

HAMILTON, CANADA, MONDAY, APRIL 26, 1909. VOL. LII. NO. 98.

SIMPSON WAS COMMITTED

On Charge of Unlawfully Cutting and Wounding. Jealousy Appears to Have Been Responsible For It.

Ross Wallace, Who Was Stabbed, Able to Leave Hospital.

Thomas Simpson, who was arrested by Sergt. Finch and Detective McDonald on Sunday morning, April 18th, on a charge of unlawfully wounding and doing grievous harm to Ross Wallace, was committed for trial this morning at the Police Court by Magistrate Jelfs.

The evidence made it look as if Simpson was jealous of Wallace, and had several times ordered his wife to have nothing to do with him. On the night previous to the affray Mrs. Simpson, being unable to get into her own house, spent the night at the boarding house, 22 Hunter street east, where Wallace stopped. Simpson is accused of entering the house the next morning and, without saying a word or asking any explanation, stabbed Wallace over the heart.

A struggle ensued, in which Wallace got the upper hand. The landlord intervened and separated them. Wallace was taken to the City Hospital and Sergt. Finch and T. H. & B. Detective McDonald went to the home of Simpson, 152 John street north, and arrested him. Wallace's condition was serious for a while and the police, to anticipate any such thing as his death, took his ante-mortem statement, in which he accused Simpson of stabbing him. Simpson appeared in the Police Court the following Monday, but was remanded until this morning.

The testimony of Dr. Wickens was first taken. "When I went into the room Wallace was lying on the bed and when I examined him I found that he had been stabbed. I put on temporary dressings, and telephoned for the ambulance to take him to the hospital. I do not know the depth of the wound, as in view of his condition I did not probe," he said.

H. Glah, proprietor of the boarding house where Wallace stayed, and where the stabbing took place, swore that he heard a noise upstairs. He went up to investigate, and found two men on the floor. They were fighting. Wallace was on top. Glah separated them, and the other man, who he identified as Simpson, left the house hurriedly.

"Did you see a knife?" asked Crown Attorney Washington. "No," replied Glah. "But I saw blood on Wallace's shirt." "Do you want to ask the witness anything?" asked the court, turning to Simpson.

"Didn't I ask you last summer to stop my wife going up there?" demanded the prisoner. "No, I don't think so," replied Glah. William David swore that he heard a racket upstairs and when he went into Wallace's room there was blood on his shirt. He asked him what was the trouble and he replied that Simpson had stabbed him.

Ross Wallace arrived from the hospital at this point and his testimony was taken. He swore that he lived at 22 Hunter street east, and that his wife and Simpson's wife are sisters. He said that Simpson called at his boarding house about 9 o'clock Sunday morning, left soon and returned again in about 45 minutes, but said nothing. He saw a knife in Simpson's hand. Wallace swore that he had always been friendly towards Simpson.

Sergeant Finch testified to having been called to the scene of the stabbing. He went to the house, and was taken upstairs into Wallace's room. Wallace was lying on the bed. He asked what was the matter, and Wallace said (Continued on Page 8.)

INQUEST WILL NOT PROCEED TO-NIGHT

The Validity of the Coroner's Warrant Will be Argued Before the Divisional Court at Toronto on Wednesday.

Mr. Staunton, in His Argument, Said That the Crown Examiner Accused Florence Kinrade of Murdering Her Sister.

(Special Despatch to the Times.) Toronto, April 26.—The Kinrade lawyers were temporarily successful before Mr. Justice Teetzel this morning. They blocked the inquest for two days at least. This morning at Osogoodo Hall they moved for a writ of certiorari to have the warrant issued before the court to have a decision handed down as to its validity.

NO SHORE LEAVE

Sault St. Marie, Mich., April 26.—Captains of the fleet held here by the ice blockade have adopted a unique plan to prevent desertions by members of the crews or attempts of unions to cause troubles. Instead of tying up at the piers many of the boats have anchored in the middle of the river and no sailors are given shore leave. The boats tied up at the piers permit no visitors aboard. One captain has a big smallpox placard exposed to prevent intrusions.

WAS UNUSUAL.

Woman Chase in the East End Caused Excitement. What is believed to have been a lovers' quarrel caused the police some trouble yesterday. Early in the afternoon a man and woman were seen walking down Sherman avenue, below King. They seemed to be the best of terms. A short time after the residents were surprised to see the man chasing the woman up and down the street, through vacant lots, and behaving as though he had designs on her life.

ORDER MADE

For Production of Books in the Lighting Arbitration. Mr. W. W. Osborne and Mr. Frank Waddell appeared before Judge Snider this morning in reference to the lighting arbitration. Mr. Osborne offered to produce all the books of the company that he thought were necessary for examination by the city representatives in regard to production, cost, etc. His honor then made a general order to produce the books within the customary time.

Bain & Adams.

Imported French prunes in glass jars, medium and large, sold by the pound. They are tender, the flavor exquisite; also California prunes, apricots and peaches; canned and preserved fruit in endless variety. A few gallons of Lee's maple syrup. Order before it's all sold. —Bain & Adams, 89-91 King street east.

Train the little children to keep off the street car tracks. There is danger there at all times. Geo. Wild will have to get busy and do his prettiest up at Dundurn Park if he would take the shine out of the Rutherford Cemetery Park. What about that footpath through the centre of Dundurn Park? Is it still there?

I would like to say something nice about the effort of the Y. M. C. A. to put up a building for the boys. But I am afraid Mr. Best might not like it. Now who will put another \$500 to Aid. Milne's \$500 to get that auditorium? I understand that the alderman is a fellow-countryman of Andrew Carnegie.

But all this habeas corpus business and pitting one lawyer against another is not helping to find the murderer. This inquest is costing you and me a lot of money. If those Kingston medical students must rob graves to get cadavers they bet they begin on those in their own or their professors' relations.

