TWELVE PAGES—ONE CENT

MEET TODAY WITH RAILROAD BOARD

Big Five Chiefs in Session in Chicago.

Meanwhile Preparations are Being Made for Carrying on in Case of Failure to Avert Strike on the U. S. Lines.

Chicago, Oct. 20.—Leaders of the Big Five railroad brotherhoods met today with the railroad labor board in a secret informal conference to air their grievances, while chairman of most of the eleven other principal railroad unions were deciding whether they also would call a walkout.

Local board members were optimistic over prospects of an adjustment of the brotherhood members' complaints, but no plans had been announced for discussing with railroad executives the board's program to avert the strike by temporarily maintaining the present wage level and reducing freight rates.

Prior to the conference with the brotherhoods, the board had scheduled a hearing with Pennsylvania railroad representatives on charges of violation of a board decision requiring a new election of shop crafts' representatives.

Plans to operate passenger, mail and milk trains were being pushed by railroad executives in event the strike takes place. From the ranks of men recently laid off, pensioners, loyal veterans and others with railroad experience, railroad officials here today declared they could recruit nearly a half million men.

Between August, 1920, and June, 1920, the number of railroad employees decreased by 611,881, according to figures of the interstate commerce commission, and more than 60,000 of these were train service men.

New York, Oct. 20.—Proceedings in the federal court today were held to determine whether the railroad labor board in its efforts to prevent the threatened strike had violated the anti-trust act.

Advertisements calling for men to take the places of possible strikers have been prepared by all the railroads centering here and the Pennsylvania and Erie railroads published them in today's papers.

Several of the railroads have sent out circular letters to their employees, urging the men to think carefully before they join the strike and not "be misled in this matter." One of these letters, after receiving advantages of employment on that line, inquired: "Are you going to give up all this, your record and your seniority, at the behest of men who are going to be unable to find you another job to take the place of the one you now have?"

Remember they can order you out—but can they order you back? The letter concluded with an argument that the strike was not against the railroads, but against the government as represented by the railroad labor board.

D. H. Brass, vice-president of the American Train Dispatchers Association, announced last night that he had accepted the statement followed a conference with dispatchers of the eastern district at which Mr. Brass said the sentiment against a walkout was unanimous.

"That is no sign that we are condemning the attitude displayed by the other brotherhoods, however," he added.

LATER. More Hopeful. Chicago, Oct. 20.—Chiefs of the big four brotherhoods and the switchmen's union arrived today and went into conference preparatory to their meeting this afternoon with the U. S. railroad labor board.

"GETTING SOAKED" TAXES

BOTTOMLEY ON WITNESS STAND

Much Interest in London in Hearing of Libel Action.

London, Oct. 20.—(Canadian Press)—The court was densely packed to hear the proceedings relating to the Bottomley vs. Bigland libel action which was resumed yesterday.

Mr. Bottomley, M. P., published of John Bull, bases his action on a pamphlet in which it is alleged he was accused of attempting to defraud the public in connection with his Victory Bond club.

Bottomley indignantly repudiated suggestions that he had once declared on a music hall stage that he was not receiving a penny for the lecture, although at the time he had a check for the lecture in his pocket.

The case was adjourned after Bottomley had declared his intention of not producing the books in connection with the Victory club under the court's order, to which the judge retorted: "The books ought to be produced. I shall draw any inference I like from them."

Innumerable crowds assembled outside the court and had to be controlled by the police. The majority cheered Bottomley when he emerged.

L. O. B. A. WELCOME

Dominion L. O. B. A. No. 18 met in their lodge room, Simonds street, last evening to welcome their provincial grand mistress, Mrs. E. H. Plummer, who is in the city for a few days.

There were also present grand lodge officers, Mrs. Chapel, Mrs. F. Kerr, Miss J. Wood, Mrs. G. M. Rogers, W. M. No. 18, Dep. M. Mrs. Ellingwood No. 18, solos, Mrs. Oscar Bennett, Mrs. Brown, Mrs. Sweet, Mrs. Hamilton.

A vote of thanks was moved by Mrs. Stacy, seconded by Mrs. Shields and Mrs. Vailis, to be extended to Mrs. Plummer for her excellent address and help.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Horobson, "I received a letter yesterday from a lady in Alberta. She told me of the deers that were seen by her children together, and I can see today as I saw her often on a Sunday afternoon years ago, standing in a yard in front of the farmhouse where she was born. I can see the farm, the woods behind the hills beyond the river; and I can remember the Sabbath in a Presbyterian home of those days—the kindly hospitality, the grace at meal. It is all part of a memory one does not willingly let die, however long the years. Now her hair is gray, she has known the agony of parting from those she loved, but her hands had worked to do and her outlook is not made gloomy by her life experiences. Of such are the real mothers of Canada."

LOSES LIFE IN C. N. R. RESTHOUSE

Richard Hannah, Engineer, Suffocated in Fire in Edmonton.

Edmonton, N. B., Oct. 20.—A report has been received by the C. N. R. officials here that the resthouse used by the C. N. R. at Edmonton was burned early this morning and Richard Hannah, locomotive engineer of Moncton, was suffocated.

LABOR MEN WILL NOT PARTICIPATE

King Cannot Use His Yacht Next Year

London Oct. 20.—The King regrets very much that owing to the great need of economy he cannot afford to fit out the Britannia next year. This is great disappointment to His Majesty, as there would be no other sport the king enjoys more.

GERMAN TRADE GROWS

Berlin, Oct. 20.—Figures showing exports from Germany during July, show an increase over June, while imports were also increased. The value of exports in July was fixed at 6,208,000,000 marks against 5,423,000,000 in June, while the imports were valued at 7,265,000,000 against 6,409,000,000 in the previous month.

WEATHER REPORT

Issued by the Department of Agriculture, St. John, N. B. Supt. of Meteorological Service.

ACCIDENT QUICKLY FOLLOWS ANOTHER

Man Shot on Hunting Trip, Auto on Way to Hospital Badly Injures Another.

Moncton, Oct. 20.—John Burgess, twenty-six years of age of Vaudeuil, is dead, following accidental discharge of his gun while on a hunting trip yesterday afternoon near St. Pierre.

CONTRIVERSY OVER RELIGION OF THE BRITISH PREMIER

Springfield, Ill., Oct. 20.—Controversy over the religious affiliation of Premier Lloyd George, who has been claimed here by both Disciples of Christ and Baptists, was settled today by Lloyd George himself, after the manner of a solemn, choosing neither the one nor the other, but claiming them both.

COL. PECK, I. C., AS INDEPENDENT

Former New Brunswicker Announces Intention.

Sir Lomer Gouin Speaks for Harmonious Development of Races—Church Nominated for Foster's Seat.

Prince Rupert, B. C., Oct. 20.—Colonel Peck, V. C., member for Skeena, in the federal house, announced yesterday his intention to run as an independent. He expressed belief that the people had grown weary of old party lines, and he desired to go back to parliament with free hands.

COLONEL PECK IS A NATIVE OF ALBERTA

Kingston, Ont., Oct. 20.—The harmonious development by the two great races, English and French, of their joint heritage Canada, formed the keynote of an address by Sir Lomer Gouin, K.C., M.C., in receiving the degree of LL.D. from Queen's University at the autumn convocation ceremonies here last night.

TORONTO, OCT. 20.—THE CONSERVATIVES OF NORTH TORONTO GAVE MAYOR CHURCH THE PARTY NOMINATION

St. John's, N. F., Oct. 20.—The Conservatives of North Toronto gave Mayor Church the party nomination for the seat in the federal house vacated by Right Hon. Sir George Foster. Dr. E. Clause and Thomas Hooker were also nominated, but both withdrew in favor of the mayor.

