## Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you. We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed. We know the Business and have no substitute for QUALITY.

This is the REASON we have the RANGE business of the entire country.

## Worthy Tribute to Late Hon. J. P. Burchill

### Northumberland Lodge F. & A.M., No. 17 Pays Worthy Tribute to a Departed Brother

Brother G. Percival Burchill, P.M. South Nelson, N.B.

Dear Brother:

Your Brethren of Northumberland Lodge desire to convey to you and the members of your family circle their profound sympathy in the bereavement you have experienced in the passing of your honored father. We realize that in his removal you have lost the companionship of a loving father, friend, and family counsellor, one who has always been exemplary in family and social life, in business connections and in the public life of his community.

In his native County and Province, where for so many years he served with such distinction, he displayed at all times those high ideals of life and character which certainly marked him one of the distinguished public men of his day.

To those who come after him, he leaves the noble heritage of a clean and glorious life whose influence shall long be felt in the private and public life of the country, and be an example and inspiration to as-

piring young men who may have a desire to enter public life.

We, the members of Northumberland Lodge, who derived so much benefit and pleasure from the association and brotherhood, feel that we share with you a mutual loss and grief in the passing of one who was, not only a worthy brother, but was at all times ready to extend his sympathy and practical help to all deserving members of the craft.

We trust that in this bereaved hour you may be sustained by that faith in Our Heavenly Father which looks beyond the grave to the brighter home above, where all true and upright Masons hope one day to receive the Supreme Master's cordial welcome.

You will kindly convey to the members of your family circle our deep and sincere sympathy.

On behalf of Northumberland Lodge No. 17, F. & A.M.

Yours Fraternally,

James Falconer

## THE WORST STORM OF THE SEASON

The Miramichi district was visited on Friday with the biggest and fiercest snowstorm of the season. Almost a foot of snow fell and on Saturday it drifted badly before a high wind. The lumbermen who have been short of snow for their operations; will have little cause to complain on this account. Severe cold weather has prevailed since the storm and the coal bins are rapidly lowering.

## GHATHAM BLANKS BATHURST TEAM

At Bathurst on Thursday night the Chatham Hockey team defeated the Bathurst sextette in an exciting match by a 2 to 0 score. The match was attended by one of the largest crowds that ever attended a game in Bathurst and they were treated to an exhibition that roused them to the highest pitch of enthusiasm. The first period was scoreless and without a penalty. Chatham received their first score after 14 minutes of the second period and a number of penalties were imposed. In the last period the evenly balanced merits of the teams were strikingly apparent. Just half a minute before time was called Chatham made their second score. The feature of the game was the great work of the goal tenders.

## Campbellton Won The North Shore Curling Bonspiel

Campbellton curlers won the North Shore Bonspiel trophy by a margin of 10 points over Newcastle, which finished second. The annual banquet was held at the close of play on Thursday night and was a great success.

## HONORED WITH WAR MEMORIAL SCROLL

Mr. J. B. Peters, formerly of Newcastle but now residing in Lawrence, Mass.; has been awarded a valuable War Memorial Scroll by the Canadian Pacific Railway Company. This scroll is being presented to all C. P. R. employees who served in France during the World War. Mr. Peters has many friends here who will be pleased to hear of the above award.

## MONCTON WINS FROM CHATHAM

### Four to Three Match in N. B. and P. E. I. Northern Section.

Moncton won from Chatham by a 4-3 score in Tuesday night's game in the northern section of the N.B. and P.E.I. Amateur League. In the first period Moncton scored two goals and in the second added two more. Chatham failed to find the net in the first period but scored one goal in the second and two in the third. The game was fast and fairly clean it being anybody's game up to the last.

## BIG SEVOGLE CLUB HOLD MEETING

Last Wednesday the annual meeting of the Big Sevogle Fishing Club was held at the Brunswick Hotel, Moncton. This fishing Club has under lease several miles of salmon fishing rights on the Big Sevogle River, situate some 60 miles north of Newcastle.

The old Board of directors was re-elected and Mr. W. F. Humphrey was elected President. The stockholders made necessary arrangements for guards, club houses, caretakers and catering at the club houses for the year 1924.

A by-law was passed that between the 15th June 1924 and Aug. 31st 1924 members only would have the privilege to fish.

## HIGHLAND SOCIETY TO HOLD GALA DAY

The Executive Committee of the Highland Society of New Brunswick at Miramichi is anticipating the holding of a Scotch Day in the early autumn. The form this day and evening will take will be decided at the March meeting of the Executive. It is probable that a general gathering of the members of the Society with their ladies and friends will be held.

It has been some years since a general gathering of the Highland Society has been held on the Miramichi and the anticipated gathering will be made a gala day by the executive and members.

# County Council

(Continued from last week)

Wednesday Afternoon Council resumed 2.30 p. m. Committee on Petitions through Coun. McKnight recommended that a new polling booth be established at or near the Sweeney School House Parish of Gilepsie.

Petitions committee recommended that sum of \$8.00 be paid for sheep killed in parish of Ludlow.

Coun. Watling thought that all should be paid the same amount for sheep killed, not \$5.00 to one and \$8.00 to another.

Coun. Pond did not agree with that for pure bred sheep were worth more than grades and should be paid according to the value, but let there be a uniform price for grade sheep.

Coun. Menzies enquired as to where the funds come from to pay for sheep, there was no dog tax assessed on North Esk and they had been paid for sheep killed.

Sec. Teed said that if Parish had no dog tax these accounts cannot be paid.

Coun. Pond said that because Ludlow had a large credit balance was no reason why they should pay more for sheep killed. The committee were not doing their duty and should recommend a uniform price for grade sheep.

Coun. Watling thought that \$6.00 was reasonable but \$8.00 too much per sheep.

Coun. Mersereau said that \$1.00 was too little for some sheep and \$5.00 too much for others.

On motion of Coun. Pond the bills for sheep killed by dogs were all referred back to the Committee for a uniform price to be agreed upon by them and report made.

An Account from the Hotel Dieu Hospital, Tracadie for \$16.00 medical treatment for resident of Alpwick was read.

## MOTHER OF LARGE FAMILY

### Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE L. CROUSE, Hemford, N. S.

### My First Child

Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYAN, Glen Allen, Alabama.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." C

Coun. Anderson asked what was the status of the account as it came from a hospital outside the County, and he would like to know how far the County was liable for patients who go to outside hospitals.

Sec. Teed said that there were a good many other bills of the same nature to be dealt with some already had been paid. According to the legal status the Hospital gave notice to the County that the patient was there and if they did not repudiate them, they must either take them away or pay the bills, and it was an impossible thing to take a patient from a hospital outside the County and if they did where would they put them?

Clerk of the Peace Whalen read the law on the matter which showed that it was chargeable to the County and that the County must pay the bills when presented.

Account passed as did another for \$10.00 from the same institution for a like case.

On motion a delegation from the Red Cross Society was heard. Mrs. W. A. Park said that the Red Cross had been interested in sending a girl to the Sanatorium at River Glade, who was suffering from tuberculosis, they had already paid out over \$100 for her maintenance and asked that the County take over her case as it was a very deserving one, the girl came from blackville parish.

Coun. Anderson asked what was the charge for her maintenance. Miss L. Manny said that the charge was \$45.00 per month and the society had paid up until last September and now owed about \$260.00.

Coun. L. Doyle thought that the matter was a most urgent one, and should be acted upon at once. If the County refused to provide for her they could send her home or they could make the County pay.

Coun. D. Doyle thought that the matter should be decided at once and moved that the County take over the responsibility of caring for this patient. Carried.

Coun. Anderson said that the Red Cross deserve great praise for the work that they have already done in this case. It was a noble thing and he hoped that a vote of thanks be extended to the ladies for their excellent work.

