We do not ask you to encourage home industry—we ask you to see the quality of goods we manufacture, and our quotations. Goods manufactured by us are considered High Quality—the leading cities of Canada. Foreign woods imported direct from the south.

MAIL ORDERS
 We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

ENGLISH GENERALS BEHIND BRITISH CAMPAIGN.

LORD KITCHENER SIR JOHN FRENCH

Field Marshal Lord Kitchener, who is acting as British Secretary of State for War, and Field Marshal Sir John French, who is commanding the British forces in France, are the two most prominent generals pushing the British campaign against Germany and her ally.

GERMAN ADVANCE TO THE COAST HAS BEEN CHECKED

German Troops Suffer Heavily in Fighting Near Ostend—Encircling Movement by Kaisers Troops Foiled—Mysterious Fire in Austrian Dockyard

(Special to Graphic)
 London, Oct. 15th.—The German encircling movement towards the Channel has failed. Unofficial word received here indicates that the Belgian and British forces firmly contracted near Ostend had successfully effected a junction with a strongly reinforced column of French troops, and had inflicted a heavy assault in which the Germans were bearing the brunt of this particular fighting. The ultimate occupation by enemy of Ostend is accepted and discounted. Blockading fleet of medium strength, such as could easily be spared from flotilla of vessels now concentrated off Heligoland, would render Ostend useless as base for aerial operations by enemy. The public in London continues in fear of Zeppelin raid, but military aeronautical authorities point out that Germany would hardly be able to establish such an aerial depot at Ostend. A fleet off the harbor could easily shell a Zeppelin hangar in the city and hangars are absolutely necessary for Zeppelin raids.

(Special to Graphic)
 London, Oct. 15th.—The official report given out this morning states that some important gains were made by the British and French in northern France. This was the most cheering feature of news from the battle front yesterday. It is believed that a smashing blow has been delivered by the allies north of Arras. The progress of our troops in Barry-au-Bac has been confirmed. It is officially reported that the German advance on Verdun has not materialized. General Botha has despatched a force to deal with the South African rebel, Maritz.

Ottawa, Oct. 15th.—Sir Robert L. Borden has received a cable from the Hon. George H. Perley stating that the Canadian troops arrived safely on Wednesday at Plymouth, in the South of England.

(Special to Graphic)
 London, Oct. 15th.—The report has been confirmed that the Germans have occupied Bruges, fifteen miles east of Ostend.

CANADIAN TROOPS REACH ENGLAND

Despite Previous Report Transports On Beach Plymouth

(Special to the Graphic)
 The Canadian expeditionary force arrived at Plymouth, England, Wednesday, after an uneventful voyage, and are now being disembarked, preparatory to being forwarded to Salisbury Plains and Aldershot. The expeditionary force transports, which congregated in Gaspé Harbor, awaiting convoy, sailed from that harbor on Saturday, October 3rd, so that the journey to south of England was made in ten days.

SUDDEN DEATH

Miss Mary Edwards, of Fiddlers Point, Quebec, aged seventy, came to Dalhousie yesterday on board the S. S. R. Call with several neighbors from the neighborhood, arriving at Dalhousie about twelve o'clock, and died suddenly at two o'clock at the home of Mrs. Havelock McNeil. The late Miss Edwards was well and favorably known being a great church worker. The remains were taken to Escuminac in the afternoon from where the funeral will be held.

Bordeaux, Oct. 15th.—A

official of the French government stated today that the latest despatches from the front showed that the situation was about to develop more rapidly in the centre, in the region of Barry-aubac, and on the left in La Bassée, Estaires and Bailleul districts. "The allies," he continued, "continue to make good progress". Several hotly contested positions which had changed hands repeatedly during the past few weeks were now held strongly by the French and British. The situation from the allies standpoint was most encouraging.

(Special to Graphic).

London, Oct. 15th.—The vanguard of the "army of flight" from Ostend reached here today. It was composed mostly of women bedraggled, weary, and still full of fear of the German attack, a state of mind engendered by many sleepless days and nights of waiting. Many wounded Belgians and English were among the refugees.

Madrid, Oct. 15th.—

Portugal is prepared to place all their troops at the disposal of Britain, and the mobilization of the army is partly under way.

Trieste, via Havre, Oct. 15.—

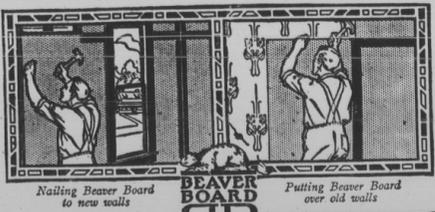

A new Austrian dreadnought, which was to be launched this afternoon, mysteriously caught fire early this morning, and was gutted by the flames. Six torpedo boats were also found afloat and seriously damaged before the flames were extinguished. This was said to be the work of spies and the Austrian government is seriously alarmed.

(Special to Graphic)

Rome, Oct. 15th.—The Gazette del Popolo, a Turin newspaper, having asked King Nicholas of Montenegro to give his views on the war received the following answer from General Maritovich, who in the name of the King replied, that this war was one of revenge, attempted through all the centuries. It could be strictly defined as of oppressed nationalities against the nefarious work of the Vienna Congress. The Nationalities supported by the Triple Entente did not provoke the sanguinary struggle which was imposed on them by the reactionary spirit of the German world, wishing definitely to consolidate its own reign on these suffering nations or others weak in their contempt of international law.

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value in Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Amsterdam, Oct. 8.—A telegram from Berlin says that the evening papers of the German capital announce that on the afternoon of October 6 the German torpedo boat destroyer S126 was sunk by a British submarine, and that nearly all the crew was saved. The sinking of the German destroy-

GERMANS ARE PRESSING FORWARD

Report That They Have Occupied Ghent and are Bombarding Bruges.—Little News

Paris, Oct. 13.—Announcement is made here that the next great battle will probably be fought on Belgium soil. Reinforcements have been rushed to the allies left wing.

