KIWANIS INSPECT
TELEPHONE EXCHANGE

E. McLennan Shows Delegates Around Local Offices.

Following their weekly luncheon at the Teumseh House at noon today the Kiwanians, some fifty in number, visited the Bell Telephone Company's building on Clarence street. Under the guidance of Kiwanian E. McLennan, district traffic superintendent of the company, the delegation was given an insight into the workings of the exchange, and everything of possible interest was pointed out and explained.

Thomas Kirby, of Montreal, who is well-known in London through his connection with the recent London Motor Show, was a guest at the luncheon, as was Wm. Sparling, prominent Toronto Kiwanian, and formerly a resident of this city.

A favorable report was presented during the noon hour from the objective committee, and a message of appreciation from Vice-President Arthur Ford in recognition of the splendid efforts of the Kiwanian welfare campaign team, was delivered by the secretary, Frank Morrow. Contrary to the usual procedure there were no speakers from outside the city.

LONDON MISSIONARY
IS SEEN IN MOVING
PICTURES OF CHINA

Miss Annie Archer Was Commissioned in St. John's Church Here 25 Years Ago.

Great interest was manifested in the presentation last evening in the parish hall of the Church of St. John the Evangelist of moving pictures of the activities of the Chinese and Chinese mission fields. Ten reels of interesting and progress were shown, and a large audience evinced enthusiasm in the production.

One of the most pleasing events to St. John's members was the showing on the screen of Miss Annie L. Archer and her work in the far east. About 25 years ago Miss Archer was commissioned at a special service in this church for her work in Japan, and its extent, as depicted in the pictures, evoked hearty applause. She was seen holding services in the streets surrounded by hundreds of converts, and also in the various activities of her work.

Miss Archer has lectured in this church on several occasions, while visiting her brother, H. B. Archer, St. James street, on her furlough, and is now completing the full term of service as allotted by the M. S. C. C. Within a year or so she will retire after long and faithful work in the foreign mission field.

PRESBYTERIAN COUNCIL
TO CONSIDER MISSIONS

Financial Assistance Available as Result of Forward Movement.

A meeting of the London Presbyterian Council will be held on Monday evening in St. Andrew's Church, when the financial matters of the Presbyterian missions, including Chalmers Church, Knollwood Park and Chelsea Green will be dealt with.

Through the aid of the Presbyterian Forward Movement a substantial sum of money will be at the disposal of the Presbyterian Council to assist in building up financially some of the smaller London churches. John Leighton is the president of the council.

EMBRO

Embryo, May 13.—The village has purchased a road grader and can now have the grading done early in the spring.

The price of eggs continues to come down. Both egg circles paid 25 cents a dozen here yesterday.

Most of the farmers in this district are through with their seeding, and some are getting their land ready for plant corn.

A court of revision is to be held in the council chamber on Monday evening, June 6, at 8 o'clock.

Secretary E. J. Cody has received \$1,076.63 for the memorial fund.

AGAIN ELECTED

Mrs. A. Rumball to Guide Destinies of Aberdeen Mothers' Club for 1921.

Mrs. A. Rumball was again elected president of the Aberdeen Mothers' Club at the annual meeting held last night in the school. This club has just completed a splendid year's work, and now the members are planning a bazaar to increase the club funds. Mrs. A. E. Trutt of the Chesley Avenue Club took charge of the election last night, assisted by the principal of the school, Claude Brown.

The officers elected were as follows: Vice-president, Mrs. M. Learner; secretary, Mrs. V. Langford; treasurer, Mrs. H. Cooke; press reporter, Mrs. Carrothers; and committee conveners, program, Mrs. Thomas; refreshment, Mrs. P. James.

G. W. V. A. CONVENTIONS.

Ottawa, May 13.—Two conventions of the Great War Veterans' Association are to be held in the near future, the first the Ontario provincial convention at Brantford, May 24 to 26, and the next the Dominion convention at Port Arthur, July 4 to 9.

City Briefs

CAPT. RITCHIE IN TORONTO.—Staff Captain Ritchie, of local headquarters staff of the Salvation Army, is in Toronto today.

ON TRIP TO OLD COUNTRY.—D. Dunkelmann, president of the Tip Top Tailors, has left on an extensive buying trip to the Old Country.

RECOVERING FROM ILLNESS.—Following several days' illness, Postmaster Peter MacDonald is able to be about again. He visited the office today, and expects to resume his duties again next week.

RETURN TO THEIR HOMES.—The Salvation Army officers from Sarnia, Woodstock, St. Thomas and Ridgeway, who took part in the local United Veterans Fund Campaign here on Thursday, have returned to their respective homes.

ATTEND DEMONSTRATION.—One hundred persons attended the demonstration of road machinery at the Jones farm on the White Oak side road in Westminster Township yesterday afternoon.

TO CONDUCT CONFIRMATION.—Rev. M. F. Fallon, bishop of London, will administer the sacrament of confirmation to more than one hundred persons at high mass at St. Peter's Cathedral on Sunday next. This is an unusually large class of applicants for confirmation.

SPECIAL S. A. SERVICES IN WINDSOR.—Commissioner Richards, Col. Addy, of provincial headquarters of the Salvation Army, and Brigadier Alexander, head of the local district, will conduct special services in Windsor this week-end.

AFTER INFORMATION.—A delegation from Stratford, including the Stratford Chamber of Commerce and others, visited the headquarters of the London Motor Club to obtain information on the use of signs and placards for regulating automobile traffic. The members of the delegation afterwards inspected the signs in use on the streets of this city.

BOOTH AT THE FAIR.—The members of the May Queen Rebekah Lodge of masonic ladies at the big "County Fair," which opens in the armories tomorrow. A table of dolls will be a big feature of this booth, which will also have an exhibition of miniature of the members of the lodge. This tiny hospital, which is valued at \$25, will be raffled during the fair, and the drawing made in the evening.

LONDON DELEGATE.—Mrs. A. T. Edwards is the London delegate to the Ontario Branch of the National Council for Combating Venereal Diseases, which is to be held at the National Public Health Association in Toronto the first three days of next week. Dr. H. W. Hill of the London Institute of Public Health, Dr. W. S. Downham, M. O. H., and Dr. J. McNally, district officer of health, will also present at the national gathering.

CHICKENPOX LEADS.—Chickenpox takes a big lead in the number of communicable diseases reported during the week ending May 7. The total number of cases of chickenpox was 10, measles came second with 11, and tuberculosis third with 10. A reduction in the number of diphtheria cases was recorded, only three being still under treatment; no new cases were reported. One solitary case of whooping cough was listed. Three cases of smallpox were reported, four of scarlet fever and three of syphilis. The total number of all communicable diseases reported during the week ending May 7 was 49, still in isolation at the end of the week.

LOCAL CHOR VISITS ST. MARYS.—Thursday evening, the choir of the Marys and gave a concert, under the auspices of the Anglican Church there. The choir, under the direction of Clarence Gilmour, gave a program of part songs, folk songs and glees. Rev. G. Quinton Warner and Thomas Mitchell were the assisting artists. Others contributing solos were Miss Carrie Fitchett, Miss Alicia Element, Mrs. McMillan, Arthur Rossiter and Frank Simmons. Following the concert, the ladies of the church entertained the choir and assisting artists at supper.

LOBO.—Lobo, May 13.—Nearly all the seeding is finished around here and the farmers are now preparing for corn planting. The Lobo Women's Institute will hold their meeting in Lobo Hall on Wednesday, May 18. This is the annual meeting, and the business meeting will include election of new officers for the coming year. The program will be given by the grandmothers of the Lobo Institute.

The Masonic lodge here will hold their annual "at home" Thursday evening, May 19, in Lobo Hall. Lunch will be served, and an interesting program given.

Mr. and Mrs. Arthur Coughlin visited here recently.

W. Arrand, accompanied by his cousin, E. Arrand of Belmont, visited in Glencoe on Sunday.

Miss Viola Bowman spent the week-end in Kemptville.

NO WORD YET FROM
MINISTER OF LABOR

Street Railway Situation Is Devoid of Developments.

Further than an acknowledgment of their request, the employees of the London street railway have heard no word from the Federal Government regarding an arbitration board. It is fully expected, however, that the board will be granted by the minister of labor, into whose hands the matter has been placed.

Officials of the company stated today that they would appoint a representative to the board if it is granted. The company does not do this because they are particularly anxious to arbitrate, but because the Government would appoint a man if the company refused to do so. No further word has been received from President Charles Currie.

ASSESSMENT DEPT.
PLEASE NOTICE

That business is not confined in its dealings solely to the hard and dry facts of the ledger, but that it is also a business of the heart, and that even hard-headed businessmen are not lacking in ability to appreciate and express their appreciation of consideration shown them by others, is exemplified in a letter received today by General-Manager E. V. Buchanan.

Recently a local firm which uses condensation of its hydro power in the production of its goods felt that their bill was rather higher than it should be, and stated their reason for returning the account to Mr. Buchanan. Action was taken to verify or otherwise the justice of the claim, and as a result the next bill sent to the firm showed a considerable reduction.

Appreciative of this fact, the firm, in its communication, says in part: "We wish to thank you for the reduction on the cost of power in our London store. It will help to some extent to offset the high tax charges by the city. We only wish the assessment department were as reasonable in its demands."

DENIES REPORTS

Fights at Port McNichol Not of Daily Occurrence, Says Contractor.

Commenting today upon the recent conflicting reports that the quota of men sent from the local employment bureau to Port McNichol were experiencing trouble there, a representative of the Nicholas contracting firm, from Windsor, in whose employ they are, emphatically denied a report that fights were a daily occurrence, and that most of the men had been beaten.

"A few have naturally left," he explains, "as is to be expected on any shipment; a few deserting the detachment at Toronto and other points on the journey. A small number also returned after the work commenced, probably finding that they were unqualified for the task of unloading wheat. The remainder, more than forty in number, were still at work when he left there yesterday," he maintains.

THIS WILL HELP!

Although it is not its desire to encourage Canadian motorists to spend their money outside of the country, the London Motor Club, in affiliation with the Ontario Motor League, have succeeded in a scheme to induce the hotels in leading cities of the United States to accept Canadian money at par from tourists. Already more than 100 hotels in prominent centres have signified their intention of accepting Canadian funds at par in payment of hotel bills on presentation of membership certificates of the Ontario Motor League.

DECLARES PEOPLE OF
CANADA IN FAVOR
OF INDEPENDENCE

Winnipeg, May 13.—Lindsay Crawford of Toronto, addressing a meeting in the Proximer school, St. Boniface, last night, said that although he had been in Canada only ten years, he had no doubt that if a plebiscite were taken in Canada, nine-tenths of the people would favor Canadian independence.

TWO RUNS.—The fire department received two calls today. At 4 o'clock this morning it was called to the Yocum-Faust chemical plant, 124 St. George street, but its services were not required. This is the third alarm run in from this place since yesterday morning. At 1:18 o'clock this afternoon an alarm of fire in a barn on Rectory street was given. It was found that the roof of the building had caught fire from a spark from a fire in a rubbish heap.

MAGISTRATE "STRIKES
OUT" ANDY CHAYKIN
IN THE HOBO LEAGUE

Has Walked Ten Recently, But Latest Batter Goes To Jail.

Deputy Magistrate P. H. Bartlett has "walked" ten hobos in the past week, but this morning struck out Andy Chaykin of Windsor. In the past few days men who trespass on the railroad have been dealt with leniently by the court, all being allowed to go, and some of them even receiving advice on the prospects of securing employment.

Chaykin said that he had walked from Windsor in four days, and that he had interviewed several farmers en route, regarding work on the land. He had slept at the police station on Wednesday night as he had not the money to rent a room.

Last night, however, he feared to impose on the police, and he decided to impose on the railway. He did not mind if he lodged on their premises.

Now Andrew has been a gentleman of leisure for a time, and he is accustomed to making the best of everything. He entered a passenger coach and diligently set to work to remove the cushions from the seats in the car and to pile them in a corner. Then, his task completed, he sank into the pile and a few minutes could be heard snoring.

His pleasant dreams of better days were shattered to fragments when G. T. R. Constable and Bidley entered the coach and bid him change his resting place. Once more he found himself at the police station, but this time as a captive instead of a guest.

G. T. R. Constable John Hughes asked the court to do something to put an end to the company's troubles with the numerous walk-in delegates that infest the local yards.

Andrew at least will not bother the railroad officials for five days, for that period of rest at Castle Carter was thought to be beneficial in his case, especially after he had walked for 36 hours.

SNEAK THIEVES ARE
BUSY AT HYDE PARK

Hyde Park, May 13.—Sneak thieves entered the home of Will May, on the fifth concession, while he was absent, and got away with a well-filled basket of eggs ready for market. The second night after, his entire flock of hens, numbering 40, disappeared. There is no clue yet to the perpetrators.

There is excellent fishing in a small creek which empties into the Thames River west of the village, and fish are caught weighing from 1½ to 2 pounds and over.

Mrs. Ryan of London Township has moved into the five brick residence which she purchased last week from Thomas Morris.

Austin Winter of Hyde Park conducted a very successful sale of household effects for E. Teifer, ninth concession, Wednesday afternoon. As a large portion of the effects were antique, bidding was brisk and prices ran high. The house, a splendid story and a half frame building, sold for \$2,500.

INTERNATIONAL TRADE
UNIONS INCREASING

Membership in Organizations Throughout Dominion Is Expanding.

Ottawa, May 13.—International trade unions in Canada are increasing in strength, according to statistical figures compiled by the department of labor for its tenth annual labor report.

While, however, the international organizations gained over 7,000 new members during the past year, other trade union organizations showed a net decrease of 7,966 members and 66 branches. The heaviest loser of the non-international was the One Big Union. In 1919 this organization had 101 branches throughout the country, with a total membership of 41,000. This has been reduced to only 51 branches, with but 2,000 members.

Comparison of the membership of the different trade unions in the Dominion is given below:

	Locals.	Members.
International.....	2,455	267,217
Independent unions.....	30	31,183
National and Catholic.....	124	45,000

ROBERTSON SEES UTTER
RUIN IF A FARMER'S
GOVT. IS ELECTED

McAdam, N. B., May 13.—Hon. Senator Robertson, minister of labor, and R. B. Hanson, K. C., Government candidate in the York-Sunbury by-election, spoke here last night in the interest of the latter's candidacy. Senator Robertson said he was not talking because of the date of the Government was in the best of interest of Canada and the workingmen. He came east, he said, not to support Mr. Hanson, but came as a friend of the railwaymen and to support the policy that would bring the greatest prosperity to the country.

The speaker claimed that if a farmer government was elected it would destroy the constructive work that labor had been building up for the past forty years for the sole purpose of getting cheap labor for the farms.

HOTRUM DECLARES

lasted practically two full days, Hotrum appeared to be somewhat, becoming more pale than usual as he stepped into the witness box. His dull and weary eyes gave him an expression of deep sleepiness that amounted almost to moroseness.

Prisoner said he was 21 years of age, and had lived in Hamilton with his brother, and his father was alive. He had some convictions against "you in the past," asked Mr. Murphy.

Accused acknowledged convictions for shop-breaking in 1911, at Kingston in 1912, at Kingston in 1913, at Kingston in 1914, at Kingston in 1915, also a sentence of six months at Guelph for theft of a purse.

"The last crime was when you were at Kingston on a charge of burglary?"

"Yes, sir."

There were several charges, he said, and he pleaded guilty of burglary, and he pleaded guilty of burglary with robbery with violence up to the present time?

"No."

He came out of Kingston on July 6, 1920, and returned to Hamilton, where he stayed with his sister-in-law for a week or so until he got a job on a boat.

He left this job on October 24 and November 8 at the Canadian Portland Cement Co. He worked there until February 8, 1921, and came to Toronto.

"How many other charges are there pending against you?"

"I think there are two."

Prisoner said he went to live with Conley for three weeks.

"When did you first meet McFadden?"

"When I first met Hulse, about a week previous to March 5."

PROPOSALS MODIFIED.

London, May 13. — Rt. Hon. Austen Chamberlain, who is piloting the budget through the Commons, has so far modified his proposals to secure free rail travel and untaxed seasonal allowance for members of Parliament as to defer the latter proposal until a free vote is taken in the House. The suggestion

that members should not pay income tax on their indemnities has met with much opposition, even supporters of the Government declaring that members will decide in favor of continuing to pay the tax. Free rail travel, seemingly, has come to stay, although some members feel uncomfortable about the opinion of their constituents.