There are some people who would like nothing better than to read the obituary notice in the papers of the Art School. Come and get enrolled in the Greater Hamilton Association. Don't wait until you are asked. The movement is for your benefit also.

Abraham Forester's sermon to the St. George's Society yesterday was an awfully good effort, and Principal Colinson must have been gratified at the big turnout of the brethren. Isn't this twenty-six mile race more

DROPPED DEAD

Big Rapids, Mich., April 26.—Rev. E. G. Franok, pastor of the German Lutheran Church here dropped dead while administering the rite of baptism to a child at the close of the regular service yesterday. The preacher had apparently been in perfect health. As he stood at the altar, and without the slightest warning he fell to the floor and was dead when picked up. Rev. Mr. Franok was 57 years old and survived by a widow and nine children.

OUT FOR LARK

Three Toronto Girls Taken in Hand by Police Here. Three young ladies ranging between the ages of indiscreet fourteen and sweet sixteen, left their home in Toronto on Saturday and came to Hamilton without a chaperon to have a really good time. Their parents noticed their absence late in the afternoon, and made enquiries first around home and then at the Union Station. They learned that three girls answering the description they gave had been seen entering the Hamilton train, and immediately telephoned the local police to be on the watch for them.

A despatch from Rochester says: Considerable attention will be given by the excursion manager of Ontario Beach Park to the subject of weekly Canadian excursions from Toronto, Hamilton and other points. President Canfield and the other officials of Charlotte have expressed a desire to co-operate in this phase of the work and dockage plans are being made for the Turbine steamship company and other Canadian lines that will, it is expected, expedite the landing of the crowds which are anticipated to result through the negotiations of those interested.

NO CHANGE.

Cool Prices in Hamilton Do Not Follow the Market. There will be no change in the price of hard coal in Hamilton this spring. The price to the trade goes down on May 1 each year. In some cities, Toronto among them, the retail price follows, the result being that coal is cheaper than in Hamilton when the people are not buying and dealer winter approaches and everybody must buy. The Toronto price now is \$7.25 and the Hamilton price \$6.75. This latter price will be maintained throughout the year. The local dealers have followed this policy for a number of years.

FOR BETTER HAMILTON.

Dr. Lyle Hopes Spiritual Development Will be Maintained. Speaking on a timely topic, "A Better Hamilton," in Central Presbyterian Church last night, Dr. Lyle prayed that in the campaign for growth and expansion the development of the spiritual side of life would not be forgotten. This desire to expand was natural and right. Living things always desire to grow. When an individual, a city or a nation lived in its past it had reached a stage when it had seen its best. From history Dr. Lyle drew many illustrations to show that the great nations were far behind in their contributions to the world as compared with the smaller nations. The same principle applied to cities. He contrasted the great cities of London and Liverpool with little Oxford and Cambridge, and the men the latter had given the world. He hoped that in Hamilton's growth the material side of life would not be emphasized above the moral and spiritual. Materialism had its place. Referring to the development of citizens Dr. Lyle said that every man should ascertain what he was best fitted for and not take hold of something he was unqualified for by nature, by lack of education and experience. Care should be used in appointing men to office whose hands were clean and whose brains were clear—men with no side issues and political swings, looking toward Toronto or Ottawa. These offices were a sacred and solemn trust and should be so regarded. By observing all these things a city might not only be great but good.

Pathetic Police Court Case Over Ownership of Dog. Girl Accused of Theft Fainted in Court Room. Complainant Gave Her the Animal and Withdrew the Charge.

HE RELENDED AT THE SIGHT.

One of the most pitiable scenes ever witnessed in the police court was seen this morning when Beatrice T. Petty, 146 Cannon street east, was arraigned on the charge of theft. The complainant Charles E. Grisch accused her of stealing a dog belonging to him. When Miss Petty was brought into the court room she was calm, but a realization of where she was and the position in which she stood suddenly struck her, and she turned deadly pale. A chair was secured for her and she was told to sit down. She sank into it as though deprived of all strength, and looked with beseeching eyes at the Magistrate. A policeman was despatched to get a cup of water, and she was unnoticed for a few minutes, the attention of the court being directed to some other business. Her nerves were so worked up that she could not control herself, however. The Magistrate noticed her condition and called the case. "We will make this a summary case, and get through with it so that she can go home," he said.

NEW FEATURES OF LIGHT CONTRACT

To Run For Five Year Periods From August 31, 1909--Council Meeting To-night. The most important matter to be considered at to-night's council meeting is the question of a Board of Control for Hamilton next year. It is proposed to submit this question with the power by-law to the people early in the summer. The aldermen might try to get the matter in shape to be dealt with at the next council meeting. The new hospital site has not been selected yet, and although that by-law will be submitted with the others, it cannot be taken up to-night. Copies of the amendments to the old light contract and additional new clauses were sent to all the aldermen on Saturday, and after the regular council meeting to-night the contract will be informally considered. The amendments to the old contract provide among other things that the contract shall be for five years from August 31, 1909, the city within twelve months from that time to begin taking the minimum amount, 720 horse power, and the contract to be renewable for five year periods thereafter. The company agrees during the term of the contract not to raise its incandescent rates. In place of giving a ten per cent. reduction on Hydro rates in Toronto, the company agrees that this shall not be per cent. less than any other municipality. The company agrees not to charge as its minimum rate for incandescent lighting in houses, including meter rental, more than 75 cents a month. All additions to street lights now in use shall be of most modern type and not less than 2,000 nominal candle power. The city reserves the right if advances in electrical art or improvements in apparatus render it possible to give a more efficient lighting service, to demand during the first year of the third five year period that the new system shall entirely replace the old one at the same cost per light. The matter is to be referred to the Railway Board or a board of arbitration if the parties cannot agree. The new clauses provide among other things: For power for all purposes at a price (Continued on Page 10.)

The general adoption of the treatment in provincial institutions will, however, require legislation, as no present provision is made other than commitment to private sanitariums on the order of a justice of the peace.

