

TRUE BILL AGAINST PRODGER PRISONER PLEADS NOT GUILTY

London Man Charged
With Shooting Miss
Frank With Intent
to Kill Arraigned.

TRIAL WAS SET FOR WEDNESDAY

Appears to Realize the Serious-
ness of His Position—Sleeps
But Little.

The grand jury, after being out half an hour in an adjourned session at the court house this morning, returned with a true bill in the case of the King vs. John Prodger.

The prisoner is charged with shoot-
ing Miss Elizabeth Frank with intent
to murder her.

Mr. Sydney Smith, K. C., of Strat-
ford, will act as crown prosecutor. Mr.
Edmund Meredith, K. C., of this city,
has been engaged to defend the pris-
oner.

Prodger, a strong, sturdily-built man
has slept but little during the past
week, it is said, as he realizes that
his position is a most serious one.

Justice Teetzel, in charging the
grand jury yesterday, dealt with the
seriousness of the crime, and it was
generally conceded that a true bill
would be brought in.

The prisoner takes exercise twice
daily, and he is said to have gained
greatly in weight.

Prodger when first brought to the
jail smoked and chewed tobacco al-
most continuously.

Recently he has dropped the habit
entirely.

Later, Prodger was arraigned on
three different counts and pleaded not
guilty to each. His trial is set for
Wednesday morning.

WORKMAN WAS BADLY INJURED BY BLOWING OUT OF STEAMPLUG

E. Whitesell, of 373 Ridout Street, May Lose Sight of His Eyes
as Result of an Accident at Works of George White
& Sons On King Street.

While testing a boiler at George
White & Sons' King street works yester-
day afternoon, Mr. E. Whitesell, 373
Ridout street, was badly scalded by
the explosion of a steam plug, and it
is feared that he will lose the sight
of both his eyes. His condition is
serious, and complications are feared.

Whitesell is a steam fitter, and has
been employed for some time with the
company.

Yesterday he was engaged in testing
several boilers for efficiency. He fixed
one up, and had 120 pounds of steam
on, to see if the fittings and the rest
of the machinery were in good work-
ing order.

The Explosion.

The machine ran for a time, and
Whitesell was preparing to run the
steam test a little higher, as the ma-
chinery is built for 200 pounds steam,
when he noticed a slight leak, and
stooped down to see what the trouble
was. He had barely got his head out
of the way when there was a terrific
explosion.

MONTREAL MEETING NOT CALLED TO DISCUSS THE G. T. R. STRIKERS

Mr. W. D. Egan, superintendent of
the western division of the Grand
Trunk, with headquarters at Detroit,
was in the city this morning on his
way home from Montreal, where, with
other G. T. R. superintendents he was
attending the conference called there
yesterday by Manager Hayes.

It was stated officially to The Adver-
tiser that the conference was not cal-
led in any way discuss the taking
back of the strikers, but so that the

JOHN CORRIN WAS FINED \$200 MOTHER PROMPTLY PAID MONEY

John Corrin, the young man who
was convicted of stealing suitcases
from local hotels and railways depots
some time ago, was fined \$200 and
sentenced to one month in jail by
Judge Macbeth this morning.

The cash was produced by the pris-
oner's mother and turned over to the
court. Corrin, who is a little over
twenty years of age, and of rather

Victim of the Shooting on the Wel-
lington Road in April Last.

COLLECTOR HAYS DOES GOOD WORK

But 16 Per Cent of Taxes of 1910 Re-
main Uncollected.

There remain but 16.6 per cent of the
taxes of 1910 still to be collected.
Collector Hays has completed the sec-
ond instalment, and has now received
\$28,300 in cash.

With \$12,500 discounts allowed, there
have been turned over to the city the
sum of \$20,800, out of a total of \$26,633
to be collected. The department have
still \$11,833 to collect.

Major Hayes received \$8,000 more on
the second instalment than in 1909.
"The taxes are coming in splendidly,"
said Major Hayes. "We have collected
33.4 per cent, an excellent showing."

HELD AT QUARANTINE

Rigid Inspection of Ships From Naples
at New York.

New York, Oct. 4.—The steamers Santa
Anna and Modica which arrived last
night from Naples, were held today at
quarantine for a rigid inspection of all
on board.

Leaving Naples at the height of the
cholera epidemic, the arrival here of
these steamers has impelled the port
health authorities to renewed efforts
to prevent any person showing the slight-
est symptoms of suspicious illness from
entering the country.

Before the steamer was allowed to
leave, the man would recover, but
his condition was quite alarming.

May Lose Sight.

It was reported at his home that
there was grave danger that he would
lose the sight of both eyes, even if he
did recover.

The physician could not say what
the outcome would be. However, he
thought the man would recover, but
was not so certain about his sight.

Whitesell is a young, married man,
his wife being a daughter of Mr. R. A.
Jones, the painter, 38 Wyatt street,
West London.

One of the plugs blew out, just
missing his head, and covering the un-
fortunate man with scalding steam
and water.

Several of the men rushed to his
assistance, and it was found that his
head and face were badly burned.
The man was taken to the hospital,
and his eyes were so severely injured
that he is feared he will lose them.

Whitesell was taken at once to his
home, and Dr. George H. Wilson sum-
moned. He suffered excruciating
agonies all night, and this morning his
condition was quite alarming.

THOMSON'S

Ladies' and Children's Ready-to-Wear Store
179 Dundas St. Next to Boomer's

A word to the ladies of London and surrounding country, who make London their trading centre.

Tailored to Your Order Garments

IS A SPECIALTY AT THIS STORE.

All garments made with "The Robinson Corset and Costume Company's" guarantee of perfect satisfaction or money back.

This alone should be an inducement. But by calling at our store we can easily prove to you that our styles, material and work are even greater inducements.

Our cutters are artists in their line, and make it a point to bring out the graceful curve desired by all good dressers, thus giving an individuality and a character to each customer.

We cordially invite you to visit our store, 179 Dundas street, in order that we might convince you of the truth of what we say.

Dress, Suit and Coat Material by the yard. If you make your own clothes it will pay you to buy your cloth from us. All our cloths and goods by the yard are shrunken; you get the full measurement and no charge for shrinking.

