GREAT CHANGE IN ULSTER IN YEAR; FREE FROM CRIMES OF VIOLENCE

Belfast, July 17.—There were no cases of murder, attempted murder, manslaughter, or incendiarism in Ulster during the last three months, Lord Chief Justice Moore said today in opening the Belfast criminal commission. In the same period last year there were of those crimes respectively eighty-nine, sixty-two and 140.

D. R. Willet Half Century in City Hall

Joined Clerical Staff in 1873 and Has Served Under 23 Mayors.

St. John newspapers recently have chronicled the anniversaries of several men who have spent a long lifetime in the city's employ. There is another, D. R. Willet, cashier in the chamberlain's department who this month is rounding out a full half century as a public servant in the City of St. John, and may be seen behind his wicket in his usual office at the city hall.

FOUR HUNDRED FROM HERE ON WAY TO SHREVE

More than 400 pilgrims left this morning for a sharp (and sometimes) on the C. N. R. train for St. Anne de Beauce, Quebec, where the shrine will be visited. Rev. Willet, who was in charge of the party, provided for the emergency of possible overcrowding, as reported by D. J. MacPherson, who was in charge of the sleeping cars for the pilgrimage. There was also a dinner at the shrine, and the Rev. Willet, who was in charge of the party, provided for the emergency of possible overcrowding, as reported by D. J. MacPherson, who was in charge of the sleeping cars for the pilgrimage.

MUCH ACTIVITY IN STREET WORK

Although fairly well scattered, a considerable amount of work is being carried on in the city streets by the public works department. Paving of the block in Union street, between Prince Edward and Wentworth streets, is about completed, and is a distinct improvement over previous conditions. One block in Waterloo street, from Union to Peter street, has been graded and is ready to receive the broken concrete surface. The next block to be paved is the block in King street, between Prince Edward and Wentworth streets.

Robbery At Sussex

It was reported by the detective department this morning that they had received word of a break some time through the night into the store of H. G. Innes in Sussex. Among the articles stolen were men's suits, Ingersoll and Waltham watches, felt hats and gardening tools. No word was received as to how entry was effected. The local police will keep a sharp look out.

UMPIRES STRIKE

Half of International League Force Quits.

Discharge of One of Number Brings This Action—There's Controversy Over Reason for Lay-off of Phyle.

(Canadian Press) Rochester, N. Y., July 17.—Half of the umpires in the International League are on the free list as a result of a sympathetic strike just before the Baltimore-Rochester game yesterday, which was precipitated by the discharge of W. J. Phyle. Whether the strike will spread to the other five diamond clubs of the league remains to be seen when players take their places for today's games.

The situation already has aroused a controversy between George T. Stallins, president-manager of the Rochester Club and Jack Dunn of the Baltimore aggregation.

Phyle was released on orders of John Conway Toole, president of the league, because, he said, the roster was overcrowded and Phyle could be spared.

Stallins said, however, it probably was because Toole and himself were at odds here in which Phyle was a weird decision. When Phyle was called off the diamond umpires, Devitt and Geisel followed him, refusing to act for the Baltimore-Rochester series. Captain Gilhoolie, of the Reading, Irving Wilhelm, former manager of the Philadelphia Nationals, and Chief Bender, of the Orioles, who happened to be at the game, were thrown into the breach.

RAIN GOT TO FOREST FIRES

Reports to Department at Fredericton—Trial of Several Men in Connection With Outbreaks.

Fredericton, N. B., July 17.—The Department of Mines today received assuring word from various points in the province that Monday's rains had put a temporary end to the situation had been greatly improved. The rains had reached the Ronous fire and it is believed that it is under control. The same is believed true of the other fires in the Ronous area, about twenty-five miles out of Fredericton. The north of the province got the heavier rain.

At Dalhousie today three men sent up for trial under the Criminal Code by Magistrate Matheson, of Campbellton, are being tried on charges of setting fires. Chief Forester G. H. Prince is representing the department.

At Grand Falls there also are two cases to be heard today. The fires of the Provincial Bank, of Sackville, were on lands of the New Brunswick Railway Co., which is interested in the case.

Archibald Fraser, of this city, of the Fraser Co. Ltd., was at the forks of the Ronous river last week and saw a heavy smoke observable there. It probably came from Ronous.

Attack Catholic Headquarters in Florence, Italy

Mussolini Orders Arrest of Demonstrators; Regrets Expression to Archbishop.

Florence, Italy, July 17.—A group of youths, after ringing the bells of several churches to call the people together, and shouting "long live Mussolini," "long live the Fascism," "Down with Parliamentarism" and "Down with the Catholics," invaded and destroyed Catholic headquarters here yesterday. Thousands of copies of Catholic newspapers were burned by the mob.

The Fascist authorities put down the demonstrators which was declared was not approved by the Fascist leaders.

Signor Mussolini has telegraphed the authorities ordering the immediate arrest of those responsible for the attack on the Catholic headquarters. He said in part, "has offered many proofs of its profound respect for the Catholic faith to have its flag stained by such a despicable act."

Memorial Unveiled at Pictou In Honor of the Hector Settlers

Pictou, July 17.—British, American and French warships are here and displaying their colors in honor of the U. S. and France are here for the opening of Pictou's celebration of the landing of the Scottish settlers from the Hector 150 years ago.

This morning Lord Byng and Lady Byng and the vice-regal party arrived from the Canadian National Railway train. Governor Cochrane and gubernatorial party from Massachusetts also arrived by special train.

Among prominent visitors are a party of newspaper men from the west enroute to Ottawa.

