

AMERICAN MOVEMENT FOR PEACE

Meeting Held In New York Yesterday To Incept Nation Wide Campaign In Favor Of British Treaty.

New York, March 31.—A meeting which its sponsors hope will result in the inauguration of a nation wide movement to arouse public sentiment in favor of the ratification of the proposed arbitration treaty between this country and Great Britain, was held today at the New York Press Club.

It was attended by representatives of peace societies and of commercial, financial, religious and other interests. Resolutions were adopted endorsing President Taft's peace plan, and providing for the appointment of a committee of 260 to further the movement.

Col. John J. McCook, long identified with the peace movement, presided over the meeting, and addressed in support of the idea embodied in the resolutions were made by John Temple Graves, Dr. William C. McDowell, president of the League of Peace, Theodore Marburg, of Baltimore, secretary of the society for the judicial settlement of international differences, A. B. Leonard secretary of the board of foreign missions of the Methodist Episcopal church, Hamilton Holt and others.

John Devo, representing various Irish societies, voiced the only objection to the passage of the resolutions. He held that the ratification of such an arbitration treaty between Great Britain and the United States as was proposed, would make for war and not for peace. It would be interpreted, he contended, as a treaty of alliance at which other nations, notably Germany, would take offense.

The resolutions as adopted provide for a request to the mayor of every city, and the sheriff of every county in the country to call public meetings for the passage of resolutions supporting the arbitration plan. These resolutions are to be forwarded to United States Senators and Congressmen.

It is intended to fix a date for the public meetings, to be held in every city, and to be held in London, so that the meetings in advocacy of the Anglo-American treaty here and in Great Britain shall be held simultaneously.

Sympathy with the movement was expressed in letters received from prominent men who were unable to attend today's meeting. Among these were Dr. Charles W. Eliot, president Emeritus of Harvard university; Samuel B. Capen, president of the American board of commissioners for foreign missions; John Barrett and Francis Lynde Steierson.

TORONTO WILL BE THE MEETING PLACE OF I.O.F.

All Supreme Court And Executive Council Meetings Of The Order Will In Future Be Held There.

Toronto, March 31.—Supreme Secretary-treasurer Matheson of the Independent Order of Foresters of the order of the supreme court and executive council will be held in Toronto instead of being taken all over the continent. This will mean a saving of many thousands of dollars to the order, and will be a great convenience to delegates, as all the records and documents of the order are here. The next meeting will be held May 2nd, when the matter will be taken up and this phase of it approved.

FAMOUS PAINTING LOST TO BRITAIN

Rembrandt Purchased By American — British People Would Not Subscribe Enough Money To Keep It.

London, March 31.—The time limit of the nation's option on Rembrandt's painting "The Mill" expired tonight. Only a small fund had been raised to purchase the picture, and it therefore will go to an American. The painting is owned by Lord Lansdowne. He was offered \$200,000 for it by an American whose identity is unknown, but offered to let it stay in this country if the people would raise \$475,000 for its purchase. This they have failed to do.

CITIZENS' COMMITTEE DISCUSS SITUATION

Friends of Commission Met Last Evening and Heard Reports from Different Wards—Much Dissatisfaction Expressed Over Present Conditions, but no Great Enthusiasm for New Plan.

About fifty members of the Citizens' Committee met in the Board of Trade rooms last evening, heard reports from the various wards, and endorsed the action of the committee which had charge of the plebiscite bill at Fredericton, and took no action on a suggestion to run candidates in opposition to certain aldermen not named.

Some of those present seemed to think that it was rather unfair that a ballot of a voter who ignored the plebiscite should count for the present system, but the chairman, W. H. Barnaby, Miles E. Agar, J. A. Belyea, and others deprecated any appearance of trying to secure a petty advantage, stating that they would not feel like asking for a commission unless it secured a substantial majority of interested voters.

After the meeting had been called to order, Mr. Barnaby called for reports from the wards.

Ward Reports. Frank Flowering of Lorne ward, said they met on Tuesday and Friday, but had made much progress, owing to the lack of lists. The great majority of voters canvassed were in favor of commission.

W. G. Gagey of Stanley ward made a similar report.

A. M. Rowan of Lansdowne said they had been unable to have a good meeting. He was satisfied commission would carry by a large majority.

W. D. Baskin, Guys ward, said they didn't expect much enthusiasm until the two weeks preceding the election. They had the hardest district to manage, but did not find much opposition.

D. Fred Fisher of Dukes ward said his ward had made more progress than the others reported. He had some figures, but did not know whether it would be wise to give them to the press. He thought there was a great deal of dissatisfaction with the Commission Council.

Timothy Donovan, of Brooks, said the meetings were not well attended. He thought Carleton would be a hard battleground, and that they ought to have a public meeting before elections on the West Side.

W. Deek, chairman of Prince, was not present, but David Magee said he had only met one man opposed to the commission.

W. J. McGraw, of Wellington, reported dissatisfaction with present conditions.

Dr. Wetmore of Kings was not present, but it was said there was a good organization there.

W. A. Stolper, Dufferin ward, read the account given by the Globe of the organization meeting which had been reproduced in The Standard.

David Magee remarked that The

Standard should confine itself to its own report.

At the suggestion of the chairman, the file of The Standard was turned up, but the report had been cut out.

E. F. Greary gave a favorable report of affairs in Queens.

Other wards were reported to be in process of organization.

Wanted Reporters Excluded. L. P. D. Tilley came in and said he did not think it was good policy to have the press present.

The chairman said they had nothing to conceal and personally he did not care if all the proceedings were published broadcast.

Mr. Tilley—So long as they are reported accurately.

Mr. Barnaby then urged the ward chairmen to strenuous efforts.

Walter Allingham said that all the unions affiliated with the trades council had voted unanimously for the commission form of government.

The trades and labor council represented about 2,500 men, and it was estimated that 2,100 would have the right to vote at the election.

A. M. Rowan said there was some doubt as to what the majority clause in the plebiscite meant. Some said it was merely a majority of the votes cast for or against commission, others that it meant a majority of all the votes cast, including those not marked for or against commission.

A long discussion ensued. One speaker said he understood the commission ballot would not be attached to the aldermanic vote. But it was explained that the plebiscite question would be printed on the regular aldermanic ballot.

The chairman said the vote should be decisive. He would hesitate to force the commission upon the citizens if it only had a small majority.

Mr. Magee said a man does not mark his ballot does it count for the present system?

Some said this would be the case, but Mr. Tilley said a ballot not marked one way or the other would not count at all.

Ald. Lively said that if 100 ballots were scratched would outweigh 100 ballots scratched in favor of commission. It was unfair to the commission movement.

Should Accept Premier's Advice. Dr. Walker pointed out that the premier had advised them to have the ballot marked simply for or against the commission. He thought the discussion showed that they should have accepted the premier's advice.

P. Gramman said a man who did not vote was not a citizen.

TO REGULATE THE SPEED OF AUTOMOBILES

Amusing Discussion Over Bill In Local House—First Division Expected Tuesday Evening—Declaration Day.

Fredericton, March 31.—The House adjourned this afternoon until Monday, and there will then be a rush to get through with the business before Easter.

The budget debate is still being carried along from day to day on the order paper with Hon. John Morrissey as the next speaker.

The House will get into supply on Tuesday evening when the first division of the session is expected to take place.

Declaration proceedings in the York county bye election will take place tomorrow morning, and Dr. O. E. Morchese will be introduced in the legislature on Monday or Tuesday.

There was not much doing in the House during the afternoon, the new bill to regulate the running of automobiles was under consideration, and brought forth a rather amusing situation.

Mr. Legere, Westmorland, seemed to regard auto laws about the same as the Scott Act prohibitory laws are very often regarded.

He wanted the maximum placed at 15 miles per hour, but he said they will be able to go as fast as they like.

Fredericton, March 31.—The House met at three o'clock.

Mr. Munro submitted the report of the municipalities committee.

Hon. Mr. Hazen presented the petition of residents of the Parish of Shediac, protesting against the present use of motor vehicles on the streets and highways, and asking legislation to restrict their use to four days in the week or less.

