alchins 8, Marshall 7, Tarrasch 6 1/2.

WEST END MEET.

The athletes of the city are certainly taking a great deal of interest in the coming twilight meet which will be held by the West End Y.M.C.A. at Varsity field on Wednesday night next at 7 o'clock. The events will be as follows: Running high jump, 100-yard dash and mile run, all of which will be handicapped and will be open to any registered athlete in the city. The blanks can be had at any of the Y.M.C.A.'s or at Varsity field.

VICTORIA QUOTTING CLUB.

The Victoria Quotting Club of Riverside Park will open their grounds on Saturday at 2 o'clock. A cordial invitation is extended to the Queen City Club and the Maple Leafs.

TENNIS CLUB OPENING.

At Club Grounds, 44 Price Street, Tomorrow Afternoon. On Saturday afternoon, May 16, the Toronto Lawn Tennis Club will hold its annual opening on the club grounds at 44 Price street. The grounds are splendid club buildings, with its broad porches, will be decorated for the occasion. Although the tennis is of clay composition, the club grounds have this spring taken on the atmosphere of a country club, owing to the acquisition of a large number of box-wood trees have been added, and they greatly enhance the beauty of the clubhouse exterior.

900 HUNGER STRIKERS.

PARIS, May 16.—Ning hundred strikers, untouched, grow cold nightly on the refectory tables, at half a dozen great homes for the poor in the outlying districts of Paris. The attendants have devised this kind of hunger strike, as far as a supper is concerned, to draw the authorities' attention to the fact that a motion of the local council, authorizing the attendants to receive compensation in lieu of supper, when they take their evening meal outside, has never been complied with. For two days the hunger strike lasted, yet the cooks prepared the supper as usual.

NO HOMAGE AT THE POET'S GRAVE—BY ORDER.

ST. PETERSBURG, May 15.—The Russian Government took steps to prevent any public celebration of the centenary of Schewstchenko, the poet of the little Russians. A military patrol was stationed at the poet's grave beside the Dnieper to prevent any demonstration.

A PEER'S TRIBUTE TO HIS WIFE.

LONDON, May 16.—"I thank God that he has given me a wife so sweet, so loving, so capable," wrote Baron Wimborne in leaving Baroness Wimborne all his property without reservation. The estate has been provisionally valued at a million dollars, but it is believed this sum will be greatly exceeded at the final valuation.

BROTHER 60; SISTER 11.

LONDON, May 16.—Mr. David McCulloch, of Eltham, near Woolwich, who is sixty, has just seen for the first time his only sister, who is eleven years of age. Mr. McCulloch, who recently retired from the army after forty-six years' service, is on a visit to his father, Mr. Alec McCulloch, who about twelve years ago, at the age of eighty, married his second wife, the sister of Mr. McCulloch's father. Mr. McCulloch is still an assistant librarian at the King's Lynn Public Library.

MUSEUM OF CHARMS. LONDON, May 16.—A museum, quite unique in its way is to be opened in Wigmore street in a few days. Founded by Mr. Henry Wood, it will be known as the Historical Medical Museum, and will be chiefly notable for an extensive collection of ancient and modern charms and amulets from many countries. There are charms from such places as ancient Egypt, the East End of London, and the Island of Mull. A particularly interesting item in the collection is a Norfolk "rheumatism postcard."

NEW GREEK WAR STAMP. ATHENS, May 16.—Greece has just issued a set of two charity postage stamps, with the design of a wounded soldier. The issue is made to raise funds for the soldiers incapacitated in the Balkan war, and the widows and orphans of the killed.

Baltimore Gives Leafs Real Old Walloping

GOODBY TO THE ORILES WALLOPED KELLEY'S LEAFS

Dunnites Had Swat Festival in Final Game of Series and Collected Eighteen Hits for Thirteen Runs - Leaf Found Danforth a Puzzle.

Thank goodness Jack Dunn and his Birds have flown east and we also have reason to be thankful that the Kelley band got all that off their chests. Why the reason for all this? Well, the Dunnites alarmed the offerings of three Leaf pitchers for 13 wickets and 13 runs at the island yesterday, while the local hired squad was acquiring 7 runs and only six knocks. It was a sad afternoon.