Corsets! Corsets!
Ready Made Made to Your Order

The Robinson Corset is a household name in almost every home in Canada, and our home town is no exception. We would like to devote this whole ad to a talk about our made-to-your-measure corsets. Come in and let us prove all the good qualities put in our corsets by letting us measure you for a pair. Miss Wallace, who has been with The Robinson Corset and Costume Company for twelve years, has charge of the two departments. Fit guaranteed.

TWENTY-FIVE YEARS OF SPLENDID WORK

Court Welcome, No. 12, I. O. F.
Held Anniversary Banquet in Masonic Temple.

ORDER TO BE PROUD OF

P. H. C. R. Bro. F. J. Darch Made a Stirring Speech—Many Charter Members Were Present.

The twenty-fifth anniversary of the founding of Court Welcome, No. 12, of the Independent Order of Foresters, was celebrated in the Masonic Temple hall last night by a banquet, at which more than 150 members were present. Among these were nine charter members, including Brothers John McCready, the first secretary; Joseph Amor, Richard Bissett, Robert Gilmore, Martin Hays, Robert Howard, William Lashbrook, Percy Phillips and Alexander Tait.

During the evening the charter members were presented with very handsome gold watches by Bro. W. W. Gammage, after P. H. C. R. Bro. F. J. Darch had made a neat speech, in which he spoke of the anniversary of the court, and congratulated its members. The presentation to the charter members was made with great enthusiasm, and each spoke very briefly when called for a speech.

Bro. Thomas Ball, who was toastmaster for the evening, then introduced the speakers.

The Supreme Court.

"I appreciate replying to this toast," said P. H. C. R. Bro. Fred J. Darch, who was called upon to respond to "The Supreme Court" in the absence of Supreme Chief Ranger E. H. Stevenson.

"It is indeed an honor that you have conferred on me. We are all proud of our great order, and justly so. Many orders have come and many have gone. Unless an order is founded upon the cornerstone of fraternity and works for the good of humanity, it is not worthy of the name of a fraternal institution. If you could see the letters that come from the widows of our deceased brethren you would feel as I do the good we are doing. In addition to this work we have provided an orphan's home at Oakville, and are doing a great work for the children worthy of the name of Canadians. This is the work that you, my brethren, are doing. (Cheers.) It is a great work. We have as our supreme chief ranger a man who is worthy of so great an honor. He has recently bought a large estate in the Adirondacks, and has established a sanatorium for the treatment of brothers who are unfortunate enough to develop tuberculosis. (Cheers.) A number of patients have already been treated and cured. It is when we become imbued with a spirit of this kind that our fraternal order becomes a work of love. We hope in a short time to secure 250,000 new members. This will be easy if each one does his share of the work, and the blessings that will be brought to all will be inestimable.

"We cannot stand still. We must either go forward or backward. I feel sure, for the reports we are receiving are most satisfactory. We are going ahead, and at the next meeting our reports will be most gratifying." (Cheers.)

A Proud Position.

"This marks a quarter of a century of your progress," said H. C. Bro. Wands, of Chatham. "You indeed occupy a proud position, and I congratulate you. It has required no small amount of labor to put you where you are, and your charters must indeed have done noble work. Each and all of you now should continue to do his duty as they did, so that our order in the future may continue to grow and prosper."

High Treasurer Bro. John H. Hambly congratulated the members of Court Welcome on their twenty-fifth anniversary. London, he stated, was the mother of the order. All Foresters should be proud of what the order has done. Court Welcome, he said, had the honor of being the biggest court in London at the present time. He spoke of the splendid fraternal benefits offered by the I. O. F.

The toast to "Court Welcome, No. 12" was enthusiastically received, and was responded to as follows: "The Past," Bro. Lewis W. Wickett and Bro. Thomas F. Tombs; "The Present," Bro. Wm. J. Piercy; "The Future," Bro. Henry B. Ashplant.

"Our Organizer," was responded to by Bro. C. H. Morrison. He referred to the late Dr. Oronhyatkeha as the greatest organizer of fraternal organizations that Canada has known, and spoke of many of the early difficulties he encountered. He fervently urged all the brethren to give all organizers their support and assist them in their work in every way.

During the evening the Kenwick Male Quartette rendered a fine programme in a manner that won for them repeated encores.

Those Present.
Samuel Knight, P. C. R.; Henry B. Ashplant, V. C. R.; L. Seale Holme, M. D.; J. Baskette, F. Bissett, A. E. Chapman, Thos. Tombs, W. Jenkins, W. A. Evans, P. C. R.; John H. Hambly, high treasurer; Geo. W. Wands, H. C. R.; Wm. J. Piercy, T. Ball, D. S. C. R.; F. J. Darch, C. H. Merrifield, C. R.; E. W. Pestill, chaplain; W. Ruge, O. W. Pestill, chaplain; W.

No Hospital for Him

SAVED JUST IN TIME.

Mr. Lewis MacPherson, of Dunvegan, Inverness County, Cape Breton, had been suffering tortures from his kidneys and bladder, which were terribly inflamed. Finally, his doctor could do nothing more for him and advised him to go to the hospital.

A neighbor, who had used Gin Pills—but read Mr. MacPherson's letter.

"It affords me more than ordinary pleasure to convey, not only to yourself but also to all sufferers from Kidney and Urinary Troubles, the instant and complete cure that Gin Pills effected in my case.

"I suffered untold misery even when under treatment from the best doctors for over ten months, and nothing seemed to do me any good or relieve my painful condition. My trouble was Inflammation of Kidneys and Bladder. I finally determined to take my doctor's advice and go to the Victoria Hospital at Halifax for treatment. Two days, however, before my intended departure for the hospital, a neighbor called and, happening to have a Gin Pill in his pocket, insisted on my taking it. I did so and six hours after taking it, the results and benefits I derived were simply nothing more or less than miraculous. Instead of going to the hospital, I sent for a box of Gin Pills with the result that I am a cured man. I recommend Gin Pills to every one suffering from Kidney Trouble."

LEWIS MACPHERSON.

It is just as we say, you see—Gin Pills do cure Kidney and Bladder Troubles when all else fails. Take them on our positive guarantee of relief or your money back.

Dealers everywhere have Gin Pills at 50¢ a box, 6 for \$2.50. Sample sent free if you write National Drug and Chemical Company, Limited, Dept. G, Toronto.