Hon. Mr. Hazen presented the petition of the New Brunswick Dental Society in favor of their bill to amend the Acts relating to registration and qualification of dentists in the province.

Hon. Mr. Hazen introduced a bill to vest in the Grand Falls Co. Ltd., the property, rights, privileges and franchises of the Grand Falls Power Co. Ltd., and of the Grand Falls Water Power and Boom Company.

Hon. Mr. McLeod presented the petition of John E. Stewart in favor of the bill to incorporate the St. John River Electric Power Company.

Mr. Jones presented the petition of the mayor and town council of the town of Sussex in favor of their bill to amend the Acts relating to water and sewerage purposes.

Hon. Mr. Maxwell presented the petition of Ellen M. Gray, Nellie Askere and others, in favor of legislation for the care of neglected children.

The House went into committee of the whole, Mr. Prescott in the chair.

Bill to authorize the municipal council of the city and county of St. John to create sinking funds was agreed to with amendments.

The Alms House farm at St. Andrews and to enable the city of St. John to exempt the cotton mills of the Cornwall and York Cotton Company, Ltd., from taxation for a further term of years, was agreed to.

A bill to authorize the town of Woodville to borrow money for the improvement of streets was considered, and progress reported.

After these bills were reported the House went into committee of the whole, Mr. Pinder in the chair.

COUNTING THE COST OF CANADA'S PRIVATE CARS

Operation of Sir Wilfrid's Private Car, Last Year, Cost the Country \$1741, and that of Hon. Mr. Graham \$1266—Interesting Discussion in Dominion Parliament.

Special To The Standard. Ottawa, Ont., March 31.—The budget speech probably will be delivered on Tuesday next.

That announcement was made by the minister of finance at the opening of the sitting this afternoon.

"This is about the first time in the history of Canada," remarked Hon. G. E. Foster, "that a finance minister has allowed fifteen months to go by without a financial statement."

An interim supply bill for \$47,500,000 was passed. It covers April and May for all departments and the whole year for some departments.

It is very improbable that the Bank Act will be raised this year. This was indicated by the minister of finance in reply to Haughton Lennox, who urged the importance of proceeding with it early.

"When I made a previous statement," said the minister, "I had hoped that the bill would go through. I would still have hope of doing that, but I still have a reservation now. It will depend on the progress we make with the business of the House."

There was a discussion of "private" and "official" cars in general. It came out that there are now four government cars—N. T. R. commission, one; board of railway commissioners, two; I. C. R., three. The operation of the premier's car last year cost \$1741 and that of the minister of railways \$1266.

Haughton Lennox added up the list of "official" cars and made it 12, including His Excellency's.

A little later the minister of marine matched the minister of railways by announcing an increase in pay for the light-house keepers. The increase, he said, would be from 15 to 25 per cent. The total involved is \$50,000.

Mr. Brodeur soon found himself involved in a long debate over the building of the icebreaker Earl Grey.

Dr. Reid declared that whenever the minister desired to buy a ship, he got Lewis, of Lewis Bros., in Montreal the manager of the Liberal campaign fund in Quebec "to get it for him."

"No, no," objected Mr. Brodeur. "I know," retorted Dr. Reid, "the minister will say that Lewis is agent for Vickers Sons and Maxim."

Dr. Reid also stated that the naval architect of the department, Mr. Duquoy, was formerly in the employ of Vickers Sons and Maxim and then went on to condemn the minister for not giving the contract to a Canadian company.

Mr. Brodeur in reply asserted that the Earl Grey was built by public tender. He denied that any improper influence had been used to obtain the contract for Vickers Sons and Maxim.

General Election In Sister Province Expected Before First Of June—Session Has Been Busy One.

Halifax, Mar. 31.—The provincial legislature was prorogued this afternoon. It was the 5th session and the general elections are expected to be held on or before the first of June.

During the session 230 bills were introduced, of which 160 passed. Among the more important measures mentioned in the closing speech from the throne were amendments to the coal mines regulation act; the act codifying the law of partnership; the act authorizing the granting of aid to electric railways; the act to prevent the introduction and spread of insects, pests and plant diseases destructive to vegetation; the amendment to the act respecting public utilities; the act for the prevention of accidents by fire in hotels; the act relating to the means of egress to theatres, moving picture theatres and other places of amusement; and the act respecting neglected and dependent children.

Justice O'Gorman received 112 votes out of 192 cast, Chauncey M. Depew, his Republican opponent, received 80. Total vote cast, 192. Necessary to a choice, 97. A few minutes before his election Justice O'Gorman filed his resignation as a justice of the supreme court at the office of Secretary of State Lazinsky. Following the election the legislature adopted a concurrent resolution adjourning until April 17.

Charles F. Murphy, the Tammany Hall boss, came here early today to marshal his forces to secure the election of Justice O'Gorman, Senators Saxe and White, went into the Democratic caucus with several insurgent assemblymen and O'Gorman got 63 votes on the first ballot. Then the nomination was made unanimous.

Albany, N. Y., Mar. 3.—Supreme Court Justice James A. O'Grady, of New York, a Democrat, was elected United States senator by the legislature tonight on the 64th joint ballot after a deadlock lasting since Jan. 17.

JAPANESE SCHOONER IN PERIL

Terrible Voyage Of The Chofu Maru — Sailors Forced To Drink Salt Water Fell Victims To Scurvy.

Seattle, Wash., March 31.—The Japanese schooner Chofu Maru, sent from Yokohama to the South Sea Islands, had a terrible voyage during which five men died of scurvy. Twenty others were greatly emaciated when the schooner put into Yokohama just before sailing of the Awa Maru for Seattle, according to reports brought by that steamer, which has just arrived.

After a call in Caroline, the schooner left Parao Island on January 9 for Japan and soon encountered a hurricane, she drifted aimlessly about the Southern seas for a month, the crew of 25 being short of rations, but one cup of water a day, for each man.

On February 11 the water was exhausted and the unfortunates used salt water. One after another five of the crew succumbed to scurvy, the captain and one other dying within sight of home. The survivors were literally skin and bone and doctors sent on board had to carry them from the vessel.

INSPECTOR DEW WON IN LIBEL SUIT

Gets Verdict For \$200 In Action Brought Against London Chronicle In Connection With Canadian Trip.

London, Mar. 31.—The King's bench division today awarded \$200 damages to former Inspector Dew, of Scotland Yard, for satisfaction of the libel suit which he brought against the Daily Chronicle in connection with the Crippen murder case.

The alleged libel was contained in a cable despatch to the Chronicle from Quebec in which it was asserted that Dew had informed the correspondent that Crippen had confessed and told him the whole story of the murder of his wife, Belle Elmore, the actress. Dew testified that while in Canada bringing back Crippen, he made absolutely no communication to the press or public in regard to the case and that he had been made to appear as committing a serious violation of confidence. He admitted that he had 9 similar suits pending.

JAPAN'S REPRESENTATIVES AT KING'S CORONATION

Tokyo, April 1.—The armored cruiser Kurama and the protected cruiser Tone left here today for England to represent Japan at the Coronation of King George.

THE MOROCCO REBELLION. Fez, Morocco, Mar. 21.—The rebel Beletir tribesmen have defeated a government force, killing 27 soldiers and wounding 50. This rebel success has resulted in a number of other tribes which hitherto had been neutral joining the revolt.

A GAIN IN CUSTOMS REVENUES

ST. JOHN'S NEW APARTMENT HOTEL

The above is an exterior front view of the new "Prince William Apartments" Hotel, upon which work will be commenced this month. Specifications are now being drawn by Mr. F. Neil Brodie, architect, and tenders for the alterations and repairs will be called in a few days. This property has recently been purchased by a company known as the Prince William Apartments, Limited, and it is expected will be opened for occupation about September 1st. Mr. L. P. D. Tilley and Mr. Brodie recently visited New York and inspected a number of apartment hotels with a view to having the above structure completed in an up-to-date manner. The management are very much encouraged by the fact that already a large number of names have been listed with the company by prospective occupants.

Advertisement for 'The Coronation Spoon' by Henry Birks & Sons, Montreal. It features an illustration of a spoon and text describing it as the most popular souvenir spoon of the year 1911, made of sterling silver gilt coffee spoon size, with an historical card and an Easter greeting card.

