OUTBREAK OF RABIES IN ONTARIO

Dogs Must be Chained or Muzzled for Thirty Days—Cattle Affected and Several People Take Pasteur Treatment

(Canadian Press) Goderich, Ont.—Another serious outbreak of rabies has developed in Goerch township, where cattle have been infected and died in great agony. Some two weeks ago a steer on the farm of S. Joseph came home acting most peculiarly, as if affected with some form of paralysis. Government veterinarians have pronounced the disease rabies. Some six cattle on the farm have since suffered agonizing deaths. Two rushed to the lake and were killed as they hurled themselves over the bank.

REV. G. C. F. KEIRSTEAD, Harris Journal—The Windsor Baptist church gave the Rev. George C. F. Keirstead a royal welcome on Sunday last, by a large attendance at both the morning and evening services. The subject for the morning service was, "The Message of God to the Modern Church," and in the evening the theme of the preacher was, "Does the Average Man need Jesus Christ?" Both of these subjects were very ably handled. The music at the evening service was above the average, the mixed quartette adding greatly to the whole service.

The bees resented the intrusion, and stung him in the face from the hive hours afterwards.

ABSOLUTE CONFESION IN CHICAGO CONVENTION

Serious Disorders Are Possible Today

ROOSEVELT'S BOLT PROGRAMME

Two Good Chances Already Lost—Pandemonium for an Hour in the Meeting Yesterday—This Expected to be the Day of the Crisis

(Canadian Press) Chicago, June 20—Delay, uncertainty and possible serious disorders faced the delegates as the third day of the Republican national convention opened. The quick succession of events late last night, and early this morning left a condition of absolute confusion. Even the wisest of party strategists did not this morning profess to see into the situation that would result after Chairman Root's gavel fell at noon for the resumption of the convention sessions.

With Colonel Roosevelt calling upon his followers to disregard the credentials committee and organize for themselves, and with the Taft leaders conferring with the friends of possible third candidates, the air was electric in suggestion of heretofore unsuspected complications. Wild scenes and conferences as intense as any that could be expected that ever swept the pit of the board of trade, were resumed where they had been broken off by the delegates disputing with scrub women for possession of hotel lobby floors.

The Roosevelt contingent may remain in the Coliseum and attempt to hold a second or double convention on the same floor with the Taft people. Chairman Root in such an event, might order the police and sergeants-at-arms to eject the Roosevelt people from the Coliseum, refusing to maintain order and follow the regulations of the convention. It was said Roosevelt would go to the Coliseum himself.

The sub-committee on resolutions having in hand the Roosevelt platform, the convention, adjourned at 11:45 o'clock this morning, when news was brought that the Roosevelt contingent were likely to quit the convention late today. It was decided that nothing definite could be accomplished until the fight over the permanent organization of the convention was settled and the intentions of the Roosevelt people had been made clear.

By H. F. Gadabay

Chicago, June 20—And on the morning and the evening of the second day, again the fight that failed; again the Roosevelt contingent were not able to get their respective leaders more than that they love deadlock less. They are like Napoleon's generals, will support their man only so long as he has a chance of winning.

There is one great difference between Theodore Roosevelt and his most ardent supporters. He wants the presidency of the United States for himself. They want the presidency for Roosevelt. A man like Judge Chas. M. Hughes might suit both sides.

PLATFORM NOT AN OBSTACLE

The platform is no obstacle. The committee on resolutions can make it waggle enough to fit any candidate. Sensational newspapers are forever building riots out of a dark look between Roosevelt and Chairman Root. If the chairman threatens to have a party delegate removed it means red head lines. As a matter of fact, no mischief harder than names have been hurled and the chairs in the Coliseum are not tilted down at that.

The Roosevelt delegates have passed up two perfectly good chances to bolt. The first occurred on Tuesday when Elihu Root was elected chairman of the convention by 538 to 302, and the second happened yesterday when Governor Devereux's motion to purge the convention of the seventy-eight tainted delegates before the credentials committee made its report was defeated on a vote of 564 to 510. This was a gain of two for Roosevelt, but at that rate it would take him four weeks to wear down Taft's margin of safety.

As a rough house, the republican convention is a same show, and a rank dis-appointment to people who have traveled hundreds of miles to see violence and hear instead of ray meet they are getting marshmallows and angel food. The coup d'etat is being strung out to such a length that it comes to be a coup d'etat and becomes a bore. When stifting a yarn, somebody says to a Roosevelt man: "When are you going to pull the blamed thing off?" He shrugs his shoulders and answers: "Tomorrow—perhaps." The consistent all-year-round coup d'etat in the bunch is Teddy himself and he takes it out in kicking the chairs in his room at the Congress Hotel and sinking his teeth in the furniture.

NOT ACTION ENOUGH TO SUIT COLONEL

The colonel has a bias toward prompt action, which is not shared by his followers. They sit on the lid and then his language is unlit to print. Riots! Well, not an "it" until you notice it at the end of the hall. A little noise, yes; some quarrelling over marbles, but nothing serious. Roosevelt's cautious advisors want to wait until the last moment before bolting

EARLY VOTE IN THE CITY IS NOT LARGE

Conservatives Well Equipped With Election Resources—The Day Ideal, But Indications Against Large Vote

The general election for the provincial legislature taking place today has been marked by several unusual features. The most noticeable was the quiet and orderly way in which the election has proceeded. There was very little trouble in any part of the city. For a general election the vote in most of the districts was light this morning. Owing to the small vote and the number of polling places the results of the city contest should be known early in the evening.

