WESTERN ONTARIO CIVIC OFFICIALS AT THE PRISON FARM

Representatives of Brant, Elgin, Norfolk, Oxford and Waterloo Secure Some Valuable Information For Use in Discussing Plan For a Joint Farm-Jail System For the Five Counties.

GUELPH, Oct. 1.—Representatives of five Western Ontario counties which may unite in forming a joint jail system came here yesterday to look over central prison farm. The 50 or so visitors from Oxford, Norfolk, Brant, Waterloo and Elgin were treated to a decidedly educational tour of the Government's 840 acres east of the city, sustained with a good dinner of roast beef and pudding, made by the men serving time, and sent away with some good advice in regard to their plans. The delegates came talking together of prison farm sights to be seen; they went away discussing earnestly what manner of industrial farm they might develop among themselves.

As explained by speakers during the day, it is not intended to follow in detail the lines of the great institution here, but there are features of it, such as the method of handling the prisoners, and the possibility of making it self-sustaining financially, that appeal to the county officials.

To Cut Down Expense. Reeve Stauffer, of Blenheim Township, specifically stated that the proposed industrial farm would not necessarily be located in Oxford County. The idea is to do away with much of the expense connected with the five jails now conducted in these counties, and at the same time to provide productive labor for prisoners, saving to some extent their self-respect and turning them out in the world again.

BRUCE WALKER ON IMMIGRATION TIDE

This Year It is Greater But Has Been More Spasmodic.

WALKER, Oct. 1.—The tide of emigration from the United States into Western Canada will this year reach a total of 140,000 which will be a slight increase over 1912 when it amounted to 139,000, the highest figure on record," said J. Bruce Walker, commissioner of immigration, discussing this question yesterday. Walker went on: "The movement this year has been extremely spasmodic. During the months of May and June, it showed a distinct falling off in comparison with last year, but as soon as the facts about the crop in Western Canada became known it suddenly jumped up, showing an increase over preceding weeks of 60 to 70 per cent."

The French Line may resume the service between Montreal and Havre, which was commenced this season, but interrupted by an accident to one of the company's boats on the New York route. New liners are being built, which will be ready for service next spring.

Flight Across Ocean Is Being Planned By Claude Grahame-White

[Canadian Press Despatch] NEW YORK, Oct. 1.—A cable to The Herald from London, says: Claude Grahame-White is making serious preparations for an aeroplane flight across the Atlantic. He has designed a biplane which he believes can undertake the flight safely, and he estimates that the full equipment for the trip will not cost more than \$30,000.

"The first flight across the Atlantic will mark an epoch in aviation," he said yesterday, "and my ambition is to be the first to reach America from Europe by aeroplane route. There is no doubt whatever in my mind that the trans-Atlantic flight will be made before long by some one, and it is only a question who the first shall be. At present I am trying to interest friends and supporters of aviation here in my prospective venture, and feel that with any kind of support the great flight will soon be a reality."

Local Option Contest Officially Called Off In Brantford This Year

A meeting of the Local Option Committee was held yesterday afternoon in the new building of the Y.M.C.A. Mr. T. H. Wood presided and the business of the meeting, viz., to consider the advisability of deferring the local option vote for one year. During the discussion it was urged that it would be a strategic mistake to hurry on the vote without the organization being in perfect condition, and that the time was too short in which to get everything into proper shape.

Other movements, such as the launching of the new Y.M.C.A. and the extensive preparations for the forthcoming Boys' Conference were of necessity claiming the time and energies of those who would be active in a local option contest.

more useful citizens than before. Mr. C. H. Denton, warden of Oxford, will call another meeting of the county delegates in a week or two.

Hon. W. J. Hanna, provincial secretary, and Dr. J. T. Gilmour, warden, did the honors of the prison farm, both enthusiastic as boys over their work. Hon. T. B. Lucas, treasurer of Ontario, and Dr. R. W. Bruce Smith, inspector of prisons, accompanied the party—a jolly lot of county councillors, aldermen, mayors and magistrates. The brilliant September day was enough to kill any grouch. Hon. Mr. Hanna and Lieutenant-Colonel T. B. Mayberry, M.P., forgot that they were statesmen on opposite sides of the Legislature and became "Farmer Bill" Hanna and "Farmer Tom Mayberry."

"We have a cow here that we got as a heifer in your county," said the former, "and she has been giving a tremendous amount of milk a day by thunders. If we could prove her a thoroughbred, they say we would have a \$5,000 cow. She cost us \$57."

"Don't know who you got her from I suppose?" asked "Farmer Tom," hungrily.

"No I don't; but they could tell you here."

Among those who inspected the farm were: OXFORD—Warden C. H. Denton, of Tillsonburg; Colonel Mayberry of Ingersoll; Ald. Hobson, West, Man-

BREAD INSPECTOR HAS HIS REPORT

All is Not Satisfactory in Regard to Local Bakeries

The Bread Inspectors' report is on the city for the month of July, August and September. There was not an instance of underweight during July and the condition of the premises of the Whitaker Baking Co., J. McHutchison, J. Johnson were said to be good and the premises of H. Adams and O. Cunningham to be fair. The report of the August inspection shows the bread made by H. Adams, F. Wesneski, M. Harris, D. Katz, E. Lascy and Millan and Lepworth was found to be underweight. The condition of the premises of O. Cunningham and H. Adams to be fair. The condition of the premises of the Whitaker Baking Co., J. McHutchison, J. Johnson to be good. Millan and Lepevoth were fined \$5 because of the bread being found short weight.

The September reports show the condition of the premises of J. Johnson and J. McHutchison to be good and the premises of J. Millman and O. Cunningham to be fair.

SKULL CRUSHED IN BY FALLING TIMBER

Frank Marlett Killed Yesterday Afternoon at New Post Office.

Had Just Started Work After a Long Lay-Off.

A fatal accident occurred on the new post office building yesterday afternoon shortly after 4 o'clock which resulted in the death of Frank Marlett, a married man who resided at 223 Chatham St. The unfortunate man was employed as a laborer and carpenter's helper. It appears that Mr. Marlett was working on the East side of the building assisting other men in hoisting up lumber to the third floor with a hand crane.

The extension work, for which Brantford voted \$150,000 last January, is going ahead rapidly. Some 80 men are employed laying pipe now. The new galleries are completed, and the only delay which has arisen was on account of lack of pipe. An arrival yesterday, however, cleared matters up considerably. It could not be ascertained this morning just when all the extensions would be completed.