OCTOBER BRIDES

A pretty wedding was solemnized at six o'clock this morning in the Cathedral of the Immaculate Conception when Miss Mary E. Carter of this city was united in marriage to Charles Campbell, son of Mr. and Mrs. Isaac Campbell of Little River. The bride wore a tailored suit of navy blue with a white collar and white lace, and carried a bouquet of Ophelia roses. Thomas Carter, brother of the groom, acted as best man, and Mrs. J. Quinlan acted as bridesmaid.

A WEDDING OF INTEREST TO FRIENDS IN ST. JOHN

A wedding of interest to friends in St. John was solemnized in St. Stephen, on October 12, when Miss Pearl James, eldest daughter of Mr. and Mrs. J. James of St. John, was united in marriage to Clifford Stewart of Old Bridge, Charlotte county. The ceremony was performed by Rev. W. C. Goucher. The bride was becomingly attired in a heavy shade suit and crinoline tie, with hat to match. Many beautiful gifts were received.

A PRETTY WEDDING WAS SOLEMNIZED WITH RITUAL MASS AT THE CATHEDRAL

A pretty wedding was solemnized with ritual mass at the Cathedral this morning, when Mrs. William Ryan, daughter of the late John and Mrs. Silveira, was united in marriage to Patrick Ryan of this city. The bride, who was given away by her brother, Mr. J. Silveira, was attired in a simple American gown with hat to match and carried a bouquet of American beauty roses. Miss Katherine Silveira, the bridesmaid, was dressed in a navy blue tailored suit and carried a bouquet of pink carnations. William Ryan, brother of the groom, was best man. Among the many useful and beautiful gifts which were received was a mahogany piano loaned from the staff of the C. N. R. police department of which the groom is a member. Mr. and Mrs. Ryan left this morning on a trip to Quebec, Montreal and Ottawa and upon their return will reside at 310 Princess street.

A VERY PRETTY WEDDING TOOK PLACE LAST EVENING AT THE HOME OF MR. AND MRS. D. JEWETT

A very pretty wedding took place last evening at the home of Mr. and Mrs. D. Jewett, 108 Carmarthen street, when Miss Florence Barrett was united in marriage to Benbury Barrett. Both bride and groom belong to Newfoundland. The ceremony was performed by Rev. E. E. Ryan. The bride was given away by her cousin, Joseph Clark, and Miss Davidson was bridesmaid. The groom was attended by his brother, James. The bride wore a lovely dress of brown satin and carried a bouquet of carnations. Mr. and Mrs. Barrett will reside in St. John.

How to Rid the Arms of Objectionable Hairs

(Aids to Beauty.)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required. Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

SIR LOMER GOULIN

While Conservative splinterers are predicting a victory for their party, the more cautious Montreal Gazette says "the prevalent thought is that neither party will emerge from the contest with a working majority."

MR. WOOD OF MISSOURI

Premier Meighen has much to say about "Mr. Wood of Missouri." Mr. Wood is an American who has made his home in Canada, as many others have done.

FULL SPEED ASTERN

The disturbing news comes from Halifax that Premier Meighen has been found asleep at the switch. Only the indulgence of our American neighbors saves us from disaster.

TORIES AND WOMEN

Premier Meighen and his colleagues have been trying to persuade the women that they owe the franchise to the Conservatives.

THE WESTERN FOLK

Those western men are not such desperate fellows after all. They raise a good deal of wheat, and it has a good deal to do with the prosperity of Canada.

Stirred Up Memories Of Old Days in St. John

Medford Printer Writes of R. A. Johnstone's Anniversary as Printer—The Papers of Those Times—An Old Indenture.

The little story in the Times recently to the effect that Robert A. Johnston had started work as a printer on the Morning News sixty-five years ago stirred old memories in the mind of a man in Medford, Mass., and brought Mr. Johnston this letter:

Dear Sir:—The clipping from the St. John Telegraph which I enclose, was read by me with much interest, because of the forgotten associations it recalled, and because, too, of the type here in Boston for numerous years.

WOODS IN STILLNESS

How still the woods that morning! Deep in fern, The deer reclined, while heedless of the noiseless rabbit watched them; from no song descended, for the birds were mute.

IN LIGHTER VEIN

Curiosity. "I can't account for Mrs. Gadder's condition," said Dr. Pillars, with a puzzled air. "She is extremely nervous, and there is no reason for it that I can discover."

HAYES TO COMMAND GIANT MAJESTIC

Sir Bertram Promoted to Take Charge of World's Largest Ship. New York, Oct. 20.—Sir Bertram Hayes, captain of the White Star liner Olympia, has been selected to command the world's largest ship, which will enter the company's transatlantic service early next year.

Genuine Gillette Razors 95c Mailed Anywhere in Canada On Receipt of Price. Razor Complete in Case with Package of Blades. McAVITY'S 11-17 King St.

ENTERPRISE STOVES AND RANGES Are now on sale at SUBSTANTIAL PRICE REDUCTIONS. This announcement will be read with great interest by many who have needed a new Range or Heater, but who have been holding off till prices got lower.

DYKEMAN'S Complete Satisfaction A Frock of Tricotine or Navy Serge. It is everywoman's first concern. It fills a dozen distinct and different needs. She may don it for informal social wear or just as appropriately for the shopping trip; and to the business and office girl there's no garment with like utility.

F. A. DYKEMAN & CO. Dress Section—2nd Floor.

BEST is a word with a broad meaning as referred to merchandise. We cannot conscientiously use it but we can and do use the word BETTER because we can truly do so. We believe the CAPS for Men, Youths and small Boys, also the GLOVES and CRAVATS for Men are quite an unusual sort.

Soft Coal Bargain About 50 tons not up to the standard of the coal we like to recommend, yet of good burning quality and well screened. \$9.00 NET CASH PER TON, BAGS OR BULK. Worth as much as some coals selling at \$12.00 per ton. Its dull appearance and a certain amount of stone in the coal prevent us recommending it as a first class article.

TRY TO TAKE IT OFF FAT ONES Hundred Men and Women in New York Under Health Commissioner's Treatment. New York, Oct. 20.—The city of New York has taken a weighty problem. It mobilized fifty fat men and fifty fat women in a reducing squad which hopes to lose 5,000 pounds or more by the middle of November, when Health Commissioner Copeland will present the hundred to the public.

THE EVENING TIMES AND STAR, ST. JOHN N. B., THURSDAY, OCTOBER 20, 1921

RECENT WEDDINGS

Akerley-Mesley.
A quiet wedding took place last evening at the residence of Rev. F. S. Dowling, 88 Duke street, when he united in marriage Miss Annie Mesley, daughter of Mrs. and Mrs. Roderick Mesley, of Norton, to Harry Lee Akerley of the Narrows. They will reside at the Narrows.

RECENT DEATHS

Miss Fanny McCormick.
Messrs. St. John friends will read with regret of the sudden death in Boston yesterday of Miss Fanny McCormick. Miss McCormick was a daughter of the late D. W. McCormick, for many years proprietor of the Victoria Hotel in this city. With her father and sister, Mrs. Frank A. Baird, she moved to Boston some years ago and has since made her home in that city. Mrs. Baird survives.

William Woods, B. A.
William Woods died at Seattle on August 27. He was a native of New Brunswick. At the high school here he won several medals and the Wilcox scholarship. He also attained high distinction at the University of New Brunswick. He taught school at St. Andrews and then went to Harvard. He taught school at Vancouver and became one of the leading teachers in British Columbia. He was also an athlete of some renown. He leaves his wife who was formerly Miss Winifred Maloney of St. Andrews, and one daughter, Amy; two sisters, Mrs. F. Jones, Wexford, and Miss Addie of Boston; also two brothers, John of Bloomfield Station and Athony of Wexford.

