SENSATIONAL REVELATIONS IN THE DREYFUS SCANDAL

A Socialist Deputy Launches Them in French Chamber.

READS INCRIMINATING LETTER

Which Proves That the Minister of War Had Suppressed Important Documents.

Paris, April 7.—M. Jaures, a Socialist deputy, today launched his promised revelations of the Dreyfus case in the Chamber of Deputies. They proved to be more sensational and more important than was anticipated, and reawakened much of the angry excitement that marked the sittings of the Parliament when "l'affaire" was tearing France to pieces. M. Jaures undertook to show that a document of the most serious importance, which might have procured a decisive investigation of the case, was systematically suppressed, that the spurious letter attributed to Emperor William, was like Colonel Henry's forgery, done at the ministry of war, and that highly-placed officials were responsible for it, and that this fraudulent document was afterwards slipped into the ministerial dossiers in a manner that enabled it to be procured as evidence without incurring the risk of public scrutiny.

DUPE OF THOSE WITHOUT HONOR

M. Jaures' speech was long, and though it was eloquent and powerful, it need not be followed in detail. Its kernel was the exposition of a letter purporting to have been written by General de Pellieux in August, 1898, to M. Cavaignac, who was the minister of war, asking permission to resign because he realized that he was the dupe of those without honor, and was able to longer rely on the confidence of my subordinates and unable to trust my superiors, who have made me work upon forgeries."

The reading of this letter aroused a great sensation, in the midst of which M. Brisson rose, white and agitated. He was hardly able to control his voice, as he said: "It was not my place to call at this time to declare that I had no knowledge of the letter."

This caused an outburst of indignant sounds from members of the Left, of whom turned menacingly towards M. Cavaignac.

The latter protested against the insinuation thus made against himself, and said: "I know that M. Cavaignac took notice of General de Pellieux' letter."

M. Brisson continued, impressively: "I know that M. Cavaignac was convinced of Col. Henry's first forgery, although he did not inform me of it until Aug. 30. Today I learn for the first time of the existence of Gen. de Pellieux' letter. M. Cavaignac did not bring it to my knowledge, it was because he had in the meantime come to an arrangement with General Mercier."

DESERVED TO BE IMPEACHED.

M. Brisson proceeded to denounce M. Cavaignac as unworthy to be called a Republican. He added that he deserved to be impeached, and that he might be impeached, and that he might be impeached. The truthfulness of M. Brisson's utterance carried complete conviction to the member of the Left, and a prolonged uproar followed. The light, however, was not confined, and M. Jaures, with acting a comedy.

M. Cavaignac denied that he was aware of the first forgery, and that he had denied having made an arrangement with Gen. Mercier, and protested that the whole matter was being exploited for a political purpose.

M. Jaures explained that the government obtain from Gen. de Pellieux an explanation of the charges in his letter, deferred the remainder of his speech until the Emperor's assistance in the acceptance of the Emperor's assistance in the acceptance of a bonus of shares in a financial syndicate of which the affairs are now before the court, Wm. Hays Fisher, M. P., Financial Secretary of the Treasury, is expected to announce his resignation of the ministerial post in Parliament today.

HAYS FISHER TO RESIGN.

London, April 7.—As a result of his connection as a director and his acceptance of a bonus of shares in a financial syndicate of which the affairs are now before the court, Wm. Hays Fisher, M. P., Financial Secretary of the Treasury, is expected to announce his resignation of the ministerial post in Parliament today.

TO BUY OUT AN ORDER

Rumored That France Wanted to Purchase the Grand Charleuse.

Paris, April 7.—The Opposition papers have recently been hinting that persons in close relation with the Government had offered to secure the authorization to remain in France for the monastery of the Grand Charleuse if the latter paid \$200,000. The editor of a paper, Le Petit Dauphinois, alluding to this allegation, recently asserted that two persons whom he named had made him this offer on behalf of a personage, whom he called Monsieur X. In the Chamber of Deputies yesterday Premier Combes took occasion to declare the whole story false, and characterized it as an infamous accusation like all of those made since he had become head of the Government. He added that he intended to checkmate the offer of the persons named by Le Petit Dauphinois.

THE WATER CURE AND THE LION

Trainer at First Tries to Subdue the Big Cat With Whip at the Risk of His Life.

Chicago, April 7.—Half an hour in a cage with an enraged lion was the experience yesterday of Cy De Vry, the head animal keeper at the Lincoln Park Zoo. Before a crowd of 300 excited persons who besought him to desist from the perilous attempt, the animal tamer, armed only with a whip, tried alternately to coax or drive the big beast from the outside cage into the inner quarters. He won, but only by the use of the "water cure."

The unruly beast was Prince, an African Barbary lion, which was bought last week from a circus in Wisconsin. It is the only representative of the species in this country and cost the zoo \$1,400. Prince is a magnificent animal, larger than the ordinary full-grown lion, with a great shaggy mane and a massive head. He is 5 years old.

Prince was shipped to the park on Saturday, and yesterday was let into the outside cage for the first time. The animal proved the chief attraction for the crowds all day, the other lions suffering from the effects of the water cure being complacent enough until a cold wind sprang up late in the afternoon and then he got peevish. He roared for De Vry and De Vry came to the door.

The tamer opened the inner door and made significant signs to Prince that he could go into the house if he wished. But at the first sign of the animal's circular tour of his cell and refused to see the door. De Vry next extended his invitation with the sharp end of a boat hook, but Prince would not be shoved into the house.

At last De Vry took his tiger whip and entered the cage through the inner doorway. Prince slung into an attempt, but the two women had turned away and furtively eyeing the keeper. De Vry cowed the beast, but could not force it toward the door.

At the moment of most intense excitement, two women in the crowd stepped forward and threw a bucket of water on Prince's face. Prince took refuge in the lion's face. Prince took refuge on his shelf, he leaped about as never before, he crouched in corners and belittled—and then he slinked into the inner cage, a beaten lion.

"I think Prince and I are going to be great pals now," said De Vry afterward. "There's nothing like a good scare to put a lion's nerve."

A PORT STANLEY ROBBERY.

Port Stanley, Ont., April 7.—The grocery store of Mr. J. I. C. Finlay, of this place was broken into Sunday night and a good deal of property was taken. The store was entered by breaking the glass in the door and then smashing the lock. The stolen goods consisted mostly of tobacco. No clue to the burglars.

THE GRAVE ROBBERY CASE.

Noblesville, Ind., April 7.—Lucius R. Stout, former county commissioner and a wealthy farmer, has been arrested here, charged with grave robbing. The case being connected with the notorious Indianapolis case. Stout was released under heavy bonds.

DRASTIC MEASURES TAKEN TO PREVENT SUMMER TI-E-UP

Chamberlain's Views.

London, April 7.—While interest in the proceedings of Parliament is languid, due to the holiday adjournment, there are unknown forces under the surface. It is generally conceded by men in the innermost political circles that Mr. Chamberlain is not reconciled to the Irish policy of the Government. Although matters have gone too far for him to oppose the land bill strenuously. The Duke of Devonshire and other Irish landowners in the cabinet were expected to carry him with them, but it has been difficult to silence his protests. His attitude, according to information, makes it impracticable for the Government to consider any political scheme as a substitute for home rule. He is described as being against his will to Mr. Wyndham's measure, and as riling the cabinet on other questions with a rod of iron.

ROTTERDAM TRADESMEN NOW THREATEN TO GO OUT.

Rotterdam, April 7.—At a meeting of 3,000 dock laborers late last night it was resolved to make common cause with the striking railroad men, but it was also decided that order must be preserved, so as to give the Government no excuse for the adoption of harsh measures. One hundred men were told off to act as pickets, with instructions not to use violence.

REGINA DISTRICT FILLING UP WOULD BE LOSS OF ONE SEAT

There is Great Activity in Real Estate, Farms Selling For \$30 An Acre.