Advertisement for 'The Perfume Store' by Bardsley's Pharmacy, 109 Brussels St. It advertises a new stock of the latest and best New York perfumes and sachets, and includes an illustration of a perfume bottle.

Advertisement for 'Prizes for Coupons' by King George Coronation Brooch. It describes an exquisite, fine made pearl-encrusted brooch, the centre shows the arms of England, Scotland and Ireland, encircled by a pearl band. It offers 70 Tiger Tea Coupons or 15c in stamps and 40 Coupons, or for 30c in Postage Stamps.

St. Stephen's Cadets Entertainment. An enthusiastic audience greeted the Scots Company of St. Stephen's church, last evening when they gave an excellent entertainment of drills, tableaux, music and literary numbers. In the different drills the boys gave a splendid exhibition; the boys made a fine appearance, and went through the various movements with precision. During the evening Rev. Gordon Dickie and Major James Huchman made addresses complimenting the boys on their work. Steve Hurley gave a reading and solos were sung by Miss Vanwart, and Geo. Titus. Four interesting tableaux were given representing four different changes in uniform. The Cadets Corps has had a very successful career. It was organized in 1890 and since that time over 1,500 boys have been connected with the corps and a large number of former cadets were present at last night's entertainment.

Mrs. Abigail Munro. The death of Mrs. Abigail Munro, widow of the late Daniel Munro, took place on Wednesday last in Denver, California. The deceased had attained the advanced age of 90 years, the greatest part of her life being passed in this city. She is survived by one brother, Albert Winchester, of this city and by several grandchildren.

The Fredericton Trip. J. A. Belyea then reviewed the work at Fredericton corroborated Mr. Agar's statements. He thought they were assuming a big responsibility, and should make certain they had the people behind them. Col. A. J. Armstrong said that they ought to decide upon what majority they ought to have. He did not think they were prepared to consider that point. Mr. Agar said the bill provided that a majority was sufficient. A. M. Rowan said the great trouble was apathy of the people. Seventeen aldermen could govern the city well if they had the people behind them. He did not think they should be entitled to much consideration. At Mr. Agar's suggestion Mr. Allingham and Mr. Baxter moved a resolution of the committee in regard to the plebiscite bill be confirmed, and this was adopted.

Don't Decide Hastily. Mr. Agar said that in your selection of jewelry from our large and varied assortment which comprises the newest and most artistic effects from English, French and American producers and includes Brooches, Scarf Pins, Necklets, Vell Pins, also an exceptionally nice line of watches.

Were Well Received. At Fredericton they received the kindest attention from the city, the premier and legislature. They had everything their own way and could have got anything they asked for. If they didn't get what they wanted, it was their own fault. Continuing, the chairman said he thought Mr. Baxter would be a good man to consult with, owing to his knowledge of civic affairs.

DIED. McLEOD—At Penobscus, Kings Co., on the 20th inst., Nancy E., widow of Melbourne McLeod, aged 71 years. Funeral from the residence of David R. Willet, 114 Elliott Row, on Saturday, 1st April, at 2:30 p. m.

Mr. Tilley said the chairman had not mentioned that Mr. Baxter had

CITIZENS' COMMITTEE TO REGULATE SPEED OF AUTOMOBILES

Continued from page 1. The chairman said that it was understood that if 2400 voted for, and 2400 against, commission that an additional 200 aldermanic ballots which might not be marked for or against commission would count against commission. He thought they should not worry over the question as they should not ask for the commission unless they had a sweeping majority. Mr. E. Agar said they were not interested in technicalities, or should strive to secure a patry advantage. They were proposing a radical change if they could not get a clear majority of all the voters to mark their ballots for commission they should be content to continue the ordinary campaign. "We had," he added, "it in our power to debate our terms at Fredericton. The bill is ours, just as we wanted it. He was anxious that there should be dissatisfaction with the work of the committee. In reply to Mr. Magee, Mr. Agar said a ballot not marked counted for the present system.

Mr. Leger (West) agreed that the speed should be reduced. Mr. Robinson said the latest method of speed restriction was by setting traps in order to find out if the autoists were exceeding the speed limit. A man would stand at one point, get his stop watch and signal to a confederate a certain distance away who would stop his watch when the speeding autoist passed him. This could be done here. Hon. Mr. Fleming thought the lives of our people should be fully protected and ample restrictions placed on the speed of automobiles. He thought that the machine should be slowed down to at least 20 miles an hour when within 100 yards of a curve. He wanted the speed reduced to a mile in four minutes. He insisted on a reduction of the speed limit, and said the fine for over-speeding was not high enough. Col. Belyea said the only way to restrict the speed was to let the roads fall into the condition they were in 1907. Mr. Leger moved an amendment so that the section stating that the speed should not exceed one mile in two minutes should read "one mile in four minutes." The amendment was lost. Hon. Mr. Robinson—Would my honorable friend feel safer if he skated over this ice quickly or slowly? Hon. Mr. Fleming—Unlike my honorable friend, I never get on this ice.

Mr. Slipp presented the petition of Donald Fraser and others in favor of their bill to incorporate Fraser's, Limited. Hon. Mr. Hazen introduced a bill to amend the Act relating to liquor licenses. House adjourned at 5:40 till Monday next.

Mr. Tilley said the chairman had not mentioned that Mr. Baxter had

Mr. Tilley said the chairman had not mentioned that Mr. Baxter had

N.B. TELEPHONE INVESTIGATION

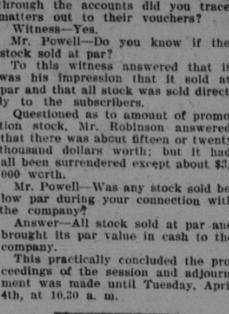

Two Witnesses on the Stand in the Course of the Hearing Before Public Utilities Commission, Yesterday.

The public utilities commission met yesterday in the Admiralty court and continued the hearing into the N. B. Telephone Company's affairs. Very little of importance transpired at either session. The morning was taken up with the examination of the tolls and rentals of the St. John exchange received monthly beginning May, 1906, and showed by comparison with the annual reports of the accounts shown in the latter as revenue corresponded with the amounts in the company's books and not the actual amount collected. The rentals and tolls from April 1st, 1910 monthly, were then given. Witness showed that \$373,000 in stock of the N. B. Telephone Co. was paid for the transfer of the Central Telephone Co. There was no cash paid, they simply exchanged their stock for N. B. Telephone stock. No Allowance for Depreciation. There was always considerable depreciation in stock, witness said, but he could not give the average depreciation, but considered that the system of depreciation was not correct. It would be lessened by laying the cables underground. In reply to Mr. Powell he stated that he had not seen anything on the books written off for depreciation, except one amount of \$20,000 and another for \$9,000. Telephone experts generally put the average depreciation at six or seven per cent, annually. Questioned by Mr. Powell as to whether or not there was some ratio between the amount of depreciation and the revenue, witness asserted that larger earnings would mean increased investment, and consequently increased amount of depreciation, affecting the total but not the percentage. In the St. John exchange the depreciation had worked out as follows: Poles and their equipment—8 1/2 to 9 per cent. Underground conduits—2 1/2 per cent. Cables in conduits—6 per cent. Aerial cables—12 per cent. Switchboards—8 per cent. Instruments—10 per cent. Private exchanges, etc.—15 per cent. Building—2 per cent. That the depreciation did not show in the old books was due to their method of bookkeeping, by which it was charged to maintenance. The witness found difficulty in replying to a question as to whether, relatively to income, the depreciation was more rapid in towns or county districts. Previous to the merger, the witness thought about half of the investment of the N. B. T. Co. would be in the city of St. John. Previous to the merger the earning power of the N. B. T. Co. in relation to the investment was very large. They had the cream of the province. Mr. Powell—Then, taking in the Central was a disaster? Witness—I did not say so. Mr. Powell—At the time the Central plant was turned over to the N. B. T. Co. could it show any net earnings? Witness—Yes, according to the auditor's statement. Mr. Powell—You believe that? Witness—I believe the auditor's statement. Central Made a Profit. Mr. Powell—If you had allowed for the depreciation, including that on the lines you had in operation, could you have shown a net profit? Witness—I could not say definitely without going into the matter thoroughly. In my opinion the Central company was earning money and making a profit. Mr. Powell—Did you not add practically all the lines you had in operation you took over to the capital account? Witness—Yes, but we did not have to rebuild all of them. Mr. Robinson promised to produce a statement of the mileage of the long distance lines in the province and the commission then adjourned until 2:30 p. m.