The weather was all that could be desired for an election, bright and clear with a comfortable temperature. No one could give the weather as an excuse for staying away from the polls today. When the polls opened at eight o'clock the number of voters on hand at most of the City Hall and received the necessary certificates from the common clerk which enabled them to cast their ballots and Mr. Wardrop was kept busy all morning with this work.

One of the government workers remarked that a voter this day had no liquor, but they feared to use it because of the activity of the temperance forces. The government forces were not over confident this morning and few of the workers were willing to claim anything definite.

or forming a separate convention. That last moment was not after the election of Chairman Root. It was not after the motion to purge the convention was defeated. It will not be after the credentials committee has brought in a report setting the delegates as they are at present. It will be only when William H. Taft has been nominated and between now and that catastrophe something may happen which will give them an acceptable third candidate and then they will leave for Montreal.

COMPROMISE SIGNS IN AIR

They are "playing the game according to Hoyle," which means that they are going to stick until all the points are counted. There are signs of compromise in the air. The signs hang out by the friends that the ambition of Colonel Theodore Roosevelt will not be allowed to wreck the Republican party. The dark horse of the progressive party have all warned not to deny that they are candidates. If Roosevelt bolted he could not carry with him delegates from Illinois, Indiana, Ohio, Pennsylvania, New Jersey, and Massachusetts. Consequently it is better to sit tight until it is seen what the convention does with Taft.

If he is not nominated on the first ballot, or any considerable number of the New York delegation, for instance, throw the Roosevelt delegates out by the steam roller. Roosevelt or anybody else has a chance. Outside of his cooler-headed friends there was another reason why Colonel Roosevelt did not start a rough house in the convention. The police would not let him. There are 250 picked men on duty in and around the Coliseum. Between the delegates and the chairman's stand there are fifty of them, open order two feet apart. Another hundred stand in the aisles and the square set apart for the delegates is cordoned with blue coats. All paths to the speaker's stand are blocked by police. It would be about as easy for a Roosevelt man to grab Chairman Root's gavel as for a rich man to enter the Kingdom of Heaven, perhaps a little harder.

The policemen run everything. They will not allow transparency on party benches. (Continued on page 7, fourth column)

GERMAIN STREET

The repairs to the Germain street pavement are being carried forward in a business like manner. Considerable work has been done at the lower end of the street, and the men are now busy on the section between Germain and Duke streets.

CHANGE IN MEDICAL REGISTRATION

Certificates Hereafter From Dominion Board Instead of From Provincial Bodies is New Proposal

Toronto, June 20—Medical practitioners at the annual convention of the Canadian Medical Association to be held in Edmonton from August 10 to 14. Dr. H. G. Mackie of Calgary, will preside over the sessions. It is expected that 100 doctors will attend. An excursion through the Yellowstone pass of the Rockies has been planned.

The government forces were extremely well organized with large numbers of carriages and automobiles at their disposal and numerous workers at every polling place. Every effort was put forth to secure every vote they could by all means that lay in their power and the ardor with which they worked was strong evidence of their fear of the results. The opposition had only a fair organization and had to depend more on the public spirit and enthusiasm of their supporters.

There was an abundance of Conservative liquor in the wards about the city and in the county today, and while it was passed out on the quiet, it soon became known that "free drinks" were in order if the vote were right. The serving was done in sheds or barns not far from the polling booths in some cases, and there were many who found themselves feeling the effects of the present "dry spell," and were pleased to accept an "appetizer."

In Carleton some Tory workers were detected in handing out the wet goods to their ward-healers, and two places were closed up by Rev. W. R. Robinson, who was busily engaged in the interests of the temperance party. He said that if the men did not close the places at once he would press the matter, and owing to this threat the treating was stopped. Mr. Robinson said that he heard of money being used in Victoria ward and would investigate the matter. He was determined that the distribution of free liquor must cease even if court action had to be taken.

IN FREDERICTON

Fredericton, N. B., June 20—(Special)—Election day is passing off very quietly in this city. Although the weather is fine, the indications are that the vote polled will be much smaller than usual. The Tory workers are well supplied with the sincere and purest of shanks are not spending a single dollar.

SHUT DOWN ON GAMBLING

Spanish Government Passes Radical Measure and People Back it Up

Madrid, June 20—Following upon objections raised in the chamber of deputies against gambling in Barcelona, the government has adopted the most radical measure. Gambling has been prohibited throughout Spain, even in the most aristocratic clubs. Telegraphic orders to this effect have been sent to all towns in Spain. All the clubs and gambling assemblies have been closed. The San Sebastian Casino has closed its doors, and the employees have been dismissed. The government will study a system of regulation. Spain is one of the countries where gambling is most prevalent, and thus the measure has produced a marked effect. The great mass of opinion applauds the government's energy. The authorities have orders to imprison persons who contravene the legal prohibition. The impetuosity of many casinos where roulette was played was a celebrated Belgian, whom the Belgian tribunals had already convicted several times. He has gained a large fortune from gambling at Casca, Monte Carlo, San Sebastian, and Barcelona.

CONFESSES TO BURGLARIES

Paris, June 20—A man named Rene Foeschler, aged twenty-nine, who is in the Sainte prison awaiting trial on a charge of burglary has written to M. Poncet, the magistrate in charge of his case, confessing to 205 other burglaries.

The magistrate at first refused to believe him, whereupon the prisoner offered to take him on a personally conducted tour of the scene of his exploits. Therefore, M. Poncet, the prisoner, and two policemen went in a cab for a drive round the streets of Paris. Foeschler pointed out thirty-two houses at which he had committed burglaries. The experiment was repeated and the scenes of forty-two other robberies were pointed out. Foeschler has a wonderful memory. He pointed out the different houses without hesitation, and even remembered little details, as, for example, that such and such a house formerly had no carpet. He affirms that in the course of his career he has stolen 900 watches, 1,432 earrings, 192 silver plates, thirty-two gas fittings, 361 tin pins and ninety-three gold brooches.