Coun. Mersereau said that the work being done by the Red Cross and L. O. B. E. was beyond praise and much appreciated. He said of the philanthropic and patriotic work that they were carrying on was unknown to many but they were carrying on a work that few would undertake, and a work that was absolutely necessary in the community and the works of the Council could not sufficiently thank them, for that which they had already done.

The vote of thanks on being carried was extended to the delegates by Wardens Gill and Mrs. J. A. M. Bell replied briefly.

Dr. Desmond of the Board of Health was heard. Dr. Desmond said that he had come to present the requisition for the Board of Health for 1924. During the past year there had been some cases of scarlet fever and diphtheria, but no cases of smallpox. Cases of diphtheria had not been reported soon enough and he desired to draw the attention of the Councilors to any case of severe sore throat should be immediately drawn to the attention of a physician, so that there would be no epidemic. In one district in the County a doctor had not been notified until two were at death's door. The detailed list of expenditures would be found in the report and the Board had asked that the same appropriation as last year. He had been requested by Dr. Stobert to state that The Rockefeller Institute were prepared to pay

## ONE 50c BOX BROUGHT HEALTH

### Years of Constipation Ended By "Fruit-a-tives"

#### The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; who is interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-tives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

Dr. Desmond said that the patient's arm was the best indication of successful vaccination. If the vaccination was successful the child would not have to be re-vaccinated. It was the School law as well as the Health law that no child should be allowed in school who was not successfully vaccinated. By vaccination they had been able to almost stamp out smallpox in this province, only 2 cases occurring in the five counties during the past year and 3 more in the entire province.

Coun. Tucker complained that the officials of the Dept. could not be made to do their work in Renous in diphtheria cases. There had been two deaths in Renous and the Health Official had refused to go near the house. He would make a complaint against the official for he was not doing his duty.

Dr. Desmond said that it was their duty to see that the people get a doctor, then placard the house, call and see if there was anything they required and after it was all over fumigate the house. He was to prevent public funerals, see that people must not go in or out of the house and carry contagion. The doctor must be allowed to do his work but he must not come in contact with the patient and must take every precaution to see that he did not carry infection. If the Health official was not doing that he was not doing his duty, and he was glad to hear that the Council would do it.

Coun. Tucker—He certainly is not. Sec'y Morris of the B. of H. said that he had personally gone to Renous and instructed the officer there as to his duties. It was hard work getting reports from the doctors in that vicinity as they were slow in making reports. It was hard to get some men to do their duties.

Mr. Morris—"Is it hard to get them to take their salaries?" Mr. Morris—"Certainly not."

Coun. D. Doyle asked re \$500 that had been paid to McDade and Barry regarding a Williams claim. The Council had refused to pay and the Board of Health had now done so.

Dr. Desmond explained that he had paid the bill on order of the Minister of Health, the Province had assumed one third of the cost of the matter. The bill had come before the B. of H. and they had referred it to the Council and they had taken no action.

Petitions Committee recommended that Gertrude Jardine, Renous be refunded taxes she had paid on widow's exemption and on motion of Coun. Schofield and Holmes it was passed.

Petition of P. L. O'Shaughnessy for refund of taxes paid in 1921 and 1922 when he was away attending college was recommended by Petitions Committee.

Coun. Copp said that the only thing he knew of the matter was contained in the petition. It was a very small affair to bring before the Council, but as the Committee had recommended it he moved, seconded by Coun. Menzies, that a refund be made. Carried.

A Petition from the Buckley Estate for exemption of one third taxes on account of the burning of their mill was read.

Coun. Watling enquired as to the amount due from Co. Sec'y Teed—About \$81.00.

Coun. Fletcher thought that if refund was made the Estate would not benefit very much it would be largely the Royal Bank and they could afford to lose the money as well as the County.

Coun. L. Doyle said that a precedent had been established in the case of Mr. Hutchinson, the same exemption should be allowed to the Buckley Estate as they should treat all the same. It was merely a matter for the Parish and not the County.

Coun. D. Doyle thought that the Councilors for Newcastle Parish were the ones to deal with the matter and make recommendations as they thought fit.

On motion of Coun. Parker the matter was referred to the Newcastle Parish Councilors for settlement.

Coun. Tweedie congratulated Warden on his appointment. The County could be assured that the business of the County would be carried on in a businesslike manner. He had attended several meetings of the Council and the members from Chatham Town had been shown every consideration. It was a pleasure to attend the meetings and while he missed many old faces he saw several new ones and assured them all of the hearty support of the Town of Chatham. The matter he desired to bring to the attention of the Council was the change in time table of the "Whooper" train which now arrives in such a time as to make it impossible for residents of the upper river districts to come to Newcastle or Chatham and return home the same day. When the "Whooper" was first put on it was to accommodate the upper river people who desired to do business here, the same as in the morning trains enables them to do in Fredericton, it was a matter that affected the upper river section mostly but what affects one part of the County affects the whole and he read a resolution requesting the C. N. R. to put the Whooper trains on the same time table for at least two days each week as they had run before the change. The resolution carried unanimously and was ordered forwarded to L. S. Brown, District Manager, Moncton.

On motion of Coun. Bransfield the Council resolved itself into a committee of the whole to consider the rate of pay to be paid revisor for their work in assisting the valuers during the past summer.

## Chateau Frontenac Team Leader's Long Journey

A breath from the freezing winds of the Canadian Arctic, with something of its loneliness, its savagery, its call upon the elemental qualities of courage and endurance and a dash of the romance of the long trails are embodied in Moutie, veteran hero of the wilderness and new leader of the Chateau Frontenac dog-team at Quebec.

Moutie is a husky, in other words, part wolf and his wolf strain shows itself in his handsome head, with its sharp ears and nose, its steel-hard, flaming eyes, its gleaming fangs and its great ruff of fur. He is a dark grey giant, almost one hundred weight of muscle, bone and sinew, ferocious, grim determination and unwavering fidelity. He was born away up within the Arctic Circle, at Lac-du-Brochet, bought in 1919, when very young, by Sergeant Grennan of the Royal Canadian Mounted Police, and trained by him. He put in nearly five years as a member of that famous force, running patrols on His Majesty's Service with the red-coated heroes of the wast.

The journey from Le Pas, in Northern Manitoba, where he was purchased to Quebec, a distance of well over two thousand miles, was an exciting and extraordinary experience embodied in Moutie, veteran hero of the wilderness and new leader of the Chateau Frontenac dog-team at Quebec.

rest and there adjusted himself comparatively easily to the strange turmoil of the great city. His driver, Arthur Beauvais, an Indian from Caughawaga, took him for a short stroll through the streets, where he created a tremendous sensation. And no wonder, for Beauvais says he is without exception the finest husky he has ever seen, while the Mounted Police report that he has always been greatly admired wherever he has been, both for his appearance and his capacities.

Now he is at the Chateau Frontenac, working comparatively easily at giving visitors a ride and is one of the attractions of wintertime Quebec and will no doubt shine brilliantly at the forthcoming carnival there.

On resuming Coun. Anderson read the report of the Committee which recommended that the bills of the Revisors be paid at a rate to be fixed by the Councillors but not to exceed \$5.00 per day, which was adopted.

Coun. McKnight of Petitions Committee recommended that the rate paid for sheep killed by dogs be \$5.00 per sheep and that all accounts that had been submitted sworn to be paid at that rate. On motion of Couns. McNaughton and Watling the report was adopted.

Coun. Pond gave notice of a motion to amend by-Law No. 7 relating to cattle running at large.

On motion of Couns. Copp and Menzies the following resolution passed.

Whereas on the highway road in front of John S. Mullins, on the road known as the North West Road there is a particularly dangerous embankment.

And whereas the people of North Esk Parish wish the road widened so as to do away with said embankment.

And whereas at a place on the same road further up known as the sand hill there is at present an old watering trough which is useless on account of its neglected condition thereof.

Therefore be it resolved that this Council memorialize the local Government at Fredericton calling their attention to the above facts and asking them to have the necessary repairs made at an early date as possible.

