GOVERNMENT HAS MAJORITY OF 20 ON BUDGET

Supporters Make Noisy Time of it in Early Morn.

Division at Half-past Five—Premier Makes Denial in Matter of Letter With Overtures to Hon. P. J. Veniot.

Ottawa, May 20.—(Canadian Press)—The government was satisfied by a majority of 20 in the vote on the Pleading amendment to the budget. The vote was taken at five thirty this morning and stood 88 for the amendment and 108 against.

The announcement of the figures was greeted with loud prolonged cheers by the government members who also gave vent to their feelings by throwing books and papers in the air as they cheered. The vote did not come until after nearly fifteen hours of sitting and daylight was streaking in through the windows of the common chamber as the division bells began to sound their summons a quarter after five.

Thomas McNeill, (Saltbush), was the last speaker on the amendment. The debate had carried on practically entirely from the opposition benches all afternoon and evening. The only government speaker during the long night hours was P. B. Laird, (Haldimand). A unqualified denial of the authorship of the letter referred to in the interview with Hon. P. J. Veniot, minister of public works, of N. B., was made by the premier when the Pleading amendment had been disposed of and the House returned to the main motion.

The premier had got a copy of the statements of Hon. Charles Murphy from Hansard and he quoted from it the section in which Hon. Mr. Veniot was quoted as having said: "The persons who make the overtures to me, presented to me a letter addressed to him signed by Premier McNeill. This letter showed that the premier was in close touch with the situation."

"All I need to add is that Hon. Mr. McNeill, is that no such proposition was made by me or by anyone in behalf of the government, definitely or otherwise. No such letter as Mr. Veniot refers to ever was written." The premier said that what would be the next step in this matter, he did not profess to know.

The main motion then carried on the same division as that of the Pleading amendment and the House adjourned at a quarter to six.

An unusually furry of interest came just before the closing of the vote on the amendment. A slight commotion was noticed at the rear door of the Liberals seats in the chamber and one of the uniformed doorkeepers was seen to be quietly but effectively preventing a stranger to leave the floor of the chamber of the lobby. As he was removed from the chamber the visitor was heard to announce that he was a Tory and wanted to get his vote in.

THE COMING COMET
(Halifax Recorder)
As far as science has been able to discover, there is nothing to fear from Winnecke's Comet, which is approaching the earth at a terrific speed from out of space, and is due to pass us some time in June, according to Professor W. J. McGarry, of Fordham University.
"The data on this heavenly body is rather vague as yet," Prof. McGarry, who holds the chair of astronomy at the University, said; "but observations throughout the country have begun to pick it up and shortly will be able to tell us more about it. At any rate, there is no reason to become worried about its effect upon the earth, judging by its former visits."
"Comets," he asserts, "are more useful to check up the weights of other bodies than for anything else, and aid the astronomer to check up his data. For instance, as one return of the comet Haerdel, it was found that the sun was 1,047 times as heavy as Jupiter. Beyond being a source of information in that line, comets teach us little that was not known before."
"At one time," he said, "about one hundred years ago observers spent quite a lot of their time 'comet chasing.' They were known as 'sky police.' Nowadays they usually confine themselves to one line of research."
It is doubtful if this celestial intruder will be noticeable to the average man, astronomers agree. The tail of the comet consisting of a cosmic mist, sometimes has been known to produce an amber haze over things terrestrial.

March 26, 1811, it was in sight for seven months. Its tail was estimated to have been 100,000,000 miles in length with a breadth of 15,000,000 miles.
Every visit the comet makes approaching nearer our sun, it leaves some of its tail behind, diminishing its volume. As a comet approaches the sun its tail shrinks in proportion.
Winnecke, or Pons-Winnecke, as our June visitor is called after two astronomers who discovered it and re-discovered it on two different occasions, visits us every five years and eight months. Compared to the other distant relatives who drop in every thousand years or so, Winnecke, one might say, calls in every other day. The last time he passed by and took a quick look at us the great was was Ingress Bolshevism was unknown and wood alcohol was only being used in hair tonics. It is not known yet how close the comet will come this time.

It has come to our notice that a young man has been calling on householders offering rugs for sale, and claiming to represent us. This is not correct, as we have no agent selling rugs in St. John. 5-23.

LOCAL NEWS

A serious fire broke out yesterday afternoon in a barn owned by D. J. Purdy and situated at 223 Main street. The first call was sent in for the fire department at 8 o'clock and the firemen extinguished every trace of fire they could find and the "All out" sounded at 8:15. Inside of ten minutes the flames broke out again from between the walls and two more alarms were sent in from box 128 before it was finally subdued. The premises adjoining the barn, used by Mr. Purdy as a warehouse, also were badly damaged by smoke and water.

THE EVENING TIMES AND STAR, ST. JOHN, N.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1907. Telephone—Private exchange connecting all departments, Main 2417. Subscriptions—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in Canada. By mail to United States \$5.00 per year. The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 350 Madison Ave.—Chicago, E. J. Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

MEIGHEN AND VENIOT.

Hon. P. J. Veniot has put Premier Meighen in an awkward position. The latter disclaimed any effort to induce Mr. Veniot to enter his cabinet. The New Brunswick minister replies that he was approached with an offer, and the man who made it showed him a letter with Premier Meighen's signature; and, further, that another cabinet minister had also written to the man in question. Therefore Mr. Veniot says:— "If Premier Meighen is correctly reported then I can only say that some of his friends forged his name to the letter shown to me and read by me."

The people of New Brunswick will not for a moment doubt the word of Mr. Veniot in regard to this matter. It is now up to Premier Meighen to explain his previous explanation and also the letter which purported to bear his signature. That letter and the letter of Mr. Wiggins are adding spice to the closing days of the parliamentary session. It can hardly be said that they strengthen the position of the government. Next to him who writes a book, the politician who writes a letter needs to pause and consider the possible consequences. The people of this province will not miss the significance of the compliment paid to their minister of public works by the party which he has so long consistently opposed.

Since the above was written a despatch from Ottawa this morning stated that Premier Meighen denied in the house that any such letter as referred to by Mr. Veniot "had been written by him or by anyone in his behalf, either directly or indirectly, definitely or indefinitely or otherwise." Over against this must be placed the statement of Mr. Veniot, who says:— "The person who made the overture to me presented to me a letter addressed to him and signed by Premier Meighen. This letter showed that the premier was in close touch with the situation, and, further, I may say that a certain other cabinet minister also wrote to this same person. It is scarcely necessary to add that the party who made the overture is a strong and influential Conservative." In this connection also it is to be remembered the frantic and long-sustained effort of the government to secure as a member of the cabinet a representative of the French Canadian population. Mr. Veniot is not given to reckless assertion, and is a formidable opponent in a controversy. He will be heard from again in reply to the premier.

DELEGATION TO OTTAWA

The secretary of the Moncton conference on railway affairs announces that a delegation will be heard by the government at Ottawa on June 1st. This delegation should be the most influential and impressive the maritime provinces ever sent to Ottawa. The time is opportune to impress upon the minds of the people of the rest of Canada that present conditions in regard to transportation are intolerable, and a change must be effected. The spokesmen of the delegation should so familiarize themselves with the pledges made at the time of confederation as to be able to present an unanswerable argument in favor of a square deal. If these provinces are to go forward instead of remaining undeveloped, faith must be kept with them. If it is not kept, the people must look for some other way out of their difficulty. The delegation which will be in Ottawa on June 1st should not go as an humble supplicant but as one demanding justice and determined to be content with nothing less. This is not a question of profits for a railway, but of keeping faith with the maritime provinces. The time for a clear understanding has arrived.

IMPORTANT LEGISLATION

Recent Ottawa correspondence of the Canadian Press says:— "The minister of justice will bring down a bill to put into effect the main penitentiary reforms advocated in the report prepared by the special commission consisting of O. M. Biggar, chairman, W. F. Nickle, K. C., and P. M. Draper. The bill provides, it is understood, that the general direction of penitentiaries shall under the minister of justice be vested in a penitentiary board, which will include among its members the superintendent of penitentiaries, an industrial director, a purchasing agent, a medical officer and a parole officer. There is to be provision also for the efficient organization of both the medical and industrial departments. Other recommendations which, it is understood, the bill will put into effect are: Mentally defective or mentally disturbed prisoners may be treated as patients; goods required for use of the Dominion of Canada may be manufactured in penitentiaries, the industries to be limited to those which will not bring convict-made goods into competition in any market with goods made by free labor; remuneration to convicts for their labor; establishment of schools in penitentiaries and the compulsory education of illiterates; penalty not exceeding \$100 or imprisonment with hard labor for a term not exceeding three months for guards found guilty of trafficking with convicts." The minister has already introduced a bill to amend the Juvenile Delinquents

LET ME BE REMEMBERED

(J. C. Miller in Contemporary Verse.) Let me be remembered, as a child's unfeigned laughter, Heard beside a cottage when the robin wooed its nest; Or as words of lovers, on a night in summer, When the scarlet moon goes to rest. Let me be remembered, as an apple-blossom blowing, Brimmed with earth's wild fragrance for a dreamer's thirsty brain; Or as strong-throated oaks that toss their towering arms at sunset, While a thrush spills music with a rainbow after rain.

As a soft word spoken, let me be remembered! On a blue-roofed morning when the hills are gilt with gold; As a mother's kisses, when her loyal arms grow weaker, Let me be remembered as her babes that have grown old. As a bell at twilight, tolling in a valley, Listened to by old men there with faded brows; Let me be remembered as a lad that oft made merry— Nothing else shall matter after death.

LIGHTER VEIN.