The afternoon session did not reveal anything of special importance in the investigation. The principal part of the proceedings consisted in the reading of the statements of the expenditure made by the Central Telephone Company. The witness stand was again occupied for a short time by Oty Fraser, but after a few questions put by Mr. Powell, he was permitted to retire. Mr. Powell then stated that he could not think of anything more that he desired to know, except to ask for the capital expenditure made on the St. John exchange for the years 1906-07 and 1909-10. At this stage the counsel for the Telephone Company claimed that they thought Mr. Powell had spent much time with statements which had proved nothing against the company. When adjournment had been asked for last week, they understood that Mr. Powell would today make some general statement which would serve as a basis for them in preparing their defence; but he had produced nothing to the detriment of their clients. Some allegations had been made, but they could not be expected to answer, as no conclusions adverse to a general company could be deduced from Mr. Powell's procedure thus far, and they considered that Mr. Powell should have given some idea of the course he proposed to pursue. In reply Mr. Powell said he had proved what he had set out to prove. He intimated, however, in a general way, that he would attack them by comparing the rates for telephones in St. John and in Fredericton. Mr. Corbett, auditor for the company then took the stand and at the request of Mr. Powell, showed from the company's books the statements of expenditure made by the Central Telephone Co. during the year ending Dec. 31st, 1909.

FRUIT-A-TIVES WILL CURE RHEUMATISM

McMillan's Corner, Ont., Sept. 20th, 1910.—"Your remedy, 'Fruit-a-tives' is a perfect panacea for rheumatism. For years, I suffered distressing pain from Sciatic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything, it would pass away. "Fortunately, about two years ago, I got 'Fruit-a-tives' and they cured me. "Since then, I take them occasionally and keep free from pain. I am satisfied that 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them." JOHN B. McDONALD.

"Fruit-a-tives" is the greatest cure for Rheumatism, Sciatica and Lumbago in the world. "Fruit-a-tives" cures, because like fruit juice it purifies the blood—regulates kidneys, bowels and skin—and thus keeps the whole system free of uric acid. Take "Fruit-a-tives" and you will find instant relief and a prompt cure. 50c. a box—6 for \$2.50—Trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa. Miss Biederman . . . . . 1.00 G. H. **Happenings of the Week**

The grand event of the week was the Sheffield Choral concert last Saturday evening. Great was the disappointment when the afternoon performance had to be cancelled owing to travelling connections. The Opera House presented a gala appearance. Society was out in full force and every seat in the house was taken. Standing room was even at a premium. There was a long wait, but everyone thought it worth while. When the curtain went up never was greater enthusiasm shown by a St. John audience. Every member of the choir wore a red rose, the gift of the Mayor in behalf of St. George's Society. The musical part little needs to be said as the papers have been full of this wondrous choir and their musical merits. The "Belles of the Chorus" and "The Bells of St. Michael's" were given special mention, however. Before the concert a number of young ladies sold copies of the special programme. It was under the direction of Mrs. Wilford Campbell and the profit was given to the Seaman's Mission. The box office receipts were \$1,000. Those occupying them on the right were Mrs. H. C. Sayre and Mr. A. O. Skinner, and on the left Mayor Prink and party and the Rev. A. G. Graham. Evening dress prevailed. There was a large number of out of town guests.

After the concert a reception was given in the Ladies' Assembly Rooms by the Canadian Club of the city. The ladies who poured tea were Mrs. T. H. Estabrooks, Mrs. J. V. Anglin, Miss Murray, Mrs. D. W. H. J. Ritchie, Mrs. D. W. H. J. Ritchie, Mrs. Hegan, Mrs. Earle, Mrs. Colby Smith and Mrs. J. M. Magee. The ladies who presided at the ice-cream table were Mrs. Bonnell, Mrs. McAlpine, Mrs. Cross, Mrs. Shaw and Mrs. Rankine. The rooms were tastefully decorated in red and white, with the flags of England, Ireland and Scotland festooning the walls. Many of the club members escorted the visitors to the train.

The marriage of Miss Ivy Louise Gardner, daughter of Mr. W. S. Gardner, Montreal, and granddaughter of the late Rev. James Bennett, St. John, to Mr. Harold Beveridge, son of Mr. Andrew Beveridge, of London, and of Gallane, Scotland, will take place at Easter in London, England.

A number of Bessie's people attended the Sheffield choir concert. Among them being, Mr. and Mrs. Rupert Turnbull, Mr. and Mrs. Jack Fairweather and Mr. and Mrs. Will Starr. Mr. W. Henry Harrison will leave in April for England. His uncle, Mr. Thorne, will accompany him.

The third and final badminton match of the season between the Mission church and the St. John club took place last Saturday afternoon. The St. John club winning by two games. The badminton tournament was thus completed between the two clubs and resulted in a victory for the Mission church club for the season of 1911.

The women's auxiliary met at the home of Mrs. C. H. McNeil on Monday, the 27th, when considerable work was done. There were fourteen members present. E. F. Gale and Harry H. Gale who have been attending cavalry school at St. John's College, returned home on Saturday last after having a very fine and enjoyable trip.

The Bible class of Young's Cove Methodist church enjoyed a very nice luncheon at the church last evening.

Miss Lettie Fowler, left for St. John Monday.

Glen Smith was the guest of Mrs. M. A. Irons, on Sunday.

Wilken Gilbert was the guest of Mr. and Mrs. John McNamee, Sunday.

Mr. and Mrs. C. F. Dyer of Young's Cove Road, was the guests of Mrs. William Jeffrey, of Partridge Valley on Sunday.

**Notice of Legislation**

NOTICE IS HEREBY GIVEN that application will be made to the Legislative Assembly of New Brunswick at its next session for the passing of an act to incorporate the Southern Boom and Drilling Company for the purpose of acquiring or constructing and maintaining driving dams, slides, booms, piers or other works necessary to facilitate the transportation of logs and timber down the following rivers or streams: West River, in the County of Albert; Alma River, in the County of Albert; Point Wolfe River, in the counties of Albert, Kings and St. John; Goose River, in the counties of St. John and Kings; and Rooster Brook, in the counties of St. John and Albert; and for the purpose of blasting rocks, dredging or removing shoals or other impediments or otherwise improving the navigation of such rivers or streams or said purposes, with power to charge tolls for the driving of said logs and timber down said rivers and streams, and to do all things necessary for the efficient operation of said work and incidental thereto.

Dated this First day of February, A. D. 1911.

J. H. McFADZEN, Solicitor for the Applicants.

**AFTER SUFFERING YEARS**

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weak, nervous system, and often after my meals I would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, my digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the paper." Mrs. W. L. LAZAR, BOUQUET, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate ills of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., writes: "I have the pleasure to write her for advice. She has guided thousands to health and her advice is free."

**The Mackay Cure**

For Alcoholism and Drug Habit

The Surest, Safest and Shortest

Endorsed and recommended by the Medical Profession and prominent Citizens.

No other treatment in the world can show such magnificent results in curing the Liquor, Morphine or any Drug habit as "THE MACKAY CURE". Wherever it has been taken with the honest desire to reform it has cured.

The greatest advantages of the "MACKAY CURE" are its moderate cost; the fact that it does not interfere with a man's occupation; that it requires no abstinence, does not depress the heart action or upset the stomach.

CONTAINS NO OPIUM; NO HYPODERMIC; Home treatment; no publicity; no loss of time from occupation; it cures Safely and Permanently in 21 Days.

Write for particulars to THE MACKAY CURE CO., Dept. 8, 895 St. Catherine St., West, Montreal.