Further resolved that copies of this resolution be forwarded by the Sec. Treas. to Premier Venio, Minister of Public Works, and to our local members for Northumberland.

On motion of Couns. Schofield and Tucker, Parish Clerk's Account, \$14. District Clerk, No. 2, \$11, and No. 3, \$9, Blackville Parish passed.

Adjourned until 2 p. m. On motion of Coun. Anderson the valuation report was received and adopted.

Thursday Afternoon On motion of Coun. Schofield the Parish Officers, Blackville passed.

On motion of Coun. Fletcher the following resolution passed: "Whereas from time to time debtors are arrested and confined in the County jail for want of bail awaiting trial on small accounts and whereas the abuse of this privilege had caused many men to be confined in goal without any benefit accruing to the said creditor while the County is called upon to support and maintain these men and frequently to support and maintain their families as well, and whereas large sums of money have been paid in this County of Northumberland during the past two years for the support and maintenance of such men and their families without any advantage to the creditor whatever.

Resolved that this Council bring the matter to the attention of the Local Government at Fredericton and request that the said Government and the Attorney General's Department take such steps as may be necessary to amend the law with regard to the arrest of debtors so that this abuse may be remedied or entirely done away with and the County protected from the effects of such injustice.

Further resolved that copies of this resolution be forwarded by the Secretary-Treas. to the Attorney General and to our local members.

## Railway News

Winnipeg.—Claiming this year a record for an early shipment of grain, the Lake of the Woods Milling Company on August 3rd moved the first car of new wheat to the head of the lakes. The grain, which came from the farms of John Siemens and M. Wodlinger, of Rosenfeld, Minn., graded No. 1 northern of fine quality. It was shipped from the Lake of the Woods elevator at Rosenfeld over the Canadian Pacific Railway to the Lake of the Woods mill at Keewatin.

August 3 is considered the earliest date in a number of years that grain has been moved east.

Carelessness by automobile drivers at railway crossings is still prevalent. On every occasion the motorists come off second best. The railways are doing all in their power to prevent accidents. If they were only met half way many fatalities would be avoided and many automobiles and limbs saved from the operating theatre.

A few days ago at Ayr, Ontario, a man named W. Zehr was driving south in a Grant automobile across Northumberland Street. He ran into the side of a train, striking it behind the locomotive. As a result of the impact Mr. Zehr's automobile was badly broken, but the injury to the train was slight. The train was switching at the time of the occurrence.

Prescott.—The Canadian Pacific Railway offers two scholarships per year for the faculty of applied science to minor sons of employees. This year there were 16 candidates in the contest, which was held last month, comprising students from Halifax, N.S., to Victoria, B.C. George Harold Kingston of Prescott received the highest number of marks, winning one of the scholarships, which means free tuition at McGill College, Montreal, for five years. Mr. Cyril Norzette, of Victoria, B.C. won second place.

BE ON THE JOB  
If you are a merchant and run this week and none next, appearing before the public only spasmodically you are not far distant from the merchant who will close his door and go fishing right in the busy season. The time when advertising best pays is in times of depression. It is then that the buyers need urging and encouragement. Most merchants hereabout are complaining of dull trade and a scarcity of cash; but as sure as the snow crop in New-Brunswick it is a fact that people always strain the point and respond to real bargain offers. Every store has bargains that the trading public knows hot of but you may stock your store with the very best goods and sell very little if your selling effort consists only of sitting behind the counter waiting for customers. Be guided by your own business sense and prepare each week a persuasive selling ad that will carry a strong appeal to the thousands of Northumberland county homes in which The Advocate is a weekly visitor.

GET THE NEWS IN EARLY  
People who think that a local news paper is set up in a day or two have a small conception of the amount of mechanical work required to get out a paper. Even with the fast linotype machine it means work is going ahead all week in the preparation of the paper and in order to avoid a jam-up at the last; reports of meetings and events happening in the week have to be collected and set in type as soon as possible after they have transpired. If our good friends; including our valued correspondents; and advertisers; would bear this fact in mind they would not defer handing in matter for publication to the last day and expect to see it in print. Often enough; an item is left out and the contributor is surprised and sometimes "hurt". If we were to attempt to handle this week-end material on publication day it would mean holding over an equal volume of last minute news. When you realize the situation as outlined here in a few words; wouldn't a little thoughtfulness help wonderfully?

SOME FACTS  
Premier Veniot told the farmers and dairymen last week that there were twenty thousand automobiles owned in New Brunswick at the present time, estimated to be worth \$2,000,000. It costs about \$4,500,000 annually to keep them in repair and \$1,500,000 is expended each year for gasoline. And yet people are constantly complaining of hard times.  
From statistics compiled by the Federal Bureau of Investigation

ments of Agriculture it is estimated that the value of agricultural produce grown in New Brunswick last year on farms of fifty acres or over was \$23,000,000. Who will say that the farmers of New Brunswick are not thrifty.  
According to Premier Veniot automobiles to the value of \$20,000,000 are owned in this province eighty-eight per cent of which are the property of the farmers. Surely it cannot be said that New Brunswick is poverty stricken.

To "Union Advocate"

I know not how others feel with respect to the bickerings, which are appearing in the public press between the clergy on the "Church Union" question, but to my mind it is nothing short of ignominy. Surely matters have come to an acute stage when one minister of the same denomination, will accuse another fellow-minister of deliberately making mis-representations and mis-statements while he in turn charges the other with disloyalty, deceit, subterfuge; etc. etc.

I am quite sure the public regard such a method of procedure as anything but Christian like and it is little wonder that many people refrain from taking an active part in church matters, or even desire to attend public worship on Sunday, with such a state of affairs existing among the clergy.  
No doubt there is two sides to this "Union" question like all other questions and both pros and antis are entitled to their respective opinions, but I fail to see, why it is necessary for opposing clergymen to resort to bickerings and personalities over such a vital question.

If such a vast difference of opinion exists between the two forces, as there is claimed to exist by those who give vent to their opinions in the public press, it is rather difficult to understand how, for so many years, it was possible for them to tolerate each other in the various courts of their church.  
To the on-looker, it would seem that the sooner a division was made the better, and perhaps then Christ's Church will reclaim that which she has long had become a greater force for GOOD than she has ever been before....

In any case the public would be much better satisfied, if members of the clergy would attend to their religious duties and PREACH THE WORD OF GOD, rather than to be bickering and wrangling among themselves over this "Church Union question" which the people themselves have the sole right to determine.

I have very little doubt that if the clergy would keep out of the issue, the people would have very little difficulty in solving the question in a very short time and in a perfectly satisfactory manner.

BISHOP ASSAILS BANK MANAGEMENT

With Home Bank Failure as a Text.

Bishop Fallon, London, Ont., has addressed an open letter to Premier King, regarding the Home Bank failure, in which he said:  
"Despite Government supervision, finance ministers, inspectors, auditors and the Bankers Association the Home Bank was able to go unchecked for more than a decade of years in its career of incompetence, deception or dishonesty, until the whole structure fell to pieces, and brought misery and suffering to hundreds of thousands of Canada's citizens.  
"The collapse of the Home Bank, however, is but an incident in a financial condition that calls for immediate and effective action. By discourses from general managers, glowing annual reports; by eloquent discourses; from general managers by empty resolutions of uninformed shareholders and by culpable negligence in the finance department, the people of this country have been lulled into a sense of security concerning their surplus earnings entrusted to the banks of Canada."  
The Bishop severely arraigns bank management.

LOOKS FOR LARGER CUT OF LUMBER  
Hon. C. W. Robinson Says 100,000 Acres Burned Over Last Year.  
The province, Hon. C. W. Robinson said in an interview, lost 400,000 acres through forest fires last year but a great deal of timber from the area burned over will be saved.  
It is estimated, he said, that there will be an increase in the amount of lumber cut on the Crown lands alone of 75 per cent. And, according to all reports, the minister added, there will be a proportionately large increase in the amount cut on privately-owned lands. The Crown land cut in 1922 was about 200,000,000 feet. Much of the increase this year will be made up of lumber from burnt lands where a determined effort is being made to get out all that is possible. However, it is expected that there will be considerable loss, Mr. Robinson asserted, as the streams will only carry a certain amount and the lumber operators are limited by this.

