

LIFE SAVED BY SWAMP-ROOT

The Wonderful Kidney, Liver and Bladder Remedy.

Swamp-Root, discovered by the eminent kidney and bladder specialist, promptly cures kidney, liver, bladder and uric acid troubles.

SEPTEMBER MAGAZINES

The Red Book for September is distinguished by the Peter Pan series of photographic illustrations, with Maud Adams as the subject, and of other beautiful women, and by a series of short stories by clever writers, notable for variety and sustained interest.

WHAT'S IN MONTANA

"The Story of Montana," began in the August number. From its striking picture of the early days of the commonwealth, it turns to the development of the mining industry, the picturesque conditions and enormous fortunes which resulted, and the bitter feud that arose between Marcus Daly and William A. Clark.

ROD AND GUN

Even to the wiser of our sportsmen-though in Canada that field is very wide and ever widening-will the September number of Rod and Gun not seem a number of Rod and Gun.

THE ADJUSTMENT OF A DIFFERENCE

By Elliot Walker.

The supply of "bewitching curves" must have been temporarily exhausted when Rosemary's turn to be fitted out.

THE ADJUSTMENT OF A DIFFERENCE

By Elliot Walker.

Deacon Raggett opened the back door with a key. Mr. Pepper eyed the fleeing vision in rapturous silence and filled Mrs. Raggett's pail with butter instead of lard.

MOONEY'S PERFECTION Cream Sodas

To His Pleased Customers The wise grocer studies his customer—knows their likes and dislikes—knows that his best trade want.

THOMAS W. LAWSON IN STATE OF COLLAPSE OVER WIFE'S DEATH

BOSTON, Mass., Aug. 28.—The Boston Herald of yesterday says that Thomas W. Lawson is in a state of complete mental and physical collapse as the result of the recent death of his wife.

NO GOOD FLOUR CAN BE MADE

EASILY. It takes time, trouble, and the closest attention to the minutest detail of every milling process, to say nothing of adding considerably to the cost of production, to make a good flour.

RECENT DEATHS

The following is from the Alameda, California, Daily Epitaph of Aug. 29: "Mrs. Elizabeth Aiton, who for seven years resided in this city, died at her home on Central avenue last night.

Circulation of The Times.

Week Ending Aug. 25th, 1906.

Table with 2 columns: Day and Circulation. Rows include Monday (6,968), Tuesday (6,926), Wednesday (6,957), Thursday (6,964), Friday (7,250), Saturday (7,453), Total (42,518), Daily Average (7,086), Average Daily Sworn Circulation First Six Months, 1906 (6,791).

THE BAPTISTS

Several matters of much interest appear in the report of the proceedings of the Baptist convention. One is that the church is to send eight missionaries to India this autumn. Another is that an overture from the union committee of the Presbyterians, Methodists and Congregationalists, and one from the congress of the Disciples of Christ, expressing the desire for closer union in religious work, were received with expressions of cordial sympathy.

THE YELLOW PERIL

In addition to its Chinese and Japanese problems, British Columbia now has a Hindu invasion to discuss. A Vancouver letter to the Toronto Globe states that the Trades and Labor Council has adopted the following resolution: "Resolved, that this Council places on record its emphatic protest against the proposed introduction into this province of Hindu laborers, and calls on the workmen of British Columbia to assist in every means in their power in preventing this further attempt to flood the country with cheap Asiatic labor."

MONTREAL IS GROWING

Although last year was regarded as a very successful one in building operations in Montreal, it is in truth to be noted that the record of this year will be even more so. "This is the banner year for new construction work in Montreal, as, although the present year has four months yet to run, the new buildings already erected and alterations made to old ones exceed in value by nearly a million dollars the total work done in the whole of last year. The season of 1905 was considered a very successful one, so far as new buildings are concerned. A large increase was obtained over the year preceding, and new buildings were seen in the course of erection in all parts of the city. But this year has beaten all records. Last year permits were issued for new buildings costing \$4,779,380, and as the alterations made in old buildings amounted to \$811,318, the total for the year was \$5,590,698. In other words, five and a half millions were expended last year on buildings in Montreal. But, as satisfactory as these figures are, they are eclipsed by the work of this year. Up to August 23, or

year, the value of new buildings for which permits have been issued is \$5,782,223, and if to these figures is added the amount spent in repairs and alterations to old buildings, which is \$728,162, the total of \$6,510,385 is obtained. This result shows that the construction work for eight months of the present year exceeds the total of last year by \$919,787. It is pointed out that the most of the increase in buildings is in the city proper, and not in the outskirts, and that the growth is natural and healthy, and not in any way speculative.

A Sydney despatch says: "As a result of influence brought to bear upon the Canadian Pacific Railway by the Dominion Coal Company, there will not be any more harvest excursions this year from Cape Breton. On the first one some hundreds of men went from here and Glace Bay and a second was advertised, but it has been cancelled. The coal companies find it hard to get enough help to man their mines, and their output is being greatly lessened by the scarcity of labor. Throughout the whole of Cape Breton there is a big demand for men, and good wages are being paid."

It is very satisfactory to be assured that a draft of a new assessment bill will in a few weeks be completed by the taxation commission, and that the measure and the commissioner's report will soon be submitted to the council. There is a general demand for the extinction of the present business system of assessment, by which a man living at the rate of thousands per year may be assessed on hundreds only.

The visiting members of the Knights of Pythias are welcome to St. John. The order is one that purveys a beneficent aim with marked success, and its membership of more than 600,000 is made up of a worthy class of citizens. St. John welcomes the Grand Lodge, and trusts that its members may carry away pleasant recollections of their visit. The like is true of the Masonic visitors.