Regina, N. W. T., April 7.—Immigration has set in to the Regina district in good earnest. Not many as yet have come by the Soo-Line, but three trainloads of settlers' effects are now on their way to the district south of this point. Those that have arrived up to date are principally from the United States and the mother country, chiefly the former. They are a very desirable class of settlers in every respect. The presence of the newcomers manifests itself in the town of Regina in many ways. Wagons laden with settlers' effects or with implements and household goods purchased in the town are seen traveling in every direction. All sorts of sheds, barns, hay lofts, etc., have to be improvised to find sleeping accommodations. It is difficult for the staff to keep pace with the number of persons taking entry for homesteads. By 8 o'clock in the morning a line begins to form like a crowd eager to secure good places at an entertainment. One result of the inward rush is the activity in real estate, and last week two farms near the town exchanged hands at \$20 an acre.

A ROYAL BETROTHAL.

Copenhagen, April 7.—Rumors are current among the German Emperor's suite and in Danish court circles that the German Crown Prince Frederick William is to be betrothed to Duchess Cecile, sister to the Grand Duke of Mecklenburg-Schwerin, whose sister, Alexandra, is the wife of Prince Christian, the grandson of the King of Denmark. Duchess Cecile is 17 years of age, while the German Crown Prince is four years her senior.

UGANDA BRIDGES.

London, April 7.—The American Bridge Company has completed the erection of 27 viaducts on the Uganda Railway. Six thousand tons of steel have been utilized in this huge undertaking, which, notwithstanding the tremendous difficulties, was carried out in exactly six weeks. The machinery had disposed of the machine and they convey them back to the United States.

RUSSIA'S GOOD FAITH

Will Be Put to the Test by the United States.

Washington, April 7.—It is practically admitted here that the new commercial treaty between the United States and China has been, in one phase, especially designed to test the sincerity of Russia's promise to maintain the open door of Manchuria. Ever since Russian occupation in 1900 the province has been practically governed by the Russians, who have regulated all external trade. American exports of great value have entered Manchuria, and as the state department has no mind to lose that trade to any other nation, it challenged Russia's promises and received specific promises that open door shall be maintained. The provision in the treaty now under negotiation declaring government by the Russian, who have at the mouth of the Yalu River, open to foreign trade affords the opportunity for the test.

Canadian Merchant Marine Meets at Ottawa.

[Special to The Advertiser.] Ottawa, Ont., April 7.—A meeting of the Canadian Merchant Marine was held in the city hall this forenoon. An address of welcome was delivered by Mayor Cook, and Mr. Pense, M. P. of Kingston, acted as temporary chairman. Once the meeting was organized, Mr. J. J. Long, of Collingwood, was appointed permanent chairman. Hon. J. I. Tarte, Capt. Gaskin, of Kingston; Mr. Reid, president of the board of trade of Ottawa, and Mr. Carruthers, president of the board of trade of Montreal, took seats alongside the chairman. There were a large number of delegates present. The circular letter set forth the desirability of having removed the tonnage dues and inspection fees, as well as the payment to customs officers for services after hours and on holidays, and the abolition of canal tolls. The circular set forth the disadvantages which these taxes caused against Canadian carriers engaged in the marine business. There were no such taxes levied on the boats. As for the canal toll it was restriction placed upon a Canadian industry, which has succeeded in decreasing the number of toll-paying canals and which continues to exercise as a deterrent upon those who might otherwise use them. And this notwithstanding the fact that the canals were built for the good of the rest of the country. Mr. Gillespie and other points out that it was in the interests of all nations to have a strong merchant marine. The removal of the taxes referred to will, it is said, aid in advertising from rival routes the produce of the Northwest to the St. Lawrence route. Tomorrow a delegation will wait on the Government and ask the views of the meeting be carried out.

C. P. R. Management Now Has One Under Consideration.

They Go Into Force Between Toronto and Windsor This Summer.

Superintendent Price, of the western division of the C. P. R., stated at Toronto yesterday that the company had under consideration the question of an improved passenger service between Toronto and Windsor. The statement of the superintendent bears out the report published exclusively in The Advertiser on Saturday, and it will be welcome information to those who have occasion to use the line regularly. The summer may see faster trains in the service than the present schedule provides, but what time will be made by them is not yet given out.

As stated in The Advertiser there has been a desire not only on the part of the traveling public, but also on the part of the agents along the line for a better service, and now that there is a delegation being sent to the road's passenger business is sure to increase very materially. The excursion of the kindergartners from Windsor to Toronto showed full well what can be accomplished on the road, despite the numerous heavy grades and a number of sharp curves between here and Toronto especially, and it will only go to satisfy the management that the present time table can be reduced very much without an effort.

THE GROWING EDUCATIONAL INSTITUTION NEEDS MORE ROOM.

For some time the Harding Hall Company has felt the building on Talbot street is too small for the growing demands of the school. An extended lease has been taken of the large building on the corner of Queen's avenue and Colborne street. The premises, which are well adapted to the purposes of a select school, have recently been put in a state of excellent repair, and further alterations are being made, so as to bring it up to all the requirements of a residential and day school. The change has been rendered imperative by the increasing number of young ladies who wish to come into residence. A number have intimated their desire to enter next year. The central location will also bring the special advantages of the school within the reach of a larger number of day pupils. The transfer will be made during the Easter holidays, and the building, which is being occupied, will be conducted in the new building.

An extended lease has been taken of the large building on the corner of Queen's avenue and Colborne street. The premises, which are well adapted to the purposes of a select school, have recently been put in a state of excellent repair, and further alterations are being made, so as to bring it up to all the requirements of a residential and day school. The change has been rendered imperative by the increasing number of young ladies who wish to come into residence. A number have intimated their desire to enter next year. The central location will also bring the special advantages of the school within the reach of a larger number of day pupils. The transfer will be made during the Easter holidays, and the building, which is being occupied, will be conducted in the new building.

of the street railway, and his (Mr. Graydon's) reply. Mr. Carr's letter complained that the watering of the pavement to rot prematurely, and it stated further that if the watering was continued at the present rate the damage caused to their portion of the roadway. In his reply, Mr. Graydon characterized the manager as extraordinary. He also said that the bad rail joints were the cause of the pavement being damaged. The city would hold the contractor responsible if they were not repaired. J. H. McMechan complained of a nuisance, caused by the dumping of the rubbish on a small piece of land at the south end of Clarence street, and adjoining the river. The land is owned by the city, and Mr. McMechan would purchase it, if necessary. No committee will consider the matter. Some tax petitions were also sent to the committee.

their duty" was Ald. Greenlees' view of the motion. It was uncalled for, said Ald. Greenlees. The motion carried. Ald. Stevenson was told that the dismissal of two ward foremen rested entirely with the engineer. Ald. Matthews was informed that contractors who laid sewers laid were supposed to leave the streets in good repair. Ald. Matthews will be furnished with an estimate of the cost of tiling Carling's Creek on Princess avenue, east of Adelaide. Ald. Stevenson moved that Mr. Hyman, M. Ninety-one permanent improvement bylaws were passed.

It Starts You Thinking.

The first dish of Malt Breakfast Food that you try will start you thinking. You will wonder why you were so long a user of oatmeal and rolled oats. You will think too of the times when you felt out of sorts, through the use of blood-irritating and starchy oatmeal preparations. You will regretfully think of what you have missed in the past of flavor, deliciousness and palatable-tickling qualities. Unless your taste is sadly depraved or very peculiar, you will quickly determine that Malt Breakfast Food will be your chosen cereal food whenever you can get it in the morning. Malt Breakfast Food affords mental vigor and lasting health. See your Grocer about the great health food.

BOTH CURED OF KIDNEY TROUBLE BY

Doan's Kidney Pills.

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

The First Sign of Kidney Trouble.

He says: "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. We got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidney. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for \$1.25 and may be procured at all dealers or from THE DOAN KIDNEY PILL CO., TORONTO, ONT.

PROPOSAL TO BUILD NORTH END FIRE HALL SENT BACK

Council Does Not Accept Recommendations of Committee.

Aldermen Resent Suggestion of Ignorance Re New Hose.

Sand-Heap Scheme Given Its Sole Plexus—Many Communications Received.

The usual order of things was reversed at the regular meeting of the council last night. Instead of spending the greater part of the evening considering the reports of the committees and the matters which follow them, they got stranded on a shoal of letters on important subjects, and by the time they got through with these there was not a great deal left to do. Such a large grist of communications requiring attention from the council without first going to the committees rarely comes up at a meeting.

