NOTICE
Military Service Act, 1917.
EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

The Call.
They have given their all to the Nation's cause,
They have hungered and fought and bled,
They have proved their worth to the land of truth,
Where rivers were running red,
They have mended their gun till the last man fell,
And died that you might live,
They have faced the flame of a war's red net,
And you, what did you give?
From the Dardanelles to the fields of France,
And crosses white mark their resting place
In many a foreign land,
They have beaten the foe on every side,
And worried him man for man,
They have fought and bled at the British lead,
And died as the British can,
And this is the call that they sent to-night,
From their trenches across the sea,
We have given our all to win the fight,
Will you lend for victory?
It is not much that we ask of you
We have given all that we have,
And we're waiting to see what you will do.

Household Hints.
Worth Remembering—When preparing a chicken, try rubbing the inside with a piece of lemon and you will find it very good, as it whitens the flesh and makes it more tender.
To keep a chimney free of soot, occasionally sprinkle a little salt petre over the fire. Teapots are easily cleaned always use buttonholes and before washing a sweater or any other wool garment of where buttonholes are liable to stretch
Greas stains on leather may be removed with benzine. Wash the spots afterwards with beaten white of an egg.
To remove finger marks from white enamel, rub with a moist cloth dip of
A colored or faded blouse may be bleached white by boiling in cream of tartar solution.
Equal parts of turpentine and ammonia will remove paint.
To restore color taken out by acid use ammonia (oil volatile or barba horn) drop on the faded spot.
When travelling dip the tops of corked bottles in hot paraffine before packing them and the contents will never spill or leak out.
Use kerosene or gasoline for cleaning purpose only during the daytime and in the open air or in a well ventilated room containing no open flame.
Cure for rheumatism: A year or so ago Lord Anson, of London, is said to have paid a physician \$1,500 for a recipe for cure for rheumatism, for the sole purpose of making it public. It was as follows: Sulphur, one ounce; cream of tartar, one ounce; rhubarb, half ounce; gun guaiacum, one dram; honey, 16 ounces. A tablespoon of this is taken at night and morning in a tumblerful of lemonade.
Kerosene oil rubbed on kettles will make them like new.
Put a pinch of salt when beating the whites of eggs.
Remove paint from a window with hot sharp vinegar.
Remove chocolate stains with borax and cold water.
To get cake out of the pan whole also taken from the oven set it in a wet cloth for five minutes.
To remove ink from white goods, soak half an hour in vinegar, wash, and in solution of chloride of lime, wash.

WOMAN'S NERVES MADE STRONG
By Lydia E. Pinkham's Vegetable Compound.
Winona, Minn.—"I suffered for more than a year from nervousness, and so bad I could not rest at night—would be awake and get so nervous I would have to get up and walk around in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound, and bought a bottle. I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. Wm. W. Wilson, 608 Grand St., Winona, Minn.
How often do we hear the expression "nervous"? "I am so nervous, I cannot do my work." "My nerves are all shot." Such women should profit by Mrs. Pinkham's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.
For forty years it has been overcoming such nervous conditions as displacement, inflammation, ulceration, irregularities, periodic pain, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

Sir Thomas White's Appeal to Canadians
Points Out Great Need of the Victory Loan to Carry On the War.

The opening of Canada's great Loan drive the Minister of Finance issued the following message to the People of Canada:
The Victory Loan of 1918 is now being offered for public subscription. It is the largest and most important financial measure of the war, and it is the responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unqualified success.

SIR THOMAS WHITE
Minister of Finance under whose direction the great Victory Loan drive for \$500,000,000 is being made.

The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.

Apart from patriotic considerations which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the Loan should not fail of its purpose. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value.

All citizens are earnestly invited to subscribe. Remember, you are asked to give but to lend your money. Small subscriptions from those of slender means are as welcome as the large. In the last Victory Loan we received subscriptions of over four hundred million dollars from over eight hundred thousand subscribers. This year we expect five hundred million dollars from more than a million subscribers.

Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the unity, stability and determination of the Canadian people in this world struggle. Even if the war should end in a sudden date that has been anticipated, all the money asked for will be required for the purchase of Canadian products. The organization and publicity work in connection with the Loan has been completed for many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree, is an entirely confident expectation.

W. T. WHITE,
Ottawa, Oct. 25th, 1918.

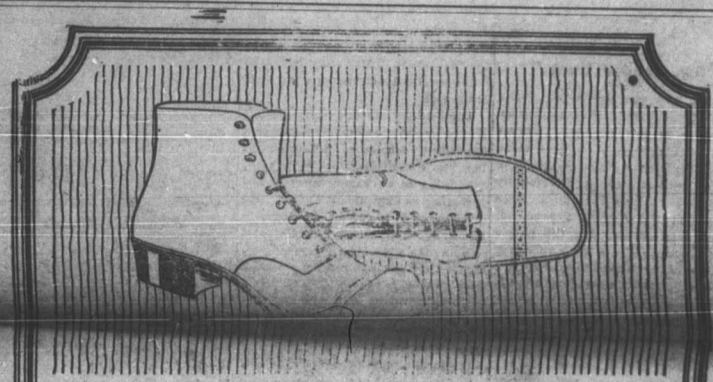

CANADIAN ARMY AND THE VICTORY LOAN
War Costing Canada Over Million Dollars a Day—\$400,000,000 Will Be This Year's Bill.
Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 425,000 have gone overseas. Canada's 1918 war bill will be \$400,000,000.
Canada's war expenditure is now \$30,000,000 a month.
It exceeds \$1,000,000 a day.
The \$400,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill.
\$200,000,000 is needed through the Victory Loan, even though peace should come to-morrow.

BANKS WILL LEND.
In order to help out small subscribers to the Victory Loan the banks will lend subscribers, on the probable certainty of repayment within a year, up to 50 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5 1/2 per cent. Repayment to be made monthly and quarterly. These are much better terms than were granted last year.

There are over 425,000 Canadians overseas who will have to be kept for at least a year, even if peace were to come this month.
No one who looks at the casualty lists can do otherwise than subscribe every cent he is able to the Victory Loan.

The Canadians in France have set a high standard for those at home to reach in the Victory Loan campaign. Canada must put every ounce of effort into the Victory Loan drive. Contributing to the Victory Loan would have a wonderful effect on the Canadian flag in France. It would be the best thing that Canada could possibly do.

As the price of news print paper has increased about twenty per cent in the last two months, and a hundred per cent in two years, subscribers will enjoy a favor by cheerfully remitting their subscriptions in advance as promptly as possible. It is impossible to make up the amount of a paper unless a number of subscriptions are received and it is an all-around matter that makes the considerable.

Better Value for Your Money
THE size and the resources of the producer have a big effect upon values. A large volume of business reduces the cost per unit of product. Great buying power means the ability to secure materials well in advance, and at lowest prices.

Ames Holden McCready supply the shoe requirements of a large part of the Canadian public. More than 5,000 dealers, in all sections of the country, sell A.H.M. shoes. No other Canadian shoe house has anything like this volume of output.

And in financial resources the company occupies the same dominant position. It is able to place contracts for materials far in advance of actual requirements, and at better prices than would be possible for smaller purchases. These facts are important in normal times; they are doubly important now.

