KELLY TO STAY IN PRISON TILL CASE COMES UP

Bail Refused Winnipeg Contractor, Arrested for Extradition From U.S.

HEARING IN TEN DAYS

Counsel for Manitoba Said Accused Will Not Have to Testify.

CHICAGO, Oct. 5.—Thomas Kelly, the Winnipeg contractor, whose extradition will be sought, must remain in jail at Waukegan until his case comes up before United States Commissioner Mason, Oct. 16.

W. S. Forest, one of the attorneys representing Kelly, quoted supreme court decisions in point of giving bail in extradition proceedings, but to no avail.

R. A. Bonnar, K.C., representing the attorney-general of Manitoba, assured counsel for the defence that Mr. Kelly will not be called as a witness before the royal commission which investigated the alleged frauds in the construction of the parliament buildings in Winnipeg.

CARGOES OF BACON HELD AT KIRKWALL

Three Steamers Are Unloaded by Order of British Government.

BOUND FOR DENMARK

Claim Made Shipments Were Bought by Danish Merchants for Copenhagen.

LONDON, Oct. 5.—9:55 p.m.—A despatch to the Exchange Telegraph Co. from Copenhagen says:

Somehow a sensation has been created here by the announcement that three liners of the Scandinavian-American Line—the Oscar II, the Frederick VIII and the Unite—were ordered at Kirkwall to unload their cargoes of bacon which, it is stated, were bought by Danish merchants at the initiative of the government in order to supply the home market and keep down the cost of living.

Except in the case of the Frederick VIII, which presumably is now in Kirkwall, having arrived there from New York, Sept. 30, the cargoes of the steamers must have been unloaded at Kirkwall some time ago.

FRENCH SHELL FOE'S LINES AT VULNERABLE POINTS

Heavy Artillery Actions on in Champagne, Argonne, Lorraine, East of Arras and North of La Scarpe—Only One Infantry Combat.

Special Cable to The Toronto World. PARIS, Oct. 5.—French artillery is energetically bombarding the German trenches and works in the new German line in the Champagne, north of the new French positions, and the enemy bombarded the regions in rear of the new French front with asphyxiating shells, chiefly in the sections south of the Navarin farm and the environs of Souain, the commune of the French general staff announces tonight.

A bombardment of a somewhat violent nature occurred on all sides to the north of La Scarpe and to the east of Arras. There was trench fighting with grenades and bombs in the sectors of Lihons and Andechy.

RUSSIANS TAKE VILLAGES FORCING ENEMY TO FLEE

Further Gains Recorded Along Middle Styr by Petrograd War Office—Some Progress Made on Riga Front by Czar's Men.

Special Cable to The Toronto World. PETROGRAD, Oct. 5.—The occupation of five villages on the middle Styr, previously in the hands of the Germans, and the forcing of the enemy to retreat, in some places in disorder, are the principal features of the report of the Russian general staff, issued here tonight.

RUSSIA BEGINS OFFENSIVE ALONG RIGA-VILNA FRONT

Considerable Success Already Gained—Big Guns in France Again Undertake Task of Leveling German Trenches for Continuation of Attacks.

LONDON, Oct. 5.—Russia, whose armies for five months have been retiring, has begun an energetic offensive along a wide front from Riga to southeast of Vilna, and, according to unofficial reports, has already met with considerable success.

On the western front the big guns have again undertaken the task of leveling the German entrenchments, presumably in preparation for a continuation of the attacks which proved successful in Artois and Champagne.

ITALIANS INTEND TO CUT OFF TRIESTE FROM REST OF AUSTRIA

Plan is That When Gorizia is Taken Advance Will Be Continued Along Carso Plateau.

UDINE, Italy, via Paris, Oct. 5.—(7.10 p.m.)—The original idea of taking Trieste seems to have been abandoned by the Italians. According to reports from the Italian headquarters, the plan now is that when Gorizia, with its entrenched camp, which is one of the most formidable natural fortifications in existence, is taken, the Italians will continue their advance along the Carso high plateau, leaving Trieste on the right and cut off from the remainder of the Austrian Empire.

TRUE BILL FOUND AGAINST GERMAN

Extradition Proceedings Will Be Commenced Against Albert Kaltschmidt.

GOVERNMENT STEPS IN

Hon. P. E. Blondin to Become Secretary of State.

Grand Jury's Finding Will Be Sent to Washington Authorities.

By a Staff Reporter. OTTAWA, Oct. 5.—It is anticipated that E. L. Patenaude, M.L.A., Conservative organizer in Montreal, will shortly enter the government as minister of inland revenue and will be sworn in tomorrow morning.

WINDSOR OBTAINS TRUE BILL

Respa and Kaltschmidt were named as the instigators of the dynamiting outrages by William Lefler of Windsor, who is now serving ten years in Kingston Penitentiary for having done the actual dynamiting.

BULGARIA WILL NOT ATTACK SERBIA FIRST

Austria and Germany Must Show Lead, is Flimsy Assurance Given.

King Constantine Declines to Support Action of the Ministry Favorable to the Allies' Cause—Bulgaria Clearly Lined Up With Germanic Powers.

ATHENS, Sunday, Oct. 3.—(Via Paris, October 5, 12:40 a.m.)—The French troops landing from five transports at Saloniki, Greece, consist of seventy thousand men. They will proceed along the Guevghel-Uskup railroad to guard the line.

LONDON, Oct. 6.—12:12 a.m.—The resignation of Premier Venizelos of Greece is announced in a despatch to the Havas Agency of Paris. It states that King Constantine informed the premier that he was unable to support the action of his ministry in countenancing the landing of British and French forces at Saloniki.

An Athens cable dated September 30, but delayed in transmission, says that a story generally current in Athens and widely accepted as illustrating the existing situation is that Premier Venizelos at a conference with King Constantine pleaded that the Serbian alliance must be observed, if for no other reason than as a means of defence against Bulgaria.

King Constantine still bluntly refused to support the action of his ministry in countenancing the landing of British and French forces at Saloniki.

Russia's ultimatum to Bulgaria expired at 4 o'clock yesterday afternoon, but it is a late hour that night, so far as was known in London, no answer had been received and none was expected.

It is taken for granted here that King Ferdinand and his ministers are definitely committed to the Germanic alliance and in return for territory to be ceded after the war, some ports, including Constantinople and all that remains of European Turkey, have been taken to assist actively in the operations against Serbia, thus hoping to open the way for the Austro-German army, the objective of which is the Sea of Marmora.

Protest Merely Formal.

The entente powers in this belief have landed a force at Saloniki, which will take upon itself the duty of protecting the main railway through Greece and Greece and give what assistance it can to the Balkan allies should they be attacked by Bulgaria.

Designed to Help Greece.

ATHENS, Oct. 5, via Paris, Oct. 6.—Premier Radoslavoff of Bulgaria has assured the Greek minister at Sofia that Bulgaria will not attack Serbia unless aggressive action against her first is taken by Austria and Germany in which case Bulgaria will be obliged to act against her neighbor.

Solicitor Advises City to Appeal Against Award for Damages.

CLOSE MUNICIPAL LOAN

Need for Association Not Felt Now and Outlook Bright.

A recommendation from the city solicitor that an appeal be made against the award of the official arbitrator, giving J. E. Brown Company damages to the extent of \$10,200, on account of the location of a public lavatory at Queen and Parliament was yesterday approved of by the controllers. The property was not damaged in any physical sense and the damages were given because of the nearness of the lavatory.

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on druging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

He cited the viaduct, declaring that people living near might claim damage on the ground that they were disturbed by the roar of the cars crossing it.