According to the police, the dead man, the prisoner and another man had been in each other's company for some time previous to the assault.

FESTIVAL OF ST. GEORGE. Annual Sermon Preached by Ven. Archdeacon Forrester Before a Large Congregation in the Cathedral. Benevolent and Charitable Work of the Society.

The festival of St. George was fittingly honored last evening, when the members of St. George's and sister societies turned out in large numbers to hear the annual sermon, preached by the Venerable Archdeacon Forrester, M.A., before a very large congregation in Christ's Church Cathedral. The full evening service was given in all its impressiveness.

Before the service commenced, the members of the different societies gathered in the schoolhouse and from there they marched in a long procession into the church. Heading the procession his Worship Mayor McLaren and Mr. J. H. Collinson, President of St. George's Society. Following in order were Samuel Barker, M.P., and Adam Studholme, M.L.A., the committee in charge composed of Messrs. J. T. Gillard, S. F. Washington, K.C., W. A. Spratt, C. D. Blachford and James Gadsby; Thomas Parradine, P.D.D., Percy Glover and E. L. Rastrick, representing the Sons of England; T. J. Stewart, M.P., J. Orr Callaghan and Thomas Lester, representing the Irish Protestant Benevolent Society; Adam Brown and W. M. McClelland, representing St. Andrew's Society; Wm. Hunter and James Donald, representing the Sons of Scotland. These gentlemen were followed by the members of the various societies.

BEAUTY AND DINNER. Her name was Beauty. But she didn't live up to her name at all, because she was a pig, and they named her that because she was so very homely!

She lived in a nice damp sty in the country and was happy enough, but whenever she looked over her sty she wanted to see what there was along the big road that stretched way out of sight. One day she found a chance to go and look. A board was loose, and Beauty pried it with her ugly, wriggling pink nose till it flew off altogether. There was a squeeze, a grunt, and Beauty went waddling out. She was very fat, but she trotted off as fast as possible into a nice shady strip of woods. Pretty soon she stopped, for there were a whole lot of people sitting on the ground and eating things very much as she did herself. She had never seen people behave so before. "Whoof—whoof," said Beauty. "Oh—ee—oh my—oh dear," cried

the people, who were mostly women and children from the city and so not used to pigs. And they all got up suddenly and ran and called, and went up to see. But everyone had gone when she got there. Only the lunch was left. She didn't mind. She finished it as happily as the people could have done, and more quickly. "Whoof—whoof," said Beauty, quite delighted with the outside world; "I'll travel some more." And she started. But her owner had met some of the running people and he ran, too, only the other way, and the next thing Beauty knew she was trotting back to her sty again, and the farmer was nailing that board tighter than ever. "But never mind," said Beauty; "I'm a traveled pig now, and, oh my, never did I expect such a good thing full of dinner. I only wish I knew what made those people run about so queerly."

And Beauty wondered for a great many days, but she hadn't decided yet.

A New Method of Keeping Potatoes.

A German publication, the Practical Statesman, has a new method for keeping potatoes and preventing sprouting consists in placing them in a layer of coke. Doctor Schiller, of Brunswick, who has published the method, is of the opinion that the improved ventilation by means of coke is not alone responsible for the result, but believes that it is due to the oxidation of the coke, which, however, is a very slow one. Coke always contains sulphur, and it is very possible that the minute quantities of oxides of carbon and sulphur, which result from the oxidation, mixing with the air and penetrating among the potatoes are sufficient to greatly retard sprouting. Potatoes so treated are said to keep in good condition until the following July.

More Improvements on Beulah Survey, the Choice Residential Section of Southwest. IN SCRAMBLE. Mounted Police Called to Big Bargain Sale. Scores of Women Borne Down in Crush in New York.

New York, April 24.—Superheated competition between rival five and ten cent stores started a riot among hundreds of women shoppers in a Williamsburg street to-day, and before the scene was cleaned of missing marcel waves, bedraggled garments and other appendages, reserves had been called from two police stations, a detachment of mounted police galloped up to the scene, ambulances were summoned from two hospitals, and frenzied husbands hurried to the place to learn if their wives escaped with their lives.

HANGED TO A TREE. Negro Confessed His Crime and Was Lynched.

Birmingham, Ala., April 26.—A small crowd of men seized a negro who was being taken to jail in Bessemer late last night, and hanged him to a tree in the woods. After the lynching the crowd quietly dispersed, leaving the body to sway in the wind all night. The negro, John Thomas, had been arrested on a charge of criminally assaulting Mrs. Peterson, near Harkwood, yesterday. He was found near the scene of the crime, and his captors, numbering a dozen, took the negro before Mrs. Peterson, who identified him. Thomas finally confessed to the crime, but asked the men to spare his life. The response was a rope and he was soon swinging to a tree.

CLOCK WITH 20 DIALS. Tells Time All Over the World and Gives Day and Date.

San Diego, Cal., has a wonderful clock with twenty dials which tell simultaneously the time in all parts of the world, also the days of the week and the date and month. It stands twenty-one feet high and four of its dials are each four feet in diameter. The master clock is enclosed in plate glass, says Popular Mechanics, so that every action can be seen, and the whole illuminated every night. It is jewelled with tourmaline, topaz, agate and jade and took fifteen months to build. The motive power is a 200 pound weight, which winds itself automatically. The cost of the clock was \$3,000. Friends can't be so very thick when they can see through each other. Those who marry to haste frequently find that they have no leisure for repentance. When money talks don't talk back. ABDUL'S TROUBLE.