It is proposed to make Mr. Hurd Peters consulting engineer of the city, with lighter duties. He has given the city over fifty years of service. Presumably the present director would assume that portion of the work of which Mr. Peters would be relieved, and thus avoid any additional expense on account of the city engineer's office.

At the meeting of the maritime board of trade Mr. Whitman of Canoe made a strong argument in favor of a better means of getting fresh fish carried to the western market. It is interesting to note in an Ottawa despatch that Hon. Mr. Brodeur "hopes to be able to make some arrangement whereby Canadians can have fresh fish sent direct from the maritime provinces instead of importing."

Quebec city council passed a by-law providing that hereafter all bar-rooms must close at 7 o'clock on Saturday nights. The ground was taken that such action was unconstitutional. The case was set down for hearing before Sir C. A. Pelletier today.

The assembly of New South Wales, by a large majority, has passed the gaming and betting bill to a second reading, proposing to close all betting shops and reduce the number of race meetings, and to impose severe penalties for breaches of the law.

The action of the Russian government in transferring 4,500,000 acres of land to the Peasants' Bank, for distribution among the peasants—this to be followed by another 10,000,000 acres—on terms of easy payment, will go far toward gaining the good-will of reasonable reformers.

There have been many pictures of Thomas W. Lawson, the Boston financier, but none that so appeals to the sympathy of the public as that of the heart-broken man sitting amid the ashes of his domestic hopes, refusing to be comforted.

King Alfonso of Spain has formally signified his approval of the action of the ministry on the religious question. The minister of justice is now considering the abolition of religious oaths before the courts.

The best wishes of an army of friends go with Col. Sharp and Mrs. Sharp of the Salvation Army to their new field. Col. Sharp has proved a more effective influence for good in the maritime field.

The report of addresses on the use of alcohol, delivered before the British Medical Association, which the Times reprints today from the Toronto Globe, is one of particular interest.

The Halifax Chronicle, in an article reprinted in this issue, deals in an interesting way with the decline of ship building and owning in Nova Scotia, and the need of a revival of the industry.

The Neptune Rowing Club at a meeting last night further considered the matter of abandoning the southern side of the peninsula and disposing of the club room lease and the furnishings to the Elks. Reports from committees having in hand matters affecting the question before the club were received and it was decided to make a proposition to the Elks. Adjournment was made until Tuesday next and a meeting of the club is called for that evening.

St. John, August 28th, 1906.

New Fall Raincoats Arrive!

Our fall stock of these very useful combination Raincoats and medium weight Top Coats has arrived and a splendid lot they are. Nothing choosy and shoddy. THE FAILURES

We burnt our youth out gaily, And, faith, we had our fun! We laughed and dreamed and treated Luks, And now, at last, we're done.

The river is our kinsman, Fettered, and loosed and free, With his yearning lip at the arches Where the tug-boats elbow through.

One day when the farce is ended He'll give us a friendly nod, And, faith, we had our fun! We laughed and dreamed and treated Luks, And now, at last, we're done.

Not yet we'll claim our lodging, Good count, your sheets are damp— The bitter east wind snatches At the flame of the Saring lamp.

Not yet. We'll risk our fortune, If the game goes up again, We'll kiss Marie at the corner, And try your rest-house then.

—Sara H. Woodhead, in The Reader.

IN LIGHTER VEIN

SO INNOCENT. Silas Hayfield—That stuff growing over there is cat-tail.

Miss Summergirl—Do they have to pull them up to get the cats?—Life.

NO DOUBT. "Who was it said 'I am monarch of all I survey, my right there is none to dispute'?"

"I don't know; some single man, probably."—Houston Post.

-HAD TO MEET HER. Harold—Newlywed is greatly worried over a thirty-day note.

Rupert—Can't he meet it? Harold—It ain't that—it's a note his wife gave him to mail thirty days ago and he's just thought of it.—Judge.

WANTED TO BE PRECISE. Stranger—Can you tell me the shortest route to Cornerville, my good man?

Peasant (after due consideration)—Yes, I can. But how long you going there? It all depends whether it's on foot, by balloon, automobile or rail.—Journal Amusement.

A NEW EXCUSE. English Tourist—Waiter, this steak is deucedly tough, y'know.

Waiter—Get teh by ash, in order to pass de guv'ment 'pection. You prob'ly ain unaware, ash, dat since de Packintown 'spicuous tenderness in a beef ain considered a sign of physical weakness.—Puck.

NATURAL SEQUENCE. It's sure to follow—sure as fate— We've examples to prepare us; A chap is bound to take on heirs When once he weds an heiress! —Buffalo News.

—Clinton Item.

A WOMAN'S WAX. It matters not how hard The bad boy Harry may try, Nothing can stop the woman Having a Thaw in the eye.

—Buffalo Times.

BOARD OF WORKS MEETING

At the meeting of the board of works last Thursday, it is understood, the members privately discussed a proposal to change the status of Hurd Peters, the city engineer, to that of consulting engineer to the board. No decision was arrived at, and the matter will, it is said, be again taken up at the regular meeting this evening.

It is thought that the time is opportune to relieve Mr. Peters of some of the detailed work of the department and yet retain his services for the benefit of the city. The question of reannuation or a pension is not included in the proposal, and it is not the intention to make any change in Mr. Peters' salary. He would retain his office at city hall, but would be directly responsible to the board in all matters referred to him, and not in any way be under the control of the director.