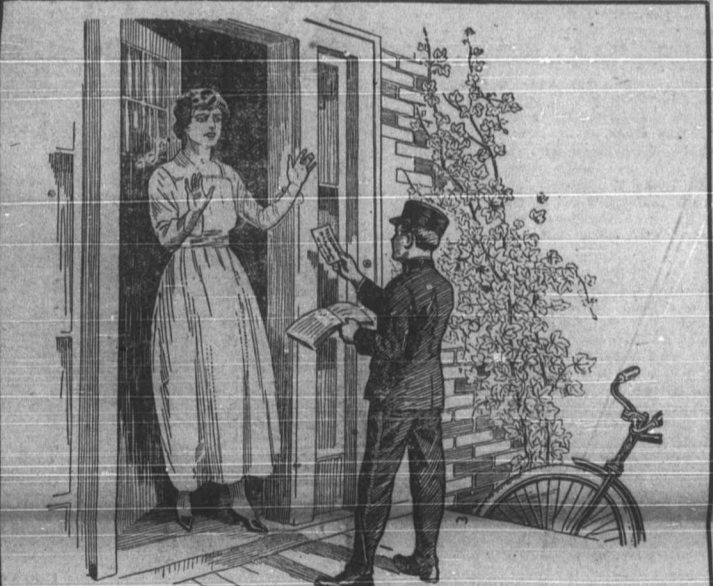

The A.H.M. trade-mark on a shoe is a warranty of value based upon the large output and greater buying power.

A.H.M. War-Time Substitutes Offer Special Service Value for Men, Women and Children. Ask your dealer for them.

A Tribute.
(New York Herald)
Britain and French and Belgian, Stalwart and strong and fine, Brothers, we would a tribute pay To you who have held the line! You fought when the fight was fierce, You spilled your blood like wine, Bleeding and dying and almost gone, You fought—but you held the line! We are coming hundreds of thousands strong, We will fight till we reach the Rhine, But comrades, we know the debt we owe To you who have held the line! The Annual Session of the Grand Division of the Sons of Temperance which was to have been held in Halifax the first week in November, has been postponed until Dec. 2nd, 3rd and 4th.

The Dreaded Message
IT is the women that have suffered most in this terrible war—
"For men must work
And women must weep."
There has been the worry and anxiety. The watching and waiting in constant dread of what might happen.
Because mental suffering is far more distressing and debilitating than physical pain and discomforts women have had the greatest burden to bear.
The strain has been both severe and long, and the result is an alarming increase in diseases of the nerves. Nervous headaches, neuralgic pains, nervous prostration and exhaustion, restlessness, irritability and melancholy.
These are some of the indications of nervous breakdown.
The building up of an over-heated nerve system is often a somewhat tedious process, but with the persistent use of Dr. Chase's Nerve Food you can be sure that restoration is both natural and lasting.
Get out into the fresh air as much as possible. Seek the companionship of healthy, cheerful people and depend on this food cure to enrich your blood and supply to the depleted nerve cells the nourishment essential for their restoration.

Mrs. S. N. Hurst, Harris, Ont., writes:
"About thirteen years ago, owing to a shock I had received, my nerves simply got the better of me. I could not sleep at night nor work in the day time. I suffered from a trembling sensation in my stomach, which kept up continually. I doctored for about a year and a half without getting any benefit. Then someone advised me to try Dr. Chase's Nerve Food. I did so, and at first was nearly discouraged, but as I was finishing the first box I found I was getting a little better. I then continued the treatment until I had taken six boxes, and during this time seemed to be getting stronger and better as time went on. The trembling in my stomach ceased, and I was able to eat and sleep without any difficulty. I am very grateful for having been advised to use Dr. Chase's Nerve Food as I had about given up hopes of ever getting any relief. I therefore gladly recommend the use of this treatment to any one suffering from nervous trouble of any kind."
In order to be sure of getting the genuine Dr. Chase's Nerve Food it is only necessary to see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. 50c a box, 6 for \$2.75, all dealers, or Edmondson, Pates & Co., Ltd., Toronto.

Premier Borden Subscribes

The following is a copy of a telegram received on Wednesday by Mr. W. H. Chase, Chairman of the Victory Loan for Kings county, from the Premier.

"Telegram received. Shall be glad to make subscription of ten thousand dollars to Victory Loan from my native county, which I am so proud to represent in Parliament."

(Signed) R. L. BORDEN.

"On Bended Knee."