FASHIONABLE FRENCH SCHOOL GIRL'S HAIR

The very attractive idea fashionable with Paris school girls is shown in the illustration. A soft band covers the forehead and the only ornament worn is a wide ribbon bound about the head and tied in a smart bow at the side.

TREE MAN CAPTURED; ENDS HIS LIFE IN CELL

Geneva, June 20.-A mysterious individual has hanged himself in a cell in the dual house because the authorities would not allow him to live in a tree. For some weeks the police have been trying to capture a lightly clad man who had been living in the forest above the village of Leysin, in order to examine his papers and find out why he persisted in shunning civilization.

The man had whenever he saw a guard, and all efforts at capturing him were unsuccessful. At last, however, the police learned that the fugitive had built a refuge for himself in one of the tallest pine trees on the mountain and had probably lived there for some time.

Three gendarmes went to the pine tree with a long ladder and when the occupant refused to surrender they stormed the retreat. A fierce fight ensued, in which two gendarmes were wounded with a knife.

The tree dweller displayed the agility of a monkey, but he was finally captured and conveyed to Court. He proved to be a Serb, and he declared that he lived in the woods because he loved nature. He talked rationally and would have been released but for the fact that he had wounded two gendarmes. He was placed in a cell, and the warden who went to call him in the morning found that he had hanged himself.

A SURPRISE. Tramp-"Madam, can you help a poor man with a wife and eleven children at home?"

Housewife-"Are you very needy?" Tramp-"Needy is no word for it, ma'am. I couldn't see the little one safer, so I left them to seek the assistance of the charitable."

Housewife-"Did you leave home to-day?" Tramp-"No, ma'am, it will be seven years tomorrow. Can't you help a man who wants to surprise his little ones?"

A GREAT STEP FORWARD
The citizens of St. John will learn with the utmost satisfaction that the city is to be provided immediately with one model neighborhood playground.

It is fortunate that the members of the new city council are heartily in sympathy with the playground movement, and that they will do all in their power to co-operate with the Playground Association.

MAKE IT A RECORD WEEK
Now that the elections are out of the way the citizens will be able to give more attention to preparation for the Back to New Brunswick Week, which opens on the 9th of July.

At the time of the Dominion Exhibition two years ago, Miss Mabel Peters, who is chairman of the Playgrounds Committee of the National Council of Women,

But the fact that these neighborhood playgrounds can only be utilized for small girls and boys emphasizes the need of a big athletic field and playground for the larger girls and boys.

The time has gone by for sneering at the advocates of supervised playgrounds and athletic fields as faddists.

In the Times of June 18th appeared an editorial headed Unanswerable Arguments, which was credited to the Richibucto Review.

The battle of Bunker Hill will not be fought over again, with a group of earnest souls from St. John right up front.

FORWARD IN PLAYGROUND WORK HERE

Strong St. John Association Was Formed at Meeting Yesterday

A GENEROUS CITIZEN

Equipment of Model Playground Provided By Him—The History of the Movement and the Plans for This Summer

St. John has a Playground Association. The officers are:

President—Miss Mabel Peters. Vice-president—Walter C. Allison. Secretary—A. M. Belding. Treasurer—Dr. Margaret Parks.

The city will also have a model playground, fully equipped, for small children, which visitors to the exhibition at the end of August may see in full operation, from the windows of the exhibition building. That and the Centennial and Aberdeen school playgrounds will be conducted this summer, and \$2,000 will be spent in preliminary work on the big athletic field and recreation ground at the entrance to Rockwood Park.

The association was formed in the city council chamber in city hall yesterday afternoon, at a meeting of the committee having the playground matter in hand. Mayor Frink was in the chair. M. E. Agar and George E. Day represented the school board, W. C. Cross and L. Belding the Y. M. C. A., and others included Miss Mabel Peters, Dr. Margaret Parks, Walter C. Allison, A. M. Belding and Director Murdoch.

Report Submitted

At a previous meeting Messrs. Belding and Bandlow and Dr. Margaret Parks had been appointed to report to the general committee on the cost of fitting up a neighborhood playground on the so-called boulevard below the exhibition buildings. They submitted the following report:

Following was the sub-committee's report on playgrounds:

St. John, June 18, 1912.

Your committee appointed to consider cost of equipping a neighborhood playground just south of the exhibition buildings beg to report:

1. Having visited the place we find it admirably suited to the purpose, with both water and sewerage available. At comparatively small expense an oval ground of sufficient size may be laid out with a cinder path all round the outside and the playground apparatus grouped inside in two sections, one for girls and one for boys. We have had a rough plan of such a playground drawn to scale as an illustration and it is herewith submitted.

2. We are glad to be able to report that a citizen has offered to provide for this playground kindergarten supplies, and two slides, two circle bars, two giant strides, two sets of swings, two box chair swings, two baby swing outfits and two seesaws of the regulation playground type manufactured by the Harold A. Wilson Co., Ltd., of Toronto. The only further equipment needed for the playground would be sand bins and paving blocks such as the city provides each year for this purpose.

3. We have had prepared a rough plan with estimate of a pavilion, with veranda in front and on each side, and one room within. On each end would be lavatories, one for girls and one for boys. Our estimate of the cost of this pavilion, including lumber, labor, windows and doors, and plumbing, is less than \$500. We assume, of course, that the city council would lead aid in connection with the water and sewerage requirements and the grading of the playground.

