

**"Did you ever look at a new moon over your left shoulder and then turn over some money in your pocket just to change your luck?"**

We are not sure whether our buyer did this the night before he went on a little buying trip or not, but one thing is certain, he was lucky in picking up some lines of Men's and Boys' Suits and Overcoats that are by far the best value we have had to offer you this season. We have them all marked and in stock for you to buy today and tomorrow.

**YOUNG MEN'S SUITS**

About 50, just up-to-the-minute styles, for \$15.00, \$18.00, and \$20.00, that will make you feel glad you came to see us.

**OVERCOATS**

When it comes to a description of our Top Coats, we feel just like the kiddie who has used up all his joy words and expresses the rest of his feelings by dancing. From \$15.00 to \$25.00 we are in the position that a gentleman told us we were the other day. He had been into our store first, and then went out to look around. Coming back later on, he told our Overcoat Man that we put it all over the other houses like a tent when it came to styles and values. That, of course, was only his way of expressing himself, but when a man comes back after looking about in a town of this size, it means that our coats must be right, and they ARE.

**"TOUGHER'N NAILS, BUT SLICKER'N A WHISTLE"**

In the way one little boy put it the other day about our Boys' Clothes. We placed in stock yesterday five lines of new style Norfolk Suits, with extra bloomers, at \$10.00, \$12.00, and \$15.00, that are without a rival in the city. Slip-on Coats that will suit either boys or girls; Reefers, Top Coats with belts, "Prep" and High School models, and scores of other styles.

We have coats for every age from 2 1/2 years to 18, with prices from \$2.98 to \$18.00, but, above all is the value we give for the dollars you spend that counts, and makes for this store not a customer for the day, but life-long friends.

No Further Reports Made of Capture of Serbian Towns.

(Continued From Page 1).

Bulgarian attacks on Krivovak and endeavoring to form a junction with the Serbians, who are fighting in the Babuna Pass.

British division having landed the force which is to be under command of Gen. Sir Charles Carmichael. The British division is spreading out toward the front line, and is in contact with Bulgarian patrols are reported.

With the arrival of Field Marshal Kitchener, who is expected soon to be on the scene, a further development in the campaign is expected, and it is possible that the Gallipoli army will become more active.

**More British Reinforcements.**

"According to information received from Greek frontier stations," says Reuters' Soliki correspondent, "fighting on a large scale has been proceeding since yesterday, between Gradiko and Vela. The Bulgarians asked for a suspension of hostilities for five hours for the purpose of burying the dead and collecting the wounded, but only two hours was granted."

Further British reinforcements have been sent forward to strengthen the right wing of the entire allied line. No reliable news of the operations in northern Serbia is available here.

**Enemy Crosses Morava.**

The Serbian legation at Paris today received the following official despatch dated Nov. 8:

"The enemy has succeeded in crossing the Morava of the north near Kraljevo, and the Morava in the south in the direction of Djunis and Leskovac."

The enemy attacks near Groditzka were repulsed. The fighting on the right bank of the Leskovatska River, and upon the left bank of the Morava, resulted in our favor. The Bulgarians in the direction of the Gorges of Katchank were repulsed."

**No Separate Peace.**

The Serbian legation at Paris today gave out a note issued with a view to setting at rest certain reports regarding Serbian aims said to have originated in German sources. The statement said:

"Gen. Radomir Putnik, chief of the Serbian army, has been in precarious health for a long time, continues at his post directing the operations of the Serbian army."

"The artillery captured by the Germans at Kraljevo was without importance from a military viewpoint. It was part of the Serbian army equipment, and its loss does not weaken the Serbian army."

"At no moment has the Serbian Government thought of peace, nor considered making peace before victory was won by the allies."

**Bulgars Leave Babuna.**

A despatch from Saloniki to the Hague News Agency of Paris, under date of Wednesday, says:

"The Bulgarians have retired from Babuna and have concentrated before the French front around Cerca in a heavy fog that has prevented operations for the last 24 hours."

The Serbians are attacking Katchank in the north, and have captured the station."

"Telovo has changed hands several times in violent fighting. It is now held by the Bulgarians."

**Withdrawing From Gallipoli?**

Bulgarian troops have crossed the Morava River in Serbia at several places, according to an official statement issued today at German headquarters.

In the mountains south of the western Morava, the statement adds, 4000 Serbians have been taken prisoners. Pursuit of the Serbians is making good progress."

Withdrawal of the first and second French infantry regiments and the 16th British from the Gallipoli Peninsula is reported today by The Berliner Tagblatt on the strength of information.

**German Claims False.**

News from the Serbian front in vague, says a Reuter despatch from Athens, but it is declared to be untrue that the Germans are occupying the entire line from Krivovak to Kravatz and Petrovac. Imports of Serbian forces arriving from Mitrovitza have reached the Kutchank desfilade, where they occupied a railway station to which the Bulgarians, bound from Uskup to Priscend, had advanced.

Operations extending to the north-western front now are becoming the key to the situation. Serbians troops sent from the north to Krosevo and Monastir will pass there.

The Serbian Government has been removed to Kruzevo, east of Poipoe.

Interesting Illustration Thrown on Screen at Epworth League Convention.

**TALKS BY MISSIONARIES**

Give First Hand Information on What Has Been Accomplished.

Rev. R. N. Burns, principal of the Methodist Training School for Christian Workers, was the speaker at yesterday afternoon's session of the Epworth League convention, held in Trinity Methodist Church. Rev. Mr. Burns has the distinction of having organized the first Epworth League in Barrie, Ont., 25 years ago, and his subject, "For Christ and the Church," included arguments and facts on the influence of this movement in the church during the last quarter century.

Movies of Missions. An interesting feature of the morning session was the cinematograph in which a short address on the Methodist missionary activities in China was illustrated with interesting scenes of the missions and the workers' daily life.

It is thought that the illustrated lecture scheme is the most satisfactory and convincing, and the missionary department of the church has in consequence spent in the neighborhood of \$4000 in securing and unrolling for the instruction and entertainment of the league delegates. The noon hour was taken up in a thorough investigation of the various exhibits displayed in attractively decked booths. The exhibits include extensive advertising matter and curios from the different mission fields.

Missionaries preside at the booths and supply information to the leaguers concerning the fields in which they have worked.

In the evening the "missionary choir," composed of candidates for the mission field and missionaries home on leave, contributed a delightful program, after which the League was held in the large flag-draped hall. Dr. P. C. Stephenson occupied the chair.

Missionary "Talk of Work." In four short talks it was pointed out what missionaries accomplish among non-Christian peoples, and the necessity of continued and unflinching support from the home church in their efforts to carry on the immense work.

