FIGHT ALL RIGHT SAYS GOVERNOR

BARRING THE PICTURES

World Wide Campaign By Christian Endeavorers to Prevent Reproduction of Reno Battle in Theatres—Little Africa Prepares to Welcome Johnson

Reno, July 6—Governor Dickerson has given out the following statement respecting the Jeffries-Johnson fight, at which he was a spectator: "I do not at all regret that the fight was pulled off in Nevada. It was a clean fight and Tex Rickard's assurance to me personally were made perfectly good."

"I am in favor always of manly sport, just as long as the game is played clean and square as this was. There is absolutely no warrant in my judgment for the protest that has been made against it. The fight demonstrated fully that there was nothing about it but what was proper for any state to permit."

"The spirit of fair play had a strong hold on the thousands of people who witnessed it, of whom I was one, and that fact was made evident as the crowd was overwhelmingly in favor of the black man, who demonstrated his complete superiority in every way and won the battle of thinking, seeing and acting simultaneously, as the result of greater mentality, speed and vitality, no demonstration of reproach or insult was offered in any manner."

"The crowd of the men composing it was not made up of the rough and rowdy of that element, as many would lead one to believe is always the case at such events, but of business prominent men. Of my own personal knowledge, the holding of this event in Nevada was beneficial to the people of Reno and I have heard only expressions of goodwill for the city on all sides."

"I can further state that as long as the law licenses glove contests I will not attempt to interfere with such events in any manner in the future."

"As for the contestants in this fight, I can only say that the defeat of Jeffries demonstrated the experience of all students of athletics that after a man has for some time been out of condition he can regain his former vitality and condition of physical perfection for nature will invariably assert itself. He was never so good as the Jeffries of former days."

**In Chicago's Little Africa**  
Chicago, July 6—"Little Africa," which was so boisterous Monday night in its victory became more subdued today and attention was given to plans to properly receive the black champion when he arrives here tomorrow. Thousands of negroes are expected to join in the reception party. The Eighth Infantry band and a squad of the negro national guard and the negro Elks band will give an official time to the reception. A special touring car will be on hand for Johnson and his party and twenty-six automobiles will carry persons friends in a parade from the station to Johnson's home, where his mother will have ready a chicken feast.

"Mother," Tiny Johnson declared all the riots that have resulted from her son's victory, but said it was due to an unwillingness on the part of many white persons to let a negro express himself. "The white don't like for a black man to be on top," she said, "but Jack's there and his victory will help the entire negro race."

**Barring out the Pictures**  
Boston, July 6—The officials of the Christian Endeavor Society were much pleased today over the result of their movement started here yesterday against the exhibition of the pictures of the Jeffries-Johnson fight. Urgent telegrams have been sent to all branch societies throughout the world to continue the agitation against the pictures.

Mayer Fitzgerald of this city, who has the granting of all licenses for exhibitions of this nature, said today that Boston ought to take the lead in banishing the pictures of the fight.

Harrisburg, Pa., July 6—Mayor E. S. Meade today issued an order prohibiting the showing of the Reno prize pictures in this city.

Los Angeles, Calif., July 6—There is an ordinance in Los Angeles prohibiting the exhibition of moving pictures which in the opinion of the authorities tend to lower morals or are harmful to the young. City prosecutor Eddy said he would invoke the law if necessary to prevent the reproduction of the Reno battle on the screens of this city.

**THE WEATHER**  
Light to moderate variable winds, fine and warm; Thursday, southerly, a steady wind, fair and warm.

**Baltimore Play Spot Afire**  
Baltimore, Md., July 6—Fire early this morning caused \$30,000 damage to frame buildings in Luna Park, an amusement resort in the western suburban section of this city.

EARL GREY GIVES STRIKING EVIDENCE OF REGARD FOR US

Building Greatest Nation Within Greatest Empire Ever Known

Canada's Forward March Most Wonderful Progress in This Wonderful Age—New Cable From Waterville to England—Naval Advisor at Ottawa is Made an Engineer Commander

Times Special Cable.