CEDAR BLOCK PAVEMENT FOR DUNDAS ST. HILL

Council, After Warm Debate, Decided the Matter Last Night.

There was a sharp tilt between Ald. Tancock and Ald. Saunders at the council meeting last night.

It happened over the recommendation of No. 2 committee that a cedar block pavement be initiated for the Dundas street hill.

When Ald. Tancock read the recommendation he refused to move, and Ald. Saunders and Ald. Stevenson placed it before the council.

"I am going to make you aldermen declare yourself on this matter," said Ald. Saunders. "Every time a deputation steps into the council chamber you swallow yourselves. Be men for once."

Buying Stone.

Ald. Tancock then opposed the recommendation. "We had it all arranged to purchase broken stone at 30 cents a load from the company doing the underground work," said Ald. Tancock. "The company do not want a block pavement. They think broken stone would be sufficient and they supported my suggestion. It would have gone through had not some Engineer or Engineer's right, and he stopped the work. Engineer Talbot wants broken stone, and Engineer Graydon opposes cedar block. It is not right to make the county and residents of the streets pay for cedar blocks when we can pay for the hill with broken stone much cheaper."

Warm Words.

"Ald. Tancock refers to me, but he has not got enough to name me," shot back Ald. Saunders. "I never spoke to Engineer Wright about this matter. I never suggested anything to him nor asked him what he should do. As for City Engineer Graydon, he recommended cedar blocks also. His recommendation came to No. 2 committee in a letter, and it can be found. It is a very easy matter to discover who is telling the truth on this score. As for County Engineer Talbot, I do not have to answer to him. He was not on a committee to elect me, nor did I hold conference with him to find out how the city could run its business. The county engineer does not hold club over me, as he does over some of you. He is always anxious to do the cheap thing. He wants something for nothing all the time. He will do anything to save a copper. He is very willing to shove everything onto the city."

Hill is Dangerous.

Ald. Stevenson, Jeffries pointed out how dangerous the hill was. Mr. Whit Lancaster opposed the pavement, saying that the property affected could not stand the additional expense. Before the vote was taken Ald. Rose had left the chamber. Eight aldermen, Ald. Saunders, Morgan, Pocock, Fitzgerald, Jeffries, Ebert, Underwood and Stevenson had voted for it, while Ald. Ashplant, Richter and Tancock voted against it.

Mayor Beattie decided the question by voting with the majority. A two-thirds vote of the whole council was necessary.

MARA'S

134 DUNDAS STREET

A GREAT STORM ON ALBION'S COASTS

Several Wrecks Due to Gale in the North Sea.

London, Oct. 4. — Many lives are reported lost in terrific gales which have lashed the North Sea, hurling several wrecks on the coast in the past 24 hours.

The steamer Welholme foundered in the gale off Cromer and was sunk. The engineers were drowned and several of the stokers were reported missing. The others on board were saved after a long fight against the sea. Dispatches to mercantile marine agencies today reported that several other vessels, most of them fishing craft, are believed to have been lost.

Life-saving stations at a number of points along the coast reported rescues.

Fished ships drifting helpless before the gale were also reported.

The tempest was one of high wind the coast the beaches were strewn with wreckage.

Cromer is known in marine circles as a dangerous place. Treacherous tides and currents run off the promontories at that point and the sea beats with terrific force against the great sea wall.

The discovery has again been made, this time by a magazine publisher, that New York is a city of extremes—a city in which live "the richest people and the poorest; the best and the worst; the most moral and the most immoral; the smartest and the biggest fools."

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

Girls Men Like

BY CYNTHIA GREY.

"What qualities do men most admire in girls?" Many, many times this question comes to me.

My answer would be that it depends on the individuals.

But it is a question which should be answered from the masculine point of view, so I've asked opinions from many men, and here they are assembled—be sure to read them, girls!

"The girl who is sweet, yet has dignity enough not to be mushy."

"The girl who has plenty of spunk."

"The girl who can keep one guessing."

"The girl who is pretty, witty, and also domestic in her tastes."

"The girl who never flirts."

"The girl who never says sharp, unkind things in an effort to be thought 'smart' or 'sarcastic.'"

"The girl who makes generous allowances for the mistakes of others."

"The girl who smiles with us, but who is also ready to sympathize with our sorrows."

"The girl who always acknowledges her fault and is willing to make reparation."

"The girl who keeps her head under all circumstances and knows the proper thing to do in emergencies."

"The girl who is clean and wholesome rather than pretty, whose disposition is sweet, and yet who has spunk enough to take her own part."

"The girl who when she gives her word keeps to it, and expects the same of others."

"The girl who has common sense enough not to expect married life to be a bed of roses, and yet whose ideals are high."

"The girl who is broad enough to like everybody because she finds something to admire in each person she meets."

"The girl who makes her own business and knows when not to talk."

"The girl who is never dismal, tearful or soft."

"The girl who can go camping without getting fussed up about it."

"The girl who makes her world a pleasant place to live in because she's so pleasant herself."

"The girl who appreciates the fact that she cannot always have first choice of things, and never kicks about it."

CYNTHIA GREY'S
CORRESPONDENTSDear Miss Grey: Please give me a
recipe for candied citron.

A READER.

A.—After cutting the citron into
strips, weigh and allow one pound of
sugar to each pound of citron. Make
a syrup with one cup water to each
pound sugar. Cook citron in this un-
til tender, then remove and place on
large platters. Boil syrup until very
thick with a little ginger to flavor,
put the strips back with a little lemon
juice, stir until coated with sugar,
then remove and lay on platter to dry.Dear Miss Grey: I am 25, 5 feet 7
inches tall, weigh 152, and have a
ravenous appetite. What can I do to
reduce it?

SUBSCRIBER.

A.—Just make up your mind not to
eat so much and stick to your resolu-
tion. Eat fruits, raw and cooked veg-
etables, and let the fatty and starchy
foods alone. Take long walks, scrub
the kitchen floor and porch and drink
plenty of water between meals.

GET AT THE HEART OF THINGS

The fire box is the life of your range, the oven its heart—an organ quite as important in a good stove as in a human being.

Rather a far-fetched comparison, you think? Not at all—listen!