No news of war operations today except a rumor that Germans are bombarding Bruges. Germans and Austrians claim victory over the Russians but that report is not confirmed.

London, Oct. 12.—The allies gain slightly and loose not at all in great battle.

The Germans have occupied Ghent. The taking of Antwerp provides for the future on the part of Germany is now the opinion of military men. The left wing of allies now extends almost to the coast, with Germans keeping pace with movement westward.

News from Russian frontier not so cheerful, with German and Austrian army on the offensive.

German submarines sunk Russian cruiser in Baltic.

Recruiting in England takes leap forward, and standard is lowered.

Lord Curzon says long war is ahead. "More than one Christmas will roll by before hostilities end."

BRITISH TROOPS ARE WONDERFUL

French Writer Describes Scenes in Trenches While Under Fire

Fleury Lamotte, a French war correspondent, in the front lines with the British when the great battle of Charleroi began, "a fight that will remain inscribed in letters of blood on the scroll of history," describes the British soldier under fire as follows:

What impressed me above all were the coolness and dash of the British soldier. His utter indifference to danger and his general air of "Don't care" simply carried me away. At moments of critical danger I have seen him worrying as to when he was to get his cup of tea from his little travelling kitchen.

I shall never forget the admirable reply given by a little English soldier wounded in the hand whom I found sitting by the roadside outside Mons, wearing an air of consternation. I began to talk to him and asked him if his wound was hurting him. "It's not that," he said, with a doleful shake of his head, "but I'm blessed if I haven't been and lost my pipe in that last charge." I gave him mine and he was promptly comforted.

I asked another what he thought of the Germans, and he said: "They are like flies; the more you kill the more there seem to be." That was the extent of the impressions he had received during that awful fight, and he gave me his answer with a merry laugh, showing a glint of very white teeth. I saw others going under fire with a flag attached to their knapsacks.

There is another thing which struck me enormously, and that is the humanity of the British soldier when the fighting is done. In battle he is superb. He puts into the fight all his energy, all his indomitable pluck. He deals terrible blows at enemy. But when the battle is done his first thought is of humanity. The British do not exit over the enemy's losses.

They try to snatch from death as many as possible of their enemies. After the battle the men with whom they have just crossed blades are no longer enemies; they are, in their eyes, just poor wounded fellows. This solicitude, great-hearted as it is after hard fighting, will always read to the honor of the British Army.

While the Germans burn undefended villages, massacre non-combatants, and finish the wounded—even their own—the British Army's first thought when the fighting is done is to save as many lives as possible. No, with such soldiers beside us, we Allies have no reason to doubt the final crushing of the delirious hordes which press on towards Paris, mown down by our mitrailleuses and decimated by the incessant attacks of our troops, hoping to find at their goal a haven of refuge from their sufferings.

The Hague, Oct. 8.—Communication with Antwerp is interrupted. The city is known to be under a terrific bombardment from all sides. Following the refusal to acquiesce in the demand for the surrender of the city by the military authorities, the Germans, who previously had confined their fire to the encircling chain of forts, turned their guns on the city itself. They had given two hours' notice to the inhabitants to leave, and thousands flocked out in utter panic. The roads to the Dutch front are littered with household goods, clothing and personal belongings of every character, abandoned by the terrified Belgians in their mad rush to safety. The procession started orderly enough, but with the booming of the big guns panic followed to the crowd still near the city and they rushed madly ahead. Horses, wagons and automobiles were utilized for the flight, but there were many hundreds who had to walk many miles over roads ankle deep in mud and filth.

er was announced by the British Admiralty Wednesday, but the designation of the craft was not given. The S126 was built in 1904-5 and was 210 feet in length. She carried three four-pounders and three torpedo tubes. Her crew was thirty men.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better, than to pay a five dollar doctor's bill? For sale by all dealers.

SHOULD WOMEN PAY?

From the sentimental point of view it sounds all very nice that a man should be only too glad to pay for the privilege of any given woman's society. One runs the risk of seeming ungrateful in protesting against the male attitude in the matter; but conditions have changed and it is high time that this knotty point changed, too.

As things stand at present the social code has become very elastic. Boys and girls go about together to theatres and the river in a way unknown when the man-pays-for-it-all code was instituted. They are comradely and an unselfish, generous but the question of payments for expenses is still shirked. Take any typical young couple not engaged, (and the same will apply to their elders, too) and either of whom is well off.

The girl so long as she is with the man, cannot suggest a taxi, however tired she is, nor tea, however thirsty nor anything else that costs money because she knows she will not be able to pay for it. If she were a youth she knows that the two of them would have a pleasant time, each paying for himself; but that is denied to her. She is not the unworried little thing of past generations; she knows well enough about what income her escort is probably earning; she knows the value of money and how far it will go; and unless she belongs to the race of harpies she is certainly not going to trade

CONSERVATIVE CANDIDATE
J. B. Hickey, M. P. P. of Bathurst, has been nominated as the Conservative candidate for Gloucester County.

MEETING AT TIDE HEAD
A public meeting in the interests of the Patriotic Fund will be held at Tide Head, Hall, Monday evening at 7.30. A full attendance of all is requested.

EXPRESS LATE
The Maritime was two hours late reaching here on Wednesday morning being detained owing to a freight train leaving the track, a few miles below Oxford Junction.

HAVE
Your storm windows put on, and fall repairing done by
GEO. E. ROSS, carpenter, N. Ramsay St.

ANSWERED TO CALL
Probably no branch of the public service has answered the call for volunteers better than the employees of the Intercolonial Railway. From their ranks no less than 140 men joined the first contingent, and many more will volunteer with the second force of 25,000 men now about to be raised. As in the case of all others in the Dominion government service they will have their salaries paid in full during their absence and their positions will be kept for them.