LOCAL NEWS

F. R. Taylor, K. C., of Rothesay, Oscar Ring and T. Louis McGowan, of St. John, are incorporated as Kennebecasis Securities Co., Ltd., with capital stock of \$5,000 and head office at Rothesay. The company is authorized to carry on a general real estate business.

Local 603 of the Street Railwaymen's Union held its monthly meeting yesterday afternoon and evening. The meeting discussed the hydro-electric power distribution. Only thirty-five of the members are receiving strike benefits as the remainder are working.

At the inquest into the death of Eugene Durant, held in the court room last evening by Coroner E. A. Porter, the jury, after thirty-five minutes deliberation, brought in a verdict that Eugene Durant came to his death by being struck with a boom during the process of lowering at Currier Construction Company's plant on Robbsey avenue, and that death was accidental. Louis Corey, Thomas O'Brien, Thomas McKinney, Richard Orr, Robert Rockwell all gave evidence.

The Salvation Army congress, which has been proceeding in the city since Sunday was closed last night with a great public meeting. The total number re-consecrated during the meetings was 127. A farewell dinner was given at five o'clock. After the public meeting last night the members, headed by the band, paraded to the station to see

THE ROAD TO PROSPERITY.

La Presse, Montreal: "Until recent years, a young man, on leaving college, considered he had the choice of only three professions—that of the lawyer, the notary or the doctor. He never had any idea of directing his knowledge elsewhere than in the liberal professions, and it would surely have been considered a forfeiture if he had, for example, devoted himself to agriculture on the paternal farm. His parents would not have suffered it. They would have considered money spent on education wholly wasted if their son came to the decision to become a farmer. Happily, these false ideas are disappearing little by little, so that today it is beginning to be realized that a classical education can lead to other occupations than those of the lawyer and doctor. As Mr. Taschereau observed the other day, the university can do a very great deal to assist this movement. It can open up new avenues along which to direct our young people. It has done so already to an appreciable extent, and it is a question now of continuing the good work. The province of Quebec must not lag behind in developing its technical education and in facilitating the work of research and experiment. With every one in his place, prepared to play his part, it is certain the country will advance more rapidly along the road of prosperity."

MARINE NOTES

The winter sailing schedule of the Canadian Government Merchant Marine, issued yesterday, shows that the company will maintain four services out of St. John, and five out of Halifax during the close season of local navigation. Those from St. John will be to Liverpool, London, Glasgow and Cardiff and Swansea; and those from Halifax to Australia, and New Zealand; Brazil and River Plate; Barbados, Trinidad and Demerara; Nassau, Kingston and Belize; and St. John's (Nfld.). In addition to these the company will maintain its usual services between Vancouver and ports in Australia and New Zealand, the Orient and India.

MORNING NEWS OVER THE WIRES

A new Catholic church of St. Vincent de Paul at Oromocto was dedicated Monday. The ceremony was performed by His Lordship Bishop LeBlanc, and a sermon for the occasion was preached by Rev. Father McDermott of Sussex. Rev. Father Hannigan is in charge of the new edifice.

A bomb exploded yesterday in the house of Myra T. Herrick, United States ambassador, in Paris, seriously injuring the valet who opened the package. Mr. Herrick arrived home two minutes after the explosion. The room in which the explosion occurred was wrecked.

Plus Michaud of Edmonston has been renominated by the Liberals of Resignouche-Madawaska for the coming Federal elections.

Wellington Hay, member for North Perth and Liberal whip, was appointed leader pro tem of the Liberal forces in Ontario yesterday following the resignation of Hartley Dewar.

The department of Lands and Mines of the province yesterday put up sixty timber berths for public sale and sold only four of the lot. All were at upset prices there being no competition.

Dr. L. G. Pinault of Campbellton, president of the N. B. Medical Association, was notified yesterday that he had been elected a fellow of the American College of Surgeons. Dr. and Madame Pinault left yesterday for Montreal en route to Europe, where the doctor will attend some of the large clinics and hospitals.

Richard Britton was found guilty of doing previous bodily harm to G. Wendell Slipp at the conclusion of three performances at Woodstock yesterday. The court adjourned until today when the case against Oliver Davenport, on the same charge, will be commenced. Mr. Justice Chandler is presiding.

The Baptist church cannot enter into church union with other churches and that night as well made plain now as later," was the statement made by Rev. W. T. Graham of Toronto in the convention at St. Thomas yesterday. They cannot unite with those who baptize in immersion, as Baptists believe solely in faith by water. Dr. Graham also said that the Baptist church would oppose any movement to give religious education in the schools. He appealed to his audience to be united and true when they meet to decide those questions. His hearers seemed to be in perfect accord and interrupted him constantly with cheers.

An inquest into the death of a man who was found in a car at Moncton yesterday was held last night and adjourned until Friday. The body is supposed to be Alexander Kocokor, a bank book on the body bore the number K 18 and on inquiry 41 Imperial, where the account was kept, it was found to belong to Kocokor. C. D. Board, Moncton terminal agent; A. T. Tait, switchman; A. LeBlanc, car checker; and S. C. LeBlanc, car inspector testified at the inquest of the finding of the body and of its condition.

Fredericton Markets.

The quotations in Fredericton market yesterday were: Eggs, 55 to 60 cents; butter, 45 cents; lamb, per pound, 12 to 15 cents; mutton, 7 to 9 cents; pork, 15 cents; beef, 8 to 10 cents; chickens, per pair, \$1 to \$2.50; fowl, per pound, 25 cents; ducks, per pair, \$2; apples, per barrel, \$3 to \$6; potatoes, \$2; turnips, \$1; carrots, \$3; honey, per jar, 40 cents; cabbage, each, 10 to 20 cents.

THE BIG ORPHANAGE FAIR

In St. Andrews rink is now in full swing on its ten day stretch with over thirty features, all kinds of competition games, sale booths, specialties, side shows, variety moving picture show, Niagara Falls, band concert nightly with graphophone selections. Dancing from 10 to 11 p. m. each night. All kinds of new features with general change of programme as far as possible every night. Saturday afternoon from 2 until 5 will be children's day, but open to all at regular admission fee. Five or six tons of vegetables now on sale, more coming every day. There is a standing invitation for donations of any kind. There are many people who have nick-nacks or bric-a-brac of various kinds around their homes, useless perhaps to them but which we might turn to account in fish pond or elsewhere. Send or bring it along.

Doors open at 7.30 p. m. each evening, 10 cents admission. Door price every night. Season tickets still on sale at \$1.00—six tickets for \$6.00—chance to win an automobile or sleigh. Above and beyond all you have a chance to assist in a worthy and much needed cause.

CEETEE
PURE WOOL

All pure wool—re-inforced at all wearing parts and full fashioned.

The Criterion of Comfort

Never a shrug or a scratch—
Never a chill or a cold—
Never the slightest discomfort—
When you wear Turnbull's Wool Underclothes.

You can withstand the inclemencies of the weather and the changes of temperature if you wear

Turnbull's UNDER-CLOTHING

Before the wool used in Turnbull's is spun into the yarn for knitting, it is worked up into thin, downy, translucent layers. When the knitting takes place, a close "wooly" texture of exceeding softness is accomplished.

In CEETEE the parts subject to wear and strain are reinforced—the only Underclothing made in Canada that is re-inforced. It has also the best closed-crotch, a crotch that stays closed and comfortable.

Made in all sizes and weights for men, women or child.

Made in plain or ribbed in wool, mixed and pure cotton.

Sold at the best shops. Worn by the best people.

Made only by **Turnbull's** of Galt, Canada.

For good, pure nutritious food do all your baking with

PURITY FLOUR

Shoes are Unnatural

NATURE never intended us to wear shoes—she intended us to go barefoot. But because it is necessary to disregard nature in this respect, it is not necessary to cripple ourselves.