London, July 6—Earl Grey, in this week's Standard of Empire, gives a statement of his hopes and convictions regarding Canada. He says Canadians are a sane, sober, strenuous, earnest people; a patriotic, invincibly industrious people, worshipping no false gods, following no will-o'-the-wisps but steadily and surely, with their eyes wide open alike to opportunity and danger, building up between the Atlantic and Pacific the greatest nation that has ever been within the greatest empire that has ever been.

Canada, he says, is a wonderful inspiration to any right-thinking men and no better fate could befall any British boy or girl than to grow up to become a good Canadian and play his part in the dominion's great forward march, the most wonderful progress in this wonderful age.

Earl Grey strongly favors emigration of young children to Canada. The Commercial Cable Company has laid new cable from Waterville to England, and replaced a long section from Waterville westward with a heavier type of cable.

At the closing of the anti-tuberculosis conference in Edinburgh, Dr. Oaker, referring to the proposal for a national system of insurance against the disease, stated that the state has secured in the matter of non-contributory old age pensions.

The underwriting of an issue of \$200,000 Newfoundland 3 1/2 per cent at 97 1/2 is proceeding.

At the horticultural section of the Women's Congress, Miss J. S. Turner said there was an opening for women market gardeners in Canada.

The report of the International Mercantile Marine Company states that the steamships Laurentic and Megantic secured a good reputation but the financial results disappointed the directors. They were, however, hopeful that the present season will justify the placing of such vessels in the Canadian trade.

**CAMP SUSSEX BUGLER IS SHOT**  
Sussex, N. B., July 6—(Special)—Another tragedy came near being recorded last night in the annals of Camp Sussex, arising from an accidental shot from a revolver in the hands of Bugler Foley of the 12th Field Battery. Fortunately his chum, Bugler Mark Sutherland, whom he shot, was sitting with his arms crossed in front of him and this, it is thought, saved his life. As the bullet only entered his arm, he can further state that as long as the law licenses glove contests I will not attempt to interfere with such events in any manner in the future.

**HEROIC ACT PREVENTS GREAT LOSS OF LIFE AND PROPERTY**  
Pittsburg, Pa., July 6—While firemen poured powerful streams of water on him, W. A. Weaver, superintendent of the Atlantic Refining Plant of the Standard Oil Co., dashed daringly through flames and smoke early today and saved a valve which prevented fire from spreading to a tank of oil nearby. In the vicinity of 30,000 barrels of petroleum in various stages of refinement were stored.

Two thousand people, gathered from their beds by the peril, cheered the superintendent as he came scorching from the burning still. What likely would have been a catastrophe similar to that at Sheridan several years ago when 200 people were seriously injured in a gasoline explosion was prevented and the loss confined to the benzine still.

**THERE WAS TO BE A MILLION DOLLARS IN IT FOR ESTRADA**  
San Juan, Del. Sar, July 6—Released prisoners from Bluefields, who have arrived here, give some brief details of Gen. Estrada's plans to declare the independence of the Atlantic coast. The title of the new republic was to be New Nicaragua, and it was to come under the protection of the United States. It was planned that Gen. Estrada was to be the first president and was to receive \$1,000,000. The finances of the new republic were to be controlled by the United States and justice administered by five magistrates, foreign residents being eligible to these offices.

The plans were discussed by Generals Estrada, Chamorro, and Diaz, several other prominent insurgents and a number of Americans. An agreement on these proposals, however, could not be reached and the conferees finally decided to wait.

**EDYE BEATEN IN HIS SECOND HEAT FOR DIAMOND SCULLS**  
Henley-on-Thames, July 6—In heat six for the Henley diamond sculls, Rudolph Loos, of Germany, beat Edey of London Aerial, time 9 minutes 14 seconds.

At cricket today Zingari lost to the Royal Artillery by one wicket. The Canadians in the first innings made 87, W. Marshall 25, Bennett 25. The artillery made 105, Gibson, seven wickets for 62. The Canadians in the second innings made 223; Lowmound, 99; Stoughton, 58. The artillery made 105 for nine wickets; Bennett, three for twenty-nine runs.

**Japanese Strikers Freed**  
Hosonaka, July 6—The release of K. Makino and three other leaders of the recent sugar plantation strike caused great rejoicing among the local Japanese. The sentences of the four strike leaders were commuted.