**SUFFERED THREE YEARS**

THIRTY Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. Heard of Dr. Morse's Indian Root Pills, as they had cured my wife years before. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as painful. That old, reliable, family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

# ST. JOHN'S NEW APARTMENT HOTEL

The above is an exterior front view of the new "Prince William Apartments" Hotel, upon which work will be commenced this month. Specifications are now being drawn by Mr. F. Neil Brodie, architect, and tenders for the alterations and repairs will be called in a few days. This property has recently been purchased by a company known as the Prince William Apartments Limited, and it is expected will be opened for occupation about September 1st. Mr. L. P. D. Tilley and Mr. Brodie recently visited New York and inspected a number of apartment hotels with a view to having the above structure completed in an up-to-date manner. The management are very much encouraged by the fact that already a large number of prospective occupants have been secured by the company.

**Millie Esau, Dressmaker**

100 St. John St.

My specialty is making up the latest styles in dresses, suits, and coats. I also do alterations and repairs. My work is guaranteed.

**THE CORONATION SPOON**

**\$1.00 Postpaid**

The most popular souvenir spoon of the year 1911 is that shown above, it being an exact reproduction in miniature of the Coronation Anointing Spoon to be used at the crowning of King George V. It is made of Sterling Silver (gilt) coffee spoon size. We send with it an historical card and an Easter greeting card as shown.

An Appropriate Easter gift. Send for one today.

**St. Stephen's Cadets Entertainment.**

An enthusiastic audience greeted the St. Stephen's Cadets at the church, last evening when they gave an excellent entertainment of drills, tableaux, music and literary numbers. In the different drills the company gave a splendid exhibition; the boys made a fine appearance and were through the various movements with precision. During the evening Rev. Gordon Dickie and Major James Buchanan made addresses complimenting the boys on their work. Steve Hurley gave a reading and solos were sung by Miss Vanwart, and Geo. Thus. Four interesting tableaux were given representing four different changes in uniform. The Cadets Corps has had a very successful career. It was organized in 1899 and since that time over 7,500 boys have been connected with the corps and a large number of former cadets were present at last night's entertainment.

**Mrs. Abigail Munro.**

The death of Mrs. Abigail Munro, widow of the late Daniel Munro, took place on Wednesday last in Denver, California. The deceased had attained the advanced age of 90 years, the greater part of her life being passed in this city. She is survived by one brother, Albert Winchester, of this city and by several grandchildren.

## CITIZENS' COMMITTEE TO REGULATE SPEED OF AUTOMOBILES

**Continued from page 1.**

The chairman said that it was understood that if 2400 voted for, and 2400 against commission that an additional 200 aldermanic ballots which might not be marked for or against commission would count against commission. He thought they should not worry over a radical change. They were not asking for the commission unless they had a sweeping majority.

Mr. E. Agar said he was not running in an ordinary election, and he did not think they were interested in technicalities, or should strive to secure a paltry advantage. They were proposing a radical change. If they could not get a clear majority of all the voters to mark their ballots for commission they should be content to continue their educational campaign.

"We had," he added, "in our power to dictate our terms at Fredericton. The bill is ours, and we should not be dissatisfied with the work of the committee."

In reply to Mr. Moore, Mr. Agar said a ballot not scratched counted for the present system.

**The Fredericton Trip.**

J. A. Belyea then reviewed the work at Fredericton, and corroborated Mr. Agar's statements. He thought they were assuming a big responsibility, and should make certain they had the people behind them.

Col. A. J. Armstrong said that they ought to decide upon what majority they ought to have. The chairman said he wasn't prepared to consider that point.

Mr. Agar said the bill provided that a majority was sufficient.

A. M. Rowan said the great trouble was apathy of the people. Seventeen aldermen could govern the city well if they had the people behind them. He did not think those who didn't vote should be entitled to much consideration.

At Mr. Agar's suggestion Mr. Allingham and Mr. Magee moved that the action of the committee in regard to the plebiscite bill be confirmed, and this was adopted.

The chairman then gave a report of the work at Fredericton. He told of the conferences with the city representatives and their failure to reach an agreement permitting the legislature to appoint a Royal commission to frame a charter. "We then," he added, "decided to make the case that the government would authorize the charter committee of the citizens' association to prepare a charter, and order the Common Council to read it and to send it to Fredericton."

After stating that they had come to an agreement with the government on these lines, he said the recorder had confessed that he was responsible for the Royal Commission proposition, but that Mr. Baxter recognized that the commission was a foregone conclusion and was ready to meet the wishes of the citizens in regard to the making of the charter.

**Were Well Received.**

At Fredericton they received the kindest attention from the city, premier and legislature. They had everything their own way and could have got anything they asked for, if they didn't get what they wanted, it was their own fault.

Continuing, the chairman said he thought Mr. Baxter would be a good man to consult with, owing to his knowledge of civic affairs.

In reference to the aldermanic campaign, he said he did not approve of the committee organizing opposition to certain aldermen. It would only create ill feeling. He would let the elections go as if there was no such movement on foot.

In conclusion Mr. Barnaby said that after the plebiscite was taken the committee should continue its work. They should have something to say about the selection of the candidates, and watch over the commissioners with tender care and not leave them to work out their own salvation.

J. A. Belyea said that if the plebiscite carried the charter committee would invite the men of large interests, as well as professional and other classes to act as an advisory board in the preparation of the charter, which would involve a year's work.

Mr. Tilley said the chairman had not mentioned that Mr. Baxter had

**Continued from Page One.**

**An Automobile Bill.**

A bill relating to the registration and identification of motor vehicles and of the use of public highways by such vehicles was considered.

Dr. Sormany thought that automobiles were permitted to run much too fast on the highways at present and would like to see the speed more strictly regulated.

Dr. Bourque read a resolution passed at the last January session of the Kent county council in favor of legislation prohibiting motor vehicles from using the highways two days in the week.

Mr. Leger (West) agreed that the speed should be reduced. The latest method of speed restriction was by setting traps in order to find out if the autos were exceeding the speed limit. He would stand at one point, set his stop watch and signal to a confederate a certain distance away who would stop his watch when the speed limit sign passed him. This could easily be adopted here.

Hon. Mr. Flemming thought the lives of our people should be fully protected and ample restrictions placed on the speed of automobiles. He thought that the machine should be slowed down to at least 20 miles an hour when within 200 yards of a curve although a speed of 30 miles an hour ought to be safe on straight roads.

Hon. Mr. Murray was of the opinion that the automobile owners were usually careful men and showed pretty good judgment in controlling their machines. He did not think it was necessary to place rigid restrictions upon them.

Mr. Sweeney said that as a rule owners of motor cars did not run at a high average speed and an automobile under the most modern appliances could be stopped within two or three lengths of itself upon any road.

Mr. Leger, Westmorland, said he wished to put himself on record as objecting to the provision of the bill permitting a speed of 30 miles an hour. He wanted the speed reduced to a mile in four minutes.

He insisted on a reduction of the speed limit and said the fine for over-speeding was not high enough.

Col. Sheridan said the only way to restrict the speed was to let the roads fall into the condition they were in 1907.

Mr. Leger moved an amendment so that the section stating that the speed should not exceed one mile in two minutes should read "one mile in four minutes."

The amendment was lost.

Hon. Mr. Flemming thought automobiles should slow up when approaching bridges.

Hon. Mr. Robinson—Would my honorable friend feel safer if he skated over this ice quickly or slowly?

Hon. Mr. Flemming—Unlike my honorable friend, I never get on this ice.

After some further discussion progress was reported.

Mr. Slipp presented the petition of Donald Fraser and others in favor of their bill to incorporate Fraser's Limited.

Hon. Mr. Hazen introduced a bill to amend the Act relating to liquor licenses.

House adjourned at 5:40 till Monday next.

**promised that organized opposition to commission would cease.**

The chairman—"I think he said something like that. He seemed to recognize that commission was an accomplished fact."

Mr. Tilley—"I was surprised to see the editorial in The Standard this morning."

A. M. Rowan thought they should run opposition candidates to the present aldermen, as this would tend to bring out a larger vote.

The chairman said it was the duty of the commissioners to get the people to the polls anyway.

After further discussion the meeting adjourned without taking action on this point.

**No Allowance For Depreciation.**

There was always considerable depreciation in stock, witness said, but he could not give the average depreciation, but considered that the system could not last 15 years. The depreciation would be lessened by laying the cable, fixtures, stock and not the actual amount collected.

