TRADES CONGRESS FIGHTS U.S. PLAN

DRAPER ASSAILS REGULATIONS FROM CANADA'S QUOTA

Asks Government To Make Immediate Protest MENACE TO LABOR Believes Something Should Be Done To Make Conditions More Attractive

OTTAWA, Jan. 17.—A resolution urging the Canadian Government to make representations to the American Government, American Federation of Labor and the British ambassador, protesting against the quota law against Canadian citizens, was passed last night by the Allied Trades Council here following an address by P. M. Draper, secretary of the Trade and Labor Congress of Canada.

Assails Quota Law. Mr. Draper bitterly condemned the proposed quota law leveled by the United States against the migration of Canadian citizens. The quota law should not be erected, he said, because Canadians felt that the quota law would mean eventually the spitting out of international labor on this continent. Incorporated with the above resolution was the following: Urges Government Action. "While we appreciate any action on the part of the Government to keep our citizens at home we believe that something should be done to make conditions sufficiently attractive to prevent them from leaving this country."

TWO STEAMERS IN HEAD ON COLLISION

Munabro and Robin Adair Crash Off Coast This Morning.

CHATHAM, Mass., Jan. 17.—The steamers Munabro and Robin Adair were in collision at 1:30 this morning off the coast of Chatham, south of here and near the "yellow" of Cape Cod. Both vessels sent radio messages reporting the accident and the coast guard cutter Albatross and U. S. N. destroyer Cassin are proceeding to their assistance.

SOVIET PREDICTION

London Envoy Says U. S. Will Recognize Bolshevist Government in 1925.

MOSCOW, Jan. 17.—(United Press)—The United States will recognize Russia before the end of 1925, Christian Rakovsky, Soviet envoy to London, told the Teachers' Congress here today. "The question of Russian recognition is now in the hands of the American capitalist, capitalist America," Rakovsky said. "It will not occur within the next few weeks, but it will be a fact before the end of 1925."

PRISON-MADE STAR

Former Hold-up Man to Capitalize Fame He Won While in Penitentiary.

United Press Despatch. ST. LOUIS, Mo., Jan. 17.—Naturally and his smile enlarged by the prospects of a \$1,000 a week contract, Harry Snodgrass, the prison-made man, left today to entertain the Lions Club at Johnston City, Wis. The convicted hold-up man and piano player will pound out a couple of hours' symphony. After his concert at Johnston City, Snodgrass will leave for Evansville, Ind., where tomorrow he starts capitalizing the fame which encircled him while he was serving a three-year term in the Missouri penitentiary.

LOU DILLON DIES

First Trotter to Beat Two Minutes Passes in California Stable.

SANTA BARBARA, Jan. 17.—Lou Dillon, first horse to trot a mile in less than two minutes, and world's champion trotter from 1903 to 1912, is dead of colic, at the age of 27 years. Lou Dillon set a world's record of 1:59.4 in 1903 when she was a five-year-old, and a little later trotted a mile in 1:56.2 at Memphis, Tenn., Oct. 24, 1905. The record stood until 1912, when "Ivan, a stable mate, trotted a mile in 1:50 at Lexington, Ky.

Plan Visit To Canada In 1925

So successful was the recent visit of the Prince of Wales to Canada, that Princess Mary and her husband, Viscount Lascelles, have virtually decided to visit Canada this year. It is authoritatively reported. The visit will be in every way different. No social function for many years stirred the entire world as Princess Mary's wedding, and she has won favor wherever she has been.

BAIRD REPORT IS IN HANDS OF BOARD

Utilities Takes Findings on St. John Interferences Under Consideration.

A special meeting of the New Brunswick Board of Public Utilities was held this morning to receive the report of Prof. A. F. Baird on interferences between the two electric distribution systems in the city. This report went very fully over the ground and was illustrated with a number of photographs taken by Professor Baird. The board decided to have copies of the report made for the utilities interested in it and to give copies of the report to the press on Monday morning, as they wished to study the recommendations made before making the report public.

SNOWDEN ATTACK TO CAUSE BREAK

Means End of Cordial Relations Between Ex-Churchill and Ramsay MacDonald.

LONDON, Jan. 17.—(Canadian Press Cable)—It is hardly possible after Mrs. Ethel Snowden's attack on Ramsay MacDonald's leadership of the Labor party that there can be any future official relations between her husband and MacDonald. Ramsay MacDonald, former editor of the Daily News, in the Nation Weekly Review, "That Mrs. Snowden's attack on Mr. Snowden's feelings is pretty certain, for relations between the two statesmen through the brief life of the labor ministry was notoriously cold. Gardner adds that while Labor generally supports Snowden's view it does not make the rank and file of the party less resentful of Mrs. Snowden's views in Canada and they are of the opinion that it would have been more fitting if Philip Snowden had fired the first shot himself."

HALIFAX ELEVATOR

Question of Awarding Contract Before Federal Government Next Week.

Canadian Press Despatch. OTTAWA, Jan. 17.—The question of awarding a contract by the government for the construction of a grain elevator at Halifax is expected to come up in council for consideration about the middle of next week. Tenders have been received from a number of firms.

KIDDIES PLEASED

Gather in Three City Centres for Saturday Story Telling Hour.

"Peter Pan" was the subject of an interesting story narrated to 20 children in the Free Public Library this morning by Miss M. E. Dougherty. The speaker also gave an interesting description of the motion picture. At St. Vincent's. In St. Vincent's gymnasium this morning Miss Gertrude Wilson held the rapt attention of 40 children when she gave selections from Eugene Field's works. The subject matter proved very interesting to the little ones in attendance. In The Armory. The story-telling hour in the South End was conducted by Miss Elizabeth Stanley this morning. The Armory lecture room was loaned for that purpose by Col. W. B. Anderson, C. M. G. D. S. O. There were 27 children present. Next Saturday, Rev. John Unsworth will tell the stories with the aid of lantern slides.

