BLAME WOMEN FOR THIS, TOO

Historic Breadall Church Destroyed by Fire

BUILT IN NORMAN TIMES

Priceless Relics Consumed in The Fire—Women's Organization Deny Responsibility For Incident at Buckingham Palace

Derby, Eng. June 5.—The ancient and historic church at Breadall, dating back to Norman times and containing many priceless relics, was destroyed by fire during the night. While no direct evidence was obtainable...

Among the things consumed by the flames was an ancient chained Bible which was unique in Derbyshire, while monuments to Erasmus Darwin, poet and grandfather of Charles Darwin, famous naturalist, and other Derbyshire notables were ruined.

London, June 5.—Officials of the Women's Social and Political Union, a militant suffragette organization, deny responsibility for the incident at Buckingham Palace last night, when a woman interrupted the king's feet and shouting, "Your Majesty, for God's sake don't use force."

London, June 5.—John E. Redmond, leader of the Irish Nationalists, today declined a request by Irish suffragists that he receive a deputation on the subject of inclusion of women on the franchise for the Irish parliament.

London, June 5.—In consequence of the militant attacks, churches in many parts of the country are being closed except for the Sunday services.

London, June 5.—The Kaiser will be present at the launching of the newest Hamburg American liner on June 9. The vessel, which will be several tons longer than the Vaterland, will be called the Bismarck.

Peterborough, Ont. June 5.—When Edward Heald arrived home yesterday he heard moans in the cellar and found his wife lying on the floor, clasping in both hands a live electric wire.

Frederickton, N. B. June 5.—(Special)—The closing exercises of the Normal school took place this morning. The governor-general's silver and bronze medals were presented to Harry C. Rickard, principal of the Normal School in Campbell, Alberta.

Quebec, Que. June 5.—H. M. S. Essex is to leave some time today for Father Point, where her divers will attempt an inspection of wreck of Empire of Ireland.

Her diving appliances do away with the air conducting pipes, and the cables enable her to penetrate in caves, through sub-marine growths and even through corridors of sunken vessels.

The Times has received a letter from William Oliver, who speaks in glowing terms of praise and gratitude concerning the treatment accorded him in the General Hospital, where he was confined for some time, owing to injuries to his arm, sustained while discharging his duties as a soldier.

Many people in St. John heard with regret of the loss of Mrs. H. Holloway, of Quebec, in the Empress disaster. Mrs. Holloway is survived by a son, whose wife is a daughter of Mrs. Mont. McDonald of this city, and she was well known to many local people.

THREE AUTOMOBILE CASES GONE INTO BEFORE MAGISTRATE

Doctor and Policeman Interested in One and it is Adjoined For More Evidence

Two reports against automobile drivers, charging them with disregarding the traffic law were heard in the police court today and the magistrate emphasized the law that the public should be warned of the approach of such vehicles.

This statement was made by the magistrate in dealing with a report made by Policeman Gibbs against Dr. F. H. Neve. The report said that the doctor had stopped his car at a street crossing in Water street a few nights ago, also that the doctor did not sound his horn when he should have and that there was no number on the car.

Dr. Neve said he stopped at a crossing but that it was then after ten o'clock and very few people were in the streets. He said that Policeman Gibbs in a very stern voice ordered him to "move back out of that," and at the same time Gibbs was leaning against the fery building talking to another man.

On Wednesday, June 3, a very pretty wedding was solemnized at the home of Mrs. and Mrs. Nicholas, 100 King street, Fredericton, when their niece, Miss Ethel L. Marden, was united in marriage to Harry W. Seely of St. John, by Rev. F. E. Wilson.

On Wednesday, June 3, a very pretty wedding was solemnized at the home of Mrs. and Mrs. Nicholas, 100 King street, Fredericton, when their niece, Miss Ethel L. Marden, was united in marriage to Harry W. Seely of St. John, by Rev. F. E. Wilson.

London, June 5.—Six thousand sovereigns, representing approximately \$30,000, the largest stock of gold ever deposited to insure a gold light, were being in the office of the Sportman this morning in connection with an approaching contest between "Jack" Johnson and "Sam" Langford, the two colored heavyweights.

Edward Thompson, charged with stealing from the Dominion Express Company was brought into court this morning and more evidence was taken. E. S. Ritchie has been engaged as counsel for Thompson. Detective Killen told of making the arrest. Richard Parker, manager for Wood Brothers, was called. He swore that he was expecting a remittance from a firm in Springfield, N. S., but he had not received it.

Allen Gundry, jeweler, said that in February last he sent two watches to E. G. Beck, of Toronto, valued at \$50 and \$25 each, also three watches to A. Wiltshire & Company, Montreal, of their value at \$85, and the other at \$80.50. He had been notified that these parcels had not reached their destination and he had been refunded for them by the express company.

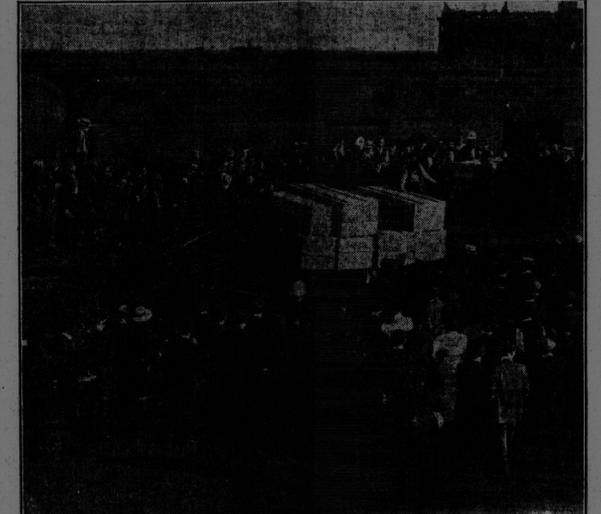

Edward Kyle, driver for the company, said he had delivered the parcels to Thompson at the depot. George McLennan and Morris Doherty of the depot office were also examined. The prisoner had no questions to ask the witnesses and the case was adjourned until this afternoon.

The offence in this case was secured by the investigations of T. B. Skidmore, a C. P. R. detective. E. C. Weyman is conducting the prosecution.

A farm house on the Black River road, owned by Mr. Dempster of this city, was destroyed by fire with all its contents. Mr. Dempster was working in the city, but his wife and children were at the farm, and, as there were no neighbors near, were forced to spend the night in the barn.

The fire swept quite a large extent of territory and threatened the southern end of the Loch Lomond district until checked by the rain and efforts of the firemen.

Bodies of Empress Victims Arriving at Toronto

At the Union Station, Toronto; arrival of the first bodies of the Empress of Ireland victims. There were fifteen coffins which were removed to black draped trucks in the presence of an awe-stricken silent crowd.

JUNE WEDDINGS

Marden-Dunham.

