Says Commission Is Ready to Carry Out City Hydro Contract

Conference of City and the Commission was Held This Morning.

Premier Veniot Present—Reference to Authority to Expropriate the Power Company if That Were Necessary—Matter of Bill of \$10,000 Against City.

The New Brunswick Electric Power Commission was prepared to carry out its contract to supply the City of St. John with a minimum of 10,000,000 kilowatt hours of electrical power and energy a year, in spite of the damage done to the west branch of the Musquash, according to a statement made by Hon. Dr. E. A. Smith, chairman of the commission, at a conference today between the members of the Commission and the City Council, held in the City Council chamber.

The delegates included—Mrs. R. T. Doten, St. Stephen; Mrs. Havelock Coy, Miss Maude Harrison, Fredericton; Mr. and Mrs. N. C. Belding, Musquash; C. E. Johnson, Oshagosh; I. B. Colwell, White Head; Miss Amy E. Parke, Apohaqui; J. A. Douglas, Hampton; A. Brancome, Penobscot; H. K. Gritter, C. A. Lauban, Rev. Dr. W. C. Goucher, St. Stephen; W. Forsey, David Thompson, Musquash; John A. Linton, Oak Point; Mr. and Mrs. W. S. Foster, Seal Cove; Mr. S. Frost, Hampton; Mrs. Clara E. Walker, Midland; Rev. D. J. McPherson, Sussex; Miss Morse, White Head; M. Garfield White, Sussex; J. A. McKnight, W. T. McKnight, Louis Millstream; Rev. Dr. H. D. De Wolfe, Rev. Dr. and Mrs. W. L. Archibald, Wolfville; Mrs. A. M. Day, McDonald's Point; Miss Florence Vail, St. Martins; Rev. David Peterson, Cambridge; A. L. Parke, Lower Millstream; Rev. L. N. Crandall, Chipman; and several from St. John including Rev. Dr. S. S. Poole, Rev. Dr. J. D. Hutchins, Rev. C. T. Clarke, Rev. A. L. Teaford, Rev. J. A. Swetnam, Rev. W. A. Robins and Rev. Gideon Swin.

A nominating committee was appointed as follows—Rev. C. T. Clarke, Rev. D. J. McPherson, of Sussex; David Thompson, of Chance Harbor; H. K. Gritter, of St. Stephen, and Rev. Dr. W. C. Goucher, of St. Stephen. They will report this afternoon.

Rev. J. A. Swetnam read the report of the Sunday schools committee. There had been only forty of the ninety-three churches of the association heard from and the figures from these were—Total enrollment, 4,087; average attendance, 2,510; officers and teachers, 418; members baptized, 116; members belonging to the church, 988; students taking the church training course, 12; pupils attending the summer schools, 15; amount raised for missions, \$808.88; for the Maritime Religious Education Council, \$104.70; for the Sunday School Board, \$149; cradle roll total, 601; home department, 78.

He spoke of the good work of the field secretary, Rev. W. C. Machum, and suggested that the smaller schools of the association should be visited. A suggestion was made that the missionary workers and visitors should not all be located in the larger centres. Many of the churches, it was reported, did not have any Sunday schools but these were, in the majority of cases, places where there were no regular pastors.

In connection with young people's work, Mr. Swetnam reported many activities. Summer schools would be held at Wolfville, Acadia, Woodstock and Picton during July and August. The Baptist Young People's Union convention of America would be held in July and the Maritime Sunday school convention would be in (Continued on page 9, seventh column)

WOMEN'S COUNCIL MEETINGS BEGIN

National Sessions in Halifax are to Continue Till Next Wednesday.

Halifax, N. S., June 21.—The third convention of the National Council of Women to be held in Halifax since the foundation of the council thirty years ago opened this morning at Dalhousie University.

The programme included the address of the president, Miss C. E. Carmichael of New Glasgow, N. S.; a tribute to the memory of Lady Taylor by Mrs. W. E. Sanford, Hamilton, Ont., and an address on "The Betterment of Our English Speech" by Miss Archibald of Acadia Seminary, Wolfville, N. S. Reports were presented.

A resolution asking that persons born in Canada of native born or naturalized Canadian parents be recorded as Canadians in vital statistics, including census reports, and another asking for the setting of a date by statute for the closing of navigation on the C-2 at Lakes, will be moved, the first on behalf of the Kitchener and Waterloo local council, and the second on behalf of the Owen Sound local council.

This evening a reception under the auspices of the Halifax Local Council of Women will be held at the Women's Council house here. The annual meeting will continue until June 27.

SHERMANY THINK SHERMAN WAS RIGHT

—From the San Francisco Bulletin.

GREAT INCREASE IN NUMBER OF DIVORCE CASES IN CANADA

Ottawa, June 21.—(Canadian Press)—An enormous increase in the number of divorces throughout Canada in recent years, said to have been caused by the generally unsettled effect of the war period, is disclosed by a bulletin just issued by the Dominion Bureau of Statistics.

The report shows that in 1913, marital separations granted in Canada numbered 59, while in 1919, the first year of peace the number jumped to 376. Last year 544 decrees were allowed.

At Seventy-Three Weds Widow of 35

A. G. Candler, Who Founded Coca Cola Company, Marries Stenographer.

Atlanta, Ga., June 21.—In the presence of his own children and grandchildren, A. G. Candler, Sr., 73, was married yesterday to Mrs. May L. Ragin, 35, a public stenographer. Mrs. Ragin's twin daughters, ten years of age, together with the parents of the bride, also were in attendance. Mr. Candler founded the Coca Cola Company.

Royalist Conspiracy in Budapest; 20 Put Under Arrest

Budapest, June 21.—A royalist conspiracy has been discovered by the police. The conspirators are members of a secret society known as the "Pálffy Guards." It is alleged they had plotted to overthrow the Government of Count Stefan Bettlen and proclaim a monarchy, with Prince Otto, son of the late King Charles, as ruler. About twenty persons have been arrested in connection with the plot.

GARRISON IS REPORTED WIPED OUT BY TRIBESMEN

Jerusalem, June 21.—It is reported that 9,000 Wahabi warriors have attacked and annihilated the garrison at Karak. Despatches received here say the trans-Jordan Government requested the Ben-Sachar tribe to attack the Wahabites, but the Government forces co-operated with them.

FIVE MILLIONS OF GERMANS GETTING UNEMPLOYMENT AID

Berlin, June 21.—Five million Germans at present are receiving Government unemployment relief. Most of the unemployment is said to prevail in the district bordering on the occupied areas, where the Ruhr occupation has caused unusual difficulties in marketing and handling raw material. A canvass of 300 cities showed that the number of unemployed had increased from 3,839 on February 17 to 213,559 on May 3, but that there was a drop to 197,690 on June 2.

SAYS SENATE ACT, MEANS EXPENSE TO BRITISH COLUMBIA

Vancouver, B. C., June 21.—(Canadian Press)—If the Canadian Senate's plebiscite amendment to the Canada Temperance Act becomes law it will put an extra burden of \$75,000 on the people of British Columbia, according to Hon. A. M. Manson, attorney-general of British Columbia. It would cost this amount to take a vote as to whether or not the provincial government should have the sole right to import liquor into the province.

PLUNGE KILLS WOMAN OF 98

Yonkers' Oldest Resident Falls or Jumps From Window.

New York, June 21.—Mrs. Marie Drathschmidt, the oldest resident of Yonkers, who was in her ninety-eighth year, either fell or jumped to her death early on Monday morning from the second story window of her home in Yonkers, to the ground below. She had been restless for the past few days, and her daughter-in-law, Mrs. George Drathschmidt, had been closely watching her. The aged woman retired early Saturday evening, and when her daughter-in-law looked in her room at ten o'clock she was apparently sleeping. She evidently got up later on and unlocked and raised the window. Her daughter-in-law heard a scream shortly after midnight and found the woman gone from her room. She was found lying dead on the ground.

BOSTON AGAIN HAS SCORCHER

Thousands Spent Night on Sand at Revere

People Sleeping in Commons and Public Garden—Many Deaths in Chicago and in State of Ohio.

(Canadian Press.) Boston, June 21.—A good breeze which had veered to a trifle northwest brought a little relief early today after two days and nights of intense heat which had caused several deaths and many prostrations. As the sun got higher, however, the temperature rose rapidly from its minimum of 78 during the night and before ten a.m. it had climbed to 87, the same mark reached at that hour yesterday.

Many of the thousands who sought relief at Revere Beach last night spent the night on the sand. The commons, the public garden and the Charles River esplanade were dotted with sleepers. In the tenement districts of the north and west end hundreds of families moved into the streets or on the roofs and fire escapes for the night. Chicago, June 21.—No break in the heat wave which has held Chicago and vicinity of its grip since Monday was seen in weather forecasts today. Seven persons have died in Chicago since Monday from heat prostration. The temperature yesterday climbed to 88 degrees, three degrees cooler than the maximum for the week.

The fire started in a furniture store on the ground floor and quickly destroyed the wooden tenement. Firemen made many heroic rescues. The burned tenement was in the heart of the negro district near Chicago's Chinatown. Joseph Smith, wealthy negro owner of the furniture store, was arrested.

TEN NEGROES DIE IN FIRE CONSUMING CHICAGO HOUSE

Hundred and Sixty in Tenement, Some Leap from Windows—Fireman Make Heroic Rescues.

Chicago, June 21.—Ten negroes are known to have been killed and at least 25 were injured in a fire which swept a three story tenement house at 22nd and Federal streets here early today.

VOLCANO NOT SO ANGRY TODAY

Colombia, June 21.—Reports from the Mount Eliza region early today were that there had been a slight decrease in the intensity of the eruption, while the columns within the crater were less frequent.

AMUNDSEN REPORTED RETURNING TO U. S.

Christiania, June 21.—Captain Amundsen, who recently commanded his proposed flight across the North Pole by airplane, is returning to the U. S. on the schooner Holmes, according to a despatch from New York. The flight says Amundsen's airplane was damaged in a trial flight.

WEATHER REPORT

Synopsis—Pressure is low over the northwest states and Maritime Provinces and highest over Northern Ontario. The weather has been cool with local showers in the western provinces except for showers near the Gulf of St. Lawrence, it has been fair and decidedly warm in Ontario and Quebec.

MOTLEY THROG AT ELLIS ISLAND

Hundred and Fifty of Various Races in Same Sleeping Quarters.

New York, June 21.—Immigration officials at Ellis Island yesterday frankly admitted statements made in the British House of Commons that 150 persons of various races had been housed in the same sleeping quarters, but said they knew of no way of remedying the situation, unless a gigantic building could be erected. Officials said the policy was to treat all alike, but that the British appeared to expect special treatment.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Horne, "will you celebrate Dominion Day in The Settlement?"

"Yes, sir," said Hiram. "It'll be a sort of Memorial Day. We were figgerin' on layin' a few bouquets of speech on the graves of the hopes we had in 1867, an' gloryin' in our sacrifice as a people for the good of the rest of Canada. We haint never done that yet. We brag about what we done for the old flag—an' what we done in the war—but we haint got woke up yet to see what heroes an' martyrs we been for the sake of them there manufacturers in Ontario an' them people that lives in the west. We was thinkin' out to The Settlement that the year we'd start a Memorial Day an' shed a few tears. I daisy we might be able to get some city feller to take a look at that there break-water an' railroad station an' come out an' give us a pep. Then I think we ought to pass some resolutions tellin' them folks in the west that we're willin' to go on offerin' up our sons an' daughters for the sake of Uncle Sam as long as they want us to—an' call it a blessin'." What the Good Book says about inheritin' promises? Well—we ought to do some blowin' about our inheritance—Yes, sir."

General Sales Tax Of Six Per Cent Is Adopted In House

Commons Decides For This Instead of the Present Varying Scale.

Banking Bill Is Carried After Progressive Amendments Defeated—Sir Geo. E. Foster Loses on Senate Amendment re Liquor Export.

(Canadian Press.) Ottawa, June 21.—Early this morning the House of Commons adopted a resolution on the sales tax in committee of ways and means, practically without discussion. The aim of the amendment is to substitute a general sales tax of six per cent, instead of a varying scale as at present in effect, so it was explained by Hon. W. S. Fielding.

Third reading of the banking bill was carried without division yesterday after amendments moved by Progressive members had been defeated. In committee Hon. W. S. Fielding accepted an amendment that banks should not have power to seize personal effects of debtors except under investigation into the expediency of Dominion law from judgment, seizure.

Five amendments were offered on third reading. The first was a motion by W. C. Gledhill, Progressive of Brant, to extend the bank charter for a year only instead of ten years. J. T. Shaw, Progressive of Calgary W., moved to allow a borrower to recover interest paid in excess of 7 per cent. G. G. Coote, Progressive of McLeod, moved an amendment to the same effect as Mr. Shaw's, except the rate of interest was fixed at 8 per cent. A fourth amendment, moved by T. W. Bird, Progressive of Nelson, called for an investigation into the expediency of Merchant Bank and its merger with the Bank of Montreal. This led to a lengthy debate on the merging of banks. The last amendment, moved by J. S. Woodsworth, Labor of Winnipeg Centre, sought to place in the Bank Act a declaration that the bank of Canada had the right of expropriation of all lawful purposes. All were defeated and the bill was given a third reading without a division.

The bill to repeal the Lake of the Woods regulation act of 1921, given second reading, 67 to 33, and put through committee. Main objections were made against repeal of the section placing the Lake of the Woods under Ontario and in Manitoba, and Hon. Arthur Meighen urged the appointment of a joint administration chosen half by one province and half by the other. E. J. McCormack, Liberal, Winnipeg North, strongly opposed the bill. He said the matter was absolutely vital to Winnipeg. Hon. A. H. Hudson, Liberal, Winnipeg South, also strongly objected to the bill. H. H. Stevens, Conservative, Vancouver Centre, and J. S. Woodsworth, Labor, Winnipeg Centre, urged the Government to let the bill stand over. Robert Forke, Progressive leader, also protested against the bill. Mr. Hudson made his third reading speech and it was held over.

Liquor Act in Senate

In the Senate the Canada Temperance Act was again discussed in committee. Sir George E. Foster moved to amend the act so as to allow the export of intoxicating liquors from any port to a foreign country until the port officer of that country at the port of arrival had given his approval. He said they should put no obstacle in the way of the U. S. carrying out their prohibitory laws. The amendment was defeated.

High Honor For Nova Scotia Priest

Rev. D. A. MacLean Appointed to Post at Catholic University, Washington

Toronto, June 21.—A high honor has just been paid at Washington to a young Canadian priest, call the appointment of Rev. Donald Alexander MacLean as professor of general, social and legal ethics at the Catholic University of America. Rev. MacLean, who succeeded Rev. Dr. Fox, who died in March. It is also announced that Rev. Dr. MacLean received simultaneously the appointment of professor of political science at Trinity College, the famous college for women in Washington, in succession to Rev. Dr. A. Ryan, who has resigned on account of pressure of work as a writer and lecturer.

DEMPSEY READY TO MEET GIBBONS

Great Falls, Montana, June 21.—Jack Kearns, manager of Jack Dempsey, evidently is satisfied that the champion has reached the peak in his training and soon will be ready to start tapering off. He limited his boxing to four rounds yesterday.

SOVIET NEGOTIATING TRADE TREATY WITH SWEDEN

Stockholm, June 21.—M. Osmakinsky, new chief of the Soviet trade delegation to Stockholm, arrived here yesterday to negotiate a commercial treaty with Sweden.

BATTLE FOR PLACE AS RUNNER-UP

Pittsburg and Cincinnati Face Two Game Series

New York Fans Rest Easier as Giants' Position Improves—A Pinch Hitter Doubles With Three On, But Team Loses.

(Canadian Press.) New York, June 21.—If the Boston Braves continued today to frighten the Pirates with the sort of Indian signs they have made during the current series, the Cincinnati Reds will rise into second place tonight on their own dead-weight and then tomorrow a tug and tussle for runner-up in the National League will be on, for Cincinnati will open a three game series in Pittsburg after resting today.

Pittsburg had maintained its hold on second place by depositing its first strong trial, St. Louis, and then it moved first place by walloping the New York Giants twice out of three games, but finally along came two of the weakest clubs in the league, Philadelphia and Boston, and the Pirates lost all their frightfulness.

In the meantime the Cincinnati Reds were advancing. The Reds came in another notch yesterday by taking the third game out of four from Brooklyn Yankees, who held them to one hit earlier in the week. The game ended Brooklyn's road trip with six wins and eight defeats and dropped them into sixth place.

The Robins were displaced by Chicago, which has been covering near the first division for two weeks. The Cubs managed to take a game from the lately troublesome Quakers, 16 to 1, and are within one point of St. Louis, which has taken another to New York 7 to 5, giving the Giants the edge in the series.

The easy time the Giants have had at St. Louis has been offset by their loss to Manhattan for two weeks. The Cubs managed to take a game from the lately troublesome Quakers, 16 to 1, and are within one point of St. Louis, which has taken another to New York 7 to 5, giving the Giants the edge in the series.

Elmer Smith, Yankee pinch hitter who has hit nine times out of fourteen times at bat this season, delivered in the crisis again yesterday, doubling with the bases full and enabled the Yankees to tie the score, with Detroit, but the Tigers dropped a weakened infield, came back and won 9 to 7, and as Philadelphia beat Chicago 4 to 3, Woodsworth's situation resolved back to its day before status.

The Tigers went back into the first division, as Boston beat St. Louis 3 to 1, and the Chicago Cubs beat the Browns to three hits, while the Yankees won their tenth victory of the season. Cleveland beat the Senators 3 to 1.

Shelby Prepares For Invasion Of July 4

Auto Parking Space For 3,000—A supplementary Jail—Increased Water Supply.

Shelby, Montana, June 21.—Preparations to handle the influx of fight fans expected here July 4, to witness the heavyweight championship bout between Jack Dempsey and Tommy Gibbons were nearing completion today under direction of the Chamber of Commerce and officials of the town. An automobile tourist camp of 187 acres with accommodation for 3,000 cars is being laid out.

The town has approximately 20,000 residents living in tents, several thousand more in tiny one and two room shacks, and a few hundred in the substantial residences built before Shelby experienced its boom.

To curb the activities of miscreants on July 4, sheriffs from the surrounding counties have been requested to aid Sheriff Harry Benjamin of Shelby in policing the town. In case the jail, which has a capacity of ten, becomes crowded, the overflow will be incarcerated in a stockade in which 200 may be imprisoned if necessary.

To accommodate the crowd, the town of Shelby has expanded the water situation from 100,000 to 700,000 gallons capacity and increased electric lighting facilities fivefold. Boy Scouts will meet trains and direct travelers to hotels, the arena and business district. A special fire brigade is being organized.

Gibbons worked out yesterday and it consisted only of bag punching and tagging contests with his sparring partners. He has some cold sores on his lip and so decided against boxing.

SOVIET NEGOTIATING TRADE TREATY WITH SWEDEN

Stockholm, June 21.—M. Osmakinsky, new chief of the Soviet trade delegation to Stockholm, arrived here yesterday to negotiate a commercial treaty with Sweden.

boon; it embraces a year's training in simple nursing and housekeeping. It was suggested that the service should be fully organized, controlled and supervised and that the provincial health nurses should exercise a judicial function over the subsidiary nursing. It was recommended in the report of the committee on nursing education appointed by the Rockefeller Foundation, presented by Miss E. I. Johns of Vancouver, that the subsidiary group of nurses might be trained in the large general hospital, provided that the course be conducted in separate distinct wards from that for the regular student nurses.

The Canadian National Association of Trained Nurses is asked to create a section for the "Nursing Education Association," which would train amalgamate, with Miss Jean Gunn of Toronto as the education representative.