From early childhood some feet are deformed—bent out of shape, by narrow shoes—crippled. Why let your child's feet be like this?

HURLBUT cushion sole SHOES allow the foot to grow as nature intended. The broad toe gives room to grow for every toe—the cushion sole gives a springy natural tread. The shoes are welted and insure the lowest cost per day of wear.

Write for booklet about Hurlbut "Re-build Service" and we will tell you the name of the Hurlbut dealer nearest to you.

HURLBUT CUSHION-SOLE Shoes for Children

MADE IN CANADA

by The Hurlbut Co. Limited, Preston, Ont.

TO PROBE MYSTERY OF DISAPPEARANCE

Man Travels From Pacific Coast to Trace Missing Sister-in-law.

Detroit, Oct. 20.—Determined that the mystery surrounding the disappearance of his sister-in-law, Miss Phyllis Eillian Hodson of Leamington, Ont., twenty-two years old, on September 24, shall be solved, Charles F. Hutchinson has arrived in Detroit from the Pacific Coast to take charge of the search.

Miss Hodson, secretary for a number of Highland Park society people, disappeared after announcing that she was going to a hospital for an operation for appendicitis on September 18.

She sent to Mr. Hutchinson for money to pay the bill, and he forwarded funds. She suffered an attack of brain fever after the operation, it is said.

HAVE YOU SEEN THE OPERA HOUSE SHOW

Mid-Week Bill Easily the Best Yet—Irish Comic, Gifted Violinist, Trained Baboons and Bear and Other Features.

The management of the Opera House has been presenting some very good programmes, but none that can equal the present mid-week bill; every act is of a very high standard, and the programme as a whole has been the cause of much favorable comment. And for those who have not already seen the present bill, we would strongly advise to attend one of the three performances today. Special kiddies' matinee at 3.30, evening 7.20 and 9 p.m.

The programme is as follows: Robert Kelly & Co., in a beautiful song and playlet, "Buddy O'Shea"; Clifford Jordan, violinist extraordinary; Robinson's Trained Baboons and Cub Bear; "The Animal Act Supreme"; Clark Jordan, baton swinger; Miner and Evans, "The Wise Crackers."

On Friday there will be a complete change of programme as follows: Wilde and Hills, comedy singing and talking; "The Musical Offering"; Mattus and Young, comedy singing, talking and musical act; Musical Farshley, novelty musical offering; Mattus and Young, Harvard and Bruce, "Thrilling tricks in the air"; Hallroom Boys' Comedy and the British and Canadian News Weekly.

THE RAILROAD STRIKE ORDER IN UNITED STATES

(Montreal Gazette.)

The railway strike order in the United States is the logical outcome of a situation which has been developing for some months. Organized labor in the United States, as in this country and in Great Britain, has made no secret of its attitude toward the post-war readjustment of values. It has taken the position, and insisted that it should be, that what it had secured under the stress of war conditions, it would retain after the war. The government of the United States and Canada have either refused to accept the twelve per cent wage reduction effective since July 1. The railway companies, on the other hand, are faced with the necessity of still further reducing the cost of operation as represented in their wage bills. The public are demanding cheaper transportation, and the railway cannot give it unless and until the wage bills are made to more nearly approximate the actual value of the labor given. The leaders of railway labor know what the conditions are, but have taken an arbitrary and uncompromising stand, with their unions behind them. They have determined to obtain by force what cannot be obtained by statistics or argument, and they propose to back their determination by paralyzing the commerce of the United States and putting the public in a state of inconvenience. A strike on so large a scale as that planned for October 30 will be a disaster to the business of the country, but it will be no less a disaster to the labor organizations concerned and will react upon organized labor generally. So great an outbreak upon the public, committed at the order of a small group of labor leaders, will define the issue too clearly for anybody to mistake its nature. The public will insist that their interests be protected, and their hostility will inevitably break the strike. It is evident that the leaders of railway labor have counted only the cost to the public, and have not taken into consideration the far-reaching effect which the strike will have upon the labor movement.

Manning Doherty's Sister Honored

(Toronto Globe.)

American friendliness for Canada was strikingly exemplified recently when a Toronto lady was the central figure in a delightful international episode. Mrs. Edmund Kelly of this city was attending the annual meeting of Governors and Executive of the International Federation of College Alumnae in Indianapolis last week, and as Governor for Ontario, she read a report of the progress made in this Province.

As Canada was the only foreign country represented, Mrs. Kelly was asked to preface her report with a talk on the Dominion. The Mayor introduced the speaker, and as she ascended the platform a group of Canadian flags were noisily unfurled at the back of the stage and the band struck up "The Maple Leaf Forever." Mrs. Kelly was taken by surprise, and for several minutes was unable to speak owing to the cordiality of her welcome. Later, however, she did herself, the subject and her country full justice.

Before her marriage Mrs. Kelly was Miss Josephine Doherty, sister of Hon. Manning Doherty, and a talented elocutionist. She is now considered one of the best local woman speakers. Mrs. Kelly is Past President of Loretto Alumnae and a prominent member of the I. O. E. E.

ABNORMAL CHILDREN IN CHICAGO SCHOOL TO BE FED ON SHEEP GLANDS

Chicago, Oct. 20.—Pupils in sub-normal classes at Chicago schools will be fed on a sheep gland diet as soon as arrangements can be completed, it was announced by Dr. Frank G. Bruner, director of the special Schools Department of the Board of Education.

The gland diet is the idea of Health Department physicians and several thousand children will partake of the sheep glands, prepared in the school kitchens. Special report blanks are being prepared to record results.

Much has been done with the transplantation of animal glands for relieving physical functions," said Dr. Bruner, "and we expect to meet with success in putting new brains into the heads of sub-normal children through the exclusive use of a sheep gland diet."

Y. W. C. A. SUFFERS BEREAVEMENT

News of the death of Miss Grace Coppock, National General Secretary of the Young Women's Christian Association in China, was contained in a cablegram received Saturday by Miss Margaret Ford, Secretary of the Dominion Council and will be heard with grief by a large number of friends in the city, where Miss Coppock was well-known as she was the continent over having become an international figure in the work to which she has devoted herself since 1903.

The cablegram told only the bare news of her death.

Miss Nellie Elliot, General Secretary for Hong Kong, who is in Toronto on furlough, stated to The Globe last night that she had seen Miss Coppock in China last July. Her death was a distinct shock as at that time she had been in perfect health.

Miss Coppock was in Toronto less than 16 months ago, when she gave many addresses on work in China.

Yarmouth, Oct. 19.—The Yarmouth Light & Power Company plant at Carleton, eighteen miles from here, has been destroyed by fire. The water dam was saved. Amherst, N. S., Oct. 19.—One million feet of piled lumber was destroyed by fire at Hastings, five miles from here, today.

CURRENT POLITICS

Our Own Senator.
(Moncton Transcript.)
While in Amherst, Nova Scotia, Premier Melglen was the guest of Senator MacDonald, one of New Brunswick's representatives in the Upper House. Of course you appreciate the irony of the situation.

In Spite of the Tariff.
(Halifax Chronicle.)
If the present tariff policy were such a fine thing for the country, the proof of it would be seen in a rapidly growing population. But the census returns show that, taking immigration and the natural increase through the excess of births over deaths into account, the country has actually lost over one million people during the last ten years.

Melglen in No Hurry.
(Moncton Transcript.)
If the settlement of the tariff question is so urgent a matter as Mr. Melglen says, surely he was remiss in taking action to settle it before the session. It is not clear what his ideas are as to what to do about the tariff, except to raise it higher perhaps, and incidentally enable the "interests" to charge higher prices.