Dr. Stephenson pointed out the great opportunity to help materially and spiritually in the "labor of love" which cannot be neglected.

Several interesting addresses on missionary work were delivered at the evening session.

Speaking on "What a Missionary Expects of Those at Home," the Rev. E. R. M. Brocken, M.A., B.D., of Japan, made an earnest plea for sympathy.

"A loyalty that ends in a selfishness never win any campaign," he said. Mr. Brocken declared that he did not know of any other organization that could squeeze so much good out of a dollar as the Missionary Society. He contended that the campaign depended far more on the workers in the mission field. Referring to the pagan countries, he said that the missionaries until the so-called Christian countries set them a better example.

F. E. Youngman, a missionary from China, dealt with the subject of the relation of the young people to missions, and pointed out that they represent the link that binds the work of the pioneers with that which is to be accomplished in the next generation.

F. M. Bayne of West China stated that the missionaries have been in the Christian country and he had great faith in the contention that the work of the country would result from the training of the native leaders.

Addresses were also made by Rev. Dr. Mescham of Japan, A. T. Crutcher, a Kilborn of China, and the native tongue, were rendered by the missionaries and their children.

About 600 members of the 10th Royal Grenadiers attended last night's parade at the armories. It was the last drill under command of Col. W. B. Kingsmill, who will soon start to organize the Grenadiers Overseas Battalion, and which he will command.

The Royal Grenadiers will hold their annual service and parade on Sunday, Nov. 14, at St. Stephen's Church, Bellevue avenue. The regiment will parade at the Armories at 10.15 a.m. and be accompanied by the quota recruited by the Grenadiers for the 8th Battalion, C.E.F., and still quartered in Toronto.

Enlistments Keep Up. Active service enlistments are still keeping at a substantial daily total. Yesterday the total was 85. This brings the number who have joined the colors so far this week up to 255. Last week the six days' total was only 30.

The 11th Irish Regiment's brass band has been organized, and paraded at St. Lawrence Market last night. The band had 80 members present. Bandmaster Wiggins was in charge.

The 8th Mississauga Horse last night held the finest parade of the regiment since Major John Moss took over the command. The brass and trumpet bands led the march-out, two hundred and sixty were in line. Thirty-five men joined with the Canadian Life in connection with the 5th M.H. under Capt. Moore-H. Cox of the Canadian Life is honorary colonel of the Mississaugas.

Parks Commissioners Chambers is forming a squadron for the 9th M.H. which he himself will command, with rank of captain. He had 75 men for the squadron drilling at Exhibition Park last night.

At a conference of the commanding officers held at Exhibition camp yesterday afternoon a sports committee was organized, with Capt. Maynard as chairman. A regular schedule of sports, games and entertainments for the soldiers generally will be drawn up.

Ottawa has authorized the raising of an overseas regiment in North West Territories County, to be commanded by Col. Lockhead, and one in Wellington County, which Col. Craig will command.

Applications from 300 officers and from 100 non-commissioned officers have already been received for admittance to the School of Instruction which will be opened at the old technical school building on College street on Monday. Col. W. R. Lang will be in charge. There is accommodation for 500 officers and sleeping accommodation for 300.

Upwards of 100 of Toronto's Aviation Students in the Colonel Logie at Exhibition Camp yesterday to see if they could secure commissions before going overseas to complete their training. They were told that those who have had only slight training at the aviation school will have to take the officers' course at the Provisional School of Infantry before this certificates will be granted. The more advanced students may be granted commissions by Ottawa in the near future.

No Outside Contests. Outside contests have been eliminated from the Exhibition camp, except the Y.M.C.A. one. Major-General Sir Sam Hughes, minister of militia, is opposed to demoralizing contests.

General Secretary C. C. Stephenson of the Brotherhood of St. Andrew has just received a letter from Col. Logie, divisional commander, stating that the request of the Brotherhood for a canteen had been presented to Sir Sam Hughes by him and that the minister of militia had declined to grant it.

The secretary of the Brotherhood states that it will "accept the order as given," and "make no further request to enter Exhibition camp." Last winter the Brotherhood had a canteen in the dairy building at the Exhibition, served thousands of lunches and conducted a free reading room.

Camp Open to Public. Exhibition camp is open to the public from 2 o'clock on Sunday afternoon. Hospital visitors who have soldier friends will be allowed to visit patients between 2 and 4 o'clock on Wednesday and Saturday afternoons.

The 1900 men of the 1st Battalion were given a holiday yesterday. In addition to accomplishing the trek from Niagara to London, the 1st Battalion took part in the big parade the day it reached London, which really added another 10 miles to the 85-mile march.

Plenty of Uniforms. The government stores in Toronto have 3000 uniforms ready to issue and new contingents are coming in daily. "The subject of women's right man," gained the speaker spontaneous applause.

Sir George said that people make the mistake of living too much in the present, without regard to the past or future. Life is not a separate or individual thing, and a time comes when it bursts upon an individual that he has been too much segregated. To pre a call from outside—the call to preserve life, property and the state. The even higher than the world's war. These are all God-given means to call us out of ourselves.

"The present war," he said, "is this great call. It has lasted fifteen months. What the result will be are uncertain, but they will last. In this war nations are engaged; it covers three nearly one-half of the world's territory and is involved. The financial side goes beyond the power of conception, and methods unknown in any previous war are making a wonderful and bloody record, but nothing of this grips us like the human element."

"At the beginning 5,000,000 were shot out to the line of battle. Back of this 5,000,000 preparing to take their places. By Oct. 1, 10,000,000 men had been made inefficient."

If there were nothing behind the struggle of brute force, people would realize and remember that the battle was for the supremacy of the ideals of liberty and civilization—ideals that were rejected by the Germans but had for a thousand years been the basis of the people of Britain. When the victory is won there shall emerge an ideal of civilization and liberty incarnate in national life which shall endure through the generations. Sir George closed with a warning not to be too optimistic, for "it is as true as God's truth that this empire of ours is in deadly peril." True courage is born when a man understands his danger. The allies would win, but it would be thru struggle, suffering and sacrifice.

Dr. C. C. James presided and asked the women to work for agricultural schools throughout the country.

Private Cockburn, who was wounded and has returned from the front, gave a most interesting account of life in the trenches, and urged the women to allow their sons to go to fight the battles of the empire.

# NEWS FROM THE CITY HALL

## COMPENSATION IS UNDER CRITICISM

Delegate to Telephone Convention Thinks Assessment is Too High.

## UNIVERSAL SERVICE

President Denholm Contends Large Company Should Furnish It.