Building Boys with Books

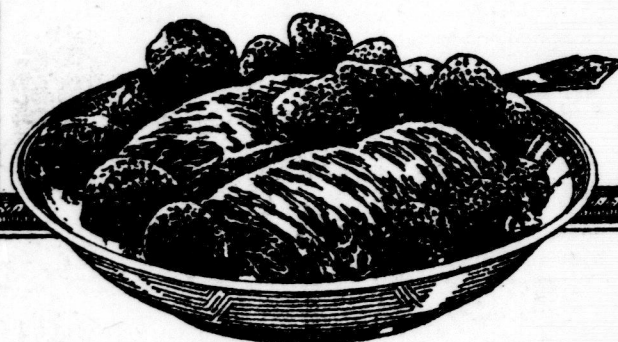

It can't be done! Only rational exercise combined with simple, nourishing foods will build sturdy, robust youngsters.

Shredded Wheat

is the best food for growing boys and girls because it is 100 per cent whole wheat and contains every element needed for building a perfect human body. A breakfast of Shredded Wheat with milk puts Johnny in fine fettle for study or play. It is ready-cooked, no kitchen worry or work.

TRISCUIT is the shredded wheat cracker, a crisp whole-wheat toast, eaten with butter or soft cheese.

VICTORIA SCHOOL TENDERS TO BE OPENED MAY 17

Council Not Likely To Deal With Collegiate Debentures Monday.

At the special meeting of the board of education to be held on Monday next to prepare the request to the city council for the issue of debentures for the construction of the new Great War Memorial High School, the board will be asked to grant No. 2 committee power to award the contract for the building of the new Victoria public school, when the tenders are opened on Tuesday, May 17.

This request will be made to avoid, if possible, the necessity for calling another special meeting of the board, but in view of the stand taken by a number of the trustees in regard to the collegiate contracts, it is hardly anticipated that the request will be granted. It is understood that the special meeting of the board on Monday is being held in the hope that the council will take up the matter of the issue of the required debentures at its meeting on Monday night, but in conversation with The Advertiser today City Clerk Baker expressed the opinion that this was impossible. Such a request must be first dealt with by No. 1 committee, and the recommendation of the committee the council will take action. It cannot deal with the matter straight off the bat.

TWENTY-FIVE PUBLIC SCHOOL TEACHERS TO TAKE SUMMER COURSE

An Especially Good Showing, Says Public School Inspector.

Public School Inspector Greer stated today that at the present showing at least 25 public school teachers will take summer courses, or approximately one-eighth of the total teaching staff of the city's public schools. "This, I think, is an especially good showing," said Mr. Greer. "Last year the number was 22." Up to date the teachers attending the courses will be distributed as follows: Six to the O. A. C. at Guelph; three to Queen's College; four to the Western University; two or three to Columbia; and a number to the courses for nursing, arts and physical culture at Toronto.

Alcohol, imperial quarts, increase of \$1.50 per bottle.

All wines, etc., remain at previous prices.

The above increase of \$1 is a proportion of the increase that would be justified under the increased duties, and the right is reserved to change to stock demands, to gradually increase prices, so as to cover increased cost caused by duty.

In the past medical practitioners have enjoyed a discount of 10 per cent on all purchases. This discount is discontinued on May 20, when the price to the doctor will be exactly the same as paid by the public. Druggists, who have heretofore received a 15 per cent discount, will, after May 20, only be entitled to a discount of 10 per cent.

More People Wearing Glasses

The reason of this is that people are taking more care of their eyes now, the amount of headaches is very considerable and many more serious eye troubles are averted. Mr. F. Steele, of 210 Dundas street, is devoting the whole of his time to sight-testing and spectacle-fitting. His examining-room has all the latest equipment for exact eye examination, and his workshop is fitted with the latest machinery for turning out lenses and spectacles quickly and accurately.

BRANCH MANAGERS OF THE McCLARY MANUFACTURING COMPANY MEET IN LONDON

The annual meeting of the head office executives and branch managers of the McClary Manufacturing Company is now being held in the head office buildings, York street.

The success of this big organization is to a large extent influenced by the far-sighted policy of the management in calling together in conference periodically the men responsible for the marketing of their products. Information is gathered together from St. John, N. B., to Vancouver B. C., and the entire commercial outlook of the Dominion carefully reviewed. A vast amount of work will be accomplished during the conference week and important decisions arrived at, upon which the future policy of the company will be based.

Perhaps on no previous occasion has this conference had such weighty problems to meet as at the present time. The change from a buyer's to a seller's market calls for careful consideration of the sales promotion campaigns and more energetic measures taken to meet the situation.

The agenda for the week's conference included a complete inspection of the production possibilities of the two plants and sessions will be held morning, afternoon and evenings. Those present include:

John McClary, president.

Mr. A. M. Smart, director.

Col. W. M. Gartshore, general manager.

Mr. J. M. Gunn, assistant general manager.

Mr. J. M. Moore, purchasing agent.

Mr. J. J. Foote, general sales manager.

Mr. J. Galloway, Vancouver branch.

Mr. B. C. McMillan, Calgary branch.

Mr. Alex. Clark, Winnipeg branch.

Mr. G. E. Main, Hamilton branch.

Mr. M. F. Irwin, Toronto branch.

Mr. J. C. Newman, Montreal branch.

Mr. G. S. Bishop, St. John, N. B., branch.

Mr. W. W. Nobbs, manager Happy Thought Foundry Company, Brantford.

Mr. D. Geo. Clark, advertising manager.

Mr. A. M. Smith, London branch manager.

FAMOUS JOSEPHINE NECKLACE IS FOUND

\$150,000 Reward Offered by France, 25 Years Ago.

The famous amber "Love Necklace," gift of Napoleon, and stolen 25 years ago, turns up in a Frisco curio shop. Tourist buys it for \$25, and sells it to Tiffany's for \$85,000. It is understood that the Tiffany firm has turned the beads back to the French Government. Some investment for the American tourist—almost as good as buying Perfect Blue White Diamonds from John A. Nash, My Jeweler, whose new store is 182 Dundas street, "where you will eventually buy."

W. M. S. REPORTS SHOW INCREASED MEMBERSHIP

Organization of Wellington Street Methodist Church Adds 38 to Roll.

At the annual meeting of the Women's Missionary Society of the Wellington Street Methodist Church, on Thursday, Mrs. J. Holliday was elected president, succeeding Mrs. (Rev.) W. J. Ashton, who has held the position for the past five years. Reports showed a total of \$613 raised during the year, and 38 new members secured, making a total of 168 on the roll, including seven life members. The amount raised was \$198 more than during the previous year. A travel talk by Mrs. J. E. MacBarnay was a feature of the program. The new officers elected were installed by Rev. W. J. Ashton as follows:

Honorary president, Mrs. Ching president, Mrs. J. Holliday, vice-presidents, Mrs. Booth, Mrs. Kerr and Mrs. Lyons; recording secretary, Mrs. E. A. Brady; corresponding secretary, Mrs. J. H. Aldis; treasurer, Mrs. G. E. MacBarnay; pianist, Mrs. E. Lacey; assistant pianist, Mrs. Colcott.

VALUABLE DATA IN ANNUAL REPORT OF PUBLIC UTILITIES

Operation, Revenue and Expenditures of Various Departments Chronicled.

Students of municipal affairs, especially in connection with the carrying on of municipally controlled and operated activities, will find much interesting and valuable data in the 1920 annual report just issued by the public utilities commission, and dealing with the operation, revenues and expenditures of the various departments under the control of this body, namely, the waterworks, the electrical, the parks and the public playgrounds departments.

The publication, which in get-up is a replica of that of 1919, with the exception of the color of the cover, which is grey, with the title embossed in green. Besides a general resume of the activities of the departments the annual reports of the general manager and the auditors are given in full. A number of excellent photographs of scenes in

the playgrounds, of scenes during the construction of the new reservoir opened last year, and several graphic diagrams are included.

Bull Moose For Springbank Zoo

Gift of George Wardrope Is Gratefully Accepted by P. U. C.

Miss Wardrope, of 87 Elmwood avenue, on behalf of her brother, George Wardrope, of Wardrope, Ont., near the northern borders of Manitoba, today offered to General Manager E. V. Buchanan, of the public utilities department, a year old bull moose as an addition to the city's zoo at Springbank Park. Mr. Buchanan gratefully accepted the gift, with the proviso that the cost of transportation of the animal from Wardrope to London is not found to be too high.

WEDDING BELLS

SPICKETTS—MASCARI.

A pretty wedding took place on Thursday morning at 9 o'clock in St. Mary's Church, when Miss Anna Mascari of 614½ Dundas street, was united

in marriage to Thomas Spicketts, Rev. Father Bray officiating. The bride wore a lovely gown of white charmeuse with court trains lined with shell pink georgette. Her veil was held in coronet fashion with pearls, and the bouquet carried was a shower of Ophelia roses. Misses Angela and Rose Mascari and Miss Rose Spicketts, sister of the groom, were the bridesmaids, and wore lovely frocks of organza in shades of pink, orchid and maize. Miss C. Palmiano was the maid of honor, wearing a gown of shell pink satin with silver hat. Each carried pretty shower bouquets. Frank Spicketts, brother of the groom, was best man. Two of the bride's little nieces were flower girls. Following the ceremony, a reception was held at the home of the bride. They left later, in the evening, for New York, Boston, Albany and other American cities. On their return they will reside in Kalamazoo, Michigan.

HEBREW MISSION OPENED

The Hebrew Christian Mission, recently opened here over W. J. Wray's Jewelry Store, was dedicated on Thursday evening by Rudolph Schoen, who has been appointed superintendent of the mission. The hall was crowded to the capacity with friends interested in the work of the mission. Mr. Schoen preached a sermon, "The Future Glory of Israel." Samuel Wilson is the treasurer of the mission. Regular meetings will be held every Tuesday and Thursday evenings.

PRaises Work of DRURY GOVERNMENT

A. T. Walker Tells Oxford
Farmers About Hydro and
Timber Probe.

WOODSTOCK, May 12.—The Woodstock District Farmers' Club was addressed here tonight by A. T. Walker, M.P.P. for South Oxford. He gave a review of the work accomplished at the session of the House just closed, and dwelt briefly upon some outstanding items. He spoke of the timber probe, which, he said, was undertaken by the Drury Government after other Governments had neglected to take the matter in hand. He asserted that stealing had been going on in the North for a long period, but that the Government had

already recovered over \$65,000, and would probably receive more.

In speaking of the hydro question he said that Premier Drury's stand has turned out to be correct. He spoke some length upon the Chippawa development scheme, explaining it in detail. Among the other business done at the meeting was a decision to hold a semi-monthly half-day holiday during the summer months.

REV. W. C. PEARCE IS LEAVING DRESDEN

DRESDEN, May 12.—Rev. W. C. Pearce, B.A., who has resigned his pastorate of the North Dresden Baptist Church, will close his work in Dresden next Sunday. He is considering a unanimous call to the Fort William Baptist Church.

The funeral of Mrs. Annie Delve took place yesterday afternoon from her home, concession 4, Dawn. The service was conducted by Rev. J. H. Osterhout and was largely attended.

Interment was made in Dresden Cemetery.

Deceased, who was in the 73rd year of her age, is survived by five sons and daughters: George Delve, near Thamesville; Mrs. Noxell, Watford; Mrs. Neilson, Minneapolis; Edward of Denver, and Garnet at home.

FELL OVER DEAD.

BLENSHEIM, May 12.—While having his breakfast this morning George Marshall, aged 62, died very suddenly from heart trouble.

Mr. and Mrs. Marshall moved here about two years ago, and have been living a retired life. He was 62 years of age, and formerly lived not far from Merlin, and was a farmer. Mrs. Esterbrook of Glenwood is a sister, and he has two brothers, Charles and Stephen, both in the West.

GIVEN SECOND READING.

OTTAWA, May 12.—The Senate today gave second reading to the bill to ratify the protocol accepting the statute for the permanent court of international justice created under the League of Nations.

STATE POLICE IN GRIM FIGHT WITH STRIKERS

Citizens in Terror Over Night
Attacks by Riflemen.

WILLIAMSON, W. Va., May 12.—Guerrilla warfare with all odds apparently favoring the forces opposing the state, was being waged tonight in the grim mountains of strike torn Mingo County coal fields. Beginning soon after dawn this morning at the little mining town of Merrimac, four miles up the Tug River from this city, a fusillade of shots was poured from the mountainside successively into Merrimac, Rawl, Spring and Mattawan, W. Va., and McCarr, Ky. Henry C. Staton, a state prohibition officer and merchant at Spring, was killed by a bullet from the mountains and Noah Phillips, and a young man named Calvert, employees of the White Star Coal Company commissary at Merrimac have been seriously wounded.

Police Outnumbered.—Tonight a little handful of state police, about twenty in number, were reported to be working their way over the mountains between Merrimac and Rawl, seeking to get above and outflank their hidden foes.

Terror reigned in the towns in the zone of the fire as night fell and it was learned the authorities had failed to apprehend any of the attacking force. The bulk of the shooting heretofore has been done at night when lighted houses afforded easy targets for the hidden snipers. Virtually all lights were extinguished tonight and residents kept close under cover.

Practically Helpless.—The state police were virtually helpless during the day as the attacking forces in the mountains were completely screened by foliage and boulders while the police, in order to attempt a direct attack, would have been obliged to cross the open valley and climb the rugged slopes in full view of the hidden marksmen.

Sergeant David Peterson of the state police, who led a squad of men to Spring this afternoon told tonight of the night in which several hundred passengers on a noon-day train found themselves when they reached the battle zone.

"Bullets were peppering down the mountains when the train got in," he said. "Women and children screamed in terror, while virtually every passenger on the train fell prone to the floors of the coaches for protection. I don't know whether any shots were aimed at the train. None of the passengers were injured."

LOST JEWELRY WHEN
SUMMER HOME BURNED

TORONTO, May 12.—The summer residence of R. Norman Brown of Brown Bros. stationers, Toronto, at Jackson's Point, Lake Simcoe, was destroyed by fire on Tuesday night, and Mrs. Brown and three children were driven out by the flames without being able to save anything. They had moved in only three days previously. Mrs. Brown had taken \$5,000 worth of jewelry with her to the summer home.

TOMATO GROWERS WOULD WELCOME WARMER WEATHER

Anxious To Set Out Plants
Now Crowding Their Hot
Houses.

Ruthven, May 12.—Hothouses all through this district are filled to capacity with early tomato plants. Many of the plants are in bloom, but as these flowers always fall off quickly while the plants are indoors, the tomatoes will be very small until the plants can be set out. Growers are hoping that this will be soon, but the somewhat uncertain weather lately is causing them to proceed cautiously rather than risk heavy loss.

An unusually large quantity of corn will be grown this year, as many of the men who formerly put in a large acreage of tobacco are going in for other crops.

Colin Malott, who was ill all winter with rheumatism and who was only recently able to be out, is again ill.

The wedding was solemnized at the Methodist parsonage here on Tuesday of Miss Eliza Drake of California and Thomas Wright of Colchester South.

The ceremony was performed by Rev. H. J. Crasey. The bride is a daughter of James Drake of New California.

The new Methodist Church, which is being erected at Olinda, is rapidly nearing completion. It will cost about \$25,000. Up to the present time, members of the congregation have given free labor, which if added up would total 2,000 days. It is expected that the opening of the church will take place in June.

William Mills and son of Union commenced setting out Warne tobacco plants on Wednesday. Last year they had almost 100 acres on the farms here and at Oxley.

While getting out of her car at Leamington on Monday, Mrs. Cameron Wigle was very painfully injured, when her foot came in contact with an obstruction and one of the bones was fractured.

While out in her garden, Mrs. T. H.

Wigle suffered a slight stroke and was unconscious for a couple of hours. Her condition at the present time is much improved.

WALKERTON MAN HURT.

THE TRUE POLICY.

"The true policy is to cultivate only those industries which are based upon the natural resources of the Dominion."

In these words did the Hon. W. S. Fielding, former minister of finance in the Laurier Government, expound the Liberal doctrine on fiscal questions. Mr. Fielding made it clear that he would not have any industry which is established in Canada unfairly dealt with, but, having regard to the future, the only logical course was the creation of enterprises which had as their foundation the country's natural capabilities.