4. It would seem to your committee that if the city council will heartily co-operate in this matter it should be possible to provide a model playground of the best type with pavilion for the use of children up to say twelve years of age. It would, of course, be necessary to construct a fence to separate the playground from the railway track below.

5. Your committee is also able to report that a citizen has offered to provide the salary of Mrs. W. C. Matthews as the kindergarten teacher of the playground for the whole summer.

6. We beg to report further that the directors of the Y. M. C. A. have offered to place at the disposal of the playgrounds association, or whoever has charge of the playgrounds this summer, for the summer holiday season, the services of their physical director and superintendent of boys work.

We beg to recommend that a playgrounds association be formed to have full and entire supervision of playground work in the city, and to affiliate with other associations with a view to the organization of a National Playground Association for Canada.

We further recommend that each association at once interview the city council relative to the immediate equipment of the neighborhood playground, so that it may be formally opened on the first day of the Back to New Brunswick week.

This report was unanimously adopted and Mayor Frink paid a warm tribute to Walter C. Allison for his public spirit in relation to this and other matters affecting the welfare of the city.

It was then resolved to form a playground association, and the officers were elected as stated. Mr. Allison, in nominating Miss Peters for the presidency, referred to her valuable work for playgrounds in St. John.

The officers, with other members they may designate, will form the executive of the association, and these will include the members of the city council.

After the meeting the officers and Mr. Bandlow, accompanied by Commissioner Agar and Director Murdoch, visited the site of the model playground, selected the site for the pavilion, and discussed the laying out of the playground. It will be necessary to raise funds to erect the pavilion, and provide for one or more teachers in addition to Mrs. Matthews, as well as some additional funds for the conduct of the Centennial and Aberdeen grounds as successfully as it was done last year.

Y. M. C. A.'s Attitude

At the meeting in City Hall, Mr. Cross, as president of the Y. M. C. A., confirmed the statement that Mr. Bandlow's services would be tendered to the Play-

MILLINERY SALON

Politeness costs nothing. It is very agreeable to other people. Wherever any one goes he should make his best bow—look as well as he can, be as attentive to others as is consistent with modesty and dignity; and by so doing he will gain friends.

Why, Oh, Why? The girl loved him with that foolish infatuation that poseth understanding. In time stories came to her ears, and she told him how she disbelieved every one of them. They said he wouldn't pay his debts, but she knew better, for had she not divided her allowance with him for this purpose? "It is enough," he told her one day simply, "if you trust me." "I do, Reginald—I do—I do!" she murmured as he unfolded her. "I do—I do! I will always trust you!" "Ah!" he cried, imprinting a chaste kiss upon her temple, "why—oh, why aren't you my landlady?"

Gratton Dochir, a one-time pastor in Moncton, is now pastor of a Baptist church in Nottingham, Eng. He is also giving some time to evangelistic work. At a banquet of the Boston Baptist Social Union on the 3rd inst., Rev. C. T. Clark spoke for the Newton Seminary graduating class on "Wesleyan Cleanings." Rev. O. P. Brown has resigned the pastorate of the churches at Advocate and Centralville, N. S. He has spent four years of faithful ministry with those churches. Rev. G. G. Pincombe, Jernag, N. Gregg, the new pastor of the North church, Halifax, closed his work at Jamaica, N. H., on the 26th ult. The following evening the church and representatives of other churches gave Mr. and Mrs. Gregg a happy send-off. Rev. F. O. Robson, who has just graduated from Newton Theological Seminary, is now pastor of the Second Baptist church, Bridgport, Conn. There are ten Baptist churches in the city. After the foregoing was in type we received a card, dated June 10th, saying that Mr. Robson has suffered a nervous breakdown, coupled with malarial fever, and is now in hospital for treatment. Dr. McDermid, who has just retired from the presidency of Brandon College, is the recipient of many expressions of the high esteem in which he is held. The Canadian Club of Brandon presented to him an address; the city council placed on the records a resolution of regret at his departure; the college board expressed its sense of his work and worth, and friends in Brandon and elsewhere presented to him \$1,200. The invitations are out for the marriage of Miss Lena Charters and Roy Robertson, son of Wednesday next at the bride's home. Miss Charters is one of Maryville's most charming young ladies, while Mr. Robertson is well known by all hockey and baseball fans. Mr. and Mrs. Stephen Sherwood of Kings county, N. B., announce the engagement of their daughter, Miss Florence Sherwood, to Harold Lawson Carter, son of St. Cyrus Carter, of Westmorland. The marriage will take place on Wednesday, June 26. Advance in Fruits (Halifax Chronicle). Navel oranges and pines caused considerable comment in the fruit market this week. It will be noted that navels have advanced from \$2.00 to \$4.00 per case and pines from \$3.00 to \$4.00 per case. Navels are now practically cleaned up for this summer, which accounts for the advance in price. California late valencias having now arrived on the market. The advance in pines was due at least partially, to the fact that large quantities arrived on the American market over ripe and unfit for shipment. The boat from Jamaica arrived here yesterday, bringing about 3,000 bunches of bananas, which on the whole, are better stock than any previous shipment this season. She also had a few barrels of summer crop Jamaican. Business is very heavy especially in the banana trade which, however, is to be expected at this time of the year. American tomatoes at \$6.00 per crate have been added to the list. ST. ANDREW'S NEW SCHOOL. Beacon—The corner stone of the new public school building will be laid on Friday of this week at seven P. M. It is expected that Chief Superintendent Carter and Inspector McLean will assist in the ceremony. The St. Andrew Band will discourse appropriate music and there will be a brief programme of speeches. The children of the schools will render choruses. Specialists report a limited amount of stock offering in the market. It is reported that Amalgamated Copper is being bought for London. This is probably a big tribute to Canada's good progress in making a bullish position based on crop reports, copper buying and continued large exports. While a more cheerful feeling prevails in the stock market, the following has not much idea of the proper venture to make while the political situation is so uncertain. The street should realize that the world will go on no matter if the third term loses. The solid condition has induced some coverings, but that stock may be put on again on the slightest encouragement. More talk in one paper about the Arbutus building refineries to start a war on the sugar company. Lots of talk has no foundation. Sugar stocks are buy on weakness; coppers also. There have been fair profits on coppers bought on the last decline. SHEARSON, HAMBILL & CO. AT THE SARDINE TOWN. St. Andrew's Beacon—Work is going steadily forward at the new sardine site, Chamcook. Last week the pay roll for the workmen was considerably more than \$4,000. The last story of the factory building is being worked on and good progress has been made on the other buildings. Work has also been begun on the boarding house and cottages. COURTESY APPRECIATED. A town writes to the Times of a trip up the St. John River on the steamer May Queen as most enjoyable, and pays a big tribute to Captain Gordon and Mate Colwell, who courteously gave him all information concerning the river and points of interest. NO WORD OF RUNAWAYS. Gordon Kay, Arthur Oulton and Alfred Emery, three boys who escaped from the Boys' Industrial Home a few Sundays ago, are still at liberty. Superintendent M. Donald said today that he had no trace of the lads.