The aldermen are said to be almost unanimously in favor of the change, and Mr. Peters himself is reported to be willing to act in the new capacity, especially as it will give him more time to arrange the plans and other data which have for so many years been prepared by himself or under his supervision.

Mr. Peters has completed fifty-one years in the service of the city and has been identified with practically every civic improvement during that long period. In recent years his work has included the plans for the Sand Point wharves in 1897, the surveys and plans of the Lancaster lands, the laying out of the street railway tracks and the placing of telephone poles, the Petting and McLeod wharves, and the new berth and warehouse, to be known as New South Rodney wharf, are also from plans prepared by him.

It is believed that Mr. Peters is the only surviving son of any of the Loyalists. He is a younger son of the late Hon. C. J. Peters, formerly attorney-general of the province.

A BROTHERS QUARREL

Police Sergeant Ross was called upon last evening to settle a disturbance between Daniel and Thomas Dowd aboard the old schooner Flash at Dunn's wharf.

The row is said to have started over a question as to who was captain of the vessel, Tom had been ashore and was drinking and after he returned aboard the trouble occurred. Tom was going to use a knife on his brother, but Dan wished to avoid trouble, and went ashore and told Sgt. Ross. When the letter arrived Tom had disappeared.

Mr. and Mrs. Daniel Mullin came in on the Ocean Limited last evening. Mrs. Mullin has been visiting Dr. and Mrs. Schenklerberger in Chicago.

29 CITY ROAD. 29 CITY ROAD

THRESHOLD OF ERA OF TEMPERANCE PROGRESS AN ACHIEVEMENT
Very Striking Address by Famous British Surgeon---His Profession is Hostile to Alcohol---Remarkable Evolution in Medical Practice---Changed Attitude Toward Use of Alcohol as a Drug---Physical Regeneration of the Race at Stake.

(Toronto Globe, Thursday.)
Switching heat, which made dignity and comfort impossible, failed to spoil the luncheon by the Ontario branch of the Dominion Alliance yesterday, which was a notable event in the week's programme of the British Medical Association. The luncheon was attended by five hundred persons, and was held in the university gymnasium. It drew together many noted local temperance workers, as well as distinguished physicians from Britain and the United States. The declarations by leaders of medical thought that alcohol is becoming a back number in medicine and surgery, were applauded by the large audience.
A FAMOUS BRITISH SURGEON.
Sir Victor Horsley, surgeon of University College, London, was flatteringly received. He said they were probably well aware of the attitude of the medical profession toward alcohol on this side of the water. Only a fortnight ago the French-speaking practitioners passed a strong resolution on the subject. And the inquiries of Mr. Spence had shown that the medical profession in Canada was hostile rather than friendly towards the drug they called alcohol. (Hear, hear.)
He was there to give an idea of the attitude of the medical profession in the old country. That was equivalent to saying what was the attitude of the association. Years ago the association selected the education department to take a more active step to promote the hygiene and temperance of the nation.
"I would like to say at once," said Sir Victor, "that the profession at home has the same hostile attitude on the whole towards alcohol that you have, and I will prove it to you, and I mean alcohol not only as a beverage, which is indulged in to too great an extent, but they have also a prejudice against its medicinal value as a drug, and that is, in my opinion, at any rate, practically nil. (Applause.)
It was a student who was the traditional remedy in surgery for blood-poisoning and other operations, and for an infectious disease like pneumonia. What is the position now? That on all these points alcohol is being no longer used."
Sir Victor then turned to a chart which he had prepared and had hung on the wall, showing the decline in the use of alcohol and the increased use of milk in London hospitals in the last 40 years. That showed what the medical profession in London, at any rate, was doing with regard to the use of alcohol as a drug. In 1822 the expenditure on milk in those hospitals was \$15,000 a year. That expenditure had been constantly rising until in 1902 it was over \$40,000. The expenditure on alcohol in the same hospitals in 1822 was \$40,000 a year, and for the

CLEVER COUNTERFEIT BILLS CIRCULATING IN TORONTO
Two Parties Working---One Raising United States Bills and Another Issuing Counterfeit Bank of Toronto \$10 Notes

(Toronto News, Saturday.)
Counterfeit bills were being passed this morning in Toronto and several merchants on Yonge street were informed last night of the presence in the city of the bogus money, and today a warning is being issued.
It would appear that two parties are at work on the ten dollar Bank of Toronto notes and the other passing American bills formed by raising one to five and ten cents. It is feared that several thousands of the Bank of Toronto bills have been made.
The fact of the Bank of Toronto bill is well executed, though the serial work is slightly defective. There is an omission, but one which would pass unnoticed by ninety-nine out of every hundred persons, who might receive the bill—the small house appearing in the distance behind the tent in the lower left-hand corner is missing.
The reverse side is more clumsily executed. Of the words in the circle, "Bank of Toronto," the last one is blurred, while the imprint on the bottom of the good bill "American Bank Note Company, Ottawa" has been left out of the counterfeit. The bad bill is slightly smaller, too, than the one issued by the bank.
What is alarming the police officials, as well as those of the bank, is the fact that several thousands of these counterfeit bills have been issued and are being passed. This suspicion is caused not by the number of the complaints, for very few have been sent in yet, but the numbers of the bills and are found in the hundreds and as high as five thousand. This may indicate that there has been a large amount of work done, or that only a portion of the numbers between 1 and 5,000 have been issued.
Several of the bills have come into the possession of the police and it is believed that they are being sent over here from the United States.
"One of the counterfeit bills came into our possession yesterday," said an official of the Bank of Toronto to The News this morning. "We do not consider it as good work in that line. We have to owe to those who are passing them. It is the first time for many years that a counterfeit bill of our bank has been made."
Coincidence seems to have been used to cause the figure "1" from the upper corner of the face of the one dollar bill and the figure "9" has been substituted. This is done in the case of all figures and numbers.
With this all pretence of following the real five dollar bill ends. The big eagle in the centre of the one dollar bill is left instead of the Indian's head of the "five" similar work has been done in making the "one" into "ten."