Regarding the complaints that the weather had been unfavorable and that it might not be possible to get out all the timber which it had been planned to cut, the Minister of Lands and Mines said that there were always influences at work which were detrimental and that if their was not enough snow there was too much, or perhaps it was too much rain which set the work back. A fair average might be struck, however, he concluded, if the number of men employed this season were compared with the number kept in the winter of 1922 and 1923.

RAIL COMMISSION TO HOLD SITTINGS

The Board of Railway Commissioners of Canada will sit at St. John on Wednesday, Feb. 6, at 10 o'clock to hear representations of parties concerning the application of the Express Traffic Association of Canada, representing the express companies doing business in Canada and also the express department of the Canadian National Railways, for such an adjustment of rates as will permit the company to earn a fair return for their services. Sittings will be held at Halifax on Monday, Feb. 12, and at Montreal on Tuesday, Feb. 13.

Dead In The West Was N. B. Native

Vancouver, B. C., Jan. 14--Frank A. Tingley, for the last 10 years superintendent of dining and parlor cars and news service of the Canadian Pacific Railway at Vancouver, died at his home here this afternoon after an illness extending over a period of three months. The late Mr. Tingley was born in Sackville, N. B. in 1866 and during a railroad experience of more than 40 years was identified with dining and sleeping car departments in various parts of Canada, the United States and Mexico.  
Mrs. Scribner of this town is a niece of the late Mr. Tingley.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are changeable—one bright; the next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or gripe. What is needed to keep the little ones, well is Baby's Own Tablets. They will regulate the colds, and by their use the baby will be able to get over the winter season in perfect safety. The new sales tax will not increase the price of Baby's Own Tablets, as the Company pays the tax. You can still obtain the Tablets through any medicine dealer at 25 cents a box, or by mail; post paid from The Dr. Williams' Medicine Co.; Brockville, Ont.

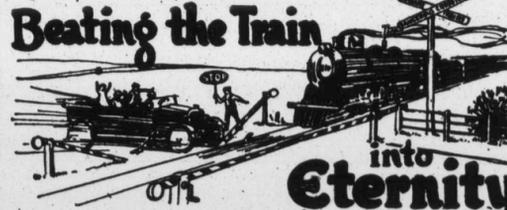

Here and There

A new record has been established by the Department of Marine and Fisheries in the number of white fish, eggs collected for hatchery purposes in the Great Lakes and the Lake of the Woods. A total of 463,560,000 eggs were obtained, which exceeds all previous collections in the province of Ontario.

A new deposit of soapstone has been discovered on Trap Lake, a small lake south of Wabigoon Lake, in northwestern Ontario. The quality of the stone has been reported as excellent for various industrial uses, and practical trials are under way. Water transportation is available direct from the deposits to Wabigoon and Dryden, on the main line of the Canadian Pacific Railway.

It is announced by the Canadian Pacific Railway that two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered, subject to competitive examinations, to apprentices and other employees enrolled on the permanent staff of the company, and under 21 years of age, and to minor sons of employees.

Canada's fisheries production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this mark would be reached, for the Fisheries Department had been deeply into the water with the United States. But as the year wore on the demand and prices generally improved, thus giving fishermen along the Atlantic coast, especially a much better mark.

In line with new legislation being passed in the various States of the American Union aimed to diminish the alarming number of accidents through reckless driving of automobiles, particularly on level-railroad crossings, the Board of Railway Commissioners for Canada has requested the Canadian Pacific Railway to submit information bearing upon similar dangerous practices by motorists on various portions of its system so that use may be made of the information with a view to endeavoring, through education, to minimize the occurrence of such dangerous practices.  
In a Bulletin issued by the Board of Railway Commissioners on June 15th, 1923, 54 cases of danger at protected crossings are cited for the period October, 1922, to May, 1923, and of these fifty are declared to have been due to the carelessness of motor drivers. "Motor accidents," says the bulletin, "are becoming more frequent. Every sane motorist deprecates this. If accidents are to be lessened, the sane motorist must educate the culpably negligent motorists."  
All highway crossings are by law protected by signs, and they are only dangerous when the driver of the automobile makes them so. They are not dangerous if motorists will take a small part of the care they exercise in turning on a city street. It is the motorist's carelessness that makes them dangerous. The train has right of way. Everyone knows what may happen if the plainly seen warnings are disregarded at a point where the motor car can stop while the train cannot.

The surprising part of it also is that safeguards and precautions erected by the railroads are so often entirely ignored. Time after time newspaper reports show that crossing alarm bells, barrier gates and even watchmen waving "stop" signals mean nothing to the man in the motor car who is determined to beat the train to it.  
Coroners' juries act usually more discriminating and put the blame where it belongs, but the general public, seeing the usual newspaper heading, "Train Crashes into Motor Car," starts out with the impression that the train must necessarily be to blame, when, as a matter of fact, a fairer statement of the case would be "Another Auto Gets in Path of Fast Train." Quite as often, too, the heading should read, "Flying Auto Dashes into Moving Train." Frequently the auto strikes the train well behind the engine, a convincing indication that the motorist too frequently treats the railroad crossing with the same casual notice that he gives the intersection of a quiet country road.  
Out of 32 level crossing accidents that happened in Ontario during 1922, 22 were the result of the motorist not heeding the stop signal, and seven were the result of running into the lowered gates or actually passing under them after they were lowered or while they were being lowered. One man had no headlights and apparently did not see the gates were down while the remainder in other ways tried to cross in front of the engine in order to save time.

Toronto Star says that: "In a country like this, with its magnificent distances, and railway systems with twenty thousand miles of track, the time may never come when all level crossings will be eliminated. With motor cars in use everywhere there is no railway crossing so remote but that a motorist may use it. It is his business to see that he does so at a safe moment. It is his business for two reasons: (1) because it is the presence of him and his car at that time and place, and not the coming of the train, which creates the risk of a crash; and (2) because if there should be a crash he and his car will be crushed, and not the train."

TRY THESE TESTS

Are you thinking that you are pretty broad, big, tolerant? Put yourself to a few tests. Are you big enough to want those you love to be happy in their own way instead of in your way? Try that on your plans. Are you tolerant enough to concede that the other fellow has a right to be as different as you are? Try that too.

OBITUARY

JESSIE I. MASSON

The death occurred at the home of her sister, Mrs. Allan J. Murray Friday morning of Jessie I. Masson, youngest daughter of the late Mr. and Mrs. Frank Masson. Deceased who was only 27 years of age, had been in ill-health for some time but was confined to bed only a month. She is survived by three brothers: Wm. and Conductor George M. Masson of Moncton; Claude of Elkhorn, Manitoba (at present at home); and two sisters Jean, (Mrs. Allan J. Murray) Newcastle, who herself is seriously ill, and Annie (Mrs. Gerald Black) Moncton.

TORTURES OF SCIATICA

Sciatica is neuralgia of the sciatic nerve and the treatment should be the same as for other forms of neuralgia. Sciatica is stubborn in resisting treatment and the patient frequently suffers for years.

So many cases of sciatica have been helped by Dr. Williams' Pink Pills that every sufferer is justified in giving this treatment a thorough trial. Dr. Williams' Pink Pills do not simply relieve pain—they correct diseases caused by weak, watery blood. Thus they are beneficial in the treatment of even the most severe disorders. Their value in cases of this kind is known by the experience of Miss Lizzie Freeman Nogies Creek; Ont. who says:—"I was confined to bed for seven weeks with sciatica. What I suffered is almost impossible to realize. The doctor did all he could for me; and yet I was not getting any better and he told me the trouble was likely to leave me crippled. A neighbor who was in to see me, strongly advised me to try Dr. Williams' Pink Pills. I decided to do so and after taking them for a while found they were helping me. I continued taking the pills until I had taken nine boxes, when I was able to walk as well as ever and felt that I was fully restored. In view of what these pills have done for me I strongly recommend them to all sufferers.