Father and Daughter Die From Fumigating Gas And Toronto Police Hold Enquiry

TORONTO, Ont., Jan. 17.—Patrick Bird, aged 65 years and his daughter Mary Bird, aged 35 years, lost their lives yesterday through the agency of fumigating gas. Bert Woodington, who fumigated the house on College street where the Birds lived was arrested last night and is held by the police without bail as a material witness. Woodington told the police that when he went to fumigate the house for which he used prussic acid, he told the Birds who occupied the upper floor, and Mrs. Brown, the tenant of the lower floor, that they could not remain in the house while he was working and that they would have to leave for the day. He saw Mrs. Brown leave and the Birds prepare to go when he started to work in the downstairs portion of the house. Completing his work Woodington locked up the house and left, but when he returned he discovered the bodies of Bird and his daughter.

ELECTRIC WAVES CURE ASTOUNDS NOTED DOCTORS

London Great Things For "Magic Box" SUPPORT URGED Call Dr. Abrams' Invention Something New and Wonderful

LONDON, Jan. 17.—Dr. Abrams' apparatus for effecting cures by means of electric waves, which became popularly known as his "magic box," and which most people here had forgotten, has suddenly come into the limelight again through a report by a committee of scientific investigators which is currently reported by today's Daily Express shows they are convinced that there is "something new and wonderful" in connection with the box which, although not yet understood makes further investigation desirable.

Great Potentialities. They are represented by the paper as saying that this research holds "great potentialities," and is worthy of active financial support. The members of the committee included Sir Thomas Horder, the Prince of Wales' physician, who is known as a cancer expert, and Dr. C. E. Head, medical adviser to the director of civil aviation. The other members were experts in physical research and radiography. Could Detect Disease. The late Dr. Abrams of San Francisco invented an instrument called the reflexophone by the use of which, he maintained, he could detect cancer, tuberculosis and other diseases. Diagnosis of a drop of blood he said, suggests not only the presence of disease, but also the age of the subject, his race, and the probable length of his life. It was his theory that, after disease had been detected by his method a cure could be effected by means of another instrument called the Oscillo-lux, which used electric waves to offset other waves within the body.

MET TRAGIC DEATH

Temporarily Blinded Workman Falls Down Stairway and is Killed.

MONTREAL, Jan. 17.—Sightless in one eye, Napoleon Audet, an employe of the Atlas Construction Company, engaged with a pick on the work of a new building, was temporarily blinded when some dirt fell into his other eye. Feeling his way down the stairs at his home on Clark street, shortly afterward, he lost his balance, fell and striking his head against a wall, received a fracture of the skull, from which he died yesterday.

DOCTOR IS MISSING

Ottawa Physician's Disappearance on Jan. 6 and Widespread Search Started.

TORONTO, Jan. 17.—Relatives of Dr. F. H. Powell, prominent Ottawa physician, are making widespread inquiries in an endeavor to locate him. On Jan. 6 Dr. Powell left the Toronto home of his brother-in-law, Douglas Farmer, going to the Union station, where he checked his trunk. He was believed to have left for Ottawa, but since then no trace of him has been found.

DENY RESIGNATION

Report That Irish Free State President Quits Post, Are Baseless.

LONDON, Jan. 17.—The Dublin correspondent of the Westminster Gazette, reports that William T. Cosgrave, president of the Irish Free State executive council arrived at Queenstown from Cherbourg last evening en route to Dublin. The correspondent reiterates that the rumors of President Cosgrave's resignation are baseless.

LOSE LARGE ORDER

Dutch Firm Underbids British Shipyards and Gets Newfoundland Contract.

LONDON, Jan. 17.—(British United Press)—A large order for shipping has been placed by the Newfoundland Government with a Dutch firm. It is pointed out that the lowest British tender was considerably above the price offered by the Dutch contractor while in addition the British shipyards could not offer delivery in less than seven months.

INFANT'S BODY IS FOUND IN GARBAGE

HALIFAX, N. S., Jan. 17.—In a highly decomposed condition the body of a male infant possibly two or three months of age, was found in a garbage box in the basement hallway of a downtown building here last night. The charwoman stated that the body was found in the box yesterday afternoon, as she had filled the garbage pail when paper was in the afternoon, and on returning to the building later she had made the gruesome discovery of the body containing the body resting on top of the box.

CHURCHILL PLANS INCOME TAX CUT

REDUCTION WILL BE LARGE ONE.

Britain Not Satisfied With France's Proposal in Debts Problem.

United Press Despatch. LONDON, Jan. 17.—Winston Churchill is going to take a shilling on the pound off the income tax, boldly declares the Westminster Gazette this morning. Owing to receipts from the Ruhr and the proceeds expected from the new plan, as well as the drawback on the German imports, which are estimated to produce in all about fourteen million sterling, this reduction will be possible when the next budget is introduced. France's Payments. Meanwhile, the difficulties of arranging the debt from Germany and Britain will not be satisfied with any such arrangement which depends upon money received from their late enemies. There are many who still doubt whether France will pay anything and believe they are merely postponing to get a reduction of the debt and that having secured such a reduction they will do nothing.

CHECK FIGURING IN CASE IS MISSING

Change in Connection With 1922 Matter is Gone Into in Police Court.

The check figuring in a case against Frank Sheehan on a charge of theft of \$185 is missing. The incident on which the charge is made happened more than two years and a half ago and the document has become misplaced. Preliminary hearing in the case was commenced in the Police Court this morning before Police Magistrate Henderson and after the evidence of Howard Phinney, former employe of the accused, had been heard, the prisoner was remanded to jail until evidence from the bank office is ready.

MR. BELDING'S ITINERARY

He will visit the Maritime Provinces for the next fortnight. Leaving there he will proceed to Fort William and Port Arthur, Winnipeg and other Western centers. He has the good wishes of the St. John Board of Trade, St. John Rotary Club and the St. John Canadian Club, all of which have combined to ensure a warm welcome for him at various points of his journey.

SHOULD THE EFFORTS OF THE TELEGRAPH-JOURNAL AND TIMES-STAR BRING ABOUT WHAT ALL PEOPLE WHO BELIEVE IN THE MARITIME PROVINCES WILL FOLLOW TO THE MARITIME PROVINCES.

