## PASTORAL ADDRESS

OF THE NEWFOUNDLAND CONFERENCE OF THE METHODIST CHURCH  
OF CANADA, TO THE MEMBERS OF THE  
CHURCH UNDER ITS CARE.

*Dearlly Beloved Brethren*:—Among the various duties devolving upon us at our Conferential deliberations, there are few so important, sacred, and delightful as that of addressing you, the members of our Church, upon the subject of the common salvation, thus assuring you of our continued interest in your spiritual advancement and eternal welfare.

Having therefore obtained like precious faith with ourselves, we salute you in the name of our Lord and Saviour, Jesus Christ, and we pray that grace, mercy and peace from God our Father, and our Lord Jesus Christ, may be multiplied unto you.

Deep is our sympathy with all that concerns you. Our interests are united with yours. Many of you are the fruits of our ministry. We have begotten you through the Gospel. We share with you the same spiritual baptism. Our voices blend with yours at the throne of grace. We surround the same sacramental table. We are fighting for the same crown, and hope, ere long, with you to share the same victory, which has been purchased by the bloodshedding of Him who now sitteth on His exalted throne.

We are thankful to be able to state, that after another year's toil in the Master's service, we can report an increase of 317 members to our church; and also that 1285 persons have been received on trial.

This, considering the difficulties we have met with, the opposition manifested, and the persecution to which some, at least, have been subjected, is to us a sign that God hath not forsaken his people, and also that the soul-converting power of the Gospel still attends the labors of the ministers of Christ.

It is with sad hearts we have to record the death of one of our number. We refer to our deeply lamented brother, the Rev. John Dixon. He was a young man of great promise. God had greatly owned his labours among us, and we thought that there were still many years of happy toil in the Master's service before him. But God thought otherwise, and took him home to the Church triumph-

ant, to praise him there for ever. We feel our loss acutely, but our loss is his infinite gain, and we trust his death will be sanctified to us and you.

Three young brethren have, during the year, been received on trial as candidates for our ministry: and six others, who have travelled four years on probation, and who have given ample proof that they are called of God to preach the Gospel, have been publicly set apart by the imposition of hands to the sacred office of the Christian ministry.

Many parts of this Island until lately have been unvisited by us, but we are thankful to state that few places are now left without our ministrations. And we rejoice that the old-fashioned Gospel is still proving itself the power of God unto salvation. On our old established circuits God has during the year, graciously poured out His Holy Spirit, and multitudes have been made happy in the love of God, and are now wending their way to Zion: In many of these circuits chaste and commodious sanctuaries are being erected. On our Missions also God is owning the labours of his servants. Never have they been more prosperous. Never since Methodism was introduced into this island was there such a glorious prospect before her as there is to-day. God is doing a great work for us, whereof we are glad.

In our Sabbath-schools, which are indeed the nurseries of the Church, we have an earnest and faithful band of workers. The officers and teachers are truly alive to their important duty. One of the most pleasing features in our Sabbath-school work is, that three-fourths of the teachers are converted persons, who seem to be working specially for the salvation of those committed to their charge; and as a result, according to the statistics, 364 children have this year experienced a change of heart. May they be kept faithful, and become useful in the church and to the world.

Many of the members of our Church have died during the year, but, we are happy to state, they have died in the Lord, and have gone to be for ever with Him in eternal bliss. It has seldom been our happiness to witness such triumphing over the last enemy. Our people die well, God is with them in the valley, cheering them with his presence and supporting them by his power.

And now dear brethren suffer the word of exhortation: "To write the same things to you, to us is not grievous, but for you it is safe." We trust that you will give all diligence to make you cal-

ling and election sure. To secure this desired end, attend to the duties of our holy religion. "Search the Scriptures." Let the "Word of God" be your constant companion, and make it the rule of your life. It is by this that the man of God is to be perfected in every good word and work. Let your closet duties in no wise be neglected. Remember the saying of our Lord to his disciples: "But thou when thou prayest enter into thy closet, and when thou hast shut thy door, pray to thy father which is in secret, and thy Father which seeth in secret shall reward thee openly." If you would grow in grace, increase in faith, and be perfected in love, neglect not private devotion. Attend regularly the public means of grace. Never be absent from the house of God unless prevented by circumstances over which you have no control. Go from your knees to the house of the Lord. Be there in time, and when there wait only upon God, and you shall renew your spiritual strength.