The rentals and tolls from April 1st, 1910 monthly, were then given. They amounted to \$373,900 in stock of the N. B. Telephone Co. was paid for the transfer of the Central Telephone Co. There was no cash paid, they simply exchanged their stock for N. B. Telephone stock.

**Two Witnesses on the Stand in the Course of the Hearing Before Public Utilities Commission, Yesterday.**

The public utilities commission met yesterday in the Admiralty court and continued the hearing into the N. B. Telephone Company's affairs.

Very little of importance transpired at this session. The morning was taken up with investigation of the rentals and tolls and the amount of depreciation in stock.

In the afternoon the hearing of the accounts of the Central Telephone Co. were dealt with.

At the morning session Otty Fraser again took the stand. From references to journals of the company he gave the tolls and rentals of the St. John exchange received mostly by heading with the annual reports that the amounts shown in the latter as revenue corresponded with the amounts in the company's books and not the actual amount collected.

The rentals and tolls from April 1st, 1910 monthly, were then given. They amounted to \$373,900 in stock of the N. B. Telephone Co. was paid for the transfer of the Central Telephone Co. There was no cash paid, they simply exchanged their stock for N. B. Telephone stock.

Buy your clothing at our store and save from 20 to 35 per cent.

We buy for cash and sell for cash. That's how we can give you better value for your money than you can get elsewhere.

**C. MAGNUSSON & CO.,**

Cor. Dock St. and Market Square, St. John, N. B.

For that year the expenditures for plant accounts made by the Central Co. were:

Northern division: \$34,259 for material.

Southern division: \$36,682.98 for material.

The witness here informed Mr. Powell the amount in wages was included in these amounts.

For the eastern division, \$34,603.37; western division, nothing up to that date in the books.

For the year 1906 amount for plant accounts: North division, \$23,435.68 for material and wages; southern division, \$24,462.32; eastern, \$36,021.25; western division, \$110,959.84 for wages and material.

For five months of 1907 until May 31st in plant accounts the company expended on the western division the sum of \$12,510.40; on the eastern division, the amount was \$27,854.74.

In reply to Mr. Powell, witness said that the amount for wages was included in the above accounts.

The amount for plant accounts on the northern division was \$6,109.94 and on the southern division, \$36,341.96.

Mr. Powell—"Don't you know that we haven't found any reduction for depreciation? The books show no reserve for depreciation. In going through the accounts did you trace matters out to their vouchers?"

Witness—"Yes."

Mr. Powell—"Do you know if the stock sold at par?"

To this witness answered that it was his impression that it sold at par and that all stock was sold directly to the subscribers.

Questioned as to amount of promotion stock, Mr. Robinson answered that there was about fifteen or twenty thousand dollars worth; but it had all been surrendered except about \$3,000 worth.

Mr. Powell—"Was any stock sold below par during your connection with the company?"

Answer—"All stock sold at par and brought its par value in cash to the company."

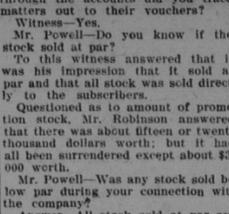

This practically concluded the proceedings of the session and adjournment was made until Tuesday, April 4th, at 10.20 a. m.

**"FRUIT-A-TIVES" WILL CURE RHEUMATISM**

McMillan's Corner, Ont., Sept. 20th, 1910.—"Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sclerotic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything, it would pass away.

"Fortunately, about two years ago, I got 'Fruit-a-tives' and they cured me. Since then, I take them occasionally and keep free from pain. I am satisfied that 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them."

JOHN B. McDONALD.

"Fruit-a-tives" is the greatest cure for Rheumatism, Sciatica and Lumbago in the world.

"Fruit-a-tives" cures, because like fruit juice it purifies the blood—regulates kidneys, bowels and skin—and thus keeps the whole system free of uric acid. Take "Fruit-a-tives" and you will find instant relief and a prompt cure.

**Happenings of the Week**

The grand event of the week was the Sheffield Choir concert last Saturday evening. Great was the disappointment when the afternoon performance had to be cancelled owing to travelling connections. The Opera House presented a gala appearance. Society was out in full force and every seat in the house was taken. Standing room was even a premium. There was a long wait, but everyone thought it worth while. When the curtain went up never was greater enthusiasm shown by St. John's audience. Every member of the choir wore a red rose, the gift of the Mayor on behalf of St. George's Society. Of the musical part little need be said as the papers have been full of this wonderful choir and their musical merits. "The Demons Chorus" and "The Bella di St. Angelo" were the special mention, however. Before the concert a number of young ladies sold copies of the special programme. It was under the direction of Mrs. Willford Campbell and the profit was given to the Seaman's Mission. The boxes were all filled. Those occupying them on the right were Mr. F. E. Sayre and Mr. A. O. Skinner, and on the left Mayor Frink and party and the Lieut. Governor. Evening dress was worn. There were a large number of out of town guests.

After the concert a reception was given in the Seaman's Mission. The ladies who presided on the occasion were Mrs. H. H. Estabrook, Mrs. J. V. Anglin, Miss Murray, Mrs. Kimball, Mrs. J. R. Hegan, Mrs. Earle, Mrs. Colby Smith and Mrs. J. M. Magee. The ladies who presided on the occasion were Mrs. H. H. Estabrook, Mrs. J. V. Anglin, Miss Murray, Mrs. Kimball, Mrs. J. R. Hegan, Mrs. Earle, Mrs. Colby Smith and Mrs. J. M. Magee. The ladies who presided on the occasion were Mrs. H. H. Estabrook, Mrs. J. V. Anglin, Miss Murray, Mrs. Kimball, Mrs. J. R. Hegan, Mrs. Earle, Mrs. Colby Smith and Mrs. J. M. Magee.

"BUTTERNUT BREAD is Better Than Home-Made."

**Notice of Legislation**

NOTICE IS HEREBY GIVEN that application will be made to the Legislative Assembly of New Brunswick at its next session for the passing of an Act to incorporate the Southern Bond and Driving Company, for the purpose of acquiring or constructing and maintaining driving dams, slides, bums, piers or other works necessary to facilitate the transportation of logs and timber down the following rivers or streams: West River, in the County of Albert; Point Wolf River, in the counties of Albert, Kings and St. John; Goose River, in the counties of St. John and Kings; and Rooster Brook, in the counties of St. John and Albert; and for the purpose of blasting rocks, dredging or removing shoals or other impediments or otherwise improving the navigation of such rivers or streams or said purposes, with power to charge tolls for the driving of said logs and timber down said rivers and streams, and for other purposes necessary for the efficient operation of said work and incidental thereto.

Dated this First day of February, A. D., 1911.

J. H. McFADZEN, Solicitor for the Applicants.

**The Mackay Cure**

**For Alcoholism and Drug Habit**

The Surest, Safest and Shortest

Endorsed and recommended by the Medical Profession and prominent citizens.

No other treatment in the world can show such magnificent results in curing the Liqueur, Morphine or any drug habit as "THE MACKAY CURE," an honest desire to reform it has cured.

The great advantages of the "MACKAY CURE" are its moderate cost, the fact that it does not interfere with a man's occupation; that it requires no appliances; does not produce heart action or upset the stomach.

CONTAINS NO OPIUM; no Hypodermic; Home treatment; no publicity; cures in less time from occupation; it cures Safely and Permanently in 21 Days.

Write for particulars to

**THE MACKAY CURE CO.,** Dept. 8, 893 St. Catherine St., West, Montreal.

**SUFFERED THREE YEARS**

**THI Dr. Morse's Indian Root Pills cured his Kidney Trouble**

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. Get the reliable family remedy, Dr. Morse's Indian Root Pills, which will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

hour of Wednesday in honor of Mrs. Hindman. Dr. T. Carleton Allen, Clerk of the Supreme Court, has been quite ill with blood poisoning for several days. His condition on Tuesday was such as to cause alarm, but he was much better on Wednesday.

Last evening a delightful cantata was given in the Natural History Rooms under the auspices of the Junior members.