Much Good Done. Several of the directors of the Municipal Loan Association had a private conference with Mayor Church yesterday afternoon, when they presented a report covering a year's operation. A deficit is shown of \$4,000, but much good work has been done in aiding citizens. It is understood that the affairs of the association are to be wound up as the need for it is not now felt and it is not anticipated that there will be much business this coming winter.

Rowland Is Endorsed. Controller Foster yesterday characterized the operating costs of the department of public health as "enormous," the occasion being a request from Dr. Hastings that the controllers approve the appointment of H. A. Rowland as head of the purchasing and accounting section at a salary of \$1,500 per annum.

House for Officers. A house at 36 Dominion street, belonging to the city, is to be used as officers' quarters in connection with the Exhibition camp, and yesterday the controllers decided to spend \$250 in getting the place in readiness for the soldiers.

For British Red Cross. Interested citizens are invited to attend a meeting in the council chamber at the city hall on Thursday afternoon next, at 4 o'clock, which is being called by Mayor Church for the purpose of devising plans for obtaining contributions for the British Red Cross Society.

Not Backed by City. Mayor Church refuses to issue a proclamation urging the observance of "Tuberculosis Sunday" in the churches. The National Sanitarium Association asked that this be done, but, according to the mayor, some of the ministers object, as they have too many collections to take care of now, and the board refused to adopt the resolution asking the mayor to proclaim such a day.

More About Park Site. A letter requesting the city to purchase the Royce property on Davenport road for a park for Earlescourt was forwarded to the board of control by the Earlescourt Business Men's Association yesterday, but as the matter is to be dealt with at the next meeting

of the parks committee, nothing was done. The owner asks \$380,000, and the assessment commissioner fixes the price at \$240,000.

The action of the city council on Monday in adopting the recommendation of City Treasurer Patterson to increase the interest rate on local debt-bond issues from 4 1/2 to 5 per cent, is not to be permanent. Yesterday the city treasurer explained that the increase was necessary owing to present conditions, and that this was one way of meeting them.

Park Commissioners Chambers has notified the controllers that it will cost \$830 to put the Exhibition grounds in shape for the troops this winter. Most of the money will be paid out for whitewashing and the cleaning of pig pens.

Street Commissioner Wilson announced yesterday that the old General Hospital had been thoroughly cleaned, but that it now needed whitewashing and repainting before the soldiers take up their occupancy.

SPECIAL TRAIN SERVICE TO MARKHAM, ACCOUNT "FALL FAIR."

The Grand Trunk Railway will operate special train service to Markham, account "Markham Fall Fair," as follows: Special train leave Toronto 1:00 p.m., returning leave Markham 10:45 p.m., October 7th and 8th. Tickets now on sale at City Ticket Office, northwest corner King and Yonge streets. Phone Main 4509.

ACTRESS TELLS SECRET

A Well-Known Actress Tells How She Darkened Her Gray Hair and Promoted Its Growth With a Simple Home-Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray-hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Oxoid Compound, and 3/4 oz. of glycerine. These ingredients can be bought at any drug store at a very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It is also fine to promote the growth of hair, relieves itching and scalp rashes and is excellent for dandruff and falling hair."

ALLIES MUST STRIKE SWIFTLY IN BALKANS

At Least Half Million Men Said to Be Required for the Work.

PARIS, Oct. 5.—Russia's ultimatum to Bulgaria is welcomed in Paris as a means of clearing the Balkan situation. Little doubt is felt here that France will take similar action, and that if the Russian minister departs from Sofia he will be accompanied by the representatives of Great Britain, Italy and France.

Jean Herbet and other specialists in foreign politics are agreed that the allies must strike hard and swiftly if they are to accomplish their purpose in the Balkans, and that half measures would be worse than useless. They state that the entente powers should send in 500,000 or 600,000 men. It is stated the Italians have 500,000 men under arms. Owing to the position in Italy reference to certain Balkan peoples, the Italians might be precluded from landing troops at Saloniki, but the suggestion is made that they might assist the British and French at the Dardanelles.

PROPOSED ENLARGING NIAGARA POWER PLANT

Members of Provincial Hydro Talk Over Plans With Premier Hearst.

"Members of the Provincial Hydro Commission, Sir Adam Beck and Engineer Gaby, talked over with Premier Hearst and cabinet members yesterday the proposed enlargement of the Niagara power plant, on which it is proposed to expend some thousands of dollars to increase the power by nearly 100,000 horsepower. According to the premier the government was not asked to endorse the enlargement, which will be done in the course of a few weeks. It is expected.

EXPECT ANNOUNCEMENT TO BE GIVEN OUT SOON

Question of Selling Liquor to Soldiers Has Been Kept Secret a Week.

"We have not been considering liquor selling restrictions," Premier Hearst said yesterday when asked for an announcement of the proposed government action to prohibit drinking among soldiers. It is over a week since Col. Leslie and the militia authorities conferred with the Ontario License Commission, who in turn discussed matters with cabinet ministers. An announcement is expected on the return of the license board from St. Catharines.

WHEAT CROP TO RUN WELL OVER AVERAGE

Confidence Expressed by Hon. George W. Brown, Lieutenant-Governor of Saskatchewan.

Hon. George W. Brown, lieutenant-governor of Saskatchewan, was in Toronto yesterday on business, and expressed in the most sanguine terms his confidence in the wheat crop which he said would over the average yield. He said that all the threshing has not been completed yet and that there was a slight possibility that the wet weather during the past few days might affect the grade.

Hon. Mr. Brown was born in Grey County and left for the west over 24 years ago. He received part of his education at the University of Toronto.

Special Train Service Via G.T.R., Account Thanksgiving Day Holiday Travel. In connection with Thanksgiving Day holiday travel, the Grand Trunk Railway will operate a special train to Sarnia, leaving Toronto 4:40 p.m., Saturday, Oct. 5, and will stop at Brantford, Paris, Woodstock, Ingersoll, London, Stratroy, Watford and Wyoming.

FRENCH ADVANCING TO FRONTIER OF SERBIA

ATHENS, Oct. 5.—French troops, whose arrival on Greek soil was officially confirmed by Premier Venizelos today, are preparing to march toward the Serbian frontier, according to Saloniki despatches this afternoon.

BULGARIA BOUND BY MILITARY CONVENTION

Agreement With Germany and Austria Signed Some Time Ago.

MILAN, Oct. 4 via Paris, Oct. 5.—A military convention was signed between Bulgaria, Germany and Austria some time ago, according to a Sofia despatch to The Corriere Della Sera. By the terms of this treaty, the despatch asserts, the Bulgarian army is bound to attack Serbia with six divisions in the Nish-Pirot section and to send Macedonian troops to Vardar to destroy railroad communication with Saloniki, thus delaying the allies in their efforts to aid Serbia.

DRINKING IN LONDON FURTHER CURTAILED

LONDON, Oct. 5.—In addition to the "no treating" order the City of London, with its large surrounding district, will be subjected to regulations drastically curtailing the hours of drinking, say The Times. Under the order which is to be formulated, it is expected that alcoholic drinks may be dispensed at licensed places and at clubs only between the hours of noon and 2:30 p.m., and between 6 and 9 o'clock in the evening. Some plan for exemptions in exceptional cases still under consideration.

GERMANY SEEKS TO INTIMIDATE GREECE

"Where England Plants Her Foot She Generally Stays," is Warning.

LONDON, Oct. 5.—German papers received in London devote nearly as much space to the Balkan situation as to the western front. They bestow special attention on the attitude of Greece, in an endeavor to persuade Greece to imitate Bulgaria.