**GOOD TIMES IN THIS COUNTRY; REVENUE FIGURES; RECORD SURPLUS**  
The picture shows that the revenue of the Dominion of Canada came from for the year ending 31st March, 1910, and where it went to. This, of course, is aside from borrowings for such permanent works as the Transcontinental Railway. Those who are interested in these matters will be glad to know that the income of the Dominion of Canada for the year amounted to over one hundred millions, or to be exact \$101,501,024.23, thus fulfilling the prediction made by the Minister of Finance more than a year ago, that the hundred million mark would be passed this time. The expenditure on revenue account

amounted to a little less than \$80,000,000. Among the "miscellaneous" expenditures pictured above is one of almost \$1,500,000 added to sinking funds, or in other words, applied to reduction of the public debt. This amount and the \$27,000,000 surplus over expenditure make the contents of the overflow tank here pictured \$23,525,000. This surplus, together with some borrowed money, was spent in such permanent works as the Transcontinental Railway. The amount thus spent on capital account amounted to over \$16,000,000, making it necessary to borrow, in addition to the \$1,500,000, about \$10,500,000.

**SPAN AND THE CHURCH**  
Madrid, July 6—Religious debates are raging in both houses of parliament. The Bishop of Madrid, leading the attack in the senate, claimed that the laws of the church are the laws of the country because the constitution makes Catholicism the state religion. Canalejas, in reply, declared that the invasion of state sovereignty by the church was no longer tolerable. "I know that a conspiracy exists to accomplish my downfall," he said. "Whether it succeeds or not does not matter as the time has come when Spain will place herself abreast of modern nations."

Investigating the Death of Arthur Leary

Talk of Being Passed—Men Who Were at Park Speak of the Incidents—Jury Assembled—A Post Mortem Made Today

Contradictory stories are told in connection with the death of Arthur Leary, a Carleton man, whose lifeless body was found in Seaside Park yesterday. Evidence will be heard at the inquest tomorrow night.

Members of a party of Carleton young men who last saw Leary alive when he went to them and asked for a cigarette and match, agreed that he appeared under the influence of liquor, but as to exactly what happened immediately after his arrival on the scene there seems a difference of opinion. Some say that Leary was unknown to them and that, other than his request for a cigarette and their departure from the park almost immediately after his appearance, there was nothing to tell. This story is that when they left Leary he was sitting on the ground with his head forward.

Others say that one of the crowd, Roy Belyea, struck Leary, knocking him down, and also that a bottle of liquor was passed around, and that some members of the party were under the influence.

The man was found by Miss Taffa, a trained nurse, who notified the park police, who in turn sent word to Coronor Kenney, and the body was taken to the rooms of I. O. Beattie, undertaker, of Carleton.

A jury was empanelled this morning by Coronor Kenney. They viewed the body and the boarded a car for Seaside Park, where they looked over the spot where Leary's body was found. Adjournment was then made till tomorrow evening at 7 o'clock in the City Hall, West End.

The following are the jurors—William D. Mackay, foreman; Samuel K. Wilson, Harry G. Smith, Isaac Duffy, Edward Dippetta, A. E. McKinley and Robert Stanhouse. They found that the body was found in a gully in which there are a number of large rocks, as the body lay, the head was on one of these, and the feet on or near another.

**Belyea Says He Did Not Strike**  
Roy Belyea, who is said to have struck or pushed Leary over, and Samuel Journey, a former policeman, who are members of the crowd at the park yesterday afternoon assert that they were not acquainted with Leary. They were not present previous to yesterday. Journey says that "the crowd" were sitting talking when Leary came along. He had the appearance of being either sick or under the influence of liquor. He asked for a cigarette and when this was given to him, asked for a match. He then sat on the ground muttering that he wished he had the fellow who gave him "that stuff." They did not know to what he referred except that it was the liquor.

When they left he was still in the sitting posture, with his head hung forward and his hat over his eyes. They knew nothing further about the finding of the man later.

When it was suggested to Roy Belyea that it was said that he struck Leary, he merely replied that he didn't care what they said, he did not do so.