If you are suffering from any condition due to poor, watery blood or weak nerves, begin taking Dr. Williams' Pink Pills now and note how your health and strength will improve.

The new sales tax will not increase the price of Dr. Williams' Pink Pills as the company pays the tax; you can get these pills postpaid, at 50c a box, from the Dr. Williams' Medicine Co., Brockville, Ont.

C. N. R. TO OPERATE ELECTRIC CARS?

Mr. W. U. Appleton, general superintendent of the C.N.E. Atlantic Region was in conference last Tuesday afternoon with Mayor Creaghan, Ald. MacKay and electrician Mont Jones with the view of ascertaining if it would be possible to procure sufficient electric power to operate an electric daily between Newcastle and Loggieville and also a couple of trips weekly between Newcastle and Blackville. The Town officials informed the superintendent that 100,000 K.W.H. at 4 cents could be furnished subject to conditions and this arrangement met with the approval of Mr. Appleton. The matter will be more fully considered by the railway authorities and if decided on a storage station will be built here. The "Whooper" timetable was also discussed and the superintendent promised to improve this service in the near future.

BALDWIN HANDS IN RESIGNATION

London Jan. 22—Premier Baldwin shortly before noon today tendered his resignation of his ministry to King George and advised the sovereign to send for James Ramsay MacDonald.

The King accepted Mr. Baldwin's resignation and summoned Mr. MacDonald, the Labor leader, for an audience at noon.

Mr. Baldwin's audience with the King came after a meeting of the cabinet. He remained in Buckingham Palace for forty minutes.

Mr. MacDonald, accompanied by John Robert Clines, deputy leader of the parliamentary Labor party and J. H. Thomas arrived at the palace shortly before Mr. Baldwin's audience was concluded.

Mr. MacDonald's audience with the King lasted an hour. The King invited him to form a government and Mr. MacDonald accepted.

ANTI-UNIONISTS ASK INJUNCTION

Toronto, Jan. 25—Representatives of Presbyterians in Canada opposed to the organic union of their church with other denominations, in a writ issued at Osgoode Hall to-day; seek a declaration that the defendants in the action, about 50 leaders of the union party in the church are not lawfully authorized by the Presbyterian Church in Canada to take any action to bring the proposed union into effect.

An injunction seeking to restrain the defendants from acting as agents of the church, is also asked for.

CHURCH UNION IS BEFORE PREMIER

Rev. Dr. Gandler of the Presbyterian Church, Rev. Dr. Gunn of the Congregationalist Church and Rev. Dr. Chown of the Methodist Church had Conferences Thursday with Premier King, Hon. Ernest Lapointe, acting Minister of Justice and Rt. Hon. Arthur Meighen, in regard to the Church union bill which it is proposed to submit to Parliament during the coming session. Those favorable to union desire a Federal Act, incorporating the United Church of Canada and the question will be introduced in the form of a private bill it is expected that the measure will give rise to an interesting discussion in the House of Commons.

## County Council

(Continued from page 3)  
The Default list was ordered handed back to collector for further collection.

On motion of Coun. Harriman, bill of R. A. Russell, 11 days assisting valuers in Chatham passed.

On motion of Coun. Chasson the sum of \$650.00 was assessed on the Parish of Rogersville for Pauper Lunatics, also Parish Accounts, Parish Officers, passed and Default list was ordered handed back to collectors for further collection.

On motion of Coun. Pond, Ludlow Parish Officers passed.

Coun. Holmes presented Report of Alms House Committee which was referred to Committee of the whole.

Coun. McKnight presented requisition of board of health which was referred to Committee of the whole.

Coun. L. Doyle presented Contingencies Committee report which was referred to Committee of the Whole.

On motion of Coun. Menzies, the sum of \$220 was ordered assessed on the Parish of North Esk for support of pauper lunatics.

Coun. Tucker asked re the expenses of burying a man in the Parish of Blackville, the man was a tramp and had come into the County one night and died the next morning, the people of Blackville should be paid for their work in this connection.

Legal Adviser Whalen said that it was a matter for the Alms House Commissioner. If there was no Alms House Commissioner it should have been referred to the Secretary. Mr. McLachlan at Chatham it was not possible to leave the man in the back yard; and the Alms House Commissioners were responsible.

Coun. Tucker said that if the people were as slow as the Alms House Commissioners the man would be badly decomposed before he had been buried.

Coun. Schofield said that there was no Alms House Commissioner at the time, he had asked Secretary Teed what was best to do and he advised him to get in touch with Mr. McLachlan, he had done so and Mr. McLachlan had told him to bury the man, this had been done and nothing had been paid.

Coun. D. Doyle thought that the people of Blackville should be paid for the trouble and expense they had done the right things and they should not be called upon to suffer for doing right.

Warden suggested that the Councilors from Blackville get together and make a request of the Council.

On motion of Coun. Copp the Parish Clerks, North Esk, were paid \$21.00 for election expenses.

On motion of Coun. Anderson it was resolved that no County Accounts bill be paid unless accompanied by a voucher.

On motion of Coun. Anderson the following County accounts passed.

Arthur Doran taking prisoners to P. H. \$69.20; Prisoners Board \$862.50.

The bill of A. J. Bell & Co. for casket and that of Victoria Hospital was rejected as the County was not liable.

The account of the valuers was presented as follows:

C. E. Fish \$882.90  
John Betts 655.00  
T. M. Gaynor 655.00

On motion of Coun. Anderson they were ordered paid \$537.16 each as had been agreed upon at the last session of the Council.

On motion the Council resolved into a Committee of the whole to discuss the Appropriations.

On motion Council adjourned until 10 a. m. Friday.

Friday Morning Council resumed at 10 a. m. Coun. Menzies read the following Report:

Your Committee to visit the Jail

beg leave to report. We visited the jail and found it clean and well kept. We found three prisoners. They had no complaints saying they were well used. Your committee would recommend some repairs such as new cots, the old ones being past use, and some better system of heating the rooms occupied by the jailer's family, and we also found the cell known as the Debtors cell with no heat in it. It is suggested that the pipes leading from the furnace be wrapped with asbestos as much of the heat escapes in the cellar.

Respectfully submitted,  
FRANK MENZIES,  
Chairman Jail Committee.

Coun. L. Doyle said the heating system had been considered last session and a competent man had been employed to fix it, cost four or five hundred dollars. Asbestos was no good on the pipes. It had been tried at the Court House and costs more now to heat it. There had never been complaints before and why should there be now.

On motion of Coun. Copp the report was received and adopted.

On motion of Coun. Fletcher the report of the Committee of the whole was adopted regarding Contingencies Appropriations as follows:

Sinking Fund	\$5,000.00
Bond Interest	5,000.00
Bank Interest	500.00
Administration of Justice	5,000.00
Courts House	1,600.00
County Jail	3,100.00
County Management	2,405.00
Councillors and Revisors	\$1,400.00
Grants to	
Miramichi Hospital	\$1,500.00
Hotel Dieu	1,500.00
Miscellaneous	2,600.00
	\$29,606.00

The Report of the Alms House Committee which had been considered by the Committee of the whole passed as follows:

We find there were twenty-four inmates in the County Home on October 31, 1923. Fifteen inmates having left the home and seven died in the home. Expenditures amounted to \$1,980.51 being \$1.43 per week. Total cost per inmate being \$3.77 per week.