It was mentioned in these columns before that the Baltimore Beauties were liable to break out at any time with a bundle of hits, and yesterday was their busting day. Bumpy Hearn was batted. Johnson was badly bent, and Alex. Graham slightly dented, the first mentioned getting an unimpaired wallop from the heartless Dunn team, the sum total of which was his own and his partner's for the first corner in four short innings, an exceptionally poor day for "Round the World" Hearn. Johnson was not hit better, and gave the Birds 3 hits, 5 runs and three walks in three innings. He remained for Alex. Graham, the local boy, to make the best showing, the Orioles getting 7 runs and 2 hits off his delivery.

While the Baltimore squad were having all this fun the Leafs were in dire distress trying to solve the puzzle that Danforth was showing them all afternoon. Fitz and Fisher got no base, and for two hits and sailed one high over the right field bleachers that was only inches out. Fitz and Fisher got no base, and for two hits and sailed one high over the right field bleachers that was only inches out. ROYALS WOKED UP DOWNED BRAVES

MONTREAL, May 14.—The Royals woke up today to take the first game of the series from Providence, 6 to 2. Del Mason, knocked out of the box in Monday's game, came back and would have had a shutout but for two batted plays by Koller on third. Flynn batted in four runs for Montreal. Score: Royals, 6; Braves, 2.

Plank a Victor In Pitching Duel

PHILADELPHIA, May 14.—The greatest pitching duel of the season, which was between Plank and Hagerman, was won by Philadelphia from Cleveland in 12 innings by 1 to 0. Plank's score was 10 hits, 1 run, 1 walk, 1 error, 1 grand obnoxious fielding with Oldring robbing LaJolie of a home run by a leading catch. Overtime Victory For the Senators

WASHINGTON, May 14.—Washington beat Chicago today in the tenth inning of a magnificent pitching duel between Ayres and Scott. In the last of the tenth inning, first up, singled, and ble. For nine innings, Scott held the locals hitless. Not a Washington player got as far as third in that game. Score: Washington, 4; Chicago, 0.

FRENCH AIR ARMY HAS NEW FEATURE

Armored Aeroplanes Are the Latest. PARIS, May 14.—Armored aeroplanes have now definitely taken their place in the French military air equipment. A squadron of steel-protected aeroplanes is now ready at the great army air factory and testing station at Chalais-Meudon, near Paris. They are two-seater monoplanes, of which the vital parts are protected with steel plating 3/4 inches thick, impenetrable to rifle bullets at a distance of 750 yards. They have 60-hp. engines, and an estimated speed of over 60 miles an hour. Engines are being rapidly carried out with a quick-firing gun which can weigh 200 lbs. and will be carried in a large biplane with an engine of 200-hp.

ONE LONELY HIT FOR THE DODGERS

Help! Help!

Big Jim Vaughn Scores Easy Victory for O'Day's Cubs. CHICAGO, May 14.—Big Jim Vaughn pitched invincible ball today and held Brooklyn to one hit, Chicago winning, 9 to 0. His team makes a record on the bases in the 7th and 8th innings when the visitors commenced retiring behind a wall of hits, and scored five runs, four of them in the 8th. Score: Cubs, 9; Dodgers, 0.

Leonard Again In Winning Form

BOSTON, May 14.—Leonard held St. Louis to four scattered hits today and captured the second game of the series, 6 to 0. Tyler pitched fairly well for Boston, errors being responsible for several of the runs scored by Cincinnati. Benton Gardner's three-base hit, followed by Engle's infield out in the second inning gave the Red Sox the run which decided the game. Manager Rickey and Catcher Agnew of the St. Louis team were ejected for protesting a decision by umpire Egan. Ben Johnson, president of the American League, was a spectator. Score: Boston, 6; St. Louis, 0.

REDS OUTPLAYED STALLINGS' BRAVES

CINCINNATI, May 14.—Cincinnati outplayed and outpitched Boston today and captured the second game of the series, 6 to 0. Tyler pitched fairly well for Boston, errors being responsible for several of the runs scored by Cincinnati. DOON'S PHILLIES WIN GREAT GAME

ST. LOUIS, May 14.—Crawath's triple followed by Becker's single, an out by Byrne and Kuller's one-base hit in the 14th inning won for Philadelphia today, 3 to 2, over St. Louis in an exciting contest. Philadelphia tied the score in the 9th on a single, a base on balls and two consecutive singles. In the 10th out, Carter drove a liner to B. Magee, who started a fast double play which ended St. Louis' chances. Score: Philadelphia, 3; St. Louis, 2.