The above was the heading of a most excellent editorial in the Halifax Chronicle of November 7th. In that editorial the suggestion was made that when Germany has accepted the Allies' terms of peace as delivered by General Foch and the good news comes that the fighting has ceased, that at noon of that day the people assemble in their several churches for a service of humble thanksgiving.

I have not had time to consult with the other ministers of the town before your paper goes to press, but I believe it would be of the same value. We shall then show that we realize the spiritual significance of the occasion and prove ourselves worthy of the victory. At noon then on the day that the glad tidings come to your own church and thank God.

'Mac' Wallace Among the Missing.

GALLANT AIRMAN'S FIGHTING CAREER CUT SHORT AFTER FOUR WEEKS' SERVICE AT FRONT.

'Mac' Wallace is reported missing. A wire reached his father, Mr. B. W. Wallace, Monday evening stating that he was reported missing on Friday last, Sept. 27th.

All hope that this gallant young lieutenant of the Royal Air Force landed safely, and that, at the worst, he has been made a prisoner of war. The fact that Friday was a stormy day on the western front, compelling many airmen to land, adds greatly to the chances that Mac has had to be taken by the Hun through no fault of his own.

This young airman enlisted last November, 1917, and quickly mastered the difficult science of flying, receiving his commission on May 15th, qualifying as an expert airman and becoming an exceptional fighter. He was granted his heart's desire a month ago and sailed from England to do a man's work in the great conflict. That his brilliant career as a flyer should be so quickly ended is most unfortunate, and pending further official information all are hoping for the best—Yorkton Hinter-prise, Oct. 3rd, 1918.

We have added to this notice also a few lines from a letter written to Mr. and Mrs. Wallace by Chaplain R. O. Banks: "I write this during the press of battle for the commanding officer, who wishes me, in the name of this squadron, to convey to you his sincerest sympathy, and to say how much your son's gallantry and fine services were valued and he himself honored for devotion to his duty. He will be missed grievously in his work and also by all his brother officers in the mess with whom he was most popular. We all hope so much you may receive news of his safety."

Mrs. Wallace was Mamie Fitch, daughter of Mrs. George Fitch.

Victory Bonds.

Every Person in Wolfville Should Buy Victory Bonds.

There is absolutely no excuse or reason why you should not. These bonds are the BEST investment on the market; at the same time you are doing something to help the boys "over there" put the finishing touches on the Hun. Every cent of money obtained through the sale of these bonds goes toward carrying on the war to a successful end.

Mr. Esty B. Bishop, who formerly lived at Greenwich, and also at Wolfville, died in Winnipeg, Man., on October 23rd, after a long illness. He was 75 years old, and the third son of Mr. Jesse B. Bishop. Some years ago he removed to Toronto and thence to Strathroy, Ont., where he was 5045, Walter and May, still living. During the latter part of his life he and his daughter, Grace, made their home in Winnipeg. The body was brought to Toronto for burial beside that of his wife, formerly Miss Alice Davison of Greenwich, who died some years ago. Mr. Bishop had many friends and relatives in Wolfville and Greenwich who were well known.

The Bridge to the British Market

The Victory Loan is a bridge over which the farmers of Canada drive their hogs, their cattle, their grain and all their surplus crops to the profitable British market.

For, the money raised by the Victory Loan enables Canada to give credit to Great Britain. And only by means of that credit can Great Britain buy the products of Canada's farms.

Therefore, when you come forward at your country's call and loyally lend your money that Canada may continue her vigorous prosecution of the war, you are also benefitting yourself and the whole farming community.

It is the duty of every earnest Canadian not only to invest heavily in Victory Bonds 1918, but to work among his neighbors to make the loan a success.

Before the subscription lists close, every man should realize the sterling character of the investment; the good interest return of 5 1/2%; the undoubted security offered in the Bonds of this wealthy nation; and the vital importance to all classes of people, particularly to the farmers, of the Victory Loan 1918.

THE ACADIAN.

WOLFVILLE, N. S., NOV. 8, 1918.

Local Happenings.