Just in Time
Smithson used to labor under the impression that he was born a humorist, but he has given up trying to be funny now. He called one day on an old school friend, and was shown into a room where his chum's sister was busy arranging a bouquet of dried grass, which she had collected. "What a quantity of dried grass you have collected, Miss Ritchie!" he said. "My little girl is very clever," said the sister to her guest. "She can imitate almost any one." "Can she, indeed?" echoed the husband. "Armand Lavergne mimicked the dictionary last night for denunciations of the British in respect of Great Britain. He imitated England as the greatest murderer that ever lived, and declared that as long as such murderers were going about under the Union Jack he would be a rebel, and he was a rebel because he was a Christian. He asserted that there could be no peace in the world so long as England was a first class power, because she was too greedy and too selfish."

"The report says further that Mr. Lavergne apologized for having to talk in English because it was the language that the oppressor had thrust upon the Irish. He changed British ministers with wholesale murder of men, women and children. There were some expressions of dissent as he went on with his indictment, but the majority of the audience seemed to be in sympathy with the speaker, and a resolution was adopted which among other things called upon Premier Meighen when attending the Imperial Conference this summer to pronounce for Canada that Ireland be allowed the right of self-determination." If Mr. Armand Lavergne and men of his type had had their way there would be no Imperial Conference this summer, but these gentlemen would be enjoying the benefits of German rule. English-speaking Canadians, however, will not take Mr. Lavergne too seriously, though they cannot but regret that in any Canadian city an audience may be found which would listen even passively to a man whose utterances are so devoid of reason and common sense.

At the Pilgrim Society dinner in London, yesterday in honor of American Ambassador George Harvey, the latter definitely declared that the United States would not enter the League of Nations. He added, however, that the American government would not dream of criticizing or objecting to the League, and that the United States is, of necessity, deeply interested in proper economic adjustments. He said further that President Harding desired at this crucial period that friendliness and good will should exist between the English speaking people. In reply Premier Lloyd George declared that the future well being of the world depends more upon the good will and good understanding and co-operation between the two great English-speaking nations than upon any other one fact. So long as the two great branches of the English speaking race hold and express this feeling there can be no cause for pessimism in regard to the international situation.

An article on another page of this issue directs attention to a matter of great importance in relation to child-welfare. It treats of the habit of allowing growing children to remain up late at night, when they should be getting the rest that is essential to their healthy development. When daylight-saving comes into effect the tendency with too many will be to allow the children, who rise earlier in the morning, to remain up late at night, and the result is a retardation of healthy growth. Parents will do well to read the article and give its contents thoughtful consideration.

The Right Hon. W. J. Lowther, just arrived in Canada, declares himself optimistic in regard to the industrial situation in England, despite the strike of the miners, which he believes will soon be terminated.

An excellent concert was given in Carleton street church last evening. The following was the programme: "Cello solo, Miss Hawker; song, Irving D. Appleby; juggling, Charles Cromwell; solo, Miss Cecile Andur; recitation, Miss Verla Roberts; solo, Walter Brindley; reading, Rev. E. E. Styles; piano solo, Mrs. Hayward; vocal solo, Miss Estelle Fox. A special feature was the presentation to Miss Estelle Earle of a volume of Shakespeare by the members of the Mission Band. The presentation was made by Miss Gladys Brindley. The hall was filled and the programme much enjoyed.

MONTREAL SALOONS

HAVE OPTIONAL TIME.
(Montreal Herald.) There are a few people who claim to have genuine esau to complain about the Daylight Saving Act, but the proprietors of the saloons of the city apparently cannot be included in these, as far as their establishments are concerned. The fact, seemingly not very well known, but nevertheless true, that any saloon in the city may open its doors one hour later than the custom, that is ten o'clock instead of nine, and remain open until eleven o'clock in the evening, is slowly coming to the notice of those interested. Specific advice is given to saloonkeepers to remain open an hour earlier in the evenings, or begin business one hour earlier in the mornings.

ISLANDS OF ISOLATION.

(Philadelphia Ledger.) When you feel the complications of society bearing down upon you, and the roar of civilization too grievous to be borne, pack your luggage and hie to Baker's Island. This is 329 miles out from San Francisco, you'll find solitude such as even Robinson Crusoe failed to enjoy, for there will not be even a man Friday to bother you. As a matter of fact, there is little of anything on or off the island but gulls and rocks. Out in the mid-Pacific is another island, Fanning, which will appeal to the people who are fond of a more occasional solitude. It is of atoll formation, inhabited by some 200 persons, who doze and eat and doze. There is no commerce, and only best themselves when the larger is empty. Fish are plentiful and all sorts of sea produce, which, taken with tropical fruits, go to make up the native's menu.

In the British Empire the loneliest spot is said to be Tristan da Cunha, a volcanic island in the South Atlantic which rises to an altitude of eight thousand feet. There are only 118 inhabitants on the island living in its 22 stone thatched houses. Their food is that which drifts to them on the tide, they raise potatoes as the food staple, they make their necessities of soft block hide, they obtain a few clothes from an occasional freighter which calls there, in exchange for grease, fowls, milk, sheep, eggs and cured hides and progress is slow and for months in succession they do without bread, tea, coffee and sugar. The people are fast deteriorating in type due to inbreeding.

The nearest inhabited island to Tristan da Cunha is St. Helena. This rugged bit of earth is 1,200 miles from the nearest part of the African continent, its excellent harbor shelters a population of 10,000 inhabitants who are content. Its 10,000 inhabitants enjoy a most equable climatic mean temperature ranging throughout the whole year from 65 to 71 degrees. Nauru, though only twelve miles in circumference, is a treasure house of millions of tons of rich phosphate of lime. It is perhaps one of the most livable of the Pacific islands, as the promoters of the phosphate industry have established free laundries, ice, electric lights and refrigerators for the preservation of fresh foods. Employees have their own homes and there is an almost endless succession of social functions to keep them alive and happy.

DIVING FOR DUCKS

One of the most extraordinary tribes in the world are the Agalambu of New Guinea. They are duck or web-footed people, whose feet are so tender that they cannot walk on dry land, says Tit-Bits. They live in huts built on ten-foot poles in the midst of marsh, and are so much at home in the water that they seem to stand upright in the element with only a perfunctory effort, says Capt. Monckton, in "Some Experiences of a New Guinea Magistrate." They never leave the morass, the skin of their feet being so tender that they bleed freely when they try to walk on hard ground. They catch ducks by diving, under the watch of the big legs, while their diet consists chiefly of fish, water-fowl, sago and the roots of water lilies. They keep pigs awning in crates underneath their houses, lying on their bellies with their legs stuck through the bottom and feed them upon fish and sago. The dead are "buried" by being tied to a stage, "the body secured well above flood level."

BOY SCOUTS IN INDIA.

(London Graphic.) The Boy Scout movement in India, which the British government has adopted as Chief Scout, General Sir R. S. Baden-Powell, greatly stimulated, is full of promise. It is so fortunate as to have a lunatic kink in its brain, giving him additional cunning, this quality may be applied to the making of money. "When Sir James Murray was compiling his famous dictionary, one of his most valued volunteer contributors was a mad doctor who for twenty-five years was an inmate of Broadmoor Criminal Lunatic asylum. "More than this, Sir James was wont to send the madman particularly knotty points for elucidation which were frequently most cunningly undeveloped. The doctor was removed to a private asylum, where he was supplied with extra books, and he became still more efficient as a dictionary compiler."

MONTREAL CELEBRATES ITS 27TH BIRTHDAY

(Montreal Herald.) The 27th anniversary of the founding of Montreal was celebrated today by the placing of two wreaths at the base of the statue of the founder in Place d'Armes Square, one by the city of Montreal and the other by the Historical Society. Paul Chomedey de Maisonneuve arrived at the present site of Montreal on May 18th, 1642, which event is celebrated annually by the depositing of wreaths at the statue of the intrepid discoverer. The city was represented at the function today by Rene Bausset, city clerk, and the Historical Society by Joseph Monette.

VALUE OF SANITATION

Good health is, at least it should be made, a matter of community and national welfare; for much of what we call social progress is dependent on it. It is a fact worthy of consideration that a sum of not less than \$100,000,000 in wages is lost through ill health each year in the United States alone. On an average we lose something like seven days a year from our working time, and when this is multiplied by the number of workers in this country the sum total is a surprisingly large number.

IS ALCOHOL WHEN DENATURED LIQUOR?

Lewiston, Me., May 20—A test case to determine whether denatured alcohol, even though plainly labelled poison, can be classified as liquor, was brought in the Lewiston municipal court when Napoleon Beauregard of Lewiston pleaded not guilty to charges of illegal possession and sale, waived hearing and furnished \$1,000 bonds.

The police contend that the sale of denatured alcohol has grown to such proportions that it constitutes a violation of the prohibitory law even though each bottle is labelled poison. This is believed to be the first test case of the kind in the United States.

Another Man Is Murdered In Montreal

The killing followed a quarrel over money matters and the victim had a revolver in his hand when he was shot twice in the abdomen.

RETAILER NOT MANUFACTURER

Ottawa, May 19—The retailer is not a manufacturer in the general acceptance of the word. This decision of vital interest to all retail merchants throughout the Dominion, is embodied in the judgment handed down today in the exchequer court of Canada of the case of King vs. Messrs. York-Sunbury In Commons

(Canadian Press Despatch)
 Ottawa, May 19—In the house, this afternoon, Ernest Lapointe (Liberal, Quebec East) quoted from a report of a speech of Hon. G. D. Robertson, minister of labor, at Marysville (N. B.), as published in the Fredericton Gleaner, of May 14.