The Lower and Fishes.
(Hon. Edmund Bristol.)
There is a judgeship in the supreme court, and I think two county judgeships to give. If all of these are not given to Conservatives, then I will resign from the government.

(Toronto Globe.)
So Hon. Edmund Bristol told a meeting of Toronto Conservatives in the Third Ward. The bench and the bar, even the fortunate Conservatives who get the vacant judicial posts, will not thank Mr. Bristol for proclaiming so frankly that judgeships are part and parcel of the patronage system. The public may be excused for thinking that Toronto Conservatives are interested in the election only so far as patronage is involved. Nearly all the talk at the ward associations is on this subject, and prospective candidates seem to think they're only hope of securing nominations or re-nominations is to pledge themselves to work for the restoration to the politicians of the share of patronage taken from them by the civil service commission. Compared with the quest for jobs, the fiscal question and the other real issues of the campaign seem to be unimportant to Toronto Tories who

summer half the men will be wearing them to work. The old-fashioned suspenders are said to be coming back into public favor. A \$40 suit today, according to several of the exhibitors, represents the same value as a \$60 suit a year ago.

SPEAKS AFTER FIVE MONTHS OF SILENCE
Rutherford N. J., Oct. 20—"Right here," said Walter Boas, skipper of the barge Danaga, when asked by Judge Fake to point out on a model of his boat just where he was standing when a Lehigh Valley tug hit it.

BUSINESS 'KNICKERS' PREDICTED FOR 1922
50 Per Cent. of Men Will Wear Them, Says New York Manufacturer.
Chicago, Oct. 20—"The more general wearing of knickerbockers by men next summer was forecast today at the fall exhibition of the United National Clothiers' Association. The clothiers have decided that if girls can wear the garments, men can do so, too. Isaac Loeb, President of the Standard Manufacturing Company of New York and Erie, Pa., exhibited a line of knickerbockers in white duck, heavy crash and linen. These are to be worn, he says, with sport shoes, black stockings, and a blue sports coat. They buckle at the knee.

NO MARRIAGE BELLS, FAKE OR OTHERWISE

Magistrate Refuses to Believe Aged Foreigner Victim of Expensive Joke

St. Catharines, Oct. 20—George Daneklo, an aged pedlar, charged that a few weeks ago he had been tricked out of gifts and money by a fake marriage, and that Bill Sowergn, his wife, and a youth named Steve Yankow were responsible, but Magistrate Campbell, after hearing the evidence of several witnesses declared his conviction that there had been no marriage ceremony, fake or otherwise, and dismissed the case. Daneklo swore that Sowergn met him at a funeral and asked him if he wanted to marry his sister. George said he didn't mind and the marriage was set for Sunday following. Daneklo said he provided gifts in the way of \$10 shoes for the bride and other apparel, and also put up money for refreshments. There were 23 guests at the wedding and Daneklo said young Yankow dressed himself up like a Polish priest and conducted the ceremony. He paid Yankow \$7 as a marriage fee. He wanted to lay \$2 down and the balance in a week, but Yankow would not be put off. After the "ceremony" Daneklo said he suggested going away on a wedding tour, whereupon Sowergn told him it was all a joke—Emelia was his wife and not his sister.

FINDS PUPIL OF 72 IN VETERANS' SCHOOL

Washington, Oct. 20—Orders closing the Berkley Pre-Vocational School at Boston, where 500 war veterans have been in attendance, were issued by Director Forbes of the Veterans' Bureau. Mr. Forbes said the school had been found unsanitary and unhealthy, and he was satisfied that it "has been vouchsafing the Government for services never rendered."

One student, 72 years old, was discovered on the school's rolls, Mr. Forbes declared. He is William Blackburn of Lynn, Mass., who, Mr. Forbes asserted, had learned to write his name in a shaky hand after receiving Government training for over two years at a cost of about \$3,600. How Blackburn qualified for vocational training was not explained.

MAILS TO AID JOBELESS.

They Will Be Free To Philadelphia Committee on Unemployment.

Philadelphia, Oct. 20—Mail carriers will be employed here in the distribution of questionnaires and the collection of information in the "Jobs for the Jobless" campaign of the Mayor's Committee on Unemployment. It is announced that approval of the plan by Postmaster-General Hays has been received.

"MUTT" IN SUPREME COURT

His Creator Asks if Copyright Protects Him and "Jeff" from Hearst.

Washington, Oct. 20—The Supreme Court has been asked by applications filed by the Wheeler Syndicate, Inc., and Harry C. (Bud) Fisher to determine whether copyrights granted them on "Mutt and Jeff" cartoons prohibited the Star Company, publisher of the Hearst newspapers, from using such characters, designated by those names in situations, experiences and postures different

SAILOR WEDS NURSE

At the paragon of the Advent Christian church, North Devon, on Monday afternoon, Miss Helen Mildred MacCauley, N. N., and Captain Eugene Butler, R. N., were united in marriage by Rev. R. W. MacCauley. The bride was attended and wore a suit of navy blue velvet embroidered in black with hat to match. She is a graduate of the Hart Private Hospital, Boston, and has been a member of the United Typewriter Co., Ltd., 56 Prince William St. The groom is a member of the same club. They left on Tuesday to visit their former homes in Nova Scotia, where they will go to Boston and from there to Philadelphia, where his ship will be awaiting him, and they will sail for different points in the south.

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable through the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

To Attend Wedding

Dr. and Mrs. G. R. Lister of Fredericton left yesterday for Grand Falls to be present last evening at the marriage of Miss Alice Pirie and Warren Denison.

FREE AT LAST OF KIDNEY TROUBLE

"Fruit-a-lives" Brought Her Health and Strength

624 Champlain St., Montreal
"For 8 years, I suffered constantly from Kidney Disease and Liver Trouble. My health was miserable and nothing in the way of ordinary medicine did me any good."
"Then I started to use 'Fruit-a-lives' and the effect was remarkable. All the pains, Headaches, Indigestion and Constipation were relieved and once more I was well."
"All who suffer from such troubles should take 'Fruit-a-lives.'"
"Madam HORMIDAS POISSY, 60c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa."

MOTHERS' ALLOWANCES

Toronto, Oct. 20.—In a statement given out from the office of the mothers' allowances commission, it is shown that at the present time there are 5,856 beneficiaries, with 7,978 children. Of the beneficiaries, 2,210 are widows, forty are wives whose husbands are in an asylum; sixteen women have husbands permanently incapacitated, a great many of these being in sanitariums for tuberculosis; forty-three are wives who have been deserted for five years or more, and seven are foster-mothers.

The city of Toronto has 551 cases, Ontario 202, and Hamilton ninety-eight. The total sum at the present time being expended is \$91,272.

HEALING CREAM

QUICKEST RELIEF FOR HEAD COLDS

Colds and catarrh yield like magic to soothing, healing, antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely, hawking and snuffling stop. Don't stay stuffy and miserable. Get a small bottle of Ely's Cream from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

U. S. MARKET IS GOOD FOR VALLEY

States Taking All the Apples United Fruit Co. Can Get Vessels For.

In view of the fact that the railway is hauling train loads after train loads of apples to Yarmouth and Halifax for shipment to Boston and southern points, A. E. McMahon, the general manager of the United Fruit Company, Limited, the largest shippers in Nova Scotia, was called up here and here is what he had to say.

The eastern and southern states are taking all the apples we can get. We are endeavoring for several days to get ships either steam or sail, to carry apples from Kingsport to New York, Boston and Baltimore, without success. Apple shipments from this valley this season approximate a quarter of a million barrels, being fully 80 per cent more than any previous year up this season. Markets in England indicate a firm market and an increasing demand; the same may be said of the United States. It keeps up there will be an apple famine in European and United States markets before spring.

