MAY HAVE TO HAVE AN ELECTION

One Alderman Did Not Get Sworn
to Office and the Time Limit
is Past

The inaugural session of the Town Council was held on Monday evening. Rev. N. Franchette opened the meeting with the reading of Scripture, prayer and an address. Mayor Keith also gave a short address.

Town Treasurer gave a report supplementary to last year's report. The sum of \$59, a fee, should have been included in the receipts. Collected since last meeting, \$113.50. Bank balance at date, \$1332.17. The Town Marshal reported "nothing doing" in his line, and similar was the report of the Police Magistrate.

Ald. DeWitt failing to have had himself sworn in before the elapse of 20 days after election an election in Ward 3 is now necessary, and the appointment of standing committees was deferred until such time as there is a full Board, which will of course be soon.

A committee including Mayor Keith, Alds. Baker and Kelley was appointed to look into the matter of the application of Imperial Oil Co., with regard to their erecting an oil-tank within the town and to report at the March meeting.

J. S. King, M. W. White and A. Y. Dickinson were appointed assessors.

It was decided to enforce collection of all delinquent taxes after Feb. 20.

McIsaac-Golding

A pretty wedding was solemnized Wednesday afternoon, January 28, when Miss Golding of Stokney became the bride of Woodburn McIsaac, son of James McIsaac, of East Florenceville. The ceremony was performed at the home of the groom's father by Rev. F. E. Bishop in the presence of the immediate relatives. Later dainty refreshments were served and in the evening Mr. and Mrs. McIsaac were serenaded by the young folk, who were cordially received and spent a pleasant evening, dispersing after conveying all good wishes to Mr. and Mrs. McIsaac. The groom is a returned soldier who was through all the heavy fighting with the Canadian Expeditionary Force. Mr. and Mrs. McIsaac will make their home in East Florenceville.

Pleasure for Indoor Workers

The staff of Hatfield & Scott Ltd., and that of O. E. & C. M. Rideout have decided to have an

outing one night each week by way of constitutional, and have selected Tuesday evening as the appropriate one for these recreations and feast. Last Tuesday evening they enjoyed about two hours skating by which they created a good appetite, that greatly pleased their hostess.

Their idea is to follow this idea up throughout the season, enjoying, skating, skiing, snowshoeing, picnicking, motoring, tennis or baseball as the seasons change. In view of the good time last evening they recommend that a similar arrangement be made with other indoor employees. Last evening about 20 enjoyed skating and lunch at the home of A. W. Kyle. Next Tuesday the bunch will gather at the home of H. H. Hatfield for refreshments after the outdoor sport.

Coldest Winter

Never in history is there record of a January so cold as that just ended. Last Saturday was the coldest day. There was only one day since Dec. 10 when the mercury arose above the freezing point. An average winter day the mercury registers 14° above in this country, but the average temperature during the past two months has been considerably below zero. Every morning since Dec. 16 the mercury has shown from 2° to 38° below zero. But there has not been a single severe storm; nearly all the days have been fine throughout; and there was only two days that the sun did not appear at all. One of these days was Candlemas which fast augurs well for an early spring. The winter has been one of the coldest and one of the finest on record.

Mrs Eunice Trafford

On December 22 the death occurred at her home at Centreville of Mrs. Eunice Trafford at the age of 84 years. She had been in frail health for a number of years but bore her afflictions with cheerfulness and resignation. Mrs. Trafford was formerly Miss Eunice White and was born on the Nashwoak, moving with her family to Carleton Co in early childhood. Three sons and three daughters two of the latter in the west, mourn the loss of a loving and devoted mother. The funeral services were held at the United Baptist church at Tracey Mills the day before Christmas conducted by her pastor, Rev. W. J. Hurlow, assisted by Rev. S. Johnson of Centreville.

Her husband, Thomas Trafford also a well known and highly respected citizen of Carleton predeceased her by only 22 months dying suddenly in the eighty seventh year of his age.

WOODSTOCK WINS AT HARTLAND

At Tuesdays Races the Visitors
take all Races but Fast One

There was some lively business on the ice track on Tuesday when a bunch of Woodstock horsemen came up against the Hartland crowd. The visitors were inclined to doubt the accuracy of the time records published in The Observer but they came and saw, for themselves, and likewise conquered. The most interesting race was class A, in which Carrie W., (McLeod) and Strathelene Burns, (Mott) were matched. Strathelene won the first two heats and Cassie W. the second two. Time: 30, 30, 32½, 34. The fifth heat was conceded to Cassie W., as Strathelene apparently went lame. The first two heats were neck and neck, notwithstanding Cassie W. threw a shoe about 100 feet before the finish.

