I wish my report could give you information that might be made more useful. The Churches that most need to be reported are silent; they are too far gone to report themselves, or to appeal for help; they moan like slaves who have forgotten the meaning of spiritual life and liberty; they are not even luke-warm; they are dead, and alas! there are no head-stones on which the dames of the dead are inscribed, or I might ask you to go and roll away the stones from their sepulchres, and pray for their resurrection.

The Churches that have had pastoral care, as a rule, are in a healthy condition; those having no care are slowly but surely dying, and unless help reaches them soon, you can take down from their portals the inscription, "thy glory has departed," and in its place put the more appropriate words, "twice dead, placked up by

faith were baptized and added to the Church.

to labor longer and gather more sheaves, is our prayer.

Zelder C. T. Phillips has cared for Penobsquis, Roachville, Millstream, and Apohagui Churches. At Roachville he baptized two

Twenty-one Churches have had regular pastoral care; twentyone have Conference Meetings, and eleven have weekly Prayer Meetings. The number saptized and added to the Churches of the District is nine.

SEVENTH DISTRICT.—The Churches in this District number eleven and are situated in the Counties of St. John and Charlotte. It may be called the Maritime District of our Denomination, as all of its Churches are located by the sea side. Perhaps no District in the Denomination experiences more difficulty in securing a representation at its annual gatherings. A number of the Churches are located upon the Islands of Campobello, Grandmanan, Deer, and White Head—separated from each other and the main land by dreary distances of boisterous flood, and depending largely for any intercourse upon favorable winds and propitious weather. In view of the obstacles to be overcome, it is not to be wondered at that frequently many of these Churches are without a representation at the meetings of the District. Its last Annual Session was held with the Church at St. Martins, at the Eastern extremity of the District, and but three of the Churches were represented by delegates. A number of others reported by letter, and all the reports received were in the main encour

he main encouraging.

The Church at North Head, Grand Manan, had the pastoral care of Elder Kenney for one half the year. Elder Brown also expended some special labor with them, which resulted in an interesting revi-

val. He baptized seven.

The Church at Grand Harbour was without regular pastoral care, but was visited by Elder Brown and others. It is maintaining its-

regular services, and is striving to keep the unity of the Spirit in e bonds of peace. Elder Brown extended labor to the Church at Seal Cove a part of his time, and made visits to White Head and elsewhere. Some revival was experienced in the Church at White Head, under the labor of Elder Barnes, and three were baptized.

Elder Kenney labored successfully with the Church at Wilson's Beach, Campobello. Fifteen were baptized, and the Church greatly encouraged and strengthened. He also visited the Churches at Welchpool and Deer Island. The former of these was without pastoral care, but the latter was supplied for a part of the time by Li-

Elder Garraty spent four months with the Church at Beaver Harbor, and baptized one. This little Church is united and loyal, and earnestly contending for the faith.

The Church in Carleton had the pastoral care of Elder G. A. Hartley all the time. It has had a year of peace and prosperity; twelve

Saint John Church is cared for all the time by Elder Parsons. They report the Church as united and progressive, with the ordinances regularly, administered, and a constant encouraging interest.

Twenty-three were added by baptism the past year.

Just after our last Conference Elder Hartley made a visit to the Saint Martins Church, and his labor resulted in a precious revival; the little Church was much encouraged and strengthened. Four-teen were babtized, and with fifteen others were added to its mem-bership. Elder Barnes su bequently extended regular care to this

The whole number added by baptism to this District during the year was seventy-six.

Thus, brethren, I have gone over our denominational field, and given you as best I could an outline of our position. My report has suggested this thought, if no other, viz. the necessity of our Churches having constant pastoral care. The missionary's or evangelist's having constant pastoral care The missionary's or evangelist's work must be supplemented by the pastor's, or there can be no constant, healthy growth. Careless nursing, or no nursing at all, will mar the work of the most skillful physician. Is not the question then, brethren, one of vital importance, and deserving of our most careful consideration—how can our Churches be cared for? If this question be not answered, and answered soon, by us, others will answer it for us. Ministers of other denominations seem quite willing to occupy our pulpits and cultivate our fields, and if our pulpits be empty and our fields be not cultivated, who shall blame them for tilling the farm of the sluggard?

