40TH YEAR—ISSUE NO. 14,635

TWO CENTS

GREEKS, DEFYING POWERS, VOTE FOR CONSTANTINE'S RETURN Heavy Projectiles from Burning Craft Rain on Section of Brooklyn

DOHERTY EXPLAINS PROPOSED DROPPING OF ARTICLE TEN

Says Canada Ratified Pact
With Right to Changes at
Proper Time.

ARGENTINA WAS HASTY

Geneva, Dec. 5.—In presenting his
motion to the assembly of the League
of Nations yesterday for the striking
out of article ten from the league
covenant, Hon. C. J. Doherty, min-
ister of justice Canada, was acting
"on Canadian initiative from a purely
Canadian standpoint." Mr. Doherty
made this plain after the session at
which his resolution was introduced
in an interview with a correspondent
of the Associated Press, who asked
the minister whether his aim was to
remove objections to the league rat-
ified by the United States. Mr. Doherty
said:

"In introducing the resolution for
elimination of article ten from the
covenant of the league, I am only
following the policy adopted from the
beginning of the discussion of that
article during the peace conference.
We never approved it; we ratified
the covenant containing it because to
reject it was to reject the treaty of
Versailles, but we reserved the right
to take up the question again at the
proper time."

Asked regarding the report that one
of the principal objects was to pave
the way for the entry of the United
(Continued on Page 9, Column 4).

CLAIM ARREST OF GENERAL OF IRISH REPUBLIC ARMY

Belfast, Dec. 5.—Daniel Reardon,
said to be commandant of the Irish
republican army, was arrested yester-
day in connection with the shooting of
two constables at Killorglin, County
Down, on the day of the MacSwiney
funeral.

Head Constable Storey was kidnaped
yesterday at West Cork and taken to
an unknown destination.

CANADA PADDLES HER OWN CANOE

Foster Discusses Attitude Toward
Article Ten of the
League Covenant.

Geneva, Dec. 5.—"Canada's action
has no relation whatever with the
attitude of any other nation toward
article ten of the league covenant," said
George E. Foster, head of the Canadian
delegation, today regarding Hon.
C. J. Doherty's amendment to the
covenant that article ten be eliminated.
"Canada's attitude is exactly the
same as that of its delegates at the
peace conference, where Sir Robert
Borden submitted to the league com-
mission a memorandum to the effect
that this article ought to be stricken
out. The parliament at Ottawa, in
approving the principles underlying the
covenant in April, 1919, made the same
reservation," continued Sir George.

"It also proposed other amendments,
each of which reserved the right of each
nation to regulate and control the
character of its population by the re-
striction of immigration. Another
amendment stipulated that nothing in the covenant
could interfere in any way with Can-
ada's complete economic independence."
"Since other amendments are to be
considered, Canada asks that this
amendment receive consideration at the
same time."

Sir George said, however, that the
Canadian delegation was quite willing
that the amendment should go with
others to the committee for study,
pending the next session of the assem-
bly, should the assembly decide that
such is the best disposition of the
matter.

CHURCHILL TO BECOME THE VICEROY OF INDIA?

Allahabad, British India, Dec. 5.—
According to the newspaper Pioneer,
Winston Spencer Churchill is to be
appointed viceroy of India. Mr.
Churchill is at present secretary of
war in the British cabinet.

Baron Chelmsford is the viceroy
and Governor General of India. He
was appointed in 1916.

FALLS TO SIDEWALK.

When she fell to the sidewalk Sunday
afternoon Mrs. Annie Healy, age 64,
of Stonehouse crescent, sustained a frac-
ture of the hip. She was taken to St. Michael's
Hospital.

FOR CHILDREN.

The interested people at Christmas
time are the little folk—a gift of fur
is an ideal gift. The Dineen Company
has studied the wants of the little
people and have made up a special lot
of baby fur coats, muffs, neckpieces
and caps—white rabbit, Thibet, musk-
erat and other durable furs, and all at
very moderate prices. If you are giv-
ing your little ones a Christmas gift
of fur, step into Dineen's, 140 Yonge
street, and look over this Christmas
display of Christmas furs.

BROOKLYN HOUSES UNDER SHELL FIRE

Steam Lighter Catches Fire While Moored to Wharf, and
Hundreds of Big Shells Explode, One Ten-Inch Projec-
tile Making 400-Yard Flight to Roof of Dwelling—Com-
mander of Naval Tug Is Hero—No Loss of Life.

New York, Dec. 5.—Hundreds of
houses in the Fort Hamilton section of
Brooklyn virtually were under heavy
artillery bombardment this afternoon
resulting from intermittent explosions
of six-inch and ten-inch shells on a
steam lighter which caught fire while
moored to the army reservation wharf.
Gathering together their belongings
in belief that the naval arsenal at Fort
Lafayette, a small island near Fort
Hamilton, was ablaze, terrified scores
fled their homes for safer zones,
driven to frenzied haste by the series
of detonations which were heard for
miles around.

An official statement from Fort
Hamilton tonight said no lives had
been lost and that only four persons
had been injured slightly.

One of the terrifying incidents of
the barrage was the 400-yard flight of
a ten-inch shell clear over the reser-
vation and into a house in Fort Ham-
ilton Parkway. The heavy projectile
tore a huge hole in the roof of the
dwelling, passed through two floors, and
burst itself in the cellar. The house,
which was occupied by August Galtner
and several members of his family, all
of whom escaped injury, was shaken
with the violence of an earthquake.

The lighter which was laden with
900 shells for shipment to Boston, was
torn from its moorings by the violence
of the first explosion about 5:40 p.m.
Two men were on board but they es-
caped.

About this time a naval tug reached
the scene, and in a desperate effort to
prevent the flames spreading to the
wharf, the commanding officer deli-
berately headed his craft for the
blazing lighter and its exploding cargo.
He stuck her nose against the side of
the tug and pushed her away to a
sand bar in imminent peril of his own
craft being blown from the water.

The naval tug had scarcely with-
drawn when a heavy explosion occur-
ed which tore the lighter apart.

Miraculous Escapes.
Two of those slightly injured were
a man and a woman who had a miracu-
lous escape from the flames. Both were
past the wharf opposite the lighter when
the first explosion occurred. Fragments
of shell peppered their automobile, but
the occupants suffered only slight
wounds and after receiving medical aid
at the Bay Ridge naval hospital were able
to go home.

The glare from the exploding ammuni-
tion lit up the harbor and the burning
wharf illuminated the lower harbor and
attracted thousands in the Brooklyn and
Sutton Island waterfronts.

An explosion followed explosion, and
(Continued on Page 6, Column 5).

"BLACK AND TAN" DOINGS STIR IRE OF ASQUITH

Meeting in Albert Hall Passes Resolution Terming Policy
of Reprisals "Immoral and Ineffective," and Demanding
Restoration of Order and Pacification of Ireland.

London, Dec. 5.—A resolution re-
cording detestation of the murders of
police and soldiers in Ireland, deplor-
ing the failure of the government to
secure conviction of the murderers and
provide for the protection of its ser-
vants, and condemning as "immoral
and ineffective, the policy of the
reprisals which has involved revenge
upon the innocent for the sins of the
guilty," was passed in the course of
a demonstration at Albert Hall yester-
day. Former Premier Asquith was
the principal speaker.

The resolution also calls on the gov-
ernment to "abandon all attempts to
repress crime by criminal law, and
immediate action to restore the su-
premacy of law and order and to se-
cure the pacification of Ireland and
its reconciliation with England."

Mr. Asquith is strongly against
the murdering of policemen and sol-
diers and the lawless excesses which
were allowed to be perpetrated by of-
ficers. He declared that the police
and soldiers had reason to believe the
method of indiscriminate retaliation
was regarded in highest quarters as
a thing to be looked upon with in-
dignation, pointing out that in not
a single case had there been exemp-
lary punishment.

Sir Horace Plunkett, another speaker,
said the whole trouble was that the
only people listened to happened to
be the section which did not repre-
sent more than one-fifth of the Irish
people, while the other four-fifths were
absolutely disregarded.

JAPANESE CLOSE MANCHURIAN LINE

Revenge for Crushing by Bol-
sheviki of General Sem-
enoff's Forces.

London, Dec. 5.—A Moscow wireless
message yesterday says that in re-
venge for the crushing by the Bolsh-
eviki of the anti-Bolshhevik bands of
General Semenov, the Cossack leader,
the Japanese have seized the sea-coast
and closed the Manchurian frontier to
the Russian far eastern republic.

Recent dispatches from Harbin,
Manchuria, stated that Gen. Semenov
was first begun in Russia and Siberia,
leader of the last surviving anti-Bol-
shevik Russian force in Siberia, had
escaped to Japan via Manchuria, after
his forces had been defeated and
dispersed at Manchuria station, on the
boundary between Siberia and Man-
churia.

Semenoff formerly had his head-
quarters at Chita, Siberia, an impor-
tant point on the Trans-Siberian rail-
way line, and even during the Kolt-
chak regime, operated independently
against the Bolshhevik. It was gen-
erally believed that he was supplied
and supported by the Japanese, and
that his ultimate design was to form
a Far Eastern empire friendly to
Japan. When the Bolshhevik regime
was first begun in Russia and Siberia,
Semenoff began operations against it,
at first with a small troop of his Cos-
sacks, which later grew into a large
and well-armed force, which domi-
nated the railway from the Manchurian
border to Lake Balkal.

There are two Russian far eastern
republics at present, one with head-
quarters at Vladivostok, the other
with its capital at Chita. The former
is anti-Bolshhevik, while the latter
has adopted communistic principles. If
today's report is to be credited, the
Japanese have taken proceedings
against the Vladivostok republic, which
was not responsible for Sem-
enoff's defeat. Emanating from Mos-
cow, the dispatch will probably be
taken with some reserve.

SOON CLOSE WELAND.

Port Colborne, Ont., Dec. 5.—The
Weland Canal, it is expected, will
close for the season on or about the
15th.

VIGOROUS DENIAL OF RANEY CHARGES BY DAVID HASTINGS

Dunnville Magistrate Makes
Stinging Reply—Declares
Statements Falsehoods.

LALOR, M.P., ALSO HOT

Dunnville, Ont., Dec. 5.—Interviewed
today regarding the statement handed
out by Attorney-General Raney to the
deputation which waited upon him
yesterday, Mr. David Hastings, the
suspended magistrate, had this to say:
The charge that the administration of
justice in Dunnville has ceased to
command public respect is untrue.
The personnel of the deputation alone
should be a sufficient answer to it.
The statement that as magistrate I
have been guided by Mr. F. R. Lalor,
M.P., and a gang of other men as-
sociated with Hastings is an absolute and
unqualified falsehood without the
slightest foundation. In fact, Mr. Lalor
has not only never sought to influ-
ence my decisions, but has not even
discussed cases with me or indicated
that he had any interest in them, per-
sonal or otherwise.

No Discussion With Lalor.
"Prior to the receipt of the attor-
ney-general's letter I have not had
ten minutes' conversation with Mr.
Lalor for six months upon any sub-
ject, and no one whatever regarding
cases in my court. Neither Mr. Lalor
personally, nor any one upon his be-
half, has approached me on the sub-
ject of my decisions, nor has anyone
connected with his business enter-
prises attempted to influence me in
any way. The charge is absurd, ridi-
culous and untrue in every particular.

The charge that in my enforce-
ment of the law I have favored the
political and whiskey ring, which is
in control of the affairs of the town,
is equally absurd and untrue. No
(Continued on Page 6, Column 2).