The purchase of the new hose for the fire department was a matter which came up once more, and before the council decided to stick to its former decision some ill-feeling was shown. What was strange in this connection was the refusal of the council to reconsider its action, when it was explained that a cheaper brand than the one selected for the department had exactly the same guarantee and was apparently just as good as the more expensive line.

Then the aldermen showed themselves to be hard-hearted when they voted against Ald. Matthews' scheme to have sand heaps at Victoria and Queen's Parks for the youngsters of London to kick their shins in during the fine summer afternoons. The action of the board was cruel, in the opinion of Ald. Matthews, for he thought little heaps of sand at the parks were what the people—the little ones—were longing for, since all the corner lots and places where the boys used to play, in his time, were taken up for building purposes.

WHY THE DELAY.

The hose question was brought up by the reading of the report on the Canadian Rubber Company, asking why the contract for the supply of the hose for the fire department had not been signed. They could not understand the reason of the delay, which was explained by the mayor, who said that he had not signed the contract because he did not think the aldermen were fully posted on the matter when they awarded the contract to three bidders received, the prices being 90, 85 and 80 cents, and the council accepted the second, as it was considered the cheapest. The mayor understood then that the 80-cent hose was the same as the 85-cent article, although made by a different firm and was also guaranteed for three years, five years. It was now for the council to decide whether the contract for the 85-cent hose should be signed or the 80-cent hose, which had been accepted. The tender which had been accepted was from the Canadian Company, and the other was from the Gutta Percha Company, who had also put in a price for the Paragon hose, which was commended by the chief of the department.

Ald. Matthews crossed swords with the mayor at the discussion, and Ald. Judd told the aldermen that they did not understand what they were doing when they voted for the 80-cent hose. He said that he had a great deal of sand at the parks were what the people—the little ones—were longing for, since all the corner lots and places where the boys used to play, in his time, were taken up for building purposes. There was some feeling between the companies and by their troubles they take up the time of the aldermen. "Perhaps your wishes, known everywhere about all the city affairs, and the remainder of the aldermen know nothing," said Ald. Judd. "I think I know just as much as you do."

THEY DID NOT KNOW.

Ald. Greenlees, chairman of the fire and light committee, took sides with the mayor. One reason alleged by Ald. Matthews and Porter for the award of the 85-cent hose was the absence of the same guarantee. Very few of the aldermen knew what they were voting for, said Ald. Greenlees. He then added that the guarantee was not the same, but when Ald. Greenlees came to him and they examined the tender, they found that the guarantee in both instances was for five years.

Ald. Matthews wanted to thank Ald. Greenlees for telling him he did not know what he was voting for, but he refused to say further that he knew perfectly well how he was voting. A four-year guarantee was all that was given to the committee by Ald. Matthews. He had seen a batch of contractors twice, and he did not propose to allow himself to be panhandled by any of them. "I very much think that the guarantee was changed from four years to five after it left the committee," was the concluding statement of Ald. Matthews.

The only persons who handled the contract since it was up in committee are the mayor, Ald. Greenlees and the city engineer. Ald. Becher was willing to have the matter reconsidered and moved that effect, but he secured no second. He gave notice later in the evening that he would again move for a reconsideration of the kind, quality and quantity of hose to be bought for the department.

THOSE SAND HEAPS.

There will be walling among the children of London today, when they learn that the aldermen were hard-hearted enough to vote against Ald. Matthews' sand-heap scheme. Ald. Matthews wanted twelve carloads of "clean beach sand" brought from Port Stanley and kick their shins in during the fine summer days. The aldermen did not see eye to eye with him—in fact, Ald. Judd, Becher and Porter were the only others who showed such a fatherly interest in the little ones, and they had nothing to say openly in favor of the scheme. Ald. Judd marked that he wanted a few carloads of loam placed with the sand, in order that the children could make mud pies while they were at it.

"This seems to be a childish matter," was the remark of the promoter of the scheme, but the majority could not be won over, and so the tots will have to play in the sand away from the parks.

A WRETCHED AFFAIR.

Among the documents before the

council was a letter from the city clerk of St. Thomas, giving it as the opinion of the council of that place that steps should be taken to free the hands of municipal councils in reference to public ownership of gas and electric light plants, as well as plants for commercial lighting. The council believed no valid reason existed why the municipality should not have a free and untrammelled right and privilege to provide its own means of street lighting for the public benefit and convenience of its own citizens, nor did it believe that there was a reason why it should be compelled to buy out the plant of a private company, which may be worn out.

The council Act, which prevented corporations from owning plants until they had made propositions to the local existing companies for the sale of their plants, was looked upon by the St. Thomas council as a measure which should not be longer tolerated, and it was asked that an effort be made at the present session to have it repealed. Ald. Greenlees was in favor of the immediate repeal of "the wretched affair," as he described the act. The matter was referred to No. 3 committee to report.

BANK RATE GOES UP.

The manager of the local branch of the Merchants' Bank, P. D. Brock, notified the council that owing to the stringency in the money market the bank would be compelled to temporarily raise the rate on city loans made to the corporation from 4 1/2 to 5 per cent.

The announcement caused Ald. Cooper to ask the council that it be decided to accept the notice with good grace, as they were afraid that changing the city's banking institution during a money stringency might prove to be a case of jumping out of the frying-pan into the fire.

CANADIAN WRITER DEAD

Mrs. M. A. Sadlier, of Montreal, Passes Away.

Montreal, April 7.—Mrs. M. A. Sadlier, the authoress, died Sunday at the age of 83 years. She lived with her daughter. Her writings were popular a quarter of a century ago, particularly those dealing with Irish history. Mr. John Crawford, one of the oldest citizens of Montreal, passed away yesterday in his 90th year. He was interested in many of the city's leading financial institutions, and took a prominent part at the annual meetings. He was for many years a member of the Montreal Hunt.

No Uncertainty About It.

PAINE'S CELERY COMPOUND

The Spring System Cleanser and Health Builder Makes Sick People Well.

There is nothing doubtful or uncertain about the working and effects of Paine's Celery Compound. It stands supreme as a spring system cleanser and health builder. It reaches without loss of precious time the cause of sickness and disease in a way that no other remedy can do. Its first and most important mission is the purification of the life stream, increasing its volume and quality. It then stirs all the organs that work sluggishly. It restores strength, renews vitality, regulates the kidneys, liver and bowels, and makes people well and strong. For these reasons Paine's Celery Compound as a spring medicine stands for above all other prescriptions and remedies that promise so much and accomplish so little. Mrs. E. Coleman, Burlington, Ont., gives her experience with Paine's Celery Compound as follows:

"I am now 60 years of age, and have been ill for nearly 20 years. During my long illness doctors and patent medicines failed to cure me. At the hospital I was told that I was suffering from tumors, and often, no matter how I tried to cheer myself, I felt like putting an end to my life. I heard of your Paine's Celery Compound and commenced to use it, and it has done wonders for me. I feel better than ever before in my life, and my friends are surprised at the wonderful change in my health. Paine's Celery Compound is a grand medicine, and I will always recommend it."

Notice is hereby given that under the provisions of Chap. 59, R. S. C., cited as the Municipalities Act, 1902, I do hereby declare that the restrictions forbidding the movement of hogs in and out of the City of London, in the County of Ontario, are hereby modified as follows:

The movement of healthy hogs within and between the city and suburbs is permitted, except to or from farms under quarantine.

The shipment of fat hogs for immediate slaughter by rail from certain points, hereinafter specified, with the said hogs, is hereby authorized under the following conditions:

1. All shipments of live hogs from the following points, to be made direct to a slaughter house or packing house.

2. Shipments will be permitted only at the following points: On the Canadian Pacific Railway at Chatham, on the Grand Trunk Railway at Chatham, on the Ontario Central Railway at Tilbury, on the Lake Erie and Detroit Railway at Wallaceton, Eberts, Chatham, Hamilton and Fort Erie.

3. Shippers must notify the nearest inspector not less than twenty-four hours before the hogs are to be shipped, and place on an intended shipment.