First: The larger export of Canadian grain and other commodities through Canadian ports will bring additional shipping. Second: The outfitting of vessels, their repair and the other necessary expense involved in their operation would add to the business of the ports affected. Third: Additional employment for stevedores, checkers, freight handlers, coal trimmers and other port workers. Fourth: The employment of Canadian railway men instead of United States men. Fifth: Additional employment will mean that more Canadians will remain at home rather than seek employment in the United States. Sixth: There would be of necessity more employment provided through the construction of additional port facilities in St. John and elsewhere. Seventh: The Maritime Provinces as a whole would undoubtedly feel the effect of any large diversion of Canadian trade from United States ports to Canadian national ports. Our farmers have been looking for larger markets and these, in some measure, at least, would be supplied provided the business of Canadian ports could be stimulated. Eighth: Creating better and greater home markets for the Canadian farmer and manufacturer.

THESE, BRIEFLY, ARE BUT A FEW OF THE BENEFITS WHICH WOULD FOLLOW THE USE OF CANADIAN PORTS BY CANADIANS.

In their attempt to place before the people of other parts of the Dominion the undoubted claims of the Maritime Provinces for recognition of Canadian national ports as the outlets for Canadian trade, The Telegraph-Journal and Times-Star did not act without due investigation. President

GOOD TIME ON HILL

Boys of Good Shepherd Coast and Then Have Church Supper.

The Epiphany class of boys of the Church of the Good Shepherd, Fairville, had a merry time of it last evening in the church hall where their speaker, Mrs. Gertrude De Geer, and assistants had arranged a supper for them. The new recitor, Rev. F. J. LeRoy, joined the boys in the hall and was introduced to them. J. Medley McKel and Robert Lears also joined the company. A pleasant hour was spent. Misses Evelyn Stans, Rita Armstrong and Dorothy Armstrong assisted Mrs. De Geer in serving the refreshments.

Selling the Maritimes To the West

THE Telegraph-Journal and Times-Star yesterday sent Mr. A. M. Belding, of the editorial staff, on an extended trip to Quebec, Ontario and Western Canada to present to the importers and exporters of the Dominion the claim for recognition of Canadian ports. He goes as the representative of these newspapers and will be engaged in a mission which has been discussed for many years past in eastern Canada. During his trip he will visit many of the principal Canadian cities and will address Boards of Trade, Canadian Clubs, Rotary Clubs, Chambers of Commerce and other similar organizations. He will speak to thousands of Canadian business men and will tell the story of Canadian ports and their equipment for handling import and export business and will demonstrate how much a proper use of our own port facilities means to the whole of Canada.

Mr. Belding is not the first to go west, but he is the first representative of the Maritime Provinces to give his undivided attention to an important mission of this kind. A year ago the business men of Portland, Maine, organized a special party to visit the Canadian west. These emissaries of a United States shipping port met the grain growers and grain buyers of Western Canada and laid before them certain facts in connection with their port which they claimed were peculiar and advantageous when compared with Canadian trade outlets. The newspaper stories of their reception in the west and a recital of their experiences on their return home would tend to show that their efforts were not without fruit. Portland is said to have derived certain benefits from that journey which should accrue to Canadian ports.

At the time there was much agitation in the Maritimes for similar action on the part of these provinces, but the matter ended there. The Telegraph-Journal and the Times-Star feel that it is time for talk has passed and that if we in Eastern Canada progress it must be through efforts on our own part, and so the proprietors of these newspapers decided to bear the expense of sending a capable representative to tell the people of Quebec, Ontario and the West just how well fitted Canadian ports are to handle Canadian traffic and going. These newspapers make the view that the question is national in its scope and Mr. Belding will not only present the case of St. John, but he will also have a word to say for Halifax, Montreal, Vancouver and Canadian ports in general. Naturally, he will deal more extensively with the facilities of his own home city, St. John.

MR. BELDING'S itinerary, which has already been arranged, will necessitate his presence in the province of Ontario for the next fortnight. Leaving there he will proceed to Fort William and Port Arthur, Winnipeg and other Western centers. He has the good wishes of the St. John Board of Trade, St. John Rotary Club and the St. John Canadian Club, all of which have combined to ensure a warm welcome for him at various points of his journey.

The Telegraph-Journal and Times-Star do not claim that Mr. Belding's tour will work any miracle. They do hope, however, that this pioneer effort may be followed up by a more intensive campaign along the same lines backed by the business men of the Maritime Provinces. A suggestion of Sir Henry Thornton, President of the Canadian National Railway, that action of this character might be taken, is still fresh in the minds of the readers of these papers. Nothing tangible has resulted so far from the hint given by Sir Henry, but Mr. Belding's departure is at least an effort to meet the suggestion of the head of the Canadian National Railway, which is also concurred in by the President of the Canadian Pacific Railway.

PIRATES RAID A BRITISH SHIP ON HIGH SEAS

Take Command Of Steamer For Three Days

ROB PASSENGERS

Officers Forced To Land Pirates With Much Valuable Booty

HONG KONG, Jan. 17.—(United Press)—The British steamer Hong Hwa, which sailed for Singapore three days ago, put back into port here today with an amazing story of piracy on the high seas. All the steamer's passengers were penniless and the safe had been rifled, yet those aboard were otherwise unharmed. Officers of the Hong Hwa reported that for three days the vessel had been in possession of Chinese pirates. The latter embarked with the rest of the passengers, without exciting suspicion. When the steamer was a short way out, the pirates gathered, rushed the bridge and overpowered the captain and crew. Officers Made Prisoners. A robbery was effected on the steamer on the bridge, but no one was hurt. The British officers were for the most part at breakfast and were surrounded and made prisoners. The first thing the pirates did was to demolish the steamer's wireless. Then they forced the officers to navigate the ship for three days on the high seas, keeping from touch with land or other vessels, while the pirates systematically robbed the passengers.

## H.W. RISING SAYS OPPORTUNITY IS BIG FOR ST. JOHN

### City Business Men Tells Of Convention of 10,000 in Boston

What a large convention means to a city was demonstrated to Harold W. Rising, who has just returned from Boston where 10,000 men from the United States and Canada were in session. The manufacturers had large exhibits in the Mechanics Hall, where all the latest styles in shoes were shown.

Mr. Rising said there was an apparent rush in the stores of Boston and the delegates to the convention were adding to the business. He felt that with the new hotel in operation St. John would soon be in a position to entertain conventions which would be a great help to the business life here. Among the people he met in Boston were 80 visiting Rotarians, who lunched together in the true style of their club. Beside private entertainment there was provided general amusement for the delegates.