URGES CONSERVING ON COAL SUPPLIES

Fuel Administrator Also Re-
commends the Use of
Substitutes.

"The continued mild weather thro-
ugh the province has averted the
greatest danger of fuel famine with-
in which we were ever threatened,"
said H. A. Harrington, fuel adminis-
trator for Ontario, yesterday, adding:
"During the past three weeks'
practically all the available anthracite
at the mines has been diverted to
New England and the middle states,
and very little has found its way into
Ontario; this diversion of coal has
resulted in a decided cleaning up of
yards, and the coal dealers today are
down to bare boards."

"Efforts that were being put forth
to secure supplies for outside points
received a serious setback and in
place of realizing a hope of return to
normal conditions, we find the province
now 235,000 tons of anthracite
short of its normal supply."

"Toronto, the largest coal-burning
city in the Dominion," Mr. Harrington
stated, "has been hard hit, and the
public must understand that not only
is the greatest conservation be-
practised in order that everyone may
be served, but that rather than bur-
den the dealer with extra orders, re-
course should be had to substitutes,
in order that the supplies now on the
way, be equitably distributed."

BISHOP FALLON HOME FROM TOUR OF IRELAND

London, Ont., Dec. 5.—Bishop Fal-
lon, Philip and Mrs. Pocock of this
city and Mrs. George O'Neill of To-
ronto returned today after a tour of
Ireland, England and Italy, which in-
cluded a visit to the Pope. The
bishop was tendered a reception to-
night by his people.

VOTE IS DECISIVE IN GREECE FOR FORMER KING'S RETURN

Look for Duke of Sparta
To Ascend Greek Throne

Paris, Dec. 5.—Premier Leygues returned to Paris this evening.
He expressed satisfaction at the result of his meeting with Mr. Lloyd
George and the Italian foreign minister, Count Sforza.

The premier made no statement concerning the Greek situation,
but the consensus of opinion in foreign affairs circles is that the Duke
of Sparta, or "the Greek Crown Prince," as the French call him, who
leaves Kustendje, Rumania, today, will be called to the Greek throne.

ASKS PEACE MOVE BY LLOYD GEORGE

Rev. Michael O'Flanagan Wires British Premier That Ireland
Is Willing to Make Peace Without Waiting for Christ-
mas—Meanwhile Sinn Fein Proclamation Foreshadows
Fresh Murder Campaign.

Dublin, Dec. 5.—The Rev. Michael
O'Flanagan, acting president of the
Sinn Fein, has sent the following
telegram to Mr. Lloyd George:

"You state that you are willing to
make peace at once, without waiting
for Christmas. Ireland also is willing.
What first step do you propose?"

A Christmas truce in Ireland was
suggested by Roger N. Sweetman, a
Sinn Fein member of parliament, who
recently urged that advantage be
taken of the labor commission's visit
to Ireland to bring about a conference
between the commission and the
Irish labor party, the Irish peace con-
ference and the Catholic hierarchy,
to enlist all moderate opinion in Ire-
land in support of Cardinal Logue's
appeal for a "truce for God."

Little Optimism.
Dublin, Dec. 5.—There is a general
sentiment strongly backed by eccle-
siastical influences, in favor of a truce,
but there is no expectation that any
Sinn Fein or an authoritative posi-
tion will be able to meet the govern-
ment on essential conditions. Leading
Sinn Fein deny participation in the
rumored negotiations.

The Sinn Fein organ says that the
government's repressive measures are
merely undertaken to force a com-
promise, which must be resisted.

It claims that until the eve of
Arthur Henderson's visit to Ireland,
Griffith, MacNeill and other reputed
moderates were not molested; they
were then arrested and are still held,
the government's allegations against
them being culpable ignorance in the
employment of Dail Eireann funds,
or knowledge that these funds were
being used by the republican army
to procure violence. This, it is
pointed out, is considered inconsis-
tent with the government's desire for
a truce.

Arthur Griffith, founder of the Sinn
Fein, who is in prison, saw Mr. Hen-
derson, and issued this message to
the Irish people:

"Today is Ireland's Valley Forge;
tomorrow will be Ireland's York-
town."

Sinn Fein Proclamation.
Belfast, Ireland, Dec. 5.—The Sinn
Fein has circulated a proclamation
throughout the west and south of Ireland
(Continued on Page 2, Column 5).

PREMIER DENIES U.F.O.-LABOR SPLIT

Report of His Speech Preach-
ing New Party Is
Incorrect.

Premier Drury on Saturday issued
a denial of the report that he had
stated at Chatham that the U.F.O.-
Labor coalition must dissolve, and pre-
dicting the formation of a new party.
Mr. Drury said: "The report of my
remarks and the inference attempted
to be drawn from them are absolutely
misleading and untrue. What I said,
in substance, was that the Farmer-Labor
party in Ontario, which had begun
by the desire of two classes in the
community to get adequate repre-
sentation and which had unexpected-
ly been called upon to take the re-
sponsibility of government, now re-
presented the views of thousands of
people who belong to neither of these
classes, and that if we are to con-
tinue, we must of necessity broaden
out and take in other people of like
mind. In doing so, I added, even the
name of the party would probably
have to be superseded, and if I were
to suggest a name would suggest
the name of the 'People's Progress-
ive party.'"

"There was not one word uttered
by me that would give ground for
the statement that the two parties
were otherwise than in perfect har-
mony. The suggestion that I said
that the perpetuation of the union is
not in line with public opinion is
(Continued on Page 9, Column 5).

Yellow and White in a Canadian City

Chinese Christian Union Issues Reply to World's Series of Articles on This Sub-
ject—A General Denial of the Truth of the World's Story—What the
World Has to Say About the Reply.

THE articles dealing with the associations existing be-
tween Chinese men and white girls, in this city,
have at last brought out a reply, although it is evidently
not the official statement of all the churches interested.
Nor was the reply sent to this paper as reasonably might
have been expected, in view of the fact that The World
announced its readiness to print any statement issued.

The reply contents itself with a general sweeping
denial of the truth of the statements made in the Glynn
series of articles and they are, therefore, a denial of the
statements made by the various clergymen and others,
and quoted almost verbatim by the writer. The World
was the only paper reporting at length the dinner given
the Hon. Yang Shu Wen in Toronto, when these articles
and their writer were roundly attacked. The World did
so because it wanted to be fair and give its readers both
sides of the question. With the same object in view,
it here reprints the reply from another morning paper,
making such comment as each statement calls for.

When the Glynn articles were first started it was
pointed out that their purpose and that of The World
in printing them, was to open the eyes of the public to
a dangerous state of affairs which were a menace to
the peace and morality of this city. There was no de-
sire to foment racial feelings. The police, and others
who knew, admitted that conditions were such that
something should be done, although they were powerless
to do it. They also admit that The World's story is true
in effect. A large number of letters from World readers
have also come into this office, most of them offering
more evidence of the seriousness of the conditions ex-
isting. Very few of these have appeared in our col-
umns. Some have been held out because their appear-
ance might serve to influence racial feeling against the
Chinese. (Continued on Page 6, Column 3).

Clashes Occur Between the French and Greek Soldiers in Salonica, and Between Constantine's Supporters and Venizelists in Smyrna

Predictions That Con-
stantine Will Abdicate in
Favor of His Son, Prince
George.

Athens, Dec. 5.—The plebiscite held
today has shown an overwhelming ma-
jority in favor of the return of former
King Constantine to the Greek throne.

The voting closed at sundown and
the full result probably will be pub-
lished tomorrow.

There were no serious incidents.
The Greek princes now in Athens
voted in the morning.

The balloting was not secret. Sol-
diers went to the voting places in
platoons, carrying orders of Con-
stantine.

One of the voting stations was in a
cathedral, where groups of boys were
distributing ballots on which was
written the name of Constantine for
the affirmative, or the voter wrote
the equivalent for "no" if he wished
to vote negatively. The slip of paper
was then handed in and dropped in a
box.

A note declaring, in effect, that the
Sèvres treaty between the allies and
Turkey must be modified, should
former King Constantine return to
the throne, was delivered informally
to the Greek government yesterday by
the Jugo-Slav minister.

Long sessions have been held by the
cabinet during the past week, the
ministers considering the Anglo-
French attitude, instructions from
Constantine and also the financial sit-
uation of the country. Prior to the
delivery of the joint allied note on
Friday night hope was expressed
that drastic conditions would not be
laid down by England, France and
Italy, as they might irritate national
feeling.

The question of finance is the main
disturbing factor in the situation, the
army alone costing 4,000,000 drachmas
per day. Up to this time the army's
(Continued on Page 2, Column 4).

EXTORTION CHARGES FOR FAKE OFFICER

Prisoner Also Believed to
Have Stolen at Police
Station.

John Adams, a painter, living at
650 West Richmond street, was ar-
rested on Saturday night by P. C.
Reid (534) on charges of extortion
and breach of the O.T.A. Alexander
Zyzda, Niagara street, is the com-
plainant in the extortion charge.

According to the police, Adams
went to the home of Zyzda while the
latter was away and purchased a
drink or two of whiskey from his
wife. He is then alleged to have
thrown a \$5 bill on the table and to
have pocketed the bottle containing
the remainder of the whiskey. He
returned later, the police claim, and
declaring he was a detective, de-
manded and secured his money back,
talking with him a bottle of beer.

When Zyzda returned home his
wife told him what had happened,
and the former, after making in-
quiries, secured the name and ad-
dress of the man. He then went to
the Richmond street address and was
shown to the room of Adams. After
learning his identity, Zyzda claims
that Adams stated that he was a de-
tective attached to West Dundas
police division, and that he intended
to have Zyzda prosecuted for violat-
ing the O.T.A. Zyzda claims that
(Continued on Page 2, Column 2).

TO BE SHOT AT SIGHT IF HANDS IN POCKETS

Dublin, Dec. 5.—A proclamation is
said to have been posted through the
Macroom district by order of the au-
iliary constabulary, which asserts
that as attacks have been committed
by apparently peaceful persons, who
drew revolvers from their pockets, it
is ordered that all male inhabitants of
Macroom or males passing thru the
district shall not appear in public
with their hands in the pockets; and
otherwise they will be liable to be
shot at sight.

MANY HURT IN WRECK IN MONTREAL SUBURB

Montreal, Monday, Dec. 6.—Twenty-five persons were injured, some
fatally, when a tram car, traveling down Maplewood avenue, a country suburb,
early this morning, jumped the rails, struck a telephone pole and split in two.
The motorman was so severely injured that he will die.

The accident occurred in a district so remote from communication that
only the barest details are available.

IMMIGRANT TRAIN IN COLLISION

One Person Killed and Thirty Injured in Wreck at Langhorne, Pa.

Philadelphia, Dec. 5.—Railroad officials started an investigation today following a wreck at Langhorne, Pa., last night in which one woman was killed and 30 other persons were injured. The woman killed was identified as Miss Frances Cadarnato, 27 years old, of Chicago. Of the injured, only 18 were hurt seriously enough to require hospital attention, and physicians said tonight all were expected to recover. The wreck was the result of a collision between a west-bound special train, carrying immigrants, recently released from Ellis Island, to the farm lands of the west, and a shifting engine, standing in the Langhorne yard. The train, made up of six day cars and carrying about 350 passengers, crashed into the engine, killing men, women and children in heaps. One of the cars was telescoped, and it was from this that most of the seriously injured were taken.

MADAME GIROUARD DIES IN MONTREAL

Was Widow of Late Supreme Court Judge and Mother of Gen. Girouard.