Yesterday's session brought to a close the tenth annual convention of the Canadian Independent Telephone Association, which has been meeting at the city hall for the past two days. In a paper entitled "The Workmen's Compensation Act and Telephone Companies," P. R. Craven of the Timiskaming Telephone Company, took objection to the act on the ground that the assessment against telephone companies should not be high as against electrical concerns who men had to work on high tension wires. He maintained that telephone lines are not a public utility, but should be placed in a class by themselves, and the association endorsed a resolution to the effect that application be made for an amendment to the act. Mr. Craven pointed out that the Bell Telephone Company escaped the assessment as they operated under a franchise charter.

Andrew Denholm, the president, spoke on "Universal Service from the Independent Standpoint." He declared that it should be just as easy to get a telephone message across Canada having it transferred from one company to another, as it was to have a barrel of apples shipped over various railroads. Is there any reason why a company that gets the free use of our roads should dictate to whom they should be allowed to run cars up to the present terminal of the Metropolitan line. "It means giving the Metropolitan a new franchise," he said. "It means the same thing. You would be cutting the ground from under your feet. Mr. Mayor, it would mean that you have surrendered to the railway. We are backing you in the fight against the Metropolitan. We have done so all night and now you want to surrender. I think you should have our eyes wide open."

## WANTS HUNTLEY LODGE ASSESSMENT CUT

Decision Reserved by Court on J. J. Palmer's Appeal.

A number of residents in the vicinity of Lavton avenue appeared before the court of revision yesterday asking for a reduction in their assessments. The most important aspect of the case was the assessment of the Huntley Lodge, owned by J. J. Palmer of the Toronto Type Foundry Co. and owner of Huntley Lodge. The assessment was \$1,000. Mr. Palmer contended that the land should be assessed for residential purposes on account of the drawing of coal from the Rogers yard. The assessment was reduced to \$400. The court reserved its decision.

## INCREASE EFFICIENCY IN MEDICAL DEPARTMENT

Board of Education Has Some Changes Proposed, Says Dr. Mackay.

When asked if it was intended to cut down the number of doctors in the medical department of the board of education and increase the number of nurses, Dr. Mackay, chief school medical officer, stated yesterday that there would be some changes made with a view to increasing the efficiency of the department. The doctor believed that the opinion prevailed that if the cases were inspected by nurses in the morning there was no need of a further inspection by the doctors, as was the practice. He will bring a report before the school trustees. Regarding the proposal to have the doctors work all day instead of half a day, the doctor stated that he did not think anything of it. "It has all been thrashed out and everything is against it."

## WILL NOT HAVE GARBAGE SHOWING FROM STREET

City Council Sub-Committee Recommends That Drastic Change Be Made.

Garbage and ash cans are to disappear from Toronto's streets if council adopts the recommendation of the sub-committee of the works committee appointed to deal with the matter of garbage collection. The regulation which has been drawn up provides that every household shall have two metal receptacles, one for refuse and one for kitchen garbage, and these will have to be placed behind the street line, and in cases where there is a fence the gate will have to be left open on garbage collection days. No garbage cans must be shown from the street.

## WOULD RUN BUSES TO FILL IN LINK

Mayor Church's Proposal at Board of Control Held Over for Report.

## THREE-MINUTE SERVICE

Four Motors Would Be Required, But Spence Has Other Objections.

Motor buses operated by Toronto filling the gap in the transportation on Yonge street, from the city hall to the city of \$25,000, was the proposition with which Mayor Church presented members of the board of control yesterday. Action was deferred pending more information as to costs, which Commissioner Harris will supply. "I'd like to make a demonstration to show the citizens the principle of such a service. It could be tried out here and if successful put in operation in other districts," said Mayor Church.

Would Need Four. Commissioner Harris pointed out that four buses would be required to keep three in operation. Each bus would cost about \$8,000. Asked regarding the amount of fare, the mayor said that under existing circumstances regarding Yonge street no fare would be charged.

Controller Foster: "Why a three-minute service with the buses when the Metropolitan line only gave a five-minute service?" The first real stumbling block came, however, when Controller Spence explained that if the plan were adopted it would have the same effect in regard to the franchise question, as the Toronto Street Railway Company had been allowed to run cars up to the present terminal of the Metropolitan line. "It means giving the Metropolitan a new franchise," he said. "It means the same thing. You would be cutting the ground from under your feet. Mr. Mayor, it would mean that you have surrendered to the railway. We are backing you in the fight against the Metropolitan. We have done so all night and now you want to surrender. I think you should have our eyes wide open."

Want More Details. Controller Thompson said "All right, but we ought to know the entire cost if we are going to recommend this of the council we must have some details."

Answering a question by Controller Thompson the mayor said: "I was prepared to pave the streets and lay two tracks when the matter was before the legislature, but a peaceable settlement is out of the question now. I would recommend that we get a report on this scheme regarding costs and so forth."

Controller Spence: "If it is to be free on Yonge street will it be free on Bathurst?" Controller Foster: "Yes."

In urging a report from Commissioner Harris, Controller Spence said that other reports would be needed. The question of a grant payment to the legislature was left over for the reports.

Did Not Approve. In discussing the report of the works committee, it was decided to add to the cold storage plant, an asphalt pavement be laid on Monarch road from the western road to the south end. It was the opinion of the board that the Campbell Milling Company, who would be served by the road, should attend to it.

The question of a granite pavement on Yonge street from Sumnerhill avenue to a point 187 feet south of Farnham avenue did not meet with approval. Controller Foster thought it was a matter to be dealt with by the new council next year.

Controller Spence: "If we win in the case before the privy council we will lay tracks there and in the meantime we must figure that way."

Controller Thompson could not see the necessity of going on with it just now, so the clause was struck out. A proposal to build a shelter and lavatory for passengers using the Mimico division of the Toronto and York Railway Company was held over until next year.

The erection of a barn at the Men's Industrial Farm was approved by the property committee. Yesterday the controllers disapproved sufficiently to refer the matter back.

Discussion on the advisability of adding to the cold storage plant, the civic abattoir at a cost of \$9500 was short and pointed. Commissioner Chisholm pointed out the necessity of it and Controller Foster pointed to the amount of business being done. The commissioner carried his point, however, and will now make it a point to have the addition installed.

A request brought by Ald. H. H. Ball for the use of one of the city's houses on Duplex avenue for the North Toronto Patriotic and Red Cross Society received favorable comment. In all probability it will be granted.

A recommendation that the city ask for legislation giving it power to discontinue the use of park or portion thereof was criticized. The decision was that during the present fall in the demand for the park is not the proper time to deal with the question.