Ernest Black and John Carr told another story. The former said that yesterday afternoon he and Carr started to leave Seaside Park about 4 o'clock. As they were on their way out they came across Roy Belyea, Samuel Journey and Clarence Neves. Belyea was singing "Tug-time." Later, they were joined by Harry Long, Addison Payne and Charlie Leary, and last of all, Jack Varnock. While they were singing and talking, Leary came an appearance. He seemed much under the influence of liquor, though he may have been ill. He asked for a cigarette and a match, and was given both. As he stood Belyea took off his coat and commenced to spar towards Leary in what Black thought was a playful manner.

Asked if Belyea struck Leary he said that he "tapped" him on the shoulder, and Leary went to his knees, and arose again only to sink to the ground his head resting against a rock. Belyea, he said, then put on his coat and walked away, but he (Black) went to where the dead man was lying and, believing it drunk or ill, placed his hand on Leary's head, and he (Black) went to where the dead man was lying and, believing it drunk or ill, placed his hand on Leary's head, and he (Black) went to where the dead man was lying and, believing it drunk or ill, placed his hand on Leary's head.

Black said it was time a bottle of whiskey was passed around, but so far as he was concerned he took nothing. He judged Belyea to be under the influence of Journey and what that appearance.

Dr. Ellis and Warwick made a post mortem this morning, but the result is not told.

**Brazil Orders Big Warship**  
London, July 6—Brazil has definitely ordered from the Armstrong Company a super Dreadnought of 32,000 tons. The armament will consist of twelve 14-inch guns and twenty-eight 6 and 4 inch guns.

**Aviator Breaks World's Record**  
Betheny Plain, Rheims, July 5—The speed contests today in the international aviation meet were productive of very remarkable flying by the monoplane, E. Blanc, with a Heriot machine, beat the world's record for 100 kilometers (62 miles), covering the distance in one hour, sixteen minutes and eleven seconds. He also established new records at 30, 40 and 50 kilometers.

**PERCY ANDERSON DEAD**  
The death of Percy Anderson took place at an early hour this morning in the General Public Hospital from peritonitis. Mr. Anderson had been in robust health up to within two weeks ago. Besides his wife, he is survived by one son, W. J. Anderson, and one daughter, Mrs. A. B. Clifford. He also leaves four sisters, Mrs. S. A. Cunningham and Mrs. John Logan of this city and Mrs. S. H. Cassidy of Boston, and Mrs. Bushman of Princeton, Maine. Mr. Anderson resided in Winter street and was an employee of the Schofield Paper Company.

Talk of Being Passed—Men Who Were at Park Speak of the Incidents—Jury Assembled—A Post Mortem Made Today

Contradictory stories are told in connection with the death of Arthur Leary, a Carleton man, whose lifeless body was found in Seaside Park yesterday. Evidence will be heard at the inquest tomorrow night.

Members of a party of Carleton young men who last saw Leary alive when he went to them and asked for a cigarette and match, agreed that he appeared under the influence of liquor, but as to exactly what happened immediately after his arrival on the scene there seems a difference of opinion. Some say that Leary was unknown to them and that, other than his request for a cigarette and their departure from the park almost immediately after his appearance, there was nothing to tell. This story is that when they left Leary he was sitting on the ground with his head forward.

Others say that one of the crowd, Roy Belyea, struck Leary, knocking him down, and also that a bottle of liquor was passed around, and that some members of the party were under the influence.

The man was found by Miss Taffa, a trained nurse, who notified the park police, who in turn sent word to Coronor Kenney, and the body was taken to the rooms of I. O. Beattie, undertaker, of Carleton.

A jury was empanelled this morning by Coronor Kenney. They viewed the body and the boarded a car for Seaside Park, where they looked over the spot where Leary's body was found. Adjournment was then made till tomorrow evening at 7 o'clock in the City Hall, West End.

The following are the jurors—William D. Mackay, foreman; Samuel K. Wilson, Harry G. Smith, Isaac Duffy, Edward Dippetta, A. E. McKinley and Robert Stanhouse. They found that the body was found in a gully in which there are a number of large rocks, as the body lay, the head was on one of these, and the feet on or near another.

**Belyea Says He Did Not Strike**  
Roy Belyea, who is said to have struck or pushed Leary over, and Samuel Journey, a former policeman, who are members of the crowd at the park yesterday afternoon assert that they were not acquainted with Leary. They were not present previous to yesterday. Journey says that "the crowd" were sitting talking when Leary came along. He had the appearance of being either sick or under the influence of liquor. He asked for a cigarette and when this was given to him, asked for a match. He then sat on the ground muttering that he wished he had the fellow who gave him "that stuff." They did not know to what he referred except that it was the liquor.