Ottawa, Dec. 5.—Madame Girouard, widow of the late Justice Girouard of the Supreme Court of Canada, and mother of Major-General Sir Percy Girouard, K.C.M.G., of London, Eng., died suddenly Saturday at the residence of her son-in-law, P. J. Baeker, 238 Stewart street. Taken ill with pneumonia and cough, she was 67 years old. Madame Girouard showed signs of improvement until Tuesday last, when she took a turn for the worse. She was born in Cobourg, Ontario, the daughter of the late Dr. John Beatty.

Madame Girouard is survived by three sons and four daughters, Major-General Sir Percy Girouard, K.C.M.G., of London, Eng.; E. C. Girouard, of Montreal; Hector, of Vancouver; Mrs. H. J. Skynner, Winnipeg; Mrs. Omer Côté, Ottawa; Mrs. L. G. Gauthier, Montreal; and Mrs. P. J. Baeker, Ottawa; also four sisters, Mrs. John Dainty, Cobourg, Ont.; Mrs. C. A. E. Harris, Ottawa; now in California; Mrs. William MacDonnell, Ottawa, now in Vancouver; Mrs. C. E. Ryerson, of Toronto, and a cousin, Mrs. Nesbit Elroy Hoffer, of Ottawa.

MRS. MACSWINEY ATTRACTS CROWD

She Leaves Cathedral by Rear Door to Elude Curious Thousands.

New York, Dec. 5.—Mrs. Muriel MacSwiney, widow of the late Lord mayor of Cork, attended high mass in St. Patrick's Cathedral this morning, lunched with members of her party, and then made a call on Emma de Valera, "president of the Irish republic."

Mrs. MacSwiney was accompanied at mass by her sister-in-law, Miss Mary MacSwiney, Frank P. Walsh, Mrs. Walsh and Harry Boland, secretary to de Valera. Every available seat in the cathedral was occupied, and many stood in the aisles in an endeavor to see the woman for whom elaborate plans of reception were laid by Sinn Féin sympathizers in this country. She eluded the crowd in the front of the cathedral, being held back by 100 special policemen, by leaving by a rear door.

OTTAWA CONFERENCE ON NATIONAL RESOURCES

Winnipeg, Man., Dec. 5.—(By Canadian Press.)—A conference between a joint delegation from the three prairie provinces, Manitoba, Saskatchewan and Alberta, and the Dominion cabinet, to discuss control of natural resources, will be held in Ottawa on December 15.

TO PROTECT MIGRATORY BIRDS

Ottawa, Dec. 5.—(Can. Press.)—The supreme court of Prince Edward Island has given judgment upholding the provisions of the Canadian Migratory Bird Act, based upon a convention between Canada and the United States framed with the purpose of protecting birds of flight. The constitutionality of the act was challenged, but the court found that the Dominion government has the power to pass legislation giving effect to such a convention. The text of the judgment has been received by government officials here.

FOR SALE The Dominion Hotel HAMILTON

Will be sold as going concern. One of the best known hotels in town, doing good business. Must be sold at once at bargain.

MR. FINDLAY,
Dominion Hotel, King West,
Hamilton.

TWO PEOPLE PERISH IN MONTREAL FIRE

Montreal, Dec. 5.—(By Canadian Press.)—Leroy Weller, 2372 Waverley street, and Andrew Herkules Milne, 40, of 588 Notre Dame de Grace avenue, are dead as the result of a fire at the former's home early Saturday morning. Both men had been suffocated and the body of Milne was slightly burned.

CLAIMS LIBERALS DRURY'S CHIEF AID

John Calder, M.L.A., Also Says Morrison Holds Whip-Hand Over Premier.

Woodstock, Ont., Dec. 5.—(Canadian Press.)—The North Oxford Liberal Association set here in annual convention on Saturday afternoon, James W. Stewart, farmer of East Zorra Township, was unanimously chosen as the new president. John Calder, M.L.A., for North Oxford, addressed the convention. He reviewed the legislation passed by the Drury government and gave it as his opinion that the commission would not last long. In fact, he stated that if it had not been for the support accorded the government by the Liberal members it would have possibly gone by the boards before this. Mr. Calder claimed the housing commission was a very expensive piece of legislation. He pointed out that many mechanics had built such expensive houses that they could not afford to live in them.

MIRACULOUS CURES AGAIN REPORTED

Montreal Crowd of All Nationalities Passes Thru Church for Eight Hours.

Montreal, Dec. 5.—(Canadian Press.)—For about eight hours, with one intermission for supper, there was a continuous and varied procession of sufferers towards the platform of St. Andrew's Church, this city, on Saturday, for healing at the hands of Mrs. Aimee Semple McPherson, the Ontario missionary, and many claimed either total or partial relief.

APPOINT HON. A. MEIGHEN PRIVY COUNCIL MEMBER

Ottawa, Dec. 5.—(Can. Press.)—The Canada Gazette of this week contains a copy of the formal order issued at Buckingham Palace appointing Hon. Arthur Meighen, prime minister of Canada, to the Privy Council, a member of His Majesty's command-in-chief, Hon. A. Meighen, M.P., Honorable Privy Council, and which carries with it the title "Right Honorable."

EXTORTION CHARGES FOR FAKE OFFICER

Adams finished what appeared to be a police badge, and produced a revolver and police baton.

"How much money have you got?" Adams is said to have asked his caller.

Zyda replied that he had only \$9, whereupon, he claims, Adams offered to forget the case if the money were given to him. Zyda handed over the money and made his departure.

Still uncertain as to the real identity of Adams, he journeyed to West Dundas street police station and upon inquiring was told that no man bearing that name was attached there. Zyda then went to Claremont street station, where he told his story and P. C. Reid was sent to arrest Adams.

In Adams' room the police claim to have found two batons identified as stolen from West Dundas street station, a gold watch, also believed to have been stolen from the same police station, a ring of about 50 keys, a Hydro-electric badge, a diamond glass cutter, and last, but not least, several bottles of whiskey.

The police claim that Adams, who was one of the painters who painted and decorated West Dundas street station about two weeks ago, stole the two batons while there.

ONLY EXPERIENCE GIVES CHRISTIANITY

Rev. Logan Geggie Expounds Superiority of Experience Over Philosophy.

"Let us be careful that we put emphasis on the right thing," concluded Rev. A. Logan Geggie, speaking in Victoria Presbyterian Church, West Toronto, last night. The text was from John 21, "Marvel not that I say unto you, 'Ye must be born again.'"

"While not attempting to discourage church bassara, where you are expected to pay, two prices for the good of the soul," Geggie commented, "there is a greater danger that what was done for the sake of the world may be done for selfishness."

Referring to the first event in the publication of Jesus Christ, Mr. Geggie reminded that his had been a scourge and driven the money changers from the temple.

"He used physical force to command respect for His Father's house. The temple had become a jangling and jangling of ceremonial things," said Geggie, adding: "Let us not commiserate things in connection with the church."

"Today we are looking at Jesus thru the eyes of centuries; that the philosophies of what men say about Him," the preacher continued. "To see Him as He was, a philosopher, an experimenter, and an experimenter that will repay any man. There is a kind of cosmic religion today, but when Christ was mingling with men it was His delight."

"The speaker stated that He was joyfully at home in any walk of life and was disappointed only where there was no joy."

"Experience the Essential," Geggie said, "I want an explanation before I will believe. It can never be explained. It is an experience, not a philosophy. It is the change of a man's life when his heart and will are surrendered to God. The reason why so many are turning away from the church is that they are not experiencing the change of the church under the law of the spirit. The things upon which the Church of Christ must build is spiritual experience."

"Experience that brotherhood, the preacher claimed that only those who read brotherhood movements which were based on spiritual experience, and went into the highways and byways and sat among the people, and drank in the very presence of God."

DOUGHTY IN COURT; REMAND PROBABLE

John Doughty will reappear in police court this morning on two charges. The first laid by Crown Attorney Corley, will be theft of Victoria bonds, and the second that of conspiring to kidnap his former employer, Ambrose J. Small, missing theatrical manager.

It is probable that the case will again be remanded for a week, as the police and authorities are gathering together all the evidence for the prosecution which can be procured.

RECTOR OF ST. MARK'S ACCEPTS PETERBORO CALL

At the morning service at St. Mark's Anglican Church yesterday, the rector, Rev. R. C. Blagrove, announced that he had accepted the incumbency of St. John's Church, Peterboro. He will assume his new position early next month.

Blagrove came to St. Mark's from Napawan two years ago and has endeavored himself to all with whom he has come in contact. He is an enthusiastic worker, and his departure from Toronto will be widely regretted.

MOSCOW WARNS TURKS TO QUIT ARMENIA

Tiflis, Trans-Caucasia, Dec. 5.—The Moscow government, when it learned of the establishment of the soviet government of Armenia, is reported to have written to the Turkish government a note to the Turks asking them in emphatic terms to evacuate all Armenian territory, including Kars and Alexandropol, and to relinquish control of the railway.

The Turkish Nationalists have renewed their activity in the Ismid area, which has resulted in their occupying Karanurek, the south shore of the Gulf of Ismid.

HAMILTON

Hamilton, Dec. 5.—Although the company has not been officially notified, nor the street car conductors and motormen considering going after another increase, it was learned that they will be heard from soon after the New Year's celebration, to a length of \$1.00.

Oliver Groves, aged nine, who was burned in a fire at his home, 147 West Main street, Friday night, was reported to be progressing favorably tonight. Her sister, Gertrude Groves, lost her life in the fire.

John Cookson, 488 North John street, who is blind, left Stratford on Saturday, after visiting some friends, and as he failed to return, his wife has notified the police.

The Harry Burns murder inquest will be held tomorrow night, but Burns' assailant has left the city, no new developments are looked for by the police.

Merchants report a successful day on Saturday, and if half the people who enter the stores made a purchase it should have been a record-breaking day.

Fourteen-year-old Irene Truscott, of Hamilton, left her home this morning, and has not been seen since. The girl is not quite four feet tall, slender, and has not been seen since. She was asked to assist in the search for her.

Thomas Brigham of Glasgow was either drowned or suffocated to death yesterday when he fell in a ditch while walking. He was 77 years of age. She apparently lost her balance while walking along the edge of the ditch. He was caught in the sticky mud, face downward.

ASKS PEACE MOVE BY LLOYD GEORGE

(Continued From Page 1.)

declaring that those guilty of "treasonable conspiracy" will be executed as "traitors to the Irish republic." The proclamation reads:

"Whereas the Irish republic has declared war on England, we hereby give notice that anyone guilty of treasonable conspiracy will be shot without warning as a traitor to the republic."

Another warning has been issued from the Irish republican army brigade headquarters in Belfast. It says:

"Notice is hereby given that any persons who enlist in, or give any assistance whatever to, the special constabulary force at present being organized by the enemy, will be regarded as traitors to the republic and will be treated accordingly."

Wants Forces Withdrawn.

London, Dec. 5.—Pleading for the withdrawal of the armed forces from Ireland as the only chance of arriving at a peaceful solution of the Irish question, the special constabulary force of Belfast, speaking here tonight, said the reason for the withdrawal of the British forces was that it was impossible for a little and with nothing but the justice for cause, to stand up against the might of the British Empire.

If there were the slightest chance of success, he declared, he would shoulder a gun at once and be willing to die for his country. He wanted the question settled on constitutional lines. Britain would stand shoulder to shoulder with the Irish republic.