Address Unveiling

The following address was delivered by Col. Thomas Cantley, president of the Scottish Society of New Glasgow, at the unveiling of the "Hector" monument at 2:30 p. m. this afternoon. The monument was erected by the society and given to the town of Pictou, which was represented on this occasion by Hon. E. M. Macdonald, M. P., acting minister of national defence.

"Sir, Andrew's Society of New Glasgow, left a record of greatness in the town of Pictou this memorial, erected, as the inscription thereon states, in honor of the landing place of the Hector, faith and endurance of these gallant pioneers, passengers on the ship Hector, which landed on September 15th, seventeen hundred and seventy-three."

"Every great people of whom history has a record have erected enduring monuments to their national heroes and those who laid the foundations of their country's greatness and our greatest Nova Scotia has said: 'That a wise people fosters national pride and love of country by perpetual reference to the sacrifices and glories of the past.'"

"Like thought prompted Saint Andrew's Society to provide and here erect at the nearest suitable point adjacent to the actual landing place of Hector immigrants, an enduring monument as a perpetual witness for and a silent reminder for all time, of those who, greatly daring, patiently suffering and heroically achieving, I wrested from the wooded hills and heavily timbered straths of this county of Pictou, homesteads with houses differing in no wise from those they occupied in their far off Scotland. But the farms, houses and homes there were their own and all men knew they owned no overlord."

"While but comparatively few of this great company here assembled can claim direct descent from the Hector heroes, whose forefathers came out from Old Scotland in other ships, in the following years, today join with the Hector descendants, their friends and our friends, their longed-for guests and ours, in commemorating the landing on these shores 150 years ago of the Pictou pioneers, a people whose worth, high ideals and hardy won achievements in this new land added fresh lustre to the armorial bearings and the escutcheon of these Scotland."

Herold Company "A great, awe, an heroic company, we are, as witness their independence, courage, resourcefulness and patient endurance; a people fearing God and honoring their King; men who wrought here, who ate their bread in the sweat of their brow, and women who ate not the bread of idleness, but who combined the laborer with the farmer from the forest to the home, who, despite a hard climate, literally by the labor of their hands, changed the face of nature and left for their children a legacy of more than material things and so laid broad and deep in this land of their adoption, the foundations of civil and religious liberty, and the principles of good government; men who despite the hardness of their early situation, striving for better, established schools, maintained religious ordinances and soon founded academies and projected colleges to the end that their sons should be men worthy of their nativity, and Pictou, the land of the Hector, should be an honored among the nations."

"This monument, reared in honor of those gallant Scottish Pictou pioneers, founders of your town, we now give Sir, into Pictou's perpetual care and keeping in the which fall not, and so you keep faith with those whose work and worth it justly commemorates."

Chairman's Words

John H. Sinclair, chairman of the monument committee, who presided at the unveiling, said that the significance of the Hector monument was that it was a Scottish emigrant ship to reach the Nova Scotia shores and was followed by a long line of other ships, bearing the precious seed that took root and did so much toward the upbuilding of Canada.

"This monument, he said, was paid for by private subscriptions. The designer was John Wilson, himself a son of the soil, who had won a reputation as a sculptor in the neighboring republic of the United States. All were pleased to have him at the celebration. The speaker said that Mr. Floyd, Mayor of Pictou, gave very valuable assistance to the committee.

His Excellency the Governor-General and Lady Byng were welcomed. "Cradle of Presbyterianism."

"The first item on the programme," the speaker said, "is the invocation. Pictou has long been regarded as the cradle of Presbyterianism in Canada. I suppose there is no spot in Canada where the blue flag of the covenant and the burning bush and the shorter catechism are held in greater reverence than right here in Pictou. It would therefore seem to be a fitting thing that we should open this ceremony by calling on the Rev. Christopher Munro, D. D., moderator of the Synod of the Presbyterian Church of the Maritimes, to invoke the Divine blessing on our proceedings this afternoon."

TWO NATIONS IN TRIBUTE TO GARIBALDI IN FRANCE
Ceremonies Held at Trocadero on Anniversary of Death of Patriot.

Paris, July 17.—A stirring manifestation of Franco-Italian friendship took place last month at Trocadero, on the anniversary of the death of Giuseppe Garibaldi, June 2, 1882. The ceremonies were held to aid in raising funds for a monument to Italian heroes in the Argonne and for the support of their widows and orphans.

Marshal Joffre presided, and at his side were Italian survivors of the campaigns of 1859, 1860, 1870 and '71. They arrived at Paris the day before, under the leadership of Colonel Ricciotti Garibaldi, younger son of the Italian patriot, and General Peppino Garibaldi, son of Ricciotti.

Among those at the ceremonies were General Gouraud and Salvaio Raggi, former ambassador from Italy. Colonel Ricciotti Garibaldi read a letter from D'Annunzio. Marshal Joffre presented the Italian central committee with an Italian flag, tied with a bow of tricolor.

FINDS SAVING IN COST OF MAKING ELECTRICITY

Washington, July 17.—(A. P.)—The United States is becoming an increasingly heavier user of electricity, but despite the mounting power totals, the consumption of fuel to produce it is decreasing in proportion. Geological survey figures show that the consumption of coal for that purpose in 1922 was only 2.5 pounds a kilowatt hour, as compared with 3.2 pounds in 1919.

The name of a dealer who says that any imitation is like Palmolive Soap. Not for prosecution, but to correct him—for the good of all concerned.

Common soaps are colored, shaped and named to make folks think they get Palmolive virtues in them. But they do not bring what you seek—what you buy Palmolive for. They are nothing like Palmolive.

Stop and think. There are countless soaps. But Palmolive has become the leading toilet soap of the world.

It brings envied complexions. Then users tell others about it. Millions of beauty lovers now employ it daily. All because of a palm and olive oil blend which our experts alone have perfected.