The wedding of John T. Marden to Ethel L., daughter of Mr. and Mrs. George Dunham, 940 Haymarket Square, took place on Wednesday, June 3, at the home of the bride's parents, Rev. Archdeacon Raymond officiating, in the presence of the immediate relatives. Many presents were received, among them being a Morris chair and silver scoldip dish from the fellow employees of the bridegroom in the L. C. R. and C. P. R. terminals.

Seely-Vanstone.

On Wednesday, June 3, a very pretty wedding was solemnized at the home of Mrs. and Mrs. Nicholas, 100 King street, Fredericton, when their niece, Miss Ethel L. Marden, was united in marriage to Harry W. Seely of St. John, by Rev. F. E. Wilson.

Friends from St. John, McAdam, Gibson and Maryville were present at the ceremony. After a dainty wedding supper, Mr. and Mrs. Seely left for a trip through the maritime provinces, followed by the wives of many friends for a long and happy married life.

Ferris-Fage

A very pretty wedding took place at Hastings Methodist church on Wednesday afternoon, June 3rd, when Mary Ferris, eldest daughter of Mr. and Mrs. J. A. Fage, was united in marriage to Carroll V. Ferris, of St. John. The wedding ceremony was performed by Rev. A. Hart, pastor of the church. At four o'clock the bride entered the church, leaning on the arm of her father, in a white silk, made charming flower girl. Little Miss Frances and Elsie Ivory, cousins of the bride, in white silk, made charming flower girls.

Many beautiful and costly gifts were received by both bride and groom. The office staff of Fleming's Foundry, where the groom is time-keeper, presented him a substantial check. The groom's present to the bride was a sunburst of pearls.

EARLY SATURDAY COURT

Magistrate Ritchie announced from the bench this morning that while the newspapers publish at noon on Saturdays during the summer months, he would open court at nine o'clock sharp on that day and asked that all the policemen and others interested in the court proceedings should arrange to meet at that hour. The reporters are present at the court for this court.

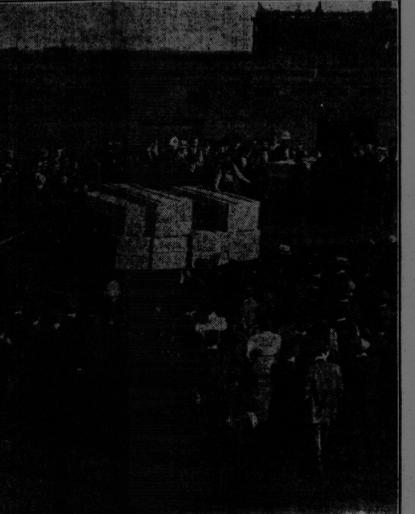

THE GOVERNMENT

The provincial government devoted considerable time to the consideration of routine business this morning and will continue with their schedule this afternoon. During the afternoon they will sit at the commissioners of the provincial hospital also. The members hope to complete the business before this afternoon or this evening, but it is possible that they may have to adjourn until tomorrow.

MAY PUT IN ELECTRIC LIGHTS

At the monthly meeting of the board of directors of the Home for Incubates last evening the question of installing electric lighting was discussed. As this is rather expensive because of the size of the home, the matter was placed in the hands of a committee to report at the next meeting.

Several Volcanoes Active at One Time; Island of Sanguir Overwhelmed

At the Union Station, Toronto; arrival of the first bodies of the Empress of Ireland victims. There were fifteen coffins which were removed to black draped trucks in the presence of an awe-stricken silent crowd.

Batavia, Java, June 5.—A most violent eruption of several volcanoes occurred today on the Dutch island of Sanguir, 140 miles direct south of Manado, in the Philippines.

Streams of lava poured down the sides of the mountains, overwhelming the woods and coral plantations. At the same time a heavy rain of stones and ashes from various craters fell over the whole island.

Official reports do not mention loss of life, but register destruction of 100 houses.

It is possible that His Royal Highness the Duke of Connaught, Governor-General of Canada, will visit New Brunswick during the first half of July, and officiate at the formal opening of the Jordan Memorial Sanitarium at River Glade, Albert county, the provincial institution for tubercular patients.

A delegation consisting of Dr. David Townsend, superintendent of the sanitarium, Dr. A. F. McAvaney, of the sanitarium commission, and W. C. Crisshank, private secretary to the duke, waited upon the provincial government this morning to ask what provision would be made for the entertainment of the governor-general in the event of his being able to be present at the opening. It is not yet certain that His Royal Highness will be able to attend, but it is hoped that he will, and the date for the opening is being left open to suit his convenience.

A committee was appointed to deal with the matter.

HEAVY PAY DAY AT CITY HALL

More than \$18,000 was paid out in salaries and wages at city hall today, two pay days coming together. The official pay roll was made up as follows: Market ... \$ 790.95; Official ... 1,622.90; Sunday ... 1,092.50; Fire and salvage ... 1,896.66; Police ... 573.00; Total ... \$6,588.87.

The laborers' pay roll was charged to the various departments as follows: Ferry ... \$ 821.98; Water and sewerage ... 2,711.49; Public works ... 2,647.99; Total ... \$6,181.46.

PASSENGERS ALL SAFELY ASHORE

New London, Conn., June 5.—The fifteen passengers from the Eastern Line steamer Northland, bound from New York for Portland, Me., which went ashore on Bartlett's Reef late last night, were safely landed. There is no immediate danger to the steamer.

Word was received in the city this morning telling that the Steamer Premier, formerly on the Kennebec route, has been condemned at Digby, and her machinery removed and shipped to the owners at Chatham. The Premier, in tow of the steamer Bear River, left here on May 28 for the Miramichi, and experienced bad weather in the Bay.

It was not, however, until he found himself in opposition, with real fighting to be done, that Mr. Pugsley displayed those qualities which have made him the terror of the opposing party, and the idol of his own. His was the surpassing ability, his the courage, his the endurance, his the indomitable fighting spirit that maintained the long aggressive struggle against the passage of the Naval Aid bill last session. For seventy-two hours in one stretch he remained in, or within instant call of the Commons chamber, guiding the opposition attack Every weapon of Parliamentary usage, everything that human ingenuity could devise to block the passage of the bill, Mr. Pugsley brought into play.

One morning about two o'clock Premier Borden dug up a precedent from a musty volume on parliamentary procedure, and raised a point of order, which, if sustained by the Speaker, would have overruled all opposition then. (Continued on page 4, fourth column)

DISPUTE OVER PROPERTY

Real Estate Co. Brings Action Against J. Roderick & Son

The case of the St. John Real Estate Company Limited vs. J. Roderick & Son came up this morning before Mr. Justice White in the Chancery Division. The plaintiff claims a right of way over the defendant's property in Canterbury street extension by prescription by more than twenty years user. The contention of the plaintiff is that for twenty to thirty years the occupants of the property in British street now in the possession of the plaintiff have by user acquired, right of way from Canterbury street extension to their yard over a strip of land seven or eight feet wide purchased last summer by the defendants, immediately after acquiring this strip of land the defendants, it is alleged, piled shingles up against the windows of the plaintiff's property shutting out light, and built a fence preventing access to the yard of the plaintiff's property.