Senator Robertson was quoted as saying that the leader of the opposition would never be in a position to implement his labor policy because seventy per cent of his following was from Quebec, and Ernest Lapointe, Quebec leader in the house, had declared publicly that he favored the National Catholic Union which was an organization promoting racial strife and disunion. Mr. Lapointe declared that this statement was wholly untrue. The purpose for which it was made was so obvious as to need no comment.

MONTREAL SUFFERS BECAUSE LIQUOR IS SENT TO ST. JOHN

Montreal, May 19—A struggle for supremacy has been begun between the Quebec government liquor commission, empowered by act of the legislature last session to take over the importing, wholesaling and retailing of spirituous and other alcoholic liquors in the province of Quebec and the big British distillers. The distillers object to selling direct to the commission and insist that all buying must take place through their accredited agents in Quebec city or Montreal. This the commission has declined to do.

The agents have moved all their stocks to St. John so that the commission cannot confiscate them under powers granted by the legislature.

**TO TEST SANITY
OF YOUNG HEIRESS**

A Committee Appointed for
Miss Wright at Request of
Mother, Countess del Sera.

New York, May 19.—The appoint-
ment of a committee to pass on the
sanity of Miss Anna Wright, daughter
of the Countess Leta del Sera of Flo-
rence, Italy, revealed facts concerning the
wealth and mental condition of the
young woman who was described last
August in cable despatches from Italy
as a "young American heiress, said to
be worth \$60,000,000, held prisoner in an
upper apartment of the Villa Bragiotti,
sometimes bound with thongs and never
allowed to receive visitors even from her
household, nor permitted to stir from
her locked and grated abode."

The despatches to American news-
papers stated that the Italian press had
published reports that mobs had
stormed the villa and were ready to
rush the house of the Count del Sera
and carry off the young woman when

a government official appeased them by
obtaining permission from the family
for a deputation to visit the young
woman and inspect her quarters. The
Italian newspapers stated that the
countess, who was Mrs. Eben Wright
and is about sixty years old, had
brought about her daughter's insanity
by her marriage to the Count Benito del
Sera, thirty-nine years old, in London in
1918. It was stated to persons who
passed underneath the iron-latticed win-
dows of the room where the young
woman was "imprisoned," she asserted,
that "the real reason for five years' cap-
tivity was the determination of her
mother and stepfather that her fortune
should not elude them by a contem-
plated marriage." The young woman was
said to have pleaded to be permitted to
rejoin her sister, Mrs. Pynes in New
York.

The del Sera and Miss Wright left
Italy so quietly that nothing was known
of it, and Count del Sera and Miss
Wright's mother are now at the Ritz-
Carlton. The case was taken into the
supreme court by the countess on an
application for the appointment of a
committee of the person and property
of her daughter on the ground that she
is incurably insane.
The countess said that for some time
Miss Wright has been in the Blythe-
wood Sanitarium at Greenwich, Conn.
Her only other near relative is her sis-
ter, Mrs. Leta C. Pynes of 36 East Thir-
ty-sixth street, wife of Grafton H. Pynes

of Post & Flagg. James D. Pell,
broker, is her uncle.
The countess del Sera said that before
her daughter went to the sanitarium
she lived at 19 West Sixty-third street.
She has property worth \$215,000, her
mother said, and in addition has an in-
come of \$12,000 a year.
Justice Tierney appointed John R.
Halsey, Dr. William D. Goodall and
Arthur Lewis a committee in lunacy
to conduct the hearing as to Miss
Wright's condition.
COLLUSION IN DIVORCE CASES.
(London Times.)
Mr. Justice Darling, in his summing
up in a case at the Central Criminal
Court, in which a woman was charged
with committing perjury in an affidavit
regarding her petition for divorce, said
that one did not know how many times
the divorce court had been deceived.
One knew perfectly well that undefend-
ed cases in the divorce court were in an
enormous proportion merely collusive.
"You know as well as I do," his lord-
ship continued, "that those letters, 'My
dear Billy, do return to your loving
Kitty,' are composed in solicitors' offices
and are not genuine letters at all.
Everybody knows it except it is pre-
sumed that the judge in the divorce
court does not. Of course he does know
it."
Some of the Judges of the King's
Bench are getting to know it now," added
Mr. Justice Darling, "because they

land and grew vegetables for his family.
If . . . were not for the tips given to
him by those who patronize the gar-
den he would not be able to build an
addition to his mansion.
Among the old ideas that get rudely
shaken is the notion that fruit is deli-
cious and abundant here. I remember
reading solemn warnings against eating
fruit here that he has not eaten at
home. We tried papaya, the only new
fruit here that is a course and pulpy
fruit, and not a had substitute for it.
The mango is nearly all stone, and the
flesh is sickly sweet. The papaw is so
flat and flavorless that we sprinkled it
with lime juice to make it palatable.
We picked up two or three other small
fruits in the markets that were sweet
and good. All of the West India
fruit that is worth eating comes here
and is sold in our stores.
Speaking of markets reminds me that
every town has a country market, where
the growers of fruit and vegetables, and
the catchers of fish, go early and stay
late, selling their goods to the town-
people. It is very interesting to see their
layouts and hear their talk, and one gets
a lot of information from them.
The fish is excellent, and in variety, with
the flying fish as the favorite. I saw a
dealer cutting up a shark in one market
and selling the pieces to customers.
Many of the colored people are very
ragged, picturesquely ragged, but most
of the women are neatly and modestly
dressed. Their skirts come down below
the boot-tops, or the place they would
be if the women wore boots, and they
are high in the neck. These women,
places, are excellent, and in variety, with
many of them, are bareheaded, but none
of them wear low-necked dresses. If
this is because they think it immodest
to display anything more than face and
feet, what must they think of the white
ladies they see through the windows at
the hotel dances, ladies with backs bare
nearly to the waist line? The Barbados
ladies who attend these dances wear no
more clothing than the ladies who wear
especially on their backs. They are fat-
chested as a rule, and, consequently,
don't have their gowns cut very low in
front.
Every town has a Self-Help room,
where needlework made by ladies in re-
duced circumstances is sold to tourist
ladies in search of beautiful things.
Many other things are sold in these
places, including lemon squashes, and
men as well as women visit them. The
Self-Help shop in Bridgetown was a
regular trysting place for members of
our party. If you wanted to see one of
the ladies you would find her there or
in a nearby curio shop. "Oh, Mr.
Stewart! How do you do? Don't you
know me? Edith?" This is my
husband, Mr. . . . It was a little lady
I knew and greatly admired some thirty
years ago. How the years go by!
"Time turns the old days to derision,
Our loves into corpses or wives,
And marriage, and death, and division
Make barren our lives."

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, MAY 20, 1921.

REPORTS SHOW EXPANSION IN Y. W. C. A. WORK

In spite of financial worries, advances of importance were made in all the various departments of the Young Women's Christian Association during the last year and excellent reports were submitted at the annual meeting held last night in the recreational centre with Mrs. John A. McAvity, the president, presiding.

During the evening a pleasing programme was given, Miss Daley and Paul Cross contributing solos and Miss Nan Powers recitations. Rev. F. H. Rose led the opening devotions and inspiring addresses were given by Rev. H. A. Goodwin and A. M. Gregg.

Miss L. Tapscott, retiring general secretary, gave a bird's-eye review of the work of the year which she characterized as the "short and simple annals of the poor." She mentioned the failure of a campaign for funds for a swimming pool, the partial success of a campaign for funds for extension of the work, the arrival of the three secretaries, Miss Littlefield, Miss Woods and herself, the opening of the season with a grand rally in October; the raising of funds by means of a rummage sale, a pantry sale and tea and the big gymnasium display. She dealt with each branch of the Y. W. C. A. work and said that there was a very apparent need of the association's work for girls in the city. It could not be carried on successfully unless every member would assume her share of that work of leading young women to the service of Christ and to develop them in the four-fold character of the association.

Miss Tapscott asked for her successor the sympathetic support she had received and wished the association the splendid success it deserved.

Miss Edna Austin gave the report of the committee for immigration and the committee's membership in order to undertake the additional character of migration work. During the year the Travellers Aid secretary had met 3,991 trains and 803 boats; helped 1,283 at the depot; sent 218 telegrams and found employment for fifty-eight. In all 4,700 travellers were helped, an average of eleven a day, as compared with nine in the previous year. Having done the special cases given help, Miss Austin said fifty-five follow-up cases had been cared for. She thanked the Patriotic Society for assistance. The common council had refused a grant of the work. The immigration work, even if it amounted to \$1,000, would not finance the Travellers Aid. Last year \$1,275 was spent in that department. In the transient home, 1,686 beds were occupied and 321 meals served. Special praise was given Miss Hoyt and Mrs. Forbes for faithful and untiring service.

Mrs. W. H. Lugsden, for the King street home, reported an average of thirty-three in residence in the home and 100 transients accommodated during the year. A rooming directory and an employment bureau had been very valuable aids to the association's work. The residence club was organized and was playing an important part in the social life at the home. Many entertainments had been given and vespers services were found very helpful. Several lonely girls were befriended at the home. Mrs. Sellers succeeded Mrs. Haylett as manager. Miss Tapscott had been invaluable as general secretary.

Mrs. W. C. Cross reported for the cafeteria that an average of 176 meals had been served each day. Several banquets and special menus were served. Appreciation of Miss Sellers and Miss Tapscott was expressed by Mrs. Cross and she told of the cafeteria's good work in supplying good and cheap meals while also aiding in making the Y. W. C. A. more self-supporting.

