ALLIES WIN ON FIVE FRONTS

BRITISH, FRENCH, ITALIANS AND RUSSIANS GAIN GROUND AND TAKE MANY PRISONERS

British Take 4,000 Prisoners in Four Days, Drive Germans Out of Mouquet Farm, Capture Danube Trench and Thousand Yards of Field Works Near Courcellette—French Strike Enemy South of Somme, Carry Two Villages and Powerfully Fortified Defenses—Italians Carry Trenches on Wide Front on Carso Plateau—Russians Smash Germans in Galicia—Serbians Pursue Bulgarians—Roumanians Advance in Transylvania.

Special Cable to The Toronto World.
LONDON, Sept. 17.—Fighting yesterday and this morning on the front south of the Ancre brought the British further successes, including an advance of one to two miles, and powerful German forces advancing to the counter-attack today were caught in the open by British artillery and dispersed with heavy losses.

In certain localities the British continued their attacks on Saturday morning, with the result that they advanced their front to a depth of from one to two miles on a front of six miles, and took 1700 additional prisoners, making the number taken in the two days more than 4000, including 116 officers. Six guns and over 50 machine guns were captured or destroyed.

Further air fights brought the total number of German machines destroyed to 16 since Friday morning. The British lost six machines.

Take More Trenches.
Pushing on after they had entered this ground, the British last night wrested defensive systems from the Germans on a front of 1000 yards. In the neighborhood of Thiéval they captured the Danube trench, having a frontage of about a mile, and found in it considerable quantities of food and equipment. Then they completed a struggle of several weeks at Mouquet farm by capturing a strongly defended work.

The operations just concluded comprised the most extensive that have been carried out within the same period of time since the present offensive began. Not a little of the speed with which the British advanced was owing to the first appearance of the new armored cars. These traveled over trenches and shell craters, and started hundreds of Germans into surrendering, the sight of these new monsters splitting fire being too much for the enemy to endure. The British today improved their position north of the Mouquet farm, and they took six officers and 234 men prisoners south of the Ancre.

Beat Double Number.
A spectacular fight took place between Fiers and Martiniplu today, when two British battalions, seeing a German brigade of four battalions advancing to the attack, went out of their trenches and met the enemy in the open. Altogether there were four German battalions to two British, the thin khaki line worsted the enemy in hand-to-hand fighting, dispersed his units, and threw them back with heavy losses.

While the British were enlarging their successes, the German official communication of today said that heavy fighting was continuing on the Somme front, and that further British attacks were repulsed by German artillery fire. North of Villers, the Germans assert, they gained some advantage in attacks. The Germans refer to this engagement casually as "taking its course."

The British Sunday afternoon communication said:

"South of the Ancre our troops achieved further successes. Last evening in the vicinity of Courcellette we extended our gains on a front of about 1000 yards. In the neighborhood of Thiéval we obtained a considerable success yesterday by capturing the hostile fortifications known as the Danube trench on a front of about a mile. Here the enemy abandoned considerable quantities of rifles and equipment. We also captured the strongly defended work at Mouquet Farm, possession of which had been hotly contested for some weeks past.

"The number of prisoners is increasing. A number of successful minor enterprises were also carried out by us last night."

ITALIANS MAKE MORE PROGRESS IN THEIR CARSO PLATEAU DRIVE

Further Advances Towards Trieste Reported, With Capture of Austrian Entrenchments on Wide Front After Extremely Violent Artillery Duel.

Special Cable to The Toronto World.
ROME, Sept. 17.—The Italian drive on the Carso Plateau towards Trieste made more progress in the capture of further Austrian entrenchments on a wide front, after an extremely violent artillery duel and the repulsing of several night counter-attacks. About 800 prisoners were taken by the Italians. Heavy bombardments are going on along the entire Isonzo front, with the Italian infantry making further raids on the trenches of the enemy. At other points of the front Austrian attacks, notably in the Sugana Valley, resulting in the driving back of the enemy on the right bank of the Brenta River, and the inflicting of heavy losses on him.