## ASK FOR GRANT TO HELP RECRUITING

Citizens' League Presents Case to Controllers—Mayor Favors Gift.

## RESULTS OF KHAKI DAY

Thirty-Five Thousand Dollars Received Excluding City and Other Gifts.

Various figures ranging from \$40,000 down to \$5,000 were mentioned by members of a deputation from the Citizens' Recruiting League who waited upon the board of control yesterday to urge a grant from the city. Dr. Norman Allen, chairman of the league, reviewed the work being done in Toronto and was supported by Mayor Le Grand Reed, Oliver Hezlewood, F. B. Fetherstonhaugh and others. Mayor Reed stated that he had expended a considerable amount, about \$4,000, in addition to the government allowance. Mayor Church characterized the efforts of the league as being those of the city and as being full support should be extended. "Major Reed has spent a great deal out of his own pocket," he said, "in doing a good work."

Oliver Hezlewood made it plain that the proposal to give the \$5,000 from the city to Major Reed was in harmony with all concerned. Dr. Allen intimated that according to a conversation with Controller Thompson the city should give dollar for dollar and in view of the fact that the league had secured \$40,000 the city should give that much. However, he should not hold to that conversation. Mr. Fetherstonhaugh thought \$10,000 would not be a bad thing.

Must Get More Men. "We must raise five more battalions," said Major Reed, "and it is harder to get recruits now than it was a while ago. But we must get them. We must expand. If we are going to do that it means an increase in our ranks. So far as I'm concerned, I'm going to help Major Reed get the money," said the mayor. "It's a strong economy, but this money is needed. We have given \$15,000, but \$25,000 is not too much for war work."

The departed with the assurance that the matter would receive early attention. Khaki Day Results \$35,022. Slightly over \$35,000 was raised Khaki Day, according to an announcement made at a meeting of the Citizens' Recruiting League, held in the council chambers. Contributions from the provincial government, city council, some banks and other institutions are yet to come. The statement was received with considerable enthusiasm.

"God bless the ladies," said Mr. Fetherstonhaugh. "A vote of thanks was passed to Sir Edmund Walker for acting as treasurer and to all others who in any way helped the cause, and all who submitted to being tagged."

A committee was appointed to consider the disposal of the money secured. Its members are: Mayor Church, Dr. Allen, Oliver Hezlewood, J. Fetherstonhaugh, R. D. Fairbairn, F. Anderson, J. E. Bone and S. W. Burns. The mayor is chairman.

Previous to this meeting, Major Le Grand Reed asked to give him \$25,000 of the funds collected on Khaki Day it was decided, however, not to pay out any money until an investigation of the matter had been made. A delegation will go to Hamilton to meet the recruiting officers there, as well as to Ottawa, and not in any official capacity.

## ORANGEMEN SAY THEY DID NOT INTERFERE

County Lodge Denies Statements of Hydro General Manager.

William Crawford yesterday headed a deputation from the County Orange Lodge that waited on the Hydro-Electric Commission protesting against the statements supposed to have been made by General Manager Couzens, to the effect that the Orange Order had interfered with the hydro in an effort to build some of its French-Canadian employees discharged. The matter was revived several days ago when two declarations were made out in which the Ontario Couzens had expressed surprise because an employee named Lavoie went on strike and stated that he had protected Lavoie from the Orange Lodge. William Lee, one of the deputation, declared that the association could not be held responsible for the actions of individual members, and that the county lodge had never attempted to interfere with the hydro on the lines of race or creed.

## One of Our Wonderful Coat Sales, New Winter Models, worth \$25, on Sale Today at \$10

It is with a sense of keen satisfaction that we announce this Friday Sale of Women's Smart, Well-Tailored Coats at \$10.00 each. Every coat in the collection is fully up to our standard in every way. They are made by a well-known manufacturer of women's highest-grade garments, from whom we buy regularly. A special purchase price on a lot of 180 coats enables us to feature these \$18.00 to \$25.00 models at the sensationally low price of \$10.00 each.

Many of the coats are fur-trimmed, all are made on newest models, in fact many of them were finished and pressed within the last week. The swing and dash of military lines are shown; flaring skirts, wide belts, patch pockets and high choker collars, are outstanding features. Several models have high velvet collars, edged with band of skunk. The materials are plain and tight cut chevrons, heavy mixed tweeds, handsome zibelines, Astrachan cloth etc. The colors are black, navy, brown, gray and Belgian blue. Many of the coats have double yokes of the cloth to give warmth about the shoulders. We have no hesitation in heralding this sale of Women's Winter Coats as one of the best bargain offerings in the history of our Coat and Suit section. The regular values of the coats are \$18.00, \$22.50 and \$25.00. Our price for each, today, is \$10.00. (See Our Special Window Display.)

## NON-RESIDENTS MUST PAY TAX

Management Committee of Board of Education Reaches Decision. WAS BIG LOSS TO CITY. Sixteen Thousand Dollars to Be Raised as Result of Action.

At yesterday's meeting of the management committee of the board of education it was decided to tax all pupils attending city high schools who are non-residents of the city and do not pay taxes. In this connection, G. A. Smith, senior principal of city high schools, reported that the net cost of operating Parkdale Collegiate for the year 1914 was \$87,781.75, and that during the year 820 pupils attended, making the cost per pupil \$72.80. He also reported that there are 254 non-resident pupils attending the high schools and colleges of the city and only 51 of these are paying taxes to the city. The number is divided amongst the different schools as follows: Jarvis Collegiate, 8; Parkdale, 60; Oakwood, 32; Riverside, 15; North Toronto, 31; Malvern avenue, 51; Hurontario High School, 32.

## Three Splendid Bargains in Hats Many at Half Price, \$5, \$8 and \$10.

Today is to be a fete day in our Millinery Section. A goodly part of the department will be given up to the special display of a large collection of lovely hats, which we shall feature at \$5.00, \$8.00 and \$10.00 each.

In the group of HATS AT \$5.00 you'll find smart little turbans, chic tricornees, and wide saillors, all in the very newest shapes, the larger number made of velvet, in red, black, navy, taupe, green, purple, etc. They are trimmed with bands of fur, touches of silver or antique gold, bunches of berries and such modish conceits. The regular prices are \$8.50 to \$10.00.

In the group of HATS AT \$8.00, you'll find a charming assortment of models from our own workrooms, as well as some original models from the best New York modistes. All the newest shapes and colors are shown, and the ubiquitous fur is seen to uncommon advantage on many models. The regular prices are \$12.00 to \$15.00.

In the group of HATS AT \$10.00 there are several lovely models from Gage, Flak, Vogue, Rawak and others, besides a showing of our own modish hats, including a number of charming creations in white plush and velvet, these being absolutely the last cry in the fashion world. The regular prices are \$15.00 to \$20.00.