AWKWARD MISTAKE
(Chronicle, New Glasgow, N.S.)
One of the willing packers at one of the depots where the Belgian relief goods are being boxed, created an awkward predicament for himself, when he found, after a hard afternoon's work, that he had packed his own overcoat in one of the cases. He did not care about the cost so much as some papers that were contained in the pockets. Five large cases had to be re-opened, and the contents examined before the missing coat was found.

FOR MONTREAL
Frederick Mall, Dr. Harry C. Mersereau and wife of Doaktown, are in the city, the guests of William J. Scott. Dr. Mersereau is on his way to Montreal, where he will take the examination of the Dominion Medical Council, and locate in that city for the practice of his profession. He is a graduate of McGill and completed a post graduate course at Edinburgh. For some time he was employed as surgeon on the C. P. E. steamship, Empress of India, which plies between Vancouver and the Orient. The doctor is a son of Col. Mersereau of Doaktown, and has two brothers with the Canadian expeditionary force.

MEETING AT FLATLANDS
A public meeting in the interests of the Patriotic Fund will be held at the Orange Hall, Flatlands, Wednesday evening, Oct. 21st, at 7.30. A full attendance of those interested is requested.

APPROACHING MARRIAGE
The marriage of Miss Marie Eva Vermette to Mr. Jas. B. Keenan of St. John, will take place next Thursday morning, the 22nd inst., at the church of Our Lady of Snows, here at 9 a.m. The bride will receive at her parents' residence, Water Street, from two till five p.m., and the young couple will leave on the Limited for a wedding tour to Montreal, Toronto, New York and other cities. On their return they will reside in St. John, N. B.

A BRITISH PUBLICATION
Evidence that the drapery trade has suffered little from the retarding influence of the war is to be found in the special Autumn number of the Drapers' Record. This London publication has issued a number quite as pertinent as any undertaken in peace times and the magazine is a great credit to the publishers. More cheering than the possibility of undertaking such a publication is the quantity of advertising carried in the issue. The advertising section is large and is filled with attractive announcements from various firms in the drapery trade, affording an indication of the prosperity of this business despite the war and of the determination of the trade to continue to live up to the motto "Business as Usual."

METHOD OF ADDRESS
ON SOLDIERS LETTERS
How to address letters to members of the Canadian Expeditionary Force in Europe was the subject of Militia Orders issued from Ottawa on Saturday. The correct method is: Rank and name in full, regiment of corps to which attached, and as final address "Canadian Expeditionary Force, England." The British authorities will see to the forwarding of these missives, which may be letters or other material, and will thus avoid the publication of the whereabouts of the various corps. Another Militia Order announces that no more Ross rifles or service ammunition will be issued to civilian associations till further notice, owing to the tremendous demand for rifles for active service work.

SUCCESSFUL REXALLITE

Thos. Wrán, Esq., Campbellton, N. B.
Dear Mr. Wrán: I want to congratulate you on the high standing you have obtained in Group C on the International Honor Roll. The fact that you stand ninety fifth out of approximately one thousand shareholders in Canada and in the United States must be a source of gratification to every Canadian Rexallite. Your success is all the more to be commended because you are competing against Rexallites in the United States, who buy all their supplies of candy from the United Drug Company. Please accept my sincere good wishes that next year you will be found still doing the Canadian Company the honour of appearing even higher on the Honor Roll. With kindest regards, Very truly yours, Frank E. Davis, General Manager, United Drug Co., Ltd.

SOCIAL EVENING
A social evening will be held under the auspices of the W. C. T. U., at the school house, Matapedia, on Friday, Oct. 23rd, 1914. Program will be given and refreshments sold. Doors open at 8 a.m. All are cordially invited to attend.

A GENEROUS GIFT
(From the Gloucester Northern Light)
At the public meeting in the Court House last Friday evening, Mr. P. J. Veniot made the statement that the fishermen of Lameque have offered three hundred quintals of cod fish for the Belgian Relief Fund. This is about a car load and will be sent forward as soon as the committee send instructions. It is doubtful if a more useful gift could be devised and Lameque's generosity will be highly appreciated.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilton, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by all dealers.

Help in the Relief Work of the Canadian Patriotic Organization and Support Canadian Industry

BY BUYING REXALL TOILET GOODS, REXALL REMEDIES AND REXALL PRODUCTS
From October 15th to December 31st, we, along with over 400 other Rexall Stores--The Best Drug Stores in Canada--are contributing to the Canadian Patriotic Fund FIVE PER CENT. of our total purchases of REXALL PRODUCTS. On the basis of last year's purchases this contribution will amount to several thousand dollars, but it can be doubled and trebled if the people of this town and the people of Canada will lend a helping hand.

REXALL GOODS ARE MADE IN CANADA
In the big new factory of the United Drug Co., Limited, in Toronto. Every time you buy a REXALL article you help in relieving the suffering caused by this calamitous war, and you also help Canada and the Empire by keeping Canadian industry employed. Moreover REXALL goods are better than most foreign-made goods of similar character--millions of users endorse them in Great Britain, Canada and the United States. Behind them is the personal reputation and guarantee of over 7,000 of the Leading Drug Stores throughout these countries. Beside, in buying REXALL goods you take no risks. REXALL Stores everywhere prefer to refund, and will refund your money if any REXALL product is not satisfactory. What's more REXALL products will not cost you a cent more than they have been costing, the increased cost of manufacturing incurred since the war will be borne by the United Drug Co., and the Canadian Patriotic Organization. Will you lend a hand and pass the word along to your friends? All the funds that can be collected is required for Relief Work and Canadian workmen need to be kept employed. Full list of Rexall Goods that you can buy to advantage at our stores. Ask for it.