Mr. A. W. Hart, of Sydney, spent the week end in town a guest of his brother, Mr. D. S. Hart, Locust avenue.

It is not a bit too soon now to have those Xmas photos made. The Graham studio is showing a select line of New Mountings.

As THE ACADIAN goes to press a report, though not official, comes that peace has been declared, and the town is gay in celebration. May it be true!

Pte. Monte Wickwire who has been with the Royal Flying Corps at Toronto for the past two years, has been spending a short furlough at his home in Wolfville.

Word has been received from Rev. N. A. Harkness, late pastor of the Wolfville Baptist church, that he is for the present attached to the military camp at Niagara, and is enjoying the life very much. He has not yet been informed as to future plans.

In a private letter recently received from California the following item may interest some of our ladies: 'The college girls at Redlands University omitted butter from one meal a day until they saved enough to buy a Liberty Bond which they gave for the support of a French orphan.'

The death of Mr. Carl Shaw occurred on Tuesday morning after a brief illness of pneumonia. The deceased was a son of the late J. M. Shaw, and for a long time had been in charge of the delivery department of R. B. Harris & Sons. He was conscientious and faithful in the discharge of duty, and a popular citizen. He is survived by a widow and one child who will have much sympathy in this sad loss.

WANTED—At the Graham Studio, a young lady assistant.

A meeting of the Ministerial Association was held on Monday evening at the Methodist parsonage, the president, Rev. R. F. Dixon, in the chair. The president read a paper on "The Jewish Situation to-day." Rev. Dr. Gates gave a most interesting account of his tour in the Holy Land which was greatly appreciated. The next meeting will be held at St. John's rectory, when Rev. Mr. Watts will read a paper on "Church Relations."

The Victory Loan Campaign in Kings county is going finely, and the feeling now is that we will go well over our allotment. Up to Wednesday night the county had subscribed \$375,000 which is half of our objective. Wolfville district had subscribed \$137,400 as follows: Wolfville, \$108,500; Grand Pre, 28,100; Gasperau, \$14,700; Greenwich, \$6,100. Grand Pre and Greenwich have each less than \$2000 to raise to get their flag. Which one will get it first and be the second to get an Honor Flag in Kings county?

PORT WILLIAMS, Nov. 6.—Last evening "Lily of the Valley" Division, Sons of Temperance, which has been inactive since November 9 1914, was re-organized with a membership of something over thirty, and the prospects are bright for a rapidly growing membership and a successful future. The re-organization is due to the labors of the Provincial Organizer, Mr. R. S. Theakston, ably assisted by Sister Mrs. James Kennickie, at present a member of Avonlea Division, of Mount-Denson. At the re-organization exercises, Sister Nunn, of Avonlea more Division, Centre Burlington, rendered efficient service. It is expected that a Band of Hope will be started in the near future for the children, under the efficient direction of Mrs. O. G. Cogswell aided by Miss Gladys Newcombe and Miss Nunn. After the re-organization exercises, officers for the balance of the present

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag. But how about the crowns? For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag. Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag. But double your quota and it means four crowns. Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well— That it was a real factor in the huge success of **CANADA'S VICTORY LOAN 1918.**

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported. Surgeon-General Blue of the United States Public Health Service having stated that "Spanish influenza will probably spread all over the country in a few weeks."

Practically every ship which touches our shores from abroad brings those infected with the disease. Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by such means as personal hygiene." Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, worry or "run-down" or "not feeling up to the mark." The really great danger from the disease is not so much in the disease itself as that it often develops into pneumonia.

Agriculture Aided By Victory Loan

Wonderful Trade Expansion Due to Success of Canada's Loan Issues

Since the war started Canadian agriculture has grown in importance as a national industry. More than ever it is a source of strength to the country. The demand for Great Britain for food, not only for her soldiers but for her civilian population, has opened a market of tremendous possibilities. In 1915 our total agricultural exports amounted to \$209,000,000. At the end of the fiscal year of 1917, the total had jumped to \$740,000,000.