## TWO THOUSAND MORE VOTERS ON THE LIST

Total Number is Close to Hundred and Thirty-Eight Thousand.

This year's voters' list for the city shows an increase of over two thousand, as compared with last, although there has been a decline in the population. The number is 137,917, as compared with 135,798 a year ago. This is partly due to the fact that Toronto men who are serving at the front are still on the voters' list. The figures for the wards are as follows:

|        |         |
|--------|---------|
| Ward 1 | 25,622  |
| Ward 2 | 17,068  |
| Ward 3 | 20,013  |
| Ward 4 | 17,308  |
| Ward 5 | 21,841  |
| Ward 6 | 26,448  |
| Ward 7 | 8,076   |
| Total  | 137,917 |

The official despatch was further augmented by the confirmed report that he is bringing a cub with him. It will be presented to Controller Thompson for a mascot.

## P. W. ROGERS RETURNS FROM PANAMA PACIFIC

May Secure Some of Attractions for Toronto Exhibition Next Year.

P. W. Rogers, associate manager of the Canadian National Exhibition, who has spent about a month visiting the Panama Pacific and San Diego Exhibitions, returned to Toronto yesterday. He stated that there had been a large attendance of Canadians at San Francisco, and while in that city he opened negotiations with a view to bringing to Toronto's fair some of the attractions exhibited. He also said that it was likely that the Dominion Government would preserve its exhibit at the Panama Fair for exhibition here next year.

## HAVE DONE MUCH RED CROSS WORK

Ontario Women's Institutes Review What Has Been Accomplished.

### NEED BUSINESS METHOD

Mrs. H. W. Parsons Gives Straight Talk to the Delegates.

Sessions of the Ontario Women's Institutes yesterday in the auditorium of the new Technical School, Mrs. E. Harrison of Madoc presided in the morning, when reports were read telling of the great work done during the year along Red Cross and other patriotic lines. The districts reported were East Durham, West Wellington, North Brant, Simcoe, Monck, Ontario, York, East Victoria and New Liskeard.

"The business methods of the institute," was the subject of an address by Mrs. H. W. Parsons of Cochrane, who in an interesting way showed that the influence of the annual meeting lies in the manner in which it is conducted. In the scheme laid down by the speaker, the duties of the secretary loomed large. She should have her report prepared in a clear and concise manner, she should also have tabulated lists and accurate accounts, have correspondence neat at hand and generally prepare the way for the president. Regarding the manner of electing Mrs. Parsons said it should always be by ballot. "Keep a bank account for the institute funds, no matter how small they may be," was advice given the meeting.

Archbishop McNeil spoke on "The Home," dwelling particularly on the relationship between the mother and her children. His grace drew a distinction between fondness and love, the former yielding to the child, but love looking to the future, mingling punishment with training if it be necessary for best results.

In the afternoon the women had an opportunity to inspect the great building in which their meetings are being held. At the Royal Ontario Museum also, a delightful time was spent, over four hundred members being received by the executive of the national service committee, Lady Hendrie, Lady Willison and Mrs. Torrington, assisted by Dr. Margaret Patterson, Mrs. E. G. Graham, Miss Marie Macdonnell, Mrs. John Bruce, Mrs. Dignam, Mrs. Starr, Mrs. Falconer and Mrs. Plumprice. The company wandered through the various departments in which the art of the far east mingles with the nearer curios of the western Indian, the exhibits being evidently much enjoyed. On the lower floor a tea given by Mr. Noel Marshall, the dainty table being decorated with pretty pink and mauve blossoms from the conservatory, by the ladies, by whom they were kindly contributed.

Institutes For Girls. A probable development of the Women's Institutes will be institutes for girls, a request of Miss Hall of Simcoe, asking that the department of agriculture be interviewed with the object of obtaining its assistance in this matter, being a feature of yesterday's sessions.

### PLATOON OF ANGLICAN THEOLOGICAL STUDENTS

Men of Emmanuel College, Saskatoon, Decide to Enlist in Body.

The Fifth University Overseas Company, the authorization of which was announced from Ottawa this week, will contain one platoon of Anglican theological students. The men of Emmanuel College of the University of Saskatchewan were so interested by hearing of the platoon of Edith Cavell that they decided to enlist in a body. Other students from the University of Saskatchewan will make up the complement of 60 men. Toronto University will also furnish a platoon for this unit.

### TWO UNIVERSITY MEN HAVE ALREADY APPLIED

Seek Commissions, Which Have Been Offered by British War Office.

Two university men have already applied for the commissions which the British war office offered properly qualified C.O.T.C. men. Col. W. R. Lang stated that he expected to have fully a score of applications before the end of the week. On the strength of the recommendations of President Falconer and Col. Lang the men will be given their transportation to England, where they will receive further training if they are not fully qualified, and will be attached to British regiments. Although many university men who have taken certificate "A" work, express a preference for Canadian regiments, a considerable number have stated that they will present their names.

### TORONTO GIRL'S SUCCESS.

Miss Margaret Beattie Creates Great Enthusiasm in New York. NEW YORK, Nov. 11.—At the Plaza Theatre here last night, Miss Margaret (Babe) Beattie of Toronto brought the enthusiasm of the audience up to fever pitch by her excellent rendering of the song, "Our King and Country Need You." She was encored again and again, which clearly demonstrated the sympathy of her audience, both to herself and to the edifice, besides displaying confidence in her ability to carry her audience with her. Miss Beattie has had many successes since making her first appearance in vaudeville, but this latest is possibly the greatest ever.

Over 40 graduates and undergraduates were at the organization meeting. The first lecture will be given next Thursday by Prof. J. G. Hume on the trend of German philosophy and the part it has played in bringing about the present war. The officers elected were: Prof. Hume, president; J. M. Lloyd, secretary; H. E. Magee, N. A. MacMurray and Miss R. MacFarlane, representatives of the second, third and fourth year students.

### The Same at All Concerts.

The Cherniavsky Brothers, the great Russian trio of artists, will use the Heintzman Piano, made by Y. O. Heintzman, at their concert in Massey Hall, on Nov. 13. This piano has been used at all the concerts of the Cherniavsky in Canada, and was chosen on account of its remarkable tonal qualities, qualities which endear it to all music lovers. The proceeds of this concert, as in the others, will be used for patriotic purposes, in this case going to the Recruiting League. It is expected that the hall will be crowded.

### NOT WELCOMED TODAY.

Leo John and Michel Cherniavsky, the famous Russian trio, will not be officially welcomed by the city this afternoon as announced, owing to Mayor Church having to be in Hamilton to address a recruiting meeting. The reception will take place tomorrow at 12 o'clock in the council chamber of the city hall.