He came home with the firm conviction that St. John could do just as much in the way of entertaining conventions as any other city of similar size on the continent.

## PLAN CENOTPATH Atlanta May Have Colossal and Unique Memorial Completed.

OTTAWA, Jan. 17.—"A soaring colossal, unique cenotaph, a symbol of glorified national being," is suggested by the Town Planning Commission in its report which is to go to the city council at its next meeting. This cenotaph would have its creation in the rocky cliff which towers over the Ottawa River, at the Capital's most northerly promontory, and would be an adjunct to a larger national war memorial to be known as the "Vimy Way."

AUDITORS' REPORT TO THE SHAREHOLDERS

We have compared the above Statement of Liabilities and Assets with the Books and Accounts at Head Office and with the certified returns from the Branches.

We have verified the securities representing the investments of the Bank at the close of the financial year, when we also checked the cash at the Chief Office. During the year we checked the cash and verified the securities at several of the principal Branches.

We report that we have obtained all the information and explanations which we have required; that all transactions of the Bank which have come under our notice have, in our opinion, been within the powers of the Bank; and that the above Statement of Liabilities and Assets as at 29th November, 1924, is, in our opinion, properly drawn up so as to disclose the true condition of the Bank, according to the best of our information and the explanations given to us, and as shown by the Books of the Bank.

### IN THE INTERESTS OF CANADIAN PORTS.

In connection with the announcement by the management of the Telegraph-Journal and Times-Star of the departure of Mr. A. M. Belding of the editorial staff to Upper Canada and the West to present the claim for recognition of Canadian ports to exporters and importers of the Dominion Telegraph-Journal this morning has the following editorial comment:—The announcement of the management of the Telegraph-Journal and Times-Star that an editorial representative of these newspapers is journeying to the Upper Provinces and Western Canada to present the case of Canadian winter ports to Canadian exporters and importers must command the attention of thinking Maritime business men.

"The time for talk has passed; there must be action. In a recent speech in this city Sir Henry Thornton, president of the Canadian National Railways, made this very plain and gave certain suggestions looking toward a better acquaintance between the west and the east.

"The action of The Telegraph-Journal and Times-Star in sending a representative thoroughly equipped with knowledge of Maritime Canada and the advantage of its port will pave the way for additional effort by commercial organizations. Mr. A. M. Belding knows the Maritime Provinces as well or better than any other resident of them. He has been a newspaper man in St. John for more than forty years and during that period has seen the winter port business begin and grow. No man has a wider acquaintance with the public men of the Maritimes; he has lived with us, sharing our prosperity, lamenting our adversity, planning campaigns with loyal organizations to bring us into our own.

"Now, armed with official credentials, facts, figures and illustrations of Maritime ports and facilities, he goes westward bearing a greeting and a message from the people by the Atlantic to those who in inland Canada are doing their share to advance the progress and prosperity of the Dominion.

"Mr. Belding may be called a Maritime Commissioner, and while the special agent of the newspapers which he has for many years assisted to make successful he really represents their constituency, the Maritimes, and intends to introduce its hopes and aspirations to Canadians living west of us. He has the good will and all the assistance that the presidents of the two transcontinental railways, Mr. E. W. Beatty and Sir Henry Thornton, can give him. He will talk to western exporters and importers with confidence and will endeavor to convince them that as Canadians they should, all things being equal or even if slightly unequal, route their inward and outward shipments through Canadian ports. As Canadians we cannot expect less of them. We do not ask more. The day has come when we of the East expect our brethren of the West to stand by us, co-operating for the good and for the future of the Dominion in which all of us live.

"There are many in the West who have little knowledge and appreciation of the Maritime ports and why we think and expect the trade of Canada to pass through our ports. It is Mr. Belding's mission to convince the people of Ontario and Quebec and provinces to the west of them that it is to our mutual interest to work together, support each other and march side by side with 'Canada into Progress and Prosperity' as our motto."

### A CONTRAST.

The salaries of the members of the British House of Commons are £400 a year, or, in our money, about \$2,000. There are no other privileges such as the federal members enjoy at Ottawa, including free postage during the session and stenographic and other allowances. However, small as the salary is, about half of the Canadian, with Parliament almost constantly in session, there is a move on the part of many of the British members to assist national economy by abolishing these allowances, or, in the event of abolition not being entirely possible, to make the receipt of parliamentary indemnity contingent upon the necessity of the members receiving the same. If this is the spirit that is actuating the practice of economy in the mother of Parliaments, there is no need for an explanation as to why Great Britain has been able to reduce its national debt. There was a time when the allowances to members of parliament barely paid their expenses. We read that in the early days of New Brunswick a member received as low as \$8 a day, and they did not spend any more time than was necessary in considering the business of the country. They worked from a somewhat early hour on Monday morning to a late hour on Saturday night. There is no reason why it shouldn't be done now. But there are more parliamentary holidays and more

time wasted by those who are serving the people in federal and provincial capitals than in any other occupation they have. The men we elect to parliament should not consider the indemnity emolument as part of the income on which they live. They would scout the idea that they were seeking the votes of the people in order to draw salaries as representatives. Perish the thought! When they seek nomination they are only too eager to serve their constituents. Politics is sometimes called the science of government. It has deteriorated since it was better paid. We did not have such long sessions. It is true, when our federal members were only paid \$1,800 a year, but the country was governed just as well—some say better. Now that we have increased parliamentary salaries to \$4,000 a session, with expenses and other emoluments thrown in addition, here is not so much anxiety to do business promptly, and the expenses of parliament are thereby increased.

"The Canadian Bureau of Statistics gives Quebec and British Columbia the palm for better business conditions in 1924 than in the preceding year, the index number being 86.1, as compared with 94.2 in 1923. This country has too wide an area and too many interests for all to be equally successful at the same time, and yet, taking the average from the Atlantic to the Pacific, we cannot complain too much. The prairie provinces seem to be pretty well satisfied, and British Columbia is in an optimistic mood. Ontario and Quebec had a reasonably satisfactory year, and if the maritimes fell behind more than usual, it was not unexpected. And yet, the records of commercial failures show that our conservatism has not deserted us; that our business men are cautious and there have been less losses from failures than in many other districts.