PERSONALS
Miss Langstroth, Hampton, N. B., is visiting Miss Bertie Lodge, Charlottetown.
Mr. and Mrs. J. J. Desmond, of Charlottetown, are visiting friends at Hampton, N. B.
W. B. Fawcett and son, of Upper Sackville, leave next week for Irvine, Sask., to spend some months.
Roy D. Fullerton, B. A., Point de Bute, has been offered and has accepted the principalship of the High School at Grand Forks, B. C. Mr. Fullerton graduated from Mount Allison University in 1903. He was the alumni honors man of his class, as well as being the winner of the Harry Shelden mathematical scholarship. On graduation he took charge of the Port Elgin school. After a year there he went to Chatham, where he taught the next two years. He left on Monday for the west.
Miss Annie Kennedy, St. John is in Summerside for a short visit.

IN THE WORLD

OF SPORT

BASE BALL

The managers of St. Joseph's and the F. M. A. have ball teams have decided to play the final game for the championship of the society league at 6.30 this evening.

Giants and Highlanders Will Meet. New York, Aug. 27.—Two months ago Mr. Brush said that in case the Giants failed to win the championship this season the players were willing to engage in a post season series with the Highlanders.

They deserve it," said he, "for the frame fight that they have made for the championship under crippled conditions, and I not only have no objection to such an engaging in such a series, but shall encourage it in more ways than one. I can-

not say that I am a believer in a spring series between rival clubs in the same city, as I think it deprives the base ball patron of either one club or the other of a certain sense of interest in the actual championship begins. In addition to that, there is always the possibility of a player being injured in a spring series, thereby depriving a team of his services and practically handicapping the efforts of a nine from the start.

There is no question but Frank Farrell, the owner of the Highlanders, will agree to a series if his players are willing to undertake it, and from present indications

there isn't one chance in forty that they will win this championship of the American League.

At St. Louis—St. Louis, 6; Brooklyn, 2. At Pittsburgh—Pittsburgh-Philadelphia game postponed, rain (two games tomorrow). At Chicago—Chicago, 5; Boston, 2.

American League. At New York—New York, 2; St. Louis, 1. At Washington—Washington, 10; Detroit, 1. At Philadelphia—Chicago, 1; Philadelphia, 1 (infinite, rain).

At Boston—Boston, 6; Boston, 5. At Cleveland—Cleveland, 6.

At Jersey City—Jersey City, 3; Baltimore, 4. At Newark—Newark, 1; Providence, 9 (12 innings).

At Toronto—Toronto-Buffalo game postponed, account non-arrival of Buffalo team.

AUGUSTA TEAM COMING. The Moncton Transcript says: The Augusta ball team, one of the fastest organizations in Maine, which is to play in St. John is desirous of making a series of three games in Moncton. It is unlikely that the team will be brought here, as about all the important players who were here during the season have gone to their homes.

THE TURF. Readville Races. Readville, Mass., Aug. 27.—The feature of the opening day of the second week in the grand circuit meet at the Readville track today was the entry of Kingstree and Totara into the 2:10 trotting class, the former securing a record of 2:08 1/2 in the 2:10 trot, while Totara trotted the first heat of the 2:15 trot in the same time. Totara, weak in the other heats and Lady Totara won the greater portion of the purse.

The 2:27 pace went to Prince Hall in straight heats. In the 2:15 trot, Kingstree went out in the lead of the seven heats, won on the first heat and although pressed back by Betty Brook, won by half a length. Alle Jay beat out Kingstree by a neck in the second heat and led in the last one until the stretch was reached when a break ruined her chances and Kingstree won easily.

Totara was picked to win the 2:15 trot, but after taking the first heat in new time, Lady Rosalita proved stronger and captured the place the matter trouble may ensue at the risk side.

Prince Hall won the race for pacers with out difficulty. Kingstree, b m (Clare), 2:08 1/2. Alle Jay, b m (Titer), 2:15.

THE RING. Silas Chosen Referee. Goldfield, Nev., Aug. 26.—Silas was finally and definitely accepted as referee by Guss and Sullivan, his manager, this afternoon. The Goldfield club has grown so large that he will have to give absolute assurance that he feels himself "competent to judge the fight and impartially report on the result of the fight for Nelson.

Sullivan's statement of the agreement is: "I have inspected that Mr. Silas is informed of the conditions of the fight and he is willing to referee. Guss is willing to fight, and such an assurance because if any party fails to show the public can meet suitably judge for itself."

With Guss' positive assurance this afternoon that he will fight under Silas without further demur, the referee question is done for settled.

Another row is certain, though, over a law which "Larry" Sullivan has discovered in the agreement. This reads that the fight "shall be at 8 o'clock," but the clause relating to weighing in states that both men shall weigh in for the third time at 3 o'clock. Sullivan and Guss raise the point that it is an impossibility to do both at the same time. Guss says he will either fight at 3 o'clock without weighing in, or according to the agreement weigh in at 3 o'clock and fight afterward.