Italian troops extended their positions in the Monte Cauriol and Fiume Valleys, won on Thursday, taking prisoners and trench guns.

Special Cable to The Toronto World.
PARIS, Sept. 17.—French infantry got into action south of the Somme River, on a seven mile front, at 2.30 o'clock this afternoon and captured all of Verdunvillers and Bery in a brilliant assault, and it then enlarged its gains by clearing the Germans out of and occupying all the ground between Verdunvillers and Denicourt on the one side, and between Denicourt and Bery on the other side. The French also carried trenches between Bery and Barleux.

Charging over difficult ground, the French troops speedily carried the ground that they were allotted to take. It was fortified by several systems of strongly organized trenches. These were mastered after a desperate struggle. Fighting is still proceeding with great ferocity around Denicourt.

General Foch's troops further attacked a number of German trenches established between Bery and Barleux, and they defeated all counter-attacks of the enemy by the intensity of their artillery fire.

Seven hundred unarmored prisoners were brought in by the French.

Great elation is felt in the allied camp, and this latest success of Foch. The front on which progress was made extends from Barleux to Denicourt, south of Chaulnes, and it embraced twelve miles or more of German trenches, comprising the second line of defence, the first line of defence having been taken about ten days ago.

The country here is rugged and difficult for infantry operations, but it is valuable on account of its commanding position. Just back of Foch is a plateau on which hundreds of German guns are emplaced, and it was against a terrific fire from hostile batteries that the French troops advanced.

The fighting is being mostly conducted on the French side by troops mobilized from this district, and they are consequently acquainted with the lay of the country. As soon as the trenches were taken from the Germans Foch's guns threw a curtain of fire before his soldiers and they got speedily to work consolidating their positions. The Germans had posted reserves near-by and these were hurried up in an attempt to recover the lost ground in counter-attacks before the French had completed consolidation, and while they were still clearing the wounded and prisoners. But Foch was prepared for this, and a great number of light 75's, which had been shoved forward with the troops as they advanced, opened up on the attacking waves of the enemy with clouds of shrapnel and speedily dispersed them.

The artillery preparations for this offensive action were spread over several days, and the German guns, having better cover than usual, continue to give the French considerable annoyance.

A New Party For the Canadian Political Situation

On Saturday The World came out for a new party as the best means of realizing the political aspirations of the Canadian people; of getting by the dissatisfaction with the two old parties as came out in the British Columbia elections, in the by-elections in Ontario; the failure of both the Conservative party and the Liberals at Ottawa to voice popular sentiment; the wretched disclosures in Manitoba and others almost as bad in Saskatchewan and Alberta; and the still more discreditable conditions that allow the agents of companies like the Nickel Trust to persuade one party to do what it wants because these agents are able to give the assurance that the other party will assist therewith or only at the worst put up a bogus opposition. The World does not quite say that both parties agree between themselves to help interests, but the agents of the interest concerned are able to see one party, then the other side, and guarantee that the opposition will not substantially fight the proposal. All the exploitations of the country and the people are worked this way. Things had come to such a pass before the war and are at such a pass today that the political outlook is more than gloomy. The interests can line up both parties against progressive legislation. It is getting to be the practice of the interests to make contributions to the election funds of both parties. Nothing could have been worse than what has prevailed at Ottawa since the change in parties in 1911.

The World, therefore, proposes from time to time to discuss the situation, to bring forward its own reasons and the reasons of others for a new party and a new departure; and because of certain errors in our article of Saturday, we reprint it today further on. That article apparently has made some stir.