A meeting of the commissioners was held this morning, when the board of works of the city received the contract for the construction of the dyke to protect the pumping station into the Homedale. The board entered into competition with private firms, and received the job.

Ladies Were Hostesses at Congregational Affair Last Evening.

The season with the young people of Alexandra Presbyterian church was opened last night by a banquet in the church parlors. This was the first banquet held by the young people of the church and it certainly was a decided success. Fully one hundred gathered at the tables which were tastefully decorated. The executive of the young people's society with the assistance of the young people certainly laid a very tempting repast.

There was a short programme which was greatly enjoyed by Mrs. Barton, Miss Agnes Heath and Mr. Cullen. Mr. Alfred Jex, president of the young people's society, was the chairman. Monday evening the meetings will commence. The prospects are very bright, and a successful season is looked forward to.

LORD ALVERSTONE TO RESIGN OCT. 6

Announcement Made of Retirement of Lord Chief Justice.

[Canadian Press Despatch] NEW YORK, Oct. 1.—A cable to The Tribune from London, says: It is stated positively that the resignation of Lord Alverstone as Lord Chief Justice, is in the hands of Premier Asquith, to take effect Oct. 12 at the end of the long vacation, and according to the prediction the resignation will be accepted and Sir Rufus Isaacs will become attorney-general.

Sir Rufus Isaacs will be the first attorney-general to be a member of the cabinet, and if he succeeds Lord Alverstone he will be the first Jew to be Lord Chief Justice of England.

Tenders will be called for at once for the erection of the new \$10,000 hockey rink at the Ontario Agricultural College, Guelph. The new building will be 100 by 210 feet.

BORDEN CLUB NOTICE

A meeting will be held on Friday night at 8 o'clock in the Borden Club building to continue the Debating Club for the winter months. Every Conservative is most heartily welcome to attend.

FIRST CUSTOMER OF HYDRO ELECTRIC

Water Commissioners Getting Ready to Install Electric Pumps.

It is assured that the Brantford Water Commissioners will make a contract with the Hydro Electric department for electricity to run the pumps which act as a preventative to over-thirst among Brantfordites 365 days in the year. Secretary Frank confirmed the announcement this morning that a long conference was held yesterday with electrical pump company representatives, and that the conference was a satisfactory one. New equipment for Hydro Electric will have to be installed, and it is figured a great saving will be effected. The water works will thus be the first big customer of Brantford's Hydro department.

The extension work, for which Brantford voted \$150,000 last January, is going ahead rapidly. Some 80 men are employed laying pipe now. The new galleries are completed, and the only delay which has arisen was on account of lack of pipe. An arrival yesterday, however, cleared matters up considerably. KAID SIR HARRY IS MARRIED NOW

A Picturesque British Figure Takes Wife Into Himself.

[Canadian Press Despatch] NEW YORK, Oct. 1.—A London cable says: Kaid Sir Harry McLean, a picturesque figure, once captured by Rajahs, was married very quietly yesterday to Miss Ella Prendergast, daughter of the late General Sir M. Jackson, Jas. Mounce, H. L. Con-way, and T. S. Searle viewed the body at Ried and Brown's undertaking parlors and adjourned to meet at the police station next Wednesday evening.

Coroner Fissette explained briefly the case and stated that 550 volts of electricity had passed through his body not enough to cause his death. When the current was shut off he lost control and fell.

The coroner and Dr. Phillips performed an autopsy immediately after the inquest and found that death had resulted from a fissured fracture of the skull and a hemorrhage of the brain.

A SAD ACCIDENT AT ENGINE WORKS

Alfred Peckson, Crane Operator Received Fatal Injuries.

Received 550 Volts and Fell to the Floor, Fifteen Feet Below.

Alfred Peckson, operator of the big electric crane at the Waterous Engine Works met with fatal injuries yesterday afternoon about 4 o'clock while at work. The distressing accident made two fatalities happening in Brantford within a few minutes of each other, and both were of a very sad nature.

Clinging with both hands to two live-wires, Peckson's cries were heard by other employees in the big shop who hurried to his assistance. His body through which the electric current went was 15 feet above the floor. Two employees rushed to his assistance and it was thought they had secured him from falling when the current was shut off down below. Immediately the electricity was off

BOARD OF TRADE WILL HELP IN SCHEME TO BEAUTIFY CITY

Mr. Cocksbutt Outlined Plans at Meeting Last Night—Committee Named to Co-operate With Other Bodies in the City—Extensive Operations Are to be Planned to Make a Greater Brantford.

That a strenuous effort is being made by the Board of Parks Commissioners to beautify the City of Brantford and surroundings was manifested by the splendid meeting held by the Board of Trade in the council chamber last night. A large number of representative citizens were in attendance. Mr. E. H. Waterous, president of the board of parks, occupied the chair and seated around the council chamber were Messrs Geo. Hatley, C. H. Waterous, A. J. Wilkes, J. T. Hewitt, Geo. Mathews, A. A. Hughes, F. Grobb, A. Muir, W. Muir, G. Whitaker, J. Moffat, E. L. Gould, H. Powell, G. Pickles, J. Stratford, T. H. Preston, F. Cocksbutt, J. Ham, A. L. Baird, W. F. Cocksbutt, W. T. Andrews, M. E. McEwen, W. Schultz, J. Fair, S. G. Read, E. Park, S. Burnley, F. Chalcraft and others.

The chairman, Mr. C. A. Waterous, in a few brief words outlined the object of the meeting and then called upon the principal speaker of the evening, Mr. F. Cocksbutt, to address the meeting.

Mr. F. Cocksbutt, who represented the parks board gave a lengthy and very interesting and instructive address. He outlined the object of the board who had laid plans for the beautifying of the city and surroundings at

large aid intimated to those present that professional landscape architects had been engaged for the purpose of drawing plans to carry out the particular work. The speaker asked those present and the citizens in general to lend a willing hand and give the board their hearty support in this movement. Mr. Cocksbutt said it was the aim of the board to beautify Brantford, to take advantage of its natural resources and endeavor to make the city more beautiful and more desirable to reside in.

"This is a movement that should interest every citizen in the city," said Mr. Cocksbutt "and all who have ideas and suggestions to offer will be welcomed to our meetings and they will be given an opportunity to express themselves if they so desire. The best suggestions will be given the greatest of consideration no matter from whence they come and we should work hand in hand, one in all for the benefit of the beautiful city in which we reside."