RICH GIRL ELOPES WITH TAXI DRIVER

PARIS, May 13.—How a wealthy girl drove a taxi to aid her lover is reported from Lucerne. The young lady, who belongs to a rich French family living at Evian-les-Bains, recently eloped with a taxi-driver. Her parents informed the police, and as she is still under age, had her arrested and sent back home. Once more she escaped and rejoined her lover, for whose sake she cut off her hair and changed her name. Her father, and giving an assumed name, she obtained a post as a taxi-driver. This time the course of true love was interrupted by an investigative police officer, having heard the girl's name. She was arrested and her identity, and was again captured by her parents.

### NO DIRECT HINT OF INTIMIDATION

#### Kingston Whig's References to C. N. R. Were Given as Mere Gossip.

OTTAWA, May 14.—Reference to the news article in The Kingston Whig, on which W. F. Nickle, M. P., largely based his charge of intimidation against Sir William Mackenzie, indicates that the member for Kingston went somewhat aside in drawing his sensational references.

The article reads as follows: "It is reported from Ottawa that Sir William Mackenzie of the C.N.R. Company is not inclined to be favorably disposed towards Kingston with regard to railway facilities here, in view of the announcement that its member in the commons, W. F. Nickle, is out so strongly against any further government assistance towards the completion of the C.N.R. line. When someone approached him with regard to the establishment here of a terminal, so that coal could be shipped via Kingston from Oswego, N.Y., he is reported to have said that the C.N.R. could hardly be expected to consider projects which would benefit the city when its representative was inclined to be antagonistic to the interests of that road."

Board of Trade Interested.—Several weeks ago the Oswego trade and publicity commissioner addressed the Kingston Board of Trade upon the possibility of establishing a car ferry between Oswego and Kingston for the purpose of freighting coal direct to Kingston by water and transshipping it to Canadian points. It was thought that the C.N.R. could be interested in the project, and that it would run a spur to the harbor front to take the cars from the ferry. Such a project would be of great advantage to this city, as it might mean the employment of a good many men. Board of trade members are hoping that nothing that the local member may do will interfere with the good relations that have so far existed between the city and the C.N.R. authorities."

### LIBERAL-LABOR QUARREL BITTER

#### Split in Derbyshire May Result in Election of Unionist Candidate.

Canadian Associated Press Cable. LONDON, May 14.—Major Bowden, Unionist; John Houston, Liberal; James Martin, Labor, today nominated in the northeast Derbyshire election. Local feeling over the Liberal and Labor split is becoming bitter. The Liberal agent has issued a pamphlet telling the Labor candidate that if he reached Westminster he would be a mere baby in the hands of the Socialists, who often, by various ways, have incomes of a thousand pounds a year.

The Laborites, on their side, retort that the Liberal candidate is a mere tool in the hands of Sir Arthur Hampham, who admittedly possesses immense local influence. Unionist Working Hard.—The Unionist candidate meantime is working sixteen hours a day presenting the case for Ulster and also advocating social reform founded on tariff reform.

The constituency, roughly speaking, comprises one-third miners, one-third agriculturists and the remainder artisans and residents with businesses in Sheffield.

Polling takes place on Wednesday. Sir Edward Carson has been nominated Unionist candidate at the Edinburgh University rectorial elections, to be held in October.

TRAIN JUMPED TRACK HURTING TWO PERSONS  
Pullman Conductor's Back Broken—Accident on Michigan Central.

Canadian Press Dispatch. ST. THOMAS, May 14.—A Pullman conductor sustained a broken back and one passenger a broken nose, when three sleeping cars of the Wolverine Limited, on the Michigan Central Railroad, jumped the track at Buxton, Ont., 48 miles east of Detroit, today, according to the officials of the railroad here.

The train was in charge of Conductor Dave Stinson of Detroit and Sam Whitman of St. Thomas, engineer. All passengers and crew were able to continue to Detroit on the forward part of the train, which kept the track.

NELSON NEARLY SHOT.  
BRANTFORD, May 14.—T. J. Nelson, president of the Brantford Baseball Club of the Canadian League, had a narrow escape from being killed last evening. A bullet fired from across the canal here came thru the back window of his office, and after passing over his head as he bent over, buried itself in the desk. Some pieces of glass came down on his head, and at first he thought he was shot, but investigation, when he cooled down, showed that the bullet had just missed him. A lad with a rifle was seen running away from the scene, and it is thought that he did the shooting.