This clear-cut statement from the former minister of finance comes at a most opportune time, at a time when some sane policy in regard to the raising of revenue and the assembling of the resources of the country after the years of war are absolute necessities. But the theory of building up a country, not by the bolstering up of exotic enterprises, but by the fostering of those rooted in its soil, is no new one, and it loses none of its value through having stood the test of time. Every country on the face of the earth which has risen to prominence in the roll of nations, has done so through the development of its natural resources. Great Britain's rise and subsequent prosperity as an industrial country is mainly due to her coal and iron deposits, and we read that even before the first Roman invasion the merchants of distant Tyre came to her for tin. France has for centuries been famous for her vineyards, Italy for her marble, Germany for her timber products, and countries such as Denmark and Holland, while lacking in the products of the mine and forest enjoyed by other nations, have turned to the best advantage their fine pasture lands and have thereby attained the greatest eminence in their dairying industries. The same story may be told of every country which is prominent on the map today.

It must also be kept in view that what one country lacks she procures from another and gives of her own resources in exchange.

In this way a spirit of interdependence becomes universal, which is undoubtedly an excellent thing in many ways; but blessed is the country which possesses within her own borders almost all that modern mankind can desire. In this respect Canada is singularly fortunate. Her natural resources are unequalled by any country in the world, and in cultivating the industries founded on these resources she would only be following the course which centuries have proved to be the only one which is safe and sound. As Mr. Fielding has pointed out, a tariff built upon the protective principle, a tariff designed to protect industries merely because they are industries, and without regard to economic conditions of the country, cannot and should not succeed. If any line of business has to be coddled and dandified in this manner it is not a sound proposition, and will never be conducive to general prosperity.

The course steered by Sir Wilfrid Laurier, that which gave fifteen years of unparalleled prosperity to the Dominion, was one which regarded protection and free trade as principles to be applied for the welfare of the people at large, each in its place, not for the aggrandizement of any particular interest or class. There is no reason why the Dominion, with all its heaven-sent blessings, should not provide a home for many millions more than are now contained within its bounds, but selfish legislation must be banished and the reform of the tariff on liberal lines is the only logical way that

this can be done. This reform can only be effected if, as Mr. Fielding has declared, false values are eliminated and the industries of the Dominion placed upon a firm foundation. This will never be accomplished under the muddling methods of the Meighen administration.

FALLING PRICES.

Canadian farmers are becoming alarmed at the fall in prices which is affecting practically all kinds of produce, and are beginning to ask themselves the question "Does farming pay?" It is a bad day for any country when the farmer feels that he is not getting a square deal and begins to decrease production. Fortunately for Ontario the farmers in the past have not adopted this drastic policy as an antidote to falling prices. They have on the contrary, loyally endeavored to carry out the time-honored precept of making two blades of grass grow where one grew before. This of course is an excellent thing, and ought to be, under proper conditions, altogether to the advantage of the country where it is adopted, but now and then the enthusiastic agriculturist receives a rude shock when he discovers that in striving to raise all he can in the way of food for the people his zeal has produced a state of affairs highly detrimental to his own interests. Now, dairying is one of the most important branches of the farming industry and the farmers have devoted much time and attention to carrying it on with a view to the best results, sparing no expense in the purchase of the best dairy cattle, and following the most up-to-date methods of production. But what do we find? Creamery butter has dropped to 35 cents a pound in London and it is quoted at 32 cents in Ottawa. This represents a reduction of 28 cents per pound in about ten days. The April price, as quoted at Ottawa, was 60 cents per pound. Cheese has also dropped from 30 cents per pound to 15 or 16 cents. It is stated by a leader in the dairy industry that the reason for the reduction in prices is over-production. But there should be no such thing as over-production in the food of the people if conditions are right. Governments are continually urging upon agriculturists to produce all they can, and as a rule they have nobly responded, but the trend of things is now calculated to make them pause and think.

For the past quarter of a century or so, but more especially during the past decade, the Canadian departments of agriculture, both federal and provincial, have done splendid work in encouraging farmers to pursue scientific methods, and by the establishment of agricultural colleges and experimental farms have shown them how to do so. That these improved methods have led to increased production there is not the slightest doubt, but if this increased production is to continue something more seems to be required; the farmer must be assisted and encouraged in finding remunerative markets for the result of his labors, otherwise the industry will be retarded and the people will suffer. A fair proportion of the time and money that is now spent in teaching the farmer how to grow good crops might very well be devoted to finding markets in which to sell to some advantage these crops when they are grown.

TOO MANY AMATEURS.

The average Canadian has, of course, noticed the contrast between the operating of the Canadian Pacific Railway and the operating of those belonging to the nation. Lord Shaughnessy's system has been brought to a splendid state of efficiency, while the systems run under public ownership have fallen to their present deplorable condition. The explanation is simple enough. The C. P. R. is a business enterprise, started as such, carried on as such. Never has it been without the most skilled executives and operating systems. Its affairs, big and little, have been under control of carefully trained specialists, professional railwaymen. The national roads, on the other hand, have suffered from being placed at the mercy of a lot of amateurs, who have tinkered unsuccessfully, and passed them on to others equally as incapable. As with so many other public ownership enterprises, there has been too little expert help called in. What is required to solve the country's railway muddle is the services of some such an expert in railway development and management as Lord Shaughnessy. In that way only can we be rescued from the present serious situation.

EVERYTHING

A GIVEAWAY. Judge Pennington was talking at a Washington banquet about the war investigations. "It is true that one magnate recently got a complete white-washing from the investigating committee," he said, "but that magnate is a very clever man. The others accused had better look out, for they are apt to give themselves away. Like the prisoner, you know." Smiling, Judge Pennington continued: "A new guard was on duty at a New

Cork prison and was conducting a prisoner to the cells. "Look out," he said as they came to a dark corner, "there's a trap there." "G'wan, partner," muttered the prisoner. "I knew that step before you was born."

THE SHORT SKIRT AGAIN.

Representative Mudd of Maryland was asked at a Baltimore luncheon if he didn't think the 1921 skirt was immodest, indignantly demanded. "I wouldn't say that," Mr. Mudd answered, in his usual cautious way. "What would you say, then?" his interrogator, a leader of the anti-tobacco movement, indignantly demanded. "I'd say," Mr. Mudd said, "that this skirt is all right, as far as it goes."

KAISER'S PEACE TERMS.

A document is said to have been found in the German archives in which the former Kaiser outlined the peace terms that he intended to impose if he had won the war in 1917. They included an indemnity of \$400,000,000 from the United States. And the Germans expect American sympathy in their resistance to reparations!

OLD LADY SCIENCE.

Orville Wright was talking at a Dayton dinner about the new Caproni airplane which carries 100 passengers. "What will the scientists say now?" he laughed. "When my brother and I were trying to fly, the scientists proved time after time that flight was impossible to man. Afterwards, when flying was actually accomplished, they proved that aeroplanes would never be more than dangerous toys—big, stable balloons that he made—they'd be too heavy to rise. "Those scientists were like the old lady who was taken to see the first trolley car to start in her village. She asked the driver, 'What's that?' and he said, 'It'll never go.' "But the car did go. It went beautifully. Then the old lady, staring after it, shrieked: "It'll never stop!"

THE REASON.

Seumas O'Neill Mulligan, the Boston poet, was deploring the condition of Ireland when he said, "When it is not for the paid agitators—the 'patriots,' as they are called. "Amongst all the assassinations and burnings and what-not, there is one part of Ireland which still remains happy and contented. I refer to Connemara." Mr. Mulligan smiled and shrugged his shoulders. "In Connemara," he said, "the natives don't speak English, and the 'patriots' can't speak Irish."

VERY FREQUENTLY.

A beautiful young lady got out of a magnificent limousine the other night and entered the Metropolitan Opera House. The young lady had recently been the heroine of a terrible scandal, and as she settled herself gracefully in her box, her gorgeous pearls sent a murmur of admiration throughout the auditorium. In the midst of this murmur Major James de Rothschild, Baron Edmond de Rothschild's heir, said in a sarcastic voice: "The woman says—yes, but she frequently manages to get a great deal of change."

WHEN TIMES WERE BAD.

President Charles S. Barrett of the National Farmers' Union said at a luncheon at the banquet: "We have been passing through bad times, but I believe the worst is over. Yes, I believe we are on the way back to normalcy now. "But times were bad for a while. An immigrant farmer out my way got a letter from his parents some months ago. The letter said if he didn't send them help his parents would have to go to the poorhouse. "The immigrant farmer wrote back: "Dear parents—wait a couple of weeks and I'll come home and go with you."

HER DIARY, 1931.

(Mina Irving.) Indigo Sunday: We went for walk. Since motoring now is taboo. Blue Monday: I made up a party of friends. And spent all the morn at the zoo. Turquoise Tuesday: I finished a new woolen gown. High-nooned and the darkest of grey. Sapphire Wednesday: I visited Midge in the Bronx. Remaining the most of the day. Cobalt Thursday: In need of amusement. I read. De Quincey's Confessions a-while, And learned a new song hit, quite popular, too. "Remember, You Never Must Smile." Azure Friday: Downtown in the subway. I fared. A bargain in flannels to seek. Cerulean Saturday: Darned all the socks, Which ended a rather gay week.

ROYAL CANADIANS RECEIVE STANDARD

Presentation Made by Major-General Sir Archibald MacDonnell.

IMPRESSIVE CEREMONY.

Consecration Services Conducted At Carling's Heights by Bishop Williams.

As a distinctive token of recognition of the regiment's admirable participation in the late struggle overseas, the silken Union Jack awarded by the British Government to the Royal Canadian Regiment, Lieut.-Col. C. Hill, D.S.O., officer commanding, was formally presented to that unit on Thursday afternoon at Carling Heights by Major-General Sir Archibald C. MacDonnell, K.C.B., C.M.G., D.S.O., commandant of the Royal Military College, Kingston. Previous to assuming command of the First Division of Canadiana, Gen. MacDonnell, already decorated by his country for military services, was in charge of the Third Canadian Division, of which body the R. C. R. was a notable unit. Rt. Rev. David Williams, LL.D., lord bishop of Huron, conducted the sacred consecration services preceding the presentation of the flag. He was assisted by Rev. J. Q. Warner. The full choir from the Crown Memorial Church attended, and the two old favorite hymns familiar to every veteran who has served in the military church service, "Onward Christian Soldiers" and "Fight the Good Fight," were sung to the accompaniment of the regimental brass band directed by Capt. M. Ryan.

With all the impressiveness and dignity so characteristic and becoming to affairs military, the new standard was unveiled and dedicated with military honors by Major Eaton, second in command of the battalion. The honor then fell to Major Landon to receive the flag on behalf of the unit. In a brief address Gen. MacDonnell expressed in an unmistakable tone his high regard for the members of the Royal Canadian Regiment, past and present. He traced the history of the body from the date of its inception in 1883. Two years later the regiment saw service, and subsequently during the South African war some ten general engagements were participated in, not including several minor events. The casualties suffered in the course of the campaign reached a total far in excess of any Canadian force in the field. Reminiscent mood the general reviewed the more recent battles of the great war and recalled several incidents, some humorous, others less so, still fresh in the memory of the survivors of Sanctuary Wood, Hooge, Regina trench, Vimy Ridge—the time when Col. Hill, always a veritable tower of strength, won his D.S.O.—the occasion when the R. C. R. captured three enemy trenches before they themselves were aware of it; and the times when the stubborn R. C. R. and their equally tenacious comrades of the old seventh brigade held on and won even after all apparently was lost. Special emphasis was placed on the record of the transport columns of both the R. C. R. and the Princess Pats (also of the seventh), elevating them to a premier position in the entire British army. The bands also received their full share of commendation from the general.

general, who recognized and personally greeted Capt. M. Ryan and Quarter-Master Sergt. W. R. Roberts, in charge of the regimental brass and bugle bands respectively. A splendid Review. With their three banners proudly carried aloft, the regimental colors, the king's colors and the new Union Jack, the battalion to conclude to ceremony passed in review before the general and the district staff officers. The swiftness and snap of every man in line easily denoted to even an untrained eye that a body of veteran regular troops was on the move and bespeaks untold patience, willingness and devotion to duty on the part of every officer, non-

com and man on the strength. Attending the distinguished visitor yesterday on his tour of inspection were: Brig.-Gen. H. A. Panet, D.S.O., the G.O.C. of Military District No. 1; Major D. J. Corrigan, D.S.O., G.S.O.; Lt.-Col. F. B. Ware, D.S.O., A.A.Q.G., and Major W. T. Lawless, D.S.O., D.A.A.Q.G.

BADLY STAINED PORCELAIN.

It is easily washed off with warm soapsuds, leaving no odor after a very short time. But once a porcelain surface has become badly stained, it may be cleaned with muriatic acid. This requires, however, great care in handling, for it burns wood or cloth, leaving a stain that cannot be removed; and the fumes from it are injurious, so that care must be taken in using it not to inhale them. Mix a small swab tied to a stick, and plug the bath or sink. Dip the swab in the muriatic acid and rub the stains, touching nothing but the stains. Fill the sink with water and rinse it around well with a brush, to remove all the muriatic acid. Let this water run off, turn on the tap and let it run for a quarter of an hour, long enough surely to carry off all the acid. Burn the swab and the stick, and put the acid away where children cannot reach it. Mark it poison in large letters. This method of removing stains is efficient, but it is dangerous if it is not carefully used and all the acid is carefully flushed out of the pipes with plenty of water. WHEELER ALLOWS BAY CITY BUT SIX HITS; TEGS WIN 5 TO 1

Also Whiffed Six Wolves Throughout Game.

STUTZ WARMS UP

Put Over Some Comedy and Two Bagger, Which Drove in Two Runs.

It was the turn of the Bay City Wolves to howl over at Tecumseh Park yesterday afternoon, but beyond one big yelp in the second inning for the first nick of the game, the visitors didn't register vocally at all, with the result that the men of Wetzel tucked their second win away by a score of 5 to 1.

The weather was just right for a wolf howl, too, especially the arctic breeze. Throughout the whole session, there was little to take the chill from the air except George Washington Stutz, and he opened a few guns of his comedy battery on the crowd.

Beside this a two-play swat of his drove in two of London's runs. Wheeler made his second appearance and had much the better of what argument there was with Summers. He allowed but six hits and registered six strikeouts. Summers allowed nine knocks, and one of the errors behind him accounted for a run.

This was the first appearance of "Pinch" Knoll in London. The pack leader relieved Windborn in first garden in the second frame and directed affairs from there the rest of the game.

They Got One Here.

Two were gone when Cissa slammed a single out to right. He straightaway went down to second while Joe Briger was looking the other way. Stump looked over a couple, picked one slightly to the inside and left field to place it in and it had double on it when Curly picked it up. Summers whiffed.

There were only four reached first after this, and one of these had the trip handed to him.

The Londoners had shown a tendency to take to Summers' offerings in the second, but when Rooney's one down past short field and when Rooney's long hit was sailing out to centre, Walter decided it was far enough away to let him get home, so he rounded third and tore in. Cuyler retrieved the ball and whipped it straight for the plate and beat the London second sacker some seconds. Summers noted this tendency apparently in the second and for the third inning decided he wouldn't let them hit his stuff at all. He walked Wheeler and Stutz. Shay sacrificed the pair along and Curly whiffed. Then Bill Kuhn got his daily two bagger ration and two tallies came across the plate. Joe Briger walked, but Crichton fouled out.

Summers settled down and pitched good ball for the next two frames. In the 7th Malmquest fouled out to start. Rooney singled to left and Wheeler chased the other side for another single. G. Wash. Stutz after pulling some stunts at the plate, settled down to serious business long enough to pick himself off a two bagger to left which scored the two. Whaley threw wild to second and G. Wash. went on to third. From this station he scored when Shay tapped down a grounder. Cuyler was on when Crichton threw high to first, but Kuhn fled out, ending the sortie.

Malmquest got a hit in the 7th and in the 8th the Londoners never hit

MINT PATTY
—By C. S. G.

The Londoners depart for Flint tonight, and bring up at Saginaw the middle of next week. They do not return until a week from Monday.

A warm day today and the Wolves and Tribe ought to provide a good battle.