The struggle between the Macedonian army and the Sultan's palace guard of 4,000 Albanians, on Saturday, appears to have been a severe one. The result has been the surrender, after a considerable loss of life, of the palace force. As to the result of the surrender upon the fortunes of Abdul Hamid, there is yet considerable doubt. Chetkoff Pasha and Said Pasha gave assurances on Friday that there were no designs against the Sultan, but it is alleged that these Pashas had no authority to so determine, and it is probable that inquiry into the Sultan's connections with the original uprising in Constantinople may follow. A cable despatch from a Vienna correspondent intimates that the Sultan was taken out of the Yıldiz Palace last night and that Mehemmed Rehad Effendi was installed in his place. It is doubtful, however, if Abdul will be supplanted if the soldiers remain loyal to him as the representative of the Mohammedan religion. The army is now in control, and upon it depends, not only Abdul's fate, but the outcome of the situation from a constitutional standpoint.

A GRACEFUL COMPLIMENT.

True worth is sure to be appreciated. It is the only thing that lives. Mr. Adam Zimmerman, although defeated in West Hamilton, is universally acknowledged to be in every way more useful to the public and more deserving of its esteem than the man for whom blind partisanship exchanged him. Even such papers as the Canadian Textile Journal, which has no special love for the Liberals, strongly champion Mr. Zimmerman for a place in the Senate. It feels strongly, as do multitudes of the people of Hamilton and of the country generally, that an evil day's work was done when our people were deprived of his services in Parliament. In its current issue, it reverts to the question, and pays Mr. Zimmerman this tribute:

A recent article in this journal called attention to the special claims of Adam Zimmerman, of Hamilton, to a Senatorship. That this is the general opinion of the citizens of influence in that city has since been made apparent in more ways than one. Not the least significant of these expressions is a memorial from the manufacturers of Hamilton, signed and endorsed as heartily by Conservatives as by Liberals, that Hamilton should have a representative in the Senate, the wish being expressed by the bearers of the memorial that Mr. Zimmerman should receive the honor. No representative for Hamilton in the House of Commons ever devoted himself more usefully to the interests of his constituency than Mr. Zimmerman, and no man in the city or county could do honor sit with better grace or meet with more general acclaim.

Such graceful compliments as this from non-political, and politically antagonistic journals cannot be pleasing to Mr. Zimmerman and the Liberals who stood by him, and they should have their influence with the powers that make Senators. The pity of the whole miserable business is that people should be such besotted and servile partisans as to vote to supplant one who gave such excellent service to his constituents by a mere party cipher because that cipher bears the brand "blown in the bottle" of a powerful and corrupt party machine.

KISSING THE BOOK.

Perhaps, by and by, the filthy and absurd habit of "kissing the Book" in taking the oath in law courts will be abandoned. It is a relic of an age long past and might well be dispensed with. The British Oaths Act, 1881 (51 and 52 Vict. c. 45, s. 5), provides that it may be dispensed with. The provision is: "If any person to whom an oath is administered desires to swear with uplifted hand, in the form and manner in which an oath is usually administered in Scotland, he shall be permitted so to do, and the oath shall be administered to him in such form and manner without further question." It is to be observed that it is left to the choice of the witness to be sworn as to whether he will avail himself of the alternative form. A British law journal writes that the President of the Divorce Court recently called special attention to the option thus allowed witnesses. He said: "It is to be observed that by sect. 5 of the Oaths Act 1881 (51 and 52 Vict. c. 46), the desire (to swear with uplifted hand and not to kiss the Testament) has to come from the witness. Some years ago I took the trouble to obtain from Lord Dundee, the President of the Scots Courts, a form of oath in as simple a form as was usual in Scotland, although I believe the oath is sometimes taken in Scotland in a slightly extended form. But he satisfied me and supplied me with a form which has been in this court for several years now, and the notices are conspicuously exhibited on both sides of the court in the following form, which, I believe, correct according to Scots laws: Notice to Witnesses.—If any person to whom an oath is administered desires to swear with uplifted hand in the form and manner in which an oath is usually administered in Scotland, he or she is permitted to do so. The following form of oath may be used: "I swear by Almighty God that I will speak the truth, the whole truth, and nothing but the truth."—By Order, Feb. 25th, 1902."

Notwithstanding these notices but few take advantage of the choice given them. This he accounts for by people's minds being concentrated on the case so that they accept the oath as presented to them in the ordinary way. In the inter-

ests of cleanliness, he has provided a number of Testaments, bound in covers which permit of washing. He still thinks, however, that every witness should have his attention called to the fact that he may, if he choose, be sworn after the Scotch form. Some of the Bibles used in Canadian courts are gullible of washing, although hundreds of lips have pressed them. They would make an interesting study for a bacteriologist.

EDITORIAL NOTES.

But what is that legal battle to be about? Is it to attempt to discover who murdered Ethel Kinrade? If not, what is its purpose?

The increasing frequency of contagious diseases, and the approach of summer, suggest the query: What is being done about that laboratory?

Keep Hamilton to the front. Be true to Hamilton manufacturers and Hamilton merchants when you are spending the money earned in Hamilton.

Are you still getting your big monthly dividends on that beautifully engraved lithographed stock which you bought from that very convincing Yankee agent?

The Royal Canadian Yacht Club, of Toronto, has voted down an amendment to its constitution intended to prevent the practice of "treating." During the discussion stories of excessive drinking at this club were emphatically denied.

Another \$25,000,000 woolen mill combine is in course of organization in the United States. It is said that about two-thirds of the capitalization is wind or water. The work of using the protective tariff as a secret to squeeze the wool growers and consumers goes on among our neighbors.

"Population."—You are of course right in your contention that no fair comparison can be made as to conditions in the United Kingdom and the United States that excludes consideration of the density of population. According to the last census returns the population of the United Kingdom was 32 per square mile; that of the United States, 84.

The Toronto Mail and Empire succeeds in being very funny without trying. In a labored disquisition it alleges on the part of the British people a great desire "for emancipation from the Golden Rule." This is the Mail and Empire's euphemism for the abridgement of the Briton's freedom to buy or sell as he will!