The defendant denied the plaintiff's right of way, and also their title to the adjoining lands in their possession. The case came up for trial this morning but G. H. V. Belyea, in behalf of the defendants, took objection that one of the deeds served on him in proof of the plaintiff's title did not contain a copy of the certificate of the registrar of deeds attached to the original, and that the certificate of registration of a will in proof of the plaintiff's title was signed by the deputy registrar instead of the registrar. These objections having been made the case was set over to come up for trial on July 28. Mr. G. Toed, K. C., appeared with L. P. D. Tilley, K. C., for the plaintiff.

Big Aquitania Has Reached New York; Made 602 Miles in Day

New York, June 5.—The Aquitania, the new liner of the Cunard Company, and the largest ship afloat under the British flag, arrived at quarantine early today on her maiden voyage to this port. For twenty-four hours up to noon yesterday she covered 629 nautical miles. The Aquitania docked without mishap. She made the passage in five days, seventeen hours and forty-three minutes, over a course of 3,181 miles.

The passenger list was somewhat reduced by news of the sinking of the Empress of Ireland. Many persons cancelled bookings. The Aquitania is the third largest ship in the world, the Vaterland, with 350 feet, holds first place, and the Imperator, with 319 feet is second.

Berlin, June 5.—The Kaiser will be present at the launching of the newest Hamburg American liner on June 9. The vessel, which will be several tons longer than the Vaterland, will be called the Bismarck.

A committee was appointed to deal with the matter.

Peterborough, Ont. June 5.—When Edward Heald arrived home yesterday he heard moans in the cellar and found his wife lying on the floor, clasping in both hands a live electric wire.

Frederickton Notes

Frederickton, N. B. June 5.—(Special)—The closing exercises of the Normal school took place this morning. The governor-general's silver and bronze medals were presented to Harry C. Rickard, principal of the Normal School in Campbell, Alberta. Rev. Dr. Campbell spoke eloquently on nationality and its connection with the teaching profession.

There was a heavy rainfall last night, and today it is very cold.

A meeting of citizens interested in golf was held last evening and appointed a committee to look up suitable grounds for a club house. The kitchen property above the city has been suggested.

Premier Condemned

Word was received in the city this morning telling that the Steamer Premier, formerly on the Kennebec route, has been condemned at Digby, and her machinery removed and shipped to the owners at Chatham. The Premier, in tow of the steamer Bear River, left here on May 28 for the Miramichi, and experienced bad weather in the Bay.

WORDS OF PRAISE

The Times has received a letter from William Oliver, who speaks in glowing terms of praise and gratitude concerning the treatment accorded him in the General Hospital, where he was confined for some time, owing to injuries to his arm, sustained while discharging his duties as a soldier.

GLAD TO SEE HER

The steamer Elaine arrived at Indian-town yesterday afternoon after her first round trip to Chatham. On her upward trip she was filled with a record cargo and brought a good freight to the city on her return. The Elaine was in command of Captain Weston and was given enthusiastic reception along the route. At Chatham, the residents turned out in force and started a bonfire as a welcome.

MANY HERE REGRET

Many people in St. John heard with regret of the loss of Mrs. H. Holloway, of Quebec, in the Empress disaster. Mrs. Holloway is survived by a son, whose wife is a daughter of Mrs. Mont. McDonald of this city, and she was well known to many local people.

An unusually smart dress that can be made at small cost from one of the new French cotton crepes, trimmed with lace and satin.

This unusually dainty summer frock for misses and small women is carried out in one of the inexpensive French cotton crepes that can be bought for as little as 25 cents a yard. They come in floral printed effects and are really rich looking, trimmed with a little good lace and a girlish of satin.

To make this design requires 5 yards of 36-inch material, with 2 yards of 36-inch lining for underbody, 1/2 yard all-over net and 3 yards of 12-inch ribbon for the belt.
The material has been cut out and the lining put together, both of which are shown in the illustration.

MARINE NOTES
The Bray Head, which arrived at Montreal Tuesday from this port, met with an accident on Monday evening, running down and striking a barge at Quebec. The barge was moored in the fairway, and though the Bray Head had practically no way on her at the time she crashed into the stern of the barge, which rapidly filled and sank. There were two men in her at the time, and these were picked up by a pilot boat, H. M. S. Essex assisting in the rescue by turning her searchlights upon the scene of the accident. The Head line steamer sustained no damage.
Furness liner Rappahannock arrived at Halifax yesterday at 6 a. m. en route here with London cargo.
Tug Nereid cleared yesterday for Tynemouth Creek to tow out the schooner Ravola, which is ready for sea, lumber laden.
Schooners Margaret May Riley and Oronimo were towed through the Falls last night from Indiantown, lumber laden.
Pat steamer Brunswick, which was damaged several weeks ago and laid up

for repairs, is now in service and arrived last night from Margareville.
Steamship Spilsby, Captain Goldsworthy, steamed yesterday from Grindstone Island for Manchester, with a cargo of deals.
The Royal Edward, which collided with an iceberg on her last eastbound voyage, is now in drydock at Bristol. Her next scheduled sailing from Bristol has been cancelled, and she will not leave that port until the first of next month, sailing again from Montreal on July 11.

DELEGATIONS HEARD BY GOVERNMENT. At the meeting of the provincial government yesterday delegations appeared urging different matters and the programme scheduled had to be deferred until today. A delegation from Carleton County, composed of B. F. Smith, Dr. E. N. Brown, and G. L. White, M. P. P., asked that the government decide upon the Antworth and Greenfield route between Centreville and Andover for the Valley Railway. A. R. Gould, president, and Ross Thompson, secretary of the St. John & Quebec Railway, appeared to urge the Royalton route. The government promised favorable consideration to W. F. Humphrey, P. G. Mahony, O. M. Melanson and R. O'Leary, who asked use privilege of removing oysters from the upper Richibucto to be used for seed purposes along the Westmorland county shores. Consideration was also promised J. H. Brown and G. L. Warwick in behalf of the School for the Deaf at Lancaster, who asked for an increased grant. The government told a delegation, composed of T. B. Carson, H. M. Hopper and J. K. Kelley, K. C., that the matter of an obstruction of which they complained in the route of the proposed extension of the car lines to East St. John would have to be dealt with under the Highway Act. RECENT DEATHS. A well known resident of St. John, who had formerly been in business here for about twenty-five years, passed away yesterday at his home in Richmond street, in the person of Philip O'Neill. He had attained the ripe age of 71. For a number of years he had been in the iron trade and had one time charge of the Londonderry (N. S.) Iron Works. Later he came to St. John and had businesses in Mill and Water streets. He retired about three years ago, and had since lived here. There is one son, Frank, and one daughter, Miss Catherine, both at home; a brother, James, and two sisters, Mrs. M. J. Gray and Mrs. McBride, all of St. John. The funeral will take place on Saturday, when requiem mass will be celebrated at 8 o'clock at the Cathedral.