"The Province of Alberta spent \$4,000,000 for beer during the last seven months, and it is estimated that \$12,000,000 would be a fair estimate of what Alberta spends on liquor in a year. The amount seems to be enormous, and if it all goes out of the country, there would be even greater reasons why prohibition should be rigidly enforced. The population of Alberta is about 600,000, and this \$12,000,000 a year would mean an expenditure for spirits of twenty dollars for every man, woman and child per annum.

"Mrs. Philip Snowden, the wife of an ex-Chancellor of the Exchequer in the labor government, has fallen under the displeasure of a militant lady member of Parliament, Miss Ellen Wilkinson, also of the labor party, because she dared to criticize Ramsay MacDonald's leadership. "Ethel should be slapped," said Ellen. "She will probably have her hair pulled, also, when she returns from her Canadian trip."

"Commissioner White of the Maine agricultural branch says there are as many potato bugs in New Brunswick as in Maine. Now, who wants to argue about that? The real question why can the British experts see the Yankee bug? Perhaps they have heard of the 'Yankee settler and are scared to death. But so long as the Brunswick bug is invisible why worry?"

"Sir Campbell Stewart, in addressing an Ottawa audience one evening this week, told his hearers that any fool would preach the doctrine of despair, and the Toronto Globe insinuates that he intended himself to be heard in a city farther east. Surely this did not refer to Stephen Leacock's message to the Canadian Club in this city.

"Great preparations are being made for the sun's total eclipse next Saturday. If we can't see it we can read about it. Then just think of the graphic account of eye-witnesses that will be broadcasted!

"The president of our tourist association says that New Brunswick had 100,000 tourists in 1924, while Nova Scotia had 70,000. How does he arrive at these figures?"

"Sir Henry Thornton says that as a trouble-maker he fears the 'serpent of politics' less than he does the 'serpent of sectionalism.' You can't beat Sir Henry as a phrase-maker.

"From 9 or 10 in St. John to 45 below in Northern New Brunswick," said Mr. Zero Friday morning. When was it that had that 'Cold Friday' years ago?"

### COSTS STILL HIGH

Uncle Sam Finds War Department Equipment Prices Are Soaring.

WASH. GTON, Jan. 17.—(United Press).—Uncle Sam is still feeling the high cost of living.

War Department records show that the entire equipment of a soldier, which cost \$21.15 in 1913, now costs \$32.72, an increase of approximately 54 per cent. The largest jump in price was in service hats which have risen from \$7.4 in 1913 to \$22.20 in 1923.

### NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise, no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, O. K. Johnson, 240 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

OIL TANK MATTER.

To the Editor of The Times-Star:—Sir:—In the Globe of October 5, 1921, there appeared a protest by the residents of West St. John against the erection of an oil tank in the vicinity of St. Jude's church.

I noticed in last night's Times that the City Council was considering the request of the Imperial Oil Company to grant that company permission to

## THEATRE WILL TO CURB RADIO BRUSHED ASIDE

U. S. Federal Government Indifferent To Plea

### FACING CRISIS

Action of McCormack and Bori Stirs Theatre to State Of Excitement

WASHINGTON, Jan. 17.—Administration officials having to do with radio affairs are entirely indifferent to the howling theatre owners who have let loose a flood of salty tears because John McCormack, Lucrezia Bori and other nationally-known stars have sung to several million radio listeners without making them pass by the box office line.

For the present, at least, the air will be free, loud speakers will have no gas metres attached to them and the theatre owners may cry all they want to, even if they have to sell their Rolls Royces and go back to subways. This is the official reaction to Broadway's walls, which have reached Washington, demanding government interference to

Oscoda, Wisconsin.—I am glad to testify that Bon-Opto has given me great relief when my eyes were sore and strained. It has strengthened my eyesight a great deal and has improved my vision at least 50% during the past year. Before that time I nearly lost my sight through the influenza and infected teeth.

A. F. ESTER, Supr. Oscoda High School. Bon-Opto is prescribed by physicians for weak, work-strained eyes and is recommended by thousands who use it daily. The manufacturer guarantees it to strengthen eyesight and sharpen vision. It cleanses, soothes, and comforts the eyes, especially after motor trips. All druggists sell it under a money refund guarantee.

More than 100,000 Members hold Policies in The Mutual Life of Canada

The Strength of All is the Strength of Each

ONE man against the world is but a pawn in the Game of Life. The Mutual Life of Canada gives you the strength of organization—the safety of numbers.  
In the Mutual Life, more than 100,000 policyholders are united for Mutual protection. Theirs is the strength of united purpose.  
You should have a policy in the Mutual Life of Canada. The Mutual Life is safe, strong, beneficent. It will protect you and your dependents, at a minimum cost because profits on Mutual operations go back to the policyholders. You should let our Agent advise you as to the type of Mutual policy most suited to your situation. Be frank with him as to your position and he will give you disinterested counsel.  
Write today for "The Mutual Book".

POCKETBOOK TO GET JOLT FROM SPRING STYLES

New Ensemble Frocks Of Decidedly Dressy Type

JACQUETTES LONG

Smart Sport Costumes Have Been Noted at Lake Placid This Winter

By HEDDA HOYT Fashion Editor of the United Press, New York, Jan. 17.—(United Press) Spring styles will be rather hard on the average pocketbook, for one hopes to keep up-to-the-moment, for instead of the suit or the long wrap and separate frock, the ensemble costume has stepped to the fore, promising to be the popular costume of 1925.

Very few ensembles are of the tailored type and in most instances the frock is decidedly dressy, being trimmed with lace, embroidery or other ornamentations which are carried out in milder effect on the jacket. Jackets are long in effect. Some of them reach the knees, while others just escape the hem of the frock. Straight lines rule generally although in some cases pleating is placed in the skirt to give the flaring hem-line.

Surely the ensemble makes an admirable outfit for tea, informal afternoon wear and general dressy occasions. When the jacket is worn, one has a costume which may be worn anywhere. With the jacket removed, one is equally well dressed for tea, afternoon bridge parties or any like occasions.