Mr. Cocksbutt stated that expert architects had been engaged for the purpose of carrying on this work, men who have had experience who would work out plans for the guidance of the committee with which to work upon.

Total Taxable Assessment				\$17,679,155	
Total Exemption Assessment				2,575,750	
Total Assessment (everything)				\$20,254,905	

The increase in the population shows a steady, encouraging growth. It is interesting to note that doubling up in houses is not so common as formerly, and this with continued prosperity, accounts for the fact of fewer vacant houses at this season than in any previous year we can recall.

The increase in the value of land is due to a re-adjustment of land values, more particularly in those sections where land has been held for speculative purposes. This matter has received careful attention, and the rights of owners have been conserved to the extent the Assessment Act permits.

The volume of work now handled by this department has grown enormously since its establishment, more particularly during the past two years. The number of entries on the last returned rolls of our predecessors in 1906, was 7,853, and the total assessment, \$9,638,802. The present rolls show 12,800 entries, and the assessment, increased to \$20,254,905.

This shows only partially the increase in this section of the work, nearly 50 re-surveys of blocks and tracts of land comprising 2,083 lots must now be separately cared for where formerly these were assessed by the block or acre.

A comparison in the monthly transfers of property shows this feature of the work has more than doubled, not only have the rolls to be corrected monthly on account of these transfers, but the consequent changes of local improvement frontages must also be adjusted and reported to the city clerk, and this fe-

quently calls for adjustment of new sets of books. This branch of the work has now assumed such proportions as to require practically one person's time to keep it correctly. Since February, 1909, 1540 changes have been reported.

The local improvement work constructed by the city engineer has increased as the city has grown. The measuring, assessing and notifying the owners benefited follows the closing of the rolls on October 1st. The extent of this work will be appreciated when we remember that an average of 25 miles of frontages are constructed yearly. This work was formerly done by the city engineer's department, but was recently transferred to the assessment department.

A new system of computing the value of houses was adopted this year which has proved to be the most satisfactory thus far used. The frontage system in determining the value of land is fair and equitable, and a somewhat similar system has been devised by which houses are classified according to area, finish and conveniences into five classes and cubed in harmony with the class to which each belongs. This insures an equitable assessment of similar classes of houses all over the city. It is necessary however, to measure each house and accord the kind of material and finish used. This system has been inaugurated and will take about three years to complete.

We have endeavored to make a fair and equitable assessment and trust our work will receive your favorable consideration.

HARVEST HOME AT TRINITY

The Ladies' Guild of Trinity church, Eagle Place, held their annual Harvest Home Supper last night and had a capacity house. The idea was to follow the Harvest Thanksgiving services of Sunday with a supper at which it was hoped that members of the congregation would come out to extend and deepen their acquaintanceships while at the festal board. The school room had been decorated for the event with decorations appropriate to harvest time and looked very pretty indeed. Tastefully decorated and well appointed tables groaned under the weight of good things prepared for the supper. It was 8 o'clock before the last of the tables was cleared and the programme started. The programme was an exceptionally good one. After a few appropriate remarks by the chairman, Rev. G. W. Latimer, the whole audience joined in singing a harvest song which was thrown on the screen from a lantern. Then the concert began and for two hours the artists and amateurs entertained the large and appreciative company. Numbers of instrumental music, solos, quartettes, good elocution and comic songs were well received and loudly applauded. There was a strain of happy care-free good nature running through the gathering throughout the entire evening.

CALVARY "LIT."

The B. Y. P. U. of Calvary Baptist Church, held a literary evening on Monday last. The life of Fanny Crosby was the interesting subject, and a very profitable evening was spent. Mr. Jordan Sage occupied the chair very efficiently, and after a bright song service of Fanny Crosby's most popular hymns, Mr. Schmidt and Mr. Fred Sage gave interesting papers on her life. Solos were also contributed by Miss Cameron and Miss Markle.

(From our own Correspondent) A number from here spent Saturday in the Telephone City.

Mr. N. L. Duckwill of Scotland was through here on business one day last week.

Mr. H. L. Burch of Calgary, and brother of Cainsville, were visiting friends and relatives in this section recently.

MOUNT ZION

(From our own Correspondent) Mrs. Bonny is spending a few days with her daughter, Mrs. Chas. Read.

Mr. and Mrs. Joseph Davis spent Sunday with their son, at Paris Plains.

Mr. and Mrs. Jim Shellington of Bishopsgate were Sunday guests of Mr. and Mrs. Jackson Woodhouse.

What the Geologists Might Do. (From the Victoria Daily Times) Although we are delighted to be able to welcome the eminent scientists who are visiting the city, we cannot altogether suppress a sinking feeling of uneasiness.

He Knew She Would. The minister of a church in a small village was noted for his absent-mindedness.

After the service was over, some one asked him the reason.

REGENERATION.—There is not so much in the ordinary vasculature as there is in the blood of the Sarsaparilla, which refreshes the tired blood, sharpens the intellect, and restores the lost courage.

THE COURIER

Published by The Brantford Courier Limited, at Dalhousie Street, Brantford, Ont., on Tuesday and Thursday mornings. Subscription rate \$1.00 a year in advance...

Wednesday, October 1, 1913.

BRANTFORD'S GROWTH

Brantford has never been a boom city in the sense of some other centres. At the same time the growth of the place has been steady and sure...

The increase during the year of over one thousand population and about \$2,000,000 in assessment, will be regarded as quite satisfactory...

Adding the overflow from the city into Brantford Township, we have a total of some thirty thousand people, and one of the best features consists of the fact that the vast majority consist of a good, steady, industrial class...

The continued development of the place has been quite notable in view of the fact that we started away behind Ancaster and other settlements, and for many years were absolutely sidetracked in the matter of main line railway facilities...

Brantfordites are exceedingly proud of their municipality, and with excellent cause.

THE POST OFFICE SITE.

The Courier most decidedly differs with Mr. Frank Cockshutt in his criticism at a Board of Trade meeting of the choice of the site for Brantford's new public building.

As a matter of fact had the Laurier Government retained office there would not have been one thing done yet and the Customs and Post Office services would have been kept in the starved condition with reference to help which existed, and most improperly existed, at the time of the change of ministry.

However, let that pass. Now as to the site.

There was consideration with regard to properties considered eligible, including the Commercial Block, the Fire Hall corner and so on. The idea was for a central location and one not too far removed from existing quarters.