Be punctual at your attendance on the class-meeting. Let it be the delight of your heart, the joy of your soul to meet with the people of God. Cultivate the habit of religion and you will look for the means of grace as you do for your daily food. Try to get to the week-evening services. You will find these valuable helps on the way to Zion. Let your whole life be blameless. Avoid the very appearance of evil. Forget not that you profess to be followers of him who was the embodiment of all purity. Seek to become like him. Be the "Sons of God without rebuke in the midst of a crooked and perverse generation, among whom ye ought to shine as lights in the world." Endeavour to be useful in the Master's service. Opportunities for doing good will present themselves to you; embrace them. Especially would we ask you to speak for Christ, to recommend the Saviour to those who know him not. Work while it is day, for the night cometh when no man can work. But above all we would urge upon you to become holy. "Be ye perfect even as your Father which is in heaven is perfect." And this also we wish, even your perfection. "Without holiness no man shall see the Lord." It is impossible for us to misunderstand the teaching of God's Holy Word upon this point, and never were such breathings after the "Higher Life" in the Church of Christ, as at present. This is no new doctrine in our section of the Christian Church. The early Methodists were famous for their spiritual attainments. They lived near to God, and experi-

enced, to a wonderful extent, the efficacy of Christ's blood to cleanse from all sin. Let us therefore see that we do not lose sight of these blessed privileges. Let us become sanctified to God throughout body, soul, and spirit, cleansed by the blood of Jesus from all the defilement of sin, and thus be made meet for that inheritance which is incorruptible undefiled, and that fadeth not away.

Our Conference has been one of peace and harmony. Whilst together we have experienced much of the Divine blessing. The best of all is, God is with us.

We have afresh dedicated ourselves to God and his service. And now we go forth once more to do battle with the powers of sin, to win souls for Christ. We trust that during this year showers of blessing may descend upon every hill of Zion within the bounds of our Conference, and, as a result, may multitudes of sinners be convinced of sin and converted to God.

Signed on behalf of the Conference,

JOHN GOODISON, *President*,  
JOSEPH PASCOE, *Secretary*.

#### IV.—SUPERNUMERARY FUND.

Whereas it is deemed desirable that the Supernumerary Ministers' and Ministers' widows' Fund of the late Conference in Eastern British America, should be "amalgamated upon an equitable basis," with the Superannuated Ministers' Fund, as constituted by the General Conference of the Methodist Church of Canada; and whereas it appears that the members of the first-named Fund have severally contributed to it by larger Annual Subscriptions, a larger amount than had been paid by the members of the late Canada Conference to their Superannuation Fund; and whereas in the judgment of this Conference, before the amalgamation of the two Funds can be effected as proposed by the General Conference "upon an equitable basis," provision must be made to return to the members of the said first above named Fund severally the amount of the sums with interest, which they have paid in excess of the Annual Subscriptions which were paid to their Fund for the same years by the members of the late Canada Conference.

Therefore Resolved by the Newfoundland Conference that, if the other two Eastern Conferences concur, the Committee of the first above named Fund be and is hereby authorized and instructed to make provision for such re-payment out of the present stock of the Fund; and then to make arrangement to complete the amalgamation of the Funds as contemplated by the General Conference, at the earliest practicable period.

#### V.—BOOK COMMITTEE.

That the Conference has learned with much satisfaction, that the Book Room in Halifax continues to prosper under the management of the Rev. A. W. Nicolson, and has great pleasure in recording its confidence in him, and its appreciation of his valuable services as Book Steward and Editor.

#### VI.—CHILDREN'S FUND.

Resolution of Conference respecting Children's Fund. In accordance with the standing rule which makes provision

towards the support of the children of our Ministers, it is resolved that the rate of last year be continued for the ensuing year.

#### VII.—PARSONAGE AID FUND.

The Conference feels more deeply than ever the necessity of providing parsonages for the accommodation of our rising ministry; and as the funds at its disposal are exhausted, it is therefore resolved upon the recommendation of the lay friends of the Committee, that a public collection be taken up during the year on all our Circuits and Mission Stations, to help forward this department of our work. Also that section 7 in the Constitution be carried out as far as practicable.

Any Circuit or Station making application to the fund for assistance, is requested to comply with the requirements of the Constitution, as published in the Minutes of 1875.

#### VIII.—CONTINGENT FUND.

Whereas the claims on this fund are yearly increasing, it is resolved that the Ministers of this Conference bring to the notice of the congregations of their charge, the necessity of increased liberality in support of its revenue.

Sources of income, see Discipline, page 118.