DISEASES OF CIVILIZED MAN UNKNOWN TO SIMPLE RACES.

Races not in contact with civilized habits are free from flu, tuberculosis, cancer, pneumonia, appendicitis, etc., because they live upon natural foods. The wonderful human body was developed to what it is through ages of feeding, by our ancestors, upon foods just as nature produces them, whole grains, milk, eggs, vegetables and fruits. The simple races still live upon these, thus keeping their blood normal, their organs unstrained, and their bodies healthy. Civilized races have refined out of their chief foods, the grains, their most valuable elements, the alkaline salts and growth and repair substances, turning the blood acid, preventing repair of body wear, lowering vitality, and inviting diseases which simple races avoid.

A return to natural, unrefined grain foods goes far in protecting civilized man from the ravages of self-inflicted flu, tuberculosis, pneumonia, etc.

Roman Meal is the only non-acid whole grain cereal. It keeps the blood non-acid, promotes growth and repair, protects the vital organs from strain, and lengthens life. Roman Meal is 400 parts in each 1,000 "Excess Alkali," alkaline enough to correct, the excess acids of white flour, other cereals, fats, meats, and sweets, called "Excess Acid" and "Deficiency" foods by food scientists. Because Roman Meal keeps the blood normally alkaline (opposite of acid) it keeps the body and mind "cool," vitalized, and vigorous in hot weather. It can be served most delightfully as icy-cold BROSE, O. CHOCOLATE, and JELLY, any of which can be prepared in ten minutes. A real hot day treat, served with milk, cream, honey, preserved or fresh fruits. Recipes on package. At grocers.

The older members of the family can be more up to date and in touch with modern life than their children. Many of them are. That is because they read the advertisements.

Valory Irene Armstrong of Fellsway Medford, was awarded a special prize of a box at the Tremont Theatre by the judges on account of her toe dancing. She is only three years old.

Community Night An Annual Affair

Last Year at Sault Ste. Marie They Raised Money to Get Auto for Public Health Nurse.

Sault Ste. Marie, Ont., June 21.—Did you ever hear of a town of 22,000 having an annual Community Night at which as many as 8,000 people turn out in costume in a parade which is viewed by a crowd as large as the entire population?

Sault Ste. Marie, Canada, has such an annual night, and this year it will be held on July 11. Every man, woman and child in the town will participate in some form or other in the festivities which mark the unique gathering.

The affair is sponsored by the Rotary Club. Last year a silver collection on the street during the parade paid for a car for the public health nurse so

she could get around to see more babies who needed her and so cut down the death rate. This year a collection will be made to help crippled children. Following precedent numerous prizes will be given for the best costumes in the parade, such as the most characteristic costumes worn by hunters, woodsmen, and prospectors, as well as by the most attractive women.

FAREWELL LUNCHEON.
Mrs. Daniel Mullin, Mrs. H. L. Sparling and Mrs. E. W. Daniel tendered a farewell luncheon to Mrs. A. V. H. Lugsdin and Mrs. A. C. Skelton at the Riverside Golf and Country Club yesterday afternoon, beginning at 1.50 o'clock. The luncheon was arranged to give friends of the guests of honor an opportunity to bid them farewell on the occasion of their departure from the city and about forty persons were present.

WINS TWO SCHOLARSHIPS.
Mrs. Isabel Dalzell, widow of Lieut. George A. Dalzell, has been graduated from the Toronto Western Hospital with high honors, having won the scholarship for one year's post graduate work with the department of public health nursing, University of Toronto, and the John Vokes scholarship for second general proficiency. She has many

friends here who will be pleased to learn of her success. She was married to Mr. Dalzell in the old country, having belonged to Larness, Scotland, and came to Canada with him when he was invalided home and placed in the St. John County hospital. She lived in St. John until the death of her husband in 1920 and then took up nursing.

POLICE GAZETTE ESTATE VALUED AT \$1,795,169.
New York, June 21.—The gross estate of the late Richard K. Fox, founder of the Police Gazette, was valued at \$1,795,169, according to an appraisal filed by the New York State tax commission this week. His shares in the R. K. Fox Publishing Company, publishers of the magazine, were appraised at \$100,500.

Consolidating The Ontario Statutes

Big Task Confronts Commission
—Since Last Revision 1,275 Acts Passed.

Toronto, June 21.—If the commission which has been named to revise the Ontario statutes could do the task assigned to it, the time of the burning of the midnight oil. Work commenced on the 1914 revision in July, 1906, and nearly eight years later the task was completed. In that time, by reason of the wide powers invested in them, the commissioners had been able to consolidate the statutes that were still in force, to discard those which had become obsolete, and include all the legislation that had been passed since 1897. In the 1914 revision, instead of 342 chapters as in the 1897 revision, there were only 301 in the 1914 revision. But to do more than 900 sessions were held. Two or three meetings were held every week, and during vacations the commissioners met daily excepting only in August. For this work they were each allowed \$1,000 a year.

Since the 1914 revision 1,275 acts have been passed by the legislature. Many of these are amending acts. Some of the acts have been amended in the same session of the legislature in which they were passed. Since the incoming of the Drury U. F. O. Labor administration 573 acts were passed. The work of consolidating these new acts with the previously existing legislation will be a tremendous task.

The chairman of the commission is Chief Justice Sir William Meredith, and the other commissioners are Mr. Justice Middleton, Mr. Justice Logie, Mr. Justice Mowat, ex-Judge C. G. Snider of Hamilton, Judge O'Connor of York County, Edward Bayly, K. C., and A. N. Middleton, the executive members of the Cabinet Council.

HOW DO PIGEONS FIND THEIR WAY?

Study Being Made by Scientists in Paris to Discover Mysterious Sense Which Guides Them.

The use of carrier pigeons for sending messages is as old as the ancient Greeks, who used to announce the names of the winners of their Olympic games, to the various cities by this method. In the nineteenth century Holland trained pigeons for civil and military purposes, and this led eventually to their extensive use in military service.

Today the value of carrier pigeons as a means of conveying messages is greatly diminished because of the development of wireless telegraphy, but the question of how these birds, used through so many centuries, find their way remains an interesting one and about which surprisingly little is known. It is believed that the discovery of the principles underlying the pigeon's method of orientation would not only satisfy the curiosity of people who happen to be interested in the subject, but that it would be of value in the development of aviation.

Two French scientists—Dr. Rochon-Duvigneau, ophthalmologist of the hospitals of Paris, and Professor Maurain, of the department of physics at the Sorbonne—have been making interesting investigations along this line and have established a kind of pigeon club.

Dr. Rochon-Duvigneau, of Paris, says that this power of orientation cannot be attributed entirely to keenness of sight. There is not enough difference between keenness of vision of pigeons and that of men to warrant such a supposition. Dr. Maurain thinks that it is not possible that pigeons are guided by magnetic forces, and he is even more skeptical about electric action as influencing their sense of direction, since electric properties of the atmosphere are extremely variable.

OVERSEAS TRADE.

In the fiscal year ending March 31, 1923, Canada exported to New Zealand goods to the value of \$9,899,700, an increase of \$3,767,545 over the figures for the preceding year. These exports covered a wide range of manufactured goods. The Commercial Intelligence Journal, issued by the Department of Trade and Commerce, Ottawa, gives particulars of the year's trade and we find set down among the articles exported the following—Automobiles, chassis, rubber tires, tubes and covers; iron and steel, in bars, bolts and rods, plate and sheet and plain black, hardware, hollow-ware and ironmongery, wrought tubes, pipes and fittings, mills and saws, engineers' tools, printing paper, paper hangings, writing paper, sensitized and albumenized paper, rubber footwear, corsets, fish in tins, chocolates in packages, apparel and ready-made clothing, furs, made up into apparel, hosiery, cotton piece goods, fencing staples, nails, log spikes, tools, fencing wire, (barbed and plain), copper and iron wire, reapers and binders, leather janned and canned, sole leather, lumber, doors and sashes, woodenware and turnery, apples, cameras, toilet preparations and soap.

This is a wide range of exports. No doubt the New Zealand market can be still further cultivated, and no doubt there are many other markets in Canada. It is to overseas markets the Maritime Provinces must look for the expansion of their industries, and the study of such markets is essential. There is, for example, a market in Ireland for egg-bones. That country in 1921 exported eggs to the value of nearly \$48,000,000, and Canadian Trade Commissioner Johnson says the matter of boxing such immense quantities of eggs is one which should be of interest to Canadian manufacturers of box shooks. A careful and comprehensive study of markets, which the facilities now available, makes comparatively easy, should discover here and there an opportunity to be embraced with profit by promoters of industry in the Maritime Provinces. The sale of Canadian goods abroad begins of necessity at home, as the Trade Commissioner in Japan aptly remarks in a long article on the subject of Canadian trade with that country, in which he enumerates many important lines in which this country can compete. The people of the Maritime Provinces must begin to set their gaze overseas if they are to build up industries based on their natural resources.

CHILDREN AND THE STREET.

Whoever rides much in the street cars or in automobiles in the streets of St. John must be impressed by the danger to little children due to the fact that so many are allowed to run in the streets without proper care. They race across in front of a car, or thoughtlessly get in the way, and motorists and car drivers have many a nerve-racking moment when it appears that a tragedy cannot be averted. Where a motorist is reckless and speeding, the danger is all the greater. It is easy to understand that in portions of the city where there are neither front nor back yards in which to play, the children naturally go into the street, but the smaller ones should not be unattended in their excursions into the danger zone. We are now approaching the holiday season when all the children will be free from school, and the older ones will be able to give some attention to their younger brothers and sisters. The latter especially need protection, and should be safely piloted to and from the supervised playgrounds. This article in no sense implies that motorists should be allowed to relax their vigilance. On the contrary it should be redoubled; but parents should pay much more attention to the safety of their little ones than many of them do. There is not such congestion in our streets that the safety of children cannot be assured when parents do their duty and the drivers of cars exercise due caution. Children have a right to play, and a right to place in which to play in safety. If there are sections where playgrounds do not exist, portions of a street might be utilized and all heavy traffic sent some other way. But the particular purpose of this article is to remind parents of their responsibility and the manner in which it is too often disregarded.

The New York Tribune of yesterday has a very timely article on this subject. We quote:—

"One child a day killed and several maimed or badly injured is the tragic record of the streets of New York, due in part to the lack of other places in which the children can play. Much has been gained by the school teachers' injunctions for safety and much by police care and watchfulness; but the fullest possible measure of safety will be attained only when so many

playgrounds are provided throughout the city that the children may be kept off the streets. There is no use in telling children not to play in the streets. They are bound to play somewhere, and if no other place is available to the streets they will go.

"Many public playgrounds have been provided and are in use, but it is said that scores of others are withheld for some technical reason—because of lack of funds or of disagreement as to the method of raising funds. Such obstacles could and should be overcome and every schoolyard and public playground and every vacant plot of ground available for the purpose should be opened to the children of the city.

"The case is urgent. The season of open-air life and sports is already upon us. In a few days the schools will close, and the children will be turned out to play more than ever. Are they to leave school simply to go upon the streets? There would be great danger of an increase in the daily tale of casualties. The closing of the schools should mean simultaneously the opening of the playgrounds, and the latter should be as plentiful and as accessible as the former. Doubtless it would cost the city something; but the daily sacrifice of juvenile life and limb is costing it much more."

In an interview in Truro last week, Mr. Freeman I. Davidson, a Boston banker and former president of the Canadian Club of the American city, referred to the remarkable reception given to the New Brunswick Tourist Association and Premier Vernet. The report of the interview says further:—

"Mr. Davidson said that New Englanders are looking more and more to the Maritime Provinces as a mecca for tourists. Now that better roads have been built, Mr. Davidson says it is up to the people of New Brunswick and Nova Scotia to see that the hotel accommodation is improved and increased to take care of the ever-increasing tourist trade. The provinces have the attraction for tourists, but as yet are far behind in the matter of accommodations for guests who are both able and willing to pay for what they get."

Sir George Foster has proposed an amendment to the Canada Temperance Act which would require a certificate from a consular officer of a foreign country, showing the import of a consignment of liquor to be lawful in his country, before a Canadian customs officer could clear such consignment at a Canadian port. This would not have much effect, as long as export houses are permitted to exist. Get rid of the export houses in Canada and there would be less violation of the laws of the United States with Canadian consignment.

Toronto Globe—"Disastrous forest fires are raging in Quebec and New Brunswick, although the season has been fairly moist. Mr. F. J. D. Barnum, forest ranger for the whole of the forested country will go up in smoke some day if not without foundation."

The export of newsprint from Canada in May was 98,901 tons, compared with 78,378 tons in May of last year. The pulp and paper industry will not mean as much to New Brunswick as has been anticipated unless we take better care of our forests.

France has decided to take still more drastic measures in the Ruhr, amounting practically to a seizure of territory. Whatever else France is doing, she is cementing the Germans together and laying up a legacy of hate. Will the other results make this worth while?

C. P. R. NOT BUYING PARIS BUILDING, SAYS BEATTY

London, June 21—(Canadian Press).—Having seen a Paris despatch which stated that the C. P. R. through Morgan's bank, had purchased for a large sum the property at the corner of Rue Scribe and Boulevard Madeleine, and also contemplated buying the building in which the company's Paris office is now located, President Beatty yesterday asked the Canadian Press to say there was absolutely no foundation for either statement.

"The company has an office in Paris which is reasonably suitable for its requirements," he said, "and does not contemplate making any purchase."

Mr. Beatty said it occurred to him that the report was circulated in order to justify other purchases in the same district by Canadian interests. "Under present conditions the Canadian Pacific does not consider larger capital investments in office buildings either necessary or desirable," concluded Mr. Beatty.

PUTS DRY PADLOCK ON KNICKERBOCKER GRILL.

New York, June 21—An order closing the Knickerbocker grill in the theatrical district for six months was signed by Federal Judge Hough yesterday on the grounds it was a common nuisance under the Volstead act. Similar closing suits pending against three other prominent restaurants and grills in mid-town will be pressed immediately, prohibition officials said.

LIGHTER VEIN.

A Good Cause.

"I trust this lecture is being given for a good cause."

"A very good cause, I think," responded the lecturer. "I have a wife and six children to support."—Louisville Courier-Journal.

Getting Him Placed.

"What kind of a fellow is Watson?" asked Black.

"Well," replied White, "he's the kind of fellow who skates on thin ice, rocks the boat, runs a train to the crossing, and looks to see how much gas there is in the tank with a lighted match. Nobody knows why he has been able to live as long as he has."—Cincinnati Enquirer.

Yes, Indeed.

"Did that rich uncle of yours leave many heirlooms?"

"I should say so. A new hair looms up almost every week."—Boston Transcript.

FILL THE COAL BIN.

It is to the interest of the coal trade and the consumers alike that the purchase and delivery of coal for domestic consumption should be spread as evenly as possible throughout the "open season." There is a good reason, therefore, for the recommendations that are being made by retailers everywhere that the best time for the filling of coal bins is the time for the filling of coal bins. Of course if everybody responded at once somebody would have to wait for deliveries, but a wait would be as nothing compared with the situation which confronted so many householders last winter when there was no coal to sell or deliver and when the weather made heatless homes a nightmare to thousands. The Dominion Fuel Board has issued a warning to householders to put in their supply of coal now—read good advice, if one can afford to follow it. "Unless the public puts in its coal now," said the board, "it will pay the penalty in higher prices later on." The public has a short memory for the winter of 1921-22. It is inclined to gamble on the price of coal in the autumn. It is no secret that the anthracite miners' union is upon a demand for higher wages, and the expiration of the agreement with the operators on August 31. There is no assurance that operators and miners will agree for higher wages, and if they won't should every householder to his dealer. To some extent failure to purchase coal in the summer is psychological; to a greater extent it is to the dealer's advantage to maintain a more even distribution throughout the year. The formation of coal bins to finance the early purchase of coal with borrowed money on easy terms has been suggested, an idea which appears to be entirely feasible. Forwards is a foreman's "said," and the possibilities of what the miners may do in August ought to lead prudent householders to take advantage of the opportunity to take a little more coal now when winter comes is a mighty comforting thing to have. Only by laying in the supply when it is comparatively plentiful can one be assured of that comfort.

GET BUSY, OTTAWA.

(St. Catharines Standard).

Preservation of Canada's priceless forest wealth ought not to be a subject for controversy. Fire has taken care of our timber riches to the axes and saws of the loggers. Perhaps the old-time lumbermen who so ruthlessly stripped Ontario of her white-pine had an idea that the farmers would follow. But the passage of time has demonstrated their error. It has been proved that certain lands are fit for nothing but the growing of trees, and that a nation which bases much of its industry on forest resources cannot afford to take any chances with the future.

A MYSTERY INDEED.

(Detroit Free Press).

A mystery is merely something you do not happen to understand. In instance, why a girl with a perfectly good complexion persists in hiding it under screaming plumes.

MAY NOT KNOW THEN.

(Boston Transcript).

It is now estimated that the United States has coal enough to last 6,033 years, which indicates the length of time likely to be spent in investigating why it costs so much.

MORNING NEWS OVER THE WIRES

The Carleton County Council yesterday adjourned after refusing grants to the Woodstock Exhibition and to the Vocational school. There will be an election before the board again convenes.

A proclamation has been issued by Hon. C. W. Robinson, Minister of Lands and Mines, cancelling forest travel permits and prohibiting travel in the forests of the province in their entirety.

When a pair of water wings on which he had been swimming "sloped" from under him yesterday, Albert Forbes, ten years of age, was drowned in the Shubenacadie river at Milford, N. S., yesterday.

It has been announced from Ottawa that Mosignor Pietro Di Maria, Apostolic Delegate for Canada and Newfoundland, will leave soon for Rome on vacation.

The Prime Minister, Hon. William Lyon Mackenzie King, left Ottawa yesterday for Cambridge, Mass., to receive from Harvard University the honorary degree of D. C. L. He already holds the degrees of M. A. and Ph.D. for which he studied at Harvard. He passed his examinations for the latter degree while Minister of Labor under Sir Wilfrid. Two weeks ago he received from the University of Toronto the honorary degree of LL.D.

At L. W. Simms' cottage, Falls View, yesterday afternoon, Miss Marjorie Simms and Ronald Fleming, pupils of Miss Muriel McIntyre, delighted a large audience with their playing of the piano. They were assisted by Little Miss Marjorie McPhail, who gave several recitations.

W. F. NICKLE, K. C.

Conservative member of the Ontario House for Kingston, who was elected by acclamation.

LOCAL NEWS

About 135 men left last night for work in the Maine woods as the result of a call for 500 or 600. Many of them are from this district.

After making four attempts to enter the Union Clothing store, in Union street, burglars were able to break a window and reach a quantity of ties and handkerchiefs lying handy.

About forty members of the junior department of the Centenary Methodist Sunday school were present at a picnic yesterday afternoon on the lawn of Mr. and Mrs. C. D. Colpitts, East St. John. Those in charge of the pupils were Miss Jessie Holder, Mrs. C. L. Kinney, Miss Berdell Wilson and Miss Helen Peniston.

Several changes in motion picture film companies in the city have been caused by the recent acquisition of the Allen Theatres Ltd., by the Famous Players Canadian Corporation, Ltd. The Goldenway agency goes to the office of the Regal films, the Hodgkinson pictures to the Canadian Educational Film Corporation, Waterloo street, and the Famous Players Film Service will handle British films and the Preferred brand of pictures produced by the Al Lichtman Corporation. Staff changes have been made in the Regal, East St. John. Those in charge of the Regal films, the Hodgkinson pictures, will be a desk mate with S. Jacobs, of the Educational offices.