Relk is a probable selection for today. Londoners like this boy. He had hard luck with the Cockneys last year every trip.

Whaley was all choked up like a billiard cue, but the sun fooled him.

Rooney picked Ohlin's fly right off the tips of the grass yesterday in the third. Lady Luck must have opened the door, when he walked into Buzz' room at Toledo.

Knoll pitched a poor day from the weather point of view to send in Summers. At that he only had a few chicks, the worst one in the sixth.

Buzz is starting his batting order on the go. Malmquest made it a little heavy at the bottom with three hits out of four times up.

Bill Kuhn has shown a big improvement on his weakness of last year—ground balls. Last year it took half the season for some of the fans to wake up to the fact that Kuhn was one of the first clean-up hitters of the league.

Little Rock has been paid the purchase money for Chief Yellowhorse, who worked here Monday against the Braves. George Gibson is depending a lot upon the efforts of the Redskins, once he gets used to the bright lights.

NEWARK BEAT LEAF; ONLY GAME PLAYED

Winters and Reis Touched Up For 13 Hits—McGowan's Homer and Triple.

TORONTO, May 12.—Newark defeated Toronto by 9 to 5 before a small crowd today. The weather was very cool, and showers fell during the game. McGowan, for Newark, got a homer and a triple, and Shields also contributed a three-bagger.

The score: R.H.E. Newark.....000 102 501-9 13 3 Toronto.....000 100 031-5 8 3 Perryman, Tipple and Smith; Winters, Reis and Devine.

CANADIAN OPEN CHAMP BEATS BRITISH GOLF PROS

LONDON, May 12.—J. Douglas Edgar, the Canadian open golf champion, from Athol, Ont., finished third in the great tournament here today over the cream of the British professionals, and wins 450 sterling. His score was 297 for four rounds, and he was only two strokes above the winner.

BEAVERS BREAK OUT WITH 5-1 WIN OVER ACES IN POOR GAME

Umpire Ganley's Decisions At Plate Didn't Help.

BRANTS DIVIDE TWIN

Beaten 1-0 in First, Take the Second by 8-7 Verdict—Behan Wins For Hams.

KITCHENER, May 12.—The Kitchener Beavers broke into the win column this afternoon by winning the first game of the series from Saginaw by 5 to 1. It was a ragged game through-out, both teams playing poorly and were assisted by Umpire Ganley, whose decisions around the home plate, Glynn pitched a steady game, but his support was somewhat erratic. Truckey was given a trial in the box, and was generous with the passes, issuing eight of them. He was substituted by Pitrass in the eighth, and five runs were scored off him.

Umpires—Brighter and Caughnought.

Score by innings: R. Bay City.....010 000 000-1 LONDON.....002 003 003-5 Two Base Hits—Stump, Kuhn, Stutz, Cuyler. Sacrifice Hits—Shay, Curly, Rooney. Stolen Bases—Cissa, Malmquest. Bases on Balls—Off Summers 4; off Wheeler 1.

Struck Out—By Summers 1; by Wheeler 5. Left on Bases—Bay City 6; London 2. First on Errors—London 2. Hit By Pitched Ball—By Wheeler (Whaley). Time 1:32. Umpires—Brighter and Caughnought.

Relk is a probable selection for today. Londoners like this boy. He had hard luck with the Cockneys last year every trip.

Whaley was all choked up like a billiard cue, but the sun fooled him.

Rooney picked Ohlin's fly right off the tips of the grass yesterday in the third. Lady Luck must have opened the door, when he walked into Buzz' room at Toledo.

Knoll pitched a poor day from the weather point of view to send in Summers. At that he only had a few chicks, the worst one in the sixth.

Buzz is starting his batting order on the go. Malmquest made it a little heavy at the bottom with three hits out of four times up.

Bill Kuhn has shown a big improvement on his weakness of last year—ground balls. Last year it took half the season for some of the fans to wake up to the fact that Kuhn was one of the first clean-up hitters of the league.

Little Rock has been paid the purchase money for Chief Yellowhorse, who worked here Monday against the Braves. George Gibson is depending a lot upon the efforts of the Redskins, once he gets used to the bright lights.

NEWARK BEAT LEAF; ONLY GAME PLAYED

Winters and Reis Touched Up For 13 Hits—McGowan's Homer and Triple.

TORONTO, May 12.—Newark defeated Toronto by 9 to 5 before a small crowd today. The weather was very cool, and showers fell during the game. McGowan, for Newark, got a homer and a triple, and Shields also contributed a three-bagger.

The score: R.H.E. Newark.....000 102 501-9 13 3 Toronto.....000 100 031-5 8 3 Perryman, Tipple and Smith; Winters, Reis and Devine.

CANADIAN OPEN CHAMP BEATS BRITISH GOLF PROS

LONDON, May 12.—J. Douglas Edgar, the Canadian open golf champion, from Athol, Ont., finished third in the great tournament here today over the cream of the British professionals, and wins 450 sterling. His score was 297 for four rounds, and he was only two strokes above the winner.

DODGERS GET SIX RUNS IN FIRST

Kelly of Giants Poles Out Eighth Homer Against Cards.

BROOKLYN, May 12.—Brooklyn piled up six runs in the first inning of its game with Cincinnati today and won, 8 to 1. Cadore was invaluable, except in the sixth, when the Reds' batters found him for two doubles and two singles which netted them their only run.

A double play intervened. Konetchy hit a home run and two singles. R.H.E. Cincinnati.....000 001 000-1 6 4 Brooklyn.....000 010 108-8 11 3 Brenton, Rogge and Wingo; Cadore and Krueger.

PIRATES MAKE 'EM COUNT. BOSTON, May 12.—Pittsburg made

six of its seven hits count in defeating Boston, 3 to 1, today. Glazner pitched his first game here and kept the Braves' hits well scattered. He knocked in the winning run in the eighth inning with a single to center.

The score: R.H.E. Pittsburgh.....001 000 011-3 7 2 Boston.....010 000 000-1 8 0 Glazner and Schmidt; Watson, Oeschger and Gibson, O'Neill.

KELLY'S 5TH HOMER. NEW YORK, May 12.—The New York Nationals again defeated the St. Louis Cardinals here today by a score of 7 to 5. In the first inning Kelly hit a home run into the left field bleachers with three men on bases. It was his eighth home run of the season and the second one with the bases full.

The score: R.H.E. St. Louis.....000 033 002-5 3 1 New York.....000 002 100-7 7 1 Sherdley, Haines, Schupp and Dillhoefer; Barnes, Sallee and Snyder.

WOODSTOCK WANTS BYE. WOODSTOCK, May 12.—The Woodstock Senior Football Club has asked the executive of the W. F. A. to give them a bye in district No. 1. The local club objects to making two trips to Guelph

on account of the high expense, and it is thought the request will be favorably dealt with. The local club has decided to enter a team in the intermediate series, and has secured grouping with Stratford, Mitchell and Tavistock.

The line-up of the W. O. R. team which meets the Great War Vets' side at Springbank will be:

Goal, Witworth; backs, J. Weddcombe and Skidmore; half backs, Tavenor, Potter and Hill; forwards, Haver, Shaggs, Gellathy, Fudge, Drakely, reserves, Cambridge, Gundel and Sumner; linesman, Mr. Denner.

EMMA GEES LINE-UP. The Emma Gees' line-up against the A and N. V. will be as follows: Goal, C. Thwaites; backs, C. Taylor and H. Hobbs; half-backs, G. Taylor, A. W. Taylor, J. English; forwards, H. Turner, D. McElennaghan, J. Henderson, M. Fairweather, P. Thwaites; reserves, T. Woods and C. Rawson.

RUTH GETS HOMER AND HIS TRIPLE WON GAME

Cobbmen Outhit Yanks — Parade of Hurlers Feature.

DETROIT, May 12.—"Babe" Ruth made his tenth home run of the season in the first inning of today's game against the Detroit Americans, then won the game in the ninth with a triple that scored two runs. The score was 11 to 10. Detroit took the leadership in the sixth by means of a rally that netted five runs.

GEO. ORME ABLE TO BE UP FOR A FEW HOURS

BRANTFORD, May 12.—The Brants were strengthened today with the arrival of Cully, last year third-sacker for the team, but this year to date with the Buffalo Phoenix team. He will cover the short field. Dixie Walker will also report within a few days. Manager George Orme is able to be up for a few hours a day, following a blow on the head from a thrown ball, and is strengthening the team further. Harry Stupp is acting manager, with Two-Gun Morgan as captain.

CARPETBALL TROPHIES PRESENTED TO C. O. F.

Enjoyable Social Evening Held by Court Middlesex in Sherwood Hall.

At an enjoyable social evening held in Sherwood Hall, Market Lane, the trophies won by the carpetball team of Court Middlesex, No. 118, Canadian Order of Foresters, were presented to the court. They included the W. G. Strong trophy and Mayor E. S. Little's trophy, the city fraternal league cup. The W. G. Strong trophy was presented to the team by F. K. Wilson, organizer, while the gifts of the court to the individual players, a pair of cuff links to each, were presented by Dr. H. A. Stevenson, M.L.A.

High court officers present included A. R. Galpin, high treasurer; J. P. Hoag, second high auditor; F. McLeish, fifth member of the executive, and E. T. Essery. Mr. Essery gave an interesting synopsis of the history of London from the time wild deer used to run down Dundas street to the present.

The trophies were received on behalf of the carpetball team by the team captain, James C. Young, R. J. Black, president of the C. O. F., and the league, president. About 75 members were present.

DOUGLAS GETS THIRD PLACE.

London, May 12.—J. Douglas Edgar of Atlanta, Ga., Canadian open golf champion, ended third in the thousand pound tournament of professionals on the Forthby links yesterday, with 297 strokes for the two days' play.

Hallam won, with 295 strokes. Havers, a youngster of 22, was second. Only a single stroke separated the first five players. Three tied at 301, including Duncan and Taylor.

RICHARDSON PICKED BY BRANTFORD FANS

BRANTFORD, May 12.—The local soccer men are suggesting George Richardson of the local soccer league for the all-Ontario soccer team to play the Scottish Lanark in Toronto shortly.

GOLF PROGRAM

The golf program for the season has been announced by the London Hunt and Country Club. Four special trophy tournaments will be held throughout the summer months at the Country Club. The special trophies are: Ralph Red Cross cup, presented by Frank A. Rolph, president of the Royal Canadian Golf Association; the Somerville trophy, donated by C. R. Somerville, the Hobbs trophy, donated by Col. T. S. Hobbs, and the Niven cup, presented by Mrs. Hugh Niven.

The draw for the spring handicap for the Somerville cup will be held on May 19. The Bagnall wild system will be used. All entries for the handicap must be sent to the secretary by May 17.

On May 24, the president and vice-presidents club matches will take place on the local links. The Dominion Day attraction will be mixed foursomes.

The Niven cup match will be held on August 29. This will be a match between the ladies and the men, 15 players will be allowed to a side.

The Rolph cup match, which is emblematic of the club championship, will be held September 7. Entries must be made by September 6. Thirty-six holes will be played in the final game.

The draw for the Hobbs cup will take place September 7. Entries must be made by the evening of September 6. The Ontario ladies' championship tournament will be held June 6 to 11, inclusive. Ladies from all parts of the province will participate in the tournament.

Interclub Matches.
Interclub matches will be held by the London, Sandwich, Brantford, Hamilton and Galt clubs from May 21 to September 17. The schedule for the season follows:

May 21—London at Sandwich.
May 26—Brantford at London.
June 15—London at Galt.
August 16—London at Galt.
September 7—London at Brantford.
September 14—Hamilton at London.
September 17—Sandwich at London.
A special attraction for the season is

the ring contest, open to all club members.

The golf committee in charge of the games at the London Hunt and Country Club is composed of: George T. Brown, chairman; Dr. A. Scott, W. E. Greene, Dr. J. A. Wright, A. McPherson (captain), A. M. Smart, Major F. M. Spry, Dr. W. J. Brown.

'Y' Twilight Meet Schedule Out

Open On May 30th and Continue Until July 25th.

Twilight track meets will be held by the Y. M. C. A. Athletic Club on Monday evenings throughout the summer months. This was decided at a meeting of the newly-elected executive committee held last evening.

Twenty-four events are included on the program and three events will be held each evening. An organization meeting will be held on May 26.

The schedule adopted last evening is as follows:
May 30—50-yard sprint, 12-pound shot-put, 3-mile run.
June 6—100-yard sprint, standing broad jump, 1,000 metres.
June 13—220 low hurdle, standing hop, step and jump, 5-mile run.
June 20—100 metres, standing high jump, 1-mile medley.
June 27—Half-mile relay, running high jump, 600-yard run.
July 4—120 high hurdles, half-mile walk, 880 metres.
July 11—330-yard, pole vault, mile walk.
July 18—Quarter-mile run, running hop, step and jump, running broad jump.
July 25—Open date.

Talbot street girls' basketball five won from Aberdeen 10 to 2, yesterday afternoon.

RIFLE LEAGUE CONTESTS.
Ottawa, May 12.—Open air shooting for the different challenge trophies of the Canadian Rifle League commences on Saturday throughout the Dominion.

This day will be devoted to all ranges to cadet corps competitions, which will also be held on May 21, 28 and June 11. The military and civilian competitions start on June 18, and matches in this competition will be held for the three succeeding Saturdays.

WANT A GAME MAY 24.
St. Marys, May 12.—Manager Bedford of the local junior lacrosse team states that his aggregation is anxious for a game out of town for May 24.

LOBO FARMERS HAVE FINISHED SEEDING

Not as Much Corn as Usual Will Be Sown.

Iderton, May 12.—The Lobo farmers have nearly all finished seeding and are now busy at the corn and root ground. Some fields are so beaten down with the heavy rains that much work is required to get the land in shape for planting owing to the high cost of labor and other expenses. Some farmers will not plant any corn for silo filling this year, but will depend on the oat crop and hay or millet for feeding. The drop in cattle prices also has an influence, many feeling that they cannot make any profit on winter feeding.

The demand for pasture has been keen, and good prices are being paid for pasturing cattle by the month or season. The shipping cattle are nearly all turned out to pasture now and the grass is good for the season. One car of fat heifers and cows were shipped from Iderton on Saturday by F. Paisley, and the U. F. O. intend to load regularly as the cattle get fit all season. A large amount of wire fencing is being done on the farms this spring, and wire and posts are some lower in price than last season.

The Lobo schools are making big preparations for the annual picnic on June 8, and the teachers are busy training the pupils marching and counter-marching on the school grounds during play hours. It is expected that the competition in all the sports will be keener than ever this year as good prizes are being offered by the committee. Some new features for entertainment are being prepared by the committee, and the sports promise a full program.

Two buggies came into violent collision on the Coldstream road, and as a consequence Howard Hamble suffered severe injuries, having his collarbone broken and cuts about the head. He is still laid up. His buggy also was wrecked. The other buggy, driven by Elmer Weir, escaped with minor damage, as did also the occupants. The accident happened at an intersection

where two roads crossed. The night being dark, neither driver saw the other.

CAYUGA WOMAN IS PAINFULLY BURNED

Cayuga, May 13.—Mrs. Middleton met with a painful accident when the gas from her cooking range exploded in her face, burning her severely. It was late Monday with the family, for the same afternoon the front door of the store banged with the wind, smashing the plate glass to atoms.

Fruit Acids and the Teeth.

Certain kinds of fruit, such as apples, oranges, grapes, peaches, plums, grapefruit and cherries, contain acids of the organic group (not mineral acids). When eaten such fruits do not increase or produce acidity of any of the body fluids, but the blood. On the contrary, the acid fruits increase alkalinity or decrease acidity of the body fluids and are commonly prescribed for this purpose by physicians who have actual physiological knowledge. For example, lemon juice or lemonade or grapefruit invariably increases the alkalinity of the blood and decreases the acidity of the urine.

Sometimes the teeth are put on edge by these acid fruits. Is that injurious to the teeth? Is it wise to take an acid fruit as the final part of a meal, leaving the fruit acid in the mouth to act upon the teeth?

Yes, it is wise. The acid reaction persists but a few moments in any case, for it is soon neutralized by the alkaline saliva poured out under the stimulus of the acid fruit. But for the few moments of mild acidity good work is being done by the fruit acid. It aids in the removal of sticky particles of food from the surfaces of the teeth and from the spaces between the teeth, where food particles are likely to remain and undergo fermentation and other bacterial changes which lead to decay or caries-cavity.