If the fire box in your range is too large for the oven, it means an extravagant waste of fuel—and the fuel is expensive.

On the other hand, if the fire box is too small, inefficiency is the result.

Now, the fire box in each size of the

HAPPY THOUGHT

is scientifically proportioned to the size of the oven—it is so in each variety of the range.

No other stove manufacturers seem to have realized the vital importance of this feature.

We have—that's where you benefit, if your range is a "Happy Thought."

A book will be sent you free of charge if you will just send us a post card.

HARROWBY AT MONTREAL. Oct. 3.—The Earl of Harrowby has arrived in Canada on a

tour of investigation, in which he will pay special attention to methods of co-operation and agricultural education. The Earl, who landed at Quebec from the Empress of Ireland, is now in the city, and will proceed west. He has considerable farming lands in his English estates and has been breaking up some of the property and selling it to the

HUNDREDS SEARCH FOR DYNAMITERS

Labor and Capital Unite to Punish Los Angeles Fiends.

REWARDS OF \$100,000

Trace of Men Who Bought Explosives in 'Frisco Found.

Los Angeles, Cal., Oct. 3.—Under the stimulus of rewards aggregating \$100,000, hundreds of policemen, detectives and private citizens in all Pacific coast cities are searching for clues that may lead to the arrest of the conspirators who blew up the Los Angeles Times building last Saturday and caused the death of more than a score of persons, and attempted the destruction of the homes of Gen. Harrison Gray Otis, owner of the Times, and of F. J. Zeheandelaar, secretary of the Merchants and Manufacturers' Association.

Police and civil engineers believe that at least three men were concerned in the outrages, and the city has placed a price of \$100,000 on the head of each. The county today voted an additional reward of \$50,000 for every man captured and convicted, and members of the Merchants and Manufacturers' Association offered a reward of \$50,000, of which \$25,000 has been subscribed.

On the assumption that at least three men were responsible for the explosion the combined offers of reward thus approximate almost \$100,000, a figure almost unprecedented in the annals of criminal pursuits.

The entire city is thoroughly aroused. One newspaper that has been friendly to union labor today printed a first-page editorial demanding that, in view of the strictures directed at the unions in connection with the explosion, the strikes now on be called off.

The State Federation of Labor, which met in convention here today, probably will take action tomorrow looking to the appointment of investigators, who will work in connection with the committee named by city officials.

Chief of Police Galloway said today that he expected to have one or all of the conspirators in custody soon. He expected news from San Francisco, whence has come the most promising clue thus far developed.

Burns in 'Frisco. William J. Burns, a detective employed in the graft cases in San Francisco, is at work tonight in that city with Los Angeles detectives, who were sent there on receipt of notification that dynamite, believed to have been the same as that found in the bomb at Mr. Zeheandelaar's home, had been purchased near San Francisco by men giving the names of Leonard, Bryson and Morris. Mr. Burns and the other detectives, with Attorney Earl Rogers and a powder expert, left for San Francisco last night, immediately after reports concerning Leonard, Bryson and Morris were received.

Two iron foundries, the Craig shipyard at Long Beach, the Alexandria hotel annex, now in course of construction, and several other large steel buildings where there are strikes, are heavily guarded.

Gen. Otis is protected by a bodyguard, as are his office and the branch office that houses the editorial and business departments of the Times, and the auxiliary plant, where the paper is printed.

Many clues are under investigation tonight, and in compliance with orders from the chief of police that every one falling within the police's classification of "undesirable and dangerous," should be taken in, arrests are made almost hourly. These arrests, however, are regarded as merely perfunctory.

Shiloh's Cure

DRINK AND DRUG HABITS CURED IN THREE DAY
—AT—
The Neal Institute
78 St. Alban's Street, Toronto

Bond and contract given each patient to this effect.
Rev. D. F. Mulvihill, Rector,
St. John's Church,
1915 University Avenue, Des Moines, Iowa.

I am in a position to state that the Neal Institute does all that it claims for its patients. I am personally acquainted with three cases (two of whom I thought were beyond treatment) that took the treatment and today a different type of men. It is beyond doubt a saving grace for poor fellows that wish to get rid of a slavish habit, but have not got the strength to do it themselves. I can safely recommend the Neal Institute, and hope that all who have a desire to rid themselves of a vicious habit will give it a trial.

For full information, bond, contract, booklets, and testimonials, call, write, or phone the NEAL INSTITUTE MANAGER,
78 ST. ALBAN'S STREET, TORONTO.
All business strictly confidential.

BOILERS EXPLODE SHIP GOES DOWN

Mexican Passenger Steamer Lost Off Coast of Panama.

FIFTY PERSONS PERISHED

Members of a Rich Central American Family Amongst the Lost.

Panama, Oct. 4.—Word reached here yesterday afternoon of the loss of the steamship Chirique, with probably 50 of her passengers and crew, three days ago.

The disaster occurred in the vicinity of Point Warache, which is about 100 miles distant from this place. Among those who are reported to have been lost are members of the wealthy Jimenez family, who were on their way home from Europe. They live at Buena Ventura, the Chirique left Panama on Sept. 27, bound for the south, and carrying about 70 persons, including the crew.

When the vessel failed to arrive at Buena Ventura, where she was due on Sept. 29, a steamer was dispatched to search for her.

Today the vessel returned to port and the captain reported that he had been on the Chirique on Thursday or Friday, but that the vessel had been wrecked at that place, that the boiler of the Chirique had exploded and that the ship had gone down almost immediately.

When the vessel failed to arrive at Buena Ventura, where she was due on Sept. 29, a steamer was dispatched to search for her.

MISS ELEANOR POWELL DIED ON THE TRAIN

On the Way From Winnipeg to Windsor Via Toronto.

Toronto, Oct. 3.—The remains of Miss Eleanor Powell, who died on the train between Port Arthur and Schreiber, arrived in Toronto yesterday afternoon on C. P. R. train No. 84 from Winnipeg.

Miss Powell's death came as the result of a fall from a street car in Winnipeg some weeks ago. She was taken ill with cerebral paralysis, and her condition finally became so serious that her mother and sister, who were with her at the time, decided to remove her to that city, her former home.

As she progressed her condition became more and more critical. Dr. Marriott, who happened to be on the train, was called in to attend to her, but despite his earnest efforts, the end came near Schreiber.