RECENT WEDDINGS. A quiet wedding took place yesterday afternoon at the residence of Mr. and Mrs. E. W. McCready, King street east, when Dr. A. B. Teakins, of Sussex, and Miss Agnes H. Morton, of Penobscot, were united in marriage. Rev. J. H. A. Anderson, of St. John's Presbyterian church, was the officiating clergyman. The principals were unattended. They left for the American train last evening for New York and other cities, and on their return will reside in Sussex. Both are well known and highly esteemed in Kings county and in this city, and have a host of friends who will congratulate them warmly and wish them much happiness. The wedding took place yesterday at Smithtown of Hughson Elias Wetmore, of Jamaica Plains, Boston, to Miss Lulu Bell, youngest daughter of the late Joseph and Mrs. Bell, Smithtown, Kings county. The bridegroom is employed at the Empire garage, St. John, and is a son of Mr. and Mrs. T. H. Z. Wetmore. Rev. Mr. Fenwick, of Hampton, officiated. Mr. and Mrs. Wetmore will live at Model Farm.

The Government and The Farmers' Bank Depositors (BY H. M. P. ECKARDT, IN THE LONDON, ENGLAND, CANADIAN NEWS)

In connection with Canada's last bank failure—which occurred a little more than three years ago—a peculiar and interesting situation has arisen. Since the federation in 1867 some twenty-four Canadian banks have gone into liquidation. Reliable information as to how the shareholders of such banks as failed prior to 1893 fared is not available, but in cases of all banks failing since 1893 the shareholders received nothing. In a number of cases they were called upon to contribute additional funds under the double liability clause of the bank act; but in no case did the shareholders of the insolvent institutions receive back any portion of their original investment. Throughout the whole period of thirty-seven years since the dominion of the Bank Act, but in no case did the shareholders of the insolvent institutions receive back any portion of their original investment. THE STANDARDS HOPELESS TASK

Are Senators Thorne and Daniel, Mr. D. F. Pidgeon, Mr. J. B. M. Baxter and other leading Conservatives to be disciplined by Mr. Hazen and the Standard?

It was Senator Thorne who moved, seconded by Senator Daniel, the resolution adopted by a great mass meeting in the York Theatre last October protesting against the Guelish agreement and concluding as follows:

"That the Hon. J. D. Hazen be requested to exert every possible effort to obtain justice for the port of St. John."

It was Mr. D. F. Pidgeon who moved another strong resolution concluding as follows:

"Failing a successful result he (Mr. Hazen) be requested to tender his resignation as a member of the government."

This clause of the resolution was withdrawn, as it was suggested that it would be more gracious to permit Mr. Hazen to resign voluntarily.

Mr. Hazen, however, did not get the justice for St. John demanded by Senators Thorne and Daniel, nor did he resign as suggested by Mr. Pidgeon.

Mr. J. B. M. Baxter, supporting the resolution, made a very significant statement which was loudly applauded by the Conservatives in the audience. He said:

"We are all united on the question of the Empress sailings, and we may safely assume that that question will settle itself. It must, or there will be a mighty big split in the Conservative party in the maritime provinces."

The split came all right, for the Empress went to Halifax; and the Standard is now trying to drag those members of its party who still hold the views so forcibly expressed by Messrs. Thorne, Daniel, Pidgeon and Baxter last October back into the ranks again.

The Standard will fall. What those leading Conservatives said last October is as applicable to the situation now as it was then.

CONCERNING MR. GUTELIUS

The Moncton Transcript sees serious objection to the appointment of Mr. Gutelius as commissioner in charge of all government railways.

The Winnipeg Telegram, which is a Conservative newspaper, denounces the C. P. R. for sending out a despatch denying the truth of the first reports of heavy loss of life on the Empress of Ireland, and declaring that all were saved.

The Telegram describes it as "wantonly cruel deception," and calls for an investigation, "to determine responsibility for this wicked deception practiced in the name of the Canadian Pacific Railway."

At the Presbyterian general assembly yesterday strong appeals were made for more men and money for home work.

If church union were made effective in the older provinces a number of denominations would have more men to meet the growing demand of the west. While it is said that there is great need for church workers in new settlements in the west, there are villages scattered throughout Eastern Canada, each of which as a rule has one or two or perhaps three churches too many.

In Pennsylvania one day recently ten thousand men turned out to spend the day in road work. We are told that in two Maine towns recently hundreds of residents turned out to do similar work.

A movement of this kind will have a doubly good effect. It will not only improve the roads to the extent of the labor done on them, but it will arouse a determination on the part of those who participate to have all road money expended, and it is but too obvious that a large amount of money ordinarily spent on the roads is wasted.

In view of the attacks that are made by the St. John Standard upon Hon. William Pugsley it is worth while to present, as The Times does today, the opinion of an Ottawa newspaper. That journal describes Dr. Pugsley as a man who is "all for St. John."

The people of this city do not need to be told that this is a correct description of Dr. Pugsley. Only yesterday he was pleading in the house for a better suburban service on the Intercolonial Railway and out of St. John. His attitude toward St. John is in striking contrast to that of the minister who practically told his constituents that the Gutelius agreement was good enough for them.

The mayor of Montreal has procured a sword. This should suggest to the St. John city council an opportunity to dispose of the famous mayor's robe at a good price, in this time of civic financial stringency.

The weather has certainly been playing strange pranks of late. Overcoats were worn yesterday and this morning. However, the rain of yesterday and last night did so much good that any accompanying discomfort may be cheerfully endured.

Those who wish to have an unbiased and fair understanding of the Farmers' Bank matter should read the article in today's Times contributed by Mr. H. M. P. Eckardt to the Canadian News of London. Mr. Eckardt is recognized both in Canada and London as one of the ablest financial authorities in this country.

A court in Japan has found that certain high officials of the navy accepted bribes in connection with contracts awarded to the Vickers Company for the construction of a battleship. If the armament makers and builders of battleships are prepared to give large bribes in order to secure contracts, why should they hesitate at a little expenditure to develop war-secrecy and a greater demand for battleships and armaments?

The second step in the organization of a community council for St. John was taken last evening. The movement is one which should appeal to the citizens the more strongly because it disregards race, creed and class distinctions, in an effort to unite the citizens for effective welfare work, such as can only be carried on successfully by the development of the true community spirit.

JUNE CANADA MONTHLY. In view of Sir William Whyte's recent death, the article on him which appears in June Canada's Monthly is perhaps the most noteworthy thing in the issue, although "The Weight of a New Broom" by A. V. Thomas strikes a new and vital note in the modern campaign of social service.

"The Silver King," the play which made Sir Henry Arthur Jones' first success, is reprinted in this issue, being revived in London to celebrate his knighting by King George—and is retold by his son, Laetion Arthur Jones, who has been making successful experiments in the Winnipeg journalistic field.

"On the Wings of the Swallow," a story of aviation and golf by Frederick Palmer, another misadventure of "Spinal Magnum," and "The Masked Cavalier," and other short stories appear in this issue, as do "The 'Klax' Apartment," "The Pedlar's Pack," Madge Macbeth's novelette, "Concerning Greis Green," and "The Woman of 'It'" is continued.