Sullivan has plainly caught Nolan and the club with his theory on this point, and it is certain that Guss will make the matter clear. He cannot, he delays the fight under such contradictory articles, and unless the men come to some mutual agreement over the matter, trouble may ensue at the risk side.

It is likely that 4 o'clock will be agreed upon for the starting time for the fight, however, for Sullivan declares his willingness to meet Nolan half way on the matter.

Do your Feet Swell! One of the most common symptoms of Kidney trouble is swollen feet. It is frequently one of nature's very first warnings that medicine is required.

Gin Pills for Kidneys. They banish at once and for all time every trace of Kidney trouble.

BAPTIST CONVENTION WILL GIVE MORE MONEY TO CLERGY

A Minimum Salary of \$600 With a Parsonage for Home

Missionaries Supported—Appointment of a Field Secretary to Raise Funds Causes Much Debate—Addresses on Foreign Missions by New Missionaries.

Liverpool, N. S., Aug. 27.—The fact that they were attending meetings from early morning until late in the evening did not prevent a large gathering Monday morning. The first business was the report of the home mission treasurer for Nova Scotia and Prince Edward Island. The total receipts were \$8,282.13, \$2,248.64 in excess of expenses, a state of finances more favorable than indicated in any previous report.

The entire forenoon was taken up by committee reports. Rev. G. W. Brown presented the report on the historical society. The report was especially interesting and went back to the earliest records. The report was spoken to by Rev. E. M. Saunders, D. D. Dr. Saunders was especially interested in the history of the Baptists which is being made every day and was never more significant than at present. No phase in that history is so important as the union of Baptists and Free Baptists. All Baptists should be members of this society.

The speaker stated as a historical fact that the work at Acadia and Horton Academy and the Baptist home and foreign mission boards all had their beginning in the Methodist church in Liverpool. Herbert Emory, of Kings county, was the man in that church who first turned himself to the service of God and afterwards became a very effective Baptist worker. A resolution presented by Rev. J. R. White and seconded by Rev. F. W. Parker that home missionaries receive at least \$600 and a parsonage as soon as possible. The resolution provoked a very lively discussion but was finally passed.

E. D. King presented the report of the foreign missions. The report was especially interesting and went back to the earliest records. The report was spoken to by Rev. E. M. Saunders, D. D. Dr. Saunders was especially interested in the history of the Baptists which is being made every day and was never more significant than at present. No phase in that history is so important as the union of Baptists and Free Baptists. All Baptists should be members of this society.

The report on foreign missions was presented by the treasurer, Rev. J. W. Manning, D. D. The report indicates that the receipts for the year were \$29,466.46 and expenditures \$23,223.39, leaving a balance of \$6,243.07.

Eight missionaries will go to India this autumn. Three of these go out for the first time—Rev. W. S. Tedford with Miss White, Miss G. H. White, and Miss M. C. White as medical missionaries.

A motion to appoint a field secretary for foreign missions brought out a great variety of views. Some of the speakers thought that there are already enough agents in the field and other enterprises which Christians are completely unable to assume new burdens. Others earnestly advocated allowing the foreign mission board to send out more agents to secure the necessary funds in view of present plans, one speaker emphatically declaring that this step must be taken in order to carry out the work.

Rev. G. R. White moved and Rev. A. G. Archibald seconded to amend the motion so that the field secretary be freed so that he could go out and visit the churches and spend less time in office work.

T. S. Simms, of St. John, thought that we should have a man out among the churches at once.

Rev. G. R. White believed that the hour had come for a forward movement in the denomination, and he thought the present secretary was just the man for the work.

Rev. S. Cummings could not see the

more rigid inspection of milk sold in cities. This is advocated by Speakers Before the British Medical Association in Toronto—'Control of Milk Supplies' Introduced by Prof. Harcourt.

At the British Medical Association, meeting in Toronto this week, 'Control of Milk Supplies' was discussed by Prof. R. Harcourt, of the Agricultural College, Guelph, paying particular attention to the Canadian situation. His analysis proved that there were few materials known more wholesome for food uses than milk, having plenty of good food and water, and kept out of the filth of the barn yard or stable.

Milk should be cooled to 40 degrees Fahrenheit, and bottled at once for immediate consumption. All things being equal, milk should be sold according to standard. He composition, and the speaker stated that much deception was now practiced on the present basis of sale according to measure. Good milk should not contain more than a few hundred bacteria per cubic centimeter, and the adoption of preservatives, many of which were injurious should not be countenanced, and every effort should be made to prevent their use.

The producer must not alter the milk for the consumer's sake as yet shown a disposition to encourage the sale of pure milk by indicating his willingness to pay more for it.

A strict system of milk inspection was advocated.

Dr. Charles Harrington, of Boston, Mass., contributed to the discussion, and urged the necessity of standardization.

about midnight last night. Just before getting an electric light bulb exploded full in his face, and bits of glass were thrown into his eyes. The right eye was closed, and the services of Dr. Harcourt were called in to examine his head. His excellency appeared at Portage Prairie today with a covering over his right eye.

(Special)—There were forty more entries at the D. R. A. than last year. The maritime provinces were better represented also. It is understood that Col. Gibson, president of the D. R. A., will be commandant of this year's Baskin team.

Miss Winifred and Miss Margaret Robertson, of Napton, Nova Scotia, are the guests of their aunt, Mrs. H. E. Bantz, Montreal.