GLASGOW SHIPBUILDERS MAY LOCATE IN MONTREAL

Montreal, Dec. 4.—A possibility that the great firm of shipbuilders, William Beardmore and Company, Limited, of Glasgow, Scotland, will ultimately establish a branch in this city, was suggested this morning by the arrival of Breen Kennedy, who is representing that firm in Canada. Mr. Kennedy is here with the object of establishing a sales organization in Montreal, and later, if conditions indicate that there are opportunities to be developed, the company will in all probability, build a large plant in the vicinity of this city.

VOTE DECISIVE FOR EX-KING

(Continued From Page 1.)

expenses were paid by vouchers to the International Allied Financial control committee.

French and Greeks Clash.

French and Greek soldiers have engaged in a brawl at Salonica and three have been killed, it is reported.

There have also been clashes in Smyrna between civilians and soldiers regarding the singing of a Venizelous song by a Greek regiment.

Disarmed. At some points feeling is running so high that the Venizelists are refusing to get out, which are the Greek soldiers.

Last night the city was brilliantly lighted and military bands in the streets played the Greek national anthem. Photographs of Constantine in various uniforms were displayed at the hospitals. French soldiers filled the city's cafes and streets and the hotels were crowded with political experts and others discussing the situation.

In the face of the expressed opposition to the proposed referendum, the Greek people, and the indications prior to the referendum, it is believed that the Venizelists will win.

What He Advocates?

In political circles it was said today that the whole situation in the hands of Constantine, who is now in Switzerland, to come back.

The Venizelists were forecasting that Constantine would receive a heavy vote in the referendum, but that he would be a heavy vote in favor of the referendum, which was held for the purpose of learning the opinion of the Greek people on the subject of the White-haired and wrinkled Premier Rallis, suffering from loss of sleep, struggled in the night to get up, and was unable to sleep. He was unable to get up, and was unable to get up, and was unable to get up.

HEAVY SLEET STORM IN EASTERN CANADA

Lights Out, Wires Down at Ottawa—Montreal and Halifax Suffer.

Ottawa, Dec. 5.—The greater part of this city and Hull was plunged into total darkness shortly after 8.30 Saturday night, when short circuits, due to falling limbs of trees under the heavy weight of sleet, interrupted the services of the Hull Electric, Ottawa Electric and Hydro Electric. In Ottawa the period of darkness lasted about ten minutes, while across the river and in the outskirts of the capital it was an hour and a half before the service was restored. Rain and sleet were falling almost continuously for the past three days, and the streets were crowded with pedestrians trying to pick their way homeward over the ice-covered walks when the city was plunged in darkness. The Saturday night shaves in the barber shops were halted and the late shoppers stood waiting in the stores.

LEAGUE DELEGATES WALK OUT IN HUFF

Geneva, Dec. 5.—The first item on the agenda of the league assembly tomorrow is the resolution of the Argentine delegation providing that all sovereign states shall be recognized as members of the league unless they abstain of their own will. Curiously enough, this item will come up in the absence of the Argentine delegation, which left the assembly ostensibly because it had not been able to get consideration of its propositions. M. Pueyrredon, head of the delegation, will re-enter the discussion if invited.

It is likely that an explanation will then be made either by a representative of the Argentine delegation, or some delegate, perhaps Mr. Vignati, will take the floor to point out that the Argentine delegation left the assembly under a complete misapprehension. None of the proposed Argentine amendments has ever been acted upon, and only one has really been formally presented, namely, the one which comes up tomorrow.

There appears little likelihood that any Latin-American delegation will follow the example of the Argentine delegation and it is declared that there is even less likelihood that the assembly will invite the Argentine representatives to come back. Leading members of the most important delegation, that of the United States, committed by the Argentine delegates must be corrected by themselves.

BACK TO SING SING

Ossining, N.Y., Dec. 5.—Fred Rothemel, 20-year-old convict, who escaped from Sing Sing prison yesterday, was captured last night near Doonick Hills. The inmate of John D. Rockefeller, by a posse headed by Warden Lewis E. Lawes.

FINDS HUSBAND RE-MARRIED.

Montreal, Dec. 5.—Returning to Montreal after a ten years' absence during which her husband had made every effort to trace her, the wife of the late Col. Fred Lister, who was married to Daisy Mitchell. The latter at once took action to have her marriage with Hamilton annulled and her position as a widow sanctioned by Mr. Justice Oederle on Saturday.

TURKISH MINISTER WILL TRY FOR PACT WITH KEMAL PASHA

Constantinople, Dec. 5.—Izzet Pasha, Turkish minister of the interior, left yesterday at the head of a delegation which will go to Ankara to attempt to reach an agreement with Mustafa Kemal Pasha, the Nationalist leader.

Death for Leaving State.

Angora, Turkey, Dec. 5.—Mustafa Kemal Pasha, the Turkish Nationalist leader, today promulgated the following law recently voted by the Ankara Nationalist assembly: "First attempts at attempting to leave the frontiers of Mustafa Kemal State shall be sentenced to death."

Second—Any person carrying merchandise from the state will be condemned for the crime of high treason.

NATIVE OF MORRISBURG AWARDED RADIO PRIZE

Brockville, Dec. 5.—Word has been received that Roy A. Woagant, consulting engineer of the New York Radio Corporation, and an American native of Morrisburg, has been awarded the Lieutenant-Colonel Liberman memorial prize, consisting of the interest on \$10,000 for one year, for the best work of the year tending toward the advancement of radio. Mr. Woagant is a graduate of McGill University, where he studied under Sir Ernest Rutherford. The award was made for his discovery on the elimination of static interference in radio.

ALBERTA CATTLE SHOWN AT GUELPH

Guelph, Ont., Dec. 5.—(Special.)—Among the best cattle exhibitors at the winter fair this year are the University of Alberta, John Brown and Sons, Galt, John Bar, Blyth, John Currie, Rockwood, E. Arkison, Guelph; J. Lerch and Son, Preston; J. K. Campbell and Sons, Palmerston; G. Amos and Sons, Moffatt; Gerrie Bros. Elora; John Gardinoux and Sons, Weston; Kyle Bros., Drumbo, and a host of others.

Among the horsemen exhibiting are: Graham Bros., Claremont; Smith and Richardson, Columbus, Ohio; John A. Bong and Son, Queensville; Dr. T. H. Hasard, Markham; Brandon Bros., Fort; Talfer Bros., Milton; W. R. Ness and Sons, Howick; Quebec; Bob, Doherty, manager of agriculture; Thos. McMichael and Sons, Seaford; Experimental Farms, Ottawa; Haastings Bros., Guelph; Lafayette Stock Farm, London; E. B. Clancy, Guelph, and Crow and Murray, Toronto.

The Canadian Leghorn Club members held their annual meeting. The following officers were elected: President, W. C. Clancy, Guelph; first vice-president, E. Orr, Brantford; second vice-president, C. W. Wilcox; secretary, W. Z. Watts, London.

Fine Corn Showing.

Chairman Lennox of the seed department is particularly pleased with the corn showing, all of which passed the rigid Dominion government inspection for an export grade of the dried European corn borer.

The outstanding exhibits in Dent variety are of the Wisconsin No. 7 and Golden Glow.

There is no denying the fact that the finest Golden Bantam corn ever grown in the province is on exhibition here.

AWARD CROIX DE GUERRE TO ELMSEY AND BICKFORD

Ottawa, Dec. 5.—(By Canadian Press.)—The government has been officially advised that the French government has awarded the Croix de Guerre to the following Canadian officers: Lieut.-Col. Harold Child Bickford, C.M.G.; Major-General Harold Elmsley, C.B., C.M.G., D.S.O.; Lieut.-Col. Arthur Hamilton Hume Powell.

LIQUOR SQUAD'S COST

The Ward-Scott-Greenlee squad of rum runners, now disbanded, cost the Ontario government \$14,250 to operate against bootleggers in the month they were at work. They were paid over about \$20,000 in fines to the authorities, had about 18 convictions, and not one case was lost. There are still two cases yet to be tried.

WOMAN AND INDIAN GIRL MISSING FROM CORNWALL

Brockville, Ont., Dec. 5.—The police are looking here for Mrs. John Hall, aged 19, and Maggie Oak, aged 13, an Indian girl, both of Cornwall, who have left their homes and are thought to be here.

FINE BEEF CATTLE DISPLAY AT GUELPH

Showing at Winter Fair Magnificent—Drury Unable to Attend Luncheon.

Guelph, Dec. 5.—(Special.)—Not in the thirty-seven years of its existence has there been seen such a magnificent display of beef cattle at the Ontario provincial winter fair as are housed in the big buildings today. They are here from far and wide—Albert on the west and Quebec in the east. There are 111 entries in the beef cattle classes altogether.

Splendid Horses on Show.

The display of heavy horses is the best in several years, but there is a slight falling off in the light horse classes. The Clydesdales and Percherons will hold forth in their glory, and there is sure to be some great ring contests during the week. The judging in the poultry classes was all finished yesterday, and the final awards will not be made known until some time on Monday.

On Tuesday the civic luncheon will take place. Premier Drury was expected to be present, but unfortunately he will be unable to fill this engagement, and his place will be taken by Hon. Manning Doherty, minister of agriculture. The other speaker will be Hon. Mr. Tolmie, Dominion minister of agriculture. The luncheon this year is being given by the city of Guelph.

ONE KILLED, TWO INJURED IN WRECK AT DRUMHELLER

Calgary, Dec. 4.—John Hans of Calgary, fireman, was killed, and W. A. Grill, Calgary, engineer, and Albert Webb, Drumheller, engineer, were injured in a wreck which occurred at Drumheller Friday night, when the C.P.R. Calgary-Saskatoon train collided with a switched engine, just as the passenger train was pulling out of the station.

TO CURE A COLD IN ONE DAY

Take Grove's LAXATIVE BROMO QUININE tablets. The genuine bears the signature of E. W. Grove, Inc.

COLONEL LISTER WINS

Nelson, B.C., Dec. 5.—Complete corrected returns from the Halse riding give Lieut.-Col. Fred Lister, Conservative, a majority of 35.

LOOKS TO OF CATTLE

Ontario Minister Optimistic About Britain

Dr. F. E. Tolmie, minister of agriculture, said today that he was optimistic about the prospects of Canadian beef cattle in the British market. He said that the British government had been very generous in its treatment of Canadian beef cattle, and that he was confident that the British market would continue to be a good one for Canadian beef cattle.

ESSENTIAL

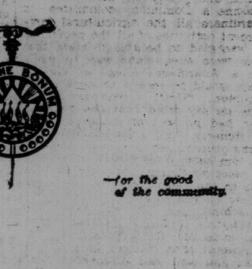

Essential short but brisk to his mind not to the price in the market. He was glad to plan new ways to help a veterinarian. He was glad to plan new ways to help a veterinarian. He was glad to plan new ways to help a veterinarian.

WOMAN AND INDIAN GIRL MISSING FROM CORNWALL

Brockville, Ont., Dec. 5.—The police are looking here for Mrs. John Hall, aged 19, and Maggie Oak, aged 13, an Indian girl, both of Cornwall, who have left their homes and are thought to be here.

Brockville, Ont., Dec. 5.—The police are looking here for Mrs. John Hall, aged 19, and Maggie Oak, aged 13, an Indian girl, both of Cornwall, who have left their homes and are thought to be here.

Each Plays His Part

We could not serve you so well if it were not for the loyal and efficient efforts of our works and office staff.

We have been singularly free from industrial misunderstandings;

a fact which we attribute to the calibre of our staff, and to our understanding of their position at all times.

This fact is of distinct interest to you as a gas user, because without this mutual respect you might have been put to considerable inconvenience.