Wall Street Notes

New York, June 20—Americans in London... Bank England rate unchanged. Russia breaks from the steppe... The Merchants' Association drops in... The government will enforce the banking law against excessive loans after September. It was practically in force now, as only a very small percentage of banks disobeyed that rule. Specialists report a limited amount of stock offering in the market. It is reported that Amalgamated Copper is being bought for London. ABSOLUTE CONFUSION IN CHICAGO CONVENTION

(Continued from page 1.) The confusion in the building, a Nebraska delegate, who tried to unfurl one in the south gallery today, was promptly put down upon the offending symbol confiscated. When anybody objects the police say "order." These orders must be pretty wide for yesterday morning the police closed the Coliseum doors and would not let anybody in until somebody inside lifted the bar.

NEAREST THING YET TO RIOT

The nearest thing to it was a demonstration which started at three o'clock yesterday afternoon and lasted until ten minutes to four-fifteen minutes—which is the record for long duration cheering for the convention. The demonstrators started for Governor Hadley and the long end of it was his, but it was switched to Teddy in the home streets. The noise and it was about two-thirds Hadley and one-third Roosevelt. Hadley is of Missouri. He is a brilliant man, possessing the Standard Oil Company. He is an upstanding, handsome and as good an idealist and worker as has ever been in the American people was frequently mentioned by both sides. Chairman Root had to settle many little squabbles—plenty of hard words but no blows struck.

WHEN THE BOMB EXPLODED

Chairman Root came in for criticism. Some of the speakers called him Root others called him Rat. Needless to say the latter were the true reactionaries. Roosevelt's coup d'état was rapidly lost in a swirl of rhetoric when the demonstration suddenly something happened, the demonstration broke up. The reactionaries immediately demonstrates it goes crazy with a purpose. In this case the utility of the great noise. Remember the delegates and Tat's chief of tactics, and mighty clever at it, was sailing to do business and you want to prevent being done. Mr. Halbert said he wanted "only fair play." "Oh yes," shouted several "members," "You act like it last night." The committee room at ten o'clock on Monday night, the day the Roosevelt men in case, the contest over the ninth district, was first taken up.

wise. He knows that any wild beast will get tired of steady roaring for an hour. The demonstration was evidently made to order. When the Roosevelt delegates called for Hadley, he came to the front of the platform and stood by Watson. He stood there for fifty minutes, his hands folded, while glory descended on him in great gusts of cheering. All he got out of it besides the fame was the two minutes for personal explanation which Watson, who had the floor, yielded to him. Meanwhile the demonstration grew.

The audience got on its feet, yells, yell, cat-called, whistled, stamped, waved handkerchiefs. The Roosevelt delegates were swept off their feet. All the states in which primary elections were held—Minnesota, Nebraska, South Dakota, Maine, Pennsylvania, Massachusetts and Missouri, sent their standards like the leader of the sixth legion mentioned in Caesar, took the jump and marched around the hall. Their marching song was "Thou shalt not steel." At the end of twenty-five minutes the demonstrators were ordered to the front of the western gallery. The solid twenty-six from California rallied around a totem pole which was being carried by the bear pole was used drum-major fashion to beat time to the yelling. The California delegation came in a tagging line which had passed the police. The demonstration, which so far had been for Hadley, showed a change in its character. The crowd, legs and arms were tired.

WOMAN SETS IT GOING AGAIN

At the crucial moment a young and pretty woman, tall and slender, with a white dress and a bunch of pink roses, started waving a Roosevelt picture from the front row of the western gallery. The name Mrs. Davis, 421 Dixieland boulevard, Chicago, and she is the wife of a lumberman. Mrs. Davis kept the cheering for Roosevelt going until she was ordered to stop. She handled the job like an old timer. Alice Lloyd never did better with one of her "sons of boys" than she did today for yesterday morning the police closed the Coliseum doors and would not let anybody in until somebody inside lifted the bar.