THE CUBAN REVOLUTION

Havana, Aug. 27.—At the moment today when the government was issuing its proclamation offering pardon to rebels who would lay down their arms, its forces were dealing the most telling blow that has yet been struck against insurgents in the field. For several days it has been stated that General Guzman's force of insurgents, which was variously estimated at from 200 upwards, contemplated an attack on Cienfuegos. Colonel Valle, with a detachment of rural guards and volunteers, was dispatched to Cienfuegos for the purpose of engaging Guzman and breaking up the bands. The encounter of the two forces today resulted in the worst disaster which the insurgents have sustained up to this time. They lost 17 men killed and many wounded, while the loss to the government force was one man killed.

The destruction seems in a shaky condition, although the end may not be as near as members of the government profess to believe. Ex-Congressman Escudero (Pino) Gera, the insurgent leader operating in the province of Pinar del Rio, in a signed statement, contended that he is as determined as ever that the last presidential election will be held in Cuba, that Guzmara's force of 2,000 men is well armed and supplied with ammunition and food, and that they are ready to march on Havana now is the lack of money; but the people of the western part of Pinar del Rio are sympathizing with all the supplies needed, taking in return therefor orders on the Cuban government, and in many cases, refusing to accept any compensation.

A considerable number of insurgents are known to be returning quietly to their homes in the province of Havana and in the eastern part of the province of Pinar del Rio. In the western part of the latter province the situation remains unchanged. Guzmara knows nothing of the Morfalaro order and if he did it is also probably unlikely that it would affect his course materially. The district in which he is operating is inhabited by Liberals, who are practically all tentative if not actually in sympathy with the insurrection.

Then, too, Guzmara has fully furnished with which to retire nightly and from which he will be practically unable to recruit. A favorable feature of the situation in Pinar del Rio is that Guzmara will not be able to help his cause. He is unable to remain out indefinitely to protect against the subservience of the Palma administration.

The Associated Press is reliably informed that Guzmara's force, the main insurgent body now in the province of Havana, amounting to 50 men and there are not expected 100 more in small parties. The eastern part of the province of Pinar del Rio is practically under the control of the government. The insurrection has only petty depredations there by small bands.

There is some question whether the Matanzas insurgents cut little figure, and eastern Cuba remains quiet.

THE D. R. A. Ottawa, Aug. 27.—The D. R. A. opened today in wet, dull weather, with a strong wind. The shooting in the first regular match, the Tyrro, saw slight improvement in conditions, and scoring was higher than last year.

Lieut. Creelman, 78th; Pte. Foster, 69th; Capt. Bates, 69th, with 33, won \$3 each. Lieut. Bishop, 69th, with 32, won \$3 each. Mr. MacFarlane, Frederick C. A.; Pte. McLean, 78th, with 32, won \$3 each.

In the Bankers match, seven shots at 600 yards, there was splendid shooting by Capt. Woodbridge, R. C. E., with 33, won \$10; Serg. Lawrence, R. C. E., 33, won \$10; Serg. 78th; Lieut. Creelman, 78th; Major Wetmore, 74th, won \$3 each. Mr. MacFarlane, Frederick C. A.; Pte. McLean, 78th, Pte. Pate, 69th, and Mr. McArthur, 78th, won \$4 each.

Harry McCleary is to take part in the exercises opening the St. John exhibition on next Saturday evening. This was arranged by A. O. Skinner Monday and his coils will be attractive features of the evening. The formal speech opening the fair will be delivered by Lieut. Governor Snowball.

SAVE YOUR COUPONS. Every 15c. package of ORANGE MEAT contains a coupon good for new and valuable premium.

Orange Meat. Greener everywhere sell ORANGE MEAT in 15c. and 25c. packages.

ANDERSON & CO 17 Charlotte Street.

2 CANS Red Clover SALMON For 25c.

ROBERTSON & CO., 562 and 564 Main St., ST. JOHN, N. B.

WARNING TO Exhibition Visitors Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of examining our services, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that their children's teeth should receive proper attention. We can give them the attention they require without affording pain and at very attractive fees. BOSTON DENTAL PARLORS, 87 Main Street, Tel. 683. DR. J. D. MAHER, Proprietor.

THE WEATHER

Forecasts—Fresh northwesterly winds, clearing and cooler. Wednesday, light to moderate variable winds, fine and steady. Synopses—The disturbance has moved eastward and the barometer will now rise steadily. Weather is fine and cool in Ontario and elsewhere in the northern provinces. To Denks, fresh west and northwesterly winds today, light variable on Wednesday. 5316 island, southwest winds, 13 miles, rest.

LOCAL WEATHER REPORT AT NOON.

Forecast for August 28. Highest temperature during last 24 hours 71. Lowest temperature during last 24 hours 51. Barometer readings at noon 30.00. Humidity at noon 75. Wind at noon 22 deg. E. S. E., 23.2 inches. Wind at 4 p. m. 12 deg. S. W., velocity 12 miles per hour, fine. Highest temperature 64, lowest 48. Weather fine.

WASHINGTON WEATHER REPORT.

WASHINGTON, Aug. 28.—Eastern states and northern New York—Fair tonight and Wednesday; warm in the interior Wednesday, light to fresh north winds, becoming variable.

LATE LOCALS

DIDA, the mysterious, mystifying creation of a woman out of nothing. The British steamship Gladstone, Captain Falls, sailed today for Liverpool, G. B., with a cargo of deals, shipped by John E. Moore & Co.

Labor Day Excursion.—On Monday, Sept. 3rd, steamer Elaine will leave her wharf at 9.30 a. m. for Nova Scotia and way landings. Returning, due in St. John at 7.30 p. m. The last holiday of the season, spend it on the river.