The following assessment have been asked by the Alms House Commissioners for the various Parishes:

Chatham	\$ 400
Nelson	175
Glencol	100
South Esk	100
Blackville	125
Derry	200
Rogersville	1,000
Newcastle	1,500
Hardwicke	350
Alnwick	700
North Esk	250
Blissfield	200
Ludlow	200
Total	\$7,600

We recommend that these appropriations be placed before the Council in Committee as a whole to be dealt with.

The requisition of the Board of Health was also adopted as follows:

Requisition for 1924 \$ 5,000  
On Account of Judges Order 1,500

There is now due Board of Health on account of Judge's order the sum of \$3,500.

Coun. L. Doyle objected to the estimates for Board of Health of the \$5,000 asked for \$3,825.00 was for salaries and traveling expense. The affairs were going too far, it was as bad as the Compensation Board, where the officials got more than those it was expected to benefit.

On motion of Coun. L. Doyle, the Secretary and Warden were authorized to borrow not to exceed fifteen thousand dollars from the Royal Bank to finance County expenses.

After some little discussion on the form to be used it was decided to use the form provided by the Bank.

Warden read acts of the work done by the Hotel Dieu as has been printed in the Chatham Gazette of Jan. 7, 1924, and on motion it was received as the report of the Hotel Dieu Hospital.

Coun. Anderson thought that a report of the work should have been submitted the same as that of the Miramichi Hospital.

Sec. Teed said that he had report of the registrar of Deeds, Mr. Lawlor but receipts for last year did not come up to that allowed by law for remuneration.

On motion of Coun. Anderson the Secretary's salary was restored to that paid the late Secretary Williamson was \$1,800 per year.

Secretary Teed thanked the Council for the increase. He had done the best he could and heard few complaints, but he would be the last to hear them anyway. He always extended courteous treatment to everyone and the information desired about the County's business always came to him through the Secretary. The increase was very much appreciated, as his expenses were increasing as his family was also doing the same. He appreciated the good will of the council on behalf of himself and family.

Coun. McKnight presented the report of the Miramichi Hospital, which on motion was received.

The Warden said the Board of Health must be reappointed or new ones in their places.

The following were elected: D. S. Gordon, M. P. Tucker, H. Savoy, E. J. Parker.

On motion of Coun. Pond, Coun. O'Donnell was excused from attendance on account of illness and allowed his usual per diem allowance.

Coun. Bransfield pursuant to motion moved to reconsider the rate of PAY to assessors and moved that they receive not more than \$5.00 per day this to include horse hire, car hire or telephone bills. Motion carried.

Coun. Bransfield said it would prevent the assessors coming in next year with bills for car hire, etc.

On motion of Coun. McKnight, the Secretary and Warden were given authority to sign, transfer and deal with any of the sinking fund securities that may be found necessary.

Coun. Teed said the question had been raised as to the authority of himself and the warden to transfer Victory Bonds, they had \$5,000 of 1923 bonds, which they had transferred and bought 1934 bonds, and had made about \$160 for the County on the transfer and both series of bonds draw the same rate of interest. The resolution would clear up all doubt on the part of the Bond dealers as to who should sign the transfers, etc.

On motion of Coun. McKnight, the Councilors were allowed their usual per diem allowance and mileage.

On motion of Coun. Pond, the rate for Collectors of rates for assessing and collecting for 1924 was fixed at 5 per cent for School Funds and 7 1/2 for other warrants.

Coun. Holmes moved the following resolution: "That in view of the present excessive rates of Compensation now in effect in this province, and which rates are a very serious burden to industries of the Province, and especially the Lumber Industry."

It is therefore resolved that this session of the County Council of the County of Northumberland hereby protests against these excessive rates and requests that relief be given the employers of the Province and to this end requests the Provincial Government to amend the Workmen's Compensation Act, whereby the scale of compensation and benefits as laid down in the original act before the amendments of 1920 be restored.

Further resolved that a copy of this resolution be sent to the Premier, Hon. P. J. Veniot, and the members of the Legislature for Northumberland County.

On motion of Coun. Anderson the Secretary was paid \$30.00 for filling in School Lists.

Adjourned until 2 p. m. Friday Afternoon.

On motion of Coun. Anderson, R. A. N. Jarvis reporter, was paid his usual allowance of \$50.00.

Coun. McKnight of Glencol, drew attention to the Council of the fact that he and his colleague, Coun. Watling could not agree on

## Mother's Advice

NO mother ever taught her children a more valuable lesson than the necessity of keeping the bowels regular. Health, happiness and success are more dependent on this simple rule than most of us ever realize.

This mother advises the use of Dr. Chase's Kidney-Liver Pills because she has found this medicine to be absolutely dependable as a regulator of the liver, kidneys and bowels.

Physicians have estimated that nine-tenths of all human ills have their beginnings in the sluggish action of these eliminating organs and the consequent poisoning of the system.

Not only such ills as indigestion, constipation and biliousness but also appendicitis, Bright's disease, diabetes and high blood pressure, arise from this cause.

Prevention is so much easier than relief after the disease has become settled that the

value of mother's lesson is at once apparent. In many homes the rule is one pill at the week-end as a regulator and preventative and more frequent doses when required.

The strong points for Dr. Chase's Kidney-Liver Pills are their dependability to produce the desired results and their direct and combined action on liver, kidneys and bowels.

It is worth remembering that colds and other contagious diseases are quickly checked by the use of Dr. Chase's Kidney-Liver Pills to rid the system of the accumulating poisons.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmanson Bates & Co., Ltd., Toronto.

**Recommends Vicks For Pleurisy**

**Quebec Mother Thankful She Can Now Get Vicks in Canada.**

Mrs. J. A. Leblond of 114 Rue  
Galt, Sherbrooke; Quebec; writes:  
"Vicks VapoRub is not a new remedy  
for us; because we have used it in  
our family for four or five years.  
We got it from the United States.

This shows you how much we  
think of it. We are glad to get it  
here now; for there is nothing bet-  
ter for pleurisy' chest colds; etc."

Here is the last word, in treating  
cold troubles—rub Vicks well in over  
throat and chest; get into bed and  
have the coverings loose about the  
neck. All night long you breathe in  
the healing vapors of Camphor;  
Menthol; Eucalyptus; Turpentine';  
etc. The application also acts like  
a heating liniment or plaster. Us-  
ually colds got in one night and  
croup is commonly relieved in 15  
minutes.

Vicks comes as a salve—the ext-  
ernal direct treatment for all cold  
troubles—absorbed like a liniment  
and inhaled as a vapor.

Vicks is the ideal treatment for  
children's cold troubles; it avoids  
so much internal dosing.

At all drug stores, 50c a jar. For  
free test size package write Vicks  
Chemical Co., 344 St. Paul St., W.  
Montreal, P. Q.

Although Vicks is new in Canada  
it has a remarkable sale in the  
States. Over 17 million jars used  
yearly.

**Here and There**

Protection of migratory birds has  
been added to the duties of the  
Canadian Pacific Railway's con-  
stabulary.

Airplanes attached to the Ont-  
ario Forestry Department are now  
equipped with radio sending appar-  
atus so that they can keep in con-  
stant touch with the chief and other  
rangers.

There was an increase of sixty-  
three per cent in the number of im-  
migrants to Canada during the last  
three months as compared with the  
corresponding period of last year.

Canadian Pacific agents in Brit-  
ain recruited nearly five thousand  
men for work in the harvest fields  
of Western Canada and, through  
lack of steamship accommodation  
closed their doors on as many more  
who, attracted by the special har-  
vest rate, sought to enter Canada.

The branch lines program of the  
Canadian Pacific Railway carried  
out this year will bring into opera-  
tion on the prairies a larger mileage  
than any one year since 1914. Of  
the 431 miles of line under construc-  
tion, 281 miles will be ready for  
handling grain in the Fall, and of  
the balance, 115 miles will be ready  
for steel by the winter freeze-up.