(Canadian Press) LATER

Chicago, June 20—When the credentials committee assembled to take up the contest, Roosevelt men unexpectedly appeared to take part in the proceedings. Only one of the fifty-two members of the committee were present when the doors were opened. The newspaper men Mr. Mitchell, Roosevelt men, joined in making the following statement: "We feel that the action taken last night by the majority members of the committee has resulted in giving us a fairly good set of rules and has made the highest regard with the presentation of any new evidence that may not have been heard by the national committee. We are going to stick to the committee. We forced the adoption of fair rules."

THE ST. JOHN STREETS

The city commissioners are tackling the problem of improving the city streets in an energetic manner. Today's session, when they met at the board of works, devoted entirely to the streets, and it was found necessary to continue the consideration of the work this afternoon. The details of the specifications for the different streets are being carefully considered, and as soon as they are ready, tenders will be asked for the work. The official semi-monthly payroll disbursed at City Hall today was made up as follows: Fire... \$1,330.38; Police... 740.84; Public... 1,060.41; Ferry and Salvage Corps... 1,268.08; Market... 112.48; Survey Dept... 791.25; \$5,928.34. POLICE COURT. John Nickerson, charged with being drunk and profane in Sheriff street last night, pleaded not guilty and was remanded. One prisoner charged with drunkenness was fined \$5 or ten days in jail, and another was remanded on a like charge. ANOTHER LARGE GAIN. St. John bank clearings for the week ending today were \$1,083,722; corresponding week last year, \$1,253,830.

WEDDINGS

Brennan-McDonough. A very interesting event took place in St. Patrick's church, Toronto, on Wednesday morning, June 6, at eight o'clock, when Miss Margaret Grace McDonough, a popular young lady of St. Patrick's parish, formerly of Chipman, N. B., became the bride of Bernard Brennan, a popular young man of the same parish. The ceremony was performed by Rev. Father Brock, rector of St. Patrick's. After an enjoyable wedding breakfast at the Queen's Hotel, the happy young couple left with best wishes and congratulations from their many friends, on board the steamer Kingston on an extended wedding tour, taking in the lakes and river to the Thousand Islands, Prescott, Kingston, Montreal, Quebec city, and the maritime provinces. On their return they intend to reside in Toronto. The many presents received by the bride and groom testified to the esteem in which they were held. The present of the bride and groom to the bride, in the hands of a handsome gold bracelet, and to the best man a handsome stick pin.

ROOSEVELT FORCES AGAIN BEATEN, NOW THE BOLT

Chicago, June 19.—The Roosevelt forces met their second defeat in the Republican National Convention today in a session which had for its outstanding feature a remarkable demonstration of nearly an hour's duration in honor of Governor Herbert S. Hadley, of Missouri.

All of the Roosevelt delegates joined in this demonstration, while some of the left states lent a voice. The oration to the Missouri executive was quickly interpreted by many of the delegates as the possible forerunner of a boom for Hadley for president.

Governor Hadley led the fight on the convention floor today to oust ninety-two contested left delegates and to seat nine pro-Roosevelt men in their place. The convention finally refused to entertain the motion by a vote of 94 to 53.

People who talked with the colonel tonight declared there was no longer any doubt as to his attitude. Convinced that the credential committee was against him and would retain the contested left delegates in their seats, Colonel Roosevelt decided to go no further in his futile fight in the regular convention.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

UNIQUE. A western military spectacle of a stupendous order, perfectly filmed, repeats with stirring situations, showing action of an unusual order, is shown at the Unique today. This two reel film entitled The Crisis possesses extraordinary merit, showing, as it does, the critical times in the affairs of the early western settlers who held their lives in the hollow of their hands.

The Indians on the reservation have given evidence of unrest and an outbreak is expected at any moment. The Indian commissioner, with a full knowledge of the case, prepares to forestall them by ordering out the troops. He is too late, however, for the Indians attack Medicine Bend just as the Rev. John Mason takes charge. Taking refuge in the newly built office, the settlers make a desperate stand.

Two other pictures complete the bill. The continued rains which have visited Aroostook county during the last three weeks will curtail to a certain degree the potato crop in that section. Up to a few weeks ago practically ninety per cent. of the season's planting had been completed, and this was done when seed was selling at from \$3 to \$4 a barrel.

PUBLISHERS' MARCH OUT. The 62nd Regiment march out last night was one of the best this season. The eight companies turned out well up to strength and presented a fine appearance. Col. J. L. McAvity was in command with Captain Miller, adjutant, and Major Frost and Perley assisting.

SOME CANADIAN BOUNTIES

Wire Industry Received \$166,750.—Canada's Rogues Gallery. Ottawa, June 19.—Bounties paid on wire during the fiscal year (1911-1912) amounted to \$166,750, which at 80 per cent means that the industry received the bounty on \$7,792 tons. As the bounties expired on June 20, 1911, these figures represent only a three months' period.

Producers of crude petroleum received bounties to the sum of \$24,928. At the rate of 1 1/2 cents per gallon this accounts for a production of 9,622,388 gallons of petroleum. In the previous year the production was 10,706,418. In 1908 the production was \$6,611,138, so that there has been a steady falling off.

The bureau was opened a year and a half ago with Inspector Foster in charge. At that time the finger prints and photographs of all offenders then in the penitentiaries were taken, and sent in to the bureau, and since then the identification marks of new offenders have come in regularly. The bureau has already proved of considerable value in a number of cases in which it has established the identities and records of offenders.

MORNING NEWS OVER THE WIRES

The dock strike at Southampton has been a failure and the men will resume work unconditionally. The London strike is still in progress. William Townsend, of the fishing schooner Springwood, was drowned on Monday. While returning to the vessel an oar broke and his boat capsized. He was dead before his companions could reach him. The body was landed at Souris, P. E. I., yesterday.