The service of an undertaker were needed, so for that purpose the body of Miss Powell was detained there. He stated, accompanying while he travelled to Toronto. In Schreiber it was learned that the train was delayed, and that the body was taken back to that city, and the necessary duties performed.

When the remains reached here Sunday afternoon they were transferred to a train bound for Windsor.

THE ATLAS CASE

Friends Want Witnesses Brought From Macedonia.

Toronto, Oct. 3.—A request that the court send to Macedonia, to take the evidence, which, it is said, will prove Rev. G. M. Atlas innocent of the charges of which he has been convicted, and for which he is in the penitentiary, will be made to Judge Denton, presiding over the sessions, in a day or two.

As an alternative proposition the request will be that the crown provide funds to bring three men to Toronto from that country to testify on behalf of the Egyptian preacher. The witnesses desired are those whose names were affixed to a receipt produced by Atlas. The names are claimed by the crown to be forgeries, but the friends of Atlas assert that they are genuine.

The lack of funds is all that prevents the production of the witnesses here, and if the necessary money is provided, it is understood that the matter will be taken before the Attorney-General of Canada, and then, if necessary, to the Minister of Justice for Canada.

Atlas was sent to Kingston penitentiary in June for a term of six years, on charges of larceny and forgery, and of subornation of perjury remains to be disposed of at the present sessions.

WIRELESS MESSAGE GOES 5,600 MILES

Marconi, in Argentina, Receives Signals From Ireland.

New York, Oct. 4.—A new long-distance record for wireless transmission is claimed by the Marconi Wireless telegraph company, which announced today that the officials were informed in a dispatch from London that Mr. Marconi, who is now in the Argentine Republic, has received signals direct from Great Britain, via Argentina, and from Chicago, Ireland, at the high power station now almost completed in the Argentine Republic. The distance covered is estimated at 5,600 miles.

FOUR DROWNED.

Seattle, Wash., Oct. 4.—J. Everett Graham, Ben Larson, Paul Burklund and C. P. W. A. Graham were drowned or pounded to death against the rocks along the shore during the heavy storm which swept Puget Sound Sunday night.

Graham and Larson tried to make a landing in a launch at a fish trap. When the launch tied up at the trap, Larson and Burklund went out in a rowboat to bring them ashore. None of the four was again seen alive.

BLIGHTED LOVE WORTH 6 CENTS

Miss McPhee, Cook, Wins Damage Suit Against McIsaac.

Detroit, Oct. 4.—After fully and judicially balancing the evidence, a jury in the circuit court yesterday decided that the affections and matrimonial prospects of Miss Margaret McPhee had been blighted by the refusal of Alexander McIsaac, a teeming inmate, omitting to marry her, after a prolonged and assiduous courtship. Damages were fixed at six cents. The twelve jurymen were winnowed out of upwards of 30, most of whom were discarded because of their persistent gallantry toward the lady in question.

Miss McPhee has an attractive personality—a fair, matronly (she is on the sunny side of 40), and everlastingly beaming with good nature. Mr. McIsaac is inclined to rotundity, with a never-fading, good-natured twinkle in his eyes, beneath the shadow of shaggy eyebrows, and above all immeasurably appreciative of the kitchen duties that Miss McPhee, who was cook for the Whitneys, knew so well how to make.

Attorney Vesdock, for the defendant, intimated at the trial that the advances were all on the side of Miss Margaret, and that she had been found the lady's company delightful, nevertheless he was so overcome when one night she suggested they go to housekeeping that he never went back. Then he succumbed to the charms of Katie Mahoney, whom he made his wife.

Miss McPhee says she vividly remembers Jan. 3, 1908, the night that he concluded his love-making by popping the question. Twenty thousand dollars she considered a modest remuneration for the heart-breaking caused by the indefinite postponement of the marriage.

ANCIENTS LEFT-HANDED

That Is Reason Hebrew Writing Is From Right to Left.

London, Oct. 4.—Why the writing of the Semitic race should distinguish itself from that of nearly all other peoples in that it runs from right to left is a question that has never been satisfactorily explained from a physiological standpoint, unless a new theory is to be accepted, put forward by Dr. Erlenmeyer, a German savant.

He maintains that the ancient Hebrews were all left-handed. In support of his argument he quotes various passages from the Talmud, where special directions are given concerning the use of certain phylacteries, with the right hand.

Several instances of the Old Testament also seem to bear out Dr. Erlenmeyer's contention, notably in the cases of Jacob and Joseph. The former, as related in the Book of Genesis, laid his left hand "wittingly," the text says, "in blessing upon the head of the first-born of Joseph's sons."

REDS AND POLICE FIGHT AT DETROIT

Socialists Thumped With Night-Sticks When Attempt to Speak.

Detroit, Oct. 4.—Charging the mobs with drawn night sticks, a squad of officers from police headquarters arrested six socialists who attempted to make speeches in Pingree Square and at Randolph street and Gratiot avenue last night. They were locked up at police headquarters, but no charge was preferred against them.

RADIUM IS CHEAPER

Can Be Purchased Now for Only Two Million Dollars an Ounce.

New York, Oct. 4.—Radium is growing cheaper. Sir William Ramsay, in a recent London lecture, stated that the present market price is only \$2,100,000 an ounce, a drop of \$900,000 from the quotation given out by scientists in January last.

A radium bank has existed for some time in Paris. Last January one was started in London, and similar institutions are to be established in New York and other cities. These banks loan the precious substance to scientists and physicians. The cost is enormous. As much as \$200 has been charged for the use of 100 milligrams for a single day.

MONKS POORLY PAID

Their Hospitality To Wayfarers Scarcely Rewarded.

London, Oct. 4.—"Blessed is he who expects little," ought to be the motto of the hospice on the summit of the Simplon mountain in Switzerland.

The hospice, which is situated at an elevation of 8,170 feet and is the halfway house between Switzerland and Italy, is maintained by the monks of St. Augustin, for the shelter and comfort of Alpine travellers. The fathers take no money in payment for their hospitality, but travellers are expected to place a gift on leaving in a box near the door.

This season the number of visitors, most of whom make a stay of two days at the hospice, has established a record and so have the takings, though in an inverse direction. The prior of the hospice himself declares that after a whole week of hard work, when the house was crowded every night and many had to sleep in the corridors, the money found in the box amounted in all to 45 centimes, or 9 cents!