The Frankfurter Zeitung, while expressing disbelief in the allies' ability to spare 150,000 men for the landing at Saloniki, warns Greece against permitting such a landing, "because history teaches were England once plants her foot she generally stays." Urging a policy of neutrality, the Zeitung tells Greece what a tragic fate it would be for her to see the Italians in command at Constantinople, and the British masters of Saloniki.

NEWS OF SPECIAL INTEREST TO WOMEN

SILK BEAVER IS PRIME FAVORITE

Chic, Charming Chapeaux Feature Latest Trend in New Millinery.

THE WAR INFLUENCE

Italian and Russian Characteristic Embodied in Latest Hat Showings.

Italian and Russian traits are creeping into the character of winter head-gear modes and are already promised considerable importance in the millinery realm during the coldest months. Cossack turbans are creating quite a sensation, being shown by the best millinery establishments, fashioned of velvet or one of the season's chosen furs. Among the most widely used of these are Hudson seal, ermine, Persian lamb, caracul mole and beaver. Very close cap-like turbans of ermine are quite the "rage" for dressy afternoon wear, and trimmed with a large fur bow of the fur or a single silvery mount, are extremely chic. On the darker fur chapeaux pom-poms in harmonizing shades are mounted at rakish angles; cock's plumes being another popular form of trimming.

UNIVERSITY WOMEN ON EMPIRE SERVICE

Discuss Means by Which Needs of Soldiers May Best Be Obtained.

APPROVE MACHINE GUN

Recent Gift Supported and Pastors Granted Leave to Enlist.

University women met at the Margaret Eaton School yesterday afternoon and went into the matter of the necessities of the times and the ways by which they could render best service to the empire and to those suffering thru the war. Mrs. Falconer spoke on the needs of the soldier, and what her audience could do to assist to lighten those necessities, and Mrs. L. A. Hamilton gave a most practical address on the place of women under the conditions of the moment. Both speakers emphasized the need for thrift and earnestly exhorted those present to employ the principle in every direction and to expend their savings in helping the Red Cross and other patriotic endeavor.

A committee of the upper graduates will go into the question of ways made and work distributed. The question of assisting to raise the three thousand dollars requested by the President Falconer as a general gift from the students of the university will also be part of the work of the university women in the near future.

with still a fairly high crown. These are extremely smartly tailored, featuring narrow bands of fancy black ribbon tied flatly against the crown. A few of the exclusive models in beaver also exploit flowers or fruit with prettily united foliage. Spade hats in crown's wing or rather brilliant purple and green tones are novel and particularly good style.

WOMEN'S AUXILIARY HAS BALANCE OVER

Army Service Corps Society Has Forwarded Large Quantities of Goods to Soldiers.

Reports from the Women's Auxiliary of the Army Service Corps Society show that receipts for the year amount to \$208.20, with a balance on hand of \$423.48. The supply committee forward 140 boxes to the front. The officers for the coming year are: President, Mrs. J. T. Fotheringham; first vice-president, Mrs. C. A. Warren; second vice-president, Mrs. E. Henry; treasurer, Mrs. F. W. Marlow; convener of supplies committee, Mrs. C. J. Curtis; executive committee, Mrs. Millman, Mrs. Yellowices and Miss Rowell.

WEST FAIRBANK CONTRIBUTION.

Mrs. Pepler reports for the Belgian relief committee \$1157.44 contributed during the month of September. Mrs. Hicks, convener of supplies committee, reports a splendid contribution from West Fairbank Ratepayers' Association, the result of a shower, consisting of suits, socks, tobacco, pipes and many other articles.

SURGICAL SUPPLIES SENT.

Dr. Patterson requests the members of team, dressers who are entitled to certificates for first aid to call for these certificates at headquarters, Sherbourne street. She also reports for the Red Cross voluntary workers' committee that during the month of September 19,880 surgical supplies have been made and sent forward.

SENT 202 CASES AWAY.

Mrs. Hicks, convener of supplies committee, Toronto Women's Patriotic League, reports that the last shipment for the Red Cross Association consisted of 202 cases, containing 64,915 articles.

SEND CHRISTMAS STOCKINGS.

The Toronto Women's Patriotic League have decided, thru the interest of their circles and others, to send 1000 Christmas "stockings" to the hospitals at the immediate front.

J. SMITH APPOINTED.

J. Smith of Stratford has been appointed assistant to the Dominion Government veterinary inspector for the district of Toronto.

CHURCH ENDORSES PATRIOTIC SCHEME

Presbytery Will Ask Co-Operation in Entertaining Soldiers This Winter.

APPROVE MACHINE GUN

Recent Gift Supported and Pastors Granted Leave to Enlist.

A proposal to ask the various churches of Toronto to co-operate with the Presbyterian churches in providing places of entertainment for the troops to be quartered in Toronto this winter was endorsed at the meeting of the presbytery of Toronto, held yesterday in St. James' Square Church. It is planned to divide the city into east and west divisions for this purpose.

In the east the churches near to the General Hospital barracks will open a place for the soldiers. The men at Exhibition Park will be similarly entertained. Rev. T. Crawford Brown is chairman of the Presbyterian entertainment committee.

SOLDIERS' AID SOCIETY HAD A SPLENDID YEAR

Parkdale Organization Hears Excellent Reports of Work Accomplished During War.

An open meeting of the Parkdale Soldiers' Aid Society, which is under the direction of Mrs. Edward Job, was held at Parkdale Collegiate Institute, Mrs. W. A. Cooke acted as chairman. The reports showed a splendid year of work. The secretary-treasurer, Mrs. G. A. Smith, reported \$126.75 cash received, donations, of which \$112.61 had been disbursed for materials. The director of work, Mrs. J. G. Marshall, reported a report of finished goods sent out to the extent of 150,000 articles of clothing, comforts, complete dressings, etc., worth more than \$4000.

ENTERTAINMENT AT ORPHANAGE.

An entertainment was given at the Sacred Heart Orphanage, Sunday, at which the children of the home were the performers and Mrs. Ambrose Small the guest of honor. A sheet of roses and an illuminated address of pressing appreciation for many acts of kindness were presented to Mrs. Small.

ALIMONY AWARDED TO WESTON WOMAN

Mrs. Nelson Boylen Will Be Paid Sixteen Dollars a Month.

Chief Justice Meredith in the non-jury assizes yesterday awarded Helen Boylen of Weston \$16 a month alimony in her action against her husband, Nelson Boylen, in which ill-treatment was charged.

His lordship stated that he was satisfied that they could not live together as man and wife and that she was deserving of a separate allowance. From the evidence it was shown that she was a woman of a highly nervous temperament, which condition was stated by her husband to be due to her "hauling." As she is a trained nurse it is reasonable to suppose that she could in some form find employment in her profession," said his lordship.

In the witness box plaintiff stated that her husband is a reporter on The Telegram and that he had earned \$17 a week, but his salary had lately been reduced to \$12. He also operated, said plaintiff, a wholesale milk business, which netted him \$200 clear per annum. He owned four horses and a sleigh,

WILLS PROBATED

An estate of \$22,259 was left by Capt. John Wilson, prominent in rowing circles and a veteran Argonaut, who died at 101 McCowan street, July 17. His widow, Barbara Murray Wilson, receives the entire estate.

Administration had been granted by Judge Morgan in the estate of George G. Fenwick, amounting to \$22,000, who died intestate in Detroit, on March 11, 1914. The estate will be divided among three sisters, Helen Lambert, Jennie Fenwick, Catherine Ross, and seven nephews live in Toronto.

BREAK WHISKY'S GRIP ON YOUR LOVED ONES

Queen Quality SHOES

What "Queen Quality" Signifies

"The woman who wears them knows" all that "Queen Quality" suggests of daintiness, beauty, grace, and, above all, quality.