Toronto, June 19.—After today's resumed hearing of the charges against Dr. Beattie Nesbitt, Magistrate Denison stated he had heard enough evidence to warrant his committing the former Farmers' Bank president for trial.

White Plains, N. Y., June 19.—Evelyn Thaw, as a witness for the state in its effort to keep her husband, Harry K. Thaw, in the asylum for the insane at Matteawan, repeated in a crowded court room here this afternoon her story of the sensation which culminated in the murder of Stanford White.

When your feet are so tired that they feel the stumps, when they ache so that they hurt way up to your heart, when you shamble your feet along, and it seems as though all the misery you ever had has settled in your feet, look at the happy TIZ man in the picture. You can be happy-footed just the same. If you have corns and bunions that every body seems to step on, just think of this happy TIZ man. He had corns and bunions, too. This man used TIZ, and now he has no more tender, raw, chafed, blistered, swollen, tired, smelly feet, corns, calluses or bunions.

Health and Beauty Hints

Maiden: I am glad you value your youthful complexion, and if you avoid powder and rouge and use this sprumax lotion, the skin will always remain divinely fair. Put 4 ounces sprumax in one-half pint hot water (or witch hazel), then add 2 teaspoonfuls glycerine. Apply the lotion sparingly to the skin and rub lightly until it vanishes. Your mother will like the sprumax lotion, because it depicts that shiny, soft condition and gives a tone and velvety softness to rough skins unknown to users of powder. The sprumax lotion is irremovable when on and perspiration will not spot nor streak it.

Belie: No glasses will not give a sparkle to dull eyes. Before you visit the oculist make up and use this harmless, inexpensive eye-cream, and I am sure you will be saved the expense and annoyance of glasses. Dissolve an ounce of crystals in a pint cold water. Putting 2 or 3 drops in the eyes daily will relieve the smart aching, overcome the bloodshot condition and give to dull, expressionless eyes a fascinating charm and brilliancy.

Mrs. Ben: You ought not to be sickly, and you won't any longer if you make up and use this good, old-fashioned tonic and regulator: Dissolve one-half cupful sugar in one-half pint alcohol, then stir in 1 ounce lavender and add hot water to make a quart. The dose is a teaspoonful before each meal. A course of the hardest treatment rid the body of all impurities, makes rich, red blood and builds up worn, weak tissues. Follow my suggestion and your health will soon return, and instead of a "muddy," oily, blotchy skin, it will be clear and radiantly beautiful.

Edith: I always make it a rule never to recommend a recipe unless I know exactly what it will do and am convinced that it is quite harmless. Parrotina will dissolve your fat quickly and gently, without present or future ill effects. To prepare, dissolve 4 ounces parrotina in 1 1/2 pints hot water and when it cools take a quart. J. M.: Those aggravating hairs can be banished for all time with one application of a delicate paste. Mix enough powdered delatone and water to cover the hairs not wanted, then after 2 or 3 minutes rub off, wash the skin and it will be soft, smooth and hairless.

Suffered With Nerve Trouble For Two Years. IT WAS IMPOSSIBLE FOR HIM TO SLEEP.

Diseases of the nervous system are very common. All of the organs of the body may be sound while the nervous system alone may be diseased, therefore it is necessary for anyone suffering from any nervous trouble to procure a remedy which will at once quiet the nerves and build up the system. Milburn's Heart and Nerve Pills will do this for you, providing you give them a fair trial. Mr. Chas. W. Wood, Montreal, Que., writes: "For two years I had suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed. It was all right for a time, but the old trouble returned with greater force than before. One of the boys, who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them and I got such satisfaction that I got another box, and before 10 p.m. until 6 a.m., and now feel good."

WEATHER REPORT TO VESSELS AT SEA

London, June 19.—The plan of Professor Willis L. Moore, chief of the United States weather bureau, for the establishment of an international North Atlantic weather service, has been agreed to by the committee of the Radio Telegraph Congress, to which it was referred. This service is to be established through the North Atlantic, all ships on either side of the line must take a daily weather observation which will be sent by wireless telegraph to other vessels, and this relayed to the American or European land stations. From these reports weather charts will be constructed and forwarded to the shipping at sea.

Beware of Ointments for Catarrh that Contain Mercury

Mercury will surely destroy the sense of smell and completely damage the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians as the damage they will do is too hideous to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. 7 Fort Hamilton Street, sold by Druggists. Price 75c per bottle. Make Hall's Family Pills for constipation.

City Cornet Band to Open The Season—Two a Week Likely Hereafter

The first band concert of the season will be given in the King Square this evening, beginning at 8 o'clock, when the City Cornet Band will play, under the direction of Professor Waddington. Mayor Frink decided this morning that tonight would be an appropriate night to begin the season's band concerts, and consequently it is likely that there will be two concerts given each week in the King Square by local bands.

EARLY CLOSING Petitions for an earlier closing in St. John are being circulated.

CONGRATULATIONS Several young friends of Miss Cecilia Cotter went out by the half-past six train last evening to her home at Dalry, and gave her a very pleasant surprise in honor of a happy event that is to take place on the 28th inst.

BASEBALL DEF. The newly formed baseball team from among the street railway employees is anxious for a game with the barbers' team at any time to be mutually arranged. Captain Wagner Wayne, of the conductors, would like to hear through the Times as to whether or not the barbers are willing to play. The carmen are anxious for the fray, and feel confident concerning the outcome.