CANNON TUCKER IS POPULAR IN TORONTO

New Rector of St. Paul's Cathedral to Make Announcement on 13th Inst.

The Toronto Globe says: Rev. Canon Lewis N. Tucker, the secretary of the missionary society of the Church of England, who has given many years of devoted service to the Anglican Church, has been offered the rectorship of St. Paul's Cathedral at London, made vacant by the death of Canon Dunn.

Canon Tucker has not yet made known his wishes in the matter, and will not do so until the meeting on Oct. 13 in this city of the Anglican mission board. If he decides to accept the rectorship of St. Paul's Cathedral Canon Tucker will tender his resignation at that meeting.

Many friends of Canon Tucker when spoken to last night were not surprised at the announcement, for they looked upon the offer of the London rectorship as a reward for service well performed. The duties of the secretary of the Church of England Missionary Society takes that official out of town a great deal and means a lot of travelling.

Canon Tucker should he decide to accept the rectorship at London, will be greatly missed by the Anglican clergy as well as the laymen, he being looked to for advice on all matters pertaining to missionary effort work.

The Right Food for the Baby

We have all the good infants' foods, and as they deteriorate with age we order frequently, so as to keep a fresh stock at all times. Horlick's, Nestle's, Allenbury's, Bokay's, Imperial, Cerinnum, Robinson's and half a dozen others.

Strong's Carminative For Babies

quickly relieves colic, flatulence, nervousness, diarrhoea and all the ills that babies suffer most from. Perfectly harmless. Indorsed by the medical profession. Price, 25 cents.

Strong's Drug Store

184 Dundas St., London, Ont.

BLAZING A ROUTE FOR GREAT AIR RACE

Aviators Will Attempt to Fly From Chicago to New York Saturday.

Chicago, Oct. 4.—Plans for blazing the route of the aviators in the Chicago-New York race, which is scheduled to start next Saturday, have been completed. Indian smudges, giving out thick, black smoke by day and a dull red glow at night, sheets spread out on roofs and captive balloons are among the signals which will designate the route.

Generally speaking, the aviators will follow the route of the Lake Shore and Michigan Southern to Buffalo, and the New York Central the remainder of the way. In approaching towns signals will show the aviators where to turn off the path of the railroad to fly around to a good landing place.

A path-finding automobile will leave Chicago today to establish a relay service of motor cars all the way to New York. A fast car will be engaged at each important town on the route to be in readiness for a telephone call to carry rations, supplies or medical aid to the aviators.

MAY GET DR. KELMAN

Famous Edinburgh Preacher May Succeed Dr. Barclay.

Montreal, Oct. 4.—In all probability Rev. Dr. Kelman, of Free St. George's, Edinburgh, will succeed Dr. Barclay as pastor of St. Paul's Church, which is regarded as the most important Presbyterian pulpit in Canada, and also commands the highest salary in the Dominion. Dr. Kelman will be the first to be approached by representatives of St. Paul's session. It is not known how far the session has gone in the matter, but it is understood that they have made some advances, with such result that the expectations are that the pourparlers will result in the translation of the famous Scotch divine from Edinburgh to the Canadian metropolis.

Should the hopes of the people of St. Paul's be fulfilled, the congregation will gain one of the most famous pulpit orators and able pastors the Scottish Presbyterian Church can boast of today.

RELEASED ON BIG BAIL

Ex-Manager of Athens Branch Bank to Be Tried Summarily.

Brookville, Ont., Oct. 4.—Mr. E. Cughan, the ex-manager of the Athens branch of the Farmers' Bank, awaiting trial on a charge of appropriation of funds, has elected to be tried by Judge McDonald summarily on the 21st inst., and was admitted to bail, which the crown fixed at \$8,000.

He still has to face a preliminary hearing in the police court on the 21st inst., for alleged falsifying of the bank statements. The police magistrate held the same bail as the county judge, making \$16,000 in all. Of this amount Cughan furnished \$8,000, and two sureties, his father, Albert Cughan, and Antoine Wendel, the balance.

AZEFF ASSASSINATED.

St. Petersburg, Oct. 4.—The Novoe Vremya reports today that Evno Azeff, described as the head of the fighting Russian Socialists, has been assassinated at Welbuden.

BACKACHE GOES AND KIDNEYS ACT FINE

A few doses regulate your Kidneys, ending Backache, Bladder and Urinary Misery.

If your kidneys are disordered or you suffer with backache or bladder misery a few doses of Pape's Diuretic will now effect a cure.

Put an end to kidney trouble while it is only trouble—before it develops into Dropsy, Diabetes, Gravel or Bright's disease.

The moment you suspect any kidney, bladder or urinary disorder, or feel a dull, constant backache, or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a scalding sensation, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleans, heals and regulates these organs, ducts and glands and completes the cure within a few days.

Pains in the back, sides or loins, rheumatic twinges, prostatic trouble, debilitating headache, nervousness, dizziness, weakness, bilious stomach, sleeplessness, inflamed or puffy eyelids, worn-out feeling and many other symptoms caused by clogged, inactive kidneys promptly vanish. Frequent, painful and uncontrollable urination due to a weak or irritable bladder is overcome.

Yours a lot of druggist, banker, or any mercantile agency, will vouch for the responsibility of Pape, Thompson & Pape, of Cincinnati, who prepare Pape's Diuretic—50-cent treatment—sold by every druggist in the world.

231 Dundas Street.

Rich Roast Beef

After all there is nothing more satisfying or healthful than a juicy roast of high-grade Beef such as we sell. We claim to handle the choicest beef in the city, and as we buy our cattle alive and slaughter it ourselves, we are able to give you the very choicest at moderate prices. Try one of our roasts.

Choice roasts from 12c pound up

NOTICE OF MOTION REGARDING TREES

Ald. Richter Blocked Ald. Morgan at the Council Last Night.

Ald. Morgan introduced his motion last night to furnish citizens with trees, to be planted on the boulevards of the city. Ald. Richter objected to its appearing as a motion, declaring that as it dealt with new business a notice of motion would have to be given.

Ald. Morgan pointed out that there were a number of trees at Springfield that could be given away, and others could be purchased if necessary.