Each carload or part thereof of such shipments must be accompanied by a certificate of inspection signed by one of the regularly appointed inspectors of this Department, and the hogs must be under quarantine, such certificates to state that the hogs comprising such carload or part thereof are from farms which are in every way fit for immediate slaughter.

5. All cars used for the conveyance of such shipments must be cleaned and disinfected in a thorough and satisfactory manner after being unloaded, and before being again used for the conveyance of animals or other articles.

Information regarding inspectors, necessary notifications and other details may be obtained from M. B. Perdue, veterinary inspector, Chatham.

MILLINERY STILL GONE.

No Trace of the Hats Stolen From M. C. R. Car. Detective Heenan, of the M. C. R., was at the central police station this morning. When asked about the millinery stolen recently from an M. C. R. car, he said that the author of the property nor the thieves had been located. There is still missing the leghorn hats, but whether they will make their appearance on Easter Sunday morning it is hard to say. Twenty pieces of raimery are also missing and some fancy braid, used in the seasonal decorations of the millinery.

Heenan every assistance in the matter of trying to locate the stolen goods. Searches have been made but without avail and it is not yet known that the thieves will ever be apprehended.

That sometimes marriage is a failure was again proved this morning in the Carling street tribunal. The decree of the court was that James Ward should live away from his wife and family. The husband was charged with ill-treating his wife and children. He was described as a drinking man. When Mrs. Ward could stand it no longer she had him come before the magistrate, who was looked to settle the matter, and this he did in a very efficient way. To the credit of Ward, he pleaded guilty, and not only saved his wife from giving evidence, but he was very penitent. He said that he had only through taking liquor that he had ill-treated his wife, and he gave her a promise that he would never have to appear again in the police court. He also agreed to give what he could to his wife for her maintenance, and the amount that he stated he would give weekly he promised to increase as soon as he was earning more.

The magistrate delivered a short address to the prisoner, but it was too brief. He said that he was very much surprised that Ward should have been acting in the way he had. The least he could have done for his family was to have treated them kindly. Mr. Ward had such an effect upon him as to make him brutal, then the magistrate pointed out to him that he should forever leave it alone and never again come before the court. He gave him a promise that Ward had made he allowed him to go on condition that he give his bond for \$100 that he would keep the peace. He also made him pay the costs of the action, and was made to promise that he would live separate from his wife and family.

Hold Special Service. The anniversary of Independent Oddfellowship will be marked by the city on Thursday, April 23, at 7:30 p.m. A joint committee, recently appointed by the four lodges has decided upon a church parade for Sunday, April 26, but the committee will be met to be arranged. The preacher will be a member of the order, Rev. George W. Calvert, who will be remembered by the older Methodists of the east end as being the first pastor of the small church on Dundas street which was replaced a few years since by the Centennial edifice. Mr. Calvert is now stationed at Welland.

The sufferings of Woman. Many Irregularities and Weaknesses, Much Pain and Misery Which Can Be Permanently Overcome by Using DR. CHASE'S NERVE FOOD.

No woman can expect to have good health unless she regularly uterine action is regular, and any breaking of this law of nature not only causes much pain and suffering, but may make her an invalid for the rest of her life.

Nearly all derangements of the feminine organism are due to thin, watery blood, a poor circulation or lack of nerve force. Whether the meneses are irregular, insufficient, profuse or painful, the cause of trouble rests with the condition of the blood and nerves, and soon disappears when these are restored to health and vigor.

The dull, aching pain in the back and thighs, the cramps in the abdomen, the distressing headaches, the irritability and feelings of utter weakness will disappear when Dr. Chase's Nerve Food is used to put the blood and nerves in proper condition.

It is usually in girlhood that these irregularities have their beginning, and hence, mothers, the necessity of looking to the health of your daughters during the period of change. A few words of advice at this point may save them from a life of ill-health and misery.

From girlhood to the change in life, for the nursing mother and at every trying time of your life, Dr. Chase's Nerve Food is of inestimable value, because it forms new, red blood, insures good circulation and revitalizes the wasted and depleted nervous system. It gives health, strength and buoyancy, rounds out the form, increases flesh and weight and builds up the system.

Dr. Chase's Nerve Food is composed of nature's most powerful restorative, and cannot fail to benefit you. 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Irish Self-Government.

Mr. Chamberlain denies that the Government contemplates bringing in a measure of home rule for Ireland, but it is evident that some extension of local self-government is being considered, if it is not yet decided upon.

The Dominion Trades and Labor Council petitions Parliament against an increase of the tariff. The old pretense that a high tariff is needed to protect Canadian labor no longer deceives anybody.

The labor deputations which waited on the Government yesterday asked for an expansion of the alien labor act. At present it applies exclusively to the United States, which is the only country having a similar act on its statute books.

The British Chancellor of the Exchequer will probably give some relief to the income tax payer, instead of removing the corn duties. The income tax now stands at 1s 3d per pound, whereas it never exceeded 8d in the pound before the Boer war.

Just to Make Trouble. [Chicago Post.] "So she's going to be married?" "Yes."

A Fraudulent Tax. [Brantford Expositor.] The personality tax is redolent of anomaly, injustice, perjury and fraud, and the sooner it is got rid of the better.

Over-Capitalization. [Toronto Telegram.] People in haste to be rich buy stock without stopping to look at the foundations of the enterprise in which their money is planted.

Embors of the Dying Year. [Brooklyn Eagle.] "What does the poet mean when he speaks of 'the embors of the dying year?'"

"FRUIT OF THE LOOM."

Men and women of taste and judgment go into ecstasies over the wonderful patterns, textures and colors which are the fruit of the loom.

But there is one thing they rarely consider, and that is the frail and faded woman, old before her time, because necessarily compelled to work under conditions, which send her more favored sister to bed and the doctor's care.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 528 East College Street, Jacksonville, Ills. "I cannot express what I suffered. I sought relief among the medical profession and found none. My friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh only fifty-five pounds. I had internal inflammation, a disagreeable drain, breaking down pain, and such distress every month, but now never have a pain—do all my own work and am a strong and healthy woman."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Peppets should be used with "Favorite Prescription" when ever a laxative is required.

examination, but he failed to guess the correct answer to a single question.

"What did they do with him?" "Made him a weather prophet."

Force of Habit. [Chicago Record.] "Are you the man," she sadly asked, "who sells the monuments?"

"I am," he replied. "Well, I want to see about getting one for my husband. Could I have it sent out and if it doesn't fit would you take it back?"

Letters to the Editor.

WATER FOR HYDRAULIC HOISTS. To the Editor of The Advertiser: His Worship Mayor Beck stated that the water supply was inadequate, and that there was no water to give manufacturer or wholesaler in the event of objections to the irregularities of prices charged for hoist supplies.

One of our city papers, in its joke column, remarked that "the man with the filtration machine has left town, but the man with the electric hoist is here." This joke explains why the water scare has been agitated by certain people.

Thanking you, Mr. Editor, for your valuable space, I remain, A Citizen, Who Takes an Interest in the Water Supply.

QUESTION DAY IN THE COMMONS

A Long String of Queries on the Order Paper. PROTEST FROM DAWSON FILED. Complaint Re Treadgold Concession—Government Wants to Hear Both Sides.

Ottawa, April 6.—In the House yesterday, when the orders of the day were called, the leader of the Opposition referred to a petition from the Dawson Board of Trade, protesting against the Treadgold concession in the Yukon, which it was claimed, practically meant the whole of the Klondike becoming the property of Mr. Treadgold.

The Premier said when the petition was received the Government would inquire into the matter. There were probably two sides to the question. Mr. Campbell's bill respecting the Canada National Railway and Transport Company, as amended by the Railway Committee was given its third reading.

QUESTIONS. There was a long string of questions on the order paper. Mr. Monk inquired respecting negotiations between the Government and the Trans-Canada Railway, and was informed by Hon. Mr. Blair that communication were still in progress, and it would be premature to make any announcement.

Mr. Blair was informed by the acting minister of the interior (Sir Wm. Mulock) that there was no specific law authorizing the Government to forcibly seize the Dominion's pipelines back and to seize their cattle, and the Government did not require any such authority.