How To Cut Cost

Many women are making their own ensembles by selecting frocks in the ready-to-wear departments of the shops and matching them with separate coats in the coat department. This does very well when simple typed garments are chosen and one can get very lovely tailored or sports wear effects, but when one wishes a costume which has distinction one had better not attempt to do one's own "ensembling."

The most simple way of minimizing with an extra frock in this way one the cost of the ensemble is to purchase an ensemble costume and match it has, at least, a change of frock. Since almost every woman counts upon having a coat and several frocks during a season, this will cost about the same amount as one usually spends upon a woman's wardrobe. The extra frock should be either more dressy or more simple in line than the one belonging to the ensemble if one wishes to provide for various occasions.

New Goloshes

New York's recent snuff storm brought out several snifty styles in goloshes and both ladies and gentlemen are proudly tramping about in them. Among the newest are those of light gray or tan jersey cloth and they are worn with fur coats of light shades. These are exactly like the old type golosh except that they are in light colors. Then there are goloshes with the new spring front fastening. They close with the same type of fastening as men's tobacco pouches—one little pull and they are closed.

Several women are wearing short models of what formerly were termed "gum-boats." These sometimes have red piping, or a red band of leather about the top. Here's a hint to designers—there are flappers left—goloshes are worn buttoned about the ankle this year and not floating about the leg.

Skating Costumes. Among the smartest sports costumes which are being worn by the skaters at Lake Placid are mannish sweaters which have the football collar, knickers, huge-patterned stockings and mittens of wool and caps of either fur or wool.

Pandemic Social Time Great Success

The bridge and dance given under the auspices of the Pandemic Outing Association in the Venetian Gardens last night was a brilliant success. About 350 were present and all of the arrangements were admirably made. The president and vice-president, and their wives, Mr. and Mrs. James H. Hamilton and Mr. and Mrs. John MacKay, received the guests.

The bridge contestants were Joseph Haun and Ralph Pales, and the floor committee was conveyed by Clyde Dickson and Gordon Willet. The tickets were in charge of Arthur Speight and Mr. Edgett and Fredrick Dunham were at the door.

The ladies' committee consisted of Mrs. Clayton Teed, convener, assisted by Mrs. Steve Matthews, Mrs. Grace Gilmore and Miss Hamilton. At the serving table there were very attractive decorations of pink roses and pink candles. The prize winners at bridge were as follows: Ladies' first, Mrs. George Polly; second, Mrs. J. B. Smith; gentlemen's first, W. A. Nichols, and second, K. A. Wilson.

CHARACTER ANALYSIS

The weekly meeting of the Character Analysis Club was held in the Natural History rooms on Thursday evening. Consistency and flexibility were the subjects under discussion. Messrs. R. and A. Taylor were joint leaders, and their addresses were received with interest and highly appreciated by the members present. B. C. Matthews, the president of the club, occupied the chair.

CATCH HALIBUT

While fishing for halibut on Kennecott Island yesterday W. A. Munroe and J. S. Steves were fortunate in landing a nine-pound halibut. This is the first fish of this kind that has been caught in the river for many years. It was on display in the fish store of Miles Saunders in Main street last night and was the cause of considerable interest.

Minard's Linnets for the Grippes

Favorable reports of the year's work were received from the officers of the St. John County Royal Scarlet Chapter at their meeting in Orange Hall last night. The election of officers which was scheduled for this meeting did not take place due to the small attendance of members, many having stayed away because of the storm. The election will take place at the next meeting.

THE HOCKEY MATCH in the Arena last evening was the poorest I have seen here this season. While the locals vanquished the St. Stephen team it was anything but convincing.

REPORTS FROM THE PACIFIC COAST say that Jack Dempsey will retire from the ring unless a fight is fixed up for him before he marries Estelle Taylor, motion picture actress, next May or June.

THAT CHARLIE GORMAN has been training faithfully was evident from his showing in the Arena last evening. He is not carrying any superfluous weight and is very fast.

HOCKEY MATCH AND RACES AT ARENA ENJOYED

St. John Defeats St. Stephen—Logan Breaks Record

The St. Johns had little difficulty winning from St. Stephen in their league fixture played in the Arena last evening. The score ending 7-0. The locals outlasted and outplayed their opponents and the outcome was never in doubt. In the first period the locals secured one goal, five in the second and five in the third. The visitors sent many fast ones at Nicholson, but all were turned aside without any apparent difficulty. The victory places St. John in a tie with Fredericton for second position. The crucial game of the first series will be played here next Tuesday night when the locals will be pitted against the champion Sussex team. If St. John wins out and Fredericton defeats St. Stephen the first series will end in a three-cornered tie. From their showing last evening St. Stephen have no chance to defeat the fast Capital team and thus the outcome of the first series will depend on the game here next Tuesday. The lineup and summary of last evening's game follows:

Table with 2 columns: St. John, St. Stephen. Rows include Goal, Defence, Forwards, Spares.

The Summary: First period—St. John, J. Gilbert, 15. Second period—St. John, Short, 2:03; t. John, B. Gilbert, 8:47; St. John, fallies, 8:50; St. John, Kiley, 8:50; t. John, Kiley, 8:57. Third period—St. John, Boudreau, 34.

Between the first and second period at evening Frankie Logan, the classy little local skater, gave an exhibition 50 yards against time. He covered the distance in 57 seconds and was given prolonged applause. Between the second and third period Charlie Gordon skated an exhibition 440 yards, was paced by "Mike" Lawson and finished in 41:5 seconds. Charlie asked to be in the pink of condition and is apparently much better than he ever was. He was given a flattering ovation when he appeared on the ice and at the end of his exhibition race. At the conclusion of the game a mile race was held for boys in the 18-year-old class. There were only three entries, Willie Logan, Clement O'Connor and Tommy Tebo. Logan won out with a time of 1:10. Tebo's time was 1:11. Another hockey match was staged between the Trojans and Rothery. The game was closely contested and was won by the latter by a score of 4 to 3. Many of the players give promise of developing and should be able to graduate into the senior team.

FULL OF ACHES AND PAINS

TORONTO MOTHER FOUND RELIEF BY TAKING LYDIA E. FINKHAM'S VEGETABLE COMPOUND

Toronto, Ontario.—"I have found Lydia E. Finkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Finkham's medicine, and I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truly say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Finkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WESTWOOD, 548 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Westwood. It is but one of a great many, all telling the same story—beneficial results. Lydia E. Finkham's Vegetable Compound is especially adapted for use during this period. The experience of other women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself?