Toronto finds that the salaries of her City Hall legal staff in 1908 amounted to \$19,400. But big as that bill is, it is not all her outlay for lawyers. No less than \$3,582 was paid out for counsel fees to outside lawyers. In former years this outside legal help has cost as much as \$11,305. For 1909 legal salaries call for \$20,500, while \$4,000 is provided for "extra help."

It is said that Provincial Secretary Hanna has under consideration a plan for dealing with alcoholic and drug victims. The method of treatment contemplated is hydropathic, or, as it is described, "boiling the craving out of the system." It is proposed to adopt this treatment in Provincial institutions after enabling legislation has been secured.

The brethren of the I. O. O. F., to the number of about 1,000, attended St. Andrew's Church yesterday afternoon. Rev. J. A. Wilson preached an eloquent sermon, with special reference to the work and duty of this great fraternal Order. These special church services are an admirable feature of the various beneficial and charitable societies.

Even the Toronto News feels constrained to take exception to the language used by Mr. Cowan, M. P., in referring to Sir Wilfrid Laurier as "a white-livered coward." But what would the News? Men do not gather grapes from thorns, or figs from thistles. Silk purses are not made from sow's ears. If we send men like Cowan to Parliament, we must not be too fastidious about their language.

Ontario has now a new coat of arms, approved by His Majesty and by the Herald's College. On one side of the shield with maple leaves is a moose and on the other a red deer. Surmounting these is a bear. The motto beneath being freely translated is "Loyal in the beginning, loyal still." Interesting as the new coat of arms is, it will hardly have any effect upon legislation, taxation, or expenditure in the Province.

The European crop reports are cheerful reading. Great Britain, France, Germany, Italy and Spain give promise of good yields, and Central European countries are also optimistic of the harvest results. Russia reports 42 of her 52 provinces as giving an excellent prospect for a large winter wheat crop. At present the "reverses" of British wheat are placed at 767,000 quarters, as against 2,431,000 at this time last year.

The brethren of St. George's Society turned out in large numbers to the annual sermon preached last night in Christ's Church Cathedral by Ven. Archdeacon Forneret. The discourse was one strongly national in character, the tendency of which was to set before the brethren a high standard in patriotism and practical religion. Its teaching was that the obligation resting upon every member of the society was to act the man, the model being Jesus Christ. Such addresses as that of Arch-

deacon Forneret cannot but be beneficial and inspiring in their influence, not only upon the members of St. George's society, but upon the public in general.

The Cunard Line, like some of the other transatlantic steamship companies, found last year a hard one, and the shareholders will get no dividends from its operations. It has taken \$100,000 from the insurance fund and \$50,000 from reserve to carry to profit and loss account. The drop in earnings is severe, as the following comparison shows: Profits for 1907, \$613,908; profits for 1908, \$295,030; decrease, \$318,872.

The Mail and Empire says the parent who buys school books will bless the day when Sir James Whitney was given the reins of power. The organs are evidently going to get all the glory possible out of this school book matter before the public becomes aware of how much of the cost of the new Readers has been charged to the Province. But what about the fake claim that \$500,000 saving is made this year by Whitney on school readers, when about \$100,000 will put the Readers into the hands of all the pupils in the Public and Roman Catholic schools of the Province?

There is growing up among the "democratic" people of the neighboring Republic a great demand for ancestors. It manifests itself in the hunt for "family trees" and "crests" and other despised marks of monarchical countries. The New York Sun asserts that "wholesale pillaging of ancestors is rampant." There are various concerns which for a substantial consideration will provide "family trees," and it is alleged that where there is a shortage of ancestors they will even supply the lack. It is a harmless sort of indulgence for the ambitious wealthy. We can almost afford to smile at the fraud, seeing that the ancestors are very dead; too dead at any rate to find fault with the posterity attributed to them.

The Pioneer points out that temperance societies are diminishing in numbers. It says: "Thirty years ago the Good Templar Order in Ontario had a membership of more than 25,000. Today it has less than 1,500. Other organizations have a similar record. Thirty or forty or fifty years ago every hamlet had its weekly temperance society meeting." It attributes the decline of the temperance society to the multiplicity of fraternal societies affording insurance or other financial advantages. Doubtless this is to some extent true, but it is also to be feared that there has been a regrettable neglect of the moral and educational campaign in recent years for a too great reliance upon law and its influence. To allow that to go on would be a fatal mistake.

Another of the Manitoba political persecutions by the Attorney-General has come to an inglorious end. On the day of the Dominion elections, Mr. J. Herbert Ingram was arrested at Brandon, charged with fraudulently altering the voters' lists. The trial was fixed for Friday, 23rd of April, but on the 20th the defendant was notified that the prosecution was off, the Attorney-General's Department "having entered a stay of proceedings." In abandoning the case in this cowardly way the partisan Government deprives Mr. Ingram of the opportunity to establish that the prosecution was purely partisan and malicious. How like the proceedings in the famous "thin red line" case, which was kept for party effect before the country so long and then abandoned on the eve of the trial. Such methods of administering justice (5) are a disgrace to Manitoba.

We do not feel like joining with a contemporary in its shout of congratulation because the Cataract Company has given up the idea of building car shops and sheds in Hamilton, and will instead of manufacturing here its cars for the various electric roads, order them from abroad. We hope that information will not prove to be correct, and that just as we are launching the Greater Hamilton boom we shall not send out notice that our people rejoice at suppressing such a desirable local industry in its very inception. What do the aldermen and the officers of the Greater Hamilton Association think of it? Should not something be done to help to the securing of this industry? Or is it to be understood that we as a people care only to "encourage" the building up of the city by favoring industries that come from abroad, while discouraging our own people's ambitions?

Those who rant about the protection of Britain's navy to Canadian commerce forget that England and the English war party is alone responsible for the fact that private property is not immune from attack at sea. The United States introduced the proposition at The Hague. It was favored by Germany, France and the other powers, but England alone insisted

upon the time-honored custom of destroying the private property of the citizens of its enemies at sea.