When they left he was still in the sitting posture, with his head hung forward and his hat over his eyes. They knew nothing further about the finding of the man later.

"Davis' Perfection," 10c Cigar

With Song and Story

An evening around the camp fire passes pleasantly, especially if there is a box of "Davis' Perfection" Cigars.

It certainly makes an evening's smoking more enjoyable if you take along a daily supply of this popular brand. As a matter of fact, a domestic cigar, it has the full, rich taste generally found only in pure Havanas.

For half a century we have been specializing on fine cigars, and our experts have produced in "DAVIS' PERFECTION" a blend that will appeal to discriminating smokers.

Do not forget, when going away, to lay in an ample stock of this splendid brand. And if you stay in town, "DAVIS' PERFECTION" cigars will help you to stand it.

STUCK TO HIS SCHOONER UNTIL THE FINAL PLUNGE

New York, July 6—Four men in a small boat, survivors of the wreck of the two-masted schooner Garfield which sank last night, were rescued today by the Rockaway Beach Life Savers.

The men, who had drifted about all night, were so exhausted that they had to be carried to the beach. Captain G. G. Morrison of the schooner said that his vessel sprang a leak amidship soon after sailing yesterday from Perth Amboy for Nova Scotia with 175 tons of coal.

The two sailors and the cabin boy, comprising the crew, were blown from the boat and stood by. Captain Morrison stuck to his craft to the last. When the schooner's stern began to rise, the captain jumped overboard and the boat picked him up.

ENGINEER BLOWN FROM LOCOMOTIVE

Saranac Lake, July 6—John Brennan, engineer of a switching locomotive in the yards of the Delaware & Hudson Railroad, was blown from his cab by a bursting steam pipe, and the locomotive, freed from human restraint, swept over the passenger locomotive, set his emergency brakes. The train came to a stop not fifty yards from the runaway, which was now making wheezy progress. Roquette sprang aboard the runaway and closed the throttle, and it was backed to a siding by train hands.

Brennan, victim of the explosion, was badly scalded and may lose the sight of his right eye.

Mayor Alexander declined to answer a direct question as to whether or not he would take action.

Amherst, July 6—Among the first propositions Governor Campbell will submit to the Texas legislature, when it convenes in special session July 15, will be a law prohibiting the exhibition of moving pictures of the Jeffries-Johnson fight at Reno. The governor fears such exhibitions would stir up racial feeling and result in bloodshed.

St. Louis, Mo., July 6—President Matt G. Reynolds, of the St. Louis police board, announced that he will take action to prevent the exhibition of the Johnson and Jeffries moving pictures in St. Louis. A resolution of the Independence Day Association and the Society for the Prevention of Cruelty to Children have laid a formal protest against the display of the pictures with the board.

Fort Worth, Tex., July 6—In response to the request of Mayor Davis the city commission has passed an ordinance prohibiting the exhibition of pictures of the Johnson-Jeffries fight in this city.

Norfolk, Va., July 6—Mayor Reed, of Portsmouth, Va., announced today that he would forbid the exhibition of pictures of the Johnson-Jeffries fight.

Cape Town, July 6—There is a wide-spread demand here for the prohibition of the exhibition of the pictures of the Jeffries-Johnson fight owing to their effect on the natives. There are already signs of excitement on account of the victory of the negro.

Montreal Statistics Show 75,000 Dwellings—Some Interesting Figures

(Montreal Gazette). According to the Municipal Gazette, the number of dwellings in Montreal is 75,122. It is further shown in the statement, which is an abstract of the property assessment rolls for last year, that the highest rental paid is \$4,000 a year, which is credited to but one dwelling. There are three others which collect a rental of \$3,000, eleven having a rental of \$2,500, and the same number a rental of \$2,000. Twenty dwellings have a rental of \$1,500, and eighty a rental of \$1,000.

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan, or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agent for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$20.00. W. W. CORY, Deputy of the Minister of the Interior, N. B.—Unauthorized publication of this advertisement will not be paid for. 1519-12-13.