Class B
Sadie Ashbrook 1 1 1 Black
Lady Bell 2 2 2 DeWitt
Time: 31½, 32½, 31.

Class C
College Swift 1 1 3 1 Gallagher
Alice Homeland 2 2 1 2 McIntosh
Molly Wood 3 3 2 2 Thornton
Time: 32, 32, 33, 31.

Class D—pace
Neddie Man 1 1 1 Plummer
Grey D. 2 2 2 Britton
Time: 36, 33½, 34.

Class D—Trot
Togo 1 2 1 1 Gallagher
Lady Dufferin 2 1 2 2 Kennedy
Faye M. 3 3 3 3 McQuarrie
Time: 35, 36, 34, 33½.
Starter: J. J. Murdoch.
Judges: H. M. DeWitt, J. A. Gibson, F. F. Plummer.
Timers: J. A. Gibson, Robert Hamilton.

It will be noticed that the visitors were given much advantage. They questioned the veracity of Hartland time pieces and were permitted to supply timers and two of the judges. The race was surely contested and it is doubtful if the horses were ever pushed so hard before. The Hartland drivers will go to Woodstock on Friday next.

A challenge of \$75 a side has come from a Grand Falls horseman and has been accepted and the race is to come on on Tuesday.

MRS. PECK HAS GAINED 25 POUNDS

Nine Years Trouble Ends and She is Well and Happy, Now

"I have gained twenty-five pounds since I commenced taking Tanlac, and the troubles that have been making life miserable for me for nine years have been completely overcome," said Mrs. Minnie Peck, who lives at 9874 82nd Ave., Edmonton, the other day. "When I commenced taking Tanlac," continued Mrs. Peck, "I was so weak and run down that I was hardly able to get about. Everything I ate disagreed with me, and I would suffer for two or three hours after every meal on account of gas forming and bloating me up. I would have severe cramping pains in the pit of my stomach. I was very nervous so much that a slamming of a door would upset me terribly and a good night's sleep was out of the question for me. I would actually get out of bed every morning feeling more tired and worn out than I did the night before. This condition just kept getting worse all the time until I got to where I was compelled to stay in bed most of the time. "Then I decided to give Tanlac a trial, and it's the honest truth, I commenced to feel better before I had finished my first bottle of this wonderful medicine, and my condition just kept getting better until I am now as well as I ever was in my life. I never have a sign of stomach trouble now, and I have a fine appetite and eat just anything I want. I have gotten back all my strength and can easily do all my housework. My nerves are in perfect condition, and I sleep like a child every night. It is simply wonderful the way I have gained in weight, and in fact, I just feel fine all the time. Yes, Sir, Tanlac is a wonderful medicine and as long as I live I will never lose an opportunity to say a good word for it."

Tanlac is sold in Hartland by Estey & Curtis Co., in Bristol by Dr. G. W. Somerville, in Centreville by Stevens Bros., in Woodstock by E. W. Mait, in Benton by W. E. Porter, in River de Chute by Daniel B. Baird, and in Florenceville by A. B. Lovely and in Bath by Bath Drug Co., H. M. Foster, Mount Pleasant, John McIntosh, Glassville, Chas. L. Beat, Plaster Rock.

Estabrooks-Doten

An informal but interesting event took place at the home of Mr. and Mrs. Orrin B. Doten of Oak Bay, Charlotte Co., on Wednesday January 14th when their

THE PRIMARY CAUSE

of most sickness is neglect of the liver. Constipation follows. The poisonous matter which should pass out of the body spreads through the system. That is the cause of sick headaches, sour stomach and biliousness and these troubles are sure indications that the liver needs attention. THE CURE FOR ALL LIVER ILLS IS **Hawker's Little Liver Pills** SMALL, EASY TO TAKE. SUGAR COATED. HON. H. A. McKEOWN, Chief Justice, New Brunswick Supreme Court, says: "I find Hawker's Little Liver Pills an excellent liver regulator, and we are receiving similar testimonials in every mail. Sold by all Druggists and General Stores at 25c. Never genuine without the Company's name. HAWKER'S LITTLE LIVER PILLS. THE GREAT INVIGORATOR. BUILDER OF THE SYSTEM. HAWKER'S TONIC AND CHERRY SALAM. STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-lives"

112 HAZEN ST., ST. JOHN, N. B. "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives', made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors, but nothing seemed to help me until I tried 'Fruit-a-lives'."