It was known for months that the Dalhousie street site was one of the options and not one word of either public or private criticism was uttered. The city instead of giving a site for nothing as the Laurier Government had requested, got considerably more per foot than was secured for the Temple building site which adjoins.

Two representatives of the Public Works department at Ottawa made a careful examination of possible locations and they reported in favor of the site chosen.

Just why such a structure should be placed on a side street, instead of erected on a main thoroughfare, is somewhat difficult to figure out.

THE VIEWS OF A GRIT PAPER.

The following is from the Ottawa Free Press (Liberal).

Of course it very interesting to watch the spirited attacks which are just now being made by a number of Ontario Conservative newspapers upon Sir James Whitney. But one cannot help being amused at the fret into which some of these organs of public opinion have worked themselves.

If we believed the Kingston Standard, the Toronto Telegram, the Toronto Orange Sentinel and others, we must come to the conclusion that the very foundations of Canadian liberty are being undermined by the monster Whitney and that he contemplates bringing the whole state fabric toppling about our ears.

But we really can not, though quite inclined that way, yet understand how Sir James Whitney's action in permitting, in a few special

circumstances, a few French children in a few French districts in this Province to be taught their first school lessons in the language learned at their mother's knee...

Some of the critics of Sir James Whitney are making themselves ridiculous. They are suffering from hysteria with a hydrophobic expression. In the Toronto Telegram and the Orange Sentinel such outbreaks are no surprise, because those newspapers are chronic sufferers from "nerves."

We would suggest a couple of weeks in a sanitarium. At the end of that time he may realize that the so-called concessions which Sir James Whitney has made to the French-Canadian people of Ontario are utterly worthless...

NOTES AND COMMENTS.

The country that can beat Canada for fall weather hadn't been placed on the map at last accounts.

The House of Representatives at Washington has adopted a lower tariff by 151 majority. Tariffic.

A man seventy years of age won the croquet quilt prize at the Ottawa Fair. This is still another exemplification of the fact that it is a long worm which has no turning.

Sixty-nine fortunate youngsters saw the light of day in Brantford during the month of September. It's a great thing when your only troubles are little ones.

Hamilton is boasting a population, said to total over 100,000. It is believed that all the poles have been in-

cluded under the classification of Pollocks.

The Toronto Globe devotes another leading editorial to the removal of the name "Sir Wilfrid" from a necessarily dirty dredge. The real compliment consisted not in the christening, but in the obliteration.

HERE AND THERE

A Regular Circus.

"What did you think of the dinner party last night?" "It was the most daring bareback performance that I ever attended; and as for your niece, she outstripped all her competitors!"

Why They Leave the Farm.

Farmer to his son: "Johnnie, after supper be sure and cut enough kindlings, then finish the milking and see that the horses are bedded and fed. Be sure that the chickens are locked up, and don't forget to finish bagging the grain for the load I'm going to get all these done. I'm going to the meeting to discuss how to keep boys on the farm."

The Making of Money.

From the Winnipeg Free Press. "To be clever enough to get lots of money," says a writer, Honoré Willis, in Harper's Weekly, "one must be stupid enough to want to devote one's life to getting it."

A Boy's Reason.

Boston Record. A Boston man has a son who has just entered school. He was supposed to be enjoying it, but one morning this last week he walked into the dining room where his father was having breakfast and remarked: "I'm tired of going to school, pa. I think I'll stop."

"Why" asked the father; "what is your objection to going to school?" "Oh," answered the boy, "it breaks up the day so."

A LITTLE TEA PARTY WAS INTERRUPTED

Police Make an Excursion to Kerby Island Last June.

Early last June there was an interesting little "tea" party held on Kerby Island at which several local men were entertained and liquid refreshments, some of them much stronger than the ordinary tea, were passed around. Unfortunately, however, despite the fact that they had received no invitations to be present, Sergeant Wallace and a couple of assistants "budded in" and appeared on the scene just in time to see those gathered around the festive board, helping themselves from a large keg of beer and a great bottle of whiskey.

Just as the officers saw the picknickers, however, the picknickers saw the officers. Some one cried "police" and there was a scatter. Sergeant Wallace, however, noticed that one of the men in attendance had been Frank Clawsey, a "billed" man and after confiscating the booze, he returned to the station and laid an information against that person, charging him with drinking liquor while on the "billed" list.

But Clawsey, the police claimed, was still running and it was not until a few days ago that the officers were able to serve him with a summons to appear in the police court.

This morning he admitted being at the party, but declared that he had not arrived in time to get a drink before the police appeared on the scene. In explanation of why he ran, he stated that he would have been charged just the same, if they had caught him. Magistrate Livingston believed that Clawsey had been drinking, especially in view of the fact that the liquor was nearly all gone, and found the accused guilty. A fine of \$10 and costs was imposed.

Another liquor charge was adjourned until Friday.

Case Adjourned. The case in which Andrew McMeans is charged with a breach of the public health by-law was adjourned as McMeans was too ill to come to court.

John McGregor, a man of 65 years

of age pleaded guilty to a charge of vagrancy but told the Magistrate that if he was allowed to go he would leave the city at once.

"I don't know where I will go, but I will go some place" the old man replied in answer to a query by Magistrate Livingston, and His Worship thought that the best plan would be to let him get out and endeavor to get a home before winter really sets in. McGregor said he came from Hamilton and the authorities will endeavor to get him transportation to that city.

Chief Slemin expressed the opinion that there would be a number of vagrants to be looked after this fall.

Convention Closed Last Evening - Membership Figures for the District.

The nineteenth annual convention of the Brantford District Epworth League was brought to a close last evening by a commitment service. Linked with the service was an address by Rev. E. L. Farewell, Epworth League Field Secretary. There was a good attendance at this service and much benefit was derived. Splendid addresses have been delivered during the conference, addresses from which the leaguers have secured much valuable information and which have fired them on to do greater things for the Master. Rev. A. E. Marshall was one of those who assisted at the service last evening. There was special music by the conference church choir.

Session Yesterday Afternoon. The session yesterday afternoon was opened by devotional exercises led by Rev. A. J. Steider. Rev. M. S. Daniels taking for his subject, "The Value and Methods of Study Classes," delivered a valuable address. In his address the speaker urged the leaguers to form study classes in their individual leagues.

This address was followed by an address by the Field Secretary on "The Challenge of our Fourth Department." Citizenship is known as the fourth department. The speaker outlined ideal citizenship and urged the leaguers to form debating societies in the leagues and take up all the branches of this subject. The Field Secretary delivered an address, taking for his subject, "What We Can Do." In this address he spoke of the things the individual league worker can do. "What We Shall Try To Do" was dealt with at a round table conference.