THE PATRIOTIC FUND

In this weeks issue we publish the first list of names of subscriptions to this worthy object. It cannot be too strongly enforced on every one, that this is the price we have to pay for duty, honor, credit and the glory of our vast empire on which the sun never sets. For years we have shared in all the good that accrues from bearing the name of British and we must now share some of the responsibilities. Our contributions to this fund must be in the spirit of sacrifice. If we only give what we think we can spare, we are doing almost nothing. We have to put ourselves in the same position as those who have gone to the front. They have given up all for their country. What have you given up?

THE BELGIANS

All over this vast continent there has passed a wave of pity for a gallant people trampled into the dust, their homes destroyed, their cities laid waste under the ruthless hand of the spoiler, and the sympathy of this free loving people has been awakened. Already large consignments of clothing and necessities have been collected on behalf of the refugees, and we are glad to say that in our own county a start has been made. From Jacquet River and from Nash's Creek, a cartload of goods from each place has been shipped, and the ladies of the W. C. T. U. of Campbellton are making an appeal for clothing of all kinds and other necessities, and a generous response should be made by the people of this town and county.

Italy is torn between love and duty—or maybe it is between prejudice and common sense.

Kaiser Wilhelm is about to lose his British Royal Garter, but let him not despair. He may be in his tire feet before the war's over, and then he won't need garries.

In view of the modern military methods of digging one's self in at every opportunity one might think that an army composed of sewer diggers would be unconquerable.

DALHOUSIE

Dalhousie, N. B., Oct. 14th.—The ladies who compose the Women's Institute of Dalhousie, deserve great credit for the plans they outlined Tuesday night at their first regular meeting, which was held at the residence of Mrs. A. Mott, and which was largely attended. They soon grasped the situation, and realized that the war is going to be a long one, and that there was only one thing to do and that was for each person to give according to their means in money and clothing. Committees were appointed for the different branches of organization for the patriotic fund, and arrangements were made for the holding of a patriotic concert in town at an early date. It was stated at the meeting that a large case of goods had been sent this week to one of our cities, to be shipped with other lots going to Belgium.

Concerning the patriotic fund in the county, matters should be arranged so that the people who subscribe get an explanation of the object of the fund. The poorest man in the land who gives his mite should be made to feel that he is doing his part for the empire. When the giver understands this properly, he will know what patriotism means. Not only does the war, but conditions in our own country demand serious thought and more patriotism. It is for those who are supposed to lead public opinion to be up and doing. In each town, in each village, in each parish and if it were possible in each school district, there should be at least one patriotic meeting of some kind. The war question could be explained, patriotic songs, music and recitations could be enjoyed. Sewing circles could be formed, and during the long winter evenings what a lot of useful articles could be made for the families who have lost all their belongings, because the government of their country preferred honor, justice and patriotism to graft and comfort.

Mrs. Albert McDonald of Nelson, B. C., arrived here this week to spend a couple of months with her father, Mr. John Almy. It is just nine years since she left Restigouche for the west. Her husband is one of the Dalhousie boys who has been a success. He conducts a manufacturing business in Nelson, and is a very busy man. Mrs. McDonald is accompanied by one of her youngest children. She received a very hearty welcome from many friends.

A new ladies sewing circle has been

TRANSPORTING CHAMPAGNE TO PREVENT ITS CAPTURE BY GERMANS

BARRELS OF CHAMPAGNE BEING CARTED FROM RHEIMS TO EPERNAY

Notwithstanding the horrors of war that are being enacted on the sun-kissed hills of Eastern France, it would seem to be the height of folly to the ordinary American that any effort should be made to cart away the wine. Nevertheless, a great effort was made, and the above photograph shows immense drays loaded with barrels of wine being transported from Rheims to Eprenay to prevent it falling into the hands of the enemy.

On Tuesday evening this week, the circle met at the home of Mrs. Charles Kerr, and a good time was enjoyed. Among those present were Mrs. Wm. Simpson, Mrs. S. J. Beckingham, Mrs. Havelock McNeil, Jennie Bateman, Maud Beckingham, Mrs. Chipman Bateman, Miss McMillan, Jennie Bateman, Maud Beckingham, Nettie Robinson, Miss Windsor and the Misses Minnie and Annie Kerr. Mrs. John McNeil has gone to New

Our enterprising citizen, Mr. Wm. Gallop is purchasing the stock of the old skating rink company, and if successful he will turn the old rink into a garage.

The shiretown people will not be short of amusement during the coming long evenings. In addition to the different sewing circles the new skating rink, we have two moving picture theatres. The "Star" puts a show on every evening, except Sunday. At the Opera House, Mr. Dimock holds forth on Monday, Wednesday and Friday evenings and notwithstanding the cry of dull times, both halls are crowded. If Mr. Dimock can come to terms with the temperance people, who control the hall, he is now using, it is his intention to improve it in such a manner as will permit his bringing some good shows to Dalhousie. This will be appreciated.

Miss McNaughton, who spent the summer months with her sister, Mrs. C. H. LaBillois, left for Quebec on today's Maritime express.

Mrs. Milton Doherty, Campbellton, was a visitor to town this week.

Mr. and Mrs. M. Stewart have arrived here from British Columbia. They are the guests of Mrs. Stewart's sister, Miss Elizabeth Stewart, at Glen Cottage.

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr. J. J. Boyd, Covington, Tenn. says: "I feel it my duty to write for the benefit of those suffering from dandruff. In the average case 1 application of Newbro's Herpic will remove all dandruff. It is safe to continue its use for several weeks."

The words of J. B. Thompson, M. D. No. 2 Burroughs Place, Cor. Hollis Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpic. It is all that is claimed and perhaps more. Herpic not only cleanses the scalp but brings the hair gives it life and makes it soft."