MISS MONTGOMERY'S STORIES According to the New York Herald, Miss L. M. Montgomery, the authoress of those charming stories of life in P. E. Island, the first of which was "Anne of Green Gables," will soon write some short stories descriptive of life on Cape Breton Island. The Herald reports that she is twelve of these stories, and if they are as true to life as we may suppose them to be, it is remarkable how little the Canadians resemble the English and how much they are like the New Englanders.

DIED THIS MORNING. After a lengthy illness the death of Walter Wolfe occurred this morning at the home of his parents, Mr. and Mrs. James Wolfe, 49 Moore street. He is survived by his father, his mother and two sisters. The brothers are John, of Montreal, and James, George, Fred, and Albert at home. Mrs. Arthur Dalry, of Capleton, and Miss Sadie at home are the sisters. Much sympathy is expressed for the bereaved family.

MOTORED HERE. A party of four in a large touring car arrived in the city about one o'clock, coming from Amsterdam, New York. They motored to Boston and came from there to Yarmouth by boat, going through Nova Scotia in the car and thence to St. John via Moncton. The party is composed of Mr. and Mrs. H. E. Greene, Miss Harrower, and Miss Estelle Harrower. They are now at the Royal Hotel and if the weather continues fine will leave tomorrow on their return journey.

BADLY DAMAGED. The tidy little motor launch "Swastika," owned by Frank Hume of Indian town, has been brought to the city from Sand Point, on the Kennebecasis, and will probably be tied to her moorings for a few weeks for repairs. She is badly damaged. The boat drifted ashore at the point during a heavy gale, and several planks were broken, framework destroyed, and other damage done. The launch, which is registered with the St. John Power Boat Club, is a very nice boat and the accident is regretted by Mr. Hume and his fellow yachtsmen.

DEATH OF MRS. ADA C. DANE. Mrs. McDonald, wife of D. H. McDonald, manager of the St. John Opera House, was called to Worcester, Mass., this week by the serious illness of her mother, Mrs. Ada C. Dane, and which resulted in her death on Tuesday afternoon. Mrs. Dane, who was the widow of G. Murray Dane, was taken ill only on Thursday last, with pneumonia. She is survived by one son, Francis, of New York, one daughter, Mrs. McDonald, and her mother, Mrs. Mary Davison, of Yarmouth, N. S. The funeral will be held at her old home in Yarmouth on Friday afternoon. Mr. McDonald left for Yarmouth this morning to attend. Many friends made by Mrs. McDonald during her residence in St. John will feel deeply for her in her bereavement.

FOR INTERFERENCE WITH POLICE

"I am surprised that a girl of your age would get mixed up in such an affair when there were plenty of men around who would have interfered had the policeman been abusing the prisoner. And you not only interfered but you called the policeman a brute and even raised your hand to strike him." This was the comment made by His Honor in the case of Bonnie Garrick, an eighteen year old girl, charged with interfering with Policeman O'Neil when he was making an arrest in Sydney street. Both the girl and Edward Murray, who was charged with the same offence, were fined \$10 and two months in jail with hard labor. "You are liable," said His Honor, "to a fine of \$50, but I will only fine you the smallest amount possible under the law."

NEW BRUNSWICK HAS NOT APPRECIATED WORK OF HER SONS

A Letter in Reply to Old Home Week Circular of Board of Trade

The following letter of interest has been received by W. E. Anderson, secretary of the St. John Board of Trade, and speaks for itself: Houlton, Me., R. F. D.—3, June 18th, 1912. W. E. Anderson, Secy. St. John Board of Trade: Dear Sir:—I have now received through you four circular letters and a picture post card from the St. John Board of Trade, setting forth the great benefits coming to St. John and New Brunswick generally through the expenditure of enormous sums of money on public works and other proposed undertakings. Those letters also contain an invitation to spend "Old Home Week" in St. John, in July.

I sincerely thank you for the circulars, the information they convey, and the invitation they extend to me as a deeply interested in all that affects the commercial, industrial, social and moral welfare of dear old New Brunswick, and I would be living there today, if I could get the work there that I am doing here. I feel to be an exile from my native province, and an alien in the state of Maine. One of the faults of New Brunswick is a lack of appreciation of those who have given the best of their lives in her service. To illustrate this, permit me to refer to my own experience. I spent more than thirty years in the Baptist Churches of New Brunswick, giving my best strength, what gifts I possessed, and what little learning I had, working almost night and day to advance the interests of the denomination, and now that the hair on the top of the skull is thinning, New Brunswick Baptists have no use for me. Young men have not been encouraged by New Brunswick as much as they should have been, hence, the trek westward. Men who have toiled, sweat, and grown gray in pioneering the welfare of New Brunswick are forgotten, cast off. New Brunswick says "With all thy faults, I love thee still," and would gladly spend "Old Home Week" in thy commercial metropolis.

The St. John Board of Trade is to be congratulated, and should be commended for arranging for the "Back to New Brunswick for a Week." May all New Brunswickers wish the enterprise success, whether they get there or not. I wish you would make this letter public. CALVIN GUNNALL.

ST. PETER'S Y. M. A. CONCERT ENJOYED

The concert given last evening in St. Peter's hall, Elm street, was attended by a fairly large audience, who seemed very much pleased with the programme presented. The concert was under the auspices of the Y. M. A. and the entertainment consisted of selections by the association orchestra, under the leadership of Edmund S. Lunnay, which were much enjoyed; vocal and instrumental solos, recitations, quartette selections, and presentation of a dainty operetta, "Peggy's Dream" by school children, directed by Miss A. McCarron. The children acquitted themselves with remarkable cleverness, and this feature of the programme was distinctly enjoyed.