The number added to our Churches this year seems very small when compared with the number added last year, but who sh this has not been as successful a year as any of its predecessors? We cannot estimate the amount of good done by the results we see.

"So do I gather hope and strength anew,
For well I know thy patient love perceives
Not what I did but what I strice to do.
And though the full ripe care be sadly few,
Thou wilt accept my sheaves."

On motion of Rev. G. T. Hartley, seconded by Rev. J. Noble, and supported by Rev. A. Taylor and Professor Foster,

1. Resolved, That the excellent Report just read be adopted and published in the Minutes of Conference.

Rev. J. F. Smith, Delegate from Nova Scotia, spoke of the great pleasure it gave him to be present with this Conference; reported the cause prosperous and steadily advancing; the Churches not all filled and needing labor; the sentiment in Nova Scotia favoring a closer union with their brethren in New Brunswick; feel the need of an educated ministry, endued with deep piety as well; doing what they can to give their young men an intelligent preparation for the ministry; Mission work is active, especially among the women members. He extended the heartfelt greetings of his brethren to the Conference, and wished the continuance of the present fraternal relations.

Rev. G. W. McDonald, Delegate to General Conference of Nova Scotia, read the following Report:

Your Delegate attended the Free Baptist Conference of Nova Scotia, and received a cordial welcome. We find them a vigorous, growing organization, with a membership of over four thousand

communicants, fourteen ministers, and three licentrates.

They are earnestly carrying forward their Home and Foreign Missionary operations. The presence of their Foreign Missionary, Miss Julia Phillips, added much to the interest of the meeting.

Their Women's Aid Society is doing a good work, having funds

on hand amounting to \$390.00.

Temperance, and all other moral reforms, receive from these brethren a hearty support. Their next meeting will be held with the

Church at Canning.

We conveyed to that body the Christian greeting of this Conference, and solicited a continuance of the delegation, to which they responded by the appointment of Rev. J. F. Smith as delegate to this body. Respectfully submitted, G. W. McDONALD.

Ordered, That the Report be adopted.

Rev. F. Babcock, from Nova Scotia Conterence, spoke in continuance of the two preceding reports.

### SABBATH.

The Sabbath was as pleasant a day as could be desired. The Sabbath School was held at 9 A. M. There was preaching at 11 A. M. by Rev. J. F. Smith; at 3 P. M. by Rev. G. A. Hartley, and at 7 P. M. by Rev. A. Taylor. In other places the preaching was as follows :- Sussex Baptist Church, by Revs. J. McLeod and J. E. Reud; Methodist Church, by Rev. J. T. Parsons; Midland and Norton by Rev. G. W. McDonald; Newtown by Revs. F. Babcock and E. B. Gray; Moncton, by Rev. William DeWier; and South Branch by Rev. R. French. So far as we could learn these services were all well attended, some of them very largely. The attendance at the place of Conference was very large. A great many were unable to get into the Church, and an overflow meeting was held in the Hall near by, where Rev. J. Gunter preached. The good seed so widely sown will bear fruit. At the close of the evening preaching the ordinance of the Lord's Supper was administered, a very large number participating.

The other preaching meetings during the session were, Thursday evening preceding Conference, Rev. W. De Wier: Monday at 10 A M., by Licentiate J. W. Clark;

and Tuesday afternoon, by Licentiate H. Hartt.

Committees have been appointed from year to year who have submitted admirable reports, expressing the opinions and feelings of this Conference upon the necessity of the sacred observance of the Lord's day, and it is only the intention of this Committee to reaffirm with additional emphasis, that the principles hitherto expressed, are still the uncompromising sentiments of this Denomination. And whether as a nation, a community, a family, or a Church, neither political greatness, social prosperity, nor spiritual vitality can be hoped for, or the blessing of God claimed, unless we recognize His undoubted proprietorship to the sacred hours of His holy day. Minutes of last Session read and approved.