LAYMEN'S BANQUET GREAT SUCCESS

Nearly Two Hundred Men Assembled in St. Andrew's Hall Wednesday Evening

The Laymen's Missionary Movement received a good send off at the banquet held in St. Andrew's Hall, Wednesday evening. Nearly two hundred men were present, and after partaking of the banquet, heard with marked attention and enthusiasm, the addresses of Mr. David M. Rose and Rev. R. M. Hamilton.

The importance of missionary efforts and what can be accomplished by systematic giving by way of the duplex envelope, now so generally in use in many sections, was most convincingly set before the audience, and no doubt an effort will be made to introduce the system here, where it may not already be in vogue.

BELGIAN RELIEF FUND UNDER WAY

Arrangements Now Completed For the Collection of Clothing, etc. For Belgian Refugees.

While strong efforts are being made for the Patriotic Fund in this county, not being forgotten, octonostaticism, the needs of the Belgian sufferers are ever, to Jacques River and Nash's Creek to lead the way, and it is with great pride that we announce the fact that a car load of goods was shipped from both of these places this week. The articles comprised four, potatoes, clothing, boots and shoes, yarn, wooden goods, etc., and contributions were gladly and willingly given. The W. C. T. U. of this town has also taken up the work, and a committee has been appointed representative of all the churches to solicit donations of clothing, etc. The Town Council has placed the store lately occupied by S. M. Moores at the disposal of the ladies, and it has been arranged to have attendants in the place every afternoon, starting from tomorrow, Friday, till the end of the month to receive contributions. Clothing of every description is required and the committee feels that this great need has only to be brought to the notice of the people for them to contribute willingly. Those in the country districts, who may have articles of clothing to donate, might let any of the committee know, and these would be called for. Contributions of money would be thankfully received, and materials bought, so that those who were not in a position to do anything more could give their time in making articles of clothing or knitting socks, etc.

DOUGLASTOWN, P. Q.

One of the most interesting sights that was ever seen in our village of Douglastown, was that of 35 passenger and warships that cast anchor at Douglastown. Many of the Douglastown people spent the day on board, and were highly received. Also many of the ships crew came to the stores to purchase provisions of all kinds and were well supplied. Some of the Gaspere sports coming around to take photographs of the ships were not very well received. The ships did not approve much of Gaspere harbor, so they remained in the pretty little bay opposite Douglastown. This beautiful sight was seen on Saturday, October 3rd, 1914. After the cold spell of weather, we are having fine weather. The crops all turned out fairly good. Times are very good in Douglastown although the war is raging, and every one is plentifully supplied for the long winter.

Dr. T. A. Moore, Duncan, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is soft, smooth and growing. Hair has grown on spots before but thinly covered." Newbro's Herpicide is "the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once." VALCARTIER CAMP

How the big mobilization and training camp of the recruits when they came pouring in from all over Canada is told in OCTOBER CANADA MONTHLY by one of the Queen's Own men.

When the troops first arrived they were more or less in the words of an energetic young officer, "scattered." He says. Some had uniforms and some boots. Some came in plain clothes. Some were well provided for. Many lacked necessary equipment. Some showed the effects of conscientious drill, others were raw recruits. It was necessary to turn this heterogeneous mass into a disciplined, trained, thoroughly equipped army. Discipline was the most important point of soldierly duty to be learned, and in many respects the hardest lesson of all. Life under conditions, where every man is regarded as the equal of every other man, and where a peremptory command from a boss often ends in a "Go to h—", and a search for a new job, is not conducive to that instant and unquestioning obedience which is exacted in army life. In a good many cases men in the ranks were superior, mentally and physically, to the corporals and sergeants and commissioned officers whom they were expected to obey. For the first two or three days, "acting back" to officers was not uncommon. Then a change came. An order was issued to the effect that any man guilty of breaking camp regulations, such as those against loitering in the river and straying out of bounds, or of disobedience and insolence to superiors, would be sent home, and not allowed to go in the first contingent. The day after this order came out a man was found sleeping in a nest of water from the river. "Empty that out," ordered an officer. The man threw it down with an angry gesture. "Arrest him," ordered the captain. The man was led off to the guard tent. All who witnessed the incident were subdued and respectful from that time on. It was somewhat difficult for close friends, different in rank, to remember the respect due to one's superior. An elder brother had to address his younger brother as "Sergeant." A senior man from Toronto University had to address a friend whom he had hitherto patronized as a "fishman," as "Sir" and salute whenever he spoke to him. The officers, for the most part, realized that the men under them were their equal in all but rank, and did not attempt to dominate. They pointed out the reasons for the commands they gave. One Q. O. R. officer, explaining what sort of cover men should take in action, said: "You can see for yourselves that a bush or a stone is a convenient object to aim at and would draw fire. The natural rolls of ground, six or seven inches deep, will hide men who lie flat." In any other army the officer would have said: "Don't take cover behind bushes. If you do you'll get two hours pack drill."

CONNELL, M. D.

Dr. A. G. Ferguson, Dalhousie, N. B. Dear Doctor: Prof. Goodwin turned over to me sample of water you sent him for analysis. The sample is entirely unsuited both physically and bacteriologically for drinking or domestic use. I did not proceed with chemical analysis beyond chlorine estimation as no matter what results were made such could not alter the physical character nor bacteriological characters. Water of this character before it could be used would require storage in impounding reservoirs to permit sedimentation—then filtered and passably treated with hypochlorite thereafter. Yours very truly, (Signed) W. T. CONNELL. Report enclosed.

The Rexall Stores of Canada —CONTRIBUTE TO— The Canadian Patriotic Fund

The Rexall Stores of Canada, 400 of the leading Drug Stores in Canada have unanimously agreed to contribute to the Canadian Patriotic Fund, FIVE PER CENT. of their total purchases of all Rexall Toilet Goods, Rexall Remedies and other merchandise manufactured or sold by the United Drug Company, Limited, Toronto, from October 15th, to December 31st, 1914.

