TWO TORONTO BOYS BADLY HURT THEIR VALUABLE HORSES KILLED

Mounted Riflemen Were Racing, and a Party Riding From Opposite Direction Met Them—Little Building Obstructed View and Horses Came Together Head to Head

Niagara-on-the-Lake, Ont., June 20.—(Special.)—A sad accident, resulting in serious injury to S. H. Sutton and Bert Reid, occurred this evening. While the sports were in progress, a number of soldiers, mounted on the track adjacent to Fort George. They were galloping fast, and, in their excitement, and with their heads lowered to their knees, they did not see several other riders, who were approaching at a mad gallop in an opposite direction, on the other side of a small building, which partially hid them from view. Neither saw the other until too late, when one yelled "Look out!" Both swerved their horses, but, in the excitement, one turned his to the wrong side, and the two horses met, and the result was that both were broken, and both instantly killed, while their riders were pitched forward with fearful impetus, sustaining several injuries.

THE REPORTS ARE CONFUSING BOTH SIDES EXPRESS CONFIDENCE

Canadian Pacific Officials Claim the Strike is About on Its Last Legs, While the Leaders of the Movement Declare that the Battle Has Just Begun—Circular Sent Out by Mr. Shaughnessy Ignored by Toronto Strikers.

The circular sent out by President Shaughnessy of the Canadian Pacific Railway to the striking trackmen, calling on them to carefully consider the situation "before fully abandoning their occupations," reached the local strikers yesterday morning. It had little effect on the men in Toronto, according to what they say. Chairman Wilkinson of the strikers' committee, who asked for and how the circular was received by the men, said: "We simply paid no attention to it. We gave it no thought whatever."

CABINET SHUFFLE COMING

Premier Ross Eager for One Change, Desires Another and Contemplates a Third.

HARCOURT SURROGATE REGISTRAR.

Attorney-General to Make Way for Another—Hon. John Dryden to Return to the Farm.

Removal of an Ontario cabinet shuffles are becoming more persistent. Laborers close to the government admit that Premier Ross is eager to make one change, desires another and contemplates a third. The most immediate concerns the Hon. E. Harcourt. The Minister of Education is quite satisfied with his position, but the same influences which caused Premier Ross predecessor to consent to leave the cabinet are at work, and, within measurable distance, he is to be given the post of Registrar of the Land Office, a position of minor importance and without the honor and prestige of a cabinet position. The Ottawa authorities were likely to oblige Premier Ross by making Hon. Mr. Harcourt's descent easy by promoting him to the Registrarship at Osgoode Hall. The second change is that of the Attorney-Generalship. Hon. J. M. Gibson has yielded the heavy task of representing Ontario in the House of Commons to Hon. J. M. Gibson, who is quite satisfied with his position, but the same influences which caused Premier Ross predecessor to consent to leave the cabinet are at work, and, within measurable distance, he is to be given the post of Registrar of the Land Office, a position of minor importance and without the honor and prestige of a cabinet position.

WILLIAMS HAD ASSURANCES

THE LISGAR ELECTION TRIAL.

Mayor Carman Appears to Have Worked on Both Sides of the Political Fence.

Carman, Man., June 20.—(Special.)—The Lisgar election trial was continued today. By the testimony of three or four witnesses, who swore they hired teams to Mayor Williams of Carman to draw voters to the polls, Williams himself went into the box and represented that he had several Conservative friends, falling a candidate of their own party being put in the field, turned in and supported Richardson, and he further testified that he had assurances that the expenses of teams would be paid by the respondent, or some one on his behalf. Williams produced a number of letters and telegrams, which he had received during the campaign from J. J. Moncrieff, who was attending to the election correspondence in Winnipeg on behalf of Richardson. These letters referred to begging meetings and to scrutinizers, and suggested Williams to see that voters were sent over to the N. P. Railway, 12 miles distant, and also brought back Williams, when he turned against Richardson. Land of the occupation which he had in his mind was the last witness examined to-day. The witness Williams was subjected to a severe cross-examination by Counsel J. Stewart, and broke down in many points of his evidence, which was literally torn to pieces. Williams confessed also to a rather unsavory record.

Company Says It's About Over—Men Say It Has Only Begun.

Company Says It's About Over—Men Say It Has Only Begun.

General Superintendent Timmerman of the Ontario division of the C.P.R. yesterday declared that he had received reports that went to show that on the western division of the system, the strike was practically over. On the Owen Sound branch, he said, fully one-half of the men had returned, while east of Toronto there was little change in the situation. Mr. Timmerman was in receipt of several telegrams from Vice-President McNeil, stating that not 10 per cent. of the men on the western division had gone out. The general superintendent said that there were many applications received for employment and that the strikers' places were being filled.

MRS. BOTHA AND HER FAIRY STORY ASSERTING BOERS TOOK FRENCH

According to the Romance He Was Liberated on Parole, Broke Faith and Fled, But Was Recaptured—Saved by Kitchener's Appeal.

Chicago, June 20.—The Record-Herald's correspondent from Berlin says: The Rheinische Westfalische Zeitung, published at Essen, says it has the authority of Mrs. Botha for the statement that Gen. French was captured by the Boers some time ago and released on parole. "The unscrupulous British general," the paper adds, "regardless of his pledge of honor, broke his parole and escaped. He did not, however, profit by his faithlessness, for before he had got within touch of the British lines, the Boers recaptured him, and brought him back to General Botha." General Botha, continues the story, ordered the British cavalry leader to be shot, and the sentence was about to be carried out, when a message came in not far from the British commander-in-chief, Lord

FRENCH MENAGERIE RACE

Comical Gymkhana in Which Monkeys, Pigs, Tortoise, Rabbit and Pheasant Took Part.