The report of the girls' work department was given by Mrs. J. D. Hunter, who told of Miss Woods' excellent leadership as girls' work secretary. To the fifteen churches with organized C. G. I. T. groups six more were added during the year. In the maritime provinces there were now 17,000 C. G. I. T. girls. A mass service opened the season, 741 lies were held periodically and leaders' conferences took place. The first C. G. I. T. camp was held and was most successful. In the industrial side the girls' work had included the formation of two clubs and the organization of a sewing class. The report praised Miss Tapscott's work.

Miss Irene McArthur, for the physical committee, said that 470 had enrolled in the gymnasium classes. Miss C. Littlefield had given splendid service as physical director. All walks of life were represented in the classes and the ages of pupils ranged from four years upwards. Besides the gymnasium work which had been demonstrated in an exhibition, corrective and development classes, basketball, games, hikes, parties, picnics and swimming had been included in the programme. For the summer, tennis, baseball and swimming were planned. Dr. Margaret Parks was thanked for her services in making a medical examination of the pupils. This examination was to be a regular part of the physical work.

Miss Tapscott read the membership committee's report, telling of the appointment of a member from the different churches in order to secure members as a means of permanent income and to extend the interest in the work. By fees, \$840.00 had been raised and by a party and a pantry sale \$116.65 was netted.

Mrs. T. H. Sommerville gave the financial statement and told of the need for increased income. She said the association had been unable to take up the option to complete payment on the King street home. Her report was in part as follows:

\$10,000 will be required from the public; memberships should reach \$1,200; additional receipts will be expected from the gymnasium, cafeteria and dormitories, equal to \$3,000, thus providing increased revenue over last year in the sum of \$5,000. This, with careful attention to general charges and miscellaneous expenditures, should enable the Y. W. C. A. to clear away the overdraft at the bank and meet all disbursements.

The receipts and expenditures for 1920-1, to April 30, were as follows:

Depreciation allowance	1,500.00
Property committee	2,487.78
	\$4,987.78

Rev. H. A. Goodwin spoke of his amazement at the size of the association's work and, having paid a tribute to its efficiency, he said he hoped it would become more strongly the agency of the church to provide facilities which the majority of churches were not able to furnish. He spoke more particularly of the girls' work and the duty of the association to think in community terms and to reach every girl in the city. C. G. I. T. work, he said, was the medium by which this could be done.

Mrs. McAvity paid a glowing tribute to Miss Tapscott who, as general secretary, had furthered the work exceedingly well and whom the association would greatly miss. She introduced Miss Innes MacKenzie of Hamilton, who is to succeed Miss Tapscott, and Miss MacKenzie having congratulated the association on its excellent record asked for herself co-operation and help.

The directors were elected as follows: For three years Mrs. W. A. Foster, Mrs. F. T. Dunlop, Mrs. F. C. Beattay, Mrs. George Parker, Mrs. L. G. Crosby, Mrs. E. J. Flewce, Mrs. S. S. Fooko, Mrs. H. A. Goodwin; for two years, Mrs. R. T. Hayes, Mrs. H. A. Powell; for one year, Mrs. A. E. Logie, Mrs. J. A. MacKeigan. Other members of the board whose term is unexpired are Mrs. A. H. Lugsden, Mrs. W. C. Cross, Mrs. J. D. Hunter, Mrs. J. F. Robertson, Mrs. H. W. Robertson, Mrs. E. C. Weyman, Mrs. Bertram Smith, Mrs. T. H. Sommerville, Mrs. Z. Cowan and Mrs. R. A. Jamieson.

CONCERT PROVED A MUSICAL TREAT

A concert of a very high order of merit was given last night in the Central Baptist church under the direction of A. U. Brander. A large audience listened with evident delight and appreciation to the excellent numbers of a well chosen programme. The choir of the church sang several choruses. The Misses Gladys Dykeman, Edna London and Lois Watters gave a piano trio. Solos were sung by Miss A. B. Campbell, Douglas Thorne, Miss Minnie Myles and Miss Edith Magee. A quartette was given by the Misses Campbell and

J. HAROLD MANNING HEARD AT ACADIA

His Poems Highly Praised—His Gift to the Institution—A Graceful Tribute.

On Sunday afternoon, May 15, a goodly number of ladies and gentlemen gathered in the Library of Acadia University to hear J. Harold Manning of Saint John, New Brunswick, read his poems. That the audience would be interested and sympathetic was a foregone conclusion. Mr. Manning was graduated from Acadia in 1919, when he delivered as his graduating oration a translation of Goldwin Smith's Latin poem, "Nunquam Pompilius." Three years before his brilliant young brother, Fred Manning, from the same platform spoke to the people concerning "The war and After." Both brothers were soldiers in the Great War; Fred laid down his beautiful life at Vimy Ridge; Harold returned to do a man's work for Canada and for the world. The people of Acadia University and of the town of Wolfville who knew the young men during their student days were indelibly impressed by their brilliant, achieving qualities. It was with a special interest, therefore, that they gathered in the Library Sunday afternoon to hear Mr. Manning read. The first selection was entitled, "An Ode to Life." This was far more than a pretty hymn of praise; it was a solemn invocation to the Goddess of Life, a goddess whom the poets as well as men of letters have worshipped as well as men of letters. As Mr. Manning read he held his audience spellbound and when he finished we all felt that in us was born a new quest in the dread power in whose arms we lie. Life is mysterious, elusive, terrible, but it is good. Several other selections Mr. Manning read, and he especially gratified us by giving us once more his "Nunquam Pompilius." Mrs. W. H. Thompson rendered appropriate violin solos.

Rev. H. T. DeWolfe, D. D., the Principal of Acadia Seminary, at the close of the recital moved that a vote of thanks from the audience be tendered to the reader and poet, and that Mr. Manning be encouraged to publish his poems without delay. The motion was seconded by President Cutten and carried unanimously.

A social half hour followed in which those present had an opportunity to examine a collection of pictures, reproductions in color of the world's masterpieces, which Mr. Manning is presenting to Acadia. These he has mounted in albums and has carefully arranged and catalogued to the different schools of painting. From the note appended to his catalogue I quote: "I will feel amply repaid for the labor involved in the collection if the pictures succeed in arousing interest in art and some serious study of this great subject at Acadia.

What Everywoman Knows

Every year, dress fabrics are becoming sheerer and sheerer—the colors more dainty. The ordeal of trusting the delicate garments to "soap and water", however, is done away with by the use of Lux.

Lux will not harm any garment, however delicate or dainty, that pure water itself will not injure.

You can wash any garment with Lux without fear of having it spoiled. The whole secret lies in the matchless purity of the little satiny Lux flakes.

There is no substitute for Lux. There is nothing like Lux. Lux is in a class by itself.

Lux is on sale at all Grocers, Departmental Stores, etc.

A handy little recipe booklet, entitled, "The Care of Dainty Clothes" will be gladly sent free on request.

APPEALS COURT IN SESSION HERE

Occasion Unique in the Legal History of Province—The Sharpe Case.

For what is believed to be the first time in the legal history of New Brunswick, a special sitting of the Appeals Court was held here this morning. The matter hereat was an application for committal for contempt of court against William H. Sharpe in that he had disobeyed an order of the court given in November 1920 by taking his children out of the jurisdiction. The court today was composed of Chief Justices Hagen and McKeown and Judge Grimmer.

Argument of counsel, Dr. W. B. Wallace, K. C. for the accused, and Cyrus F. Inches, supporting the application was heard. Affidavits in the matter were read, being admitted that the accused had violated the order, but the contention was that it had not been viciously done upon his part. It was said that it was necessary for him to go out of the jurisdiction in order to support his children. The court considers.

The case of William H. Sharpe, charged with removing his children from this province against a lawful order of the court was continued in the police court this morning. Cyrus F. Inches, appearing for the prosecution, asked that the accused be remanded for one day as a special session of the superior court was being held in connection with the same matter. W. R. Scott, appearing for Mr. Inches request for adjournment on the ground that the case was the King against Sharpe, and that the magistrate had no jurisdiction over the civil side of the case.

Mr. Inches, while admitting that this was true in so far as the civil end of the case was involved, said that it had nothing to do with the criminal and that the prosecution had no intention of dropping the information against the defendant. He said that the defendant was in the police court on a criminal charge.

The magistrate said he would allow Mr. Inches' request for an adjournment and so far as the police court was concerned the case would be adjourned until Monday morning. K. J. MacRae also appeared for the defence.

County Court.
In the county court the matter of Roderick vs. Heaton was begun, an action for summary judgment in connection with a lease for which application was made by G. H. V. Belyea for plaintiff. M. B. Lewis appeared for the defendant and the matter will be continued this afternoon.

MARITIME DELEGATION TO OTTAWA

The Board of Trade received a telegram this morning from H. R. Thompson, Amherst, stating that arrangements have been made for a maritime delegation to meet the federal cabinet on Wednesday morning, June 1, to make representations regarding intercolonial rates. They to urge the appointment of a special commission to enquire into all matters affecting that rate in the Maritime provinces which are expected to be in Ottawa in time to attend a caucus on the afternoon of Tuesday, May 24.

Halifax, N. S., May 20—Hon. R. E. Finlay, minister without portfolio in the Nova Scotia government, received a telegram last night from Premier Meighen stating that a delegation from the maritime provinces would be received by the cabinet on June 1, to hear their representations regarding freight rates on the intercolonial branch of the C. N. R.

This conference with the federal government will be the consummation of conferences of representatives of the maritime provincial governments and industrial and commercial representatives of the three provinces. It is said to be the outcome directly of unsatisfactory efforts to have the matter of freight rates over the former intercolonial system considered before the railway commission. The commission would not adjust freight rates on a basis of confederation agreements or of geographical position and has informed previous delegates to take their case before the government.