The lunch which a school child carries to school or obtains at the school lunch room should always include an orange, an apple, or some similar tart fruit as dessert. In place of the cookies, jam or sweets so often used. I venture to add the suggestion that the fruit be added, not substituted for these latter items so dear to the heart and so essential to the health and growth of the school child. But the point is that the acid fruit should top off the school lunch for the benefit of the child's teeth. And in my judgment it is an excellent point-in fact, I think the apple or the orange or the pear or the peach or the apricot or the prune or plum a much better tooth-cleansing agent than any tooth-brush and dentifrice would be.

BURNED TO DEATH

Huntsville, Ont., May 12.—John Todd of Novar, Parry Sound district, 78 years of age, was the first victim of a bush fire in this section of the country. He was burned to death last evening in the Savage Settlement, near Novar. He was engaged in cutting wood, and started a fire to cook some dinner, but the fire got beyond his control and surrounded him. When found he was hanging with his arms over a barbed wire fence. Dead. WESTERN CROPS IN GOOD SHAPE

Season Is Two To Three
Weeks Earlier Than
Usual.

WINNIPEG, May 12.—Splendid growing weather, with rapid progress made with the seeding in all the Western provinces, has been the outstanding feature of the past seven days, according to the Grain Trade News today. Grain has been more or less generally plentiful in the southern portion of the provinces, yielding an end for the time being in the well-filled, which has been the case for several days. The bulk of the wheat is seeded, and much of it is already above the ground. One report from Rocky Mountain, in Alberta, is that the wheat is well up, and that there is a possibility of a late start in the north. The general tone of all reports from the West is most optimistic.

CORNELIUS DOYLE IS NEW PRESIDENT OF YARMOUTH LIBERALS

Walter Rogers Appointed Secretary At Enthusiastic Annual Meeting.

ST. THOMAS, May 12.—The Yarmouth Liberals, at their annual meeting last night, elected Cornelius Doyle president, George Haynes, vice-president, and Walter Rogers, secretary-treasurer. A convener will be appointed for each of the sub-divisions for organization purposes. General conveners for the whole township were also named, one for the northern portion, Mr. Campbell of the 13th concession, and Mr. Banghart of Sparta for the southern half. Both are returned soldiers. The gathering was well represented and enthusiastic speeches were made by George Russell, the retiring secretary; D. McIntyre and P. Dennis. Percy Dennis presided.

To Aid Hospital.
The proposed memorial hospital will be the theme of his address to be given by Dr. J. D. Curtis, at the meeting of the Women's Hospital Aid in the library auditorium Friday afternoon. The members of the organization will also join in the discussion of the proposed hospital. Dr. W. B. Coulter will speak on subjects of interest to those interested in hospital work.

Remembered By W. M. S.
At the monthly meeting of the W. M. S. of the Central Methodist Church, Mrs. James Smith was presented with a life membership certificate from her daughter Cora, who has left for Cheyenne, Wyoming, to train for a nurse. Mrs. Little was also presented with a pair of cut-glass vases inscribed with the motto "to the valley to mark 21 years' excellent service as secretary of the society."

FRANCE SEEKS ASHES OF SON OF NAPOLEON

May Ask Austria To Return Them As Well As Relics.

PARIS, May 12.—Austria may be asked to return to France the ashes of Napoleon's son, the king of Rome, who died at Schonbrunn on July 22, 1832, as well as famous relics connected with him, such as his cradle, which for years occupied a place of honor in the Imperial Treasury Building in Vienna, where it served as a shrine for millions of tourists who were sentimentally inclined.

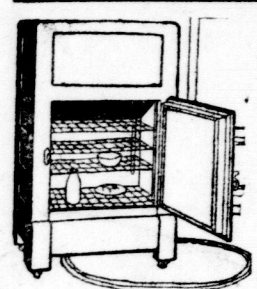

The observance of the centenary of Napoleon's death next week has called attention to what is termed here Austria's discourtesy in not offering this to co-operate with France, and Austria is largely dependent on French goodwill in the settlement of her financial difficulties. It is believed that there will be little difficulty in remedying this hundred years' oversight.

Meanwhile all France is preparing to class the Napoleon reign as a historical instead of a political incident by a special mass in nearly every Catholic church in France on May 8. England will join in the observance of the day by firing a salute at St. Helena.

BERLIN CLAIMS TREATY BREACH

Objection Taken To Establishment of Line of Demarcation.

BERLIN, May 12.—The inter-allied commission at Oppeln, Silesia, according to advices from that place, denies the reports of an armistice and the fixation of a demarcation line. The action of the inter-allied commission in establishing a line of demarcation in the Upper Silesian plebiscite area is pronounced a breach of the treaty of Versailles, in articles in the Berlin newspapers today, dealing with conditions in the area over-run by the Polish insurgents.

The commission's procedure, says Vorwaerts, is a palpable contradiction of the entente's publicly announced official policy.

The Voessische Zeitung charges the entente representatives in Upper Silesia, with aiding and abetting the insurrection through its present action, and Germania takes a similar view.

BUTTER PRICES DROP NINETEEN CENTS IN KITCHENER STORES

Heaviest Wallop Handed To Old H. C. of L. in Some Time.

KITCHENER, May 12.—Butter prices took a sensational drop today, when local retailers opened their day's sales with prices ranging from 37 to 40 cents a pound, a drop of 19 cents. They explained that the slump in butter, which started at Kingston, combined with seasonal conditions, was the cause.

The donation of two handsome pieces of statuary to the public library by John Walter of this city was announced today.

At a special meeting of the police commission today it was decided to inaugurate a bus line to the Grand River railway station, unless the local light commission immediately provides better service between the business section and the new station of the suburban line.

The official opening of the Freeport Sanatorium during the first week in June was announced today. It is expected Premier Drury will be the guest of honor and will preside at the inaugural ceremonies.

The Waterloo Board of Health is considering changing the location of the isolation hospital to a more central site, owing to the fact that the place has been broken into recently several times, and used for purposes other than those for which it was built. It is to prevent such disorderly acts occurring again that the board is considering a new site.

BUILDING CONTINUES ACTIVE.

SARNIA, May 12.—The local building record continues to show steady progress. Up to date a total of 35 permits have been issued, totalling \$48,674, including ten for new houses, according to the records of Building Inspector Walton.

NICE WARM RAIN WOULD HELP CROPS

Splendid Growth Is Being Made in Wheatley District.

Wheatley, May 12.—Large fields of cabbage and tomato plants have been set out already near Leamington and surrounding district. Some optimistic farmers are again putting out tobacco plants this year. There would have been many tobacco growers at the work already had the latter part of the week been as warm as the first few days. The weather has been exceptionally good and most farmers have their seedling done. In some instances, corn is up three or four inches. Apple orchards are showing abundant bloom, and no damage seems to have been done to early fruit by the frost a few weeks ago. Much more corn, grain and tomatoes will be grown this year and less tobacco. Many farmers still have their last year's tobacco unsold. Hothouse tomatoes and cucumbers are being shipped daily from Leamington.

A good warm rain would be of great benefit to the crops and fields of tomatoes and cabbage. A drive through the southwestern part of the province at present is indeed a pleasant sight. The blossoming orchards on either side of the road and broad stretches of new green fields, trees that have such varieties of delicate shades of green leaves, small towns and large towns all aglow with gay tulips and fragrant lilacs.

What a wonderful difference the horticultural societies have made in this province! A few years ago it was the exception to see a yard full of flowers, especially at this time of year. Now, not only are the private lawns a riot of red, yellow, mauve, pink and white, but on the street corners, nodding daffodils and brilliant tulips greet the motorist as he passes by. It is proposed to make the new provincial highways very beautiful with flowers and trees, and everyone along the way should feel it a privilege to help with such a project.

The Tulip Show, held in the Town Hall at Kingsville, was the best the Horticultural Society has yet had. There were over a hundred entries and greater interest is being shown each year. Many very fine specimens of tulips were shown. Messrs. De Long and Brown, the energetic president and secretary, were warmly congratulated upon the success of the show. The ladies served ice cream and lunch at a small charge, the proceeds to be applied on the prizes. Many hundreds attended during the afternoon and evening.

ELGIN COUNTY BUYS GRAVEL, 2,000 CORDS, FOR WEST RIDING

Pit Owner in Dunwich Township Will Receive 50 Cents Per Cord.

ST. THOMAS, May 12.—To facilitate the distribution of gravel in the western part of the riding, the county council has purchased 2,000 cords of gravel from Archie Lunn of the twelfth concession of Dunwich at 50 cents a cord, and the contract for the removal of about 10,000 yards has been given to G. B. Cleveland, Ridgeway, at 40 cents a yard. The area covered by the material is facing Lake Erie on a bank of angular formation. The gravel will be raised by a drag line. It will be mostly used on the improved highways of the township, and the provincial department of highways will be advised of the inexhaustible quantities available in the vicinity, and its co-operation is asked in the development of the road material.

For God and Country.

The Catholic Women's League has been organized to unite the Catholic women in a Dominion-wide organization, whose leading principles are "to work for God and Country."

MISSOURI PIONEER DIES AT THORNDALE

THORNDALE, May 12.—Ezra Rathbun, aged 89, a resident of West Nisouri for over 60 years, died at his home this afternoon. He was born in Utica, N. Y., but came to Canada as a lad of 5. After residing in Dorches-

ter for some time he moved to West Nisouri. He was a staunch Liberal and had been a reader of The London Advertiser for over half a century. His wife died four years ago. Mr. Rathbun is survived by three sons, William of London, George of Granton, Edward on the homestead and four daughters, Mrs. Thomas Deaton in Alberta, Mrs.

Leslie Ironsides of Winnipeg, Mrs. George Guest of Hyde Park and Mrs. James Carrothers of West Nisouri.

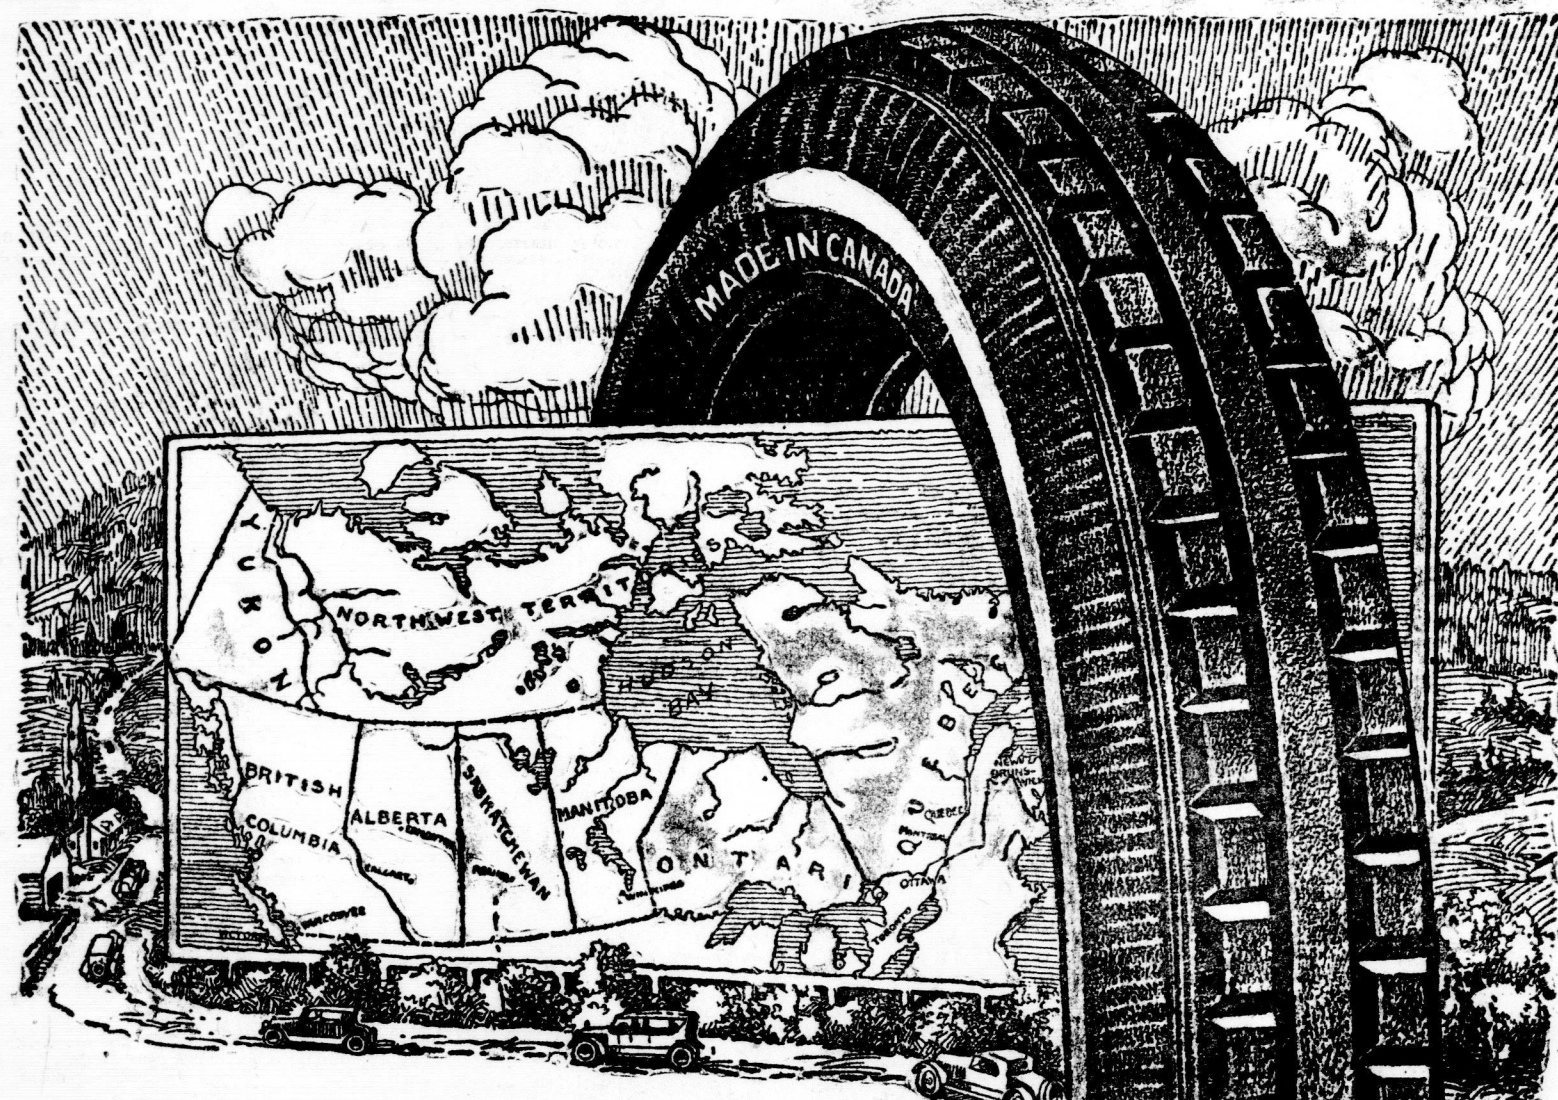

LARGEST AND SMALLEST BOOKS.

In the great library of the British museum is to be seen the largest book in the world. This is an atlas of beautifully engraved ancient Dutch

maps, bound in leather and fastened with clasps of solid silver. It is nearly seven feet high, weighs 800 pounds, and was presented to King Charles II. before leaving Holland in the year 1660.

Side by side with it is the smallest book in the world—a microscopic gem of bookmaking, scarcely larger than

a man's thumb nail. This contains the New Testament, inscribed by a German artist of Nuremberg in the early part of the seventeenth century. There are 208 pages, and the lettering is so perfect that it can be read without difficulty. The book measures three-quarters of an inch by two-fifths.

PAPER STRIKE IS NOW ENDURANCE TEST

ALBANY, N. Y., May 12.—Approximately 40,000 men in all branches of the paper-making industry are now on strike in the United States, Canada and Newfoundland. It is estimated by Jeremiah T. Carey, president of the International Brotherhood of Paper Makers, one of the organizations which has called its membership from the plants to enforce a 10 per cent wage increase demand.