In a later statement Mr. McMahon said that he had succeeded in chartering two steamers, one from Kingsport to Baltimore, to carry apples. These two ships will carry about ten thousand barrels.

Cuticura Insures Thick Glossy Hair

Shampoos with Cuticura Soap preceded by light applications of Cuticura Ointment to the scalp skin do much to cleanse the scalp of dandruff and promote the healthy condition necessary to producing luxuriant hair.

JO-BEL The Wonder Salve

After two years of unsuccessful endeavor to cure his foot, during which time he had one of his toes amputated and was advised to have all the diseased part removed, Mr. Ralph Cole, 5 Metcalf street, has been completely cured by using one box of JO-BEL wonder salve. Equally good for piles, eczema, itching and all skin diseases. For sale by all druggists. \$1.00 per box; trial box 50c.

Simple Way to Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 1612 Woodward Ave., Detroit, Mich.

Chicago, Oct. 20—Tex. Rickard was still working today on plans for a return match between Jack Dempsey and Jess Willard, following a conference yesterday with Dempsey and Jack Kearns. Rickard is said to be trying to complete Dempsey's end of the arrangements during a brief stay in Chicago. Rickard refused to divulge what went on except to say that Dempsey's signature had not yet been received. Dempsey yesterday broke his daily grind of training because of a cold. Physicians have ordered him to remain indoors the remainder of the week.

Have you Rheumatism, or Neuralgia, Sciatica, Lumbago?

The remedy is simple, easily taken and inexpensive.

Templeton's Rheumatic Capsules

Are guaranteed to contain no habit-forming drug and to be harmless to the heart, kidneys and other organs. Prescribed by doctors, sold by druggists, \$1.00 per box. Free trial at our agents' or write Templeton's Ltd., London, or Liver trouble or Rheumatism, it is all the same, Redmac is the best. Go to your druggist and get a bottle today, and be sure you get Redmac. A large generous bottle can be procured for very little money.

When Hair Thins, Fades or Falls, USE "DANDERINE"

38 cents buys a bottle of "Danderine." Within ten minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant. Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant.

LADIES! DARKEN YOUR GRAY HAIR

Look younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

EAT HEARTILY WITHOUT DREAD

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from indigestion or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills—the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES. BRIGHT'S DISEASE, GRAVEL, DIABETES, SACCHARINE URINE, NEURALGIA, RHEUMATISM, GOUT, MIGRAINE, HEADACHE, INDIGESTION, CONSTIPATION, URINARY CALCULI, STONES, SAND, GRAVEL, NEURALGIA, RHEUMATISM, GOUT, MIGRAINE, HEADACHE, INDIGESTION, CONSTIPATION, URINARY CALCULI, STONES, SAND, GRAVEL.

He Declares Redmac Relieved Him

After Five Years of Suffering

In a few weeks Redmac had me feeling like a brand new man, and I truthfully say it is the best medicine I ever heard of. For five years I have suffered with a pain in my back. It would take me suddenly, and I would scream with pain. My kidneys were all out of order, I had lost my appetite, and had several headaches at times. I was a wreck. A friend of mine who had taken Redmac for indigestion, advised me to try it. I have taken three bottles, and am now feeling fine. This is one of the many testimonials we get every day. We pass it on to you. If you are feeling the same or if your case is different, but you are not feeling right, you have indigestion, or Liver trouble or Rheumatism, it is all the same, Redmac is the best. Go to your druggist and get a bottle today, and be sure you get Redmac. A large generous bottle can be procured for very little money.

When Hair Thins, Fades or Falls, USE "DANDERINE"

THE EVENING TIMES AND STAR, ST. JOHN N. B., THURSDAY, OCTOBER 20, 1923

HYDRO MATTER IS AGAIN DISCUSSED

Proposition to Take Over the New Brunswick Power Company Brought Up at Representative Meeting Yesterday—Many Prominent Speakers Take Part—Power Ready in Early Spring.

An important conference in regard to hydro-electric distribution and other matters pertaining to the development at Musquash was held yesterday afternoon in the Board of Trade rooms, with Mayor Schofield presiding. After Premier Foster, Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, and K. H. Smith, of Halifax, had spoken, the meeting was thrown open for general discussion, which finally culminated in Premier Foster making a statement relative to the feasibility of taking over the New Brunswick Power Company. The premier wanted it understood that he was not advocating the plan. Another meeting will be held within a short time. Those present at the conference included Premier Foster, Hon. Dr. E. A. Smith, K. H. Smith, Commissioner Bullock, Frink, Thornton and Jones, Councillors W. Murray Campbell and W. Golding; R. E. Armstrong, Frank Parsons, Senator N. M. Jones, J. King Kelley, K.C., J. Hunter White, W. Frank Hatheway, C. W. Brown, Councillor J. H. Mosher, G. Hare, Barry Wilson, H. R. McLellan, F. A. Campbell, M. E. Agar, W. F. Burditt, A. H. Wetmore and others. Mayor Schofield took the chair and explained the purpose of the meeting. It had been called to discuss the hydro-electric development and the distribution of the power to be obtained from Musquash. The power commission was obliged by statute to offer the power to the municipality first, the mayor said. In round figures, the situation at present was that the commission would be ready to deliver power by next spring, and the estimated price the municipality will have to pay as a carrying charge was about \$200,000 per annum. That taken in an approximate amount of power of 8,000 to 10,000 horsepower. On the same basis of figuring it was costing the New Brunswick Power Company about \$228,000 to develop 6,000 horsepower by coal and steam, so there was a saving on the face of it of about \$28,000. Then there was conservation of coal and the extra 8,000 horsepower as well. The \$200,000 figure was power delivered at the switchboard at Fairville. The big question was: "How to get it to the consumer?" There was a proposition to let the power company handle the distribution. If the city must shoulder that job and go into competition with the power company, then it was estimated that it would entail an initial layout of from \$200,000 to \$750,000. It would mean the bankruptcy of the company.

Ready By Spring
Hon. Dr. Smith said that the opinion of eminent engineers had been obtained before the work at Musquash had been commenced. Several local engineers, the Mitchell firm, Henry Holgate, and others of international reputation, had advised on the project and all had been unanimous that a capacity of from 6,000 to 10,000 horsepower lay in the Musquash development. Both dams are practically finished now and it had been hoped to furnish current by the end of this year, but the slowness of the electrical firms to deliver plant had caused delay and it would not be until early spring that the power would be ready for commercial use. There was not a particle of profit to be made by the commission in this matter, Dr. Smith declared. The government believed that the natural resources should be developed for the good of all the people in the province.

In answer to a question, Dr. Smith said he had never heard of any guarantee by the commission of 8,000 horsepower.
K. H. Smith
The federal engineer, K. H. Smith, who is also engineer to the Nova Scotia Waterways Commission, said that what assistance he could give the meeting would be of a technical nature. He told of the development of hydro at St. Margaret's Bay in relation to Halifax, and this development was analogous to that of Musquash and St. John. The great problem was the distribution to the consumer. Halifax city council had solved this question to a degree in that the city council had definitely decided that it would take a certain portion of the output and there was strong reason to believe that an amicable settlement would be reached with the Nova Scotia Tramway and Power Company for the distribution of the current.

The reason the commission could give no guarantee about the output was purely a physical reason, as some seasons were dryer than others. In regard to cost, Mr. Smith said that there was a market in St. John for from 10,000 to 12,000 horsepower. He would say that \$38 would be a maximum cost per horsepower in St. John, and at present manufacturers were paying as high as \$100 per horsepower per year for the power company. Mr. Smith said that Niagara was not the only system in use in Ontario. There were at least ten other systems. Toronto paid \$18 per horsepower per year, Windsor paid \$38 per horsepower over a transmission of 200 miles. Sarnia paid \$36. Mr. Smith said that maximum capacity of the water wheels at St. Margaret's was 10,700. At Musquash it was 11,100. The speaker said he could well understand the scepticism in the maritime provinces in regard to hydro, but if the people could only see the remarkable use to which the Ontario rivers were being put, their doubts would vanish.