This action of the Rexall Drug Stores of Canada has been undertaken co-operatively, because as a co-operative organization, they realize how much more can be done unitedly than individually, and it has been taken for two reasons—to fulfil a humane duty in raising a fund for the relief work of Canadian Patriotic Organization, and a patriotic duty in an endeavor to keep a large staff of Canadian employees busy.

The 400 Rexall Stores of Canada make an appeal to your sympathy and support in their doubly worthy cause for increasing the funds of the Canadian Patriotic Organization and for the support of Canadian workmen because:—

The fund that would be raised on the basis of last year's business can be tremendously increased if every man and woman in Canada will help a little by the simple process of purchasing Rexall Goods at the Rexall Stores.

No need to give space in this announcement to emphasize the high quality of Rexall Toilet and Medicinal goods. Sufficient to say that 7,000 of the leading Drug Stores in Canada, Great Britain and the United States place their personal and collective reputations behind them; that the public in these countries endorse them to the extent of several million dollars of purchases a year.

Better goods are not made, and you take no risk in buying, for every Rexall Store will return you your money if any Rexall Product is not entirely satisfactory and do it, too, without the slightest objection.

There's a full list of Rexall products waiting for you at the Rexall Store in your town.

Ask for it—kindly pass the word along to your friends. It is the collective purchases of all that will make this Rexall Store Fund for the Canadian Patriotic Organization work a big one. The Fund will be collected from each Rexall Store in Canada by the United Drug Company, Limited, Toronto, and will be paid by them direct to the officers of the Canadian Patriotic Organization, and the amount so collected will be published in this paper when paid over.

Rexall Goods are made in Canada and you can procure them in your town only from

CANADIAN FLOUR MILLS WILL RUN AT FULL CAPACITY

Orders from the Dominion and Ontario Governments for an aggregate of 1,250,000 barrels of flour are only the beginning of the increased demand on the flour mills of Canada as a result of the war.

The mobilization of the armies of Europe will result in a large reduction in the acreage sown to wheat in that continent. That reduction in acreage and consequent reduction in yield will greatly increase the demand for wheat and our from other producing countries.

In the home market also there will be an increased demand for flour. The tendency of many will be to use more bread and other staple articles of food instead of some of the luxuries of the table.

Thus it would appear that the 7000 men who are working in the flour mills of Canada are assured of continued employment throughout the year. It is possible the number of employees in flour mills will have to be increased but even if an increase should be unnecessary the continued operation of this industry will mean the circulation of approximately four million dollars a year in wages to Canadian workmen.

ROY—THERIAULT

(From the Gloucester Northern Light)

A very pretty wedding took place in Grande Anse on Sunday, Oct. 11 at 3 o'clock in the afternoon, Rev. S. J. Doucet officiating, when Miss Amanda D. Theriault, daughter of Mr. D. N. Theriault of that place, became the wife of Mr. Donat Roy of Petit Rocher, operator for the Caraqueat Railway, at Caraqueat, son of Mr. Jerome S. Roy, a bride who looked very pretty, was beautifully attired in white chiffon over white satin. She wore a veil and wreath, and carried a bouquet of carnation and sweet peas. The witnesses were Mr. D. N. Theriault, father of the bride, and Mr. Jerome Roy, father of the groom.

P. Knight, representing China Hardware Co. of Quebec spent Saturday and Sunday in Paspebiac. Rev. A. J. Vibert was in Paspebiac on Sunday. Mr. H. LeGallais of the Bank of Nova Scotia, Montreal, is at present spending his vacation with his parents here.

PORT DANIEL

Arrangements are being proceeded with for the Patriotic Concert to be held in the Anglican Parish Hall, Thursday. The committee have been working hard on the affair, and we trust that the weather may be favorable and that a large number will attend. A dance was held at the home of Mr. Isaac McKenzie, last week. Messrs. Leslie, Ernest, and Vincent Dow have just returned from a hunting trip, bringing with them a splendid moose. We are pleased to note that Miss M. A. MacPherson, who was ill is much better now.

BLACK CAPE

On Wednesday evening, Sept. 30th, a very quiet but pretty wedding took place at the home of Mr. and Mrs. James Campbell, when their second daughter, Edith Margaret was united in marriage to Angus Campbell Powell. The ceremony was performed by Rev. W. B. McCallum, in the presence of only a few invited guests. We all join in wishing Mr. and Mrs. Powell long and prosperous married life. Miss Hilda Gallon, teacher of school No. 1, spent Thanksgiving at her home in New Carlisle. Miss Quinn of Campbellton is visiting friends here.

DOUCET—WHITE

(From the Gloucester Northern Light) At the Church of the Holy Family, on Monday morning, Miss Melvina White, daughter of Mr. Jas. J. White, was married to Mr. Thos. Doucet, son of Mr. John D. Doucet. Rev. William Varrily, D. P., officiated. The bride looked charming in a suit of Copenhagen velvet, white furs and hat to match. She was attended by Miss Nellie Doucet, sister of the groom, while Mr. Theodore White, brother of the bride, supported the groom. After the ceremony, the party motored to the home of the groom's parents, where a wedding breakfast was served to relatives and friends. At noon the happy couple left on the Ocean Limited for Halifax and other points in Nova Scotia. The bride's travelling costume was of navy blue broadcloth with hat to match. On their return Mr. and Mrs. Doucet will reside in Bathurst. The many friends of this popular young couple wish them many happy years.