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since. Miss ANNIE WARD. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

daughter Annie Blanche was united in marriage with Frank Hayward Estabrooks of Florenceville, now manager of the Bank of Nova Scotia at McAdam Jct. The ceremony was performed by Rev. C. A. Bell, pastor of the Oak Bay Baptist church.

The bride who was given away by her father was charmingly attired in white satin with hand embroidery and pearl trimmings wearing also a bridal veil of white tulle with wreath of orange blossoms and carrying a bouquet of bride-roses. The bridesmaid Miss Elva Claire Doten, sister of the bride wore a dress of yellow silk with overskirt and trimmings of georgette heavily beaded in black. The best man was T. Holland Estabrooks, brother of the groom.

At 10.30 the bridal party took their places under an arch of evergreen and white roses, from the strain of the bridal chorus from Lohengrin, played by Miss Helen R. Estabrooks, sister of the groom.

After the ceremony luncheon was served in the dining-room which was prettily decorated in pink and white.

Many beautiful presents in silver, cut glass, linen, china and several substantial checks testify to the esteem in which the young couple are held.

The groom's present to the bride was a beautiful pendant, to the bridesmaid a brooch set with pearls and amethysts to the best-men a stick pin set with pearls and amethysts.

The bride's travelling dress was of midnight blue chiffon broadcloth.

Mr. and Mrs. Estabrooks left on the Maine Central for a brief trip after which they will reside at McAdam Jct.

Memorial for Inspector Meagher

At the meeting of the Teacher's Institute in Woodstock on Dec. 18-19, 1919, the members in a resolution expressed their deepest regrets at the death of their late Inspector Meagher. They further proposed the erection of a memorial to be erected by the teachers of the counties of Victoria and Carleton at the minimum rate of 25 cents each to be forwarded to anyone of the following committees. Miss Bessie Fraser Grand Falls; Miss Francis Millmore, Woodstock or C. D. Dickson, Hartland.

No definite arrangement was made as to the place for the memorial but everyone seemed favorable to the Fisher Memorial School at Woodstock where all teachers interested could see it.

Any teacher who was personally acquainted with Mr. Meagher and noted how energetically he performed his duties as inspector and how ever ready and willing he was to aid any teacher in trouble, will readily approve of such a memorial and should forward his (or her) share to one of the committee at an early date.

HOW TO TREAT STOMACH TROUBLE

A Tonic Medicine is Needed to Build Up the Digestive Organs

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form.

The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. Every step towards recovery is a step gained not to be lost again. The recovery of the appetite, the disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams Pink Pills are a tonic every constituent of which is helpful in building up the digestive organs, and therefore the very best remedy for simple or chronic cases of stomach trouble. The success of the treatment is best shown by hundreds of cases like the following. Mrs. Chas. Comer, Picton, Ont., says: "For upwards of two years I was a great sufferer from indigestion. Food would ferment in my stomach, and I would belch gas with a burning sensation. Often I would be troubled with nausea, sick headache and dizziness. Notwithstanding that I was under Medical treatment the trouble grew so bad that I would only eat when absolutely forced to, and I was in constant misery. I was finally advised to try Dr. Williams Pink Pills and had only been using them a few weeks when I found they were helping me. I very gladly continued their use and the results is they have made me a well woman, every vestige of the trouble having disappeared. I am so grateful for what Dr. Williams Pink Pills have done for me that I strongly advise any who may be suffering from stomach trouble to give them a fair trial, and I believe that like myself they will find a sure cure."

You can get Dr. Williams Pink Pills through any dealer in medicine or by mail, post paid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

His Death Expected

New Brunswick Man Saved

Mr. Isidore Thomas, of Tilley's Road, Gloucester County, N.B., while expecting death, availed himself of help that was offered at random. Here is part of a letter he wrote to us:

"I beg you to publish my letter, so that people may know what GIN PILLS did for me. My case was very serious. I was so sick everybody expected my death any day. Finally, on advice from friends, I tried GIN PILLS, and in a short time was well again, and soon had gained 20 pounds."