On Saturday a prominent Conservative M.P. discussed the situation at Ottawa with The World. He said that nothing could be worse than the inside of the Tory party. But he was not so ready for a new party as he was for a coalition of the two old parties to give efficient administration in the present progressive legislation, to avoid a dissolution of parliament until the war is over, or if an election has to be held that most of the sitting members be elected with little opposition. But his proposals were certainly sweeping; he wouldn't have more than two of the Ontario contingent of the ministry in office; he might call in a new cabinet leader from the outside; he'd bring Sir Wilfrid in for a time in the two-party government; he'd have a lot of new men in the cabinet generally. The rotten timber and the deadwood would have to go. That was pretty sweeping and from a man who is an active worker in the Conservative caucus.

A Liberal M.P. talked pretty much in a similar strain, but for other reasons. No matter what mistakes the Tories made he was not at all certain that something wouldn't happen to upset Liberal prospects. Bourassa or Laverne might do it. Another Liberal M.P. hoped that Sir Wilfrid would carry the country at the next election, but he had little material for a cabinet; he'd have a lot of new men in the cabinet generally. The rotten timber and the deadwood would have to go. That was pretty sweeping and from a man who is an active worker in the Conservative caucus.

But there are lots of Liberal M.P.'s and Conservative ones who would flock to a new party if they saw conditions favorable. They see that the old ways and the old methods are no more. There never can be again such a crude working between parties as took place on nickel, Ross rifle, railway subventions. Where there should have been joint action in the one supreme thing, that of naval aid to the empire before the war broke out, there was such wretched party warfare that no aid whatever was given. The Nationalists had bedeviled the Conservatives and have dictated terms ever since. Everyone knows now that Conservatives shunned these Nationalists in 1911 and before that, and that the Nationalists have controlled many of the great appointments in the gift of the Borden Government. That goes a long way to disgust the public and many Conservatives.

Go to the newspaper correspondents at Ottawa, and almost to a man will they privately declare, some of them now openly, that the two old parties have survived their usefulness. Let anyone read the editorials in the Ontario press since the by-elections in this province, and an almost universal feeling of disgust seems to pervade them. Editors now talk as the electors talked in Southwest Toronto. The speeches on the platform in British Columbia, and the views of the press on the election, showed that the people were disgusted with both sides, but put out the Conservative office-holders because they could reach them first! Sir Wilfrid Laurier's best chance of ever getting into office is not on his policy or his followers, but the disgust of the people with both parties, and who will start to show it by putting out the government that is in power. The people of Ontario would like to get both Hearst and Rowell at the one chance!

How soon can a new party get into shape? Pretty soon. But the statesman already fear something of the kind, and a dyed-in-the-wool Tory like The Montre Gazette throws out an appeal for an early election as the only life-line for the old system. No one knows what may happen, what dreadful reforms may be brought about, when things may be hopeless a mess as at present. This from its issue of Friday is worth reading:

The conditions—[which extend the life next month]—are not desirable, however, and the sooner the houses of commons are dissolved, and a new election the better will it be for parliamentarianism in Canada. The coming session of what remains of the house of commons should do only what is required to carry on the great business of the country, and then, as speedily as possible, be dissolved. The present parliament should have to be done by months' clauses require that the new house of commons should be elected as fairly represent all the people. The present houses of commons, chosen in 1911, and living beyond its term, does not.

The Gazette would like an election now, two years ago, and with a good show of time. But even Sir Robert Borden may be coming to think with The Gazette, the results in Ontario and British Columbia, and the situation in New Brunswick, may overcome his inclination when extreme peril threatens.

So, the Conservatives may think it wise to go as early as they may, and anticipate the rising tide, that looks so direful now; and the Liberals may think that their chance is now, and that the determination of the voters "to get" anyone in office first. So the two old parties are discussing opportunity!