Mr. Max Aitken entertained in Montreal this week in honor of any Astor-Lytton people who are in Montreal. Great interest is being manifested in the Easter tea and sale at the Seaman's Mission on April 7th. The "Carillon" band will be lovely. There will be numerous other booths.

The work of the Canadian Handicraft Guild was the subject of a lecture this week in the Natural History Rooms, Union street, by Miss Catherine Campbell of Montreal. If the interest shown in advance is continued, Miss Campbell's lecture will form a branch of the guild in St. John.

A meeting of the Tennis Club will be held early in April.

St. Andrew's Curling Club closed the season last night with a snoker.

**DEBEC NEWS.**

Debec, Dec. 31.—A very successful candy party was held in the Foresters' Hall, Wednesday evening, under the auspices of the Jessie Howie Mission Band. The Natural History Rooms were the scene of a very interesting games with some very amusing contests. An abundance of home-made candy was furnished. Toward the close of the evening a collection was taken which will go to swell the funds of the band.

The many friends of Sydney Turbill of this place, who met with a serious accident while in the employ of the C. P. R. at McAdam, will be pleased to learn that he is doing as well as can be expected under the circumstances.

Dr. Griffin, with the assistance of Miss Ball, trained nurse, performed a critical operation upon the throat of Willie, the seven-year-old son of Robert Scott, of this village.

Mrs. Wm. Lavery, who was recently operated on by Dr. Griffin of Woodville, is gaining very satisfactorily. Rehearsals have begun for the Easter concert to be held in the Methodist church, Wednesday, a railway bracket, John Hay and Alex. Carson, potato buyers of this place, expect to leave in a short time for Ancovert, V. B. C. Harry Crawford, a railway bracket of this place, had the misfortune to jam his finger very badly one day this week.

Rev. Mr. Smith, of Medford, is spending this week at the parsonage of the guest of Rev. E. and Mrs. Ramsay.

**WATERBOROUGH NEWS.**

Waterborough, Mar. 30.—The heavy rains of late have driven the ice out of the streams and with it considerable lumber.

Bartholomew Lewis, of Young's Cove Road, has been suffering from tuberculosis and has had ten hemorrhages in the last week.

The women's auxiliary met at the home of Mrs. C. H. Mott, on Monday the 27th, when considerable was done. There were fourteen members present. E. E. Gale and Harry H. Gale who have been attending cavalry school at St. John's, returned home on Saturday last after having a very fine and enjoyable trip.

The Bible class of Young's Cove, Methodist church enjoyed a very nice luncheon at the church last evening. Miss Letitia Fowler, left for St. John on Monday.

Glen Smith was the guest of Mrs. M. A. Irons on Sunday.

Wilket Gilbert was the guest of Mr. and Mrs. J. C. Dyer, of Young's Cove Road, was the guests of Mrs. William Jeffrey, of Partridge Valley on Sunday.

THE WEATHER.

Maritime - Fresh Northwesterly winds, fair and colder, local snow flurries. Toronto, March 31.-The weather has been generally fair and cold throughout Canada today except that some local snow falls have occurred in the western provinces, and snow flurries in Ontario and Quebec. Minimum and maximum temperatures: Dawson-4, 22. Alton-16, 28. Prince Rupert-32, 36. Victoria-38, 52. Kamloops-42, 68. Edmonton-20, 40. Battleford-28, 45. Prince Albert-16, 34. Calgary-24, 32. Moosejaw-24, 30. Qu'Appelle-18, 24. Winnipeg-5, 18. Port Arthur-12, 24. Parry Sound-16, 26. London-21, 32. Toronto-26, 32. Montreal-22, 38. St. John-34, 40. Halifax-36, 46. Lower Lawrence and Gulf-Fresh Northwesterly winds, fair and colder.

AROUND THE CITY

Boy Scouts in the Park. The Boy Scouts will have another run today. They will visit Rockwood Park and while there will take measurements of the lakes and other sections of the Park.

Sydney Ward Committee. The election of the Sydney Ward are requested to meet in King's Hall, St. James street, Monday evening, April 3, at 8 o'clock to organize for the elective commission plan.

Engagement Announced. Mr. and Mrs. J. Willard Smith announce the engagement of their daughter, Annie L., to Herbert W. Read, of Sackville, N. B. The wedding will take place on the 5th of April.

Promoted to Be Manager. The many friends of Daniel J. Borrett of Crouville, for the past two years connected with the firm of McLean & Holt, as bookkeeper, will be pleased to learn that he has recently been promoted to the position of manager. Mr. Borrett will take up his duties in that capacity today.

Artillery to Attend Funeral. The members of No. 5 Battery Artillery were supplied with uniforms at the Armory, West End, last evening, and with the regimental band will assemble at the armory tomorrow afternoon for the purpose of attending the funeral of James Ross.

Confirmation Services. Tomorrow, His Lordship Bishop Richardson, will officiate at confirmation services. In the morning he will confirm in St. George's church, and at seven o'clock in the evening he will administer confirmation in St. James' church, Broad street, to twenty-two candidates.

Concert and Candy Sale. Under the auspices of the Mission Band of St. David's church a pleasing entertainment was given last night. An interesting programme was carried out during the evening, the drills by the Scouts adding a feature of the entertainment. A candy sale was conducted during the evening from which a considerable sum was realized.

Entertainment at Municipal Home. About thirty members of the Epworth League of the Portland Methodist church paid a visit to the Municipal Home last evening and gave an entertainment for the benefit of the inmates. An interesting programme of songs and recitations was carried out, games were indulged in and coffee and cake served. Mr. and Mrs. Austin had charge of the entertainment.

Bird Life in Springtime. There was a good attendance of the junior members of the Y. M. C. A. in the boys' rooms last night to hear A. Gordon Leavitt deliver a most interesting lecture on Bird Life in Springtime. During the course of the lecture Mr. Leavitt showed a number of charts which illustrated his subject and incidentally stated that a man or woman who shot a bird was guilty of a criminal offence.

New Post Office. This morning there will be opened a new post office known as the East St. John Post Office, and Rupert Taylor will be the postmaster. The office will be situated in Mr. Taylor's store on the corner of Mount Pleasant street and the Red Head Road. There will be a daily mail service here, and it will prove a great convenience to those residing in the vicinity. The Marsh Bridge post office is made into a money order office.

Case of Wife Beating. Yesterday afternoon a young married woman, who resides in the North End, called at the police court and swore out a warrant for the arrest of her husband, whose case claims has been acting badly of late. The woman presented an appearance that was pitiable, her left eye was swollen and discolored, her face was scratched, and she claimed that these injuries were caused through a beating from her husband.

The Pied Piper of Hamelin. In the Natural History rooms last evening, the members of the Junior Association of the Society gave a delightful entertainment. A large audience attended and the different items of the programme were received with marked appreciation. The Pied Piper of Hamelin was given by the Juniors, and it is doubtful if it has been given in better manner than last night. The solos were sung in excellent style, and the many voices in the choruses blended sweetly. The musical and literary programme which followed the cantata was unusually attractive.

Grand Concert. A grand concert will be given in the Seaman's Mission on Monday evening, April 3rd, at 8 o'clock. The programme has been arranged by Miss Frances Travers and the following ladies and gentlemen will take part: Miss Ethel McLean, violinist; Miss Travers, M. Reynolds, Hew Walker, vocalists; Blake McInerney, clarinetist, and a vocal quartette composed of J. Kelly, Robt. Seely, Mr. Reynolds, and Mr. Wise. D. Arnold Fox at the piano.

EVIDENCE IS ALL IN SPERDAKES CASE

Several Witnesses Heard in County Court Yesterday--Adjournment Taken Until Today for Arguments.

The evidence in the case of the King vs. John G. Sperdakes was finished before Judge Forbes in County Court Chambers yesterday afternoon at 4:30 o'clock.

Fred R. Taylor and C. H. Ferguson appeared for the Crown, and Dr. W. B. Wallace, K. C., and John A. Sinclair for Sperdakes, who is charged under Section 351 of the Criminal Code with unlawfully and fraudulently stealing electricity to the value of ten dollars from the St. John Railway Company. The alleged theft took place in the defendant's store on Charlotte street and pool room on Market street.