Our staff recognize their public responsibility as members of The Consumers' Gas Company.

THE CONSUMERS' GAS COMPANY OF TORONTO

A striking advertisement for The Consumers' Gas Company of Toronto. The text emphasizes the company's commitment to service and safety, highlighting the mutual respect between the staff and the gas users. It states that the company is free from industrial misunderstandings due to the high quality of its staff and its understanding of their position. The advertisement concludes by stating that the staff recognizes their public responsibility as members of the company.

NEW ATTRACTIONS LOCAL THEATRES

The Son-Daughter at Princess "Florodora" for Royal Alexandra.

Beginning this evening, the Royal Alexandra Theatre will stage an attraction that is possibly the most famous in the history of musical comedy.

Capitalize on the success of "The Son-Daughter" and you will get ahead in the world. With this as a motto, the little greenwood star in "Linger Longer, Letty," which comes to the Royal Alexandra Theatre...

"Return of Peter Grimm." What may be termed the spiritual versatility of David Warfield, is splendidly evidenced by his production of "The Return of Peter Grimm."

"The Dumbells Return." The famous "Third Division" "Dumbells" entertainment corps, which played last season at the Princess Theatre...

"Shea's Theatre." The musical of the season is billed for Shea's Theatre this week when Henry Santry and his society jazz band will make their initial appearance...

"Guilty of Love" at Strand. A romance of youth's dreams and womanhood's realities is coming to the Strand theatre this week with "Guilty of Love."

"Beauty" at the Star Theatre. The attraction at the Star Theatre, commencing today will be "Beauty Trust," a farcical comedy...

"The Rose Society of Ontario" will hold their annual meeting at the residence of Mrs. Charles E. Burden, 491 Avenue Road, on Monday evening, December 6, at 8 p.m.

MURINE Night and Morning. Have Clean, Healthy Eyes. Itchy, Smart or Burnt. If Sore, Your Eyes Irritated, Inflamed or Puffy. Use Murine.

than James E. Cooper's "Folly Town," which was the talk of Broadway during its run at the Columbia Theatre, New York City, this summer and which was introduced to the Gaiety Theatre this week.

Music and Comedy at Pantages. Bright, happy, embracing music—and lots of it—appear to be the main factors in the Pantages program to be presented this week at the usual popular prices.

Loew's Yonge Street Theatre. A super-production, which is hailed as one of the sensations of the season, is the big Metro photoplay, "The Great Redeemer," which is being shown this week at Loew's Theatre and Winter Garden.

Shea's Hippodrome. It is doubtful if any act, either on the stage or in the cinema, has ever enjoyed such a tremendous following as Miss Pearl White, who will be featured in the Hippodrome this week.

Loew's Uptown Theatre. "The Butterfly Man" starring Law Cody, will be the feature at Loew's Uptown Theatre the first half of this week.

"Leopard Woman" at the Regent. Louise Glaum, star of many photoplays, appeared, and called by those who admire her, to appear at the Regent Theatre in her newest picture, "The Leopard Woman."

Rachmaninoff at Massey Hall. Sergei Rachmaninoff, who is coming to Massey Hall on Wednesday evening, has the universal emotional appeal which none can resist.

INQUEST VERDICT GIVEN. Peterborough. The inquest concerning the death of Mrs. Albert Herzig was concluded here last night.

ANNOUNCEMENTS. Notices of future events, not including those of religious, fraternal, or patriotic character, are published in this column for the purpose of giving the public notice of such events.

SPECIAL EVENTS (Items Intended for This Column Should Be Addressed to The World City)

Mrs. Arthur Rutledge and three children, of 103 Farham avenue, left for California yesterday to spend the winter with Mrs. Rutledge's father and mother, Mr. and Mrs. T. Blackwell.

Mrs. P. Landry has arrived from Montreal, and is the guest of her parents, Mrs. A. E. Dymally, and Mr. and Mrs. Charles D. Warren and her daughter, Mrs. Melville Goodenham, were the hostesses of a delightful tea dance this afternoon, given in honor of the debut of Miss Ruth Woodhouse.

Mrs. Dorothy E. Gifford has returned to her home in Toronto after a few days' visit with friends in the city. Mrs. Gifford is a member of the Ontario branch of the Y. W. C. A. and is a member of the Y. W. C. A. of Toronto.

Loew's Uptown Theatre. "The Butterfly Man" starring Law Cody, will be the feature at Loew's Uptown Theatre the first half of this week.

BENEFITS TO EGYPT OF BRITISH RULE

Dr. Ami Points to Former Desert Now Blossoming Like Rose.

The potentialities of the near Eastern nations as factors in future world history were sketched in the lecture on "Egypt and the Near East," given on Saturday evening in the Physics Building of Toronto University by Dr. H. H. Ami, a member of the Geological Survey of Ottawa, and for the past four years an attaché to the British Embassy at Washington.

The speaker, whose address took the form of a travelogue, illustrated with lantern slides, started first with Egypt and dwelt at length upon the benefits which that land had received from British rule. Finances had been stabilized, he stated, and great works of irrigation had been undertaken with the result that former desert land had been made to blossom like a rose.

Marmot Coats. Opusum or seal trimmed, beautifully finished, richly lined. Greatly reduced. 149.00.

Muskkrat Coats. Trimmed with seal collar, cuffs and full bell. Christmas Sale Price 195.00.

BABY FUR COATS. 27.50 to 65.00.

SOCIALISM IN GERMANY TO RULE GERMANY

Speaker Fears Condition of Country Will Force It Again to War.

The present situation in Germany, industrial and social, was reviewed by Prof. Dr. Ami, a member of the economics staff of the University of Toronto, who spoke at the meeting yesterday afternoon in the Toronto Hall of the Open Forum.

Dr. Ami paid high tribute to the work which General Allenby and the British railway has accomplished in the Holy Land. They had cleaned up Jerusalem, one of the dirtiest of cities, he said, and had laid the foundations of permanent municipal sanitation.

POWER CLEAN-UP DEAL GOOD THING FOR CITY

Will Save Toronto Three Million Dollars on Equipping Street Railway—Sir Adam Beck Never Did Better Job, Says R. J. Fleming—Red Letter Day for North Toronto, Declares Mayor Church—Soon to Double Track Yonge Street to Limits.

When the city acquires the Toronto Railway Company next year it will not be necessary to make any new power connections to operate the system, as would have been necessary if the Toronto Power Company had not been purchased by the Hydro Commission. It is estimated that an expenditure of \$2,750,000 for conduits to connect the railway with Hydro current would have been required, and the "clean-up" deal has saved the city this amount.

Fine for City, Says R. J.
"From a city standpoint Sir Adam Beck has never done a better job. He has squandered us good and property," declared R. J. Fleming, general manager of the Mackenzie interests. "I want to tell you this, that Sir Adam Beck can be trusted with making any bargain for the city, and if he deals with others as he has with us, then—God help them."

"Under the circumstances, however, the matter has been cleaned up in the best way for both parties. I still maintain that the city got a great bargain. We are quite content now with the deal, even though he did beat down our figures."

"What should be done now is that Sir Adam should go along and clean up every existing power company in the province, provided it is gone along in a decent manner, and those people who have put their money into the government and the municipalities own all the power development in the province. It will be a good thing for the people."

The value put on the whole works was \$46,639,384.10, and R. J. thought that \$38,000,000 would have been about the right price.

One important feature of the deal was that the Toronto and Niagara Power Co. had a perpetual right to use the streets of every Canadian town or city without the consent of the municipalities, and this right is now eliminated.

Properties Acquired.
The buildings taken over by the city from the Toronto and Niagara Power Company, which owns the Toronto Electric Light Company, are:
Scott street property, including land. In this there are batteries, sub-station equipment, storerooms, and a machine and blacksmith shops and transformer houses.
Teravale street station, including battery and transformers.
Defoe street sub-station and yard structure.
Natalie street sub-station.
Sorauren avenue sub-station, on rented property.
Mowat avenue sub-station.
River street sub-station.
St. Clarens avenue sub-station.
Weston power house.
Office building on East Adelaide street.
Davenport road sub-station.
With the radials the following property is acquired:
Power house on Yonge street opposite Mount Pleasant cemetery.
Power house at Keswick.
Power house at Blantyre.
Power house at Lumber.
The Provincial Hydro will take over the following:
Scott auxiliary plant at foot of Scott street.
Power house and transformer station at Niagara Falls.
Thorold sub-station.
Welland sub-station.
Houses at Port Credit, Burlington and West Nile Creek occupied by linemen and patrol men.

In Taking Over Toronto and York Radials the city gets 97.7 miles of single track, and estimated by the company, at least \$180,000 worth of real estate.

The equipment in the way of rolling stock consists of 48 double truck, 3 open cars, 2 single truck, 3 passenger cars, 2 private cars, 1 double and 1 single truck line, 1 double truck cowpunch, 2 double and 2 single truck work cars, 2 express cars, 4 express trailers, 1 double truck emergency car, 2 rotary cars, 4 double and 1 single truck flat cars, and 2 dump cars.

Real Estate in Deal.
In addition to poles and wire of the T.E.L. Toronto will acquire the transmission terminal station of T. & N. P. on Davenport road. The assessment on the building is \$126,000, and on the land, \$422,110. The city also secured the head office and showrooms of the company, 12-14 East Adelaide street, which may be taken over by the Hydro commission for offices, as the present lease expires early next year. The head office of the T.E.L. is assessed for \$77,816. On the land, and the street equipment is valued at approximately \$1,875,000.

Was Red Letter Day.
"Friday was a red-letter day for North Toronto," said Mayor Church on Saturday. "The big clean-up deal with the Mackenzie interests will solve North Toronto's transportation problems. The city will operate a civic line on Yonge street as soon as the deal is completed, and a start will be made without delay to lay double tracks on Yonge street to the city limits and pave the street all the way out. This work will be done by the city and will be finished next spring, and the line will be turned over to the transportation commission along with the other civic systems next fall. North Toronto has had to wait to have their hopes realized, but the negotiations have not been easy for Sir Adam Beck. I think Sir Adam was often unjustly criticized. One would think from the way some North Toronto people went after us and the chairman of the Hydro commission, that we were their worst enemies. It is a wonder that he did not get sick of the whole matter and throw up his hands. We owe a debt of gratitude to Sir Adam that we will not be able to repay. He has made an excellent bargain for the municipalities and the city, and by accepting the deal Toronto will be making the greatest step forward in its history. The purchase of the deal is the freight franchise on Yonge street and puts us in a position to take care of new business coming to the city and requiring power. With its light and power and radial services Toronto now has a greater future in store than was previously thought of. I have no doubt that the deal being accepted. The bylaw confirming it will be read twice

in council next week, and that will bind the deal. It will be read a third time in council and passed after the new year. The legislature will also confirm it.

I have not yet looked into the matter, but I believe we will get possession of the radials and power immediately after the people have voted. These new services will carry themselves and the taxpayers will not be out a cent."

Mayor Church expects that the city will in a short time come into possession also of the section of the Toronto Suburban Railway within the city limits.

"Sir Adam Beck now has an option on the system from the minister of railroads," said the mayor, "and as soon as his deal is completed we will take over our part of the system known as the Keele street-Lambton section, with the stub running down Fairview avenue, part of the division between Dundas street and Weston, and the line between Keele street and Bathurst street, known as the Davenport road branch. The radial investigation has held up this purchase."