"ALL FOR ST. JOHN" (Continued from page 1) and there. There was dismay written plainly upon the faces of the Liberals when the Premier had made the point.

Rescue. Sir Wilfrid Laurier had gone home; Mr. Pugsley was not in the chamber, and no one else seemed to understand what the question really meant. A messenger was rushed for Pugsley, who was sleeping on a lounge in one of the Liberal rooms. Some one got up to kill time till he arrived, but in less than two minutes the member for St. John walked into the House, the personification of coolness and urbanity. Confidence was immediately restored among the Opposition. "Will my right honorable friend be so good as to send me his authority for the extraordinary point which he has raised?" asked Mr. Pugsley, in his softest tones. The big volume was sent across the floor, and for a minute or two the great lawyer was lost between its pages.

The next moment and he was upon his feet smiling. He had found the weakness in Mr. Borden's armor, and with unerring aim he pierced it. A long legal duel followed, but in the end, the Prime Minister, great lawyer, that he, realized that his attack had been repulsed. Resourceful Pugsley had saved his party again. Was it any wonder that the Liberals in caucus next day gave him a demonstration of affection such as is rarely bestowed upon a fighter in the ranks?

All for St. John. Mr. Pugsley sits in parliament for St. John, N. B. Follow his remarks in the House of Commons for ever so short a time, and you will get to know it. No member can insinuate a compliment for the people of St. John or the harbor of St. John, in a voice too low for Mr. Pugsley to hear it, and to say "hear, hear."

The harbor of St. John, the streets of St. John, the streets of St. John, the streets of St. John, the houses of St. John—all these things, according to Mr. Pugsley are very best.

I also have lots for sale. Call me up for any information you want.

The drawing room in which the ceremony was celebrated was transformed into a charming floral bower with June blossoms, hydrangeas, palms and ferns.

The bride, who was given away by her father, looked particularly lovely in a beautiful wedding dress of satin charmeuse draped with crepe de chine and trimmed with real lace.

The bridegroom's present to the bride was a diamond and emerald ring; to the flower girl, a pearl pin; to Miss Claire Strickland, a set of pearl pins.

Among the presents received by the bride and groom were: W. C. Bauld, check; W. H. Stevens, a check.

Mr. and Mrs. Stevens left on the 4:45 train on a wedding trip which will be spent in Boston and New York.

The bride's going away costume was a tall, old suit of taupe cloth and small Alice blue hat, trimmed with blue and rose tulle.

Upon their return a few weeks hence, the bride will receive at her new home in Dartmouth after which they will leave for Masquodibou to spend the summer.

STRIVE NOW TO CONTROL DISEASE

Large Movement For The Reporting of Cases

INSURANCE PRESIDENTS

Life Insurance Statistician Lay Matter Before Them in New York and Gives Reasons and Probable Results

New York, June 5—On the ground that illness in this country is causing huge economic losses, mounting every year into hundreds of millions of dollars, the Association of Life Insurance Presidents was urged today to aid in a movement for a comprehensive system of reporting cases of sickness through out the different states, as deaths are now reported. It was declared that much of the illness of today is needless and that the first step in prevention must be accurate knowledge as to the occurrence of sickness. The recommendation was made by Dr. Louis I. Dublin, life insurance statistician, of this city.

A model law to provide for such reports has been prepared by the conference of state and territorial health authorities in conjunction with the United States public health service. An effort is being made to interest large business and industrial concerns in the movement, principally on the ground of the resulting economic benefits. Besides, it is pointed out that any reduction of economic loss will, without additional effort on expense, bring concurrently a vast reduction in social loss, including physical suffering, dependency, lack of education and training and other results of illness that lower the standard of family and community life.

Too Much Sickness

"The life saving campaigns of the last few decades have borne fruit," said Dr. Dublin in his recommendation. "The death rate has been lowered and the average span of life correspondingly lengthened. Deaths from certain causes, especially from typhoid fever, smallpox, the infectious diseases of childhood, and tuberculosis have been reduced. The amount of sickness, on the other hand, has not been controlled to any appreciable degree. There is still too much sickness among us. Indeed, there are those who, with some authority, maintain that illness has actually increased in spite of all the saving in mortality. The next twenty years must, therefore, see our activities in health work directed especially to the control of disease. If we have already cut down our death rates, "the basis for any campaign against sickness must be accurate knowledge of its prevalence. Just as the reduction of mortality is furthered by a complete registration of deaths and their causes, so our efforts to reduce the frequency of disease depend upon machinery for reporting cases of sickness, and their duration, for each group in the community. For this purpose, it is insufficient to know, as we do now, the number who have died from any particular cause. We must be able to place our emphasis upon the cases of sickness themselves. They are socially more important than deaths and our programs must more and more prevent their occurrence and effect their control. The state must, therefore, in the first instance, see that all preventable diseases are recorded that we may lay our foundation for efficient sanitary administration.

"Health departments have long realized the importance of registering disease. At first they required the reporting of the plagues such as smallpox, yellow fever, cholera, and later, the list was extended to include the acute infectious, especially those of childhood, like diphtheria, scarlet fever, measles. With the development of the germ theory of disease, the reporting of tuberculosis was included; first on a voluntary, and later on a compulsory basis. Finally in some of the more advanced states, certain non-infectious diseases, such as cancer, were included.

"In one large series of cases, 65 per cent of the total were cancers of the stomach, a condition not previously noted in any other country. If these figures be verified, a careful research may lead to the discovery and elimination of the conditions which are responsible for the prevalence of this form of the disease. In like manner, there is evidence that cancer may result from certain occupations which involve the continuous irritation of the skin or other exposed parts of the body. Thus, there are the peculiar cancers of chimney sweeps, of X-ray workers, and of those engaged in the manufacture of arsenical products. The application of preventive measures to those trades should have a beneficial effect. Our advance in the control of cancer, therefore, depends in large measure upon the co-operation of the physician, the registrar and the vital statistician.

"Fifth—The registration of the preventable diseases, in furtherance, the chief test at our disposal for measuring the efficiency of community control over them. Millions of dollars are being expended annually in our campaigns to check their progress. There is, however, a considerable difference of opinion, even among experts, as to the best methods to pursue, and the several communities are applying their appropriations in different ways.

As Affecting Companies

"It is particularly appropriate that the life insurance companies should be among the first to take a forward step in the solution of the problem for controlling the preventable diseases. They are most seriously affected through the occurrence of illness among their policyholders. Not only are the diseases, to which we have referred, the cause of a

large part of the mortality for which claims are paid, but perhaps equally important, they are the prime factors in bringing about those economic disturbances of the budgets of policyholders which largely determine the cancellation of insurance. No one knows just how much of the lapse waste is due to sickness, but there must be a considerable amount of insurance cancelled each

year because of the effects of disability upon the family income. With the more complete control of morbidity which would follow upon the enactment of the measure suggested, our insurance business and hosts of other social activities would at once show healthy improvement."