Mr. Clarke (N. Toronto) was informed by Sir Wm. Mulock that the two Canadian immigration offices in Ireland are now open. One was temporarily closed after the resignation of Mr. Devlin. Last year 1,911 Irish immigrants were sent to Canada by the Government agents.

MR. GAMEY FILES HIS AFFIDAVIT

As to Money and Documents to Appear in Case.

SEVENTY PAPERS WILL BE USED

The Alleged Missing \$1,500 Was Placed in the Traders' Bank at Sudbury.

Toronto, April 6.—This afternoon Mr. Gamey filed with the registrar of the Royal Commission his affidavit regarding the charges. Mr. Gamey was represented by Mr. W. D. McPherson.

In addition to the affidavit are a number of schedules showing the documents he does not object to produce, and those which have passed out of his hands. All told, the papers called for in the case will number not less than 70.

It would appear that the missing \$1,500, to which allusion has been made, was deposited with the Traders' Bank, Toronto, on or about Sept. 11, and credited to Mr. Gamey at the branch of the bank at Sudbury.

Accompanying the affidavit and schedules is a letter from Mr. W. D. McPherson, which reads as follows: "April 6, 1903.

"Charles S. Grant, Esq., Registrar Royal Commission, Osogoodo Hall, Toronto.

"Dear Sir,—Re royal commission, re order to produce, re R. R. Gamey's productions. As directed by the order of the honorable the commissioners, made on the 3rd of April, I herewith hand you the affidavit on production of Mr. R. R. Gamey, likewise the production therein referred to, with the exception of item 3 in the first schedule, being 'bank pass book from Traders' Bank, Sudbury.' As to this book, the same was forwarded to the manager of the bank at Sudbury some time since for the purpose of having it entered up, and, although I have written him requesting him to have it here not later than today, it has not yet been received. As soon as it is received I will have it deposited with you.

The two sealed packets which I also hand you herewith, with the exception above mentioned, contain the productions referred to in the first schedule. As to the larger of the two packets, this is sealed on the back with three seals, and has the name of R. R. Gamey, with the date, March 16, Frank Sullivan, to R. R. Gamey, on the face of the packet, and is indorsed across the face as follows:

"This package contains the document and money handed to me by R. R. Gamey, M. P., in the Legislature on the afternoon of March 11, 1903.

"(Signed) J. P. WHITNEY."

The other packet contains the pass-book, item 32 in schedule 1, and is sealed on account of its containing a large number of other entries not relevant to the matters in question herein.

As to the larger of the two packets, I am instructed to say that counsel on behalf of Mr. Gamey take the position that this packet is not to be opened under any pretense whatever, except in the presence of the honorable the commissioners at their next sitting, to be held on April 13. Yours truly,

W. D. McPHERSON, MONEY FOR WITNESSES.

The prosecution has been given a check for \$500 for witness fees, but the defense has not as yet asked for any. Mr. Johnston stated this morning that all the money required for witnesses would be forthcoming, no matter how much that might be, but there would be no money squandered in bringing witnesses to Toronto who knew nothing about the case and nothing about the matter they were called in connection with. All the witnesses will be paid, on both sides, and all payments must be certified by the judges. Mr. Johnston says there is nothing to hide on the part of the Government.

Mrs. Winslow's Soothing Syrup has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN'S COLIC, BRUISING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS THE PAIN, CURES WIND COLIC and is the best remedy for DIARRHŒA. Sold by Druggists in every part of the world. Troubles in connection with. All the witnesses will be paid, on both sides, and all payments must be certified by the judges. Mr. Johnston says there is nothing to hide on the part of the Government.

SEVERE COLDS are easily cured by the use of Bickel's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

Do You Ever Have Insomnia? Sleeplessness, from over exertion, from too much excitement during the day, from eating at night or drinking coffee or other stimulants, from mental fatigue, anxiety or over-active brain? If so, HUNT'S TABLETS will cure you immediately.

Imaginary evils soon become real ones by indulging our reflections on them.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder is better than other powders, as it is both soap and disinfectant.

Under the patronage of the Carnegie Institute the vegetation of the arid regions will be studied.

To Increase Your Appetite. Nothing will stimulate a keen, healthy relish for food, insure good digestion and perfect assimilation like Ferrozone, which is the most successful tonic and health renewer known to medical science. Ferrozone is a positive cure for anemia, impure blood, bilis, pimples, indigestion, dyspepsia and all stomach and bowel troubles. Ferrozone cleanses, strengthens and purifies the blood; it invigorates the heart and nerves, banishes sickness and pain, and makes ailing people well. Try a box or two of Ferrozone; the result will be a surprise. Price 50c, at druggists or N. C. Tolson & Co., Kingston, Ont.

MR. GAMEY FILES HIS AFFIDAVIT

As to Money and Documents to Appear in Case.

SEVENTY PAPERS WILL BE USED

The Alleged Missing \$1,500 Was Placed in the Traders' Bank at Sudbury.

Toronto, April 6.—This afternoon Mr. Gamey filed with the registrar of the Royal Commission his affidavit regarding the charges. Mr. Gamey was represented by Mr. W. D. McPherson.

In addition to the affidavit are a number of schedules showing the documents he does not object to produce, and those which have passed out of his hands. All told, the papers called for in the case will number not less than 70.

It would appear that the missing \$1,500, to which allusion has been made, was deposited with the Traders' Bank, Toronto, on or about Sept. 11, and credited to Mr. Gamey at the branch of the bank at Sudbury.

Accompanying the affidavit and schedules is a letter from Mr. W. D. McPherson, which reads as follows: "April 6, 1903.

"Charles S. Grant, Esq., Registrar Royal Commission, Osogoodo Hall, Toronto.

"Dear Sir,—Re royal commission, re order to produce, re R. R. Gamey's productions. As directed by the order of the honorable the commissioners, made on the 3rd of April, I herewith hand you the affidavit on production of Mr. R. R. Gamey, likewise the production therein referred to, with the exception of item 3 in the first schedule, being 'bank pass book from Traders' Bank, Sudbury.' As to this book, the same was forwarded to the manager of the bank at Sudbury some time since for the purpose of having it entered up, and, although I have written him requesting him to have it here not later than today, it has not yet been received. As soon as it is received I will have it deposited with you.

The two sealed packets which I also hand you herewith, with the exception above mentioned, contain the productions referred to in the first schedule. As to the larger of the two packets, this is sealed on the back with three seals, and has the name of R. R. Gamey, with the date, March 16, Frank Sullivan, to R. R. Gamey, on the face of the packet, and is indorsed across the face as follows:

"This package contains the document and money handed to me by R. R. Gamey, M. P., in the Legislature on the afternoon of March 11, 1903.

"(Signed) J. P. WHITNEY."

The other packet contains the pass-book, item 32 in schedule 1, and is sealed on account of its containing a large number of other entries not relevant to the matters in question herein.

As to the larger of the two packets, I am instructed to say that counsel on behalf of Mr. Gamey take the position that this packet is not to be opened under any pretense whatever, except in the presence of the honorable the commissioners at their next sitting, to be held on April 13. Yours truly,

W. D. McPHERSON, MONEY FOR WITNESSES.

The prosecution has been given a check for \$500 for witness fees, but the defense has not as yet asked for any. Mr. Johnston stated this morning that all the money required for witnesses would be forthcoming, no matter how much that might be, but there would be no money squandered in bringing witnesses to Toronto who knew nothing about the case and nothing about the matter they were called in connection with. All the witnesses will be paid, on both sides, and all payments must be certified by the judges. Mr. Johnston says there is nothing to hide on the part of the Government.

Mrs. Winslow's Soothing Syrup has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN'S COLIC, BRUISING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS THE PAIN, CURES WIND COLIC and is the best remedy for DIARRHŒA. Sold by Druggists in every part of the world. Troubles in connection with. SEVERE COLDS are easily cured by the use of Bickel's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

## A POOR SEAL CATCH

Premier Bond Now Wants Limited Reciprocity.