The new party will have to talk policy; frame up something on the state of the country, the need of new and progressive legislation; a policy to restore the better than they are. It is, therefore, of moment that any new party must first get together in some kind of an organization and a policy that is suited to the new times and the new day. And the people seem to be so overwhelmingly in favor of a new departure that it ought not to take long to get in shape for it. The opportunity is there, if they get out a platform that will appeal to the new generation of Canadians, who must live in this new world that the war is making for us. Ontario right off the bat could election first progressives, and the west fifteen more; in any case, these men, or a lesser number, would be the men of the new parliament. But they could get many more if the men are put up.

This is the thing that The World proposes to discuss. We want to hear from the people, from the papers, from the men with the burden on their backs, Christian got his off, but he got it off by his own struggles. And he got it off by the river. So The World's columns are open. We will give the people what the papers say. In the meantime, for today, we reprint The World's article of Saturday, corrected of its errors:

GERMAN INFANTRY IN AWE OF BRITISH WALKING FORTS

Prisoners Admit Courage Is No Proof Against 'Tanks'—British Surprise Germans Massing for Attack—Most Dramatic Day in History of British Army in France.

BY FREDERICK PALMER.
WITH THE BRITISH ARMY IN FRANCE via London, Sept. 17.—

With ceaseless shell fire from unprecedented concentrations of guns the battle raged furiously all day, with the British making good their advance of yesterday, while the Germans were rushing up reserves from other parts of the western front.

The demoralization of their infantry yesterday by the use of the new armored motor cars called "tanks" was freely confessed by prisoners, with whom the correspondent of the Canadian Press talked today.

"There was no standing against that sort of thing," said one German officer. "Of course we surrendered those of us who were alive. We fired at a tank with our rifles. Our machine guns turned loose on it, but the bullets were only blue sparks on the armor. We thought the British slow and stupid, despite their courage and stubbornness, and they gave us a surprise like this."

The Germans astounded.

A column of German prisoners passing a tank rejoicing in the nickname of "Creme de Menthe," which had returned from battle and was resting from its labors, spread out their hands and shook their heads as they looked at it, exclaiming in a chorus: "Mein Gott in Himmel, it is under control. It won't break out and begin firing again! Will we ever forget our first sight of the thing as it came at us out of the morning mist? It isn't war using a piece of machinery like that; it is butchery."

To this a British officer replied: "No, it is quite peaceable and tame now. It has just been fed. As for it not being war, it is quite in keeping with the Hague Convention, which the gas attack at Ypres was not."

Most Dramatic Day.
In such action as that of yesterday the correspondent, who he has freedom of the field, is quite peaceable and tame now. It has just been fed. As for it not being war, it is quite in keeping with the Hague Convention, which the gas attack at Ypres was not."

RUSSIANS CLOSE IN ON HALICZ TAKE MORE THAN 3000 GERMANS

Enemy is Dislodged From Strong Positions on Galician Front, and Attack Continues Along Railway Line

PETROGRAD, Sept. 17.—Russian troops have resumed their closing-in movement on the Galician town of Halicz, southeast of Lemberg, on the Dniester.

The war office announced today that the Teutons had been dislodged from positions south of Brzezany, on the Zlota Lipa, northeast of Halicz, and that the Russians were attacking along the Podvysoke-Halicz railway line, where more than 3000 Germans were taken prisoner and 20 machine guns captured. The text of the statement follows:

"Western front: In the region south of Brzezany, on the right bank of the Zlota Lipa, stubborn fighting is taking place. Our troops, having dislodged the enemy, captured part of his positions and took prisoner fourteen officers and 537 Turkish men. In the region of the River Anraivka and the railway line from Podvysoke to Halicz fighting continues. The enemy here has already suffered great losses in killed and wounded and left in our hands about 3174 prisoners. The prisoners are exclusively Germans and include 34 officers. We also captured 20 machine guns and two trench guns."

FIVE THOUSAND BULGARS FALL IN FIERCE BATTLE

Hand-to-Hand Fighting in Dobrudja Causes Heavy Casualties in Three Hours—No Quarter Given By Either Side.