Kidney and bladder troubles, very often, work in secret ways. A bad condition may exist, with only a backache to indicate it. That is why the slightest pains in back or sides should be investigated. These pains, along with sciatic neuralgia, rheumatism, dizziness, constipation, lassitude, lumbago, highly-colored urine, headache, floating specks before the eyes, gravel, indicate kidney trouble. A course of GIN PILLS, taken at once, will give relief, and prevent the progress of the disease, enabling the organs to right themselves and restore good health. GIN PILLS are the sure, safe, quick remedy. Get a box from your druggist or dealer—50c. Money refunded if no relief found. Send for free sample.

The Turpentine used in Dr. Chas. Syrup of Linseed and Turpentine is not the ordinary commercial article, which is little used because of the unpleasantness of taste, but is specially extracted from tamarac and spruce gum and combined with other valuable ingredients as to be at the same time pleasant to use and wonderfully effective in the cure of affections of the throat, bronchial tubes and lungs.

Aroostook Junction

On Monday morning John Grant died of pneumonia and taken to Kilburn for burial after a funeral service held at the Union Church at Aroostook Jct. Mr. Grant was aged 75 years, and was one of Aroostook's oldest and most respected inhabitants.

The long cold spell of winter weather which has lasted since about Dec 16, was accentuated Jan. 20 when the temperature dropped to 47 degrees below zero at 4 a. m., and at 8 a. m. was 42 degrees below. Work at Aroostook round-house was carried on with the utmost difficulty, engines being frozen on the tracks, and the roundhouse itself so full of steam and gas, that the workmen had to grope their way round, it being impossible to see anything whatever.

A little daughter arrived at the home of Mr. Jewett, C. P. R. operator, recently.

STORMY WEATHER HARD ON BABY

The stormy blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams medicine Co., Brockville, Ont.

A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mather Seig's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops, thrice daily. Get the Genuine, at druggists.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

HARTLAND, N. B., FEB. 5, 1920

WOOF!

Whiffy! The Press man is a dangerous lad! The modest assertion that this journal had more names on its pay roll than its Woodstock contemporaries combined made this wild man wilder still, and he rages incoherently. He utilizes the whole of his humorous column, and then some, in outpouring the vials of his wrath on the devoted head of the Observer man. Some of the Press man's words need correcting, and other remarks of his are incomprehensible by the ordinary reader. Just why the Press feller should pull this wheeze we know not. He says: "We have learned through its columns that it has purchased a linotype which has not yet functioned and a cut of which also appeared." Wrong, brother. You did not learn this through Observer columns nor did you see a "cut of which" in them. The fact is, however, that on May 10, last, Canadian Linotype Co., Ltd., accepted our order for a two-magazine linotype of latest model. The order placed then secured the machine \$400 cheaper than it can be bought today, and will be brought forward from Brooklyn just as soon as we can prepare a building to house it. Apropos of typesetting machines the Press announced that it, also, was installing one. Is it "functioning", brother?

But our Woodstock contemporary tangles itself up awfully when it says: "The big pay roll was not sufficient to set the County Council proceedings as the Observer borrowed the ready set type from the Sentinel, which will probably appear in the Observer this week." Stung ol' boy! The Observer is not printing the Council report at all. The funniest part of all is that the Press had not the facilities for setting the said report and for two weeks has been printing it from "ready-set type borrowed from the Sentinel."

Notice

The Councilors of the Parish of Brighton, W. D. Keith and F. W. Smith, and of Hartland Town, E. C. Morgan, desire to secure at once the name of every soldier from both parish and town who fell in the late war.

COUNCIL REPORT

The Observer is not printing the Report of the County Council chiefly for the fact that the price offered for doing so is inconsiderable for the work involved. The report makes about 250 column inches and our rate for such matter is 20 cents an inch. The job is worth \$50 and we are offered \$17.50. Nothin' doin'!

There is certainly an element of news value in the Council Report and we should have gladly paid for such a summary of it as would have given our readers a clear idea of what business was done at the session, but the Official Report has not yet supplied the copy so we cannot even summarize. What may be "news" one week is not news the next, so the doings of the Council is already ancient history from the newspaperman's standpoint.