## Whole World of Music at Your Command

Wagner—Chopin—Liszt—Gounod—Carmen—Pagliacci—Le Gioconda—Bonci—Destinn—are these mere names to you? Or do you know them as standing for the most wonderful music in the world? Have you heard Albert Spalding's violin sing its way through the wonderful, sad, glad phrases of the meditation in "Thais"? Can you at will set your heart thrilling and your breath sobbing with the wonder—the beauty—the titanic magnificence of Rubenstein's "Melody in F"?

How to do this—how to have the whole world of music right in your own home—at your own command? The Edison Diamond Disc Phonograph or the Columbia Gramophone.

## Complete Service—The Gourlay Motto

Not only are we showing a complete line of Edison and Columbia machines, believing that these instruments have now been perfected to a point where they will be a credit to our store, but— We have felt that there was a need for Gourlay, Winter & Leeming phonograph service. We carry a complete stock of all the Columbia and Edison Records, suitable for Columbia, Edison or Victor machines. We have gone farther than that—we have provided pleasant, comfortable—yes, luxurious surroundings, in which you may select your machine or records with the ease and comfort you would find in your own home. An Edison or Columbia machine?—or records from either list? Our store is open Saturday evenings.

FRIDAY MORNING, NOV. 12.

The Hydro Strike

There was much wisdom in the action taken by the trades and labor council on Wednesday evening. The longer the situation is pondered over, and time given for every phase of the strike against the Hydro-Electric Commission, the more likely will it be for both parties to come together, as they must, for their mutual interests.

The proposal to refer the dispute to the city council may be regarded as a natural one on the part of the men, although it will appear to many that the council cannot be expected to interpose between its own appointed body and that body's employees.

The chief point to be considered is the fact that public ownership is in danger. There is no objection about it at all. If the men insist upon an annual rise in wages, public ownership cannot stand the strain.

The men have had their wages increased since 1910, by 38 per cent. Before the hydro came they were not allowed to belong to the union. They are now getting 40 cents an hour as compared with 37 1/2 cents paid by the T. E. L. Co.

The men undoubtedly desire to be reasonable, and they have already recognized the fact that the arbitration award is not compulsory, unless both sides have previously agreed to regard it as such.

We trust the men will evince as true public spirit as the commissioners have had the courage to show, and strive to reach a satisfactory solution of an admittedly difficult problem without resort to inflammatory measures.

Why Not Equip the Men?

It is the belief of military men that it is not so much more men that are now needed, but equipment for the men already provided. It is evident that men without equipment are of no use at the front.

Americans have ample opportunity during this war to prove themselves the most long suffering people on the face of the earth.

The sinking of the Ancona is an evidence of the most diabolical spirit. We do not find any particular satisfaction in dwelling upon the evil disposition of the Germans.

Editor World: I would like Miss Chown thru your paper to answer this: If when Germany, without any provocation from Belgium, overran that country, devastating homes and murdering and mutilating innocent women and children, would you stand by the principle: "Love your enemy, do good to them that spitefully use you?"

Suppose your house was broken into and your furniture destroyed, your garden overrun and spoiled; I seriously ask you what you would do, or have done to the marauders?

The Ancona is a particularly flagrant case. The vessel was bound for New York with innocent civilian emigrants. The Germans take delight in slaughter, and women and children are their favorite sacrifices.

Editor World: Miss Chown's letters are very typical. It is a sad, sad case. I suppose the dear young thing, in her present state, would advocate kissing a mad dog, caressing a mad bull, entertaining a thief (with the money withheld from the Red Cross).

the causes of the present industrial unrest, rather than the correct accents on Greek syllables." It appears that most of the professors know just about as much concerning the causes of the industrial unrest as they do about the value of the Greek accents, which is nearly nothing at all.

Editor World: Referring to Miss Chown's letter in Wednesday morning's World, I think that ravished Belgium would be a good place for Miss Chown, Miss MacMillan and other of the same state of mind, to practice their "loving" activities.

There was, nearly something doing over the appointment of a head for the fire department, at yesterday's meeting of the board of control. But that is as far as it got.

Motion to Commit Officials of Section in Lancaster Township.

Scotch Ratepayers in Consequence Take Legal Action.

Complaining that the trustees of the Green Valley Separate School, in section No. 14 of the Township of Lancaster, Medrie Poirier and John Menard, have been guilty of contempt of court, the violation of an injunction granted on May 8, 1914, by Chief Justice Falconbridge, an application was made before Mr. Justice Masten at Osgoode Hall yesterday, on behalf of Donald D. McDonald, for an order committing the trustees to jail.

On behalf of the trustees, A. C. McMaster stoutly denied that there had been a breach of the injunction, and there had been no disposition to commit a violation. The final injunction of the court of appeal had not been served on the trustees, and on the dismissal of Miss Seneca, Miss Queenie had been suggested, but at that time she was qualified for the position.

### Hockey Players Sign Contracts Ottawas Are After Neighbor

#### EASTERN MAGNATES ARE SITTING TIGHT

##### Are Waiting for Patricks to Make Next Move—Hockey News and Gossip.

A Montreal despatch says: Local hockey news was scarce tonight. Having accepted the Patricks' challenge, the local National Hockey Association magnates appear to be sitting tight and waiting for the Pacific Coast League officials to make the next move. Manager George Kennedy of the Canadiens is waiting for replies from several western players that he has made offers of. "While I may go after some of the western players, it is certain that I will not bid for their services. I am not going to pay a big price for the services of any jumpers, but what extra money is spent by the Wanderer club will be for the players that have fought for and remained loyal to the club," said President Lichtenhan.

Russell E. Smith, president of the Hamilton Rowing Club team, will donate a silver shield for the city championship. It will be played for by teams that are not in any O.H.A. group.

Two new clubs were admitted to the Montreal Hockey League at the annual meeting, when the St. Ann and Lachine clubs were granted admission. The club which will replace the Garnets, having purchased this franchise, will be operated by Percy Norton and Billy Bell. The St. Ann's club is strengthened by several of last year's champions.

A Hamilton despatch says: The material which has already turned out with the Hamilton rowers gives one an impression that both the intermediate and senior teams should do well in their respective leagues this winter. At last night's practice about twenty boys were out, and all did not get into action, those that did showed plenty of speed and ability to handle a stick. The following were in uniform last evening: Corrie and Patrick, Patterson, Richardson, Reale, Kohl, Murray, Ramshaw, Craig, Smith, Shuttleworth and Quigley, Taylor, Boyd, Reid and Cook being the sidelines waiting for skates, but will be out tonight for practice.