THE DUGAL FINDINGS

SOON ANNOUNCED The St. John Evening Times says: The sensational developments of the Dugal enquiry are now nearing their final announcement. The evidence submitted at the enquiry has all been heard or read by the public but the report of the commission with their findings has been eagerly awaited. This natural curiosity will soon be satisfied. The report of the commission on the timber lands charges and the Valley Railway charges should be public within the next week or two. His Honor Lieutenant Governor Wood arrived in the city Thursday morning on his way to Fredericton to attend a meeting of the provincial government. Speaking of the Dugal matter he said that he expected that the report of the commission would be presented to him soon. When he received the report he feels that his first step should be to lay the finding before Premier Fleming, he being the man most directly concerned with the result of the enquiry. He will then present it to the acting premier for consideration by the provincial government. After these formalities have been passed the contents of the report will be made public.

CONSUMPTION TAKES HUNDREDS OF PEOPLE

Hundreds of people succumb to consumption every day. Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists. The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it rebuilds the restorative forces of the body to avoid colds and prevent consumption. If you work indoors, the easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from stupefying drugs. Avoid substitutes. 14-42 Scott & Bowne, Toronto, Canada.

ORDERS OUT FOR THE SECOND CONTINGENT

Twenty Two Thousand More Mobilized at Different Points Men Will Be Sent to the Front

The government proposes forthwith to organize and train a second expeditionary force of twenty thousand men with first reinforcement of ten per cent, making 22,000 in all. This force will be organized as expeditiously as possible, and the arrangements for providing the necessary arms, ammunition and equipment are already in progress. The force at the front will in this way be brought up to more than fifty thousand men. The government are also making preparations to organize and train necessary further reinforcements for both forces. The arrangements for organizing and training such reinforcements will be announced at a later date. The second contingent will be mobilized at base depots, at Halifax, St. John, Quebec, Montreal, Toronto and other large centres, according to the statement of Col. Hughes. After being recruited and equipped and given some preliminary training they will go to England to complete their training. The organization of the second contingent will be under the supervision of Prime Minister Borden in the capacity of acting minister of militia, and will be imposed approximately as follows:— In the first place 2,000 of the troops will constitute the first reinforcement for the main body. Another 3,000 will form the line of communication, including the army service, medical and engineer branches and supernumeraries. The rest of the force will consist of some 2,000 artillery, including one artillery squadron and a number of machine gun batteries, some of them mounted on automobiles. The machine guns are likely to be a very strong feature of this contingent. The cavalry will probably number 3,000, of whom 500 will be the rough riders from British Columbia, whom James McDonnell has offered to raise; 1,000 from Alberta, 1,000 from Manitoba and Saskatchewan, and 500 from Ontario. The infantry about 12,000 strong, will have the 4,000 French-Canadians now being recruited—3,000 from Ontario, 2,000 from the prairie provinces, 1,000 from British Columbia, 1,000 from Nova Scotia and 1,000 from New Brunswick and Prince Edward Island.

British Sapper Tells of Extraordinary Fighting of Expedition Force

In a letter from the front a sapper named Magridge gives an interesting account of this important branch of the expedition force, his story covering the period from Sunday, Aug. 23, to the following Thursday. We were in action all day—fifteen hours of it. We blew up barges lying up the canal. About 12 o'clock we had to get the charges together and several were laid. While we were laying them we were under fire all the time. But the Germans could do anything but hit us. The shells were flying all around. One of our fellows, a lance corporal of the Dorsets, if he killed one German he killed 2,000. He was using a Maxim and was at it all day.

"He was supposed to be the crack shot of the army. There were so many Germans all around that we didn't know whether we were shooting dead men or not. The lance corporal was as cool as anything. Our infantry were firing from about 350 yard range all day. We were quite close enough up. After we had laid the charges, we got back under cover. "At night we had barbed wire to put across the road. We got up pretty close to the German lines, for we could hear them talking. Later on we had six bridges to blow up. The center bridge was to go up first, and we were to get over quickly after we had laid the charges. After we left we came to some telegraph wires which had been shot away and had fallen across the street. We had to cut the wires away with our bayonets.

"On Wednesday morning we went to a village near Le Cateau and there we had to loophole all the houses, so that the infantry could fire from them. After fortifying the town we left and went on to another place, where there was a church. We saw the Red Cross flying there and knew it had been turned into a hospital. Our wounded were being taken in there in dozens, but the Germans shelled it and the place was knocked to pieces. Some of the wounded were got out, but not all.

"A party of the King's Own went into one battle shouting out, 'Early doors this way. Early doors, nine pence!' There were chaps, too, coming in and having their wounds dressed and going off again to have another go at the Germans.

The officers are grand. They do everything they can for our comfort. They are always looking after our chaps and I cannot speak highly enough of them. The men, too, seem pleased to think that they are doing their duty to the officers."

OUR PRESENT DUTY

(From the Gloucester Northern Light) Here in peaceful Canada far from war's alarms, prosperity continues to bless us. Splendid crops have been or are being harvested, and all the blessings of peace are still in full control. Not so with the Mother Country and those who stand with her in the war that means life or death to them all. Patriotism demands at this time that to the utmost of our ability each and all give from the stores laid by as generously as can be to the many demands that will be made upon us. In addition to the Hospital and other good works which we are called upon to support at all times, we now have to assist the Patriotic Fund, the Red Cross and the Belgian Relief Funds, and by the amount of help we afford to these is measured the patriotism of which we are possessed.

THE WAR OUTLOOK

(From the Gloucester Northern Light) It took the Germans just ten days to capture Antwerp, supposed to be one of the best fortified cities in the world. They continue to at least hold their own in the severe fighting in France. In the east, the Russians do not seem to be making very great headway against them, and as far as the sea is concerned, the several German war vessels at large in the different parts of the world continue to elude the British ships sent to round them up, and the British fleet in the North Sea still awaits idly a chance to strike. Belgium is already a desolated country, France has had a large section of territory overrun, and the losses suffered by the Allies have been tremendous. Not a very encouraging outlook, truly, but it will take a great deal worse to convince us that we are waging a losing fight. Germany has certainly proved its claim to the possession of the greatest fighting machine the world has ever known, but so far, they have had on their side, not only the advantage of entire preparedness, but also the more important advantage of a heavy preponderance of numbers over their opponents.