The local branch of the Great War Veterans' Association forwarded two night letters to Ottawa last evening, one to Hon. J. B. McEwen, K. C., and Lieut.-Colonel Murray MacLaren, and the other one to Senator J. W. Daniel, protesting the action of the Senate in referring the action of the Returned Soldiers' Act, Soldiers' Civil Re-establishment Act and the Pensions Act back to a special committee.

Cameron Clarke, a member of the crew of the R. M. S. P. Chaudhury, was taken to the St. John's Public Hospital last evening about 8.30 o'clock to have an injury over his eye treated. The accident occurred at the cricket match on the Rockwood Park field when a cricket ball struck Mr. Clarke just above the eye inflicting a severe cut. Several stitches were taken in the wound at the hospital and then the man was taken to the steamer. His wound, while painful, was not considered serious.

Miss Maude Harrison, returned missionary from Parla-Kemid, arrived in the city yesterday and is the guest of Mrs. C. Scott, 99 Douglas avenue. Miss Harrison has been doing deputa-tory work through York county for the United Baptist Women's Missionary Union. She will be one of the principal speakers on Friday afternoon at the women's missionary meeting that will be held in connection with the meeting of the Southern Association of the United Baptist Church. Friday is woman's day in the programme of the Southern Association meeting.

BAPTISTS IN SESSION.

Rev. W. C. Goucher, D. D., of St. Stephen, was the principal speaker last evening at the annual convention of the Southern Association of the United Baptist denomination held in the Waterloo Baptist church. Dr. S. S. Poole, the moderator, presided and had with him on the platform Rev. D. Patterson of Cambridge, vice-moderator, and Rev. J. B. McEwen of St. John. The delegates were welcomed by Rev. J. A. Sweetnam and a reply was made by Mr. Patterson. Dr. Goucher presided over the session and his remarks were listened to with close attention by the audience which greatly overflowed the church. Rev. D. J. Thomson offered prayer at the close of the meeting.

SHRINERS' CELEBRATION.

Forty candidates crossed the burning sands yesterday afternoon at the celebration of the twentieth anniversary of the Luxor Temple, A. O. N. M. S. In the evening a reception and dance was held and supper was served. The visitors were welcomed in a bright speech by Illustrations Potentate F. M. Tweedie. Solos were sung by Allie Smith and Mrs. Blake Peris.

During the dance a chest of silver was presented to Mr. and Mrs. Peter Davidson by the Illustrations Potentate. Mr. Davidson replied with thanks.

SUCCESSORS TO HEAT.

William Gibb, a native of Scotland, died yesterday in the Moncton city hospital after having suffered a sunstroke while employed in the C. N. R. yards. He was fifty years of age.

The purpose of our hottest day so far this year in New York. Three deaths from the heat were reported and eleven more are feared.

Eighteen people succumbed in Ohio from causes due either directly or indirectly to the heat wave.

WILL OF GATES WIDOW DISPOSES OF \$16,622.169.

Toronto, June 21—The will of Delora R. Gates of Fort Arthur, Tex., who died in New York in 1918, probated here, leaves \$7,000,000 each to Edward J. Baker and Delora Angell Norris of St. Charles, Ill., brother and 19-year-old niece.

The estate, appraised at \$16,622,169, included \$18,000,000 worth of securities in Texas.

GIVES ROTARY VIEWPOINT OF WORKINGMAN

"Lumberjack Orator" Addresses St. Louis Convention

Question of Employer Cultivating Friendship, Respect and Good-will of Labor—Londoner Speaks on Relationship in England.

St. Louis, Mo., June 20.—"If employers would spend half as much time cultivating the friendship, respect and good-will of labor as they do fighting labor organizations and most agitators, there wouldn't be a labor problem," Sherman Rogers, the "lumberjack orator," told the delegates to the fourteenth annual convention of Rotary International this morning during the course of a picturesque speech on the first contact in business. Rogers is a picturesque character often referred to as the Billy Sunday of the industrial world. A former lumberjack in the great northwest woods, he has been touring the country during the past four or five years telling his business just where it gets started with the wrong foot from the workman's point of view.

"The waste too much time talking about the labor agitator," the speaker said, "He can only be recognized as the logical friend of the worker where the management has refused to extend their friendship—either refused or didn't have time enough to be friendly. I'm not dreaming when I say it cuts him to the heart when a laborer, a bloated magnate. He was certainly the right bower of Morgan whom we considered at that time the arch enemy of labor in this country."

"If Mr. Schwab could have heard the remarks, especially among common labor in the shipyards, I question whether he would have ever stepped inside of our plant. I heard no commendations. Vitriolic, vigorous denunciations were aplenty. And then, the first instant that great steel man looked over us it was apparent to every man in the bunch that Mr. Schwab really liked him. He didn't have to tell us of it. He stepped on that platform Charles M. Schwab, millionaire magnate. He stepped off the platform, this morning, later, friend Charlie. In that short thirty minutes he had destroyed the hatreds that agitators had been building for fifteen years."

"You have built something in Rotary that must be built between capital and labor. You have established an ideal, a noble idealism from a man and only the savage remains. He may be well dressed, well manured, a smooth shaven individual, but without ideals and the savage that formerly walked out with a knotted club and fought the tiger in his lair."

"That isn't all. He probably isn't good a man as his ancestor of six thousand years ago.

"The world is built on ideals. And that's what we have got to bring to the front in the relationship that must be established between management and labor. I am not dreaming. Labor wants to be square. If labor gets the wrong idea it is not because they want to misunderstand but because the right leader has been asleep at the switch and hasn't shown the men a chance to understand him."

"There are three sides to every question—your side, the other fellow's and the right side. I don't believe there is ever a question in either modern or ancient history where either side to the dispute was 100 per cent. right."

The labor party has no exception to the rule. Whenever the employer or those representing him, and labor or those representing labor's side, get together and compare notes they will find that neither of them was over 100 per cent. right.

"There is no man big enough yesterday—he isn't big enough today and he won't be tomorrow—to hate and reason at the same time. There's a whole bible in that statement."

"Ninety-five per cent. of men, whether they wear broadcloth or overalls, want to play the game square. Lack of content means lack of understanding. Those engaged in practically all disputes are absolutely sincere, but lack of friendly association breeds suspicion which in turn breeds both fear and hate and it is impossible under those circumstances to have a rule of reason."

The employer generally has tremendous power. He has spent a lot of time selling his honesty, his fairness and his personality to the banker, the wholesaler, the retailer and the public. How much has he spent trying to sell that same personality honestly and fairly to his workmen? I know what the answer is—and that answer is the cause of most of the trouble in American industry. Solving a labor trouble is not a mysterious affair. It is simply a proposition of what will transform hot air into brass.

Employer and Employee.

Sydney W. Pascall of London spoke on "The Employer and Employee Relationships in Great Britain and Ireland." He spoke in part as follows:—

The purpose of our discussion is how we are to translate our ideals into reality—to discover a new industry that will transform hot air into brass.

What view shall we take of employers and employees?

He profits most who serves best, but if profit be the sole motive of your service, you are an unprofitable servant.

When virtue pays, to be virtuous is hardly a virtue. The virtue of a girl in the slums is greater than that of an earl's daughter.

The employer is not a parasite of industry, for today the vital value of management is more and more recognized. Frequently management spells the difference between success and failure.

FOLEY'S PREPARED FRECLAY FOR LINING YOUR OWN STOVE

The profit of a business is a rough and ready test of efficiency.

Employers have a special responsibility for the coming year, because they claim the protection of the social order, first, to reap where they have sown; second, to elbow room in the management of their business; third, to freedom from undue state or labor interference; fourth, to the higher standard of living which their work or loss now carries; and fifth, to industrial power.

What shall we say of the employed? The British workman of today is simply the soldier of five years ago—and he proved his worth!

He is like the rest of us. We feel of him as Kipling sang of the soldier:

We aren't no thin red 'eroes,
Nor we aren't no blackguards, too,
But single men in barracks,
Most remarkable like you;
An' if sometimes our conduct
Isn't all your fancy paintin',
Why, single men in barracks
Don't grow into plaster saints.

The British workman returned from the war to find, in too many cases, no houses to live in and in almost as many cases no work to do. Employers were not directly responsible, but, after all, we hold the reins of industry and in the main belong to the governing class. It is not difficult to bring yourself to make a compromise with an opponent who is stronger than yourself. It is the line of least resistance to recognize the human claims of labor when the round table conference and the welfare method are the only way to keep the wheels of industry turning.

When labor was strong it was easy to be conciliatory. But when, as in England today, you can get your way quicker and more easily with your stream toward industrial reaction and disaster, or to take the more strenuous and worthy part—pulling against the stream towards understanding with labor, industrial harmony and a true fellowship between all classes in our national life?

If employers are to maintain their position in industry they must not be the difference between success and failure.

FLIES ARE COMING!

The warm weather of the last few days will rouse millions of flies from their winter sleep. There is but one way to keep your home free from this pest—get your screens up early.

We have a large stock of Screens, Screen Doors and Wire Screening. Put yours up now.

Phone Main 365. 568 MAIN STREET

Mrs. George F. Dawson next introduced Hisako Koike San. This little Japanese lady sang two solos, one in Japanese and the other in English, which delighted her hearers. The afternoon session came to a close with an address by Mrs. Sanford, of St. John. Her subject was "The Untried Door." Tea was served in the vestry after which the delegates left by the evening trains for their homes.

We have also to settle for ourselves whether our ideal is to pay the highest wages our industry can stand or whether we can get on with it. We shall aim at securing hours of work, short enough for leisure to grow the sweeter fruits of character.

Finally, we shall be prepared to cooperate with labor whenever we can. In our ideals philanthropy must not take the place of justice, neither can justice assume the place of sympathy or comradeship. As employers and employees, we say with Bacon—"We must have justice, and we must have it."

W. M. S. AT SUSSEX.

The St. John district of the Women's Missionary Society met in Sussex yesterday. Among those present were Miss Gertrude Hamilton, who spent five years in Japan and who is in Sussex visiting before going to New York where she will take a six months' course before returning to the missions field.

The morning session was taken up with routine business. Mrs. Barker, of Centenary church, St. John, was in the chair. Reports were read by the delegates, after which officers were elected for the coming year. Miss Rose Hopkins, St. John, is the new district superintendent. Mrs. Fred Dingee has been superintendent for the last two years but was compelled to resign owing to her removal for another district. Mrs. Fred Fenwick, Berwick, was named assistant superintendent. Miss Hazel White, Sussex, secretary-treasurer.

Lunch was served to the visitors by the Ladies' Aid in the church vestry after which the afternoon session opened with a devotional half hour led by Mrs. John Selby, St. John. This was followed with prayers by Mrs. Kinney, St. John, and Mrs. A. L. Robinson, Sussex.

What shall we say of the employed? The British workman of today is simply the soldier of five years ago—and he proved his worth!

He is like the rest of us. We feel of him as Kipling sang of the soldier:

We aren't no thin red 'eroes,
Nor we aren't no blackguards, too,
But single men in barracks,
Most remarkable like you;
An' if sometimes our conduct
Isn't all your fancy paintin',
Why, single men in barracks
Don't grow into plaster saints.

The British workman returned from the war to find, in too many cases, no houses to live in and in almost as many cases no work to do. Employers were not directly responsible, but, after all, we hold the reins of industry and in the main belong to the governing class. It is not difficult to bring yourself to make a compromise with an opponent who is stronger than yourself. It is the line of least resistance to recognize the human claims of labor when the round table conference and the welfare method are the only way to keep the wheels of industry turning.

When labor was strong it was easy to be conciliatory. But when, as in England today, you can get your way quicker and more easily with your stream toward industrial reaction and disaster, or to take the more strenuous and worthy part—pulling against the stream towards understanding with labor, industrial harmony and a true fellowship between all classes in our national life?

If employers are to maintain their position in industry they must not be the difference between success and failure.

The difference between success and failure.

The difference between success and failure.

The difference between success and failure.

The difference between success and failure.

RECENT WEDDINGS

Holt-McColgan.
At three o'clock yesterday afternoon, in the manse of St. David's church, Miss Nellie McColgan, adopted daughter of the late W. H. McColgan, and Harry W. Holt, were united in marriage by the Rev. Hugh Miller. The bride, who was unattended, wore a blue suit, with a large black hat, grey shoes and stockings, and carried a bouquet of Ophelia roses. The witnesses were Mrs. James LeBaron Lynch and Mrs. Nellie J. Barker. After the ceremony the happy couple left on a motor trip to Boston and New York and on their return will make their home in the city. The bride received many attractive and beautiful gifts.

Murray-Rogers.
Miss Ethel A. Rogers, daughter of Thomas E. and the late Sarah Rogers Fairville, and George P. Murray, Broad street, employed with James Pender & Company, Ltd., were married yesterday morning at 8 o'clock at the parsonage of the German street Baptist church by Rev. S. S. Poole. The ceremony was of a private character on account of the illness in the families of both principals. Wedding gifts were numerous and appropriate and included a satin puff from the staff of Manchester, Robertson, Allison, Ltd., where the bride was employed. Following a short automobile trip, Mr. and Mrs. Murray will reside at 29 Broad street.

McBrien-Days.
The wedding of Haze Victoria May, only daughter of Mr. and Mrs. Days, 238 Main street, to Earle A. McBrien, a member of the city police force, took place at 6:15 last evening at the Main street Baptist church with Rev. David Hutchinson officiating. During the signing of the register, Harry Dun-

lop, the church organist, played Mendelssohn's wedding march. Frederick Cowan and Kenneth Todd were ushers. Following the wedding ceremonies, Mr. and Mrs. McBrien left for Moncton, where they will remain for a week, after which they will proceed to Fredericton. The bride, who is an active member of the Main street Baptist church, was the recipient of many beautiful and useful gifts, among which was a chest of silver from the Lorne ward workers and a beautiful mahogany table. The groom's gift to the bride was a Hudson Bay sash. Out of town guests at the wedding were Mr. and Mrs. George Wetmore of Moncton.

Corvax-McNally.
Frank Corvax, of Milford, and Elizabeth McNally, of West St. John, were married in the Church of the Assumption yesterday morning with nuptial mass by Rev. H. C. Ramage. Miss Eileen McNally, sister of the bride, was bridesmaid, and Louis Butler, of Milford, groomsmen. Mr. and Mrs. Corvax will reside at the corner of Tower street and City Line. The groom at one time was well known as a baseball pitcher.

Porter-Anderson.
Last evening, Miss Ruth Kate Anderson, daughter of Mr. and Mrs. John E. Anderson, 180 Rodney street, and Oakes D. Porter, son of the late John and Agnes Porter, Culloden Cove, N. S., were united in marriage at the bride's home by the Rev. C. R. Freeman. The bride was attended by Miss Gladys Hargrove and the groom will be attended by his cousin, John Corner. Miss Pearl McLean played the wedding march. After the ceremony a wedding

luncheon was served and later Mr. and Mrs. Porter left for their new home at 242 Watson street. The bride received many beautiful gifts from her large circle of friends including a silver service set from the staff of the New Brunswick Telephone Company, west end, where she had been employed.

Black-McInerney.
At the Cathedral yesterday morning Rev. R. J. Nugent married William John Black and Mrs. Mary McInerney, 804 Union street. The bridesmaid was Miss Annie McInerney. Frederick McInerney supported the groom, who is one of the C. P. R. police, West St. John. Mr. and Mrs. Black left on the Governor Dingley to spend their honeymoon in Boston. The groom went overseas with the 7th Signal Battalion in the summer of 1915. The bride was the recipient of a large number of appropriate presents.

Adams-Robb.
The marriage took place at St. Michael's church, Moncton, on Monday morning, June 4, of Stella May, second daughter of the late David Robb and Mrs. Robb, and Harry C. Adams, son of Mr. and Mrs. R. L. Adams, of this city. The ceremony was performed by the Rev. Luke Callaghan.

Scott-McLeod.
A pretty wedding was solemnized at the residence of the officiating clergyman, Rev. Dr. S. S. Poole, of the German street Baptist church, last evening when Miss Mabel McLeod, daughter of Mr. and Mrs. J. Clifford McLeod, 100 City Road, was united in marriage to Robert James Scott, son of F. E. Scott, and the late Mrs. Scott. The bride looked charming in blue serge with grey hat and shoes to match and carried a shower bouquet of Ophelia roses. Mr. and Mrs. Scott were unattended. After the ceremony, the young people motored to the home of the bride's parents where a dainty buffet lunch was served. Many useful gifts were received, including a silver butter dish from the manager of the Paradise Grill, where the bride was employed. A substantial cheque also was received from the St. John Iron Works where the groom is employed. Mr. and Mrs. Scott will reside in the city.

MacBrown-Tribble.
A quiet wedding was solemnized last night at the Main street Baptist parsonage when Miss Eva Edith Tribble, of this city, was united in marriage

to Charles MacBrown, who is employed as motorman by the New Brunswick Power Company. The bride and groom were attended by Theodore Earl McKay as groomsmen and Miss Blanche Gertrude Jones as bridesmaid. They have the good wishes of many friends for their long and happy wedded life. They will reside in St. John.

Fresh Air for Health

FLING wide the windows and let the fresh, summer air blow through your rooms.

Don't keep your house stuffy and tight-closed because you fear blown-in dirt will ruin carpets and curtains. Let the fresh air come in—use The Hoover, and you will have a dustless home.

The Hoover has always been the most capable electric cleaner. But The New Hoover recently announced is the best household cleaner we have ever produced. It retains the Hoover principle of cleaning by beating and sweeping and suction, but it has ten notable improvements which make it lighter to handle, and easier to operate, and more efficient.

You will make a mistake if you buy any electric cleaner without seeing The New Hoover.

Most Authorized Hoover Dealers sell on the easy, "divided payment" plan.

RECENT DEATHS

David W. Sprague.
David W. Sprague died at his home in Springfield, Kings County recently, following a lengthy illness. He is survived by his wife, three sons, Roy of Truro, N. S., Sterling G. of this city, and Haren at home; also one daughter, Mrs. F. Morton Jackson. N. H. His funeral took place last Tuesday and interment made in a cemetery at Hatfield's Point.

MULTIPLICATION OF THE REINDEER
(Philadelphia Ledger).
The United States Department of the Interior announces that there are 250,000 reindeer in Alaska, the value of which is approximately \$6,250,000. Less than 35 years ago Alaska did not have a single reindeer. Today the Eskimos in that country find this animal their principal source of income. It keeps them well supplied with food. The policy of the Government in sending reindeer to Alaska was a wise one.

How to Can Strawberries.

Choose fresh, sound fruit. Pick over, hull and wash in a colander. Pack in jars and pour over boiling hot syrup to fill jars completely. Make the syrup in the proportion of one pint of sugar to two pints of water. Simmer off all impurities and use only when clear. Pour into Perfect Seal, Crown or Improved Gem jars, place rubber and glass top in position, sterilize for 15 minutes, and seal.

Perfect Seal, Crown and Improved Gem jars on sale at grocery stores.

Send for FREE booklet of tested recipes for canning and preserving fruits and vegetables.

Domestic Glass Co., Limited, Montreal

one. Thousands of Eskimos live there, and it is estimated that the value of the Eskimos' greatest problem. In 1892 about a hundred of the animals were purchased, and so rapid has been the numerical growth of the herds that they have become a most valuable asset. From poverty stricken wards of the nation the Eskimos have developed into independent citizens worth on an average several hundred dollars each.

Sheffield, England, is said to have the largest armor grinding machine in the world.

AIR GIANT TO BE TESTED SOON

Two Pilots are Chosen for Experimental Flight of New U. S. Flier.

Washington, June 21.—The army's new "two-and-a-half-planner" air giant, known as the Baring bomber, the biggest thing yet in flying machines, will soon be tested at Wilbur Wright Field, Dayton, Ohio, the War Department having announced the tentative selection of Lieutenant Leigh Wade and Harold R. Harris as pilots for the flight. The ship measures 120 feet from tip to tip, is powered with six Liberty motors, weighs 40,000 pounds, and will have a flying speed of not less than ninety miles an hour.