**AMUSEMENTS FOR OURSELVES AND OTHERS**  
NEW PROGRAMME NICKEL TODAY.  
The Nickel theatre people claim to be the latest current work will establish a record for midsummer business. The new show for today and Thursday strengthens this belief as it is of unusual merit. A whole reel of Selig photographs is being devoted to a pictorial account of Mt. Tamalpais, a notable peak in the state of California. The new Biograph drama, "In the Border States," will be another picture feature, while Paul, an Italian drama, is expected to add a dash of romance. In the comedy line a very funny film is booked, namely, "Romeo and Juliet in Our Town," one of those ten-twenty-cent shows a "rube" brings. Miss Betty Donn will see her very acceptable engagement this week and tonight will conclude her rerun of the summertime hit, "If I Were a King." Tomorrow she sings a new number. A. Lund, of New York, seemed to please everybody last night with his lecture and will continue today and during the remainder of the week both afternoon and evening. During the matinee today,

**TORONTO PROTESTS AGAINST BRITISH COLUMBIAN TAX**  
Will Ask Ottawa to Veto Legislation Imposing New Burdens on Outside Companies  
Toronto, July 5.—(Special)—Among business men and members of the Toronto Board of Trade there is a strong feeling against the action of the British Columbia government in fixing the commercial tax on the basis of the capital of a company doing business in the province, instead of allowing licenses to be issued, as Ontario and other provinces, on the amount of capital required to do business in the province. The license is sought, the matter will be taken up by the manufacturers, merchants and members of the board of trade, who will urge upon the government that it is a violation of the constitution, which some business men declare to be unconstitutional. In Ontario a man may sell goods without a license, and still have standing in the courts. This is denied under the British Columbia law.

GILMAN P. TIFFANY. To be going to pieces, for he became 3 down at the eleventh. From this point, however, he pulled himself together, and in the long run proved to be quite a fighter. Apart from the uphill spurt of Mr. Brown, the feature of the day's play was the driving of both players. In the early stages Mr. Tiffany had the honors in this respect, but in the afternoon he seemed to sacrifice direction from the tree for distance. The result of this was seen in occasional topped shots, and visits to the "rough." Two of Mr. Tiffany's best swipes were at the ninth of the morning and at the eleventh of the afternoon. At the latter hole, which is down hill, the ball was driven clear over the putting green, a distance of 303 yards.

**GAS ON THE STOMACH**  
Relieved at Once by Father Morrissy's No. 11 Tablets.  
Many people find that no matter how carefully they watch their diet and even themselves this, that or the other favorite dish, still after every meal gas forms in the stomach and everything seems to turn sour.  
Besides causing great discomfort, this condition makes it impossible to get the full benefit from the food eaten, and the body is continually starting with a full stomach.  
Father Morrissy's No. 11 Tablets promptly relieves this and other stomach disorders. Each Tablet has the power of digesting a pound and a half of meat gas forms in the stomach and everything seems to turn sour.  
If you have been troubled with Indigestion or Dyspepsia a course of Father Morrissy's No. 11 Tablets will soon put your stomach into a healthy condition again. 50c, a box at your dealer's, or from Father Morrissy Medicine Co., Ltd., Champlain, N.B.

**THINKING WIFE A BURGLAR, SHOOTS**  
Good Grounds, L. J., July 6.—David Smith, who moved here recently from Brooklyn, shot his wife in mistake for a burglar this morning. Mrs. Smith may recover, although a 28-calibre bullet passed through her body, entering the left side. Mr. Smith was asleep when in the early morning he was aroused and decided to adjust a window which was drawn from the top. She let the bed raised the two parts of the window and then lowered the inside part to a screen. The noise aroused Mr. Smith, who started up half asleep he saw a form at the window and called out, "Hands up!" Almost at once, before his wife could call out, he took his revolver from under his pillow and fired.  
He was almost crazed when he realized that he had done. Dr. H. Fern, being Riverhead, was called. He thinks Mrs. Smith may live. She is about forty years old and in good physical condition.