SOCIETY LADIES HELD THE RIBBONS

Mme. de Yurbe's Age Won, Tortoise Second and Duchesse de Noailles' Pheasant Third.

Paris, June 20.—A gymkhana held at the Polo Club, near Longchamps, this afternoon, was a great success. There was a large and fashionable attendance. The "clou" of the afternoon was a menagerie race, from which dogs, horses, donkeys and mules were excluded. Each competitor had to be "driven" by his mistress. Contesse G. de Semalons and Mme. de Guireux had guinea pigs; Mme. L. de Bire, a sucking pig; Contesse de Gansy, a monkey; Baronne de Bervilliers, a tortoise; and the Duchess de Noailles' pheasant. It was naturally a handicap, the monkeys, guinea pigs, rabbit and pheasant starting from the back, the tortoise in the middle, and the guinea pig in the front. The race was of short duration, as Mme. de Yurbe's monkey won with ease, and the tortoise was the last to cross the line. The race was a comical one, and the spectators were much amused. The Duchess de Noailles' pheasant was the most favored, and the tortoise was the most despised.

STABS TEMPTRESS IN COURT

Sentenced to Banishment for Theft, Paris Criminal Takes a Bloody Vengeance

ON WOMAN WHO HAD LED HIM ASTRAY

She Collapsed Without a Word, but With Three Wounds in Her Back.

Paris, June 20.—The Palais de Justice was this afternoon the scene of a terrible drama, which took place in the room of M. Leydet, the investigating magistrate. A prisoner named Boursicot was brought from the Sainte Prison to be confronted with his mistress, a woman named Marie Foullet. Boursicot had earlier entered the judge's room, when he stabbed his mistress three times in the back. She collapsed without uttering a single cry. She was picked up, covered with blood, and taken to the Hotel Dieu. Her condition is desperate. When questioned as to the reason for his crime, he said that he had obtained the knife from a fellow-prisoner, with whom he had arranged to have it hidden under the coat of one of them in the West Block. He added that he had obtained the knife from a fellow-prisoner, with whom he had arranged to have it hidden under the coat of one of them in the West Block.

THE DUNKIN ACT REPEALED.

After a Pledge Contested the Prohibitive Enactment Has Been Annulled From Quebec Province.

Richmond, Que., June 20.—After one of the hottest contests ever fought in Richmond County, the Dunkin Act was repealed to-day by a majority of 504. Meetings have been held every night for the past two weeks, and both local and outside speakers were employed. There have been immense audiences at all the meetings, and both sides of the story have been strongly presented.

GIRL MOTHER'S ALLEGED CRIME.

Lucy Nodgwan of Cape Croker Indian Reserve Arrested By the Governor's Order.

Wariot, Ont., June 20.—On Tuesday, June 11, an infant was born to Lucy Nodgwan of Cape Croker Indian reserve, who had conceived Saturday last, when the mother told where she had buried it. Strange to relate, no one was present at time of birth, and this girl, who is only 16 years of age, attended herself, and shortly afterwards buried the infant in the woods. Tuesday last information was laid by Agent John Melver, and on Wednesday morning an inquest was held at Cape Croker. The jurymen, after viewing the body, ordered a post-mortem to be made by Dr. Hugh of Wariot, who showed that the child had been born alive and was normally developed, and that death was due to a cut across the throat, severing the windpipe and quiet. The mother made no statement, and at present is in a serious condition of health. The jury, after deliberating, brought in a verdict that it is their firm belief that the child of Lucy Nodgwan was born alive, and later came to its death by having its throat cut across by some person or persons unknown to your jurors, but known to Lucy Nodgwan. The mother was placed under arrest by the coroner.

THE ELECTIONS IN CUBA.

Col. Scott Has Returned From Cienfuegos and Reports That Ballots Are Not All Counted.

Havana, June 20.—Lieut. Col. Scott, who went to Cienfuegos to settle difficulties growing out of the recent elections, has returned and reports that the counting of the ballots is not yet finished, and is being continued under the direction of a military board. Colonel Scott further reports that many fraudulent ballots have been thrown out. Cienfuegos is quiet and the majority of its citizens are apparently not interested in the election. Colonel Scott does not believe that there will be any disturbance, no matter which candidate is eventually counted. He believes that the conservative element in the Cuban Constitutional Convention is trying to influence the electoral commission to report against universal suffrage. The majority of the commission, however, are in favor of universal suffrage, arguing that it is impossible to avoid it as the convention embodied the idea in the Cuban constitution. The electoral commission expects to finish its work July 1.

YANKEES WEAK IN INTELLECT.

Statement of President Scherman of Cornell University Will Probably Be Resented.

Ithaca, N. Y., June 20.—The 33rd annual commencement of Cornell University was held here to-day in the University Arms. President Jacob G. Scherman conferred a total of 490 degrees, including 65 advanced degrees. He also delivered a strong address to an audience which completely filled the University Arms. In his address President Scherman called attention to the fact that the United States is a great commercial power, and that it is intellectually weak. No really great creative minds, he said, have been produced which can claim place with England's great minds, such as Darwin or Shakespeare. Any world power, however, which is to endure must have intellectual genius. The speaker expressed confidence that American universities would be able to remedy the deficiency.

MRS. BARKER CONTRADICTED

Rev. Mr. Keller Flatly Denies Ever Having Borrowed Money From the Woman, as Stated.

Witness was then asked concerning each item of alleged borrowed money, and in each case he answered that he had not borrowed the sum mentioned. He said that he had never owed Mrs. Barker any money at any time.