"If the performance in flight is satisfactory," the department's announcement said, "the air service engineering division at Dayton will have achieved the credit of putting in the air the largest successful airplane in the world."

The plane was designed for the air service by Walter H. Baring. It was constructed by the Wittenann Air Craft Corporation of Hasbrouck Heights, N. J. While it is generally rated as a triplane, the "mid plane" is so narrow as to prompt the expression "two-and-a-half-planner." The gas-line capacity is 2,000 gallons and oil 181 gallons, and a minimum operating crew of four will be required.

"Specifications require that not more than 5,000 pounds of bombs shall be carried at one time," the announcement added, "but were anything so large as 10,000-pound bombs developed the Baring could lift and fly with it for two hours."

Spruce and "100,000-pound steel" were used in construction, as compared with the 100,000-pound nickel steel used in building the navy's trans-Atlantic flyer NC-4. Of the fuselage construction the statement said:

"Six-inch shells probably could pass through the tail portion without bringing the plane down. There are no vital longons or wires which if shot would end the flight."

The ship is scheduled to have a twelve-hour full-speed flight, capable and will carry seven guns, sweeping the whole field of approach of enemy machines. Controls of the six motors are centralized for operation through a single control stick, added features being means of shutting down the engines on one side without reducing the drive of the others to aid in negotiating "power turns." Pilot controls are in duplicate, with the two pilots sitting side by side, permitting frequent changes in flight.

BLACKHEADS

Get two ounces of peroxide powder from any drug store—sprinkle it on a hot, wet cloth, rub the face briskly. Blackheads simply dissolve and disappear by this one simple, safe and sure method.

Atlantic Journeys By Hugh Zeppelins Are Expected Soon

Arrangements Being Completed for Airship to Carry 40 Passengers From Seattle to Buenos Ayres.

London, May 27.—(By The Associated Press) (By Mail)—Details of the first Atlantic airship service between Spain and Argentina have just been made public by "The London Daily Chronicle," which says that it may soon be possible to bridge the 8,000 miles between the two continents in three and a half days. "The service will operate between Seattle and Buenos Aires and Zeppelin aircraft will be used."

There will be terminal airbases, mooring masts, repair sheds and hydrogen factories at Seattle and at Buenos Aires. In addition, emergency landing grounds will be laid out at the Canary Islands and at Cordoba, in the Argentine.

On the American side of the Atlantic the hangars will be made on a revolving principle, because of the variability of the wind. Four airships are being built to inaugurate the scheme, and it is anticipated that service will begin next summer. It is also probable that arrangements will be made to link up Seattle direct with London by airplane service.

The airships, fitted with nine engines, each developing 400 horsepower, will carry forty passengers and eleven tons of mails and merchandise. There will be two simultaneous flights a week in each direction, and the time taken to cross the Atlantic will be three days and sixteen hours. Passengers will have all the comforts of an Atlantic liner, without the disadvantage of seasickness.

The ships will have a speed of eighty-two miles an hour. Zeppelin pilots

Cuticura

Keeps Your Skin Fresh And Clear

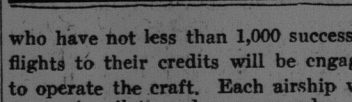

The Soap cleanses and purifies the pores, the Ointment soothes and heals any irritation, redness or roughness. Treatment: On retiring smear the affected surface with the Ointment on end of finger. Wash off in five minutes with Cuticura Soap and hot water. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations.

See 25c. Ointment 25c. and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: James, Limited, 244 St. Paul St., W., Montreal.

Cuticura Soap shaves without rasps.

BABIES LOVE MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator Pleasant to give—pleasant to take. Guaranteed purely vegetable and absolutely harmless. It quickly overcomes colic, diarrhoea, flatulency and all other ailments. The open published formula appears on every label. All Druggists.

who have not less than 1,000 successful flights to their credits will be engaged to operate the craft. Each airship will carry six pilots and a commander.

Powerful wireless sets will be fitted into each ship, thus it will be possible to keep in touch with forty-five weather stations on the coasts of Spain, Africa, America, the Canary Islands, Cape Verde and Fernando Noronha, as well as with ships at sea.

Just One Application, And the Hairs Vanish

(Modes of Today.)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after two or three minutes remove, wash the skin and the hairs have vanished. One application usually in sufficient, but to be certain of results, buy the delatone in an original package. Mix fresh as wanted.

MEMORY GONE, HE FAILS TO RECOGNIZE HIS WIFE

Husband's Mind Becomes Blank While Riding to Work

London, May 25.—(By Mail)—A pathetic story of a man's lost memory has come to light at Chester, writes the correspondent of "The London Daily News" from that place.

Found later at night at Chester railway station and obviously ill, the man was taken to Chester Royal Infirmary. He could not say who he was or whence he came. It was not until recently that his identity has been established.

A Bolton woman who saw a print of the man's photograph arrived at Chester with her baby boy and immediately recognised the man as her husband, George Frederick Squire, a French polisher, of Smithfield, Bolton. The man failed to recognize his wife, as his memory remained a complete blank.

He had left home on his bicycle to go to work, but he did not arrive at his work. From that moment all trace of him was lost until he was identified by his wife at Chester.

It is said that he has previously lost his memory.

He will remain under special care at the Chester Infirmary for the present.

Mrs. Squires tells a pathetic story of the meeting with her husband. She cheerily greeted him with "Hello,

George!" and mentioned that she had brought baby to see him. Squire looked at her as if she were a stranger and mentioned that his head ached through people coming to see him. He said he was "like a peep-show." Nothing Mrs. Squire could say or do seemed to revive his memory. She gave him the baby and he asked the baby's name. She told him it was George, but the man still showed no glimmer of remembrance. The authorities are satisfied that the man's identity has been established by Mrs. Squire.

Says Wives Need Cookery Training

Writer to London Daily Express Gives His Opinion.

London, May 10.—(By Mail)—There would be happier homes if every girl in the course of her education completed at least one year's training in the art of household management, declares "W. J. C." in "The London Daily Express."

I determined to put the question, "How do you account for your failure as a cook?" to a dozen wives of my acquaintance, whose circumstances make it necessary for them to do their own cooking. The replies were humorous and enlightening.

Lack of appreciation had been the downfall of the first. Another's innate sense of daintiness shrank from touching meat in its red raw state; she felt her soul was destined for higher things, and she worked in frenzied haste, regardless of the results.

Quite a few held the theory that if most women followed their own inclinations a cup of chocolate and a biscuit would suffice for their requirements.

It seemed a waste of labor to spend hours over a meal which would ultimately be consumed in a few minutes. Insufficient income was the opinion held by four.

"It is the electricians that go toward making a dish delectable, and most of us are unable to afford them," was the explanation.

The observation displayed by the twelfth seemed to me the most convincing. She maintained that cooking was a whole-time job.

To be a first-class cook required unrelenting concentration. While the potatoes were roasting, the average housewife would seize the opportunity to wash out little Willie's woollies. On another occasion, at the very moment she had her arms immersed to the elbows in the process of making pastry, the postman would arrive with a registered letter and possibly a demand for payment.

"Constant interruptions are fatal to good cooking," she declared. There seems to be a certain amount of truth in this statement.

How incensed our foremost chefs at famous restaurants would be at an interruption in the middle of their labors. All their energy is centered on d'oeuvre of the moment, and the result is a masterpiece. To the majority of women this is an impossibility.

"Large families are fatal to good cooking" is the opinion of many housewives.

AMERICAN DEMAND BOOMS BRITAIN'S DIAMOND TRADE

Money Formerly Spent For Rum Now Goes For Gems and Dealers Flourish

London, June 20.—England's diamond industry is the latest field of British industry to be affected by British prohibition, for the profits of the Scottish liquor dealers are being rivalled by those of the Hatton Garden diamond magnates. These dealers are experienced an increased demand for precious stones throughout America.

The explanation, according to the report of the Federation of British Industries, is that Americans are spending some of their former liquor money for stones. At any rate, the United States is the world's largest consumer of gems of all kinds.

Some of the leading American firms noted for handling the finest and purest stones lately have been interesting themselves in seconds or slightly spotted ones, indicating that a new class of buyer is being developed.

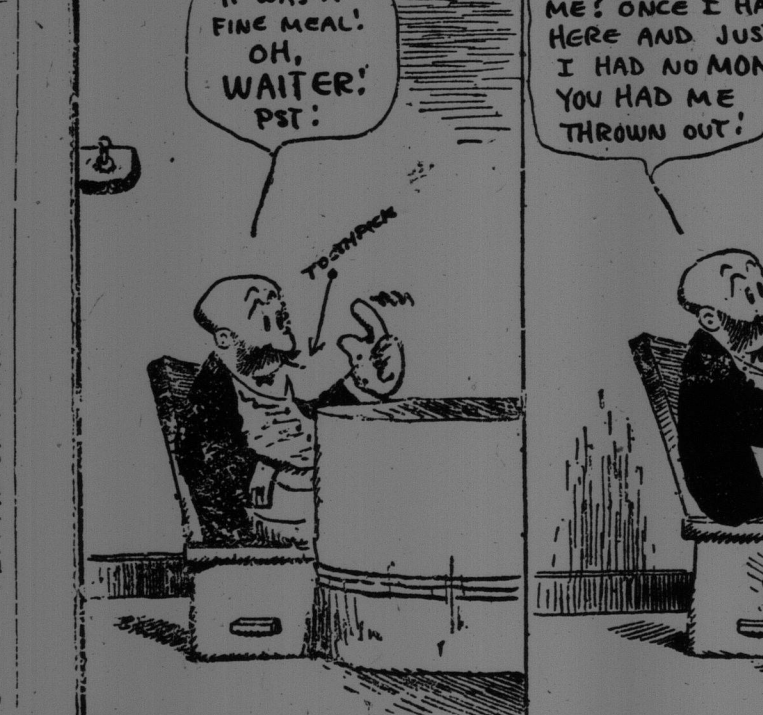

There was little advertising in pre-historic days, but the cavemen and cave-women read it and advanced step by step to our modern civilization. Read the advertisements.

MUTT AND JEFF—ONE WAY OF GETTING NOURISHMENT

Closing June 30

The Amdur

Award June 30

Free Car Contest!

Only Nine More Days for Estimating. Have You Calculated Yet? How Many Beans in the Star Car Jar?

THE FIRST CORRECT, OR NEAREST CORRECT, ESTIMATE WINS

Don't Guess---Estimate. Don't Chance---Calculate

The conditions are easy: A purchase of goods to the value of 50 cents or upwards at AMDUR'S, LTD. qualifies you to estimate. The jar and contents are plainly visible and ample opportunity given for calculating. Your number of estimates is limited only by your number of purchases.

The rules are simple: Give your name, address and estimate to the clerk who serves you and have the estimate written, or write it yourself, on a blank form which will be furnished you by Amdur's. See that one portion of the form is deposited in the receptacle for that purpose; retain the portion which will be handed you. One estimate will win, but you may make as many as your purchases permit.

Remember—The automobile to be awarded on June 30 is a five passenger touring car of "Star" make.

In Conjunction With the Free Car Contest, AMDUR'S, LTD., Continue Their Mammoth Hosiery Clearance

The Stock is the Balance of the Hosiery Carried by a Big Wholesale House which has closed out its Hosiery department. The Immense Saving effected by Amdur's is passed to the public.

England to Follow U. S. Methods In Control of Cancer

New York, June 20.—At the request of the Ministry of Health, London, England, Dr. George A. Soper, Managing Director of the American Society for the Control of Cancer, has forwarded to the Ministry data concerning the Society's cancer control work here, to be used in the English drive against the disease.

Recently a number of British physicians, surgeons and others prominent in the civic life of the Empire, alarmed by the rapid increase in the mortality from cancer, organized with the aid of the Ministry of Health what is to be known as the British Empire Cancer Campaign. They were spurred to this by the realization that in 1921 one in every seven deaths of persons over 30 years of age in England and Wales was caused by cancer.

As long ago as September 1922, Dr. James E. Adams, of London, writing in the Lancet called attention to the campaign against cancer in America, saying: "There they have a powerful society for the control of cancer and much work is being done by it to enlighten the public as to its early signs and dangers of delay. The power of the press and the pulpit are both being utilized in this good cause, and I believe I am right in saying that this society organizes 'cancer weeks' from time to time. I believe with our present lack of precise knowledge it is the most satisfactory road to success and treatment."

In writing on behalf of the Ministry of Health, Dr. A. B. Smallman, Secretary, told of the inception of the English campaign, and said he wrote to the Society as an organization representing one of the earliest established, most extensive and best known of its kind. He desired to know the methods employed by the Society, the results obtained, and whether the broadcasting of information had induced patients to seek early advice and treatment. In a subsequent letter he asked for any statistics available which might show that the disease, if treated by operation at an early stage, is curable in a proportion of cases.

The society has replied to the last question through Dr. Francis Carter Wood, Director of Cancer Research at Columbia University. In his letter Dr. Wood said:

"Care must always be taken in mak-

ing propaganda statements to specify the type of cancer. For example, it is perfectly proper to say that early cancer of the lip can be cured in 90 per cent. of the cases; that early cancer of the skin in nearly 100 per cent., and early cancer of the breast in 80 per cent. A number of clinics have reported as high as 20 per cent. cures of cancer of the stomach."

Information received from London shows that the campaign there will be conducted along the lines adopted by the American Society for the Control of Cancer here. They are already in use in several other countries, particularly in France, where the American methods have been closely followed. Germany is also conducting an educational campaign along the same lines.

Among those interested in the English movement are Sir Thomas Horger, who was called in by Premier Bonar Law for a consultation shortly before the Prime Minister resigned; J. P.

Lockhart Mummery, senior surgeon at St. Marks Hospital for Cancer, and Godfrey Locker Lampson, M. P. The Earl of Athlone, Lord Dawson, of Penn, Sir E. Marshall Hall, and Sir Bernard Spilsbury are also members of the Campaign Committee.

ONION SETS START FIRE AT SCENE OF WEDDING

Policeman Rescues Woman at Blaze Caused by Combination of Sun, Tissue Paper and Oil.

Rockville Centre, L. I., June 21.—Mrs. Joseph Gelesino was carried from a sick bed in her apartment on the first floor of the Hicks & Watts Company, Inc., building at Merrick Road and Lincoln Avenue, when a fire caused by onion sets in a display window broke out in the hardware store below.

Mrs. Gelesino has been ill for nearly a year and has been confined to bed for ten months. She was carried from the smoke-filled building by Patrolman Harold Reifenberg to the home of Glen Pettit across the street. The excitement brought on a relapse, and it was said by a physician that her condition is serious.

A wedding ceremony was held in the Gelesino apartment at the bedside of the sick woman an hour before the fire. The guests had assembled to witness the marriage of Miss Mildred Langdon, Mrs. Gelesino's daughter by her first husband, to Raymond Kamenaker of Rockville Centre. Mr. and Mrs. Gelesino and the bride and bridegroom and twenty-one guests were in the apartment at the time of the fire, which was quickly extinguished.

James Hicks, a member of the Bureau Hook and Ladder Company, was cut and injured on the head when a large plate glass window fell on him. According to the firemen, the sun beating down upon a quantity of onion seeds in the hardware store window caused them to bake, and the heat ignited some display tissue paper, which in turn communicated with a display of oil and paint.

TEN BEACH CENSORS BAN ONE-PIECE BATHING SUITS

Atlantic City, N. J., June 21.—One-piece bathing suits and bare legs among women bathers are under the ban along the beach. Ten censors, of both the Society for the Control of Cancer and the American Society for the Control of Cancer here, they are already in use in several other countries, particularly in France, where the American methods have been closely followed.

Women were ordered to "roll 'em up" or leave the beach. Fifty were "shooed" from the sands when they demurred. There was little difficulty about the one-piece apparel, only two girls bathers being chased during the day among the thousands of visitors who enjoyed the combers. The temperature of the ocean registered seventy-two degrees, the season's record. The surf was unusually smooth, not a single rescue being made by the hundred beach men on duty.

CITY LIGHTING IS DISCUSSED

East St. John Union Matter Also Comes Up.

Commissioner Thornton is Authorized to Negotiate With Power Co. for Street Lights, as City Distribution System is Not Ready.

Commissioner Thornton, at a meeting of the Common Council, in committee this morning, was authorized to confer with the New Brunswick Power Company on the matter of having the supply of electricity for street lighting purposes extended from June 30. The company had previously been notified that the city would not require street lighting as supplied by the company after June 30.

The June 30, the union of East St. John with the city also came in for considerable discussion and the feeling of the commissioners seemed to be that the city should provide its own lighting system, satisfactory agreement could be arrived at.

The Commissioner of Public Safety read a letter from Barry Wilson, engineer to the City Power Commission, in which the writer said that, at the request of Lieut.-Col. R. A. McAvity, chairman, he had prepared a report on the situation as far as street lighting was concerned. The ornamental street lighting system, he thought, could be completed by July 15; regular street lighting in Sydney, Westworth, Gen. main streets and in other streets where poles were erected about the same date; street lighting work could be completed in the main portion of the city about the middle of September, on the West Side the streets lights probably could be in operation by October 1. With reference to the North End he said that, considering the uncertainty over the ownership of the poles, the commission could do nothing unless the Common Council would authorize the commission to go ahead with the erection of its own distribution system. Speaking of the termination of the contract with the New Brunswick Power Company for street lighting on June 30, he suggested that the street lighting system of the company might be acquired.

Commissioner Thornton said the company had been notified that the city would not want street lights after the date. He knew the city would not be ready to supply its own lighting at that time and it was a certain thing that the city could not go without street lighting. He had been given no authority to negotiate with the company for three months' extension, but some arrangement certainly would have to be made.

Mayor Fisher said he thought every one present realized that if the company had not been notified that the contract for street lighting would be discontinued on June 30 the city would have had to pay for another year. It had been necessary to do this and he thought there would be little difficulty in arranging for light.

Commissioner Wigmore suggested that some arrangement be made with the Power Company on a basis of cost per light. The city would be adding to its own lighting power from time to time and a record could be kept of the number of lights used from the Power Company and payment be made on that basis. He did not think the company would refuse to supply light to the city as public opinion would be very strong in such a case and the company valued the opinion of the people. He thought the company was inclined to be reasonable and fair even though it was dealing with competitors.

Commissioner Thornton said he thought the letter from Mr. Wilson should be made official and the Mayor would take the matter up with the commission and see that it was approved. The following motion then was moved by Commissioner Frink and seconded by Commissioner Wigmore: "Whereas the Common Council has been officially informed that the city will be unable to effectually to operate street lighting on the first of July next; and whereas the N. B. Power Co., has been notified that the city contract for electric lighting will lapse on June 30 next; Resolved that the Commissioner of Public Safety be authorized to negotiate with the N. B. Power Co. for the further supply of electricity for street lighting through their present equipment and report to the Common Council."

The resolution was carried unanimously. The Mayor read a letter from W. F. Burditt with reference to the proposed union of the city and East St. John. He asked for an expression of opinion from the members of the Council as to the advisability of union and the general feeling on the subject.

Commissioner Thornton thought that great development was imminent in East St. John and that if the city contemplated taking any steps looking to union the time was now ripe. He thought Beaconsfield also might come in.