Urban Shocker Is Operated On

ST. LOUIS, Mo., Jan. 17.—Urban Shocker, former pitcher of the St. Louis Browns, but recently traded to the New York Yankees, was operated on recently for the removal of a tumor from his right shoulder and along the removal of his tonsils. Dr. Robert Hyland said his patient responded very well and he anticipated no serious complications. Shocker probably will be laid up for a week. Dr. Hyland said, "his case should have no difficulty in pitching just as well as ever."

CANADIAN WALKER IN TWO WORKOUTS

George Goulding Will Try to Re-establish Himself in Athletic Circles.

NEW YORK, Jan. 17.—George Goulding, Canada's veteran walker, who is engaged on an attempt to re-establish himself as one of the foremost heel-and-toe athletes in the world, is in this city preparing for his return to competition on the occasion of the Milrose A. A. indoor athletic meet to be held Jan. 27 and 28 in Madison Square Garden. Goulding yesterday visited the local headquarters of the Amateur Athletic Union and presented his international permit issued by the Canadian A. A. U.

Goulding engaged in two workouts at the Garden yesterday and in his early drill, according to veteran athletic followers who were in attendance, he was in winning the race at this distance at the recent Finnish-American A. C. meet. The time performance of Goulding was interpreted as indicating that the Canadian veteran, contrary to reports, is very near the superb form he enjoyed when active as a competitor prior to the war.

TIGER FLOWERS TAKES THE COUNT

Sensational Colored Boxer Was Knocked Out by Jack Delaney.

NEW YORK, Jan. 16.—Jack Delaney, fighting idol of Bridgeport, Conn., knocked out Tiger Flowers, Atlanta, Ga., middleweight, in the second round of a ten round match at Madison Square Garden tonight. The powerful right upper delivered with trip-hammer rapidity to the negro's jaw floored him for the first time in 48 seconds after the start of the second round. The end came with dramatic suddenness. Delaney, who had been fighting a defensive fight, suddenly opened up with a real offensive. He lead with a left jab and then his driving right came through, crashing with terrible impact against the negro's jaw. The negro sank to the canvas in a helpless heap. The count of five found him flat on his back. He shuffled his feet and once got to a half reclining position only to sink back to the horizontal again as the referee sounded the final ten and waved his hands in token of a knockout.

Will Hold Trial Races At Torbay

TORQUAY, Devonshire, England, Jan. 17.—When the trials for the 1914 America's Cup race took place in Torbay, the harbor of Torquay, Sir Thomas Lipton announced that, should he ever challenge for the trophy again, he would sail the test matches in the famous bay. Intending to make another attempt in 1926 to lift the cup, he has notified the Mayor of Torquay that he will, as promised, hold the trials in Torbay, which he has designated "the place of water along the coast for the purpose."

Doctor prescribed Carnol and Miss Mosher is now as well as she ever was.

If you could read the many testimonials which have been pouring in from people everywhere telling you of the marvellous results from using Carnol, you would be convinced that Carnol is a wonderful remedy. What Carnol did for Miss Mosher reads almost like a miracle. She says:—In the winter of 1921 I contracted a severe cold and my cough was so bad that my friends upstairs heard me cough and came down to see who it was. He told me that if I did not start doctoring that cough at once, serious results would follow. He gave me a prescription for Carnol. The next day I was taken down with a

severe attack of measles, and I was in such a weakened condition my people almost despaired of my life. But I followed the doctor's advice and began taking Carnol, with the result that I improved so much in a short time that on meeting the doctor he did not recognize me. I received so much benefit from taking Carnol that I feel all I could say would not do it justice. I can safely recommend Carnol to anyone in a weakened condition as one of the best tonics on the market today. Carnol was recommended to me by Dr. Veniot, of Bathurst, N.B., and I purchased it from H. Moore, druggist, of Campbellton, N. B.—Miss Helen Mosher, Campbellton, N.B. 12-24

VALENTINO IS BOSS IN SHEIK'S HOME

Wife Says She is Star's Advisor, But Rudolph Has The Final Word.

By HAROLD E. SWISHER, United Press Staff Correspondent. HOLLYWOOD, Cal., Jan. 17.—Mrs. Rudolph Valentino is a happy combination of the modern woman and the old-fashioned wife. She is the film star's advisor and aide in his profession and at the same time gives attention to the home. This, Mrs. Valentino believes, makes for the ideal happiness in married life. Believes in "Obey."

Irvine Anxious For Return Match

Beth McLeod, manager of Joe Irvine, local welterweight boxer, is anxious to arrange a return bout between his charge and Jack McKenna of Sydney. Regarding their recent bout in Sydney, Manager McLeod said it was true that McKenna had Joe in a bad way in the fourth round, but from that on Irvine was never in danger and did most of the leading. He thinks the accounts sent out about the bout were very unfair.

The Importance of Internal Cleanliness

Do you ever "clean house" physically? Do you realize that good, robust, buoyant health is the direct result of internal cleanliness? When your kidneys are clogged and inactive your blood is not properly cleansed of the impurities it absorbs from the system. These impurities flow back through the body and illness is sure to result. Ask yourself these five important health questions:— 1. Am I troubled by headaches? 2. Have I frequently a lame back? 3. Am I ever subject to dizziness? 4. Do I feel twinges of Rheumatism? 5. Have I too frequent, painful or scanty urination?

If you cannot say "No" in reply to these questions, your kidneys need assistance at once. Take Gin Pills—now—before more serious trouble develops. They will cleanse the kidneys and restore normal action. They are the world's specific for all kidney and bladder troubles.

STORM BRINGS HEAVIEST SNOW FALL OF SEASON

13 Inches Is Measurement at Weather Bureau

COSTS CITY MONEY

The heaviest snow storm of the season swept over St. John last night and 13 inches of snow fell. Snow after 7 o'clock last evening snow began to come, and in a few hours several inches covered the streets and sidewalks.

Heaviest of Winter. D. L. Hutchinson, director of the Meteorological Observatory in Douglas Avenue, said this morning that the snow fall was the heaviest this winter and in fact the only real fall to date.