Committee on Education reported as follows:

After the lengthy and exhaustive discussion upon the Resolution introduced by Prof. Foster, with a view towards providing instruction for young men, candidates for the Ministry, and the decision arrived at by this Conference, your Committee does not deem it necessary to make any further report.

J. NOBLE, Chairman.

Adopted. DATTANTO AND THOUSE

Report of Board of Managers was read, as follows, and adopted:

The Board of Managers report that nearly all the property in our hands is secured by mortgage on landed property, and that all of it is bearing interest. All the interest due has been collected, and the Treasurer's account shows the amount on hand.

Since our last report we have received a deed of a lot of land for a Meeting House and Grave Yard at Petitcodiac, Westmorland County, to take charge of which we have appointed, as our agents, three

provisional Trustees.

A note of hand for \$8.50, made payable to this Conference, was sent to us for collection, and as such note will become outlawed before our next annual Conference, we have appointed one of our Board, an agent to collect the same, and when collected to pay the money to the Treasurer of the Church for whose benefit the note was

given.

This Conference referred to our Board the matter of the advisability of selling the greater part of the lot of land held by us in Knowlesville, Carleton County, for the purpose of aiding the Church in that place to finish their Meeting-House, now in course of construction, upon which matter we would repeat that as the Government grant of this land has never come into our hands, and we do not know what power it may give this Conference, we cannot make any positive recommendation as to the sale; but would recommend that this Conference appoint some brother as an agent to ascertain about this matter, and if he finds that the Conference has the power to sell, such agent be empowered to effect the sale in harmony with the church, and to pay over the proceeds of such sale to the church for the purpose of aiding in the finishing of their meeting-house. But in no case shall there be reserved for the use of the church, for meeting-house and graveyard lot, a less quantity than five acres of said lot of land,

G. A. HARTLEY, Secretary Board of Managers.

Committee on deceased brethren reported:

Your Committee have to report the death of Licentiate S. G. Gorham, which occurred in July last. Bro. Gorham's sickness was short, and his death sudden, but he passed away as does the Christian, confident of being " with Jesus, which is far better.' Our de-ceased brother was an earnest, zealous Christian worker, and, by the blessing of God, accomplished considerable good. He is greatly missed by the Churches to which he ministered. We mourn his early death, and tender his widow and children our sympathy in their deep affliction, praying the Lord whom he served to give them the fullness of his blessing and comfort.

On motion, Ordered, That Penobsquis Church be authorised to appoint the first Saturday in November of each year as the day for election of Trustees.

On motion, Resolved, That this Conference do now adjourn till the first Saturday in October 1878, then to meet with the Church at Hampstead, Queen's County.

The Free Christian Baptist Home Mission Society held its Thirteenth Annual Meeting with the Church at Pe-

nobsquis, King's County.
The President, Rev. T. Vanwart, in the Chair. The meeting was opened by singing and prayer.

The Treasurer of the Society, Prof. G. E. Foster, submitted his Report, ready audited, and it was adopted. (See Appendix B.)

The Corresponding Secretary, Rev. J. E. Reud, then read his Report as follows;

DEAR BRETHREN.—It is far from a pleasant task for your Secretary to make a report at the present time. Your Secretary of last C. HARLLEY. year reported that very little had been done during his year of office. I have to report that still less has been accomplished during the year just passed. I have to deplore the seemingly little interest that the Churches of our denomination take in this work, or the recommendations of Conference relative thereto.

An appeal was sent to each Church requesting that a collection be taken for the benefit of this Society's funds, on one of the Sundays in December last. Very few of the Churches responded to this appeal, and consequently the Executive have had to work with a nearly empty treasury.