The Mayor said that Beaconsfield could come in on the same terms as other sections that had joined the city. He felt that East St. John wanted something preferential but did not see that they had any right to expect it. Commissioner Bullock thought some action should be taken soon. No large industries have come to the city in the last ten or fifteen years and he was at a loss to account for the growth of some of the outlying sections. He thought East St. John should be conferred with on the matter of union. Commissioner Frink said it was necessary to kill something to effect any great change in an existing state. There probably would be an outbreak of typhoid fever in East St. John some time owing to the lack of sewerage. Commissioner Wigmore informed him that there were approximately 300 houses within a radius of 1,000 feet in East St. John and Commissioner Frink figured that there were probably about 1,000 people in that area. With reference to the terms proposed he did not think the city had any right to give the residents of East St. John better streets and better accommodations than were enjoyed by some of the highest ratepayers in the city. If there was

LOCAL NEWS

THREE IN DITCH.

No fewer than three automobiles came to grief some time during last evening or early this morning and were lying in ditches along the road between Loch Monard and the city today.

BIRTHDAY PARTY.

A pleasant party was held on June 19 when girl friends of Mary L. McQuade gathered at her home in Monard of her tenth birthday. She was the recipient of a number of pretty presents.

MAYOR DOES NOT WANT 'EM.

A pair of steel-rimmed spectacles were left on Tuesday on the desk of the Mayor's clerk. As he does not wear glasses and has no friends whom they fit well the owner may have them by proving his property.

GET 'EM NOW.

The number of dog licenses issued to date from the Mayor's office is 1,986. June 30 is the last day for securing licenses and after that the books will be posted up and a dog day held in the Police Court. Delinquents will be given a pressing invitation to attend.

MILK CONFERENCE.

Mayor Fisher said this morning that he had been notified by E. P. Raymond that there would be a conference this afternoon on the milk situation, in which the members of the Common Council, the Minister of Health, the milk dealers and the Board of Health would participate. The meeting was slated for 3:30 in the committee room.

THE STRANGER AGAIN.

In the police court this morning two men pleaded guilty to charges of drunkenness and were fined \$50 each and \$200 or six months in jail for purchasing liquor in the way they said they did. Both said they secured bottles of liquor from a stranger in Main street.

SHRINERS ON OUTING.

Amid much blowing of horns a large number of the members of Luxor Temple, Mystic Shrine, left by automobile this afternoon for Belyca's Point where they will spend the afternoon. Arrangements have been made for dancing in Codner's pavilion and lunch will be served. The ceremonial of the Shrine of the 25th anniversary of the Luxor Temple has been completed.

LANCASTER WATER PRESSURE.

Commissioner Wigmore said this morning that the cause of the low water pressure in Lancaster was that the thirty-six-inch main from Robinson's to the city had been shut off for repairs and the old twelve and twenty-four-inch mains were being used. He had spent all morning on the job and was rushing as fast as possible, and a resumption of normal pressure might be looked for at any time.

LAST CAR CLUB.

Sixteen members met last evening at the home of Mr. and Mrs. McClean. The usual games of whist were played and some very close scoring made the games very interesting. A tie between Mrs. Nielson and S. Caddell and Mr. and Mrs. Reed was decided by cutting the cards. Mrs. Reed and Mr. Caddell were the ultimate winners. Canasta was played and the sisters of Mrs. Pugsley were awarded to Mrs. McClean and Mrs. Wrench. Refreshments were served during the evening.

FOR BRIDE-TO-BE.

A very pleasant time was spent last evening when young people of the Mission church gathered in their hall to tender to Miss Elizabeth Shields a lovely shower in honor of her approaching marriage. Games and music, followed by the presentation of a basket of gifts of linen, silver and Pyrex, made up a very happy time. Though completely surprised Miss Shields responded fittingly. Refreshments were served and good wishes extended to the guest of honor.

MOTHER AND CHILD DEAD.

At her home in Norton, N. B., on June 20, Mrs. E. Gertrude (McCrea) Johnson, an infant son passed away. She was the beloved wife of S. DeWitt Johnson, and leaves to mourn her husband, four sisters and three brothers. The sisters are Mrs. Pugsley, wife of Dr. H. J. Pugsley of Fredericton; Mrs. Geo. T. Earle and Mrs. Wm. E. Earle of St. John, and Mrs. B. B. McCready of Shannon. The brothers are J. Garfield and John F. McCrea of Shannon and J. Hugh McCrea of Moncton. A host of friends also mourned the loss of one who was loved by all who knew her. The funeral will be held on Friday morning.

any barrier to union East St. John was erecting it and not the city.

His Hopes For Stanley.

In Stanley ward he had spent a lot of money and development and improvement but he had lost heart. He had hoped to see the day when the city would take the street railway and run tracks out there but this had been turned down and he had lost spirit. Out there was ample accommodation for 200,000 people with good land gently undulating. Out at East St. John there was a sea of mud. However, he expressed himself as being in favor of anything looking to union with East St. John on satisfactory terms. He advocated the appointment of three men, possibly from the council, to act as a sub-committee and go at the matter in a business-like way and spend an hour, not a week and not, perhaps, a month, but to see the thing through to a conclusion one way or the other. The time for quibbling was past. Commissioner Wigmore said it was a wonder that there had been no typhoid in East St. John in the last year. A serious outbreak there would be a menace to the city. Last year when the Government officials were working on the roads there the men refused to clean out the gutters because of the filthy nature of the materials there. It would be necessary, in constructing a sewerage system there, to have a five-foot sewer from high water mark to low water mark and much of it would have to be constructed through solid rock.

FOR A BETTER CELEBRATION ON JULY 1

Committee Maps Out Plan—Ask City to Erect Flag-pole in King Square.

A meeting of representatives of local organizations arranging for a celebration on Dominion Day, and who have as their objective the starting of a movement which will mean a better observance of this day in future, was held at noon in the N. B. Telephone Company's auditorium. R. D. Paterson, president, and those present were: Judge H. O. McInerney, K. C., representing the Canadian Club; C. W. McKee, representing the Rotary Club; Alexander Machum, representing the G. W. V. A.; Ralph H. Gale, representing the Gyro Club; and Arthur M. Gregg, representing the Y. M. C. A.

With reference to an appropriate programme suggestions were discussed. A feeling was expressed that Dominion Day should be to Canada what the Fourth of July is to the U. S. It was decided to make a strong public appeal for a more general observance of flag flying on the occasion; have a large public gathering on King Square, to include representatives from all of the leading societies and organizations in the city, to have a flag raising and addresses by prominent officials and to have a military guard of honor and a band present.

The flag raising brought up the question of a pole. On motion of Mr. Machum, seconded by Judge McInerney, it was decided to send a delegation to the Common Council and ask them to have a pole erected and also to co-operate in the movement and father the scheme of a better observance of the day.

Mr. Machum was elected chairman of the committee to take charge of arrangements and was given power to add to his committee. It was decided to ask the Council for a hearing on Monday at twelve o'clock and to hold another meeting of the committee on Tuesday at noon.

RUN OVER A BOY. DRIVE RIGHT ALONG

Joseph Finley Falls Off a Bicycle, Car Hits Him and Breaks His Leg.

Joseph Finley, sixteen year old son of Charles Finley of Loch Monard road, met with a painful accident last evening. He was riding a bicycle along the road near J. W. Foley & Company's pottery when he fell and an automobile in which were two young men and women, ran over one of his legs. It is said that the driver of the automobile did not stop, but continued on and left him lying on the road. Another automobile, in which were a man and woman came along and he was picked up and rushed him to his home. Dr. M. H. Case was summoned. The injured leg was badly swollen and the examination this morning disclosed that the bone was broken near the ankle. The boy was taken to the General Public Hospital.

Patrick H. Gorman Dies Suddenly On Montreal Vacation

Many friends in this city and throughout the province will be shocked to learn of the sudden death of Patrick H. Gorman which took place in the Montreal General Hospital at an early hour this morning. Mr. Gorman who left on Tuesday morning on a short vacation in Montreal and vicinity, became ill while in Montreal.

Vocational Training

Alex Wilson of the Wilson Box Car Ltd., while in Toronto last week, took occasion to inspect the technical school of that city, which is attended by more than 10,000 pupils—3,000 day pupils and 7,000 attending the evening classes. He reports the school as fitted up in the most complete manner, with equipment of the best. The success which has attended this fine school has been such that at present there is under construction another school of the same character in another part of the city, which, it is said, will even eclipse the present school in size. The great success which vocational training has attained in Toronto ought, says Mr. Wilson, to prove to St. John the necessity of erecting at an early date a trade high school in this city of which the provincial government, under the Vocational Schools Act, is ready to contribute a substantial amount towards the cost of building and equipment, in addition to a large part of the salaries of the teaching staff.

Brighten Up Your Home With Johnson's Polishing Wax

Paste and Liquid

Every room needs the brightening touch of Johnson's Polishing Wax. It will rejuvenate your furniture, woodwork, floors and linoleum and give your home that fine air of immaculate cleanliness. Johnson's Polishing Wax imparts a velvety, artistic lustre of great beauty and durability. It cleans, polishes, preserves and protects—all in one operation.

Use Johnson's Paste Wax for polishing floors of all kinds, wood, tile, marble, composition, linoleum, etc. Use Johnson's Liquid Wax for polishing your furniture, piano, woodwork, linoleum, leather goods, shoes and automobile.

Bring in coupon attached to large ad. of Johnson's Polishing Wax appearing in Friday's issue of this paper. It entitles you to a generous Free Sample package of either Johnson's Paste or Liquid Wax—sufficient to prove how easy it is to keep your floors, woodwork and furniture in perfect condition with this excellent Polishing Wax.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL'S NEW SHOW.

Tonight at Imperial Theatre, Fannie Hurst's intensely human story "The Nth Commandment" will be the special attraction but for today only. This is a Paramount production on the same order as Miss Hurst's other success, "Humoresque." In addition there will be Buster Keaton's latest farce entitled "The Cops." On Friday and Saturday Alice Brady will appear in a sensational melo-drama, "The Leopardess," the Buster Keaton comedy will be repeated, there will be the 16th chapter of the serial story, "Buffalo Bill" and on Saturday afternoon the Harold Lloyd comedy, "Safety Last," will receive an extra special presentation for the school children in addition to the programme already mentioned—one big show.

A NEW ROAD TO EAST ST. JOHN

Tarvia Surface, Similar to That on Marsh Road, to be Laid, Says Premier—Other Road Work in the Province.

In addition to the large amount of repairs necessitated by reason of the damage done during the spring floods, the provincial department of public works is carrying out considerable work on the roads of the province this summer and the construction of some thirty miles of new highways is now under way, says Premier Viot said today. Among the work to be started within the next few days will be a new asphalt surface on the road leading from the city to East St. John for which the material and equipment will soon be assembled.

The department is putting in two sections of gravel road in the county, one of between two and four miles at Kincardine and another of about two miles on the Uniacque diversion. Two pieces, each about ten miles long, are being constructed in Northumberland county. One is from Derby through Millerton to Renous and the other from Renous to the Donkdown. In addition to these about three miles of the old Miramichi road is being rebuilt.

The new surface on the East St. John road, the Premier said, would be of asphalt penetration on a broken stone base, similar to that laid on the Rotherway road between the One Mile House and the Three Mile House.

The new work will start at the corner, which is one of the city line, and extend as far as Little River bridge. The surface will be eighteen feet in width, a little more than the present work of laying out and assembling of machinery and material will commence on Monday. The preliminary work of construction will be started on July 2.

PREMIER SPEAKS OF GRAND FALLS

If it is found that the development of the Grand Falls for hydro electric power was feasible from an economic standpoint, the Provincial Government would certainly go ahead with it, so Premier Viot said this morning in an interview. He said there was no indication on the part of the Government to recede from its stated policy in connection with the development of the water powers of the province, with the end in view of making Grand Falls the centre of a complete network of power lines through all sections of the country. He said that surveys were still being carried out at Grand Falls and on the data collected the Government would base its decision in the matter.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS

BIRTHS

CUNNINGHAM—At Evangeline Maternity Home, on June 20, to Mr. and Mrs. Charles A. Cunningham, a son.

BOWES—On June 20, 1923, to Mr. and Mrs. Arthur T. Bowes, 31 Carman street, a son.

MARRIAGES

COMEAU-McCARTHY—At St. John the Baptist Church, on June 20th, 1923, by Rev. Edward, Edward W. Comeau of Somerville, Mass., to Gladys Kathryn McCarthy of this city.

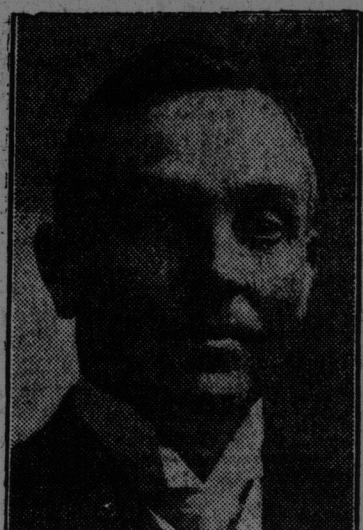

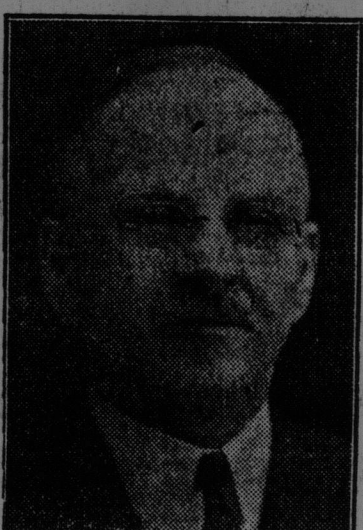

BROWN-RING—At Trinity church on June 19, 1923, by Rev. Canon Armstrong, James Manford Brown, of Boston, to Sara Elizabeth Ring of this city.

DEATHS

JOHNSON—At her home, Norton, N. B., June 20, 1923, E. Gertrude (McCre) Johnson, beloved wife of S. De Witt Johnson and her infant son, leaving to mourn her husband, four sisters and three brothers.

Funeral Friday morning from her home, Norton, N. B.

THREE ONTARIO POLITICAL LEADERS

One of these three men will be Premier of Ontario after June 25. From left to right: Premier E. C. Drury, leader of the United Farmers of Ontario; Hon. G. Howard Ferguson, leader of the Conservative Party; W. Wellington Hay, leader of the Liberal Party.

Welcome Rain Comes To Aid of Fire Fighters

Some Districts Had it All Night—Others Generous Downpour—Upsalquitch Village Hard Hit.

(Special to The Times.)

Fredericton, N. B., June 21.—Rain fell in some sections of the province last night or this morning and was a great boon to fire fighters. St. Leonard and many districts of Madawaska County had rain all night. On the north shore Belmorale Belle Dune and Jacques River had heavy rain. There also was a shower at Caraquet and rain at Tabusintac. Distant thunder was heard here early this morning but no rain fell in this section.

In sections of York County the people arranged among themselves by telephone to have no fires in their dwellings during the daytime in order to reduce the fire risk.

Some lumber companies at the instance of the department of lands and mines, have issued orders forbidding their employees to smoke tobacco in the woods.

At Upsalquitch station on the International sub-division of the C. N. R. two gasoline fire pumps of the department were in use.

The village of Upsalquitch, fifteen miles from Campbellton on the International branch of the C. N. R., was swept by the early last evening and the railway station and practically all the dwellings were destroyed. Lumber losses also were very heavy.

Although the station and some dwellings were burned, the fire did not reach the highway and railway bridge. Word is that the C. N. R. expects to make repairs in sufficient time to send a train over the line this afternoon. The bridge is that the scattered ruins will develop into general rains and save the situation. Where rains did fall they were of great benefit.

Crops Need Rain.

The lack of rain has caused a serious situation in the agricultural sections, as well as in the lumbering sections. Grains have been particularly hard hit by the lack of moisture. Conditions resemble very much those of 1921, when it was not until August that rain fell in any quantity and farming received a severe setback.

In addition to grain crops, hay is showing signs of the need for rain in many parts, and general crops also are in need of it. Nova Scotia is showing great contrast, rain having been plentiful in many sections.

In Quebec.

Quebec, June 21.—"Yesterday was a bad one," Chief Forester Piche said last night, in summing up the forest fire situation. Very few reports had been received during the day and this was explained by the fact that in many districts the telephone and telegraph lines have been destroyed and also because the fire rangers are in many cases about two weeks ago by the customs owing. It is alleged, to one of her crew freely distributing samples of her cargo, and a fine of \$450 was imposed on her. As yet those in charge of the cargo of whiskey, which is destined from St. Pierre to Nassau, have shown no signs of coming across with the cash. They appear to have clever legal advice and have refrained from paying up in the hope of still winning out.

The Mary Smith has an air of mystery and doubt as to what will happen next about it. The Mary Smith was seized about two weeks ago by the customs owing. It is alleged, to one of her crew freely distributing samples of her cargo, and a fine of \$450 was imposed on her. As yet those in charge of the cargo of whiskey, which is destined from St. Pierre to Nassau, have shown no signs of coming across with the cash. They appear to have clever legal advice and have refrained from paying up in the hope of still winning out.

RUHR REPORTS

Duesseldorf, June 20.—The French are preparing to confiscate and to requisition a force of Germans to operate all the Ruhr Valley industries, the outputs of which may be turned to the account of reparations, it was stated here today. Jail sentences up to fifteen years will be the penalty for Germans who refuse to work in operating the plants. Sabotage may be punished with death sentences after trial by court martial.

Aix La Chapelle, June 21.—Germans have attacked a Belgian cyclist detachment at Siskingmuehlen, near Dorsen, in the occupied territory, according to advices received here. It is stated that the attacking party used firearms, but details as to the outcome are lacking.

NOVELTY SHOWER.

About thirty friends of Miss Lillian McConnell called at her home in Wright street, on Tuesday evening and tendered her a pleasant surprise in the form of a novelty shower, in honor of an interesting event of the near future, in which she will be one of the principals. She received many pretty and useful gifts, including cut glass, linen and silver. Much merriment was caused by the reading of appropriate verses and advice to the bride-to-be. Music was enjoyed and many refreshments served by Mrs. McConnell, Miss Dorothy Nixon and Miss Mollie Chamberlain. The company dispersed about midnight, wishing the bride all kinds of happiness for the future.

PROTESTS STAMP TAX.

St. Henry Drayton, Minister of Finance in the Meighen Cabinet, who protested against the present rates of tax on negotiable papers, during a debate in the House last week.

"MARY SMITH," ROOM LADEN, IS HELD AT CANSO

Owners of Ship or Cargo, Fined by Customs, Refuse to Pay Up—Interesting Legal Dispute.

The detention of the steamer Mary Smith at Canso by the customs, owing to alleged infringement of the liquor laws, caused considerable interest in local shipping circles this morning, due principally to the fact that this steamer had figured in a liquor case in the Dartmouth Police Court two years ago, when a large seizure of liquor was made which was charged to the Mary Smith. "Kid" O'Neill, who is now super-cargo aboard the craft, is well known here.

The situation at Canso in regard to the Mary Smith has an air of mystery and doubt as to what will happen next about it. The Mary Smith was seized about two weeks ago by the customs owing. It is alleged, to one of her crew freely distributing samples of her cargo, and a fine of \$450 was imposed on her. As yet those in charge of the cargo of whiskey, which is destined from St. Pierre to Nassau, have shown no signs of coming across with the cash. They appear to have clever legal advice and have refrained from paying up in the hope of still winning out.

HUMAN LIFE LENGTHENING.

(Toronto Globe.)

Dr. Hermann M. Biggs, Health Commissioner of New York State, tells the National Conference of Social Workers that six years have been added to the life of the average American since 1900, thanks to sanitation and public health education. He believes another five years can be added to the national life expectancy during the next 20 years by similar measures. In 1900 the average death rate in all the states registering vital statistics was 26.6 to the thousand of population. It fell steadily to 14.4 in 1909; fluctuated between 13.6 and 15 for eight years; rose to 18.1 in the year of the influenza epidemic, and dropped to 13.1 in 1920. In 1900 the age group of persons over 65 years of age constituted 18.7 of the total population of the United States. In 1920 it had risen to 16.1 per cent. At present more than 5,000,000 people in the United States have passed the 65th milestone.