Both these advantages will obtain for some little time yet, and as long as they are in force, just so long must we expect to see the general course of the war go against us. The time is fast coming, however, when the great British Empire begins to exert in full measure its practically immeasurable resources of men and material, and when that day comes, be it soon or late, the star of the German Empire will slowly but surely commence its fatal decline. Before this awful war shall have raised its blighting hand from the fairest countries of the world, there will be sorrow in thousands of homes where now only happiness reigns, and it may be but a very short time until Canada's cry of grief is joined with that of Belgium, France and the United Kingdom.

That is the dark side of the picture, and in order for us to realize fully the position that we to-day find ourselves in, it is very important that we look the situation full in the face, for otherwise we will remain in the same unprepared condition in which this was found us. The call is now urgent. More men must be got ready, more money must be provided and implements of war must be manufactured and sent forward as soon as possible.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

KENT COUNTY DOES WELL FOR BELGIANS

People are Contributing Willingly to the Help of This Distressed European People

Review.—The people of Kent County are responding generously to the request for aid for the distressed people of Belgium. At Rexton a car has already been loaded with potatoes and other produce, and the people there think another car will be required to carry the stuff offered. A car will be brought to town tomorrow to receive a similar load, and perhaps another car will be needed later. The shipments from town will be donated by the people of Richibucto, Kouchibouguac, St. Louis, St. Ignace, St. Charles, and other northern parts of the county. At Buctouche a car is being loaded with flour, potatoes and other vegetables and clothing, and it is probable that several other cars will be needed to carry the offerings. At St. Anthony a car is also being loaded. Later on, when the farmers will have completed their threshing it is probable that large quantities of food-stuffs will be sent along. The employees of J. D. Irving, Buctouche, each contributed a day's pay to the fund.

PLACE THE BELGIANS HERE

(From the Gloucester Northern Light) Would it not be a good idea for the Local Government to arrange the settlement of Belgian refugees on the vacant farms of this Province? These unfortunate people have been driven from their own country, and now Holland and London are saying that they have room for no more. Bring them to New Brunswick, support them during the coming winter, and likely they could support themselves thereafter. This would be a good work for the Province to undertake.

FALLING HAIR AND ITCHING SCALP

Needless—Use Parisian Sage. Now that Parisian Sage can be had at any drug counter it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Frequent applications and well rubbed into the scalp will do wonders—it acts like magic. The hair roots are nourished and stimulated to grow new hair, itching scalp, dandruff and falling hair cease—your head feels fine. Best of all, the hair becomes soft, fluffy, abundant and radiant with life and beauty. You will be surprised and delighted with Parisian Sage. Try at least one fifty cent bottle from Thos. Wrae, he will refund the purchase price if you are not satisfied.

AID FOR BELGIAN WAR REFUGEES

St. Luke's Congregation Has Already Sent Generous Contribution of Supplies

(From the Gloucester Northern Light) The ladies of St. Luke's Presbyterian church were prompt in their practical response to the appeal of their minister, Rev. W. McN. Mathews, who on Sunday, the 4th inst. asked them to use their efforts toward raising a quantity of clothing and provisions for the relief of the people of Belgium now seeking refuge in England. Mr.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada. — "Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in. "After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba, Can.

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Matthews pointed out to his congregation the great service rendered to the opponents of Germany and militarism in the present war by the heroic stand made by little Belgium and her brave people, and the fearful cost in men and means that had resulted, and appealed for all the help that his prosperous people could offer. The ladies at once organized a committee to look after the matter, and before the next Sunday came round had made a substantial shipment of articles generously donated by members of the congregation.

This committee hereby acknowledge the splendid response made to Mr. Matthews' appeal, and wishes to thank all those who so promptly and effectively seconded their efforts.

CONSTITIATION RELIEVED ENTIRELY AT OUR RISK

Unless Rexall Orderlies relieve your bowel troubles and make you feel like coming back to thank us for telling you about them, then come back anyway, and ask us to give you back your money. This is just as strong as we can make this guarantee, and we want to make it strong, because we believe that Rexall Orderlies are the best bowel remedy made. Soothing and easy in action, they cleanse the bowels, thoroughly toning and strengthening them, and make you feel great. They promote easy and regular bowel action, help to promptly relieve constipation and overcome its cause. In these things they differ from old-fashioned, harsh, disagreeable salts and other physics which usually give only temporary relief and often leave the bowels in worse condition than ever. They taste like candy and even children like them. They are particularly good for children and for delicate and aged people. In vest pocket tin boxes; 10c, 25c, 50c. You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of Thos. Wran, druggist.

There is a Rexall Store in nearly every town and city in the United States, Canada and Mexico. There is a different Rexall Store for nearly every ordinary human ailment. The particular Rexall Store nearest you is listed in the Yellow Pages of your local directory. The Rexall Stores are America's Greatest Drug Stores.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. The only way to destroy the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Word has been received here of the sudden death of Ebenezer McMillan, J. P., of Black Point. The funeral is being held today from his late residence.

DROWNING ACCIDENT
A sad drowning accident occurred at Richardsville, last Wednesday evening, in which the 12 year old son of Mr. and Mrs. Amos Doucet lost his life. The little fellow, while playing about the reservoir with other children, fell in. His companions were unable to assist him, and immediately ran for assistance, but before help arrived, the unfortunate lad had sunk. The body was afterwards recovered and the funeral was held on Friday morning, Rev. Father Wallace officiating.