ONE-FIFTY A YEAR

On Jan. 26 The Observer commenced rigid enforcement of the \$1.50 rate. Before noon three new subscribers signed up and paid and by Saturday night ten had been added to the list. Not a single complaint has come in and not one subscriber has cancelled his subscription on account of the price. During our last business year 375 new subscribers were added to the list, every one of which came voluntarily. At present date our list exceeds 2,350, and 90 per cent of these subscribers live in Carleton and Victoria—1565 in Carleton, 550 in Victoria, and 235 elsewhere. During January more than 1100 subscribers paid their subscriptions. They did it so readily and with such general expression of good will that the manager would like to write each a personal note of appreciation.

A short time ago there disappeared from the editor's desk a jack-knife, with a gray handle. It was highly prized as the last gift from the best friend the owner ever had. This week another knife stamped George Woodhead and price label still on it, was taken from the desk. The value of one of the knives could not be reckoned in money and of the other is \$1.25—too much to lose without an effort to regain them again. No doubt these were taken in error by some caller in the office who is wondering where the knife came from. If any reader has a knife he cannot account for, the chance is he picked it up in The Observer office.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

DEPARTMENT OF HEALTH, N. B. EPIDEMIC INFLUENZA

As this disease has been reported as again epidemic in several cities of the Middle Western States, it is perhaps, probable, that it may again revisit this Province.

In that event the following may be of service to the public:

- (1) The disease is not carried in the open air.
- (2) It passes from person to person in close contact.
- (3) It is principally spread by sneezing and coughing, by the person affected, close to another.

TO AVOID IT

- (1) Do not travel if possible.
- (2) Do not frequent crowded assemblages.
- (3) Keep clear of persons sneezing or coughing.
- (4) Do not visit neighbors merely for pleasure, and do not give parties or dinners or dances.
- (5) Do not give way to panicky fear of it.
- (6) Do not drink whiskey or other intoxicants as a preventive. It is worse than useless.

HOW TO AVOID GIVING IT TO OTHERS

- (1) Always sneeze or cough in a handkerchief.
- (2) Go home at once if feverish or unusually chilly.
- (3) Go at once to bed and remain there till all fever and discharge from nose are gone.
- (4) Keep to one room and see no one except nurse, doctor or clergyman.
- (5) When able to get up and move around remain at home for ten days to two weeks. Pneumonia and death may result in consequence of neglect of this precaution.

A CITIZEN ARMY.

Universal Military Training in Switzerland.

In connection with the frequent agitation for universal military training in Canada, it is interesting to study the systems of other countries where such service has been tested.

Universal compulsory military service in Switzerland dates from 1874, when the old system of requiring each canton to raise an allotment of three men for every hundred men of its population, was done away with, and the system of requiring every able-bodied man to meet for training was substituted. The system worked with very little trouble of friction from the beginning, and the Swiss people are very proud of their citizen army.

The Swiss boy, at the age of 10, is put into the gymnastic class at school and begins learning the elements of the soldier drill on the schoolhouse playground. Long before he is old enough to be called upon for service he has learned to do the manual exercises and to go through much of the drill that afterward fits him for a soldier.

When a boy reaches 17 years he is liable to service—a liability which continues until he is 50 years of age. Even after that he may be liable, if he is capable of doing any other army work than soldiering, such as acting as baker, veterinary surgeon, or otherwise.

With all of this universal training, the only people in Switzerland who make arms an exclusive profession are the commander-in-chief, selected by the Federal Assembly, and the general staff. These form the brains of the army. The rank and file belong to the cantons. The Swiss man sacrifices cheerfully a definite amount of his time to preserve his independence as a citizen of a free country.

Entrenched behind his native rocks, the citizen army of Switzerland contains every element of the nation. The man of wealth and the peasant are found shoulder to shoulder. The crucial is compelled to spend the crucial years of his life away from home in the army, and yet every man is required to contribute his share to that army's maintenance and the nation's safety.

At the age of 20 every able-bodied Swiss youth becomes a member of the militia, and every one who lacks the necessary qualifications regrets that he is unable to co-operate with other young defenders of his country. During the first year of liability he must serve 75 days or more, and 11 days for each successive year he is called to the standard. It is no expense that he has brothers already in the army, or that he has a widowed mother dependent upon him. The burden of preparedness, spread over a nation, becomes no onerous task for any

one, and the average young man in Switzerland looks upon his time spent in training camps as a pleasurable vacation, profitable to the safety of his country.

Service in the "Armee" or "Militia," continues until the citizen reaches the age of 32. Thereafter he passes into what is known as the "Landwehr" or First Reserve, where he remains until he has completed his forty-fourth year. He must give in that time nine days of service during each four years that he belongs to the "Landwehr." After he has passed 44 he goes into the "Landsturm," or Second Reserve, where he stays until he is 50, and even beyond that if national necessity calls him.