General commendation from all over the province has already turned out with the O.H.A. headquarters to provide for the winter hockey season. The idea is to have soldier teams where possible, but in every case to give the individual hockeyist a chance to play the game, either in his home town or in the town in which he is located by military authorities.

The rule proposed for the O.H.A. will give the soldier hockeyist the following options:  
(1) He may play with the team in his home town, or  
(2) He may play with a soldier's team in the town in which he is located, or  
(3) He may play with any team in the town in which he is located.

The Varsity Hockey Club is the first to apply for ice and practice hours at the Arena.

The Milton Hockey Club has applied for admission to the Junior O.H.A. series.

The St. Michael's Hockey Club of Cobourg has applied for permission to put an intermediate team in the O.H.A.

Vancouver sends the following: Frank Patrick, president of the Pacific Coast Professional Hockey League, has officially announced that he has signed up to date for the present season, which opens early in December. Vancouver, Victoria and Seattle, while Western hockey has been slow to get going, the Pacific Coast League has managed to play goal for Seattle his name in the Victoria Victoria league. It looks to be the class of them all. The Seattle line-up is composed of the Seattle Hockey Club, the star defenseman of the Victoria Victoria league, is included on the Vancouver line-up. Following is the list as given out by Patrick:  
Vancouver: Leaman, Griffis, Cook, Nighon, Mackay, Taylor, Malen, Seaborn, Riekey.  
Victoria: McCullough, Patrick, George, Poulton, Hon. president, Aid. N. Portland, Johnson, Tobin, Oatman, Harris, Barbour.  
Seattle: Holmes, Carpenter, Walker, Foyston, Wilson, Stanley, Rowe, Haas.

Winnipeg Tribune: The change of ownership in the Toronto Hockey Club may result in a move to the city, as suggested by the Toronto Hockey Club, and according to Cully Wilson, a move in that direction would be to the interest of that club. Sometimes ago Cully stated that he would never play for the Toronto team as long as Marshall was manager; other players felt the same way. Wilson has signed with the Seattle club, the Pacific Coast League and his action was largely due to his failure to get along with Jack Marshall.

An Ottawa despatch says: The Ottawa Hockey Club today actively participated in the hockey war with the Patricks, sending Coach Alf Smith to the Pacific Coast League to sign up the Pacific Coast League crack forward of the Neighbor. It is confidently predicted in local sport circles, with regard to the regular position on the Ottawa forward line this season, and according to a regular league player that the Ottawa Club will not have any trouble in signing up the Neighbor.

Most of last season's players will again be available, the vacancies being caused by Broadbent and Graham, who are away at the front.

Nighbor, if he accepts the Ottawa offer, will be the first player to be signed, the signing of the remainder of the team, it is expected, will be completed within the next two or three weeks.

Corbett and Cyril Denneny signed contracts last night to play with the Toronto team. Percy Leisner is also signed, and a deal is under way to get Sammy Fenbert from Ottawa. This should plug up the hole left by Holmes' flight to the coast.

It is expected that the team will be made at the Arena by the end of the month.

Hamilton Times: If the Hamilton Rowing Club shows as much life against R. R. and A. A. as they did at last night's practice, it would be almost safe to announce that the 22 point lead held by the Toronto contingent is not sufficient to win the championship. Coach Ripley led the boys thru the best race...

### Changes in Argonauts' Lineup For Final Game of the Season

#### ROSS HARSTONE'S TRIBUTE TO LATE BERT NICHOLS

##### Are Waiting for Patricks to Make Next Move—Hockey News and Gossip.

Ross Harstone, the well-known hockey news writer from St. Peter's, N.S., concerning the death of the late A. B. Nichols, was surprised and grieved to read in an Ottawa paper that poor Bert Nichols had passed away. That he will be missed goes without saying and an event that had the pleasure of playing in the same rink with such a grand, true, many sportsman, a cheerful loser and a good winner. I am sorry that I was unfortunate enough to be so far away, as I certainly should have come to see him pay his last respects to one I respected and liked so well. I am tempted to quote a few lines which will very aptly fit the situation.  
Drawn short on the creed and hymn,  
But when the great skip makes his call,  
I'd chance my shot on him.

##### Must Win Next Three Games to Qualify for Mulock Cup Finals.

Senior School will have to win from St. Michael's and will also have to beat Senior Meds if they are to tie up their group in the Mulock Cup series. The athletic directorate of the university could not reach a decision about Senior School's protest, so that team decided to withdraw and to attempt to tie up the group and then play the Medicals the deciding game. The science men are confident of turning the trick, but they will have to win their next three games if they want to qualify for the finals.

### Jack O'Connor New Argo Quarter Back

The injury to Mills and the absence of Heintzman will necessitate the Argonauts securing a new quarter-back for tomorrow's game against Montreal, for Sinc McEvoy has handed a good one none else than Jack O'Connor, who knows how to handle the team and was always credited with using his head. Garret, who played centre half with Holmes and O'Flaherty at right and left. The scrimmage and wings will be the same as last Saturday. Montreal are said to have trained quietly for the closing fixture with the evident intention of winning their game this season.

### ROGERS' FIVEPIN LEAGUE OPENING

The Rogers Curling Co. Fivepin League, with its roster of six four-man teams, opened their season at the Toronto Bowling Club last night. There was some on Ontario ice, notably Shiel of the Black Diamonds, who collected 821 points in three games. The scores were as follows: Shiel, 821; Jones, 496; Grade and Francis of Scarborough were also there with the big totals of 496 and 489 respectively. The following are the scores of Rogers' best, Alf Stovel, was a little disappointed in not being able to live up to his reputation, but he managed to down to defeat in two out of three games. The letter was with 489, while Stovel topped his team with 444. Scores: Stovel, 444; Rogers, 489; Jones, 496; Grade and Francis, 496 and 489 respectively. ### OTTAWA AND ARGOS TO PLAY IN NEW YORK

#### Big Four Teams to Show Canadian Game at End of Season — Rugby Notes.

OTTAWA, Nov. 11.—Manager Shaughnessy of the Ottawa Football Club has received an invitation to take his team to New York at the end of the season to play an exhibition game with the Argonauts of Toronto. The Canadian game is a great favor to the eastern states on account of the open play, and the desire to copy what they call the lateral pass. This method of advancing the ball has never been adopted by the teams there, and the Argonauts and Ottawa are thus going down in an educational mission. Besides they have good performers in all their ranks. The Ottawa team is a big crowd to their exhibition wherever they play. It is understood that both teams have accepted the invitation.