The experience of years has taught the wearers that "Queen Quality" stamped on a shoe means beauty of design, correctness of style, and real comfort.

This ease and comfort is due to the exceptional flexibility of the sole. The shoe yields to every motion of the foot. It can be perfectly fitted, and "breaking in" is never necessary.

When you buy "Queen Quality" Shoes you secure all that can be desired in footwear—for you are buying the best.

Thanksgiving time, with its holidays and lovely autumn weather, will find most of us out-of-doors. The well-shod woman has one cause for thanksgiving on that account. "Queen Quality" Shoes will give you cause for thankfulness as long as you wear them.

The "Queen Quality" styles we are showing for Thanksgiving wear comprise models for every occasion, either for indoors or out. The smart new models are developed in patent, gummetal, vici kid, shoe soap kid and bronze leathers, and show both cloth and dull kid tops. Shoes either laced or buttoned, with Cuban, military, Spanish or French heels, and Goodyear welt or hand-turned soles. The prices

ALCURNA

Alcurna No. 1 is tasteless and can be given secretly in Tea, Coffee or any of those willing to help themselves.

BULGARIAN WORDS

BERLIN, Oct. 5. (London, 8:30 p.m.)—A despatch from Sofia, dated Oct. 4 to The Zeitung Am Mittag says: "Premier Radolovitch of Bulgaria today made the following declaration to representatives of the government parties: 'We confront war and must defend our national interests. We must wrest from our enemies everything they took from us two years ago and get satisfaction for every insult.'"

For Sallow, Blotchy, Rough or Greasy Skins

Some skins require constant grooming to keep them from becoming oily, muddy, blotchy or rough, or if such condition has developed, to overcome it. In such cases it is particularly inadvisable to keep piling on cosmetics which clog the pores, collect dust and dirt, making the complexion worse than ever. It's a lot more pleasant to use ordinary mercurized washing soap, which is a bad complexion-killer; next morning, before you'll wash away fine, flour-like particles of the unsightly cuticle. Repeat for a week or two and you'll have an entirely new skin—soft, elastic, spotless and beautiful as a child's. One ounce of mercurized wax, procurable at any drug-store, is all you'll need.

In order that everyone may try his remedies before buying, Professor Munyon has arranged for a series of free distributions throughout Canada. NOT A PENNY WILL BE ACCEPTED. EVERYONE WILL BE WELCOME TO A TRIAL.

Tamblyn's Stores are crowded with people in all walks of life, clergymen, bankers, merchants, artisans, and many women, all desirous of testing Munyon's famous Rheumatism Remedy and Paw-Paw Fruit Laxative Pills. Many kind words were heard from those present who had already taken Professor Munyon's Remedies; one lady in particular stating to Munyon's representative that Munyon's Rheumatism and Paw-Paw Fruit Laxative Remedies had positively relieved and cured her brother of a very serious attack of illness.

Some of the testimony was truly marvelous. Many declared they would never again be without Munyon's Remedies in their home. Rheumatism in any part of the body yields promptly to the use of this remedy. Remember Munyon's Rheumatism Remedy does not contain a particle of dope of any kind; it does not put the disease to sleep; it does not stupefy you—dulling the pain for a few hours, only to have it return with still greater intensity. Munyon's Rheumatism Remedy antiseptic the poisons of rheumatism; it purifies the blood; it drives the disease out of the system.

Munyon's Paw Paw Fruit Laxative Pills

Most people suffer with indigestion, constipation, or some liver ailment. To prove that indigestion can be cured, that constipation can be corrected, that the liver can be put into a healthy activity, that nervousness can be made strong, I am giving away a box of our Paw-Paw Fruit Laxative Pills with every bottle of Rheumatism Remedy. Remember they are unlike any other laxative or cathartic pills. They grip, they do not weaken, but they do so stimulate the bowels that all the nourishment is extracted from the food. It turns makes good, rich, red blood. If you can't call for a free bottle, get them from your druggist.

Remember, this great Free Distribution of Munyon's Rheumatism Remedy and Munyon's Paw-Paw Fruit Laxative Pills is now going on from all of Tamblyn's Drug Stores. You can purchase Munyon's Remedies from any up-to-date drug store throughout the world.

COUPON

CUT OUT THIS COUPON and present it to any of the above stores for a free package of PAW-PAW FRUIT PILLS or MUNYON'S RHEUMATISM REMEDY AND GUIDE TO HEALTH.

Retailers supplied in any part of Canada by E. G. West & Co., Lyman's, Limited, and the National Drug Company. Munyon H. H. R. Co., Laboratory, 12 Bleury Street, Montreal. Mail Orders filled.

SEVERE WINTER IS
OUTLOOK IN EUROPE

Well-Known French Naturalist Predicts Unusually Rigorous Season.

MANY INDICATIONS

Winter May Be Worst One in More Than Forty Years.

PARIS, Oct. 5, 4:56 p.m.—The view of the near approach of the winter season and the effect its coming will have on the military campaigns, in view of the fact that the naturalist Augustin Rey, the naturalist-meteorologist, that the winter will be an exceptionally severe one. M. Rey has commiserated to the French Government the reasons on which he bases his opinion. He points first to the premature snowfalls in the Alps, which began early and reached low altitudes, and to the behavior of vegetation, such as the fact that the beeches began to lose their leaves in August, while the blossoms have contracted at the base of the stem, which, he states, is an indication of

an early and hard winter. Animals, he says, have begun to prepare early for the winter, field mice having dug themselves in at the height of 1000 yards as early as Aug. 20, instead of late September, or early in October, as ordinarily. Birds, too, have been migrating in advance of the ordinary season. "My conclusion," says the naturalist, "is that the winter of 1915-16, by its earliness, length and low temperature, will resemble the winter of 1876-77." The winter of 1871 has been remembered for its extreme rigor.

Rheumatism

A Home Care Given by One Who Had It In the spring of 1913 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proved itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer what positive relief is thus offered you free? Don't delay, write today. Mark H. Jackson, No. 214 E. Gurnsey Bldg., Syracuse, N.Y.

REAPING HARVEST
OF AWFUL SOWING

President Falconer's Address to University Students at Opening of Term.

AN INDIVIDUAL COUNTS
Power of One Stands Out
Conspicuously in This War
for Honor.

"We are reaping the harvest of the awful sowing of the past by the central powers of Europe," President Falconer told the students of Toronto University yesterday afternoon in his annual address at the opening of the term in referring to the diplomatic methods carried on by the Teutonic and Austrian powers thru the last three generations.

In an address which laid bare with the most exacting fidelity, Dr. Falconer compared the relations of the Prussian autocracy and English freedom, illustrated by the course of world events. The role which Toronto University had already played was said to be no small part, as over 1200 graduates and undergraduates had already gone on active service, and Dr. Falconer was sure that the university would do equally well in the future as she has done in the past.

The students were asked to demonstrate their generosity and their intense interest in the empire's cause by helping to swell Ontario's Red Cross Society on Oct. 21. The president said that the students could do more if they could bring themselves to make a slight sacrifice for men who had sacrificed everything. This appeal went out by Lord Lansdowne to the lieutenant-governors of all the British possessions was read by the president, calling for aid for the Red Cross Society. It is intended that the students will contribute on Trafalgar Day.

In opening his annual message, President Falconer said that there were less students than in other years, and that this was a matter of congratulation, as it would be with alumni that they would have had to admit that after one year and two months of war the work of the university was being carried on as usual.

Activity of Recruiting. The activity of recruiting within the university for the last five months was described by Dr. Falconer. The organization of the second, third and fourth universities complete was mentioned as well as the members of the staff of the university who have gone on active service.