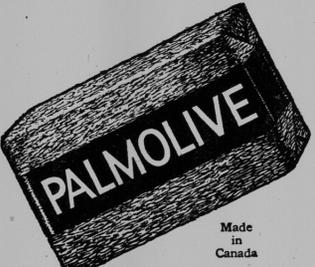

Now some makers try to deceive you. They make soaps to look like Palmolive, with a name of some similar sound. Just because women prize Palmolive. They want the benefits it brings. So the way to sell you common soap is to make it seem Palmolive.

If Palmolive is the soap you want, be careful that you get it. This is the soap that won world-wide fame by fostering fine complexions.

This is the quality soap—a 25-cent quality—which volume produces for 10 cents, so all folks may enjoy it.

This is the oil blend that does for your skin what every woman wants. If you ever find a better soap, get it. A soft, rosy skin is worth any price you pay.

But avoid deception. Don't buy an ordinary soap made to look or to sound like Palmolive. That cheats you of something you prize. Look at the name and wrapper.

CHEEKS COVERED WITH PIMPLES

Also Chin, Large and Red. Cuticura Healed.

"About a year ago a few small pimples broke out on my face. A month later my cheeks and chin were entirely covered with large, red pimples that festered and scaled over, and frequently caused irritation. I tried many different remedies without success. I read an advertisement for Cuticura Soap and Ointment, and I bought for a free sample. After using it I could see an improvement so I purchased more, and after using a few boxes of Cuticura Soap, I was healed." (Signed) G. Macdonald, L. Hospital, St. Foye, Quebec.

Wife, His "Dearest Pal," Accused By Dying Officer Must Face Murder Charge

LIEUT. JAMES C. RICKNER.

Anniston, Alabama, June 15.—"To the dearest, prettiest, most wonderful pal in the world, my wife, Rick." So reads the inscription on a photograph of Lieut. James C. Rickner, of the Eighth U. S. Infantry, who died recently of a gunshot wound.

The photograph was found among the belongings of Mrs. Rickner, who is being held by civil authorities under \$5,000 bail in connection with her husband's death.

Lieutenant Rickner was found fatally shot in the officers' quarters at Camp McClellan, where he was stationed. He died thirty minutes after the shot had been fired. Witnesses are expected to testify that they heard the

FAR AWAY BORNEO OFFERS EASY AND CHEAP LIVING

London, June 28.—(A. P., by mail.)—British North Borneo appears to be as near paradise as it is possible for the tax burdened man of today to get. No income tax is collected in the district. There is only a nominal land tax, railway fares have not been increased since 1911, tobacco is cheaper than in any other place in the world, chickens

sell for a shilling apiece and whiskey for eight shillings a bottle. These facts are not taken from the circulars of a colonization agent, but are found in the official report of the British Government authorities in the district.

Incidentally the report says the natives have given up their old habit of head hunting.

The Danube is navigable in its entire course through Hungary.

Washington, July 17.—(Associated Press)—Fashion's decree that women shall wear furs the year round has aroused great apprehension among naturalists, says a bulletin of the National Geographic Society, whose officials believe that some of the animals that are abundant today may soon be in the class of the auk and the dodo.

In the Arctic And the Tropics tooth troubles are rarely known

That discovery led dental authorities to search for the reasons. They found it in factors of diet. And now those principles have been applied to create a new way of teeth cleaning.

Millions of people in some 50 countries employ this method now. Dentists everywhere advise it. This is to offer you a delightful test, so you may know what it means.

To fight acids
A new-type tooth paste has been created, called Pepsodent. It brings some new effects which research proved essential, largely because of the lack of certain stimulating principles in our diet.

Pepsodent multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It combats the film
Above all, it combats the film on teeth, the cause of most tooth troubles.

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. No ordinary tooth paste can end it.

Avoid Harmful Grit
Pepsodent carries the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combant which contains harsh grit.

Two ways found
Dental science, after long research, found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved those methods effective. Then they were both embodied in this new type tooth paste for daily application.

New beauty comes
Pepsodent brings new beauty. You see glistening teeth everywhere today, because so many use it. That new beauty means greater safety, greater cleanliness as well.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film.

See how teeth whiten as the film-coats disappear. It will be a revelation. Cut out the coupon now.

"Success" at Queen Square Thrilling And Dramatic Play

Another stage play which lends itself to unusually fine adaptation as a motion picture is "Success," which, under the same title, was seen for the first time here yesterday at the Queen Square Theatre. The film has a dramatic story which is especially well acted, and it has humor and pathos.

Brandon Tynan, one of the most interesting personalities in the American theatre, is seen to advantage in the role he originated on the stage. As the celebrated actor, Barry Carleton, Mr.

ARE COLD FOODS COOLING IN HOT WEATHER?

That depends upon their composition. A cold food, after it is digested, may be very heating to the blood and a very hot tasting food may be cooling to it, depending upon whether food is acid forming or alkaline in nature.

There is no difference in the blood temperature from either but acid-forming foods give one a hot and feverish feeling, while alkaline foods give one the clear brain and erect, energized body that disregards the hottest day. That is because the blood is naturally alkaline and alkaline foods keep it so, while acid foods turn the blood acid, which burns up and destroys the vitalizing elements of the blood and mental and physical energy must run down.

Acid foods are white flour, refined cereals, meats, fats and white sugar, sweets. Alkaline cereals are whole grains, milk, beans, peas, green vegetables and fruits.