### SABBATH SCHOOL REPORT, 1877.

The importance of the benefits conferred by Sabbath Schools is admitted by all who have the welfare of the young at heart. They have exerted a moral influence such as few other institutions can boast of. They have everywhere proved themselves nurseries of the church and from this source from time to time many of the active members now composing the Church of Christ have been supplied. Apart from the ministry of the word, and the other ordinances of the Gospel we believe no instrumentality now in operation has effected so much good as Sunday Schools have done.

Our Lord's injunction to His servants, "Feed my lambs" is one of the most impressive and affecting; and the force of the obligation may be equalled by the pleasurable emotions resulting from its discharge. In very few countries has the success of the Sabbath School been so marked as in this Island. This institution is one that commends itself to our people. Many have been specially blessed by reason of its operations, and are now filling offices of trust in the Church and in the world. Others whose poverty has been such that they could not spare the time to obtain even the rudiments of a common education, have found that the Sabbath School has furnished them with that of which otherwise they would have been deprived. Thus we affirm that in Newfoundland, the Sabbath-school is a great boon to our people. The report of Sabbath School work within the bounds of the Newfoundland Conference during the past year is one of progress. This is the more gratifying because of the exceptional difficulties under which this work is conducted in many, if not in most of the outlying circuits and missions in connection with our Conference;—difficulties which

---

are inevitable, resulting as they do from the sparsely populated settlements of which they are composed.

In looking over the Statistics for the past year it is most cheering to find that no less than 364 children are reported as having been converted to God. This fact alone is enough to call forth unfeigned thanks to Almighty God for His blessing thus vouchsafed to the laborers in this part of His vineyard. It is also pleasing to find that more than three-fourths of the teachers are members of Society. It will be readily conceded, such being the case, how much these persons have the eternal welfare of the children at heart. They are laboring for Christ, and the Saviour is owning them in saving the Scholars.

St. John's District reports 54 schools with 367 officers and teachers and 3,133 scholars. Carbonear District reports 40 schools with 332 officers and teachers and 2681 scholars, making a total of 94 schools, 699 officers and teachers and 5814 scholars.

In conclusion we are led to hope that the work of Sabbath Schools in this Island is such as commends itself to our increasing zeal, will, as in the past and much more abundantly bless the endeavors put forth by His servants in this department of His work.

In witness whereof the parties to these presents have hereto their hands and seals subscribed, and set the day and year first above written.

## ANNUAL REPORT

OF THE

# Newfoundland Auxiliary Missionary Society

OF THE

## METHODIST CHURCH OF CANADA.

---

At the creation of the world the fiat of the Almighty was: “Let there be light!” and instantly, as by a marvellous enchantment, chaotic darkness was charmed into the brightness of day, causing “The morning stars to sing together, and all the sons of God to shout for joy.” But this illustrious event was only a dim foreshadowing—a crude image—of a glory that excelleth; for at

the creation of the Church the creative voice became incarnate, and kindling into a sun he rose upon the mortal world "with healing in his wings," "to give light to them that sit in darkness and in the shadow of death." At this second nobler creation His fiat was: "Let there be life!" Light and Life, therefore, are the twin-gifts of heaven, and both are embodied in "the glorious gospel of the Blessed God."

The dissemination of these inestimable gifts over the vast domain of earth is committed as a solemn trust to the Christian Church. "Go ye into all the world, and preach the gospel to every creature." This was a divine commission of an ascending Saviour; and just as it is the authority, so also is it the inspiration of his servants. Like the falling mantle of an ascending Elijah which, in the hands of Elisha, wrought such wonders—dividing even the Jordan by its magic touch, this commission of Christ to His Church is the wand by which the turbulent stream of human corruption is to be disparted and miracles of grace accomplished.

Having this commission for its "watch-word" and battle-cry, inscribed upon its banner, the Missionary Society of the Methodist Church of Canada, continues its career of conquest and of blessing. The aim of this Society, harmonizing with the genius of Methodism, is not to formulate a creed, nor yet to create a sect, but to save souls, and to assist other evangelistic churches, in spreading scriptural holiness throughout the world. Such an aim is at once simple and sublime, and is fully accordant with the spirit of christianity.

The field occupied by our Missionary Society is extensive and interesting. It includes Labrador, Newfoundland, Bermuda, the Dominion of Canada, British Columbia, and the great North West Territories, and the distant Islands of Japan. So vast a field as this is as much as we can hope to cultivate, satisfactorily, at least for some time to come, whilst it is as much as can be fairly allotted to the Methodist Church of Canada which is one of the eighty Christian Missionary Societies now in operation.