Rev. John Gravinor spent a month with the Churches at Geary and vicinity. The Churches were much encouraged and helped under the faithful ministry of our brother. Twenty-five were converted, baptized and added to these Churches.

Our lamented deceased Brother Stephen Gorham, labored with the Churches in connection with the Sixth District for one month. Much good was the result of his labors.

This is all or about all that has been done during the past year. and now what is the outlook for the future. Many of our Churches

are dying. Many of these Churches are looking to this Society for these appeals go by unheeded by us? Shall these Churches die? Shall the seed sown by evangelistic labor in connection with the Free Baptists of New Brunswick, die out for the want of that Gospel which it is our duty and privilege to give.

Brethren, in spite of the disappointments of the past, let us look hopefully to the future. I believe that you only need to have this subject brought home to your hearts to lead you to hight action in this matter. Many of us have been gathered into the fold of God, through the instrumentality of Home Mission labor. Gratitude, if no other feeling, should lead us to act liberally in the supporting of Yours in Christian bonds, TO BERO JOHN E. REUD.

### Penobsquis, Oct. 8th, 1877.

The Free Christian Baptist Foreign Mission Society held its Thirteenth Annual Meeting with the Church at Penobsquis. Rev. John Perry in the Chair.

Meeting opened with singing by the Choir and congre-

gation. Prayer by Rev. A. Taylor. The Financial Report was read by the Treasurer, Bro.

Wm. Peters. (See Appendix C.)

Moved and seconded that the Report be handed to the Auditor. Carried.

Bro. Joseph McLeod, the Corresponding Secretary, read the following most excellent and hopeful Report:

To have part in the work that, by the blessing of God, is to win the world to Christ is a high privilege. It is cause for joy that this denomination, years ago, learned the importance of participating in denomination, years ago, learned the importance of participating in such work, and that something has been done by our Christians to spread the "glad tidings" throughout the world. That much success is attending the effort to evangelize the whole earth is so plain as to forbid denial by even the most skeptical. The declaration of the Lord Jesus,—"and I, if I be lifted up, will draw all men unto me," is having its fulfilment. Everywhere the missionaries of the Cross have gone and are going; and everywhere the truth concerning Jesus is effectual, by the Holy Spirit, in removing ignorance and superstition, causing the banishment of idol gods, and all the meaningless and many times cruel rites and ceremonies of idolatry, enlightening the minds and melting the hearts of the votaries of false systems, training them to bow humbly before the only Saviour, Jesus Christ, and to loyously receive Him into their hearts. For all these things we ought and dedevoutly thank God.

But it is of our own part in Mission work, this report must But it is of our own part in Mission work, this report must

chiefly speak. The year has been one of average success. The published report, issued from the Mission press, has just been received, and to it your Corresponding Secretary is chiefly indebted for the facts embodied in this. The Missionary force has been considerably reduced, yet the missionaries are disposed to thank God and take courage in view of the experiences of the past year, being assured that their labours have not been in vain in the Lord. Year by year it becomes more and more apparent that a vast change is taking place in the Hindoo mind. It is not many years ago that our mis-sionaries were hooted in the streets, being greeted wherever they went with derisive cries from the people. Their books were refused, and often when accepted were torn up before their eyes. Everywhere they met fierce disputants, who repelled the Gospel message with subtle arguments, and earnestly defended the gods of the land. All this is changed. A kind and friendly reception is now given the missionaries wherever they go. This is especially the case among the better classes, while the lower classes have ceased to create disturbance, and listen attentively to the "word of life." Christian books are sought after, and people are willing, in most instances, to pay for them, if able. Serious inquirers are numerous, and the number is constantly increasing; and the missionaries report, with thankfulness to God, that some of these find sufficient strength to break away from the trammels of idolatry, and the strong powers of caste, and boldly declare themselves on the Lord's side. As indicating the serious thought which is being given the Gospel message, and the real progress being made in breaking down the false and unsatisfactory symptoms of religion to which, for ages, the people have clung, a conversation with an educated native is given. Being asked by the Rev. J. Phillips, D. D., what, in his opinion, was to be the future religion of the Hindoos, he, after admitting the question to be a difficult one, frankly declared : "It is impossible for the Hindoos to remain Idolators. Atheism could never satisfy a people for any length of time. I have little hope of Bramhaism. Its votaries are already very much divided amongst themselves. I, myself, could be a Christian, if I could believe in the divinity of Christ." In this is seen the real progress being made. The good seed was never sown in vain. In India, as elsewhere, it must bear fruit unto eternal life. The fruit is already visible. It must be more.

must be more.