Roman Meal is 400 parts in each 1000 parts "Excess Alkali." White flour and other cereals run from 50 to 200 parts "Excess Acid." Roman Meal, therefore, maintains normal alkalinity of the blood and keeps you cool and fit upon any kind of a day. Hot Roman Meal porridge or baked products are more cooling shortly after eaten than any other grain food eaten cold. But delicious, too—the Roman Meal BROS-O-CHOCOL-O, or JELL-E, can be prepared in ten minutes, served with milk, cream, whipped cream, honey, preserved or fresh fruits. These are a hot day treat, unequalled by any other food for breakfast, luncheon or supper. Prevents indigestion. Relieves constipation. At grocers.

PIGS BLOWN AWAY BY WIND STORM

Farmer and Family Escape When a Bolt Envelops Home in Flames.

Saskatoon, July 17.—The entire farm of F. J. Howship, one mile west of Grandora, Sask.—house, stables, granaries and half a dozen smaller buildings—was wiped out by lightning and wind in a recent storm. Lightning struck the house, and it was a mass of flames in less than a minute. The farmer and his wife and child escaped.

When they reached the open there was nothing to be seen of any of the farm buildings except heaps of wreckage here and there. The wind carried a big faming mill nearly 800 yards. It also lifted a hayrack and damped it down 175 yards away. Machinery was scattered all over the landscape.

One hundred and fifty chickens were killed. Howship said he could not find any of his pigs. They had been blown away.

The cloudburst that accompanied the lightning and wind was the worst the farmer had experienced in seventeen years on the prairie. Farms close by were practically untouched.

CAMERA 60 FEET LONG TO PHOTOGRAPH ECLIPSE

Tucson, Ariz., July 17.—(A.P.)—Immense telescopic cameras 40 and 60 ft. long, gigantic reflectors and a number of smaller instruments will be moved into Mexico for the purpose of photographing the sun during its total eclipse next September, according to plans announced here by Dr. A. E. Douglas, professor of the University of Arizona.

Dr. Douglas will lead on expedition while a second will be conducted by Professor W. A. Cogshall of the University of Indiana.

The Douglas expedition will take with it a 40-foot focus camera which will reproduce the sun with a five-inch diameter. An even larger camera with a sixty-foot focus will be taken by the Cogshall expedition.

These cameras will be held in position by means of specially constructed towers.

San Felipe, 144 miles south of the international boundary, has been selected as the site of the Cogshall expedition's observations. Dr. Douglas has not definitely selected his location.

WALKS COOLLY OUT OF CELL; VANISHES

Young Prisoner Pushes Back Barred Door, with the Police All Aboard.

Worcester, Mass., July 17.—While several policemen sat around the guard room and office at station 2, Wilfred Russell, 17 years old, a prisoner, pushed the steel-barred door and calmly walked out of the cell which the police thought securely locked.

Russell, who is now being sought by every policeman in the city, was arrested on March 19 on a charge of carrying a revolver. The following day he was fined \$100 and at his request the payment of the fine was suspended until July 11 and the case continued until that date. Wednesday when the case was again called he failed to appear, and was defaulted. His arrest followed.

FORD GIVES A TRACTOR TO KEEP YOUTH ON FARM

Also Gives Relative Advice to Keep at the Soil, and He Will Do So.

Pontiac, Mich., July 17.—Henry Ford believes in keeping young men on the farm, his own youthful relatives included.

Mr. Ford's second cousin, Charles Ford, writes him recently that since his son, Dewain, 19 years old, had graduated from the Pontiac High School, he was having difficulty in persuading they boy to stay on the farm.

"He thinks there is no future for the young man on the farm," the uncle wrote. "He wants to go to Detroit and work in your factory, and perhaps some day follow in your footsteps as a manufacturer. His mother and I want him to stay here and help us, and when I get too old, take my place."

There was no reply to the letter until this week. Then it came in the form of a new tractor, something with which to lighten the burden of farm labor and also something which a mechanical-minded youth could like.

The son's delight with the gift was increased when Mr. Ford himself called at the farm the next day to say that a plow and disc would be delivered in a few days, to go with the tractor, and gave him some fatherly counsel about sticking to the farm and the old home.

Dewain will stay on the farm.

MORNING NEWS OVER THE WIRES

Several parts of the body of Frank Kennedy, who died suddenly at Chatham Head on Saturday night, have been sent to Dr. H. L. Abramson, provincial pathologist, for examination.

Mr. Kennedy was apparently perfectly well on Saturday, at supper time he complained of a sore throat and at midnight he died. The authorities ordered the coroner, Dr. Marvin to perform an autopsy.

In spite of the fact that the anti-betting information bill went into effect yesterday in Toronto, there were many racing papers and newspapers containing betting odds for sale on the streets. The customs people said to the method of handling such papers coming in from the United States. They expected to receive power to confiscate them.

Father Michael O'Flanagan and John J. O'Keely, who have been held for some time in Sydney, Australia, on charges of seditious activities and who had refused a chance of voluntarily leaving the country, were placed on the steamer Mongolia on Sunday just before an autopsy.

The body of Wilfrid Caron, third officer of the steamer Arctic, who was drowned on July 9, was picked up on Sunday off Crane Island. No trace has been found of Desmond O'Connell of Ottawa, who attempted a rescue and lost his own life.

Loss of about \$2,000 partly covered by insurance was the result of a fire last night which destroyed the garage and automobile of Dr. E. H. Cook of St. Stephen. Other buildings were saved by the firemen.

It was expected that more than fifty teachers would be in Sussex today to begin the course given by the department of agriculture at the summer school of rural science. A. C. Gorham, the director, was in the city yesterday and reported the prospects bright for a good school. Dr. William McIntosh was expected to join the school staff today as the instructor in natural science. Those attending will be under canvas.

Mennen's absorbs dangerous moistures

Specialists, doctors, and nurses attribute many skin disorders to minute quantities of urine or perspiration or water held in contact with the skin.