Heavy Electrical Storm Breaks Over Town of Hartland

(Special to The Times.)

Hartland, N. B., June 21.—A heavy thunder and lightning storm passed over the town early this morning doing considerable damage to the wires of the N. B. Telephone Company. Considerable damage is also reported from outlying districts, several buildings being struck by lightning.

PREMIER AWAITS WORD.

Premier Viot said today that he was still awaiting a reply from Governor Cox, of Massachusetts and Mayor Curley, of Boston, regarding their prospective visit to the Province this summer.

BANKRUPT SALE KING THE HATTER NEARS THE END

Men who know when to jump to an opportunity had better be quick for the general bargains in the Bankrupt Sale of King the Hatter, for it is drawing to a close. Most of all the bankrupt specials are up for final clearance, but the stock has been replenished and the same low price levels kept to carry it through. The very newest straw hats, in styles in all run from \$1.48. Knee length combinations worth \$1.50 are 98c. Balbriggans worth \$2 are \$1.48. \$2 Toodle Shirts by the hundred are \$1.69. Toodle socks, 20c on 3 for 50c. Little Sox, 22c. Silks, 69c, caps from 60c, and so right through the list, at King the Hatter, 179 Union.

LOUISIANA VOTE WILL BE WATCHED

Important in its Effect on Matter of Prohibition Enforcement.

Washington, June 21.—(By Canadian Press).—The growing tendency of the states to seek to repeal their prohibition laws has become something more than an empty phrase since the repeal of New York's law.

Latest in this connection in the news is Louisiana, which is showing symptoms of repealing its prohibition code. The issue is now before the Wisconsin legislature. The Wisconsin house has voted for repeal but the senate will probably stand by the state enforcement law and the effect will be to cause a battle between wet and dry over control of the next legislature.

In Louisiana, a new governor and new legislature are to be elected this year. A great struggle is on over the question whether wet or dry shall control the legislature. The situation is close. If the wet wins, Louisiana will follow in the footsteps of New York and repeal the dry code.

Importance of this action is not overlooked by the dry leaders. Louisiana touches on the Gulf of Mexico and the dry laws are loosely enforced there, the gates will be opened to a flood of rum from the West Indies.

In view of the situation in Wisconsin, Louisiana and a group of other states, it has become an intensely important question, practical and not academic, whether the smith of prohibition power the United States has not been passed and whether it is not moving downward.

The forthcoming Louisiana election will command national attention not only because of the wet and dry struggle but because the Ku Klux Klan is also an issue. Elements hope to get the vote for the Klan by the abolition of the K. K. K. mysteries and the virtual wiping out of the Klan as a political force.

PERSONALS

Mr. and Mrs. H. J. Gerson left last evening via Montreal and Toronto for Mount Clemens, Mich., where they will spend the summer months.

Miss Louise Koober of the C. P. R. general office staff, Montreal, who has been spending her vacation at her home here left for Montreal on Friday evening.

Mr. W. L. Tibbitts, of Fredericton, provincial secretary, accompanied by Mrs. Tibbitts will leave on Thursday night for Ottawa where they will visit their daughter, Mrs. Walter C. Gillis.

Miss Alberta Tweeddale, daughter of M. A. Tweeddale, of Fredericton, who has been spending a three weeks vacation at her home, left last evening to return to Newton Lower Falls, Mass., where she is a student nurse in Newton.

Miss Helen Scovill, daughter of John W. Scovill, M. L. A., and Mrs. Scovill, St. Stephen, and Miss Kathleen Cockburn, daughter of Judge and Mrs. M. N. Cockburn, of St. Andrews, will leave on Saturday to spend the summer touring Europe.

Miss Louise Koober, of Lower Coward, left on Tuesday for West Robson, B. C., where she has accepted a position as a teacher. Her father, C. B. Wright, who is accompanying her, as far as West Robson will continue the journey to Vancouver and other Pacific Coast points.

Mrs. H. Lydon, Waterloo street, left recently on an extended trip to Boston and New York.

Mrs. Isabel B. Watson of Athens, Georgia, who is en route to Hartland to spend the summer, is the guest of Mr. and Mrs. Elmer Alexander. She was accompanied by her son, Prof. W. F. Watson, who has gone to Miramichi on a fishing trip.

Master Gregory and Theodore and their sister Dorothy will arrive this evening from Halifax, N. S., where they have been attending school, to spend their summer vacation with their parents, Mr. and Mrs. Walter A. Collin, 21 Cedar street.

The Marquis and Marchioness of Sligo and the Count and Countess of Minto have arrived in Ottawa and are guests at Government House of Their Excellencies the Governor-General and the Lady Byng of Vimy.

YUKON SILVER.

Dawson, June 21.—(Canadian Press).—Several new rich silver claims have been struck at Keno Hill. It is understood that several new companies will send representatives into this field this year.

WATER VERY LOW.

Watering, manager for the log driving Co., Fredericton, says that he never saw the water in the St. John River so low in the month of June as it is at present.

HIS NOSE IN OTHER PEOPLE'S BUSINESS

—From the Louisville Times.

HAPPY MAN IS WINNER OF THE ASCOT GOLD CUP

Ascot Heath, June 21.—Fred Hardy's Happy Man, won the Ascot gold cup of 2000, with 25,000 added, run here today.

Lord Derby's Silurian was second and Marie Perrone's Flechols third. Eight horses ran. Happy Man was quoted at 7 to 4 against in the betting, Silurian 10 to 1 against and Flechols 100 to 8 against.

BURIED TODAY.

The funeral of Simon W. Hatheway was held this afternoon from St. John's (Stone) church to Fernhill. Rev. A. L. Fleming conducted the service.

The funeral of Miss Ethel May Beckingham was held this afternoon from Trinity church following a short service at her late residence, 162 St. James street. Rev. Canon R. A. Armstrong conducted the service and interment was in the Church of England cemetery.

The funeral of Mrs. Rebecca Phillips was held this afternoon from her late residence, 64 Queen street, to Cedar Hill. Service was conducted by Rev. A. E. Campbell. Many flowers were received, including a spray of pink roses from Mrs. John Ewing and daughter.

The funeral of Mrs. Ellen Boyle was held this afternoon from her late residence, Red Head Road, to St. Joseph's church for service by Rev. C. P. Carleton. Interment was in the Catholic cemetery. A large number of spiritual and floral offerings was received.

BRITISH EMPIRE EXHIBITION

The manufacturing and business men of Canada are being strongly urged to send exhibits to the British Empire Exhibition, which is to be held in Wembley Park, London, England, from April until October, 1924.

The director of exhibits, in a letter to the St. John Board of Trade, states that this exhibition promises to be an event of outstanding importance to the whole Empire.

"The Canadian Government (he further states) has endorsed the plan and are erecting a building in keeping with the distinguished place Canada occupies in the Empire."

"An opportunity is thus afforded Canadian manufacturers to show to the people of the British Empire, and in fact the whole world, the commodities they manufacture and are prepared to export."

"It has been shown that a trade revival followed great exhibitions and it is one of the objects of the British Empire Exhibition to bring such a revival."

"On the broadest national and patriotic basis, may I ask you to give this matter your most serious consideration."

The Board of Trade has been supplied with a statement of exhibition charges and conditions. Exhibitors are required to ship their exhibits before December 15, 1923, as it is imperative that all exhibits be in the Canadian building, Wembley Park, not later than Jan. 15, 1924.

COLD WEATHER AND SNOW IN AUSTRIA

Vienna, June 21.—A continued cold wave, unprecedented for June, is reported throughout Austria. Five inches of snow fell in the Styrian highlands on Tuesday night, compelling the removal of the herds into the valleys.

BERENGARIA HAS LIQUOR.

Southampton, June 21.—The Cunard liner Berengaria, which sailed for New York on last Saturday, carried sufficient liquor for her return voyage under the same kind of lock and seal as that employed by the White Star liner Olympic.

BRITISH GOLFERS LOSE.

Glenaeaf, Scotland, June 21.—Jim Barnes defeated L. Holland of Great Britain, 4 up and 2 to play, in the first round of the Thousand Guineas golf tournament here today. Joe Kirkwood, Australian champion, defeated W. G. Oke, Great Britain, 4 up and 3 to play.

BANK CLEARINGS.

The St. John bank clearings this week were \$2,666,718; last year, \$2,018,282; in 1921, \$2,898,012. Montreal clearings this week were \$914,534.

COAL FACTOR IN NEXT U.S. ELECTION

Harding Likely Adversely Affected if Next Winter Proves Severe.

Washington, June 21.—(By Canadian Press).—Stranger things have happened than that coal will decide the next presidential election. In fact, if the present sentiment over the coal question remain what it is, it is likely to be a decisive factor in the election.

This will be the case especially provided the country has been wintered by anything like the experience of last winter and the government does nothing to afford public relief. Last winter, in spite of many sharp complaints which were made to Washington, it was freely charged by the population of New England and various northern states that the government failed to meet those complaints.

Undoubtedly, if the coal situation next fall and winter is such that the public will not experience hardship, the political significance of the matter largely will fade away. Otherwise, it will be heard from in the campaign.

Observers who have been wintered in New England lately report a strong sentiment there in opposition to Mr. Harding's administration. They say the coal situation and failure of the government to give relief last fall, winter and spring, are responsible and that the bulk of New England in an election today would go democratic. What is true of New England extends to several of the northern states of this country, though probably to a less degree. To some extent, it is true of New York.

The reports of the feeling of New England over the coal question are giving a good deal of worry to republican leaders. They are pondering on how they can get the New Englanders straightened out. It is worthy of note that a republican National Chairman John T. Adams went to Boston recently to try to strengthen the republican organization and a large reason why he did so was the strong feeling against the republican administration because of coal last winter.

LATE SHIPPING

PORT OF ST. JOHN.

Arrived Today.

S. S. Winona, 9,034, Howard, from St. John's, Newfoundland.

Coastwise—Str Grace Hankinson, 58, Powell, for Weymouth.

Coastwise—Str Grace Hankinson, 58, Powell, for Weymouth.

MARINE NOTES.

R. M. S. P. Chaudiere will sail on Saturday for Halifax en route to the West Indies.

The Caraque will sail from Halifax tomorrow for the West Indies.

The Winona arrived today from St. John's to load refined sugar for Montreal.

JESS WILLARD TO REPORT FOR PHYSICAL EXAMINATION

Trenton, N. J., June 21.—State Comptroller Budge, director of the New Jersey Boxing Commission, has ordered Jess Willard to report for physical examination before next Wednesday to prevent a last minute slip up in the Willard-Pirpo bout, booked for Jersey City July 12.

WILL PLACE DRINKING MOTORISTS IN CELLS

Boston, June 21.—Councilman declared his ultimatum in East Cambridge district court when he said that hereafter motorists charged with driving their cars while they were under the influence of liquor would receive jail sentences.

He fined five young men, saying they would receive sentences except for their youth, and sentenced one to 30 days in jail. The last man had collided with another car.

NIECE LIVES HERE.

Fredericton, N. B., June 21.—Mrs. Esther Sutherland died on Wednesday night after a lingering illness. She was aged eighty-three years. Mrs. J. W. Shurden of Fredericton, Mrs. J. Z. Currie of St. John and Mrs. H. B. Bliss of Arlington, R. I., are nieces, and G. Fred Estey of Springfield, Mass., is a nephew. The funeral will take place here on Friday.

BASEBALL STANDING.

In a game baseball played on King George diamond last evening the Red Wings defeated the White Stars 9 to 7. The batteries were: Grey and Logan for the winners; O'Connell and Redme for the losers.

The St. Roses Juniors defeated the Shamrocks on the North End Improvement League grounds last evening 9 to 0. Batteries for the winners, Fitzgerald and Morris; for the losers, Dingee and Rolston.

The standing of the North End section of the City Junior League is:

St. Roses	3	0
Shamrocks	2	1
Thistles	0	2
Maple Leaves	0	2

APPOINTED BISHOP.

Rome, June 21.—Pope Pius today appointed the Right Rev. Mgr. Daniel J. Gercke, now rector of the Cathedral of St. Peter and Saint Paul, Philadelphia, to be Bishop of the diocese of Tucson, Arizona, in succession to the Rt. Rev. Henry Granjon, who died in France last November.

OIL PLANT FIRE.

Oil City, Pa., June 21.—Fire caused by an explosion in a vapor line spread so quickly in the plant of the Penn American Refining Company today that ten stills were soon in flames and 7,000 barrels of oil endangered. Firemen were summoned from Franklin and Titusville. One man was burned.

DURHAM STREET.

The residents and property owners of Durham street have circulated a petition calling upon the commissioner of public works to have the surface of that street properly cleaned and repaired. The petition is said to have received good success.

Negro Chokes Officer In Station, Takes Gun

Is Prevented From Escaping By
Another Detective Who Falls
Him With Blackjack.

New York, June 21.—An attempt by Walter Clark, 29 years old, a negro, to escape from the West 138th street Police Station was frustrated by Detective John Butler. Hearing a scuffle in the room where Clark had been taken by Detective Francis McFarland for finger-printing, Butler entered in time to see the negro drawing McFarland's gun from its holster with one hand, while the other, gripped about the detective's throat, held him powerless against the wall. Prompt application of a blackjack ended the struggle.

Patrolman Berens, a negro, standing at 138th Street and Seventh Avenue last night, was approached by Louis Hamilton, 30 years old, of 2608 Eighth Avenue, who pointed to a negro standing a few feet away and shouted excitedly:

"That man robbed me."
Clark, the man indicated, made an attempt to run, but pedestrians who had heard Hamilton's cry prevented him. Patrolman Berens walked his prisoner to the station house, where he was turned over to the detectives. McFarland ordered the negro into a back room and was taking his fingerprints when he was attacked. A surgeon from Harlem Hospital treated the prisoner for lacerations of the scalp.

At the police station Hamilton said he was walking on West 138th Street when he was approached by Clark, who inquired if he wanted to buy some "hooh." He says he agreed and followed the negro into a hallway, where he was seized by the throat and his gold watch was taken away. Clark then ran to the street, followed by the complainant. The negro turned into Seventh Avenue and, apparently feeling that he was not pursued, sauntered toward 138th Street, where he stopped.

BUSY, HE FORGETS WEDDING HOUR, BRIDE GOES HOME

Bridegroom Arrives at Church Two Hours Late to Find Nuptial Party Gone.

London, June 2.—(By mail).—Two hours after the time fixed for his marriage a bridegroom turned up at St. Mary's Roman Catholic church, Keston, Kent, and found that his bride had returned home, says a London Daily Mail item.

The ceremony should have taken place at ten a. m. and the bride, a priest and a registrar were at the

Soap that soaks clothes clean
different from anything you have ever used before

Rinso is an entirely new kind of soap, every granule made of pure materials perfectly combined.

Just by soaking, in its big lasting suds, the most ground-in dirt is gently loosened and dissolved. Only the very dirtiest places need to be rubbed at all.

Rinso is made by the largest soap makers in the world.

Jesse Murphy Is Freed By Court

"Me for Home and Mother,"
He Says as He Leaves Dock.

Worcester, Mass., June 21.—Jesse Murphy, who "confessed" that he, and not the Rollins brothers, shot Ordway Hall and Edward P. Foley, Boston tea store managers, was set free in district court this week. He was charged with escaping from the Rutland prison camp in 1916.

His release came after his attorney had explained that since the escape the law relative to punishing escaped prisoners had been repealed. Judge Samuel Utley then ruled that Murphy could not be held.

His mother, Mrs. Ellen E. Dunker of 552 Franklin street, clasped him in her arms as he walked from the prison's dock. "I'm going straight," he said. "I've had enough. Me for home and mother."

Murphy broke into the limelight while serving a sentence of 15 years in the Eastern penitentiary, Philadelphia. In a signed confession, he declared that George and Charles Rollins, found guilty of the "tea store murders," were innocent, and that he was the murderer. He was pardoned in Philadelphia and brought to Boston for trial of the murders.

On the witness stand he changed his story and was acquitted of the murder charge. He was then sent to Deer Island to finish the term for larceny which he interrupted by escaping from Rutland. Last Friday he was brought to Worcester.

Comments By Cardinal O'Connell; Home From England

(Boston Herald.)
Cardinal O'Connell, dean of the Catholic hierarchy in America, returned to Boston yesterday after his five-weeks' trip for recuperation from England.

When interviewed, Cardinal O'Connell said:

"I think the first thing to say is that the voyage was without incident, but it was wonderfully pleasant. My stay in England was extremely interesting. I did get rest, but I was not idle. I had for a long time wanted to see face to face the old cathedral churches and abbey churches of England. So I went there and stayed at their little country inns, because these cathedral towns are rarely only towns. They are important because they have cathedrals. I could not help seeing that a great change is coming over the religious life and sentiment of the English people. There is a calm, but still a very impressive sense of Catholic sentiment that is gradually eliminating the bitter anti-Romanism of the radical Protestantism of even half a century ago."

Change Is Refreshing.

"It is refreshing to see that this sentiment is growing among the bishops, among the clergy and the people, and I ascribe a great deal of it to the renewed interest in these wonderful cathedrals and abbey churches because they are really delivering literal sermons in stone to the English people. The verges and guides point out with the greatest reverence and with a sort of national affection the tombs of the founders, the early bishops and the great abbots who founded these churches and abbeys. They speak of them as one Englishman might be proud to speak of another. This shows quite a change from when I was there last, twenty-five years ago, a change least to be expected."

"I happened to be in the House of Commons when Stanley Baldwin took his place as Prime Minister. He impressed me very well, indeed. He seems a modest man of good, sound ability, who would much rather be doing something else."

"The government certainly got itself into a scrape by the transportation of Art O'Brien and his associates. The terrible blunder could only be governed by a bill of indemnity, which I believe has been passed and which governs the grave error of Mr. Bridgeman, the home secretary. The bill of indemnity provides that all deportees are to profit very largely for the injustice done them."

Great Social Upheaval.

"I should say that socially England has changed very radically, very fundamentally. There is almost nobody in the parks, and the 'Row' is deserted. One feels rather than sees that the English people are having their serious

the registrar left, and shortly afterward the distressed bride also went home.

Then about midday the bridegroom appeared at the church, found no one there, and proceeded to the office of the registrar, where he announced that he had come to be married. He was sent to find the church officials, fresh arrangements were made for the bride to be present, and the postponed ceremony took place in the afternoon.

After apologizing to all concerned, the bridegroom told his bride, who was now smiling, that he had been so busy in his shop that he could not get away and in the rush forgot that he was to be married at ten o'clock.

A replica of the cottage in which Robert Burns was born in Ayrshire, Scotland, has been built at Atlanta, Georgia.

**MENNEN
BORATED TALCUM**

From Patricia next door—

NO doubt when unexpected guests arrive in unexpected numbers, you, too, are obliged to borrow silverware—or to set your table with odd and unattractive pieces. But this annoyance is unnecessary!

The sensible thing is to have enough silverware of your own. And in 1847 Rogers Bros. Silverplate you can provide that enough quite reasonably. Six tea spoons in the beautiful new Anniversary Pattern cost only \$3.75. Other pieces—table forks, table spoons, butter spreaders—are priced as moderately.

But, for all its inexpensiveness, 1847 Rogers Bros. Silverplate is both beautiful and durable. Its quality has been recognized through three-quarters of a century. Purchase to-day the pieces you need most. On a later occasion add to them in the chosen pattern. Dealers everywhere have the newer 1847 Rogers Bros. patterns in stock.