This is but a single instance. But it indicates with certainty the real progress being made. The testimony from all Mission fields is to the effect that all classes, high or low, rich or poor, have been moved out of the places in which the Gospel found them, into others more in harmony with the Gospel teaching. Among the educated classes in the vicinity of Mission stations this is especially apparent. While it is true the great majority of them spurn the name of Christians, it is equally true that they have a still greater dislike to be classed among Idelators; and the masses of common people are drawing sensibly into closer sympathy with Christ. The Bible, which, in the early days of the mission, was considered so unholy a book as to defile the man who would touch it, is to-day sought after as no other book is sought. It has already become the

And it is cause for devont thankfulness to God that this work is being so much blessed; and that every year the opposition to it grows less. The report mentions as encouraging features that a larger number of families are reached and instructed than ever before; that many of these families are of the higher class; that there has been a greater degree of permanence in instruction than formerly; that the course of instruction has been carried to a higher grade, a deeper interest in education has been secured, and the number of pupils has increased beyond any previous year

Of the Santal Church at Bhimpore, gathered by and presided over by Rev. J. L. Phillips, until his leaving for America, the report says that it is feeling very much the absence of their beloved pastor and teachers, and are praying earnestly for their speedy return. Its compelled to remove, temporarily, to other places for employment. Quite a number have been It is a most gratifying fact though that the Christian Santals, scatstered in the jungles, though so isolated that they have little or no communication with each other, and surrounded entirely byheathen influence, have, nevertheless, preserved their Christian integrity, and some of them are exerting a strong influence on their heathen The Lay Santal preacher, in company with a native preacher from Midnapore, has been busy in Christian work throughout the district; and it is expected the good seed sown will yield fruit early

All the departments of the mission work are being prosecuted as vigorously as is possible under the circumstances, and with an encouraging measure of success. More Missionaries are needed. Sickness has weakened the mission force so much that the work must suffer seriously if there be not very soon an increase of mis-Bro. Phillips and wife and Miss Phillips, purpose returning to their chosen field of labour at the earliest possible date. They hope to have accompany them a number of others who feel themselves called to mission work. We could hope that in our own Province, some one or more might feel the hand of the Lord directing them toward India, and would each willingly say, "Here am I Lord, send me." Ought not we to pray earnestly the Lord of the harvest to send forth laborers into the foreign harvest field? Jesus Christ, whom we acknowledge as master, desires the heathen won to His love and service. Shall not we have a larger part than here. tofore, in the work of bringing about the fulfillment of His desire? It would certainly greatly increase the interest of our Churches in the Foreign work and we one or more missionaries in that work

The three or four years just past, have been very trying years for all Missionary Societies. The financial depression that has prevailed, has very materially lessened contributions to the treasures of Mission Societies. This falling off of contributions cannot be regarded as indicative of diminishing interest in mission work. that there is a brighter financial outlook, contributions may be exspected to be larger, and to come more freely. The condition of our

own treasury will be learned from the report of the Treasurer. May I express the hope that in the year of years to come our practical interest in this most important branch of Christian work will be greatly increased? As our number is increasing, our interest as a denomination in all Christian enterprises should proportionally increase. How better can that increase of interest be shown than by what we pay for the advancement of God's cause.