THE BLOOMING OLD RAG. (London Advertiser.) Roosevelt is now in the heart of Africa, and in the midst of the big game. He is also under the British flag and will find himself under it almost continually during the peregrinations in Africa, or in Asia if he goes there. You can't get away from the tune that they play to the bloomin' old rag over'ead."

THE LEMIEUX ACT. (Brantford Expositor.) The report of the first two years' operation of the Lemieux Act shows that of the forty-nine disputes referred under the act, there were two cases only in which a strike or lock-out resulted. Nearly 60,000 men were concerned in the disputes settled, a simple fact which abundantly demonstrates what the act has directly achieved.

MR. STEWART'S LETTERS. (Toronto Star.) Mr. T. J. Stewart, West Hamilton's M. P., was away from Ottawa for a few days lately, and on his return here he found waiting him just 3,380 letters. Count them, 3,380. The writers were not all job seekers. Things are pretty bad, but not so "fierce" as that, and, besides, Mr. Stewart is a Conservative, and therefore without the requisite "influence."

On the contrary, the majority of the letters were written by school children and others in his constituency, who wanted copies of an atlas of Canada, which has been recently issued by the Government and which is being widely distributed. "I started to open them," said Mr. Stewart. "By the time I had got through about sixty, I began to realize that it would take me two days to do the lot. So I just took chances. I sent the whole bunch of correspondence over to the office from which the books are sent out, and I told them to mail atlases as requested, and to return to me my letters relating to anything else."

THE KINRADE CASE. (Toronto World.) Up to the present the Coroner's inquest at Hamilton into the death of Miss Ethel Kinrade has been conducted with every consideration for the rights and interests of all the parties concerned, the ends of justice included. An attempt is now under way to frustrate that reasonable enquiry by reference to the courts on technicalities as to the authority of the Coroner and the rights of the Crown in the investigation. At the very moment when the solution of the mystery is in sight, this peculiar method is resorted to. This must not be. The Crown and the Coroner must be allowed a reasonable latitude, some would say the fullest latitude, in ascertaining all the facts of a murder that has shocked the whole community. Nor is it in the interest of public morals that an investigation of this kind should be allowed to drag along. Nobody is so much interested in getting at the bottom of the crime as the Kinrade family, and counsel for the family should assist to that end. There are some questions which the Coroner must be free to ask them and to press for replies. There is nothing wrong in that; every consideration that has a bearing on the sanctity of human life and the protection of the innocent calls for the fullest investigation.

SUDDEN DEATH

Former Hamilton Young Woman Died in Toronto Hospital.

Many friends in Hamilton will be deeply grieved when they learn of the death, which took place suddenly yesterday, in Toronto, of Mrs. Carter, wife of Capt. J. N. Carter, of that city, late of Picton. Mrs. Carter was formerly Miss Lillian Stuart Dickson, of this city, youngest daughter of Mr. M. C. Dickson, late district passenger agent of the Grand Trunk Railway, and for many years a resident of Hamilton. Death took place in the General Hospital, and was unexpected. Interment will take place at Picton on Tuesday.

The remains of Mark Smith were laid at rest yesterday at 4 p. m., the funeral taking place from his late residence, 173 Cannon street west, Rev. I. Conch and Dr. L. T. Dovel conducted the services, and the pall-bearers were E. J. Howard, G. Cannon, J. Greenfield, W. Johnson, M. Freeman and George Richmond. Many floral tributes were received, among them being a wreath from the Official Board of Gore Street Church; triangle from Triange Food Company, and sheaf of wheat and roses from the Master Bakers' Association.

The funeral of Mrs. Jane Boyd took place on Saturday at 2 p. m. to Jerseyville, via the T. H. & B. Rev. R. H. Bell and Rev. E. W. Hollinrake conducted the services at the house, and the pall-bearers were Frank Boyd, James Boyd, Martin VanSickle, Roy Fields, S. Fields and William Sharp. Rev. Geo. A. Mitchell officiated at the grave, at Jerseyville, and the pall-bearers were: Joseph Cornell, Sylvester Deelman, Joseph Cornell, William Howell, George E. Smith and Samuel Miller. A large number of floral tributes were received from personal friends and relatives.

The funeral of Gerald F. W. Kutz, back, took place yesterday afternoon at 2:30 from the City Hospital, where he died of scarlet fever on Saturday night. The funeral was private, and Rev. Mr. McLaughlin officiated.

The funeral of the late Mary Ann Smith, of Glanford, took place on Sunday morning at 10 o'clock from the residence of her son, Wesley Smith, and was largely attended. Rev. W. W. Paulham officiated at the house, and also preached a funeral sermon at the Trinity Methodist Church. The pall-bearers were: Francis Ecker, Robt. Olfphant, Geo. Myers, Henry Glover, P. H. Almas, and Essex Horning.

The funeral of Christina Schwenger, from her late residence, 312 Bold street, took place on Saturday at 2:30 to Hamilton Cemetery. Rev. H. Rembe conducted the services and the pall-bearers were: M. H. Elke, Chas. Elke, E. W. Wiltuth, A. Ramsperger, August Hackbusch and Charles Schwenger. The floral tributes were numerous, and included the following: Star, Mr. Geo. Bartmann and employees; wreath, Mr. and Mrs. Kempf; wreath, Mr. and Mrs. Charles Schwenger; wreath, Mr. and Mrs. Kaufmann and family, Misses Baxter, Mrs. Curry and family, Ladies' Aid Society of the German Lutheran Church; sickle, Mr. and Mrs. Eyd; sprays, Mr. and Mrs. Elke, Mr. and Mrs. P. Beckman, Mr. and Mrs. Allingham, Mrs. August Hackbusch, Mr. and Mrs. Harold Smith, Mr. and Mrs. C. Elke, Mr. and Mrs. A. Ramsperger, Mr. and Mrs. Wiltuth and Mrs. C. Wagner.