The delegation will consist of members of the provincial governments of the maritime provinces, representatives from boards of trade, civic governments, United Farmers' Associations, commercial organizations, Canadian Manufacturers Association and numerous other bodies.

A COSTLY HABIT OUR PEOPLE HAVE

Of the \$7,000 appropriated last year for the city's public grounds, \$3,000 or nearly half—was expended in the picking up of paper and rubbish from the city streets, so Commissioner Frink said today. He said that until a determined effort was made by the authorities to arrest and fine those responsible for the throwing about of rubbish, it would be impossible to remedy matters.

BOOTLEGGERS SHORT OF STOCK

Organized Raids on Private Supplies in Windsor Reported.

Windsor, Ont., May 20.—Bootleggers who contracted to supply rum runners in Detroit with whiskey have been so hard pressed for supplies since the law against importation of liquor from Quebec went into effect that they have resorted to organized raids on liquor stocks in private homes here, so the police department declared today, in announcing the entire force would be detailed to the task of running down the raiders.

JAR PLUNGES INTO RAVINE; TWO KILLED

THE QUESTION OF UPPER SILESIA

Paris, May 20.—Premier Briand of France is opposed to a meeting of the supreme Allied council to discuss the Silesian question until the inter-Allied commission in Silesia has reached an agreement and submitted a report, some of this morning's papers declared.

There are at least nine more members of the chamber to question the government relative to reparations, the general financial policy of the ministry and the Silesian question, and it was believed here today that Mr. Briand will not be able to reply to these and receive a vote of confidence until late tomorrow.

Assurances that Germany would avoid interference in the Silesian plebiscite area, and that shipments of arms and ammunition across the Silesian frontier would be stopped, given to the Spanish ambassador in Berlin by Joseph Wirth, the German chancellor, yesterday, served to decrease the tension over the Silesian situation here today.

Announcement is made by the ministry of liberated regions that Germany will soon begin the delivery of wooden houses to be erected in the devastated zone of northern France. Germany will furnish 22,000 of these houses, which will be somewhat similar to the portable houses seen in Canadian summer resort camp colonies, but built more solidly and constructed so that they will be waterproof.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

"ALF'S BUTTON" IMPERIAL TODAY

This is the opening day showing the great English comedy "Alf's Button" at the Imperial. Much has been heard of the picture by St. John people already, particularly from those who have seen it in other cities and through private correspondence. This is a farcical conception of one of England's brightest humorists and deals with high level and ludicrous adventures of a couple of Cockney Tommies, one of whose tunic buttons was made from the brass of Aladdin's Lamp. Whenever Alf rubs this button and expressed a wish, his wish was immediately carried out by the affable Genie of the Arabian Nights story. It can then be understood how wonderfully funny this story can be.

NEW BILL TONIGHT AT OPERA HOUSE

Good Vaudeville Attractions Booked for Week-end Programme.

The new programme at the Opera House tonight has a number of novel features, which should prove highly entertaining. The acts will be as follows: George Libby and Ida May Sparrow, who are offering "The Essence of Comedy" in dance, song and travesty; Billy Barlow, in odds and ends of comedy; Bixler and Lerner, in a comical burlesque operatic novelty, "The Melba and Caruso of Vaudeville"; Margaret Summers, "The Ultra" entertainment; Perez and Marguerite, in novelty juggling. There will also be another episode of the serial drama "Beide Us" and a Pathé Weekly of current events.

THE COTTON MILLS.

W. A. Nicholas, manager of the Cornwall & York Cotton Mills, when asked this morning if the closing down of cotton mills in other centres as announced in a despatch in the morning papers, would have any effect on the local mills, replied that the mills were working as usual and so far as he knew would continue to run at their regular establishment.

OPENS SPLENDID NEW DRUG STORE

William J. McMillin's Pharmacy at Corner of Waterloo and Brussels Streets.

Residents of the Haymarket square district are elated over a decided improvement made there by the opening of a new drug store at the junction of Waterloo and Brussels streets. The tasteful arrangements, and at night the bright lights in the new store make a marked change at that corner. Wm. J. McMillin is proprietor of the new pharmacy.

Located at a busy junction point of the street railway lines and in a populous district, already the new store is enjoying a good patronage. Its appliance attracts and its complete stock of drug store accessories is such as to guarantee the filling of requirements.

THE TREASURE OF THE WISE MAN

O, the night was dark and the night was late
And the robbers came to rob him;
And they picked the locks of his palace-gate.
The robbers that came to rob him;
They picked the locks of his palace-gate.
Seized his jewels and his precious plate.
The robbers that came to rob him.
But loud laughed he in the morning
For of what had the robbers robbed him!
Ho! hidden safe, as he slept in bed,
When the robbers came to rob him,
They robbed him not of a golden shred
Of the childish dreams in his wise old head.
"And they're welcome to all things else,"
he said,
When the robbers came to rob him.
—James Whitcomb Riley.

Strengthen Your Business "Morale"

Soldiers know what it means when an army's "morale" is shattered.

The fighting spirit is gone, the men invite defeat.

What is true of military forces is true of some industrial armies.

At the first serious jolt their morale weakens—hope flies, courage disappears—their fighting spirit is lost.

There is no place in business today for the "calamity howler." He is drawing salary or wages under false pretences. More distressing still, he is weakening the "morale" of other workers, and of the business itself.

Strengthen your business morale.

Take stock of your men as well as your goods. Retain enthusiastic, profitable workers even at a temporary loss.

Venture into new fields for business.

Trade and Prosperity are interdependent. The sooner Capital, Labor and Management realize this the quicker will conditions improve.

Chapter 5 of the wonderful ice cream story

Think of it—
atmosphere
a hundred
times purer
than AIR
used in making
your dish of ice
cream super-pure!

Air isn't good enough for your ice cream—
not since the discovery of the wonderful
new "CARBONATING" PROCESS. No,
the AIR now has to be driven out of the
ice cream—in the "freezers"—and replaced
by atmosphere which is 100% pure: A
HUNDRED TIMES PURER THAN AIR!

Think of it—A HUNDRED TIMES PURER
THAN THE AIR YOU BREATHE! It is
the final step in giving you PERFECT ice
cream. For, not only is it PURE, it actually
TASTES BETTER; actually is MORE
WHOLESAME; and actually KEEPS BET-
TER than ordinary ice cream!

Our dealers have it for you—and ONLY
our dealers, for we are the ONLY ice cream
makers in this Province permitted to use
the wonderful new "CARBONATING"
PROCESS.

FIELDING G.O.M. OF PARLIAMENT

Unaided by Trappings of Office, He Is Enhancing His Prestige Every Day.

A YOUNG MAN OF 73 With Sir George Foster He Is the Survivor of a Great Tradition.

Unaided by the trappings of office, he speaks with authority and is enhancing his prestige every day.

With Sir George Foster he is the survivor of a great tradition.

By M. GRANT O'LEARY, R. W. S. FIELDING was one of the most salient figures in the great parliament of a quarter of a century ago.

Which included Wilfrid Laurier, Charles Tupper and Richard Cartwright. With the possible exception of the prime minister he is the most potent personality in the present House of Commons.

When Mr. King and Mr. Meighen were in their teens, Mr. Fielding was prime minister.

Before he dreamed of entering parliament, he was dominion minister of finance.

Yea, indeed, when the opposition leader was seeking the greatest striking force to send into the constituency of West Pembroke.

Mr. Fielding, seventy-three years young, was his choice.

The truth is that Mr. Fielding imparts the classiness of the age of youth.

Out of all the young men in the house, not more than two or three can be compared with him in usefulness or capacity.

And certainly none surpasses him in industry and energy. During the present session, his activity has been especially notable.

Nor is it the activity that is little better than public gossiping, that consists in gawky talk about every thing and anything.

No man in parliament, not even excepting the three party leaders, speaks with more usefulness and authority.

Mr. Fielding's speeches are always informative and based in high purpose, nothing will more quickly empty a chamber of members than the speech of Mr. Fielding.

He would spare no time from his studies in order to learn any thing that had to do with the welfare of his country.

Some of his old Scottish landlady into consultation as to ways and means.

Well, Mr. MacGregor, how much a week can you find?

"Half a crown."

"Well, I can do it for that."

Mr. MacGregor had a bowl of porridge for breakfast, two fresh herrings or one red one—the cost of the fresh ones being identical with the cured one.

For dinner, and another bowl of porridge for supper. He completed his course and took the gold medal for his year.

Sure Sign SHE (tenderly)—"When did you first know you loved me?"

German Ambassador In Paris Is Ignored

He Is Invited to Official Functions, But Often Avoids Meeting Guests at Receptions.

PARIS, France. PARIS has seen the physiognomy of its streets undergo periodic changes as the weeks and months dimmed the now fast disappearing images of the war.

More and more the pacific aspects of the boulevard are returning, with them the faces of many foreigners.

Not seen since the days before the war, but Paris has been looking out for one particular face—the tall, pale face—of the German ambassador.

And it has finally come, this face, for the ambassador has returned to the city. He is to be seen in the city of Paris, and it is not seen since the days before the war.

HOSPITAL AID

Responsibility for the New Nurses' Home Discussed—Praise for Work of New Officials.

A committee appointed by the Women's Hospital Aid will meet with the commissioners of the General Public Hospital and ascertain which body is responsible for the cleaning of the new nurses' home.

The matter of the furniture is put in. The matter was taken regarding the purchase of the Chasen Club, held in the N. B. Telephone Company building last evening.