Officers Elected. The following officers for the ensuing year were elected yesterday afternoon: President, J. W. Shepperson, city; first vice-president, Rev. A. E. Marshall, city; second vice-president, Miss Cora Hicks, city; third vice-president, Mr. Percy Vansickle, Cope-town; fourth vice-president, Mr. Ira D. Scruton, city; fifth vice-president, Miss Theall, city; secretary, Miss Agnes Butler, city; treasurer, Miss Fines Taylor, Paris; conference representative, Rev. J. E. Todd, Mt. Pleasant.

The leagues of the district and their respective membership is here given: Paris 98, Jerseyville 98, Lynden 54, St. George 43, Cope-town 43, Troy 43, Wellington St. 43, Colborne St. 82, Mt. Pleasant 41, Gainsville 89, Wesley 42, Trinity 42, Zion Hill 30.

Total 698. Oxford St. and Brant Ave. have just recently reorganized. A report was not received from Sydenham St. League.

RAILWAY BOARD WILL DECIDE MATTER

Affecting L. E. & N. at Meeting in Hamilton

Several matters affecting the Lake Erie and Northern Railway will be taken up at the meeting of the Board of Railway Commissioners in Hamilton a week from Friday.

The route of the railway through the Massey-Harris property will be settled. The question between the Grand Valley Ry. and the Lake Erie and Northern Ry. as to which will have prior right as to crossings will be taken up.

The board will also pass upon the manner in which the tracks of the Grand Valley Ry. should be diverted by the Lake Erie and Northern Ry. in the vicinity of Paris.

Another important matter that will come up will be as to whether the Lake Erie and Northern Railway can get an entrance over the Grand Trunk lands to Port Dover harbor.

MORE REPRESENTATIVES FOR CITY BEAUTIFUL

Inasmuch as Agricultural Park, the home of the Canadian League in this city, is to be affected by the plans of Mr. Frank Cockshutt for a more beautiful Brantford, President Nelson was solicited this morning to name representatives to assist in forming plans in connection therewith. It is desired to render the park more beautiful without impairing its utility as a sports field. Mr. Nelson named Messrs. John Colter, W. A. Robinson and Fred Westbrook to act for him. Evidently Mr. Cockshutt's plans are on a big scale, and he will have the co-operation of many representative citizens.

LOU JOHNSON STRUCK ON HEAD

Near Fatality Happened on Darling Street Today.

There was a near fatality on Darling Street this morning when Lou Johnson, the well known trainer for Mr. John Colter was struck on the head by a piece of iron. The doctor in attending Mr. Johnson's injuries remarked that had the iron struck him a half inch lower, the injury would have been fatal. The iron was attached to the end of a rope used for throwing over wires and it was when the iron was thrown over that Mr. Johnson was caught unexpectedly. He was conveyed to his home in a semi-conscious condition. At the Hydro-Electric department to-day no particulars were known as Engineer Ireland said he had received no report from his foreman of the accident in question.

Greens Lead In Y.M.C.A. Contest

The green side led again to-day in the membership campaign being conducted by the Y. M. C. A. It is particularly requested by the campaign officials and leaders that all the team members and captains get their results in at once, also that those intending to join will give the team of whatever color they wish to come in under their membership. The campaign closes Friday evening at 9 o'clock and if the results do not come in faster there will be a tie up at the finish. Only two of the officials know the actual results of the campaign, neither section leader, knowing the figures. The red and green headquarters looked very attractive last night being decorated with flowers and pennants where the prospective members were welcomed and shown the building.

The boys' department is also completed and presents a very fine appearance. It is going to be the ideal place for the boys of the city. The secretaries have plans and arrangements well under way. Dormitories are still being rented.

Local News

Quarterly Audit. The county auditors will start on the provincial and county quarterly accounts next Tuesday.

Court Sittings. The non-jury sittings of the county court opens Tuesday afternoon at 1 o'clock before his Honor Judge Hardy.

Legal Note. At Osgoode Hall yesterday: Re John Wesley Vanderlip - J. Harley, K.C. for executor, moved for order approving sale of lands of deceased for \$8,500. Leighton, for widow. Order made.

Customs Returns. For the first time in a very long period Brantford Customs during the month of September showed a falling off as compared with the same month last year. Figures, September 1912, \$57,702.03; September 1913, \$53,441.57.

A New Publication. Trinity Church has just published the first copy of a Parish magazine to be known as the Trinity Church Messenger and should be a credit to the congregation and more especially to the committee who have charge of the work. This so far as we know is the first publication of its kind in this city and for this reason it should secure a large sale.

Dangerous Crossings. Yesterday afternoon two young gentlemen employed by the Bell Telephone Co., while driving near Gainsville had a very narrow escape from being hit by a Radial car. The young men did not see the car until it was upon them. One of them jumped when he saw the car, while the horse also became frightened and jumped across the track, missing the car by about 12 inches.

The Story Hour. There was a splendid gathering of children for the story hour at the Public Library yesterday afternoon. The hour is very popular with the children. A splendid speaker is always secured and the children leave the library much delighted with the stories. Yesterday afternoon Miss Middlemiss who has charge of the Children's Department delighted the gathering with the story of Peter Pan. Miss Middlemiss is a very pleasing speaker.

Obituary. Hurrari Augajan. The death occurred in the hospital yesterday of Hurrari, the 2 year old son of Mr and Mrs Somon Augajan, 30 Buffalo street. The funeral will take place this afternoon from the residence of the parents to Grace Church, thence to Mt. Hope cemetery.

John Burles. Mr. and Mrs. William Burles, 275 Sheridan street, mourn the loss of their seven months old son, John, who passed away yesterday evening. The funeral will take place Friday.

BOARD OF TRADE TO HELP IN SCHEME TO BEAUTIFY CITY

(Continued from Page 1)

In glowing terms Mr. Cockshutt referred to the many parks and public play grounds in the city. He also referred to the growing sub divisions close to the city and suggested that if proper plans upon which to work were given to the promoters of these sub divisions that they too would fall in line and do their utmost to make the suburbs equally attractive.

Mr. Cockshutt stated that a set of rules should be laid down whereby one and all should act in accordance with and work for the city as a whole.

Mr. Cockshutt referred to the many parks and public play grounds in the city and requested one and all to support the board in the work they were trying to carry out. He asked his hearers not to look into the present alone but the future. He made reference to railways making inroads on city property and referred to a certain railroad as a Scenic Railway.