This wonderful addition to the National wealth, to a large extent, due to the Victory Loan of 1917. It was so in this way: Great Britain found that, owing to her vast expenditures on her army and navy, the necessity of giving monetary aid to some of her sickle allies, she was no longer able to pay for her purchases of food with ready cash. Rather than see our products lose more value in the market, the Government decided to advance such sums out of the proceeds of the loan issues to pay for food part of the food that was sent to Great Britain. The farmers had been asked to "produce more food" and they had responded with a will; it was of course for the Government to see that the increased production of food was not lost.

In this way Canada's entire exportable surplus of wheat, cheese, bacon and other commodities was financed. This year there will be exported possibly 100,000,000 bushels of wheat valued at \$225,000,000. If the proceeds of the Victory Loan had not been used, the Government would have had to find other means to finance the export of live stock products.

VICTORY LOAN AND CANADIAN INDUSTRIES

Last Year's Subscription of Great Benefit and Bigger Work Will Follow This Year. The Imperial Munitions Board receives advances of \$25,000,000 a month from the Dominion Government. It has received over \$50,000,000 in advances from the Dominion Government and the Canadian banks. It has placed \$1,000,000,000 worth of war orders in Canada for the British and other Allied Governments. An advance of \$10,000,000 enabled it to give orders to Canadian shipyards for 44 wooden ships. To this program 46 steel ships were added. Total value over \$50,000,000. An advance of \$1,000,000 enabled the Board to begin the manufacture of airplanes in Canada. 2,000 airplanes have been built to date of a value of \$50,000,000.

Some Saving Thoughts.

Civilization has been saved; you must save to pay the bills. The soldiers fought to save you save to pay them. Save! Remember Canada's war bill is still a million a day. Save and so be in a position to lend Canada your money at good interest. Save in the day of your prosperity. Remember that "rainy days" come. Save that you may be able to invest in your country. Canada needs your dollars as much as she needs men; save to meet the end. Practise economy to day and so protect yourself against the uncertainties of tomorrow.

DR. A. W. CHASE'S 25c CATARRH POWDER

A Wall Street man tells this story of a well-known financier, noted alike for his perspicacity and his close fist-fingers. Two promoters once called on him to try to arouse his interest in a certain scheme of theirs. They talked to him about an hour. They talked to him about an hour. They talked to him about an hour. They talked to him about an hour. They talked to him about an hour.

TO LEVY A LUXURY TAX.

Purchases Made in England to be Taxed 4c in Quarter.

The new British luxury tax of 2d. in the shilling, will affect everybody's shopping. It will be levied: On all purchases of luxuries, such as jewellery, watches, and articles costing only a shilling or £100. On all articles above a price which is regarded as extravagant; and on luxury establishments, hotels, and restaurants.

Schedules of luxuries and of extravagant prices for necessary articles are to be drawn up by a committee of the House of Commons. Levying the tax on hotels and restaurants means placing dining out on the same level as an evening at a theatre as will have to be paid. The tax will be collected in each instance by stamp duty.

Mr. Bonar Law is basing his smoking jacket or frock or morning coat in the shillings, will affect everybody's shopping. It will be levied: On all purchases of luxuries, such as jewellery, watches, and articles costing only a shilling or £100. On all articles above a price which is regarded as extravagant; and on luxury establishments, hotels, and restaurants.

More of King Lobengula's quaint letters to Queen Victoria were read before the Privy Council the other day. The question at issue is the ownership of certain lands in Africa captured by the British from Lobengula. A letter from the "Great Queen," as she was referred to, was read, telling Lobengula that it was impossible to exclude white men from any place where gold was to be found. To avoid trouble with his countrymen, Lobengula agreed to let the British men go to his country and dig for gold. Lobengula complained that when his cattle were stolen while he was away, he was not allowed to lawfully keep the peace. But Lobengula complained that when his cattle were stolen while he was away, he was not allowed to lawfully keep the peace.