Harbord III. defeated U. T. S. III. by 17 to 7. Harbord's line, the weak, was not lacking in the background. The nature of the game was the heady play of Captain H. Dewitt, quarter-back, and B. Outer, half-back, who was responsible for two out of the three touchdowns. Both were scored in the last quarter, thus turning defeat into victory. They were both scored from half yard by brilliant running. Score by quarters: 1st quarter, Harbord 1, U.T.S. 0; 2nd quarter, Harbord 7, U.T.S. 7; 4th quarter, Harbord 17, U.T.S. 7. Referee: Weissels (Harbord), Bart (U.T.S.).

Silver Quilly, Ottawa's great line player and tackle, will enter the hospital this morning to have a tonsillectomy operation performed on his legs. Quilly has been bothered all season and each contest aggravated his trouble. After the Argonaut game last Saturday he suffered a great deal, and on the advice of his physician decided to have the operation performed without further delay. He will, therefore, not be available for the Ottawa-Tiger game. Both Nagle and Prosser will also be absent from the team.

Seats for the Argonaut-Montreal game went on sale yesterday and the way the public are supporting the Argonauts in the Canadian national game last Saturday Toronto is big enough to support two games of football in one afternoon. The Argonauts will have on their strongest team against the Montrealers, and are out to show Toronto that they have a great team. Frank Knapp, who will be on the back division along with Wendell Holmes and O'Flaherty, Patterson and Frank Foster will be at middle wing. Sullivan and Duff at inside, and the scrimmage will be selected from Polson, Mackenzie, Hornby, and the Argonauts. It is predicted that this game will be one of the public and will give the Argonauts a chance of doing the Champion Tigers on Glad Murphy's Day.

### Jack O'Connor New Argo Quarter Back

The injury to Mills and the absence of Heintzman will necessitate the Argonauts securing a new quarter-back for tomorrow's game against Montreal, for Sinc McEvoy has handed a good one none else than Jack O'Connor, who knows how to handle the team and was always credited with using his head. Garret, who played centre half with Holmes and O'Flaherty at right and left. The scrimmage and wings will be the same as last Saturday. **Champion G. Goulding Is Sure Good Amateur**  
If there is one good amateur in Canada he is Geo. Goulding. That's the opinion of everyone who knows the great walker either personally or as an athlete. Many a time he has spurned the temptation to become a resident of Gotham, a small-fog amateur they call them. But George has a lucrative position, a home and family in Toronto and he needs no inducement to tempters' wiles. Goulding's recent trip to New Jersey, where he submitted the walking championship of America, disgruntled someone who had a friend he counted on to win every race he entered for his imagination in the papers. In answer Mr. Goulding says:  
"I was entitled to my expenses, and asked for them. As a matter of fact, I didn't get them. The money was paid by the Sportsmen's Patriotic Association, which was furnished in Toronto, and all the money either Freeman or I got was \$1.50 each, our return money for the trip to New Brunswick, N.J. They gave a banquet after the meet—and I didn't have to pay for it."  
"Neither on this nor on any other occasion did I enter receive any over expenses, and usually they have been paid in Toronto."  
"Perry is a close friend of Ben's, who was thought to have the race at his disposal at the time. Naturally he is pleased at his friends having been beaten, and his love to me is not very strong."  
"Neither Perry nor anybody else has documentary or any other kind of evidence against my amateur standing. I am not much of a letter writer, and besides the opportunities for graft are neither frequent nor enticing."  
**FLANAGAN SAYS "NO."**  
Willard-Johnson Fight Pictures Not to be Shown at Sunday Concert.  
The much-discussed Willard-Johnson fight films will not form part of the Sportsmen's Patriotic Association concert at the Hippodrome Sunday. This was the result made by the executive of the association last night, who wish to deny the report that the fight pictures are on the program. Bright features have been provided for the entertainment, including a full regimental band, a picked corps of soldiers from Exhibition camp in the famous Swedish drill and other physical manoeuvres, a crisp speech by Major Barker and a host of local talent in vocal and instrumental selections. These concerts will be held at the Hippodrome every Sunday and will continue from 8 p.m. until 11 p.m.  
It is planned to raise money by voluntary subscription to help defray the expenses the Soldiers' Club and no admission fee will be charged. The Sportsmen's Patriotic Association have not yet asked the citizens of Toronto to subscribe any funds without an adequate return and Sunday's concert will provide an entertainment that will be worthy the patronage of everyone.

### WONDERFUL TRIBUTE TO REVEREND BOB PEARSON

Old Varsity Rugby Player Honored by Citizens of Alberta at Calgary.  
The gathering at Calgary last Saturday paid a wonderful tribute to Bob Pearson, a former member of the Rugby club at Varsity, who he was prominent in athletics about a dozen years ago. The guest was presented with all sorts of presents and tokens, including a wrist watch, sword, military brushes, etc., and a tea tray from Mrs. Pearson. There were delegates from places and associations all over Alberta.  
Rev. Dr. Kerby's speech was eloquent in the extreme. Among other things he said:  
"My text and sermon centers in the personality of Pearson. Not the clothes of the man, nor the brogue of the man, nor the profession of the man, nor the creed of the man, but the personality of the man. When the war is over, and the allies win—as win they shall—it will be the personality of men like Mr. Pearson that shall win the victory for freedom and humanity. Personality is the great sheltering, controlling, dominating force of human history."  
"My text falls into five natural divisions:  
"First, there is Lieutenant Pearson, or Pearson the soldier. Behold him every inch a soldier; able to command because he knows how to obey. Brave, cool, daring, fearless, courageous—a man of decision.  
"Second, there is Reverend Pearson, or Pearson the minister. Not the minister with Bible and hymnbook all the time in his hand or 'newspaper' newspaper on his face, but the minister with the kind thought in his mind, kind word on his lips and a kind deed ever ready to perform. The minister with his life as a breathing and wholesome as an ocean breeze on a summer day.  
"Third, there is Mr. Pearson, or Pearson the citizen. He is a citizen, like Shakespeare in his Julius Caesar—'He was gentle; and the elements so mixed in each, our return money for the trip to New Brunswick, N.J. They gave a banquet after the meet—and I didn't have to pay for it.'  
"Neither on this nor on any other occasion did I enter receive any over expenses, and usually they have been paid in Toronto."  
"Perry is a close friend of Ben's, who was thought to have the race at his disposal at the time. Naturally he is pleased at his friends having been beaten, and his love to me is not very strong."  
"Neither Perry nor anybody else has documentary or any other kind of evidence against my amateur standing. I am not much of a letter writer, and besides the opportunities for graft are neither frequent nor enticing."