The letter received from Dr. Primrose, who is with the University Base Hospital, was read by the president, with the remark that a large number of skilled men were needed in England, and that a large number of empty beds were needed in France. Altogether only 250 beds are in use, the Toronto hospital has done much more than has the McGill hospital in France, equipped with 750 beds. The president remarked that the inactivity was very hard on the men who were very keen for work, but that the matter of satisfaction to know that the hospital facilities are fully adequate.

The efficient work of the nurses was spoken of. The fact that 170 operations have been performed in the Shorncliffe Hospital in one month gave an idea that the university men had plenty of work to do.

The world has set down to the conviction that the powers of central Europe were solely responsible for the war, said the president to a spirit of Belgian territory to invade Germany. The true statement of the negotiations between English military attaches and the Belgian authorities were cited by the president to show how unjust the Teuton claims were. A Greater Byword. Germany's indignation against Britain's sea supremacy and her declaration to remove British "tyranny" aroused the president to a spirit of righteous condemnation. "Neutrals pay as much attention to German complaints about the British fleet as they do about German whining about international law, every provision of which the Huns have cast to the winds. Teutonic diplomacy has been made a greater byword than ever."

The students were called upon not to halt between two opinions. The more light that we cast upon the diplomatic correspondence made Germany's crimes look blacker and showed that Britain's was the righteousness that exalteth a nation. The dastardly methods of German and Austrian diplomatists for the last three generations were contrasted with the statement made by Hon. Mr. Choate a week ago that the word of the British foreign ministers with whom he had come into contact as American minister in England could be trusted with absolute confidence.

The ravages of the Belgian campaign were spoken of by Dr. Falconer as not mere momentary outbreaks of passion, but as indicative of a system that was rotten to the core. The poisoning of the Prussian national life was described by the president. "You have a great and honorable heritage as Britons and I urge you to defend your life and the empire to which you belong." He told the undergraduates "Don't try to escape your duty by saying that you are only an individual. The power of the individual stands out most conspicuously in this war. Do not resign yourself to fatalism and say that you cannot do anything, you are only one."

OPEN FLORENCE BIGLEY INQUEST.

An inquest was opened last night at the Hospital for Sick Children in the death of Florence Bigley, who was run over in front of her home at 35 Steiner street, sustaining injuries from which death resulted in the hospital. Owing to the lack of evidence it was adjourned until Oct. 12.

In the Heart of the Residential District
 The New Home of the Farmers' Dairy
 Walmer Road and Bridgeman Street

The Finest and Most Modern Dairy in America

The Last Word in Scientific Milk Production

The Spotless Dairy
Bathed in Sunshine

The new home of The Farmers' Dairy is finished. Now, in all America there is not a plant more perfectly equipped to supply milk, cream, butter and buttermilk of exceptional quality and purity at ordinary prices.

Infinite care and patience have been expended to make this the peerless dairy of America. And with what object? To give our customers milk and other dairy products as clean and pure and rich as nature and science can make them. Whether you are one of our customers or not we invite you to come and see America's finest dairy—at Walmer Road and Bridgeman St.

The Brightest, Whitest, Cleanest Place in All Toronto

It is a veritable wonderland of cleanliness—this building with its glistening white walls, its gleaming metal work and crystal glass, and with every nook and corner bathed in sunshine. The enamelled concrete walls are white as snow. No dust can lodge in these rounded corners at floor and ceiling. No woodwork to rot—only clean, sanitary concrete, glass, and steel.

A Wonder Dairy in the Matter of Equipment

The finest dairies in Canada and the United States were visited for ideas for this dairy. Then these ideas were improved on—Practical men were set to work to discover newer and better ways of making milk pure and safe. The equipment is more complete than you can possibly imagine—receiving vats, pasteurizers, bottlers, sealers, coolers, refrigeration plant, washers. And everywhere you turn you will see some new piece of scientific equipment for the better production of milk. Equipment that the inventor himself has only just finished.

Third Important Factor—Our Staff—and YOURS

We are just as proud of our splendid staff as we are of our new dairy. Our organization is working for your benefit every minute of the day and every day of the year. Right from our shareholders—the farmers who produce your milk—down to the courteous drivers who deliver it, the staff lives up to the dairy. The farmers spend time and money that their cows may give fresh, pure, rich milk. The bacteriologist in his laboratory is testing this milk every day to keep it up to our high standard. And every worker in the dairy takes a distinct pride in seeing that his own work is done better than it is done anywhere else.

You May See All This

Have you ever seen the Dairy your milk comes from? We want you to come and see the new home of The Farmers' Dairy. See for yourself that this dairy is even finer than we are able to describe it. Bring your friend—your neighbor. You will go away with a new idea of the extent we are willing to go to give you absolutely the finest milk possible to produce. Take a Dupont car to Spadina Road, and walk one block north.

The New Pure Milk Number—Hillcrest 4400

WELLINGTON ASSIZES OPENED YESTERDAY

George Strome Charged With Causing Death of William Ball.

Special to The Toronto World. GUELPH, Oct. 5.—The autumn sittings of the high court of justice for the County of Wellington opened at 1 o'clock this afternoon at the county court house. The chancellor, Sir John Boyd, president, E. F. Essery, K.C., of London, is conducting the crown business. The only criminal case is that in which George Strome of this city is charged with criminal negligence in connection with the death of William Ball, who was run over by a horse and rig and killed on Neve street last June. The grand jury, late in the

afternoon, brought in a true bill against Strome, on a charge of manslaughter, and the case will be proceeded with after the civil cases are disposed of. At the annual field day sports in connection with the Guelph Collegiate Institute, which were held today, Richard Hattin carried off the senior championship of the school, and Leslie Hilliard the junior championship. The latter broke two school records, the standing high jump and the running high jump. The sports were the most successful in the history of the collegiate.

WEDNESDAY MORNING, OCT. 6

The Soldiers and Early Closing

Editorial, London Advertiser, Oct. 6.
That the Ontario Government has done practically nothing for the cause of temperance since the war started and has only cut off licenses when compelled to do so by the force of municipal sentiment, is conceded by all those who have the interests of the province at heart.
While other provinces have taken steps more or less drastic to check the liquor traffic in war time, Ontario has merely marked time. At the present time the bars of Ontario are open for the same hours as before the war, and there has been no curtailment whatever, except in the case of soldiers, who have been permitted to enter the bars only during a restricted period. Now there is a proposal to close all bars at seven o'clock, but nothing definite has been made known.

A far greater step for temperance, and for the sake of the community at large, would be to take over the whole key part of the business, place it under a system of government-controlled dispensaries, and permit the hotels to sell only beer and wine under government control, the greatest part of the evil would be removed.
No one hopes for the Ontario Government to do much toward prohibition. If it would cut out "the hard stuff," it would do much for the country than it has ever before done in its zig-zag course on the temperance question.

The above is a leading editorial in The London Advertiser of Monday. We do not propose to answer at this stage the statement of the Advertiser that the Ontario Government has practically done nothing for the cause of temperance; we prefer to deal with the more practical suggestion of "the hard stuff" and especially of doing it in connection with the present agitation for more restriction in cities and towns where soldiers are quartered, and for that matter all over the province. This is an issue that concerns a great many people at the moment, the friends of temperance, the public, the soldiers and those who have their money invested in the hotel trade.