Send for "How Much Silverware," a new booklet which is a faithful guide to reasonable silverware purchases for families large and small.

The Gold Seal gives you the protection of our money-back guarantee. Look for it when you buy.

Ideal rugs for summer, too —indoors or on the porch

Indoors, or out, in summer or winter, you'll find no floor-covering so satisfying and so economical as a Gold-Seal Art-Rug.

Out on the porch it stays the whole season through. Showers beat in on it, the hot sun glares down on it, feet scuff over it. But sun and rain, wind and wear, mean little to a Gold-Seal Congoleum Rug.

These popular rugs are made all in one piece with a smooth, sanitary surface that is durable and labor-saving. In the strongest wind they lie flat without fastening—never ruffle at the edges.

And Gold-Seal Congoleum Rugs are just as desirable indoors as out. Their rich colorings add cheer and good looks to every room in cottage or camp.

They're so easy to clean, too. A few strokes of the mop is all they need. How

much better that is than the tiresome, dusty sweeping that woven rugs require.

Economical Prices—Popular Room Sizes

9 x 3 feet . . . \$4.50	9 x 7½ feet . . . \$11.25
9 x 4½ feet . . . 6.75	9 x 9 feet . . . 13.50
9 x 6 feet . . . 9.00	9 x 10½ feet . . . 15.75
9 x 12 feet . . . \$18.00	

Gold-Seal Congoleum By-the-Yard

The same durable, waterproof material as the rugs, but in roll form, 2 yards wide, for use over the entire floor. Lies flat without fastening. 85c square yard.

Prices Winnipeg and points West proportionately higher to cover extra freight.

Ask your dealer to show you these beautiful seamless rugs. If he does not carry the genuine, guaranteed Gold-Seal Rugs and Floor-Covering, we shall be glad to see that you are supplied. Write us for folder, "Modern Rugs for Modern Homes," which reproduces all the beautiful designs in full colors.

**COLLECTIONS SCANTY.
ENGLISH CLERGYMAN
THREATENS TO QUIT**

Hampstead Rector Says People Expect Good Service, Tip Top Music, First-Class Sermon, But Few Pay.

London, June 1.—(By mail).—"People have no objection to paying one shilling for a seat at the cinema, but when payment is voluntary, as at a church service, they think a halfpenny is enough for a seat. And for that they expect a good service, tip-top music, a sermon and a peal of bells."

The London Daily News had asked the Rev. B. G. Bouchier, vicar of St. Jude's church, Hampstead, to explain his threat, at last week's parish meeting, to resign if the position did not mend.

"We are 218,000 in debt," he said, "and we take about 240 a week from a congregation of something like 3,000 people. The fact is that only three or four hundred people subscribe to the upkeep of the church, and unless there is a better subscription to the income in future I mean to resign."

"We are conducting a campaign to-day and next Sunday," he added, "and we shall see what happens."

HUGE PARACHUTE DESIGNED TO SAVE AERIAL PASSENGERS

London, May 30.—(By mail).—Attention is being directed again to the carrying of parachutes in airplanes, says The London Daily Mail. It has been stated that if the occupants of the air express which crashed in France recently had had parachutes the lives of some of them would probably have been saved, writes an air correspondent.

Types of parachutes are being tested by the Air Ministry, and every new war plane now being produced has provision for parachutes.

Parachutes tested have shown themselves more than ninety per cent. efficient, but the tests are directed to finding a "100 per cent. efficient" parachute. A new safety idea is being investigated in regard to big commercial air expresses, etc.

Instead of issuing a parachute to each individual traveler it is suggested

that in the event of a mishap the passenger saloon should be capable of immediate detachment from the structure of the airplane and left to the support of a specially designed parachute of exceptionally large size.

OVERHAULING "BIG BEN."
Clock Getting First Cleaning For Eight Years.
London, May 19—(By mail)—"Big Ben" was stopped yesterday, and is to be cleaned and overhauled for the first time for eight years. The hands of the great clock on the next fortnight. The chiming will be silent, and the thousands of people who set their watches by the clock each day will miss the services of what is claimed to be the largest and most accurate public clock in the world.
The managing director of Messrs. E. Dent & Co. Limited, who made the clock in 1859, stated yesterday that the cleaning should have been started earlier, but the mechanism had been patched up while Parliament was sitting. From three to six men will be employed in the work, and the cleaning will be done in three sections, starting

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

IN CANADA AFTER INVESTIGATING THE OIL FIELDS OF INDIA

Dr. B. R. Mackay, Formerly of the Geological Survey, Speaks of Conditions.

Vancouver, B. C., June 21.—Back after three years of geological investigation of oil fields in India, Dr. B. R. Mackay, of Cornwall, Ont., formerly of the geological survey branch of the Dominion Government, arrived on the Empress of Canada on Tuesday. Before going to India, Dr. Mackay had done several years work investigating the placer possibilities of the Cariboo and he says that he has now returned to look into that field from the private development standpoint. Before going east he will probably make a visit to the Cariboo to acquaint himself with the conditions as they have changed in the last three years. After that he may go to England to interest British capital.

Dr. Mackay was one of ten members of the geological survey who resigned at about the same time as a result of failure on the part of the civil service commission to reclassify salaries on a better basis. He and five others were engaged by Lord Cowdray in April, 1920, to proceed to India and investigate the oil formations. In Burma, which he said was the chief producer of oil in the British Empire, all the producing wells were on one or three quarters of a mile square. There were no fewer than 4,000 wells on this tract and the upper structures gave the area the appearance of a dense forest.

The race for oil, he said, was still a tremendous international competition. In India only British countries could operate, so that Lord Cowdray has not hesitated to spend large sums in seeking to develop this field.

Speaking of political conditions, he said that the unrest was greatly exaggerated in the foreign press. "There is nothing wrong in India," he said, "once the Government showed a firm hand in putting down Gandhi and his followers the whole thing collapsed."

ONE EXPELLED, ONE GETS YEAR SUSPENSION

Developments Today in Wall Street Crisis re the Curb Market.

New York, June 21.—The first development in the Wall Street crisis today was suspension for a year by the New York Curb Market of one member and expulsion of another.

Benjamin Alexander, a member expelled, A. B. Morley, of A. B. Morley and Co., was suspended.

Alexander was expelled for an "act inconsistent with the rules and principles of trading." Morley was suspended for an "act detrimental to the best interests of the exchange." Alexander was connected with J. Schneek.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowan)

New York, June 21.—Egan: "When liquidation starts in on as big a scale as it has lately, it is always difficult to say just when it is going to stop. It has certainly gone far enough for the present in view of existing conditions, which are good. That is all that can be said present."

Block Maloney: "We think the market has thoroughly liquidated and advise conservative purchases of good industrial and utility stocks."

Hornblower and Weeks: "It will be entirely possible for the succeeding rally to prove the beginning of a substantial upward movement to run through most of the summer."

Bache & Co.: "Anything which looks even moderately favorable from this point of view is good news for a reversal of the present downward trend."

Josephthal & Co.: "Industrials, we believe, may be bought on weakness here for profits on a subsequent rebound. We continue to regard the rails as exceptionally safe purchases."

Hutton & Co.: "One group of stocks which we think are distinctly in buying territory are the sugar issues. We believe that fundamental situation in the commodity is strong."

NEWSPRINT EXPORTS.

Montreal, June 21.—A special report issued by the Canadian Pulp and Paper Company states that the exports of newspaper from Canada for May totalled 98,801 tons, compared with 75,378 tons in the previous month. Practically the whole of this export was to the U. S. For the first five months of the year 477,118 tons of newspaper were exported as against 870,861 in the first five months of 1922.

Native bullock carts of Colombo, Ceylon, are being fitted with rubber tires.

TENDERS

Tenders will be received by the undersigned up to 6 o'clock P. M. Monday, 25th June, 1923, for Alterations and additions, Germain Street United Baptist Church according to plans and specifications prepared by me and to be seen at my office.

The lowest or any tender not necessarily accepted.

H. CLARE MOTT, Architect.

FINANCIAL NOTES.

Montreal, June 21.—Cables 84.72 1/2. London, June 21.—Bar silver 81.5-16d an ounce.

MANITOBA TO VOTE TOMORROW.

Winnipeg, June 21.—A campaign against the Manitoba temperance act, conducted with more or less activity for the last two years and with a good deal of vigor during recent months by the Moderation League, will come to a close tonight and on Friday 200,000 or so of the men and women of the province are expected to vote to decide whether or not a system of government sale of all liquors for beverage purposes shall be introduced.

During 1921 twice as many men as women were killed in the U. S. by alcohol.

PRICES MIXED AS MARKET OPENS

Hesitation in Wall Street After Slump Yesterday—Brisk in Montreal, But Tone Weak.

New York, June 21.—Prices were considerably mixed at the opening of today's stock market, the severe fall in prices yesterday causing hesitation among the professional element. Support was evident in some of the influential shares. United States Steel, Baldwin, American Gas and American Locomotive rising to 1 1/2, with Utah Copper and American Express gaining three. On the other hand, liquidation was apparent in some of the low priced oil, motor accessories shares and in active specialties, which were off from 1 1/2 to 2 points.

Noon Report.

New York, June 21.—The speculative element, which has been overwhelming bearish, bid eagerly for stocks during the morning and a great number of the popular shares rose one to three points. Steel and Tube Preferred climbed nine points on the dissolution of the injunction proceedings to prevent its absorption by the Youngstown Sheet and Metal Company. The late smash in prices yesterday apparently the greatest of the year, and the list showed evidence of concerted support at the outset today shorts scrambled to get stocks. The recovery was utilized later to some extent by the professional element, but the popular shares were weakly maintained, and these offerings had scarcely any influence on the balance of the list, except to cause some restrictions in buying toward noon. Call money opened at 5 per cent.

Montreal Exchange.

Montreal, June 21.—(10.30)—The opening of trading on the local stock market was brisk today, but a decided weak tone prevailed in the narrow range of issues that came out during the first half hour. Brompton was the most active issue and suffered a loss of 1 1/2 points to 35. Abitibi came out in volume of business and was unchanged at 61 1/2. Third in activity came Montreal Power which traded in included: Brazilian off 1/4 to 48 1/2. B. E. Steel 2nd off 1/4 to 22 1/2. Smelters off 1/4 to 25 1/2. Laurentide off 1/4 to 95 1/2. Spanish River Pfd, off 1/4 to 99 1/2, and the common was unchanged at 89.

Exchange Today.

New York, June 21.—Sterling exchange heavy. Great Britain, 4.61 1/4; France, 6.21 1/4; Italy, 4.35; Germany, 100%; Canadian dollars 2 1/2 per cent discount.

MORNING STOCK LETTER.

(McDougall & Cowan.)

New York, June 21.—The failure of Zimmermann & Forsyth has, of course, intensified the feeling of nervousness that already prevailed, but it is well to remember in regard to this failure as well as that of K. N. & K. that they were not due to any over-exaggerated position on the stock market, but rather, on the contrary, to the character of the two firms. There is reason to believe that commission houses of exchange have been doing unusually conservative business, and, owing to the supervision which has been exercised over them by the exchange, they are in most cases as in a thoroughly sound position. Outside conditions at the moment are practically without influence. It is reported that there has been some falling off in the orders for structural steel and the oil situation is still somewhat chaotic. On the other hand, the rails are doing a large business. It was the opinion in the street after the close yesterday that supporting orders would be in the market this morning.

LIVINGSTON & CO.

FREDERICTON MARKETS.

(Gleaner, Wednesday)

There was a good supply of salmon offered at 25 cents per pound and a large shad at \$1.50 and \$1.75 and other prices were as follows:

Lamb, per ton, \$15 to \$16.
Mutton, per pound, 9 to 12 cents.
Veal, per pound, 10 to 12 cents.
Pork, per pound, 30 cents.
Salmon, per pound, 25 cents.
Shad, each, 80 to 85 cents.
Eggs, per dozen, 25 to 28 cents.
Butter, per pound, 25 to 28 cents.
Rhubarb, per pound, 5 cents.
Potatoes, per barrel, \$1.50 to \$1.75.
Buckwheat, per pound, 4 cents.
Live pigs, each, 85.

CHECK APPLIED TO SOARING PRICES HAS HELPED TRADE

Money and Credits Plentiful Enough—Caution Still Keynote of Business Situation, With Buyers in Market for Only Immediate Needs.

(Boston Herald)

Caution is still the keynote of the business situation in the United States. Buyers continue their policy of making commitments for goods to cover only their immediate needs. Most bankers think that the general situation has been greatly strengthened by the check applied to rising prices and the efforts to bring buyers and sellers to a realization of what is necessary to put business on an even keel and keep it healthy and strong. The refusal of the public to follow prices up shows that the lessons of 1920 have not been forgotten.

The disposition in banking circles is to look at the long distance future with considerable confidence. There is no sound reason why business should be the less vigorous because of the plentiful money. There is practically no unemployment. Prices and wages seem to be fairly well stabilized again. The line of demarcation between current volume of trade and buying for future requirements continues sharply defined. Although the present production of the country is perhaps on the whole slightly below the level prevailing two months ago, it is still large. Most branches of industry are still producing fairly near capacity.

The steel trade reviews this week speak of some falling off in output but this was due to the warmer weather and the loss of workmen rather than to insufficient orders to keep production at the former level. It is not considered likely that the records for steel production set up in April and May will be seen again for a long time.

Greatest Traffic Volume.

The volume of railroad traffic is larger than it ever has been in the history of the country at this time of the year. This is evident testimony to the fact that the volume of trade in spite of the fact that the railroads are handling more goods than they ever have before, reports of car congestion and shortages are few and far between. In a broad way the railroads are doing an excellent job. The impression seems to be growing among economists that the price level which prevailed early this year is the high for some time to come. If this is a correct analysis, the upward movement in wages has about spent its force because wages fluctuate with commodity prices and the cost of living.

After every great war the trend of commodity prices has been downward for many years and there is no reason for believing that the present time is an exception to the general rule. The high prices of the last year were made shortly after the close of the Napoleonic wars. In the United States the labor shortage at present, and the consequent inflation in the United States, is considered, however, the upward movement in wages has about spent its force because wages fluctuate with commodity prices and the cost of living.

Reasons Ascribed For Drop of Franc Sees Big Future For Canada In Minerals

Montreal, June 21.—"I feel certain that Canada is destined to become one of the greatest mineral producing countries in the world. This is being recognized in England and there is every evidence that investors over there will be glad to aid in the development of this industry in the dominion," is the opinion of William Augustus Duggan, Duke of Manchester, who arrived here last night. His Grace added that though there had been some unfortunate accidents in the English coal mines, Canadian mines would be strongly supported.

The duke is interested in a tract of land near the northern Ontario which is "right in the line of the gold area." He is to leave for there at the end of the week and will probably remain there until the middle of the summer.

WOULD RISK DROWNING AGAIN FOR LOST NICKEL.

New York, June 21.—They dragged Harry Brown out of the East River at the foot of Seventy-fourth Street. An Italian, who was working overboard with a pulmotor and finally resuscitated him. Harry asked to be allowed to jump back into the river.

"I only got a nickel. If you'll give me another chance I'll get the other one."

Workers on the dock had tried to rescue Brown with a hoist, but he was so exhausted that he could not be hoisted. He was taken to Bellevue Hospital for observation.

HEART PALPITATED AND WAS SHORT OF BREATH

Through one cause or another a large majority of people are troubled, and, with some form of heart trouble.

Many people may be unaware of having anything wrong with their heart till some little excitement overwork or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost dead. It is not a serious condition, but it causes great anxiety and alarm.

To all such sufferers

Milburn's Heart and Nerve Pills

Will give prompt and permanent relief. Mrs. Alice Bishop, 15 Hawthorne Ave., Hamilton, Ont., writes: "I take pleasure in recommending Milburn's Heart and Nerve Pills to all persons troubled as I had been."

"I suffered from palpitation of the heart and shortness of breath; my heart would skip beats, beat fast at night, at times, I would have to sit up to get my breath. I could not get upstairs without my heart fluttering, and my nerves were all unstrung, but since using your famous Pills I have felt like a different person."

\$8 DEPOSITED IN 1873, NOW \$55. GIVEN TO GRANDSON TO GROW ON

George G. Felton, Retired, Turns Over Savings He Banked at Seventeen and Never Touched; Will Be Big Sum With Interest in Fifty Years More.

New York, June 21—In the historic annals of 1873, which followed the hard times of reconstructions days, George G. Felton, now a retired manufacturer, then seventeen years old and looking forward, deposited his total wealth, where the uncertainties of finance could not dissipate it.
After putting all his \$8 in the Elliot Savings Bank of Boston, while on a visit to his aunt, he decided to follow Horace Greeley's advice and go West. Before leaving for Chicago he assigned his deposit to his aunt, Mrs. Ann Jane Ward, and in the struggling years that followed forgot all about the bankbook.
The \$8 deposited on July 28, 1873, remained untouched and the bankbook, a souvenir of the nephew, was placed in the bottom of a trunk. When Mrs. Ward in 1889 found the deposit record hidden away she reported it to the bank and learned the \$8 had swelled to \$10.27. The book was put away again and allowed to stay until April 20, 1912, when the bank reported it was worth \$33.23.
The following year, at the age of seventy-six, Mrs. Ward assigned the book to her nephew, although she lived to her eighty-fifth year. When Felton visited Boston several weeks ago he found the \$8 had grown to \$55. He is now sixty-seven years old, however, and not interested in the deposit. Accordingly he assigned it yesterday to his grandson, Gail S. Felton, six years old, of 134 Park Place, Brooklyn. Mathematicians say the first 100 years in the earning of substantial interest are the hardest. Accordingly, if the money remains untouched another half century it will reach dizzy heights by 1973.
"The funny part of it is," Mr. Felton said, "that every other deposit I made in the early years that followed was lost in one bank upheaval or another. Money that I put in the Fidelity Trust and Savings Bank of Chicago, also in the Dim Savings Bank and the State Savings Bank of that city, I never recovered in full, having suffered a loss in each instance of part of the deposit. Once I put several hundred dollars in the private bank of a friend and lost it all."
"However, the \$8, my first deposit, about which I had completely forgotten, is still intact, with a fair amount of interest and will remain untouched many years longer if I can influence my grandson to agree to do so."
Mr. Felton has been indirectly associated with politics all his life. His father was an intimate friend of President Cleveland and an influential politician in Buffalo.

AN EMPIRE CONFERENCE ON FORESTRY

To be Held in Canada in July—Lord Lovat, Eminent Authority, will Attend—Aims and Programme.

In the forefront of prominent men in attendance at the Empire Forestry Conference to be held in Canada this summer will be Lord Lovat, a most charming personality. The several Canadians who were delegates to the Empire Forestry Conference held in London in 1920 speak highly of his ability as the leader of that conference.
The purpose of the conference is to find ways and means of making the Empire self-sustaining in the timber supply. This involves careful stock-taking of forest resources, the pooling of information in regard thereto, and the establishment of facilities for increasing Empire trade generally in forest products. In many cases possibilities have been neglected purely through the lack of information, while in others regarding supplies and facilities.
A most important feature of the conference is the placing plainly before the people of the actual condition of Empire forestry affairs. In some parts of the Empire forest management is on the basis of sustaining yield, while in others cutting is carried on greatly in excess of annual growth, so that the woods' capital is being seriously impaired. Many other related subjects will also receive attention.
Canada is honoured by being selected as the meeting place of this, the second Empire Forestry Conference. No effort is being spared to justify this selection, and it may be anticipated that the numerous delegates will return to their respective countries with a clearer conception than they have previously had of Canadian conditions, the advantages of Canada as a source of raw forest products, and of the state of her development in the manufacture of wood material into many different forms.
Preparations for the conference are now so far advanced that certain important particulars can be given in regard to the programme. The conference will open during the last week of July, foresters from all parts of the Empire taking part. Almost immediately after the formal opening a tour will be made in the eastern provinces to observe forest conditions and to inspect forest industries. Following the

eastern trip the meetings at Ottawa will take place. At the conclusion of these the conference will visit lumbering centres and forest areas in Ontario and Western Canada. Many of the delegates will see for the first time forest industries on a scale entirely new to them. The huge pulp concerns in eastern Canada and the gigantic sawmills of the Pacific Coast will undoubtedly occasion much interest.