St. John's, Nfld., April 7.—The sealing steamer Leopard, with a cargo of 3,000 seals on board, came into port Saturday evening. She reports that recent fierce storms have so broken up the ice floes that it is impossible to get many seals, although there are visible in the water sufficient numbers to load the entire sealing fleet.

In the Legislature Premier Bond declared his intention to table the Hay-Bond treaty providing for limited reciprocity between the United States and Newfoundland, at an early date, with the view of discussing the entire question of Newfoundland's relations with the United States.

MOTHER GRAVES' Worm Exterminator is pleasant to take, sure and effective in destroying worms. Many have tried it with best results.

## Shelterless Settlers.

London, April 7.—The Winnipeg correspondent of the Daily Mail says that Saskatoon, Mr. Bart's Mecca, is crowded with shelterless settlers, and that the Regina Government has wired the Manitoba authorities to detain the Barr colonists at Winnipeg until suitable accommodation is provided.

## TEDDY LIKES TRIPLETS

President of the United States Compliments Family.

Gloucester City, N. J., April 7.—George Cunningham, of this city, who recently became the father of triplets, yesterday received a letter from President Roosevelt congratulating him. The letter reads: "I congratulate you and Mrs. Cunningham. That is the kind of American citizenship in which I believe. I send you three photographs of myself for the three new Cunningham boys and my compliments to Mrs. Cunningham."

"Theodore Roosevelt, President."

# GERMANS LEAD TURKISH TROOPS

## And Annihilate a Band of Macedonian Insurgents.

## FRONTIERS SWARM WITH SPIES

By First of May It is Expected 100,000 Armed Rebels Will Be in the Field.

London, April 7.—It is reported, says the Sofia correspondent of the Times, that the greater part of the district of Okhrida is practically in a state of insurrection. It is stated that at the towns of Okhrida, Prilip and Krushevo, the shops are closed.

Turkish troops, which surrounded two revolted villages north of Lake Okhrida, were themselves surrounded by armed bands from twelve neighboring villages. The fighting is reported to have exceeded thirty. Among the Bulgarians killed was a well-known leader, Lieut. Davidoff.

It is stated that the explosions on the railway were preconcerted signals for a general rising, which, however, has not broken out.

Dugitzka reports that the frontier district is swarming with Turkish spies, who convey intelligence to the Ottoman authorities across the border.

The Vienna correspondent of the Times says that, while last week's fears in regard to the Balkan crisis have been slightly assuaged, even the best informed persons absolutely ignore the potentialities of the situation, and opinions depend more upon individual temperament than on knowledge.

A Belgrade dispatch says: The gendarmes had to be called out to suppress the rioting which took place here on Saturday as an outcome of a demonstration against an objectionable police regulation, and in the result two rioters and two gendarmes were killed and many wounded on both sides. One hundred and thirty men were arrested.

According to an agency dispatch from Constantinople has been received there from Monastir that the Macedonian revolutionaries intend to proclaim a general insurrection in the European provinces of Turkey about April 20, when there will be more than 100,000 men armed with rifles in the field.

Sofia, April 7.—A newspaper announces that the Albanians during the night of Saturday to Sunday last, massacred the Christian inhabitants of Okhrida, where an outbreak of Bulgarians was recently reported.

A three days' engagement between a Turkish force, accompanied by German officers, and a band of insurgents, under the command of the Macedonian leader, Captain Stoyaroff, has occurred in the Melnik district, 65 miles north of Salonica. The band suffered heavy losses.

Insurgent bands have appeared in several districts. One band has burned the village of Jurell.

## CANADA'S BEEF BARRED

Mr. Brodrick Will Not Have It in Army Contracts.

London, April 7.—In the House of Commons yesterday Sir Gilbert Parker asked the secretary of state for war to permit Canadian beef to be included in army meat contracts. In reply, Mr. Brodrick said the question had been carefully considered, but as it would be a detriment to the home producer, the request must be refused.

## TRACKMEN GO OUT

Three Hundred on the Canada Atlantic Want More Money.

Ottawa, Ont., April 7.—Last night at 5 o'clock the trackmen on the Canada Atlantic Railway went out on strike for higher wages. The number out is somewhere between three and four hundred. The area affected is the entire main line from Depot Harbor to Swanton, Vt., and the branch lines to Pembroke, Hawkesbury and Rockland. The men now receive \$13 a day, and are asking \$13 for trackmen, and \$14 for yardmen, the same as paid on the C. P. R. and G. T. R. The agitation has been going on for several months, and the men have resorted to drastic measures. The railway officials say the track is in good shape, and that they will accept a strike without much inconvenience.

## GRAND TRUNK REPORT

A Substantial Increase in Revenue and Surplus.

London, April 7.—The Grand Trunk report for the half year expands the summary already published. The working expenses increased from 68 to 70 per cent of the gross receipts, as compared to the corresponding half-year of 1902. The net revenue receipts increased \$27,637, and the surplus increased \$34,000, enabling the company to receive a full dividend instead of 4 per cent, as last year; also 1 per cent to third preference.

The exceptional increase of the ratio of working expenses is mainly attributable to the abnormal price of fuel resulting from the great prolonged coal strike in the United States. The half-year's increase under this head alone was \$22,000, of which \$41,000 was in December.

The train mileage increased 663,923. The doubling of the line between St. Catharines and the Welland Canal is to be completed shortly, and the remaining 24 miles of double-tracking between Montreal and Toronto will be finished during the ensuing season.

More rapid progress is expected with bridge renewing now that the scarcity of labor and the difficulty of obtaining materials have been removed.

The following paragraph forms the only reference to the Pacific scheme: "A bill has been introduced under the auspices of the Grand Trunk Company for the incorporation of a company with powers to construct a railway through the Northwest Provinces of Canada to the Pacific, which it is proposed to work in connection with and under traffic arrangements with the Grand Trunk Company."

## Returning Soldiers.

St. John, N. B., April 7.—The steamer Tritonia, of the Bonarson line, arrived here yesterday from Glasgow and brought ten Strathcona Horse troopers, four of whom were for Halifax and six for Winnipeg.

# NEWFOUNDLAND STORMS

Railroads in Interior Are Hopelessly Blocked.

St. John's, Nfld., April 7.—Another severe blizzard, with the thermometer registering 12 degrees below zero, has frustrated the efforts of the railroad employees, who have been trying to clear the snow from the blocked lines and re-open the trains, which were snowed up in the interior of the island. From present appearances several weeks must elapse before the cross-country service is resumed.

## COULDN'T LIVE

Without Dodd's Dyspepsia Tablets—Mrs. Thos. Board of Glen Williams, Speaks From Her Own Experience.

"I think I could not live without Dodd's Dyspepsia Tablets." These are the words Mrs. Thos. Board, of Glen Williams, Ont., uses in speaking of the relief she has felt through the use of those Dyspepsia banishers.

Mrs. Board knows what Dyspepsia means through bitter experience. She can tell all about the depression, the discomforts, the aches, the pains that accompany this most dreaded of all chronic complaints. That's why she is so enthusiastic over Dodd's Dyspepsia Tablets.

She has proved that Dodd's Dyspepsia Tablets are a specific for all forms of indigestion and Dyspepsia, a safeguard against those other terrible and fatal diseases, such as Appendicitis, that medical authorities now declare spring from indigestion.

Mrs. Board has learned the truth of the statement, "If you want to be well and to feel well you must keep the stomach well." She has learned also that Dodd's Dyspepsia Tablets will keep the stomach well.

Mrs. Board is one of many. You cannot find a Dyspeptic who has used Dodd's Dyspepsia Tablets.

## KING'S FRENCH TOUR

Is Expected to Meet President Loubet on May 2.

Paris, April 7.—A semi-official announcement was made in the Temps today that King Edward will arrive in Paris May 2, when he will be received by President Loubet. His majesty's visit to Paris will follow his trip to Italy. The King will remain here two or three days, and when he leaves the French capital he will go direct to England.

## JOHN BALL'S LUMBAGO.

Couldn't Stand Before Dodd's Kidney Pills—He Can Work and Sleep Now.