**THE SEEKERS OF GOLD AT PORCUPINE**

Department of Mines Official Prepares a Report After Visit to District—Probably 2,000 People in the Camps

The Canada Department of Mines geological survey branch, issues the following report on the Porcupine gold district in Northern Ontario. He reports:—  
Great interest is being taken in the Porcupine district. A continuous stream of travellers is passing in and out over the trail, at Hill's halfway house 100 are fed each day. Probably 2,000 people are in the camps about Porcupine, and as news is received of the discovery of gold at one point after another throughout the district the "yellow fever" grows more intense and increasingly contagious, and unfortunates a wild boom seems imminent. Already prices of claims are away above any determined value, and the buying and selling is on a speculative rather than a business basis—for there is nothing more alluring than the prospect of quick fortune. From its quartz background, and the district furnishes remarkably tempting specimens. About 9,000 claims have been staked.

The great majority of claims, have no real present or prospective value as mines, but they are in Porcupine and they can be bought and sold. But there are some really good-looking prospects, quartz is remarkably widespread over the district, and visible gold is abundant in some showings, and has been found at numerous and widely separated points.

**Where Gold Has Been Found**

Most of the gold occurrences so far located are in the township of Tisdale, but some of the properties are in Whitley, others in Shaw and in the Forest Reserve. A new discovery has been announced from Kamistake lake, west of the Matagami river. Then, of course, there are the older discoveries in Night-hawk lake, and the so-called "domes" of the Porcupine, including old diorite, quartz-porphyrus, and schist, presumably of Keewatin age, and some of the older granites, and conglomerates, probably Huronian.

The quartz veins occur in any of the rocks and in all manner of forms. There are some well-defined veins, there are some large apparently isolated masses of it, the so-called "domes" which are numerous irregular quartz stringers, which may well be in place to large extent, but they may or may not have a vertical extension.

The majority of the veins and zones of quartz stringers are in the strike approximately northeast, while that of the rocks was more nearly east—that is they were probably cutting across the strike of the schistosity of the rocks, as the case might be. A few had a strike of a little south of east. The information kindly furnished by the geologists of the district is that the veins are of two or more altered country rock. Pyrite is rather extensively developed in the veins, and is often associated with the quartz. It is often coarse, and is distributed in much the same way as the pyrite, with some of the veins being more massive than others. The pyrite is often in the form of small, sharp, prismatic crystals, and is often associated with the quartz. It is often coarse, and is distributed in much the same way as the pyrite, with some of the veins being more massive than others.

**SPREAD OF THE "COMMISSION PLAN"**

(From The Boston Commonwealth.)  
A movement for commission government has been taking shape in one after another of the cities of New York state, and before long a concerted demand will be made on the legislature for an enabling act to allow each city to vote on the question.  
Already Buffalo and Mt. Vernon, by referendum, have voted to amend their charters with provisions for the commission plan as soon as legislative consent can be secured; and in Rochester a strong committee has been organized under the initiative of the City League Club to bring the matter to a head. It will strive to federate with other cities in a campaign for enabling legislation.  
Since this innovation in municipal administration was adopted less than ten years ago as an emergency measure after the great storm of 1900 had so demolished Galveston, that, with its credit gone and one-sixth of the population drowned, it seemed likely that there would be little left out of the wreck; since Galveston decided that "a city is a business corporation," and as such should be run on business principles, 70 cities in 27 states are working under, or have voted to adopt, the commission plan.  
To meet the objection that this form of government deprived the people of their just powers, since the whole control of the city was put into the hands of five men for a term of years, usually two, Des Moines added the referendum and the recall, and these measures have now come to be considered an essential part of the commission plan, which is often for that reason called the Des Moines plan. Three cities in Massachusetts (Chelsea, Gloucester and Haverhill) are organized in this way.  
A cave has just been discovered at Bestig, Westphalia, and in it were found a number of interesting relics dating back to about 400 B. C.

COMMERCIAL TRAVELLERS WILL GATHER HERE

Convention in St. John During Exhibition Time Has Been Devised On

The Maritime Commercial Travellers Association will hold a convention in St. John in September, during the period of the Dominion Exhibition. It is expected that there will be a very large attendance at that time as the "knights of the grip" will have a fine opportunity of meeting a very large percentage of their customers who will be here to take in the big fair. A committee is now actively engaged in working out the details of the programme for the convention and it is understood that a number of matters in which the members are particularly interested will be discussed.