Moisture, Friction and Infection are three dangerous foes to your baby's health and comfort.

For half a century the Mennen laboratories have studied those foes of skin health and year after year perfected methods of combating them. Today Mennen Borated Talcum contains a three-fold protection for your baby's skin tissues.

Hoisted Aboard Ship She All But Missed

Belated Passenger's Trip to Genoa Saved by Human Pyramid Formed on Pier.

New York, July 17.—Persons who went to Pier 28 North River, foot of Beach street, to see the Italian liner Dante Alighieri, did not witness an acrobatic turn that must have reminded them of circus days when Mrs. Helen Antoinette, a first-cabin passenger from West Hoboken, literally was hoisted on board after climbing a human ladder as the ship was moving out.

The gangway had been lowered when Mrs. Antoinette, who is thirty-two years old, according to her passport, rushed up to the officials waving her ticket and shouting that the liner must wait. She was followed by a husky porter carrying a trunk and a small boy with a bonnet box. The superintendent of the pier waved his hand to the passport inspectors and the ticket agent to keep Mrs. Antoinette back, as it was too late. "Failure" was not in the energetic woman's vocabulary, however.

She got her ticket and stamped and then shouted to a big bronzed sailor leaning over the side to clasp her hands. In a weak moment he complied, and was nearly yanked head over heels into the water as Mrs. Antoinette gripped his wrists and tried to walk up the steep sides of the ship.

A. W. Gillison, one of the passport inspectors, who does not speak Italian, one of his colleagues, climbed on Gillison's back. F. Fanelli formed the top of the pyramid. And they held Mrs. Antoinette up the side of the Dante Alighieri in true shipshape fashion. Three times her feet slipped on the round rivets and three times there was a chorus of groans from the passengers on deck and the officials on pier.

Finally she was hoisted on board, by which time there were six sailors backing up the unhappy man and who had been grabbed by the fair passenger from the pier.

"I had to go and I knew I could make it" was all Mrs. Antoinette said. WHALES SPRAY DECK.

Schools of Eight, Says Latest Fish Story, Swam About Schooner.

Cape May, N. J., July 17.—Captain Joe Brown of the fishing schooner Esella reported when he put in here that when east of Winter Quarter Lightship his lookout sighted a school of eight whales.

The shipper and a party of New York fishermen on board declared the whales were so close that when they came up to blow, spray was thrown on the deck by a stiff breeze. Captain Brown said the whales were more than 100 feet long.

Captain Albert Bennett, president of the Pennsylvania Game Commission, said ice floes drifting southward were the cause of the whales being so far north.

MRS. BERGDOLL TO GET PASSPORT TO VISIT SON

Washington, July 17.—Announcement has been made by the State Department that Mrs. Emma C. Bergdoll of Philadelphia, would receive a passport to visit her son, Grover Cleveland Bergdoll, the draft dodger, in Switzerland. The decision was reached after a conference with the Alien Property Custodian, who could find no objection to Mrs. Bergdoll's visit.

Although Mrs. Bergdoll says Grover is in Switzerland, officials do not actually know where the draft dodger actually is. Her application for a passport was filed in Philadelphia. She said that she hoped to start on Tuesday. Officials said the passport would be ready by that time.

REPORTS SUCCESS IN TEST OF GASOLINE SUBSTITUTE

Washington, July 17.—Successful test of a new gasoline substitute at the Anacostia air station here has been announced by the navy department.

The fuel is a compound of thirty per cent denatured anhydrous alcohol and seventy per cent gasoline. It develops the same horsepower, the report said, as high grade aviation gasoline with less heat to the engine. Further tests will be made, however, before definite conclusions are made.

CHILD DRINKS FLY POISON; SAVED BY MUSTARD DOSE

Worcester, Mass., July 17.—Mrs. T. B. Pratt of 69 Grove street, probably saved the life of Martha Jane Conlan, 14 months old, 57 Grove street, by giving her mustard and water after she had swallowed a cup full of fly poison.

Mrs. John Conlan, mother of the child, was outside when she heard the baby cry. Running in she found her child writing on the floor. The empty cup told the story. Mrs. Conlan called in Mrs. Pratt, a neighbor, who quickly mixed the emetic.

When Dr. Richard J. Shanahan, the police surgeon arrived, the child was out of danger.

A party of children of Champlain street, West End, held a concert in the garage of Charles Belyea yesterday and collected \$2 which was given to D. C. Clarke for the Protestant Orphan Homes.

HEROIN IN A BABY CARRIAGE

Man and Wife Arrested by Narcotic Squad in Their Candy Store.

New York, July 17.—Mrs. Nellie Marcelli, twenty-three years old, and her husband, Rosario, were arrested by Detectives Mogg and Higgins of Dr. Carleton Simon's Narcotic Squad in their candy store at 402 East Eighteenth street, when a baby carriage belonging to the couple yielded six vials of heroin and a pistol.

The detectives said complaints had been received at police headquarters that a woman who pushed a baby carriage through the east side streets had been selling narcotics. The detectives lifted the Marcelli infant out of the baby carriage and found the pistol and the drugs in a small black bag.

4 Burned In Flood Of Blazing Varnish

Kettles Overflow in Brooklyn Plant and Liquid is Ignited—Employs Fight Flames—Clothing of One Ablaze.

New York, July 17.—Burning varnish, a foot deep, in the mixing room of the Massey Road Building Varnish Company, Plymouth and John street, Brooklyn, gave firemen a busy hour one night last week.

Overheated gas kettles, believed to be the cause of the disaster, caused the varnish to boil over, flames being sent a foot over the floor of a one-story building in the rear of main plant.