Aim of the Conference.
It is the aim of the conference to find ways and means of making the Empire self-sustaining in the timber supply. This involves careful stock-taking of forest resources, the pooling of information in regard thereto, and the establishment of facilities for increasing Empire trade generally in forest products. In many cases possibilities have been neglected purely through the lack of information, while in others regarding supplies and facilities.
A most important feature of the conference is the placing plainly before the people of the actual condition of Empire forestry affairs. In some parts of the Empire forest management is on the basis of sustaining yield, while in others cutting is carried on greatly in excess of annual growth, so that the woods' capital is being seriously impaired. Many other related subjects will also receive attention.
Canada is honoured by being selected as the meeting place of this, the second Empire Forestry Conference. No effort is being spared to justify this selection, and it may be anticipated that the numerous delegates will return to their respective countries with a clearer conception than they have previously had of Canadian conditions, the advantages of Canada as a source of raw forest products, and of the state of her development in the manufacture of wood material into many different forms.

DR. J. A. MacDONALD HEAD OF MARITIME BLIND ASSOCIATION

Halifax, June 20—Dr. J. A. MacDonald, Halifax, was elected president of the Maritime Association for the Blind at the annual meeting of the organization held this morning. Other officers elected were: S. P. Hussey, Halifax, vice-president; Miss Evelyn Ellis, Halifax, secretary-treasurer; Mrs. S. B. Hayden and Roy A. Wood, executive.

DOMESTIC QUARREL LEADS TO STOLEN STRADIVARIUS

Berlin Professor Regains Instrument After Lapse of Two and a Half Years.
London, June 1—(By Mail.)—After being lost for two and a half years from the house of Professor Havemann in Berlin, a priceless Stradivarius violin has been returned to its owner through a mere accident, reports the Berlin correspondent of The Westminster Gazette.
The thief used the instrument to play a heap of rubbish in an attic after a violent quarrel between husband and wife, each denounced the other to the police and the resulting search of the house brought the valuable instrument to light.

WON BY FRANKNESS, DUCHESS GLADLY DOUBLES HER GIFT

London, June 4.—(A. P., By Mail.)—The Brighton Britain Movement, which aims to popularize rural life, is attracting interested attention here, and one reason is that it has turned away from the time honored English practice of having women of title on its list of patronesses.
A certain duchess was asked for a subscription. Languidly she answered: "You may put me down for 100 guineas and you may add my name to your list of patronesses." The efficient young woman solicitor replied that they would gladly take her guineas, but that there were no patronesses, so that aspect of her contribution must be ignored.
The duchess, at first amazed by this unexpected frankness, was not slow to see the possibility presented to become, for a moment, her own press agent. So she doubled her contribution, and said she was glad to belong without being listed as a patroness.
Women run this movement, precesses and working women taking part, and it is affiliated with the National Federation of Women's Institutes. Co-operation is the keynote. Everybody is supposed to help somebody. Snobishness, the bane of rural life in this old land, is the one failing for which the movement is not forgiven.
The members meet regularly at their institutes on terms of absolute equality and good fellowship. They teach and do useful handicrafts, especially in the domestic arts, discuss the problems of the day, and brighten and enliven the communal life with folk songs and dances and dramatic performances. They are out to banish from the villages the deadly dullness which most people who have lived in them say makes existence intolerable.
The movement really started in Canada, which perhaps accounts for the spirit of independence and self-help which has always animated it.

SQUEAK BETRAYS ROBBER.

Elizabeth Physician Hears Floor Board and Telephone to Police.

Elizabeth, N. J., June 21—Richard Patterson, negro, twenty years of age, of Jacksonville, Fla., was "out-lucked" when he attempted to rob the home of Dr. Frank Steinke of 1080 East Jersey street, according to the police, and will be arraigned in the police court charged with attempting to steal about \$5,000 of jewelry.
Patterson removed his shoes, placed them behind a hedge, and climbed the stairs to the second floor of the house, while the doctor, his mother, Margaret Steinke, and his brother, John, were talking in the dining room.
Patterson, however, did not know that some of the boards on the second floor squeaked, and it was when he stepped upon one of these that Dr. Steinke heard him.
Realizing that some stranger was in the house, the doctor telephoned the police and then kept up his conversation with his mother and brother while the police were hurrying to his home.
Patterson was found in a clothes closet.

GETS 5 TO 15 YEARS IN PRISON FOR STEALING 12,000/25 CENTS

Detroit, Mich., June 21.—A sentence of from five to fifteen years at Jackson State Prison was given Charles C. Brown, twenty-nine, convicted before Judge P. W. Marshall on a charge of robbery armed.
He was convicted of stealing 300 German marks, valued at \$612.75 cent, in American money, and twelve cents from Andrew Hinrich, twenty-two years old, on the lawn fronting the Michigan Central Station after forming an acquaintance a few minutes before.

TRIAL POSTPONED IN CAR FATALITY CASE

(Canadian Press Despatch.)

Bridgetown, N. S., June 20—The trial of Charles Wilson, charged with manslaughter in connection with the death in an automobile mishap on June 3 of Mrs. Harry Warren of Digby, was adjourned in Supreme Court today until July 26. He will be tried then at the Supreme Court sittings at Annapolis.

FRECKLES

Don't Hide Them With A Veil! Remove Them With Othine—Double Strength.
This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.
Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.
Be sure to ask the druggist for the double strength Othine; this is the only one sold on the money-back guarantee.
Dr. Anna Creighton and Miss Edith H. Trentowsky, of the staff of the General Public Hospital, left for Montreal en route to the Y. W. C. A. girls' camp in the Laurentian Mountains. Dr. Creighton, who has been a member of the interne staff of the hospital, will take over the duties of camp doctor and will remain throughout the season, probably until September. Miss Trentowsky will be a guest at the camp.

You May Not Need An Eye Specialist

But You Should Be Guided by His Advice Most Eye Trouble Can Be Prevented

Your eyesight is your most precious possession, your greatest asset. Once lost it can never be replaced. Yet, ninety-nine people out of a hundred not only neglect their eyes, but abuse them terribly. Eyes are patient and long suffering. They give continual warning, hang out danger signals in the way of inflamed lids, smarting, burning, itching, watering, headache, pain, blurring of vision. Perhaps, after your eyes have bothered you for a long time, you decide that you need glasses. But glasses can only act mechanically, to effect the muscles of the eyeball or magnify the vision.
Suppose you take an easy, safe and effective way to care for, protect and strengthen your eyesight. Get a package of Bon-Opto at any drug store. Dissolve one tablet of Bon-Opto in a fourth of a glass of water and use this by means of the eye cup which is supplied in the package. Follow directions given and note the result. You do not have to wait long for the beneficial effect to appear. Your eyes will cease to bother you. Inflammation from tiredness and congested blood vessels will disappear. You will be free from

ECZEMA

Hands Were Raw Would Crack and Bleed

Ecema of Salt Rheum, as it is commonly called, is one of the most annoying of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed.
The pre-eminent success which

Burdock Blood Bitters

has met with in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties.
Mrs. M. R. Williams, Dadeswell Jct., Que., writes:—"For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed so that I could not do my housework. I tried everything I could think of without any results. At last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough."
Manufactured only by The T. M. Leitch Co., Limited, Toronto, Ont.

IMPRISONED IN SEDAN IN FIFTY FEET OF WATER

Ten Women and Children Rescued by Courage of Two Men.

Frankfort, Mich., June 17—Imprisoned in a closed automobile in fifteen feet of water, ten women and children were rescued from drowning by the skill and courage of two men.
The party, composed of seven women and three children from the Beulah Home, Chicago, arrived in Frankfort on the steamer Missouri. They were taken from the boat dock in a sedan driven by E. L. Brooks. Suddenly, the sedan started to back down the hill leading from the dock.
Before anyone could spring to their assistance the automobile backed over the dock into fifteen feet of water.
William Bedford, ticket agent of the boat, and Franklin Rose, who saw the accident, dived off the dock and with their fists smashed the windows of the sedan. With the aid of people who had congregated on the dock they were able to save all the party.
Rev. W. J. Stewart, of Woburn, Mass., retired Baptist clergyman, who is accompanying his son, Dr. Vernon Champney Stewart, on a unit tour of the province, is much impressed with the progress St. John has made in the last twenty odd years since he occupied pastorates in Main street and Brussels street churches.

WEAK, RUN DOWN AND AILING

Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Port Mann, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had head aches and no appetite and was troubled for two years with indigestion. While I was living in Washington I was recommended by a friend to take Lydia E. Pinkham's Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. I. C. GREAVES, Port Mann, B. C.

Feels New Life and Strength

Keene, N. H.—"I was weak and run down and had backache and all sorts of troubles which women have. I found great relief when taking Lydia E. Pinkham's Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am able to do my work and feel new life and strength from the Vegetable Compound. I am doing all I can to do my housework."—Mrs. A. F. HAMMOND, 72 Carpenter Street, Keene, N. H.
Sick and ailing women everywhere in the Dominion should try Lydia E. Pinkham's Vegetable Compound.

A PICNIC PARTY.

The members of the Ladies' Auxiliary of the Temple of Honor enjoyed a very pleasant picnic party at the summer home of Mrs. Frederick Miller, at Morna, yesterday afternoon. Several of the members made the trip to Morna by automobile and some went out on the noon train. The afternoon and evening were spent in delightful social intercourse and supper was served on the lawn. The concert of the committee in charge of the entertainment consisted of Mrs. H. Black, Mrs. Harry Whitney and Mrs. F. E. Flewelling. Those present included Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Hamm, Mrs. Harry Crabbe, Mrs. C. Green, Mrs. E. C. Cowan, Mrs. Frank Giggie, Mrs. F. S. Mason, Mrs. H. Van Green, Mrs. Alice Treacraft, Mrs. Charles Gallop, Mrs. Fred Gallop, Mrs. A. V. Cowan, Mrs. Charles Flowers, Mrs. W. A. Sprague, Mrs. S. S. Fosbury, Mrs. H. J. Burk, Mrs. F. B. Children's Wear—Third Floor.

Offering a huge stock of the finest Seasonable Merchandise at prices that will mean real saving to the women of St. John and vicinity, embracing 8 days of real value giving.

Sale Starts Friday Morning at 8.30 O'clock

THE REASON FOR THIS GREAT SALE

When we placed our orders for this season's merchandise we had every reason to believe that we would do our normal business, with the result that our buyers purchased extensive assortments of Dykeman Quality Merchandise. Owing to the backward season which necessarily retarded business, we find our shelves and wardrobes overflowing with a stock consisting of the finest assortment of this season's most favored Coats, Suits, Dresses, Blouses, Skirts, Whitewear, Underwear, Gloves, Hosiery, Neckwear, Infants' and Children's Wear, Dress Goods, Silks, Wash Goods, etc. These we will now offer to the public at great price concessions. It is, indeed, unusual that values such as these are offered so early in the season—so we caution you to come early.

Sale Price, yard

FIBRE PRODUCTION IN CANADA

Possibilities of Growing Flax and Hemp in the Different Provinces—Use of Machinery.

(Prepared under the direction of Dr. J. G. Girdale, Deputy Minister of Agriculture, by R. J. Hutchinson, Chief of Economic Fibre Division.)
While flax has been grown to some extent in certain districts in Canada chiefly for domestic purposes, it is only within recent years that a determined effort has been put forth to make the production of this crop one of our large industries.
The impetus which started this effort in Canada is largely attributed to the success obtained in producing flax fibre in southwestern Ontario during the European war. Previous to the revolution in Russia, that country produced 85 per cent. of the raw material used in the linen industry. This source of supply was practically cut off during the last few years of the war, consequently the price of flax soared to a height beyond all previous records. On account of the increased demand for flax fibre for war purposes new territories had to be immediately sought in which to produce the raw material so urgently needed. Efforts were put forth to grow flax in various countries that had never before attempted to produce it on a commercial scale. Of all the new countries in which this experiment has been tried none have given more encouraging results than Canada.
Canadian Flax of High Grade.
The flax produced in southwestern Ontario—the only part of Canada in which this project has as yet been extensively tried—is considered superior to most of that produced in Russia and some of the better handled material ranks equal to second-grade Irish. These encouraging results have induced the Department of Agriculture to investigate the possibilities for flax growing in various other provinces of the Dominion, and each year small plots are planted at the various branch farms

throughout the country. These results have shown that there is a very large area in the Dominion in which flax will grow successfully. The following districts have conditions which are very favorable to the growth of this crop: The coastal area of British Columbia, southwestern Ontario, the St. Lawrence valley and the Maritime Provinces. It is no doubt owing to the favorable climate conditions which prevail in these districts that they are so suitable for flax growing.

Ample Field in Canada.

There is, therefore, ample field in Canada for the establishment of a large flax-growing industry, but in addition to the successful growing of this crop other factors must be considered. It is well known that the harvesting of flax and the preparing of it for the market entails a considerable amount of labor. The cost of production is, therefore, the problem that must be met. In considering the cost of production two factors must be included, viz, rent of land and cost of labor. As far as land rental is concerned we can compare successfully with other flax-producing countries. There is, therefore, only one problem to solve—cost of labor. On first consideration this may seem insurmountable, because undoubtedly labor is more expensive in Canada than in Europe. The only means by which the cost of labor problem can be overcome is by the use of labor-saving devices, and the system of flax-growing in this country lends itself admirably to the application of machinery.

In other flax-growing countries it is the custom for each farmer to grow a few acres, just enough to enable him to harvest and manufacture it by the help of his own family. In Canada, however, it is customary for one flax grower to produce 200 or 300 acres. It can, therefore, be readily seen what an excellent opportunity there is for introducing labor-saving devices when one man produces this crop on such an extensive scale. Already a number of most promising inventions have been introduced by Canadians interested in flax machinery, notably the Vesot flax puller, the Van Allen desecder, and a machine for lifting flax from the spread field. Those interested in the flax industry in Canada look with optimism to the results which should naturally follow from the commercial application of these various labor-saving devices.

Until recently the attention of this division has largely been devoted to the promotion of flax growing. There appears to be good prospects for the development of a hemp industry as well. The Province of Manitoba seems to hold large possibilities in this direction, and at present there is a scheme under way to start the manufacture of binder twine from hemp grown in that province.

There is undoubtedly a splendid field for the development of the textile industry in Canada and what is most needed at the present time is men with capital who have a thorough knowledge of the growing and manufacturing of flax and hemp.

TO NAME NEW STATIONS AFTER JESUIT FATHERS

C. P. R. Timiskaming Extension Expected to Be at Des Quatre by November.
Halifax, June 21.—The names of the Jesuit Fathers who penetrated into the northern wilds in the 18th century, the advance guards of civilization, will be commemorated by the C. P. R. which will name stations on the branch railway now being constructed on the Quebec side of Lake Timiskaming after their memory. The late Bishop Lalonde of Halifax also will be honored in this way. The new line is now opposite Ville Marie, to which

place a seven-mile spur will be built, and by November it is expected that trains will be running through to Des Quatre, 70 miles from the start of the extension. The road finally may be pushed into Rouyn.

The Sixth Siege Battery left last night for Petawawa where it will go into camp. The battery was fifty-three strong, four officers and forty-nine other ranks. It formed up in front of the Armouries at 7.15 and marched to the Union Depot with the Artillery Band at its head, and entrained on a special car on the C. P. R. express for Montreal at 8.15. Many friends of the boys were on hand to see them off.

Explorers Find Ancient History Told on Bricks

Clay Tablets Describe Business Affairs of Ur, City Which Bible Names as Abraham's Birthplace.

London, May 18.—(By Mail).—The Joint Expedition sent out to Ur of the Chaldees by the British Museum and the University Museum, Philadelphia, has now concluded its first season's work in the field, says C. Leonard Woolley, director of the expedition, in "The Westminster Gazette." The site has proved unexpectedly rich in objects. These include very many inscribed clay tablets, mostly business documents covering the period of the Third Dynasty (2300 B.C.—2000 B.C.) and a series of bricks bearing royal stamps which covers the whole life of the city from the latter half of the third millennium to the sixth century before Christ.
These objects throw not a little light upon the history of the town which was the birthplace of Abraham, but of not less scientific interest are the actual buildings discovered, many of which go back before Abraham's time, while others can be brought into relation with other characters of Old Testament history.
"We have concentrated our efforts on the excavation of the temenos, or sacred precinct, built by Ur-Engur to enclose the already ancient temples of the Sumerian capital," says Mr. Woolley. "The great brick wall, over 80 feet wide, which surrounds the temenos has been traced for the greater part of its circuit, four of its six gates have been cleared, and its history has been made out for a period of 1,700 years."
"We have thoroughly cleared the smaller temple of the Moon-God and his consort which lies at the foot of the zigurat or brick-storied tower built by the Ur-Engur and his son Dungi. This smaller temple proved to be of the greatest interest. Founded at some very early date, probably in the fourth millennium B. C., it was rebuilt or repaired by a whole series of kings, who have left their records either stamped upon its bricks or inscribed on the stone hinge-blocks in which its doors turned."
"The earliest of these is Ur-Engur (though the temple had been rebuilt twice before his days by rulers still unnamed), and the last was Cyrus, King of Persia (538 B. C.). Up to the late Babylonian period the old building preserved constantly its original form."
"Nebuchadnezzar (600 B. C.) remodeled it, apparently, to suit a change of ritual whereby public services took the place of, or were added to, the private rites of former days; such a change would be consistent with the story of the King's proclamation recorded in the Bible."
"The excavations will be resumed next autumn, and it is proposed to continue for a term of years the work which has begun so fruitfully. But the

British Museum will require financial help if it is to fulfill its due part.

Romance! You do not have to go to the fiction page for it. The advertising columns carry you to the far corners and the old folk of the world. Read the advertisements.

Miss Canada, Miss Winnifred G. Blair, will leave on Tuesday next week for Cleveland, Ohio, via Montreal, to act as a national representative at an important development celebration. "Miss America" will be the hostess. Miss Canada will be accompanied by her mother, Mrs. F. R. Blair.

After Every Meal

Spoonful for a Penny Brings Quick Relief

Splendid laxative properties of Dr. Caldwell's Laxative Syrup Pepsin proven by test.

A SCIENTIFIC test has now proven what Dr. Caldwell of Monticello asserted many years ago, that constipation will slow you up fully 25 per cent. The test was made by Dr. Donaldson of Loma Linda upon four men in the prime of life who deliberately went without a bowel movement for four days. Within 48 hours the men had coated tongue and foul breath, cankers in the mouth, no appetite, restless sleep, indigestion, headache, depression, nervousness, cramps. The blood pressure was up 28 per cent. It is just this that Dr. Caldwell has preached to his patients in private and to the public through the printed word ever since he began the practice of his specialty, diseases of the stomach and bowels, back in 1875.
After observing for years the satisfactory effect of his prescription for constipation, he placed it in drug stores in 1892, a simple vegetable compound of Egyptian senna and pepsin, with

TAKE DR. CALDWELL'S SYRUP PEPSIN LAXATIVE The family remedy

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try my Laxative Syrup Pepsin. It will gladly provide a liberal free sample bottle, sufficient for an individual test. Write me where to send it. Address Dr. W. B. Caldwell, 23 Caldwell Buildings, Toronto, Ont. Do it now!