Sir Frederick Borden, minister of militia, passed through the city yesterday on his return to Ottawa after a trip to Cape Breton. N. S. Sir Frederick could say nothing definite as to the time when the proposed new drill hall would be built.

Mrs. Carrite and Miss Leavitt, representing the Women's Council, are at the exhibition building today receiving exhibitors for the women's department. Each day this week a committee will be there for that purpose. Exhibitors will kindly take note of the fact.

This is ladies' night at the St. Andrew's roller rink. The 62nd band has been engaged with a select programme of music. A number of special skating parties of ladies will attend and a pleasant two hours' session is expected tonight. Good skates, popular officials and an up-to-date floor.

The most interesting part of M. R. A.'s advertisement today tells of a sale of brand new silks tomorrow. The bargain materials are in best tafetta and louisine, and checked in tiny patterns, striped and in the "shot" or changeable effects. About fifteen hundred yards in the sale-group, purchased at a low-down price to retail much below the market valuation.

The Toronto Globe says: "A. H. Lindsay, of the publicity department of the Intercolonial Railway, arrived yesterday in Toronto with the special advertising car containing the material for the display in the I. C. R. space in the Art Building. The exhibit will be on display in the Art Building at that of last year, large photos, mounted heads of game and fish, mounted salmon and trout, etc."

It is stated that while McArthur & McVay have completed their contract in connection with the sewerwork extension, there yet remains about 80 feet in Lake Latimer which will have to be piped in order to have the intake and on deep water. It will have to be decided whether the city or the contractors will have to bear the additional expense.

A Dorchester letter to the Moncton Transcript says: "The work on the new Wood-Working Company buildings has commenced in earnest. The new structure will be made of brick. The Beaumont Brick Co., of which F. C. Palmer is manager, has sold this woodworking company 50,000 bricks. This is undoubtedly the beginning of an industrial development for Dorchester, and the foundry buildings stand not far from the proposed woodworking buildings."

PERSONALS

James Rafferty, of the I. C. R., is confined to his home with a severe attack of slow fever. J. E. Edgett, of the wholesale buying staff of Manchester, Burlington and Allied, left last evening for Boston, where he will take the big liner Arabic for Liverpool. Mr. Edgett will be on a business trip in the British Isles for about two months or over.

Miss Craig, of the ladies' tailoring department of M. R. A., Ltd., is back from an extended trip to New York. Miss Vaughan, head milliner in the retail section of M. R. A., Ltd., has returned home from New York with the newest ideas in up-to-date headwear for ladies and children.

Dr. and Mrs. W. P. Bannell and Master Percy returned yesterday from St. Martins, where they have been visiting. Master Percy Bonnell, on Sunday last, delighted the congregation in the Baptist church there with his singing.

J. Howard, Middleton, N. S.; C. A. Worth, Bevis, J. E. Jenkins, Kentville, N. S.; Thos. P. Morrissey, Mrs. Thos. Morris, Mrs. J. King, Springfield, are at the New Victoria Hotel. A. E. Powers, of Montreal, is in the city visiting friends.

REV. DR. DUFFY'S SERMON

To the Editor of the Evening Times: Sir—I read the short summary of Rev. Dr. Duffy's able and eloquent sermon delivered at the Mission church on Sunday night. In connection with a large number who listened so intently to the eloquent, forcible and Christian words of the preacher, I should be glad to possess the sermon in extenso. I am sure it would prove a valuable addition to the clearing up of misunderstandings among the several Christian denominations.

FOR THE HARBOR CHAMPIONSHIPS

It has been decided to hold the harbor championship for amateur single sculls on Saturday, 8th September, at 2.30 p. m. Applications must be received by the undersigned not later than Wednesday, Sept. 5. By order, C. D. ROBINSON, Sec. N. R. C.

ANOTHER POSITION

John McLeod, of west end, has been selected by the employment bureau of the Currie Business University, Ltd., to fill a position on the office staff of the Maspec pub. mill.

COMPULSORY EDUCATION HELD OVER UNTIL SEPT. 10

School Board last evening decided to postpone discussion of this subject.

The school trustees met last evening, but nothing was done regarding compulsory education or the appointment of enumerators for the city. The board met as a committee for a short time before the general meeting and decided to let the matter stand till the regular meeting, Sept. 10. A large number of applications have been received for positions.

The question of non-resident school children was discussed. The chairman pointed out the difficulty of procuring accurate information on the subject and said he would deal with it he could with cases brought before him.

A number of communications were read. Miss Margaret Campbell, of Centennial school, wrote from Rothesay resigning her position on the staff. This was accepted and Miss Grace Campbell, resident at New man street school, was appointed in her place. Miss Nina Gregory, of Metcalf street school, to take Miss Campbell's place.

A letter of thanks from Mrs. H. H. Pickett, chairman of the supervised playground committee, on the subject of the Centennial grounds and the two rooms in the building was read and ordered filed.

A number of bills were discussed and ordered paid. A request by Miss Eva J. Whyte, of Sheffield Academy, for a position on the permanent staff was referred to the teacher committee. The request of Miss Annie H. Whittaker, Dr. Bridges' assistant in the High School, for ten days' leave of absence was granted.

Miss Whittaker is now in Cambridge, England. There was a full attendance at the meeting, those present being Trustees Nase, Coll, Russell, Maxwell, Bullock, Keefe, Lockhart, Mrs. Dever, Mrs. Skinner, besides the chairman, A. I. Truman.

GAS BUOYS FOR QUACO LEDGES

The Bay steamer Brunswick arrived in port this morning from Canning, Wolfville and Kingsport, N. S.