HERE'S THE PROPER SPIRIT

An Englishman named Arthur Hodson, a native of Wolverhampton, Eng., recently purchased a farm at Little Branch from James Adams, and resides there with his wife and child. Mr. Hodson has made many friends during his stay here. The goodwill of his neighbors was demonstrated a few nights since when a number of residents of the vicinity tendered him a surprise party. Mr. and Mrs. Hodson were made the recipients of a number of suitable gifts, and an evening of genuine pleasure was spent. Mr. Hodson has shown much industry and ability as a farmer, and is steadily improving his property. He is well satisfied with his farm, with the country and conditions generally.

RECOMMEND REQUEST OF MR. PENDER

Council of Board of Trade Back up Application re Taxes— Means Enlargement of the Nail Works

The council of the board of trade has decided to send a communication to the common council, strongly recommending that the application of James Pender, for a fixed rate of taxation for the next ten years, be complied with. At the last meeting of the treasury board, Mr. Pender asked that the taxes on his nail manufacturing plant for each of the next ten years should not exceed the present year's charge. This would allow the firm to expand the business so as to develop trade in the markets of Australia and New Zealand. If the council grants the request, it is announced that the present factory will be much enlarged and a considerable amount of money will be spent in providing increased facilities for carrying on the trade with the countries mentioned. The additions in the way of new buildings would practically double the present capacity of the factory and a much larger number of employees would be needed. If the matter passes the council, it is said that Mr. Pender will not go west, as he had intended, but will stay here and devote all his time to the local factory.

HARD TO GET CHANGE TO GIVE UP YOUR MONEY

There's a Big Rush of Taxpayers to Chamberlains Office—Tomorrow Last Discount Day

The rush to pay taxes in time to receive the discount of five per cent, was on in earnest this morning, and the staff in the Chamberlain's office could hardly find time to breathe. Though the office was open after 9 o'clock, there was a steady rush until afternoon and the line of waiting ones, anxious to get rid of their money, seemed to never grow less. The people apparently this year put off until the last minute the paying of their indebtedness to the city. Many who called at city hall this morning simply looked at the crowd and then went away to come again when they had more time.

The receipts yesterday amounted to about 70,000, representing the taxes of about 1,100 people. There seemed to be more of the small taxpayers settling up than usual. It could not be learned how much was taken in—this morning, but the amount was large.

Tomorrow will be the last day for receiving the discount, and it is expected that the rush will be even greater than today.

ROBERT DALLING, FORMER CARLETON MAN DIES IN THE STATES

The death of Robert Dalling, a former resident of this city, occurred at Paterson, New Jersey, on July 1. Mr. Dalling was formerly the proprietor of the Dufferin House, West End, but removed to Paterson, N. J., in 1907. He is survived by his wife, formerly Miss Steeves, of Albert county, and five daughters, and one son, Miss Emma Johnston, of 734 Queen street, this city, is a half sister.

CAPT. GOODWIN IS REMEMBERED HERE

Capt. Frank W. Goodwin, a prominent and respected citizen of Bangor, whose death occurred Saturday, was buried Tuesday afternoon. Capt. Goodwin died suddenly at his home after a brief illness, in his 77th year. He was a native of Weymouth, N. S., and early in life chose the sea as his vocation. Through natural ability he soon rose to the master's berth and was most successful. He left the sailing class and went into the steamship service, serving for a time as second and first officers on the steamers Eastern State and New Brunswick of the British International line. Later he was given command of the steamers William Tibbets and James A. Gray, which sailed from Bangor and combed various routes to Boston, New York, Eastport and St. John.

MRS. LANDAU'S WEDDING

The marriage of Mrs. Rebecca Landau, of St. John, to Morris Wyzanski, was quietly solemnized by Rev. Doctor Edible in Boston on July 4. The bride was attended by her sister Miss I. Isaac. MOTOR BOAT MISSING

Charles Seely of Riverside, lost a valuable motor boat in last Monday night's storm. The boat was anchored off shore and apparently torn away from the anchorage by the force of the gale. Searching parties were out all day yesterday and until late last night, but could find no trace of the missing craft. Any information regarding it will be gladly received at the Phoenix Foundry. The boat is 28 feet over all, is painted white and is fitted with an Essex engine.