"I do not object to the council giving away the trees at Springfield, but we do not want to go into the nursery business," said Ald. Saunders. "We had enough of that once."

However, Ald. Morgan gave notice that he would bring the matter up at the next meeting of the council.

LONDON AND DISTRICT

Late Mrs. Carrothers.
The funeral of Mrs. Mary Christina Carrothers was held this afternoon from the family residence, lot 6, concession 4, of Westminster Township, to Pond Mills Cemetery, and was very largely attended. The services were conducted by Rev. Dr. McCrae.

A Bad Fall.
Mr. William Ayers, market gardener, of Brick street, had a very close call from being seriously injured yesterday, when he missed his footing while picking pears, and fell to the ground. Dr. Mason was called, but found that beyond a shaking up, Mr. Ayers had escaped without injury.

LIBEL ACTION SETTLED

Morley vs. Patrick Did Not Come to Trial at Assizes.

The action for libel, which was brought by Mrs. Emma Morley, of McGillivray Township, against J. H. Patrick, of London Township, has been settled out of court, the defendant paying all the costs.

The defendant states that he knows nothing whatever against the character of the plaintiff, and did not intend to impute anything wrong in the letter, which was written to the plaintiff's husband, and which resulted in the action. And if anything was imputed in the letter, it is withdrawn.

P. H. Bartlett, acted for the plaintiff, and Gibbons, Harper & Gibbons for the defendant.

JEWISH NEW YEAR

Local Hebrews Are Today Celebrating the Event.

Last evening marked the advent of the Hebrew New Year 5671, and the beginning of the New Year festival Rosh Hashona. Special services will be held today in the local synagogues. All over Canada and the United States the orthodox Hebrews will celebrate the festivities of New Year's. This is the most important of all Jewish holidays, and is observed with much solemnity. During the services, the leading events of Bible history are solemnly recalled, including the creation, the flood, the election of Israel, the thunders of Sinai, and others. A unique rite of the Rosh Hashona is the blowing of the ram's horn, or the shofar. Ten days after Rosh Hashona comes the Jewish "Day of Atonement," which is observed with religious rites and severe fasting throughout the entire day.

TIDE BEARS DROWNED JACKIES FAR TO SEA

Death List of Men On Leave From Battleship Number Twenty-Nine.

New York, Oct. 3.—In an official statement authorized by Rear-Admiral Charles N. Vreeland, and given out at 9 o'clock tonight by Capt. Thomas S. Rodgers, of the battleship New Hampshire, the number of the New Hampshire sailors who are believed to have been on the battleship's sailing launch when it tilted in the Hudson on Saturday night, and who are still missing, is set at 23.

Twelve members of Saturday's liberty party of the New Hampshire, who are not known to have been in the sailing launch, but who are still missing, were named in Capt. Rodgers's list.

No Bodies Are Found.

Capt. Rodgers gave out his statement after the expiration of the last liberty party's shore leave at 7 o'clock tonight. He said that the names published in the list of missing represented a careful process of elimination made in conjunction with the calling of the entire ship's roll.

Though police boats dragged the river between the warship's anchorage off West One Hundred and Fifty-eighth street and the shore all day, no bodies were recovered. The water there is very deep, and grappling cannot be followed to great advantage.

HEALTH INSTITUTE

505 Talbot Street, Corner Talbot and Maple Streets—Phone 2565.

Asthma, Bronchitis, Rheumatism or Gout, Nervous and Chronic Diseases in General, Lung Trouble and Debility, a specialty. Obesity also scientifically treated.

Office hours 12 to 1 p.m., or 6 to 7 p.m., or phone for examination appointment. Your specific case, after thorough examination, will be treated successfully either by Electro-Therapeutics, Mechano-Therapy, Osteopathy, Curative Physical Culture, also by Chiropactic.

R. C. Barkie, principal, is a graduate of the LATEST SYSTEMS OF DRUGLESS HEALING. The only institute of his kind in Western Ontario.

HORSEY WAS IDENTIFIED BY A DENFIELD LADY

Law Drawing in Close Around Alleged Robber—Prisoner Remanded.

Frank Horsey, the young man from Baltimore, who was arrested some days ago and identified by Squire Patrick, of Idorville, the man who held a revolver to the squire's head some time ago, was a second time brought up yesterday afternoon before Squire Chittick at the court house and identified by Mrs. William Noyes, of Denfield.

Mrs. Noyes met the man in front of her home as she was leaving with her husband in a buggy. He asked for a drink of water, and was given one. When the family returned the house had been ransacked, two trunks and a suitcase smashed and money and clothing taken.

Horsey was again remanded, and will probably be brought up again on Thursday, when the case against him will be proceeded with in earnest.

DOGS AGAIN FIGURED AT COUNCIL MEETING

Ald. Tancock Attempted to Trip Ald. Morgan, But Failed.

The suggestion of Ald. Morgan that a plebiscite be taken in January next on the proposition that the city pay one-half the cost of water, and the other half, walks, and one-third the cost of pavements, will come up at the next meeting of the council. He introduced the question last night at the council meeting, but objection was taken to it on the ground that it was new business, and as a result it was allowed to stand over until the next meeting.

The Dogs Again.

Ald. Tancock tried to get after Ald. Morgan on the dog muzzling question, and suggested an amendment of the minutes of the last meeting of the city council. The minutes read that the police commissioners be asked not to enforce the bylaw governing dog muzzling.

"That should read 'law,' not 'bylaw,'" said Ald. Tancock. "I object to that. We should ask the commissioners not to enforce the law."

"Is the minute a correct account of what transpired at the council?" Mayor Beattie asked City Clerk Baker.

"It is," answered the clerk.

"It stands without amendment," declared his worship, and Ald. Tancock failed to accomplish his purpose.

Mayor Beattie mentioned the fact that the royal commission on technical education would meet in the city on Oct. 17 and 18, and that it would be necessary to make some arrangements to entertain them. The matter was referred to the reception committee with power.

A bylaw was presented to the council governing the admission of tuberculosis patients to the Byron Sanatorium, and given three readings. Ald. Stevenson and Ald. Underwood wanted the time limit for residence in the hospital lowered from one year to six months, but the council could not see it in that light. The agreement is for one year only.