At the various stages in his career proper exemptions become the lot of the soldier. Those in the employ of the state, railway and steamboat men; hospital officials and others reach their exemption early; preachers, doctors, prison officials, postal and telegraphic officials are exempt; but the man who has to go into the field has the consolation that the man who may stay at home also has his burden to bear, for, in addition to a special military poll tax of \$1.20, a military property tax of 15 cents per \$100 (with property under \$200 exempted), and a military income tax of 1 1/2 per cent. The total tax thus paid by any one person cannot exceed \$400. The assessments are rigorously made and every penny exacted.

An Army in Peace.

At the end of the fiscal year the cost of the Department of Soldiers' Civil Re-establishment will run up

to \$37,000,000, and probably a like amount will be required to continue the work for the next two years. While the war is practically over and demobilization almost complete, we are maintaining another army, who are being trained in the arts of peace and not in the arts of war. These are disabled men and minors who are being vocationally trained. That army numbers today 12,340, each one of whom draws pay and allowances ranging from \$50 to \$150, according to the number of dependents, while taking a course of training averaging seven months. Moreover, we have 4,550 receiving free medical treatment with pay, and medical allowances at our hospitals, and 12,000 more receiving free medical treatment without pay and allowances.

The Way of It.

"I was held up by a woman once."
"Did she hold you up as a victim of robbery?"
"No; she held me up as an example."

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Stagnant Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Teeth, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Concerning McLaughlin and Cadillac Motor Cars

When making out 1920 contracts we thought we were making amply provision to take care of the demand for McLaughlin cars this season. But we had no idea then that the farmers in this section of the province would realize the high prices for their produce now prevailing. Neither did we figure on the recent steel and coal strikes which have caused the factory to cut down our allotment just about half. Although the McLaughlin factory will produce more cars this year than ever, on account of the increasing demand which is universal in every Province, County, City and Parish in Canada, we will not be able to obtain more than 25 per cent of the McLaughlin cars we could sell. If you have decided to buy a new car this year, we will be pleased to demonstrate the new models, and take your order, which will be filled in rotation. But do not delay placing your order if you wish to get a McLaughlin car during the spring or early summer months.

Love's Sacrifice

By EVELYN LEE

(Copyright, Western Newspaper Union.)

The matron of the police station came to the young lawyer who had just won his first case. Allen Burdick regarded her with some surprise, but lent an indulgent ear to the appeal.

"You're not like the usual crowd of practitioners that hang around here," she said. "I know you're a gentleman, and I wish you would come and see a prisoner, a young girl they have just brought in."

A minute later the young lawyer was ushered into an apartment just off the cell room where sat a girl with wan, dejected face and fear-haunted eyes staring at vacancy, and ever and anon shuddering at the riotous uproar of prisoners near by. The matron hurriedly whispered to Burdick:

"An officer brought her in an hour ago, and she has sat like that ever since. If you have a mother or sister, you will know at a glance that yonder poor frightened child is none of the class we usually harbor here. The officer said she was going about drinking dives among the slums. She is hiding something. You are a lawyer, find out what. Young lady, this is an attorney who may help you out of your trouble."

The girl turned her eyes upon Burdick, deep woe in their depths. He was infinitely interested and touched as he read in her face the innocence and inexperience of a novice in the sordid ways of the underworld. He outlined her need of advice and guidance as a prisoner of the law. He asked her name. She made a hysterical motion with her hands and uttered the words:

"No, no—I dare not tell! No one must know. Oh! let me leave this dreadful place!"

"They will, if you will explain how you came here," said Burdick. "The kind matron and myself know that there must be some mistake in your arrest. Why were you wandering about places unsafe for anybody?"

The girl broke down at the earnest, sympathetic appeal. "If I only dared trust you! Oh, surely you will not make public what I may tell you?"

"I seek only to secure your release," declared Burdick, "but I must know the facts," and then low and flusteringly Eleanor Wade told her story. His truth he realized. The matron nodded her perfect confidence in her former charge.

"Miss Wade," he said in parting, "I earnestly request that you will remain in your quarters here until I report to you my investigation in your behalf."

"Oh, I shall do just as you direct," declared Eleanor Wade fervently. "Surely heaven has sent me friends in my dark hour of need!"