The funeral of Frederick Ralston took place on Sunday at 2 p. m., from his late residence, Hannon, to Trinity Cemetery. Rev. Mr. Prudhomme conducted the services and the pall-bearers were: Samuel Hannon, E. Hannon, A. Lorn, A. Homing, Ira Clark and S. Ecker. Although the funeral was announced as private, it was largely attended.

The funeral of Michael Donovan, who died as the result of injuries received from being struck by a falling tree, took place on Saturday at 8 a. m., from his parents' residence, Southcoast, to St. Augustine's Church, Dundas. Rev. Father Cassidy conducted the services at the church and grave and the pall-bearers were six brothers.

The funeral of Mary Myrtle Colwell, the four-year-old child, who was fatally injured by being struck by a tree in front of her parents' residence, to Locke street, took place yesterday afternoon at St. Joseph's Church, where Rev. Father Holden read the prayers and interment was at Holy Sepulchre Cemetery.

It takes longer to age whiskey than it does the man who drinks it. Many a fellow makes other people tired without suffering from canni him-

the pall-bearers being four little boys, who were playmates.

The funeral of Mrs. M. Hawkins took place this morning at 8:30 from her late residence, 425 Cannon street east, to St. Patrick's Church, thence to Holy Sepulchre Cemetery. Rev. Father Walsh said mass and the pall-bearers were sons and sons-in-law.

DISALLOWED IT.

Ontario Chartered Accountant's Act Not Constitutional.

Whitney's Act Interfered With Dominion Association's Act.

(Special Despatch to the Times.) Ottawa, Ont., April 26.—The Canada Gazette is out with an extra announcing the disallowance of the Ontario Chartered Accountant Act of last session. This measure was recommended by the Minister of Justice to the Governor-General for approval, along with all the other legislation of the session of 1908.

This month, however, the Dominion Association of Chartered Accountants asked for the disallowance of the Ontario Act, for the reason that a clause in the Ontario Act interfered with the Dominion Act by giving the Ontario Association authority to refuse permission for the practice of the profession of accounting in Ontario to any accountant who is not a member of the Provincial Association. The Dominion Association decided that this was an invasion of their charter rights, and the Minister of Justice agreed with this.

Mr. Aylesworth called the attention of the Ontario authorities to the matter, and suggested that an amending act be passed by the Ontario Legislature.

However, the session passed without the correction being made, and the Minister of Justice was compelled to take action.

FATHER DIED AT FUNERAL.

David McCormack Passed Away as the Mourners Gathered.

Dundas, April 26.—The funeral of Mrs. Allan McCormack (nee Mabel Buchan), formerly of Dundas, took place at Weston on Friday. Attendants at the funeral were much shocked on arriving at the house to find that David McCormack, the bereaved husband's father, had expired only an hour or so before the time set for his daughter-in-law's funeral. Mr. McCormack, the elder, was an old and widely known resident of Beverly. His funeral takes place to-morrow.

Vendors of maple syrup have been peddling their productions from house to house in town during the past two weeks. Although these syrups are sold as pure maple syrup, it is contended by some of the town merchants that, in the majority of cases, they are largely adulterated, and further, that, in some cases, they are unknown to the purchasers, sold wine means instead of imperial measure. The merchants are liable to heavy penalties if they sell an adulterated article for pure, and that if they sell wine measure the penalty is still greater. Complaints are also made that there is no officer in the town whose duty it is to see that street vendors of farm products comply with the law.

W. O. Sealey, M. P., was in town on Saturday having numerous hand-shakes with his many friends and supporters. T. H. A. Bogue is away to-day attending the funeral of the late Dr. McMahon.

Miss Hathaway, a charming young vocalist of West Toronto, who is visiting her uncle, Chas. A. Shaver, delighted yesterday morning and evening by singing a solo at each service.

Capital Punishment in Germany. Although little is heard outside Prussia of capital punishment within the kingdom, the law is by no means a dead letter. In seven years there have been ninety-eight executions, ten of the condemned being women. Silesia heads the list with twenty-one executions, followed by Brandenburg, Posen and Rhineland.

No executions take place in Berlin; the condemned being taken to prison at Ploetzense, in Brandenburg, where they have a standing guillotine—From the London Globe.

Daily Health Hint

WHO BLUNDERED? In Chicago there were last year over 1,500 deaths from typhoid, 6.8 per cent. of the deaths from all causes.

THE EPIDEMIC OF typhoid cost the city about \$500,000. But outside of the warnings sent out by the health officials there is nothing in the report to show what was responsible for the condition that killed 1,500 persons in less than twelve months.

Clothes Style Preferred

Intuition or Environment?

Men consult not only their own preference but often the opinion of others in purchasing their clothes.

That particular style of clothing which is preferred by one's own class of society is always an argument and an influencing factor in the choice.

So that one's own taste must always be influenced by environment.

In the Semi-ready Tailoring we study the important and the minute details of correct and cultured dress for men.

The Season's Fashions

The care with which we select our fabrics is another reason why we have always won the approval of men who admire cultured dress.

Among the mass of patterns shown, you will find the Semi-ready fabrics very smart indeed.

For business men we are showing some really new designs, personally selected by our resident buyer in England, and passed upon for approval by our designers.