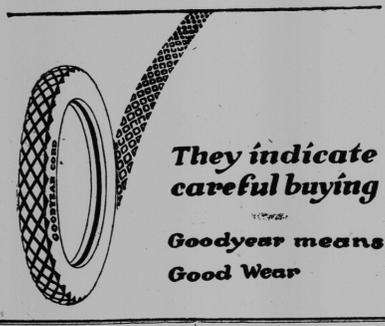

When the varnish boiled over it flowed over the burning gas jets, and instantly was transformed into a scorching lava sheet, alive with flame.

Radio To Be Tried As Anaesthetizer

Hypnotist Will Broadcast 'Powers' at Ridgewood to Patient in Park Place—A 'Wireless Chloroform.'

New York, July 17.—The possibility of anesthetizing a person by radio will be demonstrated by Joseph Dunninger, hypnotist and mind reader, who will broadcast his "supernatural powers" through the microphone at WHN station at Ridgewood, L. I., in the hope that catalepsy will overcome his subject in the radio laboratory of Science and Invention, a magazine, at 63 Park Place.

Dunninger predicts a medical use of the radio within a decade, asserting that painless and bloodless operations will be made possible, with wireless taking the place of chloroform. At a demonstration he hypnotized Leslie B. Duncan, 1,698 Broadway, a subject he has been using for a week, and as he says, caused blood operations, one of his arms and stopping the pulse. After the air carries Dunninger's voice, the young man, if it does—some one in the room will pass a long needle through his bloodless arm.

Amunition Truck Afire; The Bursting Shells Spread Terror

North Acton, Mass., July 17.—Shrapnel exploded and cases of ammunition were discharged when a large army truck heavily loaded with ammunition and proceeding from Boston to Camp Devens, caught fire one evening last week on the state highway leading into Ayer. Terror and excitement prevailed in the district as automobiles followed the other in quick succession, but no person was injured and comparatively small damage was done.

The truck was in charge of Sgt. W. H. Dwyer of Boston and four men, and was part of the ammunition train of the 101st field artillery. It was loaded with 600 shrapnel shells and cases of powder and ammunition. Fire caused by a leak in the gasoline lead, which became ignited by the hot exhaust pipe, spread from the engine and set the forward part of the truck on fire.

The soldiers on the truck, after calling the West Acton fire department, began the hazardous task of removing the load of explosives before the flames could reach it, but when the shells were fired they ran along the highway in both directions to warn motorists and others of the danger. Police were rushed from Concord and kept back the string of automobiles which lined up on each side of the road. One motorist abandoned his machine and disappeared along the highway on foot.

Delinquent Groups in Colleges Found To Favor Easy Life

Evanston, Ill., July 17.—(Associated Press)—Too little sleep, too much play, not enough study, too much leisure, fast eating and diversified thinking are factors that demoralize students and are responsible for the "delinquent groups" found in every university, according to a report made public by Professor Delton Thomas Howard, of Northwestern University.

In Northwestern alone, out of 1,638 students in the college of liberal arts, Professor Howard has found a "delinquent group" of 265 composed of 169 men and 96 women. In other words, he points out, 16 out of every 100 students do not "pass." But delinquency does not necessarily imply lack of intelligence, the professor found.

Berlin, July 17.—Theatre-goers of the sixteenth century watched drama with great difficulty, according to a theatre programme which has come into the possession of the Braunschweig State Museum. The programme stipulates that the spectators must not laugh, "because the play is a tragedy."

Little Phyllis Groves entertained about twenty of her friends at a birthday party on Saturday afternoon at the home of Mr. and Mrs. Albert J. Weatherall, near Kane's corner. Mrs. Weatherall was assisted in her duties as host by Miss Dorothy Weatherall, Mrs. Groves and Mrs. Fitzgerald.

Well polished Tan Shoes are very smart

There is something particularly pleasing about Tan shoes when brilliantly polished. If you shine your tan shoes regularly with TAN-O you will obtain a fine lustrous polish—it only takes a couple of minutes, and makes your shoes look so much smarter and wear much longer.

Shredded Wheat advertisement featuring a bowl of cereal and text: 'Shredded Wheat is called the world's standard breakfast cereal—but thousands eat it also for lunch or as a dessert for dinner with sliced bananas, berries or other fruits.'

It's an all-day food

Shredded Wheat is called the world's standard breakfast cereal—but thousands eat it also for lunch or as a dessert for dinner with sliced bananas, berries or other fruits. In making Shredded Wheat we use only the large, plump, meaty whole grains of wheat. Shredded Wheat can be made into a hundred delicious dishes with all kinds of fruit and all sorts of creamed meats and vegetables.

Two Biscuits with milk or cream make a perfect meal at a cost of a few cents. Contains all the BRAN you need to stimulate bowel movement.

TRISCUIT

is the Shredded Wheat cracker—a real whole wheat toast—eaten with butter, soft cheese or marmalades.

FATHER OF ONTARIO LEGISLATURE

British Lay Plans For Air Attacks At High Altitude

Huge Rigid Airships Will Carry Planes Above the Clouds, Ready to Dart on Any Approaching Foe.

London, June 25.—(A. P. by mail.)—Keels are now being laid in Great Britain for huge rigid airships which will hover above the clouds with a number of small fighting machines on board ready to launch at a foe. Says an aeronautical expert in The London Daily Chronicle, the task of these new machines in war, he says, will be to carry aloft to immense heights and to transport, if necessary, thousands of miles, squadrons of swift, deadly, steel-built "attack planes." These will be launched from high above the clouds and will rush at 200 miles an hour and more earthward to hurry other aircraft and raid the commerce of the sea.

Hon. Thomas Crawford, "father" and former speaker of the Ontario legislature, is a Minister without portfolio in the new Government. Above he is shown with Mrs. Crawford and their Toronto home.