Premier Foster
Premier Foster said that his vision was along broad lines. He knew little of the technical side of the case but having seen the splendid progress made by cities that had taken up hydro, he had come to the conclusion that if we were going to get anywhere down here we should begin something of this nature at once.
When he became premier he had made

Substitutes Cost YOU Same Price.

\$1,750,000 5 p. c. bonds	\$ 87,500
1,000,000 1st Pfd. 7 p. c. stock	70,000
300,000 2nd Pfd. 7 p. c. stock	24,500
\$3,100,000	Total interest \$182,000
If the city could purchase the foregoing securities at the following prices the result would be as follows, city to assume interest:	
\$1,750,000 bonds at Int. 6 p. c.	\$ 87,500
1,000,000 1st pfd. at 80	800,000
300,000 2nd pfd. at 80	240,000
\$3,050,000	210,000
\$2,840,000	\$148,100

In addition there is \$2,000,000 of common stock outstanding represented in the purchase of the water powers of the Le-preaux and Magesguadivie rivers. What this stock could be purchased for from the holders is problematical, but assuming they would be willing to take \$20 per share it would be \$40,000 which, at 6 per cent would be \$24,000. Add to this the interest charges on the proposed new securities and it would make a total of \$112,000 against \$182,000 now paid, or a saving of \$70,000 per annum.
The purchase as above, would bring

have 3,000 or 4,000 horse-power available to sell to manufacturers, and which would bring an additional revenue very conservatively estimated at \$100,000.
To sum it up, the following saving will be effected to the public:
Difference in interest, payable on capitalization.....\$ 10,000
Interest on sale of water power to Hydro-Electric Commission, or on royalty basis, say..... 10,000
Sale of three or four thousand horse-power to manufacturers 100,000
Difference between what Power Company is allowed to earn—namely eight per cent. on \$3,100,000, equal to \$248,000, and the interest on securities to be issued under new capitalization as above, \$148,000..... 100,000
Total saving to city.....\$200,000

The difference between private ownership and municipal ownership certainly should not absorb this sum, but should produce decreased rates in lighting and street car fares.
A. H. Wetmore, W. F. Burditt and H. R. McLellan then spoke briefly, thanking the premier for his valuable suggestions. F. A. Campbell said that P. W. Thomson, general manager of the power company, had told him that the power house made a net profit of \$470 daily and even on this basis, it was a good proposition to take over the company. Commissioner Bullock wanted to know why the power company did not approach the city with an offer to sell out. To bring matters to an issue he was in favor of talking competition.
After Mayor Schofield had requested that each organization interested in the matter furnish him with the name of a representative, so that when another meeting be called they could be present, the meeting adjourned.

BROWN FOR MONCTON
Halifax, Oct. 19—A special dispatch from Ottawa to the Mail says that it has been definitely arranged that L. S. Brown, now assistant-general manager of the Canadian National Railways, with headquarters at Montreal, will be placed in charge of the International unit of the Canadian National group, with headquarters at Moncton.

Henri Bourassa announced yesterday (yesterday) of Labelle county. He explained that he will not be a candidate in the election that he is not in physical condition coming federal elections for the constitution to stand the strain of a campaign.

Founded on the Physique Type System: Semi-ready Tailored Clothes

WHEN Semi-ready Tailoring system was developed a quarter century ago, ready-made clothes had no standing.
A "ready-made" suit was decidedly and deservedly so.
Small retail tailor shops then flourished in every block. An average of 10 or 20 suits a week means a big overhead expense; and a good suit was costly, while a "ready-made" was a sorry affair.
A man with any pretensions to neat dress would not twenty-five years ago think of going into a ready-made shop for his apparel.
The struggle then was all for cheapness. Manufacturers vied with each other to see how cheaply they could turn out a suit for a retailer to sell at \$9.98 and still make a handsome profit on each sale. The inevitable trend was the sacrifice of quality and durability. The cheapest, tawdriest materials were used, and wherever any part of the work could be omitted without the buyer discovering the trick, the omission was considered quite in the game.
It was the idea that men were willing to pay a fair price for quality and good workmanship that was the basis of the Semi-ready policy.
The conception of the physique type system, which meant that every shape of man could have his own suit, shapely designed to fit him, was, of course, the main idea. But this alone would not bring success to a new venture.
That shoes of the best leather were made in large factories and made better in style and in fitting quality than the ordinary bench shoemaker could make them had been proven. Then why not suits and overcoats?
Within a decade of the conception of the Semi-ready idea Canadians were considered the best dressed men in the civilized world. And they are today.
That men will pay a better price for what they know and feel to be a better article is true today and always. Intelligent men know that a good workman is worth more because his product is substantial and lasting.
The physique type system assures a well-fitting suit or outer garment. It is based on a physiological study of mankind—allowing for the physical shapes caused by occupation and environment. There are:
Semi-ready Suits designed for short or slight men.
Semi-ready Suits for short, stout men.
Suits for the average man who keeps his weight right for his stature.
Suits for tall men.
Suits for tall stout men.
Suits for fat men.
Suits for chesty men, and others for men of large girth at the waist.
Naturally the designer has to make patterns to fit each variation of type—the Erect, the Stooping, the Sloping and the High Shoulder.
And when the suits are tailored to the try-on stage he must leave outlets for alterations to fit any variation from the type for which the garment is designed.
A suit designed for a coal miner, whose burly shoulders are sturdily developed, could not be made to fit an office man, or a man whose work has developed his hips rather than his shoulders.
It was quickly found that the most expensive wools, the finest and purest wool cloths, could be made up into suits by the tailor in the Semi-ready Shops without any risk. They would find an admiring buyer.
No man who thinks wisely or who has taste and discrimination in clothes can but admit that the Semi-ready Shop can fulfil his most particular need.
The good clothes shop is on a higher plane.

RHEUMATIC PAIN
Rub it right out—Try this!

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub us misery right away! Rub soothing, soothing "St. Jacob's Oil" directly to the sore, stiff joints and muscles. Relief comes instantly. "St. Jacob's Oil" conquers pain. It is a harmless, harmless remedy which never disappears and does not blister.
Linger up! Quit complaining! Get a small trial bottle of old-time "St. Jacob's Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. Get it! "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

DIED TODAY.
The death of Mrs. Rachael Spellman occurred at an early hour this morning in the Epidemic Hospital, of diphtheria. She was aged forty-six years, and is survived by her husband, three sons, three daughters; her mother, Mrs. John Calvin of Grand Bay; four brothers and four sisters. Many friends will be sorry to learn of her death and will have deep sympathy for those bereaved.

PHONE COMPANY STOCK.
Senator Thompson, Fredericton, Senator Todd of St. Stephen, Col. F. B. Black of Sackville, and Richard O'Leary of Richibucto, who comprise the executive board of the N. B. Telephone Co. are in the city today for a meeting to receive the secretary's report on the last issue of stock of the company to the subscribers. It was said today that the report was very satisfactory, practically all the issue being taken up by the subscribers.

IN CHANCERY.
In Chancery this morning, before Mr. Justice Grimmer, the case of Fenton vs. Kelleher et al. a dispute as to a property title, was resumed, B. S. Smith acting for the plaintiff, and J. F. H. Teed for the defendants, Allen Alberts, Jennie Alberts, and John Hudson. Kelleher made default of appearance.

Mr. Smith proposed to prove a complete documentary title in the plaintiff, and submitted documents to that effect. Mr. Teed proposed to show title by possession in the defendants, Allen Albert and Jennie Albert, and that Mr. Hudson had a valid title to a piece of property purchased from them.