President Carey said today that no further conferences between representatives of the unions and of the employers were in immediate prospect. "It looks as though we had settled down to a test of endurance," he added.

WANT MOUNTIES WITHDRAWN AS SUPERVISORS

Delegations Ask That Track Regulations Regarding Percentages Be Changed.

ARE WELL REPRESENTED

Both Ontario and Quebec Are Taking Matter Up At Ottawa.

OTTAWA, May 12.—The Journal this morning carries the following on its sport page:

"Opposition is developing against the Royal Canadian Mounted Police having supervision at Canadian race tracks. This assumed tangible shape yesterday, when a delegation from Western Ontario tracks and delegates representing Quebec tracks placed before the Government a request that the mounties be withdrawn as supervisors of the pari-mutuel machines, and their power, recently conferred of checking up and looking after the interests of the Government in handling the 'take' be removed. This request was incidental to a request that the Government change the existing law governing the percentage allotted to tracks. Under the new legislation the Canadian tracks, it is understood, will be strangled out of existence, when the provincial taxes are taken into consideration.

Well Represented. "Dalton McCarthy, R.C., representing the Canadian Racing Association; George Hendrie of the Windsor track, and one of the powers of Ontario racing; H. J. McIntyre, vice-president of the Hamilton Jockey Club, and, it is understood, Gen. McWaters, former minister of militia, comprised the delegation.

"The opposition of the Quebec tracks was voiced in particular to the employment of the mounties. They have forwarded their protest to Premier McPherson. Quebec race officials state that the presence of the mounties, while not objectionable, is unpopular in Quebec.

"One authority, not from Ottawa, who is in close touch with racing, states that the legislation authorizing the mounties to look after the locking of machines, is not looked on with disfavor by the tracks, but they do not like the presence of the mounted police on their tracks, as it gives an effect of 'extraordinary police supervision.' At present private detective agencies police all the tracks in Ontario and Quebec.

Foremost Objection. "The foremost objection is that the mounties have no experience in checking up and tabulating pari-mutuel returns. It is a class of work in which skilled mathematicians might find themselves at sea. There is no one in the mounted police force capable of doing this work. Only ten days intervene till racing starts, and it is obviously impossible that men could be schooled in that time. It is understood that the Government has in mind securing the services of instructors to give the mounties the essential preparation. Experience of the employment of inexperienced supervisors will result in retarding the calculation work between races, and result in general disorganization."

FOREST FIRES ARE SPREADING IN QUEBEC

QUEBEC, May 12.—(By Canadian Press).—The department of lands and forests was advised today that forest fires had broken out at Lake Chat and Lac a Beauce, in the St. Maurice region, and were extending. Reports from other sections are to the effect that the situation is well under control, and that the work carried out by the forest rangers has been successful up to now. Dryness is still a constant danger.

REMANDED FOR ASSAULT. GALT, May 12.—Because of the serious condition of the complainant's hand, Charles Seitz, charged with assault causing actual bodily harm, was again remanded today for a further eight days.

UNCERTAINTY OVER PENDING LEGISLATION ALARMS INVESTORS

Adds To Difficulties of Obtaining Funds For Mortgages.

WINNIPEG, May 12.—At the opening session of a two-day convention of the Canada Mortgage Loan Association today, a special committee was appointed to inquire into the whole matter pertaining to the lien priority given to seed grain advances, the gathering agreement with the statement of John Appleton, Toronto, secretary of the Dominion Association, that this was a "pernicious and quite unjustifiable practice."

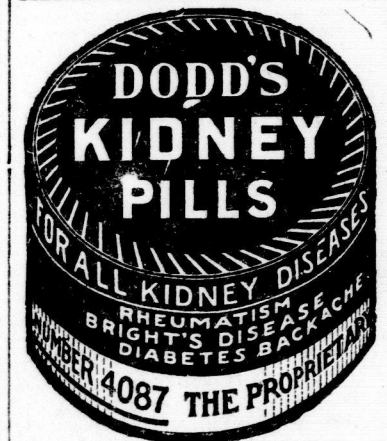

Sharp criticism of the moratorium and of defaulting municipalities also featured the session which, in the absence of the president, A. E. Holt, Montreal, was presided over by W. E. Long, Toronto.

Require Readjustment. Mr. Long presented the report of the executive committee. Conditions would necessitate adjustment of the machinery in Canada to meet new mortgage conditions. In giving essential public service by prudently exercising their functions as lenders on mortgage security, the organizations concerned would be greatly aided if it could be stated, particularly in Western provinces, that there was no legislation of a discriminatory or restrictive character. To those engaged in obtaining funds for investment in mortgage securities it had been found that one of the great obstacles to their doing so at present was the uncertainty in the investor's mind as to what might be done by legislators. If such obstacles were created by legislation it was their duty to endeavor to remove them, even though it might involve some sacrifice of time, effort and money.

Several Defaults. In the report of the municipal finances committee, reference was made to default in payments to cities and towns in Alberta and Saskatchewan. Twelve municipalities, principally in Alberta

and Saskatchewan, had a funded debt of \$4,513,283, on which arrears amounted to \$263,881, or 6 per cent. Seven in default at present had a funded debt of \$3,485,300, of which \$377,697, or 10.8 per cent, was overdue. The situation in Saskatchewan was described as the cause of anxiety to holders of all classes of securities issued by the province and its municipal institutions.

In Alberta, Manitoba and British Columbia, active steps had been taken to obviate loss to debenture holders in future. In practically all cases of default it had been found that public debentures on improvements and public works had been excessive and operation and maintenance had been expensive.

Cross-Bencher Scores Govt. Failure To Care For Maturing Bonds

F. L. Davis Also Points To Blunder Made in Not Getting Rid of the National Shipping Act Close of War—D. D. McKenzie Takes A Slap At Meighen's Railway Financing.

[By Canadian Press.]

Ottawa, May 12.—The first contribution to the debate on the budget today was a speech by F. L. Davis, Neepawa, who occupies a seat in the cross-benches. Mr. Davis suggested an amendment to the income tax act which would provide for a surtax on the profits of corporations who failed to pay their income tax within three months. Mr. Davis criticized the Government for not getting rid of the national shipping act at the close of the war, deploring the fact that the budget made no specific provision for taking care of maturing war bonds, and advised economy on military expenditure.

D. D. McKenzie (Cape Breton North) criticized the Government for its railway financing, and declared that the Government was continuing to run the country in the name of "this old housewife, the MacKenzie & Mann concern?" he asked. It was a glaring piece of incompetence to transact business in the name of "such a bankrupt, defunct organization." There was, at the opening, an entertaining sequel to the imaginary letters which A. R. McMaster (Brome) read the other day. Speaker Rhodes announced that he had given instructions that the letters were to be deleted from the revised version of Hansard. Referring to the speaker's decision, D. D. McKenzie asked why, then, if imaginative literature was banned, should the finance minister's reference to a surplus not be struck from the record? Was not such a surplus imaginary? he queried, to the amusement of the Opposition.

Defends Expenditure.
Naval and military expenditures of the Government were defended in the House of Commons today, when Hon. Hugh Guthrie, minister of militia, participated in the budget debate. Mr. Guthrie, who represented Canada at the financial conference held under the League of Nations at Brussels last summer, quoted statistics to show that expenditures of Canada on military and naval defence last year were lower than in any other country in the civilized world. In fact, in Mr. Guthrie's view, they were so low as to make other countries look rather ridiculous. On a basis of population, estimated at 8,000,000 persons, the per capita expenditure for defence, including that for militia, naval and air force, was only \$1.89. The percentage of annual revenue to be devoted to defence purposes this year was 2.5 per cent.

Was Insufficient.
The budget debate was resumed by F. L. Davis of Neepawa. Mr. Davis pointed out that the largest taxation in the history of Canada had not availed to meet the expenditure. Nor would the proposed taxation for the current year do so. The revenue was estimated by the finance minister at \$435,000,000, but there would be a deficit of \$155,000,000 which would be required for railways and other expenditure. Mr. Davis approved of the action of the minister in abolishing the business profits tax, but he thought that amendment was required to the income tax act as applied to corporations.

Would Add Surtax.
If the ten and a half per cent tax on the profits of corporations were not paid within a minimum time of say three months, an additional surtax should be added. That would compel the distribution of dividends which would be taxed under the personal income tax. Canada should have followed the example of Great Britain and sold nationally-owned shipping at the end of the war. Regarding the railway situation, Mr. Davis said it affected the western provinces in a very acute form. In the west they had to pay heavy rates at any time, but now the railway rates had gone up and the price of commodities down. The C. P. R. surplus in 1920 for all purposes was \$33,000,000 of which two-thirds was earned on the western lines in the last four months of the year.

Mr. Davis deplored that the third budget to be brought down since the close of the war made no specific provision for taking care of the war bonds which would commence to mature in 1922.

Greatest Competitor.
The United States was Canada's greatest competitor, not only in trade, but in obtaining increase of population. It was not wise to forget that Canada must offer the immigrant a similar standard of living, similar wages and costs of doing business, or the United States would get the people.

The United States had floated its loans for about 4.25 per cent, while Canada had paid more than 5.50 per cent. Again, the United States was the refunding market quite obviously for Canada's currency on a par with that of the United States. Experts held that this is possible not only for

Canada, with a difference of 12½ per cent, but for France, with the extreme difference of 35 per cent.

Mr. Davis insisted that the recommendations of the Brussels financial conference must be adopted—military expenditure cut down, unproductive extraordinary expenditure abandoned and necessary expenditures minimized. Expenditure must be balanced with capital, and sinking funds must be established.

Hon. Hugh Guthrie, minister of militia, congratulated the minister of finance on the "wonderful financial showing" which he had made under difficult conditions. It was generally admitted that Canada had just passed through the most critical period of her history, and the fact that the finance minister was able to announce a surplus was a wonderful testimonial to his ability.

From the time of Confederation it had been the privilege of the finance minister to announce a surplus when ordinary revenue exceeded ordinary expenditure for the year. This was the case, even though additions were made to the public debt. In the fifteen years during which Hon. W. S. Fielding was finance minister, he had frequently been able to announce surpluses, but in only four of the fifteen years he had been in a position to say that there had been no additions to the net debt. In eleven of these years the debt was increased, until at the close of Mr. Fielding's tenure of office, it was \$82,000,000 greater than when he became finance minister.

Not Applied At Home.
Mr. Fielding had asserted that the Canadian Government, while a supporter of the resolutions passed at the Brussels conference, had not applied them at home, but Mr. Guthrie maintained that the Canadian Government had lived up to the Brussels resolutions in every regard. He directed his attention particularly to the fourth recommendation, for the reduction of expenditures upon armaments, insofar as compatible with national security. In that connection he challenged any member of the House to dispute the statement that the position of Canada in regard to military expenditure was superior to that of any other country in the world. He said that Canada was immeasurably superior to one could hardly make a comparison.

Mr. Guthrie proceeded to analyze and compare the pre-war expenditures of Canada on defence with those of the present day. Any comparison, he pointed out, involved the equality of conditions. In the present case special reference should be paid to the purchasing power of money, the relative wealth and population of the country, and to the relative need of guarding that wealth. On the first particular, he declared the allowances must be made for the fact that it took \$2 today to equal \$1 in purchasing power at the present day. Any comparison, he estimated, would show that the military estimates totalled \$11,800,000. At pre-war rates that was equivalent to \$5,800,000. To get that figure it was necessary to go back, not merely to immediately pre-war days, but as far back as 1904.

Heavy Expenditure.
In 1904 the militia expenditures were \$3,900,000, or 5½ per cent of the total revenue of the country. In 1910 militia expenditures were \$7,025,000, or 7 per cent of the total revenue of the country. In 1911 militia and naval expenditures were \$9,834,000, or 9½ per cent on the revenue of the year. Average expenditures from 1904 to 1910 under these heads were equal to 7¼ per cent of the total revenue of the year. It had been said that these earlier expenditures were made in years when the country had a surplus. It was true that there was then a surplus on current account, but, nevertheless, there was at the same time a substantial addition to the public debt. In these years, Mr. Fielding, as finance minister, had spent 7½ per cent of the annual revenue upon defence. Today the expenditure upon defence was less than 3½ per cent of the present revenue. Yet the present was a time of unquietude and unrest, when there was a great need for caution and security, while Mr. Fielding had made his expenditure in a day of absolute peace without a cloud in the sky.

Still the Lowest.
On the basis of a population of eight million Canada's expenditure for defence purposes was \$1.89 per head. If the cost of the Mounted Police were added, Canada would still have the lowest per capita expenditure of any country in the civilized world. Figures submitted to the Brussels conference had shown the per capita expenditures for defence purposes of various countries as follows:

Australia, \$6.13.

Objects To Cut in Pensions

SIR WILLIAM MEREDITH, chief justice of the supreme court of Ontario, says he could have retired in 1918 and drawn \$10,000 per annum, but under the amended act he may only receive \$8,000 per annum.

New Zealand, \$3.80.
South Africa, \$5.55.
United Kingdom, \$22.35.
United States, \$15.13, not including the upkeep of the National Guard.
Argentina, \$2.72.
Brazil, \$2.

Canada's figures for defence were so low as to make other countries look rather ridiculous. The per capita test, however, was not always the safest, but any test which could be applied would show Canada in the lead in this regard. Of every \$100 in revenue, Canada would spend \$3.50 on the whole defence of this country. In 1911 we had spent \$9.50 of every hundred dollars in revenue.

Gives Comparison.
The comparison between total revenue and defence expenditures of other countries, Mr. Guthrie gave as follows:

Australia, 7.5 per cent of revenue; New Zealand, 14.4 per cent; South Africa, 4.9 per cent; United Kingdom, 16.3 per cent; Italy, 20.1 per cent; France, 20.7 per cent; Belgium, 7.9 per cent; Holland, 11.6 per cent; Spain, 36.4 per cent; Switzerland, 4.9 per cent; Sweden, 27 per cent; Norway, 8.1 per cent; Denmark, 15.0 per cent. It was no wonder, said Mr. Guthrie, that the Brussels conference had requested the limitation of armaments. Japan had expended 51 per cent of her total revenue in 1920, and China in 1919, 42.4 per cent.

Says It Is Unfair.
D. D. McKenzie (North Cape Breton) said that nothing was more ridiculous than Mr. Guthrie's statement that the Opposition were unfair to returned soldiers. The minister of militia was simply trying to throw dust in the eyes of returned men. But returned men did not seem to value the attitude of the Government very highly, as indicated by resolutions calling on the Government to resign.

Mr. McKenzie characterized Mr. Guthrie's comparison of military expenditure as absurd. Canada was not an independent nation. Her military expenditures were supplemental to those of the mother country. Would the minister suggest that Canada should provide an army of sufficient size to cope with the United States? All that the Opposition were asking was that Canada should get back to the peaceful conditions prevailing before the war.

STRATFORD SHRINERS COMING TO LONDON FOR BIG CEREMONIAL

Sixteen Candidates Will Cross the Burning Sands This Evening.

STRATFORD, May 12.—Stratford Shriner in large numbers will go to London Friday for the big spring ceremonial of Mocha Temple. They will be headed by the newly-elected president, D. M. Scott. Accompanying them will be 16 candidates from this district, ten of whom are Stratfordites.

The Ontario Railway Municipal Board meeting here today recommended granting the request of the new Dundas Telephone Company to increase their rates from \$15 to \$18 because it was brought out that the North Eastphone Municipal Telephone Company had been changing increased rates without authority. Their application for increased rates was held over.

Will Open May 24.

Indications are that the formal opening of the County Club for the season will take place on May 24, and preparations are being made to make this a big day. A golf tournament will be held during the day, with supper, cards and dancing during the evening. The golf course is beginning to shape up well and already many of the members are playing.

Plans arrived today for the new office building which is to be erected by the Bank of Montreal on the site of the Commercial hotel.