Quebec, P. Q., April 6.—John Ball, bricklayer, of 57 Little Champlain street, this city, suffered from Lumbago, one of the most painful forms of Kidney Complaint for two years. His urinary organs were also affected so that he had frequently to rise at night. He was unable to sleep at all.

Speaking of his cure, Mr. Ball says: "I purchased a box of Dodd's Kidney Pills, and after I had used them I began to see and feel a change. I used three boxes and was completely cured. You can tell anyone you like I said so."

Lumbago is only one form of Kidney Disease. Dodd's Kidney Pills cure Kidney Diseases in any form. They don't claim to cure anything else.

## STRIKE RIOT AT BASLE

Police Interfered, But Were Routed and Beaten.

Basle, Switzerland, April 7.—Two thousand five hundred masons and their assistants who are on strike here made a demonstration yesterday, and endeavored to prevent non-strikers from working. The police interfered, but were overwhelmed and stoned by the strikers, a number of the policemen being injured. A battalion of troops to be mobilized to assist the police. Seven companies of soldiers are now picketing the city.

SO RAPIDLY does lung irritation spread and deepen, that often in a few days, if not checked, culminates in tubercular consumption. Give heed to a cough, there is always danger in delay; get a bottle of Bickel's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is composed from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Mrs. Harriet M. Foster has been postmistress of Troy Grove, Ill., for 50 years.

# A CLERQUE ENTERPRISE

His Scheme for the Settling of Algoma Fails.

Ottawa, April 7.—The negotiations between P. H. Clergue, of the Sea, and the Ontario Repatriation and Colonization Society, having for its object the settlement of Algoma, have failed through. The officers of the society and Mr. Clergue could not agree on the remuneration to be paid the society for its efforts to secure settlers for Mr. Clergue's lands. The latter wanted to pay on the basis of a commission on settlers secured, but the society officers considered this unfair, inasmuch as they would probably have to spend a year or so before they could get the stream of settlers towards the Clergue country and earn any reward for their labors.

## SUICIDE OF PENNELL

It May Have Been Due to Alleged Defaulting.

Buffalo, N. Y., April 7.—The Commercial yesterday afternoon published a story in which it is alleged that Arthur R. Pennell, who was killed in an automobile accident on March 10, was a defaulter to the extent of from \$150,000 to \$200,000. The story, the paper says, leaked out as the result of a legal dispute over two life insurance policies. Wallace Thayer, who was Pennell's ally and intimate friend, is referred to by the paper as saying he had suspected irregularities, but that he had no proof of any such wrongdoing. Incidentally it has been learned that Pennell made provision for the payments to Mrs. Edwin L. Burdick of \$25,000 out of his life insurance. Pennell carried over \$200,000 life insurance in order that after his death the estate should be able to pay the alleged to have been a defaulter, might be able to recoup losses which he had sustained through him.

In his will Pennell named as administrator of his estate his brother, J. Frederick Pennell, and is said to have left to his administrator instructions that upon his death he should make good in full out of his estate all the losses which had been sustained through his defaultings. The paper adds that Pennell had contemplated suicide for two years.

## MESSAGE FROM THE SEA

Was Picked Up in a Bottle Near St. John.

Kingston, April 7.—Captain Chas. Ferris, of Oswego, has received a letter from M. E. Luft, keeper of the hotel on Stony Island, enclosing probably the last message that will ever be received from the crew of the ill-fated steamer Hall. On a small piece of paper, which was found in a bottle lying on the sand, and picking it up found that it contained a message purporting to come from the steamer Hall. On a small piece of paper, which was found in a bottle lying on the sand, and picking it up found that it contained a message purporting to come from the steamer Hall.

A Tragic Death. Maxwell, April 7.—Miss Annie Scott, aged 18, daughter of William Scott, was killed here yesterday. She had driven her brother to Dundalk station, and was within a mile of home on her return when the horse took fright, and they were out of the buggy. She became entangled in the lines, and was dragged a mile and her neck broken.

Mrs. Weisslitz, president of the German Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

## Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden. I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. Pinkham's Vegetable Compound, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—Mrs. PAULA WEISSLITZ, 176 Seneca St., Buffalo, N. Y.

## Proof that Kidney Trouble can be Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel very thankful to you for the good your medicine has done me. I had doctored for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired all the time, had such a pain in my left side that I could hardly stand at times without putting my foot on something.

"I doctored with several good doctors, but they did not help me any. I took, in all, twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over-tired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."—Mrs. OPAL STRONG, Dalton, Mass.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address Lynn, Mass.

\$5.00 FORFEIT if we cannot forth with produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

BETWEEN TWO FIRES.

BY MRS. C. N. WILLIAMSON. Author of "Lady Mary of the Dark House," "The Woman in Gray," "Queen Sweetheart," "Fortune's Sport," "The Barn Stormers," etc. [Copyright 1926. All Rights Reserved.]

There had evidently been a struggle. Her chairs were upset, and the wretched victim had apparently tried to escape by running round the table, as the cloth was disarranged, and a lamp was turned over in the center, the globe and chimney both broken in pieces, and the spilled oil giving forth the strong odor of paraffin which I had detected on opening the door.

But the struggle for life did not account for all the confusion. The pockets of the murdered man had been pulled wrong side out, his waistcoat had been torn open, showing the gay blue and pink checked shirt, and I remembered noticing in the morning, deeply dyed now with blood. Papers were scattered all over the floor, some spotted red, some half concealed under the tangled rugs which had been roughly kicked out of the way. The drawers of an escritoire had been jerked out, and their contents thrown here and there; a wardrobe stood wide open, and various garments hung on the floor with the pockets in the same condition as those of the corpse. A chest of drawers had also been ransacked in a fury of haste, and even the cot-bed had been violently dismantled. The whole room looked as if a whirlwind had swept through it, and I, being in the dead man's secret, needed no explanation of motive for the deed that had been done, or the search which had followed. All the cunning of the poor wretch, who lay with glazed eyes staring up at the ceiling, a grin of terror on the lips from which blood had oozed, had proved in vain. He had saved the diamonds for another man; himself, I had lost his life while triumphing in the expedient that had preserved them. The glimmer of the candle, which I had deluged from its saucer of grease to hold in my hand, threw grotesque flickerings over the ghastly face, making the features live again in a leer so disgusting that I threw the illumination elsewhere, turning my back on the door, and discovering that the bolt which evidently had fastened it hung half off. This threw a light upon the pasty, mysterious, enabling me to reconstruct the scene. I imagined the arrival of the fugitive, hoping, praying that he had succeeded in dodging his pursuers; his disappointment in finding his friend away; his precautions against being disturbed; his ignorance of the stealthy work being done outside the bolted door; his start at the sound of the rough crossing has upset you, though you weren't ill at the time. You're beginning to feel it now, and I half-repent making you come. I know you didn't want to.

"Oh, yes, I did." I conventionally protested, though I'm not sure whether I was telling the truth or not. Perhaps, after all, in my heart, I had been a little glad of the excuse to come to Paris where Noel Brent was to be with another woman—a woman he had vowed he "wouldn't go across the street to see"—thought I shouldn't have confessed that anything but good nature had brought me if Marion had asked, "I want you to come with you, of course, Aunt Clem; but I certainly do feel queer; and if you won't mind I think I'd like to go up to my room. I couldn't eat anything, and, no, please, I don't want anyone to come up with me. I'd rather be alone, and I know I shall be all right in the morning."

Very well, dear, you shall be bothered," said Aunt Clem, who is an old love, and always understands. But Capt. Menzies would go with me to the lift, and I really believe he was stupid enough to murmur pretty things on the way, though I hardly heard them. (To be continued.)

CHAPTER X. Told by Margot Revestoke, the Home Secretary's Daughter.

A Night to Remember. I am a bit nervous, as a rule, and I should be ashamed to confess it if I had ever been silly enough to indulge myself that day, and when Noel Brent went out of the room at the Elvisee Palace Hotel, leaving us to sit down to our late supper, the strangest feeling I ever had came over me. It was just as if he were going out to meet some awful danger, and something was forcing me to call him back.