FUGITIVE GENERAL ARRESTED.  
SANTA FE, N. M., May 14.—General Jose Yves Salazar, one of Huerta's many commanders, who ran away from the battle at Ojinaga, Mexico, last January, was captured on the American side and later was arrested on a federal warrant, charging him with violating neutrality, today was acquitted in the federal court. He was at once arrested by United States army officers and taken to Fort Wingate, N.M.

SCHOONER SUNK AT SOO.  
SAULT STE. MARIE, May 14.—The schooner Botsford, loaded with lumber and downbound, in tow of the steamer King, struck the end of the south pier while entering the American canal today, immediately filled with water and sank to the bottom. Her cargo will have to be lightered. Her position should not interfere with steamers entering the canal. The vessel is owned by the Saginaw Bay Transportation Co. of Cleveland.

**THESE ATTRACTIVE HOMES ARE ALREADY BUILT IN GLEBE MANOR**

Why are these houses and a dozen others already built on Glebe Manor and why are builders now erecting, or planning to erect, about 40 more during the next few weeks? Because Glebe Manor is close-in--- is convenient --- is only 25 minutes from Queen and Yonge--- is just north of Rosedale and a little east of Upper Canada College--- is one and a half miles nearer Yonge and Bloor than High Park District and is selling at

**Less Than Half The Price \$32 per foot up**

The builders and investors who are buying in Glebe Manor are not buying without investigating. If they could buy cheaper land, better located elsewhere, they would not buy Glebe Manor. The fact that they have purchased \$62,150 worth during the last two weeks is surely convincing proof that they and you cannot do better or as well. These buyers are convinced that Glebe Manor is the best improved land now available for builders, or for investors, and so will you be convinced if you investigate. Shall we show you the property? Our automobiles are for your use, or send you plans. This coupon signed and mailed will bring you all particulars.

MESSIAN FLY IN CENTRE OF STAGE

Extent of Wheat Damage From Pest Occupies Attention of Pit.

CHICAGO, May 14.—Despite an opinion of one of the best known crop experts that Hessian fly is no more prevalent now than in the case of every year, damage reports from Illinois and Missouri today swung the wheat market away from the bears. There was a nervous close at 1-16 to 1/8 net advance. Other speculative articles, (60) all scored a gain—corn 1/8 to 1/16, soybeans 1/16 to 1/8, and provisions 1/16 to 1/8.

Decision if not pronounced bearish sentiment ruled the wheat pit during the first half of the day. Authoritative statements that Hessian fly reports were not to be taken too seriously and that the pest did only about the same amount of injury in any one season made radical bulls pause. Contrary views, however, from other sources and bearing specifically on the danger of unusual damage from the bulk of attention and sent prices scurrying up grade.

Chances of dry weather increasing the danger of unusual damage from the Hessian fly appealed particularly to the shorts in wheat. General demand as well, the broadened considerably influenced to some extent by the recent swift cutting down of cash wheat supplies in the various principal centers. A big decrease is expected to be shown in the visible supply total Monday.

In the corn crowd, bullish Argentine news more than offset favorable weather for the domestic pit. New York reported renewed cancellations of Argentine May shipments. Lightness of receipts there counted against the bears.

The market for May oats gave evidence of acute congestion. Other options in oats merely followed the upturn made by wheat and corn. Strength of feeding grains formed a material help to provision.

ST. LAWRENCE MARKET. Receipts of farm produce were 300 bushels of grain, and 18 loads of hay. Oats—Two hundred bushels sold at 45c. Hay—Eighteen loads sold at \$13 to \$15 for No. 1 and \$12 to \$14 for ton for No. 2.

BETTER TONE IN LONDON MARKET

Completion of Settlement on Exchange Restored Confidence.

LONDON, May 14.—The completion of the settlement on the stock exchange today without further apparent difficulty restored confidence somewhat and induced light local and continental purchases for the new account. Small general gains were recorded, but home rule and Mexican uncertainties checked business. The market finished quietly and firm.

American securities were quiet with a good undertone during the forenoon, and most of the list advanced a fraction in the late trading. Wall street buying appeared and Chesapeake and Ohio and U. S. Steel were active leaders in the firm. Money and discount rates were dearer.