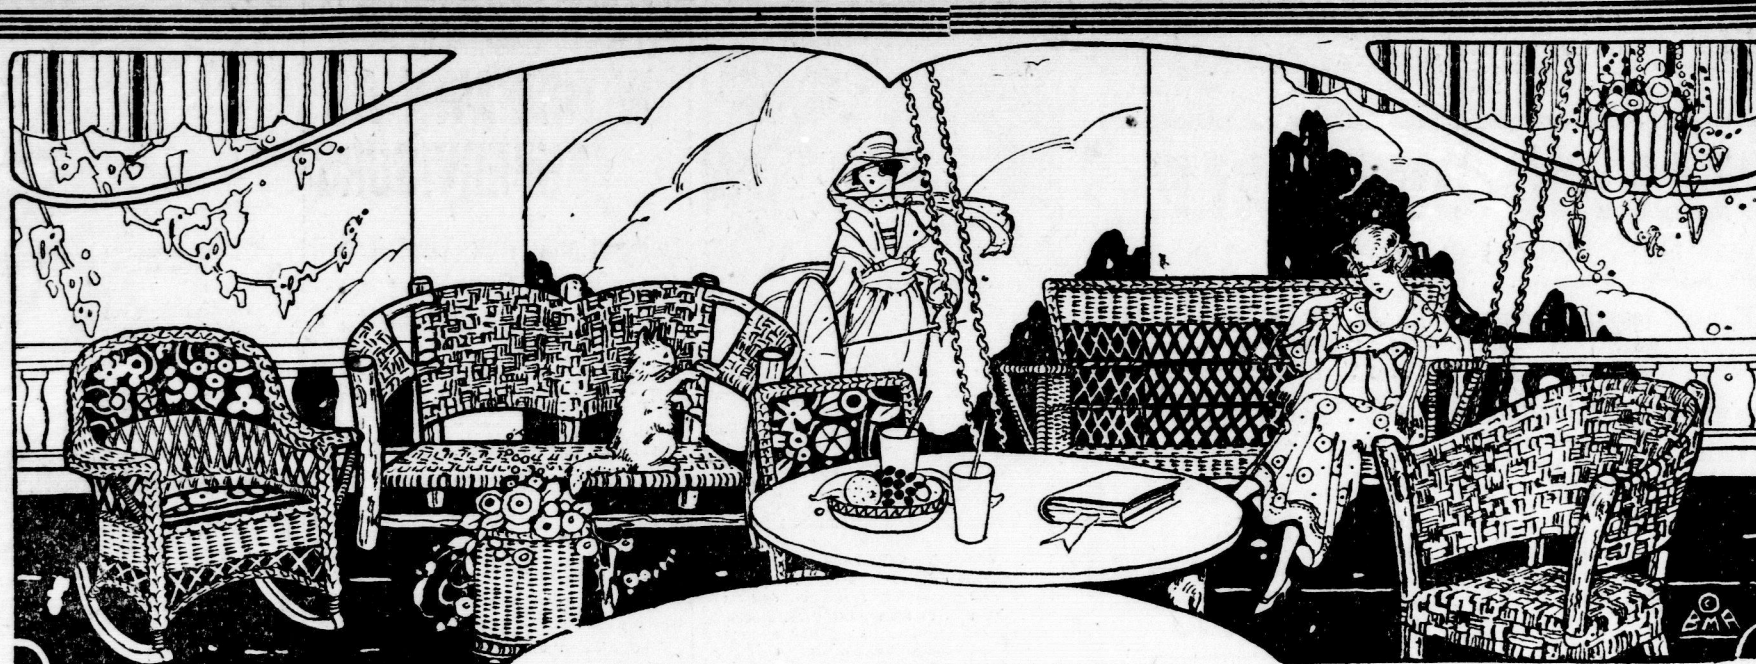

FOREST FIRES ARE BURNING IN NORTH

Little Damage Has Been Caused in Gowganda So Far.

COBALT, May 12.—According to latest reports received here, a considerable number of forest fires are burning in different parts of the north country, but it is believed here that little damage has yet been done.

Travelers from the northern section of the Temiskaming and northern Ontario Railway state that the smoke of numerous fires is visible along the Porcupine branch of the railway, and that there are other conflagrations on the main line.

West of Elk Lake in the Gowganda district there are other fires, and much smoke is flying over this district. These are indications that rain is not far off.

SUBALTERN'S PAY EQUAL TO FOCH'S

American Army of 15,000 Costs Germany More Than 80,000 French.

Coblentz, May 12.—The pay of a second-lieutenant in the American army on the Rhine is equivalent, at present rates of exchange, to that of Marshal Foch.

This may explain in part why the American army of 15,000 men costs Germany more than 80,000 French troops in the Mayence zone. It accounts also for the exaggerated statement from German sources that America's fighting force cost Germany more than all the allied armies of occupation.

Marshal Foch's salary is 33,000 francs. A second-lieutenant in the American forces in Germany receives \$2,120 a year, which extra allotments bring up to about \$2,300. At the rate of exchange of 14½ francs to the dollar, the second-lieutenant draws about 33,350 francs a year.

The buck private receives \$36 a month; a corporal \$51.80; a sergeant, \$63; and a technical sergeant, \$74.20.

The French polli at Mayence has to be content with 75 centimes a day; a corporal receives 90 centimes and a sergeant two francs.

With the rate of exchange about 60 to 65 marks to the dollar, the American soldier in Germany draws a larger salary than many of the high German city officials.

FARMER FEARS BARN WAS FIRED

Heavy Loss Sustained by Harry Higgins Near Tillsonburg.

TILLSONBURG, May 12.—A barn on the farm of Harry Higgins on the Town line was totally destroyed by fire early today, together with a horse, cow, three calves, a large quantity of feed and a large number of implements. The barn was owned by the tenant, J. Stewart. There was no insurance on this, but the building was partially insured. Mr. Stewart is strongly of the opinion that the fire was incendiary, because he was out to the barn last night after 10 o'clock and everything was all right. When the fire was discovered several hours later the barn doors were standing wide open.

Alexander Bremner, aged 84, died at his home today after an illness of over four years. He was born in Scotland, coming to Canada in his youth and locating in Tillsonburg 35 years ago. The following year he organized the Tillsonburg Tannery, and had carried on a flourishing business ever since. He leaves two daughters, Tena and Margaret, and two sons, Robert and William. He was a member of the Avondale Presbyterian Church. The funeral will be conducted on Sunday afternoon under Masonic auspices.

HIRED MEN WIN SUITS FOR WAGES

BLENHEIM, May 12.—There was a long docket before Judge Stanworth in the fourth division court today.

Several of the cases were hired men suing farmers for what they claimed were wages coming to them, and in each case the farmer had a counter-claim against the hired men for board, money paid, etc. The hired men's story of the situation appealed to the court as the best side of the argument, and the wages were ordered paid with certain reductions.

One case was from Raleigh, Barton brothers vs. Morgan, O. L. Lewis for plaintiff and R. L. Gosnell for defendant; another, Taylor vs. Clendenning, Harwich, O. L. Lewis for plaintiff and R. L. Gosnell for defendant. These two were of considerable local interest and brought out a crowded court room.

EPITAPH CENSORING.

The question whether a quotation from Gilbert and Sullivan's "Yeomen of the Guard" should be permitted on a headstone in a cemetery in Bath, England, was debated recently by the cemetery committee of the Bath Corporation. Relatives of a woman buried in the cemetery desired to put on the stone the words "Is life a boon?" the opening words of the song, which continues: "If so it must befall, That death, where'er he call, Must call too soon." The town clerk, replying to a question by a member, said the point was not whether life is a boon or not, but whether the words should be permitted on a tombstone. The debate followed.

Councillor Taylor—I should say no. Councillor Smith—You will be putting hedges on headstones next. Councillor Hacker—There are some there already.

MAJOR BUTLER TO BE ADJUTANT OF BISLEY TEAM

Young Londoner Going To England With Col. C. W. Peck.

OTTAWA, Ont., May 12.—By Canadian Press.—Colonel C. W. Peck, V.C., M.P., who will command the Canadian Bisley team in England this year, will have Major C. W. Butler, Western Ontario Regiment, London, as adjutant. Col. Peck is still colonel of the 15th Canadian Scottish Battalion, with whom he won the most coveted of all military honors and it is interesting to note that one of the shots in the Bisley team is Major L. Richardson, also a veteran of the 15th Battalion. Major Richardson has made a record at previous Bisley meets. The team will leave from Montreal on the Metagama, June 16. After ten days' practice, the competitions will cover some two weeks.

VETERANS ALLEGE SERIOUS INJUSTICE

Taking Action To Assist Soldier Whose Farm Was Seized.

[Special to The Advertiser.] ST. MARYS, May 12.—At a joint meeting of the G. W. V. A. and the McConnell Club held in the Veterans' Club rooms last night, the case of a returned man whose farm and everything had been seized by the soldiers' settlement board was taken up, and will be dealt with at once. Meanwhile aid is being furnished the wife and four children who have been left without support due to the action of the board. The man was unable to make his payments due, it is stated, to no fault of his, but to the manner in which the soldiers' settlement board dealt with the case. The farm is now offered for sale, but the secretary of the local branch of the G. W. V. A. today wired the board, asking them to defer sale and demanding an investigation. A second telegram was forwarded to the Ontario Provincial command of the G. W. V. A., asking them to support the St. Marys branch. The G. W. V. A. will fight the case and demand the soldiers' settlement board to live up to their part of the contract. Indications went to it being the most interesting case yet dealt with by local veterans.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try Jell-O instead of any drug. A few ounces of Jell-O instead of a few ounces of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

POLICE MATRON IS APPOINTED AT BRANTFORD

Commissioners Accede To Request of Women's Organizations.

BRANTFORD, May 12.—Following repeated requests of women's organizations, the police commissioners this afternoon appointed Mrs. Condie, wife of Adjutant Condie of the local Salvation Army corps, police matron at a salary of \$50 a month. She had been acting voluntarily in this capacity since her arrival in Brantford, but the official status was needed to bring effectiveness.

Held for Theft. The mystery of the theft of a thousand dollars' worth of liquor was cleared up, it was believed by the police, in the arrest of Albert Glover, Edgerton street, on a charge of receiving stolen goods, this being the liquor for J. S. Hamilton's home on Brant avenue. Glover, who was remanded, declared that he had bought the goods from three men, who he named, and whom he accused of the theft. The liquor was found all bundled up in bags, as if for shipment to the border. The robbery was not discovered until yesterday, the occupants of the house not having been awakened.

Butter is Cheaper. Butter has taken a big jump here. Two weeks ago grocers paid 55c a pound wholesale. Today they are paying thirty cents, with the retail price set at 35 cents a pound, the lowest for a number of years. Over-production is given as the reason for the drop. Farmers are loudly protesting against the low prices for their products.

For nearly forty years a blind visitor's attendant at the G. S. B. here, Miss Matura Cronk, has passed away at Wellington, Ont. The officials of the provincial institution here were notified today. She retired from her duties a year ago, being stricken with paralysis.

Ex-Ald. Gress Dies. Ex-Ald. Chris Gress, who served two years in the city council and was a Conservative standard-bearer in the local house, died today. He was prominent in fraternal circles, being master and a member of Brant Enchantment exchequer of the Knights of Pythias, and Harmony Lodge, I. O. O. F., and the C. O. F. He was an active Presbyterian. He leaves a widow, one daughter, Mrs. A. J. Despard of St. Catharines, and three sons, George, city; Elmer, Christian, Hamilton; Elsworth, Toronto.

KEEN INTEREST IN BABY CLINIC

More Than Sixty Infants Were Examined At Afternoon Session.

ST. THOMAS, May 12.—Over sixty babies were present at the clinic this afternoon, of these 31 received their first examination. The interest in this excellent work, which is being undertaken by the local Red Cross Society, has reached such proportions that an increase in the consulting staff may become a necessity. Dr. Ben of the Provincial Board of Health; Dr. Buck of St. Thomas, and Public Health Nurse Miss Biddle, with the Red Cross nurses, had charge of the exercises. The Shelter's Good Work. There are five children in residence at the shelter, and ten have been cared for during the month.

One thousand guests of the Talbot Club attended the annual ball of the members last night, at the Casino, Fort Stanley. Safety First Meeting. The Canadian division safety first committee of the Pere Marquette is holding a school of instruction at the St. Thomas shops. The annual safety first program will be formulated and discussed.

A Dangerous Prank. The youth who was charged with interfering with the brake of a street car Sunday afternoon near the Pere Marquette crossing, was allowed to go this morning, as witnesses who saw the young man handling the brake rod, did not appear at court. The car and trailer which was loaded with people, suddenly stopped nearly on the railway crossing. A bad accident was possible at the time.

MASONIC LODGE OF INSTRUCTION HELD AT WEST LORNE

Session Attended by Over 250 Brethren From the District.

WEST LORNE, May 12.—A Masonic Lodge of instruction for Erie District, No. 1 A was held here under the supervision of R. W. Bro. J. J. Vincent, D.D.G.M. and under the auspices of McCall Lodge, No. 388, West Lorne. Upwards of 250 members from the district registered at the I. O. O. F. Hall, which was kindly loaned by the local lodge of Oddfellows for the occasion.

The lodge opened in the first degree at 2 p.m. The officers of McCall Lodge, West Lorne, were in the chairs, and conferred the degree upon the candidate. Officers of Talbot Lodge, No. 648, St. Thomas, opened in the second degree, and conferred the degree upon a candidate. This was followed by a discussion led by the D.D.G.M. At 5:30 the lodge was called off, and at 6 o'clock a banquet was served by the members of the West Lorne Women's Institute. R. W. Bro. Vincent acted as toastmaster, when the following program was carried out: "Our King and Country" was responded to by the singing of "God Save Our King" by the entire assembly. The chairman, in his introductory remarks, complimented the ladies of the institute upon the splendid spread they had prepared, and the pleasant way in which they served it. He was glad to see the large number present. During his term of office as D.D.G.M., he had visited the nineteen lodges in the district, and had found the work uniformly well done. A trio by Bros. Ferguson, Merritt and Smith of West Lorne was well received

and heartily endorsed. Bro. L. E. Gosling of Duart was next called upon for a speech, and in a very able manner pointed out the many lessons to be learned by members of the craft.

Some well-rendered selections by the Skinner Orchestra of West Lorne was followed by a toast to the "Grand Lodge of Canada in the Province of Ontario," and was responded to by M. W. Bro. F. W. Harcourt, G.M., who, in his usual

happy and witty style, complimented the ladies upon the feast, but regretted that he had not up to that time met any of the ladies. He considered himself a guest of the ladies, and after introducing himself and shaking hands with one of them, proceeded to address them, at the same time telling the men that he had no use for them. His address was listened to with eagerness, as he spoke of the great Masonic Order, and pointed out the many lessons to be learned by

students of the science. A trio, "Good-Night," brought the banquet to a close. At 8 p.m. labor was resumed in the same order as before, when the official welcome to the M. W. G. M. took place. Star of the East Lodge, No. 422, Florence Lodge, No. 290, and Tecumseh Lodge, No. 345, conferred the third degree, which was followed by discussion and complimentary remarks upon the excellent work.

DEATH OF GEORGE WEST.

WOODSTOCK, May 12.—George West, aged 60, manager of the West Taylor Bickle Broom Company, Norwich, died today after a short illness. He had been a resident of the village for about fourteen years. He was prominent in Masonic circles and a charter member of Getland Lodge, A. F. and A. M., Toronto.

FOUR DOCTORS GAVE HER UP

Through a Neighbor's Advice This Woman Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Kenosha, Wis.—"I suffered with a female trouble and at last was in bed and unable to get up. For six weeks with what the doctors called inflammation of the bowels. Four of them said I could not live. A neighbor told me to use Lydia E. Pinkham's Vegetable Compound and it helped me from the start. When the doctor said I was cured, I told him what I had taken and he said 'Throw my medicine away and keep on with the Pinkham medicine.' I did it and it relieved me. If more women would take your medicine they would not suffer so. I have recommended the Vegetable Compound to lots of people and they have been satisfied." Mrs. MARY REAPSTOCK, 2704 Wisconsin St., Kenosha, Wisconsin.

When a woman is beset with such symptoms as irregularities, inflammation, ulceration, a displacement, backache, headaches, bearing-down pains, nervousness or the "blues" she should treat the cause of such conditions by taking Lydia E. Pinkham's Vegetable Compound.

A hard cough

that tears you every time it comes, yet persists in coming, usually disappears under the healing power of Robert's Syrup of Cod Liver Oil and Tar. The nauseous effect of the oil has been removed, the extractive principles remain to build up wasted strength. Combined with tar this makes a wonderfully powerful corrective for the irritation set up by Coughs, Colds or Bronchitis.