The speaker said that we should take great care in the selection of civic buildings and took occasion to criticize the location of the new post office on the present site. In conclusion Mr. Cockshutt asked for the hearty co-operation of all in the grand movement of endeavoring to beautify the City of Brantford. He also went on record as favoring the retention of the market on the present square.

Mr. W. F. Cockshutt, M.P. Mr. W. F. Cockshutt also paid a compliment to his brother for the manner in which he outlined the proposed beautification scheme. Mr.

Cockshutt took exception to the criticism of his brother, Mr. Frank Cockshutt, about the location of the new post office on Dalhousie street. If a mistake had been made, Mr. Cockshutt said, the entire responsibility rested upon himself, as he had advised the Government on the matter. Mr. Cockshutt regretted the criticism which had apparently been made, as he thought the new post office had been placed where it would be in the best interests of the people at large. In regard to the market question, Mr. Cockshutt did agree with his brother, stating that there should be proper shelter on the market, as it would prove of great relief to the workmen against the advance in the cost of living. The speaker stated that railways were necessary for the development of the country. Railways, said Mr. Cockshutt, were for the best interests of the Dominion of Canada and the people at large.

Mr. Frank Cockshutt, in explanation of his remarks about the new post office site, expressed the belief that the location was the best possible one for Government purposes, but he did not think the city should ever have sold the land.

Mr. C. H. Waterous paid Mr. Cockshutt a flattering compliment for the manner in which he had outlined the scheme, in which the Board of Parks management were about to launch. Mr. George Matthews also complimented Mr. Cockshutt. Mr. Matthews made reference to railways being given the right of way when and where they chose.

Mr. A. L. Baird referred to railways being given the right of way and stated that he was of the opinion that a municipal department should be formed by the government.

Mr. John T. Hewitt stated that he was of the opinion that the county should be asked to enter into the scheme. Mr. Hewitt referred to the strengthening of the dyke in the vicinity of the Waterloo property in Eagle Place, and also in West Brantford. Mr. Hewitt claimed this was

necessary for the good and welfare of the city, as the manufacturing district had to be fully protected from water and floods, and unless same was done manufacturing concerns could not be induced to locate here.

One Minute Liners Gathered To-Day

Moved by E. L. Gould, seconded by W. N. Andrews, that the following be appointed to represent the Board of Trade on the committee of citizens to be organized as proposed by the Board of Parks management in the letter of Sept. 17th for the purpose of studying the conditions of Brantford with a view to their improvement from the point of view of the landscape architect: G. H. Wilkes, J. Stratford, J. T. Hewitt, S. G. Read, A. J. Wilkes, T. H. Preston, J. Muir, F. D. Reville, A. Muir. The meeting then adjourned.

UNIQUE ATTRACTION

Yesterday saw a large attendance of interesting ladies at the cooking demonstration at the Howie & Feely's store, in the Temple Building. The visitors were keenly interested in observing the class of baking being turned out before their eyes by the McCleary gas ranges. Cakes were served hot from the oven to the visitors, while a lady in attendance served hot tea and coffee. This cooking demonstration will be continued Thursday and Friday afternoons of this week from 3 to 5 p.m. Be sure and drop in, you will be made welcome.

Dame Fashion's Latest Creations!

The only sure thing about the lady who rules the destinies of style is her changeableness. The fickleness of Fashion has become a proverb, and true to her reputation another innovation has made its appearance.

It's to material this time that Dame Fashion has directed her attention and the result is the beautiful new dress goods, Wool Popinette. We have received a number of very dainty ready-to-wear dresses of this new material which will be pleased to place before you for your inspection. The goods are very soft and clinging; just the materials in which to produce the contour-following, and draped effects which are now being worn. In fact it seems almost as if this Popinette were made especially for this purpose.

One of these attractive dresses in Copenhagen blue, is made on the straight Empire lines, with the drop shoulder, trimmed with black satin and lace, with a black satin girdle, fancy lapel and collar. Other shades in the same material; navy, tan, burgandy and grey. A very attractive dress for afternoon wear \$14.50

Dainty Evening Dresses. One beautiful little dress is made of pale blue Crepe-de-chene with a tunic and overskirt; it is finished with pink and pale blue rose - bud trimming, white girdle and shadow lace yolk. No prettier dress could be found at any price for the debutant, whose fresh beauty would be accentuated by this simple, tasteful dress \$25.00

We are also showing some beautiful satin dresses with overdress of beaded chiffon, and chiffons in all the colors suitable for evening wear.

MACKMEN BLANKED BY WASHINGTON

Ayers Allowed Only Four Hits and Struck Out Eleven.

WASHINGTON, Oct. 1.—Ayers' recruit pitcher from the Washington League, allowed the Athletics to score four runs yesterday, and blanked the Mackmen for the rest of the game. Only two members of the Athletics reached second base during the combat. Opposed to Ayres was Boardman, a left-hander whom the Mackmen from the Washington Club of the Eastern Association. Boardman was hit hard in the fourth and sixth innings. Score: Athletics 4, Mackmen 0. Washington 3.

TWO GAMES FOR BOSTON.

New York Was Unable To Hit at Opportune Times.
NEW YORK, Oct. 1.—Chance's Sox lost two games with Boston at the Polo Grounds yesterday because they couldn't hit at opportune times. In the second game, Carrigan used Mosley, a recruit, in the eighth, and he pitched fine ball. His pitching beat the Yankees, who were able to get but two hits off him. The game was called at the end of the eighth on account of darkness. Scores: Boston 3, New York 2. Second game — Boston 3, New York 0.

KNOCKOUT BROWN WON.

NEW YORK, Oct. 1.—"Knockout" Brown, the rugged East Side light-weight, made his first appearance in a local ring since his return from the Pacific Coast and had the better of Danny Ridge in a ten-round bout last night. Ridge did superior work in the first three rounds. Brown went to the floor from a hard right to the jaw in the first, but he was up immediately. After the third round Brown's experience told and he outfigured Ridge in the next six rounds. The tenth was even, both men trying hard for a knockout. Both weighed in the neighborhood of 135 pounds.
Battling Levinisky, of Philadelphia gave a hard beating to Jack Keating, of Brooklyn, in every one of the ten rounds they fought. Levinisky weighed 166 pounds, conceding 22 pounds to his opponent.

NO WONDER.