So far as we can gather the provincial board of license commissioners are in favor of an earlier closing of hotels in towns where soldiers are stationed, and apparently this proposal is now before Premier Hearst and his colleagues in the cabinet for approval, for ultimately to them we also read in the daily press that those interested in the trade have presented their views to Hon. Mr. Hearst and his colleagues in the direction of either (1) closing all bars to soldiers; or (2) closing them earlier than at present to soldiers; or (3) of closing them at 7 o'clock to "hard stuff" and still allowing them to sell beer to all classes up to the hour of closing that now prevails.

The World has always taken the position that there should be a separation as between the sale of spirits and the sale of beer, and that the number of places and hours in which spirits can be sold ought to be altogether different from the regulations of the sale of beer and other light stuff. We have in this direction, and only last month we quoted the uncollected opinion of Hon. James Duff, minister of agriculture in the Ontario Government, in favor of this division of the trade.

After reading all the pros and cons as put forward, and especially as we now find the advertiser supporting the separation of the trade as between spirits and "light stuff," we believe that the fairest and best decision all around, and having regard for everybody concerned, will be not to put the soldiers on a prohibited list by declaring hotels "out of bounds," but by making an order that hotels must quit selling spirits at 7 o'clock and allow them to sell beer until the present hour of closing; and once this has been fairly tested, and once the experience gained for further changes as the circumstances may warrant and perhaps on the extreme lines suggested by The Advertiser.
But if an unfair and over-severe

BROTHER THOMAS GOES TO THE RESCUE

Public Ownership Wants the Fat as Well as the Lean Railways.

Hon. Mr. Cochrane has returned from an inspection tour of the Grand Trunk Pacific Railway. So busy a man takes no trip of pleasure at a time like this, therefore a good many people believe that the government will soon take over the Grand Trunk Pacific.
This is the road that runs from Winnipeg to Prince Rupert, and the legal title is in the Grand Trunk Pacific Railway Company. But the Grand Trunk Pacific Railway Company is little more than a dummy corporation. Its capital stock is owned by the Grand Trunk Railway Company of Canada. Its construction was largely financed by the sale of bonds guaranteed by the Dominion Government. The Grand Trunk also invested money and extended credit. Several cash loans have been made by the government to complete the construction work, upon obligations of the Grand Trunk Pacific Company, guaranteed by the Grand Trunk.

In 1903, or thereabouts, we first heard of that remarkable pair of twins, the eastern division and the western division of the National Transcontinental Railway. No one was greatly surprised when the Grand Trunk left one of the twins on the government's doorstep. Some people, however, protested that if the government had to take one of the twins, they might as well have both. Hence, the public, without giving much thought to the matter, might conclude that it would be good for the government, which owns the line from Montreal to Winnipeg, to acquire the line from Winnipeg to Prince Rupert. The Grand Trunk, which is under heavy commitments to the government, would, no doubt, be glad to get on with it.

But is government ownership to become the bone of contention where all financial and political matters are to be decided? The Grand Trunk Railway Company of Canada came to parliament in 1903 and asked this country for land and cash subsidies to assist it in constructing a railway from eastern Canada to the Pacific Ocean. After a good deal of hickling, a bargain was struck, by which the government and the Grand Trunk were jointly to build the line. The government was to build 1904 miles, from Montreal to Winnipeg, and the Grand Trunk was to operate it. The government carried out its contract, but the Grand Trunk refused to take over the road. The other division, from Winnipeg to Prince Rupert, was built, as we have seen, largely upon the credit of the Dominion Government, and is now completed, and is being operated to some extent, but it is not a transcontinental railway. On the contrary, it is a stub line, ending at Winnipeg. It cannot get to the head of the lakes without running over the government's system. It is separated by 600 miles from the Grand Trunk Railway System of Canada.

The government, of course, will have to take over, and has been authorized by parliament to take over, the spur line system with Port William. It is properly a part of the eastern division of the National Transcontinental Railway, and should have been built by the government in the first place, instead of by the Grand Trunk Pacific Railway Company.
But should the country now take over the unprofitable line between Winnipeg and Prince Rupert? Our position is that it should not take over this line unless it also takes over the entire system of the Grand Trunk Railway Company of Canada.

We can afford to take over the Winnipeg-Prince Rupert line if, at the same time, we acquire the splendid railway system owned by the Grand Trunk in

LOCATION OF LOT IS NOT DEFINITE

Mystic Avenue and Surroundings Mystifies First Appellate Court.

APPEAL IS DISMISSED

Dr. J. H. Carrique Liable for Damages in Stock Sale Transaction.

Mystic avenue and its surroundings proved somewhat of an illusion to the first appellate court yesterday. On Good Friday and incidentally busy to Mrs. Mary Purdy. Some time ago Mrs. Purdy desired to purchase property in that district, and finding a lot that looked suitable, approached the owner, Richard Honeyford, with the intention of securing it. An agreement was reached by which she was to pay a deposit and the remainder of the purchase amount on the installment plan.
After a while a difficulty arose as to the lot to be purchased. Mrs. Purdy held to a certain lot, and the vendor pointed out another. The result was an action by the purchaser for a return of the money paid, or a transfer of the property she had contracted to buy, but the peculiar part of the case was that neither Mrs. Purdy nor Mr. Honeyford could accurately state the location. The trial judge found for the plaintiff and awarded a return of the money paid.
The appeal by the defendant is now being heard by the appellate division. Chief Justice Meredith declared at the adjournment of the court that it appeared strange, even at that late hour, to little reason and common sense could not be used and an satisfactory arrangement made between the parties.

The Town of Oakville appealed before Mr. Justice Hodgins yesterday from the decision of the revision court in exempting the orphan asylum from taxation. The asylum is a charitable institution belonging to the Independent Order of Foresters, and is assessed at \$48,000. It was taxed by the town in proportion to the assessment but the order refused to pay on the grounds that being a charitable institution, it was, under the statute, exempt from taxation. This view was taken by the appellate court, but the town now asks the appellate court to reverse the decision, alleging that the asylum is part of the order's insurance scheme, and as such is liable for taxes.
Mr. Justice Hodgins has reserved judgment.

The second divisional court has dismissed the appeal of the Cornwall Street Railway from the decision of the trial judge awarding John Kennedy \$400 for injuries received when his buggy was struck by a street car. He declared the car to be a defective one that he sustained several severe cuts and bruises.
The same court dismissed the appeal of Dr. J. H. Carrique, holding him liable for \$300 damages for failure to carry out an offer to sell to Manning Bank stock at 20¢. The Montreal company claimed that at the time of the breach of contract the stock was at \$21, and demanded \$700 damages. Spencer, Robinson & Hartwood, who were brought in as third parties, were relieved of the judgment against them. It was stated that Mr. Anderson was offered the 50 shares at 20¢. The latter said he would see, and would write to Manning, saying he would sell at 20¢, and asked if Manning & Co. had a buyer. Acceptance was wired back, but then Dr. Carrique could not get the stock from Mr. Anderson.

Premier of Roumania Learning to Germany?

Bratiano Declines to Put Stop to the German Propaganda.

MILAN, Oct. 4.—Via Paris, Oct. 5.—The hour has not arrived for Roumania to enter the war in the opinion of Premier Bratiano, expressed to a deputation of parliamentary delegates of the opposition to The Secolo. The opposition petitioned the premier to put an end to the pro German propaganda and order the mobilization of the Roumanian army. In reply Mr. Bratiano said: "Acceptance of your demands would mean that the hour had struck for Roumania to join the war. The government is not of the same opinion."

World Has Always Stood for Public Ownership and Operation, but it wants public ownership given a fair chance.