Tender Gums—A Warning

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty, also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35¢ and 60¢ tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

WINDSOR ALDERMAN AWARDED \$5,000 FOR BREACH OF CONTRACT

Samuel Keyser Obtains the Full Amount of Damages Asked.

WINDSOR, May 12.—In the supreme court at Sandwich today, Mr. Justice Lennox awarded Samuel Keyser, Windsor alderman and contractor, the full amount of damages he asked in an action against L. J. Lafontaine, local furrier, for breach of contract. Mr. Keyser sued for \$5,494.46 and interest on that amount from March 4 of this year.

An action brought by Dr. Isadore Cherniak against Samuel K. Baum for \$5,000 was non-suited. Dr. Cherniak sought to recover \$5,000 he had invested in stock of the Fisher-Wilkie Company, Limited.

Absent less than fifteen minutes from their home, 942 Elmwood avenue, George Henson and members of his family returned last night to find the house ransacked by robbers and jewelry valued at \$570 missing.

Allan L. McCrae has received word that his son, Ensign John W. McCrae, has been promoted to commanding officer of the United States torpedo boat destroyer, Vireos, at present attached to the Pacific fleet.

A. D. Bowiby, treasurer of the Essex County Automobile Association today commenced a pathfinding tour to London. He is accompanied by a member of the Detroit Automobile Club.

STRATFORD MAN IS ELECTED PRESIDENT

D. M. Wright Heads the Provincial Children's Aid Societies' Association.

TORONTO, May 12.—The Association of Children's Aid Societies of the Province of Ontario, at its convention here today approved of a recent suggestion of Judge Most of the Toronto Juvenile Court that he would like to place through the Children's Aid Society boys from the juvenile court with farmers for limited periods of time, and several agents present promised their cooperation in finding temporary farm homes for boys who have been through the juvenile court.

Premier Drury had been expected to address the convention, but sent regrets. Officers were elected as follows:

President, D. M. Wright, Stratford; honorary vice-presidents, J. K. MacDonald, Toronto; W. H. Wardrop, K.C., Hamilton; A. R. Auld, Toronto; honorary secretary, Rev. Canon Quartermaine, Renfrew; honorary treasurer, J. Leslie Axford, Brantford; executive committee, Hugh Ferguson, Stratford; A. Tovell, Guelph; J. J. Carnahan, Toronto; James T. Daley, Port Hope, and J. P. Reed, Sault Ste. Marie.

Was Suffering From INDIGESTION

No Fear of Pains Now.

Indigestion is one of the worst forms of stomach trouble, and many people suffer terribly after every meal they eat. The rising and souring of the food, pains in the stomach, heartburn, water brash, belching of wind, vomiting shortly after eating, etc., are some of the symptoms.

There is no need for any person to be troubled with indigestion, dyspepsia, or any other stomach trouble if they would only take Burdock Blood Bitters, which contains a combination of nature's roots, herbs, barks and berries; a combination that cannot help but put the stomach right.

Mr. H. H. Collins, Norton, N. B., writes: "I was with the overseas forces for four years and two months, and in October, 1916, I was unfortunate enough to be wounded and taken prisoner. I was a prisoner for 2½ years, and the food they gave us was not good, at times, and after a few months I found I was suffering from indigestion. When I came home in July, 1919, I was nearly a wreck. I was told to use Burdock Blood Bitters. I did so and found great relief, and can now eat without fear of pains and sickness. I would recommend B. B. to all who suffer from indigestion."

Burdock Blood Bitters has been on the market for over forty years, and during that time has made a reputation second to none for relieving all stomach troubles. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

Business Greatly Stimulated Since Germany's Acceptance Of Reparations Ultimatum

Demand Sterling Rises To Highest Level Attained in Thirteen Months and International Money Markets Show Material Exchange Gains.

NEW YORK, May 12.—International money markets, as represented by foreign exchange, were further stimulated today by Germany's acceptance of the Allied reparations ultimatum.

Demand sterling, or bills on London, rose to \$4.00, the highest level reached by that remittance since April of 1920 when they made an extreme rise to \$4.07.

French and Belgian francs at 8½ cents showed an overnight gain of about 20 points and were at maximum levels for any period since the Armistice. The Italian lire rose 18 points; guilders, or Dutch exchange, gained 8 points, and marks, or German bills, sold at an overnight gain of one-tenth of a cent, rising to \$17.70.

Exchange on the several Scandinavian countries was higher by 5 to 20 points, but the greatest gain of any of the minor currencies was made by Greece, the drachma scoring an overnight rise of 75 cents to \$5.80.

Dealers in exchange reported the largest general operations of any day in several months. Much of the buying represented covering by shorts who had depressed the market recently on the theory that Germany would fail to meet the demands of the Allied powers.

NEW PAVEMENT AND SEWERS GIVE WORK TO UNEMPLOYED

Labor Situation At Woodstock Helped by Local Improvements.

WOODSTOCK, May 12.—The local labor situation has been greatly relieved by the employment given many men on the new pavements and sewers. John Carroll of Peterboro has the contract for the cement pavements, while local contractors secured the job of putting in the new sewers.

Ronald Adams won the gold medal at the oratorical contest for collegiate institute pupils held this afternoon. His subject was "Democracy."

Harold Sturges, whose subject was "Moving Pictures and Education," was second in the contest. Following the contest Miss Emma Kaufman, national Y. W. C. A. secretary of Japan, who is home on furlough, addressed the students, who were out in full force.

In a last effort to save Norman Garfield from the gallows Rev. Mr. Gaetz, spiritual adviser, and Montague Nesbitt, his counsel, left today for Ottawa, where they will intercede with the minister of justice in an effort to have the sentence of death commuted to life imprisonment. It was understood Mr. Patterson, a Toronto lawyer, will also go to Ottawa with them. Neither the wife or mother of Garfield will go to Ottawa, as it is understood the minister of justice does not wish to grant an interview to any members of the family.

Mr. Gaetz will present the three petitions signed in Woodstock, London and Toronto. The local petition contains the names of 1,500 residents of the city, including nine members of the jury that brought in the verdict of guilty against Garfield.

CATTLE PRICES DOWN MEAT STILL HIGH

Heavy Shipments of Stock Made This Week At Blenheim.

BLENHIM, May 12.—There has been a large movement of cattle in and out of the market here this week. Simonton & McMillan handled several carloads. Some that were not sold were sent out to pasture farms, and it is expected that some in June if the market is satisfactory they will be sold off the grass. From all that can be learned the winter has been a losing one for cattlemen. One large dealer was heard to remark that he had cattle which were worth as much last fall as the markets were then as they are now at present prices after feeding them all winter. Another stated that he was out at least \$50 a head on his drome, and his loss would be several thousand dollars. There seemed to be no complaint as to the cattle not doing well, but the declining market has played havoc in the cattle business. When discussing the cattle market it was remarked that although live animal market prices had taken a great slump the retail price of fresh meat has lowered very little, and the housewives see little sign of cheaper meat when they purchase steak.

LESS TOBACCO BEING PLANTED THIS SEASON

Price Situation Most Unsatisfactory From Growers' Standpoint.

[Special to The Advertiser.] LEAMINGTON, May 12.—Those in closest touch with the tobacco situation in this district state that not more than one-half of the usual acreage of tobacco will be sown this season. Many of the growers have great quantities of last year's crop still on their hands and as last year's labor, seed and general production costs are on an entirely different basis to those of this year, it will keep many hustling to break even. Present quotations are also widely different from the figures which enabled many growers to make some handsome profits.

A large amount of tobacco is being handled for the growers at the local tobacco factories, and at Kingsville. Farmers are going more extensively into early vegetable growing and grain production, especially corn.

[Special to The Advertiser.] DUART, May 12.—Owing to the difficulty in disposing of last year's tobacco crop a greatly decreased acreage will be grown this year throughout Orford Township. Buyers are scarce and those that are out, offer but low figures compared with those obtained the previous year, and, at that, will take none but the best grades. The members of the association have the bulk of their crop at Kingsville, where it has been put through the dryer and prepared for shipment to foreign markets. The manufactured article still retails at top notch prices, while from 6 to 8 cents is the best offered for the raw material.

What is the use of storing up that old sideboard when you can easily sell it through an advertisement in The London Advertiser. Classified ads are read by everybody, and you will be able to find a customer readily.

GALT FIRM FINED UNDER HEALTH ACT

Milk Intended For Sale Was Unfit For Food.

GALT MAY 12.—For having milk intended for sale unfit for food, the Lyndhurst Dairy was fined the minimum under the health act, \$10 and costs. Dr. J. H. Radford, M. O. H., was the complainant and the prosecution was the result of a test made of milk gathered by an inspector.

A. McNaughton, chief clerk in the general auditor's office of the C. P. R. at Montreal, has been transferred to Galt and promoted to general accountant of the Lake Erie and Northern and Grand River Railways.

T. H. McLaren, for nine years with the Galt Brass Company, as salesman and purchasing agent, is leaving for Toronto to enter the firm of Cunningham & Hill, Limited, manufacturers' agents.

HAD TO PAY COSTS FOR BLOCKING CROSSING

BLENHIM, May 12.—A conductor on a Michigan Central train was before Magistrate Hall in Ridgetown to answer a charge of blocking the communication road crossing in Harwich

a short time ago for about half an hour. The complainant was Magistrate J. C. Whittington of town, who happened along in his car just in time to experience the long wait until the train moved on. The complainant held that he could not see that the train crew made much effort to open the crossing. The conductor said that he was delayed because of a break in the train, and that his engine was on the move to get things right. He had to admit that he did not take every precaution, however, and while the case was not pushed against him owing to his previous good record as a train man, he was called upon to pay the costs and not repeat the offence.

Go About that CLOTHES QUESTION With An Open Mind

Where Will You Buy Your Spring Suit?

STOP!—and think—before you spend your good money for clothes. WHY PAY FOR MIDDLE-MEN'S AND RETAILERS' PROFITS?—they only add to the price without increasing the value of your clothes a five-cent piece. Or, which is still worse, why patronize the price-boosting tailor or clothier who quotes one price in his "ad" but shows you several prices (all higher) when you get to his store?

THEATRES

AT THE GRAND.
Dainty little Miss Shirley Mason, as "Wing Toy" in the Fox special picture of that name, is undoubtedly the feature of a most pleasing double bill, presented by the management of the Grand last night, and to be repeated today and tomorrow. The second big picture of the bill is a new Selznick production, named "Society of Snobs," with the popular screen actor, Conway Tearle, in the leading role.

The vaudeville offering is a delightful singing and musical turn by Melora Pozor and Ernest Light. Miss Pozor possesses an exceptionally satisfying coloratura voice of great range and power. Geographically gowned, and despite a slight petite figure, Miss Pozor presents a very pleasing picture. Mr. Light, who presides at the piano, is a tenor of much ability.

"Wing Toy," in which Miss Mason plays the stellar role, is a story of New York's Chinatown, that in plot, setting and denouement, is all that is claimed for it by the producers of the picture. The infant daughter of a judge who sentences a young drug fiend to punishment, Wing Toy is stolen by the young man on his release as an act of revenge, and carried to a laundry, where the Chinese proprietor undertakes to take care of the child for two days. She is never claimed, and the Chinaman brings her up as his own daughter till she is five years of age, when, finding the care too much, he passes her on to Yen Low, the powerful head of a Chinese Tong. CALF COMPETITION FOR BOYS AND GIRLS TO BE FEATURE OF WESTERN FAIR

Special Prizes. Ranging From \$100 Downward, Are Offered—No Entry Fee.

Secretary A. M. Hunt of the Western Fair Association is mailing circulars to farmers regarding the calf competition for boys and girls that will be held at the fair this year.

Only Canadian boys and girls between the ages of 10 and 17 years will be eligible to compete. Calves must be pure-bred or grades of any breed, calving on or after September 1, 1920. All grades must have a registered sire.

No entry fee will be charged. Competitors must have fed, cared for and fitted the animal for at least four months immediately previous to the date of the exhibition, and must themselves exhibit the animal in the show ring when judged or paraded.

Every competitor who complies with these rules is eligible to enter the competition. One or more entries may be made from one family or farm, but only one entry may be made by any one boy or girl.

In making entry, the name, address and date of birth of competitor must be furnished; the age of animal, date of birth, name of sire and breed must also be given.

Parents, guardians or employers must certify that the boy or girl is under 17 years of age at opening date of fair, and that they have taken charge of, fed and cared for the animal for at least four months immediately previous to opening date of fair, 1921, and must also certify to the age of the animal to be exhibited. No entry will be accepted unless this certificate accompanies it. Certificate forms and entry blanks for calf show furnished on application to Secretary A. M. Hunt, London, Ont.

1st, \$100; 2nd, \$50; 3rd, \$30; 4th, \$20; 5th, \$10; 6th, \$5; 7th, \$4; 8th, \$3; 9th, \$2; 10th, \$1; 11th, \$1; 12th, \$1; 13th, \$1; 14th, \$1; 15th, \$1; and \$10 to each other competitor whose animal is considered worthy by the judges.

Arrangements will be made for selling the calves by auction on Friday morning, September 16, if desired by the owners.

The Canadian Bank of Commerce, London, has kindly donated a valuable silver cup, suitably engraved with the winner's name, to the boy or girl winning first prize.

The following have kindly donated cash specials towards this competition: The Industrial and Development Council of Canadian Meat Packers of Toronto, \$50; the Midland County Council, \$50; the Bank of Toronto, \$25; manager Bank of Montreal, Market branch, \$25; the Merchants Bank, \$25; the Western Fair Association, \$25.

The Dominion Shorthorn Breeders' Association offers four prizes, \$20, \$15, \$10, \$5, to the first four winners of Shorthorn calves, bred by a thorough-bred Shorthorn sire.

Mr. F. W. Crawford, secretary of the Canadian Aberdeen-Angus Association, offers \$50 to the first prize calf if sired by an Aberdeen-Angus bull. If the first prize calf is not an Aberdeen-Angus, \$20, \$15, \$10, \$5 to be given to the first four Aberdeen-Angus calves winning.

PERSONAL MENTION

Mr. and Mrs. Woolway, Tecumseh avenue, announce the engagement of their second daughter, Joie Gleason, to Robert L. McKay of Kitchener, the marriage to take place this month.

G. T. R. TRAFFIC EARNINGS.
Grand Trunk Railway traffic earnings for the period ending May 7, 1921, were \$1,788,219, for the same period in 1920, \$1,548,588, an increase of \$239,631.

DR. SHANKS ADDRESSES L'ALLIANCE FRANCAISE

Dr. Shanks of Western University was the speaker at the last regular meeting of the Alliance Francaise held at the Institute of Musical Art last night, his talk being a very interesting one on the author, "Fromentin." Three very clever dramatic sketches were also given, in which Mr. Albert, Mr. Hough,

ton, Mr. Tutt and Miss Lemieux took part. Musical numbers in French were rendered by Mrs. Wheatley, Miss Lemieux, Miss Foley and a chorus of young children, which included Helen and Grace Shuttleworth, Bob Fraser, Beverly Westland, Elizabeth Fisher, Mary Bowker, Margaret Hamilton, Isabel McCrimmon, Betty Clark, Thelma Levitt, Bertha Gilles and Eulalie Murray.

ADDRESSES GIRLS OF LOCAL Y. W. C. A.

"Love, Marriage and the Home" was the subject of an intensely interesting address delivered last night before a large audience of girls at the local Y. W. C. A., King street, by Miss Violet Trench, an Englishwoman who is touring Canada, and came to the city recommended by the International Y. W. C. A.

"A good wife takes a great deal of making," was probably the text of the little address she gave. And during the course of it she pointed out in a most beautiful and inspiring manner the care which every girl must take of herself, physically, mentally and spiritually, if she looks forward to the calling of motherhood, laying special stress on the period which she called "teen-land."

Referring to the women who do not marry, she pointed out the responsibility and privileges to help which were theirs.

"There would be less sorrows in the world today," she declared, "had the single childless women accepted their responsibilities. Teaching is the most important institution in the education of the succeeding generation, next to the home, and that is largely being carried on by childless women."

Miss Trench speaks today before the Women's Canadian Club at the Talbot Street Baptist Church, her sub-

ject being "The Power and Responsibility of Womanhood."