A building has been acquired by  
the University of Toronto to be en-  
tirely devoted to the manufacture  
of insulin. This will be the only  
factory in Canada to manufacture  
the curative fluid in commercial  
quantities and, although it is man-  
ufactured in the United States, Great  
Britain and Denmark, the Canadian  
product will be sold throughout the  
world.

Dawson City recently celebrated  
the twenty-seventh anniversary of  
the discovery of the Klondyke. In  
an exhibition of Yukon products  
cabbages 16 inches in diameter and  
weighing thirty pounds, potatoes as  
big as a man's head, pumpkins as  
big as watermelons, wheat, oats and  
barley bore witness to the fertility  
of the Yukon soil. Side by side  
with these ranged gold nuggets,  
gold dust and silver bars.

Dr. James Inches, Commissioner  
of Police, Detroit, and a guest at the  
Canadian Pacific Bungalow Camp at  
Nipigon, holds the record for the  
biggest speckled trout caught in the  
Nipigon River this season, having  
captured a fish weighing 7 1/4 pounds.  
This catch was above the average,  
but a large number of six pounders  
have been taken from the Nipigon  
this season. Several years ago, and  
from practically the same place, Dr.  
J. W. Cook, of Fort William, caught  
the world's record speckled trout,  
which weighed fourteen and one-half  
pounds, and was more than two and  
a half feet long.

A record was established recently  
when one of the latest type of Can-  
adian Pacific locomotives drew a train  
of 42 cars of newsprint, weighing  
more than 1,100 tons, from the plant  
of the Abitibi Pulp and Paper Com-  
pany, North Bay, to Toronto, with-  
out mishap. Ordinarily, it would  
have taken two passenger engines  
to haul such a load for the 320  
miles. After proving its worth by  
this feat the huge engine, together  
with an all steel train consisting of  
the latest model tourist, dining and  
sleeping cars, and a baggage and  
compartments car, formed part of  
the Abitibi Pulp exhibit at the Na-  
tional Exhibition at Toronto.

That the average weight of Al-  
berta's 1923 wheat was 64 pounds to  
the bushel, or four pounds more than  
the standard, is the statement of  
George Hill, Dominion Grain In-  
spector at Calgary.

The season of navigation for the  
year 1923 is the longest since the  
year 1814, or 109 years ago, accord-  
ing to a statement made at Quebec  
by Captain J. E. Bernier, Arctic  
explorer.

Two-thirds of Canada's exhibits  
for the British Empire Exhibition  
are now in England, most of these  
being already at Webley. Among  
them is a monster silver nugget,  
weighing nearly three tons, the big-  
gest ever unearthed, which was dug  
up in Canada.

Twenty-nine million pounds of  
faulbit were landed at Prince Rup-  
ert, B.C., during the past year, with  
figures for the month of December  
incomplete. This total is consid-  
erably in excess of the previous year.  
Several large shipments were made  
to Chicago and other middle West-  
ern States' points.

E. W. Beatty, President of the  
Canadian Pacific Railway, has ac-  
cepted the honorary presidency of  
the Province of Quebec Safety  
League, succeeding the late Lord  
Shaughnessy, who was its first hon-  
orary president. The object of the  
League is to institute safeguards for  
the protection of life, especially  
children, providing protected play-  
grounds and streets.

It is estimated by the provincial  
tourist bureau of the Province of  
Quebec that 125,000 American auto-  
mobiles visited the province in 1923.  
Of this number 40,000 travelled over  
the King Edward Highway, the prin-  
cipal route of automobilists from  
across the border motoring to Mont-  
real and a record in the annals of  
that thoroughfare as regards Ameri-  
can cars.

The Canadian Independent Oil  
Company, of St. John, New Brun-

ply lubricating oils of all kinds to  
all Canadian Pacific steamships ply-

to be the biggest contract for lubri-  
cating oils ever closed in Canada.  
This company means a new indus-  
try for St. John, for its compounding  
plant will be located in East St.  
John.

The Klondyke is in the throes of  
another gold and silver rush. At  
the head of the Beaver River, 50  
miles west of Keno Hill, a silver  
and gold discovery of unusual pro-  
portions has started a stampede  
from Mayo, the major mining settle-  
ment of the Yukon, to the new coun-  
try, where it is said assays reveal  
pay dirt running 1,100 ounces of  
silver to the ton.

Rapid progress is being made in  
preparing the Canadian section of  
the British Empire Exhibition. The  
giant pavilion was roofed in and  
ready for exhibits in sixty days from  
its commencement and will be ready  
for opening on March 1. Two mil-  
lion feet of Canadian lumber, 7 miles  
of roofing and 200 tons of nails,  
nuts and bolts have already been  
used in the building.

It is reported that the Rothermere  
interests of England, who re-  
cently acquired a large block of tim-  
ber land in the Manicouagan River  
Basin, have headed a syndicate  
which will spend \$16,000,000 in  
erecting pulp and newsprint man-  
ufacturing plants near Quebec city.  
With this news comes the announce-  
ment that the St. Regis Paper Com-  
pany will build a \$4,000,000 plant  
near the parish of St. Augustin, a  
suburb of Quebec.

Records compiled by the Bureau  
of Railway Statistics in Chicago  
show how greatly the cost of rail  
road equipment in North America  
has increased in the past sixteen  
years. Since 1907, these figures  
show, the cost of heavy freight lo-  
comotives has risen from \$16,243 to  
\$53,530 each; passenger locomotive,  
from \$16,057 to \$66,200 each; pas-  
senger coaches from \$7,330 to \$28,  
900 each; freight cars from \$700 to  
\$2,301 each; and steel rails from  
\$28 to \$43 per ton.

The Indians of the three prairie  
provinces in the 1923 season har-  
vested the greatest crop in their his-  
tory, according to the annual report  
of the Department of Indian Affairs.  
In the three provinces, the Indians  
harvested 638,561 bushels of wheat,  
374,282 bushels of oats and 82,304  
bushels of barley. The report shows  
they raised 58,261 bushels of pota-  
toes and 10,000 bushels of other  
vegetables. They summer-fallowed  
20,000 acres of land, broke 6,808  
acres, put up 87,000 tons of hay and  
9,516 of green feed.

THE ADVOCATE

**County Council**

(Continued from page 6)

two Parish Officers for Glenelg and  
asked the vote of the Council

On motion of Coun. Apderson the  
Parish of Alnwick was ordered as-  
sessed an additional \$130 for sup-  
port of pauper lunatic

On motion of Coun. Menzies the  
amount of 60 was paid assessors of  
North Esk for assisting valuers

On motion of Coun. Fletcher the  
Parish of Nelson was assessed \$280  
for assessors helping valuers.

Acct. Wm. McKinley, District Clerk  
Nelson—\$10, paid

On motion of Coun. Pond, the  
Parish of Ludlow was assessed \$39  
for support of pauper lunatics.

On motion of Coun. Johnston, J.  
A. Goodfellow and Fred Chambers,  
were paid \$30 each for assisting  
valuators

On motion of Coun. L. Doyle the  
Parish and Town of Newcastle were  
assessed \$1,140 for support of  
pauper lunatics

Coun. F. Menzies for the Com-  
mittee to consider the letter from  
the Crown Land Dept. submitted  
his report and recommended that:

Slash burning be done under the  
supervision of competent Fire War-  
dens. That County Councillors be  
appointed Fire Wardens and others  
recommended by them to the Crown  
Land Dept.

That the responsibility of issu-  
ing Fire Permits be extended to the  
County Councillors.

That the building of look-out  
towers be approved and placed in  
charge of competent men.

That strong precautions be taken  
to prevent forest fires starting from  
neglected camp fires.

Report received and adopted

On motion of Coun. Schofield the  
sum of \$650 was assessed on Parish  
of Blackville for pauper Lunatics.

On motion of Coun. Gulliver a bill  
of \$205 from Hotel Dieu was order-  
ed paid and charged to the County  
was read.

Coun. Anderson asked if County  
was liable.