LONDON, Sept. 18.—"The Bulgarian head-quarters, dated Sunday, says that in Dobrudja the Russo-Roumanian forces are failing back and taking up a strong position on a line extending from Rasovo to Tuzla.

"The fighting was very bitter. It was mostly hand-to-hand and no prisoners were taken by either side. The Bulgarians, aided by Germans, made 15 attacks, all of which were repulsed with great losses. German cavalry also came into the action, trying to take the Serbs by an attack in the rear. The Serbian rear line received them with the bayonet and most of the cavalry was exterminated."

MARSEILLES, France, Sept. 17.—The British steamers Llangoror, Bute-town and Swedish Prince have been sunk by submarines. The crews of the vessels were saved and arrived here today.

The Llangoror, of 3841 tons, was last reported as arriving at Montreal on Aug. 2.

DINEEN'S NEW FALL HATS

Saturday was a day of great activity at Dineen's. Very many Torontonians and visitors to Toronto took the opportunity to become seasonable in the matter of head-wear and bought felt hats. There are many more choice examples of Dineen's hat values remaining for later comers.

The New Party's Day Has Arrived

(From The World Sept. 16th.)
The people of Canada are fast getting out ahead of, more likely away from, the two old political parties in Canada. The landslide in British Columbia on Thursday, the three recent elections in Ontario would indicate that. But there are still more significant signs. These elections show that the Conservative party has about lost the gift of leadership, let alone the art of holding office. But the same thing is true of the Liberals. Sir Wilfrid Laurier may think he is going to a great resurrection, and Mr. Rowell may be hastening back from his perambulations in Europe to meet the people of Ontario ready to acclaim him as the instrument to save them from Hearstism and lawyer rule in Ontario. But never were public men more self-deceived if they hold such views. They, too, have let the people get away from them, and the people only want a chance to treat them as they treated the Bowserites in British Columbia and the Hearst candidates in Ontario. The people are sick and tired of the two old parties with their offerings of husks, their platforms of broken or plank decayed. They simply want to get at the self-styled leaders who will not move with the times, or who do not grasp how fast the people are moving, quickened in their thoughts and actions by this world-wide war and the new problems that it has forced upon their attention.

The people must live on the ideals of the new day, not on the barren platitudes of the old parties and the old times. And the elections that were held in Canada in 1911, in Ontario a little over two years

\$185.00 Buys a Piano That Measures Up in Every Respect to Instruments at Double Its Price

The "Leader" illustrated is a High-grade Instrument Available at This Low Price Because of Our Methods of Buying and Selling for Cash.

IN SELECTING the Pianos which would come up to our requirements, neither pains nor money was spared. Before we decided on the pianos we now offer, many makes and styles were considered, samples being brought from prominent makers in England, France and several points in the United States and Canada. After a most careful and very thorough consideration of these various makes, a line of instruments made in Canada was our choice.

And it was a good choice, too, for we've been selling them for 9 years, with entire satisfaction to hundreds of customers throughout Canada. They were made in a well established factory which existed long before we entered the piano business and which had turned out hundreds and hundreds of fine instruments which sold at the usual prevailing prices. Our new low-price-for-cash system, practically revolutionized piano pricing, for in our "Leader" Piano at \$185.00, we have a value that we consider the very best in the country. We can sell the "Leader" at this price because not having to make allowances for losses through giving credit, for salesmen and agents' salaries, commissions, etc., and selling for a small reasonable profit on actual factory cost, makes this possible.

To judge an Eaton piano on a strictly price basis and without seeing it and hearing it played, would place it on a level far below where it is entitled to be, according to its actual merits as a piano among pianos.

In appearance the "Leader" possesses beautiful, colonial lines in rich walnut or mahogany finish.

In tone it is noted for its sweet harmonious, ringing clearness. Every piano sold comes direct from the factory perfectly tuned and with a ten year guarantee of absolute satisfaction. Delivered to nearest railway station too, freight prepaid. The Eaton price \$185.00

OTHER PIANOS WE OFFER ARE

The Lyra, an equally notable instrument to the "Leader," is priced at \$225.00. The case being more elaborate than the "Leader."