We rejoice in the advance of the Kingdom of our Lord Jesus-Christ. The work goes grandly forward. It will go on, God hath-said it. Let us pray for it. Let us pray for it. And the time will

surely come when,

"Jesus shall reign where'er the sun Does his successive journey's run; His Kingdom stretch from shore to shore, 'Til moons shall wax to wane no more."

JOS. McLEOD, Cor. Secretary.

The acceptance of the Report was moved by Rev. John Perry, and supported by Prof. Foster, Bros. McDonald and Taylor, all of whom ably advocated the cause of Missions.

Opened by singing, and prayer by Rev. G. A. Hartley. Rro. E. C. Freeze, Sabbath School Agent, submitted the following Report:

The sixth and seventh Districts have made reports through their Secretaries on this subject.

Nothithstanding the pains that have been taken to obtain correct returns, and the annual urging for full information, still we are forced to complain, either of great neglect or of absolute incom-petence of some whose duty it is to furnish information on this subject.—at the same time we have to congratulate ourselves on the

great improvement made within the past few years.

Probably not more than half the good is being done in this department of Christian effort and labour that might be done. This defect, is, no doubt, chargeable to several causes, amongst not the least, it is to be feared, is the absence of sympathy, and want of cooperation on the part of the parents and the adult members of our Churches. Parents too often seem to forget their responsibility, in the moral and spiritual training of their children, delegating the work, in too many instances, to strangers. Our ministers should work, in too many instances, to strangers. Our ministers anothen not fail, whenever an opportunity offers, to impress upon the older members of the Church, the necessity of, in every way, encouraging the Sabbath School, not only by their presence and labour, but by their means as well. From our families, and from our Sabbath Schools, we must look for the future men and women of our Churchas. Why they should we not strike by increased of our churchas. Churches. Why then should we not strive by increased effort, to make more useful the Sabbath School, to increase their numbers. and thus make them more efficient instruments in saving the young

At 8.15 P. M., the Annual Meeting was held, the President, E. C. Freeze, Esq., in the Chair. After devotional exercises the President opened the Meeting in a few remarks. He said:

The object of the Society is to provide for the education of the young men who propose to enter the Ministry in our denomination. It has nothing in view, but the benefit of the Christian body with which its members are connected. The denomination should be most deeply interested in it and its work. Union of aim and effort are needed. Having this, great good must be accomplished.

The following Speakers were then introduced:—Dr. L. N. Sharp, Rev. G. W. McDonald, Rev. John Perry, Prof. G. E. Foster, and Rev. Jos. McLeod. They all spoke clearly and earnestly on the subject of Ministerial Education, urging the necessity of provision being made by the denomination for the thorough training of candidates for the ministry.

The attendance at the meeting was very large, and there is no doubt that the speeches had a good effect.

The meeting was adjourned, the officers and members

of the Society to meet at the call of the President for the transaction of business.

This it has striven to do, and your Secretary thinks, with good effect. He is pleased to be able to state that the outlook is hopeful, and believes the time has now come when something practical may be done in the way of providing ways and means for the training of candidates for the ministry in our denomination.

The Treasurer, G. M. Boyer, Esq., submitted his Report. The amount on hand, exclusive of notes, is \$482.25. The report was adopted.

Your Treasurer, in making this, her Second Annual Report, would call the attention of the meeting to the fact that while a few of the Societies have collected and remitted quarterly, a large proportion have apparently made but one collection, thus, calling for the year's subscription at one time, making it seem more burdensome than if collected monthly, as designed by the Society. Your Treasurer felss assured that with a continuance of the effort and zeal already displayed by our sisters, there will be no difficulty to sustain our Sister in India, and with the hope that Sister Seely will be able to go, too, with Bro. The Treasurer wishes to say that if Societies desire the names of individual contributors to appear in the printed Minutes, it will be necessary to furnish her with full lists. It was intended to publish them this year, but so few lists were sent in that it has been thought better not to publish anything but the full amount sent by each Society. Names that do appear are those of persons who contributed directly, and not through an auxiliary. Will the Officers of Auxiliaries please be careful next year to send all the names?