At the meeting of the St. John Advertising Club, held in the N. B. Telephone Company building last evening, at which the president, Robert A. Macaulay, presided, a resolution was passed strongly supporting the St. John Board of Trade.

Other local bodies in their claims for a return to the equitable freight rates of former years as pertaining to the maritime provinces and for the justice of such matters safeguarded to this section of Canada by the Act of Confederation.

A second resolution urged the organization of a maritime association of manufacturers for the furtherance of the claims of industry in New Brunswick, Nova Scotia and Prince Edward Island.

At the opening of the meeting, considerable correspondence was read—some of which was from sister organizations. The following gentlemen were elected to membership: William Vassie, A. E. M. Everett, George W. Oland, C. J. Murray, Percy N. Woodley, Charles A. Munroe, Lawrence Henniger, Roland Skinner, S. K. Smith, on behalf of the Fowling Club, and Spring Manufacturing.

Mr. W. E. Morris, for the house committee, gave the quarterly report, saying that with Mrs. E. A. Young she had visited the hospital. Miss M. Scott, superintendent of nurses, on being asked, had said both robes and security pairs of slippers were needed for the ward patients.

A case doll for sector demonstrations was urgently needed and would cost about \$85. The linen supply in the hospital was good but Mrs. E. A. Young was giving excellent service as supervisor of linen. Miss Hinton's work as dietician was highly commended and the spotless cleanliness of the hospital was referred to particularly.

There was need for more for sector demonstrations. Mrs. Morris said, and motion it was decided to give six more robes to the hospital. Mrs. Morris said that the new nurses' home was fast nearing completion, a monument to the work of the Aid and the generosity of the citizens.

NEW BRUNSWICK MAN CURING LEPEPERS IN HONOLULU

An interesting and distinguished visitor to St. John yesterday was Dr. Jonathan T. McDonald of Honolulu, a native of New Brunswick, but who has been living for several years in the Hawaiian Islands.

Dr. McDonald is the superintendent physician of the Kalaiki Leprosy Hospital at Honolulu and is much interested in the curing of that dread disease. A new treatment has been discovered by Dr. A. L. Dean, a graduate of Harvard and now president of the University of Hawaii, consisting of a new derivative from chaulmoogra oil.

Dr. McDonald, who has had charge of this treatment, said that in the last three years 142 cases had been cured as not being contagious and practically cured. When asked if this treatment effected a permanent cure, he said that could not be absolutely assured.

Dr. McDonald was born at McDonald's Point on the Washademoak in Queens county. His sister, Mrs. Orchard, who now resides in Montreal, is coming here in a few days when they will visit his birthplace. Dr. McDonald has been touring through the United States visiting San Francisco, New Orleans, Washington, Boston and other American cities.

It is twenty-seven years since Dr. McDonald was in St. John. When asked as to any changes he noticed in the city he remarked that he missed the old suspension bridge at the Falls. When coming into St. John yesterday he was on the lookout for a view of the bridge but was disappointed in not seeing it.

The doctor expects to spend about two weeks in this vicinity. A STRUGGLE WITH REFRACTORY HORSE CAUSED HIS DEATH. The body of George Laird was discovered last evening about 7:45 o'clock in Peel street, hanging over the side of a light carriage which he had been driving.

It was said that Mr. Laird had started to lead a horse from near the Marsh bridge to the barn in North street. He was leading it up Waterloo street when the horse tried several times to break away. The struggle placed such a strain on Laird's heart, it is said, that he was compelled to lean against a telephone pole to rest for several minutes.

DRUGGISTS IN COURT ON LIQUOR CHARGE

The case against Kane & Farren, retail vendors, charged with selling liquor contrary to law, was continued in the police court yesterday afternoon.

Inspector Barrett testified that he was examining a big automobile parked in a vacant lot opposite Kane & Farren's store on Main street when he turned around and saw Gantner coming out of the store. Mr. Kane, he said, came to the door and watched witness follow Gantner.

DAYLIGHT SAVING AND THE CHILDREN

Some Wise Counsel as to Hours of Rest for the Growing Child.

The following contribution to the Times is from the pen of one who is not only very deeply interested in child-welfare but is well qualified to speak with authority upon the subject.—Don't kill your child. Late hours may do it.

The child is a building organism. There is a happy work to do repairing waste and tear of the day's work and building him stronger and taller, at the same time keeping him from growing his strength and Nature nearly all this work at night. She is long hours for it. All the out-put of the world's work do instead of doing farm instead, once the child is exhausted. At the North Pole it is all night round for some weeks, and if some parents from this city, supported there, would let their children play out all night, "daylight" hours are for saving oil, etc., not exhausting children. The rule has to do with bed hours for children. It should be punctually by the clock, all of the children in the city are giddy hulk, because from spring autumn the wear and tear of life are assessed out of proportion to their hours rest and repair. Not because of the light saving law, but because their eyes "never thought about it before," because the child is allowed to choose own bed hours (his all important "bedtime"), just as too often he sees his own food ("building material") in many homes the summer is continued, and the children of nine are up till ten all the year.

The teachers and doctors know suits, damaged physique, weariness, tired, drowsy, drabness, etc. The case of the King against the Royal Bank of Canada, as trustees for the estates of Sir William Van Horne, Sir Herbert Hope and George F. Underwood, is to come before the Supreme court of New Brunswick, and H. A. Powell, K. C., left last evening for Ottawa in connection with the point at issue is whether or not lumber cut by these parties in later years, being a sufficient quantity to cover the entire amount required for the previous years—when stumpage was paid—should not make it obligatory on the government to pay back the stumpage money to the trustees. The bank claims that the government owes \$2,000 to these trustees. Mr. Winslow of Fredericton represents the province.

NEWFOUNDLAND LOAN IS FLOATED IN U. S.

New York, May 20.—(Canadian Press)—It was announced here yesterday by John W. Devine, Newfoundland trade commissioner here, that bankers and various interests in the United States have taken up a loan of \$6,000,000 for Newfoundland. It is for developing railway facilities in the colony and aiding municipalities and industries in general.

VERY COUNTRY STOCKED WITH MERCHANDISE

An American View of Trade Conditions—A Growing Faith in the Future.

N. Y. National Bank of Commerce) In the manufacturing countries of Europe the productive machinery is in better condition than it has been since the end of the war. Physical plants have been rehabilitated, railway congestion relieved and the fuel shortage overcome. Unfortunately, under present conditions, the productive capacity of Europe, like that of the United States, cannot be profitably employed. Every country in the world has large stocks of imported merchandise awaiting sale, and in some localities stocks are so large that it is impossible to provide proper storage facilities. The absorption of this accumulation has begun, but it is being retarded in the countries which are Europe's best customers because these countries are unable to dispose of their own products. This condition is further aggravated by the fact that the world-wide fall in commodity prices has affected primary commodities more than semi-finished and manufactured articles. The South American, Asiatic and Australasian communities which produce a large share of the world's raw material have had to bear the heaviest burden of price deflation, and as yet they have not recovered their commercial equilibrium.

The uncompromising attitude of British buyers appears to contract with the attitude of labor on the continent of Europe. There have been no important strikes or other labor disturbances on a large scale in the continental countries, and while further adjustments must still be made in labor conditions abroad as well as in America, the attitude of labor generally offers a basis for encouragement.

From time to time there has been much discussion of the financial status of the old countries and statistically the picture has been gloomy. Much has yet to be accomplished, and it is always a difficult matter to balance Government expenditure and income. Nevertheless, there is unquestionably a better sentiment in the United States respecting the ability of Europe to eventually come back. This growing faith, largely unexpressed, and perhaps unconsciously gaining ground, thus far has had little tangible expression other than in the better prices and broader markets for outstanding foreign government securities during recent weeks. It seems probable that new issues of selected foreign securities will be favorably received by a growing circle of discriminating investors.

The settlement of the reparations terms was absolutely essential to the resumption of sound business. It should stimulate trade and will unquestionably have favorable influence on business throughout the world. The rebuilding of export business must come gradually. Until present large stocks are absorbed, and a healthy demand once more established, artificial stimulation must be detrimental to the best interests both of exporters and their customers.

Farewell and Presentation to Mr. and Mrs. Christopher W. Crawford.

Goshen Queens Co.—Previous to their departure for their new home at Lower Millstream friends and neighbors of Mr. and Mrs. Christopher W. Crawford for more than thirty years have lived there gathered at their home to present their respects to the esteemed couple and their regrets at their departure. The company consisting of about 100 assembled in the near vicinity of the residence and at eight o'clock they presented themselves in a body. Mr. and Mrs. Crawford were taken completely by surprise but a hearty welcome was extended to all and the evening was delightfully spent in dancing and other amusements.

During the course of the evening they were each made the recipients of a handsome oak arm chair with an address by the rector Rev. C. A. S. Warford on behalf of the people. As the reverend gentleman was unable to attend this was read by Miss Ade B. Fisher. Mr. Warford touched very feelingly on the active part Mr. and Mrs. Crawford had always taken in the affairs of the church, the school and everything that tended to the general welfare of the community and of the irreparable loss which their departure would occasion. Mr. and Mrs. Crawford though almost overcome by these tokens of love and regard responded very fittingly and requested that all enjoy themselves as much as possible.

A vote of thanks was given Mr. and Mrs. Wm. Simpson of Benford who selected and shipped the chairs. Luncheon and confections were served. The company broke up in the early hours of the morning all wishing Mr. and Mrs. Crawford every success in their new home.

Congratulations are extended to Albert E. Kestead who participated so heartily in the arrangements and final success of the function.