It was a Rugby football star, and to the coach he spoke:
"Give me a uniform and I will make a hit."
"Into the gridiron instantly, I'm anxious to help you."
The head coach made no answer for on the floor he lay.
When he had grasped the great one's spiel he fainted dead away.

Connie Mack's fortune is estimated at \$250,000, all made in baseball. He was 22 when he quit making shoes and took to the American national game.

The Hamilton Alerts minus several of last year's best players nearly trimmed Ottawa in Ottawa. With Gerard now out of the game the capital city appears to have a team which is just ordinary.

In the British Isles there are over 1,800 golf courses registered. Of these no less than 1,000 are in England, with 400 in Scotland, 150 in Ireland and 100 in Wales. France has 41, Germany 62, Italy 17, Belgium 7 and Russia 1.

That rugby football has taken a hold in Brantford this fall is certain. With two teams already organized there is talk of another couple of aggregations appearing on the gridiron in the very near future, all of which goes to show that the rugby fever is contagious.

That final football match on Saturday should be a whirlwind affair from start to finish. Both teams are in excellent trim and are determined that they shall come home with the trophy. Of course, only one team can be returned a winner and from here it looks as if there would be some battle royal before a winner is decided. Football fans should be out in great numbers.

George Dunlop who graduated from the position of short stop on the London Canadian League team and who is now utility man with the Cleveland Naps will be given a chance to show his goods in a post season series with Pittsburgh. The manager of the Cleveland team is reported as saying that George looks good to him and if he does well he may be given a regular berth next year.

"Ab" Mitchell Gives His Reasons for Becoming a Professional.
LONDON, Oct. 1.—"Ab" Mitchell, the noted artisan golfer, says that he was driven into the professional ranks on account of the intense hostility shown to him in the last two amateur tournaments because of the fact that he is a workman.
Writing to the Golf Monthly, he says: "My chief offence has been that I was born an artisan. In following my occupation to get a living, first as a gardener then as a chauffeur, I had no opportunity to play golf. The ordinary British artisan has the right to expect. There are golf clubs in England, and an artisan golfer is not wanted in amateur circles.
Mitchell says he fully intended to cross the Atlantic to compete in both the amateur and open tournaments, but was warned before his departure that measures would be taken to prevent him from driving from the first tee.

REPRESENT COMMISSION.

Leslie H. Constance in New York Looking After World's Series.
NEW YORK, Oct. 1.—Leslie H. Constance, representative of the National Baseball Commission, reached New York this afternoon and immediately took up the work of looking after the affairs of the National Commission in regard to the coming world's series between the New York Giants and the Philadelphia Athletics, the first game of which takes place here Tuesday, October 7. He made this statement:
"Mr. Constance urges upon all out-of-town newspapers who intend sending their representatives to the world's series to look after the games to send their applications in immediately to Win. McBeth, of the New York American, New York, and Joseph E. McCready, of the Philadelphia Press, Philadelphia, in regard to reserving their seats. It is absolutely necessary that they be reserved at once, as arrangements also must be made without further delay."

value of such a diet may be, it lacks one vital essence—something to make the consumer's life worth living. The case of Miss Selma Peterson proves this. The girl was found dying in her room at No. 519 Lincoln Parkway. The place was full of gas, because she had left the jets open. She was taken to the County hospital, where she was revived, made an ante-mortem statement, and died. Her career ending thus terminated a clerk in a corner's office proceeded to write her obituary. It read as follows: "Selma Peterson, nineteen years of age, died at No. 519 Lincoln Parkway, Brantford, Ontario, on October 1, 1913, of gas asphyxiation. No relative cause unknown." No relative cause unknown, suggesting a mystery prompted investigation. A visit to Selma's little room was rewarded by the discovery of three items called to illuminate the clerk's cold account of her career. One of them was a Bible, on the fly leaf of which was written: "Selma, from her mother." The second item was a note in which had attempted to shed some light on her life story. It said: "Doctor, did you ever live for six months on twenty cent dinners?" The third was a little notebook. In it the girl had recorded the menu set forth above. There were other items in the notebook which indicated that Selma was a desperate student of economics. From them it appeared that she was employed by a clothing firm at \$8 a week. The income Selma had distributed as follows: Meals, \$3.15; Room rent, \$2.50; Carfare, 60 cents; Laundry, \$1.00; Total, \$7.25. Thus, Selma had been able to demonstrate, at the end of each week, having liquidated all current indebtedness, she would have left for orchids, automobile rides and theatre parties a grand aggregate of 75 cents. At the County hospital the doctor who was with Selma when she died was asked if she had made a statement. "Yes," said the physician, "she revived. For a short time before she died she was lucid."

"What did she say?" "Why, now that you mention it, she said a funny thing. I asked her what made her do it. She did not answer for a long time, and then she asked: "Doctor, did you ever live for six months on twenty cent dinners?"

BOSS BARBERS RAISE OBJECTIONS They Do Not Want to Close Shops on Wednesday Afternoons.

The boss barbers of the city do not take kindly to the action of the National League have a system of heating Heinie Zimmerman of the Chicago Cubs out of base hits. The secret was disclosed by Jeff Tesreau of the New York Giants, who won a thirteen inning game from the Cubs the other day. He went through that battle without facing Zimmerman because the latter was serving a three-day suspension as a result of a run in with Empire Byron. Tesreau regretted that the Cub third baseman was not in the batting order, and while he was making known his feelings revealed the secret that many of the twirlers have of preventing Zimmerman from fattening his batting average. "I would rather pitch to Zimmerman than any other man in the league I know of," said Tesreau. "And there are many pitchers in the league who feel the same, because we have talked about him. Whether he is going to be annoying is learned when he makes his first trip to the plate. If he secures a single or an extra base smash that time he is always dangerous the remaining innings. If he does that, you can bet your bottom dollar he will be in the batting order."

NATIONAL LEAGUE PITCHERS HAVE ZIMMERMAN'S GOAT

NOT A VILLAGE IN ALL CANADA

But Can Tell of Genuine Cures by Dadd's Kidney Pills. Dunnet, Ont., Man Tells How Quickly they Built Him Up and Brought Him Back to Perfect Health. DUNNET, Ont., Sept. 29.—That there is not a village or post-office in Canada that cannot provide a genuine cure by Dadd's Kidney Pills has been shown many people bear grateful testimony to the wonderful curative powers of this simple remedy. Mr. Alex. Roy is one of these. "I used Dadd's Kidney Pills for a run-down system," Mr. Roy states. "My head ached, my limbs were heavy, and my skin had a harsh dry feeling, and would itch and burn at night. Three boxes of Dadd's Kidney Pills cured me." Dadd's Kidney Pills simply cure the kidneys. The work of the kidneys is to strain all the waste matter out of the blood. If the kidneys are out of order they fail to do their work, the waste matter remains in the blood, putrefies and causes serious diseases. The natural cure is to make the kidneys do their work. Dadd's Kidney Pills always do this.