The Symphony is a beautiful model, in a graceful, artistically designed case of mahogany or Circassian walnut, Louis XVI. designs and is splendid for use in almost any home. Price, \$275.00.

Demonstration gladly given by request, in Piano Showrooms, Fifth Floor.

HOW MAUD ALLAN GETS HER IDEAS.

"All my dances are planned in the rough before I go on the stage," says Maud Allan, the symphonic dancer, who will appear at the Alexandra Theatre on Oct. 5th, 6th and 7th.

"But I trust to the inspiration of the moment for the details. I get the conception of a piece of music or a painting and try to put it before the audience. There one gets the joyousness of my dances, a spring song for example. Spring, butterflies flitting from flowers to flowers; girls picking posies and so on. All this I try to show in my dancing. I get my ideas from the music phrase by phrase."

GAYETY.

The title of the piece-de-resistance for the newest "Follies of the Day," which Barney Gerard brings to the Gayety Theatre on Monday, Sept. 18, is "Hot Dog" or "What Does the Public Want?"

The stellar lights are George F. Murphy, Gertrude Hayes and Chester Nelson, than whom there are no brighter stars in vaudeville.

Others in the cast are John B. Williams, who has been featured in several Broadway shows; Edna May, who has starred with stock productions in California; Anna Propp, the smallest girl on the stage, hailed as a burlesque cutie; Edith Malbone, the tallest girl on the stage, being 6 feet 3 inches; the Four Dancing Bricks; the Four London Girls, and a dancing chorus that is a treat.

FUNDS CAMPAIGN FOR NURSES' HOME

Western Hospital Ladies' Board Hope to Raise Hundred Thousand Dollars.

MISS CAVELL MEMORIAL

To Furnish General Accommodation for Toronto and Visiting Nurses.

The following statement signed by Miss W. J. Wilkinson, chairman of finance and Dr. Augusta Stone Gullen, chairman of the Ladies' Board of the Toronto Western Hospital, was issued to The World last night:

For about a year the Ladies' Board of the Toronto Western Hospital has had under consideration the advisability of raising funds for the erection of a nurses' home on the grounds of the Western Hospital, as a memorial to Edith Cavell. This desire has now taken definite shape and a vigorous campaign will be launched in a few days.

It is hoped that enough money will be forthcoming to enable the Western Hospital Board to erect a building large enough for the needs of the nurses in training, and also for such other nurses as care to make use of it as a residence.

Under no circumstances will the idea of furnishing general accommodation for all nurses be lost sight of. It will, in this way, be truly a "Nurses' Home." It has been felt that this would be by far the most appropriate memorial that could be erected to the memory of the martyred nurse. It is in keeping with the wish of Miss Cavell's mother.

One could hardly imagine a more suitable memorial than a home in which a nurse training Toronto, or a nurse resident in Toronto, could find comfortable accommodation.

The site of the Western Hospital is very centrally located, and is favored by a very excellent street car service, so that nurses can reach it readily from all parts of the city. In addition the new pavilions for the accommodation of patients are the most modern, sanitary and best equipped in the province.

If the requisite amount is obtainable no efforts will be spared to make the home a credit to the city, and worthy of the memory of the noble woman whose name it is to bear. It is the aim of the ladies to raise \$100,000; this would be about one dollar for each family in Toronto. There are many families in this city who would contribute liberally, and make up for those who are less able. The chief thing to fear is the feeling of indifference or unwillingness to assist on the part of some. When one recalls what nurses have done in this great war, and the splendid life and tragic death of Edith Cavell, the person must be very lacking in the sense of appreciation who will not contribute to such a memorial to the noblest of all nurses of all time.