Some Men in Deal.
Sir William Mackenzie, now that his radials and power schemes have gone to public ownership, following along the same road that his transcontinental railway project has gone, will be one of the outstanding figures in the development of Canada. He set out to make a great transcontinental railway, a great power development, linked up with radials and a city street car line; and the only way he could see of attaining his plan was by franchisees, got from parliament, from legislatures, from municipalities—that the public by its legislature would never do what he wanted to do. So he got the legislature, then the money and grants from parliament and legislatures and municipal councils; then he framed up great stock and bond issues and sold them on an extravagant terms. He never thought of making the people his partner. But the people dreamed everything he dreamt, and came to think that if we can't plan and execute what Mackenzie is doing, we can at least take it over when the opportunity arrives. Mackenzie's daring ambition, which he imagined could only be achieved in his own way, has borne great fruit; but instead of the tree and the fruit being in his orchard, the people have it. He is once again a poor man, with a great achievement and little else for himself. Nor did he care for money so much as achievement. The public are now in possession of his estate—Adam Beck's work and story has been the money or have had to assume his bond commitments. He hasn't; they have—at last.

Public Rights Champion.
Adam Beck has been the champion of public rights as against Mackenzie's power and radial and street car lines in Ontario. Beck has won out in the clean-up deal yesterday.

Another champion behind Mackenzie, and even more daring in all the story, is W. H. Moore—Billy Moore. He was in the Mackenzie schemes all the time, though not in sight. Whither will he go in the future?

But as far as the great deal of yesterday is concerned, the man most in the public eye on the Mackenzie side was John Fleming, who has played a big part and played it fairly. And he will steadily rise in public appreciation. No one knows what his next move will be, but he has gathered many will say, "Good old Bob!"

But the nearest man to Mackenzie's financial way, was E. R. Wood, and next to him George Morrow, his right hand man. Mackenzie long ago said he learned most from these two in his big money-raising adventures.

Adam Beck's work and story has yet to be told—after more of his great aims have been achieved. But public ownership is now the dominating creed of the people of Ontario and Toronto.

Financial Adviser.
G. T. Clarkson has not been much in the public eye, but he has been the chief adviser in the way of big accounting, valuations and financing and supplying Beck with ammunition.

The Drury government have helped a lot to work out the big settlement yesterday. They could have blocked it all—they helped it over. And they may still help to make a great system of public power distribution and public radials.

But the biggest factor in the whole thing is public opinion, and the support of the citizens of Ontario of a great deal of public ownership and public service as against private profit and private control of public services.

As for Mayor Church and his colleagues on the board of control, they are to be congratulated on achieving a good settlement. Certainly the mayor and Controller Maguire have been staunch friends of public ownership. The council will certainly approve of the deal, and the citizens vote for its ratification on election day. Mr. Tommy can wear a posey and he will get an easy victory for another and possibly last term in the mayor's chair.

CHARGE IS THEFT.
Chas. Bowman, 126 West King street, was arrested on Saturday afternoon by Detective-Sergeant Nursey on a charge of theft. The man is alleged to have stolen \$81 from Maurice Slatenbergs, 44 Leonard avenue.

HARDING RESIGNS FROM TIMBER INVESTIGATION

Counsel for Ontario Government Alleged Also to Have Accepted Retainer From Lumber Company—Judge Riddell Brings Matter to Attention of Attorney-General—Probe Will Now Proceed.

Judge Riddell announced at Osgoode Hall on Saturday that R. T. Harding had been let out as crown counsel at the timber probe. He had not resigned, Judges Riddell and Latchford would have declined to continue as commissioners.

Mr. Harding's resignation is due, a statement issued says, to the fact that he retained a fee from a lumber company to act for them after he had been retained by the government.

It will be recalled that several months ago M. McEvoy, who was associated with Mr. Harding in the timber investigation, withdrew from the case because, he said, he was dissatisfied with the way it was being conducted.

Judge Riddell's statement was as follows: "Late on the afternoon of Wednesday two gentlemen waited upon me in my private chambers at Osgoode Hall," said Justice Riddell. "It appeared to be the subject of the proposed interview had some relation to the timber inquiry, I requested Mr. Justice Latchford to be present. The expressed purpose of the representatives to us was that every lumber company or operators in the province of Ontario pay their just dues to the province."

"The complaints (so far as Mr. Harding's conduct in the inquiry was concerned) were that he had recommended too favorable a settlement in the case of Mr. Farlinger, reported by us, Nov. 6, and that he had been lax in adding evidence against the Shevlin Clarke Co., reported by us, October 20, 1920. The fear was expressed that the settlement was too favorable a settlement in the case against the Shevlin Clarke Co."

Complaints Against Council.
"The immediate object of the visit was the removal of Mr. Harding from control of the Shevlin Clarke litigation. As to the complaints against Mr. Harding, they are unjust. The object of my acting as counsel fixed by the commissioners was evidence, and without the advice or consultation with Mr. Harding—there was nothing to indicate any want of care and diligence in collecting or of zeal and skill in presenting the evidence of the Shevlin Clarke case. There was nothing in these statements calling for action by the commission."

"From the statements made and the documents produced to us, however, it appeared that before Mr. Harding's resignation by the government, he had been retained by one of the gentlemen to collect evidence of exploitation of timber by the Shevlin Clarke Company, and that such retention continued after his resignation by the government."

"While his private retainer did not require or suggest the suppression of evidence against that company, rather the reverse, we thought it improper that with such a retainer he should have acted for the government. We are investigating facts for the people in the interests of the people, and we could not tolerate counsel representing a private individual for any purpose, conducting the enquiry for the people. During the progress of the investigation we presented, and instantly rebuked a suggestion that Mr. Peter White, K.C., who was appointed to represent the Liberal-Conservative opposition, also represented certain lumbering interests; and what would have been improper for Mr. White was equally or more improper for counsel representing the whole people."

Wrote Attorney-General.
"On the opening of offices next morning we sent for Mr. Harding. After hearing his statement we at once wrote to the attorney-general in the following terms: 'Such facts have been brought to our attention respecting Mr. Harding as make it impossible for us to continue in the execution of the royal commission on timber, etc., notwithstanding the zeal and ability with which he has conducted the investigation.'"

"The attorney-general called upon us at noon, Thursday, and asked for our reasons. We stated to him the facts which had been brought to our attention and how they were made to appear. Thereupon the attorney-general expressed his entire concurrence in the impossibility of our continuing to execute the royal commission if conducted by Mr. Harding, and he asked us to give him an opportunity to meet our objection."

Attorney-General Concurs.
"Yesterday I received the following letter from the attorney-general: 'I saw you and Mr. Justice Latchford yesterday, after your joint note in the matter of the timber inquiry, I have had an opportunity to confer with Mr. Drury, and I need scarcely tell you that the matter comes as much of a surprise to him as it came to me. Pursuant to our conversation, I have accordingly handed him a copy of which I enclose herewith. Yours very sincerely, (Signed) W. E. RANDY.'"

"The letter from Mr. Harding, (dated Dec. 3), which was enclosed in that of the attorney-general, is as follows: 'Pursuant to our conversation of this morning I hereby tender my resignation as counsel for the crown on the timber inquiry. I regret that I did not think it necessary to disclose to the government on being retained, my continuing retainer by a private client. I recognize now the impolicy of my acting as counsel for the government whilst I was solicitor for a private individual in a matter closely connected with my duties as a public officer. I am, however, not influenced in the least degree by anything, but when I conceived to be my duty to the government and people of Ontario.'"

Inquiry to Proceed.
"We have conferred and agreed that the request of the administration and have decided that it is our duty to the people of the province to continue the inquiry. The position of commissioners under the commission was unsought and undesired by us; we accepted it only as a public duty, following the example of many justices, past and present, in Canada and in England. It has been and is most disagreeable and erroneous, but we do not regret that we have undertaken."

"We should add that we recognize the zeal, ability and industry of Mr. Harding in his conduct of the investigation; we have seen nothing to indicate aught but a desire to do his full duty under his retainer for the people, and it is a matter of great regret that we have been permitted to act under the impression that he had no other retainer."

Investigation Proceeds.
Proceeding with the timber enquiry, the commissioners said they were anxious that the reports made by each of the callers of the company, which the commission had recently been considering (Spanish River Lumber Co.), should be compared with very great care with the reports made by those callers to the government. "It will be recalled that it was stated that in some cases five per cent, and in some cases more, was taken off in the report made to the government. From the examination of the books made by my brother and myself it is apparent that in some cases, at all events, there was more than five per cent. taken off. I venture to think we would receive valuable information from an investigation of that kind. That is purely accountants' work and it should be done with each of the callers employed by that company."

How Was it Justified?
Justice Latchford: "I desire to add in regard to Mr. Zavitz that I should

NO "THIRD DEGREE" DETECTIVES AFFIRM

Squire of Burford Would Have No Debate With Pettifogging Policemen.

BELIEVES IN "TRUST" CURE

A spirited cross-fire between Colonel Fraser, squire of Burford, Brant county, and both Inspector Detectives Guthrie and Inspector McKinley respecting the "third degree," and marked comment upon coroners' juries and other interesting matters, featured Saturday's session of the public service commission, under W. D. Gregory, at Osgoode Hall. In the course of an address regarding the appointment of traveling magistrates, and of the centralization of police administration, Colonel Burford had pointedly referred to what he had understood from the press, was a system of third degree carried out by the Toronto police, specifically quoting the alleged case of John Doughty, of Osgoode.

At the close of his examination of the coroner, Mr. Gregory stated that two gentlemen in the courtroom would like to ask the colonel a few questions.

"Mr. chairman," fired back the irate colonel, "I shall very gladly reply to any questions you may propound, but I have no intention of being pestered by pettyfogging policemen on matters of slight public interest. I am here in the large public interest."

"Third Degree" a Myth.
This reply rather irked the inspectors who immediately asked the privilege of presenting their case. They stated that no man was forced to give a statement and always before he gave one he was cautioned against doing so except at his own wish. Touching the case of Mr. Doughty, Inspector Guthrie stated that he was cautioned by Mr. Doughty, who, in turn, told him he had been cautioned by his solicitor to say nothing. "You take your solicitor's advice," the inspector replied. That was the "third degree" case in a nutshell. Often by taking statements his office had saved many a man from further police embarrassment.

Colonel Burford, in the course of his examination, admitted that it is easier to criticize than to reform. He believed in the old system of squire justice, with a quota of common sense and less of mere legal acumen. He was thenceforth opposed to any individual magistrate being empowered to send a person down for longer periods than six months, and believed that magistrates should meet in two or in greater force when trying cases.

In reply, Mr. Gregory pointed out that the general consensus of opinion today was that police magistrates should be men of wide experience, and should be enabled to act alone, having a wide range of administrative power under the recent dispensation. Member Pocock, of London, pointed out that magistrates stand down 90 per cent. of the cases who were sent to prison. It was therefore evident that they should be men of wide experience. Indeed, he believed that the magistrate should be the well paid, professional man, rather than the main with lawsuits rather than criminal cases, served the public in a lessor capacity. "Ah, I can see we need to get a wider range of magistrates to come before our notice," sighed the chairman of the commission.

Has Faith in Men.
Touching upon the problem of jails, Col. Fraser stated that he had always held the opinion that men were better than some gave them credit for being. His experience had been, "trust a man and he will be white; treat him as a dog, and a dog he became." Mr. Gregory touching upon the jail farm, stated that 42 of the present inmates were honest-to-goodness farmers, and many of them went miles away to work, coming back to their "jail" farm without escort. His case of abused privilege had been noted.