"Why, Margot, what is the matter?" exclaimed my cousin, Marion Sitgreaves. And I did think it would have been more tactful of her not to call every one's attention to me, if I looked odd. But I suppose she didn't think I had to struggle to control myself, just as I've struggled sometimes with a vicious or frightened horse when riding. I made a dash for the door, and a faint, natural sounding voice, though my lips were quivering.

"Why, am I pale?" I asked. And I laughed a little.

"You're awfully white," Capt. Menzies answered for her, looking at me as if he were immensely concerned. It made me realize that I had been obliged to say something cross to him, but I didn't.

"Poor child," said my dear, kind aunt, Lady Gawson, "I'm afraid the rough crossing has upset you, though you weren't ill at the time. You're beginning to feel it now, and I half-repent making you come. I know you didn't want to."

THREE FAVORITES WON Tommy Foster Ridden Well by Burns at Bennings.

General News About All Kinds of Sports.

THE TURE. THE BENNING RACES.

Washington, April 6.—The track at Bennings today was fairly fast. Three favorites, one second choice and two outsiders won. Jockey Redfern and Burns each rode two winners and one placed horse. The third was the prettiest race of the day, as Tommy Foster, with Burns up, and Merryman, ridden by Redfern, ran nearly neck and neck for the entire 5 furlongs, Burns winning on Tommy Foster in the last few jumps by a neck. Summaries: First race, 5 1/2 furlongs—Dr. Saylor, 104 (T. Burns), 4 to 5; 1; Eclair, 111 (Redfern), 7 to 1; 2; Time, 1:20. Second race, 1 mile and 40 yards—Cloche d'Or, 88 (J. Jones), 7 to 1; 1; Mollie Peyton, 111 (Stoan), 7 to 1; 2; 3; Time, 2:12. Third race, 5 furlongs—Tommy Foster, 101 (T. Burns), 3 to 1; Merryman, 94 (Redfern), 4 to 1; 2; 3; Time, 1:12. Fourth race, selling, 4 1/2 furlongs—Listaway, 39 (Redfern), 7 to 1; 1; Electric, 29 (Gannon), 8 to 1; 2; Magie, 105 (T. Burns), 7 to 1; 3; Time, 57. Fifth race, handicap, 6 furlongs—April Showers, 117 (Minder), 2 to 1; 1; Turf Bey, 107 (T. Burns), 3 to 1 and 7 to 10; 2; Himself, 123 (Odum), 7 to 1; 3; Time, 1:43. Sixth race, 1 mile and 40 yards—Duke of Kendal, 38 (Redfern), 3 to 1; Wheeler, B. 39 (Hacker), 6 to 1; 2; 3; Time, 1:45. Seventh race, 1 mile and 40 yards—Mel, 88 (H. Calahan), 15 to 1; 1; 2; 3; Time, 1:45.

THE MEMPHIS MEET.

Memphis, Tenn., April 6.—The Country Club handicap, for 2-year-olds and up, 1 mile, was the feature of today's card, and had eight starters. Waswift was the favorite at odds-on, with Harry New second choice, but the winner turned up in Emshie, at 7 to 1. The weather was cloudy and track fast. First race, 1 mile and 70 yards, selling—Farmer Jim, 2 to 1; Alfred C., 40 to 1; 2; Cogswell, 7 to 1; 3; Time, 1:48. Second race, 4 1/2 furlongs—Mollins, 6 to 1; 2; Myron Dale, 8 to 1; 3; Floob, 3 to 1; 3; Time, 57. Third race, 7 furlongs—Flo Carline, 12 to 1; 1; Avoid, 5 to 1; 2; Sarah Maxim, 12 to 1; 3; Time, 1:29. Fourth race, 1 mile, Country Club handicap—Emshie, 7 to 1; 1; Huzzah, 40 to 1; 2; Harry New, 4 to 1; 3; Time, 1:43. Fifth race, selling, about 1 1/4 miles—Crest, 5 to 1; King Along, 15 to 1; 2; Eva Mae, 5 to 1; 3; Time, 2:53. Sixth race, 4 1/2 furlongs—Benefit, 8 to 1; 1; Claremont, 11 to 1; 2; Saito, 5 to 1; 3; Time, 59. Seventh race, 1 mile—Orsina, 3 to 1; 1; Leader, 2 to 1; Sweet Tooth, 2 to 1; 3; Time, 1:42.

OFFER WILL BE CONCLUSIVE ONE

City League Think W. J. Reid's Price Too High—May Take Up St. John's Proposal.

One of the best features of the City Baseball League is its early start. Had the organizing of a league been left till a later date considerable trouble would have been experienced. As it is the grounds question is presenting itself in the form of an enigma, and no other business can be gone on with until this matter is settled. Things are looking away from Tecumseh Park just now, and the league have made a final offer to Mr. W. J. Reid. In the event of his refusing it, it is altogether likely that Mr. A. B. Cox's offer of the use of the St. John's grounds will be accepted.

Mr. Reid's previous offer was reported at a reduction by Mr. Bert Sheere. Many of the representatives were of the opinion that even with this reduction the offer was much too high. A figure which was thought a reasonable one will be offered Mr. Reid, and if refused advantage will be taken of the offer of Mr. Cox.

Mr. Reid's offer, or rather the offer made by Mr. A. B. Cox, is one which met with approval. For a very small cost the league would be permitted to use the St. John's grounds, and a grand stand constructed. Messrs. C. W. Smith, H. Struthers and Secretary Beal were appointed to represent the league in the St. John's offer.

The consideration of other matters was left till the next meeting, which will be held on Wednesday night at 7:30 o'clock at the Tecumseh House.

An Honest Doctor.

Editor: If any of your readers suffer from sexual weakness, resulting from youthful folly, premature loss of strength and memory, weak back, varicocele, stricture or emaciation of parts, my Latest and most effective Method of Treatment will cure them. Stricture and varicocele and all bleedings without pain, the use of the knife or loss of time. So positive am I that it is an infallible cure, that nothing need be paid until the cure is effected; this is certain. My position for if I had any doubts as to its efficacy, I could not make this offer for patients to pay when cured. It makes no difference who has tried it; let them write me and I will send my book and blank for home treatment free. They can address me in confidence. Dr. Goldberg, 208 Woodward avenue, Room 4, Detroit, Mich.

Quite frequently he made the trip from center field to register a complaint. Sometimes he goes back to second base in his day, and sometimes he quit the managerial bench has made good at the umpiring business. He's fat, fair and forty, and as jolly a man as ever cried at an alleged musical comedy.

Thomas E. Kelly, who is also a Buffalo product, was on last year's staff, more often the bench. He has the respect of the players and the benches. He made few mistakes last year, and will likely be better this season.

THE OAR. ST. KITTS ROWING CLUB ORGANIZED.

St. Catharines, April 4.—The St. Catharines Rowing Club held an enthusiastic meeting and organized for the coming year with the following officers: Hodgett, president; Major Merritt, vice-president; A. C. Kingstone, secretary-treasurer; Dr. Jory, B. Benson, A. W. Bate, J. T. Thomas, and J. B. Smith, Stewards. Stone gave some idea of the importance of the C. A. O., and how the money which must be raised to build the club house should be spent here. Mr. Kingstone decided to send two crews for this year. Philadelphia will send a crew, and probably two, also New York and Detroit. Besides the crew from all over Canada, Toronto will send three and there will be crews present also from Brockville, Ottawa, Montreal and other port cities. There will be an English crew in attendance. The regatta must take place early in August.

Shoe Fad. It is a fact that "Slater" Shoes, which have become out of date and been re-branded to be sold at a cut price, have actually been sold as genuine "imported" shoes for more than they were originally price branded by the makers when they were real "Slaters." Now, it is also a fact that thousands of pairs of shoes annually sold in Canada as "genuine imported" are made in Montreal and Quebec, sold under unknown brands at fancy prices, with no maker's assurance or responsibility such as the wearer gets with "Slater" Shoes. Made in Canada 40 Years. For Men and Women, \$3.50 and \$5.00. For Boys, \$2.50 and \$3.00. Sold in 15 "Slater" Stores and 200 Agencies. "Slater" Shoe Polish Adds Wear to "Slater" Shoes. 171 Dundas St., LONDON, ONT.