UNCLAIMED LETTERS AT THE POST OFFICE

The championship game for the Roberts and Van-Lane Cup next Saturday at the O. I. B. grounds promises to be a hot one. The St. George's team proved too good for the St. George's team when they clashed in June last. Both teams will be well represented on Saturday and a close game should ensue. Play will commence at 2:15 sharp. Albert Moughting will score, and George Richards will umpire for the St. George's team.

Miss Raymond's Concert. From the rapidity with which the plan for Miss Raymond's concert is filling up at Robertson's drug store, it looks as if the size of the audience on Thursday night will be a demonstration that Brantford is loyal to her native born and that her citizens feel a lively interest in the young singer. Miss Raymond is assured of a good house and the house assured of a high class concert.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY Sage Tea and Sulphur Darkens so Naturally That Nobody Can Tell. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

ELGIN—Warden Jackson and son, Mr. E. L. Dickie, secretary of Toronto's Social Service Commission, was an interested visitor.

The tour of the farm commenced with the new administration building and dormitories. Dr. Bruce Smith was waiting on the hillside, where the big stone wall would be if there was one, for the first party of visitors. The new offices are beautifully finished, and will soon be occupied by the staff.

Nearing Completion

The great, new three story dormitory building in the rear is well on to completion. There was no trouble in recognizing the mission of the cells with their reinforced concrete walls. Dormitory accommodation will be 600. Every room will have a half day's sun, since the windows face east and west.

have arranged to have you before the parole board next time."
"Thank you, Mr. Hanna," said the man. "You will put in a word for me?"
"Yes, I will."
"We take a census twice a day," said Dr. Gilmour, continuing an explanation of the rules; "once when the men are at the noon meal and again when they go to bed. You cannot remember 300 faces. The faces of these men at dinner now will measure up to those of the men in any factory."

A number of the visitors were heard to make similar comment on the intelligent faces of the prisoners. "There was a time when I looked for the 'criminal type,' that I read about in classical books on criminology," said the warden. "I failed to find it. There is no criminal type. Of 750 prisoners I can count on the fingers of one hand those you would call incorrigible."

On to the Kitchen.

The visitors passed on to the kitchen, with its big ranges. One man there wore a white coat. He was the only free laborer. All the rest were sentenced men. The party saw the spotlessly clean dairy stables; drank buttermilk—some of them—in the dairy building; saw where the hydro line, which lights the place across the farm; viewed the orchard of 1,800 young trees, the filtration plant, and the big herd of Holsteins. Professor S. E. Toad, whose fame as district representative in Lambton went abroad before he was called to wider fields, explained the new features in his department—the agricultural and dairy. After dinner the party saw the great stone quarry and its busy workmen and machines.

term prisoners that you cannot teach trades but they can work at stonework; and all municipalities require stone for roads."
"Uniting, you should get an organization that will command, not a jailer at \$400 a year," said Mr. Hanna, "but something that will be worth while taking hold of, and men worth while in charge. Get out of your heads entirely any thought of expensive building. Any change we would make in our original plans here would be in cheaper construction—I don't mean less secure. My thought would be a work-camp, a place where you can exercise care over those who are unfortunately wards of the public and inmates of your jails. I do not mean gates and bars; you do not need them so much, but all the time you must know where the men are, what they are doing, and have somebody keeping them at it."

"I hope within the next year to demonstrate by giving the central prison a separate account and crediting at market rates what we produce for our own public institutions, and charging us with every dollar in the way of maintenance, including administration, that we will not only pay the whole cost, but would hope to have a nice dividend that would be the property of the province and which would, in the nature of things, I think, find its way into distribution among those who are dependent on those here. (That is not a statement made on the hustlings or at a picnic in the bush but after we have gone into the figures as particularly as we can. I see Lucas pricking up his ears to see if it is so.)"

the Fort William farm was proving to the Western Provinces.

County Clerk Bowman of Waterloo, brought up the matter of distribution of cost between province and county, but Dr. Smith said all was provided for in the Prisons Act for 1912, brought in by Mr. Hanna.

Mr. Bowman admitted that good results were not being obtained from county jails.

HYDRO WILL BE FINISHED IN TIME

Engineer Ireland Makes Statement Re Ornamental Light System. Several enquiries having been made by citizens regarding the installation of the ornamental street lighting system, the question was taken today at the office of the Hydro Electric department and the following information obtained. A very large amount of work on the part of the Fire and Light Committee was necessary in order to obtain the requisite number of returns to the petitions and no payment or material could be obtained until the petitions were certified by the City Clerk and a by-law passed by the Council. For these reasons was not possible to award contracts until about Sept. 1st, but as a matter of fact only a week elapsed between the date on which the contracts were awarded. The guarantee dates of delivery for the various items of equipment are as follows: Cast iron Standards—half Oct. 15th, remainder by Oct. 15th. Cable, jointing material, etc. Oct. 15th. 3-20 light Regulators—Nov. 15th. 150 complete Magnetite lamps 21st.

The order of work will be as follows: First, the foundations standards will be installed. Foundation will be a block of concrete 30 inches square and 90 deep. Four anchor bolts will be in the concrete for securely holding the standards. Two elbow fibre conduit are also moulded concrete and the cables are run up into the hollow base of the standards through the conduit. It will be noted that the construction of the foundations cannot be completed until the conduit elbows are in place. These were shipped on Sept. 1st and are expected daily and immediately on their arrival the work of installing the foundations will follow. The other items will follow in due course so that if no delays in shipment take place work can be completed in 20 days.

Parks Board General Matters of Importance Taken Up at Meeting Last Night

At an important meeting of the Board of Park Commissioners held in the Mayor's Office last night, which all the members of the Board were present, the proposed beautifying of the city with other important matters were transacted. A communication was from the City Clerk stating that the Parks Board the Grand River Avenue, which was recently opened below Terrace, it is proposed to Mill St. by that name. The Waterworks Board the Park Commissioner handing over of the corner of West 4th St. for a public playground. The Board of Works have been working there leveling it.