Mr. Fenton, who purchased the property in 1919, gave evidence.

Application was made by Mr. Smith to have the evidence of Mrs. Arnold taken by affidavit, owing to age and illness, she was unable to attend court. Court adjourned till 3.30 this afternoon, when the matter of the affidavit will be further considered.

FINANCES NEED STRENGTHENING

Report to Religious Education Council—This Morning's Session.

At the session of the Maritime Religious Education Council presided over by J. A. Clark in Centenary church this morning, a devotional service was led by Prof. Smith. Mr. Smith gave a talk on "Famous Sunday school hymns, old and new". Some of these hymns were sung by the gathering in a stirring manner.

The financial report was presented by the treasurer, Robert Reid of St. John. The total allotment of the counties of the maritime provinces for the fiscal year ended October 31, was \$10,650. Of this amount only \$6,299 had been paid in, leaving a balance of \$4,351 due. Mr. Reid made an appeal to the delegates to do all in their power to have the allotment of their schools paid up before the end of the fiscal year. The liabilities amount to \$3,162, a balance of \$288.98 in hand.

There was considerable discussion of this report. It was pointed out that the allotment per school was considerably raised this year, so that already the schools had paid in more than ever before. Speakers also promised to try to have the allotments paid in. A few of the counties had paid their full amount and in one or two cases had gone over. As these names were read the audience enthusiastically applauded.

The report of the General Board and Executive was presented by L. W. Simms. Mr. Simms told of the work accomplished at the meetings of the board and spoke of adding to the staff in children's work. He said that the financial situation was serious but not hopeless. "United effort will win out," said Mr. Simms, amid the plaudits of the delegates.

He urged the strongest support in all departments.

The work in field and office was described by Rev. W. A. Ross, general secretary. He told of the work which he and his staff were doing. Miss A. H. Harrison had been charge of the children's work since August, thus relieving the secretary's office of this duty.

Rev. C. Gordon Lawrence of Hampton expressed his appreciation of the reports which had been presented. He said that although the council might be badly off financially there were scores of other associations which were worse off. He advised the members to avoid rubbing the sore spot in finance but to look at the bright side; for instance to look at the greatest years' work accomplished in the history of the council. He optimistically declared that the people of the maritime provinces would not let the work be dropped.

The meeting then adjourned to specialisation conferences. A children's work division was led by Mrs. S. B. Wass. The speakers at this conference were Mrs. A. E. Morrison, Mrs. J. A. Clark, Mrs. E. Val Tilton, Mrs. A. H. Whitman and Mrs. R. T. Mawhinney. The theme of all the addresses was "unity shows your work improved." The Teen-Age Girl Workers' class led by Mrs. J. A. Clark and the Teen-Age Boys' by A. H. Chipman. Rev. W. C. Machum led the young people's division.

MORE ARRESTS

Fred E. Gallant was before the police magistrate this morning charged with acting together with others and breaking and entering the tailor shop of E. R. Taylor, 43 Union street, West Side, on September 2, and stealing cloth to the value of about \$400. He was remanded without any evidence being taken and he was not asked to plead.

Yesterday afternoon in Fairville Detective Biddiscombe, Inspector Stephens and Special Investigator Costello of the C. P. R. arrested Chester Arbo on a warrant charging him with breaking and entering a C. P. R. car at Fredericton Junction on September 28 and stealing therefrom shoes. Arbo was taken to Fredericton Junction this morning by Special Officer Costello and will be given a preliminary hearing before Magistrate Smith.

Both these arrests arose out of the case against George V. Parker, the Mill street barber, charged with being the receiver of stolen goods knowing them to be stolen. Further developments are expected.

CITY ENGINEER SAYS NOTHING TO CAUSE WORRY

(Continued from page 1.)

To the mayor, Mr. Jones said that he did not think the city inspector, Mr. Blake, was on the job when the leak occurred. He said that Mr. Ballentyne had general supervision over the whole job, but no report of the matter had been made to him. Mr. Jones said he received a daily report from Mr. Blake, but he did not get similar reports from Mr. Ballentyne.

Mr. Bullock said that all inspectors should have made daily reports. He said that citizens had reported that there were eighteen or nineteen defective joints put in the line.

Mr. Bullock refused to comply with Mr. Jones' request for names of those reporting the matter to him.

The City Engineer.

To Commissioner Bullock, the city engineer said that cracks might not have shown when the pipe was completed, but when the water was turned on, a seepage occurred. He said that the pipes could not burst, and if a leak occurred, the leaks could be covered by a hand of concrete. The defective pipe stretch had been shocked in handling. He said it was impossible to remove a joint and replace it and make a good connection.

The engineer said that he certainly expected leaks in the work. He did not know the work on a patched job. There was no departure from the specification. A small amount of clay placed in the trench was used to make the pipe denser, to make up for clay which was absent from the gravel, which was brought from the Bay Shore.

The mayor thought that when a thing of this kind occurred, the matter should be reported to the commissioner, and reported by him to council.

To Commissioner Frink, the engineer was aware of the condition that existed. The contractor, he said, must maintain the pipe for three years after it was handed over to the city.

To Dr. Frink, Mr. Jones said that he did not mean to convey the impression that his staff was not loyal to him.

The engineer said that the people need not worry that they were not getting a first-class job. He said that the suspected pipe was within a 200-foot stretch and every care was taken to make sure that no trouble would develop in that section.

CITY ENGINEER

Commissioner Thornton read a joint report from the city engineer and the city electrician on the matter of the proposed elevator for city hall. The Furnball Co. bid was \$1,900 lower than that of the Otis-Fensom Co., but the alteration of the former's plan to a higher speed motor would reduce the difference to \$1,500. The suggested that, when it was decided regarding the type of the car required, the width of the stairs to allow for entrances to the proposed elevator and chamberlain's office and the final layout of the plan, new bids be asked from both these companies. Mr. Thornton moved that this be done.

Commissioner Bullock was of the opinion that the prices would be lower next spring, and he thought that the present inconvenience could be put up with until the spring, which would be a better season in which to upset the building, as it would not interfere with the heating.

Dr. Frink emphatically expressed the fact that he did not like the policy of drifting. He said that the matter had been up time and again, to his knowledge, for the last twenty years.

Commissioner Thornton's motion was carried.

The mayor explained that it was possible to move the committee room to the top floor and the present committee room could be used as an extension to the chamberlain's office.

THE FERRY MATTER.

Commissioner Bullock reported that he had taken up further the negotiations with Senator Thorne in connection with the use of his property while piloting operations were carried out on the east side boats. He said that J. Roy Campbell, acting city solicitor, had written Mr. Thorne, asking him (1) to name a price for the purchase of the property required by the city; (2) to state on what terms he would rent it to the city; and (3) if he would allow the city to occupy the property while repairs were being made and what charge, if any, he would make for such use.

Mr. Thorne's Reply.

The commissioner said that the ferry superintendent had seen Senator Thorne, who told him that he did not wish to stop the city work, but thought that the city should pay for the property occupied. He said that he was in favor of expropriation, but was of the opinion that this had been dropped by council.

In reply to the acting solicitor's letter, the senator said that he would name a price for the purchase of the property and would state what property it required, the same thing applied with regard to leasing it. He understood that \$1,000 had been mentioned when the matter of lease was discussed previously. Regarding the use of his property for the purpose of effecting repairs, he said that if the city purchased or leased the strip required for the ferry wharf, he would allow the use of his property without remuneration, provided his tenants were put to no inconvenience.

Mr. Bullock moved that he be authorized to negotiate further for the purchase of the property, but, on the suggestion of Commissioner Frink, he agreed to amend this to a negotiation for the use of the property, and the motion carried.

BURIED TODAY.