W.H. THORNE & CO. LTD. MARKET SQUARE & KING ST.

WAS TROUBLED WITH BOILS AND CARBUNCLES.

There is no more frequent source of illness than that arising from bad blood, for when the blood becomes impure, it is only natural that boils, pimples or some other indication of bad blood should break out of the system.

Boils in themselves are not a dangerous trouble, but still at the same time are very painful, and the only way to get rid of them is to cleanse the blood of the impurities. Cleanse it thoroughly by the use of Burdock Blood Bitters, that old and reliable blood medicine that has been on the market for nearly forty years.

Mr. James Wilds, Plaster Rock, N.B., writes:—"I was greatly troubled, a few years ago, with boils and carbuncles, and the doctor told me I was in a bad condition. My appetite failed me, and I began to lose strength, and was pretty well run down when one of my friends recommended Burdock Blood Bitters. After using three bottles I began to feel like another man. My troubles soon left me, and to-day I can certainly give Burdock Blood Bitters a high recommendation to my friends."

REAL ESTATE REAL ESTATE

REAL ESTATE SNAPS

Recent financial conditions have thrown a number of good business and house properties on the local market for sale at prices that make them very attractive to the careful buyer.

These properties will interest purchasers buying either for use or with a view to selling them later when the market becomes active again.

The list of these properties so far placed in my hands to sell comprises several good business stands; a number of self-contained and two-family residences and one or two suburban properties.

DOAN'S KIDNEY PILLS

Are The Original Pill For The Cure Of Backache, Lame Back, Weak Back Or Any Other Kidney Trouble.

The fact that Doan's Kidney Pills are the original Kidney Pills has not prevented the placing of other preparations in pill form upon the market under the name of Kidney Pills. It is necessary, therefore, that all wishing to secure the curative effects which have made Doan's Kidney Pills so popular everywhere, should see that the trade mark, the Maple Leaf, appears on the wrapper. Without this trade mark you are not getting the genuine Kidney Pills as originally placed before the people by Mr. James Doan, as shown by the following declaration.

DOAN OF CANADA, PROVINCE OF ONTARIO, To Writ: In the matter of Doan's Kidney Pills. I, James Doan, of Kingsville, in the County of Essex, Ontario, do solemnly declare that Doan's Kidney Pills were first manufactured and sold by me on the 14th day of February, A.D., 1885.

And I make this solemn declaration conscientiously believing the same to be true, and knowing the contents of and effect as if made under oath and by virtue of "The Canada Evidence Act."

Declared before me at Kingsville, Ontario, this 27th day of July, A.D., 1906.

MUTT AND JEFF AT OPERA HOUSE DRAW A GREAT AUDIENCE

The Comical Duo and Excellent Company Give Very Pleasing Entertainment.

Our old friends Mutt and Jeff, familiar to every one in St. John through their daily adventures in the Times-Star, appeared in person on the Opera House boards last evening. The popularity of these well known characters was well illustrated by the fact that they drew a crowded house in spite of the pouring rain. The success of their previous appearance assured them a good reception and the production was well worth the patronage it received.

Mutt and Jeff in Panama is a musical comedy with the emphasis on the comedy, for which the leading characters, Earl Redding as Mutt and little Jerry Sullivan as Jeff, are largely responsible. Their make-up is sufficient to put the audience in a good humor and their comedy seemed to appeal to the house. Continued laughter and hearty applause greeted their every appearance and occupied the centre of the stage much of the time.

The story of love, adventure and intrigue involving the theft of American fortification plans is woven into the production and Mutt and Jeff manage to distinguish themselves by the capture of the spy and incidentally win the \$10,000 reward.

The cast includes Charles A. Foreman, as the American spy captain; Harry Hoy, as his lieutenant; Miss May Bouton, the spy; William Koud, her accomplice; Miss Flora Banfant Russell, the lieutenant's sister; Miss Kathryn Sheldon, her spinster aunt; George Ralston as the secret service man; Willbur Fox as the colored handy man.

Miss Russell, Miss Bouton, Mr. Foreman and Mr. Hoy were heard in the principal solos with a catchy little song by Marian Davis. Miss Russell also delighted the audience in a dancing specialty in the second act.

The production is elaborately staged, the costumes, the scenery, the electrical effects and everything else that went to make up the material part of the show being beautiful and effective. Mutt and Jeff will remain until the end of the week.

EVERYTHING NEW AT IMPERIAL

There is an entirely new programme of films and music at Imperial Theatre tonight—a splendid array. Alice Joyce and Tom Moore, Kalem favorites, and who were but recently married, will be seen in a two-part drama entitled Shadows, richly staged and superbly acted. The Biograph Co. will have two of their intangible comedies, the slapdash switchback fun, viz: "While the Band Played," and "Almost An Outing." In addition there is to be an adventure story especially for the Saturday crowds. This is "Red Saunders' Sacrifice," a Lullaby tale of the wild and woolly west with all sorts of excitement in it. Miss LeRoy is singing a Hindoo song today—a veritable innovation, and Signor Pettini, that delightful little number, "To a Portrait."

MONCTON NEWS.

Moncton, N. B., June 5-The death of Mrs. Eliza Flanagan, an I. C. R. pensioner, occurred this morning at the home of her daughter, Mrs. Bridget Tritts, High street. She was eighty-seven years of age. She is survived by two daughters, Mrs. Tetts and Mrs. Andrew Leaman of Moncton. One sister, Mrs. Cribbs, lives in Charlottetown.

There will be a big time at the M. A. A. field here Saturday afternoon when teams representing the St. John High School, Rothery Collegiate school and Aberdeen High School, Moncton, will engage in track and field sports.

Charles C. Dennis, manager of the American Hotel, has gone to Charlottetown, P. E. Island, to assume his new duties as manager of the Victoria Hotel.

MISS HELEN JENKINS

The death of Miss Helen, daughter of Mr. and Mrs. Samuel Jenkins, occurred today at the home of her parents, 274 Millidgeville avenue. She had been in poor health for some time. Miss Jenkins, who was about nineteen years of age, is survived by her parents, three brothers and four sisters. The funeral will be held on Sunday afternoon.

WE APPRECIATE YOUR CUSTOM AND TRY OUR BEST TO RETAIN IT!

We expect every sale we make to lay the foundation for future business.

We want business today—all we can get of it—but we want to build for next week, next month and next year at the same time.

Our idea of the way to do this is to give the best and biggest value to be had, whether you pay \$10 or \$20 for your suit.

That we've succeeded in giving our patrons unusual values is evident.

Just compare our suits with those sold elsewhere—nothing like them anywhere at the same prices. In some stores you will have to pay \$5, or even \$8, or more for the very same quality.