The Missions under the direction of this Society are divided into five distinct classes as follows:—

#### I.—DOMESTIC MISSIONS.

These are scattered over the several Conferences, constituting the Methodist Church of Canada viz.: the London, the Toronto,

the Montreal, the Nova Scotia, the New Brunswick and Prince Edward Island, and the Newfoundland Conferences. Every Circuit or Station receiving pecuniary aid from the General Missionary Fund is included in our Domestic Missions. Of these there are 339, with 383 Ministers, and a membership of 36,472.

#### II.—MISSIONS TO THE INDIANS.

These number upwards of 70, including those to the settlers and half-breeds in British Columbia, Red River, and Algoma Districts. Among the Red men that hunt the prairies, and fish the lakes, and till the virgin soil of this extensive territory, some 60 of our devoted brethren are toiling, amidst hardships and privations, with a true Missionary heroism, and in eight different languages spoken by the Red Races of these remote regions are telling "the wonderful works of God." Nor do they suffer and labor in vain, for they have already gathered more than 4000 souls into the communion of the Church and into the fold of Christ.

#### III.—MISSIONS TO THE FRENCH.

Of these there are 8, having 7 ministers and a membership of 140. This department of our work, though feeble, is doing good service, and if pecuniary means were only forthcoming it is capable of considerable development and extension. It is sincerely to be hoped that the day is not far distant when our own Conference will share in the benefits of these French Missions, by having a French speaking minister stationed at St. Pierre.

#### IV.—MISSIONS TO THE GERMANS.

Of these there are 6, with 5 Missionaries and a membership of 208.

#### V.—MISSIONS TO JAPAN.

Although these are the most recent, perhaps they are the most interesting, prosperous and promising, of all the Missions. Until very recently that distant country, with its 35 million souls, its fertile soil, charming scenery, and surpassing climate, was almost unknown. Now it is attracting the attention of nations and of the churches; it is emulating the arts and sciences of civilization, and by its rapid progress promises soon to rival the rest of the world. Already it is awakening to the importance of education, having upwards of 20,000 schools, with more than two million scholars; 21

Government Colleges with 4,000 students, and other educational institutions. These facilities for learning and culture cannot fail to assist in moulding the future character, and in determining the destiny of Japan. Our Society has 4 ministers, in this interesting field, and only a short time since 3 promising young natives were received as probationers for our Ministry. May God bless Japan!

The Missionary department of this Society employs on the five classes of Missions first enumerated, a paid agency of 515.

The total receipts of this Society during the year ending June 1876, amounted to \$162,639.73. Towards this sum, the children of our Sabbath Schools collected over \$19,000. Our own Conference raised nearly \$5,000. This year we have raised \$5,711.45, being an increase upon the year of \$785.49.

Our financial position as a Conference is this: Our expenditure, during the past year, including all our Circuits and Missions, exclusive of St. John's, which is an independent circuit, has been upwards of \$20,000 (twenty thousand dollars). Our receipts, including the amount subscribed for Missionary purposes, reach a total of upwards of \$17,000 (seventeen thousand dollars). So that we are indebted to the General Missionary Fund for \$3,000, or thereabouts. Not to include our Missionary receipts, we require additional contributions to the amount of some \$3,600, or so, to make this Conference self-sustaining. Besides, our annual expenditure is constantly increasing, on account of the rapid growth of our work, and therefore it is imperatively required that our receipts should increase in the same proportion.

The point we should aim at is pecuniary independence. We should endeavor at least to defray our own expenses. This is all the more needful when we remember that the grant made to assist us in our work, by the General Missionary Board, has been reduced this year by \$600, and the probability is that it will continue to be reduced from time to time, throwing us more and more upon our own resources.

The embarrassed condition of our General Missionary Fund must be relieved. 1.—By increased subscriptions, and 2.—By our Domestic Missions of long standing and large membership in old and well-settled districts, generously relinquishing Missionary aid, thus enabling the Central Board to meet its pecuniary responsibilities in making more equitable appropriations for the destitute portions of its extending work.

---

In conclusion, the Committee of this Auxiliary desires to express its gratification with the results of the past year. Our 36 Missions are yielding good fruits. The blessing of God continues to rest upon our 50 brethren in their arduous, but happy work. We have now a total membership of 5780, being an increase upon the year of 307. Our Church in this Island, it is believed, is bright with promise, and instinct with life; and so long as we venerate the faith of our fathers, holding fast to the simplicity of the gospel, and putting our trust in the saving power of God, we may well hope to share in the triumphs and rewards of the Redeemer's kingdom.

S.B. DUNN, Secretary.