APPEALED TO BY ANGLO-CATHOLICS

Twenty thousand people attended the Anglo-Catholic Congress in London, England. Representatives of the Roman Catholic and Anglican churches have joined in the movement towards union of the two churches, and the Bishop of London is one of the prime movers. Catholic bishops paraded the streets of London during the Congress for the first time in 800 years. Messages from the Congress to the Pope, shown at the left above, and to the Archbishop of Canterbury, at right, the head of the Anglican churches, have failed to elicit any response upon the subject of union.

The airships will have the power, lacking in a small machine," the writer says, "of long-distance flights at a great altitude, while, on the other hand, the small planes they carry will be able to outfly and outfight any machine laden for a long journey."

English Girls Scorn Domestic Work As Form of Servitude

Artisan Class Holds Wearing of Servant's Uniform is Not "Respectable" Also Dislikes Lack of Free Time.

London, May 25.—(By Mail.)—The evidence given at the second public meeting of a committee appointed by the Minister of Labour to inquire into the question of domestic service produced some curious information as to why domestic service is unpopular. Says "The London Daily Mail" report, Mrs. E. M. Parker, acting second-class officer in charge of the women's department of the Leeds Labor Exchange, said that one of the chief reasons why girls disliked domestic service was that it was not considered "respectable." Indeed, the artisan class regarded it—especially the wearing of uniforms—as a form of servitude. One girl, when asked why she would not enter domestic service, remarked: "All my family has always been respectable."

No Corns

The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same. At your druggist. Blue-jay

Baby Cutting Teeth Was Very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety. There is no remedy so safe and effective, for the teething complaints of infants, as Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsement of so many pediatric mothers during the past 78 years as this. It is a natural remedy, and it is safe for the mother and the baby. Mrs. C. W. Myers, Clarendon, Man., writes: "My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my friend sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and in the next day she was much better, and in a couple more days she was as well as ever. Now, I always keep Dr. Fowler's in the house and recommend it to all these troubled mothers."

TAKE AWAY MATCHES FROM FOREST VISITORS

The Quebec Provincial forest permit, which every visitor to the forests of the Province is required to take out before they are allowed to enter the wooded country, does not entitle a person to carry matches as a portion of personal equipment, according to the latest interpretation of the regulations imposed by the Provincial Department of Lands and Forests. Fire rangers in the vicinity of Lac La Pêche and Lac Rivier are calling upon all sportsmen, guides, tourists and others to give up matches and smokes before they proceed further, even though they have the required forest permit. Because of heavy fire losses in June, the rangers throughout this section are making this stipulation until August 1. It has been announced.

CHECKS FRENCH HUSBANDS. Court Holds Wives Must No Longer Be Beaten.

Paris, July 17.—The "right" of a husband to beat his wife has been whittled down almost to invisibility by a decision of the French Supreme Court.

In the exercise of the marital authority," says the decision, "there must not be employed means of coercion which constitute an infraction of the penal code."

A Coroner's Jury Exonerates Driver

Verdict in Connection With Death of Little Mary Madore.

The jury empaneled to inquire into the cause of death of Mary Melinda Madore, eighteen-month-old daughter of Mr. and Mrs. William Madore, Rockland road, last night returned a verdict exonerating Maurin Crowley, driver of the team which ran over her on the evening of July 5. Evidence was given at the adjourned inquest by James W. Hahey, who carried the child home after the accident; Jack Demery, who was on the team; and Daniel Crowley, father of the driver. Coroner H. A. Porter then charged the jury.

Of Those Who Have Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wisconsin.—"I had a bad cold in my left side and I could not lift anything heavy without having a backache. I tried different things. Then I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and began taking it as the directions said. I feel very good now and I can do all my work."

GAINED IN EVERY WAY

Buffalo, N. Y.—"I had some female troubles that just run my health down so that I lost my appetite and felt miserable all the time. I could not lift anything heavy, and a little extra work some days would put me in bed. Friends had told me to try Lydia E. Pinkham's Vegetable Compound and I bought a bottle. I had found nothing before this that did me so much good."

QUESTIONS AND ANSWERS ON FORESTRY

(By the Canadian Forestry Association)

Q. A lot has been said about the forests of the Eastern and Middle West States having been stripped or destroyed by commercial interests or by fire. It has also been declared that the American consumer has turned to Canada for his lumber supply. Can you tell me briefly how much lumber is being shipped to the States? J. K. H.

HEIRS OF ABDUL TO FIGHT FOR FORTUNE

Constantinople, June 22.—(A. P. by Mail.)—American lawyers may soon begin a legal battle to establish the rights of the heirs of the late Sultan Abdul Hamid to oil properties and real estate in the territories now detached from Turkey, estimated to be worth \$500,000,000. The heirs of the former Sultan include four princes and four princesses, and they are headed by Prince Mehmed Selim Effendi, presumptive successor to the throne. They are seeking satisfaction at Lausanne, and if this endeavor fails they will instruct their American attorneys to begin legal proceedings. They say that the Lausanne Conference seems inclined to give a decision which would class the properties in question as belonging to the Turkish Crown. This they aver is wrong, declaring that according to law the properties should pass in equal succession to Abdul Hamid's sons and daughters, and that they will take every means to secure justice.

AMAZING FACTS ABOUT CELEBRATED MEDICINE ARE NOW GIVEN TO PUBLIC

Over 37 Million Bottles have Been Sold, and Wonderful Results Obtained From Famous Preparation Have Caused the Demand for It to Become World-wide.

Spent Her Money in Vain, Says London Resident

The wonderful story of Tanlac, for eight years the sensation of the proprietary trade throughout the North American continent and a household word in every home from Yucatan to the rocky coasts of Labrador, reads like a page from a fairy book. It is America's greatest proprietary romance, as full of thrills as the masterpiece of a Hugo or a Poe.