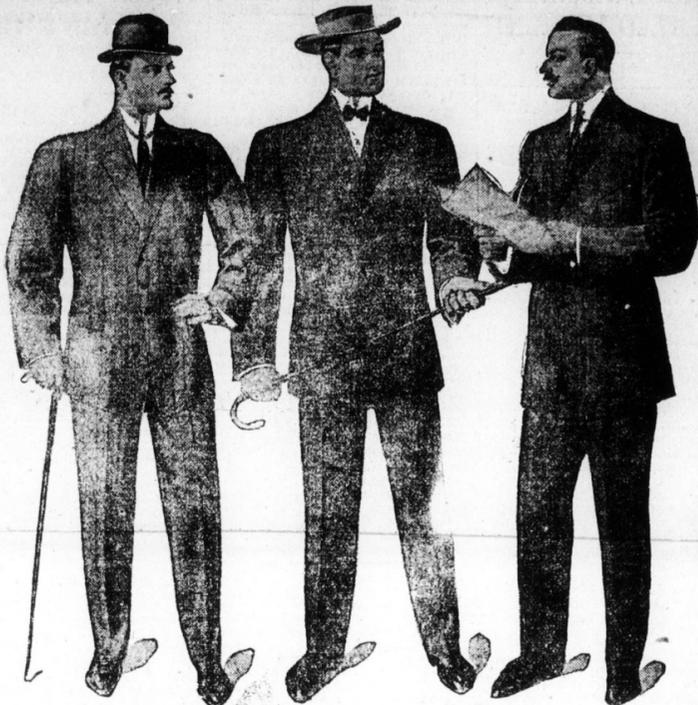

Suits at \$25 and \$30 that bear the trade mark of distinction in style and in design.

SHRUBB BEAT ST. YVES

Englishman Ran Good Race at N. Y.

Another Big Derby Under Way.

Meadows Beaten by John Marsh.

New York, April 25.—Alfred Shrubbs, of England, once more proved himself the great middle-distance runner in the business by defeating Henry St. Yves, of France, at the American League grounds last night.

The night was cold and windy, and this probably affected the runners as well as the attendance.

St. Yves was the first to appear on the track, but he preceded Shrubbs by only a moment. The crowd gave the runner a noisy welcome.

In the first lap Shrubbs opened up a lead of about 20 yards and increased this gradually as the race progressed.

Shrubbs finished the third mile in 15.52, the fourth in 20.56, and the five miles in 26.23. He gained a full lap near the end of the fourth mile and then for a time the men ran shoulder to shoulder.

St. Yves, early in the seventh mile, started a sprint, and slightly diminished Shrubbs' lead.

St. Yves sprinted again during the fourteenth mile, and for a brief time he drew away, but Shrubbs let out a link and soon caught him.

James P. Eccles, of Yonkers, N. Y., running as No. 13, won the five mile race which preceded the big event.

championship at the classic distance of 26 miles 385 yards.

Most of the leading runners invited to compete are as follows: St. Yves, Longmont, Dorando, Shrubbs, Hayes, Maloney, Svamborg, White, Simpson and Carajal.

A great deal of interest was evinced in the race, following the victory of Meadows during the week, and the posting of the big stakes, and a good deal of money was wagered on the side.

At the tenth mile Marsh had a lead of 30 yards, which he increased to 75 yards in the next mile.

While the track at the H. J. C. is in fine shape, only a few gallopers are there to take advantage of it.

Durban, Natal, April 26.—R. E. Walker, who won the 100-yard dash at the Olympic games in London last summer, yesterday ran 150 yards in 14.15 seconds, and 180 yards in 17.45 seconds.

New Haven, Conn., April 24.—Dorando Pietri won easily from Matt Maloney the 15-mile race this afternoon at Savin Rock, leading at the finish by a lap and a quarter.

The rule is well known now, and all competitors in unseasoned meets are disqualified from competing in C. A. A. U. events.

Nothing in the records of history suggests the probability of Longboat winning a controversy with Pat Powers.

St. Yves, early in the seventh mile, started a sprint, and slightly diminished Shrubbs' lead.

St. Yves sprinted again during the fourteenth mile, and for a brief time he drew away, but Shrubbs let out a link and soon caught him.

During the season the Times will be glad to receive the scores of amateur games. Send in promptly and accurately.

COMMENT AND GOSSIP

"I don't see if this writ is returnable to-morrow how it can be argued to-morrow," said Mr. Justice Teetzel.

"I think the Divisional Court will put it on the list," said His Lordship.

"But it is only one day," insisted Mr. Staunton.

"Well, make it Wednesday, then," said the Judge.

"That will satisfy me," said Mr. Cartwright.

"Very well then," said His Lordship, "the writ will be returnable on Wednesday."

"His Lordship then directed that the warrant for Miss Kinrade's arrest, together with a copy of the evidence given by Detective Miller, which led to the warrant being issued, be filed with the registrar of the Divisional Court."

THE JUDGMENT. Following is the text of order made by Justice Teetzel:

In the High Court of Justice Hon. Mr. Justice Teetzel, in chambers Monday, April 26th, 1909.

Re a certain inquest now being held in the city of Hamilton, in the Province of Ontario, touching the death of Ethel Kinrade, before Dr. Anderson, coroner for the city of Hamilton.

Auction Sale of Hamilton Flour Mill and Chattels Under and by virtue of the powers of sale contained in certain mortgages which will be produced at the time of sale, there will be offered for sale by Thomas Burrows, auctioneer, by public auction, subject to a reserve bid, on the premises on the southeast corner of Market and Park streets, in the City of Hamilton, on Tuesday, the 18th day of May, at 10 o'clock, two lots of land, the following parcels of real and personal property: PARCEL 1.—The flour mill known as the Bennett Brothers' Mill, with the millinery machinery therein contained. The mill building is built of stone and the warehouse and other buildings are brick. The mill has a capacity of about 90 barrels per day and has always done a large merchant and custom business. PARCEL 2.—Office furniture—One safe, one cash register, one typewriter, one working desk, one letter press, one gas stove. PARCEL 3.—Four horses, five sets of harness, three sets of bob sleighs, four delivery wagons, one phaeton, one buggy. PARCEL 4.—One set mill stones, one smaller (hardly used), one separator (hardly used). The various parcels will be offered together or separately as may be decided at the time of sale. There is only one other flour mill in the City of Hamilton and the above sale affords an excellent opportunity for acquiring a most desirable property and business. Further terms, particulars and conditions will be made known at time of sale or on application to the undersigned. LEASE, HOBSON & STEPHENS, Solicitors for Mortgages.