And Now Jeff Knows All About Mediation By "Bud" Fisher

A PARROT CAN SAY "JUST AS GOOD" BUT -- A Parrot Doesn't Know What He Is Talking About

No range of materials for men's garments are quite as good or quite as large as that displayed in the stores of the English and Scotch Woollen Co. No service is quite as comprehensive and no system is as beneficial to the clothes-buying public as our "Mill-to-Man Tailoring Service."

Come and see—that's all we ask you to do—see the materials! We want you men who have always paid \$25 or \$30 for a Suit or Overcoat to come in and see precisely the same materials for \$15. We want you to place your order *Now*. We want you to know just what other men know—that you can actually save \$10 to \$15 every time you place an order with us and get "Good Individual Tailoring at the Price of Non-Individual Readymades."

Come in today, or tomorrow, and see hundreds of the very latest weaves—every pattern new, every web all wool. It makes no difference whether you want checks, mixtures, stripes or blue serges—you can get what you want here.

MADE-TO-MEASURE SUIT UNRESTRICTED CHOICE OF ANY MATERIAL

We are extremely anxious that there should be no error in the public mind as to our "value giving." We cannot press home too strongly the fact of our "Mill-to-Man" plan eliminating all middle profits, which fact—combined with our enormous output of Made-to-Measure garments—enables us to give you \$25 to \$30 values in your \$15, No More, No Less, Suit or Overcoat. It's no 20th Century Miracle—it's purely the result of our method of doing business. The man who says that we cannot make to order a suit or overcoat for \$15—and make it of the very finest imported woolsens and in the very latest style—is like the Parrot—"He doesn't know what he is talking about!"

If you are in anyway a skeptic, come in, and we will prove every word we have said in any advertisement that ever appeared over our signature.

Trades and Labor Council. At the business meeting of the Trades and Labor Council last night the committee appointed to act in connection with the formation of a community

council reported upon their proceedings and it was decided that the same committee should continue to act in the matter. Consideration of the report of the committee in charge of the recent fair

was, in the absence of the president, deferred until the next meeting. The secretary reported that he had received a communication from H. H. Melanson, general passenger agent of the I. C. R.,

stating that instructions had been given to the effect that No. 15 train should stop at Robb's, daily, to pick up passengers for St. John and points west, so as to enable workmen and others to reach the city.

TIMBER LANDS CHARGES TO BE HEARD JUNE 6

Valley Railway Inquiry One Week Later—Sessions at St. John and Fredericton—Royal Commission Meets and Arranges For Investigations

At the first session of the royal commission to investigate the Dugal charges against Premier Fleming and members of his government, held yesterday afternoon, it was decided that the timber lands investigation should open on Tuesday, June 16, and the Valley Railway inquiry one week later.

In addition to the counsel mentioned yesterday, T. J. Carter, K. C., of Antigonish, and J. A. Barry, of St. John, were associated with M. G. Teed, K. C., for Premier Fleming, and P. A. Guthrie of Fredericton appeared for the Quebec and St. John Railway Company. Thomas McCullough was present as the official reporter.

After the preliminary proceedings the arrangements for the hearings were discussed. Mr. Carvell said that he was ready to proceed with the timber lands charges and as these were special charges made they should be taken up first. Mr. Teed announced that the railway charges should be dealt with first, as the government was anxious to know the result. He intimated that if the charges were correct the government would cancel the company's contract. It was decided that the timber charges should be dealt with first, commencing June 16, and as they would only take a few days, the railway charges would be heard one week later.

Mr. Teed asked for the names of the lessees from whom money had been extorted and the amounts paid. Mr. Carvell promised to supply the information.

Mr. Teed then asked for details of the charges regarding the railway matters, but Mr. Carvell protested that this should be brought out in evidence and if given now might make it difficult for him to secure his witnesses. The commission will decide on the request at the next meeting.

Mr. Carvell explained that the object of the railway inquiry was not to throw mud at any one but to learn whether the money had been properly spent. Dugal charged that the company had received \$28,000 per mile, enough to complete construction, but that they still owed their contractors \$200,000 and it would take \$800,000 to complete the work. This \$800,000 was unaccounted for. He intended to prove this and if they could go farther and show who had secured the money, so much the better. Specific charges had been made that James H. Corbett & Sons had paid \$10,000 to Premier Fleming and that Scott & Kelly had paid \$1,500 to Hon. H. F. McLeod.

There was some discussion regarding the place where the commission would sit and while it was intimated that the sessions would be held in St. John and some sessions might be held in Fredericton, no definite decision was announced except that the next meeting will be here.

MORNING NEWS OVER THE WIRES

Captain Bartlett, of the sunken Arctic steamer Kadak, who is now at St. Michael, Alaska, having made his way from Wrangell Island to the Siberian coast, says his marooned shipmates on that island have provisions sufficient to last until relief comes.

Mrs. Jennie May Eaton, acquitted at Plymouth, Mass., last October, on a charge of murdering her husband, yesterday in Washington was married to D. H. Ainsworth, from whom she had been divorced before marrying Admiral Eaton.

Sir Arthur Conan Doyle gave an address yesterday in Montreal before the Canadian Club on "Literature and the Literary Life."

Despite precautions, at Buckingham Palace last evening, when the king and queen held court, a suffragette in court dress gained an entrance, and made a sensation by dropping on her knees before the king and shouting a suffrage appeal. She was forcibly removed.

Mrs. C. F. Sanford, of St. John, was chosen president of the Women's Society of the N. B. and P. E. Methodist churches at Charlottetown, P. E. Island, yesterday. Mrs. E. C. Hickson was selected as district organizer for St. John.

With a grieving father and mother in attendance, and sorrowing brothers and sister, the burial services of Adjutant Everett DeBow were conducted yesterday at Forest Glen some few miles from Petticoise, while a host of friends showing sympathy, were present. Staff Captain Coombs of St. John conducted the services, which were made as short as possible owing to the father of the deceased being attacked with heart trouble at the grave.

COMMUNITY COUNCIL TAKES STEP AHEAD

Provisional Officers and Executive Named—Further Plans

The committee which was appointed at a recent meeting in the high school assembly hall to nominate provisional officers and executive for the new community council met last evening in the board of trade rooms. A. H. Wetmore presided. The method of forming the council and the nature of its work for social welfare were discussed at considerable length by many speakers, and it was felt that every organization of any importance in the city should be represented by a delegate to the council, so that its work might have the support of the citizens at large, and the measures and movements promoted by it brought more quickly to a successful issue.

It was felt also that while the council was in process of organization, which may take some little time, definite work along some lines might well be carried on. The new executive will meet again next week to consider the form of invitation to be sent to the various organizations throughout the city, and also to consider a provisional constitution. The feeling expressed by those present was that an organization so widely representative as is proposed, should appeal very strongly to the people and that it ought to prove of great benefit to the city.