ROYAL BENGAL TIGER IS CALLED COWARD AT HEART

The Royal Bengal tiger, writes Vincent Jarrett from Singapore to The London Daily Mail, is a well known figure in Indian sport, but a more intimate knowledge shows traits that few would suspect.

In the Malaya of twenty years ago meetings with tigers were an almost everyday occurrence for people living in the country. As a rule, a healthy tiger, in his prime, is not a man-eater and likes to get away as soon as possible after an unexpected encounter with a human being.

But the tale is a different one when this giant feline grows old or is lurching. He then finds that man is the only animal that cannot move quickly, and also, perhaps, the best's epicurean instincts are dulled by the passing years. It is in a case like this that the labor roll of an outlying rubber estate has an amusing way of showing one, less every few days

ACCUSES TURKS OF VIOLATING ARMISTICE

Paris, May 20.—Turkish Nationalists have violated the armistice they recently arranged with the commander of French forces in Turkey, so it is said by the Echo de Paris.

Munir Pasha, formerly a general in the sultan's army, but now one of the Nationalist leaders, is said by the Petit Parisien to have left Angora for France. It is declared he is coming to this country with counter proposals made by the Angora government relative to the treaty recently negotiated between France and the Nationalists.

ARTHUR STRINGER AND HIS WORK

Although Mr. Stringer was very busy finishing a new book when I called to see him recently he kindly consented to tell me of his life, and expressed himself honored to think the Circle of Young Canada was giving him notice.

John Arthur Stringer was born in London, Ont., in the year 1874. His book "Lonely O'Malley" gives a good idea of his boyhood. He received his education at the London Collegiate and was there partially civilized, so he declares. He then went to the University of Toronto, then to the University of Oxford. After leaving Oxford he spent a year and a half in Germany. Mr. Stringer began publishing his poems at the age of sixteen. His first poem was published in Colvins Smith's paper, "The Week," and a kind and encouraging note from Mr. Smith fired the youthful poet with the ambition to follow the thorny path of literature.

After returning from Germany Mr. Stringer accepted a position on The Montreal Herald at a dollar per day. After leaving the Herald he accepted an editorial chair with the American Press Association. His first novel, "The Silver Poppy," was written and published, and feeling he needed more time to spend on his writing, he resigned his position and became a free lance. Harvey O'Higgins, Arthur McFarlane and Arthur Stringer then clubbed together and rented the top floor of a tumble-down, old mansion on lower Fifth avenue, New York. Here they wrote to their hearts' content, and tried to scare the fabled wolf from the door. What poet does not have trouble with the savage beast? Mr. Stringer sold his first three stories in a bunch for twenty-five dollars, on the condition he was paid cash, as the three young writers were desperately in need of the money. In the next studio was Ernest Seton Thompson, who appeared very prosperous and famous to the struggling young scribes.

Slowly but surely they made their way, even taking the instrumental venture. Then, tiring of New York and longing to be with his own people once more, Mr. Stringer left the skyscrapers and came to Canada, purchasing a beautiful farm at Cedar Springs on Lake Erie, seven miles from lovely Rondeau. Here, at "Shadow Lawn," was peace and quiet to be found as well as inspiration.

Mr. Stringer is very fond of travelling and generally spends his winters in globe trotting. One winter he spent in Southern California, where he wrote the life of Mary Pickford for the Motion Picture Magazine. Another winter he spent in lovely Florida, another cruising the Caribbean Sea and visiting South America. One winter was spent in Paris and Rome, and one in Selby, but he is always glad to come back home to Canada again.

Several novels have been published by this popular author. They are "The Silver Poppy," "The Wire Tappers,"

"Phantom Wires," "The Under Groove," "The Gun Runner," "The Shadows," "The Door of Dread," "The Hand of Fate," "The Prairie Wife," "The Prairie Mother." His last book, "The Prairie Child" is appearing serially in The Picture Review and will come out in book form in the spring of 1922. In this book we will once more meet charming Charlie McCall and find out how Peter and Duncan win out.

As a poet Mr. Stringer is as famous as a novelist. His volume, "The Woman in the Rain," runs the entire gamut of human emotions. "Sappho and Leucadia" is imaginative, passionate, and artistic work of surpassing quality. He has published several volumes and, although he is not at present publishing poems in magazines, he has not given up poetry by all means. He is working from time to time on a volume of poems that will be published next year, and on a second volume for 1922.

He is keenly interested in the Canadian Authors' Association and wrote a very interesting article on the aims of the association for MacLean's Magazine of April 18, and hopes it will have a beneficial effect on the work of the association. Mr. Stringer's work, just as I cannot say, his books produced on the motion picture screen. Whether the pictures do Mr. Stringer's work justice I cannot say, never having had the pleasure of seeing them.

He at present resides during the winter in Chatham, and has two charming little boys—Bob and Barry. Bob asked the other day why he should be spanked for telling stories, while his daddy got money for doing the same thing. Mr. Stringer was just getting ready for a four-week trip through the Northwest, ten days canoeing down the Peace River, a few days in the Rockies, and then a detour down the Pacific Coast to Vancouver, where he will no doubt find setting for a new novel. He wishes young people never to forget that he wants to be reckoned as a good Canadian and will always remain so.

ROSE O' THE RIVER. SHOULDER TO SHOULDER. (Montreal Herald.)

The new United States ambassador to Great Britain, Colonel George Harvey, has arrived in England with a message of good will and friendship that comes at the right time and will be cordially echoed on both sides of the Atlantic.

In reply to the Southampton welcome he made what may be called a shoulder-to-shoulder speech which must appeal strongly to the people overseas. "I am directed," he said, "to extend to England the full co-operation of America in all good works, and if this great empire

and the great republic get together shoulder to shoulder, they cannot and will not fail to save themselves and the world.

This is the spirit in which the am-

bassador goes to Great Britain he will see world affairs in an identical light, but both stand for the things that will make the world a better place to live in. Their efforts to cultivate civilization

must run straight and true and on parallel lines. Something is needed to give us confidence in both hemispheres and nothing is better calculated to do it than this same shoulder to shoulder policy.

LUCIEN DEFIES NATIONS LEAGUE

Proclaims Himself as Dictator of Central Lithuania.

Looks Upon League Members as Intruders — Does Not Know of Anything Strong Enough to Pry Him Loose.

Vilna, April 26. — (The Associated Press.)—General Lucien Zeligowski, who still defies the League of Nations and who last fell marched into the Vilna district at the head of 20,000 or more Polish soldiers and proclaimed himself dictator of Central Lithuania, is a great believer in the old time proverb that

MACDONALD'S NAPOLEON New Brunswick's Favorite The Tobacco with a heart

possession is nine points in ten when it comes to law, international or otherwise. For seven months the general has been supreme in the occupying country, while the League of Nations, through its military commission of control, has been endeavoring to act as mediator in the territorial dispute between Poland and Lithuania.

The general looks upon league members who have visited the district as intruders. On the other hand, the league representative apparently views Zeligowski in the same light and have refused to deal direct with the general, all negotiations pertaining to a settlement of the Vilna affair from the one side being carried on through the Polish government in Warsaw, the Zeligowski soldiers in the meantime holding out the fort.

It is a Pole, and Vilna is my home," General Zeligowski said to The Associated Press correspondent who was born in Vilna. Most of my soldiers are natives of Vilna or adjacent territory. Our reasons for being here are simply these: "In 1919, when Poland was attacked by the Bolsheviks, I went to war for Poland, together with thousands of other Poles from the Vilna district. For two years we fought the Bolsheviks, who in the meantime had occupied Vilna, robbed and destroyed our homes and committed atrocities upon our relatives and friends. Eventually came the armistice between Poland and the Soviets, and then many conflicting reports regarding Vilna's fate.

"It was some weeks after this that I decided to take action myself, knowing my men felt as I did in the matter. I resigned my commission as a general in the Polish army by telegram, took command of the Vilna Polish troops and occupied the country. We received a glorious welcome, and we have been here ever since, and naturally we feel perfectly at home, as we are at home, and don't know of anything which is strong enough to pry us out.

From the time of the ancient state of Lithuania until the Russian occupation of that state, Vilna has been a much disputed city. In the great war and during the struggle between Poland and the Bolsheviks, Vilna was a much sought prize and changed hands many times. Within the last few years Vilna has had streets named in four different languages at various intervals. Since 1919, Vilna has been a Polish city, names famous in Polish history have adorned the street corners, replacing the names of the Russian street signs.

In the spring of 1920, when Poland was at war with the Soviets, Lithuania made a separate peace with the Bolsheviks, and the treaty signed in Moscow gave Vilna, at that time occupied by the Bolsheviks, to the Lithuanians. News of the signing of this treaty created a stir throughout Poland, which considered the Vilna district, about the size of the state of New Jersey, a part of ethnographical Poland.

"The Poles point out to back this claim that Kosciuszko, the Polish patriot and friend of America in revolutionary days, was born near Vilna, and that the majority of the population of Vilna, at that time occupied by the Bolsheviks, is Polish. While Vilna looks upon Warsaw for support and supplies, General Zeligowski prefers to have the district known as Central Lithuania, and has set up the natives as the "Polish ambassador." Soon after taking over the affairs of Vilna, the Zeligowski adherents printed their own Central Lithuanian postage stamps, but the Polish mark has continued as the local currency.

General Zeligowski is of the opinion that the majority of the population favors annexation to Poland, but he is perfectly willing that the question to determine whether Vilna should become Polish or Lithuanian may be decided by plebiscite.

A NOVELTY SHOWER.