The problem of county constables and coroners' juries was considered at length. It was pointed out that only in the county of Brant were the constable magistrate and the county constable granted a stable and permanent salary; in all other counties these would arise when each individual case convictions. Eric Armour, touching upon coroners' juries, was emphatic in his advocacy of such juries; he also stated that he had no knowledge in Toronto of any "third degree," although he had known of this degree in New York. But New York was not Toronto. He believed that the police had a right to properly extract statements from prisoners, since prisoners in their signed statements formed the best evidence upon charges upon which their arrest was based.

Under present legislation the council has powers to pass bylaws for the issuance of debentures to provide funds for the work entrusted to the transportation commission, but such legislation does not cover motor buses, tubes, subways, etc., in the statutes of 1910 and 1912, and because the board recommended that these powers be transferred to the commission, the commission, in a letter to Mayor Church, suggested that the statutes be amended to avoid the delay which would arise when each individual case would be submitted to the qualified electors. The board will recommend that an amendment be made to the 1910 and 1912 statutes, at the next session of the Ontario legislature, in

order that the commission may consider the transportation problem in a comprehensive way.

The board is also recommending that a bylaw calling for the expenditure of \$500,000 for motor buses be submitted to a vote of the people on January 1.

The ratemakers will also be asked to vote on the proposal to expend \$200,000 on the building of stadiums in different parts of the city, if the recommendation of the board is accepted, as well as the following questions:

Laying water mains as local improvements and not otherwise.

Partial exemption of dwelling houses assessed up to \$4,000.

Supervision of board of education expenditure by the city council.

Daylight saving, and secession from the city of the former town of North Toronto. Only North Toronto will vote on this last question.

The committee on works are recommending to the board that Hanson street be extended west and east to Coxwell and Hanson avenues respectively, the estimated cost of the extension being \$12,250, of which the city will be asked to contribute 25 per cent, or \$4,562, while 75 per cent, or \$13,688, will be levied locally on a total frontage of 20,844 feet.

The bylaw to authorize the carrying out of the deal which was negotiated between the Hydro Commission and the Mackenzie interests for the purchase of radials and the T. E. L. will be submitted to council at a special meeting to be held before the end of the week, and if approved will be sent on to the ratemakers on January 1.

T. & N. O. CHAIRMAN.

THE STERLING BANK OF CANADA

SAVE, Because—

Saving—the most effective weapon against high prices—is in your hands.

"I am not in sympathy with any power to the police to browbeat prisoners, but I believe that interference with their right to get statements from prisoners would serve as a detriment to the public interest," said Mr. Armour. "Yes, and if Col. Fraser's watch was stolen he would jolly soon be on the lookout for information," added Inspector Guthrie.

Touching upon associate coroners, Mr. Armour said that possibly their appointment in some cases had been made with a sense rather of their political than any other fitness. He had no quarrel with coroners' juries, but he thought there is much less chance of a coroner's jury going wrong than of the coroner himself as an individual going wrong, in his judgment," said the crown-attorney. He said that the advantage of having coroners' juries was one had an all-round expression of public sentiment regarding the justice of corporations.

The crown-attorney also expressed the opinion, replying to Norman Somerville, another member of the commission, that the time had arrived for the organization of a central criminal court in Toronto, with also a central office of crown-attorney, the formation of which would eliminate the unwieldy system of traversing criminal cases from city to county courts. Also he believed that jurors would be helped if juries were empanelled for shorter periods instead of for entire sessions as at present.

Col. Denison was an interested visitor.

DESIRE AUTHORITY TO PURCHASE BUSES

The board of control at the next meeting of the city council will recommend that all civic officials, including the fire and police departments, receive their December pay on December 15th. They also will recommend that day labor under the supervision of the city architect, be employed in the erection of the garage for the street cleaning department on East Dundas street, the estimated cost of which will be \$50,000.

The board will also ask leave to introduce a bylaw fixing the date on which statutory declarations in relation to assessable incomes, shall be filed with the assessment commissioner.

Under present legislation the council has powers to pass bylaws for the issuance of debentures to provide funds for the work entrusted to the transportation commission, but such legislation does not cover motor buses, tubes, subways, etc., in the statutes of 1910 and 1912, and because the board recommended that these powers be transferred to the commission, the commission, in a letter to Mayor Church, suggested that the statutes be amended to avoid the delay which would arise when each individual case would be submitted to the qualified electors. The Toronto World

FOUNDED 1850. Morning newspaper published every day in the year by The World News Company, of Toronto, Limited.

Monday Morning, December 6, 1920. Hats Off to Adam Beck.

Sir Adam Beck needs no prefix or title to make him great. Day by day his dream comes true; what was once a vision becomes an accomplished fact.

Single-handed, no one man could have brought about the great transformation. There were hundreds of devoted men who shared with Adam Beck his vision and labored with him to make it a reality.

The recent acquisition of electrical properties greatly forwards the cause of Hydro, the cause of public ownership and the complete emancipation of Toronto.

The Case of Mr. Harding.

R. T. Harding withdraws as counsel for the government in the timber probe at the request of the judges composing the Royal Commission.

In the case of Mr. Harding the private retainer proceeded the public employment. Yet he made a mistake, as he now admits, in not acquitting the government with the facts.

Still a Party Issue.

Press comments clearly show that the league of nations is still a party issue in the United States.

Our own impression is that events happening since the election have tended to harden the opposition of the American people to the League of Nations.

tion of the American people rather than for their present isolation. They may be right or wrong in their judgment, but they have the unquestioned right to do what they think is best for themselves.

Remarked in Passing.

A recent photograph of Lady Edith Howard, who is reported to be seeking a seat in the house of lords, reveals a charm that would get her a seat even in a Toronto street car in the rush hour.

Four thousand tenants in the Bronx, N.Y., have gone on a rent strike, demanding a seven per cent decrease in rents. There are Canadians who will watch this fight with interest.

Tetrazzini is going to sing to sailors on warships by wireless telephony. It is nice when father can help put the way to sleep over the long-distance wireless phone from the club?

New York is receiving 1,000,000 bottles of champagne for medical purposes. Isn't it astonishing how the public health is breaking down in some towns these days?

It seems from the evidence of the milliner who testified before the tariff commission, the luxury tax hits mildly right on the beam.

Now that Sam McBride has seen his great dream of a public-ownership cleared, perhaps he will retire from civic politics forever.

VIGOROUS DENIAL OF RANEY CHARGES

The reply is issued by a committee representing the Chinese Christian Union and consisting of Rev. A. B. Winchester, and Messrs. John A. Patterson, A. W. Carrick and E. W. Trent.

Denies Political Decisions.

It is absolutely untrue that I am of high position as magistrate an active politician. No decision of mine has ever taken into account either the politics, religion or social standing of the parties involved.

Defends Sentences.

With regard to the alleged leniency of my sentences, that is a matter on which the attorney-general is entitled to his own opinion.

Still a Party Issue.

Press comments clearly show that the league of nations is still a party issue in the United States.

RECORD INCREASE IN LIBRARY BOOKS USED

The report on the use of books in the Toronto public library during the month of November shows the largest increase in the history of the institution.

College branch gave out 27,664, over one thousand each day it was open, and an increase of 6,000 over November of last year.

PACKERS EMPHATIC IN PROTECTIONIST VIEWS

Canadian Public Pay for Hogs Four Million Dollars in Excess of United States Valuation, Tariff Commission Is Told—Canners Also Stress Position as Affected by American Competitors.

The meat packing, canning, and various machinery industries were represented at Saturday's session in the city hall, of the tariff commission. The prevailing sentiment of the witnesses was predominantly protectionist, although the meat packers declared that they were prepared to adapt themselves to whichever policy the live stock producers of the country favored. Other witnesses, however, were unanimous in declaring that the advantages which the United States at present enjoys in catering to a large population and drawing raw materials from large areas of production, was too great to make any proposal for a decreased tariff feasible.

Possibly the greatest public interest centered in the testimony given at the morning session, in connection with the packers' case, showing that, so far this year, the Canadian public had paid for its hogs a price \$4,000,000 in excess of the United States' valuation of a similar amount of pork product. The digest of the evidence of Mr. E. C. Fox, manager of the William Davies Company, who presented the case for the meat packing industry, was that the tariff was a comparatively immaterial factor to the abattoir concerns. It was a problem, he stated, which would require to be considered from the viewpoints of both the farmers and the packers, as the interests of these classes were essentially linked with the prosperity of the live stock industry.

Features of the present tariff, Mr. Fox stated, were the quarantine regulations providing a virtual barrier to the importation of live animals, and moderate duties upon imported meats. These regulations, he stated, operated in excluding diseased meats from the Canadian market and in maintaining a higher price in Canada, thus attracting a better grade animal to this market.

Comparative prices, per cwt., of the Toronto and Chicago hog markets, which Mr. Fox pointed out, were:

Toronto	Chicago
1915.....9.50.....7.10	
1916.....12.03.....9.60	
1917.....26.38.....15.10	
1918.....19.08.....17.45	
1919.....19.86.....17.85	
1920.....19.59.....14.60	

Mr. Robb instanced as peculiar difficulties under which the machinery industry labored, the facts that: (1) the working capital necessary was equal to the annual output and could be turned over consequently only once per year; (2) constant changes in designs and methods compelled the frequent scrapping of drawings, patterns and equipment which had but partially earned their cost; (3) the plants concerned were subject to heavy depreciation, which largely nullified appreciation.

Chairman Drayton then inquired an estimate of the yearly transactions on the Toronto market. "Then the Canadian farmer has received in excess of United States rates in 1917, \$2,790,000; 1918, \$2,610,000; 1919, \$2,010,000; 1920, \$4,390,000," pointed out the chairman.

The witness pointed out that the cost of production in Canada for hogs was acknowledged to be greater than in the United States. The Canadian animal, he stated, was peculiar in the fact that it did not like corn and demanded more expensive feed.

The one proposition which the packers regarded as untenable, Mr. Fox continued, was any proposal to admit meat duty free, and at the same time continue the restrictions on the importation of live animals.

The sentiment of the canning industry was declared by Mr. W. P. Dugman of the Dominion Canners, to be solidly for a continuation of the present tariff. Mr. Dugman gave the following statistics regarding the canning industry in Canada: Number of factories engaged, 253; total investment, \$17,000,000; animal product, \$20,000,000.

Canners for Protection. The canners, in support of the protective policy, stressed their position as it was affected by United States competitors. The American canner, they pointed out, drew his fruit and materials from larger producing areas, and consequently at lower rates. His season was, furthermore, longer and, finally, his products always supplied fruits in excess of the market, which enabled him to select the better grades and permit the poorer grades to be dumped in Canada.

LABOR CANDIDATES FOR CIVIC ELECTIONS

The municipal slate of the Toronto Independent Labor Party, as arranged at the executive meeting held on Saturday afternoon in the Labor Temple, viz: Mayoralty candidate, none; Board of Control candidates, none; Aldermanic candidates, W. J. Storey, (Ward One); R. H. Palmer, (Ward Two); J. Bradfield, (Ward Six); J. Simpson, (Ward Seven); J. Doggett, (Ward Eight); board of education candidates, Glenn, (Ward Three); Walter Brown, (Ward Eight); school trustee, Mr. Andrew Glenn.

NO ESTIMATES YET AS TRUSTEE'S REPLY

Chairman of School Board Thinks Conference Now Would Be Fruitless.

The business administrator of the board of education writes to the city clerk that the school board estimates for 1921 will not be available until a more comprehensive survey of the needs has been made.