It was to seek for her brother, lost to her for a year, that she had come to the city. It was in the hopes of finding him that she had visited the slums. Norman Wade had left home to start in business life. A few hopeful, chatty letters Eleanor received from him, then they ceased abruptly. She and Norman were with Wallace Blair, a distant relative, who was trustee of an estate Norman was to inherit upon attaining his majority. In case he died the fortune was to go to Blair.

It was the latter who, at the request of Eleanor, started out to probe the mysterious silence of her brother. He visited the city to return with the information that he had traced the absent one along a rapid downward course of sin and crime. Eleanor was heartbroken.

A month later Blair informed her that a detective he had employed had ended his investigations at a building destroyed by fire, where half a score of men had been incinerated. Eleanor was lost to believe her brother dead. Somehow she became distrustful of Blair. He had given her report of an alleged detective, circumstantially negating the places to which he had traced her brother.

"I visited them all," Eleanor narrated. "They were mostly poor hotels and lodging houses and the proprietors, upon examining their registers, found the name of my brother. Beyond that I could discover nothing. Oh! try and learn his fate."

Burdick had secured from the fair young girl a photograph of her lost brother and his signature from an old letter. Then he took up the vague trail she herself had previously followed. A week later he reappeared. One arm was in a sling and he wore a bandage about his head.

"I have found your brother," he announced at once, and gave her time to cry out her gratitude at the joyful news. "I had a hard fight in reaching him," and he casually indicated his injured arm, "but he is safe now."

"Oh! I can forgive him his sad mistake—only to let him at his side and sustain and care for him!"

"Your brother made some such," said Burdick. "It is all a plot of Wallace Blair, who has had him drugged and hidden by his criminal aide. My first discovery was that the registration at the lodging house was not in his handwriting. The photograph was recognized by a man who had met him and had an inkling of the plot. Wallace Blair will go to prison, but your brother shall come into his own."

"And you risked your life for his sake, for mine?" asked Eleanor, and her humid, grateful eyes told Allen Burdick that the rearing love in his heart had met with a mutual response.

\$25.00 FOR A LETTER CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in
a Letter Writing Competition

Some years ago the Dr. Will-
iams' Medicine Co., of Brookville,
Ont., offered a series of prizes to

residents of the maritime provin-
ces for the best letters describing
cures wrought by the use of Dr.
Williams' Pink Pills for pale
people. Hundreds of letters were
submitted in this competition,
and there must have been thou-
sands of other users of the pills
who did not avail themselves of
the opportunity to win prize. To
all these another letter writing
competition is offered. Thou-
sands of cures through the use of
Dr. Williams' Pink Pills have
never been reported. These will

furnish the material for the letter
to be written in this contest.
There is no demand upon the
imagination; every letter must
deal with facts and facts only.

THE PRIZES:

The Dr. Williams' Medicine
Co., of Brookville, Ont., will
award a prize of \$25.00 for the
best letter received on or before
the 28th day of February, 1920,
from residents of these provinces
on the subject, "Why I recom-
mend Dr. Williams' Pink pills."
A prize of \$10.00 will be awarded
for the second best letter received;
a prize of \$5.00 for the third best
letter and prizes of \$2.00 each for
the next best ten letters.

THE CONDITIONS

The cure or benefit from the
use of Dr. Williams' Pink Pills
described in the letter may be in
the writer's own case, or one that
has come under his or her personal
observation.

More than one cure may be de-
scribed in the letter, but every
statement must be literally and
absolutely true.

Every letter must be signed by
the full name and correct address
of the person sending it. If it
describes the cure of some person
other than the writer of the letter,
it must also be signed by the per-
son whose cure is described as a
guarantee of the truth of the
statement made.

The writer of each letter must
state the name and date of the
paper in which he or she saw this
announcement.

Fine writing will not win the
prize unless you have a good
case to describe. The strength
of the recommendation and not
the style of the letter will be the
basis of the award.

It is understood that The Dr.
Williams' Medicine Co., shall
have the right to publish any let-
ter entered in this contest if they
desire to do so whether it wins a
prize or not.

The contest will close on Feb-
ruary 28th, 1920, and the prizes
will be awarded as soon as pos-
sible thereafter. Do not delay.
If you know of a cure write your
letter now. Observe the above
conditions carefully or your let-
ter may be thrown out.

Address all letters as follows:

BROOKVILLE, ONT.
Letter Contest Department.