Captain Potter reports that the bark Avonia is loading deals at West Bay for the other side; schooner Charles L. Jeffreys is loading at Kingsport for New York; and the schooner Rescoe sailed yesterday for New York from Kingsport with lumber. Schooner Marjorie J. Sumner, recently ashore on the Nova Scotia coast, will probably repair at Kingsport, N. S.

Captain Potter, in talking about the new gas buoys, says that they are a great aid to mariners, and that he and other coastwise masters would like to see the government place them on the Quaco Ledges, one at each end along the beach. Only recently a vessel went ashore there in the fog.

THE LATE CAPTAIN BRITAIN

NORTON, Aug. 27.—The funeral services of the late Capt. Britain, were held in the Baptist church at Norton, on Thursday, the 23rd inst. and were conducted by the pastor, Rev. A. Perry, assisted by Rev. Mr. Penna.

A large concourse of people assembled to pay their last respects to the departed. Captain Britain was born in the parish of Springfield, in Kings Co., where he spent the major part of his life; and was a member of the military of the Kings Co. for over twenty years and was captain of the 8th Hussars. He was a staunch conservative, and always took an active part in the political affairs of the county.

The latter part of his life was spent at Norton, and he was appointed coroner for that parish. He was married three times. His first wife was Miss Sharp, daughter of the late Dr. L. N. Sharp, by whom he had one child. His second wife was Miss Gills, by whom he had one daughter. His last wife was Mrs. Uquhart, by whom he had two children, and who survives him. He was a kind husband and genial gentleman, and will be greatly missed in the community. His remains were interred in the Meland burying grounds.

TEMPLE OF HONOR

S. E. Logan, D. M. W. T., returned last evening from the annual meeting of the Supreme Council of the Temple of Honor, held in Gloucester, Mass. Other St. John men present were Dr. W. F. Roberts, Chas. A. Everett, W. C. Whittaker, L. E. Eagles, William Martin and G. T. G. Blouett.

While there was a slight decrease in membership in New Brunswick during the year, dropping this jurisdiction from first to third place, there was a general increase of six hundred.

James Hicks of Massachusetts was elected S. E. W. W. defeating W. C. Whittaker, of St. John by a very close vote.

In his address, Mr. Hicks praised very highly the work of Miss Stella Eastbrooke, of West St. John, the W. G. of the Section there.

The visiting temples were splendidly entertained by Atlantic Temple of Gloucester.

SPECIAL ARRANGEMENTS

Special arrangements are being completed down on the exhibition grounds to accommodate the crowds that will attend the Hippodrome, the new amusement building in which the trained elephants, monkeys, dogs, cockatoos, leopards, etc., will perform. In fact the Pike and its attendant features, as well as these grand entertainments, will be such an important part of the whole exposition that a great deal more careful thought has to be given the planning than would ordinarily. In less than a week the performing animals will be en route to St. John. They will be transferred via the I. C. R. main line and the Courtney Bay branch around to their temporary quarters on the Barrack square.

FOR THE HARBOR CHAMPIONSHIPS

It has been decided to hold the harbor championship for amateur single sculls on Saturday, 8th September, at 2.30 p. m. Applications must be received by the undersigned not later than Wednesday, Sept. 5.

By order, C. D. ROBINSON, Sec. N. R. C. The N. R. C. are presenting a handsome silver cup to be rowed for annually.

Steamer Calvin Austin, Captain Pike, arrived this morning from Boston direct with 277 passengers, among whom are many provincials coming home to the exhibition.

Mr. and Mrs. B. H. Mott returned yesterday from St. Martins.

MACAULAY BROS. & CO.

ROBT. STRAIN & CO., 27 and 29 Charlotte St.

1,500 YDS. NEW SILK ONLY 55c. Yd.

A SPECIAL PURCHASE, LATELY ARRIVED.

THIS BARGAIN PURCHASE OF FANCY SILKS comes at a most opportune time. Nearly every woman is making some plan or another in the way of Fall apparel in which silk will cut a conspicuous figure. It may be a costume, an evening dress, drop-skirt, or lining for a costume, long coat or jacket. The bargain goods to which we refer answer all these purposes. They are in the height of fashion—the rich "shot" or iridescent kind, fine striped patterns and dainty little checks. Bought at a snap-figure to sell much below the regular market valuation; not remnant stock, or old lines.

Table with 3 columns: SHOTS, STRIPES, CHECKS. Lists various color combinations like Brown and Blue, Navy and White, etc.

USUALLY SELL AT FROM 75c. TO \$1.00 YARD. BUT WHILE THEY LAST. AT 55c. IN THE SILK ROOM WEDNESDAY.

New Corsets. ALL LEADING LINES REPLENISHED.

LONGER WAIST, higher bust, straight front and long hips continue to be the especially favored corset shapes. There are numerous interpretations of these style features, as seen in the goods produced by the largest and most reputable factories. We have them all—the best, the most recent, the cheapest.

- P. D. Corsets, \$1.00 to \$3.25. Croquetons, 1.15 to 1.65. B. & I. Corsets, 1.15 to 1.65. D. & A. Corsets, 80c. to 1.65. F. P. Corsets, 1.35 to 2.00. "Armorsides," 1.50. Ferris Waists, 40c. to 1.40.

Women's Fall Underclothing.

THE CHANGE OF SEASONS is now quite apparent. Cold weather is almost immediately ahead. Warmer undergarments are in demand on all sides. We are selling a great many—for men, women and children. The leading makes for women are:

MANCHESTER ROBERTSON ALLISON, Limited.