The World has always stood for public ownership and operation, but it wants public ownership given a fair chance. Public ownership of telegraph lines has contented itself with stringing wires along the barren north shore of the lower St. Lawrence, the remote parts of British Columbia and other places where the telegraph business could not possibly pay. Public ownership of railways is now largely exploiting itself in operating enormously expensive roads that thread their way thru an unbroken wilderness.
It should be the glory of public ownership to serve some of the community at a small profit, or even at a loss; but to do this it must also be permitted to serve where there is density of traffic and a chance to make a fair profit at reasonable rates. We must have the fat as well as the lean—the roads in settled communities as well as pioneer roads.

The Grand Trunk Railway System of Canada is under heavy commitments to the Dominion Government. That system owes the government millions of dollars, directly and as a guarantor. It should not be permitted to unload its stub-line from Prince Rupert to Winnipeg upon the people of Canada and get away from its complete control. If we are to acquire any mileage controlled by the Grand Trunk (except the line from Superior Junction to Fort William), we must acquire all.

GETTING PAST EDITOR

SUBJECT OF ADDRESS

Allan Dunn, who was the guest of the Women's Press Club yesterday afternoon, gave a delightful talk on methods of "Getting Past the Editor." The address dealt largely with the short story how so much in demand and which the speaker stated was readily accepted, provided only it had the things deemed essential by the necessary elements, and two thousand words is the length at which present-day editors are aiming. The address was very much enjoyed by the members.

For over half a century the O'Keefe Brewery Company has brewed Canada's Best Beers.

Only the best Canadian barley malt, choicest hops and filtered water. Put up in Canadian bottles by Canadian workmen. Canadian labels and Crown stoppers.

Baseball Doping Out the Winner Racing Season Closes In Ontario

RAIN PROMISED FOR THE OPENER

Prospects Not Bright for First Game of Series—Moran Offers Park to Boston.

PHILADELPHIA, Oct. 5.—The Philadelphia National League team, new champion of the major league baseball organization, had hoped to close the regular playing season here today with a double-header with the Brooklyn team, but rain caused a postponement. The games will be played tomorrow, and it is said every man eligible to participate in the world's series, beginning Friday, with the Boston Red Sox, will play in the final contest.

Tri-Mus Class Won Pte. Cole's Shield

The boys' secondary division of the Church of the Epiphany held their second annual field day at the Exhibition track. The juniors were in stronger force than the seniors, who have already seen their members serving the colors, but everyone showed keenness of competition, good clean sports and the spirit of good will was that of many Christian and British fair-play. Mr. S. H. Armstrong's assistance was very helpful to all. The trophy shield donated by Pte. Cole, E. Cole of the 1st Field Ambulance Corps was captured by the Tri-Mus class, as they gained the highest aggregate points. The following are the events and results:

- 75 yards, junior—J. Gilham; 2, A. Pankhurst; 3, R. Almond. 100 yards, junior—L. R. Collins; 2, S. Hueston; 3, F. Hutchins. 150 yards, senior—E. Howard; 2, T. Green; 3, A. Kennard. 200 yards, junior—N. Pankhurst; 2, G. Medland; 3, A. Kennard. 220 yards, senior—E. Howard; 2, G. Medland; 3, T. Green. Putting shot, junior—J. Gilham; 2, N. Pankhurst; 3, F. Hutchins. Putting shot, senior—G. Medland; 2, T. Green; 3, A. Kennard. Quarter-mile handicap, junior—J. Gilham; 2, J. Carroll; 3, J. Gilham. Quarter-mile handicap, senior—A. Stagg; 2, T. Green; 3, E. Howard. Half-mile walk, junior—S. Hueston; 2, J. Gilham; 3, F. Hutchins. Half-mile walk, senior—E. Howard; 2, G. Medland; 3, T. Green. Standing broad jump, junior—E. Howard; 3, E. Collins; 2, N. Pankhurst. Standing broad jump, senior—A. Kennard; 2, T. Green; 3, J. Carroll. Running broad jump, junior—N. Pankhurst; 2, J. Davis; 3, J. Gilham. Running broad jump, senior—T. Green; 2, E. Howard; 3, A. Kennard. High jump, junior—S. Hueston; 2, F. Hutchins; 3, R. Collins. High jump, senior—L. E. Howard; 2, A. Kennard; 3, J. Gilham. Hop, step and jump, junior—S. Hueston; 2, A. Kennard; 3, E. Howard. Hop, step and jump, senior—L. E. Howard; 2, A. Kennard; 3, E. Howard. Class relay—1, Tri-Mus; 2, King's Own; 3, Excelsors.

Racing Season Closes In Ontario

DE GRUCHY CAPTAIN OF TORONTO TEAM

Will Lead O. R. F. U. Club Again—Argos Hard at Work—Rugby Gossip.

The T. R. and A. A. squad got down to hard practice last night and put in some useful work. The full squad was out, and after the practice Hal De Gruchy was again elected captain. The black and white squad should be in good shape for their Hamilton invasion on Saturday.

It is understood that the Hamilton Seulers are angling for an exhibition game on Thanksgiving Day with Montreal. The latest acquisition to the Montreal Rugby squad is Gilhobby, the star outside wing player of last season's Queens team.

Hamilton Herald: It didn't take the Tigers long after their poor showing on Saturday against T. R. & A. A. to get down to serious business, so as to be prepared for the opening Big Four tussle with the Argos in Toronto on Saturday. Yesterday Captain Harry Glasford set out on the trail of Walter Marriott, coach of the Bengals during the 1913-14 seasons, and succeeded in landing him, yesterday afternoon when he was present at the Bengals' workout, and he put the candidates thru a strenuous drill. As a result, the Tiger squad has risen considerably.

This comes from Ottawa: "Give me a team of good tacklers and fellows who can wear punts, and they will be hard to beat," says Shag Shaughnessy. On this theory, the McGill coach will drill the Big Four candidates at the University Park this week in defensive work solely that is, if he is engaged to coach the Ottawa team a deal that has not yet been consummated. Shag, always a believer in breaking up the other fellows' plays before they get started, insists on hard, low tackling and vigorous blocking on the line. If he handles the local outfit, it's a cinch the Grasco-Boman tacklers will be shelled for the men game to hit the dirt.

Montreal Herald: While the Montreal team will be enlivened by the addition of several McGill players, Toronto Argonauts cannot benefit from Varsity due to the discontinuance of intercollegiate football. Up at Toronto the Varsity authorities have ordered that no college athletes can compete with other teams. Several additional McGill players turned out with "Peg" Pender's Wings on Saturday. The apparatus of the new men put more snap and ginger into the practice than has been shown in any of the previous workouts. So large was the number of men at work they were split into three squads. On division practiced falling on the ball, another tackling the dummy, and the third section punting. The last squad was composed of those who will form the back line and the half-backs. Deane, another Loyola star, also worked out. The men on hand were: Barwick, Ross, Brown, Cairns, O'Brien, Herscovitch, Scott, Willescott, Calkins, Paveit, Roberts, Adelshten, Trapp, Labue, Poticary, Albroth, Dooner, McLachlan, Atchison, Fullerton and Gallery.

Dorney Adams, who played for St. Pat's last year, and looks a likely prospect for an abceon on the wings, and will be out for a few days.

Glad Murphy and Jack Murray had their regulars in at the Argos practice last evening at Rosedale grounds. The work included everything, line up, tackling, punting, blocking and signals. O'Connor, Broderick and O'Connell were the field on one side.

The soldiers will have a strong team against the Argos on Monday. Jack McLaughlin will be central with him for the defence are Toule, Leduc, Kenyon, McClellan, Trapp, Labue, Poticary, Albroth, Dooner, McLachlan, Atchison, Fullerton and Gallery.

PRESIDENT WILSON WILL BE PRESENT

At World's Series Second Game on Saturday—To Eliminate Gambling. President Wilson will go from Washington to Philadelphia on Saturday to witness the second game of the world's series.