About thirty of the girl friends of Miss Edith Hamm gathered at her home, 61 Spring street, last night, and tendered her a novelty shower in anticipation of her approaching marriage. The evening was spent very pleasantly. Dancing was indulged in and light refreshments were served.

BOWLING PRIZES ARE PRESENTED AT Y. M. C. I. BANQUET

A particularly happy spirit prevailed at the banquet given last evening in the Young Men's Catholic Institute to the members of the team which represented that institution in the recent championship bowling tournament in Fredericton and succeeded in carrying home the Brunswick-Balke-Collander trophy, emblematic of the bowling championship of the Maritime provinces and eastern Maine. H. J. Sheehan, the newly elected president of the institute, was in the chair and there were present the members of the Y. M. C. I. house bowling league and a few invited friends.

After a tasty meal had been served by the ladies of the Catholic Girls' Guild, presentation of the trophies and presentation of the prizes for the year were made and a musical programme carried out.

The chairman, in opening the programme, congratulated the team which went to Fredericton and brought home the coveted trophy. He referred to the gentlemanly conduct of all the teams taking part in the tournament during the evening.

P. I. McCafferty was called upon to present the prizes for individual honors won during the year. He said that the year had been a very successful one and it was worthy of note that no less than thirty men in the house league had rolled over ninety or more for the year. He said that the league owed a great debt of gratitude to the institute. Prizes were then presented as follows: High average—Archie McDonald, 98.77; electric reading lamp, donated by H. Sheehan; silver cup, donated by R. P. & W. V. Starr, Ltd.

High single string—Murray Jarvis, 183; silver cup, donated by R. P. & W. V. Starr, Ltd. High three strings—Bruce Winchester, 337; silver cup, donated by C. E. L. Jarvis, Ltd. The recipients responded briefly.

William J. Magre then presented to the members of the Sparrows team, individual cups for the first place in the house league, and medals to the winners of the Sparrows for second honors. The recipients of these prizes were: Sparrows—Roy McIlwain, Thomas Cosgrove, Richard Colgan, Joseph Harrington, Frank Smith, Walter Gambin, Robert Hutchinson and Archie Copping.

High average—Murray Jarvis, Ray Hansen, William Power, Waldo Reid, Stephen Downing, A. W. Thomson, Dr. H. S. Clarke and A. Chesneau. Mr. Gambin responded on behalf of the Sparrows and Mr. Hansen for the Hawks.

P. J. Fitzpatrick then presented to Walter Gambin the silver pin awarded by himself, for the winning team in the House League, and which was won by the Sparrows. Mr. Gambin, on behalf of his team, made a brief reply. John A. Barry was called upon and presented to George Starford the silver cup won by the I. L. & B. Society in the pool tournament held in the Y. M. C. I. building in Fredericton. Mr. Barry congratulated to Dennis McCarthy, through whose efforts the tournament was arranged. Mr. Starford responded in a fitting speech.

teams which took part this year that the series was too long. He suggested that in future, elimination series might be held in various centres throughout the Maritime provinces and Maine and the winners of these should meet to roll off for the cup. He hoped that the coming year would be as successful as that just passed.

The chairman read a telegram from Joseph Harrington, one of the members of the championship team, who is now in St. George, expressing regret at not being able to be present. Mr. Sheehan then paid a tribute to the work of the pin boys during the year. The boys were present at the banquet and a collection was taken up and a neat sum presented to them.

F. J. Hogan, of Montreal, another guest, was called upon and in a short address he commended the work of the institute. He said that he was particularly interested in gymnasium work and had never seen a better exhibition than that put on by the Y. M. C. I. recently. He spoke of the importance of co-operation between the various institutions in the city which should be maintained. The city, he said, should be proud of the Y. M. C. I. and the men who made it possible.

The programme opened with a toast to the king which was given with musical honors and the affair was brought to a close with the national anthem. Vocal solos were given by William J. Melody and P. I. McCafferty; M. McFadden performed a clog dance and a chorus was sung by the pin boys. During dinner several choruses were also sung. J. L. Mulhally was accompanist.

After the banquet, the pin boys, who were guests, were called into the office of the general secretary and handed the sum which was collected for them, which amounted to about \$20. This sum was divided amongst the following ladies: Thomas Murphy, Walter Stanton, Val MacAndrew, George Horton, Arthur Masters, John Daley and Albert Britt.

Perhaps the most interesting and interesting feature of last night's affair was Ernest B. Starkey, one of the pioneer enthusiasts of the game in the city and a royal rover in many of the struggles which he carried out here and elsewhere. Mr. Starkey has been an ardent follower of the game and on the lines has had more than one help to carry a St. John team to victory in a hard-fought battle with an outside aggression.

The cups won by Bruce Winchester, Murray Jarvis and the Sparrows, also P. J. Fitzpatrick's splendid silver bowling pin, are attracting attention in R. M. Colgan for Belgium store window, corner of Waterloo and Peters streets.

RAINMAKER ASKED TO CEASE WORK

Prairie Farmers in Alberta Have Sufficient Moisture. Medicine Hat, Alta., May 20.—Old Jupiter Pluvius must be on friendly terms with Chas. M. Hatfield, the rainmaker. After making rain for about a month, prairie farmers have asked Hatfield to turn off the moisture for a few days. The winter of the soil, who for years have been experiencing droughts, are satisfied that Hatfield can deliver the rain as per contract, and as Hatfield has already about made \$3,000 for this month's work, everybody is happy except those who continue to sneer at the rainmaker's "scheme."

Whether or not Hatfield's presence in the district is responsible, the fact remains that rain has come since his arrival. Old-timers declare they have never seen such heavy precipitations of such a continuous presence of so many heavy clouds.

MANY CANADIAN SPORTSMEN GOING

Tickets for Carpentier-Dempsey Fight Selling Quickly Reserved Accommodation Totals \$900,000.

New York, May 20.—(By Canadian Press.)—While the world championship heavyweight bout failed to go to Montreal, sportsmen of that Canadian city apparently are going to make up for it by coming to New York. That the sporting world in Eastern Canada is intensely interested in the forthcoming championship struggle between Jack Dempsey and Georges Carpentier at Jersey, July 2, has been proved by the number of applications for tickets received at Madison Square Gardens. A few days ago after the sale opened receipts from Montreal, Toronto and other Canadian cities totalled \$5,000 and those in charge of the advance sale predict that, judging from the inquiries received the amount will be increased, well into five figures.

Among a number of well-known Canadian sportsmen who will come to Jersey City are George Carpentier of Montreal. Other centres from which applications for seats have come are Toronto, St. Catharines, and Hamilton. United States business men in Canada are taking precautions against missing the fight, and an application for a seat came from a New Yorker, who was at Calgary when the sale opened.

The total daily average sale for seats during the first week was \$30,000, and if the average is maintained all reserved accommodation will be sold three weeks before the date set for the fight. The sum of \$900,000 will be realized if all reserved accommodation is sold.

Due to the difference in exchange, Canadian sportsmen are paying a considerably greater amount for their tickets than are U. S. fighting enthusiasts. The rate has been fluctuating between 10 and 11 per cent, and as a result the best reserved seats, selling war tax included for \$50, will cost a Canadian in the neighborhood of \$55, Canadian money. Despite this the majority of reservations secured from across the border, have been for the best seats. Considerable confusion has prevailed as a result of the exchange fluctuating between 10 and 11 per cent, and as a result the best reserved seats, selling war tax included for \$50, will cost a Canadian in the neighborhood of \$55, Canadian money.

Tex Rickard, promoter of the contest, announced recently that he had received a cable to the effect that a party of ten sports-writers representing the United States and Paris dailies, will arrive in New York early in June, to keep an eye on the fight. Rickard declared that he is also confident that the Prince of Wales will accept the invitation to attend the fight. Rickard also declared that he is also confident that the Prince of Wales will accept the invitation to attend the fight.

BISHOP DENOUNCES WORLD TITLE BOUT

Newark, N. J., May 19.—The church and its clergy have no right to keep silent on industrial, political and social questions, until business and social and political life are ordered by the principles of the Gospel, Bishop Edwin S. Lines of Newark declared at the annual convention of the Episcopal diocese of Newark in the Trinity Cathedral here this afternoon. He denounced the coming Dempsey-Carpentier prize fight, also those who would commercialize boxing, and that prohibition has visited a just punishment on "the most insolent business in the country."

In referring to the Dempsey-Carpentier fight, which is to be held in Jersey City, July 2, he characterized it as "an engagement of brutality and the degradation of the state. Continuing he said: "Let me say that a sense of shame and indignation should come to every right minded man or woman in New Jersey because of the prize fight which is arranged in Hudson county, apparently with the consent and approval of the state and county officials."

THE CITY BASEBALL LEAGUE ORGANIZED

The executive of the City League held a meeting last evening and elected officers for the season. Frank White was elected president and T. L. McGovern vice-president. The executive appointed G. Seesley secretary-treasurer. It was decided last night to form an arbitration board to which all disputes during the season will be referred. The members appointed to the board are H. C. Olive, J. Doherty and J. Malouin. It was announced that the league would open on May 24 with a game between St. Peter's and the Commercial. There will be four games each week, two on the East End grounds. The schedule will conclude about the second week in August. No announcement was made last night concerning the line-up of the various teams, although it was decided to bar any person from playing on any team who was not a resident of the city one month prior to the opening of the baseball season.

SOME PROGRESS IN NEGOTIATIONS

The directors of the New Brunswick Power Company and the representatives of the employees' union met last evening to discuss the various questions of dispute which has arisen between them. Both parties refused last night to give any information for publication, although they admitted that some headway had been made towards reaching a final settlement. Another meeting is to be held between these parties in the near future.