A bylaw was passed outlining the duties of the publicity agent.

"Country Village Style."

Ald. Tancock moved that the council request the water commissioners to put rings and stipes in the electric light poles throughout the city to tie horses to.

"Country village style," declared Ald. Ebert.

However, no person seconded Ald. Tancock's motion and it dropped.

There was some uneasiness business transacted of no importance.

Those present were: Mayor Beattie, Ald. Richter, Underwood, Stevenson, Ebert, Ashplant, Jeffries, Fitzgerald, Rose, Saunders, Morgan, Pocock, Tancock and City Clerk Baker.

TRAINMEN CONTROL A MILLION VOTES

Big Railway Order Decides to Take a Hand in Legislative Matters.

Cleveland, Ohio, Oct. 3.—President W. G. Lee, of the Brotherhood of Railroad Trainmen, today made public a list of questions which has been mailed to all members of his organization, the Brotherhood of Locomotive Engineers, and the Order of Railway Conductors, to be submitted to all Congressmen and state legislators as containing their stand on legislation affecting the three organizations.

"Counting our membership of 112,000 and their friends, we control a million votes," said Mr. Lee. These votes will be cast as the candidates answer.

The questions on which candidates will be asked to express an opinion are:

"Can you provide for compensation to workers when injured in the service of a railroad."

"An employers' liability law, without a contributory negligence clause, except in case of misconduct."

"Government inspection of locomotive boilers."

"Compulsory arbitration which railway workers oppose."

"An anti-injunction bill."

"A bill regulating the number of experienced workmen in a crew, and providing for amendments to the 16-hour continuous service law."

"The Travelling Salesman" Tonight.

"The Travelling Salesman," to be presented at the Grand Opera House tonight, was a very successful comedy last season, and had a long run in New York City. The play is away from the ordinary performance, inasmuch as it introduces many novel situations during the evening's production. Dallas Tyler and Mark Smith, the two leading members of the company, are bright stars in the production. The latter was one of the original "Ermie" tramps and has appeared in London frequently. Travelers will learn tonight of some of the vicissitudes of a drummer's life from an author's point of view. It is also a guaranteed attraction, so Manager Minnikin says.

"The Winning Miss."

"The Winning Miss" proved to be just as winning as the advance notices said she was, and theatre-goers who were attracted in greatly increased numbers last night were greatly pleased with her and her fine company. "The Winning Miss" may call again, and she will be made welcome to the city.

This is one musical play that came out of the west, and made good. To the generosity of theatre-goers play must have the Broadway approval, or it is a failure. However, this one is from Chicago, and bears every mark of success.

No matter how incongruous or fantastic the supposed plot may be, it was built for entertainment purposes only, and it succeeds.

The comedy part is in the hands of Miss Blount. She has not the reputation in this city of several other near-comedians, but he is really funny, and a hard worker. He made many friends last evening.

The supporting company is excellent. Miss Loraine Laidlaw, the winning miss, is a most attractive little lady, as graceful and as winsome as the most critical desire, and she both sang and danced well. She is as fragile as a summer girl's engagement, but she made a big hit last evening.

Miss Grace Manlove sang well, was charming and pretty, and altogether showed marked ability. Clarence Backous possessed the best voice in the company, and rendered several numbers in splendid style.

Hattie DeVon, who had ambitions to be a Leslie Carter, was immense, her burlesque being extremely funny. The other roles were well taken.

The chorus was large, well trained and musical, and the girls above the average in looks. They could dance, too, with more than ordinary grace.

Mr. Boyle Woodfolk, the author, has no reason to be ashamed of his play. The lyrics are pretty and the music tuneful and catchy.

"The Winning Miss" should make good anywhere, and if a return engagement is played here no doubt there will be a crowded house.

A COOL RECEPTION FOR RICHARD ROSS

P. M. Love Advised Him to Remain in Quiet Village of Beachville.

"It's the worst news I have heard for some time," said Magistrate Love at the police court today, when Richard Ross, of Beachville, formerly of London, told him that he had got a job here and was coming back to work in the city. Ross was gathered in for being drunk. When he was here before he was continually in court.

"You should have remained in Beachville, where local opinion prevails," said the magistrate.

"It doesn't agree with me," said Ross. Chief Williams said Ross had kicked up an awful row in the station last night, and his yells could be heard a block away. In addition he had got into an altercation with Robert Blackwell, a Londoner in for being drunk and a fine for \$10 or 21 days," said Magistrate Love.

Blackwell was remanded until

Thursday. He has been appearing very frequently of late for drunkenness.

REDMAN WAS DRUNK, WAS GATHERED IN

Told Usual Story of Getting Liqueur From a Stranger.

Gus Doxtater, an Oneida Indian, arrested last night for being drunk, said he got the fire water from a white man whom he had never seen before, and whom he met down near the G. T. R. depot. He was told to his back to Oneida, and in future keep away from strange men who would tempt him with bottles.

Angus McPhee, of Canadoc, arrested for being drunk, said he hadn't been up since last winter.

"It costs money to arrest you," said the court, "and you must pay the costs, \$3, or ten days."

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all dealers.

Children Often Need a laxative—but you cannot be too careful what you give them. Harsh purgatives injure the bowels and pave the way for life-long troubles. The new NA-DRU-CO LAXATIVES

effectively without irritating the bowels or causing any discomfort. The children like them for they taste like candy. One of the most popular of the NA-DRU-CO preparations. 25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. 20 National Drug and Chemical Company of Canada, Limited. Montreal.

WINDSOR DEGREE TEAM IS COMING

Work Will Be Exemplified on the 10th of October.

A degree team of the Ancient Order of Foresters from Windsor and Walkerville, composed of Ald. Mayes, Ald. Jackson, Ald. Jenkins, George McDonald, John Fletcher, Guy Butler, Frank Thorne, A. Smith, H. Fielding, George Holmes, G. McCauley and Hugh Lord, will pay a visit to the local lodges on Oct. 10, and will exemplify degree work. They will be accompanied by a number of prominent officials of the order. As there are many entertainers in the party they will give a musical and literary programme here.

CHAIRMAN PRENTICE.

New York, Oct. 4.—Ezra P. Prentice, a deputy attorney-general and former assemblyman, was today chosen