NINE YEARS OF TROUBLE ENDED

Tanlac is the Only Medicine That Ever Reached Case, Says Mrs. Flock.

"The Tanlac treatment is the only thing I have ever found that would relieve my nervousness and stomach trouble," is the positive statement made, recently, by Mrs. W. Flock, 46 West Cannon St., Hamilton, Ont. "I had suffered for nine years and often got so stuffed up with the gas on my stomach I could hardly breathe. I had tried everything I could think of, but nothing would do me any good. I was so nervous and my nerves would go to pieces. I couldn't sleep nights and would get up and walk the floor. During the day I was so tired and weak I could hardly put one foot before the other and my household was a burden. Tanlac has relieved my troubles and built me up to where I am so well and happy that I go about my work singing. I eat and sleep like a child and feel fine in every way."

SWEDISH RIKSDAG ACTS TO END RUM RUNNING

Stockholm, June 21.—(A. P. by Mail.)—A severe blow has been dealt the rum-running fraternity of Sweden through the adoption by the Riksdag of two bills which aim to curtail the activity of smuggling. One bill calls for the establishing of a special police force against liquor smuggling in the city and archipelago of Stockholm, and the other involves increased severity of punishment for violation of the liquor import laws.

FOR RHEUMATISM AND GOUTY SWELLINGS

For Stiff Neck, Tonsillitis and Neuralgia—for strained or torn ligaments—for Lameness and Soreness from overwork or accident—a brisk rubbing with a few drops of "ABSORBINE JR." makes the pain a lot easier. Try it every few hours and see how fast you get relief.

When an accident happens—a cut, burn, bruise, dislocation—apply "ABSORBINE JR." to heal the injury and prevent infection. "ABSORBINE JR." is a vegetable germicide—absolutely safe to use—pleasant odor—contains no grease and does not stain.

What Tanlac Is Recommended For

Over 75,000 well-known men and women from all walks of life, many of them living in Canada, have testified that Tanlac has relieved them of: Stomach trouble, indigestion, rheumatism, sciatica, palpitation, weakness, nervousness, exhaustion, constant backache, sleeplessness, a general run-down condition, malnutrition, torpid liver, that tired-out, good-for-nothing feeling besides many other symptoms and diseases not generally recognized as having their origin in the stomach.

Over 37 Million Bottles have Been Sold, and Wonderful Results Obtained From Famous Preparation Have Caused the Demand for It to Become World-wide.

The indisputable record shows Tanlac to be a stomach and a digestive remedy, and a general body-builder and system purifier of most extraordinary merit and power. Even the most stubborn cases seldom fail to respond.

Spent Her Money in Vain, Says London Resident

"If everybody knew what I know about Tanlac there isn't a home in Canada that would be without it." is the high valuation placed on the medicine by Mrs. G. Bell, of 817 Grey street, London, Ont.

Factory at Walkerville.

The first bottle of Tanlac was sold in Lexington, Ky., eight years ago. It met with signal success, and shortly thereafter Tanlac was introduced throughout the United States. Two years later the first bottle was sold in Canada, and the success in the Dominion was as great as it had been in the U. S. A.

MRS. FOSTER SAYS FAREWELL TODAY

Has Done Much to Advance the Work of the Y. W. C. A. in St. John.

At a meeting of the Y. W. C. A. Board today at the Recreation Centre, Mrs. Percival Foster will bid farewell to the St. John work and will carry with her best wishes for success, wherever she may go, which will probably be Quebec.

Mrs. Foster's successor in a young woman from Nova Scotia, but the name cannot be officially announced until after the meeting today.

It may interest St. John readers of the Saturday Evening Post, to know that Mrs. Foster's sister, is married to George Pattullo, of Dallas, Texas, a famous writer. Mrs. Pattullo was the guest of Mrs. Foster recently and took a trip with her up the Bellisle to Kingston.

Mrs. Foster declares that she has received the warmest hospitality here that has ever come to her in her extensive travels. She will leave tomorrow for Wallace, N. S., where she will attend a girls' camp of the Y. W. C. A.

She will then go to Tidnish, to be the guest of Mrs. W. H. Lugasin, formerly president of the Y. W. C. A. here and a close friend of Mrs. Foster's, with whom she worked so harmoniously and successfully last year.

She will then return to Toronto for a short time and then if plans mature will be stationed in Quebec for a time.

MISS KELLY IN CHARGE. JIM HUM BACK FROM CHINA. Jim Hum has returned after a seven months' visit to Hong-Kong, China. Jim is the young boy who has been, since early boyhood with his uncle, Hum Lin, now back in his homeland and H. S. Wah, Jim's cousin, with whom the lad works on the corner of Sydney and Leinster streets, in a laundry. Jim and his uncle went to China in the winter and Jim says that it was very hot in Hong-Kong, so he did not like it. He did no work while there, but just visited his mother, telling her all about his life here and about his Sunday school at the Central Baptist church and the good things he had learned in Canada.

Jim's father is in a laundry in Boston, and he has one brother in China, where Jim has no desire to live. His beaming face testifies to the fact that Canada is really home to him now. The lad is about sixteen and has gone to school here and is altogether a Canadian in the making. Mrs. R. D. Christie is the superintendent of the Chinese department of the Sunday school, which has thirty members.

KEEP THEM IN THE AMATEUR RANKS. It is understood that those in charge which won the tug of war in place of the sports held at the Orange Fair on July 12 have made arrangements to have prizes presented to the team of the \$25 cash prize it was originally intended to give.

This move is said to be contemplated in order not to professionalize those taking part in the sports.