Some Complaints. Citizens whose homes are beyond the centre of the city have a bill of complaint against those in charge of the street work. It has to do with the handling of a situation such as obtained this morning when the streets were thickly covered with snow.

Superintendent Talks. C. G. Price, street superintendent when asked about this matter said that all sections of the city were at an endeavor to give better service the department was operating one sidewalk plow this year than they did last.

The plows left the streets at 7 o'clock in the morning and were kept steadily at work until the whole city had been gone over. The streets in the centre of the city and those leading to the heaviest traffic were tended to first. Seven plows were used in the city proper and two on the West Side.

The same he said was true of sanding the streets. In regard to this or week days special attention was paid to the streets near and leading to the schools. More sand had been used this year than in any previous year and every effort was made to make walking safe for everyone in all parts of the city.

Prices Down a Little—Chickens Today at 40 to 50 Cents.

Eggs and butter were present in fairly large quantities, but other commodities were rather scarce in the country market this morning. Prices for eggs and butter have dropped on account of plentiful supplies, and this morning's eggs were quoted at 55 and 60 cents a dozen for fresh firsts, and butter 40 cents a pound for good dairy.

Fresh killed chickens sold at 40 to 50 cents a pound, and fresh killed fowl for 35 to 40 cents. Meat supplies were fairly good and prices ranged about as they have for the last few weeks.

MADE TROUBLE HOME

Erin Street Man Given Chance on Court to Promise to Behave.

William Hunt, 31 Erin street, appeared before Magistrate Henderson in the police court this morning, being given in charge last evening by his wife for creating a disturbance while drunk. To the magistrate, Mrs. Hunt said there were several men in the house at the time and, fearful for herself and eight children, she had called in Policemen Quinn and Bell, who had put an end to the uproar and had taken her husband to jail. She said he did not assault her or call her bad names but was unmanageable.

Is Given Chance. Hunt said he could not remember anything of the affair and said if let go he would behave himself. He was allowed out on this promise, first being turned over to the liquor inspectors to ascertain where he and the men with him had obtained the liquor.

Two From St. John. The R. M. S. P. Chaudiere sailed from Halifax yesterday afternoon for Bermuda and the West Indies. Among the passengers on the steamer are: Donald E. J. Ekwelick, and R. A. Sinclair, both of this city; J. T. Hunter, of Chipman, and Mr. and Mrs. W. H. Gray, of Campbellton.

Lost Pocketbook. A pocketbook found by Miss Eleanor Deamer and turned over to the police was claimed yesterday by Peter J. Bourque of Moncton. After he had proven his right to the property, Mr. Bourque secured the address of Miss Deamer in order to reward her. The book contained more than \$50 in cash and several valuable papers.

SUM PAID IN FOR ORPHAN FUND ABOVE \$190,000

Next Installment Of \$46,000 Is Due On July 1

ST. JOHN IS IN LEAD

Hoped to Have All Children in New Institution Next Month

A statement of the financing of the new buildings of the New Brunswick Protestant Orphan's Home shows that there has already been received more than \$190,000 of the \$288,000 subscribed. At the first of this year about \$47,000 was due in pledges, and this is now being sent in. The next instalment period will be July 1, when about \$46,000 more will be forthcoming.

Arrars Not Great. So far arrangements are not very great, which the directors say is not only to the credit of those who pledged themselves to carry out the movement of supplying a united orphanage but which is a commentary upon the financial condition of the people throughout the province in spite of the extreme caution which appears to be governing many matters.

Housing the Children. St. John county leads in number of subscribers and remittances, with Kings county in second place, Charlotte county third, Westmorland fourth, York fifth and Carleton sixth. The subscriptions to the orphanage have been fairly representative of the Protestant people of New Brunswick upon a proportionate basis.

Amalgamation of Lodges Complete. The formal amalgamation of New Brunswick Lodge and Portland Lodge, Sons of England Benefit Society, took place last night at a meeting of Portland Lodge in their hall in Simpson street, when about 60 members of Portland Lodge had assembled. After the lodge had been officially opened by worthy President E. G. Brittain, District Deputy George Lewis was introduced by the past president, L. J. Boyd, and then the ten past presidents and the two past vice-presidents introduced the members of New Brunswick Lodge, who were officially welcomed by the members of Portland Lodge.

Officers. The officers installed were as follows: Past president, E. G. Brittain; president, S. Galbraith; vice-president, E. A. Watson; chaplain, W. R. Bonnell; secretary, George T. Corbett; assistant secretary, T. Brown; treasurer, H. H. Crabbe; guards, first, A. Powell; second, E. Chapman; third, T. H. Simpson; fourth, Charles Linton; fifth, R. L. Clark; sixth, A. T. Thorne; inside guard, M. O. Parks; outside guard, I. A. Belyea; auditors, F. S. Curly, I. Belyea and A. E. Boyle; trustees, W. K. Cronk, H. C. Craig and E. Linton; members of the advisory board, L. A. Belyea, auditors, F. S. Purdy, J. Brittain and S. Galbraith; delegate to the Grand Lodge, Harry Selien, and pianist, F. H. Weaver.

Hiram On Tour. MONTREAL, Jan. 17—Well, here I be! If the poster in that there Pullman car hadn't been a nice feller I'd a got lost fast thing. I didn't sleep none too much last night—when it come to gittin' dressed in the mornin' I guess I scandalized the folks some—but I won't never see 'em agin—'n' I'll know better next time. They was a feller in the tilt room that had enough katin's spread out fer a hull family. I guess he was one of them lounge lizards—the way he polished an' powdered an' doted himself up. You orto a-see the way he glared at me when I asked my whiskies an' took out some of my teeth. I never did like dressin' in a crowd. The fust man I seen when I got here was Mr. Lodge—'n' he aint a bit stuck up sense he was made one of them 'face railroad magisters. No, sir, he jus' started in to charge me round some—like he done one time in Moncton when I wanted to see them there oil wells. He's got to interduce me to a lot of the big bugs. If Sile Jones could see me now he'd throw a fit. You might call up Hanner an' tell 'er I forgit to order that there feed fer the hens afze I left St. John. She'll say she expected it. Well, I'll write agin when I get round to it. HIRAM.