Clerk of the Peace Wraich thought  
County was liable. The patient had  
been placed in the hospital by  
Board of Health and had also been  
committed to the Orphan's Home in

Truro, but had died before she was  
taken there. The county would have  
to pay the bill in the end whether  
through the board of health, or  
otherwise.

Coun. Parker moved in amend-  
ment that it be referred to Board of  
Health for information.

Coun. Mersereau said hospital  
never have surplus of cash and coun-  
ty would have to pay the bill  
anyway. It was simply shirking our  
responsibility. There were three  
courses open, turning it down, shelv-  
ing it or paying it. He favored the  
latter course.

Amendment lost and motion car-  
ried.

Coun. Schofield asked for informa-  
tion. Can the Parish collect taxes  
from men who come into the Parish  
after the 1st of May, also a mill  
that comes into Blackville after  
May 1st, and they should pay some  
taxes.

Clerk of Peace Whalen, said per-  
haps they pay taxes in a neigh-  
boring Parish and could not make them  
pay. If they were in Parish thirty  
days before the assessment was  
made up they could be assessed.  
Last year a man was taxed in both  
Rogersville and Blackville and had  
to pay twice. The safest way was to  
tax them anyway.

Coun. McKay submitted a resolu-  
tion urging the immediate develop-  
ment of water powers as a means of  
attracting industry to the Province,  
which was passed.

Coun. D. Doyle moved that bill of  
the valuers be reconsidered and  
handed back to the County Account-  
ants Committee to meet Mr. Fish and re-  
port to the Council. Carried.

Coun. D. Doyle moved that Parish  
Deficits be added to the assessment  
for 1924. Carried.

On motion of Coun. D. Doyle, the  
account of A. J. Bell & Co., \$  
for burying a man who was found  
dead in Newcastle passed and was  
charged to the County.

Coun. Anderson of the County Ac-  
countants Committee recommended that  
C. E. Fish, one of the valuers be  
granted \$200 in excess of that pass-  
ed yesterday and the others remain  
as they were at \$53.16.

Coun. Mersereau moved they be  
paid in full, saying that they had not  
expected when making the approp-  
riations. The Assessors in some  
cases did not do their work. If we  
treated men this way we could not  
get anyone to do it next time. I

they had refused to take the valua-  
tion not one cent of taxes could  
have been collected this year or u-  
til a valuation had been taken.

Coun. Mersereau's motion was lost  
and the recommendation of commit-  
tee carried.

On motion the following were ap-  
pointed a Board of Valuers.

R. A. Russell, Cuthbert Donald,  
H. T. Graham.  
Coun. Fletcher presented the fol-  
lowing report:

Your Committee appointed to in-  
vestigate the protest of the election  
of Coun. Everett J. Parker and Al-  
bert Bryenton, for the Parish of  
Derby beg leave to report that we  
find no grounds to unseat Coun.  
Bryenton, but owing to the failure  
of Coun. E. J. Parker to file his  
declaration of qualification within  
the time prescribed by law, that he  
is disqualified to act as councillor  
for said Parish and we there-  
fore recommend that Coun. Parker's seat  
be declared vacant.

Sgd, W. Anderson, M. J. Fletcher,  
J. S. Pond.  
On motion the report was received  
and adopted.

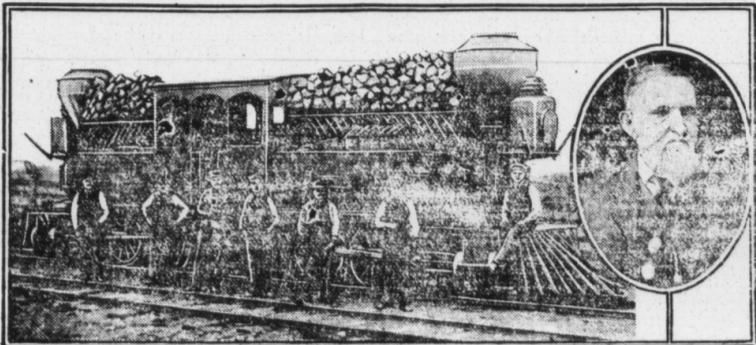

J. A. Creaghan, B. A. addressed  
the council at some length on the  
question of Coun. Bryenton's seat.

On motion Warden vacated the  
Chair and D. Doyle took same.

On motion of Coun. Anderson a  
hearty vote of thanks was extended  
to the Warden for his courteous  
treatment and able manner in which  
he had conducted the meetings. Coun.  
D. Doyle extended the vote of thanks  
and the Warden replied and said  
On motion Council adjourned sine

**Double-Ender and Driver.**

In the passing of Charles Clarke at his Toronto home, the Canadian Pacific lost one of its oldest locomotive engineers. In the pioneer days of Canadian railroads, the late Mr. Clarke used to drive an old wood-burning engine known as a double-ender, and the engine on which he made his first run as engineer on the Canadian Pacific is shown above. He was born in England 76 years ago and started railroading at the age of eighteen with the old Midland line, joining the company from whose service he was retired about twelve years after.

### J. P. BURCHILL LEFT \$198,000 ESTATE

Two Public Bequests—Both to Chatham Church.

(Gleaner)  
Chatham, N. B. Jan. 25—The estate of the late Hon. John P. Burchill, for many years one of the leading lumbermen on the Miramichi, has been probated at \$198,000 in the Northumberland Co. Probate Court.

Mr. Burchill drew his own will, and aside from bequests of \$500 to St. Paul's Anglican church, Chatham, for the maintenance of services and \$100 for use in connection with the church yard, gave his entire estate to the members of his family.

The principal legacies are: To Miss Edith Burchill, his daughter \$25,000 to Mrs. Alice Haviland his daughter, \$20,000; to John Crocker, Harvey Thompson, and Michael Coughlan, employees, \$100, \$300 \$500 respectively; to the sons and daughters of the late George Burchill, his nephews and nieces, \$1,000 each; to Misses Margaret Wilkinson, Mary and Dorothy Wilkinson, and Miss May Eaker, nieces of the deceased \$500 each; to Mrs. Edith Sterling \$1,000; to his sister, Mrs. Josephine Sargeant, an annuity of \$100, for which a sufficient capital is to be set aside. The homestead at Nelson, including the furniture, the mill, store, Crown Land licenses and the entire residue of the estate are left to G. Percy Burchill, deceased's son who is appointed sole executor.

Mr. Burchill has gone to the Pacific Coast on a business trip following completion of the probating of the estate.

### PROMINENT MAN LEAVES CHATHAM

Mr. S.D. Heckbert who has carried on business in Chatham for a number of years has sold out his establishment to G.F. Jones of Rexton. Mr. Heckbert is removing to Fredericton to take over the business there of Stanger & Harrison. Mr. Heckbert will be much missed especially in Chatham where he has always taken a deep interest in town affairs. He served several terms at the Council board, was a prominent member of the Curling Club and Chairman of the race track committee of the Exhibition Association. His family will not remove to Fredericton until spring.

### A FAST PACER FOR NEWCASTLE

Carrie B. Todd, 2:12 1/4, a bay mare by Echo Todd, which John E. Sullivan of Fredericton bought from Cape Breton parties in the fall of 1922, was sold last week to E. Dalton of Newcastle. Carrie B. Todd took her record at the trotting gait and raced impressively with Bert Lind the local reinsman as her driver on the Maine and New Brunswick Circuit the past season. Her new owner will race her on the pace as she has shown well at that gait.

commission to inquire into the whole situation and means to remedy it, according to The Citizen. The Nova Scotia premier notes a predominant dissatisfaction in the lower provinces and he wants it and the underlying causes made the subject of investigation. He would include in the inquiry the suitability to maritime needs of the present fiscal policy, the constitutional relation to the rest of Canada, the Intercolonial Railway

and whether its absorption into the Canadian National is in the best interests of the public and a number of other proposals. The government has promised to consider the representation.