The following were selected by the nominating committee as the provisional

executive: President, A. M. Belding; vice-president, Mrs. E. S. Fiske; secretary, A. E. McGilvray; treasurer, W. J. Maloney; executive, J. L. Sugrue, T. H. Estabrook, A. H. Wetmore, Reed H. MacIntyre, Dr. James Manning, C. M. Lingley, Mrs. W. C. Matthews, Foster Duval, Rev. J. L. Cotton, Mrs. C. F. Woodman, F. A. Dyloman, Mrs. W. F. Hatheway, Rev. W. H. Barracough, A. W. Covey, R. T. Hayes, S. Stephen, Mrs. F. E. Holman, A. Foyas, Mrs. Louis Green, Mrs. John Bullock, Mayor Frink, W. S. Fisher, Miles E. Agar, James B. Dever and W. F. Burditt.

The council will organize on a permanent basis next Thursday, and in the meantime every organization in the city will be given an opportunity to name a representative on the council.

REV. JOSEPH A. CAHILL On Sunday in Portland, Me., Rev. Joseph A. Cahill, one of the oldest and best known ministers of the United Baptist denomination, passed away. Much of Mr. Cahill's ministry was in Carleton county, his incumbency at Grand Falls covering a longer period than elsewhere. He was for a time pastor of the Florenceville group of churches. Mr. Cahill was always a zealous worker for the temperance cause.

MRS. GEORGE A. APPELBY The community of Nauyasewauk was shocked to hear of the death of Mrs. Appelby, widow of George A. Appelby, which occurred at her home this morning at one o'clock. She is survived by four daughters—Betula of Montreal, Mrs. Hillyard Campbell of St. John, Miss M. E. At home, and two sons, Murray of Concord, Mass., and Walter at home. She was highly esteemed by a large circle of friends.

MARRIED IN BOSTON News reached the city this week telling of the marriage of a former St. John girl, Miss Sadie E. Moran, in Boston. The wedding took place on May 15 at St. Paul's Episcopal church, when she was united in marriage to Albert W. Newman, Mass. They are now residing in Newton. Miss Moran was formerly the employ of M. R. A. here, and has many friends who will wish her all happiness. She left here a few years ago, and went to Boston where she has been employed in a brokerage office.

GEORGE A. DOBSON DEAD The death of George A. Dobson which occurred this morning at Sussex, N. B., removed a valued citizen and one who was respected and liked by a large number of friends. He was seventy-five years of age, and had lived his life in Sussex, where he was born. He resided on his farm on the outskirts of the town, and was particularly well known because of the fine class of cattle which he raised there. Mr. Dobson is survived by his wife, with two daughters Mrs. W. W. Fawcett of Seckville, N. B., and Mrs. H. E. Gould, of Sussex, N. B., and one son, Cyrus G. Dobson, at home. Mr. Dobson had been ill only a short while.

LANCASTER BOARD OF TRADE The monthly meeting of Lancaster board of trade was held last evening. President W. J. Linton in the chair. Considering the weather, the attendance was gratifying. A card of thanks and appreciation was received from Mrs. James Lowell and family in reply to the board's letter of condolence.

THE MATTER OF HOLDING A PUBLIC MEETING to discuss incorporation was talked over but nothing definite was decided upon. Councillor John O'Brien submitted a report of the trip of himself and G. Earle Logan to Ottawa. They had interviewed the officers with regard to the Bowser-Gutelius agreement, and had been assured that it would not be renewed until fully discussed by all parties concerned. The delegation it was said, felt that the agreement would not be renewed in Montreal. Sir Thomas Shaugnessy had strongly intimated that his company would enter into no similar agreement with the I. C. R. next season. If St. John was desirous, however, of getting the C. P. R. business, it must provide the facilities, otherwise the company would have to seek other ports.

CHURCH MEMBERSHIP OF ST. JOHN CRITICIZED

New Low Water Mark in America, Says Dr. Burrows at Revival Meeting

"You need never look for a genuine revival in St. John until there is first a complete clean up in the churches. For utter worldliness," said Rev. Doctor Burrows, last evening, "the church membership of this city has certainly struck a new low water mark for America. There is nothing to compare with it anywhere I have been."

EMPRESS DISASTER BROUGHT NEW GRIEF

Great sympathy is felt for William Henry Creighton in the loss of his son, Major David Creighton, who was carried off by death by the sinking of the Empress of Ireland.

Only a few months ago he was called to mourn the loss of a life-long helpmate—his estimable wife—and again the burden of sorrow is thrust on him to lament the sad fate of a much loved son, and a daughter-in-law.

Major Creighton was in Sussex, P. E. I., last attending the funeral of his mother, whom he saw laid peacefully away in Creightonville cemetery, and who few who saw him then looking the picture of health, had any idea that he would so soon be summoned to cross the bar.

He had been a faithful adherent to the Salvation Army for about twenty-eight years and during that time he had risen from the ranks gradually and at the time of his being called away he held the title of major and was chief officer of the S. A. Immigration Staff in Canada.

Beside his father and brother, Henry, of Sussex, he has two brothers, Cyrus and Wilfred, living in Calgary, and one sister, Mrs. Boggs, of Montreal. Major Creighton, who was 40 years of age, resided in Toronto, where he has a family of five children. Of the many officers who met their death in the recent appalling tragedy, none will be more missed from any circles than Major and Mrs. Creighton.

Henry Creighton left on Saturday last for the Provinces, on the double mission of looking after the interests of the orphan children, his little niece and nephews, in Toronto and to identify the bodies of his brother and sister-in-law, should they be recovered.

MORE GUTELIUS ECONOMY

While thousands of dollars are being spent by the government railways in the institution of the system of "Safety First," amongst their employes, for their protection and that of passengers, the economical, or alleged economical policy of the management has been responsible for the doing away with some men whose place it is to contribute to the practice of "safety first."

About six years ago, following an accident at Jardine's Crossing, it was decided by the Intercolonial that two men should be appointed as track-walkers, their duty being to follow along the tracks at night after each train to see that the switches and rails were in workable order. The nature of the accident was responsible for their appointment, for an open switch had caused the turn-over of an engine, and the running off of another, with a narrow escape from death by some of the crew.

Up to within a few days two men have been thus employed in going over the tracks, one in the upper yard, the other in the lower yard, and in the immediate vicinity of the city accidents at night have been singularly rare. Now, however, the management at Moncton has decided that the \$1.75 paid for each night's work by these two men is entirely too much in comparison with their contribution to the prevention of accidents and dispersed with their services. The cry of "economy" is the excuse, but the move is not a popular one with either the railway crews or the traveling public, and it is felt that the measures of safety which have been in force for the last several years should be continued, particularly where so much attention is being given, and so much money being spent by the I. C. R. in the practice of "safety first."

When Hundreds of Men Come Back to Oak Hall For Clothing Season After Season

as they have been doing for more than twenty-five years, there must be strong reasons for such action. These Are The Reasons:— They get thorough satisfactory clothing— They get absolutely correct fit— They get positively better value for their money than they can get anywhere else.

As an instance of this better-value giving just compare the suits we sell at \$20 with those sold elsewhere at \$25 and \$28. You'll find ours not only as good, but if there is difference it will be in favor of our suits, despite the fact our price is \$5 to \$8 less. A similar advantage applies to all our clothing.