Col. Labatt and Mrs. Labatt have returned from Niagara-on-the-Lake to Hamilton.

On Wednesday, Sept. 15th, at St. George's Church, Huntsville, the marriage took place in the presence of a large circle of friends, of Irene May, daughter of Mr. J. W. May, and Mr. Chas. I. Ewing, of the head office of the Dominion Bank, Toronto, son of Mr. David Ewing, Cobourg, Ont. The pastor, Rev. J. Low officiated.

Among the many handsome gifts received was a service of eighty-five pieces of silver from the Dominion Bank staff, Toronto. The bride was attended by a girl friend, Miss McLean, and Mr. W. S. Pate of the Dominion Bank staff, Toronto, was best man.

The wedding breakfast was served at the home of the bride's parents, after which Mr. and Mrs. Ewing left for Muskoka and on their return will make their home on Jarvis street, Toronto.

That explains why Dr. Cassell's Tablets are so good for your trouble. They nourish the nerve-centres, and thus keep the kidneys supplied with all the motive-power, all the strength they need. There is nothing random in that method of treatment; it is wholly scientific. Test it, prove it by taking Dr. Cassell's Tablets. They will help you as they have helped others. Read what a scientist says of them:—

Dr. CHAS. FORSHAW, F.R.M.S., F.C.S., D.Sc., &c., a well known English scientist, writes: "My knowledge of Dr. Cassell's Tablets leads me to the opinion that the ingredients form a remarkably potent medicine (quite safe for young and old) in cases of nervous prostration, debility, anemia, malnutrition, and many forms of stomach and kidney trouble."

WORLD'S RECORD IN CHARTER OAK STAKE

St. Frisco Won Classic at Hart- for After Six Exciting Heats.

HARTFORD, Conn., Sept. 16.—Two world's records were set here when St. Frisco won the classic Charter Oak Stake for 248 trotters after six of the most exciting heats of lighter harness racing ever witnessed at Charter Oak Park.

The second heat was declared by the judges a dead heat, the time, 2:07 1/2, dis- placing the world's record set in 1904 at the Brighton Beach track, New York, when Sweet Marie and Ariato raced a dead heat in 2:05 1/2.

The other world's record established was the fastest six-heat race, the average time for the six heats being 2:07 1/2, against 2:07 19-24, set at Lexington, Ky., in 1910, in a race won by Spanish Queen.

The Charter Oak Stake is a thrilling in every finish. Less than half a second separates the winner and the second at the close of each heat. Mabel Trunk took the first heat, but the second resulted in a dead heat. Light Wing took the third heat, while St. Frisco took the next three.

RACES AT WOODBINE OPEN ON SATURDAY

The stables of Mr. J. E. Searnam and Mrs. L. A. Livingston have arrived at Woodbine from Montreal for the autumn meeting of the O.J.C., which opens on Saturday afternoon next. In the president's stable are some of the smartest 2-year-old province-breds in training and possibly the favorite and winner of the 1917 King's Plate. Scurlock, Gold Galore, Belle Mahone, Teacup, Galley Head and Gala Dress are all entered in the O.J.C. stakes and will likely be seen in action against the best of the juveniles at the track. Three of them have been nominated for the Grey Stakes at a mile, which was won last year by Candie. Trainer Littlefield has also the King's Plate winner of this year, Mandarin, and three other smart 3-year-olds to race in the O.J.C. stakes. Gala Water, who will start in the Stanley Produce Stakes and Dominion Handicap, the Livingstone Stable is noted for its long-distance runners, and among the horses in charge of Trainer Paulson are Light Wing, the filly that ran second to Rauncher in the 5 1/2 mile race for the O.J.C. Cup last fall. Light Wing will be up against a strong field this year, and if she can win she will be able to take down all the big purses for the long distance horses in the Kentucky races to follow. Woodbine, as a result of the success of the stable, is the most popular track in the Dominion since the date of its opening in 1911 and 1912.