Probably Bill Carrigan's best pitcher, a left-hander, formerly of Baltimore of the International League. He will likely work the second game on Saturday for the Red Sox against the Phillies.

not frozen out, as 8000 tickets for the baseball will be disposed of on the day of each game. The ticket office will remain open from 11 a.m. until every ticket is sold.

Federal and Philadelphia authorities are investigating reports that agents, said to represent a New York concern, are selling tickets for a big pool of the world's series, and promising thousands of dollars to holders of winning coupons.

If the weather remains fine until today Carrigan will take his club to Philadelphia tonight. Parting has been given to move forward Thursday's farewell game in New York to provide a doubleheader today. Bad weather in the he Sox remaining until Thursday to complete the schedule.

A delegation of prominent baseball men vitally interested in the success of the National League's series watched the Boston Red Sox perform in the two games with the Yankees at Fenway grounds on Monday afternoon. The bevy of experts on hand to make close observation of the Hub champions included League President John E. Tinker of the National League; Pat Moran, manager of the Philadelphia Phillies; Grover Cleveland Alexander, champion pitcher of the season, who will play his main burden of National League games; and Jack Cooney, the Brooklyn pitcher, who knows, perhaps, more of the ground and weaknesses of the Sox than any other man in the Fenwick circuit. Cooney is giving the Phillies many pointers.

Why Should Men Talk "Up" or Talk "Down" to Women?

By WINIFRED BLACK

Winifred Black
I have heard him talk "up" to the ladies, and it was all I could do to keep from smiling.

What Her Training Cost.
Do they really think they are talking "up" to women when they talk to us about feelings like this—the very polite gentlemen who still believe that women feel, but do not think?

What Beautiful Little Hands!
We all went to the concert and heard her play, and while she played I sat and wondered. Was this the little, crude, unformed girl I used to know—this genius speaking through music to the world?

Diary of a Well-Dressed Girl
By SYLVIA GERARD
Finding Sleeves to Add Charm to New Frocks.

ELEANOR STEVENS came over this morning before I had finished breakfast, a radiant, laughing creature, and greeted me with this news: "Robin, my miniatures of Mrs. Worthington Phillips and her daughters were so well liked that I've received orders to do most of the 'notables.' Think of it! I'll be able to have pretty clothes again and go poking about in some of the out-of-the-way places I've always longed to visit."

Very Latest Sleeve Fancies.
It will be able to have pretty clothes again and go poking about in some of the out-of-the-way places I've always longed to visit."

FEMININE FOIBLES

By Annette Bradshaw

SOUVENIRS OF SUMMER.
REVELATIONS OF A WIFE
By Adele Garrison

How Lil Managed to Save the Evening.
I discovered this fact when Katie, my maid of all work, uttered a frightened little cry at the door and then stood, like a statue of fear, gazing at him.

The "Manager" Appears.
Poor little Mrs. Lester! Life certainly could not hold much for her in the future. And then she turned from the mirror with an appealing little smile.

The Reason Why.
Of course I had grasped the significance of Katie's frightened cry. I remembered the night she first came to work for me, her terror at sight of Dicky, and her sudden flight. We had brought her back, and Dicky had learned that the reason she was in such fear of him was on account of the money he had given her with which to pay a bill, when she was maid of all work in the bachelor apartment which Dicky and three other artists shared. She had disappeared with the money, and he had never seen her again until he met her in our apartment.

Dear Annie Laurie!
I am a young girl, 22 years of age, and am considered very pretty. One night a short time ago a boy of the same age came to our house and called for me. I hadn't known him very long and my father was in when he called and answered the bell. When my father knew whom he wanted, he chased him away and kept me in the house for a week, after giving me a scolding.

Advice to Girls
By ANNIE LAURIE
DEAR ANNIE LAURIE: I am a young girl, 15 years of age, and am considered very pretty. One night a short time ago a boy of the same age came to our house and called for me. I hadn't known him very long and my father was in when he called and answered the bell. When my father knew whom he wanted, he chased him away and kept me in the house for a week, after giving me a scolding.

Lucy Fell in Love with a Sailor.
to shower him with favors and again, as cold as an iceberg.
The unwavering love of David attracted the capricious Lucy and she developed into a woman of strong ideas. Life at home became unbearable on account of her guardians' disapproval of David, and to escape their perpetual demands she married some one more suited to her station in life, she felt forced to run away.

Secrets of Health and Happiness

What a Sprain Really Is and How It May Be Cured

By DR. LEONARD KEENE HIRSBERG

A. B. M. A., M. D. (Johns Hopkins University)

MOST men have a fool in their sleeves. It is proved in many ways. They are forever violating and bucking the inexorable laws of cause and effect. No honest man ever made a success of gambling. Disaster is inevitable. Does this stop a man from trying it? Not a bit of it.

Answers to Health Questions
F. R. Q.—Kindly advise me how I may remove a scar from my face.

Some Falls "Sprains."
A sudden twist of the leg or arm may dislocate the tough, gristy tendons of the muscles. The ends of muscles are like pistons, shiny cords. They rest in grooves or sheaths of bone or joints. Many such dislocated tendons cause "sprains" of the ankle or leg and pain in the affected muscles.

NOVELS IN A NUTSHELL
Charles Reade's "Love Me Little, Love Me Long" Condensed by AUGUSTA SHELLEY

THIS novel is an interesting study of English middle-class life. The heroine, Lucy Fountain, a pretty young heiress, was left under the protection of two guardians. The first was her uncle, the worthy Mr. Fountain, and the other, Mr. Bazalgette, the husband of her mother's half-sister.

E. E. LAWSON & CO. Members Toronto Stock Exchange. STOCKS AND BONDS

NEW YORK, Oct. 5.—Reactionary tendencies were uppermost throughout today's session, despite the making of some new high records in the war shares.

Among the mid-session prices were a list of 100 new issues, all of which were wiped out later on the circulation of reports of an accident to the American war vessel.

Trading flattened out again on the Toronto Exchange yesterday, and prices weakened with a break on Wall Street.

Small Business on Toronto Stock Exchange With Steels and Others Easier.

CURB SPECULATION BY RAISING MARGIN Members of New York Stock Exchange Make It Forty Points.

NEW YORK, Oct. 5.—Members of the New York Stock Exchange took action today to curb the nation-wide speculation in so-called war stocks.

When the demand for more margin was made today many buyers were unable to comply with it and a wave of selling orders swept over the exchange.

NEW MACHINERY AT THE MONTREAL EXCHANGE. When the new machinery at present on order is installed the McIntyre mill at Porcupine should be capable of treating a third more than it is today.

Are Your Valuables Safe?

Why keep your important documents, jewelry, etc., in a tin case or a bureau drawer? In our modern fire and burglar proof vaults costs only \$2 per year.

CHICAGO, Oct. 5.—Wall street buying was a generally accepted reason for a material upturn that took place today in the wheat market.

When it was learned that the accident consisted of a minor explosion on a torpedo boat, prices immediately retrieved a part of their loss.

Bethlehem Steel Corporation Negotiates to Purchase Huge Plant—Other Deals On.

NEW YORK, Oct. 5.—Negotiations for the acquisition of the Pennsylvania Steel Company by the Bethlehem Steel Corporation, which may lead to a still larger combination of steel companies, were in progress today.

NEW LEASE OF LIFE IN SOME MINES AND HIGHER SILVER PRICES ATTRACT ATTENTION.

A demand for Cobalts is the present distinguishing feature of the local mining market.

LONDON EXCHANGE. LONDON, Oct. 5.—American exchange was steady today.