He upon being asked by the chairman of the board to acknowledge receipt of your letters of the first and second inst., herein, and to inform you that it is not practicable to immediately forward to you the requested estimate until the comprehensive survey of the various schools under the control of the board has been completed, which has been in preparation for some time, have been maturely considered, and a definite decision arrived at by the board. As soon as this is done, no doubt application will be made by this or next year's board to the council to pass bylaws in accordance with the usual practice.

HOPEFUL OF GETTING UNEMPLOYED BUSY

Conference on Relief Measures Will Be Called in Few Days.

A meeting of public bodies, including the board of Trade and C.M.A., is being called by Mayor Church to discuss measures for the relief of the unemployed in the city. He thinks the big deal in power will play a part in speeding up the industrial development of the city. His worship issued a decision of the board Saturday.

"The closing of the big light power and radial transaction will mean a lot of work for Toronto. We have been very much handicapped in securing a complete survey on his own responsibility after one month's written notice to the inspector and to the municipal engineer concerning the expense to be deducted from his gross revenue as other expenses now are.

CELEBRATE JUBILEE OF MALTA KNIGHTS

Alderman Cowan Is Sole Survivor of Charter Members of Order.

The 50th anniversary of the introduction of the Order of the Knights of Malta into Canada was celebrated by a banquet at the Water House on Saturday evening by the Toronto commanderies of the order. W. R. Glocking, grand master, presided, and past grand masters J. A. Cowan, G. Hornbloom, E. S. Collett, H. McLean, and Thomas Jenkins were present.

After the usual loyal toast had been honored, the grand master, and past grand masters, all present, responded to the toast of the Chapter-General of Canada.

POST FOR CONTROLLER.

Joseph Gibbons Recommended for Panel of Commission of Inquiry.

Controller Joseph Gibbons has been recommended by a member of the panel of the commission of inquiry by the executive of the Trades and Labor Congress of Canada. Under the latest report of the peace treaty each member of the League of Nations agreed to nominate within six months of the date of the treaty three persons, an employer, a worker, and a person of independent standing, all with industrial experience, who will form a panel from which the commission of inquiry is drawn.

URGES REVISION OF TITLES REGISTRY

T. F. Summerhayes Lays Suggestions Before Public Service Commission.

Suggestions for the improvement of the system of land titles registration were laid before the Public Service Commission Saturday by T. F. Summerhayes in the following statement: I beg respectfully to make the following suggestions as matters that are advisable and practicable to be undertaken by the government immediately, without waiting for the adoption of any comprehensive plan.

1. Legislation to be passed providing for the purchase and sale of a good title to be shown under the registry system for a greater period than 60 years prior to the date of the contract, nor shall any person be deemed to be affected by the instrument registered prior to such period of 60 years, unless such prior instrument has been recited or referred to in any document registered within said period of 60 years. This would save nearly half of the present labor and responsibility in searching of titles.

2. The power act or the limitations act to be amended so that the period of 10 to 20 years which the power owner has to enforce a claim should run from the date of execution of the deed or mortgage or other instrument by which the owner divested himself of the land.

3. The registry act to be amended so as to require in all cases for the future that the grantor or mortgagor or other divesting party should join, that evidence as to whether said grantor, etc., was married or not at the date of execution of the document should be endorsed upon said document before the date of execution of the document in the books in the usual way and a proper fee to be paid him therefor.

4. The existing provision in the registry act section 28 and 28, sub-sections 10 and 11 and other similar provisions permitting the inspector and the municipality to arrange for the laying out of plans and indexes in the cases therein set out and in similar cases throughout the act, should be amended by the giving of the registrar power to inspect and prepare of these plans or sub-division blocks, but not survey on his own responsibility after one month's written notice to the inspector and to the municipal engineer concerning the expense to be deducted from his gross revenue as other expenses now are.

5. Providing that the registrar should be empowered to act very much more quickly than he is at present able to do, and that he should be empowered to settle without any further permission.

6. The same general remarks as to latitude and congestion of business, not of space, apply in an aggravated degree to the Registrar's Office in Toronto (or did until recently).

7. The registry act to be amended by providing that the registrar not to register any deed, mortgage or other instrument, or to issue a certificate of title, until the original will, letters of administration or trust deed was also registered.

8. Land sub-divisions. The existing provision that, whenever a plan of sub-division is hereafter laid out, the registrar shall prepare an abstract of title of the land comprised in said plan from the crown to the filing of the plan, or the first plan in the new plan, and copy same in the registry book, should be amended so that the registrar, and be entitled to charge the usual fee therefor, the said fee to be paid by the person filing the plan at the time of filing.

Found by his wife lying on the back steps of her home at 203 Dundas street with a bad gas in his head and in a semi-conscious condition at 9 o'clock on Friday night, Norman Nicholls was admitted to the Western Hospital late Saturday afternoon. At the hospital last night the World was informed that although the man had been taken yesterday afternoon it had not been determined what injury Nicholls was suffering from.

POSTMASTER'S WARNING ON CHARITY STAMPS

As the Christmas season is approaching the postmaster invites attention to the fact that the postage department does not permit the affixing on the face or on the address side of letters or of any other mail matter, of stamps issued in the interest of charitable institutions, papers, sealers, stickers, etc., but there is no objection to such being placed on the back of letters or other items of mail, providing they do not resemble postage stamps, in form and design, and do not bear numerals or indications of value.

CITY FIGHTS RAISE IN EXPRESS RATES

Evidence Is Concluded and Argument Starts Week From Today.

Ottawa, Dec. 4.—The Railway Board today concluded the taking of evidence in connection with the application of the express companies for a 40 per cent increase in rates. Argument by counsel will begin on Monday, Dec. 13, and judgment will be rendered on the 14th.

At today's sitting, examination of Col. Lockhart Gordon, of Clarkson, Gordon and Dilworth, accountants, Toronto, was continued by G. R. Gordon, with the purpose of ascertaining the basis of the company's calculations presented to the board, had in many instances adopted wrong methods of calculation leading to untrue and misleading conclusions.

Col. Gordon made a point of the fact that in the taxation statement submitted by the Dominion Express Company business profits taxes paid overseas were included. This he considered to be conclusive evidence that the Canadian and overseas business is one business and justification for his inclusion of overseas returns in the calculations made by him.

Cross-examined by Mr. Phippen regarding the Dominion Express books, Col. Gordon said he had been shown every courtesy by the company and given full access to the books. He found these to be well and fairly kept. He had checked the figures to June, 1920, but had not received the July figures in time to check these.

The projection of business he had prepared was for twelve months based on April 1920 figures. In these months he had found increased business of 10 per cent, over the corresponding months of last year, and on that basis had made his estimate of ten per cent increase in the year's business.

Col. Gordon said he had found from April 1920 to the present time, that the loss of business due to the railway strike, as open asked as Col. Gordon's estimate of losses from August to December, witness thought they would probably reach \$2,000,000.

Col. Gordon admitted that he had not taken into account any falling off in liquor shipments, nor had he considered the company's loss of business due to the railway strike, in making his projections. He had also not allowed for the present decrease in business activities of every nature.

While willing to admit that the outlook for the year in general, business conditions is not good, no one could really predict what might happen in the course of the next few months, he said, business men take their losses and establish normal prices, they would find that there is an immense purchasing power available, and that business had been improving in five or six months.

Just before the closing of the case, Mr. Geary pressed for the production by the Dominion Express Co., showing the state of its business down to the end of November. Chairman Carvell, after some argument between counsel, ruled that any complete statements the company can tabulate must be made available. The hearing was then adjourned until Monday, December 13, for argument.

Found by his wife lying on the back steps of her home at 203 Dundas street with a bad gas in his head and in a semi-conscious condition at 9 o'clock on Friday night, Norman Nicholls was admitted to the Western Hospital late Saturday afternoon. At the hospital last night the World was informed that although the man had been taken yesterday afternoon it had not been determined what injury Nicholls was suffering from.

MAN'S BODY FOUND AT FOOT OF BRIDGE

Lies at Morgue Unclaimed and Unidentified—Suicide Suspected.

The body of the man found under the north Shorebourne street bridge, Rosedale, at 8.45 o'clock on Saturday morning, had not been identified late last night. The body was taken in the police ambulance to the morgue, and several people called during Saturday and Sunday.

Discovery of the body was made by Alfred Johns, 69 Portland street, and Thos. Reilly, 375 Hillside avenue. It was lying in a huddled position with the right leg bent under and apparently broken. The place where the body was found is a 20 to 30-foot drop from the deck of the bridge. Suicide is suspected.

The description of the body as taken by the police is as follows: Age, between 60 and 70 years; height, 5 ft. 9 inches; medium build, brown hair, turning gray, blue eyes, heavy gray moustache. The clothing is described as follows: Blue pants, gray worsted sack coat, heater mixture velvet black beaver overcoat with velvet collar, gray flannel shirt, dark gray winter cap, single collar, polka dot tie, brown boots darkened over. The laundry mark was "S. 14."

One of the pockets was found a silver Elgin watch attached to a gold-filled chain. There was nothing on the man's person, such as documents or letters to lead to his identification.

ASK CO-OPERATION IN FINDING WORK

Salvation Army Makes Appeal to Public to Help Deserving Men.

"The Salvation Army is being besieged with men asking for work," said Col. Henry E. Otway yesterday. "Our office at 20 Albert street is filled with men seeking employment. Hundreds have applied to us, saying, 'Can you find us work?'"

"The situation is so acute that last week we distributed sixty baskets of food to people who were nearly through lack of employment. But it is not charity that men want; it is work, any kind of work."

"We have devised a scheme by which the situation, we hope, may be relieved. But to carry it out successfully, it must have the co-operation of the people of Toronto. There are many people who have a day's work or a few days' work about their home, their garden, their lawn—the putting on of storm windows, and later, the cleaning of sidewalks."

"We have set aside two officers who will devote their time to obtaining employment for those who may have work which could be done by those willing to undertake any task. A day's work from a number of people will, in the total, provide employment for many. We sincerely hope that those who have work that might be done, no matter how small the amount, will communicate with us, in order that we may assist those who seek employment thru us."

MEN YOU HEAR OF

Seen as Their Friends Know Them

MR. JOHN P. PATTERSON, J.P., president and general manager of Norris-Patterson, Limited, advertising agents, of 10 East Adelaide street. Mr. Patterson was born in Toronto and educated in the public schools and in Upper Canada College. He belongs to the National, Royal Canadian Yacht and Empire Clubs, the Engineers' Club of Montreal, the board of trade and the Ontario Motor League. His favorite sport is lawn bowling.

CHARITIES TOTAL STEADILY CLIMBS

Headquarters Remains Open to Receive Belated Subscriptions.

Activities among the workers on the Federation for Community Campaign were continued on Saturday. Teams scattered broadcast in a "tree for all" clean-up of the city worked with frenzied zeal, and at 5 p.m. it was reported that the \$317,000 odd of the previous total, had been raised to \$340,000. Headquarters at the corner of Church and King streets were open all day and will be for some time to receive any belated subscriptions which may come along. A phone call—Adelaide 4888—will get the sender to any point where a subscription is to be procured. Toronto's poor like that of other cities, are always with us. Their cause is represented by Federation.

TALKS ON IRISH QUESTION

"The Irish Question" formed the subject of Mrs. Hector Prenter's address last evening in the Labor Temple before the Independent Labor Party Forum. The speaker reviewed the historical background of the present disorders and argued that they were the direct issue of the capitalist system of land ownership that had arisen in the island, coupled with the passion for freedom and independence that is inherent in the Irishman.