At the opening of the morning session, Dr. Wallace took preliminary legal objections to the form of the charge, which were reserved. J. W. Matheson, lineman, examined by Mr. Taylor, said on March 24 he was in Sperdakes' store. The meter in the front store was not running, and the lights were burning in the ice cream parlor. When he went to look at the meter someone switched off the lights. Witness said that when the shunt wire was cut the lights would burn, but the meter would not register. The meter could not be reached by one standing on the floor. He found nine 16 candle power, two arc two hundred watt tungsten, ten 60 watt, fifty-two 5 candle power, one sign over the door, forty-six 1 candle power on arch between store and ice cream parlor. In the pool room there were one arc, twenty-one 16 candle power, nine 22 and two 100 watt.

Sydney J. Walkin, another lineman, corroborated Matheson. He was subjected to a lengthy cross examination by Dr. Wallace as to identification of a piece of wire. Clarence E. Kenney, electrician, said that on March 27 last he was in the pool room. He described the condition of the shunt wire. He had done wiring on the premises.

Under cross examination by Dr. Wallace, witness said that the shunt wire might have been dislodged by being struck with a billiard stick. Police Officer Charles H. Marshall testified that he frequently patrolled Charlotte street. Sperdakes' store was often open up to three a. m. The store was brightly lighted up to one o'clock.

Hat A. Brown, an electrician in the employ of the St. John Railway Company, corroborated the testimony. From the appearance of the book of the shunt wire, he said, it looked as if the wire had been hooked and unhooked several times.

Robert J. Cochran, line foreman in the employ of the Railway Company, corroborated previous witness.

Afternoon Proceedings. James K. Hamm, reader of meters, in the employ of the St. John Railway Company, was the first witness when the Court met in the afternoon. Mr. Hamm gave a statement of the meter readings taken from the meter in Sperdakes' store. The statement disclosed three years' readings. Dr. Wallace objected to the statement being received in evidence.

Statement admitted subject to objection. Cross examined by Dr. Wallace, witness said that in some months the readings would be very small. James Hoyt, a lineman, in the employ of the St. John Railway Company, next testified. Witness took the meters out of Sperdakes'.

Harry M. Hopper, manager of the St. John Railway Company, gave the meter readings, and prices of electricity in connection with the Sperdakes' store.

Mr. Hopper showed that the number of lights burned by Sperdakes would amount to three and four times more than Sperdakes' bill. Mr. Hopper showed that Sperdakes burned approximately \$1,985 in twelve months, while \$600 was the amount of his bill.

Witness told about having had two conversations with Sperdakes, one when the government seal was broken and another when one of the wires was broken. Sperdakes blamed the carpenters for doing the damage on both occasions.

This closed the case for the crown. Dr. Wallace briefly opened for the defence, after which Sperdakes took the stand. Witness took over the Charlotte street property about eight years ago. He said that one Adams took the pool room off his hands. The contract with the St. John Railway people were made with the accused and his tenants paid him.

The defendant denied that he ever cut the wires or had anything to do with them, and swore that he used very few lights in the winter time. Cross-examined by Mr. Taylor, witness said that he assumed control of the pool room on March 21st. He denied that he ever climbed up and adjusted the meter at any time.

To the court, Mr. Sperdakes said that he knew nothing about the theft of electricity. This closed the case for the defence. Mr. Taylor called George Spelman, a Greek, formerly in the employ of Sperdakes.

He said that he frequently saw the defendant climb up to the meter. Mr. Taylor--When would this occur? A--About two days before the meterman would come. Q--How often did you see him? A--Several times. Cross-examined by Mr. Wallace. Q--You are not employed with Sperdakes now? A--No, with Peter Petropolis. Q--You sued Petropolis? A--I had some trouble. Q--Sperdakes brought you to this country? A--Yes.

Adjournment was made until this morning at ten o'clock when argument of counsel will be presented. Died in Dorchester, Mass. The death is announced of Miss Sarah Barrett at Dorchester, Mass. Deceased was at one time an active member of Centenary church in this city, and was the daughter of a Methodist minister. She resided in Boston for the last ten years with Mrs. C. E. Woodman, of Dorchester, Mass. The body will probably be brought here for interment.

PLAYED TAG WITH DEATH IN MID-AIR

Thrilling Action of Drink-Crazed Sailor on Schooner Beulah--Arrested after Hair-Raising Performance at Mast Head.

A seasoned trapeze performer would not have taken the chance that Aubrey McCumber, a sailor on the schooner Beulah, took yesterday. The vessel is moored at Moran's wharf of Britain street and for nearly an hour Policeman McCollom, the members of the Beulah's crew and a large number of citizens watched with terror the actions of a man crazed with drink.

McCumber had been drinking heavily, and was quite unmanageable. He left the deck of the schooner and in his delirious state, instead of going on the wharf he started up the rigging of the vessel. Members of the crew called for him to "come down," but without effect. When he reached the cross trees he undressed and threw his clothing to a stay by his legs and do a number of other thrilling acts. All the time he used profane language.

These on the deck of the vessel and wharf thought that at any moment the sailor would fall to his death, and called for him to "come down." McCumber took his time and after nearly an hour of the most thrilling actions he came down the rigging to the deck and when he regained his footing he was placed under arrest by Policeman McCollom, who charged him with drunkenness, profanity and unbecoming conduct.

The sailor was locked up in the British street lock up and will appear before Magistrate Ritchie this morning. That McCumber was not dashed to death on the deck of the vessel is wonderful and those who witnessed his performance aloft will never forget his actions.

That McCumber was not dashed to death on the deck of the vessel is wonderful and those who witnessed his performance aloft will never forget his actions.

That McCumber was not dashed to death on the deck of the vessel is wonderful and those who witnessed his performance aloft will never forget his actions.

BROWN TAIL MOTHS FOUND IN PROVINCE

William McIntosh, Provincial Entomologist, Recently Found 32 Nests in One Orchard in Charlotte County.

A colony of brown tail moths have been discovered at Pomeroy Ridge, about 17 miles from St. Stephens. About three weeks ago William McIntosh, who is acting as provincial entomologist, started on a tour of the western counties, exhibiting colored plates and specimens, showing the brown tail moth in its various stages to the school children. On the afternoon he returned at the school in Pomeroy Ridge the boys and girls started a hunt, and one of them named Fred McIntosh, discovered what he thought was a brown tail caterpillar nest, and showed it to his teacher, Miss Knight. She thought it was a nest of the dreaded pest, and notified Mr. McIntosh, who confirmed the opinion of the boy and his teacher.

Mr. McIntosh started a hunt in the vicinity, and found 32 nests in one orchard--17 being on the same tree. The Dominion authorities have been notified of the discovery, and they will send their men to conduct a thorough search of the vicinity.

In the past three weeks Mr. McIntosh has visited about 50 schools. He gives a lecture on the life history of the moth, and passes among the scholars specimens of the pest in its various stages of life. This method of interesting the children in the search is calculated to save the province the expense of employing men to scour the country, and is likely to show better results than a hundred moth hunters could hope to accomplish.

As regards the colony of nests at Pomeroy Ridge, it is supposed that some of the female moths were blown over from Princeton, Maine, where they were found last summer.

Mr. Batty in Exmouth Street. Rev. J. L. Batty, of Moncton, will occupy the pulpit in the Exmouth street church both morning and evening.

Boots in button and laced, in all the popular leathers.

Bring or send the children, and we will do the rest.

WATERBURY & RISING, King Street, Mill Street, Union Street. Three Stores.

Does It Pay?

Is it worth while to suffer from eyestrain, headache, or poor vision when you can obtain relief so easily and at such small cost?

Even if you paid the highest price for glasses which overcame these troubles, would not the saving in time, the improvement in the quality of your work, and the comfort and pleasure with which you would do it, soon pay the cost?

It does not pay to do without glasses when Nature warns you so persistently of the need. It costs in nervous energy, and in actual money loss through unsatisfactory work, much more than the saving you think you make.

And even then it is not saving, but only putting off for a little while the inevitable, with the probability that the longer the delay the harder it will be to get satisfactory glasses.

Think about it. DOES IT PAY? L. L. Sharpe & Son, Jewelers and Opticians, 21 KING STREET, ST. JOHN, N. B.
